#### **APPROVAL OF MINUTES**

Approval of August 18, 2016, August 22, 2016, and February 9, 2015 meeting minutes

Vice Chair Wolfson moved, seconded by Committee Member McQuality to approve the minutes as presented for August 18, 2016, August 22, 2016, and February 9, 2015 meetings. Voice Poll: All "ayes." Motion carried.

<u>Chair Coviello</u> welcomed the new member, Jennifer Nelson, thanked her for volunteering, and looked forward to her participation.

<u>Chair Coviello</u> questioned the policy of a member not attending meetings, specifically Member Bassett, noting she was excused for a while due to surgery. Senior Recording Secretary Kerr confirmed she received an email from Member Bassett saying she would be attending the November meeting. She would look into the resolution that established the committee regarding absenteeism. <u>Chair Coviello</u> stated to start counting from today.

Committee Member Doviak arrived at 9:05 a.m.

#### Review of Fiscal Year 2016 Third Quarter Budget to Actual Report

Financial Services Director Bateman reviewed the FY 2016 3Q budget to actual report for the primary operating funds for the period of October 2015 to June 2016. She went over the revenue and expenditures in dollars and as a percentage of the budget, a comparison of revenues to expenditures on a monthly basis, and a comparison of the fiscal year total against a trend line.

<u>Chair Coviello</u> questioned if the reports could be more current. Director Bateman stated they try to get them done within sixty days.

Discussion held regarding setting aside monies for upgrading software so reports could be more current.

Director Bateman stated they did a request for information to look at some CAFR software and to also do the same for the budget. Six responses were received but not reviewed yet.

Deputy Financial Services Director Vavra stated three of them could do both the CAFR and the budget but on two separate systems. He noted they were accumulating information to be put in an RFP request.

Director Bateman discussed the money that was set aside and how CAFR has not been a priority, but the implementation of a compliant cashiering system was. She noted the cost of replacing the entire disjointed financial system would cost approximately \$25 million.

Discussion held regarding introducing the final budget amendment for 2016 at the Council meeting.

Director Bateman discussed the City being self-insured with medical benefits; bond refunding; going to Council in December with changes in the financial policies; grants received since the last budget amendment; and off duty police detail reimbursement.

<u>Committee Member Starner</u> asked if the Committee could get copies of the top summary sheets of the departments' monthly report.

Director Bateman stated we went through that with this group; she stated she could send the summary sheet which shows the expenditure side not the revenue side. It includes the benchmark by percentage and the reason for the variance.

Discussion held regarding the estimates for the WaterPark; how they did not meet their budget this year; and the fire at SunSplash.

VOLUME: 1 PAGE: 217 NOVEMBER 14, 2016

Director Bateman explained the City did a lot of their own labor that went towards the \$25,000 deductible. SunSplash was looking to get opened by next March. There is a recovery team from our insurance company working with Parks and Rec employees on a whole new layout; they're trying to expand their kitchen and gift shop – both revenue producing.

#### **Public Input**

No speakers.

#### **2017 Meeting Dates**

<u>Chair Coviello</u> stated there was no reason to meet in December 2016 or January 2017 and have the next meeting in February.

#### **Member Comment**

<u>Committee Member McQuality</u> asked when the year-end would be available. Director Bateman stated in about another 2-3 weeks. Deputy Director Vavra added it always takes a lot longer to do the year end accruals. <u>Committee Member McQuality</u> asked if it had to be presented to Council before the BRC can have it. Director Bateman stated it would go to Council and the Committee at the same time.

<u>Committee Member Starner</u> asked when the CAFR comes out. Director Bateman stated March 31<sup>st</sup>. Deputy Director Vavra noted that is an audited report.

<u>Committee Member Nelson</u> asked when the fiscal period was. Deputy Director Vavra stated it is October 1<sup>st</sup> through September 30<sup>th</sup>.

Overall expenditures in all funds are under budget. Revenues in the Water & Sewer Fund are lower than the benchmark as a result of accruals made for activity related to FY 2015 and seasonal operations. Golf Course, Waterpark and Park & Rec Program revenues do not include any subsidies from the General Fund or Yacht Basin. Although expenditures in the P&R Programs Fund exceed revenues, the fund's actual cost recovery through fees and charges is exceeding the targeted amount.
