

What is a multimodal transportation plan?

Bus Transit

Multi-Use Trail

Sidewalk

Freight Truck

Electric Scooters

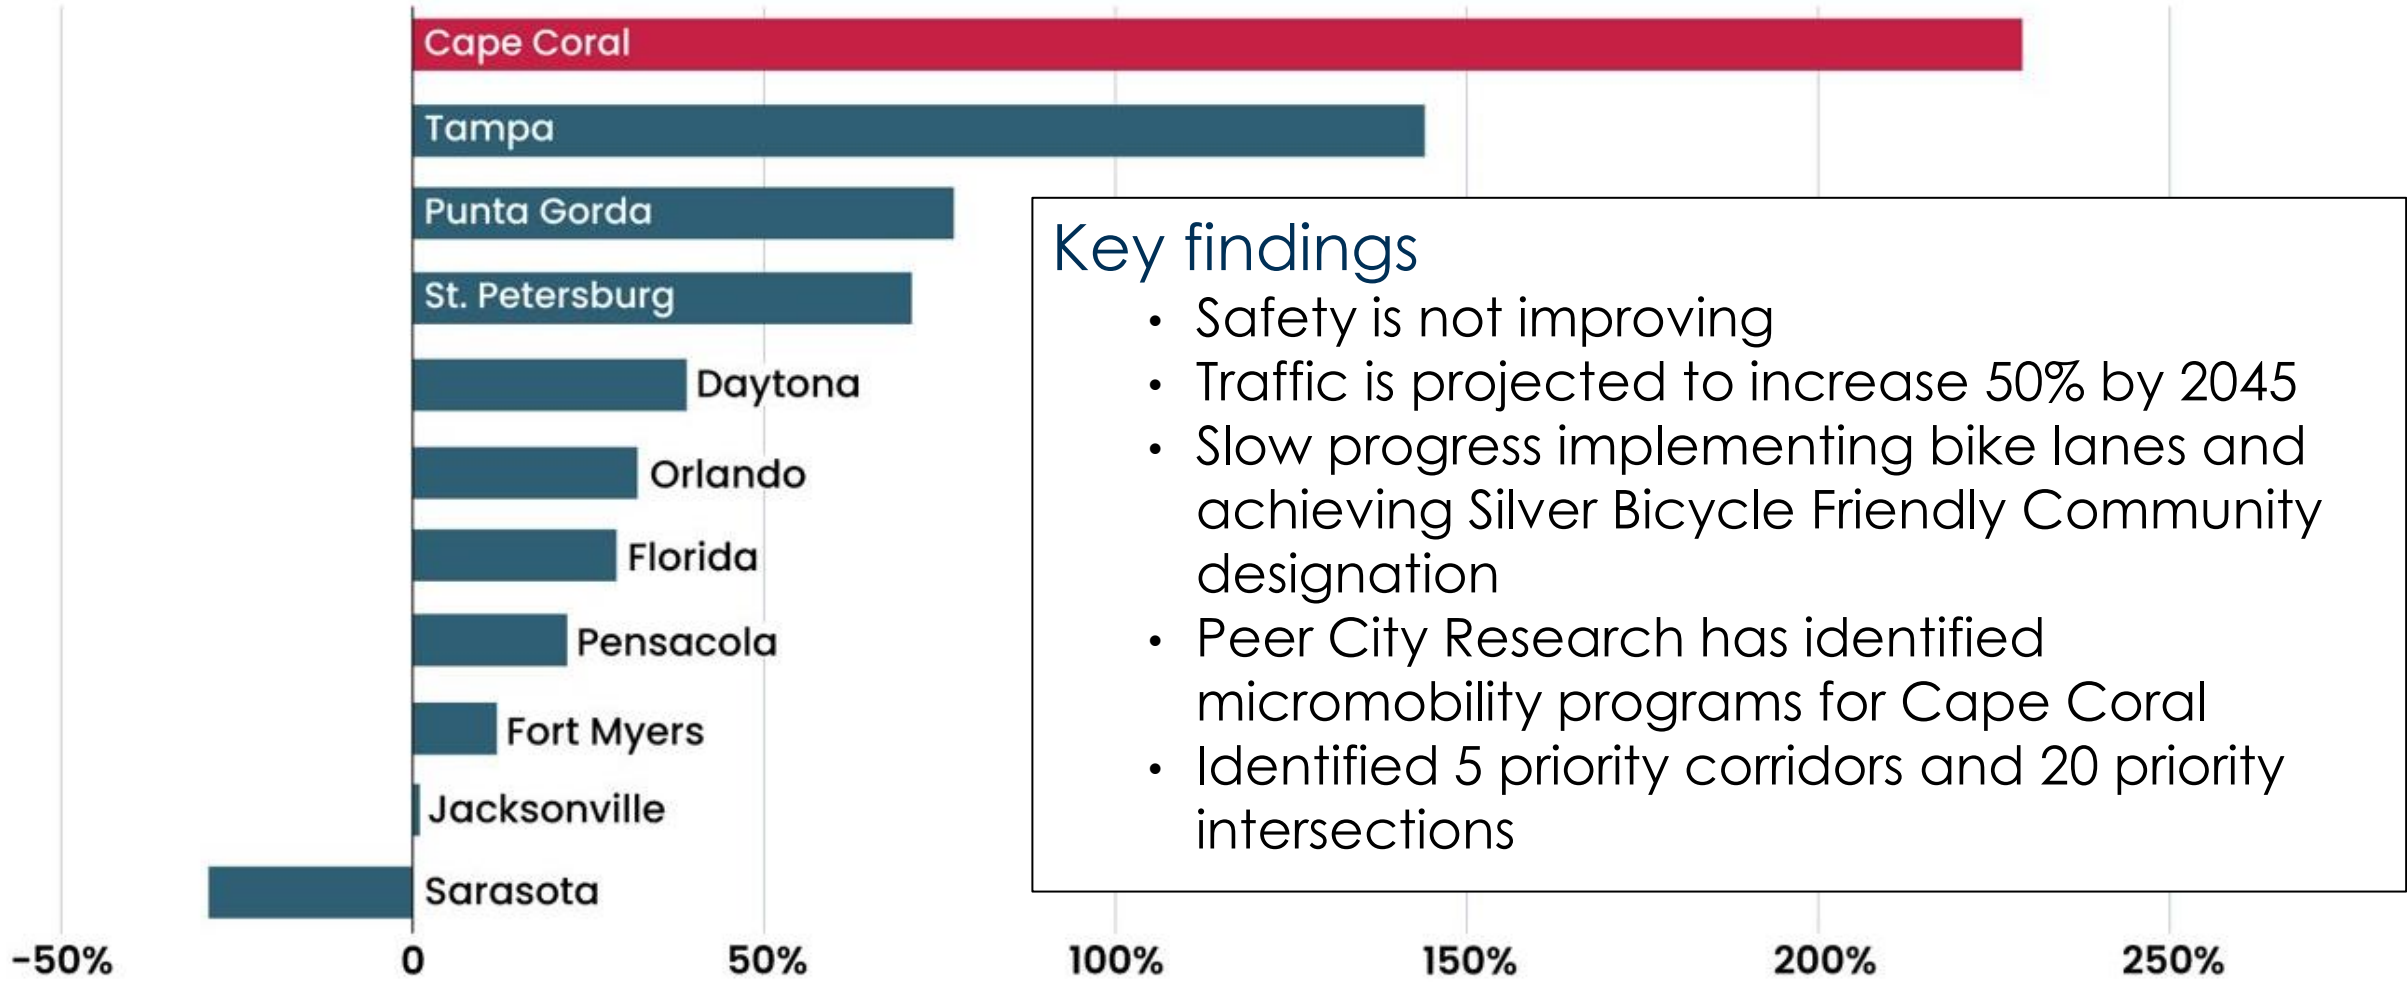

Driving

What will this plan accomplish?

- Set goals and implement programs to improve safety for people of all ages and abilities (speed reduction)
- Update the City's 2016 Bicycle and Pedestrian Master Plan.
- Identify multimodal projects that can be implemented over five, ten and twenty-year periods and also:
 - ✓ A transit pilot demonstration project (Mobility On Demand)
 - ✓ Corridors that can safely support micromobility
- Identify best practices, policies, and next steps
- Develop an implementable funding plan using city sources, state and federal grants, and new initiatives (Mobility Fee)

Percent Change in Total Crashes per 1,000 People: 2012 and 2022

Key findings

- Safety is not improving
- Traffic is projected to increase 50% by 2045
- Slow progress implementing bike lanes and achieving Silver Bicycle Friendly Community designation
- Peer City Research has identified micromobility programs for Cape Coral
- Identified 5 priority corridors and 20 priority intersections

Completed

- ✓ Plans Review Report
- ✓ Case Study Research Report
- ✓ Crash Analysis and Priority Corridors and Intersections (Under Review)
- ✓ Existing Conditions Report (Under Review)
- ✓ Public Workshop #1: June 21, 2023
- ✓ Stakeholder and City Review Team Meetings
- ✓ Project Website
