259 Assisted Living Facility (ALF) or Nursing Home, means any building, section or distinct part of a
260 building, private home, boarding home, home for the aged, or other residential facility, whether
261 operated for profit or not, which undertakes through its ownership or management to provide
262 housing, meals, and one or more personal services for a period exceeding 24 hours to one or more
263 adults who are not relatives of the owner or administrator.

264
265 Auditorium or Assembly Hall, is a building with facilities to accommodate groups of people.
266

267 ~~**AUTOMOTIVE PARTS STORE.** Establishments primarily engaged in the retail sale of new or~~
268 ~~used parts and accessories for automobiles, truck trailers, and motorcycles but not providing~~
269 ~~installation services. This term does not include auto-wrecking yards.~~

270
271 ~~**AUTOMOTIVE PARKING ESTABLISHMENTS.** A premises, or portion of a premises, occupied~~
272 ~~by an establishment primarily engaged in providing commercial parking facilities on open air lots,~~
273 ~~sites or structures for relatively short periods of time directly to meet the needs of ultimate~~
274 ~~consumers normally for a fee or charge.~~

276 **~~AUTOMOTIVE SERVICE ESTABLISHMENTS.~~** A premises, or portion of a premises, occupied
277 by an establishment primarily engaged in furnishing car washing, waxing, detailing, polishing or
278 similar services except repairs, intended for and directly incidental to the needs of ultimate
279 consumers on the premises normally for a fee or charge.

280
281 **~~AUTOMOBILE SERVICE STATION, LIMITED.~~** An establishment primarily engaged in the retail
282 sale of motor fuel and lubricants, but which may also include facilities for washing, waxing,
283 detailing, polishing, greasing, tire repair (no recapping or vulcanizing) and other minor incidental
284 repairs. (See also **~~SELF-SERVICE FUEL PUMP STATION.~~**)

285
286 **~~AUTOMOBILE SERVICE STATION, FULL-SERVICE.~~** An establishment similar to an automobile
287 service station, limited, but which also provides emergency road service, including towing and
288 emergency repairs and services, provided however, such establishment is not primarily engaged in
289 work or services listed as automotive repair and service.

290
291 **~~AUTOMOBILE TOWING ESTABLISHMENT.~~** A premises or portion of a premises occupied by
292 an establishment in which a person, or persons, practice a vocation or occupation that performs a
293 type of labor, act, or work off the premises that results in the towing of motor vehicles. Tow trucks
294 or wreckers may be stored on the premises, but no towed vehicles shall be stored on the premises.

295
296 **~~AUTOMOBILE WRECKING OR WRECKING YARD.~~** A premises or portion of a premises
297 engaged in the dismantling, crushing, shredding, or disassembly of used motor vehicles or trailers,
298 or the storage sale, or dumping of dismantled, partially dismantled, or wrecked vehicles or their
299 parts. (See also **~~JUNK YARD.~~**)

300
301 **~~AUTOMOTIVE SERVICE CENTERS.~~** A grouping of consumer-oriented automotive
302 establishments, planned and developed as a single structure or under a unified architectural
303 theme, owned and managed as a unit and providing a range of goods, services and repair specific
304 to the automotive market; and providing customer and employee parking off-street and on-site.

305
306 **~~AUTOMATIC TELLER MACHINE (ATM).~~** Unattended banking station located outside of, or
307 away from the principal bank building and in operation beyond normal lobby hours; operated by
308 computerized equipment and capable of carrying out specific banking transactions.

309
310 **~~AVIARY.~~** A structure, ancillary to the principal dwelling, used for the confinement of birds.
311 Such use shall be non-commercial only.

312
313 **~~AWNING.~~** A flexible roof-like cover that extends out from an exterior wall and shields a
314 window, doorway, sidewalk, or other space below those elements.

315
316 **Awning, is a roof-like cover, often of fabric, metal, or glass designed and intended for protection from**
317 **the weather or as a decorative embellishment, and which projects from a wall or roof of a structure over**
318 **a window, walk, door.**
319

320

321

322 (Ord. 101-03, 10-20-2003)

323

324 **Awning Sign**, is a sign that is painted, installed, or otherwise applied to or located directly on an awning.
 325 For purposes of this article, signs that are suspended from awnings shall not be considered awning signs.

326

327 **BALCONY.** An open portion of an upper floor that extends beyond a building's exterior wall
 328 and is not supported from below by vertical columns or piers.

329 (Ord. 91-05, 11-14-2005)

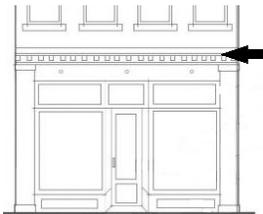

330

331 **Backlit Awning**, is an awning comprised of covering material exhibiting the characteristic of luminosity
 332 obtained by means of a source of illumination contained within its framework.

333

334 **Banding**, means a projection of masonry, stucco, or similar material around a building or part of a
 335 building, which is attached to the building.

336

337

338

339 **Bandit Sign:** means the same as a snipe sign. See Snipe sign.

340

341 **Banner.**

342

343 (1) A sign composed of a logo, characters, letters, illustrations, or design on a lightweight material
 344 either enclosed or not enclosed in a rigid frame and secured or mounted to allow movement
 345 caused by the atmosphere, including feather banners, streamers, and pennants but not
 346 including flags.

347 (2) A string of pennants consisting of any series of pieces of cloth, plastic, paper, or other material
 348 attached in a row at only one or more edges, or by one or more corners, the remainder hanging
 349 loosely, to any wire, cord, string, rope, or similar device shall be considered a banner.

350

351 **BAR or COCKTAIL LOUNGE.** Any establishment devoted primarily to the retailing and on-
 352 premises drinking of malt, vinous, distilled, or other alcoholic beverages.

353

354 **Base Flood**, is a flood having a 1% chance of being equaled or exceeded in any given year. The base
 355 flood is commonly referred to as the "100-year flood" or the "1%-annual chance flood."

356

357 **Base Flood Elevation**, is the elevation of the base flood, including wave height, relative to the National
358 Geodetic Vertical Datum (NGVD), North American Vertical Datum (NAVD) or other datum specified on
359 the Flood Insurance Rate Map (FIRM).
360

361 **Basement**, is the portion of a building having its floor subgrade (below ground level) on all sides.

362
363 ~~**BATHROOM.** A separate room within a structure containing, at least, a bathtub or shower, a~~
364 ~~commode and a washbowl.~~
365

366 **Bathroom**, is a room in a building containing, at a minimum, a toilet and a sink.

367
368 ~~**BED AND BREAKFAST ESTABLISHMENTS.** A residence which provides sleeping~~
369 ~~accommodations and breakfasts on a short-term basis for paying guests. Such establishments may~~
370 ~~also provide lunch and supper. A **BED AND BREAKFAST** shall have no more than six sleeping~~
371 ~~rooms of which one must be occupied by the owner or manager. Such establishments shall not be~~
372 ~~construed as lodging houses, motels, hotels, or boarding or rooming houses.~~
373

374 **Bed and Breakfast**, means a transient lodging establishment, generally in a single-family dwelling or
375 detached guesthouses, primarily engaged in providing overnight or otherwise temporary lodging for the
376 general public and may provide meals for compensation.
377

378 **Bench/Shelter Sign**, is any sign painted on or attached to a bus bench or to a bus waiting or phone booth
379 shelter.
380

381 **Berm**, is a mound or earthen ridge placed above natural or existing grade for the purpose of shielding,
382 screening, mitigating impacts from or otherwise separating areas of dissimilar use, to provide visual
383 interest, accommodate landscape improvements, or control the direction and flow of water.
384

385 **Best Management Practices (BMP)**, is the combination of conservation measures, structures, or
386 management practices that reduces or avoids adverse impacts of development on adjoining site's land,
387 water or waterways, and waterbodies.
388

389 **Bike Lane**, is a corridor expressly reserved for bicycles.
390

391 **Bio-Retention Area**, is a shallow planted depression designed to retain or detain stormwater before
392 infiltration or discharge. Plants used in bio-retention areas must be able to survive without fertilizer or
393 other artificial means.
394

395 **Blinking Sign**, see Flashing Sign.
396

397 **Block**, is land typically surrounded by streets or other transportation or utility rights-of-way, or by
398 physical barriers such as bodies of water or public open spaces. Block may also mean a group of parcels
399 within a geographic area.
400

401 ~~**BOARDING OR ROOMING HOUSE.** A building, or portion of a building, in which five or more~~
402 ~~sleeping rooms are provided for occupancy by nontransient persons with or without meals for~~
403 ~~compensation on a prearranged weekly or monthly basis. A **BOARDING OR ROOMING**~~

404 ~~**HOUSE** shall include living quarters and may contain independent cooking facilities designed for~~
405 ~~the resident manager only. (See also Art. III, § 3.3.5.)~~

406
407 ~~**BOAT.** Any vessel, watercraft, or other artificial contrivance used, or which is capable of being~~
408 ~~used, as a means of transportation, mode of habitation, or as a place of business, professional, or~~
409 ~~social association on waters of Lee County, Florida, including:~~

- 410 1.
- 411 Foreign and domestic watercraft engaged in commerce;
- 412 2.
- 413 Passenger or other cargo-carrying water craft;
- 414 3.
- 415 Privately owned recreational watercraft;
- 416 4.
- 417 Airboats and seaplanes; and
- 418 5.
- 419 Houseboats or other floating homes.
- 420

421 **Boat**, is a vessel designed for operation as a watercraft propelled by oars, sails, or internal combustion
422 engine(s). A boat shall not be considered as a recreational vehicle even though may have facilities for
423 temporary living quarters.

424
425 **Boat Canopy**, is a removable protective cover installed to cover a boat located in the principal
426 mooring area of a dock or over a boat lift; a boat canopy designed and intended for the purpose of
427 protecting a marine vessel from damage from the elements and is fastened to, erected on, or installed
428 on a marine improvement. Covers that protect marine vessels from the elements, but that fasten only
429 to the marine vessel and not, in any way, to a marine improvement shall not be deemed to be boat
430 canopies.

431
432 ~~**BOAT PARTS STORE.** Establishments primarily engaged in the retail sale of watercraft parts~~
433 ~~and accessories (excluding trailers), but not providing installation service.~~

434
435 ~~**BOAT REPAIR AND SERVICE.** Establishments primarily engaged in minor repair service to~~
436 ~~small watercraft, including the sale and installation of accessories.~~

437
438 **Boat Sales**, is an establishment where boats or other marine vessels such as kayaks, canoes, or smaller
439 motorized watercraft area sold.

440
441 **Boat slip**, is a space designed for the mooring of a single watercraft. Such spaces may extend from a
442 dock or shoreline or be created from a cut-in.

443
444
445 ~~**BOAT YARD.** A boating or harbor facility located on or having direct access to navigable~~
446 ~~water engaged in building, maintaining and performing extensive repair on boats and small ships,~~
447 ~~marine engines and equipment, and including all uses also found in a marina. However, a **BOAT**~~
448 ~~**YARD** shall be distinguished from a marina by the larger scale and greater extent of work done in~~
449 ~~a boatyard and by the use of dry dock, marine railway or large capacity lifts used to haul out boats~~
450 ~~for maintenance or repair. (See **MARINA**.)~~

~~**BREW PUB.** A restaurant, bar, or nightclub with facilities that produces beer or wine for on-site consumption and retail sale to restaurant, bar, or nightclub patrons. Nonalcoholic beverages may also be produced for on-site consumption and retail sale. A brewpub differs from an artisan brewery in that a greater percentage of beer or wine produced at a brewpub is generally consumed on the premises. (Ord. 30-14, § 2, 10-20-2014; Ord. 36-15, § 4, 8-31-2015)~~

Brewery, is a facility with a capacity to manufacture more than 5,000 barrels of beer or other similar beverages a year.

Brewpub, is a restaurant or bar with facilities that produces beer or wine for on-site consumption and retail sale to restaurant, bar, or nightclub patrons. Nonalcoholic beverages may also be produced for on-site consumption and retail sale. A brewpub differs from an craft brewery in that a greater percentage of beer or wine produced at a brewpub is generally consumed on the premises.

Buffer, means open spaces, landscaped areas, fences, walls, berms, or any combination thereof used to physically and visually separate one use or property from another.

~~**BUILDABLE LAND.** Land remaining after the applicable minimum yard and green area requirements are met. (Ord. 68-98, 11-30-1998)~~

~~**BUILDING.** Any structure either temporary or permanent, having a roof intended to be impervious to weather, and used or built for the shelter or enclosure of persons, animals, ~~chattels,~~ or property of any kind. This definition ~~shall include tents, awnings, cabanas, or vehicles situated on private property and serving in any way the function of a building, but~~ does not include screened enclosures not having a roof impervious to the weather. In addition, the area of the pool deck or other impervious surfaces, exclusive of pools and spas that may be located under screened enclosures, shall be included as part of the building. (Ord. 71-91, 9-23-1991)~~

~~**BUILDING, FRONT OF.** That side of a building that faces toward the street right-of-way or easement serving as the means of vehicular access to the property.~~

~~**BUILDING FRONTAGE.** The width of a building facade, or portion thereof, that faces, is generally parallel or oriented toward a street, and is located between applicable minimum and maximum setback lines or within build-to zones. For purposes of this definition, outdoor areas, or portions thereof, such as, but not limited to, porches and decks, meeting the above criteria shall be considered building frontage. Additionally, a building's facade that faces, is generally parallel or oriented toward a street, and serves to create a courtyard that is located between the facade and the street shall be considered a building frontage regardless of its placement relative to setback lines or build-to zones. Where required, building frontage shall be measured as a horizontal linear dimension projected in a single plane and expressed as a percentage of the lot frontage. (Ord. 91-05, 11-14-2005; Ord. 15-12, 9-20-2012)~~

497 **Building Frontage**, is the dimension (measured in linear feet) of the overall width of the primary side of a
498 building containing one or more business establishments or other entities. For purposes of this article, the
499 primary side of a building shall be the side of the building that includes the primary entrance or the side
500 of the building that faces the front lot line, at the option of the property owner. If the primary entrance is
501 at an angle, the property owner may choose the building frontage. On a site with multiple buildings, if a
502 building does not directly face a street, the building frontage will be considered the street that other
503 adjacent or contiguous buildings face.

504
505 ***BUILDING HEIGHT.*** The vertical distance measured from the lowest finished floor elevation
506 to the lowest point of the highest horizontal eave or to the highest point of the highest parapet
507 wall, whichever is higher.
508 (Ord. 68-98, 11-30-1998)

509
510 ***BUILDING LINE.*** A line drawn parallel to the front lot line and tangent to the nearest part of
511 the principal building and extending from side lot line to side lot line.

512
513 ***BUILDING PERMIT.*** Any building or construction permit required under the Building Code of
514 Cape Coral, Florida or this ordinance.

515
516 **Building Sign**, Is any sign attached to any part of a building, as contrasted to a freestanding sign.

517
518 ***BUILDING WALL.*** An exterior wall of a building that serves to provide enclosure for interior
519 spaces and protection from natural elements.
520 (Ord. 15-12, 9-10-2012)

521
522 **Build-to Line**, are locations where a proposed development shall locate the linear footage of the
523 building's edge, thus ensuring a uniform (or more or less even) building façade line on the street. Build-
524 to lines may correspond to the property line or may be offset from the property line.

525
526 ***BUILD-TO-ZONE.*** A build-to-zone is a range of allowable distances from a street right-of-way
527 in which a building shall be built in order to create a generally uniform line of buildings along a
528 street.
529 (Ord. 91-05, 11-14-2005) _____

530
531 **Buildable Area**, is that portion of a lot exclusive of the required setbacks or open spaces upon which
532 improvements are permitted.

533
534 **Building, Attached**, is a building which has at least part of a wall in common with another building, or
535 which is connected to another building by a roof.

536
537 **Building Front**, means a building wall that faces a public street, a private street, or a common open
538 space. A building may have more than one building front.

539
540 **Building, Primary or Principal**, is a building in which the primary use of the lot, on which the building is
541 located, is conducted.

542

543 **Building Rear**, means a building wall that does not face a public street, a private access way, or a
544 common open space. A building may have more than one building rear.

546 **Business Front Foot**, means the lineal distance of the building space occupied by the particular business
547 measured on a straight-line parallel to the street. If a building fronts on two (2) or more streets, the
548 property owner shall be given the option of selecting one (1) street frontage for the purpose of computing
549 allowable sign area. Where a business does not parallel a street, the front foot shall be measured along
550 the exterior of the building space occupied by the particular business.

551
552 **BUSINESS OFFICES.** Office space for the conduct of commercial activities, excluding retail
553 sales.

555 **By-right**, are uses that are permitted without special conditions or a public hearing.

557 **Caliper – Palm**, is the diameter of the palm trunk taken at the widest portion, measured between one
558 foot and three feet from the ground.

560 **Caliper – Tree**, is the measurement of the average of the largest diameter of a tree, and that
561 perpendicular to it, measured 12 inches above the ground.

562
563 ~~**CAMERA SHOP.** Establishment primarily engaged in the retail sale of cameras, film and other~~
564 ~~photographic supplies and equipment. Establishments primarily engaged in finishing films are~~
565 ~~listed as photofinishing laboratories.~~

567 **Camouflaged**, means any wireless communications facility which is designed to blend into the
568 surrounding environment or that camouflages or conceals the presence of the tower or wireless
569 telecommunication facility to the extent that the average person would be unaware of its nature as a
570 tower, antenna, or wireless telecommunications facility. Examples of camouflaged facilities include, but
571 are not limited to, man-made trees, clock towers, bell steeples, flag poles, light poles, and similar
572 alternative-design mounting structures. Examples of camouflaged antennas include, but are not limited
573 to, architecturally screened roof-mounted antennas, building-mounted antennas painted to match the
574 existing structure, and antennas integrated into architectural elements.

576 **Campground**, is an area to be used for transient occupancy by camping in tents, camp trailers, travel
577 trailers, motor homes, or similar movable or temporary sleeping quarters of any kind. A campground
578 shall not be considered an RV Resort as defined in this article.

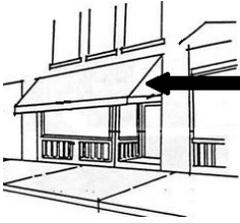

580 **Canal End Line**, is a line or lines drawn from the farthest point where the canal meets land perpendicular
581 to the sides of the canal, or to the sides of the canal as extended if necessary. If the side of a canal
582 curves near its end point, such canal side shall be extended from the point immediately preceding where
583 it begins to curve. See Diagram 5.5.4.A.

585 **Canal Width**, is the width of the canal measured from seawall to seawall using the City's Geographic
586 Information Systems (GIS).

587
588 ~~**CANOPY.** An awning-like protection from a wall that is made of rigid materials and is~~
589 ~~permanently attached to a building's facade.~~

590 (Ord. 101-03, 10-20-2003)
591

592 Canopy, is a roof-like structure serving the purpose of protecting pedestrians from rain and sun, which
593 may project from a building or be free standing.

594
595
596 Captain's Walk, is a walkway that is parallel to the seawall with a maximum width of six feet.

597
598 **CARETAKER/WATCHPERSON RESIDENCE.** A residence, generally located on a commercial
599 site, used by the watchperson or caretaker of the establishment. Such a structure, if temporary,
600 may be a mobile home. If permanent, the structure may be no less than 650 square feet and it
601 must contain a kitchen, bathroom and living area.

602
603 **CARPORIT.** A freestanding or attached structure, consisting of a roof and supporting members
604 such as columns or beams, unenclosed from the ground to the roof on at least two sides, and
605 designed or used for the storage of motor-driven vehicles owned and used by the occupants of
606 the building to which it is accessory.

607
608 ~~**CARRY-OUT/DELIVERY FOOD SERVICE ESTABLISHMENTS.** An establishment engaged in~~
609 ~~the sale of food and beverages in a ready to consume state for consumption off the premises as~~
610 ~~carry-out or delivery orders only. Such establishments shall contain no seating areas for on-site~~
611 ~~consumption, but they may have drive-thru facilities.~~

612
613 ~~**CAR WASH.** Establishments primarily engaged in washing cars or in furnishing facilities for~~
614 ~~the self-service washing of cars.~~

615
616 ~~**CEMETERIES.** An area of land set apart for the sole purpose of the burial of bodies of dead~~
617 ~~persons and for the erection of customary markers, monuments, and mausoleums.~~

618
619 Cemetery, is land used or dedicated to the burial of deceased people or animals. Cemeteries may also
620 include mausoleums and mortuaries when operated within the boundary of such cemetery.

621
622 ~~**CEMETERY, PET.** See **PET CEMETERIES. CERTIFICATE OF USE.** A certificate, required by~~
623 ~~appropriate authority under the provisions of this ordinance, which authorizes the occupancy of a~~
624 ~~structure or premises and, is required prior to occupancy, change or use and under other specific~~
625 ~~conditions.~~

626
627 Centerline of the Marine Improvement Area, means a line extended from the center of the parcel's
628 water frontage line to the center of the offset line of the parcel's marine improvement area. See
629 Diagram 5.5.4.F.

630

631 Certificate of Completion, is documentation that a structure, system(what kind of system?), site
632 development or subdivision infrastructure is complete and for certain types of permits is released for
633 use and may be connected to a utility system.
634

635 Certificate of Occupancy, is the official certification that a premises may be used or occupied pursuant
636 to the State Building Codes.
637

638 Changeable Copy Sign (Manual), is a sign or portions thereof with characters, letters, or illustrations that
639 can be changed or rearranged manually, on the sign itself, without altering the face or the surface of the
640 sign.
641

642 Channel or Canal, is an open conduit, either naturally or artificially created, which periodically or
643 continuously contains moving water, or which forms a connecting link between two bodies of water.
644

645 ~~**CHILD CARE FACILITY.** Any child care center or child care arrangement which provides child
646 care as defined by F.S. § 402.302(2), as same may hereafter be amended.
647 (Ord. 3-97, 2-14-1997; Ord. 98-03, 10-14-2003) _____~~
648

649 Childcare Facility, includes any child care center or child care arrangement which provides child care
650 for more than five children unrelated to the operator and which receives a payment, fee, or grant for
651 any of the children receiving care, wherever operated, and whether operated for profit.
652

653 Civic Building, is a building specifically designed for a civic function. Buildings and structures for public
654 or private assembly, including places of worship and schools, shall be considered civic buildings.
655

656 ~~**CITY MANAGER.** The City Manager for Cape Coral, Florida, or his or her duly authorized
657 representative.~~
658

659 ~~**CIVIC BUILDING.** A building that is allowed greater design flexibility due the prominence of
660 its public functions and often its location. **CIVIC BUILDINGS** include government buildings,
661 churches, synagogues, libraries, schools, auditoriums and public recreation facilities. **CIVIC**~~
662

663 ~~**BUILDINGS** do not include retail buildings, residential buildings, or privately owned office
664 buildings, regardless of use.
665 (Ord. 91-05, 11-14-2005)~~
666

667 Clearing of Vegetation, means removal of plants and or topsoil and vegetative materials in
668 preparation for development, but not including mowing and cutting of brush for maintenance, the
669 removal of dead or diseased plants or the removal of a single tree on a developed parcel.
670

671 Clear Trunk – Palm, is a measurement from the soil line to a point on the trunk where the trunk
672 caliper begins to taper abruptly, as per "Grades and Standards for Nursery Plants" published by the
673 State Department of Agriculture and Consumer Services, Part 2.
674

675 ~~**CLUBHOUSE, PRIVATE.** A central facility that serves as an integral part of a residential
676 development, providing a meeting place and/or indoor recreation opportunities for residents of a~~

677 residential subdivision or other residential or mixed-use development, within which the facility is
678 located.

679
680 ~~**CLUBS** and **FRATERNAL ORGANIZATIONS. CLUBS, COMMERCIAL.**~~ Clubs which are owned
681 by individuals and operated for a profit such as tennis and racquetball clubs, golf clubs, etc.

682
683 ~~**CLUB, COUNTRY.**~~ A large area and buildings containing recreational facilities, clubhouse and
684 usual accessory uses, open only to members and their guests for a membership fee. Occasionally
685 such facilities may be leased to outsiders for banquets, weddings, or other social engagements.

686
687 ~~**CLUB, FRATERNAL.**~~ Group of people associated or formally organized for a common
688 purpose, interest, or pleasure. Such organizations are generally fraternal in nature and include
689 fraternities, sororities, or lodges.

690
691 ~~**CLUBS, MEMBERSHIP ORGANIZATION.**~~ An organization operating on a membership basis
692 with preestablished formal membership requirements and with the intent to promote the interests
693 of its members. Membership organizations include trade associations, professional organizations,
694 unions, and similar political and religious organizations.

695
696 Coastal Construction Control Line, is the line established by the State of Florida pursuant to F.S. §
697 161.053, and recorded in the official records of the city, which defines that portion of the beach-dune
698 system subject to severe fluctuations based on a 100-year storm surge, storm waves or other
699 predictable weather conditions.

700
701 Coastal High Hazard Area, is a special flood hazard area extending from offshore to the inland limit of
702 a primary frontal dune along an open coast and any other area subject to high velocity wave action from
703 storms or seismic sources. Coastal High Hazard Areas are also referred to as "high hazard areas subject
704 to high velocity wave action" or "V Zones" and are designated on Flood Insurance Rate Maps (FIRM) as
705 Zone V1 V30, VE, or V.

706
707 Co-location, is the act of erecting antenna(s) of a wireless service provider on a tower or an existing
708 antenna support structure already supporting an antenna.

709
710 ~~**COLONNADE.**~~ A series of columns that are set at regular intervals and that support the base
711 of an overhead structure.
712 (Ord. 91-05, 11-14-2005)

713
714 Commercial and Professional, shall include property zoned C, CC, INST, P-1, NC, MX, MXB, MX SI, and
715 SC.

716
717 ~~**COMMERCIAL FISHERY.**~~ Land or structures, used as a commercial establishment for the
718 receiving, processing, packaging, storage and wholesale or retail distribution and sale of food
719 products of the sea. Such land or structures, may include facilities for the docking, loading,
720 unloading, fueling, icing and provisioning of vessels and for the drying and maintenance and
721 storage of nets, traps and buoys.

722

723 **Commercial Lettering**, is letters, numbers, symbols, or combinations thereof which advertise a trade,
724 business, industry, or other activity for profit or a product, commodity, or service. The term shall not
725 include bumper stickers affixed to bumpers only or the decal or plate commonly applied to a motor
726 vehicle by a motor vehicle dealer.

727
728 **Commercial Rack**, is any frame, device, or other apparatus that is designed and constructed for the
729 primary purpose of carrying tools, building materials, or merchandise. Racks designed and constructed
730 for carrying luggage or sporting equipment, such as kayaks, canoes, or bicycles, shall not be considered
731 to be Commercial Racks so long as they are used for the purpose of carrying the aforesaid items.
732 Furthermore, a rack designed and constructed for carrying a ladder (a "ladder rack") that is attached to
733 a motor vehicle shall not be considered to be a Commercial Rack, provided the ladder rack is not wider
734 than the vehicle to which it is attached and no part of such ladder rack extends more than 16 inches
735 above the cab of the vehicle or extends beyond the tailgate of the vehicle.

736
737 **Commercial Recreation, Indoor**, is an indoor facility, with or without seating for spectators, and
738 providing accommodations for a variety of individual, organized, or franchised sports, including
739 basketball, ice hockey, wrestling, soccer, tennis, volleyball, racquetball, or handball. Such facility may
740 also provide other regular organized or franchised events, health and fitness club facilities, swimming
741 pool, snack bar, restaurant, retail sales of related sports, health or fitness items, and other support
742 facilities.

743
744 **Commercial Recreation, Outdoor**, means a recreational land use conducted outside of a building,
745 including athletic fields; skateboard park; swimming, tennis, handball, basketball courts; batting cages.
746

747 **Commercial Sign**, is a sign that, directly or indirectly, names or calls attention to a business, product,
748 service, or other commercial activity. For purposes of this article, all signs on non-residential property
749 shall be presumed commercial; however, the presumption shall be considered rebuttable and may be
750 overcome if a reasonable person could logically conclude that the presumption is invalid. For purposes of
751 this article, terms such as sale, special, clearance, or other words which relate to commercial activity shall
752 be deemed to be commercial messages. The identification by name of an apartment or condominium
753 development on a residential sign at the apartment or condominium development site shall not be
754 considered a commercial message.
755

756 **Commercial Vehicle**, is an agricultural, construction, or industrial motor vehicle or any bus, step van,
757 truck, or truck tractor. The term shall include any motor vehicle (including automobiles) upon which
758 commercial lettering, as defined herein, has been affixed. The term shall also include a pickup truck
759 from which the cargo box has been removed. Any motor vehicle with one or more tools (including a
760 ladder), building materials, or merchandise visible from the street or abutting residential property, or a
761 "commercial rack" that is visible from the street or abutting residential property shall be deemed a
762 commercial vehicle. A passenger automobile or sports utility vehicle (SUV) containing commercial
763 lettering shall not be considered a commercial vehicle for purposes of this section so long as the
764 commercial lettering on the vehicle does not contain any reference to the residential address at which
765 the automobile is parked.

766
767 **Commissary**, is a public food service establishment or any other commercial establishment
768 permitted by the Department of Agriculture and Consumer Services, which is utilized by a mobile
769 food unit for the purpose of providing all required support services, including potable water and
770 wastewater disposal, where food, containers or supplies are stored, prepared, or packaged, or where

771 utensils are sanitized for transit to and sale or service at other locations that are not available on
772 the mobile food unit.

773

774 ~~**COMMISSION.** The City of Cape Coral Planning and Zoning Commission/Local Planning~~
775 ~~Agency.~~

776 **Community Center**, is a building to be used as a place of meeting or social recreation that is open
777 to the public. Community centers may also include areas of outdoor recreation such as playgrounds
778 or athletic courts.

779

780 **Community Garden**, is a private or public facility for cultivation of fruits, flowers, vegetables, or
781 ornamental plants by more than one person or family.

782

783 ~~**COMMUNITY REDEVELOPMENT AREA (CRA).** An area, as defined by F.S. § 163.340, as same~~
784 ~~may hereafter be amended.~~

785 ~~(Ord. 60-04, 6-14-2004)~~

786

787 ~~**COMMUNITY RESIDENTIAL HOME.** A dwelling unit licensed to serve clients of the~~
788 ~~Department of Health and Rehabilitation Services, which provides a living environment for seven~~
789 ~~to 14 unrelated residents including such supervision and care by support staff as maybe necessary~~
790 ~~to meet the physical, emotional and social needs of the residents. Homes of six or fewer residents~~
791 ~~which otherwise meet the definition of a community residential home shall be deemed a single-~~
792 ~~family unit and a non-commercial, residential use for the purpose of local laws and ordinances.~~
793 ~~Homes of six or fewer residents which otherwise meet the definition of a **COMMUNITY**~~
794 ~~**RESIDENTIAL HOME** shall be allowed in single-family or multi-family zoning without approval by~~
795 ~~the local government, provided that such homes shall not be located within a radius of 1,000 feet~~
796 ~~of another existing such home.~~

797

798 **Community Residential Home**, means a dwelling unit licensed to serve residents who are clients of
799 the Department of Elderly Affairs, the Agency for Persons with Disabilities, the Department of
800 Juvenile Justice, or the Department of Children and Families or licensed by the Agency for Health
801 Care Administration which provides a living environment for 7 to 14 unrelated residents who
802 operate as the functional equivalent of a family, including such supervision and care by supportive
803 staff as may be necessary to meet the physical, emotional, and social needs of the residents.

804

805 ~~**COMPANY VEHICLE.** Any vehicle owned or leased by the business, or any vehicle used in the~~
806 ~~daily operation of the business either on a temporary or permanent basis.~~

807

808 ~~**COMPATIBLE.** In describing the relation between two land uses, buildings, structures, or~~
809 ~~zoning districts, the state wherein those two things exhibit either a positive relationship based on~~
810 ~~fit, similarity, or reciprocity of characteristics, or a neutral relationship based on a relative lack of~~
811 ~~conflict (actual or potential) or on a failure to communicate negative or harmful influences one to~~
812 ~~the other.~~

813 ~~(Ord. 2-01, 2-5-2001)~~

814

815 ~~**COMPOUND USE.** Differing uses within one building or structure, consisting of both~~
816 ~~residential uses and non-residential uses.~~

817 (Ord. 60-04, 6-14-2004)

818

819 ~~**COMPOUND USE BUILDING.** A building that contains one or more residential use(s) as well~~
820 ~~as one or more non-residential use(s).~~

821 (Ord. 60-04, 6-14-2004)

822

823 ~~**COMPREHENSIVE LAND USE PLAN, CITY OF CAPE CORAL, FLORIDA.** Also known as the~~
824 ~~"Plan" or "Comprehensive Land Use Plan", as adopted by the City Council on February 13, 1989,~~
825 ~~and all subsequent revisions thereto. The Comprehensive Land Use Plan elements and Future Land~~
826 ~~Use Map are complementary and equivalent components of the Comprehensive Plan.~~

827

828 Concurrency, is necessary public facilities and services to main the adopted level of service
829 standards are available when the impacts of a development occur.

830

831 Conditional Use, are uses which are generally appropriate in a zoning district but have certain additional
832 requirements to ensure the use is compatible. Conditional uses may be approved administratively as long
833 as the required conditions are met and maintained.

834

835 ~~**CONJOINED RESIDENTIAL STRUCTURE.** A structure containing two or more dwelling units,~~
836 ~~each having a living area located on the ground floor or first finished floor, with common structural~~
837 ~~elements such as the roof, exterior walls, and foundation, where the owner of each unit owns the~~
838 ~~underlying land. A common wall must be a minimum two-hour fire wall, if required by the building~~
839 ~~code, and must be located on a lot line; and reciprocal easements, at least four feet in width, for~~
840 ~~the benefit of the unit owners for maintenance purposes, must be executed and recorded in the~~
841 ~~public records of Lee County, along with properly executed covenants approved by the City~~
842 ~~Attorney providing a mechanism for enforceable contributions by each owner toward all required~~
843 ~~and necessary maintenance, repair, and removal costs for any common wall, common well or~~
844 ~~septic system, or other shared facilities or appurtenances. Unless specifically provided otherwise in~~
845 ~~this code, all provisions hereof that apply to duplex dwellings shall apply in the same manner to~~
846 ~~conjoined residential structures having only two dwelling units, and all provisions hereof that apply~~
847 ~~to multi-family dwellings shall apply in the same manner to conjoined residential structures having~~
848 ~~more than two dwelling units.~~

849 (Ord. 62-99, 1-31-2000)

850

851 ~~**CONTIGUOUS.** Directly to the rear, or across any service alley, and within the extended side~~
852 ~~yard lot lines of a property.~~

853 (Ord. 71-91, 9-23-1991)

854

855 Continuing Care Facility, is a center which provides independent household units as well as assisted
856 living units to allow a resident to age within one facility or community.

857

858 Construction Staging Area, is an area used on a temporary basis for the storage of materials and
859 supplies used in the construction of a project for a limited period of time.

860

861 ~~**CONVENIENCE FOOD AND BEVERAGE STORE.** A store which specializes in convenience~~
862 ~~products and other commodities and which normally is open to the public beyond the customary~~
863 ~~sales hours of other retail stores.~~
864

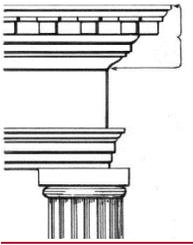

865 **Convenience Store,** is any retail establishment offering for sale a limited line of groceries and household
866 items intended for the convenience of the neighborhood, with or without sale of fuel.
867

868 **Corner Parcel,** is a parcel that either touches or is on both sides of an interior corner of a lake, basin, or
869 canal.
870

871 **Corner, Waterway,** is the meeting of two sides which creates an angle less than 180 degrees.
872

873 ~~**CORNICE.** A decorative horizontal feature that projects outward near the top of an exterior~~
874 ~~wall.~~
875

876 **Cornice,** means a horizontal, ornamental molding that crowns a building or element of a building such as
877 a window or doorway.
878

879
880
881 ~~**COUNTY CLERK.** The clerk of the local court of record or other appropriate and duly~~
882 ~~designated public recording officer for Lee County.~~
883
884

885 ~~**COURTYARD.** A roofed or unroofed space surrounded by building walls on at least two sides~~
886 ~~and providing a building entrance accessible to the general public.~~
887 ~~(Ord. 91-05, 11-14-2005; Ord. 15-12, 9-10-2012)~~
888

889 **Craft Brewery, Distillery, or Winery,** is a use that brews beer, distills spirituous beverages, or
890 produces wine and similar beverages on a small scale and whose annual production of beer is capped
891 by the City of Cape Coral in contrast to a full-fledged brewery that may produce an unlimited volume
892 of beer. These establishments may include a tasting room and retail space to sell beer produced on
893 the premises, as well as beer, spirits and wine produced elsewhere, along with related retail items and
894 food.
895

896 **Crematories.** An establishment engaged in the incineration of the dead.
897

898 **Crime Prevention Through Environmental Design (CPTED),** is a multi-disciplinary approach to
899 detering criminal behavior through the design of the built environment. Specifically, altering the
900 physical design of the communities in which humans reside and congregate in order to deter criminal
901 activity is the main goal of CPTED.

902 Cul-de-sac, is a dead-end street terminated at the closed end by a circular vehicular turn-around.

903
904
905 Cultural and Civic Facilities, are facilities of historic educational or cultural interest such as botanical
906 gardens, aquariums, libraries, art galleries, or museums.

907
908 **CUPOLA**Cupola. An ornamental structure placed above a larger roof.

909
910 (Ord. 91-05, 11-14-2005)

911
912 Cut-In Boat Slip, is a place for a boat to moor, created within a parcel through excavation or removal of
913 soil and rock material and construction of a seawall around that area.

914
915 ~~**DAY CARE CENTER, ADULT.** A facility or establishment whether operated for profit or not,
916 which undertakes through its ownership or management to provide basic services such as, but not
917 limited to, a protective setting, social or leisure time activities, self-care training or nutritional
918 services to three or more adults not related by blood or marriage to the owner or operator, who
919 require such services. This definition shall not be interpreted to include overnight care.~~

920
921 Deck, is an open and roofless platform that adjoins a house and is supported by a means other than the
922 principal structure.

923
924 Density, is the number of dwelling units permitted per acre of land.

925
926 ~~**DENTIST AND OPTOMETRIST OFFICES OR CLINICS.** A premises where patients are not
927 lodged overnight except for observation or emergency treatment, and where patients are treated
928 by dentists or optometrists licensed by the State of Florida.~~

929
930 ~~**DEPARTMENT OF COMMUNITY DEVELOPMENT.** The department within the city
931 government of Cape Coral, Florida, responsible for the maintenance and enforcement of these
932 ordinances, unless otherwise specified in the text.~~

933
934 ~~**DEPARTMENT STORE.** A departmentalized retail store, generally offering in one
935 establishment, within each department, several lines and price/quality ranges of goods and
936 services. Such an establishment may occupy a freestanding structure or occupy a space in a
937 shopping center within which it usually functions as an attractor or anchor store.~~

938
939 Design Flood, is the flood associated with the greater of the following two areas; an area with a
940 floodplain subject to a 1% or greater chance of flooding in any year, or an area designated as a flood
941 hazard area on the City flood hazard map or otherwise legally designated.

943 Design Flood Elevation, is the elevation of the "design flood," including wave height, relative to the
944 datum specified on the city's legally designated flood hazard map. In areas designated as Zone AO, the
945 design flood elevation shall be the elevation of the highest existing grade of the building's perimeter
946 plus the depth number (in feet) specified on the flood hazard map. In areas designated as Zone AO
947 where the depth number is not specified on the map, the depth number shall be taken as being equal
948 to two feet.

949
950 Designed Service Study, is a study of the configuration and manner of deployment of wireless services
951 the wireless provider has designed for an area as part of its network that demonstrates whether or not
952 existing towers or tall structures in the search can be utilized for co-location.

953
954 **DETAILING.** The decoration of a motor vehicle, usually in conjunction with car washing,
955 waxing and polishing, whereby minor dents and holes may be straightened and filled and minor
956 striping and designs may be painted upon the automobile's surface. Such work shall not be
957 construed as auto body repair or painting.
958

959 Developer, is the person who is improving a parcel of land and who may or may not be the owner of
960 that property.

961
962 **DEVELOPMENT.** Building or structure(s) and use(s) that are part of an integral application for
963 development.
964 (Ord. 101-03, 10-20-2003)
965

966 Development, is any human-caused change to improved or unimproved real estate that requires a
967 permit or approval from any agency of the city or county, including but not limited to, buildings or other
968 structures, mining, dredging, filling, grading, paving, excavation or drilling operations, and storage of
969 materials.
970

971 Development Approval, is any written authorization from the city which authorizes the commencement
972 of a development.

973
974 Development Identification Sign, is a permanent sign, either ground sign or located on a subdivision entry
975 feature or perimeter wall, at a main entrance to a subdivision or residential development identifying the
976 name of the development or subdivision.
977

978 **DEVELOPMENT OF REGIONAL IMPACT (DRI).** Any development which, because of its
979 character, magnitude, or location, would have a substantial effect upon the health, safety, or
980 welfare of citizens of more than one county, as defined by F.S. § 380.06.
981

982 **DEVELOPMENT PERMIT.** Any building permit, zoning permit, subdivision approval, rezoning,
983 certification, special exception, variance, or any other official action of local government having the
984 effect of permitting the development of land.
985

986 Diameter at Breast Height (DBH), is the diameter of the tree when measured four and one-half feet
987 above the ground.
988

989 **~~DIRECTLY AFFECTED PROPERTY.~~** Property within 500 feet in any direction from the property
990 line of land owned or controlled by petitioner is property directly affected by action of the City
991 Council or the Planning and Zoning Commission/Local Planning Agency.
992 (~~Ord. 1-08, § 7, 3-10-2008~~)

993
994 **~~DIRECTOR.~~** The Director of the Department of Community Development of Cape Coral,
995 Florida, or its successor agency.

996
997 Directional Sign, is a sign denoting the business names, location, addresses (real or virtual), and/or
998 occupations of those tenants located upon a subject site or which provides information as to the location
999 of a parking lot, building entrance, or other destination, activity, or facility and contains no commercial
1000 message.

1001
1002 **~~DISCHARGE.~~** Includes, but is not limited to, spilling, leaking, pumping, pouring, emitting,
1003 emptying, depositing or dumping.

1004
1005 Distribution Line, are the electric lines that deliver medium voltage electricity from the substation to
1006 an overhead or underground transformer that ultimately serves the consumer.

1007
1008 Divider Median, is a landscaped strip between abutting rows of parking spaces.

1009
1010 Dock, is any structure, otherwise known as a pier, wharf, or loading platform, extending into the water
1011 from a seawall or bank and which may provide berthing for marine vessels.

1012
1013 **~~DORMITORY, FRATERNITY HOUSE or SORORITY HOUSE.~~** A building in which sleeping
1014 rooms are provided for occupancy by, and maintained as a place of residence exclusively for,
1015 students affiliated with an academic or professional college or university, with or without meals,
1016 and when approved and regulated by such institution. A **~~DORMITORY, FRATERNITY~~**
1017 **~~HOUSE or SORORITY HOUSE~~** shall include living quarters and may contain independent cooking
1018 facilities designed for the resident manager only. (~~See also § 3.3.5.~~)

1019
1020 Dormitory, is a building intended or used principally for sleeping accommodations where such building
1021 is related to an educational or public institution, including religious institutions.

1022
1023 **~~DOWNTOWN COMMUNITY REDEVELOPMENT AREA.~~** The area in the City of Cape Coral
1024 established by the Cape Coral City Council as a community redevelopment area in Ordinance 49-
1025 87, as expanded by Ordinance 11-03 and Resolutions 06-03, 60-03, and 22-09.
1026 (~~Ord. 60-04, 6-14-2004; Ord. 15-12, 9-10-2012~~)

1027
1028 **~~DOWNTOWN COMMUNITY REDEVELOPMENT PLAN.~~** The Community Redevelopment Plan
1029 adopted by City of Cape Coral Ordinance 11-03, including any future amendments or
1030 modifications adopted by City Council.
1031 (~~Ord. 91-05, 11-14-2005~~)

1032

1033 ~~**DRIVE-THRU FACILITY.** An establishment where a patron is provided products or services~~
1034 ~~without departing from his or her automotive vehicle. **DRIVE-THRU**, **DRIVE-IN**, and **DRIVE-**~~
1035 ~~**UP** are synonymous.~~

1036
1037 **Drive-thru Facility, an accessory building or a building design feature that allows customer to receive**
1038 **goods or services from a business or establishment without leaving their vehicle.**

1039
1040 ~~**DRIVE-IN THEATER.** A place of outdoor assembly used for the showing of plays, operas,~~
1041 ~~motion pictures, and similar forms of entertainment which is designed to permit the audiences to~~
1042 ~~view the performance from vehicles parked on the theater property.~~

1043
1044 ~~**DRUGSTORE.** An establishment wherein the principal use is the dispensing of prescription~~
1045 ~~and patent medicines and drugs and related products, but where nonmedical products such as~~
1046 ~~greeting cards, magazines, cosmetics, photographic supplies, may also be sold. The~~
1047 ~~term **DRUGSTORE** includes **PHARMACY**.~~

1048
1049 **Dumpster, are the covered containers that are designed and intended to be mechanically dumped into a**
1050 **packer-type sanitation vehicle, regardless of whether such containers are used for the collection or**
1051 **disposal of solid waste or other refuse or for the collection or disposal of recycling materials, as well as**
1052 **covered containers that are designed and intended to be used for compaction of materials such as**
1053 **cardboard boxes.**

1054
1055 **Dumpster Enclosure, is the fence or wall that encloses and screens a dumpster.**

1056
1057 ~~**DUPLEX.** See **DWELLING UNIT, TYPES**.~~
1058 ~~(Ord. 91-05, 11-14-2005)~~

1059
1060 ~~**DWELLING UNIT.** A room or rooms connected together, which could constitute a separate,~~
1061 ~~independent housekeeping establishment for a family, for owner occupancy, or for rental or lease~~
1062 ~~on a weekly, monthly, or longer basis, and physically separated from any other rooms or dwelling~~
1063 ~~units which may be in the same structure. **DWELLING UNITS** must contain at a minimum one~~
1064 ~~sleeping room, one bathroom, and one kitchen, but shall not contain more than one kitchen, or~~
1065 ~~other indoor portion of the structure with a functioning range or oven. The term **DWELLING**~~
1066 ~~**UNIT** shall not include rooms in hotels, motels or institutional facilities.~~

1067 ~~(Ord. 61-13, 12-9-2013)~~

1068
1069 ~~**DWELLING UNIT, TYPES.**~~

1070
1071 ~~**SINGLE-FAMILY RESIDENCE.** A single, freestanding, conventional building designed for~~
1072 ~~one dwelling unit and which could be used for occupancy by one family only.~~

1073
1074 ~~**DUPLEX.** A single, freestanding, conventional building on a single lot designed for two~~
1075 ~~dwelling units under single ownership, or wherein each dwelling unit is separately owned or leased~~
1076 ~~but the site is held under common ownership.~~

1077

1078 **MULTIPLE FAMILY (MULTI-FAMILY).** A group of three or more dwelling units within a
1079 single conventional building, attached side by side, or one above another, or both, and wherein
1080 each dwelling unit may be individually owned or leased but the land on which the building is
1081 located is under common or single ownership. In addition, any dwelling unit or dwelling units,
1082 regardless of number, located in a lawfully existing compound use building shall be deemed to be
1083 multiple-family dwelling unit(s).
1084 (Ord. 60-04, 6-14-2004)

4.

1085
1086 **MOBILE HOME.** A building designed as a single-family dwelling unit, manufactured off-site
1087 in conformance with the Federal Mobile Home Construction and Safety Standards (24 C.F.R. §§
1088 3280 ~~et seq.~~), subsequently transported to a site complete or in sections where it is emplaced and
1089 tied down in accordance with F.A.C. Chapter 15C-1, with the distinct possibility of being relocated
1090 at a later date.

5.

1091
1092 **CONJOINED RESIDENTIAL STRUCTURE.** See ~~CONJOINED RESIDENTIAL STRUCTURE.~~
1093 (Ord. 91-05, 11-14-2005)

1094
1095 Dwelling, Duplex, is a structure designed to accommodate two dwelling units, each of which has direct
1096 access to the outside.

1097
1098 Dwelling, Multifamily, is a building containing three or more individual dwellings with separate cooking
1099 and toilet facilities for each dwelling.

1100
1101 Dwelling, Single-Family Attached, means a single structure consisting of three or more dwelling units
1102 having one or more walls abutting with another dwelling and designed to have all exits open directly to
1103 the outside. Each dwelling unit is on a lot with individual ownership.

1104
1105 Dwelling, Single-Family Detached, is a dwelling unit owned in fee simple and on an individual lot which
1106 is not attached to any other dwelling unit by any means.

1107
1108 **Dwelling, Single-Family Semi-Detached,** shall mean a single-family dwelling which is joined to no
1109 more than one other single-family dwelling unit by a common wall, where such two dwelling units are
1110 also constructed on adjoining individual lots, such as duplex dwellings which have been subdivided
1111 into two single-family semi-detached dwelling units, with each such unit on a separate lot.

1112 Easement, is a grant by a property owner to the use of land by the public, a corporation, or persons for
1113 specific purposes as the construction of utilities, drainage ways, and roadways.

1114
1115 **EAVE(S).** The overhanging lower edge of a roof.
1116 (Ord. 84-07, 5-12-2008)

1117
1118 Eave, is the projecting lower edges of a roof overhanging the wall of a building.

1119
1120 **ELECTRIC TRANSMISSION CORRIDOR.** An area where electric transmission lines are or may
1121 be installed for the transmission of electrical power.

1122

1123 Electronic Message Center (EMC). Is a variable message sign that utilizes computer generated messages
1124 or some other electronic means of changing copy. These signs include displays using incandescent
1125 lamps, LEDs, LCDs or a flipper matrix.

1126
1127 Encroachment, is where a structure exists within a required setback, or an area that is designated to
1128 have no structures.

1129
1130 End Parcel, is a waterfront parcel where any part of the parcel abuts or includes within its boundaries
1131 any part of the canal end line or any part of an extension of a side line between the side line and the
1132 canal end line.

1133
1134 Entertainment, Indoor, means active or passive uses conducted within an enclosed building, these
1135 include but are not limited to: motion picture theaters, concert or music halls, billiards, arcades, and
1136 bowling.

1137
1138 Entertainment, Outdoor, means active or passive uses conducted in open or partially enclosed or
1139 screened entertainment complex. Typical uses include but are not limited to: sports arenas, motor
1140 vehicle or animal racing facilities, and outdoor amusement parks.

1141
1142 ~~**ENTRANCE.** A means of ingress to and egress from a building.~~
1143 ~~(Ord. 84-07, 5-12-2008)~~

1144
1145 ~~**ENTRANCE GATE.** A mechanized control device which is located near the point of access to a~~
1146 ~~development which serves to regulate the ingress of vehicles and pedestrians for the purpose of~~
1147 ~~security and privacy.~~

1148
1149 **ESSENTIAL SERVICES.** The erection, construction, alteration or maintenance (by a public or
1150 private utility company for the purpose of furnishing adequate service by said company for the
1151 public health, safety or general welfare) of electrical and communication cables, poles and wires,
1152 and water and sewer collection, transmission or distribution mains, drains and pipes, including fire
1153 hydrants. This definition shall not be interpreted to include buildings, structures or uses listed as
1154 essential service facilities.

1155
1156 Erosion, is the removal of soil through water or wind action.

1157
1158 Essential Services, is the erection, construction, alteration or maintenance (by a public or private
1159 utility company for the purpose of furnishing adequate services for the public health, safety, or
1160 general welfare) of electrical and communication cables, poles and wires, water and sewer collection,
1161 transmission, or distribution mains, drains and pipes, including fire hydrants. This definition shall not
1162 be interpreted to include buildings, structures, or uses listed as essential service facilities.

1163
1164 Essential Service Facilities, are buildings or above ground structures (exceeding 27 cubic feet in
1165 volume) required to provide essential services including electricity; telephone, cable TV, gas, water,
1166 sewage, solid waste, and resource recovery.

1167
1168 Excavating or Filling, is the removal or placement of more than 100 cubic yards of earth or the
1169 alteration of the elevation of more than 1,250 square feet of land area more than two feet.

Excavation, is an operation utilizing any tools, equipment or explosives for the purpose of moving, removing or otherwise displacing or distributing earth, rock or other materials in or on the ground or wrecking, razing, rending, moving or removing any structure or mass of material.

Existing Building and Existing Structure, are any buildings and structures for which the "start of construction" commenced before August 17, 1981.

Existing Manufactured Home Park or Subdivision, is a manufactured home park or subdivision for which the construction of facilities for servicing the lots on which the manufactured homes are to be affixed (including, at a minimum, the installation of utilities, the construction of streets, and either final site grading or the pouring of concrete pads) is completed before August 17, 1981.

Expansion to an Existing Manufactured Home Park or Subdivision, is the preparation of additional sites by the construction of facilities for servicing the lots on which the manufactured homes are to be affixed (including the installation of utilities, the construction of streets, and either final site grading or the pouring of concrete pads).

Exotic, means a species introduced to Florida, purposefully or accidentally, from a natural range outside of Florida.

Extraction, is the removal of physical matter in a solid, liquid, or gaseous state from its naturally location such as dirt, soil, sand, rock, oil, gas, and marl. Extraction shall not include typical digging, clearing, and filling operations associated with an approved Site Development Plan for residential and non-residential development.

~~**EXPRESSION LINE.** A decorative horizontal projection or recess on an exterior wall to delineate the top of the first story of a multi-story building.
(Ord. 91-05, 11-14-2005; Ord. 15-12, 9-10-2012)~~

FAA, means the Federal Aviation Administration.

~~**FACADE.** The exterior walls of a building that face a right-of-way, (other than an alley) or which face a plaza, a public park, or a courtyard, which is open to a public sidewalk For purposes of this definition, a plaza, public park, or courtyard that is separated from a public sidewalk by only a fence wall or landscaping less than six feet in height shall be deemed to abut a public sidewalk regardless of whether such plaza, public park, or courtyard is accessible from such sidewalk.
(Ord. 91-05,11-14-2005)~~

Façade, is the exterior elevation of a structure or building as viewed from a single vantage point.

~~**FAMILY.** One or more persons occupying a dwelling unit and living as a single nonprofit housekeeping unit provided that a group of five or more adults who are not related by blood, marriage, or adoption shall not be deemed to constitute a family. The term **FAMILY** shall not be construed to mean a club, convent, fraternity, institutional group, or sorority.~~

Family, is any number of persons living together as a single housekeeping unit.

1217
1218 **FAMILY DAY CARE HOME.** An occupied residence in which child care is regularly provided as
1219 defined by F.S. § 402.302(7), as same may hereafter be amended.
1220 (Ord. 98-03, 10-14-2003)

1221
1222 **Family Day Care Home,** is an occupied residence in which child care is regularly provided for children
1223 from at least two unrelated families and which receives a payment, fee, or grant for any of the children
1224 receiving care, whether or not operated for profit. Household children under 13 years of age, when on
1225 the premises of the family day care home or on a field trip with children enrolled in child care, shall be
1226 included in the overall capacity of the licensed home.

1227
1228 **Farmer’s Market,** is an occasional or periodic outdoor market where groups of individual sellers offer
1229 for sale to the public such items as fresh produce, seasonal fruits, fresh flowers, arts and crafts items,
1230 and food and beverages.

1231
1232 **Fascia Sign,** Is a sign located on the fascia of a roof or canopy, or affixed to the front of a mansard roof,
1233 including signs that extend the plane of the structural fascia such that the vertical dimension of the sign
1234 is no more than one-third the distance from the ground to the bottom of the fascia, and lateral supports
1235 are used.

1236
1237 **FCC,** means the Federal Communications Commission.
1238

1239 **Feather Banner,** Is a type of temporary lightweight sign comprised of a partial metal or plastic frame, pole,
1240 and/or base to which a vinyl, nylon, canvas, or polyester fabric sign face is attached. Depending on the
1241 shape and type of movement, such signs also may be called "flutter," "teardrop," "flying," "wing," "bow,"
1242 "blade," "rectangular," or other banners.

1243
1244 **Feather Flag,** is a vertical flag used for identifying a secondary model home contiguous to the primary
1245 model home site.

1246
1247 **Federal Emergency Management Agency (FEMA),** is the federal agency that, in addition to carrying out
1248 other functions, administers the National Flood Insurance Program.

1249
1250 **FENCE.** A structure used for enclosing land areas constructed of pickets, boards, rails, chain link, or
1251 concrete products which are generally supported by posts and provide privacy, land separation,
1252 containment of domestic animals, and restriction of passage. (See also § 3-9.)
1253

1254 **Fence, Decorative,** means an open mesh fence no higher than two feet, other than chain link or barbed
1255 wire, intended to decorate, accent, or frame a feature of the landscape. Ornamental fences are often
1256 used to identify a lot corner or lot line, or frame a driveway, walkway, or planting bed.

1257
1258 **Fender Post,** is a post inserted into the canal bottom and fastened to the dock or seawall to prevent
1259 damage to the vessel when tied alongside the dock or seawall.

1260
1261 **Figure Structured Sign,** Is any sign which consists of and/or contains a three dimensional character,
1262 symbol, or emblem portraying a commercial message which exists solely to attract the attention of the
1263 public. For purposes of this article, memorial signs shall not be considered a **FIGURE STRUCTURED SIGN** .

~~**FISHERIES.** A premises, or portion of a premises, occupied by an establishment primarily engaged in commercial fishing; the operation of oyster farms and the tonging and dredging of oysters; the gathering of sponges, seaweed, etc., and the operation of fish hatcheries or fishing preserves.~~

Flag, Is any fabric or bunting used as a symbol, as of a nation, government, political subdivision, or other entity, or as a signaling device.

Flag Standard, Is a readily transferable device or pole which supports flag(s). A tubular device which is set in the ground and does not extend above ground level, and any poles or tubes that support a flag or flags and are either inserted into the tubular device set in the ground or inserted directly into the ground, are flag standards, provided the poles or tubes supporting the flag(s) do not extend more than eight feet above ground level.

Flagpole, Is a permanently attached fixture or pole which supports flags.

Flashing Sign, Is any illuminated sign, on which the artificial source of light is not maintained stationary or constant in intensity and color at all times when such sign is illuminated. For the purposes of this definition, any moving illuminated sign affected by intermittent lighting shall be deemed a flashing sign.

Flea Market, is the sale of used merchandise customarily involving tables or space lease or rented to vendors.

~~**FLEA MARKET, OPEN.** A market held in an open or sheltered area (not within a building) where a group of individual sellers offer food and goods for sale to the public.~~

~~**FLEA MARKET, INDOOR.** A market held within a building where a group of individual sellers offer food and goods for sale to the public. A major distinction between an **INDOOR FLEA MARKET** and a multiple occupancy complex is that most leases between the sellers and the operators of the flea market are short term.~~

Flex Space, is commercial space, typically office, workshop, and loading bay area that allows businesses to utilize the space in the manner necessary for their work, most typically light industrial uses.

Flood or Flooding, is a general and temporary condition of partial or complete inundation of normally dry land from the overflow of inland or tidal waters or the unusual and rapid accumulation or runoff of surface waters from any source.

Flood Damage Resistant Materials, is any construction material capable of withstanding direct and prolonged contact with floodwaters without sustaining any damage that requires more than cosmetic repair.

Floodplain, is the land area susceptible to inundation by water as a result of a flood.

1311 **Floodway Encroachment**, is any fill, structure, building, accessory use, use, or development in the
1312 floodway.

1314 **Flood Hazard Area**, is the greater of the following two areas; the area within a floodplain subject to a
1315 1% or greater chance of flooding in any year, or the area designated as a flood hazard area on the city's
1316 flood hazard map, or otherwise legally designated.

1317
1318 **Floodplain Administrator**, is the office or position designated and charged with the administration and
1319 enforcement of this Article (may be referred to as the Floodplain Manager).

1320
1321 **Floodplain Development or Approval**, is an official document or certificate issued by the city or other
1322 evidence of approval or concurrence, which authorizes performance of specific development activities
1323 that are located in flood hazard areas and that are determined to be compliant with this Article.

1324
1325 **Floodway**, is the channel of a river or other riverine watercourse and the adjacent land areas that must
1326 be reserved in order to discharge the base flood without cumulatively increasing the water surface
1327 elevation more than one foot.

1328
1329 **Floodway Encroachment Analysis**, is an engineering analysis of the impact that a proposed
1330 encroachment into a floodway is expected to have on the floodway boundaries and base flood
1331 elevations; the evaluation shall be prepared by a qualified Florida licensed engineer using standard
1332 engineering methods and models.

1333
1334 **Floor**, is the top surface of an enclosed area in a building (including basement), i.e., top of slab in
1335 concrete slab construction or top of wood flooring in wood frame construction. The term does not
1336 include the floor of a garage used solely for parking vehicles.

1337
1338 **FLOOR AREA.** The gross area of each story of a building, or portion thereof, within the
1339 surrounding exterior walls.

1340
1341 **FLOOR AREA RATIO.** The total floor area, including all stories, of a building(s) housing
1342 commercial uses, divided by the total area of the lot that the building(s) is located on. For the
1343 purpose of calculating floor area ratio, residential use floor areas and areas associated with parking
1344 or vehicular circulation shall not be included.
1345 (Ord. 15-12, 9-10-2012)

1346
1347 **Floor Area Ratio (FAR)**, is the ratio of the proposed amount of commercial or industrial floor area to
1348 the total land area shown for non-residential uses on the site.

1349
1350 **FLORIST SHOP.** Establishments primarily engaged in the retail sale of cut flowers and
1351 growing plants. Stores primarily engaged in selling seeds, bulbs, and nursery stock are classified as
1352 garden and lawn supply stores.

1353
1354 **Floor Area, Gross**, is the total area of a building measured by taking the outside dimensions of the
1355 building each floor level intended for occupancy and storage.

1356
1357 **Florida Building Code**, is the family of codes adopted by the Florida Building Commission.

1358
1359 **Florida Friendly Landscaping**, is a program developed through the University of Florida which
1360 encourages the use of low-maintenance plants and environmentally sustainable practices. A list of
1361 Florida Friendly plants can be found in Appendix 5.6.1.B.
1362

1363 **Florida Native**, is any plant recognized as occurring naturally in the State of Florida prior to the 1500s,
1364 as identified in **Atlas of Florida Vascular Plants by Wunderlin** , R.P., and B. F. Hansen. 2008.
1365 (<http://www.plantatlas.usf.edu/>). Institute for Systematic Botany, University of South Florida, Tampa,
1366 or other scientific documentation recognized by the city.

1367
1368 ~~**FOOD AND BEVERAGE SERVICE, LIMITED.** The provision of food and beverages for~~
1369 ~~members and guests of a private club or recreational center but not available to the general public.~~
1370

1371 ~~**FOODCART.** A food stand operated out of a vehicle or some wheeled structure at a specific,~~
1372 ~~permitted location and not to be left overnight.~~

1373
1374 **Food Truck**, see “Mobile Food Unit”.
1375

1376 **Footcandle**, is the unit of measure expressing the quantity of light received on a surface. One
1377 footcandle is the illuminance produced by a candle on a surface one foot square from a distance of
1378 one foot.
1379

1380 **Freestanding Sign**, Is any sign supported by structures or supports that are placed on, or anchored in, the
1381 ground and that are independent from any building, wall, fence, vehicle, or object other than the sign
1382 structure for support.
1383

1384 **Frontage**, is the face of a building most nearly parallel with the public right-of-way line.
1385

1386 **Frontage Line**, see “Build-to-Line”.
1387

1388 **Frontage Road**, is a residential or nonresidential street parallel and adjacent to a major thoroughfare
1389 and which provides access to abutting properties with protection from through traffic.
1390

1391 **Functionally Dependent Use**, is a use which cannot perform its intended purpose unless it is located or
1392 carried out in close proximity to water, including only docking facilities, port facilities that are necessary
1393 for the loading and unloading of cargo or passengers, and ship building and ship repair facilities; the
1394 term does not include long term storage or related manufacturing facilities.

1395
1396 ~~**GARAGE.** An enclosed area designed primarily for the parking and storage of motor vehicles.~~
1397 ~~A **GARAGE** is an accessory to the primary residential structure.~~
1398 ~~(Ord. 68-98, 11-30-1998) _____~~
1399

1400 **Garage**, is an enclosed area that is accessory to the primary residential structure and is designed primarily
1401 for the parking and storage of motor vehicles.
1402

1403 ~~**GARAGE OR YARD SALE.** An informal sale of used household or personal articles (such as~~
1404 ~~furniture, tools, or clothing) held on the seller's own premises, or conducted by several people on~~
1405 ~~one of the seller's own premises.~~

1406 Garage Sale, means the noncommercial sale of privately owned items from residential premises.

1407
1408 ~~**GARDEN WALL.** A non-load bearing wall built to surround a small portion of a yard.~~

1409
1410 ~~**GATEHOUSE.** A nonhabitable structure which is located near the point of access to a~~
1411 ~~development in which an individual controls access to that development for the purpose of~~
1412 ~~security and privacy.~~

1413
1414 ~~**GAZEBO.** A freestanding, roofed structure usually open on the sides.~~

1415
1416 ~~**GIFT, NOVELTY, AND SOUVENIR SHOPS.** Establishments primarily engaged in the retail sale~~
1417 ~~of combined lines of gifts and novelty merchandise, souvenirs, and miscellaneous small art goods.~~

1418
1419 Glare, is lighting entering the eye directly from luminaires or indirectly from reflective surfaces that
1420 causes visual discomfort or reduced visibility.

1421
1422 ~~**GOLF COURSE.** Includes links; related structures such as club houses, sun shelters, and~~
1423 ~~maintenance buildings; and related uses such as commercial pro shop, restaurant, incidental~~
1424 ~~recreational and housing facilities, and maintenance.~~

1425
1426 ~~**GOLF DRIVING RANGE.** A public or private establishment providing facilities for practice~~
1427 ~~driving of golf balls. Such facilities specifically exclude golf courses or links, but may provide~~
1428 ~~ancillary uses such as refreshment stands, putting greens, pro shops, and maintenance sheds.~~

1429
1430 ~~**GOVERNING BODY.** The City Council for the City of Cape Coral, Florida.~~

1431
1432 ~~**GOVERNMENT USES.** Any land, building, structure, use or activity, regardless of actual~~
1433 ~~ownership, operated by the city; county, state or federal government or legally empowered special~~
1434 ~~governmental district that is necessary to the conduct of government, the furnishing of public~~
1435 ~~services or of an institutional character and over which such governments exercise direct and~~
1436 ~~complete control.~~

1437
1438 Grade, is the average level of the finished surface of the ground adjacent to the exterior walls of the
1439 building.

1440
1441 ~~**GREEN AREA.** A landscaped area that must be provided other than that provided in streets,~~
1442 ~~roads, and parking areas, and that further satisfies the requirements of "landscaped" as defined~~
1443 ~~in [§ 5.2](#), Landscaping.~~

1444
1445 Greenhouse, is a building or structure constructed chiefly of glass, glasslike or translucent material,
1446 cloth, or lath, which is devoted to the protection or cultivation of flowers or other plants.

1447

1448 Green Roof, is a building roof that is partially or completely covered with vegetation and a growing
1449 medium, planted over a waterproofing membrane. It may also include additional layers such as a root
1450 barrier and drainage and irrigation systems.

1451
1452 **GROCERY.** A retail market for general food items, often, but not necessarily, self-service,
1453 smaller than a supermarket and with a far smaller range of non-food items.
1454 (See **SUPERMARKET**, **CONVENIENCE FOOD AND BEVERAGE STORE**.)

1455
1456 **GROSS RESIDENTIAL DENSITY.** The total number of dwelling units divided by the total
1457 acreage of a subject site.

1458
1459 Groundcover, is any low growing plant, 24 inches in height or less, that can be used to cover areas
1460 where sod or turf is not desired or will not grow.

1461
1462 Group Home, is a dwelling unit licensed to serve residents who are clients of the Department of Elderly
1463 Affairs, the Agency for Persons with Disabilities, the Department of Juvenile Justice, or the Department
1464 of Children and Family Services or licensed by the Agency for Health Care Administration which provides
1465 a living environment for 7 to 14 unrelated residents who operate as the functional equivalent of a
1466 family, including such supervision and care by supportive staff as may be necessary to meet the physical,
1467 emotional, and social needs of the residents.

1468
1469 **GROUP QUARTERS.** A building in which a number of unrelated individuals that do not
1470 constitute a "family" live and share various spaces and facilities, for example, cooking, eating,
1471 sanitation, relaxation, study and recreation. Examples of **GROUP QUARTERS** include fraternity
1472 houses, boarding houses, adult congregate living facilities, dormitories, sororities, rooming house,
1473 and other similar uses.

1474
1475 **GUEST/STAFF QUARTERS HOUSE.** A dwelling unit that is located on the same premises as
1476 the principal building and is to be used exclusively for housing members of or guests of the family
1477 occupying the principal building and/or members of the domestic staff employed on the premises.
1478 Such unit may be in either the principal building or in an accessory building. If located in an
1479 accessory building, such quarters may contain kitchen facilities; however, in no event shall the
1480 principal building contain more than one kitchen facility. No such quarters shall be rented, leased,
1481 or otherwise made available for compensation of any kind. Although a single premises may
1482 contain such quarters both in the principal building and in a separate accessory structure, no more
1483 than one accessory building containing guest/staff quarters shall be located on a premises.
1484 (Ord. 114-00, 12-4-2000)

1485
1486 Habitat, means the physical location or type of environment in which an organism or biological
1487 population lives or occurs.

1488
1489 Hardscape, are tangible objects and features other than plant materials, including, but not limited to,
1490 steps and ramps, fountains and pools, fences, screens, dividers and walls, overhead structures (i.e.
1491 trellis), decks, retaining walls, play equipment, benches and planters, drainage structures, lighting,
1492 pavement, curbs, and site furnishings.

1494

1495 **HARDWARE STORE.** Establishments primarily engaged in the retail sale of a number of basic
1496 hardware lines, such as tools, builders' hardware, paint and glass, housewares and small household
1497 appliances and cutlery.

1498
1499 **HAZARDOUS.** Those structures, uses, materials or premises that constitute fire, explosion or
1500 safety hazard and/or emit any atmospheric or environmental pollutant, light flashes, noxious gases,
1501 electromagnetic interference, radioactive emissions, smoke or heat, glare, dust, direct odor, noise
1502 or vibrations which may be heard or felt off the premises.

1503
1504 **NON-HAZARDOUS.** Those structures, uses, materials or premises that do not constitute a
1505 fire, explosion or safety hazard and/or do not emit any atmospheric or environmental pollutant,
1506 light flashes, noxious gases, electromagnetic interference, radioactive emissions, smoke or heat,
1507 glare, dust, dirt, odor noise or vibrations which may be heard or felt off the premises.

1508
1509 Hearing Examiner, is a person appointed to conduct public hearings and take action in action
1510 proceedings as specified by this code.

1511
1512 **HEATING AND COOKING FUEL ESTABLISHMENTS.** A premises, or portion of a premises,
1513 occupied by an establishment engaged primarily in the retail selling of wood, heating fuel oil, or
1514 bottled gas directly to ultimate consumers and not for resale.

1515
1516 Hedge, is any group of shrubs planted in line or in groups that form a compact, dense, living barrier that
1517 protects, shields, separates, or demarcates an area from view; any similar plant material, or similar plant
1518 material in conjunction with a structure.

1519
1520 Height, is the vertical distance measured from the lowest finished floor elevation to the lowest point
1521 of the highest horizontal eave or to the highest point of the highest parapet wall, whichever is higher.

1522
1523 **HELIPORT.** An area, either at ground level or elevated on a structure, licensed or approved
1524 for the loading and takeoff of helicopters, and including auxiliary facilities such as parking, waiting
1525 room, fueling and maintenance equipment.

1526 **HELISTOP.** A heliport, but without ancillary facilities such as parking, waiting room, fueling
1527 and maintenance equipment.

1528
1529 Heritage Tree, is a Florida native canopy tree with a 20-inch caliper DBH or larger.

1530
1531 Highest Adjacent Grade, is the highest natural elevation of the ground surface prior to construction
1532 next to the proposed walls or foundation of a structure.

1533
1534 Historic Structure, is any structure that is determined eligible for the exception to the flood hazard area
1535 requirements of the Florida Building Code, Existing Building, Chapter 11 Historic Buildings.

1536
1537 **HOME OCCUPATIONS.** Will be as provided in [§ 3.19](#).

1538
1539 Home Occupation, is an occupation for monetary gain or support conducted by members of a family
1540 residing on residential premises, and conducted entirely within the dwelling, provided that no article is
1541 sold or offered for sale except such as may be produced or acquired by members of the immediate

1542 family residing on the premises. Home occupations shall not be construed to include barbershops,
1543 beauty shops, tearooms, restaurants, dress shops, commercial kennels, real estate offices, dance
1544 studios, astrologists/palmists and the like, band instrument instructors, photographic studios, and child
1545 care facility for more than five children.

1546
1547 ***HORTICULTURAL SPECIALTY FARMS.*** A premises, or portion of a premises, occupied by an
1548 establishment primarily having as the principal purpose of business the production for sale of
1549 greenhouse, frame, cloth house, lath house, or outdoor grown horticultural products such as
1550 bulbs, florists' greens, herbs, mushrooms, flower seeds, sod crops, and trees. ***HORTICULTURAL***
1551 ***SPECIALTY FARMS*** may include landscaping service establishments.

1552
1553 ***HOSPICE.*** A facility designed to provide comfort and relief for the emotional and physical
1554 needs of the terminally ill.
1555

1556 **Hospital,** is an institution, licensed by the state department of health, providing primary health services
1557 and medical or surgical care to persons, primarily inpatients, suffering from illness, disease, injury,
1558 deformity, and other abnormal physical or mental conditions, and including as an integral part of the
1559 institution, related facilities such as laboratories, outpatient facilities, or training facilities.

1560
1561 ***HOTEL/MOTEL.*** Any building, or part thereof, in which sleeping or living accommodations are
1562 offered on a short term or transient basis, without regard to the form of ownership of the property
1563 or of the units therein. However, in the event that either the property or any units therein are
1564 owned by more than one person or entity, then the management of the entire facility must be
1565 performed by a single on-site management company or entity. The term ***HOTEL/MOTEL*** shall
1566 include, but not be limited to, any building, or part thereof, in which the right of use or occupancy
1567 of any unit circulates among various occupants for specific periods of time less than a full year
1568 during any given year, but not necessarily for consecutive years.
1569 (Ord. 68-98, 11-30-1998) _____
1570

1571 **Hotel,** is an establishment providing, for a fee, sleeping accommodations and customary lodging
1572 services, including maid service, the furnishing and upkeep of furniture and bed linens, and telephone
1573 and desk service. Related ancillary uses may include but shall not be limited to conference and meeting
1574 rooms, restaurants, bars, and recreational facilities.

1576 **Hot Dog Cart,** is a non-motorized food unit which serves hot dogs, sausages, or other similar type foods
1577 or beverage, or both, limited for immediate consumption and provides no seating.
1578

1579 **Household,** is the person or persons occupying a dwelling unit.

1581 **Impervious Surface,** is any material that substantially reduces or prevents the infiltration of stormwater
1582 into the ground. This shall include all buildings, pavement, pools and pool decks, sidewalks, and areas
1583 covered with gravel, stones, paver blocks, shell, and rocks.

1585 **Incidental Sign,** Is a sign, generally informational, that has a purpose secondary to the use of the site on
1586 which it is located. Furthermore, the term **INCIDENTAL SIGN** shall not include a sign designed to be
1587 transported by means of wheels, a sign converted to an A- or T-frame, a sandwich-board sign, or a skid-
1588 mounted sign, regardless of the nature of the information that such sign may contain.

INDOOR. Refers to that which is within a building.

INSTRUCTIONAL STUDIO. An establishment, generally ancillary but related to the primary use, where instructions are given in the fine arts (music, ceramics, pottery, painting, sculpture, etc.), crafts, weaving, needlepoint, knitting, etc.), or professions (photography, singing, dancing, acting, etc.). Such a studio must be able to accommodate more than one student and one teacher at any time.

Industry, Heavy, is manufacturing or other enterprises with significant external effects, or which pose significant risks due to the involvement of explosives, radioactive materials, poisons, pesticides, herbicides, or other hazardous materials in the manufacturing or other process.

Industry, Light, includes research and development activities, the manufacturing, compounding, processing, packaging, storage, assembly, or treatment of finished or semi-finished products from previously prepared materials, which activities are conducted wholly within an enclosed building. Finished or semi-finished products may be temporarily stored outdoors pending shipment.

Inflatable Object, Is an object of any shape that is expanded or capable of expansion by means of air or gas, such as a balloon, wind sock, or air tube, and which is used as a means of attracting attention to a site, product, or event.

Infrastructure, means facilities and services needed to sustain industry, residential, commercial, and all other land-use activities, including water, sewer lines, and other utilities, streets and roads, communications, and public facilities such as fire stations, parks, schools, etc.

Institutional Uses, are public or quasi-public uses in a non-for-profit nature typically engaged in public service.

Integral Sign, Is a sign which is built in to or constructed as part of the architectural design of the building and if removed would change the design of the building.

Intensity, is the number of square feet of development per acre, or floor area ratio, by land use type with respect to non-residential land uses.

Interior Sign, Is a sign located within the interior of any building, or within an inner, outer, or enclosed lobby or court of any building or theater, not including window and door signs.

Invasive Species, means a species that is non-native to the ecosystem under consideration and whose introduction causes or is likely to cause economic or environmental harm or harm to human health.

JUNK YARD. Any use on private property involving the parking, storage or disassembly of junked vehicles, or wrecked or nonoperable vehicles, storage, baling or otherwise dealing in wastepaper, rags, scrap metal, used building materials, old household appliances and other similar matter.

1636 Such uses shall be considered junk yards whether or not all or part of such operations are
1637 conducted within a building or in conjunction with, in addition to, or accessory to, other uses of
1638 the premises. This definition shall not include pawn shops and establishments for the sale,
1639 purchase or storage of usable second hand cars, used furniture or similar household goods and
1640 appliances. (See also § 3.3.7.)

1641
1642 **KITCHEN.** An indoor portion of a structure specifically designed and equipped for the preparation,
1643 service and storage of food. The kitchen shall be provided with, at a minimum, a functioning sink,
1644 range, oven, and refrigerator.
1645 (Ord. 61-13, 12-9-2013) _____

1646
1647 Laboratory, Research, is a building or group of buildings in which facilities for scientific research,
1648 investigation, testing, or experimentation are. This does not include facilities for the manufacture or
1649 sale of products, except as incidental to the main purpose of the laboratory.

1650
1651 **LAND AREA.** The total land area within the property lines.
1652

1653 Land Development Code, means the city’s zoning, subdivision, building, and other regulations
1654 controlling the development of land.

1655
1656 **LANDSCAPING.** The process of modifying or ornamenting a natural landscape by altering
1657 the plant cover. (See § 5.2.)
1658

1659 Landscaping, is the finishing and adornment of unpaved yard areas. Materials and treatment generally
1660 include naturally growing elements such as grass, trees, shrubs, and flowers. This treatment may also
1661 include the use of logs, rocks, fountains, water features, and contouring of the earth.

1662
1663 Landscape Plan, is a plan associated with a subdivision master concept plan, or site development plan,
1664 indicating the placement of landscape materials, including specifications, species, quantities, and
1665 method of installation.

1666
1667 Landscaped Area, is an area set aside from structures and parking which is developed with natural
1668 materials (i.e. grass, trees, shrubs, vines, hedges, bedding plants, rock) and decorative features,
1669 including paving materials, walls, fences, and outdoor furniture.

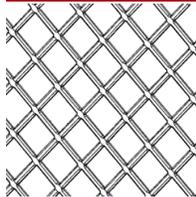

1670
1671 **Landscaping Services, is a business that provides services in horticulture and lawn maintenance off**
1672 **premises on a contract basis or for a fee. Typical services may include golf course upkeep, landscape**
1673 **gardening, tree planting, tree trimming or other similar services.**

1674
1675 **LANDSCAPING SERVICE ESTABLISHMENTS.** A premises, or portion of a premises, occupied
1676 by an establishment in which a person, or persons, practice a vocation that performs a type of
1677 labor, act or work off the premises that primarily results in horticultural and lawn maintenance
1678 services such as cemetery and golf course upkeep, landscape gardening, tree planting and similar
1679 operations on a given premises normally on a contract basis or for a fee or
1680 charge. **LANDSCAPING SERVICE ESTABLISHMENTS** do not include horticultural specialty farms
1681 or plant nurseries.
1682

1683 **LAND USE INTENSITY.** The existing or potential use of the land's surface for various
1684 activities. **LAND USE INTENSITY** is determined by the spatial requirements of an activity, the
1685 relationship of structural mass to open space, the requirements for infrastructure (transportation,
1686 water, sewer, electricity, and communications), and the activities environmental impacts.

1687
1688 **LARGE FAMILY CHILD CARE HOME.** An occupied residence that is used for child care as
1689 defined by F.S. § 402.302(8), as same may hereafter be amended.
1690 (Ord. 98-03, 10-14-2003)
1691

1692 Lattice, is an ornamental criss-crossed framework, an arrangement of crossing laths or other thin strips
1693 of material which allows light and air to pass between the openings.

1694
1695
1696 **LAUNDRY AND DRY CLEANING PLANTS.** A building, or portion of a building, occupied by
1697 an establishment primarily engaged in the commercial operation of mechanical laundries with
1698 steam or other power normally for a fee or charge and including rug cleaning, dry cleaning or
1699 dyeing apparel and household fabrics or establishments supplying laundered linens, work clothing,
1700 diapers, baby linens, or uniforms on a contract basis when such establishments operate their own
1701 laundry facilities on the same premises. The establishment normally involves a substantial amount
1702 of equipment and serves a relatively large trade area through direct or indirect pick up and
1703 delivery of laundry and dry cleaning articles by personnel employed by the establishment.

1704
1705 **LAWN AND GARDEN SUPPLY STORES.** Establishments primarily engaged in selling trees,
1706 shrubs, other plants, seeds, bulbs, mulches, soil conditioners, fertilizers, pesticides, garden tools,
1707 and other garden supplies to the general public. These establishments primarily sell products,
1708 purchased from others, but may sell trees, shrubs or other plants which they grow themselves.
1709 Establishments primarily engaged in growing are classified as plant nurseries.

1710
1711 Letter of Map Change, (LOMC) is an official determination issued by FEMA that amends or revises an
1712 effective Flood Insurance Rate Map or Flood Insurance Study. Letters of Map Change include:

1713
1714 Letter of Map Amendment (LOMA): is an amendment based on technical data showing that a
1715 property was incorrectly included in a designated special flood hazard area. A LOMA amends the
1716 current effective Flood Insurance Rate Map and establishes that a specific property, portion of a
1717 property, or structure is not located in a special flood hazard area.

1718
1719 Letter of Map Revision (LOMR): is a revision based on technical data that may show changes to flood
1720 zones, flood elevations, special flood hazard area boundaries and floodway delineations, and other
1721 planimetric features.

1722
1723 Letter of Map Revision Based on Fill (LOMR-F): is a determination that a structure or parcel of land
1724 has been elevated by fill above the base flood elevation and is, therefore, no longer located within the

1725 special flood hazard area. In order to qualify for this determination, the fill must have been permitted
1726 and placed in accordance with the City floodplain management regulations.

1727
1728 **Letter of Map Revision, Conditional (CLOMR):** is a formal review and comment as to whether a
1729 proposed flood protection project or other project complies with the minimum NFIP requirements for
1730 such projects with respect to delineation of special flood hazard areas. A CLOMR does not revise the
1731 effective Flood Insurance Rate Map or Flood Insurance Study; upon submission and approval of
1732 certified as-built documentation, a Letter of Map Revision may be issued by FEMA to revise the
1733 effective FIRM.

1734
1735 **Light Pollution,** means any adverse effect of artificial light including, but not limited to, glare, light
1736 trespass, skyglow, energy waste, and impacts on the nocturnal environment.

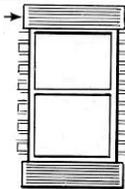

1737
1738 **Light Van,** is any motor vehicle having a generally rectangular bulk, which is licensed and registered for
1739 operation upon public highways and which has a carrying capacity of no more than one ton or no more
1740 than nine passengers.

1741
1742 **Lighting, Fully Shielded/Cutoff,** means any outdoor light fixture shielded in such a manner that all light
1743 emitted by the fixture is projected below the horizontal as determined by a photometric test or certified
1744 by the manufacturer.

1745
1746 **LINER BUILDING.** A building or portion of a building constructed in front of a parking
1747 garage, cinema, supermarket etc., to conceal large expanses of blank wall area and to face the
1748 street space with a facade that has doors and windows opening onto the sidewalk.
1749 (Ord. 91-05, 11-14-2005)

1750
1751 **Liner Building,** is a building or portion of a building constructed in front of a parking garage.

1752
1753 **Lintel,** means a horizontal support of timber, stone, concrete, or steel across the top of a door or
1754 window.

1756
1757 **LIQUOR STORE.** See **PACKAGE STORE.**

1758
1759 **Loading Space,** is an off-street space, having a minimum width of 10 feet, length of 30 feet, and height
1760 clearance of 14 feet, on the same lot with a building or group of buildings for temporary parking of a
1761 commercial vehicle while loading and unloading merchandise or materials.

1762
1763 **LOCAL PLANNING AGENCY.** The City of Cape Coral Planning and Zoning Commission when
1764 reviewing matters related to the Comprehensive Land Use Plan as specified in F.S. Chapter 160.

1765
1766 **Local Planning Agency,** is the City of Cape Coral Planning and Zoning Commission when reviewing
1767 matters related to the Comprehensive Land Use Plan as specified in F.S. Chapter 160.

1768
1769 **LODGING HOUSE.** A building in which up to four sleeping rooms are provided for occupancy
1770 by nontransient persons with or without meals for compensation on a prearranged weekly or
1771 monthly basis. A **LODGING HOUSE** shall include living quarters and may contain independent
1772 cooking facilities designed for the resident manager only. (See [§ 3.4.](#))

1773
1774 Logo, is an emblem, character, pictograph, trademark, or symbol used to represent a firm, organization,
1775 entity, product, or service.

1776
1777 **LOT.** A parcel of land under one ownership occupied by or to be occupied by one principal
1778 building and its accessory buildings and including the open spaces and yards required under this
1779 ordinance.

1780
1781 **LOT LINE.** A boundary dividing a lot from a right-of-way, adjoining lot or other adjoining
1782 tract of land.

1783
1784 **FRONT LOT LINE.** The lot line abutting a street right-of-way line.

1785
1786 **REAR LOT LINE.** The lot line opposite the front lot line.

1787
1788 **SIDE LOT LINE.** Lot lines other than the front or rear lot lines.

1789
1790 **CORNER LOT.** A lot which abuts on two or more intersecting streets at their intersection, but
1791 is not to include wing streets at cul-de-sac locations; wing streets at locations where road
1792 angles or turns and the wing street is less than 120 feet in length. (See §§ 3.7.1 and 3.8.2.)

1793
1794 **DOUBLE FRONTAGE LOT.** Any lot other than a corner lot which abuts on two streets. (See [§](#)
1795 [3.8\(a\).](#))

1796
1797 **LOT FRONTAGE.** The horizontal linear dimension of a lot line that is common with a street
1798 right-of-way line. Lot frontage shall be measured in a single plane as projected toward the street.
1799 (Ord. 15-12, 9-10-2012)

1800 **LOT OF RECORD.** A lot which is duly recorded in the office of the clerk of the local court of
1801 record.

1802
1803 Lot or Lot of Record, is a lot or tract that is part of a recorded subdivision that has been recorded with
1804 the county clerk of courts office containing property tax records.

1805
1806 **LOT AREA.** The total amount of land within the lot lines.
1807
1808 Lot Coverage, refer to Section 1-112 of the Land Development Code.

1809
1810 Lot, Corner, is a lot which abuts on two or more intersecting streets at their intersection, but is not to
1811 include wing streets at cul-de-sac locations; wing streets at locations where road angles or turns and
1812 the wing street is less than 120 feet in length.
1813

1814 Lot, Double Frontage, is a lot having frontage on two nonintersecting streets, as distinguished from a
1815 corner lot.

1816
1817 Lot, Flag, is a lot not meeting minimum lot frontage requirements at the street and where access to a
1818 right-of-way is provided by means of a long, narrow driveway between abutting lots.

1819
1820 Lot Lines, are the property lines bounding the lot.

1821
1822 Low Impact Development (LID), are systems and practices that use or mimic natural processes that
1823 result in the infiltration, evapotranspiration, or use of stormwater in order to protect water quality and
1824 associated aquatic habitat.

1825
1826 Lowest Floor, is the lowest floor of the lowest enclosed area of a building or structure, including
1827 basement, but excluding any unfinished or flood-resistant enclosure, other than a basement, usable
1828 solely for vehicle parking, building access or limited storage provided that such enclosure is not built so
1829 as to render the structure in violation of the non-elevation requirements of the Florida Building Code
1830 or ASCE 24.

1831
1832 Lumen, is the unit of measure used to quantify the amount of light produced by a lamp or emitted from
1833 a luminaire. One footcandle is equal to one lumen per square foot.

1834
1835 ~~**MAIN PARCEL(S).** Within a development containing multiple parcels, primary or principal~~
1836 ~~parcel(s), usually housing principal end users, such as the major store or stores within a shopping~~
1837 ~~center. A main parcel is typically significantly large in size than outparcels and may provide access~~
1838 ~~to outparcels. If a development has more than one main parcel, they are typically more similar,~~
1839 ~~though not necessarily identical, in size to each other than to outparcels.~~
1840 ~~(Ord. 84-07, 5-12-2008)~~

1841
1842 Maintain, means in a condition or state of equivalent quality to that which was approved or required by
1843 the city.

1844
1845 Manufactured Home, is a structure, transportable in one or more sections, which is eight feet or more
1846 in width and greater than 400 square feet, and which is built on a permanent, integral chassis and is
1847 designed for use with or without a permanent foundation when attached to the required utilities. The
1848 term Manufactured Home does not include a "recreational vehicle" or "park trailer." The
1849 term Manufactured Home shall also include the term "mobile home" as provided in Article
1850 11. Definitions.

1851
1852 Manufactured Home Park or Subdivision, is a parcel (or contiguous parcels) of land divided into two or
1853 more manufactured home lots for rent or sale.

1854
1855
1856 ~~**MANUFACTURING.** Establishments which are primarily engaged in the mechanical or~~
1857 ~~chemical transformation of materials or substances into new products, as well as establishments~~
1858 ~~primarily engaged in assembling component parts of manufactured products if the new product is~~
1859 ~~not a permanent structure or other fixed improvement.~~
1860

1861 **Manufacturing, Heavy**, is the manufacturing of products from raw or unprocessed materials, where the
1862 finished product may be combustible or explosive. This category shall also include any establishment or
1863 facility using large unscreened outdoor structures such as conveyor belt systems, cooling towers, cranes,
1864 storage silos, or similar equipment, that cannot be integrated into the building design, or engaging in
1865 largescale outdoor storage. Any industrial use that generates noise, odor, vibration, illumination, or
1866 particulate that may be offensive or obnoxious adjacent land uses, or requires a significant amount of
1867 on-site hazardous chemical storage shall be classified under this land use. This use shall include any
1868 packaging of the product being manufactured on-site.

1870 **Manufacturing, Light**, is the indoor processing or fabrication of certain materials or products where no
1871 process involved will produce noise, vibration, air pollution, fire hazard, or noxious emissions which will
1872 disturb or endanger neighboring properties.

1873 **Market Value**, is the price at which a property will change hands between a willing buyer and a willing
1874 seller, neither party being under compulsion to buy or sell and both having reasonable knowledge of
1875 relevant facts. As used in this Article, the term refers to the market value of buildings and structures,
1876 excluding the land and other improvements on the parcel. Market value may be established by a
1877 qualified independent appraiser, actual cash value (replacement cost depreciated for age and quality
1878 of construction), or tax assessment value adjusted to approximate market value by a factor provided by
1879 the property appraiser.

1881 ~~**MARINA.** A boating facility, chiefly for recreational boating, located on navigable water~~
1882 ~~frontage, and providing all or any combination of the following: boat slips or dockage, dry boat~~
1883 ~~storage, marine fuel and lubricants, marine supplies, restaurants or refreshment facilities, boat and~~
1884 ~~boat motor sales, and rentals. Minor boat rigging and motor repair which is incidental to the~~
1885 ~~principal marina use is generally allowed as an accessory use. However no dredge, barge or other~~
1886 ~~work dockage or service is permitted, and no boat construction or reconstruction is permitted.~~
1887 ~~(See **BOAT YARD**). The word **MARINE** shall also apply to navigable fresh waters. This shall not be~~
1888 ~~construed to apply to docks, davits, and similar facilities appurtenant to a residential land use~~
1889 ~~providing only dockage or mooring.~~

1892 **Marina**, is a waterfront establishment whose business is offering the rental or lease of slips for boats,
1893 the sale or rental of boats and marine sporting equipment, and the servicing, repair, or storage of similar
1894 items. Such establishments may also provide gasoline, sanitary pump-out service, and food and drink.

1896 **Marine Improvement**, means a whole, constructed marine structure including, but not limited to,
1897 dock, boat lift, mooring posts, walkways, and other interconnecting parts. A boat canopy, its supports,
1898 and its frame shall not be considered to be a part of the marine improvement to which they are
1899 attached.

1901 **Marine Improvement Area**, is that area enclosed by the water frontage line, the offset line, and lines
1902 connecting the ends of the offset line to corresponding offset points. This establishes the construction
1903 envelope for marine improvements See Diagram 5.5.4.E.

1905 **Marquee**, Is any permanent roof-like structure projecting beyond a building or extending along and
1906 projecting beyond the wall of the building, generally designed and constructed to provide protection from
1907 the weather.

Master Concept Plan, is a general graphic depiction of the layout and/or design of a land development project, which shall include written and quantitative information as required by the city, including a phasing plan, but to be distinguished from a "site development plan," as defined herein.

~~**MASSAGE PARLORS.** A shop, establishment or place of business wherein is administered treatments with mechanical or electrical apparatus for the purpose of body slenderizing, body reducing or body contouring, or all or any one or more of the following subjects and methods of treatment, viz.: oil rubs, salt glows, hot or cold packs, all kinds of baths including steam rooms, cabinet baths, sitz baths; irrigations, body massage either by hand or by any mechanical or electrical apparatus or device excluding fever therapy, the application of such movements as stroking, friction, rolling, vibration, kneading, cupping, petrissage, rubbing, effleurage, tapotement. **MASSAGE PARLORS** shall be licensed by the state's Department of Professional Regulations.~~

~~**MASSING.** The apparent bulk or structural volume of a building as measured by its height, width, and depth.
(Ord. 84-07, 5-12-2008)~~

Mean Water Level, in regard to fresh water waterways, is the elevation established at the downstream weir, and, in regard to saltwater waterways, the mean high water of +013 feet National Geodetic Vertical Datum of 1929 (NGVD-29).

~~**MEDICAL OFFICES AND MEDICAL CLINICS.** A premises where patients, who are not lodged overnight except for observation or emergency treatment, are treated by one person or group of persons practicing any form of healing or health building services to individuals, whether such persons are medical doctors, chiropractors, osteopaths, chiropodists, podiatrists, naturopaths, dentists, counselors of all sorts, psychiatrists, clinical psychologists, nurse practitioners, ophthalmologists, or any such profession, the practice of which is regulated by the State of Florida, Department of Professional Regulation. Ancillary uses such as pharmacies, eye wear centers, and the like may also be located on the premises.~~

Medical Marijuana Dispensary, is a facility where marijuana is made available for sale for medical purposes. This also includes establishments from which marijuana is delivered to patients who cannot obtain it from a dispensary, due to physical or mental disability, for medical purposes.

Memorial Sign, Is a permanent commemorative or historical sign, plaque, inscription, or similar group of symbols that is engraved on a building or a cemetery tombstone or that is located at a memorial erected by, or with the approval of, a governmental entity. For purposes of this definition, a memorial includes any building, structure, or location intended to honor persons, places, or events.

Menu Board, Is a permanently mounted sign located adjacent to and oriented toward a lawfully established drive-through lane of a commercial enterprise.

~~**MINI-WAREHOUSE.** Any building designed or used to provide separate storage rooms to individuals or businesses for a fee or rental, said rooms being intended solely as dead storage~~

1954 depositories for personal property, inventory, and equipment, and not for any other commercial or
1955 industrial use. (See **WAREHOUSE, PUBLIC** and **STORAGE, DEAD**.)

1956
1957 **Mini-Storage**, See Self-Storage Facility.
1958

1959 **Mixed-Use Development**, is a project which integrates residential and non-residential uses.

1960
1961 **Mixed-Use Building**, is a building containing residential and non-residential uses permitted in the zoning
1962 district.

1963
1964 **Mixed-Use Zoning Districts**, includes the following zoning districts: Commercial Corridor (CC),
1965 Neighborhood Commercial (NC), Mixed Use (MX), Mixed Use Seven Islands (MX7), Mixed Use Bimini
1966 (MXB), South Cape (SC), and Planned Unit Developments (PUD).

1967
1968
1969
1970 **MODEL HOME SITE**. A residential structure used only for demonstration, display or sales of
1971 the approved model, not occupied as a dwelling unit, and open to the public for inspection.
1972 (Ord. 68-98, 11-30-1998)

1973
1974 **Mobile Food Trailer**, is a food service unit that is delivered to an event or a location and then
1975 transported again after a specific length of time. Mobile food trailers are commonly used at events
1976 such as carnivals or fairs.

1977
1978 **Mobile Food Unit**, is any food service unit serving food or beverage, or both, intended for immediate
1979 consumption, which is self-propelled or otherwise moveable from place to place and contains utilities,
1980 such as propane, water, electricity, and liquid waste disposal. An open bed truck is not considered a mobile
1981 food unit. Also commonly known as a “food truck” or “mobile food trailer”.

1982
1983 **Mobile Food Vendor**, is any person or business selling foods or beverage, or both, other than fresh fruits
1984 or vegetables not intended for immediate consumption, from a mobile food unit, including a self-sufficient
1985 mobile food unit or hot dog cart.

1986
1987 **Mobile Food Trailer**, is a food service unit that is delivered to an event or a location and then
1988 transported again after a specific length of time. Mobile food trailers are commonly used at events
1989 such as carnivals or fairs.

1990
1991 **Mobile Food Unit**, is any food service unit serving food or beverage, or both, intended for immediate
1992 consumption, which is self-propelled or otherwise moveable from place to place and contains utilities,
1993 such as propane, water, electricity, and liquid waste disposal. An open bed truck is not considered a mobile
1994 food unit. Also commonly known as a “food truck” or “mobile food trailer”.

1995
1996 **Mobile Food Vendor**, is any person or business selling foods or beverage, or both, other than fresh fruits
1997 or vegetables not intended for immediate consumption, from a mobile food unit, including a self-sufficient
1998 mobile food unit or hot dog cart.

1999
2000

2001 **MOBILE HOME.** A detached living unit will have all of the following characteristics:
2002 Normally is identified by the manufacturer as a mobile home and/or displays a motor vehicle
2003 license plate identifying it as a mobile home;
2004 Designed to be transported after fabrication on its own wheels, or on flatbeds or other
2005 trailers, or detachable wheels;
2006 Designed primarily for long-term occupancy and containing sleeping accommodations, a
2007 flush toilet, a tub or shower bath, and kitchen facilities, with plumbing and electrical connections
2008 provided for attachment to outside systems;
2009 Normally arrives at the site where it is to be occupied as a complete unit, including major
2010 appliances and furniture, and ready for occupancy except for minor and incidental unpacking and
2011 assembly operations, location on foundation supports, connection to utilities, and the like;
2012 Any vehicle, trailer or similar portable structure, with or without its own motive power, having
2013 no integral foundation other than wheels, jacks or skirtings, and used, designed or constructed to
2014 be used as a conveyance on the public streets and designed or constructed to permit permanent
2015 occupancy for living and sleeping purposes. Removal of the means of conveyance from a mobile
2016 home or the construction of a permanent foundation for a mobile home does not change the
2017 meaning of the word mobile home as defined or used in this ordinance. The term **MOBILE**
2018 **HOME** does not include travel trailers; and
2019 Insignia approved by the United States Department of Housing and Urban Development
2020 (HUD).
2021

2022 **Model Home**, is an unoccupied dwelling constructed upon a model home lot zoned for residential use
2023 and on one of four contiguous lots from the arterial or collector roadway, with each lot under the
2024 ownership of one or more builders intending to use the lots as model home sites or ancillary parking, for
2025 display purposes, price quoting and consummation of sales contracts.
2026

2027 **Modular Structure**, is a structure not built on-site but may be assembled on-site, which is placed on a
2028 permanent foundation and meets the state building code standards.
2029

2030 **Mooring Piles**, are posts, meant for tethering a watercraft to, which are anchored into the floor of a
2031 waterbody.
2032

2033 **Monopole**, is a style of free-standing tower that is composed of a single shaft, usually composed of two
2034 or more hollow sections that are in turn attached to a foundation, with external antennas. This type of
2035 tower is designed to support itself without use of guy wires or other stabilization devices.
2036

2037 **MORTUARIES or FUNERAL HOMES**, Establishments engaged in preparing the dead for burial
2038 or conducting funerals.
2039

2040
2041 **Motel**, see "Hotel".
2042

2043 **MOTION PICTURE THEATERS.** A premises, or portion of a premises, occupied by an
2044 establishment primarily engaged in the commercial exhibition of motion pictures, with or without
2045 vaudeville presentations, normally open to the general public for a fee or charge. There shall be no
2046 sale of alcoholic beverages.
2047

2048 **MOTOR FREIGHT TERMINAL.** A building or area in which trucks, including tractor or trailer
2049 units, are parked, stored, or serviced, including the transfer, loading or unloading of goods.
2050 A **TERMINAL** may include facilities for the temporary storage of loads prior to transshipment.
2051

2052 **Mulch**, is any material such as wood chips, leaves, bark, straw, or other materials left loose and applied
2053 to the soil surface to reduce evaporation.

2054
2055 **MULTIPLE FAMILY (MULTI-FAMILY).** See **DWELLING UNIT, TYPES**.
2056 (Ord. 91-05, 11-14-2005)
2057

2058 **MULTIPLE OCCUPANCY COMPLEX.** A parcel of property under one ownership or singular
2059 control, or developed as a unified or coordinated project, with a building or buildings housing
2060 more than five occupants conducting separate business operations.
2061

2062 **MULTI-USE.** Development that includes residential and non-residential uses within the same
2063 site.
2064 (Ord. 101-03, 10-20-2003)

2065 **Multiple Business or Entity Sites**, Is any development containing two or more tenants on one ownership
2066 parcel that is zoned professional, commercial, industrial, mixed use, institutional, downtown, or
2067 agricultural. In addition, this term shall include all properties approved under any planned development
2068 project that are zoned commercial, professional, industrial, mixed use, institutional, downtown, or
2069 agricultural. **MULTIPLE BUSINESS OR ENTITY SITES** , for purposes of this article, shall be deemed to also
2070 include developed properties located within 25 feet of an improved public parking lot or area, and for
2071 which such public parking lot or area provides the minimum parking needs required for such developed
2072 properties as well as the public parking lot or area itself.

2073
2074 **MUSIC STORE.** Establishment primarily engaged in the retail sale of musical instruments,
2075 phonograph records, cassette tapes, compact disks, sheet music, and similar musical supplies. The
2076 establishment may also include an instructional music studio as an ancillary use.
2077

2078 **Nameplate Sign**, Is a sign indicating the name, profession, address, or some combination thereof, of a
2079 person, persons, business, or other entity legally occupying the building, unit, or establishment.
2080

2081 **Native Species**, is a plant or animal that originally occurred in an area.
2082

2083 **Natural Area**, is land and water that has substantially retained its natural character or land and water
2084 that, although altered in character, is important as habitats for plant, animal, or marine life, for the
2085 study of its natural, historical, scientific, or paleontological features, or for the enjoyment of its natural
2086 features.
2087

2088 **NATURE PRESERVE AND WILDLIFE PRESERVE.** Areas set aside to permanently maintain and
2089 protect certain natural ecological systems and wildlife in their current state of existence. Nature
2090 trails, canoe trails, and interpretive displays will be allowed in preserves to promote environmental
2091 awareness and passive recreation. No other construction shall be permitted.
2092 (Ord. 71-91, 9-23-1991)
2093

2094 **Navigable Channel**, means that portion of the waterway width in which no marine improvement may
2095 lawfully be constructed. The access width of the waterway shall be calculated by subtracting from the
2096 calculated waterway width twice the maximum distance that a marine improvement located along one
2097 side of the waterway could lawfully project.

2098
2099 **NEIGHBORHOOD STORAGE FACILITY.** Any building or group of buildings on a common site
2100 designed to provide, generally for a fee, separate storage rooms or units for individuals or
2101 businesses, and constructed so that overhead doors or individual storage unit doors that are not
2102 visible from adjoining property or from any public right-of-way provide the only access to the
2103 aforesaid storage rooms or units.
2104 (Ord. 81-00, 10-23-2000; Ord. 102-07, 9-10-2007; Ord. 15-17, § 3, 4-3-2017)

2105
2106 **NET RESIDENTIAL DENSITY.** The total number of dwelling units divided by the total number
2107 of buildable acres of a subject site.

2108
2109 **NEWSSTAND.** Establishments primarily engaged in the retail sale of newspapers, magazines,
2110 and other periodicals including home delivery:

2111
2112 **Newsrack or Newspaper Vending Machine**, Any self-servicing or coin-operated box, container,
2113 vending machine, storage unit, or other dispenser installed, used, or maintained for the display and
2114 sale of newspapers, news periodicals, or magazines including the dissemination of any real estate or
2115 advertising publications.

2116
2117 **New Construction**, For the purposes of the flood resistant construction requirements of the Florida
2118 Building Code, are structures for which the "start of construction" commenced on or after August 17,
2119 1981 and includes any subsequent improvements to such structures.

2120
2121 **New Manufactured Home Park or Subdivision**, is a manufactured home park or subdivision for which
2122 the construction of facilities for servicing the lots on which the manufactured homes are to be affixed
2123 (including at a minimum, the installation of utilities, the construction of streets, and either final site
2124 grading or the pouring of concrete pads) is completed on or after August 17, 1981.

2125
2126 **NIGHTCLUB.** A restaurant, dining room, bar, or other similar establishment providing food or
2127 refreshments wherein paid floor shows or other forms of paid entertainment are provided for
2128 customers as part of the commercial enterprise.

2129
2130 **NONCONFORMING BUILDING, STRUCTURE, SITE, OR USE.** A building, structure, site, or
2131 use of any premises which does not conform with all provisions of the City of Cape Coral Land Use
2132 and Development Regulations and the Cape Coral Comprehensive Plan, but which lawfully existed
2133 before its designation as non-conforming by the adoption or amendment of the City of Cape Coral
2134 Land Use and Development Regulations and the Cape Coral Comprehensive Plan.
2135 (Ord. 44-06, 6-12-2006)

2136
2137 **Nonconforming**, is when an existing lot, structure, building, sign, development, or use of an existing lot
2138 or structure does not conform to one or more of the regulations currently applicable to the district in
2139 which the lot, structure, building, sign, development, or use is located.

Noncommercial Sign, Is a sign which does not meet the definition of a commercial sign.

Non-domestic animals, are farm animals including, but not limited to, horses, cattle, mules, goats, sheep, swine and poultry.

Non-domestic animal boarding, are establishments that board or house non-domestic animals for a fee.

~~**NON-RESIDENTIAL USE.** All uses permitted without residential component of any type.
(Ord. 101-03, 10-20-2003)~~

Nonresidential Use, is a use that does not include dwelling units. Nonresidential uses include: commercial, industrial, public, park, institutional, agricultural uses without a residence, and parts of mixed-use developments not containing residential dwelling units. This includes hotels, motels, RV parks, and campgrounds.

Nonresidential zoning districts, includes the following zoning districts: Commercial (C), Professional Office (P), Industrial (I), Institutional (INST), and Preservation (PV).

Nuisance, is a thing, condition, or conduct that endangers health and safety, or unreasonably offends the senses, or obstructs the free use and comfortable enjoyment of property, or essentially interferes with the comfortable enjoyment of life.

~~**NURSING CARE HOME.** A facility for the aged, chronically ill, or convalescent patients in which persons, not of the immediate family, receive lodging, personal care, and nursing services as defined in F.S. Chapter 464.~~

Obscene Sign, Is a sign whose contents meet the judicially established definition of obscenity or that is otherwise considered obscene under Florida Statutes.

Occupancy, means the residing of an individual overnight in a dwelling unit or the installation, storage, or use of equipment, merchandise, or machinery in any public, commercial, or industrial building.

Occupancy, Change of, means the discontinuance of an existing use and the substitution of a use of a different kind or class in that same space.

Offset Point, means the distance from the property line where a marine improvement may be built. See Diagram 5.5.4.C.

Off-Site Sign, Is a permanently or temporarily affixed or hand-held sign identifying, advertising, or directing the public to a commercial business, product, service, entertainment, or activity which is located, sold, rented, based, produced, manufactured, or furnished or taking place at a location other than on the property or multiple business or entity site on which the sign is located. A sign containing a non-commercial message shall not be considered to be an off-site sign.

2186 **OFF-STREET PARKING AREA.** An area that includes parking spaces or stalls and associated
2187 vehicular use areas, curbing and pavement. Off-street parking areas include surface parking lots
2188 and similar facilities, but do not include parking structures.
2189 (Ord. 15-12, 9-10-2012)

2190
2191 **OFFSET.** A portion of a building upper story, roof, or ledge where the upper face is set back,
2192 including dormers, reverse dormers, eyebrow windows and other similar roof elements.
2193 (Ord. 84-07, 5-12-2008)

2194 -
2195 **On-Site Sewage System,** is a sewage-treatment system that includes a settling tank through which liquid
2196 sewage flows and in which solid sewage settles and is decomposed by bacteria in the absence of oxygen.

2197
2198 **Open Space,** Land and water areas retained for use as an active or passive recreation areas or for
2199 resource protection in an essentially undeveloped state.

2200
2201 **Ornamental Grass,** A self-supporting, non-woody, perennial species of the plant family, Poaceae,
2202 Juncaceae, or Cyperaceae, that is not mowed but is allowed to grow to its full potential and is used in
2203 the landscape in the same way as a shrub.

2204
2205 **Ornamental Wall,** a wall that that is not used in the support of a building.

2206
2207 **OUTDOOR.** Refers to that which is not within a building.
2208 -

2209 **Outdoor Lighting,** means lighting equipment installed within the property line and outside the building
2210 envelopes, whether attached to poles, building structures, the earth, or any other location; and any
2211 associated lighting control equipment.

2212
2213 **Outdoor Storage,** means the storage of any material for a period greater than 48 hours, including items
2214 for sale, lease, processing, and repair (including vehicles) not in an enclosed building.

2215
2216 **Outdoor Screened Storage,** the keeping of any goods or products within a structure not defined as a
2217 building, or within a completely fenced or walled in area. The goods shall be screened by the structure,
2218 wall or fence so as not to be seen from any other property.

2219
2220 **Outdoor Venue,** means a commercial establishment which offers entertainment outside of a building,
2221 including music.

2222
2223 **Outdoor Entertainment Event,** means a temporary, outdoor event utilizing amplified sound equipment,
2224 not associated with an established outdoor venue.

2225 **Owner-occupied,** means a vacation rental that is the primary and permanent residence of the owner of
2226 the property.

2227
2228 **OUTPARCEL.** Within a development containing multiple parcels, a parcel that is subordinate
2229 to and often divided from a main parcel or tract, defined by metes and bounds or by a subdivision
2230 plat depicting it as an undivided tract, intended for conveyance to a party subsequent to the
2231 original developer, or withheld by the developer for development separately from the majority of
2232 the main parcel. An outparcel is typically significantly smaller than the main parcel(s), does not

2233 contain the primary building or buildings associated with the development, and is intended for
2234 development of one or more smaller freestanding buildings. Although not necessarily contiguous
2235 to a main parcel, an outparcel is generally located along the perimeter of and interrupts the
2236 frontage of one or more main parcels. An outparcel is generally subordinate to one or more main
2237 parcels for access or drainage purposes.

2238
2239 Outside Corner parcel, means a parcel of land which projects into one or more waterways so as to have
2240 two or more sides abutting such waterway(s).

2241
2242 (Ord. 101-03, 10-20-2003; Ord. 84-07, 5-12-2008)

2243
2244 **OVERHANG.** Structural projection of an upper story or roof beyond the story immediately
2245 below.

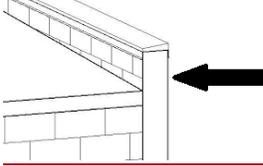

2246
2247 (Ord. 101-03, 10-20-2003)

2248
2249 Owner, when used in relation to a motor vehicle or trailer, any person to whom a motor vehicle or
2250 trailer is registered according to the certificate of title for the motor vehicle or trailer and, if the motor
2251 vehicle or trailer is under lease, rental agreement, or on loan under any type of arrangement, gratuitous
2252 or otherwise, shall include the person having possession or control of the vehicle. When used in relation
2253 to privately real property in a residential zoning district, the term shall mean the owner according to
2254 the latest ad valorem tax records of the county and, if the privately property is under lease, rental
2255 agreement, agreement for deed, or similar land contract shall include the person in possession and
2256 control of the property.

2257
2258 **PACKAGE STORE.** A place where alcoholic beverages are dispensed or sold in factory sealed
2259 containers for consumption off premises.

2260
2261 **PARAPET.** Portion of an exterior wall that extends above the roof.
2262 (Ord. 101-03, 10-20-2003)

2263
2264 Parapet, is that portion of the facade which extends above the roof.

2265
2266
2267 Parasite Sign, Is any sign not exempted by the sign code, for which no permit has been issued, and which
2268 is hung from, attached to, or added onto an existing sign.

2269
2270 Parcel, means a contiguous land under one ownership.

2271
2272 **PARKING STRUCTURE.** A building or structure that allows the off-street parking of motor
2273 vehicles on two or more stories, on any building or structure rooftop, or on any story above the
2274 first story, or below grade with a building or structure above, whether the structure is provided

2275 only for vehicles of occupants of the principal use or the structure is available for the use of the
2276 general public.

2277
2278 **Park Trailer**, is a transportable unit which has a body width not exceeding 14 feet and which is built
2279 on a single chassis and is designed to provide seasonal or temporary living quarters when connected
2280 to utilities necessary for operation of installed fixtures and appliances.

2281
2282 **Parking, Off-Street**, is space designed for the parking of automobiles on premises other than streets.

2283
2284 **Parking, On-Street**, is the storage space for an automobile that is within the street right-of-way.

2285
2286 **Parking, Satellite**, is off-street parking spaces that are not on the same lot as the principal use.

2287
2288 **Parking, Shared**, means joint use of a parking area by more than one use.

2289
2290 **Paved**, means ground covered with stone, brick, concrete, asphalt, or other substantial matter making a
2291 firm, smooth, and level surface.

2292
2293 **Paver**, is a grid block designed for use as a driving or parking surface, installed with cavities (either the
2294 kind in which grass can be planted or between the blocks) to minimize impervious surface and reduce
2295 runoff.

2296
2297 **Pedestrian-Friendly/Oriented**, means the density, layout, and infrastructure that encourages walking
2298 and biking within a subdivision or development, including limited setbacks, front porches, sidewalks, and
2299 bikepaths.

2300
2301 **PERGOLA.** A structure of colonnades supporting an open roof of crossing rafters or trellis.

2302
2303 **Pergola**, is a structure, either freestanding or attached to a façade, usually consisting of parallel
2304 colonnades supporting an open roof of girders and cross rafters built as an outdoor element for partial
2305 shade.

2306
2307 (Ord. 91-05, 11-14-2005; Ord. 15-12, 9-10-2012; Ord. [31-16](#), § 2, 8-1-2016)

2308
2309 **Permit, Conditional Use**, is a use that is permitted if all specified conditions have been adhered to.

2310
2311 **Person**, means individuals, partnerships, associations, and corporations.

2312
2313 **Personal Services Establishment**, is an establishment which offers specialized services purchased
2314 frequently by the consumer. Included are barbershops, beauty shops, chiropractic, dance studios, and
2315 massage clinics, garment repair, tailoring, shoe repair, pet grooming, indoor pet sitting, and beauty
2316 clinics, fitness centers, laundromats, drycleaners, photography and instructional studios, tattoo and
2317 piercing studio, martial arts studios, and other similar establishments. These uses may include accessory
2318 retail sales of products related to the services provided.

2319
2320 **Pervious Surface**, is any surface which allows a minimum of 80 percent precipitation from any source to
2321 infiltrate directly into the ground.

2322
2323 **PET CEMETERY.** An area of land set apart for the sole purpose of the burial of bodies of dead
2324 animals and for the erection of customary markers, monuments, and mausoleums.

2325
2326 **PET SERVICES.** Establishments providing grooming, obedience training, veterinarian services,
2327 or animal day care. These establishments should not include boarding except for overnight
2328 hospitalization for medical care.

2329
2330 **PET SHOP.** Establishments primarily engaged in the retail sale of pets and pet supplies.

2331
2332 **PHARMACY.** An establishment strictly for the preparation and dispensing of prescription
2333 drugs and medicines and related products.

2334
2335 **PHOTOFINISHING LABORATORIES.** Establishments primarily engaged in developing films
2336 and in making photographic prints and enlargements for the trade.

2337
2338 **Photovoltaic Solar System, is a system which uses one (1) or more photovoltaic panel(s) installed on**
2339 **the surface of a roof, parallel to a sloped roof or surface or rack-mounted on a flat roof, to convert**
2340 **sunlight into electricity.**

2341
2342 **Pickup Truck, is any motor vehicle designed primarily for the transportation of property within a**
2343 **permanently attached open cargo box and having a gross motor vehicle weight of no more than**
2344 **17,500 pounds, a height of no more than 82 inches (measured from the ground to the vehicle's**
2345 **highest point excluding antennae), no more than six wheels, and no more than two axels.**

2346
2347 **PILASTER.** A shallow rectangular column projecting only slightly from a wall.
2348 (Ord. 84-07, 5-12-2008)

2349
2350 **Pilaster, is a rectangular column, especially one projecting from a wall.**

2351
2352
2353 **Place of Religious Assembly, is a use within a permanent building that provides regular organized**
2354 **worship and related incidental activities, except primary or secondary schools and day care facilities.**

2355
2356 **PLACE OF WORSHIP.** A structure or structures designed primarily for accommodating an
2357 assembly of people for the purpose of religious worship including related religious instruction,
2358 church/synagogue ministries involving classes for 100 or less children or adults during the week,
2359 and other church/synagogue sponsored functions, which do not exceed the occupancy limits of
2360 the building. Structures may also include utility buildings ancillary to the principal use. Day care
2361 services for members may also be provided.

2362

2363 **~~PLANNED DEVELOPMENT PROJECT (PDP).~~** A complex of structures and uses planned as an
2364 integral unit of development rather than as a single principal structure or use on a single lot. (See §
2365 4.1.9B.)
2366

2367 **Planned Unit Development (PUD),** is an area of land zoned and improved as a development for which
2368 the otherwise applicable use and development requirements to allow for more flexible planning in
2369 conformance with the development approval process and developed in accordance with the
2370 provisions of this ordinance.

2371
2372 **~~PLANNING AND ZONING COMMISSION.~~** The City of Cape Coral, Florida, Planning and
2373 Zoning Commission, or its successor agency.

2374
2375 **~~PLANT NURSERY.~~** Any lot, structure or premises used as an enterprise for the purpose of
2376 growing or keeping of plants for sale or resale.

2377
2378 **~~PLAT.~~** A map or delineated representation of the subdivision of lands, being a complete exact
2379 representation of the subdivision and any other required information.

2380
2381 **~~PLAYHOUSE.~~** See definition for **~~PLAYHOUSE~~** contained in § 3.1.6A. of the City of Cape Coral
2382 Land Use and Development Regulations, which definition is incorporated herein in its entirety by
2383 reference.
2384 (Ord. 68-98, 11-30-1998)

2385
2386 **~~PLAZA.~~** An unroofed, open space that is open to a public sidewalk on at least one side.
2387 (Ord. 91-05, 11-14-2005)
2388

2389 **Point of Intersection,** is the point where two rights-of-way would meet if they were extended straight
2390 rather than curving to create a rounded corner at an intersection.

2391
2392 **Pole-Mounted,** means an antenna attached to or upon an electric transmission or distribution pole, a
2393 streetlight, a traffic signal or similar facility within the public right-of-way or a utility easement. A utility
2394 pole-mounted facility shall not be considered a wireless telecommunication facility.

2395
2396 **~~PORCH.~~** An elevated, roofed, and un-walled platform on the facade of a building.
2397 (Ord. 91-05, 11-14-2005)
2398

2399 **Porch,** is a covered but unenclosed projection from the main wall of a building that may or may not use
2400 columns or other ground supports for structural purposes and is not used for livable space.

2401

2402

2403 Portable Sign, Is any non-exempt sign that is not permanently located on or attached to the ground,
2404 permanent structure, an inflatable object or umbrella, or that is hand held, worn as part of a costume or
2405 item of clothing, or that is designed to be transported, including, but not limited to: signs designed to be
2406 transported by means of wheels; a sign converted to a T-frame; or skid-mounted signs. A hand held sign
2407 or a sign worn as part of a costume or item of clothing containing a non-commercial message shall not be
2408 considered to be a portable sign.

2410
2411 Portico, means a structure consisting of a roof supported by columns at regular intervals, typically
2412 attached as a porch to a building.

2413
2414
2415 **PORTICO, ATTACHED.** Permanent structural cover affixed to and extending from the wall of
2416 a building, protecting a doorway or walkway from the elements.
2417 (Ord. 101-03, 10-20-2003)

2418
2419 **PORTICO, DETACHED.** Freestanding structure which covers a walkway or service area.
2420 (Ord. 101-03, 10-20-2003)

2421
2422 **PREMISES.** A lot or other tract of land under one ownership and all the structures and uses
2423 on it.

2424
2425 Premises, is a distinct unit or parcel of land including the appurtenances thereon.

2426
2427 Primary Frontage, is any portion of a property that faces any public Right-of-Way defined as a Boulevard,
2428 a Parkway, or fronting Pine Island Road.

2429
2430 Primary Frontage Line, see “Build-to-Line.”

2431
2432 **PRINCIPAL BUILDING OR STRUCTURE.** The building or structure in which is conducted the
2433 principal use of the lot on which it is situated.

2434
2435 **PRIVATE PARK.** A park facility operated by an association or organization which is open only
2436 to bona fide members and guests of said association or organization. Commercially operated parks
2437 are not within this definition.

2438
2439 Private Property, is property that is owned, leased, operated, maintained or controlled by one or more
2440 individuals or entities other than the city.

2441
2442 **PROCESSING AND WAREHOUSING.** The storage of materials in a warehouse or terminal
2443 and where such materials may be combined, broken down or aggregated for transshipment or

2444 storage purposes where the original material is not chemically or physically changed. As used
2445 herein, the term **PROCESSING AND WAREHOUSING** shall mean an establishment essentially for
2446 storage and shipment as opposed to a manufacturing establishment.

2447
2448 Projected Image Sign, Is a sign that uses technology to project an image, logo, or other graphic on
2449 buildings, structures, sidewalks, or surfaces. The image itself has no physical structure but is still
2450 considered a sign.

2451
2452
2453 **PROPERTY LINE.** The recorded boundary of a lot or other tract of land under one ownership.

2454
2455 Public Art or Sculpture, is any visual work of art displayed for two weeks or more in an open city-owned
2456 area, on the exterior of any city-owned facility, within any city-owned facility in areas designated as public
2457 area, lobbies, or public assembly areas, or on non-city property if the work of art is installed or financed,
2458 either wholly or in part, with city funds or grants procured by the city.

2459
2460 **PUBLIC PARK.** Any park, playground, beach, parkway, or other recreation areas and open
2461 space, in which the county, state or federal government or other legally empowered governmental
2462 unit has an interest.

2463
2464 **PRINTING SERVICE ESTABLISHMENTS.** A building, or portion of a building, occupied by an
2465 establishment in which a person, or persons, practice a vocation or occupation that performs a
2466 type of labor, act or work that primarily results in publishing and printing and specialized aid and
2467 assistance performed as a customer service and directly utilized by such customers in their
2468 domestic or business operations normally for a fee or charge and not for resale.

2469
2470 Public Parks and Recreational Facilities, means natural or landscaped areas, buildings, or structures,
2471 provided by a government, to meet the active or passive recreational needs of people.

2472
2473 Public Safety Facility, is a government facility for public safety and emergency services, including
2474 facilities that provides police or fire protection and related administrative facilities and training facilities.

2475
2476 Quay, is a modified seawall where a boat can dock parallel to the shore.

2477
2478 **RADIO AND TELEVISION STATIONS.** A building, structure, or premises primarily engaged in
2479 the staging, production and recording of radio or television programs. Such facilities may or may
2480 not be capable of radio or television transmissions. (See **TOWERS, COMMUNICATIONS**.)

2481
2482 Raceway, is a structure used for wall-mounted signage with individual letters or characters, located
2483 upon the exterior wall surface between the wall and the letters or sign characters. Raceways contain
2484 wiring, conduit, transformers, and other electrical components.

2485
2486 Rain Sensor, is a calibrated device that is designed to measure rainfall and override the irrigation cycle
2487 of the irrigation system when a pre-determined amount of rainfall has occurred.

2488
2489 **RECREATIONAL FACILITIES. COMMERCIAL.** A recreation facility operated as a business and
2490 open to the public for a fee.

2491
2492 **PERSONAL.** A recreation facility provided as an accessory use on the same premises as
2493 the principal permitted use and designed to be used primarily by the occupants of the
2494 principal use and their guests.

2495
2496 **PRIVATE.** A recreation facility operated by a nonprofit organization, such as a
2497 homeowners or condominium association, and open only to bona fide members and guests
2498 of such nonprofit organization. This term shall not be interpreted to include fraternal or
2499 membership organization clubs.

2500
2501 **PUBLIC.** A recreation facility operated by a governmental agency and open to the
2502 general public.

2503
2504 **RECREATIONAL VEHICLE.** A vehicle designed for temporary living and sleeping purposes,
2505 primarily for travel, recreational, and vacation uses, which:
2506 (a)
2507 Is self-propelled; or
2508 (b)
2509 Is identified by the manufacturer as a recreational vehicle; or
2510 (c)
2511 Is not more than eight and one-half feet in body width, exclusive of safety devices; or
2512 (d)
2513 Is of any weight provided that its body length does not exceed 50 feet, exclusive of bumpers and
2514 safety devices.

2515
2516 **Recreational Vehicle, is a vehicle, including a park trailer, which is:**

- 2517
2518 1. Built on a single chassis;
2519
2520 2. 400 square feet or less when measured at the largest horizontal projection;
2521
2522 3. Designed to be self-propelled or permanently towable by a light duty truck; and
2523
2524 4. Designed primarily not for use as a permanent dwelling but as temporary living quarters for
2525 recreational, camping, travel, or seasonal use.

2526
2527 **RECREATIONAL VEHICLE PARK.** A premises or portion of a premises in which sites are
2528 improved and offered for lease, rent, or sale in any form to be occupied by certain types of
2529 recreational vehicles, or developed with camping cabins utilized for sleeping or eating, to be used
2530 for short-term rather than permanent occupancy. A recreational vehicle park shall not be
2531 construed to be a **RESORT.**
2532 (Ord. 1-13, 3-11-2013)

2533
2534 **Redevelopment, is any proposed expansion, addition, or major facade change to an existing building,**
2535 **structure, or parking facility.**
2536

2537 Reflecting Pool, is a shallow (less than 18” deep) pool designed as a feature of a garden, often
2538 associated with seating and/or statues
2539

2540 Reflective Sign, Is a sign constructed of mirrors or other surfaces that reflect light.
2541

2542
2543 **RELIGIOUS FACILITIES.** Religious-related facilities and activities which may include, but are
2544 not limited to: place of worship, bus storage facilities or areas, convents, monasteries, retreats, and
2545 church/synagogue ministries involving classes for children and adults.
2546

2547 Religious Institution, is a religious assembly that may also include related facilities such as a rectory,
2548 convent, private school, licensed child or adult daycare, recreational facilities, or any combination
2549 thereof.
2550

2551 Residential Sign, is any sign, not otherwise defined and regulated in this article as an allowed sign in a
2552 residential zoning district, located in a district zoned for residential uses that contains no commercial
2553 message.
2554

2555 Residential Use, means a structure or part of a structure containing dwelling units, including single-family,
2556 duplexes, multi-family dwellings, boarding or rooming houses. Residences do not include transient
2557 accommodations such as transient hotels, motels, tourist cabins, RV parks, or, in a mixed-use structure,
2558 that part of the structure used for any nonresidential uses.
2559

2560 **RESORT.** A short-term lodging facility principally for the accommodation or short-term
2561 residence of transient guests or vacationers but where the primary attraction is generally
2562 recreational amenities, features or activities and open space. Resort patrons typically enjoy
2563 recreational amenities, activities, or features including, but not limited to, golf courses, tennis
2564 courts, recreational instruction, swimming, usage of water vehicles (canoes, kayaks, paddle boats,
2565 jet skis, sailboats, etc.), and bicycle/pedestrian trails. Resorts emphasize recreation and open space
2566 while providing lodging, the density/intensity and type of which shall be compatible with future
2567 land uses and surrounding developments.
2568 (Ord. 14-17, § 4, 6-5-2017) _____
2569

2570 Resort, is a facility principally for the accommodation or short-term residence of transient guests or
2571 vacationers, but where the primary attraction is generally recreational features or activities.
2572

2573 **RESOURCE RECOVERY CENTER.** A solid waste receiving site the purpose of which is resource
2574 recovery or recycling. Materials to be received at such centers include paper and newspaper,
2575 plastic containers and products, glass, and aluminum cans.
2576

2577 **RESTAURANT, FAST FOOD.** An establishment whose principal business is the sale of food
2578 and beverages in a ready to consume state for consumption:

2579 (1)

2580 Within the restaurant building, or outside the building but in an area set aside for customers;

2581 (2)

2582 Within a motor vehicle parked on the premises; or

2583 (3)

2584 Off the premises as carry-out orders, and whose principal method of operation includes the
2585 following characteristics: food and beverages are usually served in edible containers or in paper,
2586 plastic, or other disposable containers.

2587 A cafeteria or delicatessen shall not be deemed a fast-food restaurant for the purpose of this
2588 ordinance. (See also **DRIVE-THRU FACILITIES**.)

2589
2590 **RESTAURANT, STANDARD.** An establishment whose principal business is the sale of food
2591 and beverages to customers in a ready-to-consume state, and whose principal method of
2592 operation includes one or both of the following characteristics:

2593 (1)
2594 Customers, normally provided with an individual menu, are served their foods and beverages by a
2595 restaurant employee at the same table or counter at which food and beverages are consumed;
2596 and/or

2597 (2)
2598 A cafeteria-type operation where food and beverages generally are consumed within the
2599 restaurant building.

2600
2601 **RETAIL ROADSIDE STAND, PERMANENT.** A temporary building or structure, built in
2602 accordance with all applicable Building Code requirements, which is designed, used or intended to
2603 be used for the purpose of display and retail sales of farm products, such as fruits, vegetables and
2604 flowers.

2605 **Retail Sales Establishment, is an establishment selling goods directly to the consumer. Retaining Wall, is**
2606 **a man-made barrier constructed for the purpose of stabilizing soil, slowing erosion, or terracing a parcel**
2607 **or site.**

2608
2609 **REVEALS.** A groove or a step in a wall surface used to create lines, shadows, or visual interest
2610 in the wall and thereby improve the appearance of the building.
2611 (Ord. 84-07, 5-12-2008)

2612
2613 **Right-of-way, is a strip of land taken or dedicated for use as a public way. In addition to the roadway,**
2614 **it normally incorporates the curbs, parking strips, sidewalks, lighting, drainage facilities, and canals.**

2615
2616 **Riparian Buffer, is a vegetated buffer strip along a watercourse that filters stormwater and provides**
2617 **wildlife habitat.**

2618
2619 **ROAD.** A private, traffic-carrying way set aside for vehicular traffic primarily serving only one
2620 premises or planned development project including private driveways, entrance or exit roads and
2621 similar private access roads.

2622
2623 **Roadside Fruit and Vegetable Stand, is a temporary building or structure, built in accordance with all**
2624 **applicable Building Code requirements, which is designed, used or intended to be used for the**
2625 **purpose of display and retail sales of farm products, such as fruits, vegetables, food products and**
2626 **flowers.**

2627
2628 **Roof Line (Deck Line), means the highest continuous horizontal line of a roof on a sloping roof, the roof**
2629 **line is the principal ridge line or the highest line common to one (1) or more principal slopes of the roof.**
2630 **On a flat roof, the roof line is the highest continuous line of a roof or parapet, whichever is higher.**

2631
2632 Roof Sign, is any sign, structure, or object painted or affixed to the roof of any building, excluding
2633 components integrated into the design of the roof structure, provided that no part of the sign, structure,
2634 or object extends vertically above the highest portion of the roof nor extends horizontally breaking the
2635 vertical plane of the roofline and/or building, whichever is greater.
2636

2637
2638 **ROOMING HOUSE.** A residential building used, or intended to be used, as a place where
2639 sleeping or housekeeping accommodations are furnished or provided for pay to transient or
2640 permanent guests or tenants in which less than ten and more than three rooms are used for the
2641 accommodation of such guests or tenants, but which does not maintain a public dining room in
2642 the same building or in any accessory building. There shall be no independent cooking facilities of
2643 any kind in such rooms, but there may be an independent cooking facility designed for the
2644 resident manager or owner only. (See § 3.3(e).)
2645

2646 Rotating, Is a sign that revolves or turns or has external sign elements that revolve or turn. Such sign
2647 may be power-driven or propelled by the force of wind or air.
2648

2649 Runoff, is stormwater leaving a site due to the force of gravity.
2650

2651 Sand Dunes, are naturally occurring accumulations of sand in ridges or mounds landward of the beach.
2652

2653 School, is an institution for the teaching of children or adults including primary and secondary schools,
2654 colleges, professional, dance, business, trade, art, and similar facilities.
2655

2656 **SCHOOLS.** Institutions functioning as educational facilities and providing education
2657 curriculum(s). This category shall include, but not be limited to, educational facilities offering
2658 elementary and/or secondary grades (regardless of whether such facility offers a preschool or
2659 kindergarten), special classes, adult education programs, vocational and/or technical education
2660 facilities, colleges and universities, whether offering educational programs full-time or part-time,
2661 and day or evening classes. Preschool(s) and kindergarten(s) which are affiliated with an education
2662 facility(ies) offering grades one and/or higher which is categorized as a **SCHOOL** herein shall be
2663 deemed to be a part of such "school facility" and shall not be deemed child care facilities.
2664 (Ord. 3-97, 2-10-1997)
2665

2666 Screened, means obscured from public view.
2667

2668 Screening, is a visual barrier consisting of permanent, dense vegetation, or other permitted structure
2669 at least equal in height to the recreational vehicle, boat, or boat trailer but which does not violate any
2670 height limitation for barriers in the applicable zoning district.
2671

2672 Seating Capacity, is the actual number of seats available for use based upon the number of seats or
2673 one seat per 24 inches of bench or pew length. For other areas where seats are not fixed, the seating
2674 capacity shall be determined as indicated by the Florida Building Code.
2675

2676 Seawall, is a wall built along a shoreline.
2677

2678 **SELF-SERVICE FUEL PUMPS.** Vehicle fuel dispensing pumps providing an accessory use to a
2679 permitted retail trade establishment but in which only "self-service" pumps are provided and no
2680 other vehicle service is provided.

2681
2682 **SELF-SERVICE FUEL PUMP STATION.** An establishment which is primarily for the purpose of
2683 retail selling of motor vehicle fuels and in which no other vehicle service is provided. Ancillary sales
2684 may include some convenience commodities such as tobacco or dairy products.

2685
2686 **Self-Sufficient Mobile Food Unit**, is a mobile food unit containing, as part of the vehicle, a three-
2687 compartment sink for washing, rinsing, and sanitizing equipment and utensils; a separate hand-wash sink;
2688 adequate refrigeration and storage capacity; full provision for of power utilities including electrical, LP
2689 gas, or a portable power generation unit; a potable water holding tank; and a liquid waste disposal system.

2690
2691 **Self-Service Storage Facility**, is a building used for the storage of personal property where individual
2692 owners control individual storage spaces.

2693
2694 **Self-Sufficient Mobile Food Unit**, is a mobile food unit containing, as part of the vehicle, a three-
2695 compartment sink for washing, rinsing, and sanitizing equipment and utensils; a separate hand-wash sink;
2696 adequate refrigeration and storage capacity; full provision for of power utilities including electrical, LP
2697 gas, or a portable power generation unit; a potable water holding tank; and a liquid waste disposal system.

2698
2699 **Septic Tank**, see on-site sewage system.

2700
2701 **SETBACK.** The area between the parcel line and the setback line.
2702 (Ord. 68-98, 11-30-1998)

2703
2704 **Setback**, is the minimum horizontal distance between a structure and a property line.

2705
2706 **SETBACK LINE(S).** The line(s) located at the minimum or maximum distance from the lot line
2707 and establishing the area in which buildings may be erected or placed on the lot.
2708 (Ord. 68-98, 11-30-1998; Ord. 15-12, 9-10-2012)

2709
2710 **SEWAGE.** Human body wastes and the wastes from toilets or other receptacles intended to
2711 receive or retain body wastes and wastes either solid or liquid resulting from the preparation of
2712 food or cleaning utensils and dishes used in the preparation and serving of food.

2713 **SEXUALLY ORIENTED BUSINESS.** See definition for **SEXUALLY ORIENTED**
2714 **BUSINESS** contained in [§ 12-62](#) of the City of Cape Coral Code of Ordinances, which definition is
2715 incorporated herein in its entirety by reference.
2716 (Ord. 49-94, 10-11-1994)

2717
2718 **SHED.** Any residential accessory structure that is utilized for the purpose of storage of
2719 household items such as lawn and garden equipment, pool equipment, toys, or hobby or other
2720 recreational items, or as a hobby-related workshop, and that does not have a door or other
2721 entranceway into a dwelling unit.
2722 (Ord. 1-01, 2-5-2001) _____
2723

2724 Shed, is an accessory structure, attached or detached from the primary structure, which is used
2725 primarily for storage and not intended for human occupancy. A shed shall not include storage
2726 containers or shipping containers.

2727
2728 ~~**SHOPPING CENTER.** A grouping of consumer-oriented commercial establishments, planned~~
2729 ~~and developed as a single structure or under a unified architectural theme, owned and managed as~~
2730 ~~a unit, and providing a range of goods and services specific to a definable market area, and~~
2731 ~~providing customer and employee parking off-street and on-site.~~

2732
2733 Shopping Center, is a group of retail and other commercial businesses that are within a development.

2734
2735 Shrub, is a woody plant that produces multiples stems or trunks rather than a single tree-like stem.
2736 Sidewalk, is an improved pedestrian surface that is typically in a right-of-way.

2737
2738 Sign, Is any character, letter, figure, symbol, design, model, or device, or combination thereof, and all
2739 parts composing the same, together with the frame, background, or support, which is used to attract
2740 attention or to convey a message, regardless of the type of surface upon which the message appears and
2741 regardless of whether it is permanently affixed, portable, hand held, or worn as part of a costume or item
2742 of clothing.

2743
2744 Sign Blade, Is a sign that is attached to a real estate sign or support structure.

2745
2746 Sill, means a shelf or slab of stone, wood, or metal at the foot of a window or doorway.

2747
2748 ~~**SINGLE-FAMILY RESIDENCE.** See **DWELLING UNIT, TYPES**.~~
2749 ~~(Ord. 91-05, 11-14-2005)~~

2750
2751 Site Development Plan, is the 100% detailed set of construction plans for installation of land
2752 development improvements for a site which must be approved prior to the release of a site
2753 development permit.

2754
2755 ~~**SITE PLAN.** A map, plan or chart of a tract of land or property which is drawn to scale and shows~~
2756 ~~the existing or proposed location of boundary lines, buildings, structures, uses or any other~~
2757 ~~required data or information.~~

2758
2759 ~~**SLEEPING ROOM.** A single room rented for living purposes, but without cooking facilities or~~
2760 ~~other amenities for separate and independent housekeeping. A **SLEEPING ROOM** shall not be~~
2761 ~~construed to mean a dwelling or sleeping unit.~~

2762
2763 ~~**SLEEPING UNITS.** A single room or suite intended for occupancy by transient persons which~~
2764 ~~are lodged with or without meals for compensation. A **SLEEPING UNIT** shall not be construed to~~
2765 ~~mean a dwelling unit. Such units shall not contain any cooking facilities of any kind.~~

2766
2767 Slope, is the degree of deviation of a surface from the horizontal, usually expressed in percent, degrees,
2768 or rise over run.

2769

2770 **Socially-Active Open Space**, is open space with a minimum width of 30 feet that is created and designed
2771 for year-round active use by the public in the form of active lawn areas, plazas, squares, courtyards, and
2772 gardens. Amenities are logically arranged and typically include paths, formal or informal planting areas,
2773 and furnishings.

2774
2775 **Sod**, is the grass-covered surface of the ground and the soil below the surface only to the depth of the
2776 roots of the grass.

2777
2778 **Solar Photovoltaic (PV) Arrays**, is a device or combination of devices or structures that transforms direct
2779 solar energy into thermal, chemical, or electrical energy and that contributes significantly to a structure’s
2780 energy supply

2781
2782 ~~**SOLID WASTE.** Garbage, trash, refuse and other discarded solid material, including solid~~
2783 ~~waste materials resulting from commercial, industrial or agricultural operations, but does not~~
2784 ~~include materials in sewage, in industrial waste water effluents or in storm water runoff.~~

2785
2786 **Snipe Sign**, is a sign made of any material when such sign is tacked, nailed, posted, pasted, glued or
2787 otherwise attached to or placed on public property such as but not limited to a public utility pole, a
2788 public street sign, a public utility box, a public fire hydrant, a public right-of way, public street furniture,
2789 or other public property; except for A-frame signs that are temporarily placed on public property under
2790 such limitations and constraints as may be set forth in the Land Development Code.

2791
2792 **Sound Amplification Device**, means equipment designed to increase the volume of sound created by a
2793 separate source such as a musical instrument or a human voice. The term does not include a standard
2794 radio, DVD player or similar device, but does include “stand alone” amplified microphone systems.

2795
2796 **Special Event**, is a preplanned single gathering, event or series of related consecutive gatherings or events
2797 of an entertainment, cultural, recreational, educational, political, religious, or sporting nature, or any
2798 nature, that is sponsored by an individual or entity and is open to the public in general.

2799
2800 **Special Exception**, is a use which is essential to or would promote the public health, safety, or welfare
2801 in one or more districts, but which would impair the integrity and character of the district in which it
2802 is located, or in adjoining districts unless restrictions or conditions on location, size, extent and
2803 character of performance are imposed in addition to those imposed in this ordinance.

2804
2805 ~~**SPECIAL EXCEPTION USE.** A use which is essential to or would promote the public health,~~
2806 ~~safety, or welfare in one or more districts, but which would impair the integrity and character of~~
2807 ~~the district in which it is located, or in adjoining districts unless restrictions or conditions on~~
2808 ~~location, size, extent and character of performance are imposed in addition to those imposed in~~
2809 ~~this ordinance.~~

2810
2811 **Special Flood Hazard Area**, is an area in the floodplain subject to a 1% or greater chance of flooding in
2812 any given year. Special flood hazard areas are shown on FIRMs as Zone A, AO, A1 A30, AE, A99, AH, V1
2813 V30, VE or V.

2814

2815 **SPORTS ACADEMY.** A commercial school which provides instruction for amateur and
2816 professional athletes and that includes ancillary lodging, cafeteria, and sports facilities for use by
2817 athletes.

2818 (Ord. [14-17](#), § 4, 6-5-2017)

2819
2820 **STABLE, BOARDING.** Any location where horses are kept which is not a "Private" or
2821 "Commercial Recreation Stable" as defined herein, for a fee.

2822 (Ord. 71-91, 9-23-1991)

2823
2824 **STABLE, COMMERCIAL RECREATION.** Any location where horses are kept principally for sale
2825 or hire.

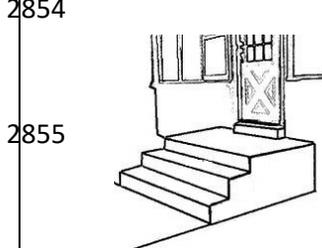

2826
2827 **STABLE, PRIVATE.** Any premises where horses, which are owned by and solely for the use of
2828 the occupants of the premises, are kept. A private stable is an ancillary use to the principal
2829 residence.

2830
2831 **STANDARD INDUSTRIAL CLASSIFICATION (SIC).** A two, three, or four digit numeric code
2832 that identifies commercial or industrial activities and classifies firms according to standards set
2833 down in the **Standard Industrial Classification Manual**, 1972 (Washington: GPO, 1972) as
2834 revised 1987.

2835
2836 **Start of Construction**, is the date of issuance for new construction and substantial improvements to
2837 existing structures, provided the actual start of construction, repair, reconstruction, rehabilitation,
2838 addition, placement, or other improvement is within 180 days of the date of the issuance. The actual
2839 start of construction means either the first placement of permanent construction of a building
2840 (including a manufactured home) on a site, such as the pouring of slab or footings, the installation of
2841 piles, the construction of columns. Permanent construction does not include land preparation (such as
2842 clearing, grading, or filling), the installation of streets or walkways, excavation for a basement, footings,
2843 piers, or foundations, the erection of temporary forms or the installation of accessory buildings such as
2844 garages or sheds not occupied as dwelling units or not part of the main buildings. For a substantial
2845 improvement, the actual Start of Construction means the first alteration of any wall, ceiling, floor or
2846 other structural part of a building, whether or not that alteration affects the external dimensions of the
2847 building.

2848
2849 **STOOP.** A small, un-walled, elevated entrance platform which includes a means of access,
2850 generally being stairs or a ramp, and which usually leads to the main entrance door of a building.
2851 (Ord. 91-05, 11-14-2005) _____

2852
2853 **Stoop**, means a small staircase ending in a platform and leading to the entrance of a building.

2857 **STORAGE.** The safekeeping of any goods, wares, products, or other commodities in any area
2858 for more than 48 hours for later use or disposal. This term shall not include animals, nor shall it
2859 apply to customary and usual activities accessory to agricultural or residential dwellings.
2860

2861 **STORAGE, DEAD.** The storage of goods, wares, products or other commodities, with no sales,
2862 conferences, or other human activity other than the placement, removal, or sorting of stored items.
2863 See **WAREHOUSE, PUBLIC**.
2864 (Ord. 71-91, 9-23-1991)
2865

2866 **STORAGE, ENCLOSED.** The keeping of any goods or products within a structure not defined
2867 as a building, or within a completely fenced or walled in area. The goods shall be screened by the
2868 structure, wall or fence so as not to be seen from any other property.
2869 (Ord. 18-99, 5-3-1999)
2870

2871 **STORAGE, INDOOR.** Storage accessory to a permitted use and which is contained wholly
2872 within a building. When listed as a permitted or permissible use in the Zoning District Regulations,
2873 it shall not be construed to mean "Warehouse" or "Mini-warehouse".
2874

2875 **STORAGE, OPEN.** Any storage not defined as "Indoor" or "Enclosed".
2876

2877 **Stormwater, is the flow of water or the water itself which results from precipitation.**
2878

2879 **STORY.** That portion of a building included between the upper surface of a floor and upper
2880 surface of the floor or roof next above. **STORIES** used exclusively for parking vehicles count the
2881 same as habitable stories. Where upper floors are partially omitted to create an atrium or other
2882 taller space, the number of stories shall be determined by the portion of the building where the
2883 upper floors have not been omitted. Space within a roofline that is entirely non-habitable shall not
2884 be considered to be a **STORY**.
2885 (Ord. 91-05, 11-14-2005)
2886

2887 **STORY, FIRST.** The lowermost story that is entirely above grade.
2888 (Ord. 15-12, 9-10-2012)
2889

2889 **STREET.** A public traffic-carrying way set aside for vehicular traffic, regardless of size or
2890 designation, but excluding roads.
2891

2892 **FREEWAYS** and **INTERSTATES.** Arterial streets designed primarily for major through traffic with
2893 full control of access and grade separations at all intersections.
2894

2895 **ARTERIAL STREETS.** A street designed or utilized primarily for high vehicular speeds or for heavy
2896 traffic volumes.
2897

2898 **MAJOR COLLECTOR STREETS.** A street which carries, or will carry, medium traffic volumes
2899 primarily from minor collector streets to arterial streets.
2900

2901 **MINOR COLLECTOR STREETS.** A street which carries, or will carry, medium traffic volumes
2902 primarily from minor streets to major collector streets.

2903 (e)
2904 **MINOR STREETS.** A street which is used or will be used primarily for access to abutting properties
2905 and which carries, or will carry, limited traffic volumes.

2906 (f)
2907 **MARGINAL ACCESS STREETS.** A minor street which is parallel to and adjacent to arterial streets
2908 and which serves to reduce the number of access points to the arterial streets and thereby increase
2909 traffic safety.

2910 (g)
2911 **ALLEY.** A street used primarily for vehicular service access to the back or side of properties which
2912 otherwise abut on a street. However, in the downtown zoning district(s), when these regulations
2913 refer to "visible from a public street", "facing a street", or similar language, the term street shall not
2914 be deemed to include alleys.
2915 (Ord. 91-05, 11-14-2005; Ord. 15-12, 9-10-2012)

2917 Streetscape, is the visual image of a street, including the combination of buildings, parking, signs, and
2918 other hardscape and street furniture.

2920 Street Frontage, is the linear dimension of the front of a building site as described in Article III, § 3.8 of
2921 the Land Use and Development regulations. In the case of a double frontage site and for the purpose of
2922 administration of this article, this dimension shall be based on a single lot front adjacent to the street
2923 right-of-way of which the site is addressed.

2925
2926 **STRUCTURE.** Any combination of materials fabricated to fulfill a function in a fixed location
2927 on the land, including buildings and signs.

2929 Structure, is anything constructed or erected, the use of which requires permanent location on the
2930 ground or attached to something having a permanent location on the ground including but not limited
2931 to fences, signs, kiosks, or similar uses.

2932
2933 Structure-Mounted, means a wireless telecommunications facility, tower or antenna which is mounted
2934 to an existing building or structure not otherwise meant to support a wireless telecommunication
2935 facility, tower or antenna.

2936
2937 **STUDIO.** An establishment in which an artist or crafts person practices their art, craft, or
2938 vocation.

2939
2940 Subdivision, is the division of land into two or more lots or a development consisting of multiple
2941 subdivided lots.

2942
2943 Subdivision Construction Plan, is the 100% detailed set of construction plans for installation of land
2944 development improvements of a subdivision which must be approved prior to the release of a
2945 subdivision infrastructure permit.

2946
2947 Subdivision Plat, is the schematic representation of land divided or to be divided.

2948

2949 Subdivision Plat, Final, is the plat to be given final approval which includes all changes, additional
2950 information, and requirements imposed by the city. The final plat is recorded in the county clerk of
2951 courts.

2953 Substantial Damage, is the damage of any origin sustained by a building or structure whereby the cost
2954 of restoring the building or structure to its before-damaged condition would equal or exceed 50% of
2955 the market value of the building or structure before the damage occurred.

2957 Substantial Improvement, is any combination of repair, reconstruction, rehabilitation, addition, or
2958 other improvement of a building or structure taking place during a five-year period, the cumulative cost
2959 of which equals or exceeds 50% of the market value of the building or structure before the improvement
2960 or repair is started. For each building or structure, the five-year period begins on the date of the first
2961 improvement or repair of that building or structure subsequent to August 17, 1981. If the structure has
2962 incurred "substantial damage," any repairs are considered substantial improvement regardless of the
2963 actual repair work performed. The term does not, however, include either:

2964
2965 1. Any project for improvement of a building required to correct existing health, sanitary, or
2966 safety code violations identified by the building official and that are the minimum necessary
2967 to assure safe living conditions; and

2968
2969 2. Any alteration of a historic structure provided the alteration will not preclude the
2970 structure's continued designation as a historic structure.

2972 Substantial Renovation, means repair or changes worth 50%, or more, of the fair market value of the
2973 structure and improvements, not including the land.

2974
2975 **SUPERMARKET.** A retail establishment which is principally for the sale of general food items
2976 on a cash and carry basis, generally self-service in arrangement, and frequently with a wide range
2977 of nonfood items including sundries, package sale of alcoholic beverages, hardware and the like,
2978 and frequently housing discrete but subordinate commercial operations, such as, bakeries,
2979 restaurants, pharmacies and package stores. A **SUPERMARKET** is to be distinguished from a
2980 grocery store on the basis of scale, being usually 25,000 square feet or larger in size, and the
2981 broader mix of goods and services.

2982
2983 **SURFACED IN A STABLE MANNER.** The term surfaced in a stable manner shall mean
2984 surfaced in a manner approved by the Director, or other designated official; however, such
2985 pavement shall be of a stable type and shall be designed to carry the anticipated traffic loads of
2986 the premises and uses served and shall conform with appropriate current city standard
2987 specifications.

2988
2989 Suspended Sign, is a sign, other than a parasite sign, that is suspended from and supported by the
2990 underside of an awning, a marquee, a fascia, an umbrella, or a building overhang.

2991
2992 Swimming Pool, is a structure, whether above or below grade level, designed to hold water more than 30
2993 inches deep to be used for recreational purposes.

2994

2995 **SWIMMING POOL SUPPLY STORE.** An establishment engaged in the retail sale of swimming
2996 pool supplies, such as pumps, motors, cleaning and maintenance supplies, and pool accessories
2997 such as spas and hot tubs.
2998 (Ord. 6-10, 5-24-2010)

2999
3000 **TASTING ROOM.** A dedicated area within an artisan brewery, distillery or winery where beer,
3001 spirits, or wine is sampled and food may be served to patrons. Such facilities may also be used for
3002 the hosting of private and public events.
3003 (Ord. 30-14, § 2, 10-20-2014; Ord. 36-15, § 4, 8-31-2015)

3004
3005 **TELEMARKETING ESTABLISHMENT.** An establishment primarily engaged in the selling of
3006 goods and services through telephone solicitations.

3007
3008 Temporary, means not exceeding 30 consecutive days in duration or of such limited duration as otherwise
3009 provided in this article.

3010
3011
3012 Temporary Storage Container, is a standardized, reusable vessel that is designed and constructed for
3013 the primary purpose of packing, shipping, and transportation of goods or freight and are designed or
3014 capable of being mounted or moved on a truck, train, or ship.

3015
3016 Temporary Use, is a use of land, buildings or structures that are established for a fixed period of time
3017 with the intent to discontinue the use upon the expiration of such time.

3018
3019 Tenant, is any person, agent, firm, corporation or division who uses or occupies land, a building or portion
3020 of a building by title, under a lease, by payment of rent or who exercises limited control over the space,
3021 where the space meets the Florida Building Code requirements of fire partitions which require a wall
3022 permitted by the building type of construction that is fire-resistant rated of not less than one hour that
3023 separates individual tenant spaces.

3024
3025
3026 **THEATER, INDOOR.** A building or part thereof devoted to showing motion pictures, or for
3027 dramatic, musical or live entertainment, but not including "Nightclubs" which are specifically
3028 defined.

3029
3030 Traditional Public Forum, is a place that has, by tradition or practice, been held out for general use by the
3031 public, including, but not limited to, public parks, sidewalks, and areas that have been open to political
3032 speech and debate.

3033
3034 Traffic Control Device Sign, is any Government Sign located within the right-of-way that is used as a
3035 traffic control device and that is described and identified in the Manual on Uniform Traffic Control
3036 Devices (MUTCD) and approved by the Federal Highway Administrator as the National Standard. A
3037 traffic control device sign includes those Government Signs that are classified and defined by their
3038 function as regulatory signs (that give notice of traffic laws or regulations), warning signs (that give
3039 notice of a situation that might not readily be apparent), and guide signs (that show route designations,
3040 directions, distances, services, points of interest, and other geographical, recreational, or cultural
3041 information).

3042
3043 Trailer, is any vehicle without motive power designed for carrying persons or property on its own
3044 structure and to be drawn by a motor vehicle regardless of hitch type.

3045
3046 Trailer, Boat, is a trailer that is designed and constructed by the manufacturer for the primary
3047 purpose of carrying and launching a boat.
3048

3049 Transient Occupants, means any person, or guest or invitee of such person, who occupies or is in actual
3050 or apparent control or possession of residential property registered as a vacation rental. It shall be a
3051 rebuttable presumption that any person who holds themselves out as being an occupant or guest of an
3052 occupant of the vacation rental is a transient occupant.
3053

3054
3055 ***TRAVEL TRAILER.*** A vehicular portable structure designed for temporary living and sleeping
3056 purposes, primarily for travel, recreational and vacation uses, which:

3057 (a)
3058 Is identified by the manufacturer as a travel trailer; or

3059 (b)
3060 Is not more than eight feet in body width; or

3061 (c)
3062 Is of any weight provided that its body length does not exceed 32 feet; or

3063 (d)
3064 Is of any length provided that its gross weight, factory equipped for use, does not exceed 4,500
3065 pounds.
3066

3067 Tree, is a self-supporting plant having at least one well-defined woody stem or trunk and normally
3068 attaining a mature height of at least 15 feet, with an average mature spread of at least 15 feet.
3069

3070 Tree, Accent, is a smaller tree whose mature height can be expected to range between 15 feet and 30
3071 feet and which has an expected crown spread range between 15 feet and 25 feet.
3072

3073 Tree, Canopy, is a larger tree species that normally achieves an overall height and spread at maturity of
3074 30 feet or more.
3075

3076 Tree, Palm, is an unbranched, evergreen tree that grows in tropical regions and has a straight, tall trunk
3077 and many large leaves at the top of the trunk.
3078

3079 ***TRELLIS.*** An architectural structure usually made from an open framework or lattice of
3080 interwoven or intersecting pieces of wood, bamboo, or metal that is normally made to support and
3081 display climbing plants.

3082 (Ord. [31-16](#), § 2, 8-1-2016)

3083
3084 Trellis, is a vertical panel of lattice designed to support vine plants.
3085

3086 Truck, is any motor vehicle, other than a pickup truck or light van, designed primarily for the
3087 transportation of property or cargo.
3088

3089 ~~**TRUCK STOP.** An establishment where the principal use is primarily the refueling and~~
3090 ~~servicing of trucks and tractor-trailer rigs. Such establishments may have restaurants or snack bars~~
3091 ~~and sleeping accommodations for the drivers of such over-the-road equipment and may provide~~
3092 ~~facilities for the repair and maintenance of such equipment.~~

3093
3094 ~~**TRUCKING TERMINAL.** An area of building where cargo is stored and where trucks load and~~
3095 ~~unload cargo on a regular basis.~~

3096
3097 ~~**UNTREATED SEWAGE.** Sewage other than that discharged from a vessel having sanitation~~
3098 ~~devices installed and operated in compliance with standards and regulations issued pursuant to~~
3099 ~~the Federal Water Pollution Control Act, as amended, or in the absence of such standards and~~
3100 ~~regulations or prior to their effective date, sewage which has not been treated to conform to the~~
3101 ~~applicable specifications of the state.~~

3102
3103 ~~**USE.** Any purpose for which a building or other structure or a tract of land may be designed,~~
3104 ~~arranged, intended, maintained, or occupied; or any activity, occupation, business or operation~~
3105 ~~carried on, or intended to be carried on, in a building or other structure or on a tract of land.~~

3106
3107 ~~Utility Line, is an underground conduit and related facilities, including pipe or cable, by which a~~
3108 ~~person furnishes material or service.~~

3109
3110 ~~Utilities, Incidental Activities or Facilities, means the construction or placement of public utilities or~~
3111 ~~other infrastructure on a permanent or temporary basis. Examples of "incidental utility activities"~~
3112 ~~include drainage improvements, stormwater retention or detention features, valves, hydrants, street~~
3113 ~~improvements, temporary boat launches for water quality sampling, extension of water and sewer lines,~~
3114 ~~and small-scale lift stations that are not enclosed in a structure (125 cubic feet or less).~~

3115
3116 ~~Utilities, Major Public Facilities, is any public service improvement or structure developed by or for a~~
3117 ~~public agency that is not defined as an incidental public facility, including but not limited to electrical~~
3118 ~~substations, sewer and water treatment plants, water reservoirs, trunk lines, regional stormwater~~
3119 ~~detention facilities, new or expanded public buildings designed for human occupancy that increase~~
3120 ~~traffic within a neighborhood, and active park improvements such as ball fields or restroom facilities.~~

3121
3122 ~~Utilities, Private, means utilities that are not subject to city acceptance for operation or maintenance.~~
3123 ~~For purposes of this code, private utilities include natural gas lines, power lines, telephone lines, cable~~
3124 ~~television lines, and other communication lines, their appurtenances and any component part(s)~~
3125 ~~thereof, and the utility companies' operation, maintenance, repair, and replacement of same.~~

3126
3127 ~~**VARIANCE**Variance. A departure from the terms of this ordinance pertaining to height, width, depth~~
3128 ~~and area of structures and size of yards, and parking space and sign requirements, where such~~
3129 ~~departure will not be contrary to the public interest, and where, owing to conditions peculiar to the~~
3130 ~~property because of its size, shape or topography, and not as a result of the actions of the applicant,~~
3131 ~~the literal enforcement of this ordinance would result in unnecessary and undue hardship. (See §§~~
3132 ~~4.1.9A. and 5.1.15.)~~
3133 ~~(Ord. 68-98, 11-30-1998)~~

3134

3135 ~~**VARIETY STORE.** A retail store offering a broad mix of generally non-durable goods, notions and~~
3136 ~~sundries, also generally of moderate price. Durable goods (furniture, large appliances and the like)~~
3137 ~~are seldom offered in a variety store.~~
3138

3139 **Vehicle Fueling Station,** means any place where motor vehicle fuel is sold and dispensed. Accessory
3140 activities may include the retail sale of convenience items or a car wash.
3141

3142 **Vehicle for Human Habitation,** is a house car, camp car, camper, house trailer, or any vehicle by
3143 whatever name known, school bus, or other bus designed or adaptable for human habitation, whether
3144 such vehicle moves by its own power or by power supplied by a separate vehicle.
3145

3146 **Vehicle Repair, Major,** an establishment that provides general repair, rebuilding, or reconditioning of
3147 engines, motor vehicles, or trailers, including body work, framework, welding, and major painting
3148 services. These establishments generally keep vehicles overnight or for a period exceeding two days.
3149

3150 **Vehicle Repair, Minor,** an establishment that provides minor repairs such as incidental body and fender
3151 work, oil changes, patching or replacing tires, tune-ups, brake repair or installation or other similar
3152 functions. These establishments typically do not keep cars for stays of more than two business days.
3153

3154 **Vehicle Repair Service Establishment,** is a building or structure used for the repair and maintenance
3155 of automobiles, motorcycles, trucks, trailers, or similar vehicles.
3156

3157 **Vehicle Sales,** is the sale of motorized vehicles such as cars, trucks, vans, and motorcycles.
3158

3159 **Vehicle Sign,** is any sign that is attached to or painted on a vehicle or trailer, parked to be visible from and
3160 to clearly provide advertising visible from the public right-of-way or parked on public property to clearly
3161 provide a commercial message close to the public right-of-way, unless the vehicle is used by a proprietor
3162 or employee of the business for commuting between the business location and home or is used in the
3163 usual course or operation of a business. Factors to be considered in determining whether a vehicle is used
3164 in the usual course or operation of a business shall include whether the vehicle is operable, whether the
3165 vehicle has a current registration in the State of Florida, the role the vehicle plays in the business, and the
3166 frequency with which the vehicle is used in the course or the operation of the business. In addition, any
3167 sign that is composed of fabric, paper, or other lightweight material, or wood (unless the wood is an
3168 integral part of the vehicle itself), or that is physically supported by a motor vehicle, but not applied
3169 directly to the surface of the motor vehicle, or that is attached to the vehicle in such a manner as to
3170 constitute a safety hazard if the vehicle were to be driven with the sign in place, such as signs located so
3171 as to impair the vision of the driver of the vehicle or insecurely mounted so as to present a danger of
3172 falling off the vehicles while it is being driven, shall be presumed to be a vehicle sign. Further, any sign
3173 bearing a commercial message that is attached to or painted on a vehicle or trailer which is routinely
3174 parked or otherwise located on a site or sites other than that at which the firm, product, or services
3175 advertised on such sign is offered shall be presumed to be a vehicle sign.
3176

3177
3178 ~~**VESSEL.** Any boat, ship or other type of watercraft or contrivance capable of being used for~~
3179 ~~transportation on water or as a floating object.~~
3180

3181 Vested Property Rights, means the right to undertake and complete the development and use of
3182 property under the terms and conditions of an approved site-specific development plan or an approved
3183 phased development plan for a specified time, regardless of changes in this ordinance.

3184
3185 **VETERINARIAN AND ANIMAL CLINIC.** See definition for "pet services". ~~A premises, or~~
3186 ~~portion of a premises, occupied by an establishment in which a person, or persons, practice a~~
3187 ~~vocation or occupation that performs a type of labor, act or work that primarily results in the~~
3188 ~~medicine, dentistry or surgery of animals, and similar veterinary services normally for a fee or~~
3189 ~~charge. **VETERINARIAN AND ANIMAL CLINICS** do not include "Animal Specialty Farms".~~

3191 Vicinity Map, is a drawing or diagram, to the appropriate scale to show the location of the proposed
3192 development in relation to abutting properties, major streets, and other known landmarks.

3193
3194 Visibility Triangle, is a triangular area at the intersection of two streets, or a street and a driveway; two
3195 sides of which are measured from the point of intersection for a distance specified. The third side of the
3196 triangle is a line across the corner of the lot joining the ends of the other two sides.

3197
3198 Wall, is an upright structure, with a continuous footer, constructed of building material, such as masonry,
3199 wood, or plaster serving to enclose, divide, or protect an area.

3200
3201 **WAREHOUSE, PRIVATE.** Indoor terminal facilities operated primarily for a specific commercial
3202 establishment or group of establishments in a particular industrial or economic field, such as
3203 moving companies, transfer companies, freight delivery, specific retail store storage, or beverage
3204 distribution, but not generally accessible to the public.

3205
3206 ~~**WAREHOUSE, PUBLIC.** Indoor terminal facilities available to the general public at a fee for~~
3207 ~~the dead storage of farm products, furniture and other household goods or commercial or private~~
3208 ~~goods of any nature. (See also **WAREHOUSE**.)~~

3209
3210 Water Frontage Line, means the line at which a waterfront parcel abuts the waterway. If the
3211 waterfront parcel has a seawall, the seawall face shall be deemed the water frontage line for the
3212 parcel. For waterfront parcels that have a property line, but no seawall, abutting the waterway, such
3213 property line shall be deemed the water frontage line. See Diagram 5.5.4.A.

3214
3215 Waterfront Parcel, means a parcel which abuts a waterbody.

3216
3217 Waterway, is any man-made or natural body of water, including, canals, lakes, and basins, within the
3218 City of Cape Coral.

3219
3220 Waterway Access Ratio, means shall be calculated by dividing the waterway access width by the
3221 calculated width of the waterway. See 5.5.4.B.

3222
3223 Waterway Center Point (WCP), is a point on the centerline of the canal 40 feet from the water's end.
3224 See Diagram 5.5.4.B.

3225
3226 Watercourse, is a channel in which a flow of water occurs either continuously or intermittently in a
3227 definite direction. The term applies to either natural or artificially constructed channels.

Watercraft, is a boat, houseboat, canoe, raft, surfboard, or other apparatus designed for use on water, including motors or engines designed to propel such craft or apparatus.

Watercraft, Personal, is a recreational watercraft that a rider sits or stands on rather than inside, as one would a boat.

~~**WATERS OF THIS CITY.** All navigable waters or waters connected thereto within the boundaries of the city.~~

Wetlands, are lands transitional between terrestrial and aquatic systems where the water table is usually at or near the surface or the land is covered by shallow water. For purposes of this definition, wetlands must have the following three attributes: (a) have a predominance of hydric soils; (b) are inundated or saturated by surface or ground water at a frequency and duration sufficient to support a prevalence of hydrophytic vegetation typically adapted for life in saturated soil conditions; and (c) under normal circumstances support a prevalence of such vegetation.

Wildlife Rehabilitation Center, establishments that provide treatment, care, and rehabilitation of injured or sick wildlife.

Window/Door Sign. Any sign, picture, symbol, or combination thereof that is placed upon a window or door and that is visible from the exterior of the window or door. The term **WINDOW/DOOR SIGN** shall not include interior signs and/or product displays that are located inside a business unit and that are visible from outside the business unit. Furthermore, murals on windows or doors shall not be deemed to be **WINDOW/DOOR SIGNS**.

Wireless Communication, is the transmission and reception of voice, data or video transmission via radio frequency (RF) signals through electromagnetic energy.

Wireless Communication Facility (WCF), is any cables, wires, lines, wave guides, antennas, and other equipment associated with the transmission or reception of telecommunications installed upon a tower or antenna support structure, including ground-based equipment in direct support of such transmission or reception. However, the term "Wireless communication facility" shall not include amateur radio antennas.

~~**YARD.** The open space surrounding the principal building on any lot, unoccupied and unobstructed by a portion of that building from the ground to the sky except where specifically permitted by this ordinance. **YARDS** are further defined as follows:~~

(a)

~~**FRONT YARD.** That portion of the yard extending the full width of the lot and measured between the front lot line and a parallel line tangent to the nearest part of the principal building, which line shall be designated as the front yard line.~~

~~(Ord. 15-12, 9-10-2012)~~

(b)

~~**REAR YARD.** That portion of the yard extending the full width of the lot and measured between the rear lot line and parallel line tangent to the nearest part of the principal building.~~

(c)

3274 **~~SIDE YARDS.~~** ~~These portions of the yard extending from the front property line to the rear~~
3275 ~~property line and measured between the side lot lines and parallel lines tangent to the nearest~~
3276 ~~parts of the principal building.~~

3277
3278 Yard, is the open space surrounding the principal building on any lot, unoccupied and unobstructed by a
3279 portion of that building from the ground to the sky except where specifically permitted by this
3280 ordinance.

ARTICLE 12 - BUILDING CODE AND ENGINEERING DESIGN STANDARDS**

Sections:

- Section 12.1.** Purpose, applicability, and definitions
- Section 12.2.** 2017 Florida Building Code, Building
- Section 12.3.** 2017 Florida Building Code, Existing Building
- Section 12.4.** International Property Maintenance Code, 2012 Edition

Chapter 1. Adoption of codes: Florida Building Code, the National Electrical Code, International Property Maintenance Code, and Engineering Design Standards.

Section 12.1. Purpose, applicability, and definitions.

The following building codes are hereby adopted, incorporated herein by reference as fully as if set out at length herein, and shall govern all construction, erection, alteration, repair, and demolition of all buildings or other structures within the corporate limits of the city; and any appurtenances attached thereto, except those portions of the adopted codes that are hereinafter deleted, modified, or amended:

- A. 2017 Florida Building Code. The family of codes adopted by the Florida Building Commission, except as deleted, modified, or amended as indicated in Sections 12.2 and 12.3., below.
- B. National Electrical Code, 2014 Edition.
- C. International Property Maintenance Code, 2012 Edition, except as deleted, modified, or amended as indicated in Section 12.4., below.
- D. City of Cape Coral Engineering Design Standards, 2002, as amended.

Section 12.2. 2017 Florida Building Code, Building.

Amendments to adopted code. All sections of the 2017 Florida Building Code, Building are in effect except as amended as shown below:

- A. Section 107. Submittal Documents.

107.6.1 Building permits issued on the basis of an affidavit. Pursuant to the requirements of federal regulation for participation in the National Flood Insurance Program (44 C.F.R, Sections 59 and 60), the authority granted to the Building Official to issue permits, to rely on inspections, and to accept plans and construction documents on the basis of affidavits and plans submitted pursuant to Section 105-14 and Section 107.6. shall not extend to the flood load and flood resistance construction requirements of the Florida Building Code.

- B. Section 115. Stop Work Orders.

115.1 Authority. Whenever the building official finds any work regulated by this code being performed in a manner either contrary to the provisions of this code or dangerous or unsafe, the

**CITY OF CAPE CORAL, FLORIDA
LAND DEVELOPMENT CODE
ARTICLE 12 - BUILDING CODE AND ENGINEERING DESIGN STANDARDS**

47 building official is authorized to issue a stop work order. In addition, the building official is
48 authorized to issue a stop work order for the failure to contain or remove construction refuse as
49 required in the Code of Ordinances, Chapter 9, Health and Sanitation.
50

51 115.2 Issuance. The stop work order shall be in writing and shall be given to the owner of the
52 property involved, to the owner's agent, or to the person doing the work. Upon issuance of a stop
53 work order, all work on the construction site shall immediately cease. The stop work order shall
54 state the reason for the order, and the conditions under which the cited work will be permitted to
55 resume.
56

57 115.3 Unlawful continuance. Any person who shall continue any work after having been served
58 with a stop work order, except such work as that person is directed to perform to remove a
59 violation or unsafe condition, shall be subject to penalties as prescribed by law.
60

61 C. Section 117. Variances in Flood Hazard Areas.
62

63 117.1 Flood hazard areas. Pursuant to F.S. § 553.73, the variance procedures adopted in the City
64 of Cape Coral Floodplain Management Ordinance shall apply to requests submitted to the Building
65 Official for variances to the provisions of Section 1612.4 of the Florida Building Code, Building or,
66 as applicable, the provisions of R322 of the Florida Building Code, Residential. This section shall
67 not apply to Section 3109 of the Florida Building Code, Building.
68

69 D. Section 612. Flood Loads.
70

71 SUBSTANTIAL IMPROVEMENT. Any combination of repair, reconstruction, rehabilitation, addition
72 or improvement of a building or structure taking place during a five-year period, the cumulative
73 cost of which equals or exceeds 50 percent of the market value of the structure before the
74 improvement or repair is started. For each building or structure, the five-year period begins on
75 the date of the first improvement or repair of that building or structure subsequent to August 17,
76 1981. If the structure has sustained substantial damage, any repairs are considered substantial
77 improvement regardless of the actual repair work performed. The term does not, however,
78 include either:
79

- 80 1. Any project for improvement of a building required to correct existing health, sanitary or
81 safety code violations identified by the building official and that are the minimum necessary
82 to assure safe living conditions.
83
- 84 2. Any alteration of a historic structure provided that the alteration will not preclude the
85 structure's continued designation as a historic structure.
86

87 **Section 12.3 - 2017 Florida Building Code, Existing Building.**
88

89 All sections of 2017 Florida Building Code, Existing Building are in effect except as amended as shown
90 below:
91

92 A. Section 202. General Definitions

- J. All references to the building official in the International Property Maintenance Code, 2012 Edition, shall be construed as meaning the Department of Community Development Director or the Director's designee. All references in the International Property Maintenance Code, 2012 Edition to building, plumbing, mechanical, fuel gas, electric, fire safety or other codes or standards shall be construed to mean the 2017 Florida Building Code, National Electrical Code, 2008 Edition, and the Florida Fire Prevention Code, as applicable.

CITY OF CAPE CORAL, FLORIDA
LAND DEVELOPMENT CODE
ARTICLE 13 - REASONABLE ACCOMMODATION & DISPUTE RESOLUTION

Section 13.1.1 Reasonable Accommodations

A. Purpose, Intent, and Applicability

It is the purpose of this chapter to allow for the development of facilities and residences that accommodate persons with disabilities. This Section implements the policy of the City regarding requests for reasonable accommodation to its zoning and land use regulations, rules, ordinances, policies, and procedures for persons with disabilities to use and enjoy housing. as provided by the Federal Fair Housing Act (42 U.S.C. 3601 et seq.) ("FHA") and Title II of the Americans with Disabilities Act (42 U.S.C. 12131 et seq.) C'ADA").

Any person who is disabled (or qualifying entities) may request reasonable accommodation with respect to the City 's zoning and land use regulations, rules, ordinances, policies, and procedures as provided by the FHA and the ADA pursuant to the procedures set out in this Section. For purposes of this Section, a "qualifying entity" shall mean, a licensed service provider of the state of Florida as defined by Section 397.311, Florida Statutes. All qualifying entities shall submit as part of an application for a reasonable accommodation proof of the licensable service component the qualifying entity holds pursuant to Chapter 397, Florida Statutes.

B. Application Procedures. The following general provisions shall be applicable:

1. The City shall display a notice on the City's webpage (and shall maintain copies available for review in the City Clerk's Office) advising the public that disabled individuals (and qualifying entities) may request reasonable accommodation as provided herein.
2. A disabled person may apply for a reasonable accommodation on his or her own behalf or may be represented at all stages of the reasonable accommodation process by a person designated, in writing, by the disabled person.
3. The City shall provide assistance and accommodation as is required pursuant to the FHA and ADA in connection with a disabled person's request for reasonable accommodation, including without limitation, assistance with reading application questions, responding to questions, completing the necessary forms, filing an appeal, and appearing at a hearing to ensure the process is accessible.
4. Reasonable accommodation request form. A request by an applicant for a reasonable accommodation under this Section shall be made in writing by completion of a reasonable accommodation request form and submitted to the Department of Community Development. The reasonable accommodation request form is maintained by the Department of Community Development and shall contain such questions and requests for information as are necessary for processing the reasonable accommodation request. The reasonable accommodation request form shall, at a minimum. require the following information:
 - a. Name and contact information for applicant;
 - b. Address of housing or other location at which accommodation is requested;

CITY OF CAPE CORAL, FLORIDA
LAND DEVELOPMENT CODE
ARTICLE 13 - REASONABLE ACCOMMODATION & DISPUTE RESOLUTION

- 47
- 48 c. Name and mailing address of subject property owner;
- 49
- 50 d. Description of reasonable accommodation requested;
- 51
- 52 e. Description of the specific regulation(s) or procedure(s) from which accommodation is
- 53 sought;
- 54
- 55 f. Reasons the reasonable accommodation may be necessary for the individual(s) with
- 56 disabilities to use and enjoy the housing or other service;
- 57
- 58 g. Name and contact information for applicant's authorized representative, if applicable; and
- 59
- 60 h. Signature of applicant, or authorized representative.
- 61
- 62 5. Fees. There shall be no fee imposed by the City in connection with a request for reasonable
- 63 accommodation under this Section or an appeal of a determination on such request to the City
- 64 Council, and the City shall have no obligation to pay a requesting party's (or an appealing party,
- 65 as applicable) attorneys' fees or costs in connection with the request, or an appeal
- 66
- 67 C. Medical information confidentiality. Should the information provided by the disabled person to the
- 68 City include medical information or records including records indicating the medical condition,
- 69 diagnosis or medical history of the disabled person, such individual may at the time of submitting such
- 70 medical information, request that the City, to the extent allowed by law, treat such medical
- 71 information as confidential information of the disabled person. The City shall thereafter endeavor to
- 72 provide written notice to the disabled person, or their representative, of any request received by the
- 73 City for disclosure of the medical information or documentation which the disabled person has
- 74 previously requested be treated as confidential by the City. The City will cooperate with the disabled
- 75 person, to the extent allowed by law, in actions initiated by such individual to oppose the disclosure
- 76 of such medical information or documentation, but the City shall have no obligation to initiate,
- 77 prosecute, or pursue any such action, or to incur any legal or other expense (whether by retention of
- 78 outside counsel or allocation of internal resources) in connection therewith, and may comply with any
- 79 judicial order without prior notice to the disabled person.
- 80
- 81 D. Determination process. The City Manager shall have the authority to consider and act on requests for
- 82 reasonable accommodation. When a reasonable accommodation request form has been completed
- 83 and submitted to the Department of Community Development, it shall be referred to the City
- 84 Manager for review and consideration.
- 85
- 86 1. The City Manager shall issue a written determination within 45 days of the date of receipt of a
- 87 completed application, except as provided in paragraph C. below, and may, in accordance with
- 88 federal law; (1) grant the accommodation request, (2) grant a portion of the request and deny a
- 89 portion of the request or impose conditions upon the grant of the request, or (3) deny the request
- 90 in accordance with federal law. If the request is denied, the determination shall state the grounds
- 91 therefore. All written determinations shall give notice of the right to appeal.
- 92

CITY OF CAPE CORAL, FLORIDA
LAND DEVELOPMENT CODE
ARTICLE 13 - REASONABLE ACCOMMODATION & DISPUTE RESOLUTION

- 93 2. The notice of determination shall be sent to the requesting party (i.e., the disabled individual or
94 authorized representative) by certified mail, return receipt requested.
95
- 96 3. If reasonably necessary to reach a determination on the request for reasonable accommodation,
97 the City Manager, may, prior to the end of said 45-day period, request additional information
98 from the requesting party, specifying in detail what information is required. Such additional
99 information may include, additional medical information from the requesting party. The
100 requesting party shall have 15 days after the date of the request for additional information to
101 provide the requested information. In the event a request for additional information is made, the
102 45-day period to issue a written determination shall no longer be applicable, and the City
103 Manager, shall issue a written determination within 30 days after receipt of the additional
104 information. If the requesting party fails to provide the requested additional information within
105 said 15-day period, the City Manager shall issue a written notice advising that the requesting party
106 had failed to timely submit the additional information and therefore the request for reasonable
107 accommodation shall be deemed abandoned or withdrawn and no further action by the City with
108 regard to said reasonable accommodation request shall be required.
109
- 110 E. Criteria for determination. In determining whether the reasonable accommodation request shall be
111 granted or denied, the requesting party shall be required to establish that they are protected under
112 the FHA or ADA by demonstrating that they are handicapped or disabled, as defined in the FHA or
113 ADA. For purposes of this Section, the disabled individual must demonstrate to the City:
114
- 115 1. (i) A physical or mental impairment which (i) substantially limits one or more major life activities; (ii)
116 a record of having such impairment; or (iii) that they are regarded as having such impairment; and
117
- 118 2. That the proposed accommodation being sought is reasonable and necessary to afford
119 handicapped or disabled persons equal opportunity to use and enjoy housing.
120
- 121 F. Required findings. A request for reasonable accommodation pursuant to this Section shall be
122 approved, with or without conditions, if the City Manager finds based upon all of the evidence
123 presented, that all of the following findings are made:
124
- 125 1. The property or dwelling that is the subject of the request for reasonable accommodation will be
126 occupied by a disabled person;
127
- 128 2. The requested accommodation is necessary to provide a disabled person with an equal
129 opportunity to use and enjoy a dwelling;
130
- 131 3. The requested accommodation will not impose an undue financial or administrative burden on
132 the City; and
133
- 134 4. The requested modification will not require a fundamental alteration in the nature of a City
135 program or law.
136
- 137 G. Conditions of approval. In granting a request for reasonable accommodation. the City Manager may
138 impose conditions of approval deemed reasonable and necessary to ensure that the reasonable

CITY OF CAPE CORAL, FLORIDA
LAND DEVELOPMENT CODE
ARTICLE 13 - REASONABLE ACCOMMODATION & DISPUTE RESOLUTION

139 accommodation would comply with the findings of this Section including, but not limited to the
140 following:

- 141
- 142 1. Inspection of the property periodically as specified, to verify compliance with this Section and any
143 conditions of approval.
 - 144
 - 145 2. Recordation of a deed restriction requiring removal of the improvements when the need for
146 which the accommodation was granted no longer exists, except where the City Manager finds
147 that removal would constitute an unreasonable financial burden or is physically integrated with
148 the structure and cannot feasibly be removed. If applicable, the restrictive covenant shall provide
149 that the reasonable accommodation does not run with the land and shall terminate upon any sale
150 transfer, lease, or other conveyance of the property.
 - 151
 - 152 3. Time limits or expiration of the approval, if the need for which the accommodation was granted
153 no longer exists.
 - 154
 - 155 4. Measures to reduce the impact on surrounding uses.
 - 156
 - 157 5. Measures in consideration of the physical attributes of the property and structures.
 - 158
 - 159 6. Other conditions necessary to protect the public health, safety, and welfare.
 - 160
- 161 H. Appeal of determination. Within 30 days from the date of the City determination on a reasonable
162 accommodation request, or revocation, or modification of a reasonable accommodation, the
163 applicant may appeal the decision. All appeals shall contain a written statement containing sufficient
164 detail of the grounds for the appeal. Appeals pursuant to this Section shall be to the City Council who
165 shall, after public notice and a public hearing, render a written determination as soon as reasonably
166 practicable, but in no event later than 60 days after an appeal has been filed. Notice of any public
167 hearing hereunder shall be provided to the applicant at least 10 days in advance of the public hearing.
168
- 169 I. Stay of enforcement. While an application for reasonable accommodation, or appeal or a
170 determination of same, is pending before the City, the City will not enforce the subject zoning
171 ordinance, rules, policies, or procedures against the applicant. However, should the applicant
172 proceed with any property purchase, building, construction, or other work associated with
173 establishing a project or residence housing individuals covered by the FHA or the ADA while an
174 application or appeal for reasonable accommodation is pending, the applicant understands that any
175 of these actions are done at the applicant's own risk because the application or appeal may be denied.
176
 - 177 J. Revocation of reasonable accommodation. Any reasonable accommodation received shall be subject
178 to revocation or modification if the holder of the reasonable accommodation or the property upon
179 which the accommodation is granted is found in violation of any provision of the written
180 determination granting the reasonable accommodation by a court of law or by the special magistrate
181 hearing code enforcement cases, and the holder of the reasonable accommodation has failed to
182 correct such violation. The City shall send a notice of hearing on a proposed revocation or modification
183 of a reasonable accommodation by certified mail, return receipt requested, to the holder of the
184 reasonable accommodation at least 30 days prior to the date of the hearing. The City Manager shall

CITY OF CAPE CORAL, FLORIDA
LAND DEVELOPMENT CODE
ARTICLE 13 - REASONABLE ACCOMMODATION & DISPUTE RESOLUTION

185 have the authority to consider and act on a revocation or modification of a reasonable
186 accommodation, after notice and hearing during which the reasonable accommodation holder shall
187 have the opportunity to present evidence and be heard.
188

189 **Section 13.2 Dispute Resolution**
190

191 A. Purpose and intent. The purpose of this ordinance is to establish procedures for the initiation,
192 conduct, and conclusion of a Special Magistrate proceeding under the Florida Land Use and
193 Environmental Dispute Resolution Act (the "Act) involving a development approval (order) or
194 enforcement action by the City of Cape Coral. It is the intent of the City of Cape Coral that the
195 Special Magistrate process be a speedy, inexpensive, and simple method for owners and regulators
196 to settle land use and environmental permitting and enforcement disputes. To that end, owners and
197 regulators should meet face-to-face, in a non-adversarial atmosphere, to resolve disputes without
198 the need for formal representation. Negotiations assisted by a Special Magistrate will enable an
199 owner and regulators to exert more control over their dispute, allowing the parties to shape a
200 resolution rather than having one imposed on them. The Special Magistrate and the parties should
201 exercise maximum flexibility to adapt these procedures to the exigencies of each particular case,
202 consistent with the requirements of state law and due process.
203

204 B. Definitions. For the purpose of this ordinance, the following definitions shall apply; words used in
205 the singular shall include the plural, and the plural, the singular; words used in the present tense
206 shall include the future tense. The word "shall" is mandatory and not discretionary. The word "may"
207 is permissive. Words not defined herein shall be construed to have the meaning given by common
208 and ordinary use as defined in the latest editions of Webster's Dictionary.
209

210 1. CITY. The City of Cape Coral, Florida.
211

212 2. DEVELOPMENT. The meaning given it in F.S. § 380.04, as same may hereafter be amended.
213

214 3. DEVELOPMENT ORDER. Any order which has or will have the effect of granting, denying, or
215 granting with conditions an application for a development permit. This term shall include orders
216 rezoning a specific parcel of land, but shall not include actions on an amendment to the local
217 Comprehensive Plan.
218

219 4. DEVELOPMENT PERMIT.
220

221 a. Any building permit, zoning permit, subdivision approval, certification, special exception,
222 variance, or any other similar action of the city; or
223

224 b. Any other permit authorized to be issued by the city under state law which has the effect of
225 authorizing the development of land, including programs implementing F.S. Chapters 125,
226 161, 163, 166, 187, 258, 372, 373, 378, and 403.
227

228 5. OWNER. A person with a legal or equitable interest in real property who filed an application for
229 a development permit for the real property with the city and who received a development
230 order, or who holds title to real property that is subject to an enforcement action by the city.

- 6. PARTICIPANT.
 - a. A person with a legal or equitable interest in land contiguous to the owner's property and who has been accepted by the Special Magistrate as a participant in the proceeding; or
 - b. A substantially affected person who submitted oral or written testimony, sworn or unsworn, of a substantial nature which stated with particularity support for or objections to the development order or enforcement action in a prior proceeding, including a public hearing, and who has been accepted by the Special Magistrate as a participant in the proceeding.
 - 7. PARTY or PARTIES. The owner, the city, and any other governmental entity made a party to the proceeding by the Special Magistrate.
 - 8. PERSON. Individuals, firms, associations, joint ventures, partnerships, estates, trusts, business trusts, syndicates, fiduciaries, corporations, and all other groups or combinations.
 - 9. RIPENESS DECISION. A written decision that describes the use or uses available on the subject real property.
 - 10. SPECIAL MAGISTRATE PROCEEDING. Any combination of facilitation sessions, formal or informal hearings, of a public nature authorized under the Florida Land Use and Environmental Dispute Resolution Act.
- C. Pre-hearing procedures.
- 1. Unless the parties agree in writing to extend the time for performing any act under these guidelines, including the overall 165-day time period, a Special Magistrate proceeding may not continue longer than 165 days from the date the owner files the request for relief.
 - 2. Any copy which must be furnished to the Special Magistrate, a party or a participant may be sent by regular mail, postage prepaid, or by hand delivery to the recipient's last known address. The burden of proving a copy has been furnished is on the person responsible for furnishing it.
 - 3. Except for, an owner's request for relief, any document which must be submitted or any copy which must be furnished, may be submitted or furnished by facsimile transmission. Facsimile documents shall be deemed submitted or furnished on the date transmitted as shown on the recipient's copy, if the copy is complete.
 - 4. Filing means that the signed original must be received by the office that is to receive the document by the date specified. Any document received after 5:00 p.m. shall be deemed filed as of 8:00 a.m. the next regular business day.
- D. Standards of conduct.

CITY OF CAPE CORAL, FLORIDA
LAND DEVELOPMENT CODE
ARTICLE 13 - REASONABLE ACCOMMODATION & DISPUTE RESOLUTION

- 276 1. The Special Magistrate holds a position of trust and should adhere to the highest standards of
277 personal integrity, impartiality, and competence. The Special Magistrate should be honest and
278 unbiased, act in good faith, be diligent, and avoid any conflict of interest or the appearance of a
279 conflict of interest. The Special Magistrate should disclose any facts or circumstances that may
280 give rise to justifiable doubts as to impartiality or independence.
281
- 282 2. The standards of conduct for parties and participants may be adopted by the City Council by
283 resolution and shall govern the proceedings unless waived or altered in the Special Magistrate
284 contract.
285
- 286 E. Administrative appeals and judicial review.
287
- 288 1. A petition by the owner for judicial review of the development order or enforcement action or a
289 formal administrative hearing pursuant to F.S. §§ 120.569 and 120.57, if applicable, shall waive
290 all rights to a Special Magistrate proceeding.
291
- 292 2. A request for relief through a Special Magistrate proceeding shall toll the time for filing a
293 petition for judicial review of the development order or enforcement action, or a formal
294 administrative hearing pursuant to F.S. §§ 120.569 and 120.57, if applicable.
295
- 296 3. Invoking the procedures for a Special Magistrate proceeding is not a pre-condition for judicial
297 review of the development order or enforcement action or a formal administrative hearing
298 pursuant to F.S. §§ 120.569 and 120.57.
299
- 300 F. Pre-initiation meeting. Prior to filing a formal request for relief under this ordinance, the owner may
301 request by letter an informal meeting with the City Manager to discuss alternatives to the filing of
302 the Special Magistrate proceeding. The City Manager shall conduct such a meeting as expeditiously
303 as possible and shall include technical staff familiar with the regulations at issue.
304
- 305 G. Request for relief. Any owner who believes a development order or an enforcement action by the
306 city is unreasonable or unfairly burdens the use of the owner's real property may file a request for
307 relief in accordance with the requirements of this ordinance. Request for relief forms shall be
308 maintained by the City Department of Community Development and shall be available during
309 business hours to members of the public.
310
- 311 H. Time for filing. A request for relief must be filed within 30 days after:
312
- 313 1. Receipt of the development order or enforcement action; or
314
- 315 2. If a city administrative appeal is available in the case of a particular development order or
316 enforcement action, the later of the conclusion of such administrative appeal or the expiration
317 of four months after the initiation of such appeal. Before initiating a Special Magistrate
318 proceeding to review a city development order or enforcement action, the owner must exhaust
319 all nonjudicial city administrative appeals so long as such appeals take no longer than four
320 months. Once nonjudicial local administrative appeals have been exhausted and the
321 development order or enforcement action is final, or, if the owner has pursued administrative

**CITY OF CAPE CORAL, FLORIDA
LAND DEVELOPMENT CODE
ARTICLE 13 - REASONABLE ACCOMMODATION & DISPUTE RESOLUTION**

322 appeals, within four months after issuance of the development order or notice of the
323 enforcement action by the city (even if the appeals have not been concluded), the owner may
324 file a request for relief pursuant to this section.
325

326 I. Requirements. The request for relief must contain the following:

- 327
- 328 1. A brief statement of the owner's proposed use of the property;
 - 329
 - 330 2. A summary of the development order or description of the enforcement action. In addition, a
331 copy of the development order or documentation of the enforcement action must be attached;
332
 - 333 3. A brief statement of the impact of the development order or enforcement action on the ability
334 of the owner to achieve the proposed use of the property;
 - 335
 - 336 4. The signature of the owner or, if the owner is a corporation, partnership, or other organization,
337 the signature of a responsible official, and the mailing address and telephone number at which
338 the owner may be reached;
 - 339
 - 340 5. A statement regarding whether any local administrative appeal is available and, if so, whether
341 and when it was commenced by the owner and, if completed, the date of completion; and
342
 - 343 6. A certificate of service identifying the persons, if any, who have been furnished with copies of
344 the request for relief.

345

346 J. Filing of request for relief.

- 347
- 348 1. To initiate a Special Magistrate proceeding, an owner must file a signed original and one copy of
349 a request for relief with the Community Development Department. No fee shall be charged by
350 the city for the filing of a request for relief. However, the owner shall be solely responsible for
351 the cost of preparing the original and one copy of the request for relief.
352
 - 353 2. Within ten days of receipt by the city of the request for relief filed as provided herein, the City
354 shall forward the original request for relief to a Special Magistrate selected in accordance with
355 this ordinance. This time period may be extended only by agreement of the parties.
356

357 K. Notice of filing.

- 358
- 359 1. Concurrently with the forwarding of the request for relief to the Special Magistrate, the city
360 shall serve, by U.S. Mail or hand delivery, a notice of the filing of the request for relief to the
361 following:
362
 - 363 a. Owners of real property contiguous to the applicant's property at the address shown on the
364 latest Lee County tax roll; and
 - 365 b. Any substantially affected person who submitted oral or written testimony of a substantive
366 nature which stated with particularity an objection to or support for any development order
367

CITY OF CAPE CORAL, FLORIDA
LAND DEVELOPMENT CODE
ARTICLE 13 - REASONABLE ACCOMMODATION & DISPUTE RESOLUTION

368 or enforcement action at issue. However, notice under this paragraph is required to be
369 provided to such a substantially affected person only if that person requested in writing or
370 at a public hearing expressed a desire to be placed on a mailing list to receive notice of any
371 subsequent proceeding on the development order or enforcement action at issue. The city
372 shall maintain in its files relating to particular development orders a mailing list of persons
373 who have presented oral or written testimony and who have requested notice.
374

- 375 2. The notice of the filing of the request for relief need not contain any attachments or supporting
376 documentation which may have accompanied the request for relief. However, in lieu of
377 providing a complete copy of the request for relief, the notice of filing shall contain any
378 information necessary for the recipient to secure a complete copy of the request for relief. The
379 cost of preparing and serving copies of the request for relief on qualifying participants shall be
380 borne equally by the parties.
381
- 382 3. Any failure to notice potential participants shall be cured by posting of notice of the Special
383 Magistrate proceeding in a location established by the City Council for that purpose.
384

385 L. Special Magistrate.
386

- 387 1. Qualifications and restrictions. A Special Magistrate need not be a lawyer or a mediator certified
388 by the Florida Supreme Court. However, in order to serve as a Special Magistrate in a
389 proceeding pursuant to this ordinance, a person must:
390
- 391 a. Be a resident of the State of Florida;
 - 392 b. Possess experience and expertise in mediation; and
 - 393 c. Possess experience and expertise in at least one of the following disciplines and a working
394 familiarity with the others:
 - 395 i. Land use and environmental permitting;
 - 396 ii. Land planning;
 - 397 iii. Land economics; and
 - 398 iv. Local and state government organization and powers, and the law governing the same.

400 2. Special Magistrate selection.
401

- 402 a. The City Council shall at least annually recruit qualified persons to serve as Special
403 Magistrates and shall, on an annual basis, appoint at least three qualified persons to serve
404 as "pre-approved" Special Magistrates.
405
- 406 b. The city shall include in the request for relief form provided to the owner a pre-approved list
407 of Special Magistrates and instructions for objecting to any person named on the list.
408
- 409 c. The parties may mutually agree on a Special Magistrate. In instances in which the city has
410 been joined by a Special Magistrate pursuant to subsection (11) of the Act, the city shall not
411 unreasonably refuse to abide by the choice of a Special Magistrate by the original parties.

3. Selection from pre-approved list.

- a. The Special Magistrate may be selected from the list(s) of approved Special Magistrates provided with the request for relief form. If an owner objects to any of the Special Magistrates on the list(s), the owner shall state such objection in the owner's request for relief. If an owner does not object to a Special Magistrate in the owner's request for relief, then those Special Magistrates to whom no objection was raised by the owner shall be deemed to be acceptable to the owner. The city shall then select one of the pre-approved Special Magistrates, at random, to be the Special Magistrate to consider the requests for relief.
- b. In the event an owner objects to all of the persons on the approved Special Magistrate list, the city shall be allowed additional time to secure a mutually acceptable Special Magistrate.
- c. If the parties are unable to agree on the selection of a Special Magistrate, then the following procedure shall apply:
 - i. Each party may select one person qualified as a Special Magistrate who, together, shall then select a candidate. If the parties cannot agree on that candidate, the Special Magistrate shall be randomly selected by the Florida Growth Management Conflict Resolution Consortium from a list of qualified candidates maintained by them for that purpose; or
 - ii. If the parties prefer not to follow the procedure delineated in subsection (f)(3)c.1. above, then the Special Magistrate shall be randomly selected by the Florida Growth Management Conflict Resolution Consortium from a list of qualified candidates maintained by them for that purpose.

M. Special Magistrate agreement.

- 1. Following the selection of a Special Magistrate, the parties shall enter into an agreement with the Special Magistrate which provides for the following:
 - a. Agreement by the Special Magistrate that he or she would not be called as an expert witness in any related subsequent or concurrent judicial proceeding;
 - b. Agreement by the parties that the Special Magistrate's recommendation and related materials are inadmissible in any related subsequent or concurrent judicial proceeding except to the extent that a certificate of completion of the process will be available to certify that the Special Magistrate process has been completed;
 - c. The Special Magistrate may not be called to appear before the City Council or any administrative or judicial tribunal with respect to the written recommendation or any aspect of the proceeding, nor may the Special Magistrate voluntarily furnish notes or other related material;

**CITY OF CAPE CORAL, FLORIDA
LAND DEVELOPMENT CODE
ARTICLE 13 - REASONABLE ACCOMMODATION & DISPUTE RESOLUTION**

- 459 d. The Special Magistrate may require in any agreement that the parties, where not otherwise
460 prohibited by law, provide a deposit of funds to secure payment of the Special Magistrate's
461 fees and expenses;
462
- 463 e. Payment of costs, including, but not limited to the costs of providing notice and effecting
464 service, and payment of fees and expenses for the Special Magistrate;
465
- 466 f. Establish rules for the conduct of the proceeding, including but not limited to standards of
467 conduct for the Special Magistrate, parties, and participants, and the enforceability of
468 subpoenas in circuit court;
469
- 470 g. Identify factual issues to be addressed in the proceeding or specify procedures for resolving
471 factual issues, including, but not limited to, stipulation;
472
- 473 h. Provide for the exchange of information by the parties prior to the mediation or hearing;
474
- 475 i. Identify participants known to the parties who should be notified of the proceeding;
476
- 477 j. Provide whether the time for performance of any act is varied; and
478
- 479 k. Address such other issues as the parties may decide will assist in settlement of the dispute.
480
- 481 N. Conduct of the Special Magistrate proceeding.
482
- 483 1. Request to participate in proceedings. Within 21 days after receipt of the request for relief, any
484 owner of land contiguous to the owner's property and any substantially affected person who
485 submitted oral or written testimony, sworn or unsworn, of a substantive nature which stated
486 with particularity objections to or support for the development order or enforcement action at
487 issue may request from the Special Magistrate permission to participate in the proceeding. Such
488 persons may be permitted to participate in the hearing to the extent allowed under the Act.
489
- 490 2. Filing of response.
491
- 492 a. No more than 15 days after the filing of a request for relief, the City shall file a response to
493 the request for relief on behalf of the city. A copy shall be furnished to the owner and any
494 person who has requested to participate in the proceeding. The cost of preparing and filing
495 the response to the request for relief shall be borne by the city.
496
- 497 b. The response to the request for relief shall set forth in reasonable detail the position of the
498 city regarding the matters raised by the owner. The response shall include a brief statement
499 explaining the public purpose of the regulations on which the development order or
500 enforcement action is based.
501
- 502 3. Sufficiency hearing; request to be dropped as a party.
503

CITY OF CAPE CORAL, FLORIDA
LAND DEVELOPMENT CODE
ARTICLE 13 - REASONABLE ACCOMMODATION & DISPUTE RESOLUTION

- 504 a. The response to the request for relief may include a request that the Special Magistrate
505 dismiss the owner's request for relief for any failure to include the information required in
506 subsection .7 above. The Special Magistrate may conduct a hearing on the issue of such
507 dismissal of the request for relief. If the Special Magistrate dismisses the owner's request for
508 relief, the Special Magistrate shall allow the owner a reasonable time within which to file an
509 amended request for relief. Failure to file an adequate amended request for relief within the
510 time specified by the Special Magistrate shall result in a dismissal with prejudice as to this
511 proceeding.
512
- 513 b. Any party may request, in its response or otherwise, to be dropped from the proceeding.
514 The request must set forth facts and circumstances to aid the Special Magistrate in deciding
515 the request. The Special Magistrate may conduct a hearing at any time on any request to be
516 dropped as a party. All such requests must be disposed of prior to a hearing on the
517 substance of the owner's request for relief. If the Special Magistrate denies a party's request
518 to be dropped, that party shall participate in the proceeding.
519
- 520 O. Notice and timing of Special Magistrate proceeding.
521
- 522 1. As required under the Act, the Special Magistrate shall timely convene a Special Magistrate
523 proceeding on the request for relief.
524
- 525 2. The Special Magistrate's expenses in providing notice shall be borne equally by the parties
526 unless otherwise established in the Special Magistrate agreement.
527
- 528 3. Notice to all parties and other persons who have requested such notice shall contain a reference
529 number and date of filing of the request for relief and instructions for obtaining further
530 information regarding the request for relief.
531
- 532 P. Subpoena powers of the Special Magistrate.
533
- 534 1. A subpoena issued by a Special Magistrate may require the witness to bring a document or
535 thing.
536
- 537 2. A party requesting the subpoena of a nonparty witness shall make such request in writing to the
538 Special Magistrate.
539
- 540 3. The Special Magistrate shall only subpoena a witness that the Special Magistrate believes will
541 aid in the disposition of the matter.
542
- 543 4. Parties subpoenaing witnesses shall be responsible for paying fees and mileage in the amount as
544 provided under Florida law for witnesses in civil cases.
545
- 546 5. The Special Magistrate shall provide notice of any witnesses subpoenaed to any party
547 requesting such notice.
548

CITY OF CAPE CORAL, FLORIDA
LAND DEVELOPMENT CODE
ARTICLE 13 - REASONABLE ACCOMMODATION & DISPUTE RESOLUTION

- 549 6. Service of subpoenas shall be made in the manner provided by the Florida Rules of Civil
550 Procedure.
551
- 552 7. The witnesses of either party that are present for the hearing or are on standby or available on
553 call are not to be excused by either party without the concurrence of the other party or of the
554 Special Magistrate.
555
- 556 Q. Special Magistrate proceedings.
557
- 558 1. Consolidation.
559
- 560 a. Separate matters which involve similar issues or identical parties may be consolidated if the
561 parties agree and it appears that consolidation would promote the speedy, efficient, and
562 inexpensive resolution of the matters.
563
- 564 b. If such separate matters are pending before different Special Magistrates, the parties may
565 decide which Special Magistrate will conduct the consolidated proceeding. If the parties
566 cannot agree on one or more Special Magistrates to conduct the proceeding, the
567 proceedings shall not be consolidated.
568
- 569 2. Conduct of the proceeding.
570
- 571 a. A party or participant may be represented by an attorney or other person at any phase of
572 the proceeding, but such representation is not required.
573
- 574 b. At the mediation, each party shall be represented by a person with authority to bind that
575 party to a settlement, or to recommend a settlement directly to the persons with authority
576 to bind the party. The Special Magistrate may ask a representative to provide assurances of
577 such authority.
578
- 579 3. Order of the proceeding.
580
- 581 a. In keeping with the overriding intent of the Legislature that the Special Magistrate
582 proceeding be a flexible, problem-solving procedure which results in a voluntary settlement,
583 the Special Magistrate may conduct the phases of the proceeding in any sequence and on
584 separate days.
585
- 586 b. The proceeding shall be open to the public and shall be held in a location accessible to the
587 public, including the physically handicapped.
588
- 589 c. The proceeding shall be conducted under the direction and supervision of the Special
590 Magistrate. The Special Magistrate shall determine the order of presentation of issues and
591 information unless otherwise set forth in the Special Magistrate agreement. The Special
592 Magistrate shall decide questions of procedure in a manner which provides reasonable due
593 process.
594

CITY OF CAPE CORAL, FLORIDA
LAND DEVELOPMENT CODE
ARTICLE 13 - REASONABLE ACCOMMODATION & DISPUTE RESOLUTION

- 595 d. Prior to any other portion of the proceeding, the Special Magistrate shall conduct a hearing
596 on any request to dismiss the request for relief.
597
- 598 e. At any time after commencement of the information-gathering hearing, the Special
599 Magistrate may recess the hearing to recommence mediation and facilitation.
600
- 601 f. After the hearing, the Special Magistrate may re-convene the parties to present a written
602 recommendation, in draft or final form, and seek to re-commence negotiations.
603
- 604 4. Mediation phase.
605
- 606 a. The Special Magistrate's first responsibility is to facilitate a resolution of the dispute and
607 arrive at a settlement acceptable to the parties. It may involve a modification of the owner's
608 proposed use of the property or adjustment in the development order or enforcement
609 action or regulatory efforts by one or more of the governmental parties.
610
- 611 b. The Special Magistrate shall, among other things, suggest alternatives, analyze issues,
612 question perceptions, use logic, stimulate and facilitate negotiations between the parties,
613 and keep order. The Special Magistrate at all times shall promote conciliation, cooperation,
614 compromise, and settlement of the dispute within the bounds established by law.
615
- 616 c. As alternatives, if variances, and other types of adjustments to the development order or
617 enforcement action are presented, the Special Magistrate shall afford participants an
618 opportunity to address the impacts of such alternatives on their substantial interests.
619
- 620 d. At any time after commencement of the presentation of evidence in the hearing, the Special
621 Magistrate may recess the hearing and presentation of evidence to recommence a
622 facilitation session.
623
- 624 5. Information-gathering hearing.
625
- 626 a. Within five days of receipt of the request for relief, the Special Magistrate shall provide
627 written notice of the place, date, and time of the hearing to all parties, and to all person
628 who have requested such notice. The hearing must be held within 45 days of the Special
629 Magistrate's receipt of the request for relief. The parties may agree to extend the date for
630 the hearing.
631
- 632 b. The hearing must be held in the City of Cape Coral. The Special Magistrate's decision on the
633 specific place of the mediation and hearing shall be final.
634
- 635 c. The Special Magistrate shall hear from anyone with information necessary to understand
636 the matter. The Special Magistrate may question anyone presenting information at the
637 hearing, but will give all parties an opportunity for follow-up questions.
638
- 639 d. The Special Magistrate shall weigh all information offered at the hearing. Information shall
640 not be subject to the rules of evidence, but the criteria for determining and the

**CITY OF CAPE CORAL, FLORIDA
LAND DEVELOPMENT CODE
ARTICLE 13 - REASONABLE ACCOMMODATION & DISPUTE RESOLUTION**

- 641 determination of verification and authentication are within the Special Magistrate's
642 discretion.
- 643
- 644 e. At any time, the Special Magistrate may require any party to provide additional information
645 in the interest of gaining a complete understanding of the request for relief.
- 646
- 647 f. Each party may record the hearing at its own expense. The Special Magistrate may record
648 the hearing to assist in preparing a recommendation as required by § 8.13.11. If the Special
649 Magistrate makes such a recording, it will be forwarded to the city with the
650 recommendation, but will be subject to the restrictions on information contained in §
651 8.13.10H.
- 652
- 653 g. Any documents or tangible materials presented to the Special Magistrate at hearing shall be
654 submitted to the Mayor of the Cape Coral City Council with the Special Magistrate's
655 recommendation. Any notes or drafts produced by the Special Magistrate and not intended
656 to record information in a permanent form shall remain the property of the Special
657 Magistrate.
- 658
- 659 h. If a party fails to appear at the hearing after notice, the Special Magistrate may proceed
660 without that party or may adjourn the hearing to another day, giving notice to the absent
661 party.
- 662
- 663 i. Information may be given and parties, participants, or their representatives may participate
664 by telephone, videotape, or other communications medium unless otherwise agreed in a
665 Special Magistrate agreement.
- 666
- 667 6. Witnesses and materials.
- 668
- 669 a. Each party must assure attendance at the hearing by those persons qualified by training or
670 experience to address issues raised by the request for relief, by the response, or by the
671 Special Magistrate, or to address alternatives, variances, and other types of modifications to
672 the development order or enforcement action.
- 673
- 674 b. The Special Magistrate may issue a subpoena for any nonparty witness in the state who will
675 aid in the disposition of the matter. A subpoena issued by a Special Magistrate may require
676 the witness to bring a specified document or thing.
- 677
- 678 c. The Special Magistrate may require and receive documents and other tangible materials
679 from any party or participant. All parties and participants shall have the opportunity to
680 examine and respond to such submissions.
- 681
- 682 d. The Special Magistrate may weight the credibility of witnesses.
- 683
- 684 e. Although an attorney is not required, any person compelled to appear or furnish documents
685 or tangible materials, or who appears voluntarily, may be represented and advised by legal
686 counsel at his or her own expense.

CITY OF CAPE CORAL, FLORIDA
LAND DEVELOPMENT CODE
ARTICLE 13 - REASONABLE ACCOMMODATION & DISPUTE RESOLUTION

- 687 7. Access to the property.
688
689 a. A request for relief constitutes a consent by the owner for the Special Magistrate and
690 parties or representatives to have reasonable access to the owner's land.
691
692 b. The owner may grant access to the land to participants.
693
- 694 8. Offer to compromise.
695
696 a. As provided by law:
697
698 i. All actions or statements of the Special Magistrate, the parties, and all participants are
699 evidence of an offer to compromise and are inadmissible in any judicial or
700 administrative proceeding.
701 ii. The proceeding may not be made known by a party or participant to any judicial or
702 administrative tribunal, or be construed for any purpose as an admission against
703 interest.
704
705 b. A party or participant is not bound by anything said or done during the proceeding unless a
706 written settlement is reached, in which case only the terms of the written settlement shall
707 be binding.
708
709 c. The Special Magistrate may not be called to appear before the City Council with respect to
710 any aspect of the proceeding, nor may the Special Magistrate be compelled to furnish notes
711 or drafts.
712
- 713 R. Settlement.
714
715 1. The owner and the city may enter into a settlement agreement or other agreement as to the
716 permissible use of the owner's land prior to the Special Magistrate filing a recommendation
717 under § 8.13.11.
718
719 2. A settlement agreement or other agreement as to the permissible use of the owner's land may
720 be executed subject to approval by the City Council. Any such agreement will not bind any party
721 until duly approved and executed by all parties to the agreement.
722
- 723 S. Post-hearing procedures.
724
725 1. Special Magistrate's recommendation.
726
727 a. The Special Magistrate shall file a recommendation with the Mayor within 14 days after the
728 conclusion of the hearing. The Special Magistrate shall also furnish a copy of the
729 recommendation to all parties and participants.
730

CITY OF CAPE CORAL, FLORIDA
LAND DEVELOPMENT CODE
ARTICLE 13 - REASONABLE ACCOMMODATION & DISPUTE RESOLUTION

- 731 b. If a settlement agreement or other agreement as to the permissible use of the owner's land
732 is executed prior to the Special Magistrate's recommendation, the recommendation shall
733 only:
- 734 i. Set forth the date and location of the hearing;
- 735 ii. Identify the parties and other participants in attendance at the hearing;
- 736 iii. Record, without comment, the fact that a settlement agreement or other agreement as
737 to the permissible use of the owner's land has been executed; and
- 738 iv. Include as an attachment an executed copy of the settlement agreement or other
739 agreement as to the permissible use of the owner's property.
- 740
- 741
- 742 c. If a settlement agreement or other agreement as to the permissible use of the owner's land
743 is not executed prior to the filing of the Special Magistrate's recommendation, the Special
744 Magistrate will consider the facts and circumstances set forth in the request for relief, any
745 responses, and any other information produced at the hearing to determine whether the
746 development order or enforcement action, by itself or in conjunction with an action of the
747 city or another governmental entity, is unreasonable or unfairly burdens the owner's land.
- 748
- 749 d. In making a determination, factors the Special Magistrate may consider include the
750 following:
- 751 i. The history of the land, including when it was purchased, how much was purchased,
752 where it is located, the nature of the title, the composition of the property, and how it
753 was previously used;
- 754 ii. The history of development and use of the land, including what was developed and by
755 whom, if it was subdivided and how and to whom it was sold, whether plats were filed
756 or recorded, and whether infrastructure and other public services or improvements may
757 have been dedicated to the public;
- 758 iii. The history of relevant environmental protection and land use controls and other
759 regulations, including how and whether the land was classified, any uses that may have
760 been proscribed, and what changes in classifications have occurred;
- 761 iv. The present nature and extent of the land, including natural and altered characteristics;
- 762 v. The reasonable expectations of the owner at the time of acquisition or immediately
763 prior to the implementation of the regulation at issue, whichever is later, under the
764 regulations then in effect and under common law;
- 765 vi. The public purpose sought to be achieved by the development order or enforcement
766 action, including the nature and magnitude of the problem addressed by the underlying
767 regulations on which the development order or enforcement action is based; whether
768 the development order or enforcement action is necessary to the achievement of the
769 public purpose; and whether alternative development order or enforcement action
770 conditions would achieve the public purpose and allow for reduced restrictions on the
771 use of the owner's land;
- 772 vii. Uses authorized for and restrictions placed on similar property, including adjacent lands;
773 and
774 and
775

CITY OF CAPE CORAL, FLORIDA
LAND DEVELOPMENT CODE
ARTICLE 13 - REASONABLE ACCOMMODATION & DISPUTE RESOLUTION

- 776 viii. Any other information determined to be relevant by the Special Magistrate or agreed by
777 the parties to be addressed by the Special Magistrate.
778
- 779 e. The Special Magistrate shall utilize his or her expertise in formulating a recommendation
780 and, in applying this expertise, shall rely upon the sort of information. that a reasonable,
781 prudent person would rely on in the conduct of his or her affairs.
782
- 783 f. If the Special Magistrate determines the development order or enforcement action, by itself
784 or in conjunction with another action of the city or another governmental entity; is
785 reasonable and does not unfairly burden the owner's land, the Special Magistrate shall
786 recommend that the development order or enforcement action remain undisturbed.
787
- 788 g. If the Special Magistrate determines the development order or enforcement action, by itself
789 or in conjunction with another action of the city or another governmental entity, is
790 unreasonable or unfairly burdens the owner's property; the Special Magistrate shall
791 recommend one or more alternative actions that protect the public interest served by the
792 regulations at issue but allow for reduced restraints on the use of the owner's real property.
793 The alternatives may include the following:
794
- 795 i. An adjustment of land development or permit standards or conditions controlling the
796 development or use of the owner's land;
797 ii. Increases or modifications in the density, intensity, or use of areas of development;
798 iii. The transfer of development rights;
799 iv. Land swaps or exchanges;
800 v. Mitigation, including payments in lieu of on-site mitigation;
801 vi. Location of the development or use at issue on the least sensitive portion of the
802 property;
803 vii. Conditioning the amount of development or use permitted on the owner's land;
804 viii. A requirement that issues be addressed on a more comprehensive basis than a single
805 proposed use or development;
806 ix. Issuance of the development order, a variance, special exception, or other extraordinary
807 relief, including withdrawal of the enforcement action;
808 x. Purchase of the owner's land, or an interest in it, by the city or another governmental
809 entity; and
810 xi. If an apportionment of responsibility among governmental entities is necessary, the
811 Special Magistrate shall make such apportionment.
812
- 813 h. The Special Magistrate shall furnish a copy of the written recommendation to the Florida
814 Department of Legal Affairs.
815
- 816 i. The Special Magistrate's recommendation is a public record. A copy shall be available for
817 public inspection and copying at the City Clerk's office.
818
- 819 T. Effect of Special Magistrate's recommendation.
820

CITY OF CAPE CORAL, FLORIDA
LAND DEVELOPMENT CODE
ARTICLE 13 - REASONABLE ACCOMMODATION & DISPUTE RESOLUTION

- 821 1. The Special Magistrate's recommendation is advisory and not binding on the owner or the City
822 Council.
- 823
- 824 2. A Special Magistrate's recommendation constitutes data which shall be considered with respect
825 to any pertinent amendment to the Comprehensive Plan.
- 826
- 827 3. A Special Magistrate's determination that the development order or enforcement action, by
828 itself or in conjunction with actions of the city or another governmental entity, is unreasonable
829 or unfairly burdens the owner's land may serve as an indication of sufficient hardship to support
830 modifications, variances, or special exception to the application of statutes, rules, regulations, or
831 ordinances to the subject property as otherwise authorized by applicable rules and regulations.
- 832
- 833 U. Disposition of Special Magistrate's recommendation.
- 834
- 835 1. Within 45 days of receipt of the Special Magistrate's recommendation, the City Council shall:
- 836
- 837 a. Accept the recommendation as submitted and implement it in the ordinary course and
838 consistent with all other rules and regulations;
- 839
- 840 b. Modify the recommendation as submitted and implement it in the ordinary course and
841 consistent with all other rules and regulations; and
- 842
- 843 c. Reject the recommendation as submitted. Failure to act within 45 days of receipt of the
844 recommendation shall be deemed a rejection, unless the owner and the city agree to an
845 extension of time.
- 846
- 847 2. If the City Council adopts a recommendation to grant a modification, variance, or special
848 exception to the application of ordinances or regulations as they otherwise would apply to the
849 land, the owner shall not be required to duplicate processes in which the owner previously has
850 participated in order to effectuate the modification, variance, or special exception.
- 851
- 852 3. If the Special Magistrate recommends relief or other action in conjunction with another
853 governmental entity, the City Manager and/or his or her designee shall confer with appropriate
854 staff from the other entities to review the recommendation and determine whether a joint staff
855 recommendation can be made to the heads of the respective governmental entities.
- 856
- 857 4. Within 15 days after final action on the Special Magistrate's recommendation by the City
858 Council, the City Clerk shall send a copy of the order or other document memorializing final
859 action to the Florida Department of Legal Affairs.
- 860
- 861 5. Within ten days of final action on the recommendation, the owner shall notify the City Manager
862 in writing whether the owner accepts the decision on the recommendation.
- 863
- 864 6. If the City Council accepts the recommendation or modifies it and the owner rejects the
865 acceptance or modification, or if the City Council rejects the recommendation, the City Council
866 shall issue a written decision that describes as specifically as possible the use or uses available

CITY OF CAPE CORAL, FLORIDA
LAND DEVELOPMENT CODE
ARTICLE 13 - REASONABLE ACCOMMODATION & DISPUTE RESOLUTION

- 867 on the owner's land. The decision shall be issued within 30 days of final action on the
868 recommendation.
- 869
- 870 7. After the City Council has acted on the Special Magistrate's recommendation and a written
871 decision has been issued describing the use or uses available on the owner's land, or if the City
872 Council has not acted within 45 days, the owner may seek a formal adjudication on the
873 development order or enforcement action as otherwise authorized by law.
874

ORDINANCE 17-19

Cape Coral City Council

July 22, 2019

Background

- Process began in 2015 to revise the Land Use and Development Regulations and replace with a new Land Development Code
- Planning and Zoning Commission Workshops began in May 2018
- Comprehensive Plan Text Amendments and Future Land Use Amendment to implement the code began in 2018 and were adopted in early 2019
- Rezoning of the City to reflect new zoning districts presented to HEX January 2019 and June 2019

Adoption Dates

- **Ordinance 71-18 (Comp Plan Text Amendments): February 4, 2019**
- **Ordinance 2-19 (Future Land Use Map Amendments): April 1, 2019**
- **Ordinance 19-19 (Seven Islands Rezone): May 6, 2019**
- **Ordinance 23-19 (Downtown Mixed Text Amendment): To be presented later today July 22, 2019**

LAND DEVELOPMENT CODE SUBSTANTIAL CHANGES

More Administrative Approvals

- **Current land uses or approvals requiring public hearings include:**
 - *Model Homes*
 - *Deviations for specified marine improvements*
 - *Minor deviations for landscaping*
 - *Any dimensional variance*
- **The LDC will permit administrative approval of these and others – with standards**
- **Goal is fair and consistent decision making. Less time and cost to applicants without sacrificing community standards**

Planned Unit Developments (PUDs) to replace PDPs

- The LDC adds Planned Unit Developments (PUDs) to replace Planned Development Projects (PDPs)
- Many PDPs became a procedural requirement rather than a substantive review. Any change to a PDP requires a new public hearing process
- PUDs are a development entitlement and a zoning district tailored to a specific project
- A PUD includes a Master Concept Plan that identifies uses, access points, landscape buffers, building locations, height, etc. The PUD rezone is approved by Council. Subsequent approvals and minor changes are administrative

Updated Regulations

- More use of graphics and tables
- Refine and modernize parking regulations
- Nonconforming use & structure regulations – more flexibility for changes
- Fewer Special Exceptions
- Specific use regulations for certain uses not previously included – outdoor dining, etc.

B. No lot, even though it may consist of one or more adjacent lots of record, shall be reduced in area so that lot area, yards, width or other dimension and area regulations of this ordinance are not maintained. This provision shall not apply when a portion of a lot is acquired for public purpose.
(Ord. 66-91, 8-26-1991; Ord. 91-05, 11-14-2005; Ord. 102-08, 10-6-2008)

§ 3.9 Fences, shrubbery, walls.

.1 Residential Zoning Districts.

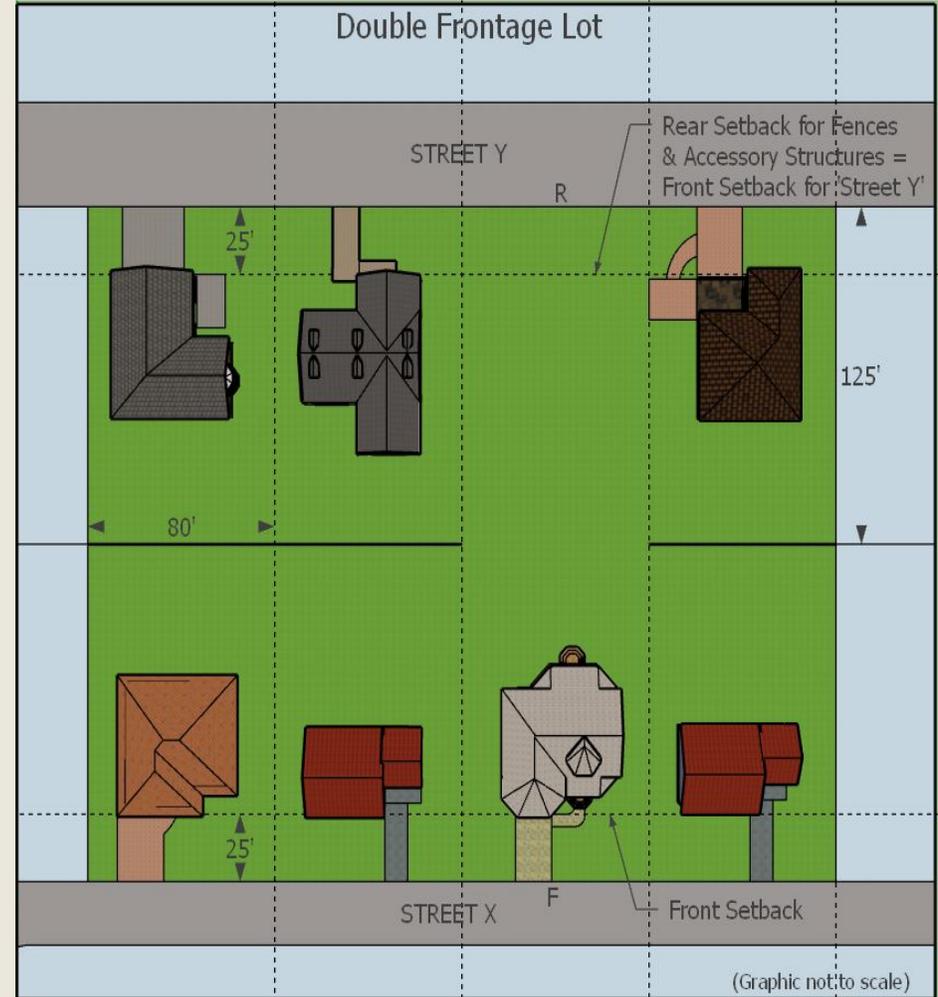

A. A fence shall not be constructed on unimproved property.
B. No fence shall be maintained at a height greater than six feet, and no wall or fence shall be erected or placed within the front setback lines of any residential lot, except as follows:
(Ord. 20-98, 4-6-1998; Ord. 48-98, 8-24-1998; Ord. 80-04, 7-19-2004)

1. A fence in a residential zone may be maintained at a height greater than otherwise allowed herein if a higher fence height is required by the city for the purpose of screening a special exception use.
(Ord. 1-97, 2-10-1997; Ord 20-98, 4-6-1998)

2. If a parcel located in a residential zone is used for residential purposes, and abuts a property which is used for commercial or professional purposes, a fence may be maintained at a height up to eight feet along the side(s) of the property which abut(s) the property or properties containing commercial or professional uses. For purposes of this section, a property shall be deemed to abut another property if the two properties are either immediately adjacent to each other or separated only by an alley. Properties which are separated by a street, canal, lake, or other body of water shall not be deemed to be abutting properties.
(Ord. 1-97, 2-10-1997)

3. Fencing for recreational facilities may be increased in height to ten feet. Such fencing must immediately enclose the recreational facility. Hooded backstops for diamond sports may be increased to a maximum height of 28 feet. For sports other than diamond sports, backstops may be increased to a height of 12 feet. All fencing at recreational facilities must be constructed of at least nine gauge fence fabric and schedule 40 tubing.

4. Fencing for critical public utilities infrastructure, including but not limited to water and wastewater facilities and electric and natural gas facilities, which may enclose either an entire site or only an area containing equipment, may be maintained at a height of eight feet. Barbed wire, spire tips, or sharp objects are permitted on the top of fencing around critical infrastructure sites or equipment, however, the height of the fencing together with any barbed wire, spire tips, or sharp objects may not exceed eight feet, and only the top two feet may contain barbed wire, spire tips, or sharp objects. No other barbed wire, spire tips, or sharp objects shall be erected in residential zones. Further, no electrically charged fences shall be erected in residential zones.

Consolidation, elimination, and renaming of zoning districts

- Similar single-family districts (R-1A, R-1B, RD) combined in new R-1
- Two multi-family districts (RML & RMM) to replace R-3
- New zoning districts for Bimini Basin and Seven Islands
- Seldom used districts eliminated (C-3, P-2, RX, HICl, VILL)
- Districts renamed (e.g., C-1 to C) to distinguish old vs. new code

Staff Recommendation

- **Staff recommends approval of Ordinance 17-19**
- **The Planning and Zoning Commission voted unanimously to recommend approval of Ordinance 17-19 on June 5, 2019**

New Legislation

House Bills 7103 & 1159

HB 1159 - Allows owners to remove dead, diseased, or dying trees without notice to local jurisdictions. No permits required.

HB 7103 – Several changes for permit processing:

- **Completeness and sufficiency review in 30 days.**
- **Written notice of deficiencies to applicant**
- **Once complete/sufficient; 120 days to final decision. 180 days for quasi-judicial permits. N/A for Building Permits**
- **DCD has implemented procedures to comply with this statute**

MEMORANDUM

CITY OF CAPE CORAL
COMMUNITY DEVELOPMENT DEPARTMENT

TO: Mayor Coviello and Council Members

FROM: John Szerlag, City Manager *JS*
Vincent A. Cautero, Community Development Director *MAC*
Robert H. Pederson, Planning Manager *RP by MAC*

DATE: July 18, 2019

SUBJECT: LDC Update Overview

Executive Summary

The new Land Development Code (LDC) is scheduled for two final public hearings: July 22 and August 5. The new LDC is the culmination of nearly four years of effort to craft a totally revamped system of zoning regulations for the City. The goal of this project was to create a more user-friendly regulatory structure; less cumbersome project review processes; address modern planning concepts not in the current code; and address many inconsistencies between the comprehensive plan and zoning maps.

The Planning and Zoning Commission (P&Z) held 15 public workshops or hearings on the LDC. The P&Z unanimously recommends approval. The Hearing Examiner held two public hearings on the zoning maps and recommends adoption of the new zoning map. City staff and management recommend approval.

It is important to note the City will be tracking the implementation of the LDC to identify any errors, internal inconsistencies, etc., and is committed to a "calibration" ordinance approximately one year following adoption. There may also be emerging issues that necessitate comprehensive plan or LDC amendments before the calibration ordinance.

Deferred Issues

During this review process, community value issues were discussed at Committee of the Whole meetings in 2018 on March 26, October 10, and November 26. Several issues were removed from the LDC pending future consideration. These are listed below.

- Accessory dwelling units (ADUs)
- Guest houses

Mayor and Council Members – LDC Adoption
July 18, 2019
Page 2 of 2

- Micro cottage village developments (MCVDs)
- Food trucks
- Commercial vehicle parking (racks, graphics, & wraps on pickups)
- Parking on the grass

Other issues that could be included in the calibration ordinance are swimming pool locations, access stairs in setbacks, public utility easements, detached garage standards, etc.

Recommendation

City management recommends approval of the LDC.

We are available to discuss this information in greater detail at your convenience.

AND

A tract or parcel of land in Sections 5 and 8, Township 44 South, Range 24 East, Lee County, Florida; being more particularly described as follows:

From the NE corner of said Section 8, run S00°09'07"W along the East line of said Section 8 a distance of 40.00 feet to a point on the South right-of-way line of Pondella Road (SR-78A); thence N89°23'34"W, parallel to and 40.00 feet from the centerline of said Pondella Road a distance of 1,620.00 feet to the Point of Beginning; thence S00°09'07"W, parallel to the East line of said Section 8, a distance of 600.00 feet; thence N89°23'34"W, 360.00 feet; thence N00°09'07"E, 426.00 feet; thence S89°23'34"E 180.00 feet; thence N00°09'07"E 174.00 feet to a point on the South right-of-way line of said Pondella Road; thence S89°23'34"E, 180.00 feet to the Point of Beginning; subject to a road easement over and across the most Westerly 15 feet thereof; also subject to any and all easement, restrictions, and reservations of record.

AND

A tract or parcel of land in Sections 5 and 8, Township 44 South, Range 24 East, Lee County, Florida; being more particularly described as follows:

From the NE corner of said Section 8, run S00°09'07"W along the East line of said Section 8 a distance of 40.00 feet to a point on the South right-of-way line of Pondella Road (SR-78A); thence N89°23'34"W, parallel to and 40.00 feet from the centerline of said Pondella Road a distance of 1,800.00 feet to the Point of Beginning; thence S00°09'07"W, parallel to the East line of said Section 8, a distance of 174.00 feet; thence N89°23'34"W, 180.00 feet; thence N00°09'07"E 174.00 feet to a point on the South right-of-way line of said Pondella Road;

thence S89°23'34"E, 180.00 feet to the Point of Beginning; subject to a road easement over and across the most Westerly 15 feet thereof; also subject to any and all easement, restrictions, and reservations of record.

AND

A tract or parcel of land lying in Section 8, Township 44 South, Range 24 East, Lee County, Florida, being more particularly described as follows:

From the Northeast corner of said Section 8, run South along the East line of said Section 8 for 40 feet to the South right-of-way line of Pondella Road; thence run Westerly along said South right-of-way line for 1,980 feet to a point. From said point, continue Westerly along said right-of-way line for 180 feet; thence run South, parallel with the East line of said Section 8 for 15.86 feet to the South line of Section 5, Township 44 South, Range 24 East; thence continue South on the same course for 584.14 feet to the Point of Beginning of the lands herein described. From said Point of Beginning, continue on the same course for 249.12 feet; thence East parallel to the South right-of-way line of Pondella Road for 180 feet; thence run North parallel with the East line of said Section 8 for 250 feet, more or less, to the Southeast corner of those lands previously conveyed by Berry-Cheasley Corporation to "Sellers Inc."; thence West parallel to the South right-of-way line of Pondella Road as aforesaid same being the line common with the South line of the south 600 feet of the West half of Lot 30 of South Florida Farms, an unrecorded plat, for 180 feet more or less to the Point of Beginning.

AND

A tract or parcel of land lying in Section 8, Township 44 South, Range 24 East, Lee County, Florida, being more particularly described as follows:

From the Northeast corner of said Section 8 run S00°09'07"W, along the East line of said Section, a distance of 40 feet to a point on the South right-of-way line of Pondella Road; thence N 89°23'34"W, parallel to and 40 feet from the centerline of said Pondella Road, a distance of 1,380 feet; thence S00°09'07"W, parallel to the East line of said Section 8, a distance of 600 feet to the Point of Beginning; thence continue S00°09'07"W, 356.48 feet; thence S88°56'02"W parallel to the South line of the N ½ of the N ½ of said Section 8, a distance of 600.12 feet; thence N00°09'07"E, 374.00 feet; thence S89°23'34"E, 600 feet to the Point of Beginning.

AND

A tract or parcel of land lying in Section 8, Township 44 South, Range 24 East, Lee County, Florida, being more particularly described as follows:

From the Northeast corner of said Section 8, run S00°09'07"W, along the East line of said Section, a distance of 40 feet to a point on the South right-of-way line of Pondella Road; thence N89°23'34"W along said right-of-way line for 2,160 feet; thence S00°09'07"W, 581.67 feet to the Point of Beginning; thence continue S00°09'07"W, 405.33 feet; thence S88°56'02"W, 180 feet; thence N00°09'07"E, 405.33 feet; thence N88°56'02"E 180 feet to the Point of Beginning.

AND

Parcel described in Official Records Book 1045, Page 1751, less the South 762.85 feet, of the Public Records of Lee County, Florida.

AND

From the Northeast corner of Section 8, Township 44 South, Range 24 East, run South along the East line of said Section 8 for 40 feet to the South right-of-way line of Pondella Road thence run Westerly along said South right-of-way line for 1,980 feet to the Point of Beginning; from said point continue Westerly along said right-of-way line for 180 feet; thence run South parallel with the East line of said Section 8 for 15.86 feet to the South line of Section 5, Township 44 South, Range 24 East thence continue South on the same course for 584.14 feet; thence East parallel to the South right-of-way line of Pondella Road for 180 feet; thence North parallel with the East line of Section 8 for 600 feet to the Point of Beginning.

AND

The West 300 feet of the East 1380 feet of the North 1326 feet of the NE ¼ of Section 87, Township 44 South, Range 24 East in Lee County, Florida.

A TRACT OR PARCEL OF LAND BEING LYING IN VACATED BLOCK 4722 AND PART OF VACATED BLOCK 4723, AND VACATED SW 34TH TERRACE, ALL LYING IN CAPE CORAL SUBDIVISION, UNIT 70 AS RECORDED IN PLAT BOOK 22, PAGES 58 THROUGH 87, PUBLIC RECORDS OF LEE COUNTY, FLORIDA, DESCRIBED AS FOLLOWS:

COMMENCING AT THE CENTERLINE INTERSECTION OF SW 34 STREET (60 FEET WIDE) AND SW 17TH AVENUE (60 FEET WIDE); THENCE RUN N.89°44'01"E. ALONG THE CENTERLINE OF SAID SW 34TH STREET FOR 54.74 FEET; THENCE RUN S.00°15'59"E. FOR 30.00 FEET TO A POINT ON THE SOUTH RIGHT-OF-WAY LINE OF SAID SW 34TH STREET AND THE POINT OF BEGINNING; THENCE RUN N.89°44'01"E. FOR 666.46 FEET TO A POINT OF CURVATURE; THENCE RUN SOUTHEASTERLY FOR 39.25 FEET ALONG THE ARC OF A CURVE TO THE RIGHT, HAVING A RADIUS OF 25.00 FEET, A CENTRAL ANGLE OF 89°57'50", A CHORD BEARING OF S.45°17'04"E. AND A CHORD DISTANCE OF 35.34 FEET TO A POINT OF TANGENCY ON THE WEST RIGHT-OF-WAY LINE OF CHIQUITA BOULEVARD (100 FEET WIDE); THENCE RUN S.00°18'09"E. ALONG SAID WEST RIGHT-OF-WAY LINE FOR 326.02 FEET; THENCE RUN S.89°44'01"W. (351.00 FEET SOUTH OF AND PARALLEL TO THE SOUTH RIGHT-OF-WAY LINE OF THE AFORESAID SW 34TH STREET) FOR 718.21 FEET TO A POINT ON THE EAST RIGHT-OF-WAY LINE OF THE AFORESAID SW 17TH AVENUE; THENCE RUN N.00°00'18"E. FOR 326.13 FEET TO A POINT OF CURVATURE; THENCE RUN NORTHEASTERLY FOR 39.15 FEET ALONG THE ARC OF A CURVE TO THE RIGHT, HAVING A RADIUS OF 25.00 FEET, A CENTRAL ANGLE OF 89°43'43", A CHORD BEARING OF N.44°52'09"E. AND A CHORD DISTANCE OF 35.27 FEET TO THE POINT OF BEGINNING.

SAID TRACT CONTAINS 5.773 ACRES, MORE OR LESS.

BEARINGS ARE BASED ON THE EAST RIGHT-OF-WAY LINE OF THE AFORESAID SW 17TH AVENUE TO BE N.00°00'18"E.

MARKETPLACE-RESIDENTIAL (MR) TO INSTITUTIONAL (INST) ZONE

All that tract or parcel of land lying and being in the SW ¼ and the SE ¼ of Section 33 South, Township 43 South, Range 24 East, Tallahassee Meridian, Lee County, Florida, more particularly described as follows: Beginning at a concrete monument which is at the northwest corner of Corbett Road Industrial Park, a subdivision as recorded in Official Records Instrument #2006000108975 of the records in the office of the Clerk of the Circuit Court of Lee County, Florida and at plane coordinate position North 854,715.05 feet and East 682,855.63 feet, based on Transverse Mercator Projection, Florida West zone, NAD '83:

Thence N 26°49'46"W along the northeasterly right-of-way line of Corbett Road a distance of 400.05 feet to a 5/8" iron rod stamped "2"; thence 26°40'19"W along said northeasterly right-of-way line of said road a distance of 280.00 feet to a 5/8" iron rod stamped "3"; thence N 63°19'41"E a distance of 860.00 feet to a 5/8" iron rod stamped "4"; thence Northeasterly along a curve to the right with a radius of 1,500.00 feet, a central angle of 02°20'05", an arc distance of 61.13 feet, the chord of which bears N 64°29'44"E a distance of 61.12 feet to a 5/8" iron rod stamped "5"; thence S 29°07'38"E a distance of 691.97 to a 5/8" iron rod stamped "6" which

is on the northern boundary line of an access easement as recorded in Official Records Book 4085, Page 3710 of the records in the office of the Clerk of the Circuit Court of Lee County, Florida; thence S 45°04'43"W along the northern boundary line of said easement a distance of 37.18 feet to a concrete monument which is on the northern boundary of said Corbett Road Industrial Park; thence S 38°06'39"W along the northern boundary of said Corbett Road Industrial Park a distance of 27.35 feet to a 5/8" iron rod stamped "8"; thence S 65°38'04"W along the northern boundary of said Corbett Road Industrial Park a distance of 890.32 feet, more or less, to the point of beginning.

Containing 15.00 acres and being a part of the same land described in a Certificate of Title, dated 21 September 2011 and recorded as Official Records Instrument #2011000206632 of the records in the office of the Clerk of the Superior Court of Lee County, Florida and designated as Tract 101 of the United State Army Reserve Center, Cape Coral, Florida.

A portion of the NW ¼ of Section 32, Township 43 South, Range 23 East, City of Cape Coral, Lee County, Florida, being more particularly described as follows:

Commencing at the NW corner of the said NW ¼ of Section 32; thence run S89°55'31" E, along the North line of said NW 1/4 , a distance of 132.00 feet to a point of intersection with the Easterly right-of-way line of Burnt Store Road North (SR 765) and the Point of Beginning of a parcel of land hereinafter described; thence continue S89°55'31" E, along the North line of said NW ¼ a distance of 2431.87 feet to a point of intersection with the Westerly boundary line of the Subdivision entitled Cape Coral Unit 98, as recorded in Plat Book 25, Pages 107-121, of the Public Records of Lee County, Florida; thence run S00°00'06" W, along said Westerly boundary line of Cape Coral Unit 98, a distance of 2276.82 feet to a point of intersection with the Northerly boundary line of the Subdivision entitled Cape Coral Unit 57, as recorded in Plat Book 19, Pages 124-137 of the Public Records of Lee County, Florida; thence run N89°49'17" W, along said Northerly boundary line of Cape Coral Unit 57, a distance of 2434.70 feet to a point of intersection with the Easterly right-of-way line of said Burnt Store Road North (SR 765); said line being 132.00 feet East of and parallel to the West line of said NW ¼ of Section 32; thence run N00°04'21" E, along said Easterly right-of-way line of Burnt Store Road North (SR 765), a distance of 2272.39 feet to the Point of Beginning.

LESS AND EXCEPT: Parcel 270 as set forth and contained in the Stipulated Final Judgement recorded January 13, 2016 in Official Records Instrument #2016000008354, Public Records of Lee County, Florida, and being described as follows:

A tract or parcel of land, being part of the NW ¼ of the NW 1/4, lying in Section 32, Township 43 South, Range 23 East, City of Cape Coral, Lee County, Florida, being described as follows:

Commencing at the NW corner of the NW ¼ of said Section 32 run S89°55'30" E, a distance of 132.00 feet to an intersection with the East right-of-way line of Burnt Store Road (200 feet wide); thence run S00°04'30" W along said East line for 1098.69 feet to the POINT OF BEGINNING. From said POINT OF BEGINNING run S 07°44'16" E, a distance of 787.15 feet to an intersection with a point of curvature, thence run along said curve to the right having a radius of 4201.01 feet (delta 05°24'09"), chord bearing S05°02'11"E (chord 395.98 feet) for 396.13 feet to an intersection with the North line of Cape Coral Unit 57 as shown on the plat recorded in Plat Book 19, Page 124, of the Public Records of Lee County, Florida; thence

N89°50'09"W, along said North line, a distance of 142.28 feet to an intersection with said East right-of-way line; thence N00°04'30" E along said East line, a distance of 1174.03 feet to the POINT OF BEGINNING.

AND

A tract or parcel of land lying in Section 33, Township 43 South, Range 24 East, and in Section 4, Township 44 South, Range 24 East, Lee County, Florida. Said parcel being more particularly described as follows:

Commence at the Northwest corner of said Section 33, thence North 87°27'05" East along the North line of said Section 33, 1,509.63 feet; thence South 02°32'55" East, perpendicular to said North line 1,325.96 feet to an intersection with the North line of the Southeast quarter to an intersection with the North line of the Southeast quarter of the Northwest quarter of said Section 33, also being a point of the East right-of-way line of Corbett Road as maintained; thence Southerly along said East right-of-way line, also being a curve concave to the West having for its elements a central angle of 04°49'28" and radius of 3,355.37 feet, an arc distance of 282.52 feet; thence continue along said maintained right-of-way line South 04°36'54" West, 772.53 feet to the beginning of a curve concave to the East, having for its elements a central angle of 33°41'06" and radius 878.41 feet; thence Southerly along said curve an arc distance of 516.43 feet; thence South 29°04'12" East, 1,545.93 feet; thence South 29°09'56" East, 925.29 feet to the beginning of a curve concave to the West, having for its elements a central angle of 22°36'52" and radius of 1,242.00 feet; Thence Southerly along said curve an arc distance of 490.21 feet; thence South 06°33'04" East, 687.23 feet; thence South 14°09'20" East, 78.18 feet to an intersection with the Northerly right-of Way line of Pine Island Road (State Road 78); thence North 59°35'00" East, 1,254.38 feet to a Florida Department of Transportation right-of-way marker; thence North 30°25'00" West, 17.00 feet to a Florida Department of Transportation right-of-way marker; thence North 59°35'00" East, 650.11 feet to an approximate point on the Westerly bank of a creek known as Yellow Fever Creek; thence Northwesterly along said bank 128.10 feet, more or less, to a point 25.00 feet Southerly of and on a line perpendicular to the North line of said Section 4; thence North 02°25'23" West along said line 25.00 feet to said North line of said Section 4; thence North 87°34'37" East along said North line 290.00 feet to the Southwest corner of the East half of the Southeast quarter of the Southeast quarter of said Section 33; thence North 00°52'00" East along the West line of the said East half of the Southeast quarter of the Southeast quarter of said Section 33, 664.37 feet to the Northeast corner of the Southwest quarter of the Southeast quarter of the Southeast quarter of said Section 33; Thence South 87°33'09" West along said North line of the Southwest quarter of the Southeast quarter of the Southeast quarter of said Section 33, 165.34 feet to a point on the West line of the East half of the East half of the Northwest quarter of the Southeast quarter of the Southeast quarter of said Section 33; thence North 00°49'37" East along said West line of the East half of the East half of the Northwest quarter of the Southeast quarter of the Southeast quarter of said Section 33, 664.31 feet to a point on the North line of said Southeast quarter of the Southeast quarter of said Section 33; thence continue North 00°49'37" East, 400.64 feet to an intersection with a line 400.00 feet North of and parallel to said North line of the Southeast quarter of the Southeast quarter of said Section 33; Thence North 87°32'52" East, parallel to said North line of the Southeast quarter of the Southeast quarter of said Section 33, 830.84 feet to an intersection with the East line of said Section 33; thence North 01°01'30" East along said East line 928.64 feet to the East quarter corner of said Section 33; thence South 87°31'08" West along the North line of the Southeast quarter of said Section 33, 2,002.22 feet to an intersection with the East line of the West half of the Southwest quarter of the Northeast quarter of said Section 33; thence North 00°32'55" East along said East line of the West half of the Southwest quarter of the Northeast quarter of said Section 33, 1,278.97 feet to an intersection with the South line of the North 50.00 feet of the West half of the Southwest quarter of the Northeast quarter; Thence South 87°29'15" West, 670.96 feet to a point 50.00 feet South of the Northwest corner of the Southwest quarter of the Northeast quarter of said Section 33; thence South 87°29'04" West, parallel to and 50.00 feet South of the North line of the Southeast quarter of the Northwest quarter of said Section 33, 327 feet, more or less, to the approximate centerline of Yellow Fever Creek; thence Westerly along said centerline of Yellow Fever Creek to an intersection with the North line of the Southeast quarter of the Northwest quarter of said Section 33; Thence South 87°29'04" West along said North line of the Southeast quarter of the Northwest quarter of said Section 33, 895.8 feet, more or less, to the Point of Beginning.

LESS AND EXCEPT those properties located in Lots 1 through 18, Corbett Road Industrial Park, as per plat thereof recorded in O.R. Instrument #2006000108975, of the Public Records of Lee County, Florida.

AND

LESS AND EXCEPT the same land described in a Certificate of Title, dated 21 September 2011 and recorded as Official Records Instrument #2011000206632 of the records in the office of the Clerk of the Superior Court of Lee County, Florida and designated as Tract 101 of the United State Army Reserve Center, Cape Coral, Florida.

AND

LESS AND EXCEPT all property within the tract described above that is located south of Diplomat Parkway. Said property for land use purposes being 134.34 acres in size, more or less.

AND

A parcel of land located in the north half (N-1/2) of Section 10, Township 44 South, Range 23 East, City of Cape Coral, Lee County, Florida being more particularly described as follows:

Commence at the northeast corner of said Section 10 and run West along the north line of said Section 10, N 89°43'29"W for 50.00 feet, thence southerly parallel with and 50 feet west of the east section line of said Section 10, S 00°00'33"W for 50.00 feet to the Point of Beginning of the herein described parcel. From said Point of Beginning run southerly parallel with and 50.00 feet west of the east section line of said Section 10, S 00°00'33"W for 2,642.99 feet to the east/west quarter section line of said Section 10; thence run westerly along said quarter section line, N 89°55'45"W for 400.00 feet; thence run northerly N 00°00'33"E for 2,244.42 feet; thence run westerly N 89°43'29"W for 2,240.19 feet; and thence S 89°40'51"W 666.88 feet; then run northerly N 00°00'33"E for 400.00 feet; thence run easterly N 89°40'51"E for 666.88 feet and S 89°43'29"E for 2,640.19 feet to the Point of Beginning.

LESS AND EXCEPT those land described and recorded as Official Records Instrument #2018000291668, Pages 7 and 8, of the records in the office of the Clerk of Court of Lee County, Florida.

AND

A TRACT OR PARCEL OF LAND BEING LYING IN VACATED BLOCKS 4724 AND 4725 AND PART OF VACATED BLOCK 4723, AND VACATED SW 35TH TERRACE, SW 35TH STREET, SW 36TH STREET AND SW 16TH PLACE, ALL LYING IN CAPE CORAL SUBDIVISION, UNIT 70 AS RECORDED IN PLAT BOOK 22, PAGES 58 THROUGH 87, PUBLIC RECORDS OF LEE COUNTY, FLORIDA, DESCRIBED AS FOLLOWS:

COMMENCING AT THE CENTERLINE INTERSECTION OF SW 34 STREET (60 FEET WIDE) AND SW 17TH AVENUE (60 FEET WIDE); THENCE RUN N.89°44'01"E. ALONG THE CENTERLINE OF SAID SW 34TH STREET FOR 54.74 FEET; THENCE RUN S.00°15'59"E. FOR 30.00 FEET TO A POINT ON THE SOUTH RIGHT-OF-WAY LINE OF SAID SW 34TH STREET; THENCE RUN SOUTHWESTERLY FOR 39.15 FEET ALONG THE ARC OF A CURVE TO THE LEFT HAVING A RADIUS OF 25.00 FEET, A CENTRAL ANGLE OF 89°43'43", A CHORD BEARING OF S.44°52'09"W. AND A CHORD DISTANCE OF 35.27 FEET TO A POINT OF TANGENCY ON THE EAST RIGHT-OF-WAY LINE OF SAID SW 17TH AVENUE; THENCE RUN S.00°00'18"W. ALONG SAID EAST RIGHT-OF-WAY LINE FOR 326.13 FEET TO THE POINT OF BEGINNING; THENCE RUN N.89°44'01"E. (351.00 FEET SOUTH OF AND PARALLEL TO THE SOUTH RIGHT-OF-WAY LINE OF THE AFORESAID SW 34TH STREET) FOR 718.21 FEET TO A POINT ON THE WEST RIGHT-OF-WAY LINE OF CHIQUITA BOULEVARD (100 FEET WIDE); THENCE RUN S.00°18'09"E. ALONG SAID WEST RIGHT-OF-WAY LINE FOR 1183.64 FEET TO A POINT OF CURVATURE; THENCE RUN SOUTHWESTERLY FOR 39.40 FEET ALONG THE ARC OF A CURVE TO THE RIGHT, HAVING A RADIUS OF 25.00 FEET, A CENTRAL ANGLE OF 90°18'21", A CHORD BEARING OF S.44°51'01"W. AND A CHORD DISTANCE OF 35.45 FEET TO A POINT OF TANGENCY ON THE NORTH RIGHT-OF-WAY LINE OF SW 36TH TERRACE (60 FEET WIDE); THENCE RUN N.89°59'48"W. ALONG SAID NORTH RIGHT-OF-WAY LINE FOR 674.55 FEET TO A POINT OF CURVATURE; THENCE RUN NORTHWESTERLY FOR 39.27 FEET ALONG THE ARC OF A CURVE TO THE RIGHT, HAVING A RADIUS OF 25.00 FEET, A CENTRAL ANGLE OF 90°00'06", A CHORD BEARING OF N.44°59'45"W. AND A CHORD DISTANCE OF 35.36 FEET TO A POINT OF TANGENCY ON THE EAST RIGHT-OF-WAY LINE OF THE AFORESAID SW 17TH AVENUE; THENCE RUN N.00°00'18"E. ALONG SAID EAST RIGHT-OF-WAY LINE FOR 1180.37 FEET TO THE POINT OF BEGINNING.

SAID TRACT CONTAINS 19.985 ACRES, MORE OR LESS.

BEARINGS ARE BASED ON THE EAST RIGHT-OF-WAY LINE OF THE AFORESAID SW 17TH AVENUE TO BE N.00°00'18"E.

AND

The Westerly 110 feet of a parcel described as:

A portion of Block 1378 less and except the North 405 feet thereof in Unit 18, City of Cape Coral Subdivision, recorded in Plat Book 13, Pages 96 to 120 inclusive, in the Public Records of Lee County, Florida, together with that portion of the vacated right-of-way granted by Resolution 98-78, and being more particularly described as follows:

Commencing from the Southeast Corner of the said North 405 feet of Block 1378; thence run S 88°21'26" W for 261.27 feet to the Point of Beginning of the parcel herein described; thence run S 00°57'33"W for 425.44 feet to a point on the northerly right-of-way line of SE 8th Street; thence run S 88°21'26"W along said right-of-way line for 363.24 feet to a Point of Curvature to the right having for its elements a radius of 25 feet, a chord bearing and distance of N 45°20'31"W, 36.15 feet; thence run along the curve to the right an arc distance of 40.41 feet to a Point of Tangency on the easterly right-of-way line of SE 23rd Avenue; thence run N 00°57'33"E along said easterly right-of-way line for 399.28 feet; thence run N 88°21'26"E for 389.40 feet to the Point of Beginning. Basis for bearings is the east line of Block 1378 being S 00°57'33"W according to the plat of Cape Coral Unit 18, as recorded in Plat Book 13, Page 96 to 120, inclusive, Lee County, Florida.

AND

A tract or parcel of land lying in Sections 20 and 29, Township 44 South, Range 23 East, City of Cape Coral, Lee County, Florida, which tract or parcel is described as follows: from the NE corner of said Section 29 run S00°13'25"W, 48.49 feet along the East line of said Section 29; thence run N89°46'27"W, 57.62 feet to the Point of Curvature of a 870.00 foot radius curve concave to the SE, said curve having a central angle of 22°37'16", a chord and chord bearing of S78°54'38", 341.26 feet, run along the arc of said curve to the Point of Tangency; thence run S67°35'59"W, 600.45 feet to the Point of Curvature of a 880.00 foot radius curve concave to the NW, said curve having a central angle of 52°34'39", a chord and chord bearing of N86°06'41"W, 779.50 feet, run along the arc of said curve for 807.53 feet to the Point of Compound Curvature of a 1,930.00 foot radius curve concave to the NE, said curve having a central angle of 16°01'59", a chord and chord bearing of N51°48'22"W, 538.31 feet, run along the arc of said curve for 540.07 feet to a non-tangent intersection with a line which bears S89°54'03"E; thence run S89°54'03"E, 2,147.36 feet along said line; thence S01°47'29"E, 39.93 feet to the Point of Beginning.

Said parcel contains 593,987 square feet (13.63 acres), more or less.

AND

A tract or parcel of land lying in the NW ¼ of the NW ¼ of the NW ¼ of Section 24, Township 44 South, Range 23 East, Cape Coral, Lee County, Florida, and being more particularly described as follows:

Commence at the NW corner of said Section 24; thence S89°45'44"E along the North line of Section 24 for 50 feet to a point on the East right-of-way of Santa Barbara Boulevard; thence S00°25'33"E along said right-of-way line 303.88 feet to the true Point of Beginning; from the true Point of Beginning thus established S89°43'24"E 409.37 feet; thence S00°15'52"E 30 feet; thence S89°43'24"E, 210 feet; to an intersection with the East line of said fraction of a section; thence S00°15'52"E, along said line 334.29 feet to a concrete P.R.M.; thence N89°41'04"W, along the South line of said fraction of a section 260 feet; thence N00°15'52"W, 304.12 feet; thence N89°43'24"W 359.21 feet to an intersection with the East right-of-way of Santa Barbara Boulevard; thence N00°25'33"W along said right-of-way line 60 feet to the Point of Beginning.

AND

A PARCEL OF LAND SITUATED IN SECTION 21, TOWNSHIP 43 SOUTH, RANGE 24 EAST, CITY OF CAPE CORAL, LEE COUNTY, FLORIDA, BEING MORE PARTICULARLY DESCRIBED AS FOLLOWS:

COMMENCING AT THE NORTHWEST QUARTER CORNER OF SECTION 21, TOWNSHIP 43 SOUTH, RANGE 24 EAST, CITY OF CAPE CORAL, LEE COUNTY, FLORIDA RUN ALONG THE NORTHERLY LINE OF SECTION 21, N89°04'55"E, 2441.08 FEET; THENCE RUN S00°21'00"W,

295.32 FEET TO THE POINT OF BEGINNING AND A NON-TANGENT INTERSECTION WITH A 700.00 FOOT RADIUS CURVE CONCAVE TO THE SOUTHWEST, SAID CURVE HAVING A CENTRAL ANGLE OF 12°59'58", A CHORD AND CHORD BEARING OF S40°33'42"E, 158.48 FEET, RUN ALONG THE ARC OF SAID CURVE FOR 158.82 FEET; THENCE RUN S34°03'43"E, 623.27 FEET; THENCE RUN N55°56'17"E, 100.00 FEET; THENCE S34°03'43"E, 409.38 FEET TO THE POINT OF CURVATURE OF A 50.00 FOOT RADIUS CURVE CONCAVE TO THE NORTHEAST, SAID CURVE HAVING A CENTRAL ANGLE OF 89°03'19", A CHORD AND CHORD BEARING OF S78°35'22"E, 70.13 FEET, RUN ALONG THE ARC OF SAID CURVE FOR 77.72 FEET TO AN INTERSECTION WITH THE NORTHERLY RIGHT-OF-WAY LINE OF DEL PRADO BOULEVARD EXTENSION AND A NON-TANGENT POINT OF CURVATURE OF A 7070.00 FOOT RADIUS CURVE CONCAVE TO THE SOUTHEAST, SAID CURVE HAVING A CENTRAL ANGLE OF 06°03'55", A CHORD AND CHORD BEARING OF S53°50'31"W, 748.06 FEET, RUN ALONG THE ARC OF SAID CURVE FOR 748.41 FEET; THENCE LEAVING SAID NORTHERLY RIGHT-OF-WAY LINE RUN N20°21'01"W, 450.11 FEET TO THE POINT OF CURVATURE OF A 1200.00 FOOT RADIUS CURVE CONCAVE TO THE NORTHEAST, SAID CURVE HAVING A CENTRAL ANGLE OF 20°21'01", A CHORD AND CHORD BEARING OF N10°10'31"W, 423.98 FEET, RUN ALONG THE ARC OF SAID CURVE FOR 426.22 FEET; THENCE RUN N00°21'00"E, 536.35 FEET TO THE POINT OF BEGINNING.

AND

A PARCEL OF LAND SITUATED IN SECTION 21, TOWNSHIP 43 SOUTH, RANGE 24 EAST, CITY OF CAPE CORAL, LEE COUNTY, FLORIDA, BEING MORE PARTICULARLY DESCRIBED AS FOLLOWS:

BEGINNING AT THE SOUTHEAST CORNER OF SECTION 21, TOWNSHIP 43 SOUTH, RANGE 24, RUN ALONG THE SOUTH LINE OF SECTION 21, N89°50'03"W, 150.00 FEET; THENCE LEAVING SAID SOUTH LINE RUN N00°01'09"W, 1647.64 FEET TO THE POINT OF CURVATURE OF A 750.00 FOOT RADIUS CURVE CONCAVE TO THE SOUTHEAST, SAID CURVE HAVING A CENTRAL ANGLE OF 59°13'00", A CHORD AND CHORD BEARING OF N29°37'39"W, 741.10 FEET, RUN ALONG THE ARC OF SAID CURVE FOR 775 .. 15 FEET TO THE POINT OF REVERSE CURVATURE OF A 1550.00 FOOT RADIUS CURVE CONCAVE TO THE NORTHEAST, SAID CURVE HAVING A CENTRAL ANGLE OF 24°32'33", A CHORD AND CHORD BEARING OF N46°57'53"W, 658.88 FEET, RUN ALONG THE ARC OF SAID CURVE FOR 663.94 FEET TO THE POINT OF REVERSE CURVATURE OF A 1550.00 FOOT RADIUS CURVE CONCAVE TO THE SOUTHWEST, SAID CURVE HAVING A CENTRAL ANGLE OF 20°08'03", A CHORD AND CHORD BEARING OF N44°45'37"W, 541.88 FEET, RUN ALONG THE ARC OF SAID CURVE FOR 544.68 FEET; THENCE RUN N54°49'39"W, 594.00 FEET; THENCE RUN N35°10'21"E, 177.69 FEET TO THE POINT OF CURVATURE OF A 200.06 FOOT RADIUS CURVE CONCAVE TO THE SOUTHEAST, SAID CURVE HAVING A CENTRAL ANGLE OF 24°12'58", A CHORD AND CHORD BEARING OF N47°16'50"E, 83.90 FEET, RUN ALONG THE ARC OF SAID CURVE FOR 84.53 FEET TO THE POINT OF COMPOUND CURVATURE OF A 6345.09 FOOT RADIUS CURVE CONCAVE TO THE SOUTHEAST, SAID CURVE HAVING A CENTRAL ANGLE OF 04°19'21" A CHORD AND CHORD BEARING OF N61°31'11"W, 478.58 FEET, RUN ALONG THE ARC OF SAID CURVE FOR 478.69 FEET; THENCE RUN N26°20'57"W, 495.00 FEET TO THE INTERSECTION WITH THE SOUTHERLY RIGHT-OF-WAY LINE OF DEL PRADO BOULEVARD AND A NON-TANGENT INTERSECTION WITH A 6930.00 FOOT RADIUS CURVE CONCAVE TO THE SOUTHEAST, SAID CURVE HAVING A CENTRAL ANGLE OF 10°40'31", A CHORD AND CHORD BEARING OF N68°59'19"E, 1289.32 FEET, RUN ALONG THE ARC OF SAID CURVE FOR 1291.19 FEET; THENCE RUN N74°19'34"E, 578.28 FEET; THENCE RUN N74°24'02"W, 220.03 FEET; THENCE LEAVING SAID RIGHT-OF-WAY RUN S22°41'48"E, 11.79 FEET; THENCE RUN S74°21'31"W, 219.29 FEET; THENCE RUN S01°22'31"W, 2242.82 FEET; THENCE RUN S00°00'35"W, 2649.12 FEET TO THE POINT OF BEGINNING.

AND

A PARCEL OR TRACT OF LAND SITUATED IN THE STATE OF FLORIDA, COUNTY OF LEE, CITY OF CAPE CORAL, LYING IN SECTION 21, TOWNSHIP 43 SOUTH, RANGE 24 EAST, AND BEING FURTHER BOUNDED AND DESCRIBED AS FOLLOWS:

COMMENCING AT THE NORTHWEST CORNER OF SECTION 21, TOWNSHIP 43 SOUTH, RANGE 24 EAST; THENCE N.89°04'55"E ALONG THE NORTH LINE OF SAID SECTION 21 FOR 60.01 FEET TO THE EAST LINE OF GARDEN BOULEVARD (100 FEET WIDE); THENCE S.00°07'30"E ALONG SAID EAST LINE FOR 100.01 FEET; THENCE CONTINUE S.00°07'30"E ALONG SAID EAST LINE FOR 993.22 FEET TO THE POINT OF BEGINNING; THENCE N.89°52'30"E FOR 75.10 FEET; THENCE N.59°13'13"E FOR 329.70 FEET; THENCE N.89°12'04"E FOR 378.97 FEET; THENCE S.22°01'56"W FOR 124.90 FEET TO THE BEGINNING OF A CURVE TO THE LEFT HAVING A RADIUS OF 167.36 FEET; THENCE SOUTHERLY ALONG SAID CURVE THROUGH A CENTRAL ANGLE OF 27°43'43" FOR 80.99 FEET; THENCE S.89°04'55"W FOR 242.07

FEET TO THE BEGINNING OF A CURVE TO THE LEFT HAVING A RADIUS OF 145.00 FEET; THENCE WESTERLY ALONG SAID CURVE THROUGH A CENTRAL ANGLE OF 22°18'16" FOR 56.45 FEET TO A POINT OF COMPOUND CURVE HAVING A RADIUS OF 520.00 FEET; THENCE SOUTHWESTERLY ALONG SAID CURVE THROUGH A CENTRAL ANGLE OF 15°35'20" FOR 141.48 FEET TO A POINT OF COMPOUND CURVE HAVING A RADIUS OF 220.00 FEET; THENCE SOUTHWESTERLY ALONG SAID CURVE THROUGH A CENTRAL ANGLE OF 51°18'49" FOR 197.03 FEET; THENCE S.00°07'30"E FOR 702.66 FEET TO THE BEGINNING OF A CURVE TO THE RIGHT HAVING A RADIUS OF 180.00 FEET; THENCE SOUTHERLY ALONG SAID CURVE THROUGH A CENTRAL ANGLE OF 10°09'11" FOR 31.90 FEET TO A POINT OF REVERSE CURVE HAVING A RADIUS OF 685.00 FEET; THENCE SOUTHERLY ALONG SAID CURVE THROUGH A CENTRAL ANGLE OF 21°33'58" FOR 257.83 FEET TO A POINT OF REVERSE CURVE HAVING A RADIUS OF 980.00 FEET; THENCE SOUTHERLY ALONG SAID CURVE THROUGH A CENTRAL ANGLE OF 12°13'01" FOR 208.96 FEET TO A POINT OF REVERSE CURVE HAVING A RADIUS OF 270.00 FEET; THENCE SOUTHERLY ALONG SAID CURVE THROUGH A CENTRAL ANGLE OF 43°43'36" FOR 206.06 FEET; THENCE S.43°02'52"E FOR 48.07 FEET; THENCE S.46°57'08"W FOR 130.00 FEET; THENCE S.43°02'52"E FOR 285.53 FEET TO THE BEGINNING OF A CURVE TO THE RIGHT HAVING A RADIUS OF 700.00 FEET; THENCE SOUTHEASTERLY ALONG SAID CURVE THROUGH A CENTRAL ANGLE OF 13°26'51" FOR 164.29 FEET TO A POINT OF REVERSE CURVE HAVING A RADIUS OF 800.00 FEET; THENCE SOUTHEASTERLY ALONG SAID CURVE THROUGH A CENTRAL ANGLE OF 8°01'37" FOR 112.08 FEET; THENCE S.37°37'37"E FOR 306.87 FEET TO A POINT ON THE NORTHWESTERLY RIGHT-OF-WAY LINE OF DEL PRADO EXTENSION (140 FEET WIDE) AND AN INTERSECTION WITH A CURVE TO THE RIGHT HAVING A RADIUS OF 1430.00 FEET AND TO WHICH POINT A RADIAL LINE BEARS S.37°37'37"E; THENCE WESTERLY ALONG SAID CURVE THROUGH A CENTRAL ANGLE OF 32°38'29" FOR 814.67 FEET TO A POINT ON THE AFORESAID EASTERLY RIGHT-OF-WAY LINE; THENCE N.00°02'02"W ALONG SAID RIGHT-OF-WAY LINE FOR 1200.29 FEET; THENCE N.00°07'30"W ALONG SAID RIGHT-OF-WAY LINE FOR 1559.65 FEET TO THE POINT OF BEGINNING.

AND

A PARCEL OR TRACT OF LAND SITUATED IN THE STATE OF FLORIDA, COUNTY OF LEE, CITY OF CAPE CORAL, LYING IN SECTION 21, TOWNSHIP 43 SOUTH, RANGE 24 EAST, AND BEING FURTHER BOUNDED AND DESCRIBED AS FOLLOWS:

COMMENCING AT THE NORTHWEST CORNER OF SECTION 21, TOWNSHIP 43 SOUTH, RANGE 24 EAST; THENCE N.89°04'55"E ALONG THE NORTH LINE OF SAID SECTION 21 FOR 60.01 FEET TO THE EAST LINE OF GARDEN BOULEVARD (100 FEET WIDE); THENCE S.00°07'30"E ALONG SAID EAST LINE FOR 100.01 FEET TO THE POINT OF BEGINNING; THENCE N89°04'55"E PARALLEL WITH AND 100 FEET SOUTH OF THE NORTH LINE OF SAID SECTION FOR 1908.20 FEET; THENCE S.00°55'05"E FOR 397.50 FEET; THENCE S.89°04'55"W FOR 1604.46 FEET; THENCE S.72°17'38"W FOR 324.36 FEET TO AFORESAID RIGHT-OF-WAY LINE; THENCE N.00°07'30"W ALONG SAID RIGHT-OF-WAY LINE FOR 491.23 FEET TO THE POINT OF BEGINNING.

AND

A PARCEL OR TRACT OF LAND SITUATED IN THE STATE OF FLORIDA, COUNTY OF LEE, CITY OF CAPE CORAL, LYING IN SECTION 21, TOWNSHIP 43 SOUTH, RANGE 24 EAST, AND BEING FURTHER BOUNDED AND DESCRIBED AS FOLLOWS:

COMMENCING AT THE NORTHWEST CORNER OF SECTION 21, TOWNSHIP 43 SOUTH, RANGE 24 EAST; THENCE N.89°04'55"E ALONG THE NORTH LINE OF SAID SECTION 21 FOR 60.01 FEET; TO THE EAST LINE OF GARDEN BOULEVARD (100 FEET WIDE) THENCE S.00°07'30"E ALONG SAID EAST LINE FOR 100.01 FEET; THENCE N.89°04'55"E PARALLEL WITH AND 100 FEET SOUTH OF THE NORTH LINE OF SAID SECTION FOR 1950.92 FEET TO THE BEGINNING OF A CURVE TO THE RIGHT HAVING A RADIUS OF 700.00 FEET; THENCE EASTERLY ALONG SAID CURVE THROUGH A CENTRAL ANGLE OF 43°46'26" FOR 534.80 FEET; THENCE S.00°29'41"W FOR 293.76 FEET; THENCE S.00°00'00"E FOR 243.47 FEET TO THE BEGINNING OF A CURVE TO THE LEFT HAVING A RADIUS OF 1200.00 FEET; THENCE SOUTHERLY ALONG SAID CURVE THROUGH A CENTRAL ANGLE OF 20°56'54" FOR 438.74 FEET; THENCE S.20°21'01"E FOR 437.41 FEET TO A POINT ON THE NORTHWESTERN RIGHT-OF-WAY LINE OF DEL PRADO EXTENSION (140 FEET WIDE) AND AN INTERSECTION WITH A CURVE TO THE LEFT HAVING A RADIUS OF 7070.00 FEET AND TO WHICH POINT A RADIAL LINE BEARS N39°11'27"W; THENCE SOUTHWESTERLY ALONG SAID CURVE THROUGH A CENTRAL ANGLE OF 7°53'28" FOR 973.74 FEET; THENCE S.42°55'05"W ALONG SAID RIGHT-OF-WAY LINE FOR 483.58 FEET TO THE POINT OF BEGINNING; THENCE CONTINUE S.42°55'05"W ALONG SAID RIGHT-OF-WAY LINE FOR 722.93 FEET; THENCE N.40°12'08"W FOR 234.70 FEET; THENCE N.83°44'44"W FOR 162.90 FEET TO AN INTERSECTION WITH A CURVE TO THE RIGHT

HAVING A RADIUS OF 300.00 FEET AND TO WHICH POINT A RADIAL LINE BEARS N.84°25'15"W; THENCE NORTHERLY ALONG SAID CURVE THROUGH A CENTRAL ANGLE OF 9°25'32" FOR 49.35 FEET TO A POINT OF REVERSE CURVE HAVING A RADIUS OF 150.00 FEET; THENCE NORTHERLY ALONG SAID CURVE THROUGH A CENTRAL ANGLE OF 58°03'09" FOR 151.98 FEET; THENCE N.43°02'52"W FOR 8.62 FEET; THENCE N.46°57'08"E FOR 130.00 FEET; THENCE N.43°02'52"W FOR 27.34 FEET; THENCE N.46°57'08"E FOR 230.46 FEET TO THE BEGINNING OF A CURVE TO THE RIGHT HAVING A RADIUS OF 20.00 FEET; THENCE EASTERLY ALONG SAID CURVE THROUGH A CENTRAL ANGLE OF 90°00'00" FOR 31.42 FEET; THENCE S.43°02'52"E FOR 76.96 FEET TO THE BEGINNING OF A CURVE TO THE LEFT HAVING A RADIUS OF 20.00 FEET; THENCE EASTERLY ALONG SAID CURVE THROUGH A CENTRAL ANGLE OF 90°00'00" FOR 31.42 FEET; THENCE N.46°57'08"E FOR 179.49 FEET; THENCE N.81°56'34"E FOR 15.72 FEET; THENCE N.60°58'04"E FOR 510.2 FEET; THENCE S.88°33'04"E FOR 48.96 FEET; THENCE S.54°46'07"E FOR 38.78 FEET; THENCE S.47°04'55"E FOR 289.83 FEET TO THE POINT OF BEGINNING.

AND

A TRACT OR PARCEL OF LAND LYING IN SECTIONS 20 AND 29, TOWNSHIP 44 SOUTH, RANGE 23 EAST, CITY OF CAPE CORAL, LEE COUNTY, FLORIDA, WHICH TRACT OR PARCEL IS DESCRIBED AS FOLLOWS:

FROM THE NORTHEAST CORNER OF SAID SECTION 29 RUN S00°13'25"W, 48.49 FEET ALONG THE EAST LINE OF SAID SECTION 29; THENCE RUN N89°46'27"W, 57.62 FEET TO THE POINT OF CURVATURE OF A 870.00 FOOT RADIUS CURVE CONCAVE TO THE SOUTHEAST, SAID CURVE HAVING A CENTRAL ANGLE OF 22° 37'16", A CHORD AND CHORD BEARING OF S78°54'38"W, 341.26 FEET, RUN ALONG THE ARC OF SAID CURVE FOR 343.49 FEET TO THE POINT OF TANGENCY; THENCE RUN S67°35'59"W, 600.45 FEET TO THE POINT OF CURVATURE OF A 880.00 FOOT RADIUS CURVE CONCAVE TO THE NORTHWEST, SAID CURVE HAVING A CENTRAL ANGLE OF 52° 34'39", A CHORD AND CHORD BEARING OF N86°06'41"W, 779.50 FEET, RUN ALONG THE ARC OF SAID CURVE FOR 807.53 FEET TO THE POINT OF COMPOUND CURVATURE OF A 1930.00 FOOT RADIUS CURVE CONCAVE TO THE NORTHEAST, SAID CURVE HAVING A CENTRAL ANGLE OF 16°01'59", A CHORD AND CHORD BEARING OF N51°48'22"W, 538.31 FEET, RUN ALONG THE ARC OF SAID CURVE FOR 540.07 FEET TO A NON TANGENT INTERSECTION WITH A LINE WHICH BEARS S89°54'03"E; THENCE RUN S89° 54'03"E, 2147.36 FEET ALONG SAID LINE; THENCE S01°47'29"E, 39.93 FEET TO THE POINT OF BEGINNING.

AND

A TRACT OR PARCEL OF LAND LYING IN SECTION 29, TOWNSHIP 44 SOUTH, RANGE 23 EAST, CITY OF CAPE CORAL, LEE COUNTY, FLORIDA, WHICH TRACT OR PARCEL IS DESCRIBED AS FOLLOWS:

COMMENCING AT THE NORTHEAST CORNER OF SAID SECTION 29 RUN S00°13'25"W, 5511.95 FEET ALONG THE EAST LINE OF SAID SECTION 29 TO AN INTERSECTION WITH THE NORTHERLY RIGHT OF WAY LINE OF VETERANS PARKWAY (230.00 FEET WIDE); THENCE RUN S89°35'38"W, 1320.00 FEET TO THE POINT OF BEGINNING. FROM SAID POINT OF BEGINNING RUN S89°35'38"W, 1172.57 FEET ALONG THE NORTHERLY RIGHT OF WAY LINE OF SAID VETERANS PARKWAY; THENCE LEAVING SAID NORTHERLY RIGHT OF WAY LINE RUN N00°12'40"E, 1390.19 FEET; THENCE RUN N89°35'38"E, 1463.81 FEET TO THE NON TANGENT POINT OF CURVATURE OF A 1165.00 FOOT RADIUS CURVE CONCAVE TO THE WEST, SAID CURVE HAVING A CENTRAL ANGLE OF 25°20'46", A CHORD AND CHORD BEARING OF S10°08'30"W, 511.17 FEET TO THE POINT OF REVERSE CURVATURE OF A 400.00 FOOT RADIUS CURVE CONCAVE TO THE EAST, SAID CURVE HAVING A CENTRAL ANGLE OF 36°26'24", A CHORD AND CHORD BEARING OF S04°35'40"W, 250.13 FEET, RUN ALONG THE ARC OF SAID CURVE FOR 254.40 FEET TO THE POINT OF REVERSE CURVATURE OF A 1101.48 FOOT RADIUS CURVE CONCAVE TO THE SOUTHWEST, SAID CURVE HAVING A CENTRAL ANGLE OF 03°42'59", A CHORD AND CHORD BEARING OF S11 °46'20"E, 71.43 FEET, RUN ALONG THE ARC OF SAID CURVE FOR 71.45 FEET A NON TANGENT INTERSECTION WITH A LINE WHICH BEARS S89°35'38"W; THENCE RUN S89°35'38"W, 40.70 FEET TO A NON TANGENT INTERSECTION WITH A 1060.00 FOOT RADIUS CURVE CONCAVE TO THE WEST, SAID CURVE HAVING A CENTRAL ANGLE OF 10°15'52", A CHORD AND CHORD BEARING OF S05°08'11"E, 189.64 FEET, RUN ALONG THE ARC OF SAID CURVE FOR 189.90 FEET TO THE POINT OF TANGENCY; THENCE RUN S01°12'38"W, 139.22 FEET; THENCE RUN S00°13'25"W, 249.38 FEET TO THE POINT OF BEGINNING.

AND

WHISPERING PINES CONDO COMMON AREA OR 1371 PG 1237

AND

A tract or parcel of land situated in the State of Florida, County of Lee, City of Cape Coral, lying in Section 29, Township 44 South, Range 24 East, being more particularly described as follows:

Beginning at the Northwest corner of said Section 29; thence North 86°09'52" East, along the Northerly boundary line of said Section 29, a distance of 50.22 feet to a point on the Easterly Right of Way line of Del Prado Boulevard; thence along said Easterly Right of Way line of Del Prado Boulevard, South 01°29'09" West, a distance of 330.00 feet; thence departing said Right of Way line, North 86°09'52" East, a distance of 1881.29 feet; thence South 01°29'09" West, a distance of 329.30 feet to the Point of Beginning of Coral Cove Phase II; thence continue South 01°29'09" West, a distance of 114.04 feet; thence North 86°09'52" East, a distance of

912.50 feet; thence North 89°55'09" East, a distance of 1267.38 feet; thence South 00°04'51" East, a distance of 370.00 feet; thence South 89°55'09" West, a distance of 1255.25 feet; thence South 86°09'52" West, a distance of 529.98 feet to the beginning of a curve concave to the Northeast, having a radius of 40.00 feet, a delta angle of 22°04'44", a chord distance of 15.32 feet and a chord bearing of North 82°47'46" West; thence along the arc of said curve, a distance of 15.41 feet to a placed monument (1/2" Iron Rod and Cap LB3377 typical of all placed monuments), being also the true Point of Beginning; thence South 18°14'36" West, a distance of 132.66 feet to a placed monument; thence South 86°09'52" West, a distance of 90.00 feet to a placed monument; thence South 01°29'09" West, a distance of 682.94 feet to a placed monument on the North Right of Way line of Four Mile Cove Boulevard (S.E. 19th Terrace), a 100 foot wide Right of Way; thence South 86°09'52" West, along said North Right of Way line, a distance of 718.95 feet to a placed monument; thence North 01°29'09" East, a distance of 605.32 feet to a placed monument; thence South 88°30'51" East, a distance of 32.65 feet to a placed monument; thence North 01°29'09" East, a distance of 543.27 feet to a placed monument; thence South 88°30'51" East, a distance of 38.00 feet to a placed monument; thence North 86°08'55" East, a distance of 200.96 feet to a placed monument at the beginning of a curve concave to the Southwest, having a radius of 262.00 feet, a delta angle of 44°17'23", a chord distance of 197.52 feet and a chord bearing of South 11°42'23" East; thence along the arc of said curve a distance of 202.53 feet to a placed monument at the point of tangency; thence South 49°33'42" East, a distance of 136.92 feet to a placed monument; thence North 40°26'18" East, a distance of 46.56 feet to a placed monument; thence South 49°33'42" East, a distance of 172.63 feet to a placed monument; thence North 86°09'52" East, a distance of 126.60 feet to a placed monument; thence South 41°09'52" West, a distance of 27.44 feet to a placed monument; thence South 03°50'08" East, a distance of 57.66 feet to the Point of Beginning.

AND

The West 1/2 of the West 1/2 of the SE 1/4 of Section 10, Township 44 South, Range 23 East, as described in Official Records Book 2114, Page 4160 of the records of Lee County, Florida,

AND

The East 1/2 of the West 1/2 of the SE 1/4 of Section 10, Township 44 South, Range 23 East, of Lee County, Florida.

AND

A tract or parcel of land situated in the State of Florida, County of Lee, City of Cape Coral, lying in Section 29, Township 44 South, Range 24 East, being more particularly described as follows:

Commencing at the NW corner of said Section 29; thence N86°09'52"E along the Northerly boundary line of said Section 29, a distance of 50.22 feet to a point on the easterly right-of-way line of Del Prado Boulevard, S01°29'09"W, a distance of 330.00 feet; thence departing said right-of-way line, N86°09'52"E a distance of 1881.29 feet; thence S01°29'09"W, a distance of 329.30 feet to the true point of beginning of Coral Cove Phase II; thence continue S01°29'09"W, a distance of 114.04 feet; thence N86°09'52"E, a distance of 912.50 feet; thence N89°55'09"E, a distance of 1267.38 feet; thence S00°04'51"E, a distance of 370.00 feet; thence S89°55'09"W, a distance of 1255.25 feet; thence S86°09'52"W, a distance of 529.98 feet to the beginning of a curve concave to the Northeast, having a radius of 40.00 feet, a delta angle of 22°04'44", a chord distance of 15.32 feet and a chord bearing of N82°47'46"W; thence along the arc of said curve, a distance of 15.41 feet to the point of beginning of Coral Cove Phase I; thence N03°50'08"W, a distance of 57.66 feet; thence N41°09'52"E, a distance of 27.44 feet; thence S86°09'52"W a distance of 126.60 feet; thence N49°33'42"W, a distance of 172.63 feet; thence S40°26'18"W, a distance of 46.56 feet; thence N49°33'42"W, a distance of 136.92 feet to the beginning of a curve concave to the SW, having a radius of 262.00 feet, a delta angle of 44°17'23", a chord distance 197.52 feet and a chord bearing of N71°42'23"W; thence along the arc of said curve a distance of 200.96 feet; thence N88°30'51"W, a distance of 38.00 feet; thence N01°29'09"E, a distance of 143.42 feet; thence N86°08'55"E, a distance of 425.03 feet to the Point of Beginning.

Said parcel contains 817,348 square feet (18.764 acres), more or less.

PLACES OF WORSHIP (W) TO RESIDENTIAL MULTI-FAMILY LOW (RML) ZONE

A portion of Block 1378 less and except the North 405 feet thereof in Unit 18, City of Cape Coral Subdivision, recorded in Plat Book 13, Pages 96 to 120 inclusive, in the Public Records of Lee County, Florida, together with that portion of the vacated right-of-way granted by Resolution 98-78, and being more particularly described as follows:

Beginning at the Southeast Corner of the said North 405 feet of Block 1378, being a point of the westerly right-of-way line of SE 24th Avenue; thence run S 00°57'33"W along said westerly right-of-way line for 401.55 feet to the beginning of a curve to the right having for its elements a radius of 25 feet, a chord bearing and distance of S 44°39'29"W, 34.54 feet; thence run along the curve to the right an arc distance of 38.13 feet to a point on the northerly right-of-way line of SE 8th Street; thence run S 88°21'26"W along said northerly right-of-way line for 237.38 feet; thence leaving said right-of-way run N 00°57'33"E for 425.44 feet; thence run N 88°21'26"E for 261.27 feet to the Point of Beginning. Parcel contains 2.6 acres plus or minus. Basis for bearings is the east line of Block 1378 being S 00°57'33"W according to the plat of Cape Coral Unit 18, as recorded in Plat Book 13, Page 96 to 120, inclusive, Lee County, Florida.

AND

A portion of Block 1378 less and except the North 405 feet thereof in Unit 18, City of Cape Coral Subdivision, recorded in Plat Book 13, Pages 96 to 120 inclusive, in the Public Records of Lee County, Florida, together with that portion of the vacated right-of-way granted by Resolution 98-78, and being more particularly described as follows:

Commencing from the Southeast Corner of the said North 405 feet of Block 1378; thence run S 88°21'26" W for 261.27 feet to the Point of Beginning of the parcel herein described; thence run S 00°57'33"W for 425.44 feet to a point on the northerly right-of-way line of SE 8th Street; thence run S 88°21'26"W along said right-of-way line for 363.24 feet to a Point of Curvature to the right having for its elements a radius of 25 feet, a chord bearing and distance of N 45°20'31"W, 36.15 feet; thence run along the curve to the right an arc distance of 40.41 feet to a Point of Tangency on the easterly right-of-way line of SE 23rd Avenue; thence run N 00°57'33"E along said easterly right-of-way line for 399.28 feet; thence run N 88°21'26"E for 389.40 feet to the Point of Beginning. Parcel contain 3.80 acres more or less. Basis for bearings is the east line of Block 1378 being S 00°57'33"W according to the plat of Cape Coral Unit 18, as recorded in Plat Book 13, Page 96 to 120, inclusive, Lee County, Florida.

AGRICULTURAL-2 (AG-2, A LEE COUNTY DESIGNATION) TO COMMERCIAL (C) ZONE

A parcel of land within the City of Cape Coral, being a part of Section 20, Township 43 South, Range 23 East, Lee County, Florida, described as follows:

Commence at the Northeast corner of said Section 20; thence South 89°37'56" West along the north line of the Northeast ¼ of said Section 20, a distance of 1,328.13 feet to the Point of Beginning; thence South 15°46'07" East, a distance of 212.80 feet; thence South 49°17'46" East, a distance of 233.40 feet; thence South 29°30'00" West, a distance of 428.71 feet; thence South 52°52'36" West, a distance of 419.74 feet; thence South 47°37'42" West, a distance of 418.12 feet; thence South 30°46'26" West, a distance of 373.82 feet; thence South 04°51'51" East, a distance of 328.57 feet; thence South 14°07'22" East, a distance of 309.02 feet to a point on the South line of the North 135 acres of the East ½ of said Section 20; thence South 89°37'56" West along said South line, a distance of 642.83 feet to a point on the West line of said East ½ of Section 20; thence South 00°24'57" West along said West line, a distance of 1,795.25 feet to a point on the North line of lands described in Official Records Book 2911, Page 1929 of the Public Records of Lee County, Florida; thence North 89°18'53" West along said North line, a distance of 2,517.68 feet to a point on the easterly right of way line of Burnt Store Road (State Road 765), said point being 13 feet from the centerline; thence North 00°14'02" East along said easterly right of way line, a distance of 1,285.93 feet to an angle point; thence continue North

00°13'15" East along said easterly right of way line, a distance of 2,671.39 feet to a point on the North line of the Northwest ¼ of said Section 20; thence North 89°37'06" East along said North line, a distance of 2,531.07 feet to the North ¼ corner of said Section 20; thence North 89°37'56" East along the North line of the Northeast ¼ of said Section 20, a distance of 1,334.73 feet to the Point of Beginning.

LESS AND EXCEPT:

The Westerly 155 feet of land described in Official Records Book 4851, Page 1643, of the Public Records of Lee County, Florida, being part of Section 20, Township 43 South, Range 23 East, Lee County Florida.

LESS AND EXCEPT:

PARCEL OF LAND IN THE WEST-HALF OF SECTION 20, TOWNSHIP 43 SOUTH, RANGE 23 EAST, LEE COUNTY, FLORIDA, BEING MORE PARTICULARLY DESCRIBED AS FOLLOWS:

COMMENCING AT THE WESTERLY QUARTER-CORNER OF SAID SECTION 20; THENCE S 89°50'43" E. thence S 02°03'33" W along the east line of the Northeast Quarter (NE 1/4) of said Section 7 a distance of 2639.48 feet to the East Quarter corner of said Section 7; thence S 02°32'18" E along the east line of the Southeast Quarter (SE 1/4) of said Section 7, a distance of 2689.71 feet to the Point of Beginning.

Containing within said bounds 8,672,223 square feet or 199.09 acres more or less.

AGRICULTURAL-2 (AG-2, A LEE COUNTY DESIGNATION) TO INSTITUTIONAL (INST) ZONE

A PARCEL OF LAND FOR LAND USE ADMINISTRATIVE PURPOSES, BEING A PART OF SECTION 7, TOWNSHIP 43 SOUTH, RANGE 24 EAST, LEE COUNTY, FLORIDA, SAID TRACT OR PARCEL BEING MORE PARTICULARLY DESCRIBED AS FOLLOWS:

Beginning at the southwest corner of said Section 7; thence N00°47'29"E along the west line of the Southwest One Quarter (SW 1/4) of said Section 7 for 808.34 feet; thence S89°27'22"E parallel with the south line of said Southwest One Quarter (SW 1/4) for 808.33 feet; thence S00°47'29"W parallel with the west line of said Southwest One Quarter (SW 1/4) for 808.34 feet to the south line of said Southwest One Quarter (SW 1/4); thence N89°27'22"W along said south line for 808.33 feet to the Point of Beginning.

Bearings are State Plane Grid (Florida West Zone) based on the south line of the Southeast One Quarter (SE 1/4) of Section 7, Township 43 South, Range 24 East as bearing N86°03'18"W.

Subject to easements, restrictions, reservations and rights-of-way (recorded and unrecorded, written and unwritten).

AGRICULTURAL-2 (AG-2, A LEE COUNTY DESIGNATION) TO NEIGHBORHOOD COMMERCIAL (NC) ZONE

A parcel of land located in a portion of Section 20, Township 43 South, Range 23 East, Lee County, Florida being more particularly described as follows:

Commence at the south quarter corner of Section 20, Township 43 South, Range 23 East, Lee County, Florida; thence run N 89°18'51"W along the South line of the SW ¼ of said Section 20 for a distance of 1,556.03 feet; thence run N 00°13'57"E for a distance of 50.00 feet to the North right-of-way line of Jacaranda Parkway according to instrument number 2009000022333 of the Public Records of Lee County, Florida, and to the Point of Beginning of the parcel herein described; thence run N 89°18'51" W along the North right-of-way line of said Jacaranda Parkway, for a distance of 897.38 feet to a point on the East right-of-way line of Burnt Store Road according to instrument number 2009000022332 of the Public Records of Lee County, Florida; thence run N 00°13'57"E along the East right-of-way line of said Burnt Store Road, for a distance of 1,335.24 feet; thence run S 89°18'51"E parallel with the South line of said Section 20, for a distance of 897.38 feet; thence run S 00°13'57"W for a distance of 1,335.25 feet to the Point of Beginning; containing 27.507 acres, more or less.

Bearings shown hereon refer to the South line of the SW ¼ of Section 20, Township 43 South, Range 23 East, Lee County, Florida as being N 89°18'51"W.

and the City administrative office shall amend the City of Cape Coral Official Zoning District Map to reflect this zoning change.

That the amendments to the City of Cape Coral Official Zoning District Map as prescribed herein are consistent with the City of Cape Coral Comprehensive Plan.

Section 2. Severability. In the event that any portion or section of this ordinance is determined to be invalid, illegal, or unconstitutional by a court of competent jurisdiction, such decision shall in no manner affect the remaining portions or sections of this ordinance which shall remain in full force and effect.

Section 3. Effective Date. This ordinance shall become effective on the date that Ordinance 17-19 becomes effective.

ZA18-0013

ORDINANCE 4-19

Background

- **A city-initiated rezone involving 9,783.65 acres**
- **One element of multi-part process to overhaul Land Development Code. Other elements include:**
 - **Two Future Land Use Map Amendments (Ordinances 50-18 and 2-19): COMPLETE**
 - **Comprehensive Plan Text Amendment (Ordinance 71-18): COMPLETE**
 - **Land Development Code Ordinance (Ordinance 17-19)**

Background

- **Greatest changes involve:**
 - Deletion of RD**
 - Deletion of R-3, splitting R-3 into RML and RMM**
 - Deletion of MR**
 - Deletion of RX**
 - Deletion of Village**
- **Overall 8 districts are proposed to be removed, with another two unmapped districts (HICI, P-2) removed in LDC overhaul**
- **Additional focus of this effort is to provide consistency, not rezone by request**

Background

Zoning Acreage Change, by Zoning District:

Commercial (C): 1,536.54 acres

Commercial Corridor (CC): 189.02 acres

Industrial (I): 159.00 acres

Institutional (INST): 456.02 acres

Mixed-Use Bimini (MXB): 85.55 acres

Neighborhood Commercial (NC): 495.04 acres

Professional (P): 31.63 acres

Preservation (PV): 713.54 acres

Single-Family Residential (R1): 3,356.85 acres

Residential Estate (RE): 14.72 acres

Multi-Family Residential Low (RML): 2,722.44 acres

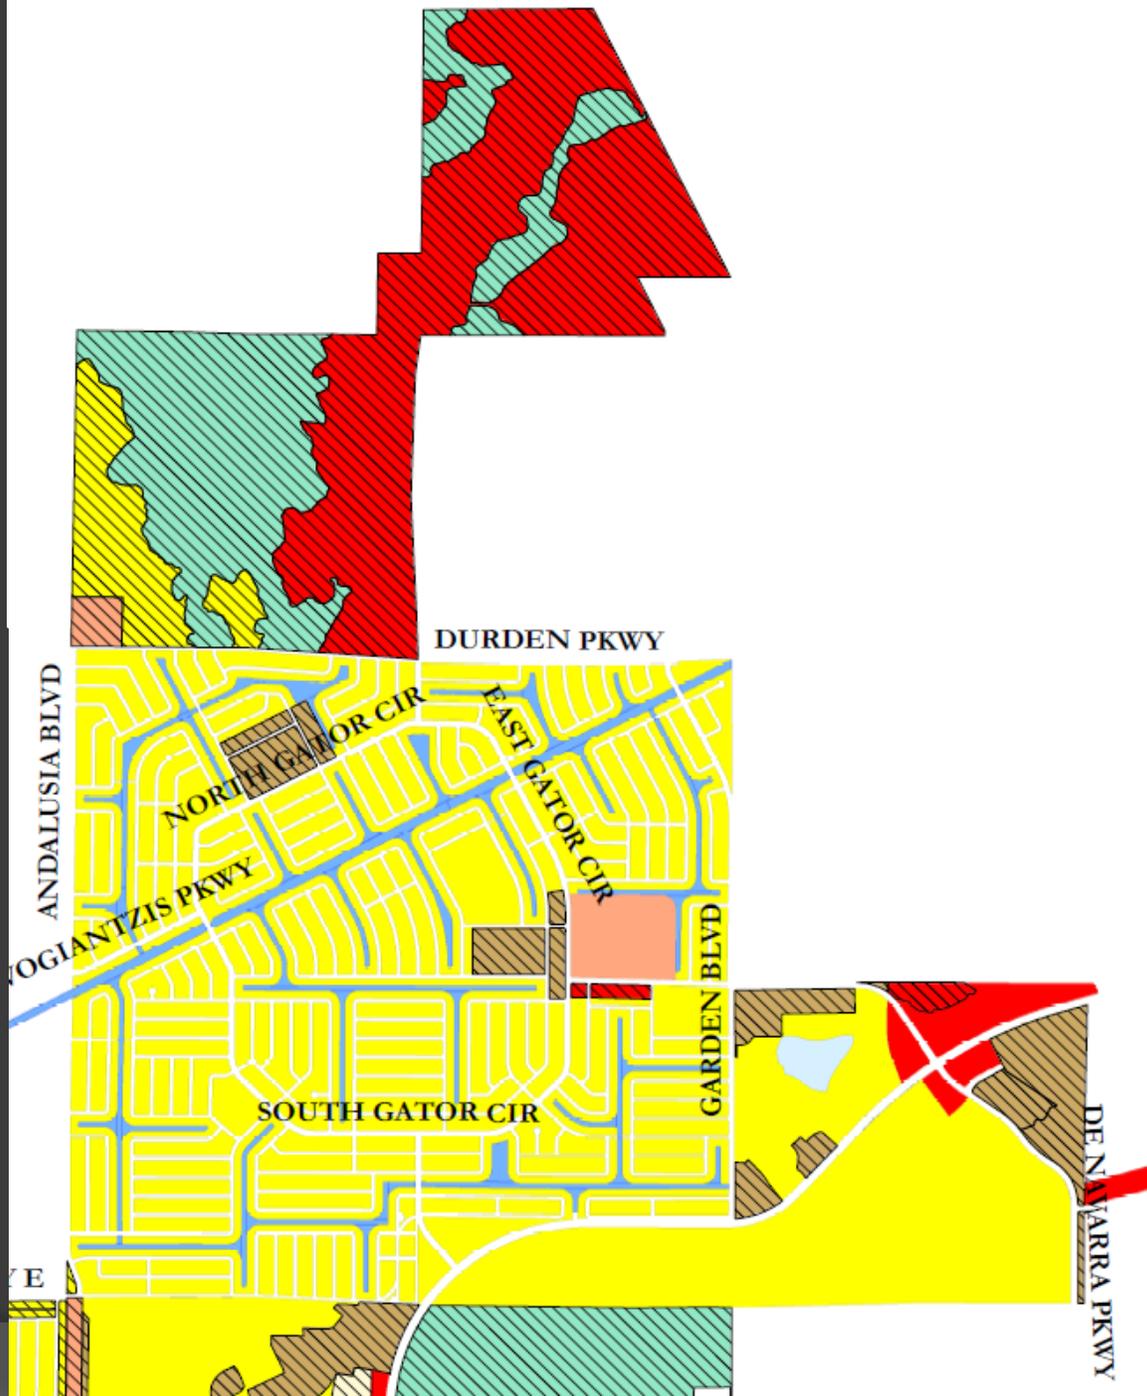

Residential Planned Unit Development (RPUD): 23.30 acres

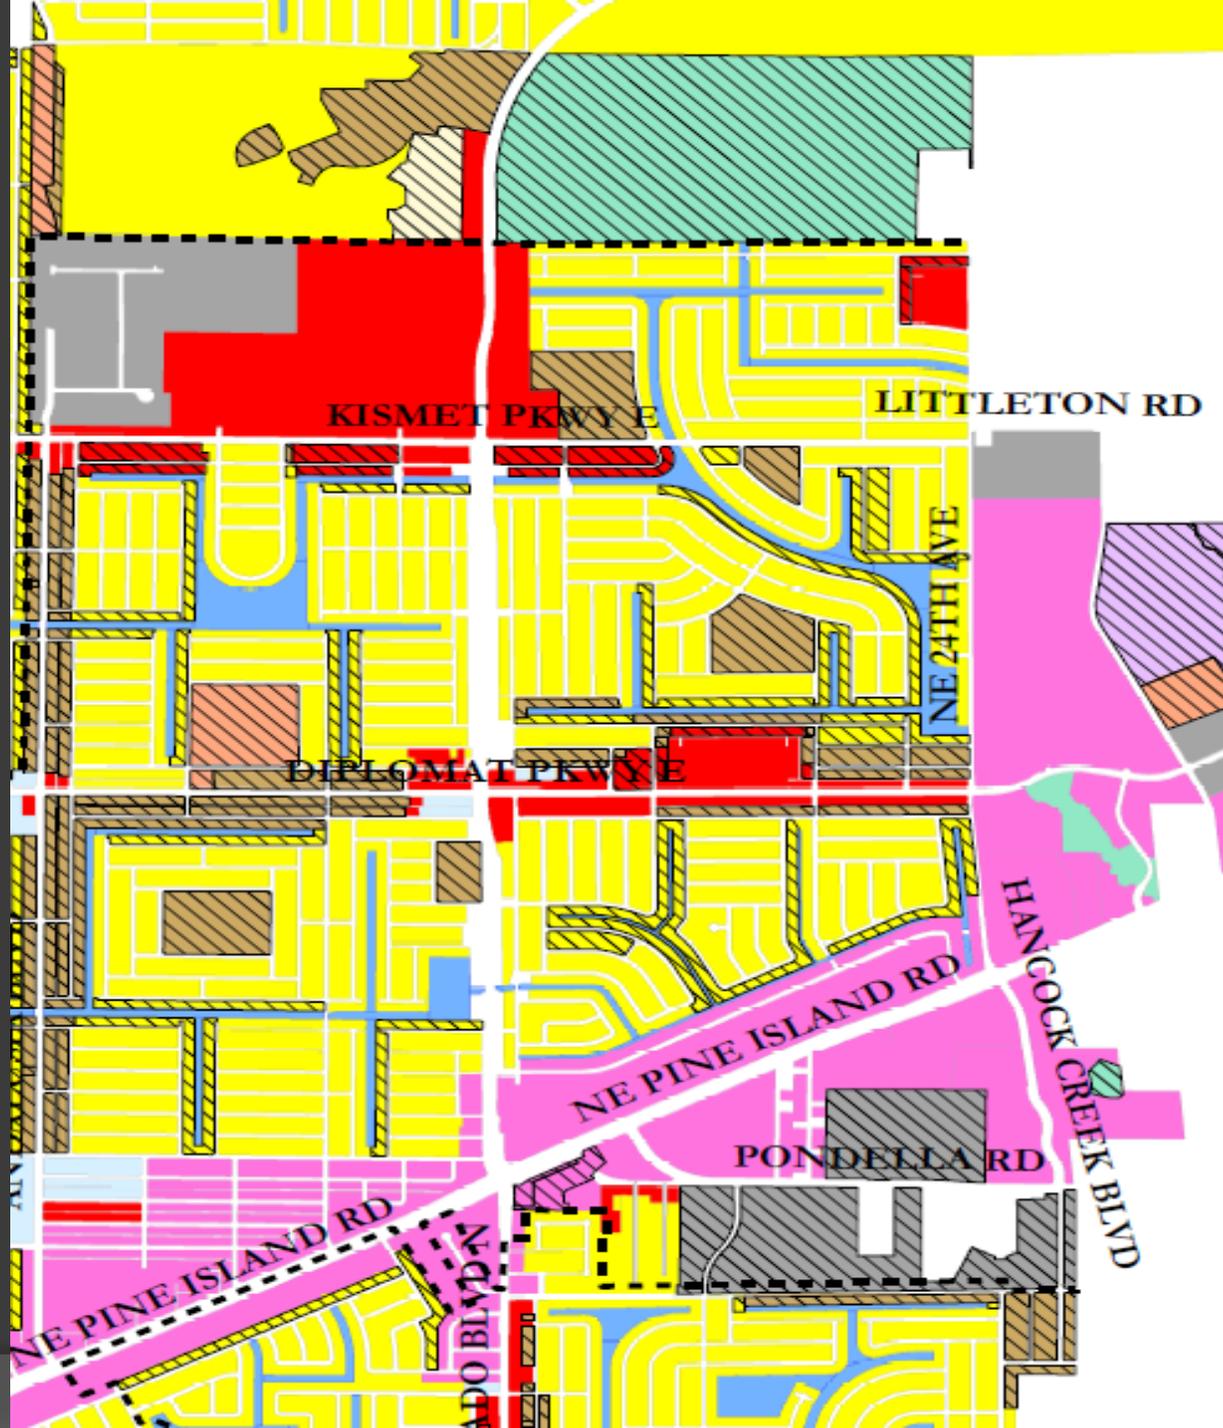

To Residential Zoning: 6,117.31 acres

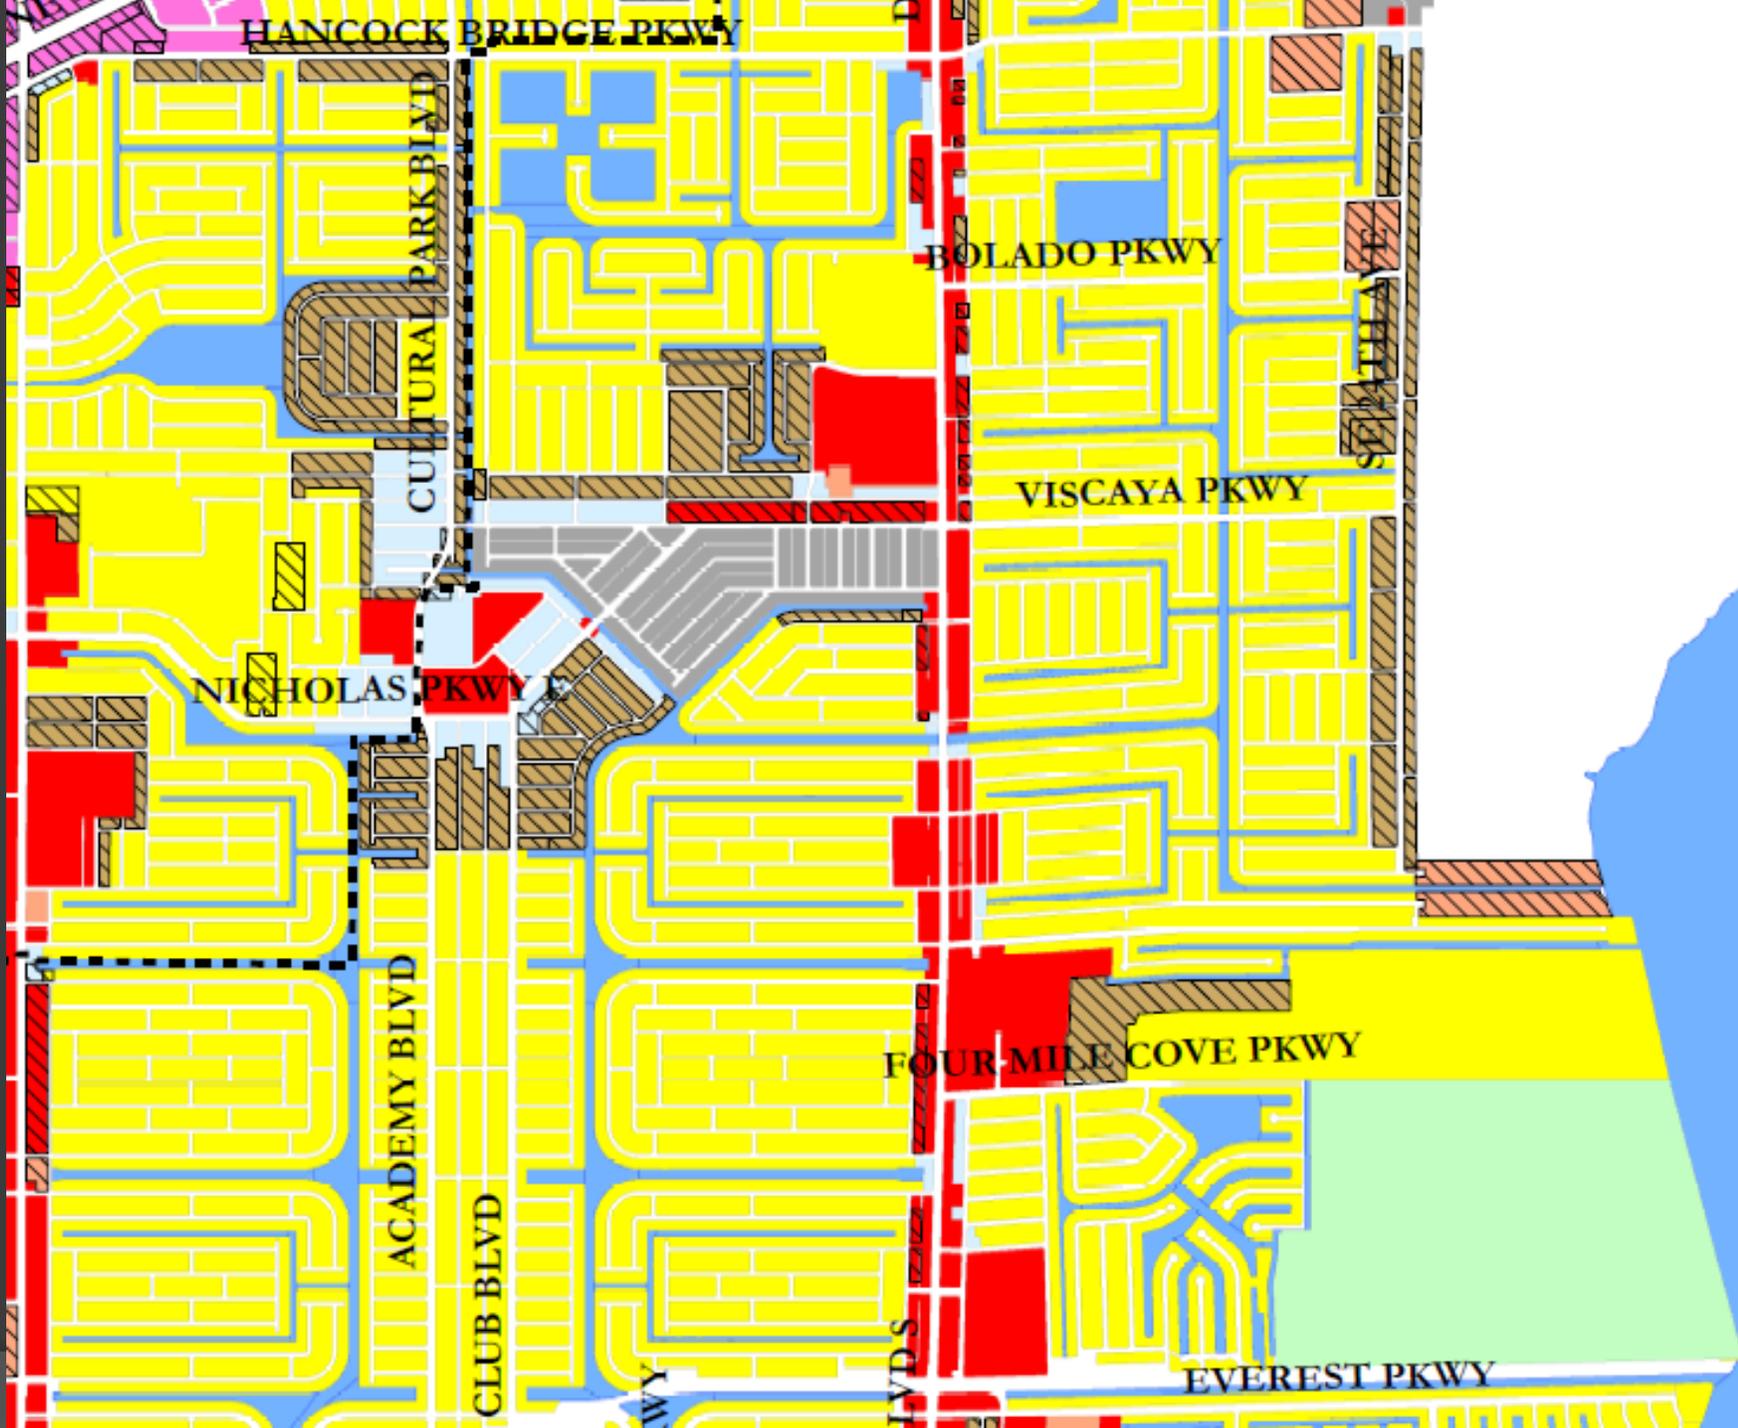

To Non-Residential Zoning: 1,727.17 acres

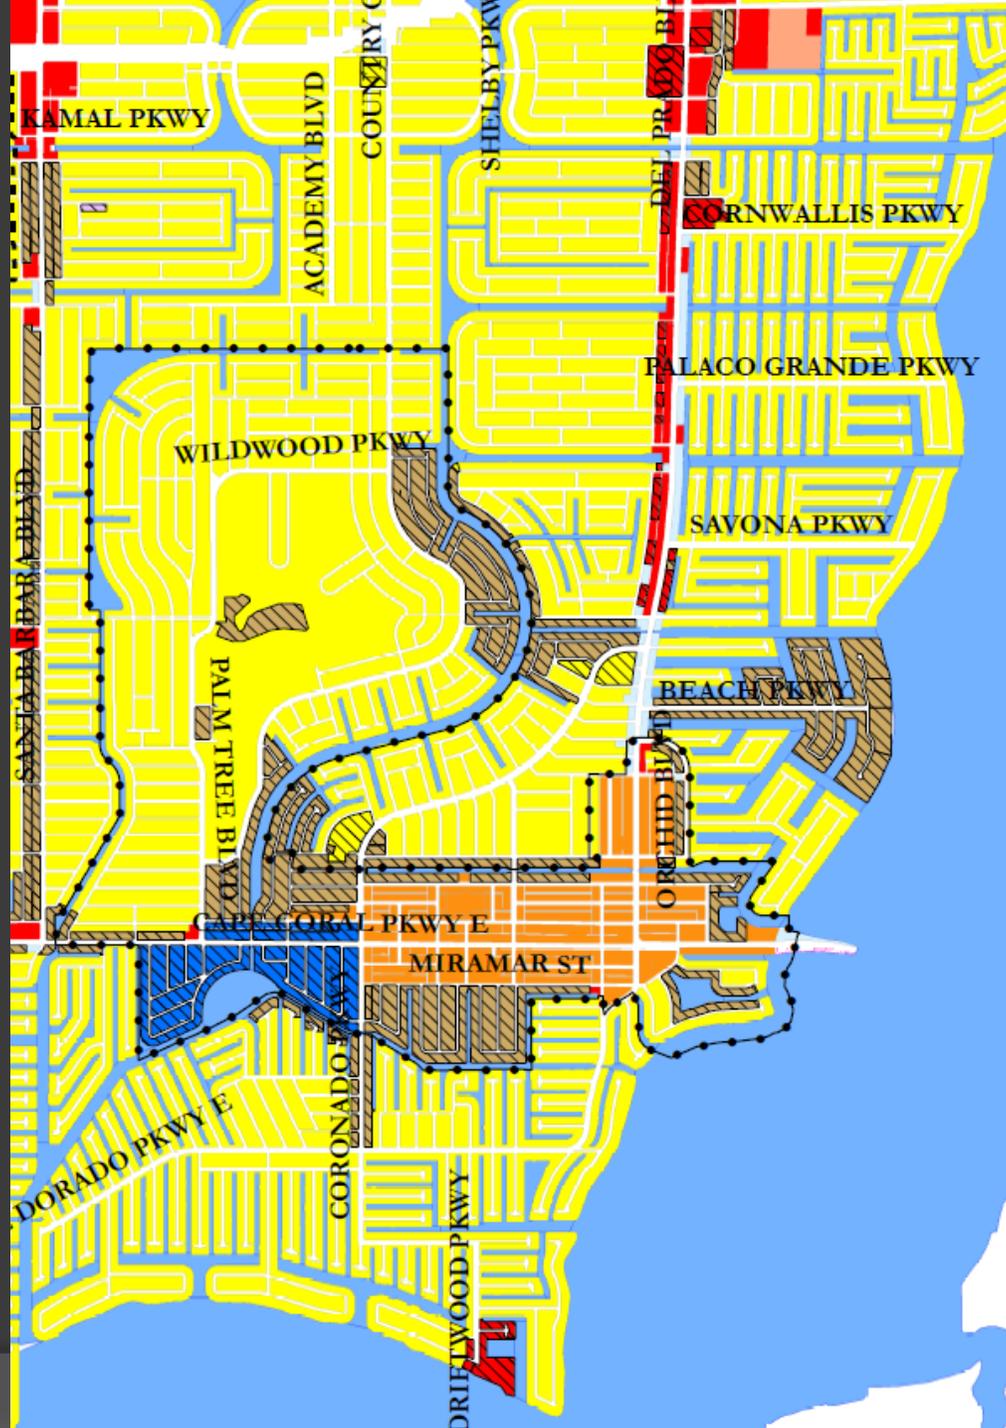

To Mixed-Use Zoning: 769.61 acres

To Institutional Zoning: 1,169.56 acres

Changes from January

- **This was presented in January 2019**
- **Prior to formal presentation before Council, Staff made several changes**
- **It was determined that the extent of the changes required another meeting at this stage**

Changes from January

These changes include:

- Reduction of rezone area by approximately 20 acres; Four Corners area is proposed to be rezoned separately, Seven Islands already zoned with special district**
- All prior properties proposed to be RMM were amended; such properties are either being amended to RML or Institutional**
- One area, part of a PDP, is proposed to be amended from Commercial to Residential Planned Unit Development**

Analysis

- Overall, amendments include 9,783.65 acres
- Over 8,900 acres rezoned are the result of changes caused by the deletion of old zoning districts, or by the zoning of annexed properties to a City zoning designation
- Impacts of rezone are less than numbers suggest, as 65% of rezone area represents “like-for-like” changes (e.g. residential to residential)
- Another 15% of rezone area presently lacks City zoning

Analysis

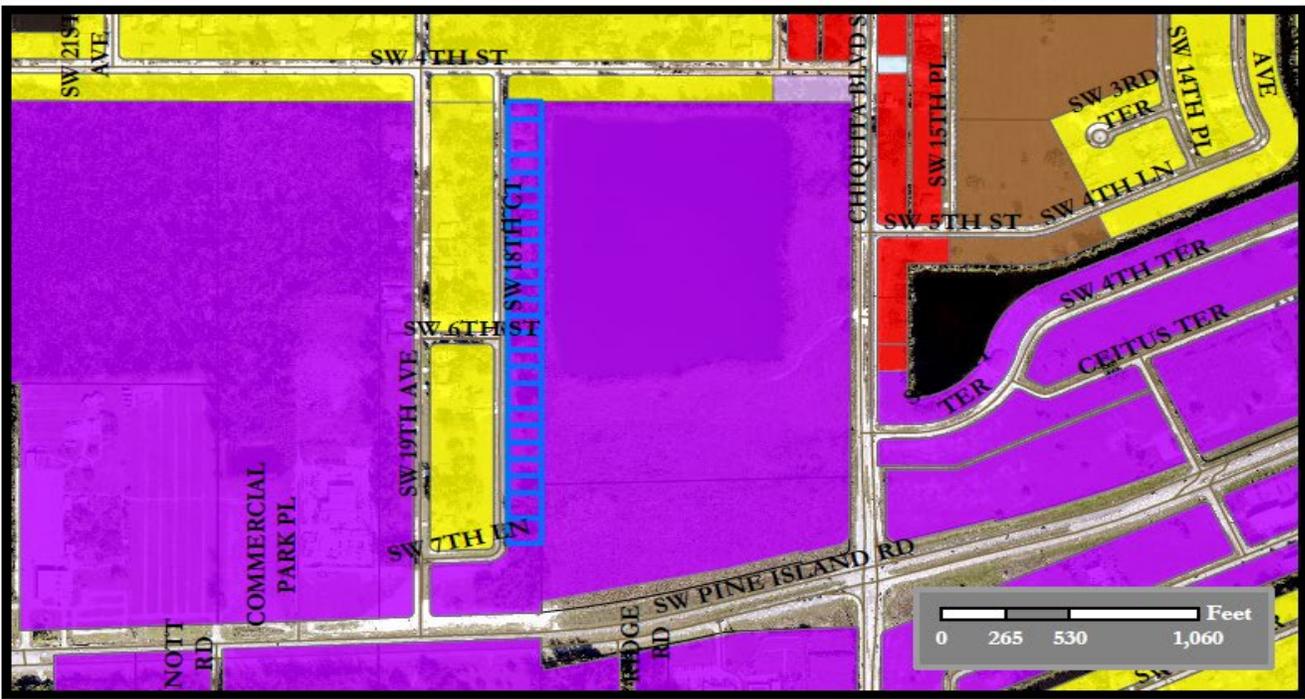

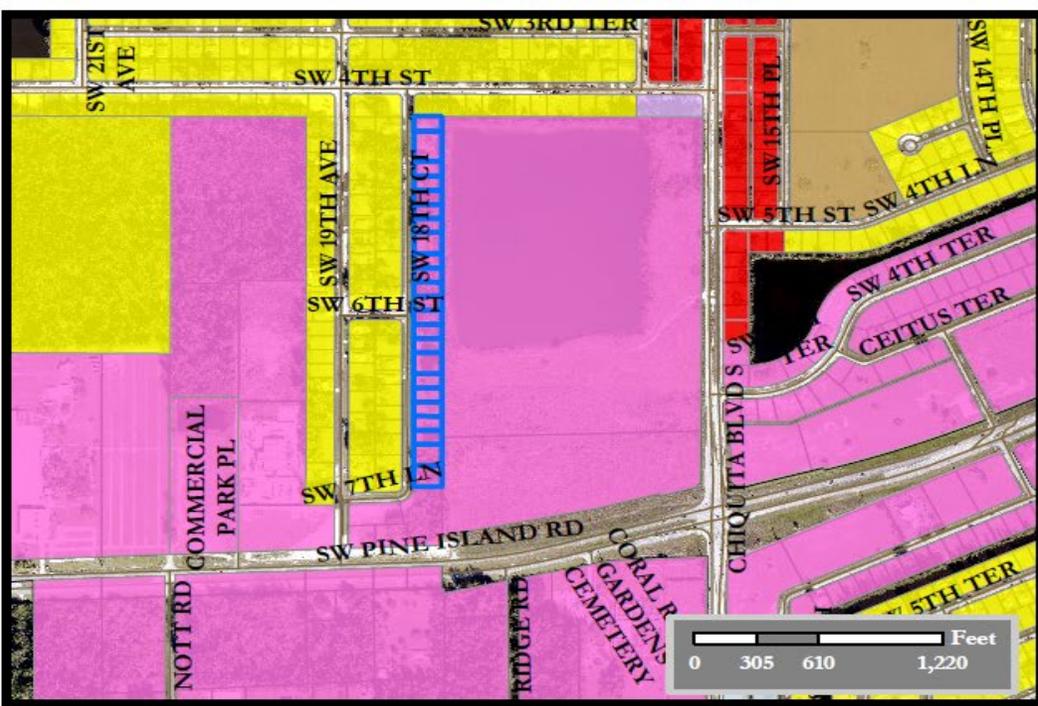

Comparison of general zoning types:

Mixed-Use (CORR/MR/SC/VILL) to Mixed-Use (CC/NC/SC/MXB/MX7):	576.72 acres
Mixed-Use to Non-Residential (C/P/I):	441.12 acres
Mixed-Use to Residential (A/R1/RML/RMM/RE):	208.03 acres
Non-Residential (C-1/C-3/I/P-1/W) to Non-Residential:	122.05 acres
Non-Residential to Mixed-Use:	0 acres
Non-Residential to Residential:	91.68 acres
Residential to Residential:	5,694.71 acres
Residential to Mixed-Use:	164.50 acres
Residential to Non-Residential:	297.63 acres
To Institutional/Preservation (INST/PV), not including County zoned:	743.48 acres
Areas with Lee County Zoning:	1,442.81 acres

Proposed Change

- **Block 3682, Lots 1-52 have Pine Island Road District FLU and RD zoning**
- **Recent single-family residential construction on block**
- **Propose removing lots from this rezone, amend FLU to Single Family Residential in follow-up ordinance**

CITY OF CAPE CORAL DEPARTMENT OF COMMUNITY DEVELOPMENT FUTURE LAND USE & PROPOSED ZONING SW 18TH CT & SW 19TH AVE

Analysis

- **A majority of the area rezoned (6,117.31 of 9,783.65 acres – 63%) are proposed to be rezoned to a residential zoning district.**
- **92% of this residential acreage is rezoned from other residential districts**
- **Staff is receptive to receiving other rezone application requests**

Comprehensive Plan/LUDR

- **Staff analyzed the Comprehensive Plan to determine what policies support or undermine the proposed rezone.**
- **The proposed zoning is consistent with the various future land use map classifications. The rezone is consistent with Policies 1.15, 1.20, 8.1, and 13.3 of the Future Land Use Element.**
- **Staff reviewed Section 8.7.3.B.1-10 of the Land Use and Development Regulations and found the rezone to be consistent**

Conclusion

- **In conclusion, staff recommends Approval of the proposed rezone request**
- **This was presented before the Hearing Examiner on June 18, and received a recommendation of approval**

Ordinance 23-19 Final Public Hearing

REQUESTED ACTION:

Approve or Deny

STRATEGIC PLAN INFO:

1. Will this action result in a Budget Amendment? No
2. Is this a Strategic Decision?
 - If Yes, Priority Goals Supported are listed below.
 - If No, will it harm the intent or success of the Strategic Plan?

PLANNING & ZONING/HEARING EXAMINER/STAFF RECOMMENDATIONS:

P&Z Recommendation: At their May 1, 2019 Regular Meeting, the Planning and Zoning Commission/Local Planning Agency voted unanimously to recommend approval of Ordinance 23-19.

Staff Recommendation: Staff recommends approval.

SUMMARY EXPLANATION AND BACKGROUND:

An ordinance amending the City of Cape Coral Comprehensive Plan by amending Policy 1.15 of the Future Land Use Element. This amendment removes language doubling the allowable density for multi-family residential developments with a significant affordable housing component, provides additional flexibility for development in the Downtown Mixed and Pine Island Road District Future Land Use Classifications, and decreases the maximum density within Neighborhood Commercial Development Parameters for the Commercial Activity Center Future Land Use Classification.

ORDINANCE 23 - 19

AN ORDINANCE AMENDING THE CITY OF CAPE CORAL COMPREHENSIVE PLAN BY AMENDING POLICY 1.15 OF THE FUTURE LAND USE ELEMENT; PROVIDING FOR SEVERABILITY AND AN EFFECTIVE DATE.

NOW, THEREFORE, THE CITY OF CAPE CORAL, FLORIDA, HEREBY ORDAINS AS FOLLOWS:

Section 1. The City of Cape Coral hereby adopts Comprehensive Plan amendments necessary to update the Comprehensive Plan as follows:

The amendment to Policy 1.15 of the Future Land Use Element removes language doubling the allowable density for multi-family residential developments with a significant affordable housing component, provides additional flexibility for development in the Downtown Mixed Future Land Use Classification, and removes increased density within the Neighborhood Commercial zoning district. The amendment to the Future Land Use Element is described in Exhibit A, attached hereto and incorporated herein by reference.

Section 2. Severability. In the event that any portion or section of this Ordinance is determined to be invalid, illegal or unconstitutional by a court of competent jurisdiction, such decision shall in no manner affect the remaining portions or sections of this Ordinance which shall remain in full force and effect.

SECTION 3. Effective Date. The effective date of this plan amendment shall be thirty-one (31) days after the state land planning agency notifies the City that the plan amendment package is complete, or if timely challenged, the date a final order is issued by the Administration Commission finding the amendment to be in compliance in accordance with Chapter 163.3184(3)(c)4., F.S., whichever is applicable.

ADOPTED BY THE COUNCIL OF THE CITY OF CAPE CORAL AT ITS REGULAR SESSION THIS _____ DAY OF _____, 2019.

KIMBERLY BRUNS
INTERIM CITY CLERK

APPROVED AS TO FORM:

BRIAN R. BARTOS
ASSISTANT CITY ATTORNEY
Comp Plan Amendment-Future Land Use Element-Bimini Density
5/1/19

FUTURE LAND USE ELEMENT

GOAL: TO PROTECT THE PUBLIC INVESTMENT BY ENCOURAGING THE EFFICIENT USE OF COMMUNITY INFRASTRUCTURE AND NATURAL RESOURCES; ASSURE THE ORDERLY, EFFICIENT GROWTH OF THE CITY BY ENCOURAGING DEVELOPMENT IN THOSE AREAS WHICH ARE BEST SERVED BY INFRASTRUCTURE AND COMMUNITY SERVICES; PROMOTE NEW LAND USES WHICH CREATE THE LEAST POSSIBLE DISRUPTION TO EXISTING USES; CREATE A STRATEGY WHICH ANTICIPATES FUTURE COMMUNITY NEEDS BY ACQUIRING AND ASSEMBLING PLATTED LANDS; AND PROTECT THE RIGHTS OF INDIVIDUAL PROPERTY OWNERSHIP, CONSISTENT WITH PUBLIC NEEDS.

OBJECTIVE 1: Managing Future Growth and Development: The City of Cape Coral will manage future growth and land development by adopting, implementing, and enforcing new regulatory vehicles. All land development regulations called for in this Plan shall be adopted and implemented in accordance with the provisions of S. 163.3202, Florida Statutes. The short-term planning timeframe shall be established as up to the year 2025, while the long-term planning horizon shall be the year 2035.

Policy 1.1: The City will consider the impacts of climate change and sea level rise when determining the appropriate future land use map classification for property within the City of Cape Coral.

Policy 1.2: The City will regulate the use of land and water to protect State-owned preservation lands, the City's system of fresh and salt-water canals, and the outlying waters of the Caloosahatchee River and Charlotte Harbor.

Policy 1.3: The City will adopt measures to regulate areas subject to seasonal and periodic flooding and will provide for drainage and stormwater management.

Policy 1.4: The City will continue to protect potable water wellfields through the placement of the wellheads in a manner which uses street rights-of-way as buffers. The wellheads will continue to be protected from physical damage by using construction techniques appropriate for their location, such as locating future wellheads adjacent to street rights-of-way. However, due to population densities, it may be necessary to place wellheads in the median in isolated circumstances. Buffering for such locations will be evaluated on an individual site basis to prevent contamination via the wellhead itself.

Policy 1.5: The City will continue to regulate signage to prevent visual blight.

Policy 1.6: The City will continue to promote healthy communities and a diverse housing stock so that all persons may have an opportunity to reside in this community. To accomplish this goal, the City supports efforts to balance single-family and multi-family residential stock.

Policy 1.7: The City has identified a shortfall of multi-family residential housing stock in the community. To provide better guidance in identifying properties which are appropriate for multi-family residential development, to reduce this shortfall, locational guidelines have been developed. The following locational guidelines are as follows:

1.) Proximity to major roadways.

To prevent the establishment of multi-family residential development far in the middle of predominantly single-family neighborhoods, an appropriate location for multi-family residential development is adjacent to or within ¼ mile of major roadways such as arterial and collector roadways, as identified by *Figure 7 City Roadway Classifications*.

2.) Proximity to non-residential land uses.

An important consideration for siting multi-family residential development is the need for multi-family residential uses to be in proximity to major employment centers. Providing housing near commercial uses can result in shorter trips, lessened traffic generation by workers, and providing multiple transportation mode options (walking, bicycling, automobile, bus) for employees.

An appropriate location for multi-family residential development is adjacent to or within ¼ mile of non-residential land uses such as the Commercial/Professional, Light Industrial, Mixed Use, Downtown Mixed, Pine Island Road District, or Commercial Activity Center future land use classifications.

3.) Transitioning from commercial uses to less intense uses.

Multi-family residential uses have traditionally provided a role in buffering single-family uses or neighborhoods from nearby commercial development. Multi-family residential development is often self-contained with parking lots which provide a physical barrier visually separating commercial uses, particularly the lighting and loading areas, from single-family residential uses, which is a benefit to the community.

Therefore, an appropriate location for Multi-family residential development is physically between single-family development and non-residential land uses such as the Commercial/Professional, Light Industrial, Mixed Use, Downtown Mixed, Pine Island Road District, or Commercial Activity Center future land use classifications.

4.) Assemblage opportunities and adjacency to existing multi-family residential.

Single, isolated pre-platted parcels provide little opportunity for larger-scale multi-family residential development, and contribute to the same ills that strip center commercial developments offer; a proliferation of driveways onto major roadways.

Therefore, an appropriate location for multi-family residential development is a collection of properties of 3-acres or greater which provide multi-family assemblage opportunities, or for properties which alone are 3-acres or greater in size. Furthermore, consideration will be

given to logical extensions from existing multi-family residential designated properties.

Policy 1.8: The City will maintain regulations ensuring safe and convenient on-site traffic flow and vehicle parking needs for all developed lands.

Policy 1.9: The City will issue no development orders or construction permits, which result in a reduction in the level of service for any affected public facility below the level of service standard adopted in this comprehensive plan.

Policy 1.10: The City will periodically develop a buildout analysis to assist long-range planning activities. This analysis shall be conducted no less than once per five years and will be available to the public on the City website.

Policy 1.11: The City will continue to conduct studies to ascertain the feasibility of implementing alternative mechanisms to aid and encourage the de-platting of platted lands, and to encourage the acquisition and assembly of land for public uses.

Policy 1.12: The City will continue to conduct commercial land needs studies to identify potential areas of the City, which could accommodate commercially designated land, and then amend the Future Land Use Map, consistent with the studies, findings, and recommendations, and other provisions of the Comprehensive Plan.

Policy 1.13: In establishing commercial siting guidelines, it is the intent of the City of Cape Coral to discourage new “strip commercial” development. Strip commercial development, for the purpose of this policy, is often, but not always, linear in orientation, typically generates high volumes of traffic that is often associated with separate vehicular entrances and exits for each property on the primary street, may have poor or undefined pedestrian path systems that create conflicts between pedestrian and vehicular movements, and generally lacks sufficient onsite space to accommodate normal parking and loading activities. In discouraging new strip commercial development, the City shall also seek to limit or reduce traffic conflict points along arterial and collector roadways, to promote pedestrian-friendly development, and to create synergistic, compact patterns of commercial development.

To achieve this intent, the City will utilize commercial siting guidelines as a basis for considering the appropriateness of placing the Commercial/Professional Mixed Use, Commercial Activity Center future land use classifications at various locations. “Commercial siting guidelines,” in the sense used herein, refers to guidelines for evaluating potential locations for non-residential (except industrial) development within the above-referenced future land use classifications. The City will also complement its consideration of potential commercial lands; by utilizing the policies contained in Future Land Use Objectives 2 and 3 and Policy 1.12 of this comprehensive plan. Finally, the City of Cape Coral’s commercial siting guidelines shall be based on the ideal concept of a commercial node.

Commercial nodes may be defined as a compact concentration of commercial land within a relatively small area. Ideally, such nodes are located around or in the vicinity of intersections of major city roadways (typically, 4 or more lane divided parkways and boulevards). The City recognizes that commercial areas may periodically develop distant

from a major intersection, as some intersections may have insufficient undeveloped property in the vicinity of the intersection to allow for development of larger commercial centers. Such outlying commercial development can be useful in providing neighborhood commercial centers, professional buildings or office parks to serve a variety of local needs.

Preferably, however, commercial nodes should begin as a concentration of commercial properties adjacent to a major intersection. Once the node is established, it is difficult to define how far from the intersection subsequent commercial expansion should reach. It is also difficult to define the types of future land uses that should exist between nodes. The application of hard and fast rules is not appropriate as each area of the City is unique and has specific conditions and limitations that must be addressed.

The ideal commercial node development pattern thus would consist of commercial land located at the intersection of arterial and/or collector streets in a relatively compact manner. For purposes of this policy, “compact,” relates to the form and interrelatedness of the commercial land uses within the commercial node. The commercial node should not only extend along the roadway but should also incorporate property to the rear of the road frontage. Such a pattern is referred to as “depth.” The ideal pattern can be characterized by a 1:1 ratio of width to depth of the parcels (e.g., 100 feet of width per 100 feet of depth). Thus, the shape of the node can increase or decrease the potential for interrelatedness of uses. Increased depth also enables the development to accommodate adequate parking, buffering, retention, and open area for commercial development. Ideal commercial nodes provide limited access to the arterial roadway while providing interconnections between the various commercial uses within the node.

Policy 1.14: The City of Cape Coral’s commercial siting guidelines are based upon comparison of the locational characteristics of a property proposed for conversion to a commercial future land use classification with the ideal commercial node concept, as described in Policy 1.13, above. The guidelines are also based upon the need to maintain compatibility between commercial development and adjacent or nearby residential future land use classifications. Additional guidance for consideration of such properties is contained in Future Land Use Objectives 2 and 3 and Policy 1.12 of this comprehensive plan. Within this broad, general context, consideration of properties proposed for conversion to a commercial future land use shall be based upon the following commercial siting guidelines:

Commercial Siting Guidelines

Major Intersection

Preferred locations for commercial properties are in the vicinity of major intersections (i.e., intersections of two or more arterial and/or collector roadways). Development of a commercial node at such an intersection may involve multiple parcels and, sometimes, multiple quadrants of the intersection. The benefits derived by having commercial properties located in the vicinity of the intersection diminish with distance, but the distance at which a property ceases to derive benefit from proximity to the intersection varies, based upon whether the subject property would represent a new, separate commercial property or an expansion of an existing commercial area. New commercial properties should preferably be located adjacent to the intersection, while commercial properties that clearly

represent an expansion of an existing commercial area can be any distance from the intersection, provided that such properties are integrated with existing properties.

Adequate Depth

Ideally, a commercial property should extend not only along the adjacent collector or arterial roadway, but also should extend inward with adequate depth to accommodate the necessary parking, buffering, retention, and open area for the future commercial development. In Cape Coral, most City blocks are rows of back-to-back lots approximately 250 feet deep. Therefore, adequate depth is achieved if any number of contiguous properties, occupy the entire 250 feet of depth.

Compactness

Compactness measures the ability of a property proposed for a commercial future land use to take advantage of economies of scale. The shape of an ideal compact commercial property approaches that of a square or rectangle. This quality allows for an orderly arrangement of development on the subject property and acts to reduce adverse visual, noise or aesthetic impacts to neighboring properties.

Integration

Integration, for the purposes of these guidelines, refers to the interrelatedness of development within a commercial node or area. The presence of features, such as internal access roads, shared parking, courtyards, walkways, or other features, binds the various commercial properties within the node together. This pattern of development reduces the traffic impacts associated with commercial development and often promotes a pedestrian-friendly environment. Integration of neighboring commercial properties should always be encouraged. Therefore, properties proposed for conversion to a commercial future land use should be evaluated for the likelihood that such properties would or could be integrated with adjacent existing commercial properties.

Assembly

For commercial areas to provide the most benefit to the surrounding community, they must be of relatively large size. The majority of buildable lots within the City of Cape Coral are approximately 10,000 square feet (0.23 acre) in size. These lots were designed primarily for single family residential development and do not typically have adequate width or depth for larger commercial developments that might serve the City as shopping and/or employment centers. Therefore, it is important for the City to encourage commercial applicants to assemble relatively large parcels (properties comprising 3 acres or more). Assembly of pre-platted parcels into tracts of 3 acres or more will promote the development of commercial properties that do not express the indicators of strip commercial development. Assembly of larger parcels also allows the developer to provide a greater variety of commercial land uses, and to provide architectural and landscape features that result in a more attractive end-product.

Properties proposed for conversion to a commercial future land use, where such properties

would represent an expansion of an existing commercial area may be considered “assembled,” for the purposes of these guidelines if the proposed expansion properties are either owned by the landowner of one or more adjacent commercial properties, or if the expansion property is likely to be integrated with (see above) adjacent commercial properties.

Intrusion

“Intrusion,” as defined for the purpose of these guidelines, is a measure of the objectionable qualities of the proposed commercial development. This guideline applies primarily to new commercial property (a property proposed for conversion to a commercial future land use in an area where it would not abut existing commercial properties). Intrusion evaluates the potential adverse impacts on surrounding properties that could be caused by converting a property from its existing future land use to a commercial use. There are no hard and fast guidelines for determining when a proposed commercial use would be intrusive to surrounding development. However, expansions of existing commercial areas are generally considered less intrusive than the establishment of new commercial areas. Commercial areas may be considered less intrusive to adjacent multi-family development than to adjacent single-family development. Commercial development that is separated from a residential area by a street, canal, a vegetative buffer, or other geographic features, may be considered less intrusive than commercial development that directly abuts a residential area. The degree of compactness (see above) of a commercial property can also reduce or increase its intrusion upon adjacent or nearby properties.

Typically, new commercial properties (properties proposed for conversion to a commercial future land use classification, which do not abut existing commercial properties) are less likely to be considered intrusive if the surrounding or adjacent residential areas are sparsely developed. While intrusion is subjective and depends on many factors, a rule of thumb is that the proposed commercial property would not likely be intrusive if adjacent residential areas are 25% or less developed. The area analyzed to determine the percentage of adjacent residential development may vary from 300 feet to 1,000 feet from the subject property, depending upon the degree to which streets, canals, landscaping or other geographic features separate the subject property from nearby residential areas.

Access

In the City of Cape Coral there are two ideal access provisions for a commercial property. If a subject property would meet the requirements for one or more of these provisions, the creation of a commercial future land use at the proposed location should be encouraged. These provisions are as follows:

- a) Access via a platted City parking area. The City of Cape Coral contains a number of dedicated commercial parking areas; some created by plat, and some deeded to the City by landowners. The Comprehensive Plan and City Land Development Code refer to these as “dedicated City parking areas.” These parking areas are often surrounded by smaller platted lots originally intended for commercial development with access to these lots only, or primarily, from the dedicated City parking area. In implementing this provision, it may sometimes be in the City’s interest to promote

conversion of a dedicated City parking area to a fully functional commercial development (i.e., a portion of the dedicated parking area would become a commercial building site) in return for the applicant's agreement to own and manage the site.

- b) Direct access onto an arterial or collector roadway having an adopted City access management plan. The City has adopted access management plans for certain arterial and collector roadways. Access management plans serve to facilitate mobility of the traveling public; therefore, such roadways more readily accommodate the impacts of commercial development than roadways without such access management plans.

Ownership Pattern

An ideal commercial node is a cohesive, compact, interrelated network of commercial properties. Properties proposed for conversion to a commercial future land use, which properties consist of multiple parcels, or groups of parcels, under multiple ownership are unlikely to develop as a true "commercial node." Instead, these properties are more likely to develop as separate, small commercial developments with multiple access points, leading to adverse, unsafe traffic conditions. Each small development may also have its own stormwater management pond, dumpster, and an appearance and/or landscaping design that is inconsistent with surrounding development. This pattern is a characteristic of strip commercial development. Therefore, the City of Cape Coral encourages land owners and developers to assemble the properties involved in a commercial future land use request under common ownership. Multiple, small properties under separate ownership, even if such properties are included in a single future land use amendment request, may not be appropriate for the full array of commercial uses.

APPLICATION OF GUIDELINES:

Dual purpose

The dual purpose of the above guidelines is to direct commercial development to appropriate locations (commercial nodes) and to prevent the propagation of new strip commercial centers. The development of new strip commercial centers and the expansion of existing strip commercial centers should be discouraged.

Comparison to Ideal Commercial Node

In utilizing the above guidelines to evaluate a proposed commercial property, the City is, in effect, comparing each proposed commercial future land use location to the concept of an ideal "commercial node." While one of the above guidelines may sometimes be the primary factor in evaluating a potential commercial location, it is in most instances the combination of various factors that is important. It is the evaluation of this combination of factors, in order to develop an overall assessment of the subject property, which will enable Staff, the Planning and Zoning Commission and the City Council to determine whether or not the siting of a proposed commercial future land use on the subject property is consistent with the intent of the City's Comprehensive Plan.

In context with the remainder of the Comprehensive Plan

It is also important to note that consideration of the commercial siting guidelines is in addition to all other analyses required by Florida Statutes and the Florida Administrative Code for future land use map amendments. In addition to evaluating a property's consistency with the above guidelines, the City will continue to provide, or request applicants to provide, environmental and protected species analysis, transportation impact analysis and public facility capacity (concurrency) review for all future land use map amendments.

The commercial siting guidelines should be considered in light of all other factors typically evaluated within a future land use amendment request. Thus, a request, which results in an unfavorable evaluation of the commercial siting guidelines, may receive a favorable recommendation from staff, based upon other factors not considered by the guidelines. Likewise, staff may recommend denial of a project that receives a favorable evaluation of the guidelines, if other factors (again, not considered by the guidelines) appear not to be favorable.

Policy 1.15: Land development regulations adopted to implement this comprehensive plan will be based on, and will be consistent with, the standards for uses and densities/intensities as described in the following future land use classifications. Table 1 shows the zoning districts which are consistent with and implement the respective future land use map classifications. In no case shall maximum densities allowable by the following classifications conflict with Policy 4.3.3 of the Conservation and Coastal Management Element regulating density of development within the Coastal High Hazard Area.

Table 1:

Future Land Use	Consistent Zoning Districts
Single-Family (SF)	R-1, RE
Single-Family and Multi-Family (SM)	R-1, RML, RMM, RE, A
Multi-Family (MF)	RML, RMM
Low Density Residential (LDR)	RE, A
Commercial/Professional (CP)	C, P
Mixed Use (MX)	ALL except MXB
Downtown Mixed (DM)	SC, MXB
Pine Island Road District (PIRD)	CC
Commercial Activity Center (CAC)	NC
Light Industrial (I)	I
Natural Resources/Preservation (PRES)	PV
Public Facilities (PF)	ALL
Parks and Recreation (PK)	ALL except MX7 and MXB
Open Space (OS)	PV

Planned Unit Developments are considered to be consistent in all future land use map classifications except Natural Resources/Preservation and Open Space.

- a. Single-Family Residential: Densities not to exceed 4.4 units per acre, except for micro-cottage communities. Densities in micro-cottage communities are restricted to 8.8 units per acre, for sites with a minimum of 3 acres.

The Single Family (R-1) District is proposed to permit a variety of single-family residential products including traditional single-family residences and micro-cottages.

- b. Multi-Family Residential: Densities up to 25 units per acre are permitted in this future land use map classification. For properties less than one acre in size, densities shall be calculated as a product of the size of the property divided by 43,560, multiplied by 25, rounded down. The development of multi-family projects in the Urban Services Reserve Area is also subject to the terms of Policies 7.7 and 7.8, below.

The Residential Multi-Family Low (RML) District is designed to permit multi-family residential development. Single-family attached projects (three or more units only), single-family residences, and duplexes are also permitted in this zoning district.

The Residential Multi-Family Medium (RMM) District is designed to permit higher-density multi-family residential development. Lower-density, multi-family residential projects such as duplexes or single-family residences are not permitted in this zoning district.

~~Multi-family residential developments in this future land use map classification that consist of 25-50% workforce or affordable housing, as determined by staff, may have their allowable densities doubled.~~

- c. Commercial/Professional: Intensities of use in the Commercial/Professional (CP) land use classification shall not exceed a floor to lot area ratio (FAR) of 1.0. Zoning districts compatible with this classification may also be used in conjunction with the Mixed Use (MX) future land use classification. When used in conjunction with the MX Classification, densities, intensities and other parameters, as described for these districts may differ from those described for the CP Classification. Permitted uses will ultimately depend upon the zoning district of the subject parcel. Generally, two zoning districts are consistent with the Commercial/Professional future land use classification, identified below. However, the City may develop additional zoning districts, compatible with the CP future land use classification, in the future.

The Professional (P) District is designed to provide professional office and other compatible development in areas that are suitable for such activities. The P District is appropriate for development of both small-scale and large-scale office or professional development projects, or projects containing uses compatible with such development. The intensity of development within this district is based upon the size (including width, depth, and compactness) and location of the property, as well as on compatibility with adjacent future land use classifications and zoning districts.

The Commercial (C) District is designed to facilitate a broad variety of large or small commercial uses. Uses allowed in the C District range from a variety of small or

neighborhood-based commercial uses to larger retail or service uses, which may serve a relatively large trade area and, which may be developed as major shopping facilities. As many commercial uses have the potential to generate relatively high levels of vehicular trips from customers and sometimes delivery vehicles, preferred locations for the C District have direct access onto arterial or collector roads and adequate depth (a minimum of 250 feet) for larger- scale development.

In certain locations, fragmented ownership of relatively small properties, or other factors, may preclude the creation of larger properties with access onto a collector or arterial roadway. Under such circumstances, it may be appropriate for the C Zoning District to place additional limits on the intensities of commercial development on these properties. It may also be appropriate, under certain circumstances to place restrictions on some commercial uses, such as those with high trip generation rates, adverse aesthetic attributes, and generation of disturbing noises or odors. Factors to consider when establishing such limits on intensities or uses include the following: the depth of the property, whether the property is adjacent to a waterway, whether the property is adjacent to or proximate to future land use classifications or zoning districts that allow residential uses, or the functional classification of street(s) available for street access. The placement of limitations upon the types and intensities of uses allowed within the C Zoning District, in accordance with the factors described above, is intended to reduce conflicts between the C District and adjacent or nearby residential zoning districts.

- d. Light Industrial: Shall not exceed a floor to lot area ratio of 1.0.
- e. Mixed-Use: The mixed-use designation is intended to encourage the development of planned projects that include more than one type of use. The maximum permitted densities/intensities of various uses within the mixed-use designation will be 25 dwelling units per acre for a residential component and 1.0 FAR (Floor Area Ratio) for nonresidential uses. For example, a project combining multi-family and commercial uses would be subject to Policies 1.15.b. and/or 7.7 for the multi-family portion, and Policy 1.15.c. for the commercial portion.

The following will control the mix of uses allowed in the Mixed-Use Land Use category.

Properties less than one (1) acre: The designation of smaller properties as Mixed-Use is desired to encourage the accumulation of land into large properties. However, in some cases assemblage is difficult due to existing development. In these situations, a property with a Mixed-Use future land use classification may be developed with one use, which is also consistent with its underlying zoning district.

Properties one (1) acre and greater: Larger properties are prime candidates for mixed use developments. These properties shall include more than one type of use. The mix of uses may include residential, retail, office, services, light industrial or public facilities. Such uses may be mixed horizontally on a site or may be within a compound use building, (i.e. differing uses within one building or structure) consisting of residential and retail office, or services. For Mixed-Use developments

adopted after October 23, 2010, retail, office, services, light industrial, or public facilities uses may be developed up to 100% of building floor area within a Mixed-Use property; this will have the intended effect of not requiring a mix of non-residential uses for properties one (1) acre or greater in size. Stand-alone residential uses may comprise up to 20% of site area of a Mixed-Use property one (1) acre or greater in size. Compound use residences are permitted.

Notwithstanding any provisions that may be interpreted to the contrary, Mixed-Use developments approved prior to October 23, 2010 may continue to abide by the development requests granted within their respective adopted development orders or approved site plans. Furthermore, Mixed-Use properties located in the Urban Services Reserve Area require three (3) acres in order to develop a mixed-use project. Mixed Use designated property in the Urban Reserve Services Area less than three acres is limited to a single use that does not generate an estimated flow of more than 880 gallons of sewage per acre per day. Estimated flows shall be based on 64E-6.008 Florida Administrative Code, as may be amended.

~~Multi-family residential developments within this future land use map classification that consist of 25-50% workforce or affordable housing, as determined by staff, may have their allowable densities doubled.~~

- f. Single Family and Multi-Family: The densities and intensities of use for this category, which is exclusively within the Urban Services Reserve Area, are 4.4 dwelling units per acre for single-family residential uses, 6 units per acre for multi-family residential uses on sites less than 3 acres. Multi-family residential uses for properties between 3 and 19.99 acres have a maximum density of 16 units per acre. Multi-family residential uses for properties greater or equal to 20 acres have a density of 25 dwelling units per acre.

~~Multi-family residential developments within this future land use map classification that consist of 25-50% workforce or affordable housing, as determined by staff, may have their allowable densities doubled.~~

- g. Natural Resources/Preservation: The areas designated on the Comprehensive Plan's Future Land Use Map for Natural Resources/Preservation primarily consist of State-owned and/or regulated land. Development in these areas is limited to activities to make them accessible to the public for research and/or recreational purposes. Such activities would include accessways, nature trails, informational signs or displays, restroom facilities, picnic tables/shelters, beaches and boat ramps.

Privately-owned properties with this future land use map classification may develop at a density of one dwelling per 20 acres.

- h. Public Facilities: The majority of the public facilities category consists of schools, public safety buildings, and religious establishments. Government offices must conform to the Commercial/Professional densities/intensities of use.
- i. Parks & Recreation: The densities/intensities of use for various parks and recreational facilities are those established in the Recreation and Open Space

Element of this Comprehensive Plan, under the Section entitled "The Plan for Recreation and Open Space in Cape Coral" and the Parks Master Plan.

- j. Historical Resources: As noted in the Comprehensive Plan, most identified historic resources are located within the Natural Resources/ Preservation land use designation, and are therefore subject to the densities/intensities of use specified in Future Land Use Element Policy 1.13g.

- k. Downtown Mixed: Intended primarily for the Downtown Community Redevelopment Area, to provide, a vibrant, walkable, mixed-use district in the historical heart of Cape Coral, mixed-use projects containing commercial and professional uses in conjunction with multi-family housing opportunities where practical and feasible are encouraged. To this end, commercial/professional uses may develop at a maximum Floor Area ratio of four (4) with an average area-wide FAR of two and twenty-three one hundredths (2.23) with commercial/professional uses developed at a ratio of sixty-five (65) percent commercial and thirty-five (35) percent professional, on an area-wide basis. Residential development may develop at a density of ~~seventy-five (75)~~ one hundred twenty-five (125) dwelling units per acre, not to exceed an aggregate of eleven thousand one hundred forty-six (11,146) dwelling units. In order to maintain these development limits, the City shall track residential and non-residential development within this future land use map classification. No further residential development will be permitted in this future land use classification should dwelling unit limits be reached. If the average area-wide FAR of two and twenty-three hundredths (2.23) is reached, the City will permit only that nonresidential development with a FAR of 2.23 or below. Development at these intensities and densities are contingent on the availability of centralized city utility services and transportation network at sufficient capacities to accommodate the development at the appropriate level of service, the availability of sufficient and convenient parking to service the project, the availability of multimodal transportation opportunities, and compatibility with adjacent existing and future land use. Special zoning designations may be established to implement this future land use classification, designed to result in a compact urban form.

Zoning districts consistent with the Downtown Mixed future land use map classification are the South Cape Downtown District and the Mixed-Use Bimini Basin zoning district.

- l. Pine Island Road District: This Land Use designation will encourage mixed-use development at key intersections with major North-South streets along Pine Island Road.

Corridor: Includes such uses as retail, office, office/warehouse, light manufacturing, institutional (schools, colleges), single-family residential, multi-family residential, larger scale commercial retail (big box stores over 50,000 square-foot) and government uses such as parks and public facilities. Multi-family residential uses may be developed at a density of twenty-five units per acre, for sites of four acres or more. Multi-family residential uses may consist of no less than fifty units or have a density no less than ten or more units per acre. No duplexes are permitted. Commercial and light manufacturing uses shall not exceed

a floor to lot area ratio (FAR) of 1.25 in accordance with City design standards. Public facilities shall be subject to Policy 1.15.h., of the Future Land Use Element and parks and recreation shall be subject to Policy 1.15.i. of the Future Land Use Element.

~~Multi-family residential developments within this future land use map classification that consist of 25-50% workforce or affordable housing, as determined by staff, may have their allowable densities doubled.~~

At build-out, the mix of uses along the Pine Island Road District shall be under the following ranges:

Pine Island Road District. Build-Out Mixed-Use Ranges

RANGE			
Use	Units	From	To
Retail	SF	3,583,500	4,379,700
Office/warehouse/ light manufacturing	SF	1,144,800	1,582,500
Hotels	Rooms	700	790
Residential	Units	3,720	5,030

The criteria to be used for evaluating proposed Commercial Corridor zonings in relation to the intent of the City Comprehensive Plan, the Pine Island Road Master Plan and other planning principles are contained in the following tables:

Commercial Corridor Criteria

CRITERIA	PERFORMANCE
1. Does the property abut an existing and developed corridor zoned area?	If yes, good candidate for Corridor zoning.
2. Does the property abut corridor-zoned area on two sides or more?	If yes, good candidate for Corridor zoning.
3. Is the property part of a larger tract, a portion of which is already zoned Corridor?	If yes, good candidate for Corridor zoning.
4. Is the parcel a large-lot assemblage of three or more acres?	If yes, good candidate for Corridor zoning.
5. Does the property front Pine Island Road on at least 180 feet?	If yes, good candidate for Corridor zoning.

- m. Commercial Activity Center (CAC): The purpose of this future land use classification is to promote non-residential and mixed-use development at key locations, within close proximity to major corridors throughout the City of Cape Coral in areas where a mix of uses may be developed. The Commercial Activity Center classification is a mixed-use classification designed to minimize the need for vehicle trips through the development of both residential and non-residential uses in a single project. Furthermore, the purpose of the Commercial Activity Center is to integrate all uses through landscape, site, and architectural design standards. In addition, the Commercial Activity Center land use classification is intended to provide locations that offer employment opportunities and daily goods and services to the local community and, in some instances, attract patrons from the region. Commercial Activity Centers are intended to be pedestrian friendly and interconnected with adjacent projects – whether residential or non-residential.

Pre-Existing Single-Family Residences Allowed

It is the desire of the City of Cape Coral to protect the rights of owners of single-family homes located within a Commercial Activity Center (CAC), which homes had either:

- a) Been lawfully constructed, or had applied for or received a building permit at their current locations prior to the designation of the subject as part of a CAC future land use classification; or,
- b) Been lawfully constructed, or had applied for or received a building permit at their current locations under a former CAC future land use classification.

In this classification single family residences that meet the criteria stated above may continue to be maintained, remodeled, expanded, or rebuilt, and that the owners of

such properties may continue to enjoy all of the rights, privileges and responsibilities of home ownership, including the ability to sell or rent their homes to other parties. In and of themselves, pre-existing single-family residences do not necessarily constitute **Free-Standing Residential** development, unless they otherwise meet the criteria for such development, as discussed under **Use Area Allocations**, below. If pre-existing single-family residences, as defined in this section, are included as part of a larger approved development project, the pre-existing status of the residences is lost, and such residences become subject to the City Land Development Code regarding non-conforming structures.

The City has adopted the Neighborhood Commercial (NC) zoning district as consistent with the Commercial Activity Center Future Land Use Classification. Development standards in accordance with the Neighborhood Commercial zoning district are as follows:

Neighborhood Commercial Development Parameters			
	Land Area of Development Project		
	1 acre or less	1 acre – 19.99 acres	20 acres or greater
Free-standing Commercial Development Area Maximum FAR	0-100% 1.0	15%-100% 1.0	20%-75% 1.0
Free-standing Residential Development Area Minimum Density Maximum Density	N/A N/A N/A	15%-85% 12 d.u./acre or 50 units <u>25-16</u> d.u./acre	25%-80% 12 d.u./acre or 75 units <u>25-16</u> d.u./acre
Mixed-Use Development Area Minimum Density Maximum Density Maximum FAR	0-100% 3 d.u./acre 12 du/acre 1.0	0-100% 12 d.u./acre or 50 units <u>25-16</u> d.u./acre 2.0	0-100% 12 d.u./acre or 75 units <u>25-16</u> d.u./acre 2.0
Build-to / Front Setback	6 ft. – 10ft.	10 ft.	10 ft.
Minimum Side Setback	0 or 6	0 or 6	0 or 6
Min. Rear Setback	6	6	6

Additional zoning districts may be developed in the future to implement this land use initiative.

~~Multi family residential developments within this future land use map classification that consist of 25-50% workforce or affordable housing, as determined by staff, may have their allowable densities doubled.~~

- n. Low Density Residential: This land use classification allows for a maximum density of one (1) dwelling unit per 40,000 square feet, excluding right-of-way.

- o. **OPEN SPACE (OS):** The Open Space Future Land Use Classification is designed to designate, with the consent of the property owner, areas for purposes or activities having no dwelling units, non-residential floor area or demand for public facilities. Areas suitable for designation under this classification include, but are not limited to, the following: lakes or other waterways not platted as rights-of-way, which may be used for recreational purposes; stormwater treatment facilities; buffer areas; preserves or conservation areas; or recreation areas having no access except by owners, guests or employees of the surrounding development project. Areas included within this future land use classification used for recreation may have amenities, including, but not limited to, boat ramps, piers, docks, open-sided picnic shelters, gazebos or pavilions. Floor areas of any such structures shall not be considered as non-residential floor area, and may not be used to support the sale or rental of any items; nor may such structures be used for office or administrative purposes. No commercial use shall be made for any recreational facilities located within the Open Space Future Land Use Classification.

Paving of areas within this future land use classification shall be limited to the construction of foot paths and floors for open-sided shelters or pavilions, basketball, tennis or other recreational courts (however, no such courts shall have associated spectator seating or administrative/maintenance structures), as well as paving associated with minimal parking areas, boat ramps, piers, docks, open-sided picnic shelters, gazebos or pavilions. Lands or areas within this future land use classification shall not be used as parking for residential, commercial or industrial areas, although minimal onsite parking, including an access drive, may be allowed to facilitate recreational use of lands under this future land use classification, or to serve as parking for nearby properties that are within the Natural Resources/Preservation Future Land Use Classification.

All zoning districts are considered compatible with this future land use classification. However, this future land use classification allows only those activities that are consistent with this classification, as delineated above, and, which have no associated density, intensity, or demand for public facilities.

- p. **Sub-Districts:** In addition to the regulations listed above, the City of Cape Coral also has sub-districts, as a means to efficiently regulate development in particular areas of interest. These sub-districts include:

Tyson Shores Sub-District

Within the Tyson Shores Sub-District, development shall be limited to a maximum of 115 dwelling units. All property within the Tyson Shores Sub-District shall be entitled to a proportional share of the 115 dwelling units; however, the development rights may be transferred among any properties within the Tyson Shores Sub-District through mutual agreement of the affected property owners, as long as the density is consistent with all Land Development Code and other provisions of this Plan. This limitation may be amended when central water and sewer service is available to serve the site.

Judd Creek Sub-District

Within the Judd Creek Sub-District, development shall not exceed 16 dwelling units per acre on lands with a future land use map designation of Multi-Family. The number of residential dwelling units cannot exceed 1,170 units. Non-residential intensity on lands with a future land use map designation of Pine Island Road District shall not exceed 250,000 square feet of gross leasable floor area. All lands within the Judd Creek Sub-District with a future land use map designation of Pine Island Road District shall be entitled to a proportional share of the 250,000 square feet of gross leasable floor area; however, the development rights may be transferred among any properties within the Judd Creek Sub-District with a future land use map designation of Pine Island Road District through mutual agreement of the affected property owners, as long as the intensity is consistent with all Land Development Code and other provisions of this Plan. These limitations may be amended in the event that roadway network improvements are made that would allow development beyond these limitations without degradation of roadway level of service below the adopted level of service.

Paradise Preserve Sub-District

Within the Paradise Preserve Sub-District, development shall be limited to a maximum of 420 dwelling units. All property within the Paradise Preserve Sub-District shall be entitled to a proportional share of the 420 dwelling units; however, the development rights may be transferred among any properties within the Paradise Preserve Sub-District through mutual agreement of the affected property owners, as long as the density is consistent with all Land Development Code and other provisions of this Plan.

Seven Islands Sub-District

Within the Seven Islands Sub-District, development shall be limited to a maximum of 995 dwelling units and 110,000 square feet of non-residential development. A hotel of no more than 240 rooms is also permitted in addition to the aforementioned non-residential square footage. Development rights within the Sub-District may be transferred among any properties within the Seven Islands Sub-District through mutual agreement of the property owners.

This Sub-District shall be placed within the Mixed-Use future land use map classification but is not subject to Mixed-Use future land use map classification baseline densities and intensities found within Policy 1.15.e and Policy 1.23. Mixed use development is required within the Seven Islands Sub-District. Development within the Seven Islands Sub-District shall not require a PDP.

The location of the Sub-District is legally described as:

Parcels of land lying in Sections 12 and 13, Section 44 South, Range 22 East, Lee County, Florida; and being more particularly described as follows:

All of Lots 12 through 17, Block 6400;
All of Tract “G” and all of Lots 1 through 5, Block 6401;
All of Tract “F” and all of Lots 1 through 7, Block 6402;
All of Tract “E” and all of Lots 1 through 4, Block 6403;
All of Tract “D” and all of Lots 1 through 3, Block 6404;
All of Tract “C” and all of Lots 1 and 2, Block 6405;
All of Tract “B” and all of Lots 1 through 7, Block 6406;
All of Tract “A” and all of Lots 1 through 8, Block 6407;
All of Tract “I” and all of Lots 1 through 4, Block 6408;

All as shown on the Plat of Cape Coral, Unit 76, The Islands, recorded in Plat Book 35 at Pages 121 through 129 of the Public Records of Lee County, Florida. Subject to Easements, Reservations, and Restrictions of record.

q. Council-adopted Vision Plans

Exemptions to the development requirements are permitted for master plan or vision planning efforts that meet the following criteria:

1. The master or vision planning effort must be adopted by resolution or ordinance by the City Council.
2. Property in question is city-owned at the time of the master or vision planning effort. Transfers of property or public-private partnerships occurring after the planning effort must contain a clause requiring the future property owner(s) or developer(s) to abide by the adopted master or vision planning effort.
3. The master or vision planning effort must have had no fewer than two (2) public hearings discussing the provisions of the plan. Residents living within 500 feet of a property considered for a master or vision planning effort shall receive notice of these public hearings in the same manner as a rezoning for future land use map amendment.
4. The minimum size of the area subject to the master or vision planning effort is twenty (20) acres.
5. At a minimum, the master or vision planning effort must address the following impacts of the planning effort on the property and surrounding area.
 - a.) Transportation Impacts
 - b.) Environmental Impacts
 - c.) Utility Capacity Availability
 - d.) Public Safety Availability
6. Development options approved by Council through a master or vision planning effort may result in densities and intensities greater than those permitted elsewhere in Policy 1.15. In such instances, staff will establish a Sub-District on the Future Land Use Map and depict specific development limits for the site in the Future Land Use Element.

7. Changes to the adopted master or vision planning effort shall occur through a public hearing process identical to s.166.041(3)(c)2, F.S.

Policy 1.16: Land development regulations, whether adopted or revised subsequent to the adoption of this plan, will address the location and extent of both residential and non-residential land uses in accordance with the Future Land Use Map and the policies and description of types, sizes, densities, and intensities of land use contained in the "Future Land Use Map" section of this Element.

Policy 1.17: Land development regulations, whether adopted or revised subsequent to the adoption of this plan, will address buffering and open space requirements, and will protect existing residential land uses from incompatible land uses.

Policy 1.18: Vested Rights. In circumstances in which constitutionally protected property rights or valid development expectations conflict with the City of Cape Coral Comprehensive Plan and judicially defined principles of equitable estoppel may override otherwise valid limitations imposed by the Plan, such property rights or expectations may be recognized by the Cape Coral City Council, acting by resolution after review and recommendation by the Cape Coral Planning & Zoning Commission/Local Planning Agency, on a case-by-case basis.

Such development expectations are exclusive to the following:

1. A development order issued prior to adoption of the Cape Coral Comprehensive Plan including Planned Unit Development, Planned Development Project, special exception, and site plan approvals which have been expressly approved by the City Council in writing and where construction has been or is being diligently pursued pursuant to such approval.
2. A development or project that has been issued a valid building permit prior to adoption of the Cape Coral Comprehensive Plan (February 13, 1989) which has commenced construction and is continuing in good faith.

Nothing in the Cape Coral Comprehensive Plan shall limit or modify the rights of any person to complete any development that has been authorized as a Development of Regional Impact pursuant to Chapter 380, Florida Statutes.

Policy 1.19: The City will adopt urban corridor design guidelines and special land use regulations along the City's roadways, which serve as entry points to the City. These guidelines and regulations will identify specific signage and setback requirements, and other regulations, which will serve to prevent visual and physical blight along specified roadways. The City has adopted guidelines within the Community Redevelopment Area, which may serve as an example for future corridor design guidelines.

Policy 1.20: The City will promote the development of identifiable residential neighborhoods and commercial districts through the encouragement of more compact development patterns, the use of shared design and landscaping characteristics, and the development of landmarks and gateways.

Policy 1.21: The need for additional educational facilities and programs in the City of Cape Coral will be met through cooperation between the City and the Lee County School Board. Prospective sites shall first be evaluated on projections of residential growth in the area, the ability to serve the current school age population, and transportation needs for use of the site. The City of Cape Coral will then coordinate with the Lee County School Board to evaluate the list of prospective sites to avoid impacts on unique or regionally significant natural systems, to avoid the placement of new public facilities within the Coastal High-Hazard Area, and to ensure compatibility with adjacent land uses and concurrency with other necessary urban services.

Policy 1.22: The City of Cape Coral shall continue to coordinate land use policies with hazard mitigation reports generated in the aftermath of a natural or manmade disaster. Furthermore, the City will continue to coordinate with other local agencies in the placement of public buildings, such as schools, in order to ensure that such buildings are not placed within the Coastal High-Hazard Area. Finally, the City may also consider measures designed to reduce potential hazards to life and property within the Coastal High-Hazard Area. Such measures may include reduction of densities in the Coastal High-Hazard Area, public acquisition of land, increased building requirements, or any other appropriate policies recommended in future hazard mitigation reports, or otherwise determined by the City Council to be warranted.

Policy 1.23: Based upon increased awareness of the difficulties associated with pesticides, herbicides, water quality, and habitat loss, the City has determined that all new golf courses should be developed in a manner that is sensitive to environmental and ecological quality. New golf courses throughout the City will be developed as Planned Unit Developments in accordance with the City of Cape Coral Land Development Code. Additionally, new golf courses will be developed following the Florida Department of Environmental Protection's Best Management Practices for the Enhancement of Environmental Quality on Florida Golf Courses, January 2007, and be designed, constructed, certified, and then managed in accordance with the Audubon International Signature Program. Exempted from these regulations are former and existing golf course facilities in Cape Coral, otherwise known as the Coral Oaks Golf Course, Executive Golf Course, and the Palmetto Pine Golf Course. The term "golf course facilities" refers to all properties used in the operation and maintenance of golf courses, including, but not limited to, fairways, greens, bunkers, driving ranges, pathways, parking lots, clubhouses, and pro shops. The foregoing exemption from Policy 1.24 shall apply in perpetuity and run with the land.

To further ensure a high standard of golf course development in Cape Coral, natural waterways shall be left in a natural, unaltered condition and shall not be channelized, provided:

- i. If a crossing for a natural waterway, water body, or flow way is proposed, it must be designed, to the greatest extent practicable, to minimize the removal of trees and other shading vegetation;
- ii. Golf cart crossings must be designed to be permeable, be no wider than eight feet, and placed on pilings from edge of floodplain to edge of floodplain;
- iii. Created or restored flow ways and water bodies may be crossed by

bridges or culverts, or a combination thereof, if approved by the South Florida Water Management District;

iv. An existing natural waterway may not be excavated for new lakes or ponds;

v. Upland ponds must not expose stream channels to an increase in either the rate or duration of floodwater, unless otherwise required by the South Florida Water Management District in order to further regional water management objectives.

All fairways, greens, and tees are elevated above the 25-year flood level, and all greens must utilize underdrains. The effluent from these underdrains must be pre-treated prior to discharge into the balance of the development's water management system.

Further, to ensure water conservation, golf course irrigation systems must utilize computerized irrigation programs based on weather station information and moisture sensing systems to determine existing soil moisture and evapotranspiration rates so as to provide water efficient zone control. Where re-use water is available, new golf courses will, to the greatest extent practicable, utilize such re-use water for irrigation purposes.

Design of new golf courses will protect wildlife by: 1.) maintaining natural wildlife habitat in at least 50% of all minimally used portions of the property; 2.) connect natural areas as much as possible to improve wildlife movement throughout the golf course and from the course to neighboring natural areas; 3.) maintain a water source for wildlife with aquatic plants and shrubbery or native landscaping along the shoreline; 4.) naturalize at least 50% of out-of-play shorelines with emergent aquatic and shoreline plants; and 5.) maintain nesting boxes or other structures, when appropriate, to enhance nesting sites for birds or bats.

A Construction Management Plan will be required prior to new golf course development in accordance with the Florida Department of Environmental Protection's Best Management Practices for the Enhancement of Environmental Quality on Florida Golf Courses.

New golf courses shall be monitored annually in the following areas:

- a. Surface and groundwater monitoring requirements
- b. Construction monitoring: Annual reports detailing construction activities, permitting, compliance with Audubon International Signature Standards and percent of project completed.
- c. Land management activities: Including those used on the golf course, as well as natural and preserve areas.
- d. Wildlife monitoring: An inventory of wildlife, wildlife activity, and wildlife management activities.
- e. Irrigation monitoring: A summary of the monthly irrigation withdrawal and irrigation sources.
- f. Mitigation/vegetation monitoring: Status reports on the viability of any mitigation or landscaping conducted on-site and an inventory of all fertilizers used for golf course and non-golf course areas maintained during the year.
- g. Integrated pest management monitoring: Provide a discussion on

the pest management techniques, and any pest problems that have occurred on the project.

h. If surface and/or groundwater monitoring shows degradation of water quality the City will notify the property owner that a plan, to correct the identified problem(s), must be submitted. The property owner must submit a plan of action within 30 days after receipt of written notice from the City. The plan must identify actions that will correct the problem(s) within the shortest possible time frame. This plan will be reviewed and must be found to be acceptable by the City. If the plan is not submitted as required, or is found to be unacceptable by the City, the City will require that all activities on the property cease until a plan is submitted and approved. The approved plan must be implemented by the property owner. If the City determines that the approved plan is not being implemented properly, the City can require that all activities on the property cease until the property owner comes back into compliance.

OBJECTIVE 2: Location of New Commercial Development: New commercial development shall be so located to provide minimal vehicle trip lengths, at or near transportation nodes, and compatible with neighboring residential uses.

Policy 2.1: The City shall encourage commercial development where it can efficiently use infrastructure, where their adverse impacts on adjacent uses are minimized and where they will effectively provide the community with desired products, services and employment opportunities.

OBJECTIVE 3: Development of Quality Commercial Centers: The City encourages development of quality commercial (retail, office, and/or services) centers on property that meets the recommended land configuration for such commercial centers and that is located proximate to an adequate trade area, relative to the size and character of the center, and necessary to ensure economic viability.

Policy 3.1: The City of Cape Coral will encourage the development of future commercial (retail, office and/or services) areas at or near transportation nodes by assigning appropriate future land use designations.

Policy 3.2: The size, location and function of commercial areas shall be related and central to the population, market area and the transportation network system. The distribution and size of commercial areas shall be spatially located to meet neighborhood, community and regional needs and to reduce vehicle trip lengths.

Policy 3.3: Application of the commercial areas along and proximate to commercial corridors at key locations is intended to address the projected demand for commercial development as summarized in the Table below, or other subsequent analysis.

Commercial Centers by Corridor					
<u>Corridor Name</u>	Total Projected Demand For Commercial Acres of Land	Neighborhood Shopping Center	Community Shopping Center	Power Center	Regional Shopping Center
Burnt Store Road	295	2	2*		
Del Prado Boulevard North	307	1	2*		
Del Prado Boulevard South	243	2	2*		
Chiquita Boulevard South	129	0			
Chiquita Boulevard North	129	2			
Cape Coral Parkway (east of Palm Tree)	144	1			
Cape Coral Parkway (west of Palm Tree)	94	1	1*		
Santa Barbara North	120	2	2*		
Santa Barbara South	56	0			
Santa Barbara (Formerly Juanita Boulevard)	79	1	1*		
Veterans Parkway	189	2	1*	1	
Kismet Parkway	151	1			
Skyline Boulevard	148	2			
Diplomat Parkway	136	2			
Tropicana Parkway	117	1			
Cultural Park Boulevard	109	0			
Hancock Bridge Parkway	85	0			
Andalusia Boulevard	75	0			
Embers Parkway	73	0			
Nicholas Parkway	50	0			
Viscaya Parkway	27	0			
Pine Island Road	399(1) 299	3			2

Source: Based on information from the Commercial Corridor Study, dated April 30, 2003, City of Cape Coral, Planning Division (2003)

(*) Asterisk indicates that the center has a dual function as a community commercial center and neighborhood commercial center.

There may be more than one Super Community/Power Center in the City of Cape Coral.

(1) Adjusted on pro rata basis for incorporation of a regional commercial center on Pine Island Road

Policy 3.4: The City shall initiate and/or consider privately initiated future land use map amendments necessary to provide an adequate supply of lands designated for retail, office, and services uses in quantities and locations appropriate for such uses, generally consistent with the findings of the Commercial Corridor Study (City of Cape Coral, 2003), or other subsequent analysis.

Policy 3.5: Commercial development shall include bicycle parking areas, and when appropriate, bus bays and bus shelters in order to encourage alternative transportation modes.

Policy 3.6: The City will adhere to the Pine Island Road Corridor Master Plan to provide guidance, standards, and to direct growth and development along the Pine Island Road Corridor.

Policy 3.7: The City may consider the vacation of rights-of-way to facilitate land assembly and the development of a unified, contiguous commercial project.

Policy 3.8: The City of Cape Coral may develop other zoning districts that are compatible with the Commercial/Professional future land use classification.

OBJECTIVE 4: Location of Future Development: Future private development requiring public water and wastewater will be directed into the Urban Services Infill Area and the Urban Services Transition Area illustrated on the Future Land Use Map, unless specifically accepted by the provisions of this plan.

Policy 4.1: Future development requiring access or connection to public water and sewer facilities will be located within either the Urban Services Infill or Transition areas.

Policy 4.2: Exemption from the provisions of Policy 4.1 will be made only in extraordinary cases where the physical size, potentially disruptive nature, or geographic needs of the project would make strict adherence unreasonable. These projects include developments of regional impact, utilities plants, airports, public schools, technical schools, community colleges, parks and other government facilities.

Policy 4.3: The City will continue to periodically review its Economic Development Master Plan to identify emerging trends and encourage large-scale commercial, professional, and industrial types of development within the City.

Policy 4.4: Completed and city-accepted private initiatives to utility service, such as on-site sewage treatment plants and developer-extended utilities, shall be considered as extensions to the Urban Services Transition Area.

OBJECTIVE 5: Extension of Infrastructure and Services in the Urban Services Infill Area: Infrastructure and community services will be extended to serve 100 percent of the anticipated functional population of the Urban Services Infill Area.

Policy 5.1: Land use regulations, whether adopted or revised pursuant to this plan, shall provide incentives to encourage infill of residential, commercial, and other appropriate uses within the Urban Services Infill Area and Transition Area.

Policy 5.2: The City will amend the Future Land Use Map using the plan amendment process, to annex Urban Services Transition Area lands into the Urban Services Infill Area as soon as those lands are found to be served with the adopted level of infrastructure and community services.

Policy 5.3: New commercial development shall meet all of the requirements for adequate facilities based on the level of service standards adopted for roads, potable water and sanitary sewer, solid waste, storm water facilities and other services in this plan.

Policy 5.4: In addition to the facilities for which level of service standards are adopted as part of the concurrency management system of this plan; other services that should be considered to serve new commercial and mixed-use development include fire, police and emergency medical protection.

OBJECTIVE 6: Extension of Infrastructure and Services in the Urban Services Transition Area: Infrastructure and community services will be extended to serve 100 percent of the anticipated functional population of the Urban Services Transition Area at the same level of service standards available within the Urban Services Infill Area.

Policy 6.1: Future extension of utilities will be located and timed to attain a reasonable balance between the following factors:

Protection of public health, safety, and welfare.

Protection of the environment from contamination.

Protection of potable water aquifers from excessive withdrawal and/or saline-water intrusion.

Projected population increases.

Enhancement of economic development resulting from the provision of services.

Continuity with the future plans for utilities within the extension area and adjacent areas.

Collection and distribution facilities will only be extended with consideration given to the capacities of the aquifers, water wells, treatment plants, or disposal facilities capacities to provide the adopted levels of service.

Property value and financial impacts on property owners.

Financial feasibility of the utility expansion.

Policy 6.2: The City will continue to identify a portion of the Urban Services Transition Area for future land banking opportunities.

OBJECTIVE 7: Development in the Urban Services Reserve Area: The City will discourage premature "leap-frog" development within the Urban Services Reserve Area.

Policy 7.1: The City will amend the Future Land Use Map through the plan amendment process to annex Urban Services Reserve Area lands into the Urban Services Transition Area as a prerequisite to the extension of infrastructure and community services. Amendments of this type may take place only after the Urban Services Infill and Transition Areas are reevaluated as a whole and the City determines that the additional land is appropriate in size and location to meet the needs of the projected population. Per Policy 2.3.3 of the Infrastructure Element, extension of centralized potable water and wastewater infrastructure services beyond the Urban Services Infill and Transition Areas may be undertaken if such services are provided by a developer, independent utility franchise, or through the developer-financed extension of City utilities.

Policy 7.2: The City will concentrate its long-range land acquisition and assembly efforts within the Urban Services Reserve Area.

Policy 7.3: The City will provide incentives to individual property owners, builders, and developers to assemble parcels of land for future private uses, and will encourage the use of zero lot line (ZLL) and cluster type of development to improve lot layout, drainage, and stormwater retention.

Policy 7.4: Developers of lands within the Urban Services Reserve Area, shall bear the costs of extending water and wastewater infrastructure if onsite systems are impracticable.

Policy 7.5: Reserved.

Policy 7.6: Notwithstanding any provisions in this element which may be interpreted to the contrary, the right to a development order to build one (1) single family dwelling unit in the Urban Services Reserve Area on a property of 10,000 square feet or more, or to build no more than 4.4 single family dwelling units per developable acre, shall be permitted for privately-owned lands if classified as Park and Recreation Facilities or Public Facilities on the Future Land Use Map.

Policy 7.7: As an incentive to the assembly, holding, and development of sizable tracts of land in the Urban Services Reserve Area, tracts of the following sizes may be developed at the following residential densities, subject to (i) adopted performance standards capable of allowing residential development at such densities; (ii) any applicable concurrency requirements; (iii) applicable standards of other governmental agencies; and (iv) any other applicable goals, objectives and policies in the Cape Coral Comprehensive Plan:

ACREAGE	DU/ACRE
3-4.99	8
5-9.99	10
10-14.99	12
15-19.99	14
20	16

Policy 7.8: Platted lots in the Urban Services Reserve Area zoned for Commercial or

Professional use prior to the February 13, 1989 Cape Coral Comprehensive Plan that are now designated for Residential use, if they (i) are below the minimum size for Residential use, and (ii) adjoin City-owned property, may be conveyed to the City for an impact fee credit that may be lawfully granted by the City equal to their fair market value at the time of conveyance, based on their Commercial or Professional zoning prior to the adoption of the February 13, 1989 Cape Coral Comprehensive Plan.

Policy 7.9: Development of properties or projects that have access to city utilities and are divided by or adjacent to the Urban Services boundary may be developed, at the density or intensity of land use as designated on the Future Land Use Map. Such development must proceed as one compact and unified development and shall be governed by the rules for development in the Urban Services Infill and Transition Areas and be subject to the intensities and densities of policy 1.16.

Policy 7.10: The City shall discourage illogical and inefficient leapfrog development, by encouraging and directing development to areas adjacent to section of the City served by existing centralized utilities, and that the extension of centralized utilities will abide by Policy 1.1.6 of the Infrastructure Element.

OBJECTIVE 8: Restrictions upon Incompatible Land Uses: The City will prohibit land uses which are incompatible or inconsistent with the Future Land Use Map.

Policy 8.1: The City will prohibit the expansion or replacement of land uses which are inconsistent with the Future Land Use Element.

Policy 8.2: Land development regulations, adopted pursuant to s.163.3202, F.S., will require the buffering of incompatible land uses.

Policy 8.3: Commercial developments shall be designed to minimize negative impacts on surrounding residential uses and the land development regulations shall provide for adequate buffering between commercial and residential uses. The design should ensure adequate screening of unsightly views of commercial developments (such as loading docks, rooftop equipment, service entrances, trash containers, parking areas and exterior storage) through the extensive use of landscaping, berms, fencing, concealment, architectural features, open space, setbacks, and/or building orientation. Ensure that the placement of any noise generating activities such as ingress/egress, parking, deliveries, air conditioning equipment and dumpster collections are designed to minimize any adverse noise effects. Traffic and parking should not adversely affect neighborhood quality. Noise, safety and overall maintenance of commercial properties should be carefully monitored.

Policy 8.4: The City shall encourage transitions from commercial uses to less intensive land uses and site design that considers the following preferred characteristics to attain compatibility with adjacent residential uses:

- a. Site Orientation
 - i. Vehicular access should be from a collector, arterial, access street, or an alley if the subject uses are located within the Downtown Community Redevelopment Area.

- ii. Pedestrian access should be designed to provide internal and external circulation from adjacent neighborhoods.
 - iii. Streets should be designed with elements to provide visual or physical buffering may serve as boundaries between different intensities of land uses.
 - iv. Site improvements within commercial areas such as lighting, signage and landscaping should be designed and coordinated in order to create a positive identity and visual image throughout the development area.
- b. Site design should promote the preservation and integration of mature trees, natural vegetation, natural and environmentally sensitive areas whenever feasible.
 - c. Screening and landscaping
 - i. Creative and extensive use of landscaping and berming techniques for natural transitions between differing intensities of land uses is encouraged.
 - ii. Fences should not be used as a sole method of providing screening and buffering between differing intensities of land uses.
 - iii. The City shall review and revise landscaping and signage standards for commercial development to enhance the visual and physical environment to foster its integration of other land uses.
 - d. Lighting used to illuminate parking areas, signs or structures should be placed and designed to deflect light away from adjoining property or public streets through fixture type, height, orientation and location.

Policy 8.5: The City encourages the use of multi-family residential, compound buildings, professional offices, and parks as transitional uses between commercial development and low-density residential neighborhood. Such development should include:

- a. Design elements such as: height and scale compatible with the surrounding residential uses;_
- b. Site design that is compatible with surrounding residential neighborhoods with consideration given to extensive screening, architectural features, building and parking orientation, and preservation of natural features; and
- c. Primary site access provided from arterials, collectors or access streets in order to discourage traffic from directly entering residential areas.

Policy 8.6: Commercial developments and compound buildings shall be encouraged to preserve substantial areas of natural vegetation.

OBJECTIVE 9: Coastal Development: The City will coordinate coastal area population densities with the Southwest Florida Comprehensive Hurricane Evacuation Plan.

Policy 9.1: The City will encourage the development of infrastructure in the northeastern portion of the community to take advantage of high elevations and opportunities for rapid evacuation.

Policy 9.2: The City will utilize the 2017 Climate Change Resiliency Strategy, and other strategies as updated, for the placement of public infrastructure in order to better prepare for sea level rise.

OBJECTIVE 10: Charlotte Harbor Management Plan: The City will coordinate its planning efforts with the provisions of the Charlotte Harbor Management Plan.

Policy 10.1: Requests for development orders and building permits will be coordinated with governmental agencies including, but not necessarily limited to, Lee County, Charlotte County, the Regional Planning Council, the South Florida Water Management District, and other State and Federal agencies.

OBJECTIVE 11: Protection of Marine, Estuarine, and Upland Environments: Cape Coral will continue to protect marine and estuarine communities and will continue its protection to include the ownership and maintenance of a significant example of an upland ecological community.

Policy 11.1: The City will own and maintain a minimum of 200-acre tract of upland for use as a major park emphasizing passive recreation and nature study.

Policy 11.2: The City will continue to use inland sites for dredge spoil to protect marine and estuarine communities. The identification of subsequent spoil sites will begin within two years of the existing site reaching capacity.

OBJECTIVE 12: Protection of Historic Resources: The City will continue to identify all historic resources within the City's jurisdiction, and will adopt regulations to preserve and protect those resources for future enjoyment.

Policy 12.1: The Department of Community Development will be the designated body responsible for preserving the City's historic resources and the identification of historic homes and structures within the City's jurisdictional boundaries.

Policy 12.2: Cape Coral will continue to cooperate with State and Federal agencies to protect identified historical and archaeological resources from vandalism and desecration, and will preserve these resources in a manner which promotes an understanding of historic peoples and their times.

OBJECTIVE 13: Renewal of Blighted Areas: The City will pursue the redevelopment and renewal of blighted areas in the downtown area consistent with the provisions of the Community Redevelopment Area (CRA) plan.

Policy 13.1: The City will continue the redevelopment of the Community Redevelopment Area (CRA) in downtown Cape Coral according to the schedule of the CRA plan as adopted by Council.

Policy 13.2: The City will, as part of its CRA planning process, investigate innovative market opportunities to property owners in blighted areas to remodel, rebuild and replat their buildings and properties.

Policy 13.3: In order to encourage and facilitate development and redevelopment and the provision of housing, employment, service and shopping opportunities in a compact area currently served by public facilities, mixed-use development shall be allowed in the Downtown Community Redevelopment Area. Such mixed-use development shall conform to the Community Redevelopment Area Plan, as same may be amended, and shall be reviewed in accordance with the City's Land Development Code.

Objective 14: In order to promote the economic viability of Downtown Cape Coral, the City of Cape Coral shall establish the Downtown Transportation Concurrency Exception Area (Downtown TCEA). Establishment of the TCEA will enhance the ability of the City to undertake the following activities:

Urban redevelopment;

Urban infill development;

Increasing retail and commercial services, as well as employment opportunities within the downtown area, thereby reducing the City's reliance on travel across bridges to reach such land uses;

Providing residents of, and visitors to, the downtown area with a variety of transportation choices and opportunities including automotive, pedestrian, bicycle and transit;

The creation and implementation of desirable urban design and form in the downtown area;

The creation of a broader mix of residential and non-residential uses in the downtown area;

Implementing streetscaping and landscaping improvements in the downtown area;
and

Increasing comfort, safety and convenience for pedestrian, bicycle and transit users in the downtown area.

Policy 14.1: The City of Cape Coral hereby establishes the Downtown CRA Transportation Concurrency Exception Area (Downtown TCEA) to aid in the revitalization and redevelopment of the properties within the Community Redevelopment Agency (CRA) area. The purpose of the TCEA shall be to provide incentives for revitalization, infill development and redevelopment by eliminating or minimizing transportation concurrency requirements, in exchange for the implementation of sound land use and transportation planning techniques, which enhance mobility within the downtown area.

Policy 14.2: The City of Cape Coral Downtown CRA TCEA shall have boundaries as depicted on the Future Land Use Map. The general boundaries of the area are as follows: SE 44th Street and SE 46th Lane on the North, SE 17th Place, Waikiki Avenue, and the Caloosahatchee River on the East, Miramar Street, Bimini Basin Canal, and Norfolk Canal on the South, and Tudor Canal, Palm Tree Boulevard, Coronado Parkway and the alley in Block 396 on the West.

Policy 14.3: New development, redevelopment and infill development projects located within the City of Cape Coral Downtown Transportation Concurrency Exception Area (Downtown TCEA) may elect to be exempt from transportation concurrency requirements through implementation of the mitigation strategies described in Policy 14.5 of this Element. New development, redevelopment and infill development projects that do not choose to mitigate transportation concurrency impacts in such manner shall be subject to all applicable transportation concurrency requirements. Whether or not a project elects to mitigate its transportation impacts through the strategies identified in Future Land Use Policy 14.5, or elects to be subject to standard transportation concurrency requirements, all projects shall be subject to concurrency review for the purpose of assessing the transportation impacts of the proposed development.

Policy 14.4: The City of Cape Coral and the Cape Coral Community Redevelopment Agency (CRA) will work with Lee County Transit (LeeTran), or other local transit provider, and the Lee County Metropolitan Planning Organization (MPO) to expand and/or otherwise improve the public transportation system within the Downtown TCEA in an effort to reduce the demand on the existing transportation network by reducing the number of trips on the roadways within the Downtown TCEA.

Policy 14.5: In order to be exempt from link specific concurrency and to support mobility enhancement within the Downtown TCEA, all new development, redevelopment, or infill development projects may opt to incorporate any five of the following provisions:

Preferential parking for carpools, vanpools, and/or multiple occupancy vehicles with the object of increasing the average vehicle occupancy for trips generated by the development.

Parking price structures favoring carpools, vanpools, and/or multiple occupancy vehicles, with the object of increasing either the average vehicle occupancy for trips generated by the development, or increasing transit ridership.

Flexible work schedules for employees of the development, with the object of decreasing peak hour automobile trips generated by the development.

Payment of a subsidy to LeeTran to support an increased level of transit service within the TCEA.

Payment into one or more funds, to be established by the City or the CRA. Monies collected by such fund(s) shall be used to support programs and/or capital projects designed to provide additional parking and/or to enhance bicycle, pedestrian, and transit mobility within the TCEA.

The provision of transit shelters, built to City of Cape Coral specifications, within the development.

The provision of a safe and convenient internal pedestrian and bicycle circulation system within the development, including the placement of bicycle racks or bike lockers.

The provision of transit turn out lanes on heavily traveled roadways.

The provision of structured parking for use by residents, patrons and employees of the development.

Clustering buildings within the development, or otherwise designing the development to achieve maximum residential density or non-residential intensity at the development site in a manner, which preserves open space, enhances multi-modal opportunities and provides transit oriented densities or intensities.

Where feasible, the construction of new roadway or alleyway facilities to reduce congestion on major roadways and to provide alternate access to the development.

Any other innovative transportation related modifications or standards submitted by the developer and acceptable to and approved by the City of Cape Coral.

Objective 15: Downtown TCEA Administration: The City shall develop and implement strategies and programs designed to achieve the purposes of the City of Cape Coral Downtown CRA Transportation Concurrency Exception Area (TCEA).

Policy 15.1: The Community Redevelopment Plan for the Community Redevelopment Area (CRA) provides information regarding funding of redevelopment within the CRA. As provided for by Florida's Community Redevelopment Act, the principal source of funding for the Community Redevelopment Agency will be through the Tax Increment Trust Fund. Other sources of funding may include the sale or lease of acquired property, Enterprise Fund Revenue Bonds, one or more funds for mobility enhancement, as described in Policy 14.5, above, and Federal, State and Regional Grants.

Policy 15.2: In order to promote new development, redevelopment and infill development within the Downtown TCEA, funding for multimodal transportation modifications and identified improvements (not otherwise provided by the developer, as per Policy 14.5, above) will be provided to the maximum extent feasible by the City, the CRA, Lee County, state and/or federal governments, developers and other outside sources such as grant funds.

Policy 15.3: Within the Downtown TCEA, the City of Cape Coral and the Community Redevelopment Agency will continuously work to improve other forms of mobility such as pedestrian, bicycle and transit service and to implement connectivity between all modes so as to promote lower vehicular traffic.

Policy 15.4: The City of Cape Coral and the Community Redevelopment Agency will

implement sidewalk, or other pedestrian, and bicycle improvements to increase the Level of Service of these facilities within the downtown area. Pedestrian projects designed to increase the pedestrian level of service may include but shall not be limited to:

Construction of new or expanded sidewalk facilities to service streets or portions of streets not currently served by sidewalks;

A reduction in the number of physical obstructions within the sidewalk network;

Improvements to pedestrian crosswalk signalization;

The designation of one or more local streets as pedestrian only areas; and/or

The provision of shading, sitting areas and other streetscape amenities.

Policy 15.5: The City and the CRA will cooperate with Lee County Transit (LeeTran) to maintain/improve the transit facilities and transit level of service within the Downtown TCEA. In addition to developer-implemented strategies, as described in Policy 14.5 of this Element, strategies that may be implemented include, but may not necessarily be limited to, improving the density, intensity and mix of development in the downtown area, improving route headways, improving service time spans, and reducing the interval distance between stops.

Objective 16: The Cape Coral Downtown CRA Transportation Concurrency Exception Area (Downtown TCEA) will be administered in a manner that supports the Community Redevelopment Agency's goals concerning urban design, the preservation of open spaces, streetscaping and the removal of blighting factors.

Policy 16.1: With regard to open space and street layout within the Community Redevelopment Area, the intent of the City, in implementing the Downtown TCEA, is to create a high-intensity, yet pedestrian friendly, urban area that is served by multi-modal circulation systems, which are designed to ensure that visitors, employees, and residents can easily find their way, park, and enjoy their walk to their destinations.

Policy 16.2: Within the Downtown TCEA, the City shall utilize regulatory controls and incentives to provide appropriate limitations on the type, size, height and use of buildings in order to stimulate and attract private investment in real property and property improvements in the redevelopment area. Such investment and improvements will be directed toward the elimination of blighting factors, the improvement of the economic health of the City and the County, increasing employment opportunities within the downtown area, providing better services to residents, businesses, and tourists, and improving the tax base.

Policy 16.3: In regulating residential development (including, but not necessarily limited to, affordable housing) within the Downtown TCEA, the City will continuously seek to increase the number of people that both live and work downtown in order to promote the creation of pedestrian-friendly shopping areas, provide employment opportunities for downtown residents, and decrease automobile use in the downtown area.

Policy 16.4: In order to enhance the visual characteristics of roadways within the Downtown

TCEA, and to create an appealing environment that supports multi-modal transit opportunities, the City and the CRA will develop streetscaping guidelines and/or plans for roadways within the downtown area.

Policy 16.5: The City will include right of way and median landscaping as part of any major roadway modification program carried out within the Downtown TCEA.

Policy 16.6: The City of Cape Coral shall coordinate with the CRA, Lee County, and the Lee County Metropolitan Planning Organization to balance the need for and design of roadway improvements within the Downtown TCEA with the CRA's need for quality urban design concepts for all revitalization, redevelopment and infill development.

Policy 16.7: Land use intensities and densities within the Downtown TCEA shall be consistent with the goals objectives and policies of the City's Comprehensive Plan. In particular, Policy 1.15 (k) of this Element, describing the Downtown Mixed Future Land Use Classification, defines the allowable intensities and densities within the Downtown TCEA.

Objective 17: Downtown TCEA Network Connectivity: In implementing various mobility strategies and infrastructure projects within the Downtown TCEA, the City of Cape Coral and the Community Redevelopment Agency will seek to establish network connectivity within and between all modes of transportation within the downtown area.

Policy 17.1: In reviewing requests for vacation of streets within the downtown area, the City of Cape Coral shall consider the following:

Whether the loss of the street will adversely impact current or future bicycle/pedestrian mobility;

Whether the loss of the street will prevent access to adjacent land uses or transit stops; and,

Whether the loss of the street is necessary for the construction of high density, mixed use projects containing both residential and non-residential uses or projects that permit residential and non-residential uses to be constructed in close proximity to each other.

Policy 17.2: Within the Downtown TCEA, development plans for the placement of new parking structures and/or surface parking lots as a principal or accessory use shall:

Minimize conflicts between pedestrian, motor vehicle, and bicycle travel routes; and,

Utilize locations and designs, which discourage commercial vehicle access through residential streets.

Cape Coral City Council

July 22, 2019

ORDINANCE 23-19

TXT19-0001

Purpose

- **A City-initiated change to Policy 1.15, Future Land Use Element of the Comprehensive Plan**
- **Makes some changes amending language adopted in Ordinance 71-18**

Specifics

- **Removes affordable housing density doubling language**
- **Increases residential densities from 75 to 125 units/acre in the Downtown Mixed future land use**
- **Reduces residential densities from 25 to 16 units/acre in the Commercial Activity Center future land use**

Conclusion

- **This was transmitted to the state and regional agencies for their approval in May 2019**
- **No issues or objections were identified**
- **Staff recommends Adoption**
- **We have received no correspondence**
- **The Planning and Zoning Commission recommended unanimously to approve this ordinance on May 1, 2019**

Planning Division Staff Report

TXT19-0001

Review Date: March 1, 2019

Prepared by: Wyatt Daltry, AICP, Planning Team Coordinator

Request: Amends the Future Land Use Element in preparation for updates to the Future Land Use Map, Land Development Code, and Zoning Map.

STAFF RECOMMENDATION:

APPROVAL

Positive Aspects of Application:	<ul style="list-style-type: none">• Removes an unintended consequence connected to doubling densities for developments with a significant affordable housing component• Provides additional flexibility for development in the Downtown Mixed future land use map classification• Removes increased density within Neighborhood Commercial zoning, an as-yet unmapped district, and returns the density (16/acre) to its former level, limiting increased impacts of development
Negative Aspect of Application:	<ul style="list-style-type: none">• Amendment quickly follows up a major change to Comprehensive Plan (Ordinance 71-18), which may cause confusion
Mitigating Factors:	<ul style="list-style-type: none">• Adoption of updates to the Plan will better prepare the community for the 21st century.

Background

In 2016, the City embarked upon the overhaul and complete rewrite of the Land Use and Development Regulations (LUDR). During this time, the City recognized adoption of a new zoning code (LDC) that will require changes to the text of the Comprehensive Plan, the Future Land Use Maps, and the Zoning Map. Changes to the Comprehensive Plan through Ordinance 71-18 were adopted on February 4, 2019.

Some additional changes were identified not long after Ordinance 71-18 was adopted, and the proposed amendments address concerns that were raised. Fortunately, this request's timing in relation to the recent adoption to Ordinance 71-18, which is not in effect as of the time of this report, mitigates impacts on development and private-property rights.

The following section identifies and analyzes the policies affected by this amendment.

Summary and Analysis of the Proposed Changes by Element

Note: Additions are indicated in underline format, while deletions are indicated by ~~strikethrough~~.

FUTURE LAND USE ELEMENT

AMENDMENT 1: Removal of affordable housing doubling language in the following policies:

FLUE Policies 1.15.b, e, f, l, m

- b. Multi-Family Residential: Densities up to 25 units per acre are permitted in this future land use map classification. For properties less than one acre in size, densities shall be calculated as a product of the size of the property divided by 43,560, multiplied by 25, rounded down. The development of multi-family projects in the Urban Services Reserve Area is also subject to the terms of Policies 7.7 and 7.8, below.

The Residential Multi-Family Low (RML) District is designed to permit multi-family residential development. Single-family attached projects (three or more units only), single-family residences, and duplexes are also permitted in this zoning district.

The Residential Multi-Family Medium (RMM) District is designed to permit higher-density multi-family residential development. Lower-density, multi-family residential projects such as duplexes or single-family residences are not permitted in this zoning district.

~~Multi-family residential developments in this future land use map classification that consist of 25-50% workforce or affordable housing, as determined by staff, may have their allowable densities doubled.~~

...

- e. Mixed-Use: The mixed-use designation is intended to encourage the development of planned projects that include more than one type of use. The maximum permitted densities/intensities of various uses within the mixed-use designation will be 25 dwelling units per acre for a residential component and 1.0 FAR (Floor Area Ratio) for nonresidential uses. For example, a project combining multi-family and commercial uses would be subject to Policies 1.15.b. and/or 7.7 for the multi-family portion, and Policy 1.15.c. for the commercial portion.

The following will control the mix of uses allowed in the Mixed-Use Land Use category.

Properties less than one (1) acre: The designation of smaller properties as Mixed-Use is desired to encourage the accumulation of land into large properties. However, in some cases assemblage is difficult due to existing development. In these situations, a property with a Mixed-Use future land use classification may be developed with one use, which is also consistent with its underlying zoning district.

Properties one (1) acre and greater: Larger properties are prime candidates for mixed use developments. These properties shall include more than one type of use. The mix of uses may include residential, retail, office, services, light industrial or public facilities. Such uses may be mixed horizontally on a site or may be within a compound use building, (i.e. differing uses within one building or structure) consisting of residential and retail office, or services.

For Mixed-Use developments adopted after October 23, 2010, retail, office, services, light industrial, or public facilities uses may be developed up to 100% of building floor area within a Mixed-Use property; this will have the intended effect of not requiring a mix of non-residential uses for properties one (1) acre or greater in size. Stand-alone residential uses may comprise up to 20% of site area of a Mixed-Use property one (1) acre or greater in size. Compound use residences are permitted.

Notwithstanding any provisions that may be interpreted to the contrary, Mixed-Use developments approved prior to October 23, 2010 may continue to abide by the development requests granted within their respective adopted development orders or approved site plans. Furthermore, Mixed-Use properties located in the Urban Services Reserve Area require three (3) acres in order to develop a mixed-use project. Mixed Use designated property in the Urban Reserve Services Area less than three acres is limited to a single use that does not generate an estimated flow of more than 880 gallons of sewage per acre per day. Estimated flows shall be based on 64E-6.008 Florida Administrative Code, as may be amended.

~~Multi-family residential developments in this future land use map classification that consist of 25-50%workforce or affordable housing, as determined by staff, may have their allowable densities doubled.~~

- f. Single Family and Multi-Family: The densities and intensities of use for this category, which is exclusively within the Urban Services Reserve Area, are 4.4 dwelling units per acre for single-family residential uses, 6 units per acre for multi-family residential uses on sites less than 3 acres. Multi-family residential uses for properties between 3 and 19.99 acres have a maximum density of 16 units per acre. Multi-family residential uses for properties greater or equal to 20 acres have a density of 25 dwelling units per acre.

~~Multi-family residential developments in this future land use map classification that consist of 25-50%workforce or affordable housing, as determined by staff, may have their allowable densities doubled.~~

...

- l. Pine Island Road District: This Land Use designation will encourage mixed-use development at key intersections with major North-South streets along Pine Island Road.

Corridor: Includes such uses as retail, office, office/warehouse, light manufacturing, institutional (schools, colleges), single-family residential, multi-family residential, larger scale commercial retail (big box stores over 50,000 square-feet) and government uses such as parks and public facilities. Multi-family residential uses may be developed at a density of twenty-five units per acre, for sites of four acres or more. Multi-family residential uses may consist of no less than fifty units or have a density no less than ten or more units per acre. No duplexes are permitted. Commercial and light manufacturing uses shall not exceed a floor to lot area ratio (FAR) of 1.25 in accordance with City design standards. Public facilities shall be subject to Policy 1.15.h., of the Future Land Use Element and parks and recreation shall be subject to Policy 1.15.i. of the Future Land Use Element.

~~Multi-family residential developments in this future land use map classification that consist of 25-50%workforce or affordable housing, as determined by staff, may have their allowable densities doubled.~~

...

- m. Commercial Activity Center (CAC): The purpose of this future land use classification is to promote non-residential and mixed-use development at key locations, within close proximity to major corridors throughout the City of Cape Coral in areas where a mix of uses may be developed. The Commercial Activity Center classification is a mixed-use classification designed to minimize the need for vehicle trips through the development of both residential and non-residential uses in a single project. Furthermore, the purpose of the Commercial Activity Center is to integrate all uses through landscape, site, and architectural design standards. In addition, the Commercial Activity Center land use classification is intended to provide locations that offer employment opportunities and daily goods and services to the local community and, in some instances, attract patrons from the region. Commercial Activity Centers are intended to be pedestrian friendly and interconnected with adjacent projects – whether residential or non-residential.

Pre-Existing Single-Family Residences Allowed

It is the desire of the City of Cape Coral to protect the rights of owners of single-family homes located within a Commercial Activity Center (CAC), which homes had either:

- a) Been lawfully constructed or had applied for or received a building permit at their current locations prior to the designation of the subject as part of a CAC future land use classification; or,
- b) Been lawfully constructed or had applied for or received a building permit at their current locations under a former CAC future land use classification.

In this classification single family residences that meet the criteria stated above may continue to be maintained, remodeled, expanded, or rebuilt, and that the owners of such properties may continue to enjoy all of the rights, privileges and responsibilities of home ownership, including the ability to sell or rent their homes to other parties. In and of themselves, pre-existing single-family residences do not necessarily constitute **Free-Standing Residential** development, unless they otherwise meet the criteria for such development, as discussed under **Use Area Allocations**, below. If pre-existing single-family residences, as defined in this section, are included as part of a larger approved development project, the pre-existing status of the residences is lost, and such residences become subject to the City Land Development Code regarding non-conforming structures.

The City has adopted the Neighborhood Commercial (NC) zoning district as consistent with the Commercial Activity Center Future Land Use Classification. Development standards in accordance with the Neighborhood Commercial zoning district are as follows:

Neighborhood Commercial Development Parameters			
	Land Area of Development Project		
	1 acre or less	1 acre – 19.99 acres	20 acres or greater
Free-standing Commercial Development Area Maximum FAR	0-100% 1.0	15%-100% 1.0	20%-75% 1.0
Free-standing Residential Development Area Minimum Density Maximum Density	N/A N/A N/A	15%-85% 12 d.u./acre or 50 units 25 <u>16</u> d.u./acre	25%-80% 12 d.u./acre or 75 units 25 <u>16</u> d.u./acre
Mixed-Use Development Area Minimum Density Maximum Density Maximum FAR	0-100% 3 d.u./acre 12 du/acre 1.0	0-100% 12 d.u./acre or 50 units 25 <u>16</u> d.u./acre 2.0	0-100% 12 d.u./acre or 75 units 25 <u>16</u> d.u./acre 2.0
Build-to/Front Setback	6 ft. – 10ft.	10 ft.	10 ft.
Minimum Side Setback	0 or 6	0 or 6	0 or 6
Min. Rear Setback	6	6	6

Additional zoning districts may be developed in the future to implement this land use initiative.

~~Multi family residential developments in this future land use map classification that consist of 25-50% workforce or affordable housing, as determined by staff, may have their allowable densities doubled.~~

An un-intended consequence of the proposed-to-be-removed language is the doubling of densities in areas, such as our Multi-Family and Single-Family/Multi-Family future land use map classifications, which are viewed as too dense even without this opportunity to double densities. The Cape Coral City Council has identified other avenues than density increases to attract affordable housing.

AMENDMENT 2: Increased maximum density within the Downtown Mixed future land use map classification to 125 dwelling units per acre:

FLUE Policy 1.15.k

- k. Downtown Mixed: Intended primarily for the Downtown Community Redevelopment Area, to provide, a vibrant, walkable, mixed-use district in the historical heart of Cape Coral, mixed-use projects containing commercial and professional uses in conjunction with multi-family housing opportunities where practical and feasible are encouraged. To this end, commercial/professional uses may develop at a maximum Floor Area ratio of four (4) with an average area-wide FAR of two and twenty-three one hundredths

(2.23) with commercial/professional uses developed at a ratio of sixty-five (65) percent commercial and thirty-five (35) percent professional, on an area-wide basis. Residential development may develop at a density of seventy-five (75) dwelling units per acre, or at a density of one hundred twenty-five (125) dwelling units per acre not to exceed an aggregate of eleven thousand one hundred forty-six (11,146) dwelling units. In order to maintain these development limits, the City shall track residential and non-residential development within this future land use map classification. No further residential development will be permitted in this future land use classification should dwelling unit limits be reached. If the average area-wide FAR of two and twenty-three hundredths (2.23) is reached, the City will permit only that nonresidential development with a FAR of 2.23 or below. Development at these intensities and densities are contingent on the availability of centralized city utility services and transportation network at sufficient capacities to accommodate the development at the appropriate level of service, the availability of sufficient and convenient parking to service the project, the availability of multimodal transportation opportunities, and compatibility with adjacent existing and future land use. Special zoning designations may be established to implement this future land use classification, designed to result in a compact urban form.

Zoning districts consistent with the Downtown Mixed future land use map classification are the South Cape Downtown District and the Mixed-Use Bimini Basin zoning district.

This proposed amendment would provide additional densities within a newly-created zoning district in downtown Cape Coral. The long-standing cap of 11,146 dwelling units within the Downtown Mixed future land use map classification is unaffected, ensuring that there is no increase in maximum development impacts in this area

AMENDMENT 3: Decreased density within the Commercial Activity Center from twenty-five units per acre to sixteen units per acre per changes to the Neighborhood Commercial Development Parameters table.

FLUE Policy 1.15.m

Neighborhood Commercial Development Parameters			
	Land Area of Development Project		
	1 acre or less	1 acre – 19.99 acres	20 acres or greater
Free-standing Commercial Development Area Maximum FAR	0-100% 1.0	15%-100% 1.0	20%-75% 1.0
Free-standing Residential Development Area Minimum Density Maximum Density	N/A N/A N/A	15%-85% 12 d.u./acre or 50 units 25 <u>16</u> d.u./acre	25%-80% 12 d.u./acre or 75 units 25 <u>16</u> d.u./acre
Mixed-Use Development Area Minimum Density Maximum Density Maximum FAR	0-100% 3 d.u./acre 12 du/acre 1.0	0-100% 12 d.u./acre or 50 units 25 <u>16</u> d.u./acre 2.0	0-100% 12 d.u./acre or 75 units 25 <u>16</u> d.u./acre 2.0
Build-to/Front Setback	6 ft. – 10ft.	10 ft.	10 ft.
Minimum Side Setback	0 or 6	0 or 6	0 or 6
Min. Rear Setback	6	6	6

The Cape Coral City Council has indicated a desire to keep residential densities unchanged within the Commercial Activity Center, at the level of the soon-to-be-former Marketplace Residential zoning district (16 units/acre).

Recommendation

Staff recommends approval of the proposed text amendments.

Item Number:	A.(8)

ORDINANCE 29 - 19

AN ORDINANCE AMENDING THE CITY OF CAPE CORAL CODE OF ORDINANCES, CHAPTER 12, "OFFENSES AND MISCELLANEOUS PROVISIONS," ARTICLE II, "OFFENSES CREATING NUISANCES," BY REPEALING AND REPLACING SECTION 12-22, "NOISE CONTROL," PROVIDING FOR SHORT TITLE; PROVIDING FOR FINDINGS AND PURPOSE; PROVIDING FOR DEFINITIONS; PROVIDING FOR PROHIBITIONS OF UNREASONABLY EXCESSIVE NOISE; PROVIDING FOR EXEMPTIONS; PROVIDING FOR ENFORCEMENT AND PENALTIES; PROVIDING SEVERABILITY AND AN EFFECTIVE DATE.

WHEREAS, pursuant to Article VIII, Section 2, Constitution of the state of Florida, and Chapter 166, Florida Statutes, the Cape Coral City Council ("Council") is authorized to adopt ordinances, except as otherwise provided by law; and

WHEREAS, Article II, Section 7, Constitution of the state of Florida, provides that adequate provision shall be made by law for the abatement of excessive and unnecessary noise; and

WHEREAS, the Council finds that unreasonably excessive noise is a serious threat to the public health, safety, and welfare and negatively affects the quality of life of the community; and

WHEREAS, the Council has determined a need to more effectively control and abate unreasonably excessive noise in the City; and

WHEREAS, the Florida Supreme Court has held that the "plainly audible" standard is not unconstitutionally vague and is a valid tool to regulate excessive noise. *State v. Catalano*, 104 So.3d 1069 (Fla. 2012); and

WHEREAS, the United States Supreme Court has held that it is a permissible exercise of legislative discretion to regulate noise amplified to a "loud and raucous" volume. *Kovacs v. Cooper*, 336 U.S. 77 (1949); and

WHEREAS, it is not the intent of this ordinance to interfere with the individual rights to freedom of speech; and

WHEREAS, the Council hereby finds that this ordinance is in the best interest of the public health, safety, and welfare.

NOW, THEREFORE, THE CITY OF CAPE CORAL, FLORIDA, HEREBY ORDAINS THIS ORDINANCE AS FOLLOWS:

SECTION 1. The City of Cape Coral Code of Ordinances, Chapter 12, Article II, Section 12-22, is hereby repealed in its entirety and replaced with the following:

§ 12-22 Noise Control.

- (a) Short title. This section may be known and cited as the "Cape Coral Noise Control Ordinance."
- (b) Findings and purpose.
 - (1) The Cape Coral City Council finds that unreasonably excessive noise degrades the environment of the City to a degree that such noise:
 - a. Is harmful to the health, safety, and welfare of City residents and visitors;
 - b. Interferes with the comfortable enjoyment of life and property;
 - c. Interferes with the well-being, tranquility, and privacy of one's home;
and
 - d. Can cause and aggravate health problems.
 - (2) The effective control of unreasonably excessive noise is essential to the health, safety, and welfare of City residents and visitors, and fosters the comfortable

enjoyment of life, including, but not limited to, recreation, work, communication, and rest.

(3) This section is enacted to protect, preserve, and promote the health, safety, welfare, peace, and quiet of residents and visitors of the City of Cape Coral through the control, reduction, and prevention of unreasonably excessive noises that unreasonably disturb, injure, or endanger the comfort, repose, health, peace, or safety of reasonable persons of ordinary sensitivities.

(4) Nothing contained in this section is intended to infringe upon the constitutionally protected rights guaranteed by the Florida Constitution and the First Amendment of the United States Constitution. This section enacts narrowly drawn, content-neutral regulations that are to be interpreted so as to not unduly restrict constitutionally protected rights.

(c) Definitions. For the purpose of this section, the following definitions shall apply unless the context clearly indicates or requires a different meaning:

A-weighted sound level means the sound pressure level in decibels as measured with a sound level meter using the A-weighting network as described in ANSI S1.4-1983 issued by the American National Standards Institute. The unit of measurement is the dBA.

C-weighted sound level means the sound pressure level in decibels as measured with a sound level meter using the C-weighting network as described in ANSI S1.4-1983 issued by the American National Standards Institute. The unit of measurement is the dBC.

Decibel (dB) means a unit for measuring the amplitude of sound, equal to 20 times the logarithm to the base 10 of the ratio of the pressure of the sound measured to the reference pressure, which is 20 micropascals (20 micronewtons per square meter).

Emergency means any occurrence, or set of circumstances, involving actual, threatened, or imminent physical trauma or injury, natural resource damage, or property damage which demands immediate action.

L_{eq} (equivalent sound pressure level) means the constant sound level that, in a given situation and time period, conveys the same sound energy as the actual time-varying sound.

Officer means any designated employee or agent of the City of Cape Coral whose duty it is to enforce codes and ordinances enacted by the city and may include, but shall not be limited to, law enforcement officers and code enforcement officers.

Person(s) means, but is not limited to, any individual, natural person, firm, partnership, joint venture, syndicate or other group, association, corporation, estate, trust, business trust, trustee, executor, administrator, receiver, or other fiduciary, or any other entity whatsoever, or any combination of such, jointly and severally.

Person(s) responsible means, but is not limited to, any person who has any manner of control over a property, premises, dwelling, structure, location, business, vehicle, device, stereo, or source of sound and may include, but is not limited to, any property owner, tenant, subtenant, business owner, resident, operator or person having operational control, person(s) creating or controlling the volume of sound, manager of a commercial property, or person(s) in charge or otherwise authorized to make decisions regarding the use of sound equipment, or any combination of such, jointly and severally.

Plainly audible means any sound that can be clearly heard by a reasonable person using such person's ordinary auditory senses, so long as the person's hearing is not enhanced by any device, such as a hearing aid. The person need not determine the particular words or phrases being produced or the name of any song or artist producing the sound for the sound to be considered plainly audible. The detection of a rhythmic bass reverberating type sound is sufficient to constitute a plainly audible sound.

Property means any private property, public property, or public right-of-way and includes the air space above.

Property line means either (i) an imaginary line along the ground surface, and its vertical plane extension, which separates the real property owned, rented, or leased by a person(s) or entity from that real property owned, rented or leased by another person(s) or entity, or (ii) the vertical and horizontal boundaries of a residential dwelling unit that is contained in a building containing two or more residential units or any combination of separately leased or owned spaces.

Receiving property means at or within the property line which is receiving sound from another property, but does not include public rights-of-way.

Sound level means a sound pressure level obtained using a signal to which standard weighting has been applied.

(d) **Prohibition of unreasonably excessive noise from a property – Entertainment area.** It shall be unlawful for any person(s), including the property owner(s), to permit, cause, allow, create, emit, or sustain unreasonably excessive noise from a property, including air space thereof, located in the City of Cape Coral and within the below described Entertainment area.

(1) For purposes of this Subsection (d), the following additional definitions apply:

Entertainment area mean any property located in:

a. The area bounded by SE 46th Lane to the north, Coronado Parkway to the west, Miramar Street and Cape Coral Street to the south, and Del Prado Boulevard to the east. Area includes Tract C, Unit 6 Part 3 of the Cape Coral Subdivision.

Unreasonably excessive noise from a property means sound from any property within the Entertainment area, which meets or exceeds the following maximum sound levels:

a. Eighty-five (85) dBA or eighty-seven (87) dBC between the hours of 6:00 p.m. and 3:00 a.m.
b. Sixty-five (65) dBA or Seventy-five (75) dBC between the hours of 3:00 a.m. and 6:00 p.m.

(2) **Determining dBA or dBC under this Subsection (d).** In determining the dBA or dBC sound level under this subsection, a measurement shall be taken from the property line of the property generating the sound, or from the individual lease boundary of the property generating the sound in the case of property which has been subdivided by the execution of individual leases. The equivalent (L_{eq}) decibel measurement taken at thirty (30) seconds shall not exceed the maximum sound levels set above.

(3) **Sound level measurement standards.** All sound level meters used to enforce the provisions of this Subsection (d) shall be calibrated and serviced in accordance with the manufacturer's instructions. All sound level meters used to enforce the provisions of this Subsection (d) shall be operated in accordance with the manufacturer's instructions.

(e) **Prohibition of unreasonably excessive noise from a property - All other areas.** It shall be unlawful for any person(s), including the property owner(s), to permit, cause, allow, create, emit, or sustain unreasonably excessive noise from a property, including air space thereof, located in the City of Cape Coral and not within the Entertainment area described in Subsection (d) above.

(1) For purposes of this Subsection (e), the following additional definitions apply:

Unreasonably excessive noise from a property means sound from any property not located within the Entertainment area described in Subsection (d) above, which is unreasonably loud and raucous as defined below.

Unreasonably loud and raucous means any sound that, because of its volume level or duration, jars, injures, or endangers the health, safety, welfare, or wellbeing of a reasonable individual of ordinary sensibilities.

(2) Violation at any time. An officer may issue a civil citation or notice of violation, after warning, for unreasonably excessive noise from a property if the officer has probable cause to believe the noise is unreasonably loud and raucous after considering the following:

- a. Whether the sound is plainly audible within a fully enclosed structure or residence located on the property of a person making a complaint;
- b. Whether the sound is causing vibration, rattles, thumping, or pulsating within a fully enclosed structure or residence located on the property of a person making a complaint;
- c. Whether the duration of the sound jars, injures, or endangers the health, safety, welfare, or wellbeing of a reasonable individual of ordinary sensibilities; and
- d. Whether the sound is recurrent, intermittent, or continuous in a manner that jars, injures, or endangers the health, safety, welfare, or wellbeing of a reasonable individual of ordinary sensibilities.

(3) Violation based upon sworn complaint. An officer may issue a civil citation or notice of violation, after warning, upon receiving a sworn complaint from a person for unreasonably excessive noise from a property, if the officer has probable cause to believe the noise is unreasonably loud and raucous based on the sworn complaint and after considering the following:

- a. The time of day a complaint about unreasonably excessive noise occurs;
- b. The duration of the sound;
- c. The number and history of relevant complaints from the same residence or structure;
- d. The distance from the source of the sound;
- e. The number of person(s) affected by the sound;
- f. The proximity of the sound to residential sleeping facilities;
- g. The ability of a witness to hear the sound and testify about the complaint;
- h. The corroboration by sworn statement(s) of witness(es) to the sound other than, and in addition to, the primary affiant;
- i. The availability of audio/video recording of the sound;
- j. The totality of circumstances, including the factors delineated in Subsection (e)(2)a.-d.; and
- k. Whether the sound is a listed exemption pursuant to Subsection (g) below.

(4) Prima facie evidence. Between the hours of 11:00 p.m. and 7:00 a.m., it shall be prima facie evidence that a sound (whether recurrent, intermittent, or continuous) is unreasonably loud and raucous if the sound is plainly audible a minimum of one hundred (100) feet from the property line of the source of the sound at or within a fully enclosed structure or residence on any receiving property.

(f) Prohibition of unreasonably excessive noise from a vehicle. It shall be unlawful for any person(s) in control of a vehicle to permit, cause, allow, create, emit, or sustain unreasonably excessive noise from a vehicle that is plainly audible from such vehicle in the City of Cape Coral.

(1) For purposes of this Subsection (f), the following additional definitions apply:

Unreasonably excessive noise from a vehicle means sound from any vehicle which is plainly audible at a distance of fifty (50) feet or more from the vehicle at the time it is heard.

Vehicle means any device or structure used for transporting any person(s) or thing(s) that is propelled by mechanized power, human power, or some combination of mechanized power and human power.

(g) Exemptions. The provisions of this section shall not apply to:

- (1) The operation of warning or emergency signal devices such as sirens, horns, alarms, and bells, when utilized for their intended purpose in cases of emergency.
- (2) Sounds resulting from equipment or operations incidental to the installation, maintenance, or repair of facilities or restoration of services, such as public utilities work or other emergency work in the public interest.
- (3) The operation of equipment or conduction of activities common to residential or agricultural communities, including, but not limited to, lawn care; soil cultivation; lawn mowers; maintenance of trees, shrubs, hedges, and gardens; tree trimming; limb chipping; domestic power tools; saws and tractors; street sweepers; mosquito fogging; and other community operations, between the hours of 7:00 a.m. to 10:00 p.m.
- (4) The operation of equipment or conduction of activities for city approved refuse and recyclable waste collection, between the hours of 6:00 a.m. to 8:00 p.m.
- (5) Construction activities between 7:00 a.m. and 7:00 p.m. Monday through Saturday, except New Year's Day, Easter, Memorial Day, Independence Day, Labor Day, Thanksgiving, and Christmas, for which building permits have been issued, or for construction activities not requiring permits due to the scope of work or ownership of the project by a governmental agency; provided all equipment is operated in accordance with the manufacturer's specifications and with all standard equipment, manufacturer's mufflers, and noise-reducing equipment in use and in good operating condition.
- (6) Unamplified human voice(s).
- (7) Sounds emanating from bona fide farm operations on land classified as agricultural land, which is exempt from local regulation pursuant to Section 823.14, Florida Statutes, as may be amended.
- (8) Residential air conditioners and residential swimming pool equipment.
- (9) Sounds made by dogs, birds, and other animals, which are regulated by Lee County Domestic Animal Services. Animal regulations are located in Chapter 6, Lee County Code of Ordinances.
- (10) Activities in the fields, grounds, or facilities of any schools, sporting arena, stadium, or sports complex to which the public or community has access.
- (11) Sounds generated from any event, when a permit has been obtained from the City of Cape Coral prior to such event, and such sounds are in compliance with any conditions imposed by that permit. This provision shall include, but not be limited to, any parade, road festival, or special event.

(h) Waivers. The City Council may vote to temporarily suspend or modify any and all of the prohibitions contained in this Section 12-22 when it finds that emergency circumstances, including, but not limited to those resulting from hurricane(s) or other natural disaster(s), exist.

(i) Enforcement and penalties. The authority to enforce the provisions of this section shall be vested in the Cape Coral Police Department and the Department of Community Development. Nothing in this section shall prohibit the Police Department from charging persons responsible for acts, which affect the peace and quiet of other persons, for breach of the peace or disorderly conduct under Section 877.03, Florida Statutes, as may be amended from time to time. This section shall be enforced by an officer as follows:

- (1) Any person(s) responsible for a violation of Subsections (d) or (e) herein shall be given notice of an unreasonably excessive noise violation and warned that a civil citation or notice of violation will be issued if the person(s) responsible fails to bring the sound level into compliance within five (5) minutes; and fails to remain in compliance for forty-eight (48) hours. The notice and warning may be given verbally or in writing informing the person(s) responsible for a purported excessive noise violation generally as follows:

You are being notified that you are in violation of the City of Cape Coral's Noise Control Ordinance. You are being given a five (5) minute warning to bring the sound level into compliance with Section 12-22 of the City Code of Ordinances. The failure to timely bring the sound level into compliance is a violation of the City of Cape Coral's Noise Control Ordinance.

The officer may issue a civil citation or notice of violation to any person(s) responsible who does not timely bring the sound level into compliance.

- (2) Any person(s) responsible for a violation of Subsection (f) herein, which violations are considered irreparable and irreversible in nature, may be immediately issued a civil citation or notice of violation by an officer.
- (3) Any person(s), including the property owner(s), who violates any of the provisions of this section shall be subject to a civil penalty in the amount of \$150.00 for a first violation, and \$500.00 for any subsequent violation occurring within one (1) year after a finding of violation of the previous offense or a plea of no contest. Each violation of this section shall constitute a separate and distinct offense for which a civil citation or notice of violation may be issued.
- (4) Joint and several responsibility. Any person(s) responsible for unreasonably excessive noise from a property or from a vehicle, as defined herein, may be liable for the violation under this section. More than one person may be found to be responsible for the violation.
- (5) Unreasonably excessive noise is declared a public nuisance. The prosecution of an offense under this section does not limit the City's right to abate the public nuisance, or from seeking injunctive relief, by any means provided by law. The City Attorney or designee(s) may bring suit on behalf of the City against the person(s) responsible for causing, maintaining, permitting, or allowing a public nuisance under this section. This section shall not prohibit or otherwise restrict any person(s) from bringing suit against a public nuisance for unreasonably excessive noise. Relief may be granted according to the terms and conditions of Section 60.05, Florida Statutes, or any other means provided by law.

SECTION 2. Severability. In the event that any portion or Section of this ordinance is determined to be invalid, illegal or unconstitutional by a court of competent jurisdiction, such decision shall in no manner affect the remaining portions or Sections of this ordinance which shall remain in full force and effect.

SECTION 3. Effective Date. This ordinance shall become effective immediately after its adoption by the Cape Coral City Council.

ADOPTED BY THE COUNCIL OF THE CITY OF CAPE CORAL AT ITS REGULAR SESSION THIS _____ DAY OF _____, 2019.

PROPOSED NOISE ORDINANCE 29-19

Introduction presentation - please see Final presentation uploaded 7/22 for most current information.

CITY OF CAPE CORAL NOISE ORDINANCE

Current Noise Ordinance

- Conditions that require decibel readings are unclear and subject to interpretation.
- Does not specifically address certain types of noise which created enforcement concerns, such as noise from motor vehicles.
- Certain parts of the Ordinance make it hard to enforce based on certain conditions where it describes a type of noise as a possible infraction, in correlation with the specified decibel reading.
- Not practical in some areas of the City due to the proximity of the different zoning areas.

Introduction presentation - please see Final presentation uploaded 7/22 for most current information.

CHANGES IN THE PROPOSED ORDINANCE

- The requirement for decibel readings have been eliminated except for the areas specifically mentioned in the Downtown Entertainment District.
- When investigating a complaint the measurement will be taken from the property line of the property generating the sound.
- Decibel levels were slightly adjusted due to the change of location.
- The Ordinance allows an Officer to cite without witnessing a violation based on the totality of circumstances to include obtaining a witness statement.
- Notices of violation can now be issued through Code for habitual violators.
- The Ordinance has a specific section that addresses noise from vehicles.

Introduction presentation - please see Final presentation uploaded 7/22 for most current information.

ADVANTAGES TO THE PROPOSED ORDINANCE

- More practical and useful for property owners and enforcement purposes
- Increases ability for judicial success of civil judgment against offender

ORDINANCE 33 - 19

AN ORDINANCE AMENDING ORDINANCE 42-10 WHICH APPROVED A PLANNED DEVELOPMENT PROJECT IN THE CITY OF CAPE CORAL, FLORIDA ENTITLED "DOWNTOWN VILLAGE SQUARE" FOR CERTAIN PROPERTY DESCRIBED AS BLOCK 62A, UNIT 6, PART 1, AND BLOCK 62A, UNIT 8, CAPE CORAL SUBDIVISION, AS MORE PARTICULARLY DESCRIBED HEREIN; PROPERTY LOCATED BETWEEN SE 47TH TERRACE TO THE NORTH, SE 9TH PLACE TO THE EAST, CAPE CORAL PARKWAY TO THE SOUTH, AND SE 8TH COURT TO THE WEST; EXTENDING THE PROJECT BUILDOUT DATE; AMENDING THE PHASING SCHEDULE AND CONDITIONS OF APPROVAL; PROVIDING FOR FINDINGS OF FACT AND CONCLUSIONS OF LAW; PROVIDING FOR ACTION ON REQUEST AND CONDITIONS OF APPROVAL; PROVIDING FOR LEGAL EFFECT AND LIMITATIONS OF THIS PDP DEVELOPMENT ORDER AND ADMINISTRATIVE REQUIREMENTS; PROVIDING SEVERABILITY AND AN EFFECTIVE DATE.

WHEREAS, the "Downtown Village Square" Planned Development Project was approved by the City of Cape Coral, by Ordinance 42-10; and

WHEREAS, an application from Red Rock Land Corporation, Downtown Village Square, LLC, and Downtown Village Square II, LLC, has been received requesting an amendment of a Planned Development Project (PDP) for "Downtown Village Square"; requesting extending the deadline to commence substantial construction and the project buildout date, and amending the phasing plan and conditions of approval; and

WHEREAS, the request has been reviewed by the Cape Coral Hearing Examiner; and

WHEREAS, the City Council has considered the recommendations of the Hearing Examiner.

NOW, THEREFORE, THE CITY OF CAPE CORAL, FLORIDA, HEREBY ORDAINS PURSUANT TO THE LAWS OF FLORIDA, AND OTHER APPLICABLE LAWS, THIS ORDINANCE:

SECTION I. PDP APPROVAL

Having reviewed the application requesting approval of an amendment to a Planned Development Project for "Downtown Village Square" PDP, requesting extending the deadline to commence substantial construction and the project buildout date, and amending the phasing schedule and conditions of approval; and having considered the recommendations of the Hearing Examiner, the City Council of the City of Cape Coral, Florida, does hereby grant the aforesaid PDP approval, pursuant to Section 4.2 of the City of Cape Coral Land Use and Development Regulations from the date of adoption of this ordinance. Approval of the PDP shall be subject to the terms and conditions set forth below.

SECTION II. FINDING OF FACT/CONCLUSION OF LAW

- A. The "Downtown Village Square" development is a mixed use Planned Development Project (PDP). This development consists of 3.94 acres at 845-877 Cape Coral Parkway East and 826 SE 47th Terrace. The site consists of Block 62A in its entirety and is bound by SE 47th Terrace to the north, SE 9th Place to the east, Cape Coral Parkway to the south, and SE 8th Court to the west. At buildout, the proposed development will contain a maximum of 251,546 sq. ft. of nonresidential uses and 152 residential units.

Since the adoption of Ordinance 42-10, the Downtown Village Square project has been extended several times by a combination of actions taken by the Cape Coral City Council and extensions granted by the state of Florida resulting from state of emergency declarations issued by the governor.

On April 1, 2019, the City Council adopted Resolution 71-19. This resolution granted an extension of the Downtown Village Square project to July 22, 2019. Furthermore, this resolution stated that the Developer's request to extend the deadline to commence substantial construction was to be treated as an application to amend the "Downtown Village Square" PDP. This resolution identified July 22, 2019, as the date the PDP amendment was to be scheduled for City Council consideration. This resolution stated that the PDP amendment may further extend the deadline to commence substantial construction beyond the July 22, 2019 date, revise the phasing schedule approved by Ordinance 42-10, and set forth additional requirements that shall be met by the Developer.

B. The name(s) of the legal and equitable owners are Red Rock Land Corporation, Downtown Village Square, LLC, and Downtown Village Square II, LLC .

C. The legal description of the property is as follows:

All of Block 62A, Unit 6, Part I, Cape Coral, as recorded in Plat Book 11, Pages 45 through 47 of the Public Records of Lee County, Florida; and

All of Block 62A, Unit 8, Cape Coral, as recorded in Plat Book 13, Pages 1 through 6 of the Public Records of Lee County, Florida; and all alleys within and in-between said Blocks.

Further described as follows: Commencing at the Northwest corner of Section 18, Township 45 South, Range 24 East, City of Cape Coral, Lee County, Florida, thence S89°03'21"E for a distance of 676.08 feet along the Northerly line of said section to the Easterly line of the sixty foot wide right-of-way known as Southeast 8th Court (aka Chester Street) and the Point of Beginning of the parcel described herein:

Thence due North a distance of 111.14 feet along said Easterly line, to the point of curvature of a curve to the right; thence along said curve with a radius of 25.00 feet, a chord bearing of N45°00'00"E, a chord distance of 35.36 feet, a central angle of 90°00'00", for an arc distance of 39.27 feet to the Southerly line of the sixty foot wide right-of-way known as Southeast 47th Terrace (aka Marina Drive); thence due East a distance of 524.00 feet along said Southerly line to the point of curvature of a curve to the right; thence along said curve with a radius of 25.00 feet, a chord bearing of S45°00'00"E, a chord distance of 35.36 feet, a central angle of 90°00'00", for an arc distance of 39.27 feet to the Westerly line of the sixty foot wide right-of-way known as Southeast 9th Place (aka Candida Street); thence due South along said Westerly line a distance of 252.81 feet to the point of curvature of a curve to the right; thence along said curve with a radius of 25.00 feet, a chord bearing of S45°18'00"W, a chord distance of 35.54 feet, a central angle of 90°35'59", for an arc distance of 39.58 feet to the Northerly line of the 100 foot wide right-of-way known as Cape Coral Parkway East; thence N89°24'01"W for a distance of 524.03 feet to the point of curvature of a curve to the right; thence along said curve with a radius of 25.00 feet, a chord bearing of N44°42'01"W, a chord distance of 35.17 feet, a central angle of 89°%D24'01", for an arc distance of 39.01 feet to the Easterly line of the sixty foot wide right-of-way known as Southeast 8th Court (aka Chester Street); thence due North along said Easterly line for a distance of 136.19 feet returning to the Point of Beginning.

171,711.4394 sq.ft. or ±3.9420 Acres

D. The "Downtown Village Square" PDP Amendment subject parcel has 3.94 acres zoned South Cape Downtown (SC), pursuant to the authority of Chapter 166, Florida Statutes, and the Land Use and Development Regulations, Cape Coral, Florida, as same may hereafter be amended. The subject property was rezoned in 2012 to the SC District after the Downtown Village Square project was approved. The subject property has approximately 3.94 acres with a Future Land Use designation of Downtown Mixed (DM).

E. Under Ordinance 42-10 that approved "Downtown Village Square," all future structures and uses, population density, building intensity, and building height shall conform to the respective provisions of the Downtown Core (DC) zoning district of the Land Use and Development Regulations, Cape Coral, Florida, as same may hereafter be amended. In addition, the development shall obtain all local development permits from the City of Cape Coral, Florida, and other governmental jurisdictions. Failure of this agreement to address a particular permit, condition, term, restriction, or zoning regulation shall not relieve the Developer of the necessity of complying with the law governing said permitting requirements, conditions, terms, restrictions, or zoning regulations.

- F. The proposed development does not unreasonably interfere with the achievement of the objectives of the adopted State Land Development Plan applicable to the area.
- G. The "Downtown Village Square" PDP Amendment, as noted, is consistent with the adopted City of Cape Coral Comprehensive Plan, and the City of Cape Coral Land Use and Development Regulations.
- H. The term Developer for purposes of this development order shall mean and refer to Red Rock Land Corporation, Downtown Village Square, LLC, and Downtown Village Square II, LLC, or its successors in interest, lessees, and/or assigns.
- I. The new phasing schedule for the project appear below and replaces in its entirety the original phasing schedule approved by Ordinance 42-10.
 - 1. Phase I shall include:
 - a. Demolishing the three buildings at 851, 859, and 877 Cape Coral Parkway East. All three buildings shall be demolished by the developer no later than December 31, 2019. Until these three buildings have been demolished and this work has been inspected by the City, no other work on Phase 1 shall commence. In the event these three buildings are not demolished by December 31, 2019, the PDP shall be considered null and void.
 - b. Constructing the temporary parking at ground level within the footprint of the parking garage (Building "B").
 - c. Constructing a temporary trash enclosure located at the northwest corner of the Phase 2 temporary parking area.
 - d. Constructing Building "A", installing landscaping associated with Building "A", and constructing utilities for Building "A".
 - e. Constructing the fountain associated with Building "A".
 - f. Constructing access from Cape Coral Parkway, SE 47th Terrace, and SE 8th Court as shown on the Phasing Plan, Sheet C-4A.
 - g. Installing the pavers located within the public square surrounding Building "A".
 - h. Constructing all right-of-way improvements including pavers along SE 8th Court to the eastern edge of the Cape Coral Parkway entrance.
 - i. Constructing the main portion of the stormwater system which does not conflict with future phases as delineated on the Phasing Plan, Sheet C-4A, that was prepared by DEI Civil Engineers and Planners, dated April, 2010.
 - j. The Developer shall submit a complete set of building plans for Building "A" to the City no later than March 31, 2020. In the event the Developer does not submit building plans to the City on or before March 31, 2020, the PDP shall be considered null and void.
 - k. Substantial construction on Building "A" shall commence no later than July 1, 2020. Substantial construction for the purposes of this development order shall mean that the Developer has been issued a building permit by the City for the construction of Building "A." In the event that substantial construction on Building "A" does not occur on or before July 1, 2020, the PDP shall be considered null and void.
 - l. The Developer shall receive a certificate of completion from the City for Building "A" no later than June 30, 2021. In the event the Developer does not receive a certificate of completion from the City on or before June 30, 2021, the PDP shall be considered null and void.

2. Phase 2 shall include
 - a. Demolishing the temporary trash enclosure at the northwest corner of the Phase 2 temporary parking area.
 - b. Constructing Building “B”, installing landscaping associated with Buildings “B” and “D”, and constructing utilities for Building “B”.
 - c. Constructing temporary parking on the site sufficient for Buildings “A” and “B”.
 - d. Demolishing the temporary parking area and constructing the entire parking garage of Building “D” and installing all abutting landscaping. The two residential towers may be built in this Phase 2 or may be deferred until Phase 5.
 - e. Constructing all right-of-way improvements abutting Building “B”.
3. Phase 3 shall include:
 - a. Constructing Building “C”, installing abutting landscaping associated with Building “C”, and constructing utilities for Building “C”.
 - b. Constructing the remaining stormwater systems.
 - c. Constructing the temporary trash enclosure for Building “E”.
 - d. Constructing all right-of-way improvements abutting Building “C” including the access point along SE 9th Place.
4. Phase 4 shall include:
 - a. Removing the temporary trash enclosure associated with Building “E” that was installed in Phase 3.
 - b. Constructing Building “E” and remaining utilities.
 - c. Installing all remaining landscaping, right-of-way, and site improvements.
5. Phase 5 shall include constructing the two residential towers associated with Building “D” that are located on the upper portion of the parking garage, unless built as part of Phase 2.
6. The developer shall complete all elements of Phase 1 of this project in its entirety before work on Phase 2 can begin. The developer shall complete all elements of Phase 2 of this project before work on Phase 3 can begin. With the exception of Phases 1 and 2, the enumeration of phases in this section is not intended to indicate an order of development. For example, the development of Phase 3 is not required to either begin or be completed prior to the development of Phase 4.
7. A Certificate of Use shall not be issued for any building or any unit of a building on the site until the developer demonstrates that parking sufficient to meet the minimum parking requirements for supporting uses in the building or a use in a unit of a multi-tenant building exist.

SECTION III. ACTION ON REQUEST AND CONDITIONS OF APPROVAL

NOW, THEREFORE, be it ordained by the City Council of Cape Coral, Florida, in public meeting duly advertised, constituted and assembled, that the Planned Development Project application for development approval submitted by Red Rock Land Corporation, Downtown Village Square, LLC, and Downtown Village Square II, LLC, is hereby ordained approved, subject to the following conditions, restrictions, and limitations deemed necessary for the public health, safety, and welfare.

A. GENERAL CONSIDERATIONS

1. All provisions and conditions contained in the "Downtown Village Square" PDP as approved by Ordinance 42-10 shall remain in full force and effect, except as otherwise stated in this Development Order. Although some provisions and conditions set forth in Ordinance 42-10 have been restated herein, failure to restate a provision or condition shall not be interpreted as an intention to delete or alter such provision or condition.
2. In 2018 the City made streetscape improvements in the SE 47th Terrace right-of-way along the north side of the site originally required of the Developer that included the installation of new pavers. Since the cost of this work exceeded \$265,000, the City shall no longer be responsible for paying up to \$265,000 for costs and fees associated with relocating the LCEC transmission pole at the northwest corner of the property. Any costs and fees associated with relocating this pole shall be paid by the Developer.
3. The Developer shall install pavers along SE 8th Court and SE 9th Place within the City right-of-way as shown on Sheet C-4, entitled "Site Plan," prepared by DEI Civil Engineers and Planner, dated December 2007 and bearing a revision date of January 12, 2009. These pavers shall be of the same color, shape, and pattern as those used by the City for the streetscape improvements in the SE 47th Terrace right-of-way.
4. The developer shall replace the pavers in the right-of-way along Cape Coral Parkway between SE 8th Court and SE 9th Place to match the existing pavers in the SE 47th Terrace right-of-way and those pavers that will be installed by the developer along SE 8th Court and SE 9th Place. The purpose of this condition is to provide a uniform streetscape within the right-of-way around Block 62A. This requirement, however, may be modified at the sole discretion of the Public Works Director if the Director determines that an alternative design provides a suitable transition between the pavers along SE 8th Court and SE 9th Place with those along Cape Coral Parkway.
5. Details of pavers to be installed on the Downtown Village Square site that includes color, shape, and pattern shall be reviewed by the Public Works Department and found to be acceptable prior to the installation of these hardscape materials by the Developer.
6. Any damage incurred to the existing pavers in the right-of-way along SE 47th Terrace during construction of the project shall be replaced to its original condition by the Developer at Developer's expense.
7. All three buildings on the site referenced in Phase I of this development order shall be demolished no later than December 31, 2019. In the event these three buildings are not demolished by December 31, 2019, the PDP shall be considered null and void.
8. The Developer shall submit a complete set of building plans for Building "A" to the City no later than March 31, 2020. In the event the Developer does not submit building plans to the City on or before March 31, 2020, the PDP shall be considered null and void.
9. Substantial construction on Building "A" shall commence no later than July 1, 2020. Substantial construction for the purposes of this development order shall mean that the Developer has been issued a building permit by the City for the construction of Building "A." In the event that substantial construction on Building "A" does not occur on or before July 1, 2020, the PDP shall be considered null and void.
10. The Developer shall receive a Certificate of Completion from the City for Building "A" no later than June 30, 2021. In the event the Developer does not receive a Certificate of Completion from the City on or before June 30, 2021, the PDP shall be considered null and void.

SECTION IV. LEGAL EFFECT AND LIMITATIONS OF THIS DEVELOPMENT ORDER, AND ADMINISTRATIVE REQUIREMENTS

- A. This Development Order shall constitute an ordinance of the City of Cape Coral, adopted by this Council in response to the Planned Development Project Application filed for the "Downtown Village Square PDP Amendment " PDP.
- B. This Development Order shall be binding on the Developer. Those portions of this Development Order which clearly apply only to the project Developer, shall not be construed to be binding upon future owners of the project lots. It shall be binding upon any builder/developer who acquires any tract of land within the PDP.
- C. The physical development authorized under this Development Order shall terminate in five years from the date of adoption of this amendment, unless an extension is approved by this Council. The Council may grant an extension if the project has been developing substantially in conformance with the original plans and approved conditions, and if no substantial adverse impacts not known to Cape Coral at the time of their review and approval, or arising due to the extension, have been identified. For purposes of determining when the buildout date has been exceeded, the time shall be tolled during the pendency of administrative and judicial proceedings relating to development permits. All conditions imposed on the subject development shall remain in full force and effect throughout the life of the development unless rescinded or amended by the City and shall not be affected by any termination of the authorization for physical development.
- D. This Development Order shall be recorded with the Office of the Lee County Clerk of the Circuit Court by the City of Cape Coral. The Developer shall be responsible for reimbursing the City for all recording fees within 30 days of being notified by the City that the Development Order has been recorded.

SECTION V. SEVERABILITY.

In the event that any portion or section of this Ordinance is determined to be invalid, illegal, or unconstitutional by a court of competent jurisdiction, such decision shall in no manner affect the remaining portions or sections of this Ordinance which shall remain in full force and effect.

SECTION VI. EFFECTIVE DATE.

This Ordinance shall take effect immediately upon its adoption by the Cape Coral City Council. Permits issued prior to or after the effective date of this Ordinance are obtained solely at the risk of the Developer.

ADOPTED BY THE COUNCIL OF THE CITY OF CAPE CORAL AT ITS REGULAR SESSION THIS _____ DAY OF _____, 2019.

JOE COVIELLO, MAYOR

VOTE OF MAYOR AND COUNCILMEMBERS:

BRIAN R. BARTOS
ASSISTANT CITY ATTORNEY
ord/pdp 19-0001 Village Square Amendment

CITY OF CAPE CORAL, FLORIDA
OFFICE OF THE HEARING EXAMINER

PDP HEX Recommendation 1-2019
Rendered May 24, 2019
DOWNTOWN VILLAGE SQUARE PDP AMENDMENT
DCD Case # PDP 19-0001

**SECTION I. RECOMMENDATION OF APPROVAL:
DOWNTOWN VILLAGE SQUARE PDP AMENDMENT
DCD CASE # PDP 19-0001**

PURSUANT TO CITY OF CAPE CORAL LAND USE AND DEVELOPMENT REGULATIONS (“LUDRs”) ARTICLE IV, §4.2, PLANNED DEVELOPMENT PROJECT PROCEDURE, THE HEARING EXAMINER **RECOMMENDS APPROVAL** TO THE CITY COUNCIL REGARDING THE DOWNTOWN VILLAGE SQUARE PLANNED DEVELOPMENT PROJECT AMENDMENT (“PROJECT”), INCLUDING: EXTENDING THE DEADLINES FOR COMMENCEMENT OF SUBSTANTIAL CONSTRUCTION AND PROJECT BUILDOUT DATES AND AMENDING THE PHASING SCHEDULE AND CONDITIONS OF APPROVAL, SUBJECT TO THE TERMS AND CONDITIONS SET FORTH WITH SPECIFICITY BELOW; PROVIDING FOR RECOMMENDED FINDINGS OF FACT AND CONCLUSIONS OF LAW; PROVIDING FOR RECOMMENDATION FOR CITY COUNCIL ACTION ON REQUEST AND CONDITIONS OF APPROVAL; PROVIDING FOR LEGAL EFFECT AND RECOMMENDATIONS OF LIMITATIONS ON THIS PDP DEVELOPMENT ORDER AND ADMINISTRATIVE REQUIREMENTS; PROVIDING FOR SEVERABILITY AND AN EFFECTIVE DATE.

SECTION II. REVIEW OF LUDR REQUIREMENTS

1. Authority. The Hearing Examiner has the authority (i) to recommend to the City Council approval or denial of an application for those planned development projects (including amendments thereto) which are set forth in LUDR §4.2.5.F.2 as amended from time to time and (ii) if the recommendation is for approval, to recommend the establishment of appropriate conditions and safeguards pursuant to LUDR §4.2.5.F.2.
2. Site Visit by Hearing Examiner. The Hearing Examiner conducted a site visit of the subject property prior to the Hearing, in accordance with the authority set forth in LUDR § 8.3.1.C.6.a.
3. Standard of Review of Evidence; Hearsay Evidence. The Hearing Examiner’s decision is based on whether the Application meets all applicable requirements of

the Comprehensive Plan, City Code of Ordinances, and the LUDRs, upon review of the entirety of the record. It is Applicant's burden to prove that it does.

Hearsay evidence may be used for the purpose of supplementing or explaining other evidence, but shall not be sufficient by itself to support a finding unless it would be admissible over objection in court.

In rendering this Recommendation, the Hearing Examiner must consider all competent substantial evidence in the record as defined as defined by LUDR § 8.3.1.C.3.b.

4. Notice of Hearing, Participants, and Submission of Documentary Evidence

Based on the testimony of City Staff Michael Struve at the commencement of the Hearing on May 24, 2019, the Hearing Examiner finds that proper notice of this hearing was provided, in accordance with the requirements of LUDR Article VIII, §8.3, Public Hearings of the City of Cape Coral.

The Hearing participants were City Staff Michael Struve, AICP¹; Terri Hall, Community Redevelopment Agency (CRA) Coordinator; John Naclerio, Esquire, Assistant City Attorney; City Clerk Representative/Recording Clerk Patricia Sorrels; and Applicant's Representative, AMB Planning Consultants, by Annette Barbaccia, President.

No members of the public testified. Although staff testified that he had received no correspondence prior to the Hearing, he further testified that he had received one (1) telephone call of inquiry but that the caller did not express an opinion either way about the Project.

All documentary evidence considered by the Hearing Examiner was submitted prior to the Hearing, in accordance with City requirements.

5. Hearing Examiner's Findings of Fact.

"Staff Testimony" as used in this Order is inclusive of Staff testimony at the Hearing, as well as the staff report, staff PowerPoint, and all other documentary evidence presented by Staff prior to the Hearing.

"Applicant's Testimony" as used in this Order is inclusive of all documentary evidence presented by the Applicant prior to the hearing, as well as Applicant's Representative's testimony at the Hearing. The Applicant's Representative incorporated the staff report and staff's testimony into her presentation, with one exception: as set forth elsewhere, Applicant wishes to remove the property located

¹ Based upon his prior testimony at hearings of this nature and the recitation of his qualifications, certifications and education contained in his C.V. which is on file with the City Clerk's Office, the Hearing Examiner qualified Mr. Struve as an expert witness for land planning issues relevant to this hearing.

at 877 Cape Coral Parkway East, Cape Coral, FL ("the Car Wash Property") from the timeline requiring demolition on or before December 31, 2019. Accordingly, all references below to "Staff Testimony" should be construed as testimony by Applicant as well, with that exception.

All documentary and oral testimony referenced below is accepted by the Hearing Examiner as recommended findings of fact, except as specifically noted otherwise. The Hearing Examiner recommends that the City Council accept such testimony as findings of fact to substantiate its decision hereunder.

SECTION III. RECOMMENDED GENERAL FINDINGS OF FACT AND CONCLUSIONS OF LAW

1. Legal Description of PDP Property. The legal description for the subject property is set forth below, as provided by staff:

All of Block 62A, Unit 6, Part I, Cape Coral, as recorded in Plat Book 11, Pages 45 through 47 of the Public Records of Lee County, Florida; and all of Block 62A, Unit 8, Cape Coral, as recorded in Plat Book 13, Pages 1 through 6 of the Public Records of Lee County, Florida; and all alleys within and in-between said Blocks.

Further described as follows: Commencing at the Northwest corner of Section 18, Township 45 South, Range 24 East, City of Cape Coral, Lee County, Florida, thence S89°03'21"E for a distance of 676.08 feet along the Northerly line of said section to the Easterly line of the sixty foot wide right-of-way known as Southeast 8th Court (aka Chester Street) and the Point of Beginning of the parcel described herein:

Thence due North a distance of 111.14 feet along said Easterly line, to the point of curvature of a curve to the right; thence along said curve with a radius of 25.00 feet, a chord bearing of N45°00'00"E, a chord distance of 35.36 feet, a central angle of 90°00'00", for an arc distance of 39.27 feet to the Southerly line of the sixty foot wide right-of-way known as Southeast 47th Terrace (aka Marina Drive); thence due East a distance of 524.00 feet along said Southerly line to the point of curvature of a curve to the right; thence along said curve with a radius of 25.00 feet, a chord bearing of S45°00'00"E, a chord distance of 35.36 feet, a central angle of 90°00'00", for an arc distance of 39.27 feet to the Westerly line of the sixty foot wide right-of-way known as Southeast 9th Place (aka Candida Street); thence due South along said Westerly line a distance of 252.81 feet to the point of curvature of a curve to the right; thence along said curve with a radius of 25.00 feet, a chord bearing of S45°18'00"W, a chord distance of 35.54 feet, a central angle of 90°35'59", for an arc distance of 39.58 feet to the Northerly line of the 100 foot wide right-of-way known as Cape Coral Parkway East;

thence N89°24'01"W for a distance of 524.03 feet to the point of curvature of a curve to the right; thence along said curve with a radius of 25.00 feet, a chord bearing of N44°42'01"W, a chord distance of 35.17 feet, a central angle of 89°24'01", for an arc distance of 39.01 feet to the Easterly line of the sixty foot wide right-of-way known as Southeast 8th Court (aka Chester Street); thence due North along said Easterly line for a distance of 136.19 feet returning to the Point of Beginning.

171,711.4394 square feet or ±3.9420 Acres

2. Street Address, Location of PDP Property, Structures and Classification of Streets Surrounding PDP Property The Project is a mixed use Planned Development Project (PDP), with a street address of 845-877 Cape Coral Parkway East and 826 SE 47th Terrace.

The Project site consists of Block 62A in its entirety, inclusive of five (5) parcels. Three of those parcels contain buildings.

The site is bound by SE 47th Terrace to the north, SE 9th Place to the east, Cape Coral Parkway to the south, and SE 8th Court to the west. Cape Coral Parkway is classified as a major arterial and SE 47th Terrace is classified as a collector. Both SE 8th Court and SE 9th Place are classified as local streets.

Permitted and special exception uses, as well as some development standards in the SC District, are based on a street designation system.

3. Legal and Equitable Owners of Subject Property. Staff testified that the legal and equitable owners of the subject property are Red Rock Land Corporation, Downtown Village Square, LLC, and Downtown Village Square II, LLC.
4. Current Zoning Classification, Future Land Use Designation, CRA, and Urban Services Infill Area. Staff testified that all parcels in Block 62A, as well as all surrounding sites within 800 feet, have a Downtown Mixed Future Land Use Designation and South Cape (SC) Downtown Zoning. The Urban Services Area is Infill. The site is located in the Community Redevelopment Area (CRA) in southeast Cape Coral.
5. The Project. Staff testified that the Project is a mixed-use project that at buildout will be comprised of six buildings. The project will feature 251,546 square feet of nonresidential uses, including commercial, office, and restaurant space.

Staff further testified that the Project will also include 152 residential units. A parking deck will be constructed at the northwest corner of the site and will provide 938 spaces with a minimum of 127 spaces reserved for public use. Residential towers will be constructed on the east and west ends on top of the parking garage.

6. Previously Approved Entitlements for the Site Via Ordinance 42-10. A PDP for the site was approved in 2010 for a project entitled "Downtown Village Square." Ordinance 42-10 granted the following:

- A rezone from the Downtown Edge to the Downtown Core (DC) District;
- A vacation of plat for interior lot lines, public utility and drainage easements, and alley right-of-way (ROW); and
- Multiple deviations to the Land Use and Development Regulations (LUDR) and the Engineering and Design Standards.

Staff testified that, prior to PDP approval, the developers received approval from the City Council for a bonus density of 19 additional dwelling units (DU) per acre above the baseline density in the DC District of 20 DU/acre.

This increase in density was achieved through the former Redevelopment Incentive Program and was approved by Resolution 10-10.

Following PDP approval, the site was later rezoned from the DC to the SC District by Ordinance 18-12. Since the project was originally entitled under the DC zoning requirements when approved in 2010, this development continues to be governed by the DC regulations.

7. Subsequent Resolutions Extending the Project Deadlines

Staff testified that, although the Downtown Village Square Project was approved in 2010 by Ordinance 42-10, construction has not yet begun.

Subsequent to the adoption of Ordinance 42-10, the project has been extended twice by the State of Florida through State of Emergency Declarations issued by the Governor, and four times (Resolutions 102-15, 81-17, 91-18, and 71-19) by the City of Cape Coral.

The most recent extension of the project by the City Council, Resolution 71-19, extended the deadline for substantial construction to July 22, 2019, and stated that the developers' request to extend this deadline shall be treated as an application to amend the PDP.

This extension included a term sheet signed by the City Manager and Robert A. Lee, Jr. (Managing Member of Downtown Village Square LLC and Downtown Village Square II, LLC) memorializing changes to the project including deadlines for key milestones ("the Term Sheet"). This term sheet was part of the City Council agenda package associated with Resolution 71-19 and specifically stated that "the

project will be null and void if the developer fails to meet all terms and deadlines contained herein.”²

8. Summary of Applicant’s Request.

Due to the passage of time since the original approval was given, parts of the original PDP approval are no longer applicable to the Project, leading to the instant request for an amendment to the PDP, consistent with the Term Sheet and the subsequent City Resolution:

a. Extension of the Project Build-out Date and Deadline for Commencement of Substantial Construction

Staff testified that Resolution 71-19 extended the Downtown Village Square Project to July 22, 2019 to allow time for the current PDP amendment to be scheduled for hearing. This Resolution also approved the Term Sheet entered into between the City of Cape Coral Administration and the Managing Member of Downtown Village Square LLC.

This proposed PDP amendment establishes target dates for several key milestones that include the demolition of three existing buildings on the site by December 31, 2019 and commencement of substantial construction for the project by July 1, 2020.

At the Hearing Examiner hearing, the Applicants’ Representative testified that Applicant is requesting that the Car Wash property be removed from the requirement of demolition by December 31, 2019. As reasons for this request, she stated that the Applicants wished to address littering and loitering on the property and related insurance issues and, if the Car Wash Property continued in operation, the operator could be responsible for cleaning up the site from litter and debris. Further the Applicants wished to continue to receive the income from the car wash property as long as possible, she testified.

Upon inquiry by the Hearing Examiner as to the Applicants’ proposed alternate date for demotion of the Car Wash Property, the Applicants’ Representative proposed the demolition at the completion of Phase I,

² The Term Sheet stated as Issue #2 that by 4/2/19 the Proposed Amendment must be presented to the CRA Board, with the CRA Board “to concur with issue #13 [regarding TIF funding] provided all terms and deadlines are met.” During the HEX hearing, the CRA Coordinator and the Applicant’s Representative testified that the presentation had been made to the CRA Board in timely fashion and the CRA Board had discussed it, but no formal vote was taken. The Hearing Examiner recommends that the CRA Board be requested to formally vote on this matter prior to the City Council Hearing on this proposed PDP Amendment, to maintain compliance with the Term Sheet and the referenced Resolution.

but did not specify a “hard date”, even upon a follow-up inquiry by the Hearing Examiner.

The City Attorney’s Office Representative testified that Applicant and the City Manager had entered into the Term Sheet on March 27, 2019, less than 60 days prior to the Hearing Examiner hearing on this matter.³

Upon inquiry from the Hearing Examiner, the City Attorney’s Office Representative testified that many commercial properties within the city are vacant and that their owners hire janitorial or management companies to keep them free of litter so as to avoid a Code Enforcement issue.

After reviewing the Applicants’ Representative’s testimony and the testimony of City staff, and considering that the Applicants pledged less than 60 days ago (e.g., on March 27, 2019) to the demolition of the Car Wash Property (along with the other 2 properties) prior to December 31, 2019, the Hearing Examiner is recommending that the City Council adopt staff’s recommendation that the Car Wash property be demolished with the other properties prior to December 31, 2019.

Substantial construction is defined as the issuance of a valid building permit for construction of the main building or buildings of the development (LUDR, Section 4.2.4.H). Staff testified that substantial construction for this Project will be achieved when the developer is issued a building permit for Building “A.”

b. Revision of the Phasing Schedule

Staff testified that several changes to the phasing schedule are proposed.

These changes include:

- Eliminating an outdated reference to the demolition of the Fifth Third Bank and referring to this building more generally.
- Requiring the demolition of three buildings on the site before other work can occur in Phase 1. The demolition of the former bank building and the existing car wash building was originally scheduled to be demolished in Phases 2 and 3, respectively.⁴

³ The Term Sheet has a minor revision, referencing a change in the date of the Public Hearing for Amendment of the PDP from June 10, 2019 to July 22, 2019. The revision stamp indicates that this revision was entered into on 3/28/19.

⁴ See discussion of the timing of the demolition of the Car Wash property, set forth in subsection a immediately above.

- Clarifying that the developer shall complete all elements of Phase I, and then complete all elements of Phase 2 before work can begin on Phases 3, 4, and 5.
- Eliminating language in Phase I that previously required the developer to install pavers in the SE 47th Terrace ROW. These pavers were installed in 2018 by the City as part of the SE 47th Terrace streetscape improvement project.
- Clarifying that a Certificate of Use shall not be issued for any building or any unit within a building until parking exists to meet the minimum parking standards for the building or unit in question.

c. Revision of the Conditions of Approval

Conditions appearing in Ordinance 42-10 that are proposed for revision herein include the following:

- Eliminating a requirement that the City pay a maximum of \$265,000 for the costs and fees for relocating a transmission pole at the northwest corner of the site. Staff testified that, because streetscape improvements in the SE 47th Terrace ROW made by the City exceeded \$265,000, the Developer would now be responsible for all costs for relocating this pole.
- Requiring pavers that will be installed along SE 8th Court and SE 9th Place be of the same color, shape, and pattern as those installed by the City along SE 47th Terrace.
- Requiring new pavers to be installed along Cape Coral Parkway to match pavers along SE 47th Terrace, SE 8th Court, and SE 9th Place, unless a different design is approved by the Public Works Director.
- Requiring to developer to consult with Public Works on the selection of pavers for hardscape areas within the project (e.g., plaza and walkways).
- Clarifying that damage incurred to existing pavers in the SE 47th Terrace and Cape Coral Parkway ROW during construction shall be replaced by the developer at the developer's expense.

SECTION IV. RECOMMENDED FINDINGS OF FACT AND CONCLUSIONS OF LAW: GENERAL STANDARDS AND REQUIREMENTS SET FORTH IN LUDR §4.2.4

1. Compliance with General Standards and Requirements Set Forth in LUDR §4.2.4
All planned development projects must conform to the general standards and requirements set forth in LUDR § 4.2.4. For the reasons set forth in this Recommendation, the Hearing Examiner recommends that the City Council **make the following findings of fact and conclusions of law and thereby determine that the Project is in compliance with all applicable standards and requirements, as follows:**

A. Environmental Control Standards (LUDR §4.2.4A)

This proposed PDP amendment would not approve any additional commercial intensity or residential density beyond that which was previously approved in 2010 by Ordinance 42-10. Prior to a demolition permit being issued for the site, the developer will need to submit a burrowing owl and gopher tortoise affidavit to the City identifying the number of each protected species on the site.⁵ If owls or tortoises inhabit the site and cannot be protected, the developer will need permits also from the Florida Fish and Wildlife Conservation Commission.

Accordingly, the Hearing Examiner recommends a finding that this Standard **has been met**.

B. Maintenance of Improvements (LUDR §4.2.4B)

Staff testified that Applicant will be required to maintain landscaping and screening throughout the life of the development, pursuant to the requirements of Ordinance 42-10.

Accordingly, the Hearing Examiner recommends a finding that this Standard **has been met**.

C. Consistency with the Comprehensive Plan (LUDR §4.2.4C)

For the reasons set forth in the attached Exhibit "A", the Hearing Examiner recommends a finding that the Project, as conditioned, **is consistent** with the Comprehensive Plan.

D. Financial Responsibility (LUDR §4.2.4D)

Staff testified that the City is not requiring the Applicants to post a security bond or a certified check to guarantee the installation of the required improvements.

The Hearing Examiner recommends a finding that this standard **is not applicable**.

E. Dimensional Requirements (LUDR §4.2.4E)

Staff testified that the Project complies with all dimensional requirements herein, except as otherwise addressed by the deviations granted in Ordinance 42-10.

⁵ The Applicants' Representative proposed that a photograph of the site or an affidavit be submitted by the Applicants. It is recommended that the Affidavits provide an affidavit, not a photograph.

F. Maximum Density (LUDR §4.2.4 F)

Staff testified that this Project includes 152 residential units on the 3.94 acre site, or 39 DU/acre. The former DC District allowed a maximum of 20 DU/acre but the developer received an additional 19 DU/acre in density by qualifying and being approved for the former Redevelopment Incentive Program (RIP).

Accordingly, the Hearing Examiner recommends a finding that this Standard has been met.

G. Minimum Parcel Size (LUDR §4.2.4.G)

The former DC Zoning District does not have a minimum lot area requirement and the project site is not in the Urban Services Reserve Area.

Accordingly, the Hearing Examiner recommends a finding that this Standard does not apply.

H. Time Limitation(LUDR §4.2.4.H)

Staff testified that, following Project approval in 2010, several extensions have been granted by either the City or the State of Florida for extension of the period for substantial construction.

I. Ownership Requirements(LUDR §4.2.4.I)

The Applicants hold title to 100% of the subject property.

J. Special Exceptions (LUDR §4.2.4.J)

No special exceptions were requested by Applicants.

K. Deviations (LUDR §4.2.4.K)

Staff testified that multiple deviations were granted from LUDR and the Engineering and Design Standards by the City Council in approving Ordinance 42-10.

No new deviations are being requested herein.

L. Underground Utilities (LUDR §4.2.4.L)

Staff testified that all utilities will be placed underground.

2. Concurrency. The Project was determined to have met concurrency requirements when the Downtown Village Square Project was reviewed during 2008-2010.

Staff testified that the site is in a Transportation Concurrency Exception Area (TCEA). As a result, the Developer is required to implement a minimum of five transportation

improvement projects, as identified in Ordinance 42-10, so as to support mobility enhancement in the Downtown TCEA.

3. Consistency with the South Cape Downtown Community Redevelopment Plan

Staff testified that the Project is consistent with several policies identified below that appear in the SC CRA Plan. This CRA Plan has been amended this year.

3.1 Open Space and Street Layout

Policy 3.1.5

“Utilize incentive regulations and the developer negotiation process to create plaza areas aesthetically and functionally related to adjacent uses and the pedestrian and open space network.” Staff testified that the Project includes a central plaza providing for pedestrian connectivity among the buildings on the site.

Policy 3.1.7

“Encourage and provide incentives for new projects to use structured parking to optimize green and open space.” Staff testified that the Project includes a six-story parking garage, with a minimum of 127 spaces to be reserved for public use. Staff further testified that the parking garage was used in part as a basis for justifying the approval of residential density above the baseline levels otherwise allowed in the former DC District.

3.2 Limitations on Size, Height, Number and Use of Buildings

Policy 3.2.1

“Assemble property as necessary where conditions of title, diverse ownership, lot layouts or other conditions prevent proper development in strategic areas where the City’s redevelopment efforts can be successfully and effectively leveraged.” Staff testified that six parcels (over three acres) were assembled by the developers. The site includes a vacated alley and constitutes an entire block.

Policy 3.2.6

“Encourage the revitalization of all properties as high quality mixed-use or commercial projects.” Staff testified that the Project will involve the redevelopment of several single-use sites into a larger, cohesive mixed-use development.

Policy 3.2.7

“Encourage and provide incentives for the development of mixed-use buildings that include restaurants, outdoor cafes, specialty retail, and entertainment complexes to create attractive pedestrian oriented streets.” Staff testified that the Project includes over 33,000 square feet of restaurant uses and over 95,000 square feet of retail, with a movie theater being proposed for Building “B.”

3.3 Property Intended for Use as Public Parks and Recreation Areas

Policy 3.4.1

“Encourage the development of pocket parks and/or plazas for redevelopment projects.” Staff testified that the Project includes an east-west central plaza to provide a pedestrian link between SE 8th Court and SE 9th Place.

Based upon the foregoing testimony, the Hearing Examiner recommends a finding that the proposed PDP Amendment is **consistent** with the South Cape Downtown Community Redevelopment Plan.

4. Consistency with All Applicable Law, Ordinances and Regulations.

Based upon the above, the attached Exhibit “A”, and the recommended findings of fact and conclusions set forth elsewhere in this Recommendation, the Hearing Examiner recommends that the City Council find that the Project, **as conditioned is consistent** with the requirements of the Zoning District(s) in which the property is located, the Comprehensive Plan, the Land Use Development Regulations, City ordinances, Resolution 71-19 and the Term Sheet signed in March, 2019, by the City Manager and the Applicants’ Representative, as well as all other applicable local, state, and federal law.

SECTION V. RECOMMENDATIONS AS TO ACTION ON REQUEST AND CONDITIONS OF APPROVAL

The Hearing Examiner makes the following recommendations as to the City Council’s actions on the Applicants’ request and conditions of approval:

A. Phasing Schedule:

The new Project phasing schedule set forth below shall replace in its entirety the original phasing schedule approved by Ordinance 42-10:

1. Phase I shall include:

- a. Demolishing the three buildings at 851, 859, and 877 Cape Coral Parkway East. **All three buildings shall be demolished by the developer no later than December 31, 2019.** Until these three buildings have been demolished and this work has been inspected by the City, no other work on Phase 1 shall commence. **In the event these three buildings are not demolished by December 31, 2019, the PDP shall be considered null and void.**
- b. Constructing the temporary parking at ground level within the footprint of the parking garage (Building “B”).

- c. Constructing a temporary trash enclosure located at the northwest corner of the Phase 2 temporary parking area.
- d. Constructing Building "A", installing landscaping associated with Building "A", and constructing utilities for Building "A".
- e. Constructing the fountain associated with Building "A".
- f. Constructing access from Cape Coral Parkway, SE 47th Terrace, and SE 8th Court as shown on the Phasing Plan, Sheet C-4A.
- g. Installing the pavers located within the public square surrounding Building "A".
- h. Constructing all right-of-way improvements including pavers along SE 8th Court to the eastern edge of the Cape Coral Parkway entrance.
- i. Constructing the main portion of the stormwater system which does not conflict with future phases as delineated on the Phasing Plan, Sheet C-4A, that was prepared by DEI Civil Engineers and Planners, dated April, 2010.
- j. The Developer shall submit a complete set of building plans for Building "A" to the City no later than March 31, 2020. In the event the Developer does not submit building plans to the City on or before March 31, 2020, the PDP shall be considered null and void.
- k. Substantial construction on Building "A" shall commence no later than July 1, 2020. Substantial construction for the purposes of this development order shall mean that the Developer has been issued a building permit by the City for the construction of Building "A." **In the event that substantial construction on Building "A" does not occur on or before July 1, 2020, the PDP shall be considered null and void.**
- l. **The Developer shall perform all acts necessary to receive a certificate of completion from the City for Building "A" no later than June 30, 2021. In the event the Developer does not receive a certificate of completion from the City on or before June 30, 2021, the PDP shall be considered null and void.**

2. Phase 2 shall include:
 - a. Demolishing the temporary trash enclosure at the northwest corner of the Phase 2 temporary parking area.
 - b. Constructing Building "B", installing landscaping associated with Buildings "B" and "D", and constructing utilities for Building "B".
 - c. Constructing temporary parking on the site sufficient for Buildings "A" and "B".
 - d. Demolishing the temporary parking area and constructing the entire parking garage of Building "D" and installing all abutting landscaping. The two residential towers may be built in this Phase 2 or may be deferred until Phase 5.
 - e. Constructing all right-of-way improvements abutting Building "B".
3. Phase 3 shall include:
 - a. Constructing Building "C", installing abutting landscaping associated with Building "C", and constructing utilities for Building "C".
 - b. Constructing the remaining stormwater systems.
 - c. Constructing the temporary trash enclosure for Building "E".
 - d. Constructing all right-of-way improvements abutting Building "C" including the access point along SE 9th Place.
4. Phase 4 shall include:
 - a. Removing the temporary trash enclosure associated with Building "E" that was installed in Phase 3.
 - b. Constructing Building "E" and remaining utilities.
 - c. Installing all remaining landscaping, right-of-way, and site improvements.
5. Phase 5 shall include constructing the two residential towers associated with Building "D" that are located on the upper portion of the parking garage, unless built as part of Phase 2.

6. The developer shall complete all elements of Phase 1 of this project in its entirety before work on Phase 2 can begin. The developer shall complete all elements of Phase 2 of this project before work on Phase 3 can begin. With the exception of Phases 1 and 2, the enumeration of phases in this section is not intended to indicate an order of development. For example, the development of Phase 3 is not required to either begin or be completed prior to the development of Phase 4.
7. A Certificate of Use shall not be issued for any building or any unit of a building on the site until the developer demonstrates that parking sufficient to meet the minimum parking requirements for supporting uses in the building or a use in a unit of a multi-tenant building exist.

B. Additional Conditions of Approval:

1. All provisions and conditions contained in the "Downtown Village Square" PDP as approved by Ordinance 42-10 shall remain in full force and effect, except as otherwise stated in this Development Order. Although some provisions and conditions set forth in Ordinance 42-10 have been restated herein, failure to restate a provision or condition shall not be interpreted as an intention to delete or alter such provision or condition.
2. In 2018, the City made streetscape improvements in the SE 47th Terrace right-of-way along the north side of the site originally required of the Developer that included the installation of new pavers. Since the cost of this work exceeded \$265,000, the City shall no longer be responsible for paying up to \$265,000 for costs and fees associated with relocating the LCEC transmission pole at the northwest corner of the property. Any costs and fees associated with relocating this pole shall be paid by the Developer.
3. The Developer shall install pavers along SE 8th Court and SE 9th Place within the City right-of-way as shown on Sheet C-4, entitled "Site Plan," prepared by DEI Civil Engineers and Planner, dated December 2007 and bearing a revision date of January 12, 2009, as set forth in Ordinance 42-10. These pavers shall be of the same color, shape, and pattern as those used by the City for the streetscape improvements in the SE 47th Terrace right-of-way.
4. The Developer shall replace the pavers in the right-of-way along Cape Coral Parkway between SE 8th Court and SE 9th Place to match the existing pavers in the SE 47th Terrace right-of-way and those pavers that will be installed by the developer along SE 8th Court and SE 9th Place. The purpose of this condition is to provide a uniform streetscape within the right-of-way around Block 62A. This requirement, however, may be modified at the sole discretion of the Public Works Director, if the Director determines that an

alternative design provides a suitable transition between the pavers along SE 8th Court and SE 9th Place with those along Cape Coral Parkway.

5. Details of pavers to be installed on the Downtown Village Square site that includes color, shape, and pattern shall be reviewed by the Public Works Department and found to be acceptable prior to the installation of these hardscape materials by the Developer.
6. Any damage incurred to the existing pavers in the right-of-way along SE 47th Terrace during construction of the project shall be replaced to its original condition by the Developer at Developer's expense.
7. All three buildings on the site referenced in Phase I of this development order shall be demolished no later than December 31, 2019. **In the event these three buildings are not demolished by December 31, 2019, this PDP shall be considered null and void.**
8. The Developer shall submit a complete set of building plans for Building "A" to the City no later than March 31, 2020. **In the event the Developer does not submit building plans to the City on or before March 31, 2020, the PDP shall be considered null and void.**
9. Substantial construction on Building "A" shall commence no later than July 1, 2020. Substantial construction for the purposes of this development order shall mean that the Developer has been issued a building permit by the City for the construction of Building "A." **In the event that substantial construction on Building "A" does not occur on or before July 1, 2020, the PDP shall be considered null and void.**
10. **The Developer shall perform all acts necessary to receive a Certificate of Completion from the City for Building "A" no later than June 30, 2021. In the event the Developer does not receive a Certificate of Completion from the City on or before June 30, 2021, the PDP shall be considered null and void.**

SECTION VI. LEGAL EFFECT AND LIMITATIONS OF THIS RECOMMENDED DEVELOPMENT ORDER; ADMINISTRATIVE REQUIREMENTS

The Hearing Examiner makes the following recommendations regarding the legal effect and limitations of this recommended development order as well as the administrative requirements:

- a. This is a Recommendation by the Cape Coral Hearing Examiner to the City Council of Cape Coral, in response to the Planned Development Project Application filed for the DOWNTOWN VILLAGE SQUARE PDP AMENDMENT.

- b. All provisions and conditions contained in the "DOWNTOWN VILLAGE SQUARE " PDP as approved by Ordinance 42-10 (and any subsequent Resolutions) shall remain in full force and effect, except as otherwise stated in this Development Order. Although some provisions and conditions set forth in said Ordinance have been restated herein, failure to restate a provision or condition shall not be interpreted as an intention to delete or alter such provision or condition.
- c. If this Project is approved by City Council, it is recommended that Council's Development Order be binding on the Applicant.
- d. If this Project is approved by City Council, it is recommended that the terms and conditions set out in the City Council's approved Development Order constitute a basis upon which the Applicant and City may rely in future actions necessary to implement fully the final development contemplated by such Order.
- e. If this Project is approved by City Council, it is recommended that the City Council find that the proposed development does not unreasonably interfere with the achievement of the objectives of the adopted State Land Development Plan applicable to the area.
- f. If this Project is approved by City Council, it is recommended that the City Council declare that all conditions, restrictions, stipulations, and safeguards contained in Council's approved Development Order may be enforced by either party hereto by action at law or equity, and all costs of such proceedings, including reasonable attorney's fees, shall be paid by the defaulting party.
- g. If this Project is approved by City Council, it is recommended that any references by the City Council to any governmental agency shall be construed to mean to include any future instrumentality which may be created and designated as successor in interest to, or which otherwise possesses any of the powers and duties of, any referenced governmental agency in existence on the effective date of Council's Development Order, if any.
- h. If this Project is approved by City Council, it is recommended that approvals granted by City Council's Development Order are limited and that any such approval shall not be construed to obviate the Applicant's duty to comply with all applicable local or state review and permitting procedures, except where otherwise specifically provided. It is further recommended that such approval, if any, shall also not obviate the duty of the Applicant to comply with any City Ordinance or other regulations adopted after the effective date of this Development Order.

- i. If this Project is approved by City Council, it is recommended that the physical development authorized under the City Council's Development Order terminate in five (5) years from the date of adoption of this amendment, if any, unless an extension is approved by the appropriate governing body. Such body may grant an extension if the project has been developing substantially in conformance with the original plans and approved conditions, and if no substantial adverse impacts not known to Cape Coral at the time of their review and approval, or arising due to the extension, have been identified. For purposes of determining when the buildout date has been exceeded, the time shall be tolled during the pendency of administrative and judicial proceedings relating to development permits. It is recommended that all conditions imposed on the subject development shall remain in full force and effect throughout the life of the development unless rescinded or amended by the City and shall not be affected by any termination of the authorization for physical development.
- j. If this Project is approved by City Council, it is recommended that the Director of the Cape Coral Department of Community Development or his/her designee ("Director"), shall be the local official responsible for assuring compliance with this Development Order and that, upon reasonable notice by the City and at all reasonable times, the Applicant shall allow the City of Cape Coral, its agents, employees, and/or representatives, access to the project site for the purpose of assuring compliance with this Development Order.
- k. If this Project is approved by City Council, it is recommended that the Applicant, or its successors in title to the undeveloped portion of the subject property, be required to submit a report annually to the Director and all affected permit agencies. This report shall describe the state of development and compliance as of the date of submission.
- l. Within thirty (30) days of the effective date of an Order, if any, entered by the City Council, it is recommended that Council require such Development Order to be recorded with the Office of the Lee County Clerk of the Circuit Court by the City of Cape Coral and the Applicant to be responsible for reimbursing the City for all recording fees within 30 days of being notified by the City thereof.

SECTION VII. EFFECTIVE DATE

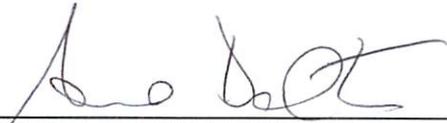

- 1. This Recommendation takes effect on the date specified below.
- 2. Permits issued prior to the City Council consideration of this Application are obtained solely at the risk of the Applicant.

SECTION VIII. ATTACHMENT OF EXHIBIT

The following Exhibit is attached hereto and hereby incorporated by reference:

- Exhibit "A": Analysis of the Applicable Comprehensive Plan provisions

HEARING EXAMINER OF THE CITY OF CAPE CORAL, FLORIDA

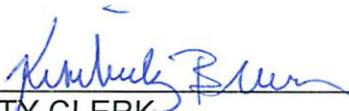

ANNE DALTON, ESQUIRE

5/24/19

DATE

ATTESTED TO AND FILED IN MY OFFICE IN THIS 28th DAY OF May 2019

CITY CLERK

EXHIBIT "A": CONSISTENCY WITH THE COMPREHENSIVE PLAN

An analysis of the consistency with the indicated Elements of the City Comprehensive Plan is set forth below:

HOUSING ELEMENT

GOAL

"To provide good quality housing in safe, clean neighborhoods, offering a broad choice of options in both type (single family and multi-family) and tenure (owner and renter occupied) to meet the needs of present and future residents of the City, regardless of age or income status."

Staff testified that the Project was approved for 152 multi-family residential units. The developer has signed an affordable housing agreement with the City to provide a minimum of five affordable housing units onsite.

Accordingly, the Hearing Examiner recommends a finding that the Project is **consistent** with the indicated Goal.

FUTURE LAND USE ELEMENT

Policy 1.9

"The City will issue no development orders or construction permits, which result in a reduction in the level of service for any affected public facility below the level of service standard adopted in this comprehensive plan."

Staff testified that the Project was deemed concurrent with City services when approved in 2010.

Accordingly, the Hearing Examiner recommends a finding that the Project is **consistent** with the indicated Policy.

Policy 1.13

"In establishing commercial siting guidelines, it is the intent of the City of Cape Coral to discourage new 'strip commercial' development. Strip commercial development, for the purpose of this policy, is often, but not always, linear in orientation, typically generates high volumes of traffic (often associated with separate vehicular entrances and exits for each property on the primary street), may have poor or undefined pedestrian path systems that create conflicts between pedestrian and vehicular movements, and generally lacks sufficient onsite space to accommodate normal parking and loading activities. In discouraging new strip commercial development, the City shall also seek to limit or reduce traffic conflict points along arterial and collector roadways, to promote pedestrian-friendly development, and to create synergistic, compact patterns of commercial development..."

Staff testified that the Downtown Village Square site consists of Block 62A, with a depth of approximately 300 feet.

Accordingly, the Hearing Examiner recommends a finding that the Project is **consistent** with the indicated Policy.

Policy 1.15.1

“Downtown Mixed: Intended primarily for the Downtown Community Redevelopment Area, to provide, a vibrant, walkable, mixed-use district in the historical heart of Cape Coral, mixed-use projects containing commercial and professional uses in conjunction with multi-family housing opportunities where practical and feasible are encouraged. To this end, commercial/professional uses may develop at a maximum Floor Area ratio of four (4) with an average area-wide FAR of two and twenty-three one hundredths (2.23) with commercial/professional uses developed at a ratio of sixty-five (65) percent commercial and thirty-five (35) percent professional, on an areawide basis. Residential development may develop at a density of forty (40) dwelling units per acre, not to exceed an aggregate of eleven thousand one hundred forty-six (11,146) dwelling units nor two hundred (200) dwelling units within the coastal high hazard area. In order to maintain these development limits, the City shall track residential and non-residential development within this future land use map classification. No further residential development will be permitted in this future land use classification should dwelling unit limits be reached. If the average area-wide FAR of two and twenty-three hundredths (2.23) is reached, the City will permit only that nonresidential development with a FAR of 2.23 or below. Development at these intensities and densities are contingent on the availability of centralized city utility services and transportation network at sufficient capacities to accommodate the development at the appropriate level of service, the availability of sufficient and convenient parking to service the project, the availability of multimodal transportation opportunities, and compatibility with adjacent existing and future land use. Special zoning designations may be established to implement this future land use classification, designed to result in a compact urban form.”

Staff testified that, at the time of project approval in 2010, the site was zoned DC. This consistent with the Downtown Mixed FLUC and that this site, along with most other sites in the CRA, was rezoned to the SC District in 2012. The SC District is consistent with the Downtown Mixed FLUC.

Accordingly, the Hearing Examiner recommends a finding that the Project is **consistent** with the indicated Policy.

Policy 4.1

“Future development requiring access or connection to public water and sewer facilities will be located within either the Urban Services Infill or Transition areas.”

Staff testified that the site is in the City Urban Services Infill Area.

Policy 5.3

“New commercial development shall meet all of the requirements for adequate facilities based on the level of service standards adopted for roads, potable water and sanitary sewer, solid waste, storm water facilities and other services in this plan.”

Staff testified that the Project was found to be concurrent with City services when approved in 2010.

Accordingly, the Hearing Examiner recommends a finding that the Project is **consistent** with the indicated Policy.

Policy 5.5

“The City may consider the vacation of rights-of-way to facilitate land assembly and the development of a unified, contiguous commercial project.”

Staff testified that the site includes a vacated alley that provides a single, unified site with about 300 feet of depth along a major arterial street (Cape Coral Parkway).

Accordingly, the Hearing Examiner recommends a finding that the Project is **consistent** with the indicated Policy.

Policy 5.6

“In addition to the facilities for which level of service standards are adopted as part of the concurrency management system of this plan; other services that should be considered to serve new commercial and mixed-use development include fire, police and emergency medical protection.”

Staff testified that, as a condition of approval appearing in Ordinance 42-10, the developer will provide the City with a minimum of 2,000 square feet on the ground floor of Building “D” for a police substation, and an additional 2,000 square feet for a governmental use.

Accordingly, the Hearing Examiner recommends a finding that the Project is **consistent** with the indicated Policy.

Policy 7.3

“The City will provide incentives to individual property owners, builders, and developers to assemble parcels of land for future private uses and will encourage the use of zero lot line (ZLL) and cluster type of development to improve lot layout, drainage, and stormwater retention.”

Staff testified that the assembly of the site, originally comprised of six parcels, was used in part for justifying the approval of residential density above the baseline levels allowed in the former DC District.

Accordingly, the Hearing Examiner recommends a finding that the Project is **consistent** with the indicated Policy.

Policy 8.3

“Commercial developments shall be designed to minimize negative impacts on surrounding residential uses and the land development regulations shall provide for adequate buffering between commercial and residential uses. The design should ensure adequate screening of unsightly views of commercial development (such as loading docks, rooftop equipment, service entrances, trash containers, parking areas and exterior storage) through the extensive uses of landscaping, berms, fencing, concealment, architectural features, open space, setbacks, and/or building orientation. Ensure that the placement of any noise generating activities such as ingress/egress, parking, deliveries, air conditioning equipment and dumpster collections are designed to minimize any adverse noise effects. Traffic and parking should not adversely affect neighborhood quality. Noise, safety and overall maintenance of commercial properties should be carefully monitored.”

Staff testified that all parking on the site will be in a parking garage and that the base of the parking garage along SE 47th Terrace will be fronted by a liner building, with the incorporation of open space into the Project accomplished by providing a centrally located plaza with a fountain and walkways to buildings in the development.

Accordingly, the Hearing Examiner recommends a finding that the Project is **consistent** with the indicated Policy.

Policy 13.3

“In order to encourage and facilitate development and redevelopment and the provision of housing, employment, service and shopping opportunities in a compact area currently served by public facilities, mixed use development shall be allowed in the Downtown Community Redevelopment Area. Such mixed use development shall conform to the Community Redevelopment Area Plan, as same may be amended, and shall be reviewed in accordance with the City's Land Use and Development Regulations.”

Staff testified that the Downtown Village Square project is a mixed-use development inclusive of over 250,000 square feet of nonresidential uses and a maximum of 152 dwelling units.

Accordingly, the Hearing Examiner recommends a finding that the Project is **consistent** with the indicated Policy.

Policy 14.3

“New development, redevelopment and infill development projects located within the City of Cape Coral Downtown Transportation Concurrency Exception Area (Downtown TCEA) may elect to be exempt from transportation concurrency requirements through implementation of the mitigation strategies described in Policy 14.5 of this Element. New development, redevelopment and infill development projects that do not choose to mitigate transportation concurrency impacts in such manner shall be subject to all applicable transportation concurrency requirements. Whether or not a project elects to mitigate its transportation impacts through the strategies identified in Future Land Use Policy 14.5, or elects to be subject to standard transportation concurrency requirements, all projects shall be subject to concurrency review for the purpose of assessing the transportation impacts of the proposed development.”

Staff testified that the developer has elected to implement five transportation improvement projects, specified in Ordinance 42-10, that will support mobility enhancement within the Downtown TCEA.

Accordingly, the Hearing Examiner recommends a finding that the Project is **consistent** with the indicated Policy.

Policy 14.5

“In order to be exempt from link specific concurrency and to support mobility enhancement within the Downtown TCEA, all new development, redevelopment, or infill development projects may opt to incorporate any five of the following provisions:

- *Preferential parking for carpools, vanpools, and/or multiple occupancy vehicles with the object of increasing the average vehicle occupancy for trips generated by the development.*
- *Parking price structures favoring carpools, vanpools, and/or multiple occupancy vehicles, with the object of increasing either the average vehicle occupancy for trips generated by the development, or increasing transit ridership.*
- *Flexible work schedules for employees of the development, with the object of decreasing peak hour automobile trips generated by the development.*
- *Payment of a subsidy to LeeTran to support an increased level of transit service within the TCEA.*
- *Payment into one or more funds, to be established by the City or the CRA. Monies collected by such fund(s) shall be used to support programs and/or capital projects designed to provide additional parking and/or to enhance bicycle, pedestrian, and transit mobility within the TCEA.*
- *The provision of transit shelters, built to City of Cape Coral specifications, within the development.*
- *The provision of a safe and convenient internal pedestrian and bicycle circulation system within the development, including the placement of bicycle racks or bike lockers.*

- *The provision of transit turn out lanes on heavily traveled roadways.*
- *The provision of structured parking for ... residents, patrons and employees of the development.*
- *Clustering buildings within the development, or otherwise designing the development to achieve maximum residential density or non-residential intensity at the development site in a manner, which preserves open space, enhances multi-modal opportunities and provides transit oriented densities or intensities.*
- *Where feasible, the construction of new roadway or alleyway facilities to reduce congestion on major roadways and to provide alternate access to the development.*
- *Any other innovative transportation related modifications or standards submitted by the developer and acceptable to and approved by the City of Cape Coral."*

Staff testified that the developer has incorporated five of the provisions provided above (Bullets 1,2,7,9, and 10) into the project to satisfy TCEA requirements.

Accordingly, the Hearing Examiner recommends a finding that the Project is **consistent** with the indicated Policy.

Policy 16.7

"Land use intensities and densities within the Downtown TCEA shall be consistent with the goals objectives and policies of the City's Comprehensive Plan. In particular, Policy 1.15 (I) of this Element, describing the Downtown Mixed Future Land Use Classification, defines the allowable intensities and densities within the Downtown TCEA."

Staff testified that, at the time of project approval, commercial/professional uses in this FLUC could develop at a FAR of 4 and that residential development could develop at a maximum density of 40 DU/acre.

Accordingly, the Hearing Examiner recommends a finding that the Project is **consistent** with the indicated Policy.

Transportation Element

Policy 1.1.7

"New development, redevelopment and infill development projects located within the City of Cape Coral Downtown CRA Transportation Concurrency Exception Area (TCEA) may be exempt from transportation concurrency requirements, so long as said new development, redevelopment or infill development opts to mitigate impacts to transportation levels of service through the strategies described Policy 14.5 of the Future Land Use Element of this comprehensive plan. New development, redevelopment and infill development projects that do not choose to mitigate transportation concurrency impacts in such manner shall be subject to all applicable transportation concurrency requirements. Whether or not a project agrees to mitigate its transportation impacts through the strategies identified in Future Land Use Policy 14.5 or opts to be subject to

standard transportation concurrency requirements, all projects shall be subject to concurrency review for the purpose of assessing the transportation impacts of the proposed development.”

Staff testified that the developer has elected to implement five transportation improvement projects supporting mobility enhancement within Downtown TCEA. Accordingly, the Hearing Examiner recommends a finding that the Project is **consistent** with the indicated Policy.

Policy 2.1.5

“The City shall continue to require new development to incorporate design elements to accommodate and protect bicyclists and pedestrians.”

Staff testified that the developer will install pavers within the project ROW along SE 8th Court and SE 9th Place to match those pavers installed earlier by the City along SE 47th Terrace. Pavers will be installed by the developer in the project area on a plaza and on walkways between buildings to promote pedestrian activity.

Accordingly, the Hearing Examiner recommends a finding that the Project is **consistent** with the indicated Policy.

Policy 2.2.6

“In order to promote bicycling, walking, and other alternative modes of transportation, the City shall provide incentives for the development of mixed use projects, commercial activity centers and alternative subdivision design and lot layouts.”

Staff testified that the developer received a density bonus through the Redevelopment Incentive Program by incorporating elements into the project that included superior site design, public open space and recreational areas, affordable housing, and non-residential use percentage.

Accordingly, the Hearing Examiner recommends a finding that the Project is **consistent** with the indicated Policy.

Policy 2.3.1

“New development, redevelopment and infill development projects located within the City of Cape Coral Downtown Transportation Concurrency Exception Area (Downtown TCEA) may elect to be exempt from transportation concurrency requirements through implementation of the mitigation strategies described in Policy 14.5 of the Future Land Use Element. New development, redevelopment and infill development projects that do not choose to mitigate transportation concurrency impacts in such manner shall be subject to all applicable transportation concurrency requirements. Whether or not a project elects to mitigate its transportation impacts through the strategies identified in Future Land Use Policy 14.5 or elects to be subject to standard transportation

concurrency requirements, all projects shall be subject to concurrency review for the purpose of assessing the transportation impacts of the proposed development.”

Staff testified that the developer elected to meet transportation concurrency requirements by implementing five strategies established for the TCEA as described Policy 14.5 of the Future Land Use Element.

Accordingly, the Hearing Examiner recommends a finding that the Project is **consistent** with the indicated Policy.

PLANNED DEVELOPMENT PROJECT (PDP) APPLICATION

PROPERTY OWNER IS A CORPORATION, LIMITED LIABILITY COMPANY (LLC), LIMITED COMPANY (LC), PARTNERSHIP, LIMITED PARTNERSHIP, OR TRUST

Project Name: Downtown Village Square Amendment to Existing Ordinance 42-10

Project Number: Prior Planned Development Project PDP 08-0080006

Properties Owned by Downtown Village Square LLC: 877 Cape Coral Parkway E, & 826 SE 47th Terrace Cape Coral, FL 33904
To help prepare this application, the applicant should obtain copies of the following:

- Land Use and Development Regulations (this document is linked)
 1. Land Development Regulations (Article 4)
 2. Parking Requirements (Article 5.1)
 3. Landscape Ordinance (Article 5.2)
 4. Sign Ordinance (Article 7)
- NFPA 1 Fire Prevention Code
- Engineering Design Standards

The advisory review is conceptual only and any staff comments are subject to change based on detailed information with an application to the City of Cape Coral. Formal review may result in additional changes not noted at this time. The final design or project must comply with the Land Use and Development Regulations, Engineering Design Standards, City Code of Ordinances, Comprehensive Plan and other applicable laws and regulations.

ACKNOWLEDGEMENT

I Robert A. Lee Jr., as the owner of this property or the duly Authorized Representative, agree to conform to all applicable laws of the City of Cape Coral and to all applicable Federal, State and County laws, and certify that all information supplied is correct to the best of my knowledge.

In addition, I understand that prior to the issuance of the Certificate of Occupancy for this development, the engineer of record must supply the Department of Community Development with record drawings and a letter of substantial compliance for the project.

In addition, I authorize the staff of the City of Cape Coral to enter upon the property for purposes of investigating and evaluating the request made through this application.

Please note: Advertising fees must be paid in full at least 10 days prior to public hearing or the item may be pulled from the agenda and continued to a future date once the fees have been paid.

PDP Applicant Checklist

Project Name: Downtown Village Square

Applicant must submit the completed application and the associated documentation listed below, collated into 17 separate packets (one (1) original and 16 copies). These are minimum requirements for all PDP applications. Based on the nature of your project, additional items may be required by staff.

Incomplete submittals will not be accepted

- All application pages must be initialed by the property owner or their authorized representative
- 24" x 36" engineered PDP Development Plans, including landscape buffer areas and building elevations – See pages 7 – 10 for further information
- Certified Boundary Surveys, in NGVD 1929, completed within the last six (6) months showing elevations – See page 7 for further information
- PDP application fees paid in full at time of application – See page 11 for further information
- Letter of Intent (LOI) – See page 6 for further instructions
- Environmental Survey/Report – See page 7 for further instructions
- Warranty or Quit Claim Deed – Applicant shall provide a copy of Warranty or Quit Claim Deed for one hundred (100) percent of the property comprising the Planned Development Project.
- Vacation of Plat requests must include letter of "No Objection" from the electric company, the telephone company, and the cable company – See page 9 for further instructions
- Page 1 must be signed and notarized by either all property owner(s) or the authorized agent
- The "Authorization to Represent Property Owners", page of the application, must be signed by all property owner(s) and notarized
- Properties owned by corporations, limited liability companies, limited partnerships, general partnerships, and trustees must provide legal documentation (For example, the Articles of Incorporation) listing persons authorized to sign for the entity and in these situations the property owner(s) must sign all applicable PDP forms in their corporate capacity.

As an alternative to submitting everything in paper format, the applicant may opt to submit the following:

- 11 sets of plans, in paper format, as described above
- 11 signed and sealed Boundary Surveys, in paper format, as described above
- One (1) copy of the application & all other documents you are submitting for review
- 1 CD/DVD with PDFs of documents you are submitting:
 - Each document you are submitting needs to be a separate PDF, appropriately identified by name. For example, the application will be one PDF, titled "Application", the Letter of Intent will be another PDF, titled "Letter of Intent", plans, boundary surveys, etc.

LETTER OF INTENT

Please include a Letter of intent (LOI), stipulating your request, addressed to the Community Development Director. This letter must specify all applicable requests. Such requests may include any and/or all of the following:

- a. General purpose and intent of the PDP
- b. Subdivision requests – See Article 4.1 and 4.2.5
- c. Rezoning requests specifying the actual request and explanation of need for the rezoning
- d. Special exception requests and explanation of need for the special exception
- e. Variance requests specifying the actual request and explanation of need. All variance requests must address the five (5) criteria for the granting the a variance, per Land Use and Development Regulations, section 8.10. Note: Variances run with the land.
- f. Vacation of Plat as outlined in section 8.11 and explanation of vacation request
- g. Borrow pit requests as outlined in section 3.23, 4.2.5, and 8.3.2

DEVIATION REQUEST LETTER(S)

Applicant must complete a separate deviation request letter for each deviation type requested. Please ensure that proper justification for the requested deviation accompanies each request. Staff will not analyze any requested deviation that does not include justification for the deviation sought and this may result in a rejection of your application. Refer to the appropriate section of the LUDRs for guidance on the criteria for which a particular deviation may be sought. Note: Deviations do not run with the land.

- Landscaping Deviations shall be in accordance with Section 5.2.19
- Non-residential Design Standards Deviations shall be in accordance with Section 5.6.10 Deviation,
- Engineering Design Standards (EDS) Deviations in accordance with sheet 1, "Foreword" paragraph 5,
- All Other Deviation Requests, shall be in accordance with Section 4.2.4.K

TRAFFIC GENERATION ESTIMATE No Changes to Trip Generation

The following will determine the need of a Traffic Impact Statement. Trip Generation Estimate, based on the most current edition of the Institute of Transportation Engineers (ITE) Trip Generation manual:

ITE Code _____ Is estimate based on locally collected data? _____

Regression equation (if used) _____

Independent Variable _____

Daily Two Way Trip Estimate _____

Peak Hour (of generator) Entering _____

Peak Hour (of generator) Exiting _____

Total Peak Hour (of generator) _____

Peak Hour Entering and Exiting trips greater than 300 trips _____

If the total peak hour traffic exceeds 300 trips, a Traffic Impact Statement (TIS) will be required. A methodology meeting with the City staff is required prior to submitting the TIS. The methodology meeting will be scheduled after the initial submittal of the PDP application.

_____ authorized representative
or property owner's initials

SUBDIVISION, PER FLORIDA STATUTES, CHAPTER 177 – IF APPLICABLE

Note: No Changes to existing subdivision plan

- Sheet # of submitted plans _____
- The Subdivision Plan shall show the following information, as applicable to the type of project being proposed, including the proposed dimensions, size, location and arrangement of the following with accurate dimensions to the nearest one-hundredth of a foot. If flexibility is requested for property lines prior to Plat recording, this request must be requested in the Letter of Intent (LOI).
- _____ 1. Contours at an interval of not greater than one foot.
 - _____ 2. Access roads and their relationship to existing and proposed streets, alleys and other public ways.
 - _____ 3. Setback lines, permanent open space, recreation areas, separation strips, existing and proposed landscape areas and general land use activity areas.
 - _____ 4. Location of areas and their acreages, if any, to be reserved or dedicated for public parks, playgrounds, schools, or other public uses, including bikeways or walks.
 - _____ 5. Proposed lot numbers, lot lines, lot dimensions, lot areas, lot descriptions, lot locations, minimum yard requirements, and any other appropriate data and information for areas or parcels within the project property lines which have been designated for subdivision for any purpose or use.
 - _____ 6. Utility locations on and adjacent to the project showing proposed dimensions and connections to existing utility systems.
 - _____ 7. All dimensions, angles, bearings and similar data on the plan shall be tied to primary control points approved by the City Engineer. The location and description of said control points shall be given.
 - _____ 8. Approximate location of proposed and existing surface water management system components including treatment, storage, conveyance, and discharge locations.
 - _____ 9. Project boundary lines, right-of-way lines of streets, waterways, easements and other rights-of-way. Bearings or deflection angles, radii, arcs and central angles of all curves with dimensions to the nearest minute shall be provided for the center line of all streets and easements. Block corner radii dimensions shall also be shown.
 - _____ 10. Name of each street, waterway, easement or other right-of-way and the designation of all buildings, parking areas, access roads, permanent open spaces, recreation areas, separation strips, landscaped areas, dedication or reserved areas, and other land use activity areas by name, use, purpose or other appropriate method as well as by width, length, land area or floor area devoted to such use or purpose.
 - _____ 11. Certification of title and dedication, on plat, showing that the applicant is the owner and a statement by such owner dedicating streets, rights-of-way and any other sites for public use, if any.
 - _____ 12. Certification by the City Engineer, on plat, that a surety bond, certified check or other guarantee has been posted with the City in sufficient amount to assure completion of all such required site improvements.
 - _____ 13. Certificate of approval for recording, on plat, suitable to be signed by the Mayor as applicable, to indicate that the plan has been approved for recording.
 - _____ 14. Any other appropriate certification required by the Governing Body or Necessary to comply with Florida Statutes, Chapter 177.

Planned Development Project (PDP) Application Fees *

PLANNED DEVELOPMENT PROJECT (PDP) APPLICATION
PROPERTY OWNER IS A CORPORATION, LIMITED LIABILITY COMPANY (LLC), LIMITED COMPANY (LC), PARTNERSHIP, LIMITED PARTNERSHIP, OR TRUST

Project Name: Downtown Village Square Amendment to Existing Ordinance 42-10
Project Number: Prior Planned Development Project PDP 08-0080006

Property Owned by Downtown Village Square II LLC: 859 Cape Coral Parkway, Cape Coral, FL 33904

To help prepare this application, the applicant should obtain copies of the following:

- Land Use and Development Regulations (this document is linked)
1. Land Development Regulations (Article 4)
2. Parking Requirements (Article 5.1)
3. Landscape Ordinance (Article 5.2)
4. Sign Ordinance (Article 7)
NFPA 1 Fire Prevention Code
Engineering Design Standards

The advisory review is conceptual only and any staff comments are subject to change based on detailed information with an application to the City of Cape Coral. Formal review may result in additional changes not noted at this time. The final design or project must comply with the Land Use and Development Regulations, Engineering Design Standards, City Code of Ordinances, Comprehensive Plan and other applicable laws and regulations.

ACKNOWLEDGEMENT

I Robert A. Lee Jr. as the owner of this property or the duly Authorized Representative, agree to conform to all applicable laws of the City of Cape Coral and to all applicable Federal, State and County laws, and certify that all information supplied is correct to the best of my knowledge.

In addition, I understand that prior to the issuance of the Certificate of Occupancy for this development, the engineer of record must supply the Department of Community Development with record drawings and a letter of substantial compliance for the project.

In addition, I authorize the staff of the City of Cape Coral to enter upon the property for purposes of investigating and evaluating the request made through this application.

Please note: Advertising fees must be paid in full at least 10 days prior to public hearing or the item may be pulled from the agenda and continued to a future date once the fees have been paid.

PDP Applicant Checklist

Project Name: Downtown Village Square

Applicant must submit the completed application and the associated documentation listed below, collated into 17 separate packets (one (1) original and 16 copies). These are minimum requirements for all PDP applications. Based on the nature of your project, additional items may be required by staff.

Incomplete submittals will not be accepted

- All application pages must be initialed by the property owner or their authorized representative
- 24" x 36" engineered PDP Development Plans, including landscape buffer areas and building elevations – See pages 7 – 10 for further information
- Certified Boundary Surveys, in NGVD 1929, completed within the last six (6) months showing elevations – See page 7 for further information
- PDP application fees paid in full at time of application – See page 11 for further information
- Letter of Intent (LOI) – See page 6 for further instructions
- Environmental Survey/Report – See page 7 for further instructions
- Warranty or Quit Claim Deed – Applicant shall provide a copy of Warranty or Quit Claim Deed for one hundred (100) percent of the property comprising the Planned Development Project.
- Vacation of Plat requests must include letter of "No Objection" from the electric company, the telephone company, and the cable company – See page 9 for further instructions
- Page 1 must be signed and notarized by either all property owner(s) or the authorized agent
- The "Authorization to Represent Property Owners", page of the application, must be signed by all property owner(s) and notarized
- Properties owned by corporations, limited liability companies, limited partnerships, general partnerships, and trustees must provide legal documentation (For example, the Articles of Incorporation) listing persons authorized to sign for the entity and in these situations the property owner(s) must sign all applicable PDP forms in their corporate capacity.

As an alternative to submitting everything in paper format, the applicant may opt to submit the following:

- 11 sets of plans, in paper format, as described above
- 11 signed and sealed Boundary Surveys, in paper format, as described above
- One (1) copy of the application & all other documents you are submitting for review
- 1 CD/DVD with PDFs of documents you are submitting:
 - Each document you are submitting needs to be a separate PDF, appropriately identified by name. For example, the application will be one PDF, titled "Application", the Letter of Intent will be another PDF, titled "Letter of Intent", plans, boundary surveys, etc.

PLANNED DEVELOPMENT PROJECT (PDP) APPLICATION

PROPERTY OWNER IS A CORPORATION, LIMITED LIABILITY COMPANY (LLC), LIMITED COMPANY (LC), PARTNERSHIP, LIMITED PARTNERSHIP, OR TRUST

Project Name: Downtown Village Square Amendment to Existing Ordinance 42-10

Project Number: PDP19-0001

Properties Owned by Red Rock Land Corporation: 845 and 851 Cape Coral Parkway E, Cape Coral, FL 33904

To help prepare this application, the applicant should obtain copies of the following:

- Land Use and Development Regulations (this document is linked)
 1. Land Development Regulations (Article 4)
 2. Parking Requirements (Article 5.1)
 3. Landscape Ordinance (Article 5.2)
 4. Sign Ordinance (Article 7)
- NFPA 1 Fire Prevention Code
- Engineering Design Standards

The advisory review is conceptual only and any staff comments are subject to change based on detailed information with an application to the City of Cape Coral. Formal review may result in additional changes not noted at this time. The final design or project must comply with the Land Use and Development Regulations, Engineering Design Standards, City Code of Ordinances, Comprehensive Plan and other applicable laws and regulations.

ACKNOWLEDGEMENT

I, Daniel Kummer, as the owner of this property or the duly Authorized Representative, agree to conform to all applicable laws of the City of Cape Coral and to all applicable Federal, State and County laws, and certify that all information supplied is correct to the best of my knowledge.

In addition, I understand that prior to the issuance of the Certificate of Occupancy for this development, the engineer of record must supply the Department of Community Development with record drawings and a letter of substantial compliance for the project.

In addition, I authorize the staff of the City of Cape Coral to enter upon the property for purposes of investigating and evaluating the request made through this application.

Please note: Advertising fees must be paid in full at least 10 days prior to public hearing or the item may be pulled from the agenda and continued to a future date once the fees have been paid.

****Notes:**

- If the applicant is a corporation, then it is executed by the corp. pres. or v. pres, sec, tres, or a director, .
- If the applicant is a Limited Liability Company (L.L.C.) or Limited Company (L.C.), then the documents should be signed by the Company's "Managing Member."
- If the applicant is a partnership, then a partner can sign on behalf of the partnership.
- If the applicant is a limited partnership, then the general partner must sign and be identified as the "general partner" of the named partnership.
- If the applicant is a trust, then they must include their title of "trustee."
- In each instance, first determine the applicant's status, e.g., individual, corporate, trust, partnership, estate, etc., and then use the appropriate format for that ownership.

PDP Applicant Checklist

Project Name: Downtown Village Square

Applicant must submit the completed application and the associated documentation listed below, collated into 17 separate packets (one (1) original and 16 copies). These are minimum requirements for all PDP applications. Based on the nature of your project, additional items may be required by staff.

Incomplete submittals will not be accepted

- All application pages must be initialed by the property owner or their authorized representative
- 24" x 36" engineered PDP Development Plans, including landscape buffer areas and building elevations – See pages 7 – 10 for further information
- Certified Boundary Surveys, in NGVD 1929, completed within the last six (6) months showing elevations – See page 7 for further information
- PDP application fees paid in full at time of application – See page 11 for further information
- Letter of Intent (LOI) – See page 6 for further instructions
- Environmental Survey/Report – See page 7 for further instructions
- Warranty or Quit Claim Deed – Applicant shall provide a copy of Warranty or Quit Claim Deed for one hundred (100) percent of the property comprising the Planned Development Project.
- Vacation of Plat requests must include letter of "No Objection" from the electric company, the telephone company, and the cable company – See page 9 for further instructions
- Page 1 must be signed and notarized by either all property owner(s) or the authorized agent
- The "Authorization to Represent Property Owners", page of the application, must be signed by all property owner(s) and notarized
- Properties owned by corporations, limited liability companies, limited partnerships, general partnerships, and trustees must provide legal documentation (For example, the Articles of Incorporation) listing persons authorized to sign for the entity and in these situations the property owner(s) must sign all applicable PDP forms in their corporate capacity.

As an alternative to submitting everything in paper format, the applicant may opt to submit the following:

- 11 sets of plans, in paper format, as described above
- 11 signed and sealed Boundary Surveys, in paper format, as described above
- One (1) copy of the application & all other documents you are submitting for review
- 1 CD/DVD with PDFs of documents you are submitting:
 - o Each document you are submitting needs to be a separate PDF, appropriately identified by name. For example, the application will be one PDF, titled "Application", the Letter of Intent will be another PDF, titled "Letter of Intent", plans, boundary surveys, etc.

LETTER OF INTENT

Please include a Letter of intent (LOI), stipulating your request, addressed to the Community Development Director. This letter must specify all applicable requests. Such requests may include any and/or all of the following:

- a. General purpose and intent of the PDP
- b. Subdivision requests – See Article 4.1 and 4.2.5
- c. Rezoning requests specifying the actual request and explanation of need for the rezoning
- d. Special exception requests and explanation of need for the special exception
- e. Variance requests specifying the actual request and explanation of need. All variance requests must address the five (5) criteria for the granting the a variance, per Land Use and Development Regulations, section 8.10. Note: Variances run with the land.
- f. Vacation of Plat as outlined in section 8.11 and explanation of vacation request
- g. Borrow pit requests as outlined in section 3.23, 4.2.5, and 8.3.2

DEVIATION REQUEST LETTER(S)

Applicant must complete a separate deviation request letter for each deviation type requested. Please ensure that proper justification for the requested deviation accompanies each request. Staff will not analyze any requested deviation that does not include justification for the deviation sought and this may result in a rejection of your application. Refer to the appropriate section of the LUDRs for guidance on the criteria for which a particular deviation may be sought. Note: Deviations do not run with the land.

- Landscaping Deviations shall be in accordance with Section 5.2.19
- Non-residential Design Standards Deviations shall be in accordance with Section 5.6.10 Deviation,
- Engineering Design Standards (EDS) Deviations in accordance with sheet 1, "Foreword" paragraph 5,
- All Other Deviation Requests, shall be in accordance with Section 4.2.4.K

TRAFFIC GENERATION ESTIMATE No Changes to Trip Generation

The following will determine the need of a Traffic Impact Statement. Trip Generation Estimate, based on the most current edition of the Institute of Transportation Engineers (ITE) Trip Generation manual:

ITE Code _____ Is estimate based on locally collected data? _____

Regression equation (if used) _____
Independent Variable _____
Daily Two Way Trip Estimate _____
Peak Hour (of generator) Entering _____
Peak Hour (of generator) Exiting _____
Total Peak Hour (of generator) _____
Peak Hour Entering and Exiting trips greater than 300 trips _____

If the total peak hour traffic exceeds 300 trips, a Traffic Impact Statement (TIS) will be required. A methodology meeting with the City staff is required prior to submitting the TIS. The methodology meeting will be scheduled after the initial submittal of the PDP application.

SUBDIVISION, PER FLORIDA STATUTES, CHAPTER 177 – IF APPLICABLE

Note: No Changes to existing subdivision plan

- Sheet # of submitted plans _____
- The Subdivision Plan shall show the following information, as applicable to the type of project being proposed, including the proposed dimensions, size, location and arrangement of the following with accurate dimensions to the nearest one-hundredth of a foot. If flexibility is requested for property lines prior to Plat recording, this request must be requested in the Letter of Intent (LOI).
- _____ 1. Contours at an interval of not greater than one foot.
 - _____ 2. Access roads and their relationship to existing and proposed streets, alleys and other public ways.
 - _____ 3. Setback lines, permanent open space, recreation areas, separation strips, existing and proposed landscape areas and general land use activity areas.
 - _____ 4. Location of areas and their acreages, if any, to be reserved or dedicated for public parks, playgrounds, schools, or other public uses, including bikeways or walks.
 - _____ 5. Proposed lot numbers, lot lines, lot dimensions, lot areas, lot descriptions, lot locations, minimum yard requirements, and any other appropriate data and information for areas or parcels within the project property lines which have been designated for subdivision for any purpose or use.
 - _____ 6. Utility locations on and adjacent to the project showing proposed dimensions and connections to existing utility systems.
 - _____ 7. All dimensions, angles, bearings and similar data on the plan shall be tied to primary control points approved by the City Engineer. The location and description of said control points shall be given.
 - _____ 8. Approximate location of proposed and existing surface water management system components including treatment, storage, conveyance, and discharge locations.
 - _____ 9. Project boundary lines, right-of-way lines of streets, waterways, easements and other rights-of-way. Bearings or deflection angles, radii, arcs and central angles of all curves with dimensions to the nearest minute shall be provided for the center line of all streets and easements. Block corner radii dimensions shall also be shown.
 - _____ 10. Name of each street, waterway, easement or other right-of-way and the designation of all buildings, parking areas, access roads, permanent open spaces, recreation areas, separation strips, landscaped areas, dedication or reserved areas, and other land use activity areas by name, use, purpose or other appropriate method as well as by width, length, land area or floor area devoted to such use or purpose.
 - _____ 11. Certification of title and dedication, on plat, showing that the applicant is the owner and a statement by such owner dedicating streets, rights-of-way and any other sites for public use, if any.
 - _____ 12. Certification by the City Engineer, on plat, that a surety bond, certified check or other guarantee has been posted with the City in sufficient amount to assure completion of all such required site improvements.
 - _____ 13. Certificate of approval for recording, on plat, suitable to be signed by the Mayor as applicable, to indicate that the plan has been approved for recording.
 - _____ 14. Any other appropriate certification required by the Governing Body or Necessary to comply with Florida Statutes, Chapter 177.

MAY 3 19 04:11:53

AMB Planning Consultants Inc.

May 3, 2019

Vince Caution, Director
Department of Community Development
1015 Cultural Park Boulevard
City of Cape Coral
Cape Coral, FL 33909

Re: Letter of Intent – Amendment to Downtown Village Square Planned Development Project (PDP) Ordinance 42-10

Dear Mr. Caution:

On behalf of the property owners of the Downtown Village Square Project, Downtown Village Square LLC., Downtown Village Square II LLC. and Red Rock Land Corporation, I am submitting a proposed amendment to the Downtown Village Square Planned Development Project and Ordinance 42-10, approved April 26, 2010. See attached PDP applications signed by all three property owners. The properties included in this PDP amendment are: 845, 851, 859 and 877 Cape Coral Parkway E. and 826 SE 47th Terrace, Cape Coral, FL 33904.

The amendment reflects discussions with City staff, elected officials and the South Cape Community Redevelopment Board over the past few months, regarding a time extension for all related approvals for the Downtown Village Square project and key project milestone dates. The proposed amendment also includes some changes that have occurred since the approval of Ordinance 42-10 that include: changes in ownership, execution of the Affordable Housing Agreement and the completion of the SE 47th Terrace Streetscape Project. This Letter of Intent describes the proposed changes to Ordinance 42-10.

The extension of the PDP and related approvals is predicated on achieving certain deliverables by specified dates and obtaining 95% of the eligible Tax Increment Financing for the project.

One of the challenges of the Downtown Village Square property is keeping the property clean and allowing parking needed by surrounding restaurants, shops, as well as City events to continue on the property until it is developed. The property owners have received code compliance notices associated with litter created by events and related parking. There is also a homeless population in the downtown they can congregate on the property and create nuisance issues. The owners also allowed the City's Contractor to use their property as a staging area for the SE 47th Terrace Streetscape Project. The Contractor left rocks, dirt and other debris on the property, and the owners are currently seeking a full clean up by the Contractor. In discussing the matter, the owners feel that it is important to have eyes on the property. They feel that cleaning up the Car Wash building and keeping it operated by a Tenant who would be responsible for maintaining the property in its entirety would be the best solution, since it would not need to be removed until a later phase of

development. The owners feel that demolition of the existing retail/office building at 851 Cape Coral Parkway E. and the bank building at 859 Cape Coral Parkway E. by December 31, 2019 is appropriate, since that would be needed for the first and second phase of development.

The deliverables and time frames previously discussed, as well as the retention, maintenance and use of the Car Wash until later stages of development proposed are as follows:

Deliverable	Due Date
1. A. Amend Ordinance & Update PDP for HEX Hearing and Council Hearing to be held on July 22, 2019	July 22, 2019
1. B. Tax Increment Financing Restored to 95% upon the completion of Phase 1, CRA Board to consider a TIF contract amendment to that extent by September 10, 2019. Needed for the project to proceed.	By September 10, 2019
2. Submit demolition permits for Retail/Office Bldg. & Bank Bldg.	By October 1, 2019
3. Complete demolition of Retail/Office Bldg. & Bank Bldg.	By December 30, 2019
4. Developer secures Site Plan from City	By March 31, 2020
5. Submit Building Plans for Phase 1	By March 31, 2020
6. City finalizes Building Plans for Phase 1 Building A	June 30, 2020
7. Developer breaks ground on Phase 1 and infrastructure	July 1, 2020
8. If Building Official deems Phase 1 50% complete then City reimburses Developer for 50% Impact Fees and Building Application Fee	By January 1, 2021
9. Developer completes Phase 1 with all building and fire code requirements met	By July 21, 2021
10. CRA considers extending TIF Agreement from 2035 to 2046	By October 20, 2021
11. Developer submits complete set of building plans for Phase 2 Building B and Building D (Parking Structure)	By March 31, 2021

Proposed Changes to Ordinance 42-10:

Add: The Downtown Village Square Planned Development Project is extended in accordance with the time frames noted above, with full build out by November 30, 2025. All other terms and conditions except those changed in this amendment remain the same.

Page 2: “WHEREAS, an application from Downtown Village Square LLC. And Red Rock Land Corporation, with authorization from Fifth Third Bank has been received requesting approval of a Planned Development Project (PDP) for “Downtown Village Square”; requesting rezoning, vacation of plat, deviations from the City of Cape Coral Land Use and Development Regulations, site plan approval and development plan approval;” **Add: Downtown Village Square II LLC is the owner of 859 Cape Coral Parkway E., Cape Coral, FL 33904 and has assumed the responsibilities of Fifth Third Bank in this amended PDP.**

MEMORANDUM

CITY OF CAPE CORAL
DEPARTMENT OF COMMUNITY DEVELOPMENT

TO: Mayor Coviello and Council Members

FROM: John Szerlag, City Manager *JS*
Connie Barron, Assistant City Manager *CB*
Vincent A. Caution, Community Development Director *VCA*
Ricardo Noguera, Economic Development Manager *RN*
Terri Hall, Community Redevelopment Coordinator *TH*

DATE: March 27, 2019

SUBJECT: Village Square Planned Development Project (PDP)

The developer of the Village Square Planned Development Project (PDP) has requested another extension to the condition in the PDP that requires building permits for Phase 1, Building A (65,000 square feet Class A Office Building with 7,000 square feet of retail space) be issued by April 12, 2019.

This project was originally approved by City Council April 26, 2010 and required that substantial construction commence within two years from the date of approval. This requirement has been extended several times. It was extended through several requests made by the developer and approved by City Council. Other extensions were approved administratively pursuant to section 252.363, FS.

If Council approves a resolution extending the April 12, 2019, deadline to June 11, 2019, this additional time will enable City staff to bring forth an amendment to the ordinance that approved the PDP. This amendment will further extend the date to receive building permits for Phase 1, Building A and change the phasing plan included in the PDP. More importantly, it will include additional project performance benchmarks that must be met by the developer for the project to proceed. These benchmarks are included in the term sheet attached. Please know that if any of these terms are not met within the timeframe indicated, the agreement is null and void.

Options for Council to Consider

1. **No Action.** If Council chooses not to extend the requirement for building permits, then the entire project becomes null and void on April 12, 2019. However, there are some consequences associated with "no action" from an economic standpoint. While this project has sat idle for nearly a decade, it can serve as a "potential catalyst," to attract more investment in the South Cape. It has been staff's intention to induce development with the demolition and eventual groundbreaking and then reach out to developers to promote infill development elsewhere in the South

Cape. But if this project does not advance, it could result in a negative impact to the entire South Cape and deter potential developers and investors from the area. Plus, the properties could continue to sit idle and in a blighted state for years to come and negatively impact the surrounding area.

- 2. Approval of Extension.** Extending the building permit issuance and strengthening deliverables required of the developer in the PDP will demonstrate to the development community that the project is advancing. Staff can leverage the PDP amendment and proactively pursue other developers to acquire infill, undeveloped sites throughout the South Cape. If approved, this extension can serve as a catalyst to attract developers and investors elsewhere throughout the South Cape. It provides additional marketing opportunities and will help breathe vitality in the area. Ultimately, the developer completes construction of a Class A Office building in the South Cape by June 30, 2021, which will attract office tenants and serve to further revitalize the area.

We recommend the approval to extend the date of the building permit issuance (substantial construction) to allow enough time to amend the PDP to include these project performance benchmarks. We anticipate having the proposed PDP amendment to Council for consideration no later than ~~June 10, 2019~~.

REVISED
3/28/19

Village Square – City of Cape Coral Term Sheet
March 27, 2019

The project will be null and void if the developer fails to meet all terms and deadlines contained herein.

Issue #	Date	Issue	Terms
1	4/1/2019	Resolution for Council	Approval extending the date of building permit issuance (substantial construction definition) If this does not occur see Issue #3
2	4/2/2019	Present to CRA Board	CRA Board to concur with Issue #13 provided all terms and deadlines are met
3	4/12/2019	Non-Compliance	Project does not meet condition of approval - project is null and void on this date if Issue #1 (the resolution) fails
4	6/10/2019 7/22/2019	Public Hearing R 2 Mar 27, 2019	Amend PDP to establish performance benchmarks and extend PDP expiration date to 4/26/2021
5	12/31/2019	Demolition of site structures	Car Wash and former Fifth-Third Bank
6	3/31/2020	Site Plan (Horizontal Engineering)	All fees paid, and permit issued
7	3/31/2020	Building A (Class-A office) Plans	Submit complete set of building plans that meet current code
8	6/30/2020	Building Plan Approval of Building A (Class A – Office)	Absent extensive revisions/alterations City will finalize review
9	7/1/2020	Building Permit(s) to commence construction	Upon payment of all fees permit(s) will be issued
10	1/1/2021	Initiate extension of the PDP - current PDP expires 4/26/2021	Upon evidence of inspections completed on vertical construction

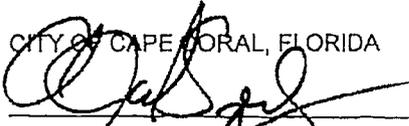

Village Square – City of Cape Coral Term Sheet (Con't)

Issue #	Date	Issue	Terms
11	TBD	50% Reimbursement of fees associated with Phase 1, Building A	When in the opinion of the building official the structure is 50% complete, the City will reimburse up to 50% of all fees for Phase 1, Building A
12	6/30/2021	Construction complete associated with Phase 1, Building A	Certificate of Completion issued, the City will reimburse the remaining 50% of fees for Phase 1, Building A
13	6/30/2021	Tax Increment Funding (TIF)	Recommend Tax Increment Funding (TIF) reinstated to 95% when Phase 1, Building A is complete

This document sets forth the terms agreed upon by the Administration of the City of Cape Coral and the Managing Member of Downtown Village Square, LLC., all of which is subject to City Council approval.

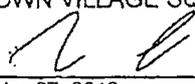

All terms, modifications or revisions shall be approved by City Council in Resolution 71-19.

CITY OF CAPE CORAL, FLORIDA

A. John Szerlag, City Manager

Date: 3/27/19

DOWNTOWN VILLAGE SQUARE, LLC

Robert A. Lee, Jr., Managing Member

Date: Mar 27, 2019

RESOLUTION 71 – 19

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF CAPE CORAL, FLORIDA, PROVIDING AN EXTENSION TO THE DOWNTOWN VILLAGE SQUARE PLANNED DEVELOPMENT PROJECT ("PDP") TO JULY 22, 2019, TO COMMENCE SUBSTANTIAL CONSTRUCTION AND TO AMEND THE PDP; PROVIDING CONSIDERATION FOR THE EXTENSION; PROVIDING AN EFFECTIVE DATE.

WHEREAS, on April 26, 2010, City Council adopted Ordinance 42-10 which approved the planned development project entitled "Downtown Village Square"; and

WHEREAS, pursuant to Section 4.2.3.H. of the City of Cape Coral Land Use and Development Regulations, substantial construction of a planned development project shall commence within two years from the date of approval, or the PDP approval is considered null and void, with certain exceptions; and

WHEREAS, on October 19, 2011, an extension was granted pursuant to House Bill 7207, to allow substantial construction to commence no later than April 26, 2014; and

WHEREAS, on April 21, 2014, City Council granted the developer's request for an extension to April 26, 2016, for the requirement of commencement of substantial construction, with the condition that the developer submit financial information to enable the City to determine the economic viability of the project prior to the issuance of any building permits, and that the developer owns 100% of the property subject to the development order; and

WHEREAS, on July 20, 2015, City Council adopted Resolution 102-15, providing an extension to May 18, 2016, for the Developer to provide evidence to the City Manager, or the City Manager's designee, that the Developer has obtained approval from the federal government of the EB-5 regional center, known as Southwest Florida Regional Center, LLC, and an extension to May 18, 2017 to commence substantial construction and meet all other requirements set forth in the development order prior to being issued permits; and

WHEREAS, the Developer provided evidence of economic viability to the City by submitting the federal government's approval of the EB-5 regional center, known as Southwest Florida Regional Center, LLC; and

WHEREAS, on May 15, 2017, the City Council adopted Resolution 81-17, providing a one hundred twenty (120) day extension from May 18, 2017, until September 15, 2017, to commence substantial construction and meet all other requirements set forth in the development order prior to being issued permits; and

WHEREAS, on September 4, 2017, the Governor signed Executive Order Number 17-235 declaring a State of Emergency due to Hurricane Irma which automatically extended the time to commence substantial construction, pursuant to section 252.363, FS, from September 15, 2017 to May 4, 2018; and

WHEREAS, on April 16, 2018, the City Council approved a one hundred twenty (120) day extension from May 4, 2018, until September 1, 2018, to commence substantial construction and meet all other requirements set forth in the development order prior to being issued permits; and

WHEREAS, on August 31, 2018, the Community Development Director of the City of Cape Coral, pursuant to the Governor's signed disaster declaration on August 13, 2018, granted a six-month extension of the Downtown Village Square planned development order and related approvals until April 12, 2019; and

WHEREAS, on January 21, 2019, eighty-one (81) days in advance of the extension ending date of April 12, 2019, a request for extension was transmitted to the City Manager, the Community Development Director, and Finance Director by Downtown Village Square LLC pursuant to the minimum forty-five (45) day extension request time frame included in the August 31, 2018 approval letter of extension; and

WHEREAS, City Council desires to allow the Developer until July 22, 2019 to begin substantial construction on the project provided certain conditions are met; otherwise, the project will be deemed

null and void, with certain exceptions, due to the inability to commence substantial construction on the project.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF CAPE CORAL, FLORIDA:

Section 1. The City Council hereby approves an extension to July 22, 2019 for the Developer of the Downtown Village Square planned development project to commence substantial construction, to meet conditions set forth in this resolution, and meet all other requirements set forth in the development order prior to being issued permits.

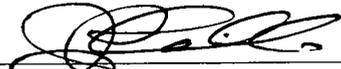

Section 2. The Developer's request to extend the deadline to commence substantial construction shall be treated as an application to amend the PDP. Unless further extended by the City Council, the amendment to the PDP shall be brought forth to the City Council by July 22, 2019. The contemplated amendment to the Planned Development Project may further extend the deadline to commence substantial construction, revise the phasing plan, and set forth additional development parameters that shall be met by the Developer.

Section 3. The Developer has waived its right to complete the sidewalk improvements adjacent to the project site by November 15, 2018, as delineated in Resolution 81-17, in favor of the City installing the streetscape improvements. The rights and obligations of the Developer and the City regarding such streetscape improvements and the costs of such improvements, as identified in Resolution 81-17, remain unchanged.

Section 4. Subject to all other provisions of this Resolution, and unless otherwise extended by the City Council, if the Developer does not commence substantial construction by receiving a building permit by July 22, 2019, the planned development project Development Order approved in Ordinance 42-10 shall be deemed null and void, except that any rezoning(s), vacation(s) of plat, or variances approved in Ordinance 42-10 shall remain in full force and effect.

Section 5. Effective Date. This resolution shall take effect immediately upon its adoption by the Cape Coral City Council.

ADOPTED BY THE CITY COUNCIL OF THE CITY OF CAPE CORAL AT ITS REGULAR COUNCIL SESSION THIS 15th DAY OF April, 2019

ORDINANCE 42 - 10

AN ORDINANCE APPROVING A PLANNED DEVELOPMENT PROJECT IN THE CITY OF CAPE CORAL, FLORIDA ENTITLED "DOWNTOWN VILLAGE SQUARE" FOR CERTAIN PROPERTY DESCRIBED AS BLOCK 62A, UNIT 6 PART 1, AND BLOCK 62A, UNIT 8, CAPE CORAL SUBDIVISION, AS MORE PARTICULARLY DESCRIBED IN EXHIBIT "A"; PROPERTY LOCATED BETWEEN SE 47TH TERRACE TO THE NORTH, SE 9TH PLACE TO THE EAST, CAPE CORAL PARKWAY TO THE SOUTH, AND SE 8TH COURT TO THE WEST; REZONING THE SUBJECT PROPERTY FROM DOWNTOWN EDGE (DE) DISTRICT TO DOWNTOWN CORE (DC) DISTRICT; GRANTING A VACATION OF PLAT FOR INTERIOR LOT LINES, PUBLIC UTILITY AND DRAINAGE EASEMENTS, AND ALLEY RIGHT OF WAY AND UNDERLYING EASEMENTS LOCATED WITHIN THE SUBJECT PROPERTY WHILE MAINTAINING PERIMETER LOT LINES AND EASEMENTS; GRANTING A DEVIATION FROM THE REQUIREMENT THAT ALL OPENINGS IN THE FAÇADE OF A PARKING STRUCTURE BE TALLER THAN WIDE TO ALLOW OPENINGS IN THE FAÇADE OF THE PARKING STRUCTURE ASSOCIATED WITH BUILDING "D" TO BE WIDER THAN TALL; GRANTING A DEVIATION TO ALLOW THE PROPERTY TO DEVELOP WITHOUT THE MINIMAL LANDSCAPING BETWEEN AN OFF-STREET PARKING AREA AND ABUTTING RIGHT-OF-WAY ON THE NORTH AND WEST SIDES OF THE BUILDING CONTAINING THE PARKING GARAGE; GRANTING A DEVIATION FROM THE REQUIREMENT THAT OFF-STREET PARKING AREAS SHALL HAVE AT LEAST TEN SQUARE FEET OF INTERIOR ISLAND LANDSCAPING FOR EACH PARKING SPACE AND ONE TREE FOR EACH FIVE PARKING SPACES TO ALLOW THE PROJECT TO DEVELOP WITH NO INTERIOR ISLAND LANDSCAPING AND NO TREES LOCATED WITHIN THE OFF-STREET PARKING AREA; GRANTING A DEVIATION FROM THE REQUIREMENT OF A SEVEN TO SEVENTEEN FOOT BUILD-TO ZONE TO ALLOW BUILDINGS "A", "C", AND "E" TO BE BUILT UP TO FORTY-ONE FEET FROM THE PROPERTY LINE IN CERTAIN AREAS AS DESCRIBED HEREIN; GRANTING A DEVIATION FROM THE REQUIREMENT THAT THE FIRST STORY OF A BUILDING'S FRONTAGE CONSTITUTE AT LEAST 75% OF THE LOT'S WIDTH TO ALLOW BUILDINGS "C" AND "E" TO CONSTITUTE A LESSER PERCENTAGE ALONG SE 9TH PLACE AS DESCRIBED HEREIN; GRANTING A DEVIATION TO ALLOW BUILDING "D" AND "E" TO EXCEED THE SIX STORY MAXIMUM AND BUILDING "D" TO EXCEED THE MAXIMUM HEIGHT OF EIGHTY-FIVE FEET; GRANTING A DEVIATION FROM THE REQUIREMENT THAT PROHIBITS TREES IN FRONT YARDS TO ALLOW THE PROJECT TO DEVELOP WITH TREES LOCATED WITHIN FRONT YARDS; GRANTING A DEVIATION TO ALLOW AWNINGS AND CANOPIES APPLIED TOWARD MANDATORY ARCHITECTURAL ELEMENTS TO VARY IN TYPE AND COLOR; GRANTING A DEVIATION TO ALLOW BUILDING "C" TO HAVE DOORS WITH SPACING OF 90 AND 98 FEET ALONG THE EAST AND SOUTH ELEVATIONS OF THE BUILDING, RESPECTIVELY; GRANTING A DEVIATION FROM SHEET G-17 OF THE ENGINEERING AND DESIGN STANDARDS, TO ALLOW THE PROJECT TO DEVELOP WITHOUT THE REQUIRED THREE FOOT GRASS STRIP BETWEEN THE CURB AND SIDEWALK ON CERTAIN STREETS; GRANTING A DEVIATION FROM SHEETS G-21 AND G-22 OF THE ENGINEERING AND DESIGN STANDARDS, THAT REQUIRE A TEN (10) FOOT VISIBILITY TRIANGLE AT THE INTERSECTION OF THE PROJECT DRIVEWAY AND A LOCAL STREET, AND A FORTY-FIVE (45) FOOT VISIBILITY TRIANGLE AT THE INTERSECTION OF A COLLECTOR AND LOCAL ROAD, TO ALLOW THE USE OF THE FDOT MUMSDCMS SITE DISTANCE REQUIREMENTS FOR DRIVEWAYS AND INTERSECTIONS FOR CERTAIN STREETS; GRANTING SITE PLAN APPROVAL FOR PURPOSES OF DEVELOPMENT PLAN

APPROVAL PURSUANT TO SECTION 4.2 OF THE CITY OF CAPE CORAL LAND USE AND DEVELOPMENT REGULATIONS; PROVIDING FOR FINDINGS OF FACT AND CONCLUSIONS OF LAW; PROVIDING FOR ACTION ON REQUEST AND CONDITIONS OF APPROVAL; PROVIDING FOR LEGAL EFFECT AND LIMITATIONS OF THIS PDP DEVELOPMENT ORDER AND ADMINISTRATIVE REQUIREMENTS; PROVIDING SEVERABILITY AND AN EFFECTIVE DATE.

WHEREAS, an application from Downtown Village Square, LLC, and Red Rock Land Corporation, with authorization from Fifth Third Bank has been received requesting approval of a Planned Development Project (PDP) for "Downtown Village Square"; requesting rezoning, vacations of plat, deviations from the City of Cape Coral Land Use and Development Regulations, site plan approval and development plan approval; and

WHEREAS, the request has been reviewed by the Cape Coral Planning and Zoning Commission/Local Planning Agency; and

WHEREAS, the City Council has considered the recommendations of the Planning and Zoning Commission/Local Planning Agency.

NOW, THEREFORE, THE CITY OF CAPE CORAL, FLORIDA, HEREBY ORDAINS PURSUANT TO THE LAWS OF FLORIDA, AND OTHER APPLICABLE LAWS, THIS ORDINANCE:

SECTION I. PDP APPROVAL, REZONING, VACATIONS, DEVIATIONS, AND SITE PLAN.

Having reviewed the application requesting approval of a Planned Development Project for "Downtown Village Square" PDP, requesting a rezoning of the subject property from Downtown Edge District (DE) to Downtown Core (DC) District; granting a vacation of plat for all interior lot lines and six foot wide public utility and drainage easements and all platted alley rights-of-way and underlying easements located within the subject property, while retaining a six foot wide public utility and drainage easement coincident with the resultant parcel perimeter as more particularly described in Exhibit "B"; granting a deviation from the requirement that all openings in the façade of a parking garage be taller than wide pursuant to Section 5.1.8.C.2.b.(1) of the City of Cape Coral Land Use and Development Regulations, to allow the project to develop with openings in the façade of the parking garage associated with Building "D" that are wider than tall; granting a deviation from the requirement for minimum landscaping between abutting right-of-way and an off-street parking area pursuant to Section 5.2.9.C.1 of the City of Cape Coral Land Use and Development Regulations, to allow the project to develop without the minimal landscaping along the north and west sides of the building containing the parking garage; granting a deviation from the requirement that off-street parking areas shall have at least ten square feet of interior island landscaping for each parking space and one tree for each five parking spaces pursuant to Section 5.2.9.D.1 of the City of Cape Coral Land Use and Development Regulations, to allow the project to develop with no interior island landscaping and no trees located with the off-street parking area; granting a deviation from the requirement that new buildings be constructed within a seven to seventeen foot build-to zone pursuant to Section 2.7.15.D.1.a of the City of Cape Coral Land Use and Development Regulations, to allow a portion of Building "A" near the SW corner, a portion of Building "C" near the SE corner, and a portion of Building "E" near the NE corner to be located twenty-four feet, seventeen feet, and four feet, respectively, outside the build-to zone; granting a deviation from the requirement that the first story of a building's frontage constitute at least 75% of the lot's width pursuant to Section 2.7.15.D.1.f.(1) of the City of Cape Coral Land Use and Development Regulations, to allow the project to be constructed with buildings "C" and "E" collectively comprising 68.5% of the lot's width along SE 9th Place; granting a deviation of eight stories and 76.5 feet from the requirement that limits buildings to six stories and a maximum height of 85 feet pursuant to Section 2.7.15.D.2.a of the City of Cape Coral Land Use and Development Regulations, to allow Building "E" to develop with 14 stories and a maximum height of 161.5 feet; granting a deviation from the requirement that limits buildings in the Downtown Core Zoning District to a maximum of six stories pursuant to Section 2.7.15.D.1.a of the City of Cape Coral Land Use and Development Regulations, to allow Building "E" to have seven stories; granting a deviation from the requirement that prohibits trees in front yards pursuant to Section 2.7.15.D.17.1.(4) of the City of Cape Coral Land Use and Development Regulations, to allow the project to develop with trees located within front yards; granting a deviation from the requirement that all architectural elements used to satisfy this requirement to be of the same color and style pursuant to Section 2.7.15.E.1.b.(3) of the City of Cape Coral Land Use and Development Regulations, to allow the awnings and canopies applied toward

mandatory architectural elements to vary in the type and color; granting a deviation from the requirement that entrances for public access shall be provided at intervals of at least 75 feet pursuant to Section 2.7.15.G.4.b.(3) of the City of Cape Coral Land Use and Development Regulations, to allow Building "C" to have doors with spacing of 90 and 98 feet along the east and south sides of the building, respectively; granting a deviation from the Engineering and Design Standards, Sheets G-17 that requires a three (3) foot strip of grass to be located between the curb and sidewalk within the right-of-way for streets with sixty (60) foot rights-of-way to allow the project to develop without a grass strip along SE 8th Court, SE 9th Place, and SE 47th Terrace; granting a deviation from the Engineering and Design Standards, Sheets G-21 and G-22, visibility triangles, that require a ten (10) foot visibility triangle at the intersection of the project driveway and a local street, and require a forty-five (45) foot visibility triangle at the intersection of a collector and local road, to allow the project to develop using the Florida Department of Transportation Standard Index 546 (Manual of Uniform Minimum Standards for Design, Construction and Maintenance for Streets and Highways for the State of Florida) site distance requirements, allowing the project to develop without visibility triangles for all project driveways and intersections on SE 8th Court, SE 9th Place, and SE 47th Terrace; and having considered the recommendations of the Planning and Zoning Commission and the Local Planning Agency, the City Council of the City of Cape Coral, Florida, does hereby grant the aforesaid PDP approval, and approve development plan including site plan, in accordance with plan set, Sheets C-1 through C-7, D-1 through D-7, EG-1 through EG-3, L-1, PP-1, and SC dated April 23, 2008, and bearing a revision date of March, 2010, prepared by DEI and Sheets A-1 through A-4, B-1 through B-4, C-1 through C-4, D-1 through D-3, and E-1 through E-4 bearing a revision date of September 21, 2009 prepared by Bradford and Company Design Group, Inc. for purposes of development plan approval pursuant to Section 4.2 of the City of Cape Coral Land Use and Development Regulations from the date of adoption of this ordinance. Approval of the PDP shall be subject to the terms and conditions set forth below.

SECTION II. FINDING OF FACT/CONCLUSION OF LAW

- A. The "Downtown Village Square" development is a Mixed Use Planned Development Project (PDP). This development consists of 3.94 acres of land located on property being rezoned to Downtown Core (DC) zoning district at 845, 859, 869 and 877 Cape Coral Parkway East on property that is more particularly described as a parcel of land located in Block 62A, Unit 6 Part 1, and Block 62A, Unit 8, Cape Coral Subdivision, as more particularly described in Exhibit "A." The proposed development will contain 251,546 square feet of nonresidential uses and a maximum of 152 residential units. The development will occur in five phases with a build out in ten years.

The Downtown Village Square development consists of five buildings as depicted on Sheet C-4 labeled "Site Plan" and is described as follows: a six story building containing retail and professional office uses, two (2) six story compound use buildings, a seven story compound use building, and a 14 story compound use building containing six floors of structured parking. Building "D," which includes a parking garage, will have covered cross-overs located on the third floor that connect to the other four buildings of the project. An additional covered cross-over will connect the third floors of Building "A" with Building "B." Except for limited parking spaces on floors 2, 3 and 4 reserved for employees working at the project, the first four floors of the parking garage will be available for public use, including a minimum of 127 parking spaces located on the first floor. Parking located on the first floor of the parking garage will be available free of charge unless the City Council approves a request from the Developer for charging a fee associated with this use.

An eight foot wide brick sidewalk will be constructed along the perimeter of the subject property. Several walkways will connect this sidewalk with an east-west central square that bisects Block 62A. Both the central square and the majority of the walkways will be composed of brick.

Several buildings are oriented within the development to allow for small public gathering places. These areas include patios with fountains located in front of Building "A" and between Buildings "B" and "C." Building "E" contains an atrium that also includes a central fountain. Three outdoor seating areas are situated between Buildings "C" and "E."

Project phasing is depicted on Sheets C-4A and C-4B labeled "Phasing Plan" and "Temporary Parking Layouts for Phase I and II", respectively, and is summarized below.

1. Phase 1 shall include:

- a. Demolishing the existing Fifth Third Bank canopy.
 - b. Constructing the temporary parking at ground level within the footprint of the parking garage.
 - c. Constructing a temporary trash enclosure located at the northwest corner of the Phase 2 temporary parking area.
 - d. Constructing Building "A", installing landscaping associated with Building "A", and constructing utilities for Building "A".
 - e. Constructing the fountain associated with Building "A".
 - f. Constructing access from Cape Coral Parkway, SE 47th Terrace and SE 8th Court as shown on the Phasing Plan, Sheet C-4A.
 - g. Installing the pavers located within the public square surrounding Building "A".
 - h. Constructing all right-of-way improvements, including installing pavers along SE 47th Terrace and SE 8th Court and to the eastern edge of the Cape Coral Parkway entrance except for the existing driveway access points for the existing Fifth Third Bank and the existing car wash.
 - i. Constructing the main portion of the stormwater system which does not conflict with future phases as delineated on the Phasing Plan, Sheet C-4A.
2. Phase 2 shall include:
- a. Demolishing the existing Fifth Third Bank and temporary trash enclosure.
 - b. Constructing Building "B", installing landscaping associated with Buildings "B" and "D", and constructing utilities for Building "B".
 - c. Demolishing the temporary parking area and constructing the entire parking garage of Building "D" and installing all abutting landscaping. The two residential towers may be built in this Phase 2, or may be deferred until Phase 5.
 - d. Constructing all right-of-way improvements abutting Building "B".
3. Phase 3 shall include:
- a. Demolishing the existing car wash.
 - b. Constructing Building "C", installing abutting landscaping associated with Building "C", and constructing utilities for Building "C".
 - c. Constructing the remaining stormwater systems.
 - d. Constructing the temporary trash enclosure for Building "E".
 - e. Constructing all right-of-way improvements abutting Building "C" including the two access points along SE 9th Place.
4. Phase 4 shall include:
- a. Removing the temporary trash enclosure associated with Building "E" that was installed in Phase 3.
 - b. Constructing Building "E" and remaining utilities.
 - c. Installing all remaining landscaping and site improvements.

5. Phase 5 shall include constructing the two residential towers associated with Building "D" that are located on the upper portion of the parking garage, unless built as part of Phase 2.
 6. The developer shall complete all elements of Phase 1 of this project in its entirety before work on Phases 2, 3, 4 or 5 can begin. With the exception of Phases 1 and 2, the enumeration of phases in this section is not intended to indicate an order of development. For example, the development of Phase 3 is not required to either begin or be completed prior to the development of Phase 4.
- B. The name(s) of the legal owner(s) are Downtown Village Square, LLC, Red Rock Land Corporation, and Fifth Third Bank. Downtown Village Square, LLC has entered into a Vacant Land Contract to purchase that parcel described as Tract B, Block 62A, Cape Coral Subdivision, Unit 8, according to Plat Book 13, Page 64, Public Records of Lee County, Florida, which is currently owned by the City of Cape Coral.
- C. The legal description of the property is as set forth in Exhibit "A" attached hereto and incorporated herein by reference.
- D. That the City of Cape Coral Official Zoning District Map of all of the property within the limits of the City of Cape Coral is hereby amended with respect to real property described in Exhibit "A" and the City administrative office shall amend the City of Cape Coral Official Zoning District Map to reflect this zoning change.

The amendments to the City of Cape Coral Official Zoning District Map as prescribed herein are consistent with the City of Cape Coral Comprehensive Plan.

- E. The requests for vacation of plat and alley right-of-way meets the requirements of Article VIII, Section 8.11, of the Code of Ordinances of the City of Cape Coral and it is in the best interest of the public that such requests be granted. The following are hereby vacated by the City of Cape Coral, to wit:

All interior lot lines and all interior six foot public utility and drainage easements located within the subject property as more particularly described in Exhibit "A."

All of a 15 foot wide alley right-of-way including the underlying and adjoining easements located within the subject property as more particularly described in Exhibit "A."

Less and Excepting Therefrom: The City of Cape Coral will retain a six (6) foot wide public utility and drainage easement coincident with the resultant parcel perimeter.

These vacations shall take effect upon the recording of an easement by Developer, which shall occur no more than 60 days from the date of the adoption of this ordinance.

The Developer shall deed to the City a utility easement for a sanitary sewer and lift station located along the southerly boundary of Block 62A, Unit 8, Cape Coral, as recorded in Plat Book 13, Pages 1 through 6 of said public records as more particularly described in Exhibit "B". The Developer shall execute and record the deed within 180 days of the date of approval of this Planned Development Project.

- F. The "Downtown Village Square" PDP subject parcel has 3.94 acres zoned Downtown Core (DC), pursuant to the authority of Chapter 166, Florida Statutes, and the Land Use and Development Regulations, Cape Coral, Florida, as same may hereafter be amended. The subject property has approximately 3.94 acres with a Future Land Use designation of Downtown Mixed.
- G. All existing and future structures and uses, population density, building intensity, and building height shall conform to the respective provisions of the Downtown Core (DC) zoning district of the Land Use and Development Regulations, Cape Coral, Florida, as same may hereafter be amended. However, the project has qualified and been awarded by the Cape Coral City Council increased density of 19 additional residential units per acre per

Resolution 10-10 under the Downtown CRA Redevelopment Incentive Program (RIP). This increase in 19 residential units per acre will allow the project to develop with an overall density of 39 residential units per acre consistent with the RIP and the Downtown Core Zoning District. In addition, the development shall obtain all local development permits from the City of Cape Coral, Florida, and other governmental jurisdictions. Failure of this agreement to address a particular permit, condition, term, restriction, or zoning regulation shall not relieve the Developer of the necessity of complying with the law governing said permitting requirements, conditions, terms, restrictions, or zoning regulations.

- H. The proposed development does not unreasonably interfere with the achievement of the objectives of the adopted State Land Development Plan applicable to the area.
- I. The "Downtown Village Square" PDP, as noted, is consistent with the adopted City of Cape Coral Comprehensive Plan, the City of Cape Coral Community Redevelopment Plan for the Downtown Redevelopment Areas, and the City of Cape Coral Land Use and Development Regulations.
- J. The term Developer for purposes of this development order shall mean and refer to Downtown Village Square, LLC, its successors in interest, lessees, and/or assigns.

SECTION III. ACTION ON REQUEST AND CONDITIONS OF APPROVAL

NOW, THEREFORE, be it ordained by the City Council of Cape Coral, Florida, in public meeting duly advertised, constituted and assembled, that the Planned Development Project application for development approval submitted by Downtown Village Square, LLC, and Red Rock Land Corporation, with authorization from Fifth Third Bank, is hereby ordained approved, subject to the following conditions, restrictions, and limitations deemed necessary for the public health, safety, and welfare.

A. DRAINAGE/WATER QUALITY

1. Prior to the issuance of any site plan for the construction of the surface water management system, a South Florida Water Management District (SFWMD) construction permit for the proposed improvements shall be obtained and a copy provided to the City.
2. If the SFWMD construction permit plan differs from the plan submitted to the City for PDP approval, the Developer will not be required to amend the PDP unless a substantial deviation occurs as provided in Section IV.G.
3. At completion of construction of the required site improvements, the Developer shall provide certification by the Engineer of Record that all required surface water management infrastructure improvements have been constructed in accordance with the design approved by SFWMD and the City of Cape Coral. The certification shall include the wording "Construction Compliance Certification."

B. ENERGY

1. The Developer shall incorporate at a minimum the following energy conservation measures into this development, through deed restrictions and/or covenants with successors in title. All applications for site plan approvals and building permits shall be accompanied by a document detailing proposed compliance with these conditions. If deed restrictions or covenants are utilized to insure compliance, such documents shall be approved by the Cape Coral City Attorney's Office prior to recording. If no deed restrictions are approved and recorded, the first alternative shall be utilized and the following features must be included:
 - a. Cooperation in the location of bus stops, shelters, and other passenger and system accommodations for a transit system to service the project area.
 - b. Use of energy efficient features in window design (e.g., tinting and exterior shading).
 - c. Use of operable windows and ceiling fans, where appropriate.

- d. Installation of energy-efficient appliances and equipment.
- e. Prohibition of deed restrictions or covenants that would prevent or unnecessarily hamper energy conservation efforts (e.g., building orientation, and solar water heating systems).
- f. Reduced coverage by asphalt, concrete, rock, and similar substances in streets, parking lots, and other areas to reduce local air temperatures and reflected light and heat, as determined by the Cape Coral Department of Community Development.
- g. Installation of energy-efficient lighting for streets, parking areas, and other interior and exterior public areas.
- h. Orientation of structures, as possible, to reduce solar heat gain by walls and to utilize the natural cooling effects of the wind.
- i. Provision for structural shading (e.g., trellises, awnings, and roof overhangs), wherever practical when natural shading cannot be used effectively.
- j. Consideration by the project architectural review committee(s) if any exists, of energy conservation measures (both those noted here and others) to assist builders and tenants in their efforts to achieve greater energy efficiency in the development and compliance with the above conditions.
- k. Provision of bicycle/pedestrian system connecting all land uses to be placed along arterial and collector roads within the project. The system is to be consistent with local government requirements.
- l. Provision of bicycle racks or storage facilities in recreational, commercial, and multi-family residential areas.

C. HURRICANE EVACUATION/SHELTERING

- 1. Prior to issuance of the building permits, the Developer shall meet with Lee County Emergency Management, and Cape Coral emergency management officials to discuss and identify (if appropriate) any areas in the common portion of the project that may be utilized as public shelter. A letter documenting this meeting shall be submitted to the City.
- 2. The Developer shall encourage actual site users and developers to incorporate within their building design the sheltering demands of the employees and their families.

D. WETLANDS, VEGETATION, AND WILDLIFE

- 1. Ongoing control and removal of nuisance exotic plants onsite is required, including but not limited to, *Casuarina* sp. (Australian Pine), *Melaleuca quinquenervia* (melaleuca), *and* *schinus terebinthifolius* (Brazilian Pepper), all Category I invasive exotic plants listed by the Florida Exotic Pest Plant Council.
- 2. All landscaping and screening required in the subject development by either this Development Order or the City Code of Ordinances or the City Land Use and Development Regulations shall be maintained in good condition throughout the life of this development.
- 3. The Developer shall comply with the State of Florida regulations pertaining to the protection of gopher tortoise burrows located on the site and a protective barrier composed of stakes, silt fence, and rope or other suitable materials shall be placed around all gopher tortoise burrows, including any that are discovered during the life of the project. This requirement shall be waived if the Developer provides the City with evidence of a funded permit prior to the issuance of any City of Cape Coral permit. The Developer shall seek a gopher tortoise relocation permit for some or all of the gopher tortoises that must be removed from the site, if such permit is

available at the time of development. Only as a last resort shall the Developer seek a gopher tortoise take permit. Entombment of tortoise is strictly prohibited at all times, regardless of the type of permit procured by the applicant.

4. In the event all or a portion of the subject property is located within an Eagle Nest Management Zone, the developer shall comply with all City laws, regulations, and guidelines that are currently in effect or that may be hereafter adopted by the City concerning the protection and management of bald eagle nests including, but not limited to Chapter 23 of the City Code of Ordinances. No development shall occur on any portion of the subject property that is within an Eagle Nest Management Zone except in accordance with a Bald Eagle Management Plan that has been approved by the City. Once an Eagle Management Plan has been approved by the City for all or a portion of the property, the Developer's ability to develop in accordance with such Plan shall not be affected by any amendment to the City's regulations concerning eagle nests, so long as no additional or "new" eagle nest need to be accommodated. In the event, however, that one or more eagle nests are hereafter established or determined to be active in locations that result in all or a portion of the subject property being located in a new or expanded Eagle Nest Management Zone, then no development shall occur in such new zone except in accordance with an Eagle Management Plan that has been approved by the City for such zone.

E. FIRE PROTECTION

1. Fire impact fees shall be paid as provided in Section III.N.16. herein.
2. The Developer shall review site development plans with the Cape Coral Fire Department to incorporate fire protection design recommendations into the project.

F. WATER CONSERVATION

1. The Developer shall incorporate the use of water conserving devices as required by state law (Section 553.14, Florida Statutes).
2. For the purpose of non-potable water conservation, the development should require, through the use of deed restriction, the utilization of Florida Yards and Neighborhoods (FYN) and other xeriscape principals, where feasible, in the design and installation of the project's landscaping. FYN materials and assistance are available through the Planning Division and Environmental Resources Division.
3. Irrigation will be accomplished in accordance with City Ordinance(s) or South Florida Water Management District mandate as applicable.

G. SOLID WASTE

1. The Developer and tenants of the project should investigate methods of reducing solid waste volume at the project.
2. The Developer and tenants of the project shall identify to the City, the presence of and the proper on-site handling and temporary storage procedures for hazardous waste that may be generated on-site, in accordance with local, regional, and state hazardous waste programs.
3. The Developer will require that an EPA/DEP approved holding storage tank be provided on-site along with the proper monitoring devices if a prospective user has the potential for producing toxic or industrial waste. These wastes shall be disposed of off-site by a company licensed to dispose of such wastes.
4. The Developer shall inform the waste hauler and disposer of the nature of any hazardous waste on the site, to determine if, and the extent of, any special precautions that may be necessary.
5. No solid waste disposal facilities shall be located on site.

6. The Developer will participate in recycling programs.
7. Solid waste disposal shall be provided through Lee County, Florida pursuant to Special Act, Chapter 85-447. Current and planned facilities have sufficient capacity to meet the demands of this development.

H. WASTEWATER MANAGEMENT

1. Wastewater (sewer) service is available to the site.
2. The Developer shall design, construct and install all improvements required by the City to connect to the City's wastewater system. Said design, construction, and installation shall be accomplished in accordance with prevailing City design criteria and shall be subject to City inspection and approval prior to acceptance.
3. Wastewater containing hazardous materials shall be segregated and handled in accordance with Florida Department of Environmental Protection (DEP) criteria. Wastewater entering the City system shall meet quality limitations as specified by City Ordinance(s).
4. Wastewater impact fees shall be paid as provided in Section III.N.16. herein.
5. The Developer shall connect to City wastewater facilities as specified by City Ordinance.
6. The Developer shall grant appropriate easements to City for utility service prior to issuance of a building permit. Prior to connection of this development to City utility facilities, the Developer shall convey to the City the component parts of the Wastewater system that were constructed by Developer by bill of sale in a form satisfactory to the City Attorney, together with such other evidence as may be required by the City that the utility system proposed to be transferred to the City is free of all liens and encumbrances.

I. WATER SERVICE

1. Water service is available to the site.
2. The Developer shall design, construct and install all improvements required by the City to connect to the City's water system. Said design, construction, and installation shall be accomplished in accordance with prevailing City design criteria and shall be subject to City inspection and approval prior to acceptance.
3. Water impact fees shall be paid as provided in Section III.N.16. herein.
4. The Developer shall connect to City water facilities as specified by City Ordinance.

J. IRRIGATION SERVICE

1. Irrigation service is available to the site.
2. Developer shall connect to the City's irrigation system as prescribed by City Ordinance. The Developer shall design, construct, and install all improvements required by the City to connect to the City's irrigation system in accordance with prevailing City design criteria and shall be subject to City inspection and approval prior to acceptance.
3. Irrigation impact fees shall be paid as provided in Section III.N.16. herein.

K. AIR QUALITY

1. If any of the individual tract owners/developers create a complex source of pollution as defined by DEP rules, they shall apply directly to DEP for permitting.
2. Each individual tract development will be required to comply with all federal, state and local laws and codes governing air quality and emissions.

L. HISTORICAL/ARCHAEOLOGICAL

During the life of the project, if any historical or archaeological sites are uncovered, work in the vicinity shall cease until the proper authorities can be contacted and an evaluation of the site carried out.

M. TRANSPORTATION

1. The "Downtown Village Square" project is located within a Transportation Concurrency Exception Area (TCEA). To provide consistency with Policy 14.5 of the Future Land Use Element contained within the City's Comprehensive Plan, the Developer will implement five transportation improvement projects, identified below, that will support mobility enhancement within the Downtown TCEA.
 - a. Preferential parking for carpools, vanpools, or multiple occupancy vehicles. The Developer will provide and designate five spaces on the third level of the parking deck for these vehicles. These parking spaces will be identified with signs and will be located near one or more crossovers. These spaces will be reserved for employees working at businesses located within the Downtown Village Square development. Employees will be provided a form by their respective employers that validates the employee arrived at work with two or more occupants that day. The form will be displayed on the front dashboard of the vehicle.
 - b. Parking price structures to favor carpools, vanpools, and multiple occupancy vehicles to increase vehicle occupancy. The Developer will provide free parking for these vehicles on the third level of the parking deck.
 - c. Safe and convenient internal pedestrian and bicycle circulation in the development.
 - d. Structured parking for residents, patrons and employees. The Developer will provide a six story parking garage as part of the project.
 - e. Cluster buildings within the development or design the development to achieve maximum density that preserves open space, enhances multi-modal opportunities, and provides transit oriented densities.
2. Road impact fees shall be paid as provided in Section III.N.15. herein.
3. Developer shall convey to the City the component parts of the transportation infrastructure constructed by the Developer and being transferred to the City on a form acceptable to the City Attorney, together with such other evidence as may be required by the City that the transportation infrastructure is free of all liens and encumbrances.

N. GENERAL CONSIDERATIONS

1. Within 90 days of the approval of this development order, the Developer shall execute an affordable housing agreement with the City of Cape Coral. This agreement shall secure a minimum of five (5) affordable housing units for the project, or their monetary equivalent as provided herein. It shall be the Developer's option whether to provide housing in the project or their monetary equivalent.
 - a. If Developer elects to provide housing within the project, the agreement shall contain provisions generally consistent with those outlined within LDR, Section 5.7.G. The affordable housing agreement shall contain the following provisions:
 - (1) No affordable housing unit in the development shall be rented or sold to a tenant whose household income has not been verified as moderate, low, or very low income family. Such verification shall be the responsibility of the owner and shall be submitted to the City Manager or the City Manager's designee for approval. Tenant

income verification and certification shall be repeated annually to assure continued eligibility.

- (2) No affordable housing unit that is to be sold, leased with option to purchase, or otherwise conveyed in the development shall be sold, leased with option to purchase, or otherwise conveyed to a buyer whose household income has not been verified and certified in accordance with this section as moderate, low, or very low income family. Such verification and certification shall be the responsibility of the developer and shall be submitted to the City Manager or the City Manager's designee for approval. It is the intent of this section to keep housing affordable; therefore, any person who buys an affordable housing unit must agree, in a lien instrument to be recorded with the Clerk of the Circuit Court of Lee County, Florida, that if he or she sells the property (including the land and/or the unit) within 15 years after his or her original purchase at a sales price in excess of 5% per year of his original purchase price that he or she will pay to the City of Cape Coral an amount equal to the sales price in excess of 5% increase per year. The lien instrument may be subordinated to a qualifying first mortgage.
 - (3) No more than two affordable housing units shall be located within a single building or single tower of Building "D".
- b. If the Developer chooses to pay to the City a monetary amount for each housing unit not provided in the development, the agreement shall contain, at a minimum, the following provisions:
- (1) In lieu of providing the five onsite housing units, the Developer shall pay \$25,000 per unit for each unit not located within the development. The Developer shall pay the funds no later than at the time of issuance of a certificate of occupancy for a maximum of 80 residential units located within the project.
 - (2) Any unit for which the Developer pays a monetary amount shall be located within the boundaries of the CRA.
2. The Developer shall dedicate to the City a minimum of two thousand (2,000) sq. ft. of building space located on the ground floor of Building "D" for a police substation, and an additional 2,000 sq. ft. for governmental use. The City shall have 18 months beginning with the issuance of a certificate of occupancy for this building to determine whether the City wishes to utilize this space. If the City, at its option, decides it does not wish to utilize this site, this area shall be available to the Developer for use. Alternatively, in the event the area is initially utilized by the City and subsequently left vacant by the City for a minimum of nine months, the Developer may at his option provide written notification to the City Manager regarding the City's intentions for using this space. If within 90 days of receipt of this letter the City does not respond or acknowledges to the Developer that it does not intend to use this space, this area may be utilized by the Developer. If the City intends to use this space, it shall notify Developer within 90 days of receipt of the letter. For as long as the City chooses to utilize the aforementioned 4,000 sq. ft., the City will receive this space free of rent, but will be responsible for typical maintenance-related expenses and monthly utility payments.
 3. Within a building, awnings and canopies having similar dimensions and located within the same floor of said building shall be of the same color and style. This provision shall apply only to floors exclusively containing residential dwelling units and to all six floors of the parking garage. This requirement does not apply to any floor of the development that contains nonresidential uses, nor shall it apply to the liner buildings located directly adjacent to the parking garage.
 4. The Developer shall provide a minimum of 127 parking spaces located on the ground floor of Building "D" as depicted on Sheet C-4 that shall be reserved for public use in perpetuity. Parking located on the ground floor of the parking garage

will be available free of charge unless the City Council approves a request from the Developer for charging a fee associated with this use.

5. In no event shall the total parking demand for the project as determined by the City exceed the minimum number of parking spaces provided by the Developer for the mix of uses supported by the Downtown Village Square project.
6. The Downtown Village Square project at build out shall contain a minimum of 251,546 square feet of nonresidential uses.
7. All creditable features of the Downtown CRA Redevelopment Incentive Program (RIP) used for the basis of approval for increased density above the baseline density shall remain in place throughout the life of the development, unless such basis of approval for increased density is rescinded or amended by the City. Except as otherwise provided herein, the owner, of the real property on which the density above the baseline density is approved shall be responsible for maintaining any such creditable feature in good condition and in accordance with any conditions of approval throughout the life of the development. Such maintenance responsibility of said owner shall not apply to creditable features which are donated or dedicated to the City or for which the City has approved alternative responsibility provisions. Failure to comply with this requirement shall constitute a violation of the City of Cape Coral's Code of Ordinances, and would subject the aforementioned party to any penalty imposed by law.
8. Approval of the increase in density under the RIP runs with the land and is transferable to any future owner of the land, but it cannot be transferred to a different site or a different project on the same site. If a site plan or PDP Development Plan expires, any award of increased density also expires at the same time.
9. All buildings of the Downtown Village Square development shall be constructed consistent with the building elevations prepared by Bradford & Company Design Group, Inc., as depicted in Sheets A-1 through A-4, B-1 through B-4, C-1 through C-4, D-1 through D-3, and E-1 through E-4 bearing a revision date of September 21, 2009 prepared by Bradford and Company Design Group, Inc.
10. Prior to issuance of a permit, the Developer shall enter into an agreement, in a form acceptable to the City Attorney, regarding obligations resulting from landscaping located in utility easements.
11. Prior to receiving a building permit for Building "A", the Developer shall provide LCEC with a private easement for relocating LCEC facilities from the vacated six foot wide public utility easement located immediately north of the 15 foot wide alley that is centrally located within Block 62A and is proposed to be vacated by the Developer.
12. The City will pay up to \$265,000 for the costs and fees associated with relocating the transmission pole at the northwest corner of the property. Any additional costs and fees associated with the relocation of the pole shall be paid by the Developer.
13. Nothing in this development order shall prevent the Developer from granting any utility provider with one or more private utility easements for servicing the Downtown Village Square development. This development order contemplates that minor alterations to the site and building plans may be necessary, and therefore shall be allowed, to accommodate these easements for the purpose of locating utility facilities for providing service to the project.
14. The City agrees to waive the building permit fees for the construction of Buildings A, B, C, D, and E, including the parking structure and two towers associated with Building D, if not constructed simultaneously.
15. The Developer is not required to pay the City's impact fees for this development. This includes only impact fees charged by the City; impact fees or any other fees

charged by other entities but collected by the City are not included. The City will pay all City impact fees that Developer is not required to pay.

16. Certificates of Occupancy for the residential units shall be limited to 122 units until such time as certificates of occupancy for Buildings A, B, and D, in their entirety, are issued and the existing carwash is demolished. After the Developer has received the certificates of occupancy for Buildings A, B, and D, and the carwash is demolished, another 24 residential units may be developed within Building C and another 6 residential units may be developed within Building E.
17. The Developer shall incorporate into all structures within the project a firefighter breathing air replenishment system (FBARS) for high-rise buildings. The system shall contain, at a minimum, an air filling control panel, an emergency air monitoring system, an RA-4 air filling station, an exterior mobile air connection, an emergency air storage system and a series of air standpipes.

O. CONCURRENCY

1. The "Downtown Village Square" PDP is concurrent for sewer, water, drainage, solid waste, and parks based on the analysis of the proposed development and specific mitigation programs specified herein.
2. The "Downtown Village Square" project is located within a Transportation Concurrency Exception Area (TCEA) and therefore is subject to the provisions contained within Section III.M. of this ordinance.

SECTION IV. LEGAL EFFECT AND LIMITATIONS OF THIS DEVELOPMENT ORDER, AND ADMINISTRATIVE REQUIREMENTS

- A. This Development Order shall constitute an ordinance of the City of Cape Coral, adopted by this Council in response to the Planned Development Project Application filed for the "Downtown Village Square" PDP.
- B. This Development Order shall be binding on the Developer. Those portions of this Development Order which clearly apply only to the project Developer, shall not be construed to be binding upon future owners of the project lots. It shall be binding upon any builder/developer who acquires any tract of land within the "Downtown Village Square" PDP.
- C. The terms and conditions set out in this document constitute a basis upon which the Developer and City may rely in future actions necessary to implement fully the final development contemplated by this Development Order.
- D. All conditions, restrictions, stipulations, and safeguards contained in this Development Order may be enforced by either party hereto by action at law or equity, and all costs of such proceedings, including reasonable attorney's fees, shall be paid by the defaulting party.
- E. Any references herein to any governmental agency shall be construed to mean to include any future instrumentality which may be created and designated as successor in interest to or which otherwise possesses any of the powers and duties of any referenced governmental agency in existence on the effective date of this Development Order.
- F. The approval granted by this Development Order is limited. Such approval shall not be construed to obviate the duty of the Developer to comply with all applicable local or state review and permitting procedures, except where otherwise specifically provided. Such approval shall also not obviate the duty of the Developer to comply with any City Ordinance or other regulations adopted after the effective date of this Development Order.
- G. Subsequent requests for local development permits shall not require further review, unless it is found by the City Council, after due notice and hearing, that one or more substantial deviation(s), or other changes to the approved development plans which create a reasonable likelihood of adverse impacts which were not evaluated in the review by the City have occurred. Substantial deviations include but are not limited to:

1. Any change which requires a variance to code and above those specifically incorporated herein.
2. An increase of more than five (5) percent in density, parking requirements, trip generation rates, water or sewer usage, or building square footage.
3. An expiration of the period of effectiveness of this Development Order as herein provided.
4. If development order conditions and applicant commitments incorporated within the Development Order to mitigate impacts are not carried out as indicated to the extent or in accordance with the Development Order, then this shall be presumed to be a substantial deviation from the Development Order.

Upon a finding that any of the above is present, the City Council may order a termination of all development activity until such time as a new PDP Application for Development Approval has been submitted, reviewed and approved, and all local approvals have been obtained.

- H. The physical development authorized under this Development Order shall terminate in ten years from the date of adoption of this Development Order, unless an extension is approved by this Council. The Council may grant an extension if the project has been developing substantially in conformance with the original plans and approved conditions, and if no substantial adverse impacts not known to Cape Coral at the time of their review and approval, or arising due to the extension, have been identified. For purposes of determining when the buildout date has been exceeded, the time shall be tolled during the pendency of administrative and judicial proceedings relating to development permits. All conditions imposed on the subject development shall remain in full force and effect throughout the life of the development unless rescinded or amended by the City and shall not be affected by any termination of the authorization for physical development.
- I. The Director of the Cape Coral Department of Community Development or his/her designee, shall be the local official responsible for assuring compliance with this Development Order. Upon reasonable notice by the City and at all reasonable times, the Developer shall allow the City of Cape Coral, its agents, employees, and/or representatives, access to the project site for the purpose of assuring compliance with this Development Order.
- J. The Developer, or its successors in title to the undeveloped portion of the subject property, shall submit a report annually to the Cape Coral City Council, the Director, and all affected permit agencies. This report shall describe the state of development and compliance as of the date of submission.
- The first monitoring report shall be submitted to the Director not later than one (1) year from the effective date of this order, and further reports shall be submitted not later than annually thereafter. The Developer shall so inform any successor in title to any undeveloped portion of the real property covered by this Development Order. This shall not be construed to require reporting from tenants or owners of individual lots or units. Annual Monitoring Reports including Traffic Monitoring Reports shall be required until such time as the project is complete, at which time, a final development report shall be submitted to the City.
- K. Within thirty (30) days of adoption of this Ordinance, this Development Order shall be recorded in the Office of the Clerk of the Circuit Court by the Developer or Authorized Representative, who shall thereafter return the original recorded Development Order to the City.

SECTION V. SEVERABILITY.

In the event that any portion or section of this Ordinance is determined to be invalid, illegal, or unconstitutional by a court of competent jurisdiction, such decision shall in no manner affect the remaining portions or sections of this Ordinance which shall remain in full force and effect.

SECTION VI. EFFECTIVE DATE.

This Ordinance shall take effect immediately upon its adoption by the Cape Coral City Council. Permits issued prior to or after the effective date of this Ordinance are obtained solely at the risk of the Developer.

ADOPTED BY THE COUNCIL OF THE CITY OF CAPE CORAL AT ITS REGULAR SESSION THIS 20th DAY OF April, 2010.

John J. Sullivan
JOHN J. SULLIVAN, MAYOR

VOTE OF MAYOR AND COUNCILMEMBERS:

 MET SEASON WATER TABLE ELEV. USE IN DESIGN = 3.5' N.G.V.D.

- INSPECTION AND MAINTENANCE SHALL BE PER MANUFACTURE'S GUIDELINES.
 - 1. INSPECTION OF THE HEADER SYSTEM SHOULD BE CARRIED OUT QUARTERLY
 - 2. REMOVE SEDIMENT VOLUME WHEN STORAGE AREA IS REDUCED BY 25%
 - 3. CLEANOUT SHOULD BE VACUUM PUMPED DURING DRY SEASON
 - 4. INSPECT SYSTEM AFTER HEAVY RAINFALL EVENTS OR 2.5 INCHES.
- ALL ROOF STORMWATER RUN-OFF SHALL BE DIRECTED TO THE PARKING TO THE ROOF DRAINS FOR TREATMENT BEFORE DISCHARGING FROM THE SITE.
- NYLOPLAST UNITS LOCATED AFTER INLETS SHALL INCLUDE ADS STORM-PURE CATCH BASIN INSERT WITH MYCELX FILTER INSERT
- PROPOSED SUBSURFACE STORMWATER MANAGEMENT BY USE OF STORMTECH SC-740 UNDERGROUND CHAMBER SYSTEM, INSTALLATION AND TECHNICAL DATA CAN BE FOUND AT STORMTECH'S WEBSITE WWW.STORMTECH.COM

EROSION CONTROL NOTES:

1. PRIOR TO COMMENCEMENT OF CONSTRUCTION ACTIVITY APPROPRIATE EROSION CONTROL DEVICES SHALL BE INSTALLED TO CONTROL AND REDUCE SOIL EROSION AND SEDIMENT TRANSPORT TO OFF-SITE AREAS. THE CONTRACTOR SHALL MAINTAIN THESE DEVICES THROUGHOUT THE DURATION OF CONSTRUCTION. ALL DEVICES SHALL REMAIN IN PLACE UNTIL THE SURROUNDING AREAS ARE ESTABLISHED.
2. THE FOLLOWING MINIMUM REQUIREMENTS ARE RECOMMENDED: (REFERENCE FLORIDA DEVELOPMENT MANUAL, FDER, PPS 6-301 TO
 - c) TEMPORARY GRAVEL CONSTRUCTION ENTRANCE
 - d) SILT FENCE
 - e) STORM INLET DRAIN PROTECTION
3. SILT FENCE TO BE INSTALLED AS NECESSARY. ALL EXISTING SILT FENCE TO BE MAINTAINED AS NECESSARY.

GENERAL NOTES:
RESIDENCE IS SET BACK MORE THAN 75' FROM THE EDGE OF PAVEMENT. SPECIAL CONDITIONS MAY APPLY.
REPLACEMENT OF NON-DRAINAGE MATERIAL (E.G., PANELS, UNREINFORCED CONCRETE, SPECIAL CURBS, ETC.) IN WHOLE OR IN PART BY THE CITY FOR REQUIRED QUALITY, DRAINAGE OR OTHER REPAIRS SHALL BE PERFORMED BY THE OWNER AT THEIR EXPENSE.
INSPECTION NOTES:
1. INSPECTIONS OF SIDEWALK CONSTRUCTION IS REQUIRED BY THE ENGINEERING DIVISION AFTER FORMING AND BEFORE POURING.
2. INSPECTIONS OF DRIVEWAYS ARE REQUIRED AS FOLLOWS:
(1) STAKE-OUT INSPECTION - TO DETERMINE GRADES FOR FLOW.
(2) FORM INSPECTION - REQUIRED AFTER FORMING DRIVEWAY SPREAD AND OR SIDEWALK FOR COMPLIANCE OF CITY SPECIFICATIONS.
(3) CONCRETE INSPECTION - INCLUDING REINSPECTION OF ALL ESTABLISHED AREAS.
3. ALL INSPECTIONS SHALL BE SCHEDULED THROUGH A 2 READER AT 330-6100 AS INDICATED IN THE PERMIT CARDS.

CONSTRUCTION NOTES:
1. TYPICAL SLOPE OF SAW CUT WALKS 1 1/2" DEEP, 3'-0" O.C., 4" THICK SIDEWALK - 6" THICK THROUGH DRIVEWAY.
2. CONCRETE: FOOT CLASS 1, 3000 P.S.I. MIN. MAX. SLOPE 4" OF FINISHING CONCRETE ACCEPTED.
3. NO REINFORCING IN CONCRETE IN RIGHT-OF-WAY SIDEWALK FINISH TO BE LIGHT BROOM.
4. ALL DRIVEWAY AREAS MUST BE WALK TO BE REDUCED TO MATCH ORIGINAL SOG. IF NO ORIGINAL SOG THEN SEED, FERTILIZE AND STRAW.
5. NO PATCHING OF ANY KIND WILL BE ALLOWED IN CONCRETE WORK.
6. A RIGHT-OF-WAY PERMIT IS REQUIRED FROM ENGINEERING DIVISION FOR DRIVEWAY CONSTRUCTION. DRIVEWAY PERMITS ARE REQUIRED FOR GRADE, FLOW AND DRAINED CURBS.
7. DRIVEWAYS ON STATE ROADS - PERMITS OBTAINED FROM FOOT DRIVEWAYS ON LEE COUNTY ROADS - PERMITS OBTAINED FROM LEE COUNTY DOT.
8. ASPHALT DRIVEWAYS SHALL BE CONSTRUCTED BY 6" COMPACTED LINERLOCK BASE OVER A SUFFICIENTLY COMPACTED SUBGRADE AND SURFACED WITH 1 1/2" OF ASPHALT CONCRETE.
9. DRIVEWAYS MUST BE FIVE FEET FROM PROPERTY LINE AND TEN FEET FROM RIGHT-OF-WAY LINE OR SOLOON ON UNPAVED THROUGH AN EXISTING DRIVEWAY.

18" TO 24"	0 TO 90°	3'-0"	2'-0"	0' TO 10'
24" TO 30"	0 TO 90°	3'-0"	2'-0"	0' TO 10'
24" TO 30"	90 TO 120°	3'-0"	2'-0"	0' TO 10'
OTHERS	WHICHEVER APPROVED OR EQUAL			

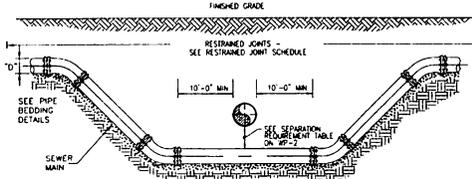

MANHOLE GENERAL NOTES:

- ALL STUBS FROM MANHOLES AND ENDS OF PIPE TO WHICH CONNECTIONS ARE TO BE MADE UNDER THIS CONTRACT SHALL BE PROVIDED WITH TEMPORARY WATERPROOF PLUGS OR CAPS. ALL STUBS FOR CONNECTIONS TO OTHER CONTRACTS SHALL BE PROVIDED WITH WATERPROOF PLUGS PLACED FROM WIDE OF THE MANHOLE. SUCH PLUGS LOCATED AT JUNCTIONS OF TWO CONTRACTS SHALL REMAIN IN PLACE AND SHALL BE REMOVED BY THE SUB-CONTRACTOR ON COMPLETION AND TURN-OVER OF THE CONTRACT. SEWERS WHICH ARE TO BE CONNECTED TO MANHOLES WHICH WILL BE BUILT UNDER OTHER CONTRACTS SHALL BE PROVIDED WITH WATERPROOF PLUGS AND CAPS. STUBS = ONE PIPE LENGTH.
- THE SLOPE SHALL SLOPE TOWARD THE INVERT CHANNEL AT A MINIMUM OF ONE (1) IN/100' BUT A MINIMUM 3" HIGH DIFFERENCE SHALL BE MAINTAINED FROM THE O.S. POINT OF THE CHANNEL TO THE WALL.
- THE DEPTH OF THE INVERT CHANNEL SHALL BE EQUAL TO DOUBLE OF THE LARGEST DIAMETER SEWER IN THE MANHOLE.
- MANHOLE SECTIONS SHALL BE JOINED TOGETHER WITH DOUBLE RAY MIX. O/E.
- ALL MANHOLES TO BE CONSTRUCTED OF PRECAST CONCRETE (BASES, BARRELS AND ECCENTRIC CONES) WITH FLEXIBLE RUBBER MANHOLE SLEEVES PER ASTM C-923 BY ROP-IN-SEAL. O/E. PROVIDE COATING ON ALL WORK AND OUTSIDE WALLS AND BASES IN ACCORDANCE WITH SPECIFICATIONS. NO BRICK MANHOLES WILL BE ACCEPTED UNLESS APPROVED IN WRITING. ALL CONCRETE SHALL BE TYPE II PORTLAND CEMENT.
- SEE SPECIFICATIONS FOR MATERIAL REQUIREMENTS AND PLACEMENT AND COMPACT OF PIPE BEDDING AND CRUSHED STONE (SEE TYP. BEDDING DETAILS).
- REWORKING FOR PRE-CAST MANHOLES AS PER ASTM C-478 (TYPICAL).
- CONCRETE FOR MANHOLE STRUCTURE SHALL HAVE A COMPRESSIVE STRENGTH OF NO LESS THAN 4,000 PSI @ 28 DAYS.

VILLAGE SQUARE
DETAIL SHEET

DEI PROJECT NO. 07-121-01
SHEET NO. D-3

STANDARD CAPE CORAL CONSTRUCTION NOTES

Engineering/Right-of-Way

- Contractor is required to follow all state and local building and development codes and standards. All work within the City Right-of-Way shall be in accordance with City Engineering Design Standards and Florida Department of Transportation's Standards for Road and Bridge Construction. Federal ADA requirements will supersede all conflicts with state and local standards. All deviations from the City Engineering Design Standards shall be specifically addressed in writing for review and approval by the City Engineer prior to right-of-way final. All other errors, omissions or conflicts with the site plan or specifications shall be resolved in favor of the City Engineering Design Standards.
- All work or materials which do not conform to the Specification of the City of Cape Coral Engineering Design Standards or Florida Department of Transportation Standards Specifications For Road And Bridge Construction or any work performed without an inspection by a representative of the City of Cape Coral Public Works Department is subject to removal and replacement at the contractor's expense.
- All elevations are based on NGVD (1929).
- The contractor is required to get all the necessary right-of-way permits and provide all necessary work zone controls and safety requirements for the project. Traffic controls are required for all work within the right-of-way. The City of Cape Coral has adopted the Manual of Uniform Traffic Control Devices for Streets and Highways and requires a Maintenance of Traffic Permit to ensure compliance with these standards. A traffic maintenance plan is required from the contractor and must be approved by the City Transportation Department prior to starting work in the right-of-way. For more information the contractor should reference City Engineering Design Standards sheet G-4 and the current version of section 600 and section 700 of F.D.O.T. Standard Specifications. Contractor's failure to comply with these requirements could result in the city imposing a stop work order on the project.
- Contractor to note that design elevations for the right-of-way shown, on the plans may differ from the city's master design plan. The city's survey department will set the grades for curb as per the city's curb and road widening master plan. The contractor should check with the city's Engineering Department to obtain right-of-way design information and latest changes if any.
- The contractor shall ensure that with all road improvements, the existing asphalt road edge is cut back a min. of 1 ft. for the entire length of the asphalt widening to be constructed and any of the existing thermoplastic striping remaining along the cut edge will be ground off. The sub-base and cut edge are to be tack coated prior to the installation of the new asphalt, and that all new striping shall be thermoplastic and placed along the curb per M.U.T.C.D. specifications.
- Concrete forms are required on both sides of all replacement curbs as outlined on sheet F-3 of the City Engineering Design Standards. Inspections shall be requested and approved prior to placement of concrete one/for asphalt in the City of Cape Coral's right-of-way.
- All broken and vertically misaligned sections of existing sidewalks and curb in the city right-of-way directly adjacent to this site that do not meet A.D.A. minimum requirements are required to be replaced.
- Sidewalks passing through driveway aprons shall comply with latest version of the Federal A.D.A. see also the City Engineering Design Standards sheets D-3 and D-4 and F.D.O.T. index 515 pages 1-6 for more details.
- Contractor shall install expansion joints at intervals of 100 ft. on center for all curb gutter and sidewalks installed in the right-of-way. Contractions joints are to be saw cut at 5' on center for sidewalks and 10' on center for curb. Expansion material is not to be placed between the back of the curb and the sidewalk or driveway apron. For additional details refer to F.D.O.T. indexes 300 and 310.
- City materials for materials test reports should be determined at the beginning of the project and should be available to the inspector at the time of required inspection. Contractor is responsible for all required testing of right-of-way improvements at the appropriate time during development to ensure compliance with minimum city design standards. Certified test reports are required for contractor of sub-grade and base course. In-place or thickness of road base and asphalt for new road and/or alley construction is also required prior to an Engineering Right-of-Way Final. Delay in receiving an approved right-of-way final could result in delays in receiving the Certificate of Occupancy for the completed project. Testing of improvements in the right-of-way is required to ensure compliance with the minimums of the design cross sections.
- Contractor is responsible for restoration of all city right-of-way disturbed or damaged during construction up and to the point that final approval is received from the city. Right-of-way, waste and other differences in grade including private property shall be graded to a 4:1 slope. These areas shall be covered with hydro seed or sod. Sod only is to be placed along the edge of new or existing pavement and 10-feet in all directions around storm water inlets. This includes properties located across alleys improved as part of the project.
- This Project may require the installation of additional storm water improvements in the adjacent city right-of-way due to the unforeseen impact of the project on the storm water system. Such effects may not have been evident at the time the city reviewed this project. The owner will be responsible for necessary additions and adjustments to the existing drainage facilities and continuous functioning of the R/W drainage system. Improvements may involve but are not limited to, waste regarding, modification or installation of pipes, drainage structures, and curb and curb inlets. Contractor is required to contact the Owner/Engineer and City Site Development Review Division as soon as possible if it is apparent, in the field, the project improvements are creating a problem with the existing R/W drainage and additional corrective work/improvements are required for the project.
- The contractor will be required to contact the Site Development and Review Division to coordinate the installation and inspections for regrading of the city storm water system. After all of the new pipes and structure have been installed and approved by the city, the old pipes and any structures on the property must be removed. The contractor will be required to provide a surveyor to do the layout for installation of the new system.
- The contractor shall provide erosion controls for the storm water system of the city right-of-way at the start of construction. Controls must be maintained until the right-of-way construction is complete and responsibility for the work is accepted by the City of Cape Coral. Should the contractor's storm water protective system not be installed or for the contractor shall upon completion clear and clean the entire storm sewer system to the canal. Erosion control methods are detailed on sheets M-1 to M-27 of the City of Cape Coral Engineering Design Standards. (See also Florida Storm Water, Erosion and Sedimentation Control Inspection Manual for additional info.)
- All city signs in or adjacent to the city right of way that must be relocated shall be coordinated with the city traffic department. Stop signs must be maintained during construction by relocating the existing sign if possible, use a temporary sign or a combination of both. Please get in touch with the traffic department for relocation of signs, approval of new signs, and required striping of adjacent right-of-way. All right-of-way striping and signs must comply with the latest version of the M.U.T.C.D. All private traffic signs and poles are to be located on private property behind the city right-of-way line. Temporary street signs may be placed within the right-of-way to identify street locations. Coordination with the City Traffic Department is required.
- The site contractor will be responsible to ensure that all above ground public utility structures in the right-of-way will be relocated to the utility easement behind the right-of-way line. This would include all types such as power poles, telephone connection boxes, switch gear boxes and any structures used to supply or support a public service not regulated by the City of Cape Coral Utility. For all other utilities maintained by the city contact the City Utility Department.
- All frames, covers, valve boxes and manholes shall be adjusted to finished grade upon completion of paving or related construction.
- Construction of the type-A curb inlet shall be per city details and specifications. See sheet C-3 and sheet C-9 of the Cape Coral Engineering Design Standards and F.D.O.T. index 210 for additional information. The last structure in the system prior to a canal is required to have a two foot bottom bump below the lowest pipe.
- Round storm drains adjacent to inlets are sump walls that connect to under ground retention systems that parallel the right-of-way and shall be attached to inlets as per details shown.
- All work/materials that do not conform to local or state standards, or that are not properly inspected by a city representative are subject to removal, or replacement at the contractor's expense. All concrete within city R.O.W. must be 3000 P.S.I. minimum.
- The City of Cape Coral will do construction lay out for location and elevation of storm water structures, curb and alley improvements as per the city's master plans.
- All property survey monuments in the City of Cape Coral's right-of-way are to be in place and marked prior to requesting services for surveying lay out and/or inspections. All property corners and survey monuments shall be preserved. If a property corner or monument is disturbed or destroyed during construction, the property corners or monuments shall be restored with the like and kind of materials prior to engineering final.
- All mail boxes in or adjacent to the right-of-way that must be relocated shall be coordinated with the City Traffic Department and the local post office for final placement. Mailboxes must be made available to the owner and postal delivery service during construction. Temporary relocation shall be coordinated with the local post office.
- The City Engineering Department would advise that the Contractor notify Lee County D.O.T. Traffic Signal Maintenance Divisions prior to starting construction and have them check all traffic control leads and wiring loops to ensure that they are operational. Lee County Traffic Control Maintenance Dept. will provide assistance on moving of all traffic signal boxes.
- A preconstruction meeting with the City of Cape Coral inspectors, the contractor and any subcontractors is required prior to commencing work in the City of Cape Coral's right-of-way.
- The contractor shall restore all city rights-of-ways disturbed or damaged prior to a City Site Development Review final.
- Alley right-of-way shall be barricaded at the start of construction, on both side property lines with a minimum of type M.D.O.T. barricades and with signs stating "Do Not Enter or Road Closed" on both barricades. Barricades shall remain in place until the City Site Development Review final inspection.
- Any differences in grade between the alley easement edge and private property shall be graded to a 4:1 slope.

Surface Water Management

- Site must adhere to Land Use Regulation 5.2 E-Retention/Detention Areas i.e. Trees and shrubs must not interfere with the volume of storm water storage; trees and shrubs must not interfere with the required side slopes; trees and shrubs must not interfere with or impede the flow of runoff; retention/detention areas must be stabilized with sod unless an alternative method is specifically permitted prior to plans approval; no organic mulch will be permitted in or adjoining retention/detention area.
- Erosion controls on site and within the City right-of-way shall be in place at the start of construction. Controls must be maintained until the site construction and the right-of-way construction is complete.
- The contractor shall clear and clean the City's drainage conveyance system in the right-of-way and to the canal prior to a City Site Development Review final.
- All wetland and preserve areas shall be delineated with a unique color stake, tape and/or fencing prior to any work in the area. Erosion silt fence shall be used in conjunction with, but not as a replacement for, the wetland and preserve area delineation method.
- Silt fencing shall be located outside the "drip line" of the trees along the perimeter of the wetland and preserve areas.

Utilities

- The contractor shall locate and verify the size, location and depth of all existing utilities in the field and shall notify the utility companies in the area before beginning construction. Any utilities that are disturbed or damaged by the contractor shall be immediately repaired or replaced by the contractor at his expense.
- Water and sewer services shall conform to Florida plumbing code and the most current City of Cape Coral Design Procedures.
- Installation of water meters and connections to the City of Cape Coral utilities shall be performed by and coordinated with the City of Cape Coral Public Works Department at the contractor's expense.
- All backflow prevention devices are to be located directly following the water meter on the owner's property. Backflow prevention devices shall be installed above ground to facilitate maintenance and testing. Backflow prevention devices shall be tested by a certified cross connection control technician in the presence of a City of Cape Coral representative.
- Irrigation to be provided by existing City of Cape Coral reuse system with internal system by owner.
- The contractor shall adjust (as required) pipeline alignments horizontally and/or vertically to avoid conflicts with actual field conditions as uncovered during construction. Horizontal and vertical separation shall conform to the City of Cape Coral Specifications and Design Procedures.
- The contractor shall verify with manufacturer of water and irrigation mains for maximum pipe deflection allowed. The pipe deflection shall not exceed 4 degrees per joint.
- The contractor shall color code all water, sewer, and irrigation mains and services to meet City of Cape Coral specifications.
- Disturbance and re-sampling will be required when any existing potable water main or service is disturbed and is the responsibility of the contractor at his expense.
- All utilities that meet the most current City of Cape Coral Utility Extension Program Design Procedures.
- Upon field inspection, the City of Cape Coral Utility Standards and Specifications Detail Drawings, current at the time of site plan approval, are to be utilized regardless of the details shown on the approved site plans.
- All electric power poles to be removed and electric lines to be relocated to be underground.

Plantings

- All plant materials and trees shall meet or exceed the standards for Florida No.1 as specified in "Grades and Standards for Nursery Plants", Part I, 2963, and Part II, State of Florida, Department of Agriculture, Tallahassee, as amended, or equal as approved by the DCD Director.
- Overhead power line radius within twenty (20) feet of existing overhead lines shall be maintained to a maximum height of less than twenty (20) feet or shall be subject to trimming and cutting by the power company. However, palm trees within fifteen (15) feet of existing overhead power lines are prohibited except for prony date palm, cocco palm, Christmas palm, parrot palm, and other species that attain a height of less than twenty (20) feet when mature.
- Tree shall be species having an average mature canopy of greater than fifteen (15) feet and having trunks which can be maintained in a open condition over five (5) feet of clear wood. All shade trees other than palm trees shall have a minimum height of eight (8) feet at planting. In addition, all trees other than palm trees shall have a diameter of two (2) inches when measured at a height of six (6) inches above the ground. Palm trees shall have a trunk base diameter of seven (7) inches when measured at ground level which does not include any portion of the root ball.
- The following trees are prohibited for planting in Cape Coral: Brazilian Pepper, Australian Pine, all Melaleuca species, all Eucalyptus, except Eucalyptus Anera and Toralina, Carrotwood, and Loriet Leaf.
- For property on which no curb, gutter, and/or sidewalk is required, the right-of-way/grade from the edge of the street pavement to the property line must be sodded and no groundcover, trees, or shrubs shall be used in lieu of sod or planted in such right-of-way/grade area.

Signs

- Site plans shall be conform to all fire codes and standards. (N.F.P.A. # 1 and # 101) and the City of Cape Coral.
- Fire lanes must be of all weather surfaces and be able to support a minimum weight of 32 tons.
- Fire lanes shall be marked with freestanding signs with the wording, "NO PARKING FIRE LANE BY ORDER OF THE FIRE DEPARTMENT". Such signs shall be 12 inches by 18 inches with a white background and red letters and shall be a maximum of seven feet in height from the roadway to the bottom part of the sign. The signs shall be within sight of the traffic flow and be a maximum of 60 feet apart.
- Fire department connections shall be identified by a sign that states "No Parking, Fire Department Connection" and shall be designed in accordance with Florida Department of Transportation standards for information signage.
- Design and testing of underground mains to fire hydrants is required.
- Underground sprinkler from POS (point of service) for sprinkler system - see the Fire Protection Documents by the Engineer of Record designing the sprinkler.
- Where underground water and hydrants are to be provided, they shall be installed, complete, and in service prior to construction work.
- Hydrants must have clearance of 7.5 feet in the front and 4 feet in the rear. All fire protection appliances must have 7.5 feet clearance on all sides.

ADDITIONAL NOTES:

The contractor or owner representative will be responsible for obtaining an appropriate sized temporary jumper assembly with meter from the City of Cape Coral's Utility Collection and Distribution Department at 574-0852 prior to receiving City water for construction and/or tying into any existing potable water main lines. A billing account must be set up through the City's Customer Billing Department prior to installation. A representative from the City of Cape Coral's Site Development and Review Division at 242-3244 must be notified 48 hours in advance of installation and be present to witness and record the installation process. Account documentation must be submitted to the Site Development and Review inspector at the time of meter installation.

After construction is complete and before the temporary jumper and meter is removed all potable water mains shall be flushed and pressure tested per AWWA section C600 and manufactured per AWWA C-651.

The contractor is prohibited from turning off any existing main line valves. These will be turned off by a representative of the City of Cape Coral's Utility Department at the contractor's arranged time and date.

Any work or materials which do not conform to the City of Cape Coral's specifications or any work performed without the knowledge of the City of Cape Coral Utility Inspectors or Representatives is subject to removal and replacement at the contractor's expense.

The contractor shall provide all labor, materials, and equipment necessary to dewater trench and secure excavations. The contractor shall secure all necessary permits associated with the City of Cape Coral's Utility Design Procedures Manual Technical Specifications section 02140. All dewatering shall comply with the regulations of the South Florida Water Management District and any agency with jurisdiction.

SITE DESCRIPTION

PROJECT NAME AND LOCATION:
VILLAGE SQUARE
677 CAPE CORAL PARKWAY EAST
CAPE CORAL, FLORIDA 33904

OWNER NAME AND ADDRESS:
DOWNTOWN VILLAGE SQUARE, LLC
4002 DEL PRADO BLVD. SOUTH, CAPE CORAL, FLORIDA 33904
PHONE: 239-274-7000 FAX: 239-845-1166

DESCRIPTION:
THE PROPOSED DEVELOPMENT WOULD CONSIST OF PARKING GARAGE, 6 BUILDINGS, DRIVEWAYS, PEDESTRIAN WALKWAYS, UTILITY SERVICES STORMWATER SYSTEM, DRAINAGE STRUCTURES, AND LANDSCAPING.

SOIL DISTURBING ACTIVITIES WILL INCLUDE:
CLEARING AND GRUBBING, EARTHWORK, PAVEMENT AND GRADING, STORM SEWER UTILITIES, AND PREPARATION FOR FINAL PLANTING AND SEEDING

SOILS:
SEE SOIL BORING REPORT FOR SOILS DATA
SITE MAPS
SEE ATTACHED GRADING PLAN FOR PRE & POST DEVELOPMENT GRADES, AREAS OF SOILS DISTURBANCE, LOCATION OF SURFACE WATERS, WETLANDS, PROTECTED AREAS, WADSWORTH STRUCTURAL AND HYDROLOGICAL CONTROL STRUCTURES AND STORM WATER DISCHARGE POINTS
SEE ATTACHED EROSION & TURBIDITY CONTROL PLAN FOR LOCATION OF TEMPORARY STABILIZATION STRUCTURES AND TURBIDITY BARRIERS
SEE GENERAL NOTES FOR REQUIREMENTS FOR TEMPORARY AND PERMANENT STABILIZATION

SITE AREA:
1. TOTAL AREA OF SITE = 3.84 ACRES
2. TOTAL AREA TO BE DISTURBED = 3.34 ACRES

NAME OF RECEIVING WATERS:
CITY OF CAPE CORAL - EXISTING CANALS

CONTROLS

THE STORMWATER POLLUTION PREVENTION PLAN (SWPPP OR SWP) SHALL BE AMENDED IMMEDIATELY THERE IS A CHANGE IN DESIGN, CONSTRUCTION, OPERATION, OR MAINTENANCE, WHICH HAS A SIGNIFICANT EFFECT ON THE POTENTIAL FOR DISCHARGE OF POLLUTANTS TO SURFACE WATERS OF THE STATE OR TO A MUNICIPAL SEPARATE STORM SEWER SYSTEM (SSS). THE SWP ALSO SHALL BE AMENDED IF IT PROVES TO BE INEFFECTIVE IN SIGNIFICANTLY REDUCING POLLUTANTS FROM THE SITE OR IF THE SWP ALSO SHALL BE AMENDED TO INDICATE ANY NEW CONTRACTOR AND/OR SUBCONTRACTOR THAT WILL IMPLEMENT ANY MEASURE OF THE SWP. ALL AMENDMENTS SHALL BE DATED, DATED, AND KEPT AS ATTACHMENTS TO THE ORIGINAL SWP.

STORM WATER MANAGEMENT

STORM WATER DRAINAGE WILL BE BY OVERLAND FLOW TO CATCH BASINS, AND STORM SEWERS TO AN UNDERGROUND COLLECTION FOR THE DEVELOPMENT. THE AREAS, WHICH ARE NOT DEVELOPED, WILL BE GRADED NO LESS THAN 3:1 SLOPES AND HAVE PERMANENT SEEDING OR PLANTING WHEN CONSTRUCTION IS COMPLETE. THE DRAINAGE WILL BE TO THE ON-SITE STORM WATER MANAGEMENT SYSTEM AS PERMITTED BY FLORIDA WATER MANAGEMENT DISTRICT.

TRAINING OF CONTROLS/MEASURES

REFER TO "CONTRACTORS RESPONSIBILITY" FOR THE TRAINING OF CONTROLS/MEASURES

CERTIFICATION OF COMPLIANCE WITH FEDERAL, STATE AND LOCAL REGULATIONS

IN ACCORDANCE WITH FEDERAL, STATE AND LOCAL LAWS RELATED TO STORM WATER MANAGEMENT AND EROSION AND TURBIDITY CONTROLS, THE FOLLOWING PERMITS HAVE BEEN OBTAINED

D.E.R. DREDGE/FILL PERMIT # _____
C.O.E. DREDGE/FILL PERMIT # _____
S.F.W.D. APPLICATION # 080603-7

POLLUTION PREVENTION PLAN CERTIFICATION

I CERTIFY UNDER PENALTY OF LAW THAT THIS DOCUMENT AND ALL ATTACHMENTS WERE PREPARED UNDER MY DIRECTION OR SUPERVISION IN ACCORDANCE WITH A SYSTEM DESIGNED TO ASSURE THAT QUALIFIED PERSONNEL PROPERLY GATHERED AND EVALUATED THE INFORMATION SUBMITTED BASED ON MY KNOWLEDGE OF THE PERSON OR PERSONS WHO GATHERED THE INFORMATION. THE INFORMATION SUBMITTED IS TO THE BEST OF MY KNOWLEDGE AND BELIEF, TRUE, ACCURATE, AND COMPLETE. I AM AWARE THAT THERE ARE SIGNIFICANT PENALTIES FOR SUBMITTING FALSE INFORMATION INCLUDING THE POSSIBILITY OF FINE AND IMPROVEMENT FOR Ongoing Violations.

SIGNED: _____
DATED: _____
DOWNTOWN VILLAGE SQUARE, LLC

GENERAL

THE CONTRACTOR SHALL AT A MINIMUM IMPLEMENT THE CONTRACTOR'S REQUIREMENTS OUTLINED BELOW AND THOSE MEASURES SHOWN ON THE DETAILS FOR BEST MANAGEMENT PRACTICES (BMPs) IN ADDITION THE CONTRACTOR SHALL UNDERTAKE ADDITIONAL MEASURES REQUIRED TO BE IN COMPLIANCE WITH APPLICABLE PERMIT CONDITIONS AND STATE WATER QUALITY STANDARDS DEPENDING UPON THE NATURE OF MATERIALS AND METHODS OF CONSTRUCTION. THE CONTRACTOR SHALL FOLLOW THE GUIDELINES CONTAINED IN THE FLORIDA DEVELOPMENT MANUAL - A GUIDE TO SOUND LAND AND WATER MANAGEMENT (EXP. 1986) AND ANY SUBSEQUENT AMENDMENTS

SEQUENCE OF MAJOR ACTIVITIES

THE ORDER OF ACTIVITIES WILL BE AS FOLLOWS:

1. INSTALL STABILIZED CONSTRUCTION ENTRANCE	9. INSTALL UTILITIES, STORM SEWER, CURBS & GUTTERS
2. INSTALL SILT FENCES AND HAY BALES (IF REQUIRED)	10. APPLY BASE TO PROJECT
3. CLEAR AND GRUB FOR OVERFLOW SWALES/DITCHES AND SEDIMENT BASIN (IF REQUIRED)	11. COMPLETE GRADING AND INSTALL PERMANENT SEEDING/GRASS AND PLANTING BASIN (IF REQUIRED)
4. CONSTRUCT SEDIMENTATION STRUCTURE (IF REQUIRED)	12. REMOVE ACCUMULATED SEDIMENT FROM BASIN
5. CONTINUE CLEARING AND GRUBBING	13. WHEN CONSTRUCTION ACTIVITY IS COMPLETE AND THE SITE IS STABILIZED, REMOVE ANY TEMPORARY OVERFLOW SWALES/DITCHES AND RESEED/SOIL AS REQUIRED
6. STAKE PILE TOP SOIL (IF REQUIRED)	
7. PERFORM PRELIMINARY GRADING ON SITE AS REQUIRED	
8. STAKE AND DISTURBED AREAS AND STOCKPILES AS SOON AS PRACTICABLE	

TRAINING OF CONTROLS/MEASURES

AS INDICATED IN THE SEQUENCE OF MAJOR ACTIVITIES, THE SILT FENCES AND HAY BALES, STABILIZED CONSTRUCTION ENTRANCE AND SEDIMENT BASIN WILL BE CONSTRUCTED PRIOR TO CLEARING OR GRADING OF ANY OTHER PORTIONS OF THE SITE. STABILIZATION MEASURES SHALL BE INSTALLED AS SOON AS PRACTICABLE IN PORTIONS OF THE SITE WHERE CONSTRUCTION ACTIVITIES HAVE TEMPORARILY CEASED FOR MORE THAN 45 DAYS. THEY WILL BE STABILIZED WITH A TEMPORARY SEED AND MULCH WHEN THE CONSTRUCTION ACTIVITY CEASES FOR MORE THAN 45 DAYS. PERMANENT PERMANENCE IN AN AREA THAT AREA WILL BE STABILIZED WITH PERMANENT SEED AND MULCH.

CONTROLS

IT IS THE CONTRACTOR'S RESPONSIBILITY TO IMPLEMENT THE SWP UTILIZING THESE GUIDANCE PROCEDURES FOR BEST MANAGEMENT PRACTICES (BMPs). IT IS ALSO THE CONTRACTOR'S RESPONSIBILITY TO ENSURE THESE CONTROLS ARE PROPERLY INSTALLED, MAINTAINED AND FUNCTIONING PROPERLY TO PREVENT TURBID OR POLLUTED WATER FROM LEAVING THE PROJECT SITE. THE CONTRACTOR WILL ADJUST THE BMP'S CONTROLS SHOWN AND ADD ADDITIONAL CONTROL MEASURES, AS REQUIRED, TO ENSURE THE SITE MEETS ALL FEDERAL, STATE AND LOCAL EROSION AND TURBIDITY CONTROL REQUIREMENTS

EROSION AND SEDIMENT CONTROLS

STABILIZATION PRACTICES

1. HAY BALE BARRIER: HAY BALE BARRIERS CAN BE USED BELOW DISTURBED AREAS SUBJECT TO SHEET AND RILL EROSION WITH THE FOLLOWING LIMITATIONS:
A. WHERE THE MAXIMUM SLOPE BEHIND THE BARRIER IS 3:1 PERCENT
B. IN MAJOR SWALES OR DITCH LINES WHERE THE MAXIMUM CONTINUING DRAINAGE AREA IS NO GREATER THAN 2 ACRES
C. WHERE EFFECTIVENESS IS REQUIRED FOR LESS THAN 3 MONTHS
D. EVERTY EFFORT SHOULD BE MADE TO LIMIT THE USE OF STRAW BALE BARRIERS CONSTRUCTED IN LIVE STREAMS OR IN SWALES WHERE THERE IS THE POSSIBILITY OF A WASHOUT. IF NECESSARY, MEASURES SHALL BE TAKEN TO PROTECT ANYCHOR BARRIERS FROM WASHOUT AGAINST WASHOUT

2. FILTER FABRIC BARRIER: FILTER FABRIC BARRIERS CAN BE USED BELOW DISTURBED AREAS SUBJECT TO SHEET AND RILL EROSION WITH THE FOLLOWING LIMITATIONS:
A. WHERE THE MAXIMUM SLOPE BEHIND THE BARRIER IS 3:1 PERCENT
B. IN MAJOR SWALES OR DITCH LINES WHERE THE MAXIMUM CONTINUING DRAINAGE AREA IS NO GREATER THAN 2 ACRES

3. STOCKPILED MATERIAL: NO EXCAVATED MATERIAL SHALL BE STOCKPILED IN SUCH A MANNER AS TO DIRECT RUNOFF DIRECTLY OFF THE PROJECT SITE INTO ANY ADJACENT WATER BODY OR STORM WATER COLLECTION FACILITY.

4. EROSION AREA LIMITATION: THE SURFACE AREA OF OPEN, BARE EROSION SOIL EXPOSED BY CLEARING AND GRUBBING OPERATIONS OR EXCAVATION AND FILLING OPERATIONS SHALL NOT EXCEED 10 ACRES THIS REQUIREMENT MAY BE WAIVED FOR LARGE PROJECTS WITH AN EROSION CONTROL PLAN WHICH DEMONSTRATES THAT GRADING OF ADDITIONAL AREAS WILL NOT SIGNIFICANTLY AFFECT OFF-SITE DEPOSIT OF SEDIMENT

5. INLET PROTECTION: INLETS AND CATCH BASINS WHICH DISCHARGE DIRECTLY OFF-SITE SHALL BE PROTECTED FROM SEDIMENT-LOADED STORM RUNOFF UNTIL THE COMPLETION OF ALL CONSTRUCTION OPERATIONS THAT MAY CONTRIBUTE SEDIMENT TO THE INLET.

TEMPORARY STABILIZATION: TOP OF SOIL PILES AND DISTURBED PORTIONS OF THE SITE WHERE CONSTRUCTION ACTIVITY TEMPORARILY CEASES FOR AT LEAST 45 DAYS WILL BE STABILIZED WITH TEMPORARY SEED AND MULCH NO LATER THAN 60 DAYS FROM THE LAST CONSTRUCTION ACTIVITY IN THAT AREA. THE TEMPORARY SEED SHALL BE RYE (GRAM) WITH A RATE OF 150 POUNDS PER ACRE. AFTER SEEDING, EACH AREA SHALL BE MULCHED WITH 4,000 POUNDS PER ACRE OF STRAW

TEMPORARY SEEDING AREAS OPENED BY CONSTRUCTION OPERATIONS AND THAT ARE NOT ANTICIPATED TO BE RE-EVALUATED OR DISEASED AND RECEIVE FINAL GRASSING TREATMENT WITHIN 30 DAYS SHALL BE SEEDING COVER DURING THE SEASON IN WHICH IT IS PLANTED AND WILL NOT LATER COMPLETE WITH THE PERMANENT GRASSING

TEMPORARY GRASSING: THE SEEDER OR SEEDING AND MULCH AREA(S) SHALL BE ROLLED AND WATERED OR HYDRATED OR ON OTHER SUITABLE METHODS TO ENSURE OPTIMUM GROWING CONDITIONS FOR THE ESTABLISHMENT OF A GOOD GRASS COVER. TEMPORARY GRASSING SHALL BE THE SAME MIX & AMOUNT REQUIRED FOR PERMANENT GRASSING IN THE CONTRACT SPECIFICATIONS

TEMPORARY REGRASSING: IF, AFTER 45 DAYS FROM SEEDING, THE TEMPORARY GRASS COVER HAS NOT ATTAINED A MINIMUM OF 75 PERCENT GOOD GRASS COVER, THE AREA WILL BE RESEEDED AND ADDITIONAL SEED APPLIED SUFFICIENT TO ESTABLISH THE DESIRED VEGETATIVE COVER

MAINTENANCE: ALL FEATURES OF THE PROJECT DESIGNED AND CONSTRUCTED TO PREVENT EROSION AND SEDIMENT SHALL BE MAINTAINED DURING THE LIFE OF THE CONSTRUCTION SO AS TO FUNCTION AS THEY WERE ORIGINALLY DESIGNED AND CONSTRUCTED

PERMANENT EROSION CONTROL: THE EROSION CONTROL FACILITIES OF THE PROJECT SHOULD BE DESIGNED TO MINIMIZE THE IMPACT ON THE OFFICE FACILITIES

PERMANENT SEEDING: ALL AREAS WHICH HAVE BEEN DISTURBED BY CONSTRUCTION SHALL AS A MINIMUM BE SEEDING MIX MUST PERFORM LONG-TERM VEGETATION AND RAPID GROWTH SEASONAL VEGETATION SEEDS STEEPER THAN 4:1 SHALL BE SEEDING AND MULCHED OR SOILED

PERMANENT STABILIZATION: DISTURBED PORTIONS OF THE SITE WHERE CONSTRUCTION ACTIVITY PERMANENTLY CEASES SHALL BE STABILIZED WITH PERMANENT SEED NO LATER THAN 60 DAYS AFTER THE LAST SEEDING OR NO LATER THAN 90 DAYS FROM THE LAST CONSTRUCTION ACTIVITY. THE PERMANENT SEED MIX SHALL CONSIST OF 20 POUNDS PER ACRE STRAW, EACH AREA SHALL BE MULCHED WITH 4,000 POUNDS PER ACRE OF STRAW. THE STRAW MULCH IS TO BE TAKEN INTO PLACE BY DISK WITH WHEELS SET NEARLY STRAIGHT

STRUCTURAL PRACTICES

1. TEMPORARY OVERFLOW DRAIN: TEMPORARY OVERFLOW DRAINS MAY BE USED TO DRAIN RUNOFF THROUGH A SEDIMENT-TREATING FACILITY

2. TEMPORARY SEDIMENT TRAP: A SEDIMENT TRAP SHALL BE INSTALLED IN AN DRAINAGE AT A STORM DRAIN ALLEYS OR AT OTHER POINTS OF DISCHARGE FROM A DISTURBED AREA

3. OUTLET PROTECTION: APPROPRIATE TO THE OUTLETS OF ALL PIPES AND PAVED CHANNEL SECTIONS WHERE THE FLOW COULD CAUSE EROSION & SEDIMENT PROBLEMS TO THE RECEIVING WATER BODY. SKI FLICES & HAY BALE ARE TO BE INSTALLED IMMEDIATELY DOWNSTREAM OF THE DISCHARGING STRUCTURE AS SHOWN ON THE OUTLET PROTECTION DETAIL

4. SEDIMENT BASIN: SHALL BE CONSTRUCTED AT THE COMMON DRAINAGE LOCATIONS THAT SERVE AN AREA WITH 10 OR MORE DISTURBED ACRES AT ONE TIME. THE PROPOSED STORM WATER POND (OR TEMPORARY POND) SHALL BE CONSTRUCTED FOR USE AS SEDIMENT BASINS. THESE SEDIMENT BASINS WOULD PROVIDE A MINIMUM OF 3,000 CU YD (FEET) OF STORAGE PER ACRE DRAINED WITH FINAL STABILIZATION OF THE SITE. TEMPORARY SEDIMENT BASINS (OR AN EQUIVALENT ALTERNATIVE) ARE RECOMMENDED FOR DRAINAGE AREAS UNDER 10 ACRES

OTHER CONTROLS

WASTE DISPOSAL

WASTE MATERIALS

ALL WASTE MATERIALS EXCEPT LAND CLEARING DEBRIS SHALL BE COLLECTED AND STORED IN A SEPARATE METAL DUMPSTER NEAR THE LOCAL WASTE MANAGEMENT COMPANY WHICH IS A LICENSED SOLID WASTE MANAGEMENT COMPANY. THE DUMPSTER WILL MEET ALL LOCAL AND STATE SOLID WASTE MANAGEMENT REGULATIONS. ALL TRASH AND CONSTRUCTION DEBRIS FROM THE SITE SHALL DEPOSITED IN THE DUMPSTER THE DUMPSTER SHALL BE FULLY AS NECESSARY. NO CONSTRUCTION WASTE MATERIALS WILL BE BURIED ON SITE. TRASH SHALL BE HAULED TO A STATE APPROVED LANDFILL. ALL PERSONNEL WILL BE INSTRUCED REGARDING THE CORRECT PROCEDURE FOR WASTE DISPOSAL. NOTICES STATING THESE PRACTICES WILL BE POSTED AT THE CONSTRUCTION SITE AND THE INDIVIDUAL WHO MANAGES THE DAY-TO-DAY SITE OPERATIONS WILL BE RESPONSIBLE FOR SEEING THAT THESE PROCEDURES ARE FOLLOWED

HAZARDOUS WASTE

ALL HAZARDOUS WASTE MATERIALS WILL BE DISPOSED OF IN THE MANNER SPECIFIED BY LOCAL OR STATE REGULATION OR BY THE MANUFACTURER. SITE PERSONNEL WILL BE INSTRUCTED IN THESE PRACTICES AND THE SITE SUPERINTENDENT, THE INDIVIDUAL WHO MANAGES DAY-TO-DAY SITE OPERATIONS, WILL BE RESPONSIBLE FOR SEEING THAT THESE PROCEDURES ARE FOLLOWED

SANITARY WASTE

ALL SANITARY WASTE WILL BE COLLECTED FROM THE PORTABLE UNITS AS NEEDED TO PREVENT POSSIBLE SPILLAGE. THE WASTE WILL BE COLLECTED AND KEPT IN AN APPROPRIATE WITH STATE AND LOCAL WASTE DISPOSAL REGULATIONS FOR SANITARY SEWER OR SEPTIC SYSTEMS

OFFSITE VEHICLE TRACKING

A STABILIZED CONSTRUCTION ENTRANCE SHALL BE PROVIDED TO THE SITE ENTRANCE WHICH WILL BE SWEEP DAILY TO REMOVE ANY EXCESS MUD OR SOIL FROM TRACKS FROM THE SITE. DUMP TRUCKS HAULING MATERIAL FROM THE CONSTRUCTION SITE SHALL BE COVERED WITH A TARP/AUPLIN

INVENTORY FOR POLLUTION PREVENTION PLAN

THE MATERIALS OR SUBSTANCES LISTED BELOW ARE EXPECTED TO BE PRESENT DURING CONSTRUCTION

SPILL PREVENTION

MATERIAL MANAGEMENT PRACTICES

THE FOLLOWING ARE THE MATERIAL MANAGEMENT PRACTICES THAT WILL BE USED TO REDUCE THE RISK OF SPILLS OR OTHER ACCIDENTAL EXPOSURE OF MATERIALS AND SUBSTANCES TO THE PUBLIC AND ENVIRONMENT

GOOD HOUSEKEEPING

THE FOLLOWING GOOD HOUSEKEEPING PRACTICES SHALL BE FOLLOWED DURING THE CONSTRUCTION PROJECT

- AN EFFORT WILL BE MADE TO STORE ONLY THOUGH PRODUCT REQUIRED TO DO THE JOB
- ALL MATERIALS STORED OUTSIDE WILL BE STORED IN A NEAT, ORDERLY MANNER IN THEIR APPROPRIATE CONTAINERS AND, IF POSSIBLE, UNDER A ROOF OR OTHER ENCLOSURE
- PRODUCTS WILL BE KEPT IN THEIR ORIGINAL CONTAINERS WITH THE ORIGINAL MANUFACTURER'S LABEL
- SUBSTANCES WILL NOT BE MIXED WITH ONE ANOTHER UNLESS RECOMMENDED BY THE MANUFACTURER
- WHENEVER POSSIBLE, ALL OF A PRODUCT WILL BE USED UP BEFORE DISPOSING OF THE CONTAINER
- MANUFACTURER'S RECOMMENDATIONS FOR PROPER USE AND DISPOSAL WILL BE FOLLOWED
- THE SITE SUPERINTENDENT WILL INSPECT DAILY TO ENSURE MATERIALS ARE KEPT PROPER USE AND DISPOSAL

HAZARDOUS PRODUCTS

THESE PRACTICES ARE USED TO REDUCE THE RISKS ASSOCIATED WITH HAZARDOUS MATERIALS

- PRODUCTS WILL BE KEPT IN ORIGINAL CONTAINERS UNLESS THEY ARE NOT REUSABLE
- CONTAINERS AND MATERIAL SAFETY DATA WILL BE RETAINED. THEY CONTAIN IMPORTANT PRODUCT INFORMATION
- IF SURPLUS PRODUCT MUST BE DISPOSED OF, MANUFACTURER'S OR LOCAL AND STATE RECOMMENDED METHODS FOR PROPER DISPOSAL WILL BE FOLLOWED

PRODUCT SPECIFIC PRACTICES

THE FOLLOWING PRODUCT SPECIFIC PRACTICES WILL BE FOLLOWED ON-SITE:

PETROLEUM PRODUCTS

ALL ON-SITE VEHICLES WILL BE MONITORED FOR LEAKS AND RECEIVE REGULAR PREVENTIVE MAINTENANCE TO REDUCE THE CHANCE OF LEAKAGE. PETROLEUM PRODUCTS WILL BE STORED IN TIGHTLY SEALED CONTAINERS WHICH ARE CLEARLY LABELED. ANY ASPHALT SUBSTANCES USED ON-SITE WILL BE APPLIED ACCORDING TO THE MANUFACTURER'S RECOMMENDATIONS

FERTILIZERS

FERTILIZERS USED WILL BE APPLIED ONLY IN THE MINIMUM AMOUNTS RECOMMENDED BY THE MANUFACTURER. ONCE APPLIED, FERTILIZER WILL BE WORKED INTO THE SOIL TO LIMIT EXPOSURE TO STORM WATER STORAGE WILL BE IN A COVERED AREA. THE CONTENTS OF ANY PARTIALLY USED BAGS OF FERTILIZER WILL BE TRANSFERRED TO A SEPARATE PLASTIC BIN TO AVOID SPILLS

PAINTS

ALL CONTAINERS WILL BE TIGHTLY SEALED AND STORED WHEN NOT REQUIRED FOR USE. EXCESS PAINT SHALL NOT BE DISCHARGED TO THE STORM SEWER SYSTEM BUT WILL BE PROPERLY DISPOSED OF ACCORDING TO MANUFACTURER'S INSTRUCTIONS OR STATE AND LOCAL REGULATIONS

CONCRETE TRUCKS

CONCRETE TRUCKS WILL NOT BE ALLOWED TO WASH OUT OR DISCHARGE SURPLUS CONCRETE OR DRAIN WASH WATER ON THE SITE

SPILL CONTROL PRACTICES

IN ADDITION TO THE GOOD HOUSEKEEPING AND MATERIAL MANAGEMENT PRACTICES DISCUSSED IN THE PREVIOUS SECTIONS OF THIS PLAN, THE FOLLOWING PRACTICES WILL BE FOLLOWED FOR SPILL PREVENTION AND CLEANUP

MATERIALS AND EQUIPMENT NECESSARY FOR SPILL CLEANUP WILL BE KEPT IN THE MATERIAL STORAGE AREA. ON-SITE EQUIPMENT AND MATERIALS WILL INCLUDE BUT NOT BE LIMITED TO BROOMS, DUST PANS, WOPS, RAZES, SHOES, GOGGLES, LIQUID ABSORBENT (E.G. WITH LITTER OF EQUAL), SAND, SERRATED, AND PLASTIC AND METAL TRASH CONTAINERS SPECIFICALLY FOR THIS PURPOSE

ALL SPILLS SHALL BE CLEANED UP IMMEDIATELY AFTER DISCOVERY. THE SPILL AREA WILL BE KEPT WELL VENTILATED AND PERSONNEL WILL WEAR APPROPRIATE PROTECTIVE CLOTHING TO PREVENT INJURY FROM CONTACT WITH A HAZARDOUS SUBSTANCE

SPILL OF TOXIC OR HAZARDOUS MATERIAL SHALL BE REPORTED TO THE APPROPRIATE STATE OR LOCAL GOVERNMENT AGENCY, REGARDLESS OF THE SIZE OF THE SPILL

THE SPILL PREVENTION PLAN SHALL BE ADDED TO INCLUDE MEASURES TO PREVENT THIS TYPE OF SPILL FROM REOCCURRING AND HOW TO CLEAN UP THE SPILL IF THERE IS ANOTHER ONE. A DESCRIPTION OF THE SPILL, WHAT CAUSED IT, AND THE CLEANUP MEASURES SHALL ALSO BE INCLUDED

THE SITE SUPERINTENDENT RESPONSIBLE FOR THE DAY-TO-DAY SITE OPERATIONS, WILL BE THE SPILL PREVENTION AND CLEANUP COORDINATOR. HE/SHE WILL DESIGNATE AT LEAST ONE OTHER SITE PERSONNEL WHO WILL RECEIVE SPILL PREVENTION AND CLEANUP TRAINING. THESE INDIVIDUALS WILL EACH BECOME RESPONSIBLE FOR A PARTICULAR PHASE OF PREVENTION AND CLEANUP. THE NAMES OF RESPONSIBLE SPILL PERSONNEL WILL BE POSTED IN THE MATERIAL STORAGE AREA AND IF APPLICABLE, IN THE OFFICE TRAILER ON-SITE.

MAINTENANCE/INSPECTION PROCEDURES

EROSION AND SEDIMENT CONTROL, INSPECTION AND MAINTENANCE PRACTICES (THE FOLLOWING ARE INSPECTION AND MAINTENANCE PRACTICES THAT SHALL BE USED TO MAINTAIN EROSION AND SEDIMENT CONTROLS

- CONTROL MEASURES SHALL BE INSPECTED BY THE SUPERINTENDENT, THE PERSON RESPONSIBLE FOR THE DAY TO DAY SITE OPERATION OR THE SUPERINTENDENT OF THE SUPERINTENDENT AT LEAST ONCE A WEEK AND FOLLOWING ANY STORM EVENT OF 0.25 INCHES OR GREATER
- ANY CONTROL MEASURES SHALL BE MAINTAINED IN GOOD WORKING ORDER, IF REPAIR IS NECESSARY, IT WILL BE INSTALLED WITHIN 24 HOURS OF REPORT
- RUCKS OFF SEDIMENT WILL BE REMOVED FROM SILT FENCE WHEN IT HAS BEHIND ONE-THIRD THE HEIGHT OF THE FENCE

SPILL FENCE SHALL BE INSPECTED FOR DEPTH OF SEDIMENT, TEARS, TO SEE IF THE FABRIC IS SECURELY ATTACHED TO THE FENCE POSTS AND TO SEE THAT THE FENCE POSTS ARE FIRM IN THE GROUND

THE SEDIMENT BASINS SHALL BE INSPECTED FOR THE DEPTH OF MATERIALS BUILT UP. SEDIMENT WILL BE REMOVED WHEN IT REACHES 75 PERCENT OF THE DESIGN CAPACITY OR AT THE END OF THE JOB, WHICHEVER COMES FIRST (IF REQUIRED)

DIVERSION DITCHES/SWALES SHALL BE INSPECTED AND ANY BREACHES PROMPTLY REPAIRED (IF REQUIRED)

TEMPORARY AND PERMANENT SEEDING AND PLANTING SHALL BE INSPECTED FOR BARE SPOTS, WASHOUTS AND HEALTHY GROWTH. THE REPORTS SHALL BE COMPLETED AND RETURNED AS PART OF THE STORM WATER POLLUTION PREVENTION PLAN FOR AT LEAST THREE YEARS FROM THE DATE THAT THE SITE IS FINALLY STABILIZED AND THE NOTICE OF TERMINATION IS SUBMITTED. THE REPORTS SHALL IDENTIFY ANY INCIDENTS OF NON-COMPLIANCE.

THE REPORTS SHALL BE KEPT ON FILE DURING CONSTRUCTION AND AVAILABLE UPON REQUEST TO THE OWNER, ENGINEER OR ANY FEDERAL, STATE OR LOCAL AGENCY APPROVING SEDIMENT AND EROSION CONTROL OR STORM WATER MANAGEMENT PLANS.

IT IS EXPECTED THAT THE FOLLOWING NON-STORM WATER DISCHARGES WILL OCCUR FROM THE SITE DURING THE CONSTRUCTION PERIOD:

- WATER FROM WATER LINE FLOWING
- PAVEMENT WASH WATERS (WHERE HOUSING OR LEAKS OF TOXIC OR HAZARDOUS MATERIALS HAVE OCCURRED)
- UNCONTAMINATED GROUNDWATER (FROM DEWATERING EXCAVATION)

ALL NON-STORM WATER DISCHARGES WILL BE DIRECTED TO THE SEDIMENT DASH PRIOR TO DISCHARGE.

CONTRACTOR'S CERTIFICATION

I CERTIFY UNDER PENALTY OF LAW THAT I UNDERSTAND THE TERMS AND CONDITIONS OF THE GENERAL NATIONAL POLLUTION DISCHARGE EXPLANATION SYSTEM (NPDES) PERMIT THAT AUTHORIZES THE STORM WATER DISCHARGES ASSOCIATED WITH CONSTRUCTION ACTIVITY ON AND FROM THIS SITE IDENTIFIED AS PART OF THIS CERTIFICATION

RESPONSIBLE EMPLOYEES

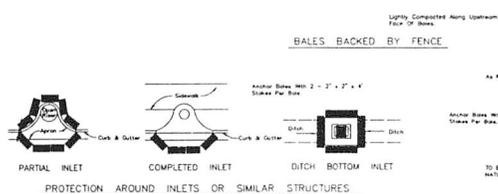

GENERAL CONTRACTOR	NON-CONSTRUCTION EMPLOYEE	NON-CONSTRUCTION EMPLOYEE	NON-CONSTRUCTION EMPLOYEE
_____	_____	_____	_____

BURNER NAME AND ADDRESS OF CONSTRUCTION SITE

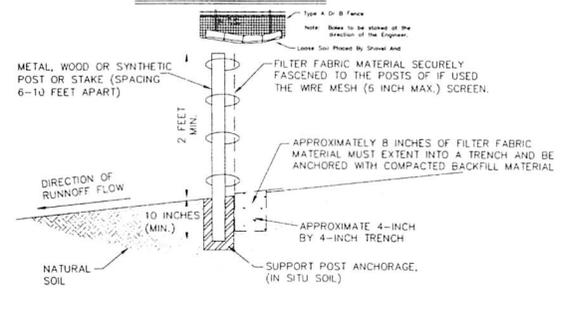

DATE

EROSION AND SEDIMENT CONTROL NOTES

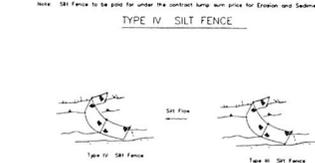

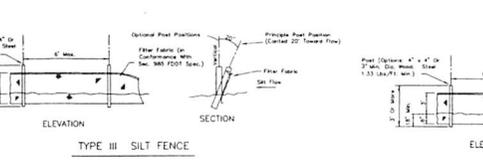

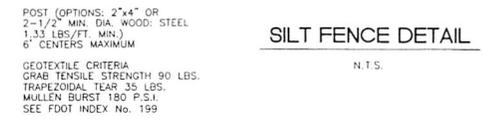

1. THE CONTRACTOR IS RESPONSIBLE FOR REMOVING SILT FROM SITE IF NOT REMOVED ON-SITE AND ASSURING PLAN ALIGNMENT AND GRADE IN ALL DITCHES AND CHANNELS AT COMPLETION OF CONSTRUCTION.
2. THE SITE CONTRACTOR IS RESPONSIBLE FOR REMOVING THE TEMPORARY EROSION AND SEDIMENT CONTROL DEVICES AFTER COMPLETION OF CONSTRUCTION AND ONLY WHEN AREAS HAVE BEEN STABILIZED.
3. ADDITIONAL PROTECTION - ON-SITE PROTECTION IN ADDITION TO THE ABOVE MUST BE PROVIDED THAT WILL PREVENT SOIL TO LEAVE THE PROJECT COMPLEX DUE TO UNSEEN CONDITIONS OR ACCIDENTS.
4. CONTRACTOR SHALL INSURE THAT ALL DRAINAGE STRUCTURES, PIPES, ETC. ARE CLEANED OUT AND WORKING PROPERLY AT TIME OF ACCEPTANCE.
5. WIRE MESH SHALL BE Laid OVER THE DITCH AREA SO THAT THE WIRE EXTENDS A MINIMUM OF 1 FOOT BEYOND EACH SIDE OF THE INLET STRUCTURE. HANGABLE ELLIPTICAL OR COVABLE WIRE MESH WITH 1/2" HO OPTHINGS SHALL BE USED. IF MORE THAN ONE STRIP OF WIRE IS NECESSARY, THE STRIPS SHALL BE OVERLAPPED.
6. FOOT NO. 1 COARSE AGGREGATE SHALL BE PLACED OVER THE WIRE MESH THE DEPTH OF STONE SHALL BE AT LEAST 12 INCHES OVER THE ENTIRE INLET OPENING. THE STONE SHALL EXTEND BEYOND THE INLET OPENING AT LEAST 18 INCHES ON ALL SIDES.
7. IF THE STONE FILTER BECOMES CLOGGED WITH SEDIMENT SO THAT IT NO LONGER ADEQUATELY PERFORMS ITS FUNCTION, THE STONES MUST BE PAID AWAY FROM THE INLET, CLEANED AND REPLACED.
8. BALES SHALL BE EITHER WIRE-BOUND OR STRUNG-TOGETHER WITH THE BRIDGES ORIENTED AROUND THE SIDES RATHER THAN OVER AND UNDER THE BALES.
9. BALES SHALL BE PLACED LENGTHWISE IN A SINGLE ROW SURROUNDING THE INLET, WITH THE ENDS OF ADJACENT BALES PRESSED TOGETHER.
10. BALES SHALL BE PLACED LONGITUDINALLY AND BACKFILLED WITH THE FILTER BARRIER SHALL BE EXTENDED AND BACKFILLED. A TRENCH SHALL BE EXCAVATED TO A MINIMUM DEPTH OF 8 INCHES AFTER THE BALES ARE STAKED. THE EXCAVATED SOIL SHALL BE BACKFILLED AND COMPACTED AGAINST THE FILTER BARRIER.
11. EACH BALE SHALL BE SECURELY ANCHORED AND HELD IN PLACE BY AT LEAST TWO STRAPS OR REBARS SPACED THROUGH THE BALES.
12. LOOSE STRAW SHOULD BE WEDGED BETWEEN BALES TO PREVENT WATER FROM EXTINGUISHING BETWEEN BALES.
13. STRAW BALE BARRIERS SHALL BE INSPECTED IMMEDIATELY AFTER EACH RAINFALL AND AT LEAST DAILY DURING PROLONGED RAINFALL.
14. CLOSE ATTENTION SHALL BE PAID TO THE REPAIR OF DAMAGED BALES, END PILES AND UNDERLACING BETWEEN BALES.
15. NECESSARY REPAIRS TO BARRIERS OR REPLACEMENT OF BALES SHALL BE ACCOMPLISHED PROMPTLY.
16. ANY SEDIMENT DEPOSITS REMAINING IN PLACE AFTER THE STRAW BALE BARRIER IS NO LONGER REQUIRED SHALL BE PRESSED TO CONFORM TO THE EXISTING GRADE, PREPARED AND SEEDED.
17. SALT FENCES AND FILTER BARRIERS SHALL BE INSPECTED IMMEDIATELY AFTER EACH RAINFALL AND AT LEAST DAILY DURING PROLONGED RAINFALL. ANY REQUIRED REPAIRS SHALL BE MADE IMMEDIATELY.
18. SHOULD THE FABRIC ON A SALT FENCE OR FILTER BARRIER DEGRADE OR BECOME INEFFECTIVE PRIOR TO THE END OF THE EXPECTED USABLE LIFE AND THE BARRIER STILL BE NECESSARY, THE FABRIC SHALL BE REPLACED PROMPTLY.
19. SEDIMENT DEPOSITS SHOULD BE REMOVED AFTER EACH STORM EVENT. THEY MUST BE REMOVED WHEN DEPOSITS REACH APPROXIMATELY ONE-THIRD THE HEIGHT OF THE BARRIER.
20. ANY SEDIMENT DEPOSITS REMAINING IN PLACE AFTER THE SALT FENCE OR FILTER BARRIER IS NO LONGER REQUIRED SHALL BE PRESSED TO CONFORM WITH THE EXISTING GRADE, PREPARED AND SEEDED.
21. EACH STRUCTURE SHALL BE INSPECTED AFTER EACH RAIN AND REPAIRS MADE AS NEEDED.
22. SEDIMENT SHALL BE REMOVED AND THE TRAP RESTORED TO ITS ORIGINAL DIMENSIONS WHEN THE SEDIMENT HAS ACCUMULATED TO 1/3 THE DEPTH OF THE TRAP. REMOVED SEDIMENT SHALL BE DEPOSITED IN A SUITABLE AREA AND IN SUCH A MANNER THAT IT WILL NOT ERODE.
23. THE CONTRACTOR IS RESPONSIBLE FOR FOLLOWING THE BEST MANAGEMENT PRACTICES (BMP'S).
24. FOR ADDITIONAL INFORMATION ON SEDIMENT AND EROSION CONTROL REFER TO "THE FLORIDA DEVELOPMENT MANUAL - A GUIDE TO SOUND LAND AND WATER MANAGEMENT" FROM THE STATE OF FLORIDA DEPARTMENT OF ENVIRONMENTAL REGULATION (F.D.E.R.) CHAPTER 6.

RESOLUTION 10 - 10

A RESOLUTION OF THE CAPE CORAL CITY COUNCIL PURSUANT TO THE CITY OF CAPE CORAL LAND USE AND DEVELOPMENT REGULATIONS; APPROVING AN APPLICATION FOR ENHANCED DENSITY, PURSUANT TO THE DOWNTOWN CRA REDEVELOPMENT INCENTIVE PROGRAM, FOR A PROPOSED PROJECT ENTITLED "DOWNTOWN VILLAGE SQUARE" LOCATED IN THE DOWNTOWN CORE (DC) ZONING DISTRICT ON PROPERTY DESCRIBED AS BLOCK 62A, UNIT 6 PART 1, AND BLOCK 62A, UNIT 8, CAPE CORAL SUBDIVISION, AS MORE PARTICULARLY DESCRIBED IN EXHIBIT "A"; PROPERTY LOCATED BETWEEN SE 47TH TERRACE TO THE NORTH, SE 9TH PLACE TO THE EAST, CAPE CORAL PARKWAY TO THE SOUTH, AND SE 8TH COURT TO THE WEST; PROVIDING AN EFFECTIVE DATE.

WHEREAS, the City of Cape Coral has established a Redevelopment Incentive Program (RIP) for development within the Downtown Community Redevelopment Area (CRA); and

WHEREAS, the RIP offers development incentive opportunities to property owners and developers as a means to meet specific development goals while increasing the quality of development and providing benefits to the community at large; and

WHEREAS, the regulations for the zoning districts located within the Downtown CRA set forth the criteria to be met in order to receive development incentives in the form of increased residential density and/or non-residential intensity (FAR); and

WHEREAS, development incentives must be provided from at least three of the nine categories of RIP development incentives in order to qualify for enhanced density and/or intensity; and

WHEREAS, an application has been received from Downtown Village Square, LLC, Red Rock Land Corporation, with authorization from Fifth Third Bank requesting enhanced density for including in a project certain development incentives that would provide public benefit(s); and

WHEREAS, the request has been reviewed by the Community Redevelopment Agency; and

WHEREAS, the request has been reviewed by the Cape Coral Planning and Zoning Commission/Local Planning Agency; and

WHEREAS, the City Council has considered the recommendations of the Community Redevelopment Agency and the Planning and Zoning Commission/Local Planning Agency.

NOW, THEREFORE, BE IT RESOLVED BY THE COUNCIL OF THE CITY OF CAPE CORAL, FLORIDA, AS FOLLOWS:

Section 1. In addition to considering the recommendations of the Community Redevelopment Agency and the Planning and Zoning Commission/Local Planning Agency, the City Council has considered the presentation made by the Applicant, the criteria set forth in Section 2.7.15 of the Land Use and Development Regulations as it pertains to the Downtown Core (DC) zoning district, and all other evidence presented to the City Council concerning Applicant's request to exceed the baseline density in the DC by nineteen dwelling units for that project known as "DOWNTOWN VILLAGE SQUARE", a proposed Planned Development Project (PDP). Because the baseline density of the DC zoning district allows 20 dwelling units per acre and the applicant is seeking an additional 19 dwelling units per acre through the RIP, this request, if approved, would result in this project having a density of 39 dwelling units per acre which would equate to a total of 152 dwelling units for the "DOWNTOWN VILLAGE SQUARE" project.

Section 2. The "DOWNTOWN VILLAGE SQUARE" project will be located in the Downtown Core (DC) zoning district at 845, 859, 869 and 877 Cape Coral Parkway East on property that is more particularly described as a parcel of land located in Section 18, Township 45 South, Range 24

East, Cape Coral, Lee County, Florida as more particularly described in Exhibit "A." The "DOWNTOWN VILLAGE SQUARE" project is proposed to consist of five (5) buildings that are described as follows: a six story building containing retail and professional office uses, two (2) six story compound use buildings, a seven story compound use building, and a 14 story compound use building containing six floors of structured parking. Because the DC zoning district restricts the height of buildings to 85 feet and six stories, the seven and 14 story buildings proposed for this project can only be approved by the awarding of a height deviation from the City Council through the Planned Development Project (PDP) process.

Section 3. The baseline density in the DC zoning district is 20 dwelling units per acre and the intensity (Floor Area Ratio) is 2.0 FAR. Additional residential density and commercial intensity, up to a maximum of 40 dwelling units per acre and a FAR of 4.0, respectively, may only be achieved through applicant participation in the RIP.

Section 4. The City Council finds that Applicant is proposing to provide development incentives from at least three (3) categories of RIP development incentives, as follows:

Category (1) Superior site design and quality development (as demonstrated in attached Exhibits "B", "C", and "D")

- (a) Connectivity. The five (5) buildings will be connected by covered cross-overs located on the third floor. The Developer will provide a series of walkways that will connect the eight foot wide sidewalk surrounding the site to a central square that provides a pedestrian link between SE 8th Court with SE 9th Place.
- (b) Exterior design and materials. The buildings associated with the Downtown Village Square Development contain a number of aesthetic enhancements that exceed the architectural requirements of the DC Zoning District. All buildings within the project have balconies, walls with ornamental details and display varied roof lines. Buildings A, B and C will contain stoops. The perimeter sidewalk and the majority of walkways located within the project along with the east-west central square that bisects Block 62A will be constructed of brick pavers. Collectively, the incorporation of these design features into the project will add greater visual appeal to the site than if the project simply was developed following the minimum standards contained within the DC Zoning District. Additionally, several of the architectural features mentioned above will assist in reducing building massing and thereby create a more inviting pedestrian-oriented scale associated with the project.
- (c) Orientation. Several buildings are oriented within the development to allow for small public gathering places. These areas include the patio located in front of Building A and the patio located between Building B and C, both of which contain fountains. Building E is designed to contain an atrium that also includes a central fountain. Three outdoor seating areas are located between Buildings C and E.
- (d) Underground utilities. Utilities, as well as the surface management system, will be located underground.

Within this category, the Village Square project meets four of five subsections. While this project does not meet the provisions of the clustering subsection, due to the quality and quantity of the enhancements provided in Sections a., b. and c. above, this project substantially meets the requirements of the Superior Site Design and Quality Development Category.

Category (3) Public Open Space and Recreational Areas (as demonstrated by Exhibit "E")

- (a) The project contains an east-west central square about 360 feet long and 26 feet wide that will provide for passive recreational opportunities.
- (b) The project will exceed the landscaping requirements by providing more than 1,000 plantings over the amount required by City code. The majority of

these plantings will be located around the periphery of Buildings A, B, C and E.

Category (4) Community Facilities (as demonstrated by Exhibit "F")

- (a) The project will have structured parking devoted to six floors of the 14-story building. Except for limited parking spaces on floors 2, 3 and 4 reserved for employees working at the project, the first four floors of the parking garage will be available for public use, including a minimum of 127 parking spaces located on the first floor.
- (b) Two thousand (2,000) sq. ft. of building space will be available on the ground floor of Building D for a City of Cape Coral police substation. The City shall have 18 months beginning with the issuance of a certificate of occupancy for this building to determine whether the City wishes to utilize this space. If the City, at its option, decides it does not wish to utilize this site, this action will not affect the awarding of enhanced density. Alternatively, in the event the space for the police substation is initially utilized by the City and subsequently the City decides not to utilize this space, the area must remain unoccupied by the City for a minimum of 12 consecutive months before this space would revert back to the Developer for his use. Should the City chose to vacate this area as described above, this action will not affect the awarding of enhanced density. For as long as the City wishes to utilize the aforementioned 2,000 ft² of area for a police substation, the City will receive this space free of rent, but will be responsible for maintenance-related expenses.

Category (5) Affordable Housing

Within 90 days of the approval of the development order, the Developer shall execute an affordable housing agreement with the City of Cape Coral. This agreement shall secure a minimum of five (5) affordable housing units for the project, or their monetary equivalent as provided herein. It shall be the Developer's option whether to provide housing in the project or their monetary equivalent.

- a. If Developer elects to provide housing within the project, the agreement shall contain provisions generally consistent with those outlined within LDR, Section 5.7.G. The affordable housing agreement shall contain the following provisions:
 - (1) No affordable housing unit in the development shall be rented or sold to a tenant whose household income has not been verified as moderate, low, or very low income family. Such verification shall be the responsibility of the owner and shall be submitted to the City Manager or the City Manager's designee for approval. Tenant income verification and certification shall be repeated annually to assure continued eligibility.
 - (2) No affordable housing unit that is to be sold, leased with option to purchase, or otherwise conveyed in the development shall be sold, leased with option to purchase, or otherwise conveyed to a buyer whose household income has not been verified and certified in accordance with this section as moderate, low, or very low income family. Such verification and certification shall be the responsibility of the developer and shall be submitted to the City Manager or the City Manager's designee for approval. It is the intent of this section to keep housing affordable; therefore, any person who buys an affordable housing unit must agree, in a lien instrument to be recorded with the Clerk of the Circuit Court of Lee County, Florida, that if he or she sells the property (including the land and/or the unit) within 15 years after his or her original purchase at a sales price in excess of 5% per year of his original purchase price that he or she will pay to the City of Cape Coral an amount equal to the sales price in excess of 5% increase per year. The lien instrument may be subordinated to a qualifying first mortgage.
 - (3) No more than two affordable housing units shall be located within a single building or single tower of Building "D".

- b. If the Developer chooses to pay to the City a monetary amount for each housing unit not provided in the development, the agreement shall contain, at a minimum, the following provisions:

In lieu of providing the five onsite housing units, the Developer shall pay \$25,000 per unit for each unit not located within the development. The Developer shall pay the funds no later than at the time of issuance of a certificate of occupancy for a maximum of 80 residential units located within the project.

Because the number of affordable housing units provided by the Developer is below 10% of the total number of housing units proposed for the development, the applicant partially meets the requirements of the Affordable Housing Category.

Category (8) Land Assemblage (as demonstrated in Exhibit "G")

Six parcels collectively yielding over three acres have been assembled by the applicant after December 1, 2005. The development site includes a 15 foot wide alley that is proposed to be vacated by the applicant thereby providing for a single, consolidated building site. The six assembled parcels will, if the alley is vacated as proposed, constitute an entire City block with over 250 feet in depth.

Category (9) Non-Residential Use Percentage (as demonstrated in Exhibit "H")

At buildout, about 51% of the net floor area of the project will be devoted to nonresidential uses.

Section 5. City Council hereby approves an increased density in the amount of nineteen (19) residential units per acre for the "DOWNTOWN VILLAGE SQUARE" planned development project which will award the development with an overall density of 39 residential units per acre.

Section 6. The enhanced density granted herein is contingent on the approval of a Planned Development Project (PDP) for the subject development by the City Council (or the Planning and Zoning Commission/Board of Adjustment and Appeals if the approval of the City Council is not required for the approval of the PDP). The PDP application includes a rezoning request from the Downtown Edge (DE) to the Downtown Core (DC) district. If a PDP Development Order is not approved by the City for the subject property in accordance with the enhanced density approved here, then the development of the subject property shall comply with the baseline density for the DC zoning district.

Section 7. All development incentives provided for the award of enhanced density through the RIP program must be maintained throughout the life of the development, except that the area set aside for a police substation shall only be required to be maintained for as long as the City of Cape Coral, in its sole discretion, maintains a police substation in that area. The relocation or removal of the police substation by the City of Cape Coral, at its sole option, shall not affect the award of enhanced density herein approved. The enhanced density granted herein is applicable only to the "DOWNTOWN VILLAGE SQUARE" development on property described as a parcel of land located in Block 62A, Unit 6 Part 1, and Block 62A, Unit 8, Cape Coral Subdivision, as more particularly described in Exhibit "A." The increased density granted herein runs with the land and is transferable to any future owner of the land, but it cannot be transferred to a different site or a different project on the same site. If a PDP Development Plan approved for the "DOWNTOWN VILLAGE SQUARE" Development expires, the award of increased density shall also expire at the same time.

Section 8. This Resolution shall take effect immediately upon its adoption.

ADOPTED BY THE CITY COUNCIL OF THE CITY OF CAPE CORAL AT ITS REGULAR COUNCIL SESSION THIS 26th DAY OF April, 2010.

PROJECT SUMMARY

PROJECT:	Downtown Village Square PDP Amendment
CASE NUMBER:	PDP19-0001
REQUESTS:	Amend Ordinance 42-10 to extend project buildout date, revise the phasing plan, and amend development order conditions
SITE ADDRESSES:	845-877 Cape Coral Parkway East and 826 SE 47 th Terrace
STRAP NUMBERS:	Multiple properties involved
LEGAL DESCRIPTION:	Block 62A, Unit 6, Part 1, and Block 62A, Unit 8, Cape Coral Subdivision, plus a vacated alley
PROPERTY OWNERS:	Downtown Village Square, LLC, Downtown Village Square II, LLC, Red Rock Land Corporation
AUTHORIZED AGENT:	Annette M. Barbaccia, AMB Planning Consultants, Inc.
FUTURE LAND USE:	Downtown Mixed
ZONING DESIGNATION:	South Cape Downtown (SC) District
URBAN SERVICE AREA:	Infill
CODE COMPLIANCE CASE:	N/A
PREPARED BY:	Mike Struve, AICP, Planning Team Coordinator
APPROVED BY:	Robert H. Pederson, AICP, Planning Manager
RECOMMENDATION:	Approval with conditions

PURPOSE

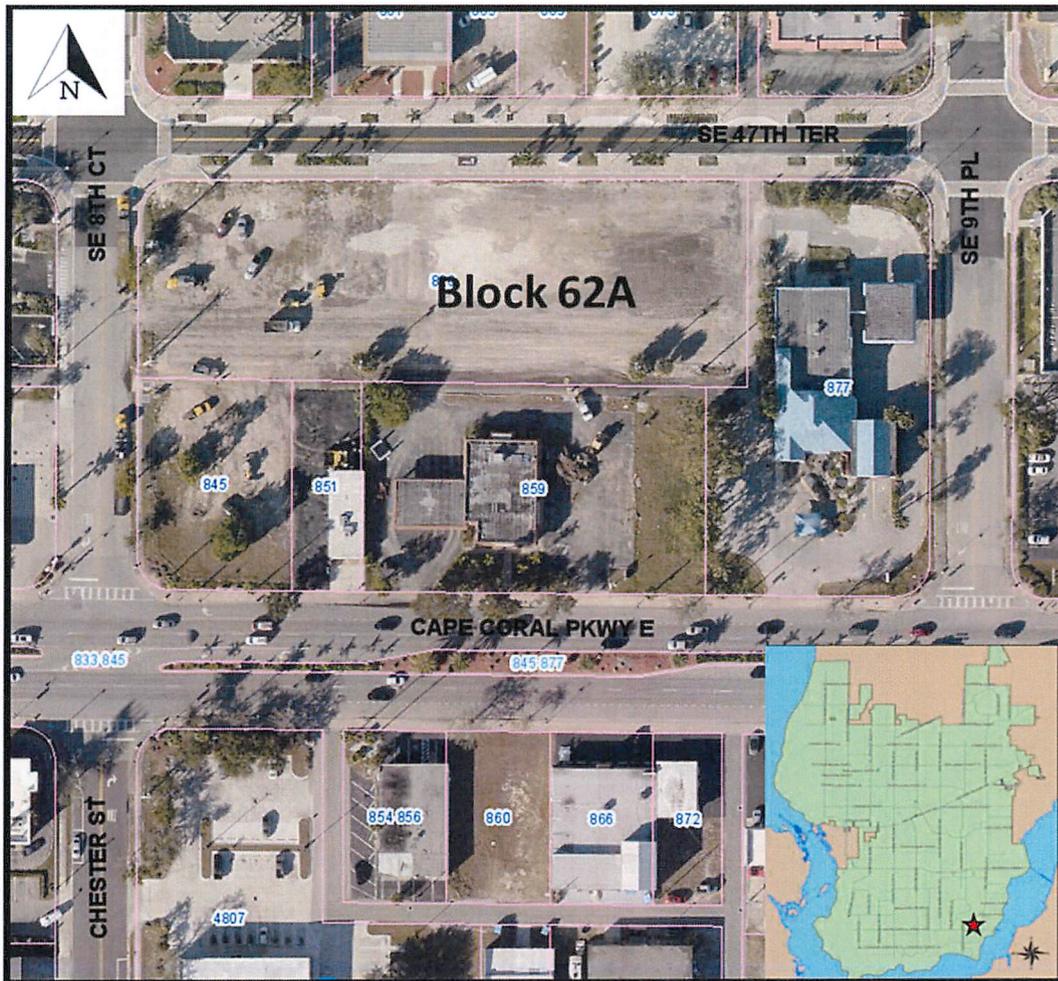

This report provides a single, consolidated review for a Planned Development Project (PDP) amendment entitled "Downtown Village Square." Within this report the following topics are addressed:

- Description of the site.
- Previously approved entitlements for the site.
- Description of the Downtown Village Square Project.
- Project Extensions and the Need for the PDP amendment.
- Changes to the Project Associated with the PDP amendment.
- Analysis of general standards and requirements for PDPs.
- Concurrency review.
- Consistency with the South Cape Downtown Community Redevelopment Plan.
- Consistency with the Comprehensive Plan.
- Project recommendation.

DESCRIPTION OF THE SITE

The 3.94-acre site is in the Community Redevelopment Area (CRA) in southeast Cape Coral. The site has frontage on four streets; SE 47th Terrace (to the north), SE 9th Place (east), Cape Coral Parkway (south), and SE 8th Court (west) (Figure 1). Cape Coral Parkway is classified as a major arterial and SE 47th Terrace is classified as a collector. Both SE 8th Court and SE 9th Place are classified as local streets. The site is in the Urban Services Infill Area.

Figure 1. Aerial of Block 62A – the site of the Downtown Village Square Development.

The site consists of Block 62A and includes five parcels. Three of the parcels have buildings.

All parcels in Block 62A have a Downtown Mixed Future Land Use Classification (FLUC) and South Cape (SC) Downtown Zoning. All surrounding sites within about 800 feet of this block share the same FLUC and zoning.

Permitted and special exception uses as well as some development standards in the SC District are based on a street designation system. The site is bound by streets with three different street designations: Parkway (Cape Coral Parkway), Secondary (SE 47th Terrace), and Tertiary (SE 8th Court and SE 9th Place).

PREVIOUSLY APPROVED ENTITLEMENTS FOR THE SITE

A PDP for the site was approved 2010 for a project entitled "Downtown Village Square." Ordinance 42-10 granted the following:

- A rezone from the Downtown Edge to the Downtown Core (DC) District;
- A vacation of plat for interior lot lines, public utility and drainage easements, and alley right-of-way (ROW); and,

- Multiple deviations to the Land Use and Development Regulations (LUDR) and the Engineering and Design Standards.

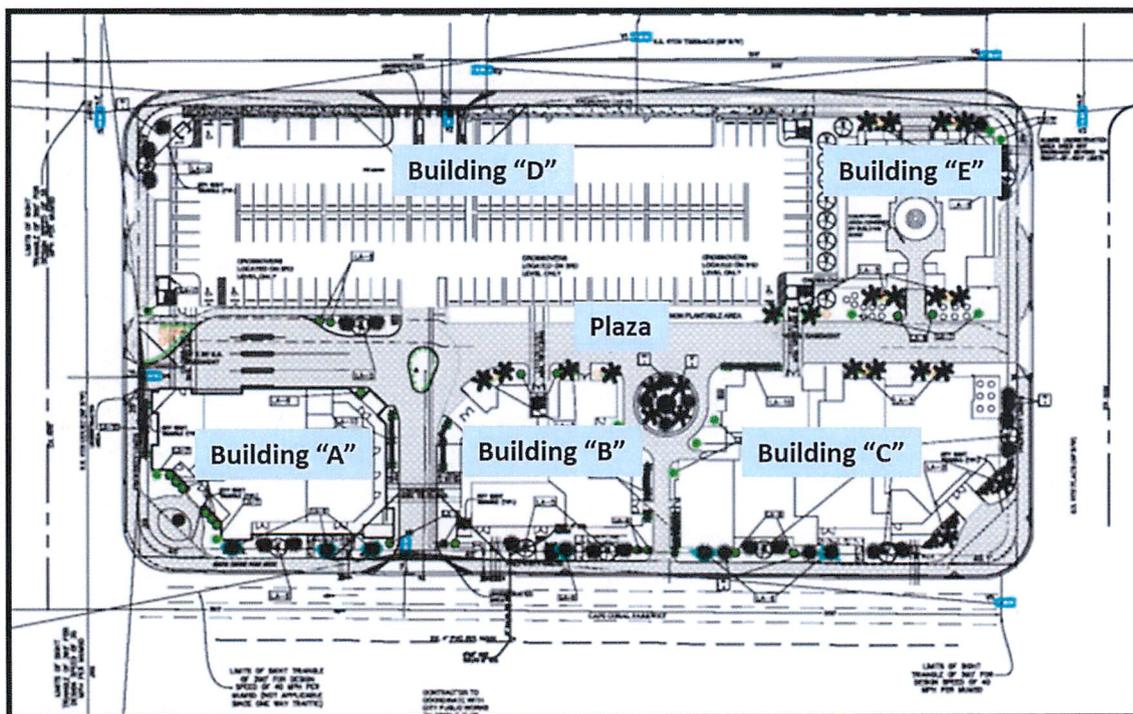

Prior to PDP approval, the developers received approval from the City Council for a bonus density of 19 additional dwelling units (DU) per acre above the baseline density in the DC District of 20 DU/acre. This increase in density was achieved through the former Redevelopment Incentive Program and was approved by Resolution 10-10.

Following PDP approval, the site was later rezoned from the DC to the SC District by Ordinance 18-12. Since the project was originally entitled under the DC zoning requirements when approved in 2010, this development continues to be governed by the DC regulations.

DESCRIPTION OF THE DOWNTOWN VILLAGE SQUARE PROJECT

Downtown Village Square is a mixed-use project that at buildout will be comprised of six buildings. The project will feature 251,546 sq. ft. of nonresidential uses that will include commercial, office, and restaurant space. The project will also include 152 residential units. A parking deck will be constructed at the northwest corner of the site and will provide 938 spaces with a minimum of 127 spaces reserved for public use. Residential towers will be constructed on the east and west ends on top of the parking garage.

Figure 2. Site design of the Downtown Village Square Project. Building “D” includes the parking garage with residential towers on top of the garage at the east and west ends.

PROJECT EXTENSIONS AND THE NEED FOR THE PDP AMENDMENT

The Downtown Village Square Project was approved in 2010 by Ordinance 42-10. Construction has not yet begun. Subsequent to the adoption of Ordinance 42-10, the project has been extended twice by the State of Florida through state of emergency declarations issued by the Governor, and four times (Resolutions 102-15, 81-17, 91-18, and 71-19) by the City of Cape Coral. The most recent extension of the project by the City Council, Resolution 71-19, extended the deadline for substantial construction to July 22, 2019, and stated that the developers' request to extend this deadline shall be treated as an application to amend the PDP. The most recent extension included a term sheet signed by the City Manager and Robert A. Lee, Jr. that memorialized changes to the project including deadlines for key milestones.¹ This term sheet was part of the City Council agenda package associated with Resolution 71-19.

CHANGES TO THE PROJECT ASSOCIATED WITH THE PDP AMENDMENT

This PDP amendment: 1) extends the buildout date of the project and the deadline for commencing substantial construction; 2) revises the phasing schedule; and 3) updates and revises conditions of approval in the amended development order consistent with the executed term sheet.

1. Extending the project

Resolution 71-19 extended the Downtown Village Square Project to July 22, 2019 to allow time for the current PDP amendment to be scheduled for hearing. This PDP amendment establishes target dates for several key milestones that include the demolition of three existing buildings on the site (December 31, 2019) and commencement of substantial construction for the project (July 1, 2020). Substantial construction means that a valid building permit has been issued for construction of the main building or buildings of the development (LUDR, Section 4.2.4.H). For this project, substantial construction will be achieved when the developer is issued a building permit for Building "A." The amendment also extends the buildout date of the project to April 26, 2021.

2. Revising the phasing schedule

Several changes to the phasing schedule are proposed. These changes include:

- Eliminating an outdated reference to the demolition of the Fifth Third Bank and referring to this building more generally.
- Requiring the demolition of three buildings on the site before other work can occur in Phase 1. The demolition of the former bank building and the existing car wash building was originally scheduled to be demolished in Phases 2 and 3, respectively.
- Clarifying that the developer shall complete all elements of Phase I, and then complete all elements of Phase 2 before work can begin on Phases 3, 4, and 5.
- Eliminating language in Phase I that previously required the developer to install pavers in the SE 47th Terrace ROW. These pavers were installed in 2018 by the City as part of the SE 47th Terrace streetscape improvement project.
- Clarifying that a Certificate of Use shall not be issued for any building or any unit within a building until parking exists to meet the minimum parking standards for the building or unit in question.

3. Revising conditions of approval

Conditions appearing in Ordinance 42-10 that have been revised include the following:

¹ Robert A. Lee, Jr. is the Managing Member of Downtown Village Square, LLC and Downtown Village Square II, LLC.

- Eliminating a requirement that the City pay a maximum of \$265,000 for the costs and fees for relocating a transmission pole at the northwest corner of the site. Because streetscape improvements in the SE 47th Terrace ROW made by the City exceeded \$265,000, the developer is now responsible for all costs for relocating this pole.
- Requiring pavers that will be installed along SE 8th Court and SE 9th Place be of the same color, shape, and pattern as those installed by the City along SE 47th Terrace.
- Requiring new pavers to be installed along Cape Coral Parkway to match pavers along SE 47th Terrace, SE 8th Court, and SE 9th Place unless a different design is approved by the Public Works Director.
- Requiring to developer to consult with Public Works on the selection of pavers for hardscape areas within the project (e.g., plaza and walkways).
- Clarifying that damage incurred to existing pavers in the SE 47th Terrace and Cape Coral Parkway ROW during construction shall be replaced by the developer at the developer's expense.
- Establishing deadlines for the following: demolition of the existing three buildings on the site; submittal of building plans for Building "A"; commencement of substantial construction; and completion of construction on Building "A."

ANALYSIS OF GENERAL STANDARDS AND REQUIREMENTS FOR PDPS

This project was evaluated for compliance with general standards and requirements found in LUDR, Section 4.2, provided below.

- Environmental control standards:* This PDP amendment involves extending the deadline to commence substantial construction on the project. While changes to the phasing plan and conditions of approval are proposed, the amendment does not approve any additional commercial intensity or residential density beyond that which was previously approved by Ordinance 42-10. Prior to a demolition permit being issued for the site, the developer will need to submit a burrowing owl and gopher tortoise affidavit to the City identifying the number of each protected species on the site. If owls or tortoises inhabit the site and cannot be protected, the developer will need permits also from the Florida Fish and Wildlife Conservation Commission.
- Maintenance of improvements:* A condition appearing in the Wetlands, Vegetation, and Wildlife Section of Ordinance 42-10 requires all landscaping and screening required in the Downtown Village Square project to be maintained in good condition throughout the life of the development.
- Consistency with Comprehensive Plan:* This project is consistent with several policies in the Comprehensive Plan discussed in greater detail later in this report.
- Financial Responsibility:* This standard is not applicable as the owners are not required to post a security bond or a certified check to assure the installation of any required improvements.
- Dimensional requirements:* The project received several deviations to the former DC District when the project was approved by Ordinance 42-10. Except for those granted deviations, the project complies with all dimensional requirements of the DC District.
- Maximum density:* This project includes 152 residential units on the 3.94 acre site or 39 DU/acre. The former DC District allowed a maximum of 20 DU/acre. The developer received an additional

19 DU/acre in density by qualifying and being approved for the former Redevelopment Incentive Program.

- G. *Minimum parcel size:* The former DC District did not have a minimum parcel area. The project is not in the Urban Services Reserve Area.
- H. *Time limitation:* Since project approval in 2010, several extensions have been granted by either the City or the state of Florida for extending the period for substantial construction.
- I. *Ownership requirements:* Three owners are involved in this PDP amendment: Red Rock Land Corporation; Downtown Village Square, LLC; and Downtown Village Square II, LLC. All three owners are parties to this PDP amendment.
- J. *Special exceptions:* This project does not involve a special exception use.
- K. *Deviations:* Multiple deviations were granted from LUDR and the Engineering and Design Standards by the City Council in approving Ordinance 42-10.
- L. *Underground Utilities:* New utilities serving the site will be placed underground.

CURRENCY REVIEW

The project was found to meet concurrency requirements when the Downtown Village Square Project was reviewed during 2008-2010. The site is in a Transportation Concurrency Exception Area (TCEA). As a result, the Developer is required to implement a minimum of five transportation improvement projects that are identified in Ordinance 42-10 to support mobility enhancement in the Downtown TCEA.

CONSISTENCY WITH THE SOUTH CAPE DOWNTOWN COMMUNITY REDEVELOPMENT PLAN

The project is consistent with several policies identified below that appear in the SC CRA Plan that was last amended in 2019.

3.1 Open Space and Street Layout

Policy 3.1.5

“Utilize incentive regulations and the developer negotiation process to create plaza areas aesthetically and functionally related to adjacent uses and the pedestrian and open space network.” **Staff comments: The project includes a central plaza providing for pedestrian connectivity among the buildings on the site.**

Policy 3.1.7

“Encourage and provide incentives for new projects to use structured parking to optimize green and open space.” **Staff comments: The project includes a six-story parking garage. A minimum of 127 spaces will be reserved for public use. The parking garage was used in part as a basis for justifying the approval of residential density above the baseline levels otherwise allowed in the former DC District.**

3.2 Limitations on Size, Height, Number and Use of Buildings

Policy 3.2.1

“Assemble property as necessary where conditions of title, diverse ownership, lot layouts or other conditions prevent proper development in strategic areas where the City’s redevelopment efforts can be successfully and effectively leveraged.” **Staff comments: Six parcels (over three acres) were assembled by the developers. The site includes a vacated alley and constitutes an entire block.**

Policy 3.2.6

“Encourage the revitalization of all properties as high quality mixed-use or commercial projects.” **Staff comments: The project will involve the redevelopment of several single-use sites into a larger, cohesive mixed-use development.**

Policy 3.2.7

“Encourage and provide incentives for the development of mixed-use buildings that include restaurants, outdoor cafes, specialty retail, and entertainment complexes to create attractive pedestrian oriented streets.” **Staff comments: The project includes over 33,000 sq. ft. of restaurant uses and over 95,000 sq. ft. of retail. A movie theater is proposed for Building “B.”**

3.3 Property Intended for Use as Public Parks and Recreation Areas

Policy 3.4.1

“Encourage the development of pocket parks and/or plazas for redevelopment projects.” **Staff comments: The project includes an east-west central plaza that provides a pedestrian link between SE 8th Court and SE 9th Place.**

CONSISTENCY WITH THE COMPREHENSIVE PLAN

The project is consistent with the following goals and policies.

Housing Element

GOAL

“To provide good quality housing in safe, clean neighborhoods, offering a broad choice of options in both type (single family and multi-family) and tenure (owner and renter occupied) to meet the needs of present and future residents of the City, regardless of age or income status.” **Staff comments: The project was approved for 152 multi-family residential units. The developer has signed an affordable housing agreement with the City to provide a minimum of five affordable housing units onsite.**

Future Land Use Element

Policy 1.9

“The City will issue no development orders or construction permits, which result in a reduction in the level of service for any affected public facility below the level of service standard adopted in this comprehensive plan.” **Staff comments: The project was deemed concurrent with City services when approved in 2010.**

Policy 1.13

“In establishing commercial siting guidelines, it is the intent of the City of Cape Coral to discourage new ‘strip commercial’ development. Strip commercial development, for the purpose of this policy, is often, but not always, linear in orientation, typically generates high volumes of traffic (often associated with

separate vehicular entrances and exits for each property on the primary street), may have poor or undefined pedestrian path systems that create conflicts between pedestrian and vehicular movements, and generally lacks sufficient onsite space to accommodate normal parking and loading activities. In discouraging new strip commercial development, the City shall also seek to limit or reduce traffic conflict points along arterial and collector roadways, to promote pedestrian-friendly development, and to create synergistic, compact patterns of commercial development... **Staff comments: The Downtown Village Square site consists of Block 62A. The site has a depth of about 300 feet.**

Policy 1.15.1

"Downtown Mixed: Intended primarily for the Downtown Community Redevelopment Area, to provide, a vibrant, walkable, mixed-use district in the historical heart of Cape Coral, mixed-use projects containing commercial and professional uses in conjunction with multi-family housing opportunities where practical and feasible are encouraged. To this end, commercial/professional uses may develop at a maximum Floor Area ratio of four (4) with an average area-wide FAR of two and twenty-three one hundredths (2.23) with commercial/professional uses developed at a ratio of sixty-five (65) percent commercial and thirty-five (35) percent professional, on an areawide basis. Residential development may develop at a density of forty (40) dwelling units per acre, not to exceed an aggregate of eleven thousand one hundred forty-six (11,146) dwelling units nor two hundred (200) dwelling units within the coastal high hazard area. In order to maintain these development limits, the City shall track residential and non-residential development within this future land use map classification. No further residential development will be permitted in this future land use classification should dwelling unit limits be reached. If the average area-wide FAR of two and twenty-three hundredths (2.23) is reached, the City will permit only that nonresidential development with a FAR of 2.23 or below. Development at these intensities and densities are contingent on the availability of centralized city utility services and transportation network at sufficient capacities to accommodate the development at the appropriate level of service, the availability of sufficient and convenient parking to service the project, the availability of multimodal transportation opportunities, and compatibility with adjacent existing and future land use. Special zoning designations may be established to implement this future land use classification, designed to result in a compact urban form." **Staff comments: At the time of project approval in 2010, the site was zoned DC that was consistent with the Downtown Mixed FLUC. This site, along with most other sites in the CRA, was rezoned to the SC District in 2012. The SC District is consistent with the Downtown Mixed FLUC.**

Policy 4.1

"Future development requiring access or connection to public water and sewer facilities will be located within either the Urban Services Infill or Transition areas." **Staff comments: The site is in the City Urban Services Infill Area.**

Policy 5.3

"New commercial development shall meet all of the requirements for adequate facilities based on the level of service standards adopted for roads, potable water and sanitary sewer, solid waste, storm water facilities and other services in this plan." **Staff comments: The project was found to be concurrent with City services when approved in 2010.**

Policy 5.5

"The City may consider the vacation of rights-of-way to facilitate land assembly and the development of a unified, contiguous commercial project." **Staff comments: The site includes a vacated alley that provides a single, unified site with about 300 feet of depth along a major arterial street (Cape Coral Parkway).**

Policy 5.6

"In addition to the facilities for which level of service standards are adopted as part of the concurrency management system of this plan; other services that should be considered to serve new commercial and mixed-use development include fire, police and emergency medical protection." **Staff comments: As a condition of approval appearing in Ordinance 42-10, the developer will provide the City with a minimum of 2,000 sq. ft. on the ground floor of Building "D" for a police substation, and an additional 2,000 sq. ft. for a governmental use.**

Policy 7.3

"The City will provide incentives to individual property owners, builders, and developers to assemble parcels of land for future private uses and will encourage the use of zero lot line (ZLL) and cluster type of development to improve lot layout, drainage, and stormwater retention." **Staff comments: The assembly of the site, originally comprised of six parcels, was used in part for justifying the approval of residential density above the baseline levels allowed in the former DC District.**

Policy 8.3

"Commercial developments shall be designed to minimize negative impacts on surrounding residential uses and the land development regulations shall provide for adequate buffering between commercial and residential uses. The design should ensure adequate screening of unsightly views of commercial development (such as loading docks, rooftop equipment, service entrances, trash containers, parking areas and exterior storage) through the extensive uses of landscaping, berms, fencing, concealment, architectural features, open space, setbacks, and/or building orientation. Ensure that the placement of any noise generating activities such as ingress/egress, parking, deliveries, air conditioning equipment and dumpster collections are designed to minimize any adverse noise effects. Traffic and parking should not adversely affect neighborhood quality. Noise, safety and overall maintenance of commercial properties should be carefully monitored." **Staff comments: All parking on the site will be in a parking garage. The base of the parking garage along SE 47th Terrace will be fronted by a liner building. Open space will be incorporated into the project by providing a centrally located plaza that includes a fountain and walkways to buildings in the development.**

Policy 13.3

"In order to encourage and facilitate development and redevelopment and the provision of housing, employment, service and shopping opportunities in a compact area currently served by public facilities, mixed use development shall be allowed in the Downtown Community Redevelopment Area. Such mixed use development shall conform to the Community Redevelopment Area Plan, as same may be amended, and shall be reviewed in accordance with the City's Land Use and Development Regulations." **Staff comments: The Downtown Village Square project is a mixed-use development that includes over 250,000 sq. ft. of nonresidential uses and a maximum of 152 dwelling units.**

Policy 14.3

"New development, redevelopment and infill development projects located within the City of Cape Coral Downtown Transportation Concurrency Exception Area (Downtown TCEA) may elect to be exempt from transportation concurrency requirements through implementation of the mitigation strategies described in Policy 14.5 of this Element. New development, redevelopment and infill development projects that do not choose to mitigate transportation concurrency impacts in such manner shall be subject to all applicable transportation concurrency requirements. Whether or not a project elects to mitigate its transportation impacts through the strategies identified in Future Land Use Policy 14.5, or elects to be subject to standard transportation concurrency requirements, all projects shall be subject to concurrency review for the

purpose of assessing the transportation impacts of the proposed development.” **Staff comments: The developer has elected to implement five transportation improvement projects, specified in Ordinance 42-10, that will support mobility enhancement within the Downtown TCEA.**

Policy 14.5

“In order to be exempt from link specific concurrency and to support mobility enhancement within the Downtown TCEA, all new development, redevelopment, or infill development projects may opt to incorporate any five of the following provisions:

- *Preferential parking for carpools, vanpools, and/or multiple occupancy vehicles with the object of increasing the average vehicle occupancy for trips generated by the development.*
- *Parking price structures favoring carpools, vanpools, and/or multiple occupancy vehicles, with the object of increasing either the average vehicle occupancy for trips generated by the development, or increasing transit ridership.*
- *Flexible work schedules for employees of the development, with the object of decreasing peak hour automobile trips generated by the development.*
- *Payment of a subsidy to LeeTran to support an increased level of transit service within the TCEA.*
- *Payment into one or more funds, to be established by the City or the CRA. Monies collected by such fund(s) shall be used to support programs and/or capital projects designed to provide additional parking and/or to enhance bicycle, pedestrian, and transit mobility within the TCEA.*
- *The provision of transit shelters, built to City of Cape Coral specifications, within the development.*
- *The provision of a safe and convenient internal pedestrian and bicycle circulation system within the development, including the placement of bicycle racks or bike lockers.*
- *The provision of transit turn out lanes on heavily traveled roadways.*
- *The provision of structured parking for ... residents, patrons and employees of the development.*
- *Clustering buildings within the development, or otherwise designing the development to achieve maximum residential density or non-residential intensity at the development site in a manner, which preserves open space, enhances multi-modal opportunities and provides transit oriented densities or intensities.*
- *Where feasible, the construction of new roadway or alleyway facilities to reduce congestion on major roadways and to provide alternate access to the development.*
- *Any other innovative transportation related modifications or standards submitted by the developer and acceptable to and approved by the City of Cape Coral.”* **Staff comments: The developer has incorporated five of the provisions provided above (Bullets 1,2,7,9, and 10) into the project to satisfy requirements of the TCEA.**

Policy 16.7

“Land use intensities and densities within the Downtown TCEA shall be consistent with the goals objectives and policies of the City’s Comprehensive Plan. In particular, Policy 1.15 (I) of this Element, describing the Downtown Mixed Future Land Use Classification, defines the allowable intensities and densities within the Downtown TCEA.” **At the time of project approval, commercial/professional uses in this FLUC could develop at a FAR of 4. Residential development could develop at a maximum density of 40 DU/acre.**

Transportation Element

Policy 1.1.7

“New development, redevelopment and infill development projects located within the City of Cape Coral Downtown CRA Transportation Concurrency Exception Area (TCEA) may be exempt from transportation

concurrency requirements, so long as said new development, redevelopment or infill development opts to mitigate impacts to transportation levels of service through the strategies described Policy 14.5 of the Future Land Use Element of this comprehensive plan. New development, redevelopment and infill development projects that do not choose to mitigate transportation concurrency impacts in such manner shall be subject to all applicable transportation concurrency requirements. Whether or not a project agrees to mitigate its transportation impacts through the strategies identified in Future Land Use Policy 14.5 or opts to be subject to standard transportation concurrency requirements, all projects shall be subject to concurrency review for the purpose of assessing the transportation impacts of the proposed development."

Staff comments: Staff comments: The developer has elected to implement five transportation improvement projects that will support mobility enhancement within the Downtown TCEA.

Policy 2.1.5

"The City shall continue to require new development to incorporate design elements to accommodate and protect bicyclists and pedestrians." **Staff comments: The developer will install pavers within the project ROW along SE 8th Court and SE 9th Place to match those pavers installed earlier by the City along SE 47th Terrace. Pavers will be installed by the developer in the project area on a plaza and on walkways between buildings to promote pedestrian activity.**

Policy 2.2.6

"In order to promote bicycling, walking, and other alternative modes of transportation, the City shall provide incentives for the development of mixed use projects, commercial activity centers and alternative subdivision design and lot layouts." **Staff comments: The developer received a density bonus through the Redevelopment Incentive Program by incorporating elements into the project that included superior site design, public open space and recreational areas, affordable housing, and non-residential use percentage.**

Policy 2.3.1

"New development, redevelopment and infill development projects located within the City of Cape Coral Downtown Transportation Concurrency Exception Area (Downtown TCEA) may elect to be exempt from transportation concurrency requirements through implementation of the mitigation strategies described in Policy 14.5 of the Future Land Use Element. New development, redevelopment and infill development projects that do not choose to mitigate transportation concurrency impacts in such manner shall be subject to all applicable transportation concurrency requirements. Whether or not a project elects to mitigate its transportation impacts through the strategies identified in Future Land Use Policy 14.5 or elects to be subject to standard transportation concurrency requirements, all projects shall be subject to concurrency review for the purpose of assessing the transportation impacts of the proposed development." **Staff comments: The developer elected to meet transportation concurrency requirements by implementing five strategies established for the TCEA as described Policy 14.5 of the Future Land Use Element.**

PROJECT RECOMMENDATION

Staff finds that this PDP amendment with conditions is consistent with the City LUDRs and Comprehensive Plan. This amendment is also consistent with Resolution 71-19 that most recently extended this project, and the term sheet term sheet signed by the City Manager and Mr. Lee that memorialized changes to the project including deadlines for several key milestones.

Purpose of the PDP Amendment

- ⦿ Extend substantial construction and project buildout dates
- ⦿ Update and revise the phasing schedule
- ⦿ Revise the conditions of approval

This amendment does NOT:

- ⦿ Change entitlements of the project
- ⦿ Add new land to the project
- ⦿ Revise or amend the approved site plan

Key Changes to the Phasing Schedule

- ⦿ **Eliminating outdated references**
- ⦿ **Revising the phasing schedule**
 - **All buildings on the site to be demolished in Phase 1**
- ⦿ **Providing clarity regarding specific requirements**
 - **Identify order and timing of specific milestones**

Amend and Add Conditions of Approval

- Eliminates a condition that the City to pay up to \$265,000 for relocating a transmission pole
- Adds conditions regarding new pavers installed in City ROW and within the project
- Establishes key dates for specific milestones:
 - Demolishing the three buildings
 - Submitting building plans for Building “A”
 - Beginning substantial construction for Building “A”
 - Receiving a certificate of completion for Building “A”

Establish a New Buildout Period

New buildout date will be five years from the date of City Council approval of the amendment.

Recommendations

Planning Division

Staff recommends approval.

Hearing Examiner

A public hearing was held on May 24, 2019. The Hearing Examiner recommends approval with staff conditions. No speakers at public input.

Correspondence

One phone call – additional informational sought.

MEMORANDUM

CITY OF CAPE CORAL
COMMUNITY DEVELOPMENT DEPARTMENT

Robert H. Pederson, Planning Manager *RHP*

DATE: July 16, 2019

SUBJECT: Ordinance 33-19 - Village Square PDP Extension Request

Executive Summary

Ordinance 33-19 would grant an extension to the Village Square PDP approval to April 26, 2021, as requested by the applicant. This project was first approved in 2010. There have been eight extensions to date. The most recent extension was granted by City Council on April 1, 2019 with an expiration date of July 22, 2019.

Prior to the extension approved on April 1, the City worked with the applicant to develop an agreement for moving forward with this project. The agreement (the "term sheet") addresses specific timing and phases for development. The term sheet was signed by the City Manager and Downtown Village Square, LLC (Mr. Robert Lee) on March 27, 2019.

The Hearing Examiner held a public hearing on the PDP extension on May 24 and recommends approval of the extension, subject to the PDP conditions of approval. The term sheet and the PDP ordinance are attached for your information.

Recommendation

City management recommends approval.

We are available to discuss this information in greater detail at your convenience.

DATE: March 27, 2019

SUBJECT: Village Square Planned Development Project (PDP)

The developer of the Village Square Planned Development Project (PDP) has requested another extension to the condition in the PDP that requires building permits for Phase 1, Building A (65,000 square feet Class A Office Building with 7,000 square feet of retail space) be issued by April 12, 2019.

This project was originally approved by City Council April 26, 2010 and required that substantial construction commence within two years from the date of approval. This requirement has been extended several times. It was extended through several requests made by the developer and approved by City Council. Other extensions were approved administratively pursuant to section 252.363, FS.

If Council approves a resolution extending the April 12, 2019, deadline to June 11, 2019, this additional time will enable City staff to bring forth an amendment to the ordinance that approved the PDP. This amendment will further extend the date to receive building permits for Phase 1, Building A and change the phasing plan included in the PDP. More importantly, it will include additional project performance benchmarks that must be met by the developer for the project to proceed. These benchmarks are included in the term sheet attached. Please know that if any of these terms are not met within the timeframe indicated, the agreement is null and void.

Options for Council to Consider

1. **No Action.** If Council chooses not to extend the requirement for building permits, then the entire project becomes null and void on April 12, 2019. However, there are some consequences associated with "no action" from an economic standpoint. While this project has sat idle for nearly a decade, it can serve as a "potential catalyst," to attract more investment in the South Cape. It has been staff's intention to induce development with the demolition and eventual groundbreaking and then reach out to developers to promote infill development elsewhere in the South

Cape. But if this project does not advance, it could result in a negative impact to the entire South Cape and deter potential developers and investors from the area. Plus, the properties could continue to sit idle and in a blighted state for years to come and negatively impact the surrounding area.

- 2. Approval of Extension.** Extending the building permit issuance and strengthening deliverables required of the developer in the PDP will demonstrate to the development community that the project is advancing. Staff can leverage the PDP amendment and proactively pursue other developers to acquire infill, undeveloped sites throughout the South Cape. If approved, this extension can serve as a catalyst to attract developers and investors elsewhere throughout the South Cape. It provides additional marketing opportunities and will help breathe vitality in the area. Ultimately, the developer completes construction of a Class A Office building in the South Cape by June 30, 2021, which will attract office tenants and serve to further revitalize the area.

We recommend the approval to extend the date of the building permit issuance (substantial construction) to allow enough time to amend the PDP to include these project performance benchmarks. We anticipate having the proposed PDP amendment to Council for consideration no later than ~~June 10, 2019~~.

July 22, 2019 RL *Mar 27, 2019*
Please know that Mr. Robbie Lee concurs with the attached term sheet and amended resolution; both of which comports with our recommendations contained in this memorandum.

Please feel free to contact us with any questions or concerns.

REVISED
3/28/19

Village Square – City of Cape Coral Term Sheet
March 27, 2019

The project will be null and void if the developer fails to meet all terms and deadlines contained herein.

Issue #	Date	Issue	Terms
1	4/1/2019	Resolution for Council	Approval extending the date of building permit issuance (substantial construction definition) If this does not occur see Issue #3
2	4/2/2019	Present to CRA Board	CRA Board to concur with Issue #13 provided all terms and deadlines are met
3	4/12/2019	Non-Compliance	Project does not meet condition of approval - project is null and void on this date if Issue #1 (the resolution) fails
4	6/10/2019 7/22/2019	Public Hearing R L Mar 27, 2019	Amend PDP to establish performance benchmarks and extend PDP expiration date to 4/26/2021
5	12/31/2019	Demolition of site structures	Car Wash and former Fifth-Third Bank
6	3/31/2020	Site Plan (Horizontal Engineering)	All fees paid, and permit issued
7	3/31/2020	Building A (Class-A office) Plans	Submit complete set of building plans that meet current code
8	6/30/2020	Building Plan Approval of Building A (Class A – Office)	Absent extensive revisions/alterations City will finalize review
9	7/1/2020	Building Permit(s) to commence construction	Upon payment of all fees permit(s) will be issued
10	1/1/2021	Initiate extension of the PDP - current PDP expires 4/26/2021	Upon evidence of inspections completed on vertical construction

Village Square – City of Cape Coral Term Sheet (Con't)

Issue #	Date	Issue	Terms
11	TBD	50% Reimbursement of fees associated with Phase 1, Building A	When in the opinion of the building official the structure is 50% complete, the City will reimburse up to 50% of all fees for Phase I, Building A
12	6/30/2021	Construction complete associated with Phase 1, Building A	Certificate of Completion issued, the City will reimburse the remaining 50% of fees for Phase 1, Building A
13	6/30/2021	Tax Increment Funding (TIF)	Recommend Tax Increment Funding (TIF) reinstated to 95% when Phase 1, Building A is complete

This document sets forth the terms agreed upon by the Administration of the City of Cape Coral and the Managing Member of Downtown Village Square, LLC., all of which is subject to City Council approval.

All terms, modifications or revisions shall be approved by City Council in Resolution 71-19.

MEMORANDUM

CITY OF CAPE CORAL
COMMUNITY DEVELOPMENT DEPARTMENT

TO: Mayor Coviello and Councilmembers

FROM: John Szerlag, City Manager 
Vincent A. Cautero, Community Development Director 
Ricardo Noguera, Economic Development Manager 

DATE: July 19, 2019

SUBJECT: Village Square – PDP, Term Sheet, and Development Schedule

Background

Over the past several months, City staff has worked with the Village Square development team to bring this mixed-use project to fruition – a project we believe can serve as a catalyst in downtown Cape Coral. Representatives from the City’s Financial Services and Community Development departments, along with Economic Development Office staff, have attempted to address and solidify the following three areas critical to advancement of the project:

1. **Financing Viability of the Development: a total of five phases;**
2. **Planned Development Project (PDP); and**
3. **Development Schedule**

Financial Viability of the Project

The City’s Financial Services Director and Economic Development Manager met with the developer and his team to investigate and confirm whether the project is financially viable and whether the developer has secured financing. Staff confirmed the developer has funding support to finance Phases 1 and 2 through a Letter of Credit valued at \$35 million. Phase 1 is an office building and limited retail, and phase 2 is a parking structure. However, there is no evidence the developer has financing to support the buildout of Phases 3 – 5. The developer has indicated he plans to refinance Phases 1 and 2 to support financing for the latter phases. This will require the City to closely monitor construction and values of the first two phases. Please see the attached memo from Financial Services Director Victoria Bateman.

Planned Development Project (PDP)

Should City Council approve this PDP amendment, the developer will be required to provide specific deliverables to demonstrate commitment to the project. In addition, the new buildout date for all phases will be July 22, 2024, although the developer will have the ability to request extensions from City Council.

Should City Council not approve the PDP amendment, the PDP will become null and void. Future development of the site would require conformance to the site's zoning designation (South Cape) or development through a Planned Unit Development (PUD) rezone consistent with new Land Development Code.

Term Sheet and Development Schedule

City staff prepared a Term Sheet, which was signed by the City Manager and Robbie Lee (developer) on March 27, 2019. The Term Sheet details specific deliverables and dates. These dates coincide with Resolution 71-19 approved on April 1, 2019 by City Council, which extended date of building permit issuance (substantial construction) until June 30, 2021. At this time, the shell construction of Phase I (office building) is to be completed. The elements of the Term Sheet are included in the amended PDP.

After approval of Resolution 71-19, City staff prepared a Development Schedule. Unfortunately, the developer did not agree to commit to any development schedule beyond Phase 1 and June 30, 2021. Staff's proposed Development Schedule is attached for your information. While the developer did not agree to staff's schedule, as noted above, the PDP provides a new buildout date of July 22, 2024 upon Council approval.

The Term Sheet also calls for the developer to have Tax Increment Financing (TIF) funds reinstated to 95 percent from the current 50 percent by June 30, 2021 when Phase 1 is complete. Please know the CRA ultimately will make this determination.

MEMORANDUM

CITY OF CAPE CORAL
CITY MANAGER'S OFFICE

TO: John Szerlag, City Manager
FROM: Victoria Bateman, Financial Services Director *CB for VB*
DATE: July 18, 2019
SUBJECT: Village Square Fiscal Viability

On June 27, 2019, Robbie Lee shared information that showed he had a bank balance of \$13 million available for the Village Downtown Square Project. Robbie Lee is required to pay off a mortgage of \$4 million on one of his New York properties to access his \$35M letter of credit. This leaves him with \$9 million in his bank account. The \$9 million cash plus the \$35 million LOC will provide \$44 million that will provide construction funding for phases 1 and 2, which are a shell office building and a parking structure, respectively.

The developer has indicated that he plans to refinance phases 1 and 2, once completed, to support the remaining phases. A determination should be made regarding the reasonableness of the suggested price points to determine if enough funds are available for phases 3, 4 and 5. For example, Robbie Lee expects to sell his condos for over \$450,000 and use the cash for future phases. It appeared that all the buildings would be fully leveraged to fund all the construction, plus Robbie Lee would have to pay off the \$35M line of credit. Therefore, we were not able to verify what funds were available to pay this line of credit.

Robbie Lee provided tax increment financing (TIF) projections prepared by Dr. Evans, an economist hired by the developer. The first year TIF funding would be in 2022 for completed phases 1 and 2. Phases 3 and 4 would start receiving TIF funds in 2023, and phase 5 would receive TIF funds in 2024. All construction would need to be completed by January 1 of each year to receive TIF funding. The TIF projections are calculated at 95% for all years, with an annual inflation rate of 1.5%. Robbie Lee provided a total TIF projection of \$21,514,895 assuming the TIF terminates after 2038, and a projection of \$36,025,523 if the TIF agreement would be extended to expire after the 2047 payment.

Robbie Lee has mentioned that he will establish a CDD district and issue a bond secured by the TIF to provide funding for the project. This means the bond debt would only provide net present value of his actual TIF expected – somewhat less than his projections.

ORDINANCE 35-19

AN ORDINANCE AUTHORIZING THE CITY MANAGER TO SELL MUNICIPAL SURPLUS REAL PROPERTY DESCRIBED AS LOTS 53 AND 54, BLOCK 5195, UNIT 83 CAPE CORAL SUBDIVISION PURSUANT TO SECTION 2-155 OF THE CITY OF CAPE CORAL CODE OF ORDINANCES; AUTHORIZING AND DIRECTING THE MAYOR AND CLERK TO EXECUTE A DEED CONVEYING THE AFOREMENTIONED SURPLUS REAL PROPERTY TO DANIEL LYNN NUCKOLLS AND SANDRA KAY NUCKOLLS; PROVIDING SEVERABILITY AND AN EFFECTIVE DATE.

WHEREAS, the City of Cape Coral acquired a certain parcel of real property described as Lots 53 and 54, Block 5195, Unit 83 Cape Coral Subdivision, located at 2832 NW 47th Avenue, which has been declared to be surplus real property pursuant to City Code of Ordinances Chapter 2, Article VII, Division 3, Section 2-155(a), by the City Council in Ordinance 73-18; and

WHEREAS, City Code of Ordinances Chapter 2, Article VII, Division 3, Section 2-155(c) indicates prior to the sale or other disposition of any city-owned real property, an appraisal shall be obtained; and

WHEREAS, City Code of Ordinances Chapter 2, Article VII, Division 3, Section 2-155(e) provides for eight methods in which the City may divest itself of City properties. The Ordinance further states “The property may be listed for sale in the multiple listing service (MLS) for a period of not less than 30 days. The city may accept the highest or best offer received during the listing period, provided that such offer is not less than 90% of the appraised value of said property”; and

WHEREAS, the City Council desires to convey the subject parcel as surplus real property pursuant to Section 2-155 of the City of Cape Coral Code of Ordinances; and

WHEREAS, Section 4.17 of the City Charter provides that the conveyance of any lands owned by the City shall be by ordinance.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF CAPE CORAL, FLORIDA, AS FOLLOWS:

Section 1. The City Manager is hereby authorized to sell the surplus real property described as Lots 53 and 54, Block 5195, Unit 83 Cape Coral Subdivision as recorded in Plat Book 23, Pages 41 to 54, inclusive, in the Public Records of Lee County, Florida.

Section 2. The City Council hereby accepts the purchase contract offer, as attached hereto and made a part hereof as Exhibit “A”, from Daniel Lynn Nuckolls and Sandra Kay Nuckolls, to purchase 2832 NW 47th Avenue, legally described as Lots 53 and 54, Block 5195, Unit 83 Cape Coral Subdivision as recorded in Plat Book 23, Pages 41 to 54, inclusive, in the Public Records of Lee County, Florida.

Section 3. The Mayor and City Clerk are hereby authorized to convey, by executing a warranty deed, the property described in Section 1 to Daniel Lynn Nuckolls and Sandra Kay Nuckolls.

Section 4. Severability. In the event that any portion or Section of this ordinance is determined to be invalid, illegal or unconstitutional by a court of competent jurisdiction, such decision shall in no manner affect the remaining portions or Sections of this ordinance which shall remain in full force and effect.

Section 5. Effective Date. This ordinance shall become effective immediately after its adoption by the Cape Coral City Council.

ADOPTED BY THE CITY COUNCIL OF THE CITY OF CAPE CORAL AT ITS REGULAR COUNCIL SESSION THIS _____ DAY OF _____, 2019.

JOE COVIELLO, MAYOR

 41 delivered. **The "Effective Date" of this contract is the date on which the last one of the Seller and Buyer**
 42 **has signed or initialed and delivered this offer or the final counter offer.**

43* **4. Closing Date:** This transaction will close on August 30, 2019 ("Closing Date"), unless specifically
 44 extended by other provisions of this contract. The Closing Date will prevail over all other time periods including,
 45 but not limited to, Financing and Feasibility Study periods. However, if the Closing Date occurs on a Saturday,
 46 Sunday, or national legal holiday, it will extend to 5:00 p.m. (where the Property is located) of the next business
 47 day. In the event insurance underwriting is suspended on Closing Date and Buyer is unable to obtain property
 48 insurance, Buyer may postpone closing for up to 5 days after the insurance underwriting suspension is lifted. If
 49 this transaction does not close for any reason, Buyer will immediately return all Seller provided documents and
 50 other items.

Buyer (am) (SM) and Seller (____) (____) acknowledge receipt of a copy of this page, which is 1 of 7 pages.

51 5. **Financing: (Check as applicable)**
52* (a) **Buyer** will pay cash for the Property with no financing contingency.
53* (b) This contract is contingent on **Buyer** qualifying for and obtaining the commitment(s) or approval(s)
54* specified below ("Financing") within _____ days after Effective Date (Closing Date or 30 days after Effective
55* Date, whichever occurs first, if left blank) ("Financing Period"). **Buyer** will apply for Financing within _____
56* days after Effective Date (5 days if left blank) and will timely provide any and all credit, employment, financial,
57* and other information required by the lender. If **Buyer**, after using diligence and good faith, cannot obtain the
58* Financing within the Financing Period, either party may terminate this contract and **Buyer's** deposit(s) will be
59* returned.

60* (1) **New Financing:** **Buyer** will secure a commitment for new third party financing for \$ _____
61* or _____% of the purchase price at (Check one) a fixed rate not exceeding _____% an
62* adjustable interest rate not exceeding _____% at origination (a fixed rate at the prevailing interest rate
63* based on **Buyer's** creditworthiness if neither choice is selected). **Buyer** will keep **Seller** and Broker fully
64* informed of the loan application status and progress and authorizes the lender or mortgage broker to
65* disclose all such information to **Seller** and Broker.

66* (2) **Seller Financing:** **Buyer** will execute a first second purchase money note and mortgage to
67* **Seller** in the amount of \$ _____, bearing annual interest at _____% and payable as
68* follows: _____
69* The mortgage, note, and any security agreement will be in a form acceptable to **Seller** and will follow
70* forms generally accepted in the county where the Property is located; will provide for a late payment fee
71* and acceleration at the mortgagee's option if **Buyer** defaults; will give **Buyer** the right to prepay without
72* penalty all or part of the principal at any time(s) with interest only to date of payment; will be due on
73* conveyance or sale; will provide for release of contiguous parcels, if applicable; and will require **Buyer** to
74* keep liability insurance on the Property, with **Seller** as additional named insured. **Buyer** authorizes **Seller**
75* to obtain credit, employment, and other necessary information to determine creditworthiness for the
76* financing. **Seller** will, within 10 days after Effective Date, give **Buyer** written notice of whether or not
77* **Seller** will make the loan.

78* (3) **Mortgage Assumption:** **Buyer** will take title subject to and assume and pay existing first mortgage to
79* _____
80* LN# _____ in the approximate amount of \$ _____ currently payable at
81* \$ _____ per month, including principal, interest, taxes and insurance, and having a
82* fixed other (describe) _____
83* interest rate of _____% which will will not escalate upon assumption. Any variance in the
84* mortgage will be adjusted in the balance due at closing with no adjustment to purchase price. **Buyer** will
85* purchase **Seller's** escrow account dollar for dollar. If the interest rate upon transfer exceeds _____% or
86* the assumption/transfer fee exceeds \$ _____, either party may elect to pay the excess,
87* failing which this contract will terminate; and **Buyer's** deposit(s) will be returned. If the lender disapproves
88* **Buyer**, this contract will terminate; and **Buyer's** deposit(s) will be returned.

89* 6. **Assignability: (Check one)** **Buyer** may assign and thereby be released from any further liability under this
90* contract, may assign but not be released from liability under this contract, or may not assign this contract.

91* 7. **Title:** **Seller** has the legal capacity to and will convey marketable title to the Property by statutory warranty
92* deed special warranty deed other (specify) _____, free of liens, easements,
93* and encumbrances of record or known to **Seller**, but subject to property taxes for the year of closing; covenants,
94* restrictions, and public utility easements of record; existing zoning and governmental regulations; and (list any
95* other matters to which title will be subject) _____,
96* provided there exists at closing no violation of the foregoing.

97* (a) **Title Evidence:** The party who pays for the owner's title insurance policy will select the closing agent and
98* pay for the title search, including tax and lien search if performed, and all other fees charged by closing agent.
99* **Seller** will deliver to **Buyer**, at
100* (Check one) **Seller's** **Buyer's** expense and
101* (Check one) within 30 days after Effective Date at least _____ days before Closing Date,
102* (Check one)

103* (1) a title insurance commitment by a Florida licensed title insurer setting forth those matters to be
104* discharged by **Seller** at or before closing and, upon **Buyer** recording the deed, an owner's policy in the
105* amount of the purchase price for fee simple title subject only to the exceptions stated above. If **Buyer** is
106* paying for the owner's title insurance policy and **Seller** has an owner's policy, **Seller** will deliver a copy to
107* **Buyer** within 15 days after Effective Date.

Buyer (DA) (S) and Seller () () acknowledge receipt of a copy of this page, which is 2 of 7 pages.

108* (2) an abstract of title, prepared or brought current by an existing abstract firm or certified as correct by an
109 existing firm. However, if such an abstract is not available to **Seller**, then a prior owner's title policy
110 acceptable to the proposed insurer as a base for reissuance of coverage may be used. The prior policy
111 will include copies of all policy exceptions and an update in a format acceptable to **Buyer** from the policy
112 effective date and certified to **Buyer** or **Buyer's** closing agent together with copies of all documents
113 recited in the prior policy and in the update. If such an abstract or prior policy is not available to **Seller**,
114 then (1) above will be the title evidence.

115* (b) **Title Examination:** After receipt of the title evidence, **Buyer** will, within 10 days (10 days if left blank)
116 but no later than Closing Date, deliver written notice to **Seller** of title defects. Title will be deemed acceptable
117 to **Buyer** if (i) **Buyer** fails to deliver proper notice of defects or (ii) **Buyer** delivers proper written notice and
118* **Seller** cures the defects within 30 days (30 days if left blank) ("Cure Period") after receipt of the notice. If
119 the defects are cured within the Cure Period, closing will occur within 10 days after receipt by **Buyer** of notice
120 of such cure. **Seller** may elect not to cure defects if **Seller** reasonably believes any defect cannot be cured
121 within the Cure Period. If the defects are not cured within the Cure Period, **Buyer** will have 10 days after
122 receipt of notice of **Seller's** inability to cure the defects to elect whether to terminate this contract or accept
123 title subject to existing defects and close the transaction without reduction in purchase price.

124 (c) **Survey:** **Buyer** may, at **Buyer's** expense, have the Property surveyed and must deliver written notice to
125 **Seller**, within 5 days after receiving survey but not later than 5 days before Closing Date, of any
126 encroachments on the Property, encroachments by the Property's improvements on other lands, or deed
127 restriction or zoning violations. Any such encroachment or violation will be treated in the same manner as a
128 title defect and **Seller's** and **Buyer's** obligations will be determined in accordance with Paragraph 7(b).

129 (d) **Ingress and Egress:** **Seller** warrants that the Property presently has ingress and egress.

130 8. **Property Condition:** **Seller** will deliver the Property to **Buyer** at closing in its present "as is" condition, with
131 conditions resulting from **Buyer's** Inspections and casualty damage, if any, excepted. **Seller** will not engage in or
132 permit any activity that would materially alter the Property's condition without the **Buyer's** prior written consent.

133 (a) **Inspections: (Check (1) or (2))**

134* (1) **Feasibility Study:** **Buyer** will, at **Buyer's** expense and within _____ days (30 days if left blank)
135 ("Feasibility Study Period") after Effective Date and in **Buyer's** sole and absolute discretion, determine
136 whether the Property is suitable for **Buyer's** intended use. During the Feasibility Study Period, **Buyer**
137 may conduct a Phase 1 environmental assessment and any other tests, analyses, surveys, and
138 investigations ("Inspections") that **Buyer** deems necessary to determine to **Buyer's** satisfaction the
139 Property's engineering, architectural, and environmental properties; zoning and zoning restrictions;
140 subdivision statutes; soil and grade; availability of access to public roads, water, and other utilities;
141 consistency with local, state, and regional growth management plans; availability of permits, government
142 approvals, and licenses; and other inspections that **Buyer** deems appropriate. If the Property must be
143 rezoned, **Buyer** will obtain the rezoning from the appropriate government agencies. **Seller** will sign all
144 documents **Buyer** is required to file in connection with development or rezoning approvals. **Seller** gives
145 **Buyer**, its agents, contractors, and assigns, the right to enter the Property at any time during the
146 Feasibility Study Period for the purpose of conducting Inspections, provided, however, that **Buyer**, its
147 agents, contractors, and assigns enter the Property and conduct Inspections at their own risk. **Buyer** will
148 indemnify and hold **Seller** harmless from losses, damages, costs, claims, and expenses of any nature,
149 including attorneys' fees, expenses, and liability incurred in application for rezoning or related
150 proceedings, and from liability to any person, arising from the conduct of any and all Inspections or any
151 work authorized by **Buyer**. **Buyer** will not engage in any activity that could result in a construction lien
152 being filed against the Property without **Seller's** prior written consent. If this transaction does not close,
153 **Buyer** will, at **Buyer's** expense, (i) repair all damages to the Property resulting from the Inspections and
154 return the Property to the condition it was in before conducting the Inspections and (ii) release to **Seller**
155 all reports and other work generated as a result of the Inspections.

156 Before expiration of the Feasibility Study Period, **Buyer** must deliver written notice to **Seller** of **Buyer's**
157 determination of whether or not the Property is acceptable. **Buyer's** failure to comply with this notice
158 requirement will constitute acceptance of the Property as suitable for **Buyer's** intended use in its "as is"
159 condition. If the Property is unacceptable to **Buyer** and written notice of this fact is timely delivered to
160 **Seller**, this contract will be deemed terminated, and **Buyer's** deposit(s) will be returned.

161* (2) **No Feasibility Study:** **Buyer** is satisfied that the Property is suitable for **Buyer's** purposes, including
162 being satisfied that either public sewerage and water are available to the Property or the Property will be
163 approved for the installation of a well and/or private sewerage disposal system and that existing zoning

Buyer () and Seller () () acknowledge receipt of a copy of this page, which is 3 of 7 pages.

164 and other pertinent regulations and restrictions, such as subdivision or deed restrictions, concurrency,
165 growth management, and environmental conditions, are acceptable to **Buyer**. This contract is not
166 contingent on **Buyer** conducting any further investigations.

167 **(b) Government Regulations:** Changes in government regulations and levels of service which affect **Buyer's**
168 intended use of the Property will not be grounds for terminating this contract if the Feasibility Study Period has
169 expired or if Paragraph 8(a)(2) is selected.

170 **(c) Flood Zone:** **Buyer** is advised to verify by survey, with the lender, and with appropriate government
171 agencies which flood zone the Property is in, whether flood insurance is required, and what restrictions apply
172 to improving the Property and rebuilding in the event of casualty.

173 **(d) Coastal Construction Control Line ("CCCL"):** If any part of the Property lies seaward of the CCCL as
174 defined in Section 161.053, Florida Statutes, **Seller** will provide **Buyer** with an affidavit or survey as required
175 by law delineating the line's location on the Property, unless **Buyer** waives this requirement in writing. The
176 Property being purchased may be subject to coastal erosion and to federal, state, or local regulations that
177 govern coastal property, including delineation of the CCCL, rigid coastal protection structures, beach
178 nourishment, and the protection of marine turtles. Additional information can be obtained from the Florida
179 Department of Environmental Protection, including whether there are significant erosion conditions associated
180 with the shore line of the Property being purchased.

181* **Buyer** waives the right to receive a CCCL affidavit or survey.

182 **9. Closing Procedure; Costs:** Closing will take place in the county where the Property is located and may be
183 conducted by mail or electronic means. If title insurance insures **Buyer** for title defects arising between the title
184 binder effective date and recording of **Buyer's** deed, closing agent will disburse at closing the net sale proceeds
185 to **Seller** (in local cashier's check if **Seller** requests in writing at least 5 days before closing) and brokerage fees to
186 Broker as per Paragraph 19. In addition to other expenses provided in this contract, **Seller** and **Buyer** will pay the
187 costs indicated below.

188 **(a) Seller Costs:**

189 Taxes on deed
190 Recording fees for documents needed to cure title
191 Title evidence (if applicable under Paragraph 7)
192* Other: _____

193 **(b) Buyer Costs:**

194 Taxes and recording fees on notes and mortgages
195 Recording fees on the deed and financing statements
196 Loan expenses
197 Title evidence (if applicable under Paragraph 7)
198 Lender's title policy at the simultaneous issue rate
199 Inspections
200 Survey
201 Insurance
202* Other: _____

203 **(c) Prorations:** The following items will be made current and prorated as of the day before Closing Date: real
204 estate taxes (including special benefit tax liens imposed by a CDD), interest, bonds, assessments, leases,
205 and other Property expenses and revenues. If taxes and assessments for the current year cannot be
206 determined, the previous year's rates will be used with adjustment for any exemptions.

207 **(d) Special Assessment by Public Body:** Regarding special assessments imposed by a public body, **Seller**
208 will pay (i) the full amount of liens that are certified, confirmed, and ratified before closing and (ii) the amount
209 of the last estimate of the assessment if an improvement is substantially completed as of Effective Date but
210 has not resulted in a lien before closing; and **Buyer** will pay all other amounts. If special assessments may be
211* paid in installments, **Seller** **Buyer** (**Buyer** if left blank) will pay installments due after closing. If **Seller** is
212 checked, **Seller** will pay the assessment in full before or at the time of closing. Public body does not include a
213 Homeowners' or Condominium Association.

214 **(e) PROPERTY TAX DISCLOSURE SUMMARY: BUYER SHOULD NOT RELY ON THE SELLER'S CURRENT**
215 **PROPERTY TAXES AS THE AMOUNT OF PROPERTY TAXES THAT BUYER MAY BE OBLIGATED TO**
216 **PAY IN THE YEAR SUBSEQUENT TO PURCHASE. A CHANGE OF OWNERSHIP OR PROPERTY**
217 **IMPROVEMENTS TRIGGERS REASSESSMENTS OF THE PROPERTY THAT COULD RESULT IN**
218 **HIGHER PROPERTY TAXES. IF YOU HAVE ANY QUESTIONS CONCERNING VALUATION, CONTACT**
219 **THE COUNTY PROPERTY APPRAISER'S OFFICE FOR FURTHER INFORMATION.**

Form
Simplicity

- 220 (f) **Foreign Investment in Real Property Tax Act ("FIRPTA"):** If **Seller** is a "foreign person" as defined by
221 FIRPTA, **Seller** and **Buyer** will comply with FIRPTA, which may require **Seller** to provide additional cash at
222 closing.
- 223 (g) **1031 Exchange:** If either **Seller** or **Buyer** wish to enter into a like-kind exchange (either simultaneously with
224 closing or after) under Section 1031 of the Internal Revenue Code ("Exchange"), the other party will
225 cooperate in all reasonable respects to effectuate the Exchange including executing documents, provided,
226 however, that the cooperating party will incur no liability or cost related to the Exchange and that the closing
227 will not be contingent upon, extended, or delayed by the Exchange.
- 228 **10. Computation of Time:** Calendar days will be used when computing time periods, except time periods of 5 days
229 or less. Time periods of 5 days or less will be computed without including Saturday, Sunday, or national legal
230 holidays specified in 5 U.S.C. 6103(a). Any time period ending on a Saturday, Sunday, or national legal holiday
231 will extend until 5:00 p.m. (where the Property is located) of the next business day. **Time is of the essence in**
232 **this contract.**
- 233 **11. Risk of Loss; Eminent Domain:** If any portion of the Property is materially damaged by casualty before closing
234 or **Seller** negotiates with a governmental authority to transfer all or part of the Property in lieu of eminent domain
235 proceedings or an eminent domain proceeding is initiated, **Seller** will promptly inform **Buyer**. Either party may
236 terminate this contract by written notice to the other within 10 days after **Buyer's** receipt of **Seller's** notification,
237 and **Buyer's** deposit(s) will be returned, failing which **Buyer** will close in accordance with this contract and
238 receive all payments made by the governmental authority or insurance company, if any.
- 239 **12. Force Majeure:** **Seller** or **Buyer** will not be required to perform any obligation under this contract or be liable to
240 each other for damages so long as the performance or non-performance of the obligation is delayed, caused, or
241 prevented by an act of God or force majeure. An "act of God or force majeure" is defined as hurricanes,
242 earthquakes, floods, fire, unusual transportation delays, wars, insurrections, and any other cause not reasonably
243 within the control of **Seller** or **Buyer** and which by the exercise of due diligence the non-performing party is
244 unable in whole or in part to prevent or overcome. All time periods, including Closing Date, will be extended for
245 the period that the act of God or force majeure is in place. However, in the event that such act of God or force
246 majeure event continues beyond 30 days, either party may terminate this contract by delivering written notice to
247 the other; and **Buyer's** deposit(s) will be returned.
- 248 **13. Notices:** All notices will be in writing and delivered to the parties and Broker by mail, personal delivery, or
249 electronic means. **Buyer's failure to timely deliver written notice to Seller, when such notice is required by**
250 **this contract, regarding any contingency will render that contingency null and void, and this contract will**
251 **be construed as if the contingency did not exist. Any notice, document, or item delivered to or received**
252 **by an attorney or licensee (including a transactions broker) representing a party will be as effective as if**
253 **delivered to or received by that party.**
- 254 **14. Complete Agreement; Persons Bound:** This contract is the entire agreement between **Seller** and **Buyer**.
255 **Except for brokerage agreements, no prior or present agreements will bind Seller, Buyer, or Broker**
256 **unless incorporated into this contract.** Modifications of this contract will not be binding unless in writing, signed
257 or initialed, and delivered by the party to be bound. Electronic signatures will be acceptable and binding. This
258 contract, signatures, initials, documents referenced in this contract, counterparts, and written modifications
259 communicated electronically or on paper will be acceptable for all purposes, including delivery, and will be
260 binding. Handwritten or typewritten terms inserted in or attached to this contract prevail over preprinted terms. If
261 any provision of this contract is or becomes invalid or unenforceable, all remaining provisions will continue to be
262 fully effective. **Seller** and **Buyer** will use diligence and good faith in performing all obligations under this contract.
263 This contract will not be recorded in any public record. The terms "**Seller**," "**Buyer**," and "**Broker**" may be singular
264 or plural. This contract is binding on the heirs, administrators, executors, personal representatives, and assigns, if
265 permitted, of **Seller**, **Buyer**, and Broker.
- 266 **15. Default and Dispute Resolution:** This contract will be construed under Florida law. This Paragraph will survive
267 closing or termination of this contract.
- 268 (a) **Seller Default:** If **Seller** fails, neglects, or refuses to perform **Seller's** obligations under this contract, **Buyer**
269 may elect to receive a return of **Buyer's** deposit(s) without thereby waiving any action for damages resulting
270 from **Seller's** breach and may seek to recover such damages or seek specific performance. **Seller** will also
271 be liable for the full amount of the brokerage fee.

Buyer (AM) (S) and Seller () () acknowledge receipt of a copy of this page, which is 5 of 7 pages.

Form
Simplicity

272 (b) **Buyer Default:** If **Buyer** fails, neglects, or refuses to perform **Buyer's** obligations under this contract,
273 including payment of deposit(s), within the time(s) specified, **Seller** may elect to recover and retain the
274 deposit(s), paid and agreed to be paid, for the account of **Seller** as agreed upon liquidated damages,
275 consideration for execution of this contract, and in full settlement of any claims, whereupon **Seller** and **Buyer**
276 will be relieved from all further obligations under this contract; or **Seller**, at **Seller's** option, may proceed in
277 equity to enforce **Seller's** rights under this contract.

278 **16. Attorney's Fees; Costs:** In any litigation permitted by this Contract, the prevailing party shall be entitled to
279 recover from the non-prevailing party costs and fees, including reasonable attorney's fees, incurred in conducting
280 the litigation. This Paragraph 16 shall survive Closing or termination of this Contract.

281 **17. Escrow Agent; Closing Agent:** **Seller** and **Buyer** authorize Escrow Agent and closing agent (collectively
282 "Agent") to receive, deposit, and hold funds and other items in escrow and, subject to Collection, disburse them
283 upon proper authorization and in accordance with Florida law and the terms of this contract, including disbursing
284 brokerage fees. "Collection" or "Collected" means any checks tendered or received have become actually and
285 finally collected and deposited in the account of Agent. The parties agree that Agent will not be liable to any
286 person for misdelivery of escrowed items to **Seller** or **Buyer**, unless the misdelivery is due to Agent's willful
287 breach of this contract or gross negligence. If Agent interpleads the subject matter of the escrow, Agent will pay
288 the filing fees and costs from the deposit and will recover reasonable attorneys' fees and costs to be paid from the
289 escrowed funds or equivalent and charged and awarded as court costs in favor of the prevailing party.

290 **18. Professional Advice; Broker Liability:** Broker advises **Seller** and **Buyer** to verify all facts and representations
291 that are important to them and to consult an appropriate professional for legal advice (for example, interpreting
292 this contract, determining the effect of laws on the Property and this transaction, status of title, foreign investor
293 reporting requirements, the effect of property lying partially or totally seaward of the CCCL, etc.) and for tax,
294 property condition, environmental, and other specialized advice. **Buyer** acknowledges that Broker does not reside
295 in the Property and that all representations (oral, written, or otherwise) by Broker are based on **Seller**
296 representations or public records. **Buyer agrees to rely solely on Seller, professional inspectors, and**
297 **government agencies for verification of the Property condition and facts that materially affect Property**
298 **value.** **Seller** and **Buyer** respectively will pay all costs and expenses, including reasonable attorneys' fees at all
299 levels, incurred by Broker and Broker's officers, directors, agents, and employees in connection with or arising
300 from **Seller's** or **Buyer's** misstatement or failure to perform contractual obligations. **Seller** and **Buyer** hold
301 harmless and release Broker and Broker's officers, directors, agents, and employees from all liability for loss or
302 damage based on (i) **Seller's** or **Buyer's** misstatement or failure to perform contractual obligations; (ii) the use or
303 display of listing data by third parties, including, but not limited to, photographs, images, graphics, video
304 recordings, virtual tours, drawings, written descriptions, and remarks related to the Property; (iii) Broker's
305 performance, at **Seller's** or **Buyer's** request, of any task beyond the scope of services regulated by Chapter 475,
306 Florida Statutes, as amended, including Broker's referral, recommendation, or retention of any vendor; (iv)
307 products or services provided by any vendor; and (v) expenses incurred by any vendor. **Seller** and **Buyer** each
308 assume full responsibility for selecting and compensating their respective vendors. This Paragraph will not relieve
309 Broker of statutory obligations. For purposes of this Paragraph, Broker will be treated as a party to this contract.
310 This Paragraph will survive closing.

311 **19. Commercial Real Estate Sales Commission Lien Act:** If the Property is commercial real estate as defined by
312 Section 475.701, Florida Statutes, the following disclosure will apply: The Florida Commercial Real Estate Sales
313 Commission Lien Act provides that when a broker has earned a commission by performing licensed services
314 under a brokerage agreement with you, the broker may claim a lien against your net sales proceeds for the
315 broker's commission. The broker's lien rights under the act cannot be waived before the commission is earned.

316 **20. Brokers:** The brokers named below are collectively referred to as "Broker." **Instruction to closing agent:**
317 **Seller** and **Buyer** direct closing agent to disburse at closing the full amount of the brokerage fees as specified in
318 separate brokerage agreements with the parties and cooperative agreements between the Brokers, except to the
319 extent Broker has retained such fees from the escrowed funds. This Paragraph will not be used to modify any
320 MLS or other offer of compensation made by **Seller** or **Seller's** Broker to **Buyer's** Broker.

321* (a) Dawn Y Andrews (Seller's Broker)
322* will be compensated by Seller Buyer both parties pursuant to a listing agreement other
323* (specify): IS NOT ACCEPTING A COMMISSION

324* (b) N/A (Buyer's Broker)

RESOLUTION 142 – 19

A RESOLUTION PROVIDING FOR THE VACATION OF PLAT FOR THE 7.5-FOOT WIDE PLATTED PUBLIC UTILITY AND DRAINAGE EASEMENT LOCATED ALONG THE SOUTH PROPERTY LINE OF LOT 5 AND THE 7.5 FOOT WIDE PLATTED PUBLIC UTILITY AND DRAINAGE EASEMENT ALONG THE NORTH PROPERTY LINE OF LOT 4, BOTH IN BLOCK 6400, CAPE CORAL, UNIT 76, THE ISLANDS; PROPERTY LOCATED AT 218 OLD BURNT STORE ROAD SOUTH; PROVIDING AN EFFECTIVE DATE.

WHEREAS, the Petition was filed by MARION MOCHRIE, TRUSTEE, for the vacation of plat on property described herein; and

WHEREAS, the Petition meets the requirements of Land Use Development Regulations, Article VIII, Section 8.11, Vacation of Plats, Streets and Other Property of the Code of Ordinances of the City of Cape Coral and it is in the best interest of the public that such Petition be granted.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF CAPE CORAL, FLORIDA:

Section 1. The Petition meets the requirements of Article VIII, Section 8.11, of the Code of Ordinances of the City of Cape Coral and it is in the best interest of the public that such Petition be granted. The following-described platted public utility and drainage easement, as shown in Exhibit A, is hereby vacated by the City of Cape Coral, to wit:

THE 15' DRAINAGE AND UTILITY EASEMENT CENTER ALONG THE LINE COMMON TO LOTS 4 AND 5, BLOCK 6400, CAPE CORAL, UNIT 76, THE ISLANDS, ACCORDING TO THE PLAT THEREOF RECORDED IN PLAT BOOK 35, PAGES 121 THROUGH 129, OF THE PUBLIC RECORDS OF LEE COUNTY, FLORIDA, LESS THE EAST AND WEST 7.5'.

BEING MORE PARTICULARLY DESCRIBED

COMMENCING AT THE NORTHEAST CORNER OF SAID LOT 4; THENCE S 89°58'35"W ALONG THE COMMON LINE BETWEEN SAID LOTS 4 AND 5 FOR 7.50' TO THE POINT OF BEGINNING; THENCE S 00°01'25"E FOR 7.50'; THENCE S 89°58'35"W FOR 110.00'; THENCE N 00°01'25"W FOR 15.00'; THENCE N 89°58'35"E FOR 110.00'; THENCE S 00°01'25"E FOR 7.50' TO THE POINT OF BEGINNING.

Section 2. The Applicant shall meet the following terms and conditions:

1. The vacation of the platted easements along the south property line of Lot 5 and the north property line of Lot 4, Block 6400, shall be consistent with that shown in the sketch and accompanying legal description prepared by R. K. Burns Surveying, Inc., dated October 24, 2018, and attached hereto as Exhibit A.
2. The City shall retain a 7.5-foot wide public utility and drainage easement around the perimeter of the site.
3. This resolution shall be recorded with the Office of the Lee County Clerk of Court by the City of Cape Coral. This resolution shall not be effectuated until the applicant reimburses the City for all recording fees associated with this resolution.

Section 3. This Resolution shall take effect upon its recording within the Office of the Lee County Clerk of Court by the City of Cape Coral.

ADOPTED BY THE CITY COUNCIL OF THE CITY OF CAPE CORAL AT ITS REGULAR COUNCIL SESSION THIS _____ DAY OF _____, 2019.

OFFICE OF THE HEARING EXAMINER, CITY OF CAPE CORAL

HEARING EXAMINER RECOMMENDATION

VP HEX Recommendation 7-2019

DCD CASE # VP 19-0006

Rendered April 16, 2019

APPLICATION FOR: Vacation of Platted Easements Property Lot Lines

OWNER/APPLICANT: Marion Mochrie, Trustee of the Mochrie 2013 Property Trust dated February 28, 2013

APPLICANT'S REPRESENTATIVE: Raymond J. Scalerò

LOCATION OF PROPERTY: 218 Old Burnt Store Road South, Cape Coral, FL
Lots 4-5, Block 6400, Cape Coral, Unit 76, The Islands
Strap number: 13-44-22-C2-00800.0040

ZONING DISTRICT: Single Family Residential (R-1B)

FUTURE LAND USE CLASSIFICATION: Single Family and Multi-Family by PDP

URBAN SERVICE: Transition

HEARING DATE: April 16, 2019

SUMMARY OF REQUEST: The Applicant requests to vacate the 7.5-foot wide platted easement along the south property line of Lot 5 and the 7.5-foot wide platted easement along the north property line of Lot 4; both lots in Block 6400; for a vacation of a total of 1,650 square feet of platted easements.

I. **SUMMARY OF HEARING EXAMINER RECOMMENDATION**

The Hearing Examiner recommends that City Council **approve** the application for the requested vacations, **subject to the conditions set forth below.**

II. **NOTICE OF HEARING**

Based on the testimony of City Staff Michael Struve at the Hearing, the Hearing Examiner finds that proper notice of this hearing was provided, in accordance with the requirements of Article VIII, §8.3, Public Hearings, of the City of Cape Coral Land Use and Development Regulations ("LUDRs").

III. **PARTICIPANTS IN HEARING**

CITY STAFF: Michael Struve, AICP¹

CITY CLERK'S OFFICE: Kimberly Bruns

APPLICANT'S REPRESENTATIVE: Raymond J. Scalero

MEMBERS OF PUBLIC: None

TELEPHONE CALL/WRITTEN COMMUNICATION FROM PUBLIC: None

IV. **EXHIBITS**

APPLICANT'S AND CITY STAFF'S EXHIBITS: previously submitted.

V. **REVIEW OF LUDR REQUIREMENTS**

Authority. The Hearing Examiner has the authority to recommend approval or denial of an application for a vacation of a plat and associated easements pursuant to LUDR §9.2.3 b.8.

Standard of Review of Evidence; Hearsay Evidence. The Hearing Examiner's recommendation is based on whether the application meets all applicable requirements of the Comprehensive Plan, the City Code of Ordinances, and the LUDRs, upon review of the entirety of the record.

Hearsay evidence may be used for the purpose of supplementing or explaining other evidence, but it shall not be sufficient by itself to support a finding unless it would be admissible over objection in court. The Hearing Examiner must consider all competent substantial evidence in the record as defined by LUDR § 8.3.1.C.3.b.

LUDR Standards. The Hearing Examiner reviewed the application in accordance with the standards set forth in LUDR § 8.11, *Vacation of plats, rights-of-way and other property*, in addition to the general standards set forth in the LUDRs and the City Comprehensive Plan.

VI. **TESTIMONY AT HEARING**

Incorporation of Staff Report and Staff Testimony by Applicant's Representative

The Applicant's Representative incorporated the Staff Report and Staff Testimony ("Staff Input") into his presentation by reference. He requested the Hearing

¹ Mr. Struve was recognized as an expert in land planning issues associated with this Application, based upon his prior appearances before the Hearing Examiner and his credentials which are on file with the City Clerk's Office.

Examiner to recommend that City Council find the Staff Input as findings of fact, in addition to those separately presented by him.

Incorporation of Staff Report by Staff

Staff incorporated the Staff Report into his presentation by reference.

Hearing Examiner's Recommended Findings of Fact.

All documentary and oral testimony below is accepted by the Hearing Examiner as recommended findings of fact, unless specifically noted otherwise. The Hearing Examiner recommends that the City Council accept such testimony as findings of fact to substantiate its decision regarding this Application.

VII. **DISCUSSION**

Site Information

Staff testified that the subject site is located in western Cape Coral and is approximately 20,785 square feet in size. Staff further testified that the eastern side of the site has frontage on Old Burnt Store Road and the western side has water frontage on the North Spreader Waterway. Staff further testified that except for a seawall that was constructed in 2018, the site is vacant.

Staff testified that the Applicant owns Lots 4 and 5, which contain the subject easements, and that these two easements (which are located in the middle of the site) have a combined width of 15 feet and a total are of 1,650 square feet.

Staff further testified that construction of the proposed residence can occur without the vacation. However, the Applicant's Representative testified that, were the property to be sold at a future point in time, marketability of the property could be affected by the failure to vacate the easements. Staff concurred, observing that the vacation could provide insurers, lenders and title companies with greater assurance as to proposed immediate and future development.

Century Link, by letter of February 26, 2019, advised Applicant that it did not have existing utilities in the proposed easement vacation site and did not object to the proposed vacations.

Comcast, by letter of February 22, 2019, advised that it had no objection to the proposed vacation.

LCEC, by letter of March 11, 2019, advised Applicant that it had no objection to vacating of the utility easements on the subject property; however, the easement on the east property line of both lots must remain (7.5 feet).

The above utility letters were included in the NOVUS packet.

Staff testified that the City lacks infrastructure in the subject easements and that the City would retain a 7.5-foot wide perimeter easement for the site and such easement would be sufficient for future utility installation and maintenance.

Surrounding Area

Staff testified that the sites to the north and south of this property have a Single Family and Multi-Family by PDP Future Land Use Classification (FLUC). Staff further testified that sites east of Old Burnt Store Road have a Single Family FLUC, while land owned by the state of Florida to the west has a Natural Resources/Preservation FLUC.

Finally, staff additionally testified that all the surrounding sites to the north, east and south have Single Family Residential (R-1B) Zoning. State-owned lands to the west are unzone, with uses in these areas being regulated by the FLUC.

Zoning History of the Subject Property

The site has always had a Single Family and Multi Family by PDP Future Land Use Classification and R-1B Zoning.

Recommendation that City Council Find That Applicant Has Complied with All Requirements for the Requested Vacations, as Set Forth in LUDR §8.11

1. *Applicant **has** color of title (LUDR §8.11.3b.1)*

As set forth above, Applicant owns all properties subject to this Vacation request.

2. *A copy of the plat **has** been provided, showing the portions for which vacation is sought (LUDR §8.11.3b.2)*

It is attached as an Exhibit hereto.

3. and 4. *Letters of No Objection from LCEC, TECO, Century Link and Comcast (LUDR §8.11.3b.3 and LUDR §8.11.3b.4-6) **have been obtained.***

These are addressed above.

5. *A copy of a recent boundary survey or survey sketch of the property prepared and executed by a registered surveyor, **has been provided**, showing the area requested to be vacated; providing complete metes and bounds legal descriptions of said areas, and showing all pavement and all utility and drainage facilities in said area, including water, sewer and cable lines, utility poles, swales, ditches, manholes and catch basins. Separate drawings and metes and bounds legal descriptions will be required for each proposed*

*vacation area when the right-of-way and easement configurations differ.
(LUDR §8.11.3b.7.B)*

All necessary documents are attached as Exhibits.

6. *No Reasonably Foreseeable Public Use of the Vacated Area.
(LUDR, §8.11.3 d)*

Staff testified that the City has no facilities in the properties subject to this request and, for the reasons outlined above, the City has **no reasonably foreseeable public use** for these properties.

It is recommended that, for the above reasons, the City Council finds there is **no reasonably foreseeable public use** for the requested vacations.

7. *City's Retention of Easements for Utilities and/or Drainage in and Upon the Vacated Area. (LUDR, §8.11.3 d)*

It is recommended, as set forth above, that the City Council retain perimeter easements for future utility installation and maintenance. The Owner, through Applicant's Representative, has agreed to this perimeter easement.

Consistency with the Comprehensive Plan (LUDR §8.11)

This request has been reviewed for consistency with the Comprehensive Plan, and specifically for consistency with Policy 1.15 of the Future Land Use Element which states:

Policy 1.15: *Land development regulations adopted to implement this comprehensive plan will be based on, and will be consistent with, the standards for uses and densities/intensities as described in the following future land use classifications. In no case shall maximum densities allowable by the following classifications conflict with Policy 4.3.3 of the Conservation and Coastal Management Element regulating density of development within the Coastal High Hazard Area.*

g. Single Family and Multi-Family by PDP: The densities and intensities of use for this category, which is exclusively within the Urban Services Reserve Area, are those established in Future Land Use Element Policies 1.15.a, 1.15.b, 7.4, and 7.7.

Staff testified that, of the four policies listed above in subsection g., only Policy 1.15.a (which regulates densities for the Single Family Future Land Use Classification) is germane for this particular project since Applicant testified that a single-family dwelling would be constructed on the site.

Policy 1.15.a states that sites of 10,000 sq. ft. and greater are limited to densities of 4.4 dwelling units per acre. Based on the area of the parcel, a single-family

dwelling on the site would equate to a density of 2.1 dwelling units per acre. Accordingly, staff testified that this request is consistent with this policy.

While this Policy does not specifically address vacation of easements, the Hearing Examiner agrees with Staff's testimony that this policy is supportive of this request.

Accordingly, it is recommended that the City Council find that the vacation requests **are consistent with the City's Comprehensive Plan.**

Consistency with City Requirements and All Applicable Law

It is recommended that City Council find that granting the requested vacation, as conditioned below, **would be consistent** with the City Comprehensive Plan, Land Use Development Regulations, and all other applicable law.

VIII. **EXHIBIT**

The following Exhibit is attached hereto and hereby incorporated by reference:

- Composite Exhibit "A": Sketch and accompanying legal description prepared by R.K.Burns Surveying, Inc. dated October 24, 2018.

IX. **RECOMMENDED CONDITIONS OF APPROVAL**

City staff testified regarding recommendations for conditions of approval, set forth below. Applicant's Representative testified that Applicant has no objection to these conditions.

The Hearing Examiner **recommends** that these conditions of approval be adopted as part of the City Council's approval of Applicant's request:

1. Vacation of Easements Underlying South and North Property Lines, Consistent with Sketch and Legal Description. The vacation of the platted easements along the south property line of Lot 5, Block 6400 and the north property line of Lot 4, Block 6400 shall be consistent with that shown in the sketch and accompanying legal description prepared by R. K. Burns Surveying, Inc. dated October 24, 2018.
2. Provision of Public Utility and Drainage Easement to City. The City shall retain a 7.5 foot wide public utility and drainage easement around the perimeter of the site.
3. Recording of Resolution. This resolution shall be recorded with the Office of the Lee County Clerk of Court by the City of Cape Coral. This resolution shall not be effectuated until the Applicant reimburses the Department of Community Development for all recording fees associated with this resolution and the easement deeds.

4. Compliance with Zoning District Standards and Requirements and Inclusion of LUDRs, City Ordinances and Other Applicable Law. Applicant shall comply with all standards and requirements for the zoning district in which the property is located and all other requirements set forth in the LUDRs, City ordinances and all other applicable laws and regulations, which are incorporated herein by reference.

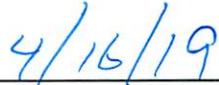

The Hearing Examiner hereby **RECOMMENDS APPROVAL** of the request for the above-referenced Vacations filed by Applicant, **WITH THE CONDITIONS** set forth above.

This Recommendation takes effect on the date specified below.

Dear Mr. Scalero,

Embarq Corporation, Inc. (d/b/a CenturyLink) has reviewed the document for the above referenced information. Based on the review, we do not have existing utilities in the easements proposed to be vacated. In addition, we have no objections to the proposed vacation of the public utility easements between the referenced properties.

If you should require additional information, please contact me at 239 336-2012.

Sincerely,

John C. Schroeder

DEPARTMENT OF COMMUNITY DEVELOPMENT

SIMPLE LOT SPLIT & COMBINE APPLICATION

Questions: 239-574-0553

DATE: 12/20/18

APPLICATION FOR A LOT SPLIT AND LOT COMBINATION

A lot split or combination within the City of Cape Coral may affect conformity with the City's Land Use and Development Regulations. Prior to the division of any parcel or combining of two or more parcels, City approval is required.

Directions for Submittal

Please submit all items to the Planning Division. Please allow ten (10) business days for approval from date of receipt. The initial submission should include the following information in order to avoid delay:

- 1. For lot splits or lot combinations - Complete (1) copy of the city application for a lot split and lot combination form.
2. For lot splits, three (3) individual copies of a Boundary Survey are REQUIRED, showing the following:
a) The property that is to be split as it is currently with boundary identification.
b) The second and third sheet should display how the property will be split (For example, if the parcel is a four lot site, sheets 2 & 3 should show two lots each on separate sheets of paper) complete with boundary identification, and new legal descriptions of each area proposed for division.
c) Location of any structures showing setback dimensions and identification of all existing or proposed easements and rights-of-way affecting the parent property and the proposed property to be created.
d) A Boundary Survey is NOT REQUIRED for lot combinations.

The survey and legal descriptions shall be prepared and sealed by a professional Land Surveyor registered in the State of Florida.

STRAP number(s) and area of property to be split or joined (attach additional sheet if necessary)

Table with 4 columns: Existing STRAP Number, Existing Area (Square feet), Proposed Final STRAP Number, Proposed Area (Square feet). Handwritten entry: 13-44-22-C2-00800.0040 20,750SF | 13-44-22-C2-00800.0040 20,750SF

BLOCK(S) Involved: 6400
LOT(S) Involved: 4+5

Application for Combination or Split of Existing Parcels

Please submit this completed form to GISTeam@lecpa.org or fax to 239-533-6107.

This form is a request to combine or split parcels per the owner's request. Our office will only combine/split parcels that meet the following:

- All taxes on the parcels have been paid.
- Parcels are contiguous.

In addition to above, to split a parcel we will need one or more of the following:

- Deed, Subdivision Plat, Declaration of Condominium etc. recorded with Lee Clerk of Court.
- Information that the parcel(s) were previously platted and/or have previously recorded documents that correspond to the requested configuration.

We reserve the right to request additional information such as photo identification, site survey (to locate or identify buildings etc.), permit application, land development order, ordinance, or evidence of ownership.

This request does not imply suitability or authorize development of the parcel. Contact the development department of the local jurisdiction for questions concerning the development of the parcel and legality of this request. This action does not nullify or alleviate any existing liens or encumbrances on the property.

You agree by submitting this application that the Lee County Property Appraiser is neither responsible nor liable for any problems or complications resulting from this request. mm (Initial)

A copy of this request will be forwarded to the appropriate jurisdiction if an advance approval has not been provided with this application. mm (Initial)

Review Date: April 5, 2019

Owner/Applicant: Marion Mochrie, Trustee of the Mochrie 2013 Property Trust dated February 28, 2013

Authorized Rep: Raymond J. Scalero

Owner Address: 5802 Wellington Road 86
Ariss, Ontario NOB 180

Request: Vacate the 7.5-foot wide platted easement along the south property line of Lot 5 and the 7.5-foot wide platted easement along the north property line of Lot 4; both lots in Block 6400, Cape Coral, Unit 76, The Islands.

Property Location: 218 Old Burnt Store Road South
Lots 4-5, Block 6400, Cape Coral, Unit 76, The Islands
Strap number: 13-44-22-C2-00800.0040

Prepared By: Mike Struve, AICP, LEED Green Associate, Planning Team Coordinator

Approved By: Robert H. Pederson, AICP, Planning Manager

Recommendation: **Approval with conditions**

Urban Service Area: Transition

Property Description:

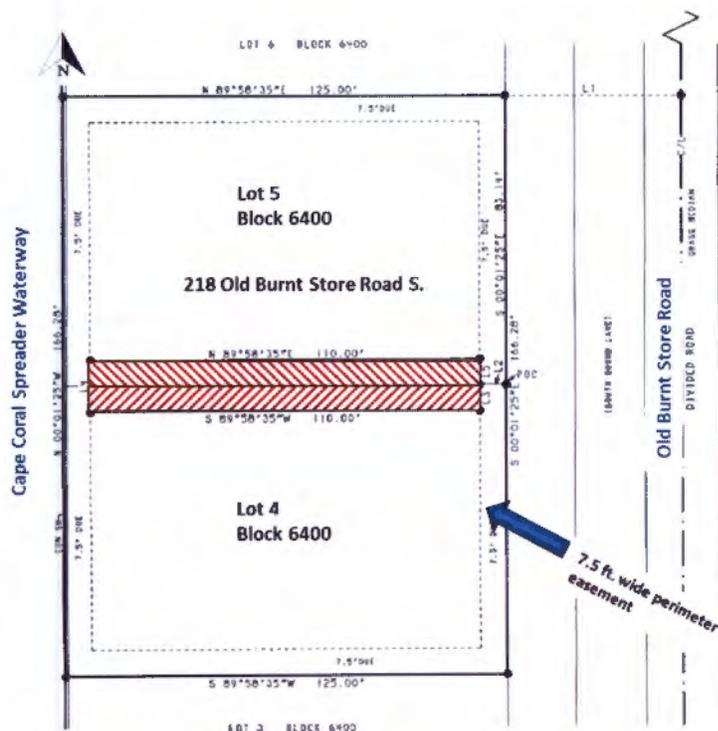

The site is ±20,785 sq. ft. in western Cape Coral. The east side of the site has frontage on Old Burnt Store Road while the west has water frontage on the North Spreader Waterway. Except for a seawall that was constructed in 2018, the site is vacant.

The site has a Single Family and Multi-Family by PDP Future Land Use Classification (FLUC) as do sites to the north and south. Sites east of Old Burnt Store Road have a Single Family FLUC, while land owned by the state of Florida to the west has a Natural Resources/Preservation FLUC. The site has Single Family Residential (R-1B) Zoning that is shared by sites to the north, east, and south. State-owned lands to the west are unzoned and uses in these areas are regulated by the FLUC.

Request

The applicant owns Lots 4 and 5 in Block 6400. The easement dedication language on the subdivision plat of Unit 76 dedicated 7.5-foot wide easements along the front, sides, and rear lot lines for public utility and drainage purposes. The owner requests to vacate the two 7.5-foot wide easements, totaling 1,650 sq. ft., that are adjacent to another along the south property line of Lot 5 and the north property line of Lot 4 (Figure 1).

Figure 1. Platted easements requested to be vacated are shown in a red-cross hatch pattern.

Most platted lots in Cape Coral have easements around the perimeter of each lot based on language appearing in the dedication section of their respective plat. When two or more lots are combined under common ownership, the City administers or “protects” the perimeter easement only. Easements interior to the site remain, but if the easements do not contain infrastructure (like drainage pipes and telephone poles and wires), the City allows buildings to be constructed over the easements. For the subject site, since the interior easements lack utilities, the City does not require these easements to be vacated. However, the owner has elected to vacate these easements to eliminate potential questions that a title company, lender, or insurer

unfamiliar with City procedures may have in the future about the legality of building over a platted easement.

Zoning History of the Site

The site has always had a Single Family and Multi Family by PDP Future Land Use Classification and R-1B Zoning.

Analysis:

Staff analyzed this request with the Land Use and Development Regulations (LUDR), Section 8.11, “*Vacation of plats, rights-of-way and other property.*” The City Comprehensive Plan was also reviewed for policies on vacations.

The applicant owns Lots 4 and 5 that contain the subject easements, and is therefore, eligible to apply for this vacation. These two easements have a combined width of 15 feet and occupy the middle of the site.

The City lacks infrastructure in the subject easements. Century Link, Comcast, and LCEC also lack facilities in the easements and therefore do not object to this request. The City will retain a 7.5-foot wide perimeter easement for the site that will be sufficient for future utility installation and maintenance.

Consistency with the Comprehensive Plan

The City lacks specific policies in the Comprehensive Plan for vacations involving residential-zoned lands.

This request is consistent with Policy 1.15 of the Future Land Use Element.

Policy 1.15: *Land development regulations adopted to implement this comprehensive plan will be based on, and will be consistent with, the standards for uses and densities/intensities as described in the following future land use classifications. In no case shall maximum densities allowable by the following classifications conflict with Policy 4.3.3 of the Conservation and Coastal Management Element regulating density of development within the Coastal High Hazard Area.*

- g. Single Family and Multi-Family by PDP: *The densities and intensities of use for this category, which is exclusively within the Urban Services Reserve Area, are those established in Future Land Use Element Policies 1.15.a, 1.15.b, 7.4, and 7.7. Staff comment: Of the four policies listed above in subsection g., only Policy 1.15.a that regulates densities for the Single Family Future Land Use Classification is germane for this particular project since a single-family dwelling will be constructed on the site. Policy 1.15.a states that sites of 10,000 sq. ft. and greater are limited to densities of 4.4 dwelling units per acre. Based on the area of the parcel, a single-family dwelling on the site would equate to a density of 2.1 dwelling units per acre. This request is consistent with this policy.*

Recommendation:

Based on the above analysis, staff recommends **approval** of the requested vacation with the following conditions.

Conditions of Approval

1. The vacation of the platted easements along the south property line of Lot 5, Block 6400 and the north property line of Lot 4, Block 6400 shall be consistent with that shown in the sketch and accompanying legal description prepared by R. K. Burns Surveying, Inc. dated October 24, 2018.
2. The City shall retain a 7.5-foot wide public utility and drainage easement around the perimeter of the site.
3. This resolution shall be recorded with the Office of the Lee County Clerk of Court by the City of Cape Coral. This resolution shall not be effectuated until the applicant reimburses the City for all recording fees associated with this resolution.

This map is not a survey and should not be used in place of a survey. While every effort is made to accurately depict the mapped area, errors and omissions may occur. Therefore, the City of Cape Coral cannot be held liable for incidents that may result due to the improper use of the information presented on this map. This map is not intended for construction, navigation or engineering calculations. Please contact the Department of Community Development with any questions regarding this map product.

SUBJECT PARCELS

500' PROXIMITY BOUNDARY

Background

- ◎ The site is 20,785 sq. ft. and has a seawall along the west property line.
- ◎ Language on the plat dedicated 7.5 ft. wide easements along the property lines of each site.

Request

Vacate 7.5 ft. wide platted easements along the north property line of Lot 4 and the south property line of Lot 5

Total easement area is 1,650 sq. ft.

Analysis (LUDR, Section 8.11)

Vacate 7.5 ft. Wide Platted Easements

- ⦿ All easements occupy land owned by the applicant.
- ⦿ The City lacks utilities in all easements.
- ⦿ The utility providers lack infrastructure in all easements.
- ⦿ A continuous 7.5 ft. wide easement will be provided around the site.

RESOLUTION 143 - 19

A RESOLUTION PROVIDING FOR THE VACATION OF PLAT FOR A STREET RIGHT-OF-WAY AND THE UNDERLYING PUBLIC UTILITY AND DRAINAGE EASEMENT BEING A PART OF SORRENTO COURT, LOCATED BETWEEN LOTS 37 AND 39, BLOCK 101, CAPE CORAL UNIT 2, PART 2; PROVIDING FOR THE VACATION OF PLAT FOR A PORTION OF THE PUBLIC UTILITY AND DRAINAGE EASEMENT ASSOCIATED WITH LOT 37, BLOCK 101, CAPE CORAL UNIT 2, PART 2; PROVIDING FOR THE VACATION OF PLAT FOR A STREET RIGHT-OF-WAY BEING A PART OF SORRENTO COURT, LOCATED ALONG LOTS 36 AND 37, BLOCK 101, CAPE CORAL UNIT 2, PART 2; PROPERTY LOCATED AT 5088 SORRENTO COURT AND 5095 SORRENTO COURT; PROVIDING AN EFFECTIVE DATE.

WHEREAS, the Petition was filed by WILHELM VULLRIEDE and JEROME AND CATHERINE LIEVRE for the vacation of plat on property described herein; and

WHEREAS, the Petition meets the requirements of Land Use Development Regulations, Article VIII, Section 8.11, Vacation of Plats, Streets and Other Property of the Code of Ordinances of the City of Cape Coral and it is in the best interest of the public that such Petition be granted.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF CAPE CORAL, FLORIDA:

Section 1. The Petition meets the requirements of Article VIII, Section 8.11, of the Code of Ordinances of the City of Cape Coral and it is in the best interest of the public that such Petition be granted. The following-described right-of-way is hereby vacated by the City of Cape Coral, to wit:

A Parcel of land lying in Unit 2, Part 2, (AMENDED) Cape Coral Subdivision, Lying in Section 13, Township 45 South, Range 23 East, as Recorded in Plat Book 11, Page 96 through 98 of the Public Records of Lee County, Florida, being more particularly described as follows:

Beginning at the northwest corner of Lot 40, Block 101 run S90°00'00" W along the Southerly Right of Way line of Sorrento Court for a distance of 40.00 feet; Thence leaving said Southerly Right of Way line run N00°00'00"W along the Westerly Right of Way line of said Sorrento Court for a distance of 50.00 feet; Thence leaving said Westerly Right of Way line run N90°00'00"E along the Northerly Right of Way line of said Sorrento Court for a distance of 21.35 feet to the point of curvature of a 25.00 foot radius curve to the left, having a central angle of 48°14'42", a chord bearing and distance of N65°52'39"E and 20.43 feet; Thence run along the arc of said curve for a distance 21.05 feet; Thence leaving said Northerly Right of Way line run S00°00'00"E for a distance of 58.35 feet to the Point of Beginning.

Said Parcel Contains 2,048 sq. ft. (more or less)

Section 2. The Petition meets the requirements of Article VIII, Section 8.11, of the Code of Ordinances of the City of Cape Coral and it is in the best interest of the public that such Petition be granted. The following described public utility and drainage easement is hereby vacated, to wit:

A Parcel of land lying in Unit 2, Part 2, (AMENDED) Cape Coral Subdivision, Lying in Section 13, Township 45 South, Range 23 East, as Recorded in Plat Book 11, Page 96 through 98 of the Public Records of Lee County, Florida, being more particularly described as follows:

Commencing at the northwest corner of Lot 40, Block 101 run N00°00'00"E for a distance of 25.00 feet to the originally platted centerline of Sorrento Court; Thence run S90°00'00"W along said originally platted centerline for a distance of 23.00 feet to the Point of Beginning. From said Point of Beginning continue running S90°00'00"W for a distance of 23.00 feet to a Point of Intersection with a line that is parallel with and 6.00 feet perpendicular to the Westerly Right of Way line of said Sorrento Court; Thence run N00°00'00"E along said line parallel with the Westerly Right of Way line for a distance of 31.00 feet to a Point of Intersection with a line that is parallel with and 6.00 feet perpendicular to the Northerly Right of Way line of said Sorrento Court; Thence run N90°00'00"E

along said line parallel with the Northerly Right of Way line for a distance 27.35 feet to a Point of Curvature of a 19.00 foot radius curve to the left, having a central angle of 78°59'08", a chord bearing and distance of N50°30'26"E and 24.17 feet; Thence run along an arc that is parallel with and concentric to said Northerly Right of Way line of Sorrento Court for a distance of 26.19 feet; Thence leaving said concentric curve run S00°00'00"E for a distance of 28.32 feet; Thence run S66°23'47"W for a distance of 25.10 feet; Thence run S00°00'00"E for a distance of 8.00 feet to the Point of Beginning.

Said Parcel Contains 1,198 sq. ft. (more or less)

Section 3. The Petition meets the requirements of Article VIII, Section 8.11, of the Code of Ordinances of the City of Cape Coral and it is in the best interest of the public that such Petition be granted. The following described right-of-way is hereby vacated, to wit:

A Parcel of land lying in Unit 2, Part 2, (AMENDED) Cape Coral Subdivision, Lying in Section 13, Township 45 South, Range 23 East, as Recorded in Plat Book 11, Page 96 through 98 of the Public Records of Lee County, Florida, being more particularly described as follows:

Commencing at the northeast corner of Lot 36, Block 101 run S00°00'00"E along the Westerly Right of Way line of Sorrento Court for a distance of 22.95 feet to the Point of Beginning, also being the Point of Curvature of a 72.00 foot radius curve to the right, having a chord bearing and distance of S27°09'26"W and 65.73 feet and a central angle of 54°18'53". From said Point of Beginning, run along the arc of said curve for a distance 68.25 feet; Thence run N00°00'00"E for a distance of 0.13 feet to the originally platted Northerly Right of Way line of said Sorrento Court, also being a non-tangent Point of Curvature of a 25.00 foot radius curve to the left, to which a radial line bears S48°14'42"E, having a chord bearing and distance of N26°20'08"E and 13.29 feet, and a central angle of 30°50'20"; Thence run along the arc of said curve for a distance of 13.46 feet to a Point of Reverse Curvature of a 50.00 foot radius curve to the right, having a chord bearing and distance of N29°33'10"E and 31.96 feet, and a central angle of 37°16'25"; Thence run along said originally platted Northerly Right of Way line and the arc of said curve for a distance of 32.53 feet to a Point of Reverse Curvature of a 25.00 foot radius curve to the left, having a chord bearing and distance of N24°05'41"E and 20.41 feet, and a central angle of 48°11'23"; Thence run along said originally platted Northerly Right of Way line and the arc of said curve for a distance of 21.03 feet to the Point of Beginning.

Said Parcel Contains 348 sq. ft. (more or less)

Section 4. The Applicants shall meet the following terms and conditions:

1. The vacation of the 2,048 square feet of right-of-way and 748 square feet of underlying easements shall be consistent with that shown in the sketch and accompanying legal description prepared by Stouten Cramer entitled "Parcel RW 101-V," dated March 2, 2018, and "Parcel P.U.E. 101-V-3," dated March 28, 2019, respectively.
2. The vacation of the 450 square feet of platted easements occupying Lot 37 shall be consistent with that shown in the sketch and accompanying legal description prepared by Stouten Cramer entitled "Parcel P.U.E. 101-V-3," dated March 28, 2019.
3. Within 90 days from the date of adoption of this resolution, the owners of 5088 and 5095 Sorrento Court shall provide to the City easement deeds sufficient for providing a six-foot wide perimeter easement around each expanded site. The deeds shall be reviewed and determined to be sufficient by Public Works and the City Property Broker prior to acceptance and execution.
4. Within 90 days from the date of adoption of this resolution, the applicants shall record deeds splitting the two affected properties consistent with that shown in the sketches and accompanying legal descriptions prepared by Stouten Cramer entitled "Parcel 101-N-3" and "Parcel 101-S-3," both dated August 1, 2018. No new building permits for either 5088 or 5095 Sorrento Court shall be issued without proof that this condition has been met to the satisfaction of the City.
5. Within 90 days from the date of adoption of this resolution, the owner of 5088 Sorrento Court shall provide to the City an easement deed for right-of-way maintenance, drainage, and utility purposes for the 348-square-foot area shown in the sketch and accompanying legal description prepared by Stouten Cramer entitled "RW 101-V-2," dated January 9, 2019. The deed shall

be reviewed and determined to be sufficient by Public Works and the City Property Broker prior to acceptance and execution.

- 6. Prior to the issuance of a certificate of occupancy (CO) for 5088 Sorrento Court, the owner shall modify or replace the existing stormwater conveyance system beginning at the adjacent property to the north at 5084 Sorrento Court as deemed necessary by the City to properly convey stormwater in this collection area to the adjacent canal system. These stormwater improvements shall be inspected by the City prior to the issuance of a CO.
- 7. Prior to the issuance of a CO for 5088 Sorrento Court, the owner shall design the foundation of the single-family home to demonstrate proper protection from water intrusion and erosion. Such a design may include, at the sole discretion of the City, the moving or replacing of the existing stormwater pipe along Lots 37 and 38 or removing or sealing the pipe and installing a swale for stormwater conveyance. At the sole discretion of the City, the applicant shall grant any necessary easements for the new or modified stormwater system. All aforementioned improvements shall be inspected by the City prior to issuance of a CO.
- 8. This resolution shall be recorded with the Office of the Lee County Clerk of Court by the City of Cape Coral. The owners shall reimburse the City for all recording fees associated with this resolution and all easement deeds.

Section 5. This Resolution shall take effect upon its recording within the Office of the Lee County Clerk of Court by the City of Cape Coral.

ADOPTED BY THE CITY COUNCIL OF THE CITY OF CAPE CORAL AT ITS REGULAR COUNCIL SESSION THIS _____ DAY OF _____, 2019.

OFFICE OF THE HEARING EXAMINER, CITY OF CAPE CORAL
HEARING EXAMINER RECOMMENDATION

VP HEX Recommendation 8-2019
Rendered May 7, 2019

DCD CASE # VP 18-0008

APPLICATION FOR: Vacation of rights of way and easements

NAME OF OWNERS/APPLICANTS: Wilhelm Vullriede; Jerome and Catherine Lievre

AUTHORIZED REPRESENTATIVE: Scott J. Hertz, Esquire

LOCATIONS OF PROPERTY:

5088 Sorrento Court
Cape Coral, FL 33904
Cape Coral, Unit 2, Part 2,
Block 101, Lots 36-37
Strap No. 13-45-23-C4-00101.0360

5095 Sorrento Court
Cape Coral, FL 33904
Cape Coral, Unit 2, Part 2,
Block 101, Lots 38-39
Strap No. 13-45-23-C4-00101.0380

ZONING DISTRICT: Single Family Residential (R-1B)

FUTURE LAND USE CLASSIFICATION: Single Family

HEARING DATE: May 7, 2019

SUMMARY OF REQUEST: Applicants request to vacate:

1. 2,048 square feet of Sorrento Court right-of-way (ROW) and 748 square feet of underlying easements between Lots 37 and 39, Block 101; and
2. 450 square feet of platted easements along the east property line of Lot 37, Block 101; and
3. 348 square feet of ROW along the east property lines of Lots 36 and 37, Block 101.

SUMMARY OF HEARING EXAMINER RECOMMENDATION

The Hearing Examiner recommends that City Council **approve** the application for the requested vacations, subject to the conditions set forth below.

I. **NOTICE OF HEARING**

Based on the testimony of City Staff Michael Struve at the Hearing, the Hearing Examiner finds that proper notice of this hearing was provided, in accordance with the requirements of Article VIII, §8.3, Public Hearings, of the City of Cape Coral Land Use and Development Regulations ("LUDRs").

May 7, 2019

II. **PARTICIPANTS IN HEARING**

CITY STAFF: Michael Struve, AICP and LEED Green Associate ¹
Persides Zambrano, AICP, Permitting/Planning Manager, Public Works

CITY CLERK'S OFFICE: Patricia Sorrels

APPLICANTS' REPRESENTATIVE: Scott Hertz, Esquire

MEMBERS OF PUBLIC: None

CORRESPONDENCE/TELEPHONE CALLS FROM PUBLIC: Staff testified that he received no correspondence or telephone calls from the public.

III. **EXHIBITS**

APPLICANTS' AND CITY STAFF'S EXHIBITS: previously submitted.

IV. **REVIEW OF LUDR REQUIREMENTS**

Authority. The Hearing Examiner has the authority to recommend approval or denial of an application for a vacation of a plat and associated easements pursuant to LUDR §9.2.3 b.8.

Standard of Review of Evidence; Hearsay Evidence. The Hearing Examiner's recommendation is based on whether the application meets all applicable requirements of the Comprehensive Plan, the City Code of Ordinances, and the LUDRs, upon review of the entirety of the record. Hearsay evidence may be used for the purpose of supplementing or explaining other evidence, but it shall not be sufficient by itself to support a finding unless it would be admissible over objection in court. In rendering this recommendation, the Hearing Examiner must consider all competent substantial evidence in the record as defined by LUDR § 8.3.1.C.3.b.

LUDR Standards. The Hearing Examiner reviewed the application in accordance with the standards set forth in LUDR § 8.11, *Vacation of plats, rights-of-way and other property*, in addition to the general standards set forth in the LUDRs and the City Comprehensive Plan.

¹ Mr. Struve was recognized as an expert in land planning issues associated with this Application, based upon his prior appearances before the Hearing Examiner and his credentials which are on file with the City Clerk's Office.

V. TESTIMONY AT HEARING

Applicants' Incorporation of Staff Report and Staff Testimony

The Applicants' Representative incorporated the Staff Report and Staff Testimony ("Staff Input") into his presentation by reference. He requested the Hearing Examiner to recommend that City Council find the Staff Input as findings of fact, in addition to those separately presented by him.

Hearing Examiner's Recommended Findings of Fact.

All documentary and oral testimony referenced below is accepted by the Hearing Examiner as recommended findings of fact, except as specifically noted otherwise. The Hearing Examiner recommends that the City Council accept such testimony as findings of fact to substantiate its decision regarding this Application.

VI. DISCUSSION

Site, Zoning Information and Surrounding Area

Staff testified that Wilhelm Vullriede, one of the applicants in this case, and the lead petitioner, owns a ±12,235-square foot site near the southern terminus of Sorrento Court in southern Cape Coral and that the rear of the site has water frontage along the San Carlos Canal, with a platted width of 200 feet.

Staff further testified that in 2018, a single-family residence was demolished on the site and that Mr. Vullriede had advised staff that the vacations are sought to provide greater flexibility in constructing a new single-family residence at 5088 Sorrento Court.

Staff testified that the site has a Single Family Future Land Use Classification (FLUC) and Single Family Residential (R-1B) Zoning, and all properties within 2,000 feet of the site share the same future land use and zoning classifications.

Reason for Application

Mr. Vullriede and Mr. and Mrs. Lievre request vacating 2,048 square feet of Sorrento Court right of way and 748 square feet of underlying easements between Lots 37 and 39, Block 101.

In addition, Mr. Vullriede requests vacating 450 square feet of platted easements associated with the east property line of Lot 37.

Lastly, Mr. Vullriede requests vacating 348 square feet of Sorrento Court ROW along the east property line of his site at 5088 Sorrento Court.

Request #1: Vacate ROW and Underlying Easements Between Lots 37 and 39, Block 101

The Applicants request the vacation of 2,048 square feet of platted ROW and 748 square feet of underlying easements between Lots 37 and 39. Staff testified that the petitioners have color of title to the land adjacent to the subject ROW and easements.

While the ROW vacation would enlarge both sites, the request would particularly benefit Mr. Vullriede by providing greater setback flexibility for a new dwelling, as building setbacks would be measured from the "new" property lines following the vacation.

Staff and the Applicants' Representative both testified that the subject ROW is at the end of Sorrento Court, a dead-end street, and is not needed beyond providing access to several sites at the end of this street.

The request would not negatively affect emergency management vehicles or service providers at these locations. While the vacation has the potential to limit the use of the existing driveway at 5095 Sorrento Court, the owners have agreed to a split of the vacated ROW area and thereby alleviate the perceived issues with the existing driveway to this site.

The applicants also request vacating 748 square feet of easements underlying the northern half of this ROW.

As set forth in the NOVUS documents, Century Link, Comcast, and LCEC lack facilities in these easements and do not object to this request.

The City has a catch basin in this easement that conveys runoff through a pipe westward that discharges into the San Carlos Canal. The City recommends that the catch basin be relocated to an existing easement, and the drainage pipe either be extended or relocated in its entirety to connect to the catch basin for providing stormwater drainage for the area. City Staff Persides Zambrano testified that the City does not anticipate that such relocation, if it occurs, would involve land other than that owned by the Applicants hereto.

Staff proposes that all expenses associated with relocating these drainage facilities shall be borne by Mr. Vullriede. The Hearing Examiner agrees with Staff's recommendation.

Request #2: Vacated Platted Easements Associated with the East Property Line of Lot 37, Block 101

Mr. Vullriede has requested the vacation of 450 square feet of platted easements along the east property line of Lot 37. Staff testified that he owns Lot 37 where this easement exists and is therefore eligible to request this vacation. Staff testified that if the ROW vacation involving Sorrento

Court (Vacation Request #1) were to be approved by City Council, this easement would no longer occupy the perimeter of the newly expanded site; however, new replacement easements granted by Mr. Vullriede to the City would ensure the expanded site would have a continuous perimeter easement.

The NOVUS documents indicate that Century Link, Comcast, and LCEC lack facilities in these easements and therefore do not object to this request.

Request #3: Vacate ROW and Underlying Easements Along the East Property Lines of Lots 36 and 37, Block 101

Mr. Vullriede requests vacating 348 square feet of Sorrento Court ROW adjacent to two lots that he owns (Lots 36 and 37). Staff testified that this ROW is located to the west of the paved street, is oblong and has a grass surface.

The Applicants' Representative testified that the proposed vacation would provide the Applicant with greater setback flexibility in redeveloping the site at 5088 Sorrento Court with a new single-family residence. Staff further testified that all underlying public utility and drainage easements would be retained by the City and that letters of no objection have been provided by Century Link, Comcast, and LCEC.

Persides Zambrano, Permitting/Planning Manager for the City Public Works Department, testified that she has reviewed this request and has determined that this ROW may be needed in the future should a redesign of this end of Sorrento Court be necessary to convert this street into a wider, fully functioning cul-de-sac. She further testified that this concern could be addressed, however, with the owner providing the City with a ROW easement for the vacated area to allow the City to add pavement or make other improvements in this area, if the City deemed it necessary in the future.

Recommendation that City Council Find That Applicants Have Complied with All Requirements for the Requested Vacations, as Set Forth in LUDR §8.11

1. Applicants **have** color of title (LUDR §8.11.3b.1)

Staff testified that Applicants own the subject properties and are, therefore, eligible to apply for the requested vacations.

2. A copy of the plat **has** been provided, showing the portions for which vacation is sought (LUDR §8.11.3b.2)

3. and 4. *Letters of Approval from LCEC and Letters of No Objection from Century Link and Comcast (LUDR §8.11.3b.3 and LUDR §8.11.3b.4-6) **have been provided or are not necessary.***

This standard is addressed above.

5. *A copy of a recent boundary survey or survey sketch of the property prepared and executed by a registered surveyor, **has been provided**, showing the area requested to be vacated; providing complete metes and bounds legal descriptions of said areas, and showing all pavement and all utility and drainage facilities in said area, including water, sewer and cable lines, utility poles, swales, ditches, manholes and catch basins. Separate drawings and metes and bounds legal descriptions will be required for each proposed vacation area when the right-of-way and easement configurations differ. (LUDR §8.11.3b.7.B)*

All of the required documents have been provided.

6. *No Reasonably Foreseeable Public Use of the Vacated Area. LUDR, §8.11.3 d)*

It is recommended that, for the above reasons, the City Council finds there is **no reasonably foreseeable public use** for the requested vacations.

7. *City's Retention of Easements for Utilities and/or Drainage in and Upon the Vacated Area. (LUDR, §8.11.3 d)*

As set forth in the conditions below, it is recommended that the City Council retain the indicated easements. The Applicants have agreed to these conditions.

Consistency with the Comprehensive Plan (LUDR §8.11)

Staff testified that the City does not have specific Comprehensive Plan policies for vacations involving residentially zoned sites.

It is recommended that the City Council find that the vacation requests are consistent with Policy 1.15 of the Future Land Use Element of the City's Comprehensive Plan which states:

Land development regulations adopted to implement this comprehensive plan will be based on, and will be consistent with, the standards for uses and densities/intensities as described in the following future land use classifications. In no case shall maximum densities allowable by the following classifications conflict with Policy 4.3.3 of the Conservation and Coastal Management Element regulating density of development within the Coastal High Hazard Area.

a. Single Family Residential. Sites of 10,000 square feet and greater, with densities not to exceed 4.4 units per acre.

Staff testified that this request is consistent with Policy 1.15.a as the site has R-1B Zoning that is consistent with the Single Family FLUC. Further, the area of the Vullriede site is 12,235 square feet; when coupled with an additional 748 square feet acquired as a result of the ROW vacation associated with Request #1, the new area would be 12,983 square feet. This area once redeveloped with a single-family home would equate to a density of 3.36 dwelling units per acre, less than the maximum of 4.4 dwelling units per acre allowed in the Single Family FLUC.

Based upon staff testimony, the Hearing Examiner recommends that City Council find that granting the requested vacations, as conditioned below, **would be consistent** with the City Comprehensive Plan, Land Use Development Regulations, and all other applicable law.

VII. **RECOMMENDED CONDITIONS OF APPROVAL**

City staff testified regarding recommendations for conditions of approval, set forth below. Applicant's Representative testified that Applicant has no objection to these conditions.

The Hearing Examiner **recommends** that these conditions of approval be adopted as part of the City Council's approval of Applicant's request:

1. Consistency with Sketch and Legal Description. The vacation of the 2,048 square feet of ROW and 748 square feet of underlying easements shall be consistent with that shown in the sketch and accompanying legal description prepared by Stouten Cramer entitled "*Parcel RW 101-V*", dated March 2, 2018, and "*Parcel P.U.E. 101-V-3*", dated March 28, 2019, respectively.
2. Consistency with Sketch and Legal Description. The vacation of the 450 square feet of platted easements occupying Lot 37 shall be consistent with that shown in the sketch and accompanying legal description prepared by Stouten Cramer entitled "*Parcel P.U.E. 101-V-3*", dated March 28, 2019.
3. Easement Deeds. Within 90 days from the date of adoption of this vacation, the owners of 5088 and 5095 Sorrento Court shall provide to the City easement deeds sufficient for providing a six-foot wide perimeter easement around each expanded site. The deeds shall be reviewed and determined to be sufficient by Public Works and the City Property Broker prior to acceptance and execution.
4. Deeds Splitting the Properties. Within 90 days from the date of adoption of this vacation, the applicants shall record deeds splitting the two affected properties consistent with that shown in the sketches and accompanying legal descriptions prepared by Stouten Cramer entitled "*Parcel 101-N-3*" and "*Parcel 101-S-3*" both dated August 1, 2018. No new building permits for either 5088

May 7, 2019

or 5095 Sorrento Court shall be issued without proof that this condition has been met to the satisfaction of the City.

5. Easement Deed. Within 90 days from the date of adoption of this vacation, the owner of 5088 Sorrento Court shall provide to the City an easement deed for ROW maintenance, drainage, and utility purposes for the 348 square feet area shown in the sketch and accompanying legal description prepared by Stouten Cramer entitled "RW 101-V-2" dated January 9, 2019. The deed shall be reviewed and determined to be sufficient by Public Works and the City Property Broker prior to acceptance and execution.
6. Stormwater Conveyance System. Prior to the issuance of a certificate of occupancy (CO) for 5088 Sorrento Court, the owner shall modify or replace the existing stormwater conveyance system beginning at the adjacent property to the north at 5084 Sorrento Court as deemed necessary by the City to properly convey stormwater in this collection area to the adjacent canal system. These stormwater improvements shall be inspected by the City prior to the issuance of a CO.
7. Water Intrusion and Erosion. Prior to the issuance of a CO for 5088 Sorrento Court, the owner shall design the foundation of the single-family home to demonstrate proper protection from water intrusion and erosion. Such a design may include, at the sole discretion of the City, the moving or replacing of the existing stormwater pipe along Lots 37 and 38 or removing or sealing the pipe and installing a swale for stormwater conveyance. At the sole discretion of the City, the applicant shall grant any necessary easements for any new or modified stormwater system. All aforementioned improvements shall be inspected by the City prior to the issuance of a CO.
8. Recording of Resolution. This resolution shall be recorded with the Office of the Lee County Clerk of Court by the City of Cape Coral. The owners shall reimburse the City for all recording fees associated with this resolution and all easement deeds.
9. Compliance with Zoning District Standards and Requirements and Inclusion of LUDRs, City Ordinances and Other Applicable Law. Applicant shall comply with all standards and requirements for the zoning district in which the property is located and all other requirements set forth in the LUDRs, City ordinances and all other applicable laws and regulations, which are incorporated herein by reference.

VIII. EXHIBITS

The following Exhibits are attached to this Recommendation and are hereby incorporated by reference:

- EXHIBIT "A": Sketch and accompanying Legal Description entitled "*Subject Parcel Description (RW101-V)*", as prepared by Stouten Cramer, dated March 2, 2018 (2 pages)

VP HEX RECOMMENDATION 8-2019

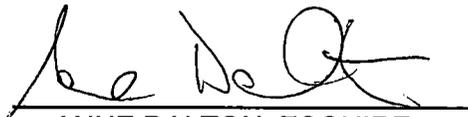

May 7, 2019

- Exhibit "B": Sketch and accompanying Legal Description entitled "*Parcel P.U.E. 101-V-3*", as prepared by Stouten Cramer, dated March 28, 2019 (2 pages)
- Exhibit "C": Sketch and accompanying Legal Description entitled "*Subject Parcel Description (101-N-3)*" as prepared by Stouten Cramer, dated August 1, 2018 (2 pages)
- Exhibit "D": Sketch and accompanying Legal Description entitled "*Subject Parcel Description: (101-S-3)*" as prepared by Stouten Cramer, dated August 1, 2018 (2 pages)
- Exhibit "E": Sketch and accompanying Legal Description entitled "*Subject Parcel Description: (RW101-V-2)*" as prepared by Stouten Cramer, dated January 9, 2019 (2 pages)

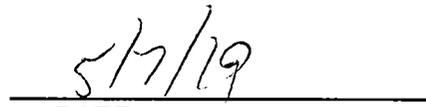

The Hearing Examiner herewith **RECOMMENDS APPROVAL** of the request for the above-referenced Vacations filed by Applicants, **WITH THE CONDITIONS** set forth above.

This Recommendation takes effect on the date specified below.

ACKNOWLEDGEMENT FORM

I have read and understand the above instructions. Hearing date(s) will be confirmed when I receive a copy of the Notice of Public Hearing stipulating the day and time of any applicable hearings.

I acknowledge that I or my representative must attend any applicable meetings scheduled for the Hearing Examiner, Planning & Zoning Commission/Local Planning Agency, and City Council.

I will have the opportunity, at the hearing, to present verbal information pertaining to my request that may not be included in my application.

I understand any decision rendered by the CITY shall be subject to a thirty (30) day appeal period. Any work performed within the thirty (30) day time frame or during the APPEAL process will be completed at the applicant's risk.

I understand I am responsible for all fees, including advertising costs. All fees are to be submitted to the City of Cape Coral with the application or the item may be pulled from the agenda and continued to future date after fees are paid.

Please obtain all necessary permits prior to commencing any phase of construction.

Please indicate on a separate sheet those persons to whom you wish a copy of the Public Hearing Notice sent.

By submitting this application, I acknowledge and agree that I am authorizing the City of Cape Coral to inspect the subject property and to gain access to the subject property for inspection purposes reasonably related to this application and/or the permit for which I am applying.

Re: Vacation of Plat application for 5088 Sorrento Ct, Cape
Coral, FL 33904

Mr. Struve:

As you are aware, my client is applying for a vacation of plat for a cul-de-sac lot with the City of Cape Coral. This vacation will affect two portions of the lot as depicted in the attached sketches and site plan. We are requesting the right-of-way between lots 38-39 and 36-37 of Block 101 in Unit 2 Part 2 be vacated and split between those parcels as depicted and have labeled this as proposed Right-of-Way Vacation Area #1. Additionally, proposed Right-of-Way Vacation Area #2 will smooth out the curve of the road in front of lots 36-37 and enable the property to be properly developed. Neither proposed area is in active use by the City as right-of-way. The resulting condition will match what has been done on similar streets in this area of the City, and will not impact any of the current services, such as waste and recycling pickup that are currently being provided to residents on Sorrento Ct. There is not a request to vacate any implied or underlying easements associated with Vacation Area #2.

The underlying easements will remain on the portion of the Vacation Area #1 that is adjacent to 5095 Sorrento Court (Lot 39, Block 101) and as depicted in the Block 0101 (2018-08-01)(101-S-3)(Sketch) will remain, and the land will be deeded to Jerome and Catherine Lievre. This will provide for the existing catch basin and pipe in that area, as well as ensure access to the right-of-way for the Lievre property.

On the remaining portion of Vacation Area #1 as shown in the sketch labeled Block 0101 (2019-03-29)(PUE 101-V-3)(Sketch) all easements (platted and implied) are being vacated. Block 0101 (2018-08-01)(PUE 101-N-3)(Sketch) depicts the new Public Utility Easements and Drainage Easements being created to replace easements vacated with "PUE 101-V-3," along the perimeter of the new property line. Further as discussed, my clients have agreed to a condition requiring them to provide for storm water drainage from the adjoining parcel to the North. These requirements are to be established by the City as is normally done in new construction, when the site is at the proper stage for the City's Stormwater Division to determine same. Please find enclosed with this

March 28, 2019

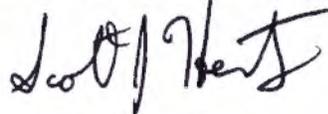

letter updated drawings and descriptions depicting the vacations and creations of easements, per the understanding we have of City Staff's comments regarding same.

Vacating the requested land will return this land to the tax rolls and improve the City by enabling full development of these parcels, thus increasing the value of the land and taxable income to the City. As the easements are being maintained, and there are no objections from any of the utilities using them, there will no negative impact to the City or any of the adjoining/ neighboring properties. The current right-of-way design is unusual, and the requested vacations will improve the use of the land without causing any detrimental effects.

We have previously provided all of the requested documents set forth in the application packet and look forward to working with the City to accomplish this vacation.

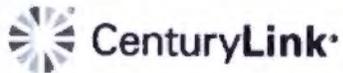

Very truly yours,

INTELLIGENT SOLUTIONS LAW FIRM, PLLC

Re: Letter of No Objection to Vacation of Utility Easement for 5088 Sorrento Drive, Cape Coral, Florida; Owner: Wilhelm Vullreide, Married ; Strap#: 13-45-23-C4-00101.0360.

Dear Mr. Jursinski:

You have opened up negotiations, on behalf of your client, Wilhelm Vullreide and his wife, concerning the vacation of a certain portion of a cul-de-sac road right of way existing in front of Lots 37 and 38, Block 101, Cape Coral Subdivision Unit 2, Part 2, as recorded in Plat Book 11, Pages 96 through 98 amongst the Public records of Lee County, Florida. Vesting deed is located at Instrument number 2018000018509.

We have reviewed the Plat, the request submitted, and our internal records. LCEC has **no objection** to the vacation as submitted and reflected in the request.

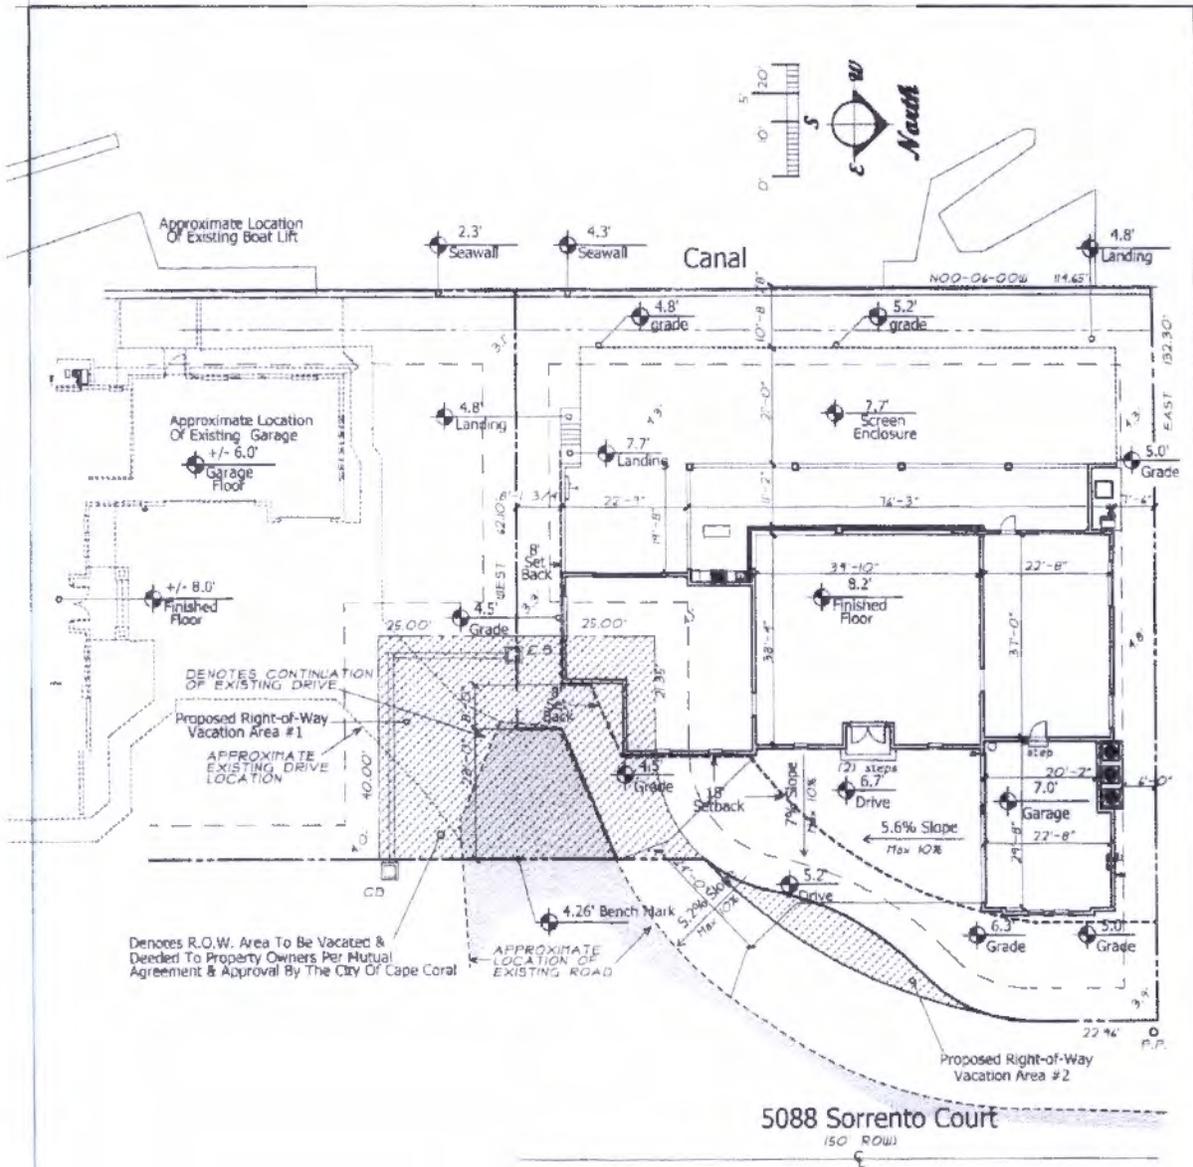

Should there be any questions please call me at 239-656-2112, or, if you prefer, I can be reached by email at russel.goodman@lcec.net.

Very truly yours,

Russel Goodman,
SR/WA

Description

Subject Parcel Description: (RW101-V-2)

A Parcel of land lying in Unit 2, Part 2, (AMENDED) Cape Coral Subdivision, Lying in Section 13, Township 45 South, Range 23 East, as Recorded in Plat Book 11, Page 96 through 98 of the Public Records of Lee County, Florida, being more particularly described as follows:

Commencing at the northeast corner of Lot 36, Block 101 run S00°00'00"E along the Westerly Right of Way line of Sorrento Court for a distance of 22.95 feet to the Point of Beginning, also being the Point of Curvature of a 72.00 foot radius curve to the right, having a chord bearing and distance of S27°09'26"W and 65.73 feet and a central angle of 54°18'53". From said Point of Beginning, run along the arc of said curve for a distance 68.25 feet; Thence run N00°00'00"E for a distance of 0.13 feet to the originally platted Northerly Right of Way line of said Sorrento Court, also being a non-tangent Point of Curvature of a 25.00 foot radius curve to the left, to which a radial line bears S48°14'42"E, having a chord bearing and distance of N26°20'08"E and 13.29 feet, and a central angle of 30°50'20"; Thence run along the arc of said curve for a distance of 13.46 feet to a Point of Reverse Curvature of a 50.00 foot radius curve to the right, having a chord bearing and distance of N29°33'10"E and 31.96 feet, and a central angle of 37°16'25"; Thence run along said originally platted Northerly Right of Way line and the arc of said curve for a distance of 32.53 feet to a Point of Reverse Curvature of a 25.00 foot radius curve to the left, having a chord bearing and distance of N24°05'41"E and 20.41 feet, and a central angle of 48°11'23"; Thence run along said originally platted Northerly Right of Way line and the arc of said curve for a distance of 21.03 feet to the Point of Beginning.

Said Parcel Contains 348 sq ft. (more or less)

Request: The following vacations are requested:
1. 2,048 sq. ft. of Sorrento Court right-of-way (ROW) and 748 sq. ft. of underlying easements between Lots 37 and 39, Block 101.
2. 450 sq. ft. of platted easements along the east property line of Lot 37, Block 101.
3. 348 sq. ft. of ROW along the east property lines of Lots 36 and 37, Block 101.

Prepared By: Mike Struve, AICP, LEED Green Associate, Planning Team Coordinator

Approved By: Robert H. Pederson, AICP, Planning Manager

Recommendation: **Approval of all three requested vacations with conditions**

Urban Service Infill

Site Visit: February 19, 2019

Property Description:

Wilhelm Vullriede, one of the applicants in this case, and the lead petitioner, owns a ±12,235-sq. ft. site near the southern terminus of Sorrento Court in southern Cape Coral. The rear of the site has water frontage along the San Carlos Canal that has a platted width of 200 feet. The site has a Single Family Future Land Use Classification (FLUC) and Single Family Residential (R-1B) Zoning, and all properties within 2,000 feet of the site share the same future land use and zoning classifications.

In 2018 a single-family residence was demolished on the site. In meetings with City staff, Mr. Vullriede has stated the vacations are sought to provide greater flexibility in constructing a new single-family residence on the property. Permits and entitlements recently obtained by Mr. Vullriede for this site are summarized in Table 1.

Table 1. Recent permitting activity associated with 5088 Sorrento Court.

Requested Vacations

Mr. Vullriede and Mr. and Mrs. Lievre request vacating 2,048 sq. ft. of Sorrento Court ROW and 748 sq. ft. of underlying easements between Lots 37 and 39, Block 101. This area is identified as Vacation Area #1 in Figure 1. In addition, Mr. Vullriede requests vacating 450 sq. ft. of platted easements associated with the east property line of Lot 37 (Area #2). Lastly, Mr. Vullriede requests vacating 348 sq. ft. of Sorrento Court ROW along the east property line of his site at 5088 Sorrento Court (Area #3).

Figure 1. Aerial map showing the general location of the three requested vacations. Note: depicted areas are not drawn to scale.

Zoning History

Both 5088 and 5095 Sorrento Court have had a Single Family FLUC and R-1B Zoning since the adoption of the City Comprehensive Plan in 1989.

Analysis:

Staff analyzed these requests with the Land Use and Development Regulations (LUDR), Section 8.11, "*Vacation of plats, rights-of-way and other property.*" The Comprehensive Plan was also reviewed for policies on vacations.

Request #1: Vacate ROW and Underlying Easements Between Lots 37 and 39, Block 101

The applicants, Wilhelm Vullriede and Jerome and Catherine Lievre, request vacating 2,048 sq. ft. of platted ROW and 748 sq. ft. of underlying easements between Lots 37 and 39. The applicants are eligible to seek these vacations as the petitioners have color of title to the land adjacent to the subject ROW and easements.

This request was prompted by Mr. Vullriede who is redeveloping the site at 5088 Sorrento Court with a new single-family residence. While the ROW vacation will enlarge both sites, the request will particularly benefit Mr. Vullriede by providing greater setback flexibility for a new dwelling as building setbacks will be measured from the "new" property lines following the vacation.

The ROW is at the end of Sorrento Court, a dead-end street, is not needed beyond providing access to several sites at the end of this street. The request will not negatively affect emergency management vehicles or service providers at these locations. The vacation has the potential to limit the use of the existing driveway at 5095 Sorrento Court. To address this concern, the owners have agreed to a split of the vacated ROW area that will not negatively affect the existing driveway to this site.

The applicants also request vacating 748 sq. ft. of easements underlying the northern half of this ROW. Century Link, Comcast, and LCEC lack facilities in these easements and do not object to this request. The City has a catch basin in this easement that conveys runoff through a pipe westward that discharges into the San Carlos Canal. The City recommends that the catch basin be relocated to an existing easement, and the drainage pipe either be extended or relocated in its entirety to connect to the catch basin for providing stormwater drainage for the area. All expenses associated with relocating these drainage facilities shall be borne by Mr. Vullriede.

Recommendation: Approval with conditions.

Request #2: Vacated Platted Easements Associated with the East Property Line of Lot 37, Block 101

Mr. Vullriede requests vacating 450 sq. ft. of platted easements along the east property line of Lot 37. Mr. Vullriede owns Lot 37 where this easement exists and is therefore eligible to request this vacation. If the ROW vacation involving Sorrento Court (Vacation #1) is approved, this easement will no longer occupy the perimeter of the newly expanded site. New replacement easements granted by Mr. Vullriede to the City will ensure the expanded site will have a continuous perimeter easement.

Century Link, Comcast, and LCEC lack facilities in these easements and do not object to this request. Staff recommends approval of this request provided the applicant provide new easements sufficient for maintaining a six-foot wide perimeter easement.

Recommendation: Approval with conditions.

Request #3: Vacate ROW Along the East Property Lines of Lots 36 and 37, Block 101

Mr. Vullriede requests vacating 348 sq. ft. of Sorrento Court ROW adjacent to two lots that he owns, Lots 36 and 37. This ROW is oblong and has a grass surface and is to the west of the paved street.

The vacation will provide the applicant with greater setback flexibility in redeveloping the site at 5088 Sorrento Court with a new single-family residence. All underlying public utility and drainage easements will be retained by the City. Letters of no objection have been provided by Century Link, Comcast, and LCEC.

Public Works has reviewed this request has determined that this ROW may be needed in the future should a redesign of this end of Sorrento Court be necessary to convert this street into a wider, fully functioning cul-de-sac. Staff believes this concern can be addressed, however, with the owner providing the City with a ROW easement for the vacated area. This easement will allow the City to add pavement or make other improvements in this area if deemed necessary in the future.

Recommendation: Approval with conditions.

Consistency with the Comprehensive Plan

The City lacks specific policies in the Comprehensive Plan for vacations involving residential-zoned lands.

This request is consistent with Policy 1.15 of the Future Land Use Element.

Policy 1.15: *Land development regulations adopted to implement this comprehensive plan will be based on, and will be consistent with, the standards for uses and densities/intensities as described in the following future land use classifications. In no case shall maximum densities allowable by the following classifications conflict with Policy 4.3.3 of the Conservation and Coastal Management Element regulating density of development within the Coastal High Hazard Area.*

- a. *Single Family Residential: Sites of 10,000 square feet and greater, with densities not to exceed 4.4 units per acre.*

Staff comment: This request is consistent with Policy 1.15.a as the site has R-1B Zoning that is consistent with the Single Family FLUC. The area of the Vullriede site is 12,235 and coupled with an additional 748 sq. ft. that is anticipated to be gained as a result of the ROW vacation associated with Request #1, the new area will be 12,983. This area once redeveloped with a single-family home will equate to a density of 3.36 dwelling units per acre, less than the maximum of 4.4 dwelling units per acre allowed in the Single Family FLUC.

Recommendations:

Staff recommends **approval** of all three vacations with the following conditions.

Conditions of Approval

1. The vacation of the 2,048 sq. ft. of ROW and 748 sq. ft. of underlying easements shall be consistent with that shown in the sketch and accompanying legal description prepared by Stouten Cramer entitled "*Parcel RW 101-V*", dated March 2, 2018, and "*Parcel P.U.E. 101-V-3*", dated March 28, 2019, respectively.
2. The vacation of the 450 sq. ft. of platted easements occupying Lot 37 shall be consistent with that shown in the sketch and accompanying legal description prepared by Stouten Cramer entitled "*Parcel P.U.E. 101-V-3*", dated March 28, 2019.
3. Within 90 days from the date of adoption of this vacation, the owners of 5088 and 5095 Sorrento Court shall provide to the City easement deeds sufficient for providing a six-foot wide perimeter easement around each expanded site. The deeds shall be reviewed and determined to be sufficient by Public Works and the City Property Broker prior to acceptance and execution.
4. Within 90 days from the date of adoption of this vacation, the applicants shall record deeds splitting the two affected properties consistent with that shown in the sketches and accompanying legal descriptions prepared by Stouten Cramer entitled "*Parcel 101-N-3*" and "*Parcel 101-S-3*" both dated Augusts 1, 2018. No new building permits for either 5088 or 5095 Sorrento Court shall be issued without proof that this condition has been met to the satisfaction of the City.
5. Within 90 days from the date of adoption of this vacation, the owner of 5088 Sorrento Court shall provide to the City an easement deed for ROW maintenance, drainage, and utility purposes for the 348 sq. ft. area shown in the sketch and accompanying legal description prepared by Stouten Cramer entitled "*RW 101-V-2*" dated January 9, 2019. The deed shall be reviewed and determined to be sufficient by Public Works and the City Property Broker prior to acceptance and execution.
6. Prior to the issuance of a certificate of occupancy (CO) for 5088 Sorrento Court, the owner shall modify or replace the existing stormwater conveyance system beginning at the adjacent property to the north at 5084 Sorrento Court as deemed necessary by the City to properly convey stormwater in this collection area to the adjacent canal system. These stormwater improvements shall be inspected by the City prior to the issuance of a CO.
7. Prior to the issuance of a CO for 5088 Sorrento Court, the owner shall design the foundation of the single-family home to demonstrate proper protection from water intrusion and erosion. Such a design may include, at the sole discretion of the City, the moving or replacing of the existing stormwater pipe along Lots 37 and 38 or removing or sealing the pipe and installing a swale for stormwater conveyance. At the sole discretion of the City, the applicant shall grant all necessary easements for any new or modified stormwater system if required. All aforementioned improvements shall be inspected by the City prior to the issuance of a CO.

8. This resolution shall be recorded with the Office of the Lee County Clerk of Court by the City of Cape Coral. The owners shall reimburse the City for all recording fees associated with this resolution and all easement deeds.

500' NOTICE TO SURROUNDING PROPERTY OWNERS

CASE NUMBER: VP18-0008

REQUEST: The applicants, Wilhem Vullriede and Jerome and Catherine Lievre, request the following: a vacation of plat for a portion of Sorrento Court right-of-way and underlying public utility and drainage easements located adjacent to Lots 37, 38, and 39, Block 101, Unit 2, Part 2, Cape Coral Subdivision; a vacation of plat for public utility and drainage easements associated with Lot 37, Block 101, Unit 2, Part 2, Cape Coral Subdivision, and a vacation of plat for a portion of Sorrento Court right-of-way located adjacent to Lots 36 and 37, Block 101, Unit 2, Part 2, Cape Coral Subdivision; properties located at 5088 and 5095 Sorrento Court.

CAPE CORAL STAFF CONTACT: Mike Struve, AICP, LEED Green Associate, Planning Team Coordinator, 239-242-3255, mstruve@capecoral.net

UPCOMING PUBLIC HEARING: Notice is hereby given that the City of Cape Coral Hearing Examiner will hold a public hearing at 9:00 A.M. on Tuesday, May 7, 2019 on the above mentioned case. The public hearing will be held in the City of Cape Coral Council Chambers, 1015 Cultural Park Boulevard, Cape Coral, FL.

All interested parties are invited to appear and be heard. All materials presented before the Hearing Examiner will become a permanent part of the record. The public hearing may be continued to a time and date certain by announcement at this public hearing without any further published notice. Copies of the staff report will be available five days prior to the hearing. The file can be reviewed at the Cape Coral Community Development Department, Planning Division, 1015 Cultural Park Blvd., Cape Coral, FL.

After Hearing Examiner has made a written recommendation, the case may be scheduled for a public hearing before the City Council who will review the recommendation and make a final decision. You will receive another public hearing notice if this case is scheduled for a City Council hearing.

DETAILED INFORMATION: The case report and colored maps for this application are available at the City of Cape Coral website, www.capecoral.net/publichearing (Click on 'Public Hearing Information', use the case number referenced above to access the information); or, at the Planning Division counter at City Hall, between the hours of 7:30 AM and 4:30 PM. The public hearing may be continued to a time and date certain by announcement at this public hearing without any further published notice.

HOW TO CONTACT: Any person may appear at the public hearing and be heard, subject to proper rules of conduct. You are allowed sufficient time to write or appear at the public hearing to voice your objections or approval. Written comments filed with the Director will be entered into the record. Please reference the case number above within your correspondence and mail to: Department of Community Development, Planning Division, P.O. Box 150027, Cape Coral, FL 33915-0027. The hearings may be continued from time to time as necessary.

ADA PROVISIONS: In accordance with the Americans With Disabilities Act, persons needing a special accommodation to participate in this proceeding should contact the Human Resources Department whose office is located at Cape Coral City Hall, 1015 Cultural Park Boulevard, Cape Coral, Florida; telephone 1-239-574-0530 for assistance; if hearing impaired, telephone the Florida Relay Service Numbers, 1-800-955-8771 (TDD) or 1-800-955-8770 (v) for assistance.

APPEALS: If a person decides to appeal any decision made by the Hearing Examiner with respect to any matter considered at such meeting or hearing, he or she will need a record of the proceedings, and that,

for such purpose, he or she may need to ensure that a verbatim record of the proceedings is made, which record includes the testimony and evidence upon which the appeal is to be based.

REQUEST: The applicants, Wilhelm Vullriede and Jerome and Catherine Lievre, request the following: a vacation of plat for a portion of Sorrento Court right-of-way and underlying public utility and drainage easements located adjacent to Lots 37, 38, and 39, Block 101, Unit 2, Part 2, Cape Coral Subdivision; a vacation of plat for public utility and drainage easements associated with Lot 37, Block 101, Unit 2, Part 2, Cape Coral Subdivision, and a vacation of plat for a portion of Sorrento Court right-of-way located adjacent to Lots 36 and 37, Block 101, Unit 2, Part 2, Cape Coral Subdivision; properties located at 5088 and 5095 Sorrento Court.

CAPE CORAL STAFF CONTACT: Mike Struve, AICP, LEED Green Associate, Planning Team Coordinator, 239-242-3255, mstruve@capecoral.net

UPCOMING PUBLIC HEARING: Notice is hereby given that the City of Cape Coral Hearing Examiner will hold a public hearing at 9:00 A.M. on Tuesday, May 7, 2019 on the above mentioned case. The public hearing will be held in the City of Cape Coral Council Chambers, 1015 Cultural Park Boulevard, Cape Coral, FL.

All interested parties are invited to appear and be heard. All materials presented before the Hearing Examiner will become a permanent part of the record. The public hearing may be continued to a time and date certain by announcement at this public hearing without any further published notice. Copies of the staff report will be available five days prior to the hearing. The file can be reviewed at the Cape Coral Community Development Department, Planning Division, 1015 Cultural Park Blvd., Cape Coral, FL.

DETAILED INFORMATION: The case report and colored maps for this application are available at the City of Cape Coral website, www.capecoral.net/publichearing (Click on 'Public Hearing Information', use the case number referenced above to access the information); or, at the Planning Division counter at City Hall, between the hours of 7:30 A.M. and 4:30 P.M.

HOW TO CONTACT: Any person may appear at the public hearing and be heard, subject to proper rules of conduct. You are allowed sufficient time to write or appear at the public hearing to voice your objections or approval. Written comments filed with the Director will be entered into the record. Please reference the case number above within your correspondence and mail to: Department of Community Development, Planning Division, P.O. Box 150027, Cape Coral, FL 33915-0027.

ADA PROVISIONS: In accordance with the Americans With Disabilities Act, persons needing a special accommodation to participate in this proceeding should contact the Human Resources Department whose office is located at Cape Coral City Hall, 1015 Cultural Park

Boulevard, Cape Coral, Florida; telephone 1-239-574-0530 for assistance; if hearing impaired, telephone the Florida Relay Service Numbers, 1-800-955-8771 (TDD) or 1-800-955-8770 (v) for assistance.

Background

- ⦿ **Two applicants – Vullriede and Lievre.**
- ⦿ **Lead petitioner is Vullriede.**
- ⦿ **Vullriede seeks to enlarge his site and gain setback flexibility for a new single-family residence.**

Aerial of Site

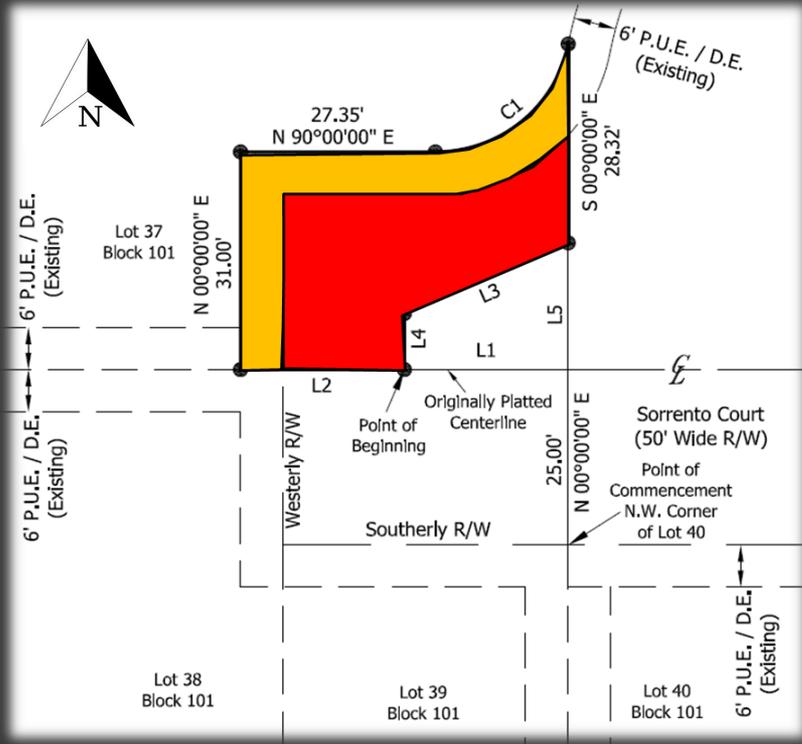

#1. Request to Vacate Platted ROW

- ROW area is 2,048 sq. ft.
- The applicants own the sites abutting the ROW.
- The ROW will not negatively affect EM vehicles or service providers at either location.
- The property gained thru the vacation will be split so access to the Lievre site is not affected.

#2. Request to Vacate Underlying & Adjacent Easements

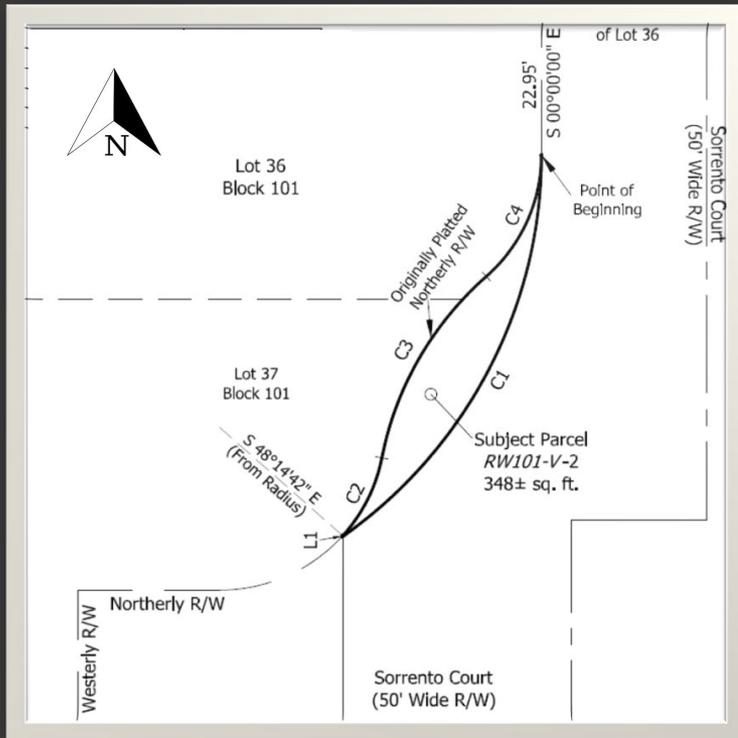

- Easement area equals 1,198 sq. ft.
- A catch basin will be relocated at developer's (Vullriede) expense.
- Century Link, Comcast, and LCEC lack facilities in all easements.
- New easements will be deeded so both sites will have a continuous perimeter easement.

Platted easements

Easements underlying Sorrento Ct. ROW

#3. Request to Vacate Sorrento Court ROW

- ROW area is 348 sq. ft.
- Vullriede owns the site abutting the ROW.
- The ROW is not needed for access.
- Underlying easements will remain.
- Vullriede will provide a ROW easement to the City should improvements in this area be required in the future.

 If Yes, Priority Goals Supported are listed below.
 If No, will it harm the intent or success of the Strategic Plan? No

PLANNING & ZONING/HEARING EXAMINER/STAFF RECOMMENDATIONS:

SUMMARY EXPLANATION AND BACKGROUND:

The City anticipates receiving \$1,009,644 in Community Development Block Grant funds for the fiscal year 2019-2020 and \$200,000 in carryover funding from previous years. The City must submit an annual Action Plan to the US Department of Housing and Urban Development by August 15, 2019. The Action Plan outlines the City's funding priorities and allocates funds to local not-for-profit agencies and City Departments. The resolution adopts the Action Plan and Regional Analysis of Impediments, directs the City Manager to prepare all necessary documents for the submission of the document, authorizes and directs the City Manager to accept and execute the grant agreement when received from the U.S. Department of Housing and Urban Development, and authorizes the City Manager to execute subrecipient agreements with the agencies and departments listed in the Action Plan. Department of Community Development Planning Staff will provide a brief presentation of the proposed allocation amounts at the first public hearing.

RESOLUTION 244 - 19

A RESOLUTION ADOPTING THE 2019-2020 ONE YEAR ACTION PLAN FOR THE COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG) ENTITLEMENT PROGRAM INCLUDING THE REGIONAL ANALYSIS OF IMPEDIMENTS TO FAIR HOUSING CHOICE 2019-2023, AUTHORIZING AND DIRECTING THE CITY MANAGER TO PREPARE AND SUBMIT THE ONE YEAR ACTION PLAN FOR THE 2019-2020 FISCAL YEAR INCLUDING THE REGIONAL ANALYSIS OF IMPEDIMENTS TO FAIR HOUSING CHOICE 2019-2023 TO THE UNITED STATES DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT (HUD); AUTHORIZING THE CITY MANAGER OR HIS DESIGNEE TO ACCEPT AND EXECUTE THE GRANT AGREEMENT FOR THE 2019-2020 CDBG PROGRAM WHEN RECEIVED FROM HUD; AUTHORIZING THE CITY MANAGER OR HIS DESIGNEE TO ACCEPT AND EXECUTE GRANT AGREEMENTS WITH SUBRECIPIENTS; PROVIDING AN EFFECTIVE DATE.

WHEREAS, the United States Department of Housing and Urban Development (HUD), as provided under Title I of the Cranston–Gonzalez National Affordable Housing Act and within 24 CFR Parts 91 and 570 require all entitlement municipalities to prepare a Consolidated Plan for a five-year period, including an annual Action Plan for the Community Development Block Grant (CDBG) Program; and

WHEREAS, the United States Department of Housing and Urban Development requires grantees of Community Development Block Grant funds complete an Analysis of Impediments to Fair Housing Choice every five years; and

WHEREAS, the Department of Housing and Urban Development encourages regional collaboration in completing the Assessment of Fair Housing; and

WHEREAS, the Cities of Cape Coral and Fort Myers and Lee County prepared the Regional Analysis of Impediments to Fair Housing Choice 2019-2023 for submission with the 2019-2020 Action Plan; and

WHEREAS, the City has received an allocation of \$1,009,644 for its 2019-2020 CDBG Entitlement Program for the United States Department of Housing and Urban Development (HUD), to be used for the implementation of the One Year Action Plan strategies; and

WHEREAS, the City has carryover CDBG funds in the amount of \$200,000 from previous years funding, to be used for the implementation of the Once Year Action Plan strategies; and

WHEREAS, a Citizen's Participation Plan is part of the Consolidated Plan which provides for public input and participation in the plan development process; and

WHEREAS, the City has provided for public comment and participation in the Annual Action Plan process by conducting two public hearings and has provided a thirty-day period for public comment on the One Year Action Plan.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF CAPE CORAL, FLORIDA:

Section 1. That the City Council for the City of Cape Coral hereby adopts the 2019-2020 Action Plan including the Regional Analysis of Impediments to Fair Housing Choice 2019-2023. Copies of the plans are attached hereto and incorporated herein by reference.

Section 2. The City Council authorizes and directs the City Manager or his Designee to prepare all required materials necessary for the submission of the 2019-2020 One Year Action Plan including the Regional Analysis of Impediments to Fair Housing Choice 2019-2023 and make application to the U.S. Department of Housing and Urban Development.

Section 3. The City Council authorizes and directs the City Manager or his Designee to accept and execute the grant agreement upon receipt from HUD for the 2019-2020 Program Year on behalf of the City.

Section 4. The City Council authorizes and directs the City Manager or his Designee to accept and authorize all grant agreements with subrecipients, pursuant to execution of the grant agreement with HUD.

Section 5. This Resolution shall take effect immediately upon its adoption.

ADOPTED BY THE CITY COUNCIL OF THE CITY OF CAPE CORAL AT ITS REGULAR COUNCIL SESSION THIS _____ DAY OF _____, 2019.

Executive Summary

AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

1. Introduction

As a recipient of federal grant funds, the City of Cape Coral is required by the US Department of Housing and Urban Development (HUD) to produce a Consolidated Plan and Annual Action Plan. These documents have been prepared by the City's Department of Community Development – Planning Division. These plans serve as the application for funding for the Community Development Block Grant which is a federal entitlement program that serves low-income individuals and/or families.

The City of Cape Coral's Five-Year Consolidated Plan identifies the community's affordable housing, community development and economic development needs and outlines a comprehensive and coordinated strategy for addressing them. This document includes narrative responses to specific questions that grantees must respond to be compliant with the Consolidated Planning Regulations. The One Year Action Plan specifically describes activities that will be funded to meet the affordable housing, community development and economic development needs in the City of Cape Coral.

2. Summarize the objectives and outcomes identified in the Plan

This could be a restatement of items or a table listed elsewhere in the plan or a reference to another location. It may also contain any essential items from the housing and homeless needs assessment, the housing market analysis or the strategic plan.

Increase Access to Affordable Housing

- Fund activities that expand the supply and improve the condition of housing affordable to lower income households.
- Extend the useful life of existing affordable housing through weatherization, repair, and rehabilitation programs.
- Fund activities that leverage other public and private resources such as Low Income Tax Credit Projects.

Increase Access to Public Services

- Fund projects that provide supportive services to low and moderate income household as well as persons with special needs.

Increase Economic Opportunity

- Provide funding to support expanded economic opportunity to low income residents within the City of Cape Coral.

Decrease Homelessness

- Provide funding to increase permanent supportive housing opportunities and work to create a stronger network of providers of supportive and mainstream services to homeless clients in Cape Coral.

Improvements to Public Facility and Infrastructure

- Fund non-housing community development proposals that eliminate a threat to public health and safety to include pedestrian safety (i.e. sidewalks).

3. Evaluation of past performance

This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.

Each year, the City reports its progress in meeting the five-year and annual goals in the Consolidated Annual Performance Evaluation Report (CAPER). The City has consistently satisfied program mandates and expended funds in a timely manner. Further, Cape Coral has successfully targeted funds to benefit low and moderate income persons and communities. Copies of the CAPER and HUD's Annual Assessment (the response to the City's CAPER) are available through the City of Cape Coral's Department of Community Development.

4. Summary of Citizen Participation Process and consultation process

Summary from citizen participation section of plan.

The City of Cape Corals' Action Plan PY 2019 was developed through collaborative effort of public, private and non-profit organizations. The City's Citizens' Advisory Board-Community Development Block Grant (CAB-CDBG) held two meetings to solicit citizen input and comments. All meeting notices were published in the local newspapers and meeting invitations were sent to social service agencies that serve low income people in the City of Cape Coral.

There were total of four public meetings/hearings to solicit public input and comments. Additionally, the draft one year action plan and recommended funding levels were posted on the City of Cape Coral website at www.capecoral.net for a period of thirty-days and a notice of availability for public comment was placed in the Fort Myers News Press.

5. Summary of public comments

This could be a brief narrative summary or reference an attached document from the Citizen Participation section of the Con Plan.

AP-10 Consultation – 91.100, 91.200(b), 91.215(I)

1. Introduction

Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(I))

The City of Cape Coral's Department of Community Development/Planning Division has developed and managed strong partnerships and relationships to enhance coordination between service providers. Entities participating in the process include multiple providers of services from various disciplines. These include agencies, organizations, groups with expertise in case management, life skills, alcohol and/or drug abuse, mental health, housing, public housing, employment assistance, transportation, legal, elderly, food/clothing, and domestic violence.

The jurisdiction's consultation with these providers involved scoping sessions, surveys, interviews, and public meetings. These methods of coordination not only imparted information to the various groups but also presented opportunities for criticisms, questions, and feedback. Outside of the Consolidated Planning process, the City annually holds workshops for agencies to discuss needs within the community. Often these workshops lead to agencies collaborating on services, exchanging information, or providing referrals. By continuing to offer these workshops and other opportunities the City anticipates outcomes including, but not limited to, improved lines of communication, increased collaboration, and enriched citizen participation.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

The City of Cape Coral is part of the Lee County Continuum of Care (CoC). The Lee County Human Services Department serves as the lead agency for the County's Continuum of Care (CoC). Through this collaboration, the City ensures that CoC goals and the City's Consolidated Plan priorities are integrated into the plan.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS.

While the City of Cape Coral does not receive ESG funds, the City is a member of the Lee County Continuum of Care (CoC) Governing Board. The Governing Board is responsible for developing performance standards for and evaluation of outcomes of projects and activities assisted by ESG funds and developing policies and procedures for the operation and administration of HMIS.

2. Describe Agencies, groups, organizations and others who participated in the process and describe the jurisdiction’s consultations with housing, social service agencies and other entities.

Table 2 provides a list of agencies that participated in the Consolidated Planning Process. A complete list of participating organizations will be provided as part of the final document.

1. Summary of citizen participation process/Efforts made to broaden citizen participation Summarize citizen participation process and how it impacted goal-setting

Citizen participation was achieved through several methods during the Action Plan planning process. The following methods were used to garner public and private input:

On March 13th, there was a meeting of the Citizen’s Advisory Board for CDBG which included an opportunity for Comment from Public and Board Members.

On May 15th, there was a meeting of the Citizen’s Advisory Board for CDBG. At this meeting, recommended funding levels for the 2018-2019 were made.

From June 3rd -July 29th , the draft Action Plan was made available for public comment at the following locations: City Hall, internet.

On July 29th , City Council held the first public meeting regarding the draft Action Plan which included an opportunity for comment by the public and City Council Members.

On August 5th, City Council held the final public meeting regarding the draft Action Plan which included an opportunity for comment by the public and City Council Members.

Table 4 below is a summary of public participation in the process. This table will be updated throughout the process.

Table 5 - Expected Resources – Priority Table

Explain how federal funds will leverage those additional resources (private, state and local

funds), including a description of how matching requirements will be satisfied

No matching requirements are required for the CDBG program. The City leverages CDBG program funds with the State Housing Initiative Partnership (SHIP) Program for its affordable housing programs including owner-occupied rehabilitation, acquisition/rehabilitation and new construction. Additionally, the City's Neighborhood Stabilization Programs (1 and 3) continue to generate program income. These funds will be used solely and leveraged with the State Housing Initiative Partnership (SHIP) Program for the acquisition/rehabilitation of single family homes and new construction. The City will continue to monitor new and existing funding sources that could be utilized to fulfill the goals and objectives of the Consolidated Plan. This includes supporting applications of other entities for funding under competitive grant programs wherever possible.

If appropriate, describe publicly owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

While the City has a large inventory of publicly owned land/property within the jurisdiction, these properties are generally earmarked for capital projects such as road expansions, stormwater retention, lift stations, etc. However, the City is required by state law to review its inventory triennially to determine if any surplus property should be made available for affordable housing. In the last review conducted in 2019, nine (9) properties were identified and earmarked for affordable housing. Disposition of these lots has not been determined at this time. The City may donate or sell these properties for the development of affordable housing or use the proceeds from the sale to develop affordable housing.

Annual Goals and Objectives

AP-20 Annual Goals and Objectives - 91.420, 91.220(c)(3)&(e)

Goals Summary Information

Sort Order	Goal Name	Start Year	End Year	Category	Geographic Area	Needs Addressed	Funding	Goal Outcome Indicator
1	Rehabilitation of Existing Owner Occupied Units	2015	2019	Affordable Housing	City of Cape Coral	Increase Access to Affordable Housing	CDBG: \$150,000 State Housing Initiative Partnership Program (SHIP): \$150,000*	Homeowner Housing Rehabilitated: 14 Household Housing Unit
2	Affordable Homeownership	2015	2019	Affordable Housing	City of Cape Coral	Increase Access to Affordable Housing	CDBG: \$471,947 Neighborhood Stabilization Program 1 and 3: \$250,000 State Housing Initiative Partnership Program (SHIP): \$100,000*	Direct Financial Assistance to Homebuyers: 12 Households Assisted
3	Public Services	2015	2019	Homeless Non-Homeless Special Needs Non-Housing Community Development	City of Cape Coral	Increase Access to Public Service Activities	CDBG: \$151,447	Public service activities other than Low/Moderate Income Housing Benefit: 2000 Persons Assisted
4	Economic Development	2015	2019	Non-Housing Community Development	City of Cape Coral	Increase Economic Opportunity	CDBG: \$39,321	Other: 15 Other
5	Infrastructure Improvement	2018	2018	Public Facilities	City of Cape Coral	Provide for Infrastructure Improvement(s)	CDBG: \$195,000	Public facility or infrastructure activities other than low/moderate income housing benefit: 1000 persons assisted

Table 6 – Goals Summary

Goal Descriptions

1	GOAL NAME	REHABILITATION OF EXISTING OWNER-OCCUPIED UNITS
	GOAL DESCRIPTION	ASSIST LOW INCOME HOMEOWNERS WITH HEALTH, SAFETY, AND/OR WELFARE RELATED REPAIRS TO THEIR HOMES. THIS MAY INCLUDE MANDATORY CONNECTION TO CITY WATER AND SEWER.
2	GOAL NAME	AFFORDABLE HOMEOWNERSHIP
	GOAL DESCRIPTION	PROJECT WILL COMPRISE OF THREE ACTIVITIES – GAP FINANCING FOR THE PURCHASE OF NEW OR EXISTING HOUSING BY INCOME ELIGIBLE HOUSEHOLDS, REHABILITATION OF PROPERTIES FOR SALE TO LOW AND MODERATE INCOME HOUSEHOLDS AND DOWN PAYMENT/CLOSING COST ASSISTANCE TO INCOME ELIGIBLE HOUSEHOLDS IN ACCORDANCE WITH CDBG REGULATIONS.
3	GOAL NAME	PUBLIC SERVICES
	GOAL DESCRIPTION	FUND A VARIETY OF PUBLIC SERVICE ACTIVITIES THAT AID LOW INCOME RESIDENTS.
4	GOAL NAME	ECONOMIC DEVELOPMENT
	GOAL DESCRIPTION	PROVIDE MICROENTERPRISE ASSISTANCE TO LOW INCOME PERSONS.
5	GOAL NAME	INFRASTRUCTURE IMPROVEMENT
	GOAL DESCRIPTION	PROVISION OF SIDEWALKS IN A PREDOMINATELY LOW-INCOME BLOCK GROUP THAT IS PRIMARILY RESIDENTIAL IN NATURE.

Table 7 – Goal Descriptions

Estimate the number of extremely low-income, low-income, and moderate-income families to whom the jurisdiction will provide affordable housing as defined by HOME 91.215(b):

It is estimated that 6 income qualified households will purchase affordable housing during the program year. Housing activities have a two-year contract period.

AP-35 Projects – 91.220(d)

Introduction

The Strategic Plan outlined five (5) priorities identified during the extensive planning process and the strategies for addressing these priorities. The following is a summary of the priorities identified in the Strategic Plan:

Increase Access to Affordable Housing

- Fund activities that expand the supply and improve the condition of housing affordable to lower income households.
- Extend the useful life of existing affordable housing through weatherization, repair, and rehabilitation programs.
- Fund activities that leverage other public and private resources such as Low Income Tax Credit Projects.

Increase Access to Public Services

- Fund projects that provide supportive services to low and moderate income household as well as persons with special needs.

Increase Economic Opportunity

- Provide funding to support expanded economic opportunity to low income residents within the City of Cape Coral.

Decrease Homelessness

- Provide public service funding to agencies that provide homeless or homeless prevention services.
- Provide funding to increase permanent supportive housing opportunities and work to create a stronger network of providers of supportive and mainstream services to homeless clients in Cape Coral.

Provide for Infrastructure Improvement(s)

- Fund non-housing community development proposals that eliminate a threat to public health and safety to include pedestrian safety (i.e. sidewalks).

During Program Year 2019, the City of Cape Coral will undertake the following projects to implement

these strategies.

#	PROJECT NAME
1	ADMINISTRATION
2	HOUSING REHABILITATION
3	AFFORDABLE HOMEOWNERSHIP
4	MICROENTERPRISE ASSISTANCE
5	DOMESTIC VIOLENCE SERVICES
6	CAPE CORAL CARING CENTER - PUBLIC SERVICES
7	TRANSPORTATION SERVICES
8	CHILD CARE SERVICES
9	UTILITY ASSISTANCE
10	HANDICAPPED SERVICES
11	SENIOR SERVICES
12	SUBSTINANCE PAYMENTS
13	INFRASTRUCTURE IMPROVEMENTS

Table 8 – Project Information

Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

Projects chosen for funding were based on priorities established in the Consolidated Plan.

The main obstacle to meeting under-served needs is primarily that the needs outweigh the available financial resources. The City will continue to explore ways to leverage funding and partnership with other agencies to accomplish its housing and community development goals.

Projects

AP-38 Projects Summary

Project Summary Information

1	PROJECT NAME	ADMINISTRATION
	TARGET AREA	N/A
	GOALS SUPPORTED	N/A
	NEEDS ADDRESSED	N/A
	FUNDING	CDBG: \$201,929
	DESCRIPTION	GRANTEE ADMINISTRATION OF THE CDBG PROGRAM.
	TARGET DATE	9/30/2020
	ESTIMATE THE NUMBER AND TYPE OF FAMILIES THAT WILL BENEFIT FROM THE PROPOSED ACTIVITIES	NOT APPLICABLE.
	LOCATION DESCRIPTION	ACTIVITIES WILL TAKE PLACE AT CAPE CORAL CITY HALL LOCATED AT 1015 CULTURAL PARK BLVD. CAPE CORAL, FL 33990
	PLANNED ACTIVITIES	ADMINISTRATIVE ACTIVITIES REQUIRED TO MANAGE THE CDBG PROGRAM. FUNDS WILL BE UTILIZED FOR SALARY AND OPERATING.

2	PROJECT NAME	HOUSING REHABILITATION
	TARGET AREA	CITY OF CAPE CORAL
	GOALS SUPPORTED	REHABILITATION OF EXISTING OWNER-OCCUPIED UNITS
	NEEDS ADDRESSED	INCREASE ACCESS TO AFFORDABLE HOUSING
	FUNDING	CDBG: \$150,000
	DESCRIPTION	THIS PROJECT HAS ONE ACTIVITY: OWNER OCCUPIED REHABILITATION. HOME REPAIRS RELATED TO HEALTH, SAFETY, WELFARE ARE PROVIDED TO LOW INCOME HOMEOWNERS.
	TARGET DATE	9/30/2021
	ESTIMATE THE NUMBER AND TYPE OF FAMILIES THAT WILL BENEFIT FROM THE PROPOSED ACTIVITIES	IT IS ESTIMATED THAT 8 HOUSEHOLDS WILL BE ASSISTED WITH THIS PROJECT.
	LOCATION DESCRIPTION	THIS IS A SCATTERED SITE PROJECT LOCATED THROUGHOUT THE CITY OF CAPE CORAL.
	PLANNED ACTIVITIES	OWNER OCCUPIED REHABILITATION

3	PROJECT NAME	AFFORDABLE HOMEOWNERSHIP
	TARGET AREA	CITY OF CAPE CORAL
	GOALS SUPPORTED	AFFORDABLE HOUSING
	NEEDS ADDRESSED	INCREASE ACCESS TO AFFORDABLE HOUSING
	FUNDING	CDBG: \$432,750
	DESCRIPTION	PROJECT WILL COMPRISE OF THREE ACTIVITIES – GAP FINANCING FOR THE PURCHASE OF NEW OR EXISTING HOUSING BY INCOME ELIGIBLE HOUSEHOLDS, REHABILITATION OF PROPERTIES FOR SALE TO LOW AND MODERATE INCOME HOUSEHOLDS AND DOWN PAYMENT/CLOSING COST ASSISTANCE TO INCOME ELIGIBLE HOUSEHOLDS IN ACCORDANCE WITH CDBG REGULATIONS.
	TARGET DATE	9/30/2021
	ESTIMATE THE NUMBER AND TYPE OF FAMILIES THAT WILL BENEFIT FROM THE PROPOSED ACTIVITIES	IT IS ESTIMATED THAT 8 HOUSEHOLDS WILL BE ASSISTED
	LOCATION DESCRIPTION	THIS IS A SCATTERED SITE PROJECT. PROPERTIES WILL BE LOCATED THROUGHOUT THE CITY OF CAPE CORAL.
	PLANNED ACTIVITIES	CCHDC HOMEOWNERSHIP HABITAT FOR HUMANITY HOMEOWNERSHIP

4	PROJECT NAME	MICROENTERPRISE ASSISTANCE
	TARGET AREA	CITY OF CAPE CORAL
	GOALS SUPPORTED	ECONOMIC DEVELOPMENT
	NEEDS ADDRESSED	INCREASE ECONOMIC OPPORTUNITY
	FUNDING	CDBG: \$39,321
	DESCRIPTION	GOODWILL INDUSTRIES OF SWFL WILL PROVIDE MICROENTERPRISE TRAINING TO LOW INCOME PERSONS.
	TARGET DATE	9/30/2020
	ESTIMATE THE NUMBER AND TYPE OF FAMILIES THAT WILL BENEFIT FROM THE PROPOSED ACTIVITIES	IT IS ESTIMATED THAT TEN LOW INCOME PERSONS WILL BE ASSISTED WITH THIS PROJECT.
	LOCATION DESCRIPTION	VARIOUS LOCATIONS
	PLANNED ACTIVITIES	GOODWILL MICROENTERPRISE

5	PROJECT NAME	DOMESTIC VIOLENCE SERVICES
	TARGET AREA	CITY OF CAPE CORAL
	GOALS SUPPORTED	PUBLIC SERVICES

NEEDS ADDRESSED	DECREASE HOMELESSNESS
FUNDING	CDBG: \$32,451
DESCRIPTION	ABUSE COUNSELING AND TREATMENT WILL PROVIDE SHELTER TO VICTIMS OF DOMESTIC VIOLENCE. ACTIVITIES WILL TAKE PLACE AT THE CAPE CORAL SHELTER
TARGET DATE	9/30/2020
ESTIMATE THE NUMBER AND TYPE OF FAMILIES THAT WILL BENEFIT FROM THE PROPOSED ACTIVITIES	IT IS ESTIMATED THAT 170 PERSONS WILL BE ASSISTED THROUGH THIS ACTIVITY
LOCATION DESCRIPTION	ACTIVITIES WILL TAKE PLACE AT THE AGENCY'S CAPE CORAL SHELTER. THE LOCATION OF THIS FACILITY IS CONFIDENTIAL.
PLANNED ACTIVITIES	ABUSE COUNSELING AND TREATMENT

6	PROJECT NAME	CAPE CORAL CARING CENTER - PUBLIC SERVICES
	TARGET AREA	CITY OF CAPE CORAL
	GOALS SUPPORTED	PUBLIC SERVICES
	NEEDS ADDRESSED	INCREASE ACCESS TO PUBLIC SERVICE ACTIVITIES DECREASE HOMELESSNESS
	FUNDING	CDBG: \$20,845
	DESCRIPTION	CAPE CORAL CARING CENTER PROVIDES A VARIETY OF SERVICES TO THE CITY'S LOW INCOME RESIDENTS. ACTIVITIES INCLUDE A FOOD PANTRY, BUS PASSES, UTILITY AND PRESCRIPTION ASSISTANCE
	TARGET DATE	9/30/2020
	ESTIMATE THE NUMBER AND TYPE OF FAMILIES THAT WILL BENEFIT FROM THE PROPOSED ACTIVITIES	APPROXIMATELY 950 PERSONS WILL BE ASSISTED THROUGH THIS PROJECT.
	LOCATION DESCRIPTION	ACTIVITIES WILL TAKE PLACE AT THE AGENCIES LOCATION AT 4645 SE 15TH AVE, CAPE CORAL, FL 33904
	PLANNED ACTIVITIES	CAPE CORAL CARING CENTER

7	PROJECT NAME	TRANSPORTATION SERVICES
	TARGET AREA	CAPE CORAL
	GOALS SUPPORTED	PUBLIC SERVICES
	NEEDS ADDRESSED	INCREASE ACCESS TO PUBLIC SERVICE ACTIVITIES
	FUNDING	CDBG: \$18,210
	DESCRIPTION	CITY OF CAPE CORAL PARKS AND RECREATION DEPARTMENT WILL PROVIDE FEE ASSISTANCE TO LOW INCOME AND/OR DISABLED PERSONS TO UTILIZE THE CITY'S MINI-BUS PARATRANSIT PROGRAM

TARGET DATE	9/30/2020
ESTIMATE THE NUMBER AND TYPE OF FAMILIES THAT WILL BENEFIT FROM THE PROPOSED ACTIVITIES	APPROXIMATELY 95 PERSONS WILL BE ASSISTED THROUGH FEE ASSISTANCE
LOCATION DESCRIPTION	400 SANTA BARBARA BLVD, CAPE CORAL, FL 33990
PLANNED ACTIVITIES	CAPE CORAL PARKS AND RECREATION MINI-BUS

8	PROJECT NAME	CHILD CARE SERVICES
	TARGET AREA	CITY OF CAPE CORAL
	GOALS SUPPORTED	PUBLIC SERVICES
	NEEDS ADDRESSED	INCREASE ACCESS TO PUBLIC SERVICE ACTIVITIES
	FUNDING	CDBG: \$11,467
	DESCRIPTION	PROVIDES FEE ASSISTANCE FOR LOW INCOME FAMILIES PARTICIPATING THE PARKS AND RECREATION DEPARTMENT DAY CARE.
	TARGET DATE	9/30/2020
	ESTIMATE THE NUMBER AND TYPE OF FAMILIES THAT WILL BENEFIT FROM THE PROPOSED ACTIVITIES	AN ESTIMATED 14 FAMILIES WILL BE ASSISTED.
	LOCATION DESCRIPTION	315 SE 2ND AVE, CAPE CORAL, FL 33990
	PLANNED ACTIVITIES	PARKS AND RECREATION - CHILD CARE

9	PROJECT NAME	UTILITY ASSISTANCE
	TARGET AREA	CITY OF CAPE CORAL
	GOALS SUPPORTED	PUBLIC SERVICES
	NEEDS ADDRESSED	INCREASE ACCESS TO PUBLIC SERVICE ACTIVITIES DECREASE HOMELESSNESS
	FUNDING	CDBG: \$17,156
	DESCRIPTION	EMERGENCY ASSISTANCE TO ASSIST LOW INCOME PERSONS WITH DELINQUENT WATER/ELECTRIC BILLS.
	TARGET DATE	9/30/2020
	ESTIMATE THE NUMBER AND TYPE OF FAMILIES THAT WILL BENEFIT FROM THE PROPOSED ACTIVITIES	IT IS ANTICIPATED THAT 19 LOW INCOME HOUSEHOLDS WILL BE ASSISTED THROUGH THIS PROGRAM
	LOCATION DESCRIPTION	1105 CULTURAL PARK BLVD, CAPE CORAL, FL 33990
	PLANNED ACTIVITIES	CCMI-UTILITY ASSISTANCE

10	PROJECT NAME	HANDICAPPED SERVICES
	TARGET AREA	CITY OF CAPE CORAL
	GOALS SUPPORTED	PUBLIC SERVICES
	NEEDS ADDRESSED	INCREASE ACCESS TO PUBLIC SERVICE ACTIVITIES
	FUNDING	CDBG: \$30,215
	DESCRIPTION	ASSISTANCE TO HANDICAPPED RESIDENTS OF CAPE CORAL
	TARGET DATE	9/30/2020
	ESTIMATE THE NUMBER AND TYPE OF FAMILIES THAT WILL BENEFIT FROM THE PROPOSED ACTIVITIES	IT IS ANTICIPATED 1000 CAPE CORAL RESIDENTS WILL BE SERVED.
	LOCATION DESCRIPTION	VARIOUS LOCATIONS
	PLANNED ACTIVITIES	DEAF SERVICE CENTER UNITED CEREBRAL PALSY

11	PROJECT NAME	SENIOR SERVICES
	TARGET AREA	CAPE CORAL
	GOALS SUPPORTED	PUBLIC SERVICES
	NEEDS ADDRESSED	INCREASE ACCESS TO PUBLIC SERVICE ACTIVITIES INCREASE ECONOMIC OPPORTUNITY
	FUNDING	CDBG: \$16,102
	DESCRIPTION	ASSISTANCE TO LOW INCOME SENIOR PARTICIPATING IN THE VOLUNTEER GRANDPARENT AND SENIOR COMPANION PROGRAMS
	TARGET DATE	9/30/2020
	ESTIMATE THE NUMBER AND TYPE OF FAMILIES THAT WILL BENEFIT FROM THE PROPOSED ACTIVITIES	AN ESTIMATED 18 LOW INCOME SENIORS WILL RECEIVE MILE REIMBURSEMENT PARTICIPATING IN THE PROGRAM
	LOCATION DESCRIPTION	VARIOUS LOCATIONS
	PLANNED ACTIVITIES	DR. PIPER CENTER

12	PROJECT NAME	SUBSTINENCE PAYMENTS
	TARGET AREA	CITY OF CAPE CORAL
	GOALS SUPPORTED	PUBLIC SERVICES
	NEEDS ADDRESSED	INCREASE ACCESS TO PUBLIC SERVICE ACTIVITIES
	FUNDING	CDBG: \$5,000

DESCRIPTION	INVEST IN AMERICA'S VETERANS FOUNDATION WILL PROVIDE EMERGENCY HOTEL VOUCHERS TO INCOME QUALIFIED HOMELESS VETERANS.
TARGET DATE	9/30/2020
ESTIMATE THE NUMBER AND TYPE OF FAMILIES THAT WILL BENEFIT FROM THE PROPOSED ACTIVITIES	IT IS ESTIMATED 5 PEOPLE WILL BE ASSISTED THROUGH THIS PROGRAM
LOCATION DESCRIPTION	1105 CULTURAL PARK BLVD, CAPE CORAL, FL 33990
PLANNED ACTIVITIES	GOODWILL EMPLOYMENT TRAINING

13	PROJECT NAME	SIDEWALKS
	TARGET AREA	CITY OF CAPE CORAL
	GOALS SUPPORTED	INFRASTRUCTURE
	NEEDS ADDRESSED	IMPROVE INFRASTRUCTURE
	FUNDING	CDBG: \$184,500
	DESCRIPTION	PROVIDE SIDEWALKS IN A PRIMARILY RESIDENTIAL LOW MODERATE INCOME BLOCK GROUP.
	TARGET DATE	9/30/2020
	ESTIMATE THE NUMBER AND TYPE OF FAMILIES THAT WILL BENEFIT FROM THE PROPOSED ACTIVITIES	AN ESTIMATED 1,000 LOW INCOME HOUSEHOLDS WILL BE ASSISTED.
	LOCATION DESCRIPTION	CENSUS TRACT 103.02
	PLANNED ACTIVITIES	SIDEWALKS NE 6 TH ST

Table 9 – Project Summary

AP-50 Geographic Distribution – 91.220(f)

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

All activities will serve residents throughout the City of Cape Coral. As indicated, the City does not have any areas that meet thresholds for low income and minority concentrations. Housing activities will be located on scattered sites throughout the City. Public facility/infrastructure projects will be in low income block groups that meet the City's threshold percentages.

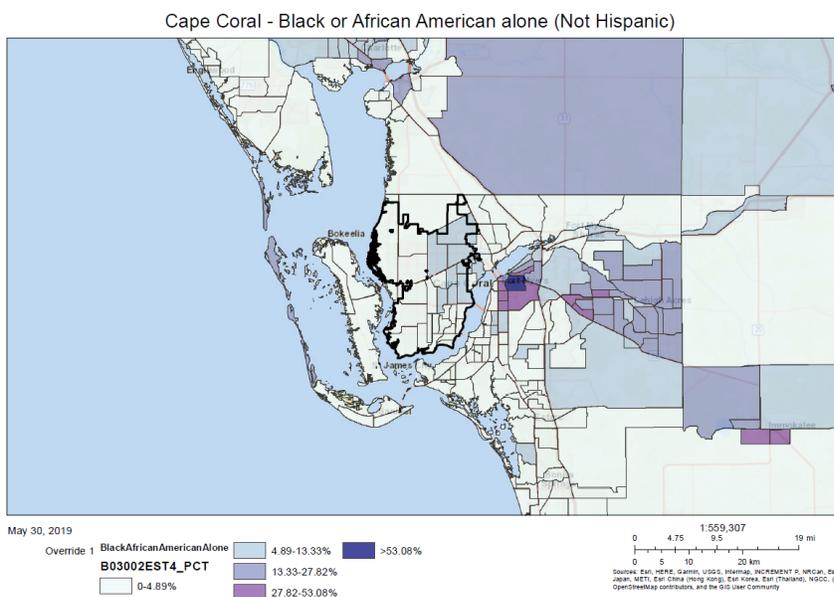

Geographic Distribution

Target Area	Percentage of Funds
City of Cape Coral	100
Low Mod Exception Area Qualified Block Group	

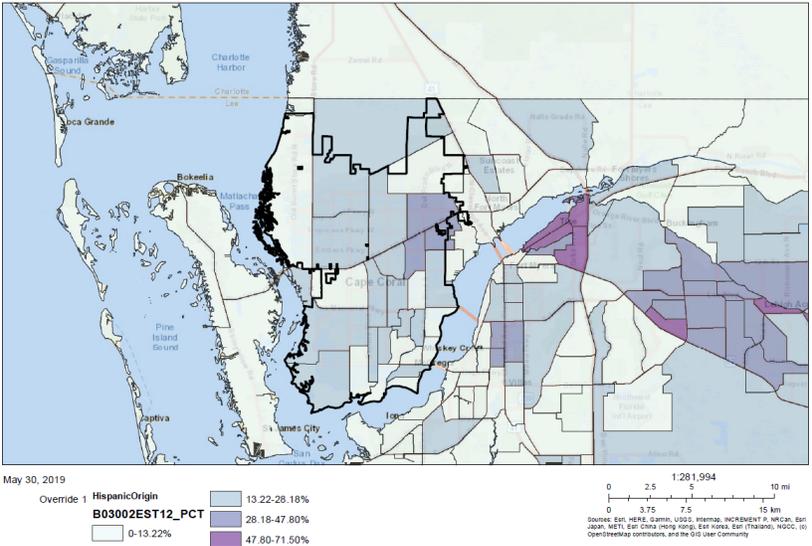

Table 10 - Geographic Distribution

Rationale for the priorities for allocating investments geographically

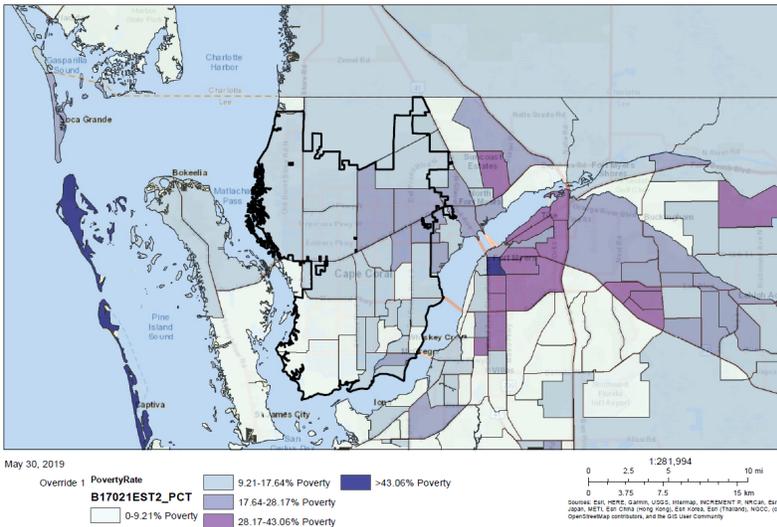

Currently, HUD sets the low/moderate income exception threshold for the City of Cape Coral at 47.11%. The City of Cape Coral has 31 census block groups that meet the income threshold. However, the minority/low income populations are dispersed throughout the City in such that no one geographic area can meet HUD's jurisdiction requirements of low income or racial/ethnic minority concentration now. Please refer to the maps below for a geographical distribution of the poverty and racial/ethnic minority concentrations within the City.

Cape Coral - Persons of Hispanic Origin

Cape Coral - Poverty Rate

The priorities in the allocation of the resources the City expects to receive would be located throughout the community (citywide). Only 31 census blocks qualify as meeting the low-moderate income criteria as provided in 24 CFR 570.208 (a), (1), (ii). If projects are funded which must meet area low-moderate income area benefit criteria, they will be in these block groups. These block groups will be amended from time to time as new data is provided from the US Department of HUD. See the Table 56 for a list of current low-income block groups with corresponding percentages.

The primary distribution of the population benefiting from the grant assistance program will be city-wide and, in most cases, extremely low, low, and moderate income limited clientele, elderly, handicapped or homeless persons will be served. The City's housing programs are concentrated on scattered sites throughout the City. The priority community development needs and public service locations will be throughout the City.

The City does have one area that has been defined as meeting the state definition of slum and blight. This area is in Southeast Cape Coral and is known as the South Cape Community Redevelopment Area. Eligible activities may occur in this area on projects that address the blighting conditions.

Affordable Housing

AP-55 Affordable Housing – 91.220(g)

Introduction

Stakeholder input during the consolidated planning process indicated a strong need for affordable housing in Cape Coral. This includes both rental and ownership opportunities for our low-income population, as well as, the rehabilitation of properties occupied by low income households.

One Year Goals for the Number of Households to be Supported	
Homeless	0
Non-Homeless	16
Special-Needs	0
Total	0

Table 11 - One Year Goals for Affordable Housing by Support Requirement

One Year Goals for the Number of Households Supported Through	
Rental Assistance	0
The Production of New Units	0
Rehab of Existing Units	8
Acquisition of Existing Units/Gap Assistance	8
Total	16

Table 12 - One Year Goals for Affordable Housing by Support Type

Discussion

Traditionally, the City's affordable housing programs have been focused on affordable homeownership opportunities. This will continue to be the case over the upcoming year. Additionally, recognizing the need for affordable rental programs, the City will examine the feasibility of programs targeted to the City's renter population. Finally, with the City's housing stock aging and a high cost burden amongst homeowners, the City will continue to fund rehabilitation programs (including utility connection assistance).

AP-60 Public Housing – 91.220(h)

Introduction

As indicated in the Consolidated Plan, public housing in Cape Coral is managed by two entities: Lee County Housing Authority and the Housing Authority of the City of Fort Myers. Except for twelve units that are in process for Project Based Housing Assistance, public housing in Cape Coral is limited to Section 8 Housing Choice Vouchers.

Actions planned during the next year to address the needs to public housing

The City of Cape Coral does not anticipate utilizing Community Development Block Grant funds to address the needs to public housing. Public housing needs in Cape Coral are addressed by the Lee County Housing Authority and the Housing Authority of the City of Fort Myers.

Actions to encourage public housing residents to become more involved in management and participate in homeownership

The Housing Authority of the City of Fort Myers offers an array of family self-sufficiency (FSS) and supportive service programs for clients receiving subsidized housing assistance. The family-self sufficiency program is aimed at families who have a desire to achieve economic independence and self-reliance of government assistance programs. Clients living in public housing or who participate on the housing choice voucher program, qualify for the FSS program. While participating in the FSS program, participants work closely with the FSS Coordinator for a period up to five years. With the guidance of the FSS Coordinator, families identify and set goals that promote self-sufficiency. Self-sufficiency activities include but not limited to: obtaining and maintaining suitable employment, participating in employment related services such as resume writing, seek suitable employment, and attend life skills courses. FSS participants also attend financial literacy classes where they learn and become familiar with key objectives such as establishing credit, budgeting, savings, and loans.

Through the Senior Service Coordinator (SSC), HACFM provides case management and outreach services for elderly and individuals with disabilities who are age 55 or older. The SSC works closely with local non-profits, community and faith-based organizations, & health providers (e.g. Family Health Centers, HOPE Healthcare, Medi-Care, Senior Friendship Centers, etc.) to provide in-home healthcare, preventative care, and chronic disease management services, all to assist and aid families desiring to live independently in their homes. The SSC aids with coordinating medical appointments, assisting with Medicaid/Medicare eligibility applications, Food stamp applications & recertification, transportation assistance, monthly shopping trips, and social service activities on and off-site.

As a HUD certified counseling agency, HACFM also offers a wide array of housing counseling services for HACFM clients but also clients in the entire Lee County area. Services include pre-purchase counseling, post-purchase counseling, monthly home buyers' education, foreclosure prevention & loss mitigation. The

benefit to clients is that all housing counseling services are offered free of charge to all clients in need.

Additionally, the City will continue to advise the public housing authorities of the availability of the City's affordable housing programs and provide referrals as necessary.

If the PHA is designated as troubled, describe the way financial assistance will be provided or other assistance

Not Applicable.

AP-65 Homeless and Other Special Needs Activities – 91.220(i)

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including:

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The City supports the efforts of the Lee County Continuum of Care (CoC) to simplify and broaden outreach and assessment efforts for homeless persons in Lee County. Much of the outreach to homeless persons is conducted at community events such as the Point in Time Count and the Stand Down/Service Day. There are also specific special events held for the homeless, including an annual candlelight vigil in memory of the homeless who have died in that past year, which is held annually in December. Additionally, outreach is conducted by the many caseworkers at community agencies, the Lee County Homeless Coalition, schools, and other entities that encounter the homeless during other service delivery or during their regular course of business. Needs are assessed during these points of contact, and referrals are made as appropriate.

Addressing the emergency shelter and transitional housing needs of homeless persons

While the City is not a direct recipient of Emergency Solution Grant funds, the City will continue to partner with the Lee County Continuum of Care (CoC) to support emergency and transitional housing needs of homeless persons in the County. The CoC's goals of providing homeless housing and services primarily through entitlement funding will help to meet needs for emergency housing at the Bob Janes Triage Center and Low Demand Shelter. As funding is available, Lee County may issue a Request for Proposals for the development of these projects or programs and funding then be used by other community partners. Other than the funds available through this process, emergency shelter and transitional housing needs may be addressed through grant funding opportunities, such as the competitive Continuum of Care process, or through other state or local funding streams.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

The City of Cape Coral will support programs and resources to allow formerly homeless and at-risk-of homelessness residents to access to affordable permanent housing. The City's local resources include the federal CDBG and the state SHIP funds.

Local agencies also provide prevention, outreach, assessment and supportive services for homeless

persons and for residents at-risk of homelessness. Public and private agencies and programs in Lee County provide services including: Mortgage Assistance, Rental Assistance, Utilities Assistance, Foreclosure Prevention, Counseling/Advocacy, and Legal Assistance. Outreach and Assessment for homeless residents is done through Legal Assistance, Street Outreach, Mobile Clinic, and Law Enforcement. Supportive Services for homeless residents include: Counseling/Advocacy, Case Management, Life Skills, Alcohol & Drug Abuse, Mental Health Counseling, Healthcare, HIV/AIDS, Education, Employment, Child Care, and Transportation.

Other than the funds available through this process, permanent housing needs may be addressed through other resources identified elsewhere in this plan, and through other grant funding opportunities, such as the competitive Continuum of Care process, or through other state or local funding streams.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.

The Florida Statutes set out state discharge guidelines and notes that the intent of the Legislature is to ensure that persons leaving care and custody are not discharged into homelessness. The Florida State Department of Corrections requires contracted halfway houses in order to secure full employment for clients and to discharge clients into transitional or permanent housing residence. (The Federal Bureau of Prisons *Halfway House Program* has the same requirements.)

Local Policy

The Lee County Homeless Continuum of Care has Memoranda of Understanding on Discharge Planning with the Lee County Sheriff, The Lee Memorial Health System, Saluscare, and the Children's Network of Southwest Florida, LLC.

Several programs and outreach services work to keep persons at, or nearing, the point of discharge from the local jail and sheriff's stockade from becoming homeless and entering the homeless Continuum. Persons discharged from prison have access to the Lee County Department of Human Services Family Self Sufficiency Program, which provides first month or eviction rental assistance. The hospitals of the Lee Memorial Health System and Southwest Regional Health System conduct discharge planning with patients. Policies of the systems direct that patients are not discharged to the streets. Lee County Foster Care Programs are operated under the state-contracted Children's Network of Southwest Florida, LLC. Discharge assistance is provided through the Independent Living Program in which funding for education and associated rent and basic assistance to youth discharged from the system.

While the City is not a direct recipient of Emergency Solution Grant funds, the City will continue to partner with the Lee County CoC to support efforts made to implement the existing local coordinated discharge policies for individuals or families who are being discharged from a publicly funded institution.

AP-75 Barriers to affordable housing – 91.220(j)

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

The City has adopted the Local Housing Incentive Plan (LHIP) as required to receive the State of Florida's Affordable Housing Program funding (State Housing Initiatives Partnership (SHIP) Program). This plan led to the following actions to reduce barriers:

- Expedited Permitting - affordable housing projects are assigned priority status and reviewed in an expedited manner;
- Ongoing review of policies and procedures;
- Reduction in Street Width Requirements for affordable single family subdivision;
- Zero-lot Line Configuration; and
- Inventory of locally owned public lands suitable for affordable housing.

In addition, the following strategies will be utilized to remove or ameliorate the barriers to affordable housing:

The City of Cape Coral will research and review alternative methods to financing affordable housing including but not limited to, density incentive programs, linkage fees, and inclusionary housing ordinances.

The City of Cape Coral will continue to utilize CDBG, NSP, and SHIP funds to provide counseling and financial assistance to first time income eligible homebuyers to purchase either existing or newly constructed homes.

The City will continue to utilize CDBG and SHIP funds to provide financial assistance to income eligible city residents to rehabilitate owner-occupied dwellings.

The City will continue to implement the actions including within the Lee County Regional Analysis of Impediments to Fair Housing Choice to remove or ameliorate the barriers to both fair housing choice and affordable housing.

AP-85 Other Actions – 91.220(k)

Introduction

Listed below are the actions planned to address obstacles to meeting underserved needs, foster and maintain affordable housing, reduce lead-based paint hazards, reduce the number of poverty-level families, develop institutional structure, and enhance coordination between public and private housing and social service agencies.

Actions planned to address obstacles to meeting underserved needs

The major obstacle to meeting all the identified needs is the lack of funding resources. Significant funding cuts in previous years and minimal funding increases does not account for the overall budgetary restrictions the City has seen in its CDBG program. Typically, applicant request amounts are much higher than the entitlement amount which further escalates the budgetary constraints in meeting the undeserved needs. However, the City will continue to partner, when feasible, with other nonprofit organizations to leverage the City's CDBG allocation.

Actions planned to foster and maintain affordable housing

The City will continue to operate existing affordable housing programs with the assistance of local not for profit housing developers. The City will also continue to research and potentially develop new programs that meet changing housing needs within our community.

Actions planned to reduce lead-based paint hazards

The City of Cape Coral's Department of Community Development has developed a Lead Based Paint Action Plan/Policy to address lead-based hazards that might be present within the pre-1979 housing stock. This plan was created to assist City staff and grantees in identifying and mitigating lead-based paint hazard within the City's older housing stock. It also serves to inform residents about the potential health hazards related to lead-based paint and how to eradicate these.

The Action Plan is divided into seven (7) sections:

1. Dissemination of Information
2. Evaluation of Dwellings for Lead-Based Paint Hazards
3. Reduction of Lead Hazards
4. Implementation of Ongoing Maintenance Procedures
5. Responding to Children with Environmental Intervention Blood Lead Levels (EIBLL)
6. Personnel Qualifications
7. Exemptions

A copy of this policy is in the appendices.

The City of Cape Coral's housing programs has integrated the components of 24 CFR Part 35 into its policies and procedures governing federally assisted housing programs directly administered under the City of Cape Coral and those contracted with subrecipient organizations. Programs will be affected include housing rehabilitations and acquisition as specified within 24 CFR Part 35.

The City of Cape Coral will support any application for lead-based paint hazard abatement grants, especially those that will benefit residents classified as extremely low, low, and moderate-income.

The City's homebuyer assistance program and single-family owner-occupied rehabilitation program that rehabilitates homes constructed prior to 1978 will be provided a complete visual assessment of all painted surfaces to identify deteriorated paint, and will be provided paint stabilization of deteriorated painted surfaces, and a clearance examination, as required. Lead-based paint hazards information will be provided to all homebuyers assisted by these programs. The City will follow its Lead-Based Paint Hazards Policy in the administration of the City's housing program to reduce and eradicate lead-based housing units in the City.

Additionally, lead based paint regulations will be included in all subrecipient agreements and compliance will be included in agency monitoring.

Actions planned to reduce the number of poverty-level families

The City of Cape Coral's goal is to reduce the number of poverty level families through economic development, affordable housing, and service programs coordinated by various entities throughout the City of Cape Coral, the City of Fort Myers, and Lee County. Recognizing the need to overcome poverty is one component of a complex set of issues. Beyond implementing economic development, affordable housing, and service coordinating programs, families in poverty must be provided the opportunity to overcome personal and socioeconomic barriers to gain control of their lives.

Per the 2000 Census, 1,623 families in Cape Coral had a 1999 income below the poverty level. This number represented 5.3% of families that resided in Cape Coral at that time. In comparison, 10.7% of families (approximately 4,381) had incomes below the federal poverty level in 2013. The poverty level families have drastically increased in the last ten years. This number is higher for families with children under 18 (16.8%) and female headed households with children under 5 years of age (39%).

To help individuals, rise above the poverty level and become self-sufficient, the City of Cape Coral in conjunction with Lee County and the State of Florida, including private, non-profit agencies and organizations have designed and implemented various programs.

The City of Cape Coral has established an Economic Development Office. This office promotes and assists businesses in locating and expanding operations and facilities in the City. Additionally, partnerships with

non-profits providing job-training/microenterprise assistance provide economic opportunities for low income individuals.

The affordable housing programs provided by the Cape Coral Housing Development Corporation, Habitat for Humanity of Lee and Hendry Counties, and the Section 8 rental programs administered by the Lee County Housing Authority and the Housing Authority of the City of Fort Myers enable lower income families to reduce their overall housing costs. These programs enable families to utilize a larger part of their income for other necessities. The programs often allow people to live closer to their place of employment, which in turn may reduce their travel costs.

Actions planned to develop institutional structure

The City will utilize its network of public sector and non-profit organizations to implement the consolidated plan. Over the next five years, the City expects to overcome gaps in the institutional structure and delivery system by:

- Training and capacity building for non-profit organizations;
- Collaborating with the Lee County Department of Human Services and Lee County Homeless Coalition regarding availability of homeless services/shelter in Cape Coral;
- Monitoring to identify program inefficiencies, improve program performance, and ensure compliance with applicable regulations;
- Encouraging collaboration among agencies to eliminate duplicative services and better serve residents, especially low- and moderate-income households and special needs populations; and
- Reviewing internal policies, procedures and staffing of the CDBG program for efficiency and effectiveness.

Actions planned to enhance coordination between public and private housing and social service agencies

See above.

Program Specific Requirements

AP-90 Program Specific Requirements – 91.220(I)(1,2,4)

Introduction

The City's program specific requirements for the CDBG program are listed below.

Community Development Block Grant Program (CDBG) Reference 24 CFR 91.220(I)(1)

Projects planned with all CDBG funds expected to be available during the year are identified in the Projects Table. The following identifies program income that is available for use that is included in projects to be carried out.

The total amount of program income that will have been received before the start of the next program year and that has not yet been reprogrammed	0
The amount of proceeds from section 108 loan guarantees that will be used during the year to address the priority needs and specific objectives identified in the grantee's strategic plan.	0
The amount of surplus funds from urban renewal settlements	0
The amount of any grant funds returned to the line of credit for which the planned use has not been included in a prior statement or plan	0
The amount of income from float-funded activities	0
Total Program Income:	0

Other CDBG Requirements

The amount of urgent need activities	0
The estimated percentage of CDBG funds that will be used for activities that benefit persons of low and moderate income. Overall Benefit - A consecutive period of one, two or three years may be used to determine that a minimum overall benefit of 70% of CDBG funds is used to benefit persons of low and moderate income. Specify the years covered that include this Annual Action Plan.	100.00%

2019-2023

Analysis of Impediments to Fair Housing Choice

*A regional collaboration of
Lee County,
City of Fort Myers,
City of Cape Coral,*

Appendix B: Citizen Participation

I. Introduction and Executive Summary

Lee County is located on the Gulf Coast of Florida and encompasses approximately 811 square miles including several small islands in the Gulf of Mexico. The County is bordered by Charlotte County to the north, Hendry County to the east, and Collier County to the south. Four incorporated municipalities are located on the mainland: Fort Myers, Bonita Springs, Estero and Cape Coral; Fort Myers Beach, a fifth municipality, is located on Estero Island and a sixth municipality, Sanibel, is situated on the island of the same name. The unincorporated communities include Alva, Captiva Island, Lehigh Acres, Matlacha, North Fort Myers, Pine Island, and Tice. The County seat is Fort Myers and the largest city is Cape Coral. The County's boundary is the same as Cape Coral – Fort Myers Metropolitan Statistical Area (MSA) boundary.

A. Purpose of the Report

Equal access to residential housing (housing choice) is fundamental to each person in meeting essential needs such as pursuing personal, educational, or employment goals. Because housing choice is so critical to personal development, fair housing is a goal that government, public officials and the public must embrace for equality of opportunity to become a reality. In recognition of equal housing access as a fundamental right, the federal government and the State of Florida have both established fair housing choice as a right protected by law.

Fair Housing is defined as a condition in which individuals of similar income levels in the same housing market have a range of housing choices available to them independent of their race, color, religion, national origin, sex, sexual orientation, gender identity or expression, age, disability, familial status, marital status or any other arbitrary factor. Impediments to fair housing choice include any actions, omissions, or decisions taken because of race, color, religion, national origin, sex, sexual orientation, gender identity or expression, age, disability, familial status, or marital status or any other arbitrary factor, which restricts housing choices or the availability of housing choices.

Pursuant to the U.S. Department of Housing and Urban Development's (HUD) regulations (24CFR91.225(a)(1)) to receive the federally funded Community Development Block Grant (CDBG) funds, each entitlement jurisdiction must certify that it will affirmatively further fair housing (AFFH) in accordance with the requirements of 24 CFR 5.150 through 5.180. AFFH regulations are intended to provide effective planning processes, which include:

- Completing an Analysis of Impediments to Fair Housing Choice (AI) or Assessment of Fair Housing (AFH).
- Incorporating the AI or AFH into subsequent Consolidated Plans to ensure investment in actions that affirmatively further fair housing.

HUD interprets the implementation of this planning process to include:

- Analyzing fair housing data.
- Conducting an assessment fair housing issues and contributing factors.
- Identifying fair housing priorities and goals.

- Implementing meaningful actions to further fair housing goals.
- Promoting fair housing choice for all people.
- Providing racially and ethnically inclusive patterns or housing occupancy.
- Promoting housing that is physically accessible to, and usable by, all people particularly individuals with disabilities.
- Fostering compliance with nondiscrimination provisions of the Fair Housing Act.

This Analysis will:

- Evaluate fair housing data in each jurisdiction.
- Assess regional segregation, racially and ethnically concentrated areas of poverty, disparities in access to opportunity, and disproportionate housing needs based on the protected classes.
- Summarize fair housing issues and capacity.
- Identify fair housing priorities and goals.

Three entitlement jurisdictions, the City of Cape Coral, the City of Fort Myers and Lee Urban County agreed to conduct an Analysis of Impediments to Fair Housing Choice at a regional scale, comparing trends and conditions within and across jurisdictions to develop a comprehensive view of regional equity and access to opportunity.

The Regional Analysis of Impediments to Fair Housing Choice offers considerable value in assessing fair housing issues, as many of the fair housing issues that are most intractable are best addressed at a regional level. This Regional AI covers the entirety of Lee County, including incorporated cities and unincorporated areas.

The Analysis of Impediments to Fair Housing Choice presents a demographic profile of Lee County, assesses the extent of housing needs among specific groups, and evaluates the availability of variety of housing choices for its residents. This report also analyzes the conditions in the private market and public sector that may limit the range of housing choices or impede a person's access to housing. While this report also assesses the nature and extent of housing discriminations, the focus is on identifying impediments that may prevent equal housing access and developing solutions to mitigate or remove such impediments.

Fair housing, while required by law and a moral issue in its commitment to equal access to housing for all people, is also very much an economic issue. No community can reach its full potential for economic growth and well-being if large segments of its residents are unable to participate fully in the housing market. Segregated housing causes disparities in access to education, employment, transportation, and healthy neighborhoods. Studies have clearly shown the relationship between housing and access to opportunities. Home-seekers who do not have access to all of the available housing choices may not be able to take advantage of living in neighborhoods, which enhance their opportunities for future success. Impediments to fair housing have created neighborhoods with significant disparities in access to opportunities.

Overcoming those disparities means ensuring that adequate investment is made to ensure all neighborhoods are healthy and attractive places to live. Eliminating impediments to fair housing choice will not only improve the quality of life for many affected individuals and families, but will also enhance the economic health of all Lee County residents. An analysis of the impediments to fair housing is more than a catalog of fair housing issues; it is a comprehensive study of the barriers to housing choice. This study must identify those systemic or structural issues that limit the ability of people to take advantage of the full range of housing and opportunities, which should be available to them.

Entitlement Jurisdictions

An entitlement jurisdiction is a jurisdiction with a population of over 50,000 residents. An “entitlement” jurisdiction is so defined because it is “entitled”, based on its population, to directly receive formula CDBG funding from HUD. Entitlement jurisdictions in Lee County include:

- City of Cape Coral
- City of Fort Myers
- Lee Urban County

Lee Urban County

Cities with a population smaller than 50,000 residents do not directly receive CDBG funds from HUD. Instead, these small cities may participate in the Urban County program. The Urban County program is responsible for administering the CDBG funds received from HUD. The Lee Urban County includes:

- Unincorporated areas
- City of Bonita Springs (Metropolitan City with deferred status)
- City of Sanibel
- Town of Fort Myers Beach
- Village of Estero

B. Fair Housing Laws

Federal Fair Housing Laws

The Federal Fair Housing Act of 1968 and Fair Housing Amendments Act of 1988 prohibit discrimination in all aspects of housing, including the sale, rental, lease or negotiation for real property. The Fair Housing Act prohibits discrimination based on a person’s race, color, religion, sex, disability, familial status, or national origin. On July 16, 2015, HUD published the Affirmatively Furthering Fair Housing Final Rule to provide a standardized fair housing planning process for grantees. In addition, HUD issued the Equal Access to Housing Final Rule on September 21, 2016, building upon the February 2012 to prohibit communities and organizations participating in its grant programs from discriminating based on actual or perceived sexual orientation, gender identity or marital status. Individuals and families who are protected from discrimination by fair housing laws are referred to as members of protected classes.

State of Florida Fair Housing Laws

The Florida Civil Rights Act of 1992 and Fair Housing Act of 1983 (State Statute 760) prohibits housing discrimination based on race, color, religion, sex, national origin, age, handicap, or marital status. In addition to the seven federally protected classes, age is also a protected class in the State of Florida, giving Florida residents greater protection under the State fair housing laws. The Civil Rights Act formally created the Florida Commission of Human Relations (FCHR), which is responsible for the enforcement of State Statute 760.

Federal Accessibility Standards

Fair Housing Amendment Act: The Act requires owners of housing facilities make “reasonable accommodation” (exceptions) in their rules, policies, and operations to give people with disabilities equal housing opportunities. The Fair Housing Act also requires landlords to allow tenants with disabilities to make reasonable access-related modifications to their private living space, as well as to common use spaces, at the tenant’s own expense. Finally, the Act requires that new multi-family housing with four or more units be designed and built to allow access for persons with disabilities. This includes accessible common use areas, doors that are wide enough for wheelchairs, kitchens and bathrooms that allow a person using a wheelchair to maneuver, and other adaptable features within the units.

Americans with Disabilities Act (ADA): ADA standards are required to ensure equal access to places of public accommodation and commercial facilities by individuals with disabilities. Title II of the ADA applies to state and local services, including state and local housing programs. Government entities are obliged to assure that housing financed through state and local programs complies with ADA accessibility guidelines.

Section 504: Section 504 of the Rehabilitation Act of 1973 states: “No otherwise qualified individual with a disability in the United States . . . shall, solely by reason of her or his disability, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program, service or activity receiving federal financial assistance or under any program or activity conducted by any Executive agency or by the United States Postal Service. (29 U.S.C. 794)”. This means that Section 504 prohibits discrimination on the basis of disability in any program or activity that receives financial assistance from any federal agency, including HUD.

Architectural Barriers Act: The Architectural Barriers Act of 1968 (ABA) (42 U.S.C. 4151-4157) requires that certain buildings financed with Federal funds must be designed, constructed, or altered in accordance with standards that ensure accessibility for persons with physical disabilities. The ABA requires that covered buildings comply with the Uniform Federal Accessibility Standards (UFAS). The ABA does not cover privately owned housing, but covers buildings or facilities financed in whole or in part with Federal funds. The ABA applies to public housing (24 CFR 40), and to buildings and facilities constructed with CDBG funds (24 CFR 570.614). In practice, buildings built to meet the requirements of Section 504 and Title II of the ADA will conform to the requirements of the ABA.

Uniform Federal Accessibility Standards (UFAS): UFAS sets standards for facility accessibility by physically handicapped persons for federal and federally funded facilities. These standards are to be applied during the design, construction, and alteration of buildings and facilities to the extent required by the Architectural Barriers Act of 1968, as amended.

The Relationship between Fair Housing and Affordable Housing

Neither federal nor state fair housing laws identify low- and moderate-income households as a protected class. Therefore, the lack of affordable housing though critical, is not considered a fair housing issue. While housing affordability is not a fair housing issue, the increased demand for housing combined with the dwindling supply of housing may create conditions where fair housing violations become a part of the competition in the housing market. To the extent that the lack of affordable housing disproportionately affects groups that are protected by fair housing laws, fair housing concerns arise.

C. Lead Agency and Funding Sources

The most recent Regional AI was completed by an independent consultant, Lee H. Combs Consulting Services, in 2015, through consultation with staff from the three entitlement jurisdictions. Updates to this Regional AI are being completed by entitlement jurisdiction staff.

The funding for the 2015 Regional AI came from the all three entitlement jurisdictions' CDBG administrative and planning budgets. Updates are being made at the expense of the entitlement jurisdictions' CDBG administrative and planning budgets.

D. Methodology and Data Source

In accordance with the objectives in the HUD *Fair Housing Planning Guide and the Affirmatively Furthering Fair Housing (AFFH) Final Rule*, the Fair Housing Plans have been developed and are intended to:

- Effectively identify and evaluate fair housing data. Establish fair housing goals that address issues and factors contributing to fair housing issues.
- Incorporate deliberate fair housing planning into the Consolidated Plan.
- Promote access to opportunities for all persons.
- Provide opportunities for inclusive patterns of housing occupancy regardless of race, color, national origin, religion, sex, familial status and disability.
- Foster public input about fair housing issues and goals.

The methodology used to complete the Lee County Regional Analysis of Impediments to Fair Housing involved a compilation of primary data and review of reports completed by various agencies on the status of existing housing programs and efforts to improve access and choice to housing in Lee County. The following data sources were used to update this AI:

- The most recently available demographic data regarding population, household, housing, income and employment at municipal level, including Census and American Community Survey sources.
- HUD Comprehensive Housing Affordability Strategy (CHAS) data.

- HUD Affirmatively Furthering Fair Housing data.
- Public policies affecting the siting and development of housing.
- Financial lending institution data from Home Mortgage Disclosure Act (HMDA) database.
- Consolidated Plans, Annual Action Plans and CAPERs for federal entitlement communities.
- Real estate advertisements from the “Fort Myers New-Press”.
- U.S. Department of Labor, Bureau of Labor Statistic database.
- Local Housing Authorities Annual Plans (City of Fort Myers Housing Authority and Lee County Housing Authority) and Administrative Plans for Public Housing Authorities and Section 8 Programs.
- Lee County Property Appraiser’s Office database.
- University of Florida Shimberg Center for Housing Studies database.
- Previous AIs of the Cities of Fort Myers and Cape Coral, and Lee County.

E. Evaluation of Past Performance

Lee County, in collaboration with the cities of Cape Coral and Fort Myers, identified seven regional impediments, and five local impediments to fair housing in the 2015 AI. Each regional impediment was assigned a goal and various strategies for meeting recommended benchmarks. Regional goals selected aim to:

1. Reduce incidence of discrimination in the sale or rental of housing.
2. Increase racial and ethnic minority’s access to home financing.
3. Improve regional transportation.
4. Affirmatively further fair housing programs in the County.
5. Improve housing accessibility for persons with disabilities.
6. Improve LEP persons’ access to fair housing information.
7. Ensure that the members of protected classes are represented on local planning/zoning boards.

In addition to regional goals, each jurisdiction established local goals to revise administrative procedures and adopt fair housing ordinances that comply with the Fair Housing Act.

In an effort to take measurable action toward accomplishing each goal, specific strategies and benchmarks were established and reported on quarterly. Accomplishments reported for each goal are detailed below.

Reduce incidence of discrimination in the sale or rental of housing.

- Lee County Human and Veteran Services (HVS) ensured ease of access of fair housing information to the public via their website and in print at various public contact points, such as libraries and community centers. Additionally, Lee County continuously ensures that all relevant documents and publications are available in English and Spanish and feature the fair housing logo.

- Lee County administered a contract for the 2015 and 2016 program years with Florida Rural Legal Services to provide fair housing education and assist in the organization of a regional fair housing workshop, held during National Fair Housing month in April. The workshop, hosted by the Housing Authority of the City of Fort Myers, was attended by representatives from the regional jurisdictions, local residents, property owners, and realtors. Additional fair housing education contracts were administered during the 2017 and 2018 program years with the Florida Housing Coalition.
- Lee County HVS distributes fair housing information packages and annual training to property owners that rent to low income residents throughout the County.

Increase racial and ethnic minority's access to home financing.

- The City of Cape Coral maintains lender guidelines for participation in the City's CDBG, NSP, SHIP programs.
- Lee County HVS has conducted several strategic outreach events, which included distribution of program and fair housing marketing materials. In addition, HVS offers financial literacy training funded by a Florida Attorney General's office grant, and budget clinic taught by staff of the University of Florida Extension Services office.
- Lee County HVS administers a down payment assistance (DPA) program to assist homebuyers with down payment and closing costs. Seventy percent of the households assisted through the DPA program during the 2016 program year were Hispanic.

Improve regional transportation.

- The City of Cape Coral's minibus, funded by CDBG funds, provides transit to disabled individuals within the City.
- Job Access and Reverse Commute (JARC) and New Freedom programs were discontinued by the Federal Transit Administration (FTA), however, Lee County continues to provide general funds and local matches to social service agencies that received FTA Section 5310 Enhanced Mobility for Seniors & Individuals with disabilities pass through to the state of Florida Department of Transportation.

Affirmatively further fair housing programs in the County.

- The Housing Authority of the City of Fort Myers, along with Lee County HVS, City of Fort Myers and City of Cape Coral, hosted the Southwest Florida Annual Fair Housing Summits on April 21, 2015, April 6, 2016, April 12, 2017, and April 11, 2018 at the Dr. Carrie Robinson Community Center in Fort Myers. The Summits feature guest speakers such as Mr. Aaron Levine, from the HUD Miami Field Office and Attorney Yohance Pettis, from the Tampa based U.S. Attorney's Office. In-depth presentations about the Fair Housing Act, best practices for property managers and owners, and information regarding the U.S. Attorney's Office and available Fair Housing services are given during the Summits.
- Residents entering public housing programs are required to attend New Resident Orientation, which is held monthly and offered in Spanish every other month. The orientation details fair housing protections and informs news residents of their right to fair housing.

- Lee County HVS distributes a Fair Housing Accomplishments log to responsible stakeholders quarterly to ensure that measurable actions are being taken to affirmatively further fair housing in Lee County.

Improve housing accessibility for persons with disabilities.

- The City of Cape Coral and Lee County prioritize special needs clients in their Community Development Block Grant (CDBG) and State Housing Initiative Partnership (SHIP) funded owner occupied rehabilitation programs.
- All jurisdictions ensure that reasonable accommodation information is clearly displayed in public facilities and on public notices.
- All jurisdictions ensure that newly constructed properties meet Universal Design requirements.

Improve LEP persons’ access to fair housing information.

- Lee County HVS has conducted several strategic outreach events, which included distribution of program materials and fair housing marketing materials to LEP persons.
- The Cities of Cape Coral and Fort Myers and Lee County websites have a one-click translation feature, which offers translation of all web content into a multitude of languages.
- Lee County HVS reviewed and updated their Language Access Plan (LAP) for Persons with Limited English Proficiency. The updates include the addition of an annual monitoring plan that ensures staff are properly trained on LEP procedures.
- The City of Cape Coral is in the process of rewriting their existing Title IV Plan, which includes their LAP.

Ensure that the members of protected classes are represented on local planning/zoning boards.

- Lee County conducted a survey of the demographics of members of the Lee County Zoning Board. Results were compiled and information was conveyed to elected officials regarding the importance of diversity.

Progress was also made toward the accomplishment of local fair housing goals. Lee County collaborated with the City of Sanibel to amend their zoning ordinance, which established an excessive separation distance requirement for assisted living, foster family homes, and residential childcare facilities. The ordinance was revised in May 2015. The City of Cape Coral established a process for ensuring that group homes are properly reviewed in accordance with State Law and Florida Building Code requirements. Additionally, the City of Cape Coral has produced a draft Fair Housing Ordinance that will be brought before their board for adoption in the near future.

Overall, the progress made toward current fair housing goals has been significant. Collaboration between entitlement jurisdictions has played a significant role in accomplishing fair housing goals. The implementation of the Fair Housing Accomplishments Report, which is emailed quarterly to stakeholders, has proven to be a useful tool in keeping responsible agencies mindful

of the actions necessary to affirmatively further fair housing. Throughout the update of this AI, that collaboration and accountability has continued.

The Housing Authority of the City of Fort Myers and the Lee County Housing Authority, the local Public Housing Authorities (PHAs), have also been involved in the planning and development of new fair housing goals and strategies. PHA involvement has been instrumental to ensure that residents most vulnerable to discrimination are aware of their rights. Partnerships between community stakeholders and housing developers have made Lee County successful in determining fair housing goals and addressing impediments.

There have been some short falls in actions taken to accomplish the established goals. Little progress has been made toward the goals of improving regional transportation. Public transportation continues to be an ongoing concern in Lee County. The discontinuation of Job Access and Reverse Commute (JARC) and New Freedom programs formerly funded by the Federal Transit Administration (FTA) limited the resources available to accomplish established goals. Lee County continues to provide general funds and local matches to social service agencies that received FTA Section 5310 Enhanced Mobility for Seniors & Individuals with disabilities pass through to the State of Florida Department of Transportation. Lee Tran, the local public transportation provider, has also developed additional transportation options, as part of the 10 year Transit Development Plan and the 2035 Visions Plan.

The Lee County Transit Development Plan can be viewed here:

<https://www.leegov.com/leetrans/Documents/LeeTran%20TDP%20Final%20Report%2010-13-16.pdf>

Additional actions can also be taken toward reducing incidences of discrimination in the sale or rental of housing through coordinating and conducting comprehensive countywide random testing on a regular basis to identify issues, trends, and problem properties. Feasibility studies and the development of testing methods must be completed prior to any scheduling of testing. Lee County did explore the options of the Department of Justice completing testing, but the partnership was never fully developed.

Locally, additional actions can be taken toward adopting a fair housing ordinance within the City of Cape Coral. The City of Cape Coral has been working toward this goal. The City has also approved a Reasonable Accommodation Ordinance since the last update of the AI.

The City of Fort Myers worked with their Local Affordable Housing Advisory Committee (LAHAC) to draft a Fair Housing Ordinance. Staff will take the ordinance before City Council for approval in August 2019. The City has revisited and re-interpreted its Land Development Code definition of Residential Care Facility, which allows accommodation of individuals that meet the definition of disabled/handicapped under FHA and ADA with required relationship/nexus requirement for reasonable accommodations. This allows substance abuse treatment and outpatient services in residential areas.

These accomplishments have provided the foundation for the 2019 AI update.

F. Conclusions

1. Impediments Found

a. Impediments Carried over from Previous AIs:

Regional Impediments

These are impediments identified in the previous AIs from three entitlement jurisdictions that are common in all jurisdictions but are persisting, and therefore require further efforts to mitigate the impacts. These impediments are considered “regional” because their impact is present in all participating jurisdictions within the County and require the collaboration of all jurisdictions to address the impediments.

Regional Impediment #1: Housing discrimination persists in the private market, according to complaints data received.

Disability, national origin, and familial status are often the prior basis upon which fair housing complaints are based.

Actions to Address Impediment:

- Prominently display fair housing information on public counters and other points of contact, such as libraries and community centers.
- Include fair housing logo on all housing related documents for public review, brochures, and legal advertisements. Ensure all non-profit agencies that receive housing funds use the logos on their advertising materials.
- Entitlement jurisdictions should include in the scopes of work for fair housing services to expand outreach to small property owners.
- Coordinate and conduct comprehensive and countywide random testing on a regular basis to identify issues, trends, and problem properties by:
 - a) Conduct feasibility study.
 - b) Develop testing methods.
 - c) Schedule and conduct testing.

Regional Impediment #2: Pattern of disparity continues to exist in private mortgage lending for racial and ethnic minorities.

The analysis of the latest HMDA data indicated the following:

- Loan application denials for minorities were higher than the average denial rates (19.3% (2017)) and well above the denial rate of White applicants (15.45% (2017)). The average denial rates by race and ethnicity included 12.56 percent for Asian applicants, 26.23 percent for Black applicants, and 22.9 percent for Hispanic applicants.

- Among Black applicants and White/Minority Race applicants, credit history (42.1 percent and 49.1 percent, respectively) was cited as the most common reason for denial. For Asian applicants, debt to income ratio was the most common reason for denial at 52.2 percent.
- An analysis of high-cost loans in Lee County by race and ethnicity reveals that Blacks and Hispanic borrowers are overrepresented in high-cost lending. In 2017, 29 percent of mortgages obtained by Black borrowers were high-cost, and 33 percent of loans to Hispanic borrowers were high-cost. In comparison, 16 percent of mortgages obtained by White borrowers were high-cost.

Actions to Address Impediment:

- Increase outreach efforts and homeownership opportunity awareness to minority and ethnic communities.
- Maintain lender guidelines for housing assisted with state and federal funds and Fair Housing Laws.
- Fund credit and financial management courses with CDBG or other funds to improve credit issues of racial and ethnic minority applicants.
- Promote the availability of general budgeting classes conducted by the University of Florida Extension Services to the targeted communities.

Regional Impediment #3 Limited public transit options and rising cost of transportation in general limit location options for many lower-income households.

Increased housing costs are forcing families to move farther away from jobs in order to find affordable living options, which increase their transportation expenses. In 2012, the housing and transportation affordability index for Lee County was 54.9 percent. In 2017, the index rose to 58 percent. Due to the 2008-2009 reductions in property values directly affecting funds available to county government, cuts were made over to all areas of local government, including public transportation personnel and the reduction in some routes that were experiencing low ridership. Many of these routes have not yet been replaced.

Actions to Address Impediment:

- Support a regional transportation system that provides services to low and moderate income households throughout the County.
- Continue funding bus pass programs and support the creation of alternative modes of transportation to low/mod and disabled households.

Regional Impediment # 4 Fair Housing education, training and outreach programs are inadequate to meet the responsibility to affirmatively further fair housing throughout Lee County.

Discontinuation of the local substantially equivalent Fair Housing Agency (Lee County Office of Equal Opportunity) in the community creates challenges to fair housing enforcement, as well as, outreach and education. Limited feedback provided during Community Conversation meetings, and a high number of dismissed fair housing complaint cases indicated that residents do not fully understand what constitutes a violation of the Fair Housing Act.

Actions to Address Impediment:

- Coordinate fair housing programs between three entitlement jurisdictions to collaborate and consolidate affirmatively further fair housing efforts in Lee County.
- Support non-profit capacity building programs that encourage local non-profits to apply for Fair Housing Initiatives Program (FHIP) and/or Fair Housing Assistance Program (FHAP) funds through HUD.
- Offer fair housing workshops throughout the year.
- Maintain a fair housing log to record activities undertaken throughout the year to affirmatively further fair housing.

Regional Impediment # 5 An insufficient number of accessible housing units are available which meets the needs of persons with disabilities in the County.

Housing providers are not making the accommodations and/or modifications necessary to make housing available to persons with disabilities.

Actions to Address Impediment:

- Implement fair housing workshop topics to include “reasonable accommodation” requirements and requirements of Section 504, the Fair Housing Act, the Americans with Disabilities Act, the Architectural Barriers Act, and the State’s Accessibility Building Codes.
- Maintain the Universal Design requirements in new constructions funded by federal and state grants.
- Continue to give priority and set aside funding to rehabilitate special need housing units.

Jurisdiction-Specific Impediments

These impediments are “jurisdiction-specific” and therefore specific recommendations are identified for each participating jurisdiction.

City of Cape Coral

Local Impediment #1: City’s Fair Housing Ordinance does not include protected class based on Familial status and does not define handicapped persons.

The City of Cape Coral’s Fair Housing Ordinance (Chapter Sixteen) prohibits discrimination on the basis of race, color, religion, sex, age, handicapped status, or national origin in connection with

housing. The Ordinance prohibits discrimination in the sale and rental of housing, the residential real estate related transactions, the provisions of brokerage services, and the provisions for housing for older persons. The Ordinance outlines unlawful and discriminatory practices in regards to the sale and rental of housing. In addition, the Ordinance created the City's Fair Housing Compliance Board and provided an overview of its functions. However, the ordinance does not include a protected class based on familial status, and protections appears to be limited to physically handicapped persons and does not provided protection for all disabilities including mental illness.

Actions to Address Impediment: The City will work to adopt a fair housing ordinance that reflects current protected classes.

City of Fort Myers

Local Impediment #1: The City does not have a Fair Housing Ordinance

Actions to Address Impediment: The City of Fort Myers worked with their Local Affordable Housing Advisory Committee (LAHAC) to draft a Fair Housing Ordinance. Staff will take the ordinance before City Council for approval in August 2019.

b. New Impediments Identified:

The following are new impediments identified during the development of this 2019 Regional AI.

Regional Impediments:

This new impediment is considered "regional" because it affects or is present in all participating jurisdictions within the County and requires the collaboration of all jurisdictions to address.

Regional Impediment #6: Neighborhood Opposition to Diversity in Housing Type

Actions to Address Impediment:

- Provide information to local government appointed and elected officials regarding the need for a variety of housing types and tenure for all persons regardless of income levels.
- Public information campaign regarding the need for a variety of housing types and tenure regardless of income levels.
- Provide training specifically to elected officials and appointees regarding fair housing laws and local land use decisions.
- Regular review of land use decisions by local governments and results.

Jurisdiction-Specific Impediments

These impediments are "jurisdiction-specific" and therefore specific recommendations are identified for each participating jurisdiction.

City of Fort Myers

Local Impediment #2: Racially and Ethnically Areas of Concentration Poverty (R/ECAP)

Within Lee County, the City of Fort Myers, according to the American Community Survey, has the only area with significant concentrations of extreme poverty and minority populations. This area is census tract 7. HUD defines this Racially and Ethnically Concentrated Area of Poverty (RCAP/ECAP) as a census tract with 40 percent or more of individual are living at or below the poverty line and a non-white population of 50 percent or more. Census tract 7 consists of 52 percent Black and 11 percent Hispanic persons, with national origins from Haiti accounting for 18 percent of the residents.

Actions to Address Impediment:

1. Continually encourage minority and low-income households to seek housing counseling from HUD-certified housing counseling agencies. Provide information to housing counseling agencies to assist them in educating minority and low-income households regarding the range of housing options in the City, including those outside of minority and low-income concentration areas. Encourage attendance at budget management and credit counseling classes offered by housing counseling agencies.
2. Promote and conduct outreach to the R/ECAP, highlighting job training and business development opportunities offered by the Southwest Florida Enterprise Center and other agencies in the area.
3. Continue to follow the City's Language Access Plan, which includes provisions to ensure key documents and resources are available to Spanish-speaking residents, and develop additional outreach activities for the Haitian population.
4. Annually sponsor fair housing training for City of Fort Myers residents, network with nonprofit, neighborhood-based and faith organizations, and educate institutions to reach out to minority populations and areas of minority concentration.
5. Continue to promote and provide mortgage assistance to low-moderate income residents.

G. Report Organization

The AI is divided into nine sections and appendices:

- I. **Introduction and Executive Summary** defines "fair housing", explains the purpose of the report and summarizes impediments found and actions to address the impediments to fair housing choice.
- II. **Jurisdictional Background Data** presents the demographic, housing, and income characteristics in Lee County. Major employers and transportation access to job centers are identified. The relationships among these variables are discussed.
- III. **Evaluation of Current Fair Housing Legal Status** assesses the nature and extent of fair housing complaints and violations in Lee County. Trends and any patterns of impediments to fair housing, as identified by public and private agencies, are included.

- IV. Identification of Impediments to Fair Housing Choice** analyzes various public policies and actions that may impede fair housing within Lee County. This section also assesses the access to financing for different groups, including subprime lending issues.
- V. Assessment of Current Public and Private Fair Housing Programs and Activities in the Jurisdiction** evaluates existing public and private programs, services, and activities that assist in providing fair housing in Lee County.
- VI. Community Participation** describes the community outreach programs and summarizes comments from residents and various agencies on fair housing issues such as discrimination, housing impediments, and housing trends.
- VII. Conclusions and Recommendations** summarizes the findings regarding fair housing issues in Lee County and provides recommendations and proposed actions for furthering fair housing practices.
- VIII. Fair Housing Plan** includes monitoring, evaluation, reporting and records maintenance requirements and entitlement jurisdictions' fair housing action plans to address the impediments to fair housing choice.
- IX. Signature Page**

Appendix A: Fair Housing Survey Results

Appendix B: Citizen Comments

II. Jurisdictional Background Data

Lee County is located on the Gulf Coast of Florida and encompasses approximately 811 square miles including several small islands in the Gulf of Mexico. The County is bordered by Charlotte County to the north, Hendry County to the east, and Collier County to the south. Four incorporated municipalities are located on the mainland: Estero, Fort Myers, Bonita Springs and Cape Coral; Fort Myers Beach, a fifth municipality, is located on Estero Island and a sixth municipality, Sanibel, is situated on the island of the same name. The unincorporated communities include Alva, Captiva Island, Lehigh Acres, Matlacha, North Fort Myers, Pine Island, and Tice. The County seat is Fort Myers and the largest city is Cape Coral. The County's boundary is the same as Cape Coral – Fort Myers Metropolitan Statistical Area (MSA) boundary. Similar to much of Southwest Florida, Lee County is a popular tourist and retirement destination. The warm climate draws visitors as well as part-time and full-time residents from around the country and the world.

Map 1: Location of Lee County

Like many areas in the United States, the minority population in Lee County has increased significantly in recent years, especially among the Hispanic groups. As this and subsequent sections will discuss, fair housing issues tend to particularly affect racial and ethnic minority groups as well as persons with disabilities.

This section of the AI analyzes the socioeconomic profile of County residents, housing stock characteristics, and employment and transportation conditions that may affect the ability of households in the County with similar income levels to have a like range of housing choices.

A. Demographic Profile

Assessment of demographic characteristics can indicate the need for and the extent of equal access to housing in a community. Factors such as population growth, age characteristics, and racial/ethnic mix shape a region's housing needs and play a role in identifying potential impediments to fair housing choice. While affordability is not a fair housing issue, the relationships among household income, household types, and other factors often create misconceptions and biases that raise fair housing concerns.

Population Growth

The 2017 American Community Survey 5-Year Population Estimate indicates a total population of 698,468 in Lee County, a 12% increase over the 2010 census of 618,754. This increase is much less significant than the 40 percent increase from the 2000 to 2010 census count. The City of Fort Myers is the fastest grown City (26.98 percent), followed by the City of Bonita Springs (14.32 percent), and the City of Cape Coral (13.45 percent). The Town of Fort Myers Beach experienced the slowest growth (.81 percent).

The Bureau of Economic and Business Research (BEBR), University of Florida estimates that by the year 2030, Lee County's population is expected to reach 891,200. That is an increase of approximately 27 percent from the 2017 level. The entire Lee County Region will likely experience the high growth rate (greater than 25 percent) with exceptions of the Town of Fort Myers Beach (-8 percent) and the City of Sanibel (4 percent). Population growth creates demands for housing, jobs, public facilities and infrastructure, including open space, recreation opportunities, transportation options, water, emergency services, schools and more.

Table 1: Population Growth

Jurisdiction	Total Population 2010	Estimated Population 2017	Total Population 2020 (Projected)	Total Population 2030 (Projected)	Projected Percent Change 2017-2020	Projected Percent Change 2017-2030

*The City of Estero was incorporated December 2014.

Age and Gender Profile

The age characteristics of a community give an insight into current and future demand for housing. The age composition of a community affects housing demand since different age groups have very different housing needs. Traditionally, young adult households may occupy apartments, condominiums, and smaller single-family homes because of size and/or affordability. Middle-age adults may prefer larger homes as they begin to raise their families, while seniors may prefer apartments, condominiums, mobile homes, or smaller single-family homes that have lower costs and less extensive maintenance needs.

Table 2: Age Profile

Jurisdiction	Under 18		65 and Older		Median Age	
	2010	2017	2010	2017	2010	2017

Source: U.S. Census Bureau 2013-2017 American Community Survey Table S0101

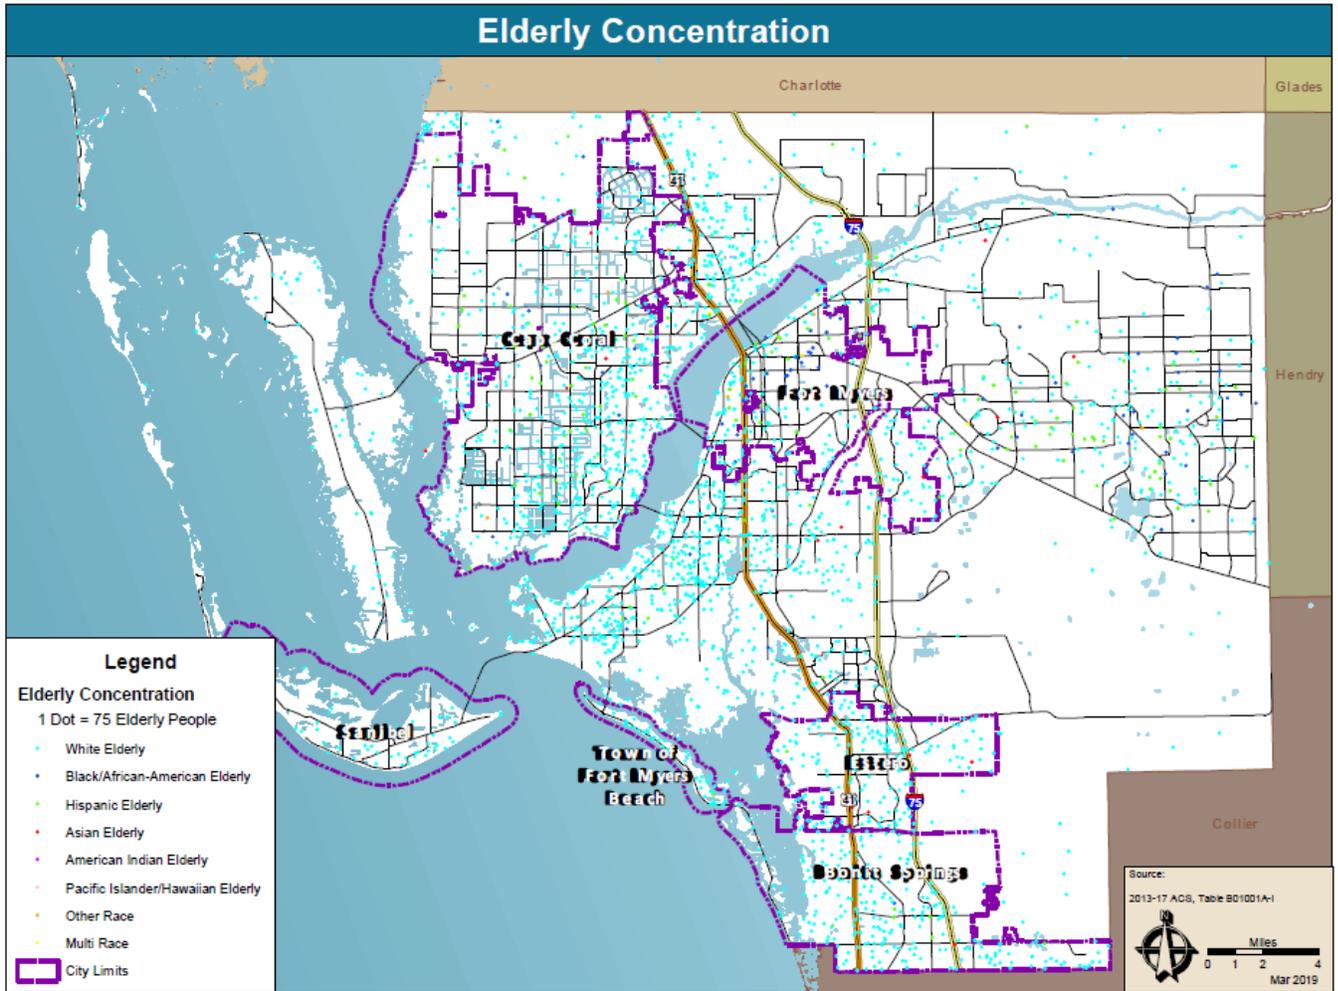

A significant presence of children younger than 18 years of age can be an indicator of the need for larger housing units since this characteristic is often tied to families and larger households. People under 18, typically do not work and are dependents of their families. Those who do work generally hold low paying jobs, and many share housing with others to make housing affordable.

Overall, within Lee County population, the percentage of children under 18 years has slightly decreased from 2010 to 2017. The cities of Fort Myers and Cape Coral have the largest share of the children under 18 with both cities' median ages being younger than the County median age.

In comparison to the state of Florida's age characteristics, Lee County's overall median age of 47.8 years old is older than the state's median age of 41.8 years old, according to the U.S. Census Bureau, 2013-2017 American Community Survey 5-Year Estimates. Only the City of Fort Myers has a lower median age.

The proportion of residents over 65 years of age has increased since 2010. The Town of Fort Myers Beach and the City of Sanibel have the greatest share of residents over 65 years. At the same time, these two cities have the lowest share of children under 18 years old. These two cities are coastal communities and considered retirement locations.

Map 2: Location of Elderly Concentrations by Race and Ethnicity, 2017

The population projection by BEBR indicates that by 2030, nearly 30 percent of Lee County’s population will be 65 and older residents.

Table 3: 65 and older Growth Projection

Lee County’s gender distribution has experienced a slight change from 2010 to 2017. The overall male population has increased by 0.53 percent while female population has decreased by 0.2 percent. In 2017, the difference between the male and female population decreased by 1.06 percent to .74 percent in 2017 versus 1.8 percent in 2010.

Ancestry Composition

It is illegal to refuse the right to housing based on place of birth or ancestry. In 2017, according to the American Community Survey, 16 percent of all Lee County residents were foreign-born. By way of origin, the largest foreign-born group in the County was Latin American, a group that comprised 70.9 percent of the entire foreign-born population. The second most prevalent origin was European, at 13.9 percent, and Asian, which was the place of origin for 7.7 percent of the foreign-born population.

Persons with Limited English Proficiency (LEP) are defined by the federal government as those with a limited ability to read, write, speak, or understand English. American Community Survey data reports on the non-English spoken at home for the population five years and older. In 2017, the Census Bureau reported that 147,361 persons across Lee County (21.1 percent of the population) spoke at least one language other than English. Of these, 62,713 (9.4 percent of the population) spoke English less than “very well”. Translation of vital documents is required for HUD entitlement communities if the number of LEP persons in a single language group constitutes 5 percent or 1,000, whichever is less. The language group to qualify according to this threshold is Spanish.

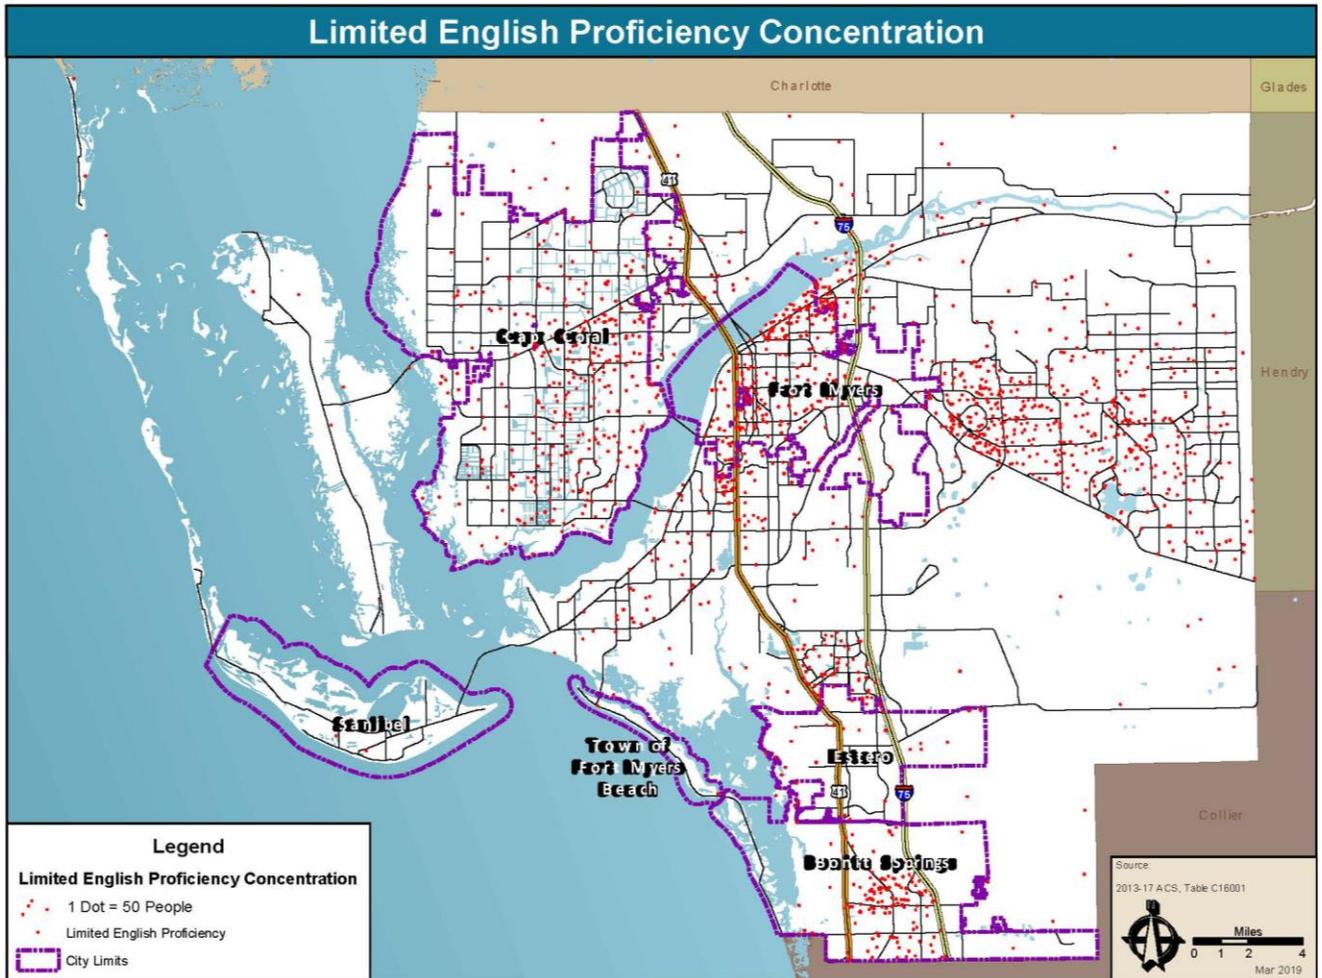

Table 5: Limited English Proficiency Language Group, 2017

Language Group	Number of LEP Speakers	Percent of Total Population
Spanish	47083	7.83%
French Creole	4633	0.77%
Portuguese	1130	0.19%
German	1049	0.17%

Source: HUD AFFH Data (AFFHT0004) Released November 17, 2017

The entitlement jurisdictions have completed Limited English Proficiency analysis and have Language Assistance Plans (LAP) in place.

Map 3: Limited English Proficiency Concentration, 2017

Racial/Ethnic Composition

Overall, Lee County has become more diverse since 2010. This is due to two factors: increase in racial and ethnic minority population and decrease in the percentage of White population. After White residents, the largest racial/ethnic group in Lee County is Hispanic. Hispanic or Latino is an ethnic classification by the U.S. Census Bureau; however, Hispanic individuals can be of any race.

The 2010 Census indicated a major shift in population composition from 2000, showing 70.96 percent White (not Hispanic or Latino) and Hispanic or Latino (any race) population comprising 18.31 percent of the County's total population. In 2017, 68.4 percent of the population identified as White (not Hispanic or Latino) and Hispanic or Latino (any race) populations comprised 20.2 percent of the County's total population.

The County's population that is Hispanic or Latino increased from 113,308 persons to 141,544 persons from 2010 and 2017, an increase of 124.9 percent.

As seen in Table 6, the Cities of Bonita Springs, Cape Coral and Fort Myers have significant Hispanic concentrations, while the City of Sanibel has the least concentration of Hispanic Population. The largest concentration of Black population occurs in the City of Fort Myers with 26.17 percent of the City's population versus the countywide of 8.66 percent.

In 2000, for the first time, the Census forms allowed Americans to classify themselves as belonging to more than one race. In Lee County, 1.79 percent of the people identified themselves as belonging to more than one race in the 2017 American Community Survey. Native American, Pacific Islander, Asian other race, and "Two or More Races" comprised 6.61 percent of the County's total population.

Table 6: Racial and Ethnic Population Composition 2017

Jurisdiction	Not Hispanic/Latino							Hispanic Latino

Racially/Ethnically Concentrated Areas of Poverty (RCAPs/ECAPs)

There are well-documented connections between the socio-economic composition of a neighborhood and educational, economic, and social opportunities available to the residents within the neighborhood. Nationwide, the existence of high-poverty neighborhoods with strong racial or ethnic concentrations can limit opportunities and compound negative impacts typically associated with poverty.

A racially or ethnically concentrated area of poverty (R/ECAP) means a geographic area, based on the most recent American Community Survey, with significant concentrations of extreme poverty and minority populations. HUD has defined a “Racially and Ethnically Concentrated Area of Poverty (RCAP/ECAP)” as a census tract with 40 percent or more of individuals living at or below the poverty line and a non-White population of 50 percent or more. In Lee County, there are one racially and ethnically concentrated areas of poverty (RCAP/ECAP), which is located in the City of Fort Myers. The R/ECAP census tract, number 7, is displayed in Map 4.

Map 4 Racially/Ethnically Concentrated Areas of Poverty, 2017

Of the total population of the Cape Coral – Fort Myers Region .3 percent, or 2,177 reside in census tracts that meet the criteria of a R/ECAP, a 1.5 percent reduction since 2012. Of those 2,177 persons, more than 52 percent are Black, Non-Hispanic, and more than 11 percent are Hispanic. There are 358 families living in a R/ECAP, more than 30% of whom have children under the age of 18. Persons with national origins lying in Haiti make up more than 18 percent of populations living in R/ECAPS. Regionally minorities, specifically Black, Non-Hispanic families with children, are disproportionately represented within R/ECAPS.

Table 7: Demographics of R/ECAP Poverty Census Tract, 2017

R/ECAP Race/Ethnicity		#	%
Total Population in R/ECAPs		2,177	-
White, Non-Hispanic		736	33.81%

#6 country of origin	Vietnam	28	1.29%
#7 country of origin	Venezuela	9	0.41%
#8 country of origin	Honduras	6	0.28%
#9 country of origin	El Salvador	6	0.28%
#10 country of origin	Canada	5	0.23%

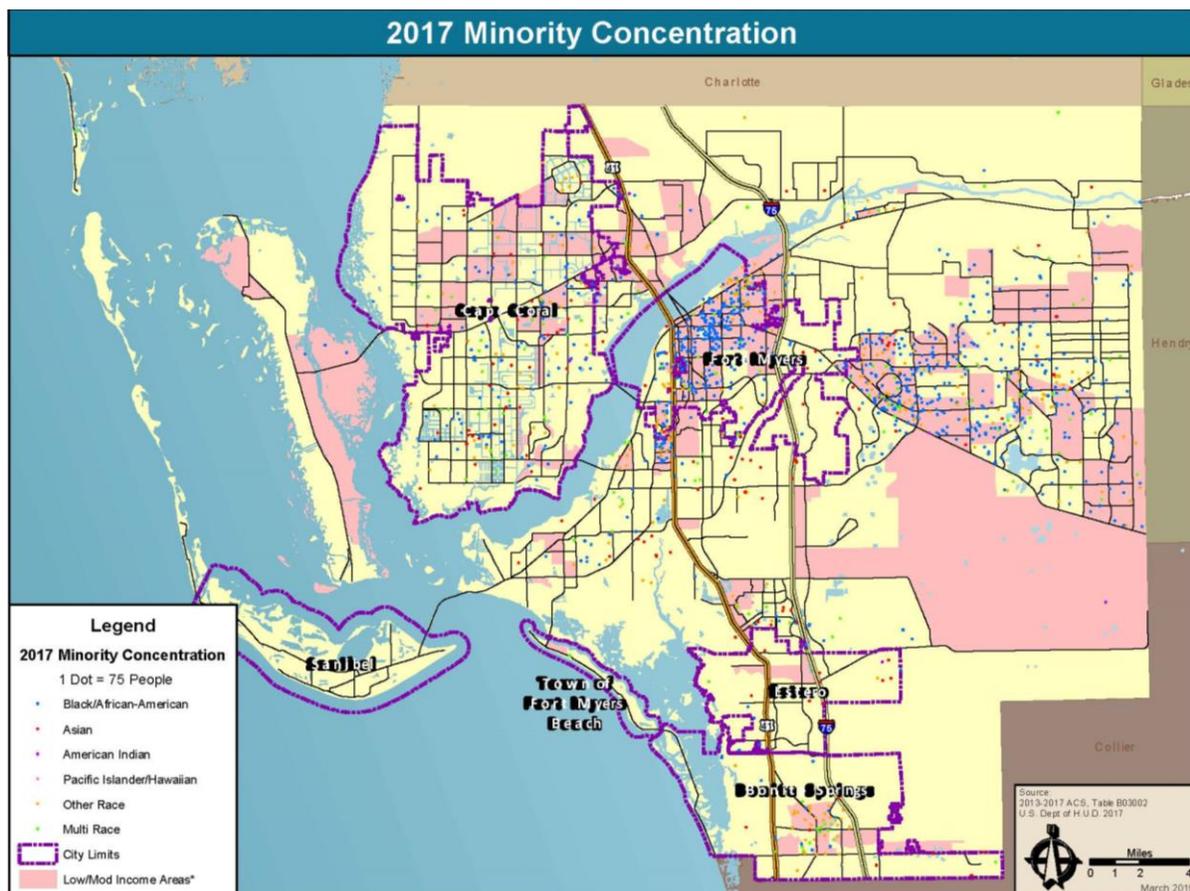

Concentration of Racial/Ethnic Minorities

For purposes of this document, “Areas of Minority Concentration” are defined as areas, based on U.S. Census tract and block group data, wherein the total percentage of minority residents, i.e. Black (Non-Hispanic), Hispanic (all races), and Asian and Pacific Islander, exceeds 50 percent of the total population of that area.

“Areas of Low Income Concentration” are defined as areas, based on U.S. Census tract and block group data, wherein the percentage of families with incomes at or below 80 percent of the area median income for the Cape Coral – Fort Myers MSA, adjusted for family size, exceeds 50 percent of the total households residing in that area. This definition includes populations that fall into the very-low and low-income categories.

When “Areas of Racial and Ethnic Minority Concentration” and “Areas of Low Income” are mapped together, it becomes evident that the great majority of the areas identified with concentrated racial/ethnic minority populations are located within areas populated by low-income families, graphically representing the low-income experienced by many racial/ethnic minority families.

Map 5: Racial and Ethnic Minority Concentration with Low/Mod Income Area, 2017

Measures of Racial and Ethnic Segregation

Throughout the country, neighborhood integration has remained a goal of public policy and popular opinion because it is seen as a proof of the American ideal of equal opportunity. Residential segregation is a measure of the degree of separation of racial or ethnic groups living in a neighborhood or community. Typically, the pattern of residential segregation involves the existence of predominantly homogenous, White suburban communities and low-income minority inner-city neighborhoods. This section explains and applies the calculator for describing racial and ethnic segregation in Lee County.

Dissimilarity Index

The dissimilarity index measures the degree to which one particular race or ethnic group is distributed across a geographic area in the same way as another race or ethnic group. This measure allows for comparisons between subpopulations, indicating how much one group is spatially separated from another within a community. A high value indicates the two groups tend to live in different neighborhoods. Dissimilarity Index ranges from 0 to 100, 0 being perfect integration and 100, total segregation. A value of 55 (or above) indicates that 55 percent (or more) of the members of one group would need to move to a different neighborhood in order for two groups to be equally distributed. Values of 40 or 50 are considered a moderate level of segregation and value of 30 or below are considered low. ¹

The County's dissimilarity index has continued to decline over the last thirty years, indicating a higher degree of integration at the census tract level across Lee County. The dissimilarity index trends for all racial and ethnic groups have decreased significantly with the exception of Black/White trends. The dissimilarity index declined from 77.08 in 1980 to 59.25.2 in 2010 for Non-Hispanic Black and Non-Hispanic White, but rose slightly in 2017 to 63.39. Table 8 indicates that 63.38 percent of Non-Hispanic Black population would have to move to census tracts, which are primarily Non-Hispanic White to create perfect integration. Hispanic/White and Non-White/White segregation remains moderate, while Asian or Pacific Islander and White segregation is the lowest in the region. Segregation among all population groups has increase slightly since 2010.

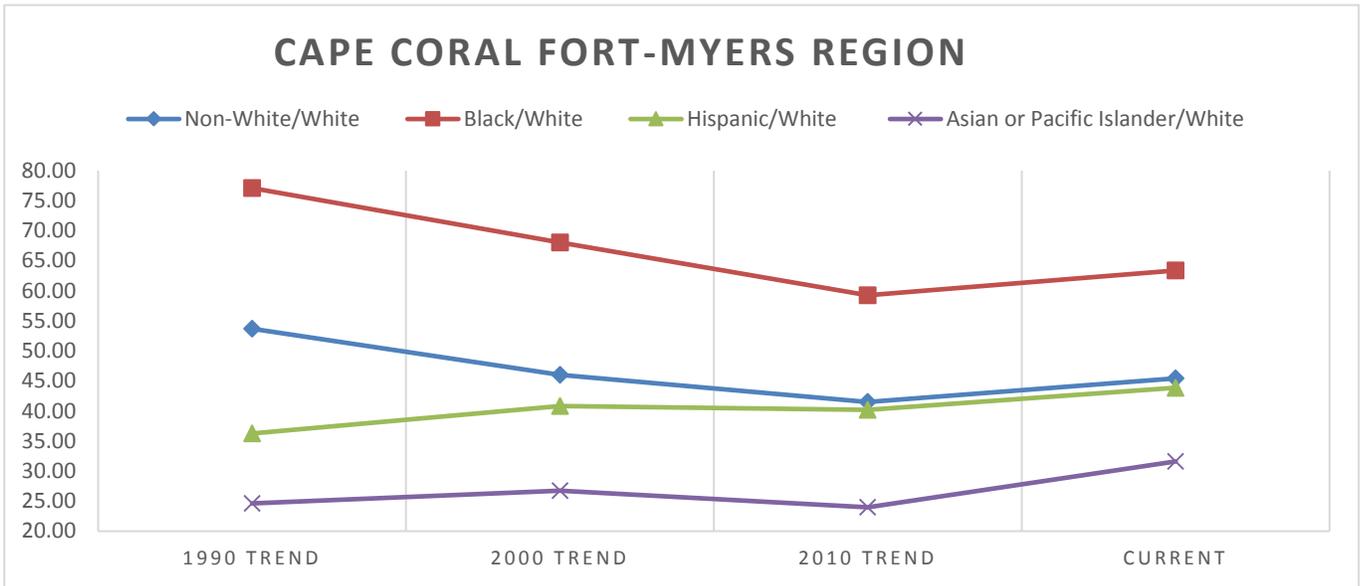

Table 8: Dissimilarity Index Trends 1980 - 2010

(Cape Coral-Fort Myers, FL) Region				
Racial/Ethnic Dissimilarity Index	1990 Trend	2000 Trend	2010 Trend	Current
Non-White/White	53.68	46.03	41.49	45.44
Black/White	77.08	68.02	59.25	63.39
Hispanic/White	36.25	40.82	40.20	43.86
Asian or Pacific Islander/White	24.60	26.76	23.97	31.60

Figure 1: Dissimilarity Index Trends 1980 - 2010

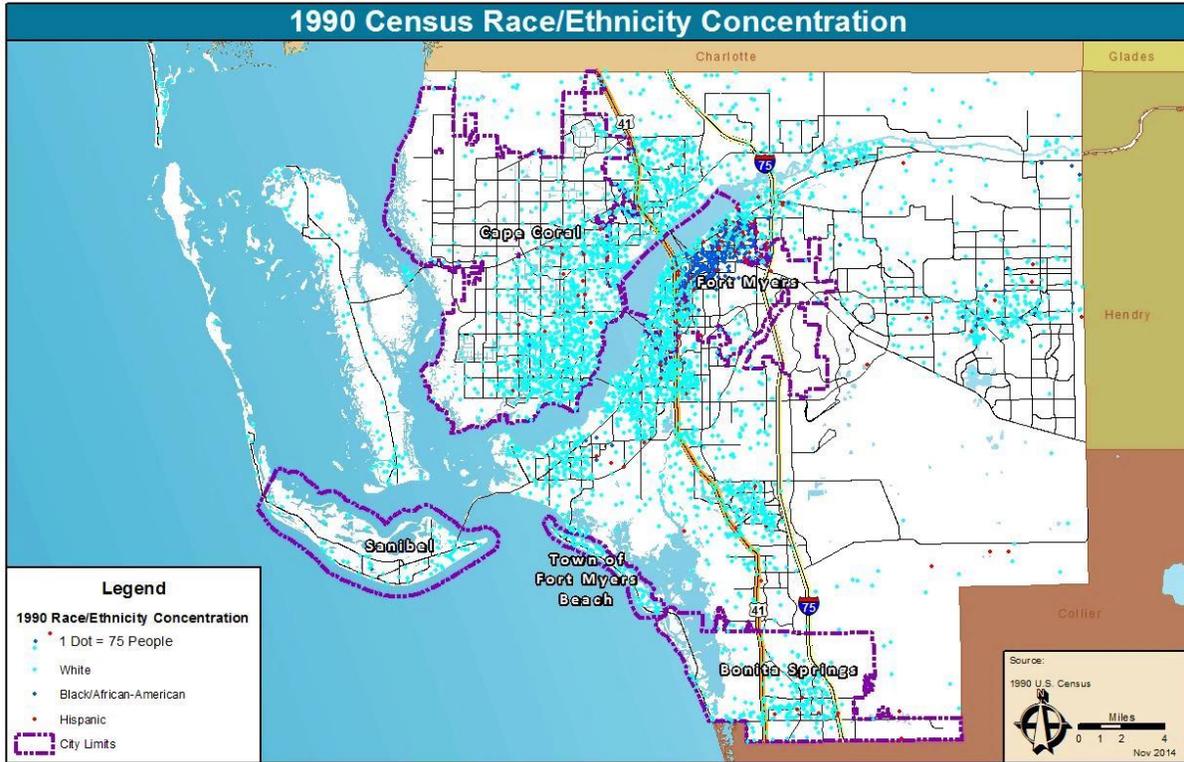

Data Source: HUD Table 3 – Racial/Ethnic Dissimilarity Trends – <https://egis.hud.gov/Affht/>

The following maps illustrate the changes in Lee County’s racially and ethnically concentrated areas from 1990 to 2017. As illustrated on the maps, the 2017 map (Map 9) shows that Lee County is a much more diversified community than it was in 1990 (Map 6). However, there are still a few areas of segregated Black and Hispanic populations in the City of Fort Myers.

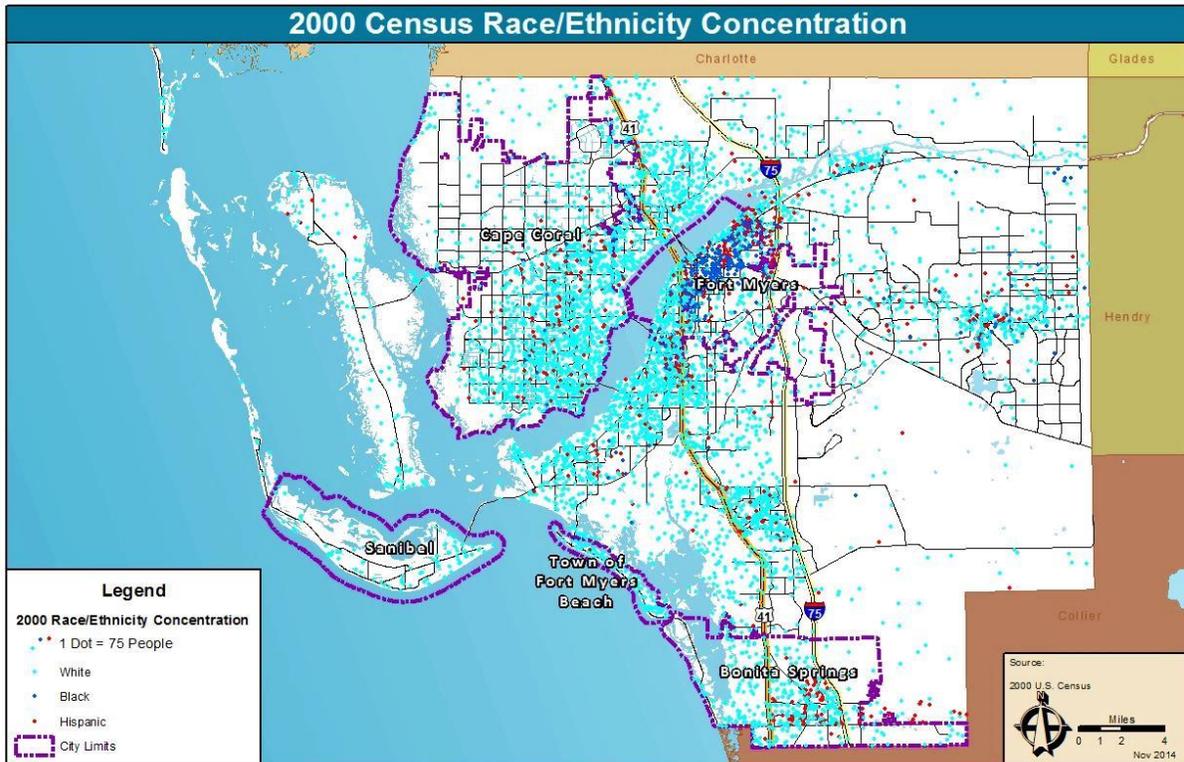

The continually growing Hispanic population could lead to higher segregation in the jurisdiction in the future. Large concentrations of Hispanic populations are moving into the already concentrated portions of Lehigh Acres. If immigration and income trends continue in these areas, this could lead to the identification of additional R/ECAPs within the region.

Development practices that prevent affordable housing development in high-income areas further contribute to this developing trend. As rents rise and the availability of affordable housing units decrease, low-income minority residents are experience increased segregation.

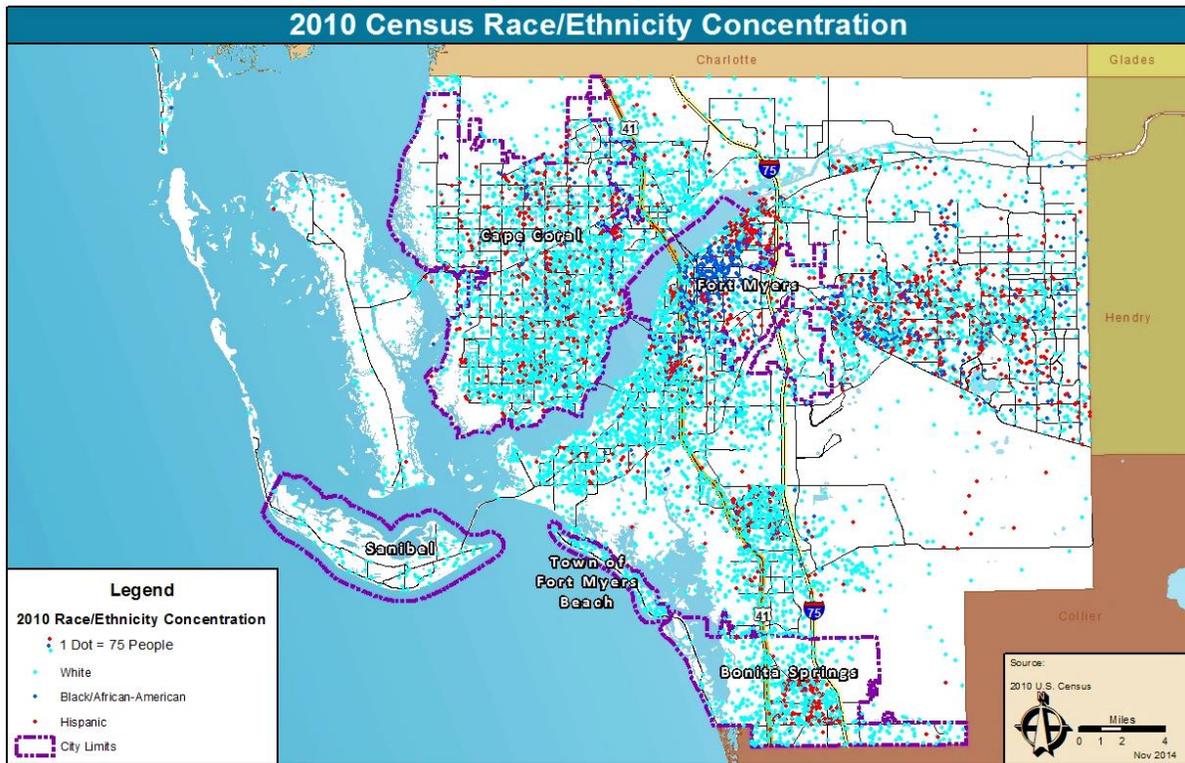

Map 6: Racial and Ethnic Minority Concentrated Areas, 1990

Map 9: Racial and Ethnic Minority Concentrated Areas, 2017

B. Household Characteristics

Household types and size, income level, the presence of persons with special needs, and other household characteristics may affect access to housing choices. This section details the various household characteristics that may affect equal access to housing.

A household is defined by the Census as all persons occupying a housing unit. For the purpose of the Census data, families are a subset of households and include all persons living together who are related by blood, marriage or adoption. Single households include persons living alone, but do not include persons in-group quarters such as convalescent homes or dormitories. “Other” households are unrelated people living together, such as roommates.

According to the 2013-2017 American Community Survey population estimates, there are 264,325 households residing in Lee County an increase of 4,507 households from the 2010 Census. The Bureau of Economic Business and Research, University of Florida estimates that by the year 2020, the number of Lee County households will grow to 333,855 households, a gain of 74,037 households or 28.5 percent increase over 2010.

Household Compositions

Between 2000 and 2017, the proportion of family households decreased while non-family households’ proportion increased. In 2017, within the family households, married without children is the largest subgroup with 38.8 percent of the total households, while female householders with children comprised 5.5 percent of total households. Households headed by seniors living alone comprised 14.7 percent. Single-parent households with children and households headed by seniors have unique fair housing issues.

Table 10: Household Type 2000-2017

Household Type	2000		2010		2017

Source: U.S. Census Bureau 2013-2017 American Community Survey Table S1101, 2010 Census (DP 1), 2000 Census (DP 1)

As shown in Table 11, between 2000 and 2017, Lee County’s average household size increased from 2.31 persons to 2.61 persons. Two cities in County (Fort Myers Beach and Sanibel) had an average household size of less than 2 persons per household. Two areas in the County have higher than the County’s average household size (Cape Coral and unincorporated county). The average household size ranged from a low of 1.88 persons in Fort Myers Beach to a high of 2.77 persons in Cape Coral.

Table 11: Average Household Size by Jurisdiction

Families with Children

Protection for families with children was added in the 1988 amendments to Title VIII. Except in limited circumstances involving elderly housing and owner-occupied buildings of one to four units, it is unlawful to refuse to sell or rent to families with children. Housing for older persons is exempt from the prohibition against familial status discrimination if any of the following are applicable:

- The HUD Secretary has determined that it is specifically designed for and occupied by elderly persons under federal, state, or local government program.
- It is occupied solely by persons who are 62 or older.
- It houses at least one person who is 55 or older in at least 80 percent of the occupied units, and adheres to a policy that demonstrates the intent to house persons who are 55 or older, as previously describe.

In addition, in Florida, under the state Fair Housing Act, Chapter 760, Florida Statutes, requires that “55 and older” communities claiming the familial status exemption must register with the Florida Commission on Human Relations.

Families with children households account for 30.89 percent of all households in the County. The percentage of families with children households varies for the individual jurisdictions (see Table 12). The City of Fort Myers has the highest percentage of families with children households (38.19 percent), while the Town of Fort Myers Beach has the lowest percentage (5.2 percent). The 2017 American Community Survey identified 8.32 percent of households in the County as female-headed households with children. Of the households with children, the proportion of female-headed households with children is 26.93 percent. The proportion of female-headed households with children varies regionally from a high of 53.06 percent in the Town of Fort Myers Beach to just 17.36 percent in the City of Sanibel and 12.01 percent in Estero.

Source: U.S. Census Bureau 2013-2017 American Community Survey Table S1101, 2010 Census (DP 1)

The following maps illustrate areas where households with families are concentrated, and households with children living in poverty are concentrated, based on race. Map 11 depicts only one area concentrated with families with children, Harlem Heights. The Harlem Heights neighborhood was a graduate of Lee County Human and Veteran Services' Neighborhood Building Program in 2009. The neighborhood has a charter school within its boundaries, and a public elementary school directly across the street, making it an ideal location for families with children. Map 10 displays areas where minority children are living in poverty. There are concentrations of White Non-Hispanic, Black, and Hispanic children living in poverty within the City of Fort Myers, Harlem Heights, central Bonita Springs, and western Lehigh Acres.

Map 10: Concentration of Children Living in Poverty, 2017

Map 11: Family Type with Children Concentration, 2017

Large Households

Large households are defined as households with five or more members. These households are usually families with two or more children or families with extended family members such as in-laws or grandparents. Large households are a special needs group because the availability of adequately sized, affordable housing units is often limited.

Table 13: Large Households by Housing Tenure, 2017

Jurisdiction	Large Households			
	Owner - Occupied		Renter Occupied	
	#	%	#	%
Urban County				
Bonita Springs	598	3.64%	746	16.28%

Fort Myers	602	4.72%	1,044	7.18%
Total Lee County	9,461	5.13%	8,521	10.68%

Source: U.S. Census Bureau 2013-2017 American Community Survey Table B25009

According to the Census Bureau 2013-2017 American Community Survey (Table 13), 5.13 percent of the County's housing units are occupied by large owner-households and 10.68 percent of the County's housing units are occupied by large renter-households. The City of Cape Coral had the highest proportion for large owner-households (6.54 percent) and the Bonita Springs had the highest proportion for large renter-households (16.28 percent). In contrast, the Town of Fort Myers Beach had no households in either large owner or renter households.

Large Households by Race and Ethnicity

In Lee County, minorities were more likely to live in households with five or more people. In 2010, 6.9 percent of White households had five or more people, compared to 29.2 percent of Hispanic households, 25.9 percent Black Households, and 17.6 percent of Asian Households.

Table 14: Large Households by Race and Ethnicity

	Percent of Families with Five or more Persons
White	6.9%
Black	25.9%
Asian	17.6%
Hispanic	29.2%
Lee County Total	11.7%

Persons with Disabilities

The Fair Housing Act prohibits discrimination based on physical, mental or emotional handicap, provided “reasonable accommodation” can be made. Reasonable accommodation may include changes to address the needs of disabled persons, including adaptive structural (i.e. constructing an entrance ramp) or administrative changes (i.e. permitting the use of a service animal).

In 2008, the U.S. Census Bureau introduced a new set of disability questions in the American Community Survey. They are:

- Hearing Disability
- Vision Disability
- Cognitive Disability
- Ambulatory Disability
- Self-care Disability
- Independent Living Disability

According to the Census 2013-2017 American Community Survey, 13.8 percent of the total civilian non-institutionalized Lee County population reported a range of disabilities. The elderly population has a significantly higher portion, 28.6 percent, of physical disabilities than other age groups. The most common type of disability among persons 18 to 64 years and 65 years and over was ambulatory, referring to difficulty moving from place to place that makes it impossible or impractical to walk as a means of transportation, which translates as a need for accessible housing.

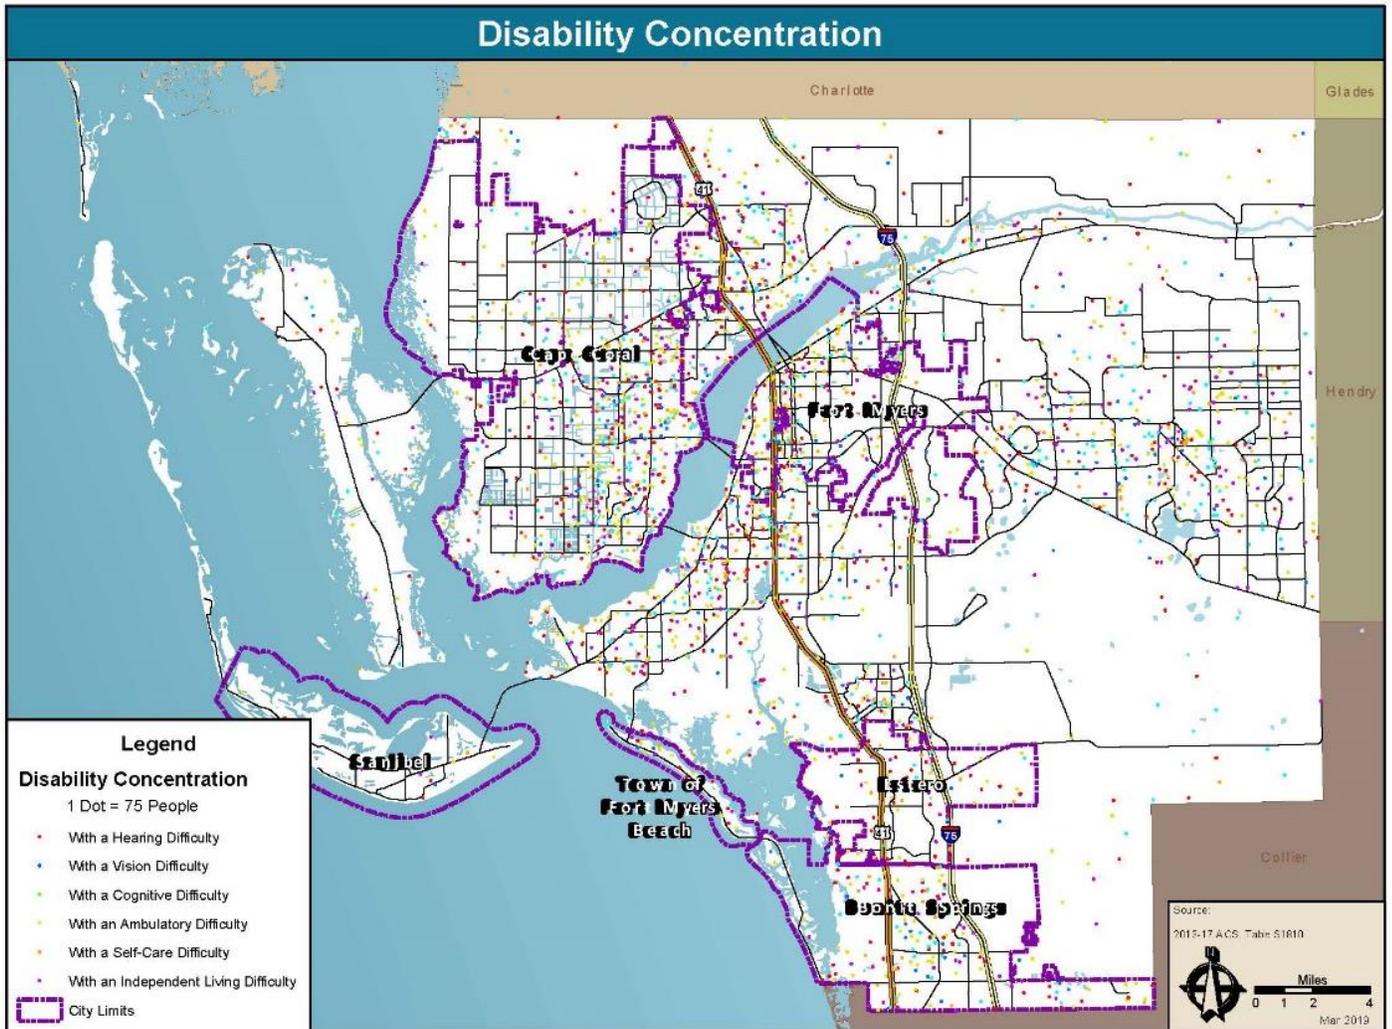

Table 15: Lee County Disability Status

Disability by Age & Type	Percent Disabled					Total
	Under 5 Years	5 to 17 Years	Under 18	18 to 64 Years	65 Years and Up	
Hearing Disability	0.7	0.5	0.6	1.7	13.5	4.7%

Map 12 indicates no geographic concentration of persons with disabilities or concentrations of persons with a particular type of disabilities within the jurisdiction.

Map 92: Disability Concentration, 2017

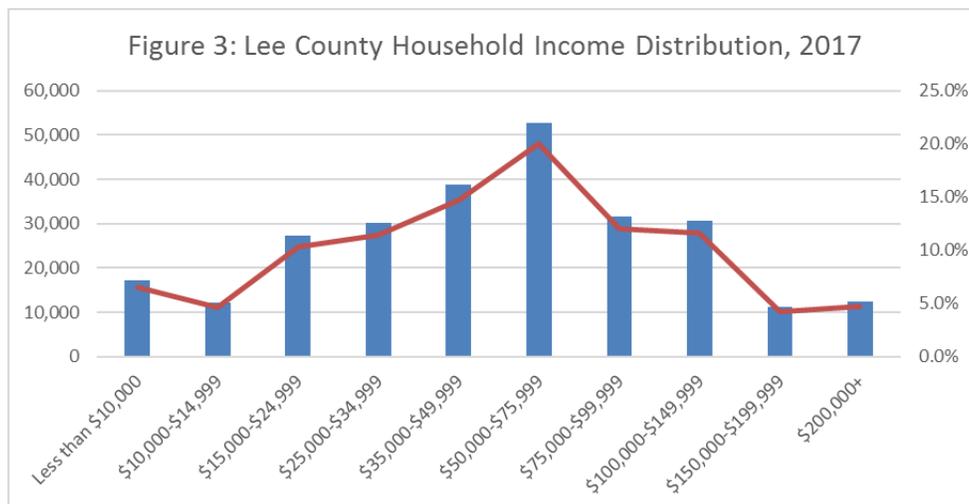

C. Income Profile

Household income is the most important factor determining a household’s ability to balance housing costs with other necessities. While economic factors that affect a household’s housing choice are not fair housing issues per se, the relationship among household income, household type, race/ethnicity, and other factors often create misconceptions and biases that raise fair housing concerns.

In 2012, the median household income (MHI) in Lee County was \$48,453 (in 2012 inflation adjusted dollars). In 2017, the estimated median family income was \$52,052, an increase of \$3,599 from 2012. More than 32 percent of the County households earned less than \$35,000 in 2017, and 32.5 percent earned more than \$75,000 in 2017. Those with household income of \$50,000 to \$74,999 represented 34.7 percent of all income groups.

Figure 3 Lee County household Income Distribution (in 2017 Dollars)		
	#	%
Less than \$10,000	17,181	6.5%
\$10,000-\$14,999	12,159	4.6%
\$15,000-\$24,999	27,225	10.3%
\$25,000-\$34,999	30,133	11.4%
\$35,000-\$49,999	38,856	14.7%

Income by Race/Ethnicity

Across racial and ethnic groups in Lee County, Asians had the highest MHI at \$61,165, followed by Whites at \$53,468. Both groups had a higher income than the County’s MHI (\$52,052). The MHI was substantially lower for Blacks and Hispanics, at \$37,289 and \$41,386, respectively.

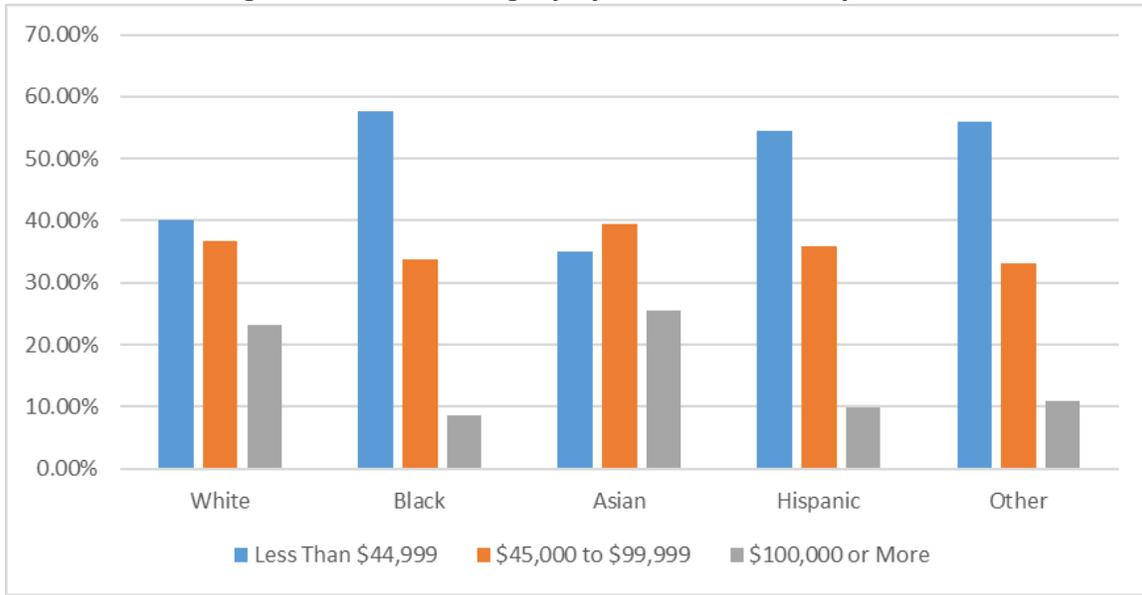

As shown in Table 16, minority residents in Lee County greater rates of poverty than White residents. More than 13 percent of white residents were living in poverty, compared with 26 percent of Blacks and 26 percent of Hispanics. Asians had the lowest poverty rate at 9 percent, nearly 5 percent lower than Lee County’s average rate of 14.9 percent.

Table 16: Median Household Income and Poverty Rates by Race/Ethnicity		
	Median Household Income (2017)	Poverty Rate (2017)
Lee County	\$ 52,052.00	14.9%
White	\$ 53,468.00	13.4%
Black or African American	\$ 37,289.00	26.0%
American Indian and Alaskan Native	\$ 49,954.00	20.3%
Asian	\$ 61,165.00	9.0%
Native Hawaiian and Other Pacific Islander	-	45.5%
Some Other Race	\$ 35,481.00	26.8%
Two or More Races	\$ 45,052.00	13.0%

White Alone, not Hispanic or Latino	\$ 55,726.00	10.5%

Source: American Community Survey 2013-2017 Estimates (S1903 & S1701)

The distribution of household income by race and ethnicity is comparable to the trends described above, showing a disparity between Whites and non-White households. In 2017, 57.7 percent of Blacks and 54.38 percent of Hispanics had incomes less than \$45,000. While, 40.0 percent of Whites and 35.1 percent of Asians had incomes less than \$45,000. Only 8.5 percent of Blacks and 9.7 percent of Hispanics had incomes greater than \$100,000. Overall, the percent of persons with incomes below \$45,000 has increased since 2012, while the percent of persons making over \$100,000 has decreased for all race and ethnicity groups.

Figure 4: Income Category by Race and Ethnicity, 2017

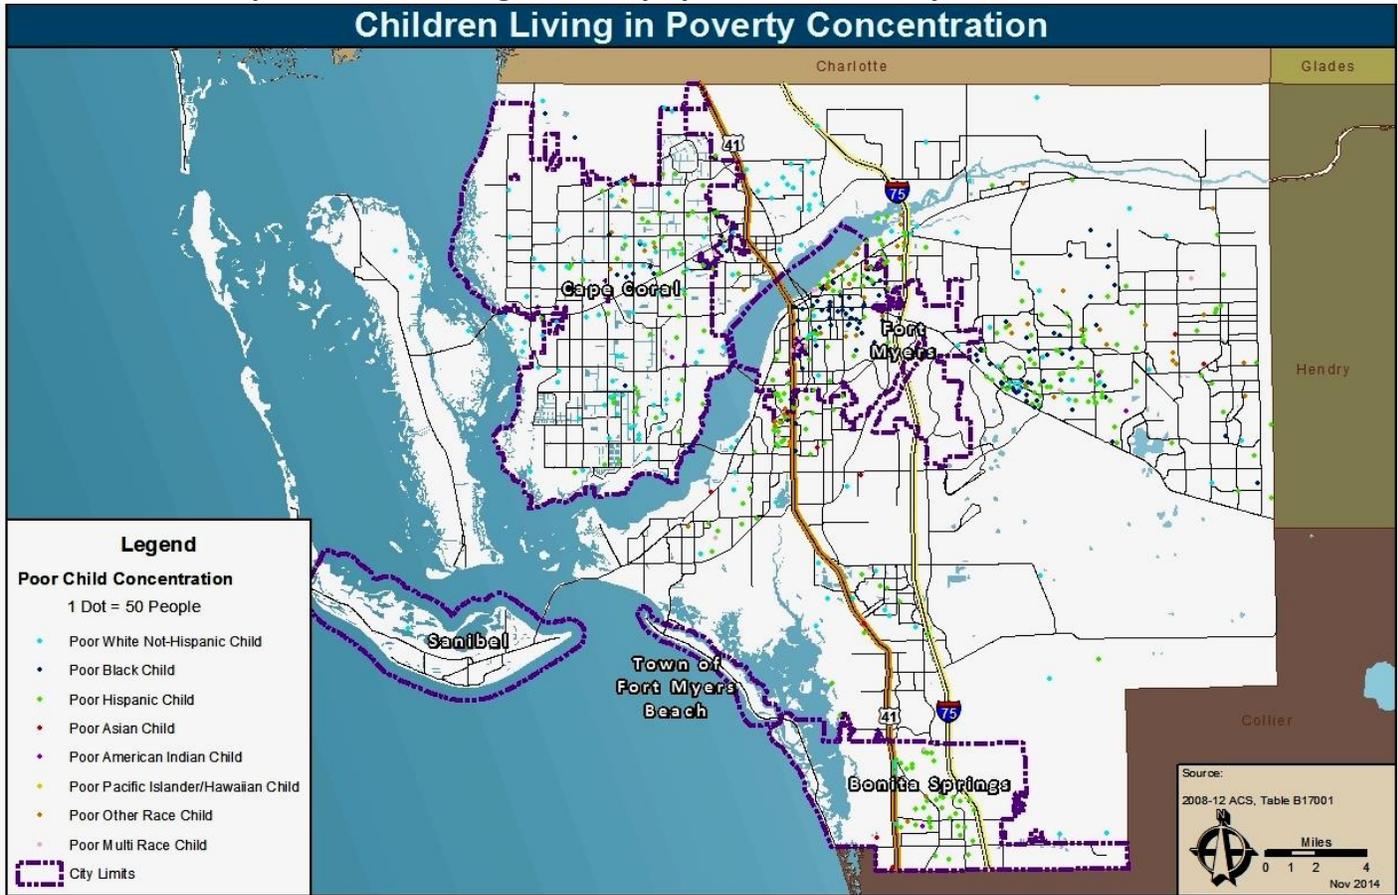

Source: U.S. Census Bureau, 2013-2017 American Community Survey 5-Year Estimates (Table B190001B-I)

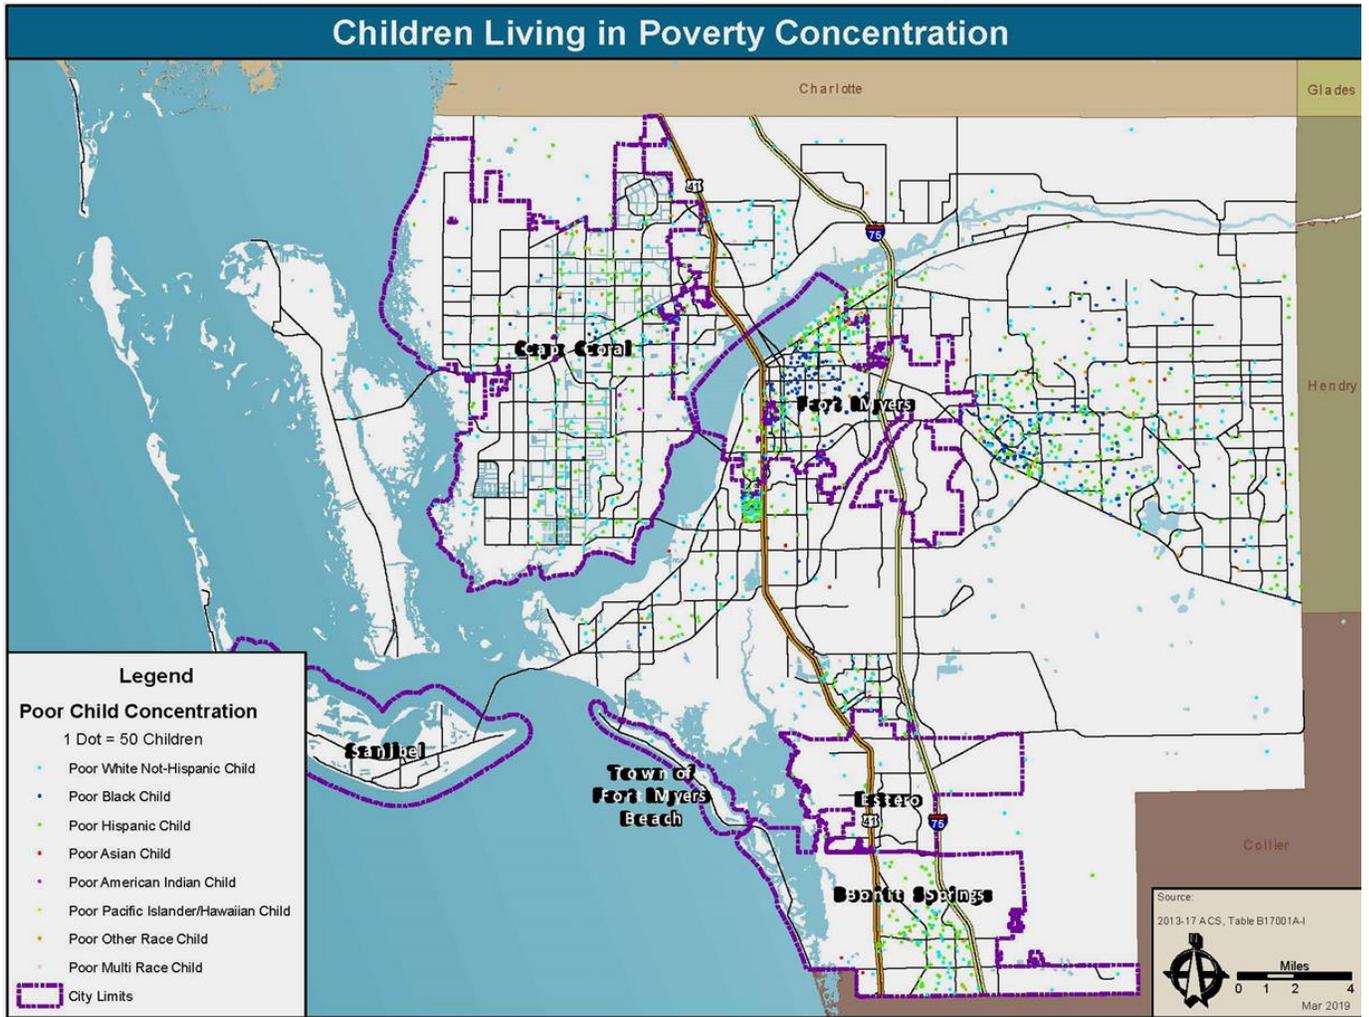

Two maps below, display the concentrated areas of poverty for children in Lee County by race and ethnicity. The number of Hispanic children in poverty increased region-wide between 2012 and 2017. Areas with high concentrations of children in poverty include much of Lehigh Acres, Harlem Heights, and the City of Fort Myers, especially along the State Road 80 and State Road 82 corridors.

Map13: Children Living in Poverty by Race and Ethnicity, 2012

Children Living in Poverty Concentration

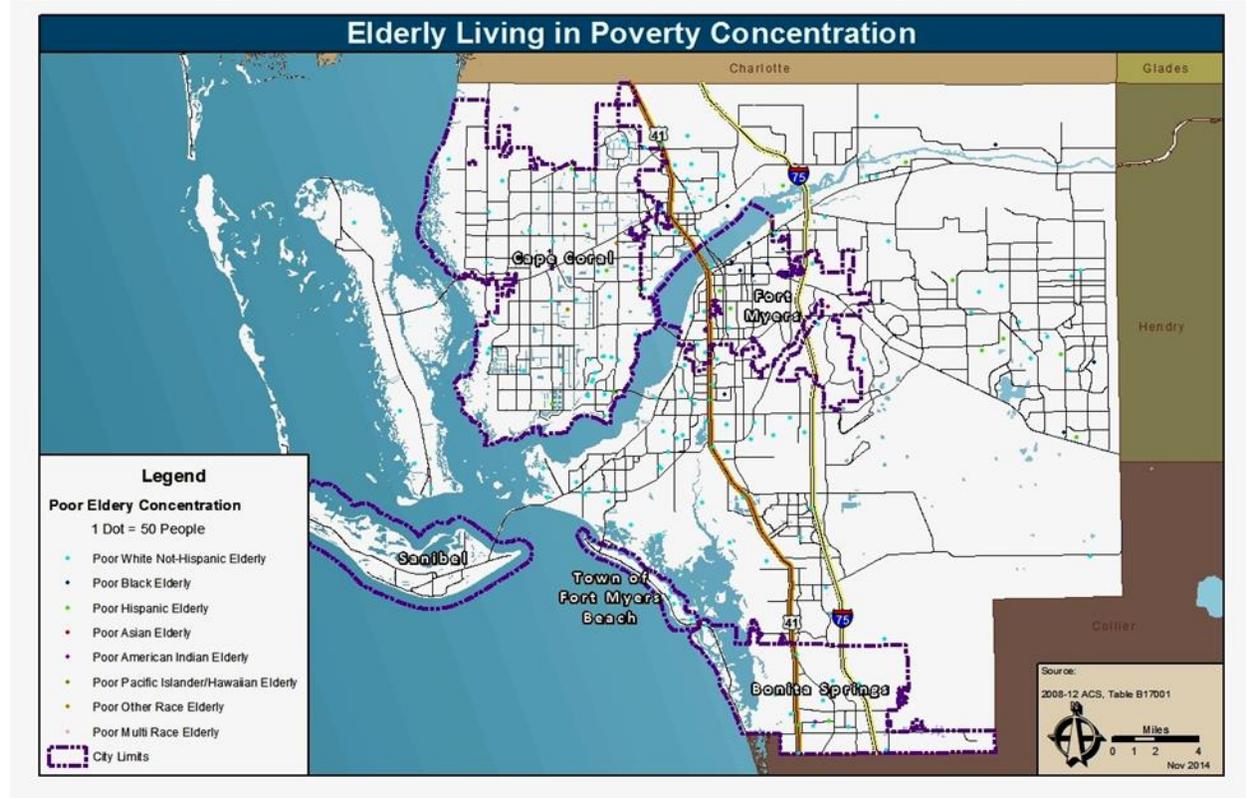

Map 14: Children Living in Poverty by Race and Ethnicity, 2017

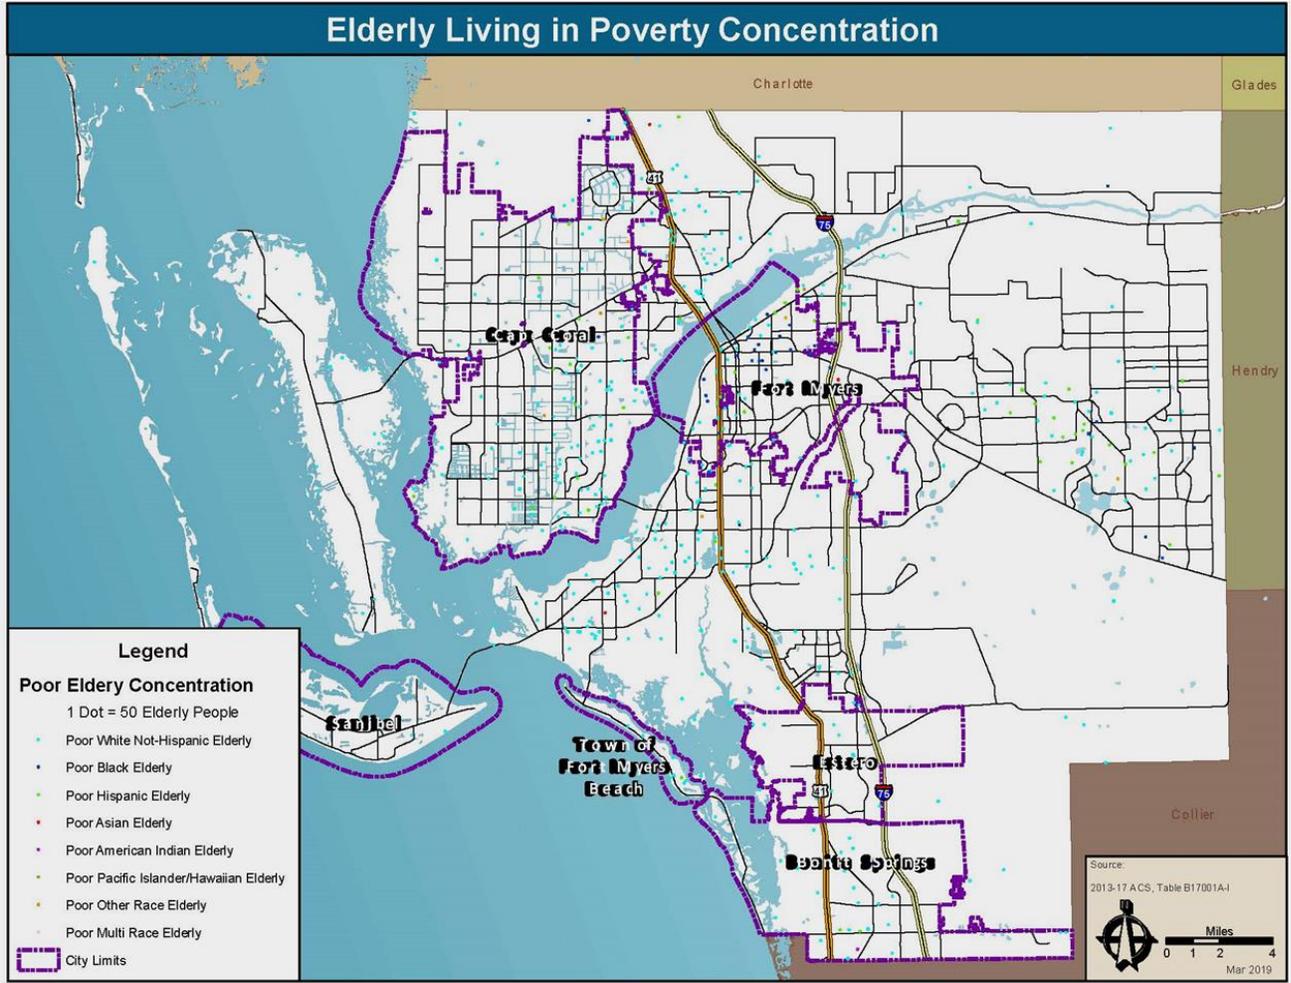

Two maps below, display the concentrated areas of poverty for elderly populations in Lee County by race and ethnicity. The number of White, Non-Hispanic persons who are elderly and living in poverty has increased region wide between 2012 and 2017. A slight increase in the number of Black persons who are elderly and living in poverty within the City of Fort Myers. Generally, persons who are elderly and living in poverty are distributed evenly across the region.

Map 15: Elderly Living in Poverty by Race and Ethnicity, 2012

Map 16: Elderly Living in Poverty by Race and Ethnicity, 2017

D. Employment and Transportation Profile

Employers and Types of Jobs

According to the 2013-2017 American Community Survey, in 2017, there were 309,434 persons in the County's civilian workforce, an increase of 24,187 since 2012. The bulk of employment in the County comprised of Education and Health Services, Retail Trade, Leisure and Hospitality, and Construction industries.

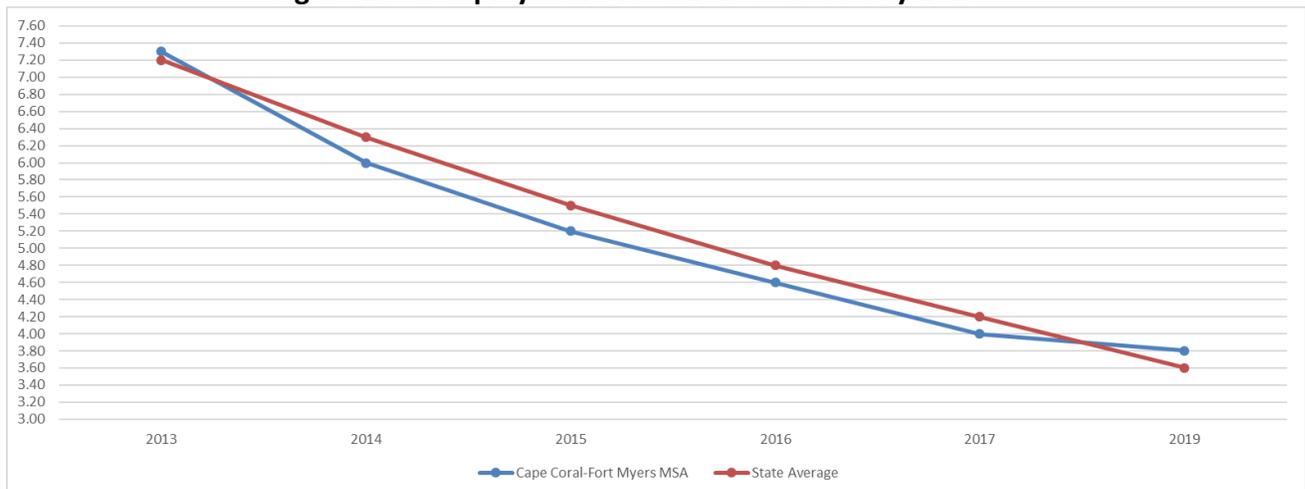

Major employers in Lee County cover virtually all sectors of employment to include health services, government, education, retail, tourism and construction. According to the Lee County Economic Development Office, some of the major employers located in Lee County include Lee Memorial Health System (11,868); Lee County School District (11,680); Lee County Administration (2,692); City of Cape Coral (1,800); Lee County Sherriff's Office (1,612); Gartner (1,600); Chico's FAS Inc. (1,500); Florida Gulf Coast University (1,401); Shell Point Retirement Community (1,068); and Florida Southwestern State College (983). Approximately 11.7 percent or 36,204 people of Lee County's civilian workforce are employed by these top ten employers, not including retailers with multiple locations, such as Walmart and Publix.

Most of the county's businesses are spread out across the county in random fashion along with schools and daycare centers.

Unemployment

Between 2008 and 2010, a significant increase in unemployment occurred as a result of the recession which caused a housing market bust. The area's economy has been slow in its recovery. In September 2010, the Bureau of Statistics reported that the Cape Coral – Fort Myers Metropolitan Statistical Area (MSA) unemployment rate was 13.1 percent compared to the state average of 11.0 percent. However, the unemployment rate has decreased more than 7 percent to 3.8 percent, according to the U.S. Department of Labor, Bureau of Labor Statistics, Local Area Unemployment Statistics for February 2019.

Figure 2: Unemployment Rate: 2013 to February 2019

Source: U.S. Department of Labor, Bureau of Labor Statistics (Local Area Unemployment Statistics)

Employment Rate by Gender and Race/Ethnicity

Between 2008 and 2012, White residents' unemployment was below the County's unemployment rate of 12.22 percent; in contrast, Black residents' unemployment rate was reported at 21.53 percent. Between 2013 and 2017 a similar trend exists, but is much less extreme, with unemployment for White residents being 6.7 percent, and 10 percent for Black residents. The unemployment rate for Black residents reduced by more than 11.5 percent between 2012 and 2017, a much higher reduction than all other racial and ethnic groups. In 2012, Hispanic residents also had a high unemployment rate of 16.21 percent. In 2018, the unemployment rate for Hispanic residents was 7.5 percent. Higher unemployment, whether temporary or permanent, significantly limits the resources available to meet housing costs.

Transportation/Travel Time to Work

The private automobile is the primary method (79.9 percent) of transport for the daily commuting workforce. More than 55 percent of working residents travel between 15 and 34 minutes to work, according to the U. S. Census Bureau’s 2013-2017 American Community Survey. Of the 281,958 workers 16 years and over that commute to work, only 9.7 percent carpooled and .8 percent used public transportation.

Figure 3: Transportation Mode

Source: U.S. Census 2013-2017 American Community Survey (B08101)

Lee County Transit (LeeTran) is the public transit provider for Lee County, offering fixed-route services in Fort Myers, North Fort Myers, Cape Coral, Fort Myers Beach, Bonita Springs, Estero, Lehigh Acres, and into northern Collier County. In addition to motorbus services, LeeTran also offers demand response, called Passport, and employer vanpool services. Passport is a shared ride, advanced reservation, origin-to-destination service for persons with disabilities who are unable to use the regular fixed-route public transit service because of their disability.

All LeeTran vehicles are ADA compliant, and LeeTran offers discounted fare to disabled persons and seniors. LeeTran operates 26 bus routes during season (January to May) and 23 bus routes during off-season. LeeTran employs approximately 280 people and has a fleet of 50 full-size buses, nine trolley buses, three trams, and 45 paratransit vans. Fort Myers Beach and the city of Fort Myers River District have trolley services.

Moreover, LeeTran has numerous infrastructure assets, including bus stops, passenger amenities, park and ride facilities, and transfer stations. In total, LeeTran has approximately 1,700 designated fixed-route bus stops. There are four transfer stations located throughout Lee County: Rosa Parks Transportation Center, Edison Mall Station, Beach Park and Ride, and Cape Coral Transfer Center. Five transfer stations are located at the major shopping or employment centers in Lee County. The primary transfer station – Rosa Parks Transportation Center – is located in downtown Fort Myers, which provides access to the federal and state court systems, state offices, and the Lee County and city of Fort Myers government offices. Additionally, Greyhound is collocated with LeeTran at the Rosa Parks Transportation Center.

The basis of providing public transportation is to ensure that the county's residents and visitors have access to transportation and increased mobility options. LeeTran, in an effort to reach the maximum number of users within the approved budget, provides service from approximately 5:00 AM to 10:00 PM, Monday through Saturday and 6:00 AM until 9:00 PM on Sundays. LeeTran determines service availability based on financial resources, public input, performance of existing routes, transit-orientation index (population and employment density, income, age, and zero-car households), safety guidelines, and development patterns.

LeeTran routes are concentrated in the urban area to allow the highest level of access to community resources, with additional routes providing linkages to suburban and rural areas. Transit ridership has increased from approximately two and a half million unlinked passenger trips in 2004 to over three million trips in 2018. Currently approximately one-fourth of the City of Cape Coral's geographical area is served by LeeTran. The City of Cape Coral provides an alternate mode of transportation to low income/disabled households by providing a minibus paratransit service within the city limits.

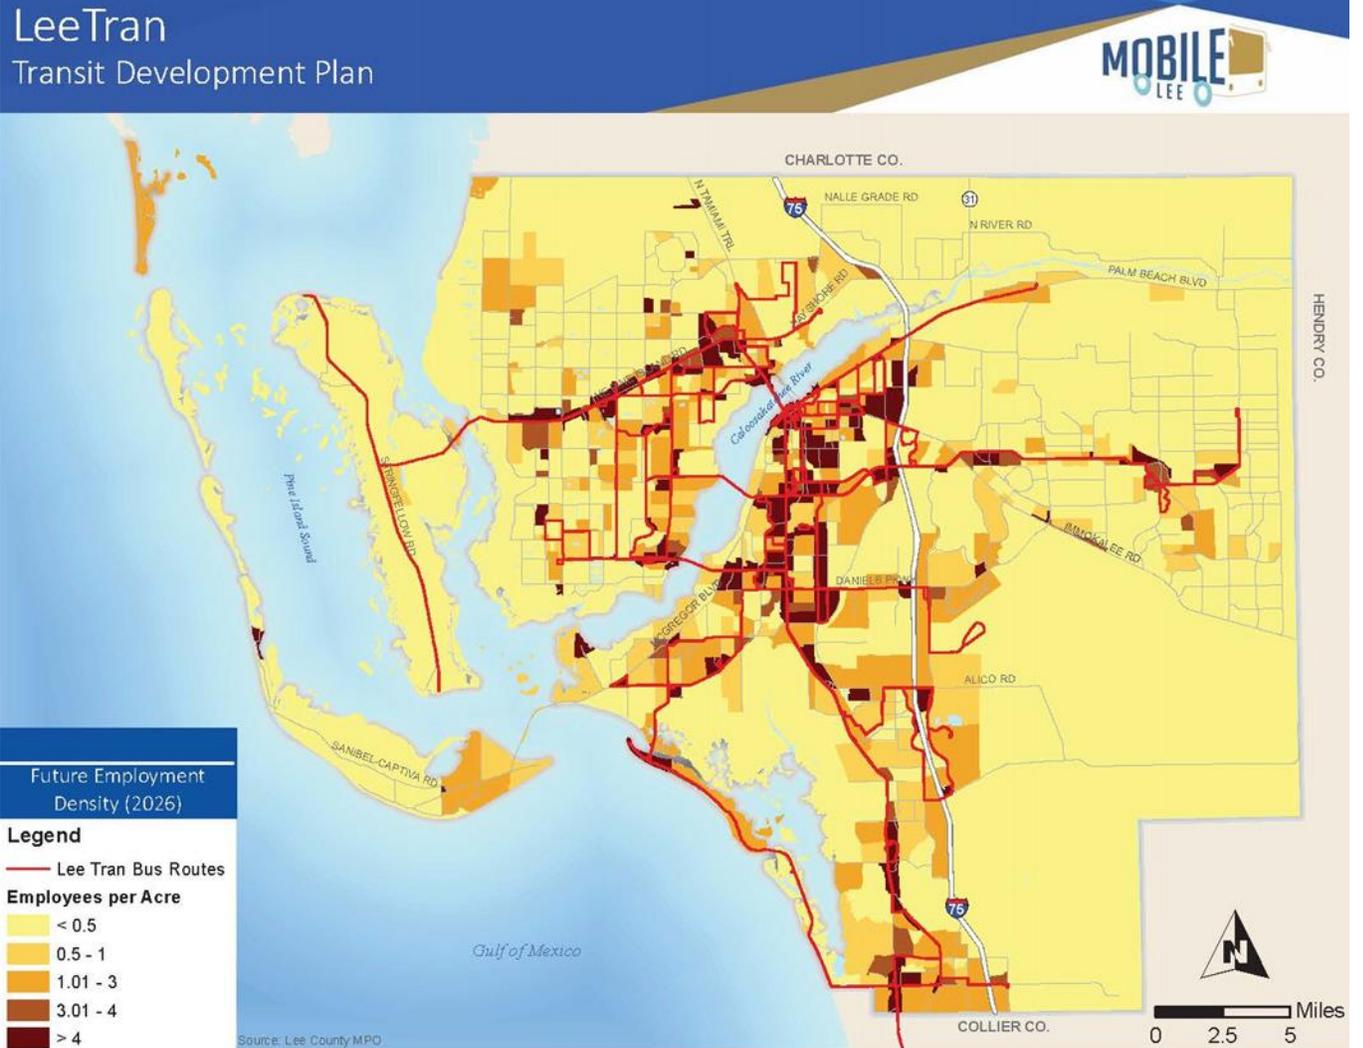

The maps below show LeeTran system routes and future employment density by transportation zones with LeeTran route overlay. LeeTran strives to provide employment, housing, and transportation linkages to Lee County's workforce.

E. Housing Profile

A discussion of fair housing choice must be preceded by an assessment of the housing market being analyzed. This section provides an overview of the characteristics of the local and regional housing markets. The Census Bureau defines a housing unit as a home, an apartment, a mobile home, a group of rooms, or a single room that is occupied (or, if vacant, is intended for occupancy) as separate living quarters. Separate living quarters are those in which the occupants live separately from other individuals in the building and which have direct access from outside the building or through a common hall.

Housing Growth

Housing stock data from 2000, 2010, and 2017 Census and American Community Survey reveals that the Lee County housing stock increased by 17.25 percent between 2010 and 2017. All jurisdictions experienced housing stock increases between 2010 and 2017. Among the various jurisdictions, the unincorporated areas of Lee County had the largest increase of 17.47 percent followed by the City of Sanibel (11.43 percent) and City of Bonita Springs (10.5 percent).

Jurisdiction	Number of Housing Units			Percent of Change 2010 to 2017
	2000	2010	2017	
Urban County				
Bonita Springs	23,329	31,716	35,435	10.50%

Patterns of Housing Structure Type

Lee County’s housing stock includes four categories: single-family dwelling units, multi-family dwelling units, mobile homes and other types of units. Single-family units are attached or detached dwelling units usually on individual lots of land. As shown in Table 19, in 2017, single-family housing units comprised 62.23 percent. The City of Cape Coral had the highest proportion of single-family housing units in the County followed by unincorporated County areas and the Village of Estero.

Multi-family units consist of structures with two or more units. Multi-family dwelling units comprised 27.86 percent of the County’s housing stock in 2017. The Town of Fort Myers Beach and the City of Fort Myers had higher proportions of multi-family units, while the City of Cape Coral and unincorporated County areas had higher proportion of single-family units.

Mobile-homes or manufactured homes are typically located at mobile home parks in Lee County. Mobile-home units comprised 9.77 percent of the County’s housing stock in 2017. Most of the County’s 37,452 mobile homes are located in the unincorporated areas of the County followed by the City of Bonita Springs.

Housing Stock Condition

Housing stock age indicates general conditions within a community. Housing stocks are subject to gradual deterioration over time. Deteriorating housing stocks can depress neighboring property values, discourage reinvestment, and eventually impact the quality of life in a neighborhood.

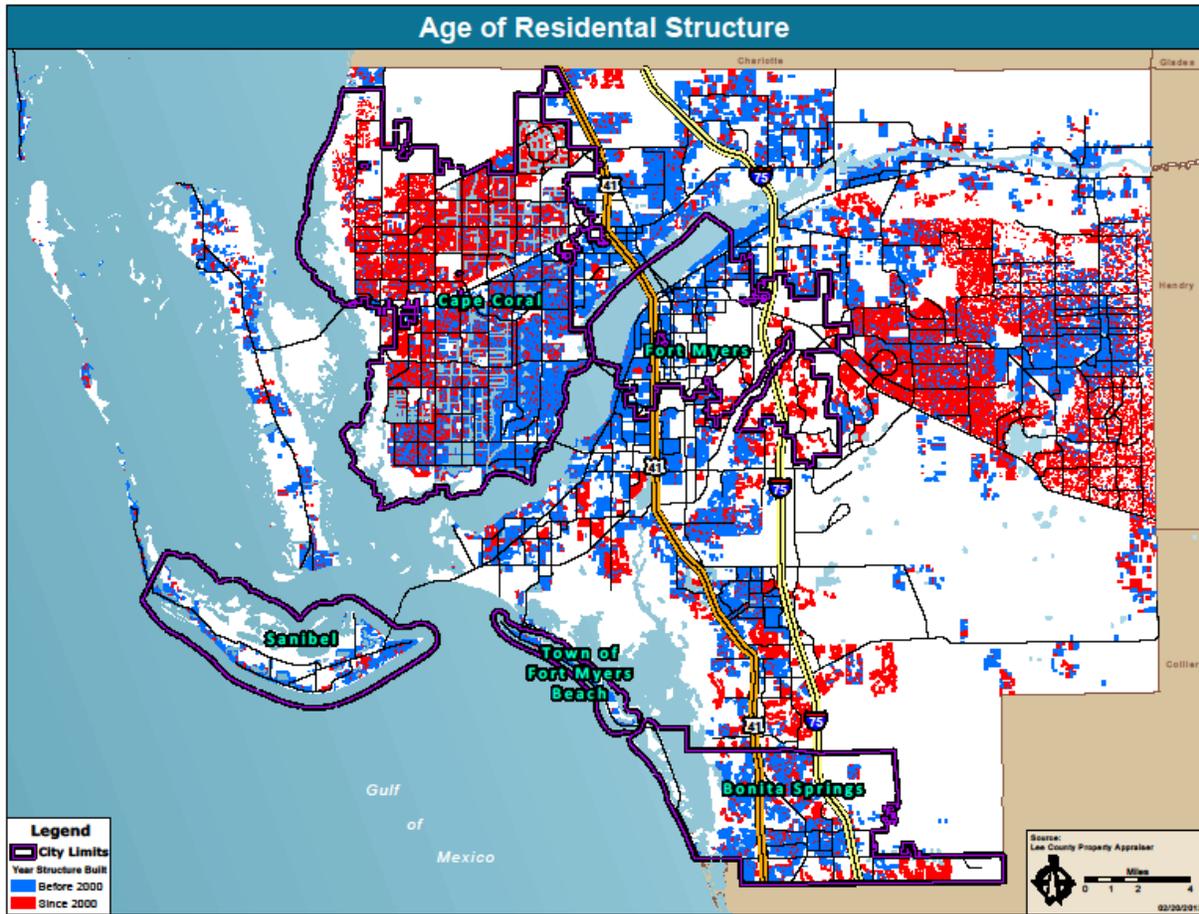

Housing stock age is frequently used as an indicator of housing condition. Most residential structures over 30 years of age will require minor repairs and modernization improvements, while units over 50 years in age are more likely to require major rehabilitation. As shown in Table 20, according to the U. S. Census Bureau’s 2013-2017 American Community Survey, 24.64 percent of Lee County’s housing stock is over 30 years old. The high percentages of pre-1980 housing units are located in the older neighborhoods of the Town of Fort Myers Beach, City of Sanibel, and the City of Fort Myers. Cities of Bonita Springs and Cape Coral have relative newer housing stocks.

Table 20: Housing Stock Profile, 2017			
Jurisdiction	2017 Total Units	Housing Units Built Prior to 1980	
		Units	Percent
Urban County			
Bonita Springs	35,435	4,950	13.97%

(B25034)

The map below displays residential structures built before and after 2000. A large portion of the structures throughout the County will be 20 years old in 2020, indicating the potential for a significant number of minor repairs and modernization improvements needed within the next few years.

Map 19: Age of Residential Structures

Housing units are considered substandard if they do not have telephone service, lack complete kitchens, and/or plumbing. According to the 2013-2017 American Community Survey, 1.62 percent of the housing stock in Lee County did not have telephone service; 0.31 percent lacked complete plumbing facilities; and 0.53 percent housing units lacked complete kitchen facilities.

Table 21: Substandard Housing Stock, 2017

Source: American Community Survey 2013-2017 Estimates (B25034)

Housing Tenure

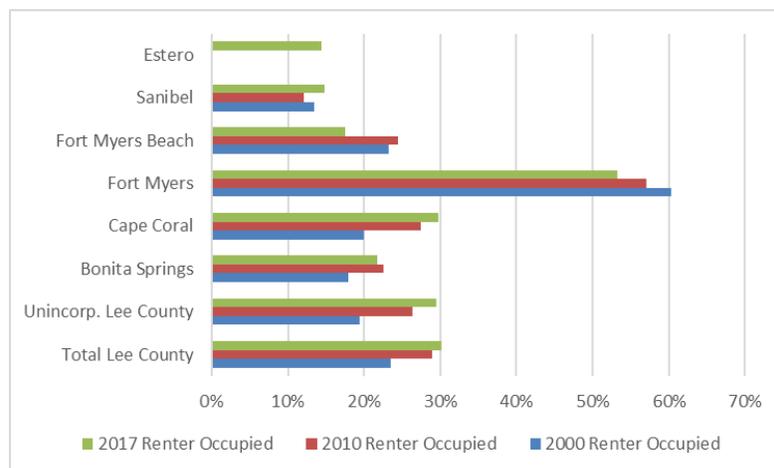

Housing tenure (or occupancy) refers to the occupancy of a housing unit – whether the unit is owner-occupied or renter-occupied. As seen in Figure 6a, Lee County has a greater proportion of owner-occupied housing than renter-occupied housing. The ownership level of 70 percent in 2017 for the County is a slight decrease from the 2010 rate of 71 percent, but it was still higher than the national average of 64.8 percent and the State level of 67.1 percent. Unincorporated Lee County, Cape Coral, and Sanibel experienced a slight decrease in the homeownership rate while the cities of Bonita Springs and Fort Myers, and the Town of Fort Myers each experienced increases in homeownership. Most areas in the County had more owner-occupied housing units than renter-occupied units. An exception is the City of Fort Myers, where the majority of housing units are renter-occupied (53 percent). Renter tenure increased by 6 percent between 2000 to 2010 due to high rates of foreclosure experienced by owner-households. In 2017, rental rates decreased in the City of Bonita Springs, City of Fort Myers and Town of Fort Myers Beach, potentially due to rising rent costs.

Figure 5b: Renter Occupied Housing Tenure 2000-2017

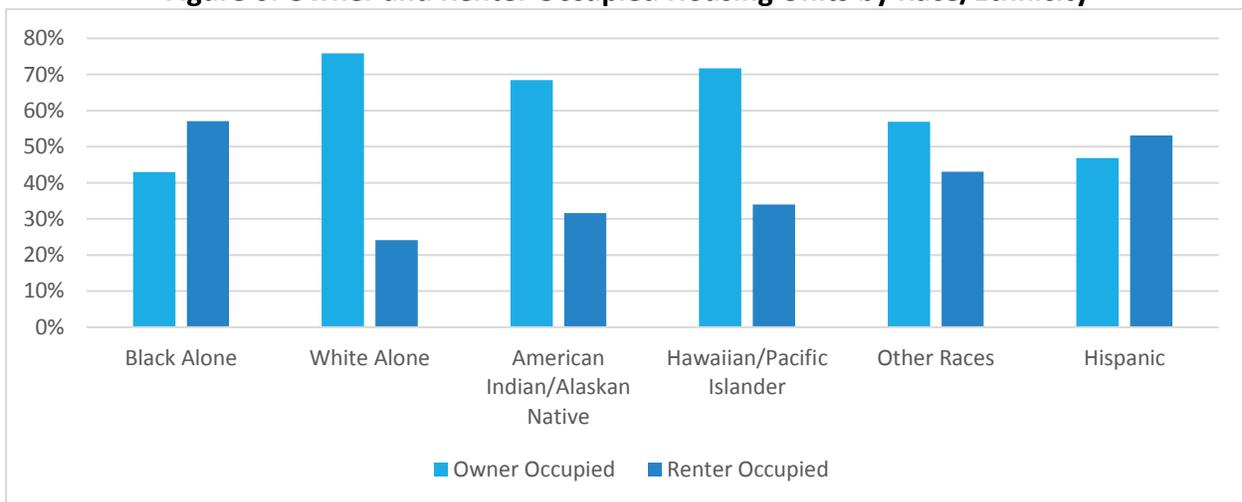

Source: U.S. Census 2000 and 2010 (DP 1), American Community Survey 2013-2017 (Table B25003)

Home Ownership Tenure by Race and Ethnicity

Minority populations in Lee County have not achieved housing homeownership as readily as the White non-Hispanic population. According to the U. S. Census Bureau’s 2013-2017 American Community Survey, in 2017, the majority of owner-occupied households are Non-Hispanic White households. Of those who owned the housing units they occupied, 85 percent were White non-Hispanic; 8 percent Hispanic All races; 4 percent Black; 1 percent Asian; and 2 percent were Other (including Native Hawaiian and Pacific Islander, American Indian and Alaska Native, and Two or more races). Comparing these figures to race data from the 2017 American Community Survey (Table 6) demonstrates that minorities in the County are underrepresented in terms of home ownership. For comparison purposes, according to 2017 American Community Survey data, Non-Hispanic Whites comprised 84.73 percent of the County’s population, Hispanics all races comprised 20.22 percent, Blacks comprised 8.7 percent and 1.5 percent of the population was Asians. The greatest disparity is present for Hispanic residents, who are underrepresented among homeowners in Lee County by more than 12 percent.

Local Housing Market Demand/Condition

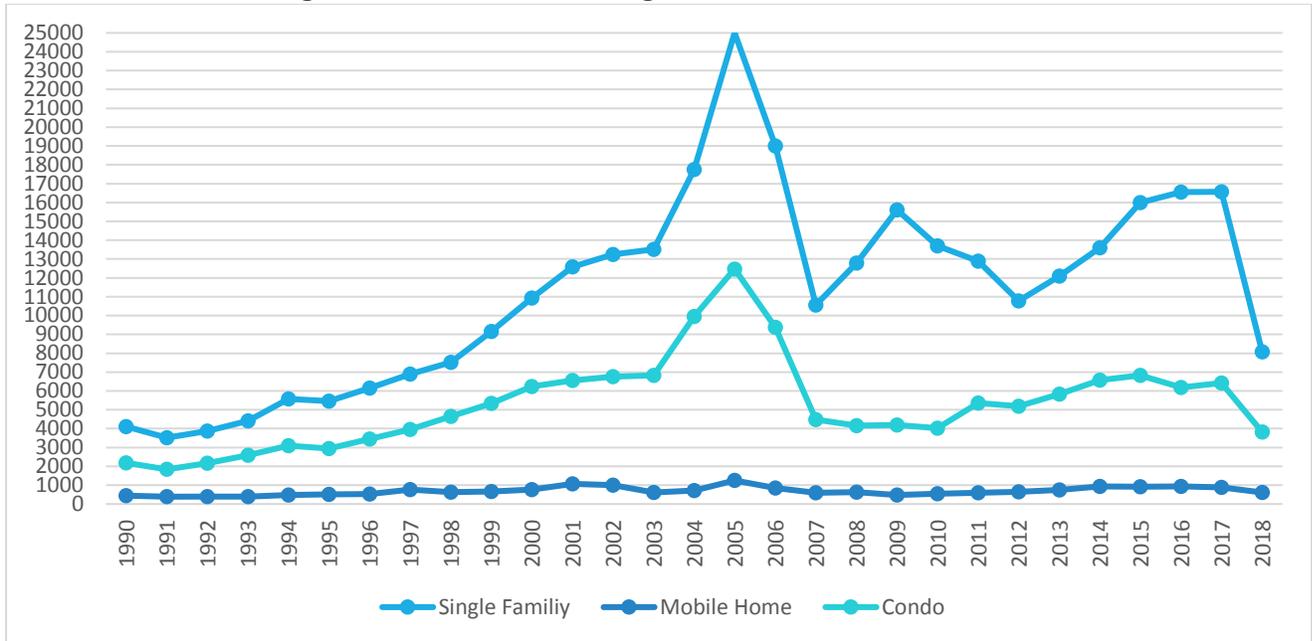

The Lee County Region experienced significant increase in the cost of housing between 2004 and 2007. Shown in Figure 9, in 2000, the median sales price of single-family units was \$184,152. By 2005, the price almost doubled to \$337,182. The height of the sales price increased between 2004 and 2007. The median sales price in 2004 was \$265,116 and by 2007, the sales price skyrocketed to \$357,126. During the boom, though the sales price drastically increased, the number of homes being sold also increased. By 2005, the number of homes sold was approximately twice the number in 2000. Single-family home sales were rising steadily between 2012 and 2017, but dropped off significantly in 2018. As shown, in 2008, prices started to drastically decline. Since 2012, home values have steadily risen. According to Florida Realtors “Florida Residential Market Sales Activity Report, January 2019” median sales price in the Cape Coral - Fort Myers MSA for a single family home was \$264,498, an increase of more than \$69,000 from the 2014 median of \$195,000, and nearly the same amount as the 2004 median.

Vacancy Rate/Foreclosure

The vacancy rate measures the overall housing availability in a community and is often a good indicator of how for sale and rental housing units are meeting the current demand for housing.

The region’s overall vacancy rate drastically changed from 2000 with a rate of 23.1 percent to 34.7 percent in 2012. The increase in the vacancy rates at the time was attributed to the region’s high foreclosure rate. The 2013-2017 American Community Survey (Table CP04) estimates a total of 383,244 housing units, 31 percent, or 118,899, of which are vacant. The homeowner vacancy rate is 2.9, and the rental vacancy rate is 8.8. While slightly lower than 2012, the 2017 percent of vacant units remains significantly higher than the statewide vacancy rate of 18.9%. This may be attributed to the large number of vacant units that are reserved as temporary or vacation units; 75.5 percent, or 89,732, are listed as being for seasonal, recreational, or occasional use (2013-2017 ACS Table B25004). In 2017, only 7,837 vacant units were available for rent, and 5,508 vacant units were available for sale.

According to Lee Clerk data, foreclosure filings reached their highest in March 2009, with more than 2200 filings during the month. Since then, rates have significantly decreased to just 77 filings in September 2018. The 2008 downturn in the economy and the high foreclosure rates in the County lead to a significant reduction in the median home sales price. However, with foreclosure rates significantly lower, median sales prices have once again risen. As stated, the median price has increased from \$195,000 in 2007, to \$264,498 in 2019, nearly returning to 2004 levels. A combination of low vacancy rates, rising home prices and rising home mortgage interest rates has lowered opportunities for low to moderate-income residents to purchase homes.

Housing Cost

Increasing housing costs are not a direct form of housing discrimination, however, a lack of affordable housing does constrain housing choice. Residents may be limited to a smaller selection of neighborhoods because of a lack of affordable housing in those areas.

Between 2000 and 2010, the inflation adjusted median housing value across Lee County increased 47.3 percent, while real median income fell more than 2 percent. Median gross rent increased a comparable 17.6 percent during the same years. Between 2010 and 2017 the median housing value, median gross rent, and median household income decreased. The modest decrease in median housing value does not necessarily mean that housing is more affordable, because there was also a decrease in household income. Decreases in both income and home values leaves housing costs relatively high for the residents in Lee County.

	Median Housing Value (in 2017 \$)	Median Gross Rent (in 2017 \$)	Median Household Income (in 2017 \$)
2000	\$160,708	\$919	\$57,392
2010	\$236,739	\$1,081	\$56,221
2017	\$190,200	\$1,035	\$52,052

Source: U.S. Census Bureau, Census 2000 (DP-3, DP-4), 2006-2010 American Community Survey (B25064), 2013-2017 American Community Survey (B25064)

Rental Housing

The number of units renting for less than \$500 per month in Lee County declined by more than 65 percent between 2000 and 2017. Additionally, the units renting for between \$500 to \$750 has decreased from 19,106 to 9,913, or 48 percent. At the same time, the units renting for more than \$1,000 per month increased from 7,374 units to 40,808 units, or 453.4 percent.

The data does not provide a distinction between units that were actually lost from the inventory through demolition and those for which rents were increased. This figure should be analyzed with an understanding that \$500 was worth more in 2000 than in 2017, due to inflation. This figure, due to the categorical nature of the variable, cannot be adjusted for inflation. According to the U.S. Census 2013-2017 American Community Survey (Table CP04), approximately 53.7 percent of the County's renter-households were paying greater than \$1,000 per month for rent, and approximately 43 percent of renter-households pay 35 percent or more of their household income toward rent.

Units Renting for:	2000	2010	2017
Less Than \$500	9,645	3,454	3,371
\$500 to \$750	19,106	12,592	9,913
\$750 to \$1,000	8,743	21,476	22,059
\$1,000 or More	7,374	26,465	40,808

Source: U.S. Census Bureau, Census 2000 (DP-4), 2013-2017 American Community Survey (B25063)

The following information is set forth to demonstrate the known market conditions regarding affordability within the County. The 2018 median family income for the Cape Coral – Fort Myers MSA is \$63,700 (for a household with 4 persons). The maximum housing costs for households within each income range can be estimated based on the County’s median income, and HUD’s standard that no more than 30% of a households income should be spent on housing costs. Families earning less than 30 percent of median income could only afford to pay \$627.50 toward housing costs. By contrast, families earning the median family income in the County could afford pay \$1,592.50 toward housing costs.

Table 24: Housing Affordability Range

	Income	Maximum Mortgage Payment (inc PITI)	Maximum Rent (inc Utilities)
Extremely Low Income <30 % AMI	\$25,100	\$627.50	\$627.50
Low Income 50% AMI	\$31,850	\$796.25	\$796.25
Moderate Income 80% AMI	\$50,950	\$1,273.75	\$1,273.75
Area Median Income (AMI)	\$63,700	\$1,592.50	\$1,592.50

Source: HUD 2018 Income Limits

Annually, HUD provides information on the Fair Housing Market Rent (FMR) and affordability of rental housing in counties and cities in the U.S. In 2018 for the Cape Coral-Fort Myers MSA, the FMR for a two-bedroom unit is \$956. In order to afford this level of rent and utilities without paying more than 30 percent of income on housing, a household must earn \$3,186.67 monthly or \$38,240 annually. Assuming a 40-hour workweek, 52 weeks per year, this level of income translates into an hourly housing wage of \$18.38.

In Lee County, a minimum-wage worker earned an hourly wage of \$8.25 in 2018. In order to afford the FMR for a two-bedroom unit, a minimum wage work must work 89 hours per week, 52 weeks per year. The National Low Income Housing Coalition’s “Out of Reach 2018”, report estimates that in Lee County, the mean hourly wage for the rent-household is \$8.83 and the affordable rent for mean renter is \$459 per month, which is well below the FMR for the region.

Home Ownership Affordability

One method used to determine the inherent affordability of a housing market is to calculate the percentage of homes that could be purchased by households at the median income level. It is possible also to determine the affordability of the housing market for each racial or ethnic group in the County. To determine affordability, the following assumptions were made:

- The mortgage was a 30-year fixed rate loan at a 5.0 percent interest rate.
- The buyer made a \$10,000 down payment on the sales price.
- Front end ratio principal, interest, taxes and insurance (PITI) equaled no more than 29 percent of gross monthly income (FHA front end ratio).
- Additional consumer debt (credit cards, car payment, etc.) averaged \$700 per month which added to the projected PITI, will not exceed 41 percent of the buyer's gross income (FHA back end ratio).
- Property tax was assumed at 1.2 percent, principal mortgage insurance (PMI) was included, and insurance was assumed at \$2,400 per year.

Table 25 below details the estimated maximum affordable sales price and monthly PITI payment for Whites, Blacks, Asians and Hispanics in Lee County.

In the Lee County real estate market, the 2017 median sales price for a single-family home was \$246,087. The Countywide median household income in 2017 was \$52,052, which translates to a maximum affordable home purchase price of \$145,522. This indicates that a household at the median income could afford less than half of the housing market.

However, an analysis applying the different median income levels by race and ethnicity indicates that in general, purchase choices are far more limited for Blacks and Hispanics, as the maximum affordable home purchase prices for Whites and Asians were substantially higher than the affordable prices for Blacks and Hispanics.

Table 25: Maximum Affordable Purchase Price by Race/Ethnicity, 2017

	Median Household Income	Mortgage Principal & Interest	Real Estate Tax	Property Insurance and PMI	Total Monthly Debt Service*	Maximum Loan Amount	Maximum Affordable Purchase Price
Lee County	\$52,052	\$728	\$146	\$286	\$1,859	\$135,359	\$145,522
White	\$53,468	\$766	\$153	\$290	\$1,910	\$142,769	\$152,769
Black	\$37,289	\$330	\$71	\$230	\$1,331	\$61,411	\$71,411
Asian	\$61,165	\$952	\$187	\$312	\$2,151	\$177,258	\$187,258
Hispanic	\$41,386	\$445	\$93	\$241	\$1,478	\$82,812	\$92,812

* Includes PITI and \$700 assumed average monthly consumer debt service

Source: U.S. Census 2017 American Community Survey 1-Year Estimates (B19013A, B19013B, B19013D, B1903I), Calculations completed by Lee County Human and Veteran Services using Zillow.com

Housing Cost Burden

HUD defines housing affordability in terms of the proportion of household income that is used to pay housing costs. Housing is “affordable” if no more than 30 percent of a household’s monthly income is needed for rent, mortgage payments and utilities. When the proportion of household income needed to pay housing costs exceeds 30 percent, a household is considered “cost burdened.” Severe cost burden is defined as when gross housing costs, including utilities, exceed 50 percent of the households’ gross income.

In the Lee County Region, nearly 50 percent of the renter-households and over 30 percent of owner-households are experiencing housing cost burden. All jurisdictions have over 42 percent of renter-households with housing cost burden (Table 26). Rates of renter cost burden are highest in the cities of Cape Coral and Fort Myers, and Unincorporated areas of the County.

Table 26: Housing Cost Burden is 30% or More		
Jurisdiction	Owners	Renters
Urban County		
Bonita Springs	25.58%	42.49%
Fort Myers Beach	32.82%	43.37%

Source: American Community Survey 2013-2017 Estimates (S2503)

MONTHLY HOUSING COSTS AS A PERCENTAGE OF HOUSEHOLD
INCOME IN THE PAST 12 MONTHS

Housing cost burden typically is linked to income levels. The lower the income, the larger percentage of a household’s income is allotted to housing costs. Cost burden by low-income households tends to occur when housing costs increase faster than income. The tables on the following pages (Table 27) are based on the data from the Shimberg Center for Housing Studies, University of Florida, that illustrates the percentage of cost burden households by income and the percentage of income paid for housing by Lee County Jurisdictions. As the table indicates, an increase in income level affects housing cost burden for households. As shown, lower income groups in all jurisdictions were severely cost burdened.

Table 27: Households by income and cost burden				
Jurisdiction	Household Income	No Cost Burden	Cost Burden	Severely Cost Burden
		<i>30% or less</i>	<i>30.1-50%</i>	<i>More than 50%</i>
Lee County	30% AMI or less	7.7%	7.9%	84.3%
	30.1-50% AMI	21.2%	29.1%	49.6%
	50.1-80% AMI	39.5%	39.4%	21.1%

Housing Stock Available for People with Disabilities and Persons with HIV/AIDS

The populations identified that have special needs are persons who are not homeless but require supportive housing. These include:

- Elderly
- Frail elderly
- Persons with disabilities (mental, physical, developmental)
- Persons with alcohol and/or drug addictions
- Persons with HIV/AIDS and their families
- Persons living in public and assisted housing

The housing market in the County has not developed sufficient housing stock specifically for persons with mental and developmental disabilities or for persons with HIV/AIDS who are able to live independently. Unless a person needs supportive housing, the housing stock available is the same as for others of the same socioeconomic status.

People with disabilities are in the midst of an increasingly acute affordable housing crisis. The National Low Income Housing Coalition's "Out of Reach 2018" reported that a person with a disability, whose sole source of income is Federal Social Security Income (SSI), can only afford a \$250 monthly rent payment. In 2017, the SSI program provided an individual with a monthly income of \$735 or \$8,820 a year. This amount is equal to only 16.9 percent of the area median income and 7.3 percent below the 2017 federal poverty level of \$12,060. This is approximately equal to an hourly wage of \$4.42 per hour – nearly four dollars below minimum wage, which is \$8.25 an hour.

Both for-profit and not-for-profit housing developments receive assistance in the form of low-interest and deferred payment loans, permanent financing, and regulatory incentives from the cities, county, and other public and private sources. As a condition of receiving such assistance, project developers and owners are required to set-aside a pre-determined number of units to households at specified income levels and, in some cases, to households from specific special needs subpopulations. Regulatory agreements restrict sales prices, resale prices, and rents for these units to levels that are affordable to the targeted households. The time period covered by these agreements varies, but generally ranges from 5 to 30 years.

According to the Shimberg Center for Housing Studies data, currently there are 6,272 assisted housing units located in Lee County. Of these available assisted housing units, 158 housing units are available for persons with disability, 1,828 housing units are for seniors, 78 housing units are for farmworkers and the balance of 3,972 units are for families. The majority of assisted housing units are located within in the City of Fort Myers city limits.

Homeless

The Lee County Continuum of Care, a collaborative of local municipalities, social service providers and other stakeholders, is tasked with addressing the needs of persons experiencing homelessness. The function of the Lee County Continuum of Care (CoC) and Lee County Homeless Coalition is established in Florida Statute 420.623 and 24 CFR 578. The CoC is responsible to plan, coordinate, and monitor the delivery of services to the homeless.

The Lee County Homeless Coalition provides information on the needs, characteristics, number and location of homeless persons in Lee County. In 2019, based on a “Point in Time Count (PIT)” conducted on January 27, 2019, the CoC reported 630 residents experiencing homelessness. Of this count, 110 persons were chronically homeless representing 14.5 percent of the persons who are homeless. Table 28 shows the breakdown of the homeless population. It is known that some persons were not counted and service professionals feel that the true figure may be far greater than presented in the PIT. Challenges for the CoC have increased in previous years due to reductions in both federal and state funding. Lee County’s homeless population is visible in the City of Fort Myers but relatively invisible elsewhere, as they are hidden from the public in small camps dispersed throughout the county.

Table 28: Homeless PIT January 28, 2019

Date of PIT Count: 1/27/2019					
Population: Sheltered and Unsheltered Count					
Total Households and Persons

Source: Lee County Homeless Management Information System (HMIS)

In addition to identifying persons with and without dependent children, chronically homeless, race and ethnicity were identified during the PIT and during the annual CoC competition. As seen in Table 29, Black or African American populations are overrepresented in the homeless population. Conversely, persons who are Hispanic or Latino are underrepresented.

According to Lee County Human and Veteran Services, there are currently, 994 year-round beds available for the homeless households (231 emergency shelter beds; 55 transitional housing beds; 242 rapid re-housing beds and 466 permanent supportive housing beds).

Table 29: Racial Disparities in the CoC

Race	2017 ACS Estimate	FY 16/17 Annual Homeless Population Race/Ethnicity
White alone	84.70%	63.32%
Black or African American	8.70%	32.46%
American Indian and Alaska Native	0.20%	1.38%
Asian	1.60%	0.08%
Native Hawaiian and Other Pacific Islander	0.10%	0.38%
Some other race	3.00%	
Two or more races	1.80%	2.38%
Hispanic or Latino	20.20%	13.70%

Source: Lee County Homeless Management Information System (HMIS)

F. Key Findings: Jurisdictional Background Data

- The population of Lee County increased by 79,714 people from 2010 to 2017 an increase of 12.9 percent over the 2010 level. The City of Fort Myers (26.98 percent) is the fastest growing city in the county followed by the City of Bonita Springs (14.32 percent) and the City of Cape Coral (13.45 percent). The Town of Fort Myers Beach and Unincorporated areas show the slowest growth rate. The Town of Fort Myers Beach is the only area that is projected to experience a net loss of residents by 2020.
- The Bureau of Economic and Business Research (BEBR), University of Florida estimates that by the year 2030, the population of Lee County is expected to reach 891,200. That is an increase of approximately 44 percent from the 2010 level. The entire Lee County Region will likely experience a high growth rate (greater than 25 percent) with exceptions of the Town of Fort Myers Beach (-8 percent) and the City of Sanibel (4 percent).
- The County’s Hispanic population has expanded substantially since 2000, from 42,042 persons to 141,544 persons from 2000 and 2017, an increase of 236.7 percent. Hispanic or Latino (any race) population comprised 25.3 percent of the County’s total population. The Cities of Bonita Springs, Cape Coral and Fort Myers have significant Hispanic concentrations, while the City of Sanibel has the least concentration of Hispanic Population.

- By national standards, Lee County is moderately segregated, as 63.39 percent of Black residents would need to move within the County to achieve perfect spatial integration with White residents. Results were similar, but less dramatic for other minority groups. Racial integration by this measure has improved significantly in the last thirty years, when the statistics were 77.08 percent. The largest concentration of black population occurs in the City of Fort Myers, 26.2 percent versus the county-wide figure of 8.6 percent.
- Minority residents in Lee County experienced a greater poverty rate than White and Asian residents. They also had the lowest median household incomes among racial and ethnic groups, while Asians had the highest median household income. A lower income for these minority groups translates to a substantially diminished range of housing options.
- In 2017, the Census Bureau reported that 147,361 persons across Lee County (28.4 percent of the population) spoke at least one language other than English. Of these, 62,713 (42.6 percent) spoke English less than “very well”. This limited English proficiency subpopulation constituted 9.4 percent of the County’s total population.
- Of the total civilian non-institutionalized Lee County population, 96,894 persons or 13.8 percent reported a range of disabilities. Of the disabilities tallied, 60.2 percent were for residents in the 65 years and over age group followed by 18 to 64 years age group with 23.5 percent. The elderly population had a significantly higher percentage of physical disabilities than other age groups. The most common type of disability among persons 18 to 64 years and 65 years and over was ambulatory, referring to difficulty moving from place to place that makes it impossible or impractical to walk as a means of transportation, which translates as a need for accessible housing.
- Between 2008 and 2012, White residents’ unemployment rate was below the County’s unemployment rate of 12.2 percent. In contrast, Black residents’ unemployment rate was reported at 21.5 percent. Hispanic residents also had a high unemployment rate of 16.2 percent. Between 2013 and 2017 a similar trend exists, but is much less extreme, with unemployment for White residents being 6.7 percent, and 10 percent for Black residents. The unemployment rate for Black residents reduced by more than 11.5 percent between 2012 and 2017, a much higher reduction than all other racial and ethnic groups. Higher unemployment, whether temporary or permanent, significantly limits the resources available to meet housing costs.
- The private automobile is the primary method (79.9 percent) of transport for the daily commuting workforce. More than 55 percent of working residents travel between 15 and 34 minutes to work, according to the U. S. Census Bureau’s 2013-2017 American Community Survey. Of the 281,958 workers 16 years and over that commute to work, only 9.7 percent carpooled and .8 percent used public transportation.
- Lee County housing stock increased by 17.25 percent between 2010 and 2017. All jurisdictions experienced housing stock increases between 2010 and 2017. The unincorporated areas of Lee County had the largest increase of 17.47 percent followed by the City of Sanibel (11.43 percent) and City of Bonita Springs (10.5 percent).

- Minority populations in Lee County have not achieved housing homeownership as readily as the White non-Hispanic population. Of those who owned the housing units they occupied, 85 percent were White non-Hispanic; 8 percent were Hispanic All races; 4 percent were Black; 1 percent were Asian; and 1 percent were Other (including Native Hawaiian and Pacific Islander, American Indian and Alaska Native, and Two or more races).
- The region’s overall vacancy rate has drastically changed from the 2000 rate of 23.1 percent to 34.7 percent in 2012. In 2017, the vacancy rate remained steady at 31 percent. While slightly lower than 2012, the 2017 percent of vacant units remains significantly higher than the statewide vacancy rate of 18.9%. This may be attributed to the large number of vacant units that are reserved as temporary or vacation units; 75.5 percent, or 89,732, are listed as being for seasonal, recreational, or occasional use (2013-2017 ACS Table B25004). In 2017, only 7,837 vacant units were available for rent, and 5,508 vacant units were available for sale. The increase in the vacancy rate could be attributed to the region’s high foreclosure rate.
- According to Lee Clerk data, foreclosure filings reached their highest in March 2009, with more than 2200 filings during the month. Since then, rates have significantly decreased to just 77 filings in September 2018.
- In Lee County, a minimum-wage worker earned an hourly wage of \$8.25 in 2018. In order to afford the FMR for a two-bedroom unit, a minimum wage work must work 89 hours per week, 52 weeks per year. The National Low Income Housing Coalition’s “Out of Reach 2018”, report estimates that in Lee County, the mean hourly wage for the rent-household is \$8.83 and the affordable rent for mean renter is \$459 per month, which is well below the FMR for the region.
- Between 2000 and 2010, the inflation adjusted median housing value across Lee County increased 47.3 percent, while real median income fell more than 2 percent. Median gross rent increased a comparable 17.6 percent during the same years. Between 2010 and 2017 the median housing value, median gross rent, and median household income decreased. The modest decrease in median housing value does not necessarily mean that housing is more affordable, because there was also a decrease in household income. Decreases in both income and home values leaves housing costs relatively high for the residents in Lee County.
- In the Lee County Region, over 50 percent of renter-households and over 30 percent of owner-households are experiencing housing cost burden.

III. Evaluation of Current Fair Housing Legal Status

This section analyzes the extent of fair housing complaints or compliance reviews where a charge of discrimination has been made. Additionally, this section will review the existence of any fair housing discrimination suits filed by the United States Department of Justice or private plaintiffs, and the identification of other fair housing concerns or problems.

A. Existence of Fair Housing Complaints

From 2001 to October 2012, Lee County Office of Equal Opportunity (LCOEO) was designated by HUD as meeting the HUD requirements for the operation of a “Substantially Equivalent Fair Housing Program”. LCOEC processed and investigated the Countywide housing discrimination complaints on behalf of HUD. However, beginning in October 2012, LCOEC discontinued its processing and investigation of Countywide fair housing complaints and undertook a countywide fair housing training and outreach on behalf of HUD.

As of October 2012, fair housing complaints must be filed with the HUD Miami Office or the State of Florida Commission on Human Relations Office (FCHR). FCHR is the state’s leading anti-discrimination agency. FCHR is overseen by twelve Commissioners appointed by the Governor and confirmed by the state Senate. FCHR conducts its business primarily under authority of three Florida laws:

- The Florida Civil Rights Act (Part 1, Chapter 760, and s. 509.092, F.S.) for allegations of discrimination in employment or public accommodations;
- The Florida Fair Housing Act (Part II, Chapter 760) for allegations of discrimination in housing; and
- The Florida Whistle-Blower Act (s. 112.31895) for allegations of improper retaliation against state agency whistle-blowers.

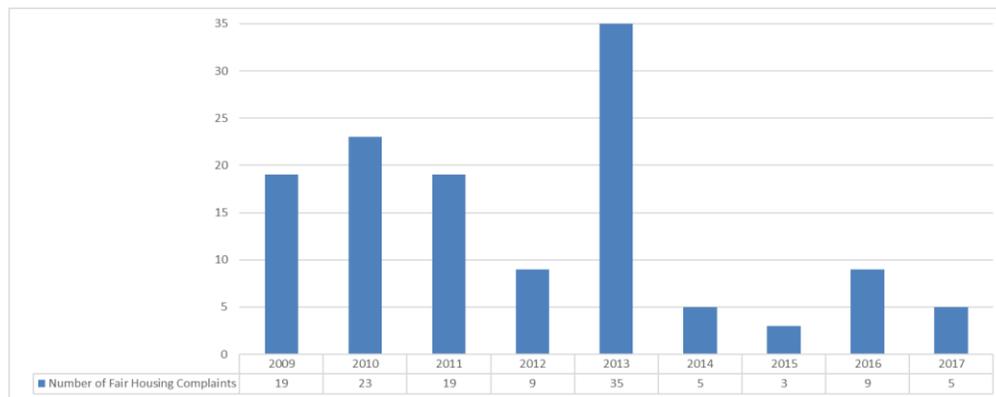

A work-sharing agreement between FCHR and two federal partners, the U.S. Equal Employment Opportunity Commission and the U.S. Department of Housing and Urban Development, helps ensure that complaints are properly investigated without duplication, whether they are initially filed with the Commission or one of the federal agencies.

The number of complaints reported may under-represent the actual occurrence of housing discrimination in any given community, as people may not file complaints because they are unaware of how or where to file a complaint. Discriminatory practices can be subtle and may not be detected by someone who does not have the benefit of comparing his/her treatment with that of another home seeker. Other times, people may be unaware that the discrimination is against the law and there are legal remedies to address discrimination. In addition, households may be more interested in achieving their first priority of finding decent, affordable housing and may prefer to avoid going through the process of filing and following up on a complaint. Therefore, education, information, and referral regarding fair housing issues remain critical to empower individuals with the ability to reduce impediments.

Number of Complaints

HUD Office of Fair Housing and Equal Opportunity (FHEO) receives complaints from persons regarding alleged violations of the Federal Fair Housing Act. Fair Housing complaints originating in Lee County were obtained from HUD Miami FHEO and analyzed from FY 2009 to FY 2014. In total, 110 complaints originating in Lee County were filed during that time, an average of eighteen complaints per year. The high number of cases shown in 2013 could be attributed to the closing of Lee County's EEOC office in 2012 and backlog of cases during the transition of fair housing investigation responsibilities from the County to HUD.

Figure 9: Number of Fair Housing Complaints Filed with HUD 2009 - 2017

Note: Number of cases are based on the federal fiscal year (i.e. 2009 cases include cases filed from October 1, 2008 to September 30, 2009 and 2014 case is from October 2013 to September 18, 2014)

Source: HUD Miami Fair Housing and Equal Opportunity Office and Florida Commission on Human Rights

Resolution of Complaints

The following is the makeup of the 127 fair housing discrimination complaints investigated:

- No Reasonable Cause, Withdrawals, or Failure to Cooperate - 83 complaints
- Conciliations – 27 complaints
- Withdrawn After Resolution – 4 complaints
- FHAP Judicial Dismissal – 2 complaints
- Untimely filed – 1 complaint
- Administrative Closure – 10 complaints

The high number of dismissed complaint cases could indicate that residents do not understand what constitutes a violation of the Fair Housing Act. However, the low number of complaints should not be construed to mean that there is no housing discrimination in Lee County. Rather, it is likely that housing discrimination cases often go unreported. Furthermore, since the closure of the Office of Equal Opportunity, the County lacks the resources to test the area for housing discrimination. This possible under-reporting of housing discrimination and lack of understanding of fair housing laws is an impediment to fair housing choice.

B. Existence of Fair Housing Discrimination Suit

There is no pending fair housing discrimination suit initiated by the U.S. Department of Justice or HUD against a city, county, company, or corporation within the County jurisdictions.

C. Existence of Reasons for trends and patterns

Currently, there are no specific reasons for any trends or patterns for Fair Housing violations in Lee County.

D. Key Findings: Evaluation of Current Fair Housing Legal Status

- Lee County no longer has its own FHAP Agency. From 2001 to October 2012, Lee County Office of Equal Opportunity (LCOEO) was designated by HUD as meeting the HUD requirements for the operation of a “Substantially Equivalent Fair Housing Program”. LCOEC processed and investigated the County-wide housing discrimination complaints on behalf of HUD. However, beginning in October 2012, LCOEC discontinued its processing and investigation of County-wide fair housing complaints and conducting the countywide fair housing training and outreach that it undertook on behalf of HUD.
- The high number of dismissed cases (83 complaints out of 127 complaints) could be an indication that residents do not understand what constitutes a violation of the Fair Housing Act.

IV. Identification of Impediments to Fair Housing Choice

The analysis of impediments is a review of impediments to fair housing choice in public and private sectors. This section analyzes various public and private policies and actions that may impede fair housing within Lee County.

A. Public Sector

Public policies established at the regional and local levels can affect housing development and, therefore, may affect the range and location of housing choices available to residents. Fair housing laws are designed to encourage an inclusive living environment and an assessment of public policies and practices can help determine potential impediments to fair housing opportunity. This section presents an overview of government regulations, policies, and practices enacted by jurisdictions in Lee County that may influence fair housing choice.

1. Zoning and Site Selection

In Florida, the power behind land development decisions resides with municipal governments through the formulation of local controls. These include comprehensive plans and zoning ordinances, as well as building and development permits.

For this analysis, zoning ordinances (Land Use Regulations) for all six jurisdictions (Cities of Cape Coral, Fort Myers, Bonita Springs, Sanibel, Town of Fort Myers Beach, and Lee County) in Lee County were reviewed. All jurisdictions in Lee County enforce local zoning ordinances. In considering how zoning might create barriers to fair housing, the following three key areas were reviewed based on the topics raised in HUD's Fair Housing Planning Guide, which include:

- Definition used for "family" and restrictions on the number of unrelated persons in dwelling unit.
- Dispersal requirements and regulatory provisions for housing facilities for persons with disabilities (i.e. group homes) in single-family district.
- Minimum lot size requirements, and the opportunity to develop various housing types including apartments and housing at various densities.

All six jurisdictions' land use regulations have been updated to achieve consistency with recently adopted Comprehensive Plans, in accordance with the state laws concerning local land development code.

Definition of Family

Restrictive definition of family may impede unrelated individuals from sharing a housing unit. Defining family broadly advances non-traditional families and supports the blending of families who may be living together for economic purposes. Restrictions in the definition of family typically cap the number of unrelated individuals that can live together. These restrictions can impede the development of group homes, effectively impeding housing choice for the disabled. However, in some cases, caps on unrelated individuals residing together may be warranted to avoid overcrowding, thus creating health and safety concerns.

The City of Fort Myers defines the term “family” in a very broad and inclusive way, with no limit placed on the number of related or unrelated individuals living together. The definition also includes a personal caretaker or nursing care provider serving one of the family members who lives on-site as a family member. This definition advances non-traditional families and supports the blending of families who may be living together for economic reasons that could otherwise limit their housing choice.

The City of Cape Coral, Lee County, the City of Bonita Springs, The City of Sanibel, and the Town of Fort Myers Beach limit the number of unrelated individuals who may live together to five. While this cap can restrict housing choice for non-traditional families, the regulations do make exceptions for group homes by classifying them as a separate type of use.

The six jurisdictions’ definitions of “family” do not adversely create impediments to fair housing choice.

Regulation for Group Homes for Persons with Disabilities

Group homes are residential uses that do not adversely affect a community. Efforts should be made to ensure group homes could be easily accommodated throughout the community under the same standards as any other residential use. Of particular concern are those that serve members of the protected classes such as the disabled. Because group homes for disabled provide a non-institutional experience for its occupants, imposing conditions are contrary to the purpose of a group home. More importantly, the restrictions, unless executed against all residential uses in the zoning district, are an impediment to the siting of group homes in violation of the Fair Housing Act.

Two primary purposes of a group home residence are normalization and community integration. By allowing group residences throughout the community in agreement with the same standards as applied to all other residential uses occupied by a family, the purposes of the use are not hindered and housing choice for the disabled is not impeded. Toward this end, municipalities may not impose distance requirements on group homes for persons with disabilities.

The State of Florida Statute, Chapter 419.001, mandates minimum space between community residential homes to avoid concentration. The state defines a community residential home as “a dwelling unit licensed to serve the clients of the Department of Elderly Affairs, the Agency for Persons with Disabilities, the Department of Juvenile Justice, or the Department of Children and

Family Services or licensed by the Agency for Health Care Administration which provides a living environment for 7 to 14 unrelated residents who operate as the functional equivalent of a family, including such supervision and care by supportive staff as may be necessary to meet the physical, emotional, and social needs of the residents.”. The Chapter states that local governments may reject applications for group homes on sites that would “result in such a concentration of community residential homes in the area in proximity to the site selected, or would result in a combination of such homes with other residences in community, such that the nature and character of area would be substantially altered.” Specifically, state law declares a concentration of community residential homes when two are located within 1,200 feet of one another in multi-family zones. Further, a community residential home located within a radius of 500 feet of an area zoned single-family “substantially alters the nature and character of the area.” According to the F.S. Chapter 419.001 (2), homes of six or fewer residents which otherwise meet the definition of family may locate as single-family homes in single-family neighborhoods, but not within 1,000 feet of another existing community residential facility with six or fewer residents. The F.S. Chapter 419.001 (12), allows local governments to adopt more liberal standards by stating that “Nothing in this section requires any local government to adopt new ordinance if it has in place an ordinance governing the placement of community residential homes that meet the criteria of this section. State Law on community residential homes controls over local ordinances, but nothing in this section prohibits a local government from adopting more liberal standards for siting such homes.”

Lee County places no distance restriction for a community residential home. Lee County defines a community residential home nearly the same as the state. Community residential homes are permitted in all residential zoning districts. The only exception is that the units are not permitted in Airport Noise Zone B unless pre-empted by state law. Lee County Zoning Ordinance does not define *Adult Family-Care Home*, but an appropriate zoning classification for the proposed use would be made as permitted under Land Development Code Sec. 34-620. A *Home Care Facility* is defined in the LDC as “... a conventional residence in which up to three unrelated individuals are cared for, but without provision for routine nursing or medical care.” Lee County Zoning allows community residential homes and home care facilities to locate in the single-family residential districts.

Both the cities of Cape Coral and Fort Myers follow the state laws (F.S. Chapter 419.001) in regards to the distance requirements.

The City of Bonita Springs and the Town of Fort Myers Beach have no restrictions placed on the location or distance restriction for a community residential home. These jurisdictions defined a community residential home as “dwelling units licensed to serve the clients of the state Department of Health and Rehabilitative Services which provide a living environment for one to six unrelated residents who operate as the functional equivalent of a family, including such supervision and care by supportive staff as may be necessary to meet the physical, emotional and social needs of the residents. Residents included only aged persons as defined in F.S. § 400.618(3), as amended; physically disabled or handicapped persons as defined in F.S. §

760.22(7), as amended; developmentally disabled persons as defined in F.S. §393.063(11), as amended; non-dangerous mentally ill persons as defined in F.S. 394.455(3), as amended; or children as defined in F.S. § 39.01(8) and F.S. § 39.01(10) as amended”.

Prior to 2015, the City of Sanibel imposed a distance requirement on the siting of community residential homes. The requirement stated that no new facility was to be located closer than 1,320 feet, measured in a straight-line distance from a lot line to any existing foster family home or other residential child caring facilities or assisted living facility. The City of Sanibel’s distance requirement was lowered in accordance with the State Statute in May 2015.

On August 18, 1999, the U.S. Department of Justice (DOJ) and HUD issued a joint statement regarding *Group Homes, Local Land Use, and the Fair Housing Act*. The joint statement takes the position on laws requiring that group homes be at a certain minimum distance from one another by stating that density restrictions are generally inconsistent with the Fair Housing Act. The joint statement was updated and expanded on November 14, 2016, in the statement entitled *HUD and DOJ Update Fair Housing Act Guidance about Land Use Laws*. The updated statement explicitly states that, “[A] local government may not block a group home or deny a requested reasonable accommodation in response to neighbors’ stereotyping fears or prejudices about persons with disabilities or a particular type of disability.”

With some notable exceptions, courts have generally struck down requirements that group homes maintain a minimum distance from other group homes. E.g., *Horizon House Development Services, Inc. v. Township of Upper Southampton* (8th Cir. 1993), striking down 1,000 foot dispersal requirement for group homes; and *The Children’s Alliance et al v. City of Bellevue* (W.D. Wash. 1997), striking down 1,000 foot dispersal requirement for group homes. But in *Family style of St. Paul v. City of St. Paul, Minnesota* (3rd Cir 1991), the court permitted application of a dispersal requirement to prevent cluster of twenty-one group homes within one and one-half block area.

The distancing requirements placed on group homes (community residential homes) is consistent with the Florida statute of 1,000 feet.

Residential Zoning Districts, Permitted Dwelling Types and Lot Sizes

The number of residential zoning districts is not as significant as the characteristics of each district, including permitted land uses, minimum lot size, and the range of permitted housing types. However, the number of residential zoning districts is indicative of the municipality’s desire to promote and provide a diverse housing stock for different types of households at a wide range of income levels.

The difference in the number of residential districts offered by each reviewed jurisdictions were inconsequential. Most ordinances established three to seven residential districts. There are

however, significant differences in the permitted types and density of residential uses among municipalities.

In Lee County, the minimum lot size is dependent on the underlying zoning district. The most common residential lot size requirement is 7,500 square feet. The minimum single-family lot size in the City of Fort Myers is 5,000 square feet; the Cities of Cape Coral and Sanibel are 10,000 square feet; the City of Bonita Spring is 4,875 square feet; and the Town of Fort Myers Beach is 7,500 square feet.

The City of Fort Myers allows the highest density of all Lee County jurisdictions by allowing up to seventy units per acre in its downtown district and up to sixteen units per acre for multi-family district (RM-16); the City of Cape Coral allows up to twenty units per acre for residential receiving district (RX); Lee County allows up to twenty- units per acre (normal allowance is fourteen units per acre) for an affordable housing development in the multi-family district. The City of Cape Coral allows for bonus density in certain zoning districts for providing affordable housing.

Lee County, the Cities of Cape Coral, Bonita Springs and Sanibel have affordable housing density bonus programs to promote affordable housing developments.

A review of jurisdictions' residential zoning districts, permitted dwelling types, and lot sizes regulations indicated they do not adversely create impediments to fair housing choice.

Affordable Housing incentive Plan

The William E. Sadowski Affordable Housing Act, as approved by the Florida Legislature and codified as Chapter 420 of the Florida Statutes, requires the development of an Affordable Housing Incentive Plan by all local governments electing to participate in the housing production and preservation initiatives authorized by the Act. The Act established State Housing Initiatives Partnership (SHIP) Program and allows the provision of state funds to Florida counties and municipalities for the production and preservation of affordable housing. Per Florida Statute 420.9071 (16), to qualify for SHIP funds a local jurisdiction must have a minimum of two affordable housing incentives (there are total of eleven affordable housing incentives). The two required incentives are: 1) The processing of approvals of development orders or permits for affordable housing projects is expedited to a greater degree than other projects; 2) The establishment of a process which local government considers, before adoption, policies, procedures, ordinances, regulations, or plan provisions that increase the cost of housing.

Lee County and the cities of Cape Coral and Fort Myers participate in the SHIP program and developed and adopted Affordable Housing Incentive Plans. These jurisdictions' Affordable Housing Incentive Plans were reviewed for the AI. The cities of Bonita Springs, Sanibel and the Town of Fort Myers Beach do not receive the SHIP funding directly from the state, but participate in the program through the Lee County's SHIP program.

Lee County

Lee County's Affordable Housing Incentive Plans includes the following ten affordable housing incentives:

- The processing of approvals of development orders or permits for affordable housing projects is expedited to a greater degree than other projects.
- The establishment of a process which local government considers, before adoption, policies, procedures, ordinances, regulations, or plan provisions that increase the cost of housing.
- The modification of impact-fee requirements, including reduction or waiver of fees and alternative methods of fee payment for affordable housing.
- The allowance of flexibility in density for affordable housing.
- The reservation of infrastructure capacity for housing for very-low-income persons, low-income persons, and moderate-income persons.
- The reduction of parking and setback requirements for affordable housing.
- The allowance of affordable accessory residential units in residential zoning districts.
- The allowance of flexible lot configuration, including zero-lot-line configuration for affordable housing.
- The modification of street requirements for affordable housing.
- The preparation of a printed inventory of locally owned public lands suitable for affordable housing.
- The support of development near public transportation hubs and major employment centers and mixed-use developments.

City of Cape Coral

The City of Cape Coral's Affordable Housing Incentive Plan contains the following seven affordable housing incentives:

- The processing of approvals of development orders or permits for affordable housing projects is expedited to a greater degree than other projects.
- The establishment of a process which local government considers, before adoption, policies, procedures, ordinances, regulations, or plan provisions that increase the cost of housing.
- The reduction of parking and setback requirements for affordable housing (parking requirement only).
- The preparation of a printed inventory of locally owned public lands suitable for affordable housing.
- The modification of impact-fee requirements, including reduction or waiver of fees and alternative methods of fee payment for affordable housing.

City of Fort Myers

The City do Fort Myers Housing Incentive Plan contain the following ten affordable housing incentives:

- Expedite permit review for designated affordable housing projects.
- The modification of impacts fees requirements. Currently, impacts fee are waived for water and sewer for residential development in the old Enterprise Zone designated area.
- Maintain flexible densities land development codes that allow for a variety of density options.
- Reserve infrastructure capacity for affordable housing as a priority.
- The allowance of flexible lot configurations, including zero lot lines, for affordable housing projects.
- The allowance of flexible density for affordable housing
- Establish an Affordable Housing Oversight Committee comprised of an appointed person(s) from each city department.
- Maintain an inventory locally owned public land suitable for affordable housing development.
- Support development near transportation hubs in the Future Land Use Section of the Comprehensive Plan.
- Promote and encourage green building construction through expedited reviews, builder recognition

The above listed Affordable Housing Incentive Plans have been adopted within the last two years. Affordable Housing Incentive Plans of the entitlement jurisdictions promote and foster the production and preservation of affordable housing in the community thereby expanding affordable housing choices.

Comprehensive Plan

Under the State law (Florida Local Government Comprehensive Planning Act), local governments are required to adopt a comprehensive plan to guide the local governments' growth management. The comprehensive plan must contain eight required elements, one of which is a Housing Element.

The Comprehensive Plans for Lee County, the cities of Cape Coral, Fort Myers, Bonita Springs, Sanibel, and the Town of Fort Myers Beach were reviewed for the AI. All jurisdictions' comprehensive plans contain the Housing Element. The Housing Elements' addressed the following topics pursuant to Florida Statute Section 163.3177(6)(f):

- The provision of housing for all current and anticipated future residents of the jurisdiction.
- The elimination of substandard dwelling conditions.

- The structural and aesthetic improvement of existing housing.
- Adequate sites for future housing, including affordable workforce housing, housing for low-income, very low-income, and moderate-income families, mobile homes, and group home facilities and foster care facilities, with supporting infrastructure and public facilities.
- Relocation housing, historically significant housing, and other housing for purposes of conservation, rehabilitation, or replacement.
- The formulation of housing implementation programs.
- The creation or preservation of affordable housing to minimize the need for additional local services and avoid the concentration of affordable housing units only in specific areas of the jurisdiction.

All jurisdictions' comprehensive plans were updated within the last five years and have been accepted by the State of Florida Department of Economic Opportunity. As a result of specific and stringent state standards for local land use, the Comprehensive Plans of each community advance a large number of strategic housing policies that will expand housing options for members of protected classes.

2. Neighborhood Revitalization, Municipal and Other Services, Employment-Housing Transportation Linkage

Currently, there are more than fifty Federal, State, local, and private programs providing services in Lee County. The primary Federal programs include Community Development Block Grant (CDBG), HOME Program (HOME), Emergency Solutions Grant (ESG), Housing Opportunities for Persons with AIDS (HOPWA), HUD Continuum of Care (CoC), Section 8 Voucher Programs, and Public Housing. The Federal Temporary Assistance to Needy Families (TANF) and Welfare to Work Program (WAGES) provide baseline anti-poverty supports as well as the Supplemental Nutrition Assistance Program (SNAP). The major State Programs include State Housing Initiatives Partnership Program (SHIP), Low Income Home Energy Assistance Program (LIHEAP), and Community Services Block Grant (CSBG). Private programs include the Care-to-Share (Electric assistance through the Florida Power and Light Corporation) and a wide range of non-profit programs.

Below are the examples of neighborhood revitalization programs and municipal and other services provided by the entitlement jurisdictions:

City of Cape Coral Programs

Neighborhood Revitalization: Two rounds of Neighborhood Stabilization Program funds (NSP 1 and NSP3) helped to stabilize the neighborhoods most affected by the epidemic of foreclosures over the last few years. The City utilized the funds to 1) acquire foreclosed single family properties, rehabilitate the properties, and resell the properties to income eligible homebuyers; 2) acquire foreclosed rental properties which in turn were rehabilitated and rented to very low income households; 3) work with a non-profit housing counseling agency to provide credit

counseling and homebuyer training 4) redevelopment of vacant infill lots. The program income generated is currently being utilized to build new homes for income qualified individuals on vacant infill lots because of the lack of foreclosures available.

CDBG: The City utilizes up to 15 percent of the CDBG funding to support various non-profit social service agencies providing senior services, home buyer counseling, credit counseling, special needs services (hearing impaired) and employment training. The balance of funding is mainly used for housing related activities, ADA accessibilities, and public facilities improvements in low-moderate income neighborhoods.

HOPWA: In partnership with a local Health Planning Council (The Health Planning Council of Southwest Florida, Inc.), provide assistance to Persons with HIV/AIDs. In 2013, 83 HIV/AIDs households were assisted.

SHIP Program: SHIP program has been instrumental in supplementing federal resources by providing funding for housing rehabilitation and down payment assistance programs.

City of Fort Myers Programs

Neighborhood Revitalization: A large portion of the City is characterized as older and suffering from disinvestment. These factors have made it difficult to construct viable affordable housing projects. To combat these factors, the City currently has ten Redevelopment Plans for the City's major corridors and targeted neighborhoods. The plans include revitalizing declining areas through rehabilitation, redevelopment, and infill strategies as appropriate. The City's Housing and Real Estate Division staff is currently working on developing a Neighborhood Revitalization Strategy Plan for the Dunbar area east of the downtown to utilize HUD CDBG funds to revitalize the neighborhood. The City is currently in negotiation with selected Developer to construct 120+ low-moderate income home ownership-housing units on city-owned property at the corner of Edison Avenue and Veronica Shoemaker Boulevard.

NSP: Two rounds of Neighborhood Stabilization Program funds (NSP 1 and NSP3) helped to stabilize the neighborhoods most affected by the epidemic of foreclosures over the last few years. The City utilized the funds to 1) acquire foreclosed single family properties, rehabilitate the properties, and resell the properties to income eligible homebuyers; 2) acquire foreclosed rental properties which in turn were rehabilitated and rented to very low income households; 3) Redevelop the vacant infill lots; and 4) work with a non-profit housing counseling agency to provide credit counseling and homebuyer training. The program income generated by resale of properties is utilized to acquire more foreclosed homes for the above listed activities.

CDBG: The use of CDBG program grant funds has had a substantial impact on the redevelopment of the City's economically distressed neighborhoods and provided renewed opportunities for the City's residents. The City utilizes up to 15 percent of the CDBG funding to support various non-profit social service agencies providing senior services computer training and fraud prevention, dental services, youth services including a STEM program, and urban gardening program. The balance of the funding is mainly used for housing related activities.

SHIP Program: SHIP program has been instrumental in supplementing federal resources by providing funding for housing rehabilitation and down payment assistance programs.

Infill Housing Program: The Infill Housing Program is designed to revitalize residential communities through the construction of affordable homes for the city residents. The Infill Housing Program offers City-owned properties suitable for the development of affordable housing to qualified developers who have been selected through a Request for Qualification process. Selected developers are required to build affordable houses on the lot within eighteen months and sell them to first time home buyers with incomes up to 150 percent of the median income for the Cape Coral – Fort Myers MSA.

Attainable/Workforce Housing Program: The funding for the program is from the Attainable/Workforce Housing Trust Fund. The trust funds were created through various developer fees. The developers have an option to include/create affordable housing units or contribute fees to the Attainable/Workforce Housing Trust Fund. The trust funds are being used in the following ways to promote attainable/workforce housing in the City:

- Mortgage Down Payment Assistance;
- Foreclosure Assistance and Counseling; and
- Housing rehabilitation program.

The households with incomes up to 130 percent of the median income for the Cape Coral – Fort Myers MSA are eligible under the Attainable/Workforce Housing Program guidelines.

Lee Urban County Programs

Neighborhood Revitalization: Lee County utilizes a combination of federal CDBG funds to revitalize targeted areas. The County's goal is to stabilize and revitalize these neighborhoods through investments in public facilities improvements, establishment of safe neighborhood programs, provision of affordable new housing, rehabilitation of existing affordable housing, and creation and implementation of economic development opportunities.

NSP: Two rounds of Neighborhood Stabilization Program funds (NSP 1 and NSP3) helped to stabilize the neighborhoods most affected by the epidemic of foreclosures, which began in 2008. The County used funds to 1) acquire foreclosed single family properties, rehabilitate the properties, and resell the properties to income eligible homebuyers; 2) acquire foreclosed rental properties which in turn were rehabilitated and rented to very low income households; 3) work with non-profit housing counseling agencies to provide credit counseling and homebuyer training. The program income generated by resale of properties is still being used to acquire more foreclosed homes for the above listed activities.

Homeless Services: Funding for Homeless Services is from HUD Continuum of Care (CoC), Emergency Solutions Grant (ESG), HOME Investment Partnership (HOME), and Lee County general revenues. Homeless services include homeless prevention, Rapid Re-housing and LIFT (Living Independently for Today). Lee County is the Collaborative Applicant for the HUD CoC funding process and the Lead Agency for the Lee County CoC.

SHIP Program: SHIP program has been instrumental in supplementing federal resources by providing funding for housing rehabilitation and down payment assistance programs.

Lee County Human and Veteran Services uses a Housing Resources Coordinator to help clients quickly identify affordable housing options, and maintain a list of affordable housing units in the County.

A review of the entitlement jurisdictions' Neighborhood Revitalization Plans to assess potential fair housing concerns or opportunities resulting from the development process finds that they do not adversely create impediments to fair housing choices. The entitlement jurisdictions have various housing and social services program that promotes revitalization of neighborhoods and diversified communities.

Transportation – Employment Linkage

Households without a vehicle, which in most cases are primarily low- and moderate-income households, are at a disadvantage in accessing jobs and services, particularly if public transit is inadequate or absent. Access to public transit is critical to these households. Without convenient access, employment is potentially at risk and the ability to remain housed is threatened. The linkage between residential areas (concentration of minority and lower-income persons) and employment opportunities is key to expanding fair housing choice.

According to the 2013-2017 American Community Survey (report # B25044), 12,930 households did not have access to a vehicle, comprising 4.9 percent of all households. Renters comprised 62.7 percent of this total. Among the renter households, 8,112 households had no vehicle access, compared to 4,818 owner households.

The private automobile is the primary method (79.9 percent) of transport for the daily commuting workforce. More than 55 percent of working residents travel between 15 and 34 minutes to work, according to the U. S. Census Bureau's 2013-2017 American Community Survey. Of the 281,958 workers 16 years and over that commute to work, only 9.7 percent carpooled and .8 percent used public transportation.

Minority workers were far more likely to use public transportation to work than White workers. Across the County, only 0.45 percent of White workers used public transit, compared to 1.58 percent of Black workers and 1.68 percent of Hispanic workers.

Table 30: Mode of Transportation to Work by Race/Ethnicity, 2017

Mode of Transportation to Work	Black		White		Asian		Hispanic or Latino	
	Number	Percent	Number	Percent	Number	Percent	Number	Percent
Car, truck, or van - drove alone	20,336	83.42%	153,835	81.71%	3,976	78.64%	45,216	73.28%
Car, truck, or van - carpoled	2,509	10.29%	13,712	7.28%	869	17.19%	9,941	16.11%
Public transportation (excluding taxicab)	384	1.58%	845	0.45%	0	0.00%	1034	1.68%
Walked	415	1.70%	1763	0.94%	72	1.42%	555	0.90%
Taxicab, motorcycle, bicycle, or other means	366	1.50%	4283	2.28%	24	0.47%	3551	5.75%
Worked at home	369	1.51%	13821	7.34%	115	2.27%	1408	2.28%

Source: U.S. Census 2013-2017 American Community Survey (B08105B, B08105D, B08105H, and B08105I)

It is apparent from the above table that the majority of County residents choose to drive their own vehicle to work. One of the factors in the mode of transportation is the location of employment sectors. Most of the County’s businesses are spread out across the county in random fashion, along with schools and daycare centers.

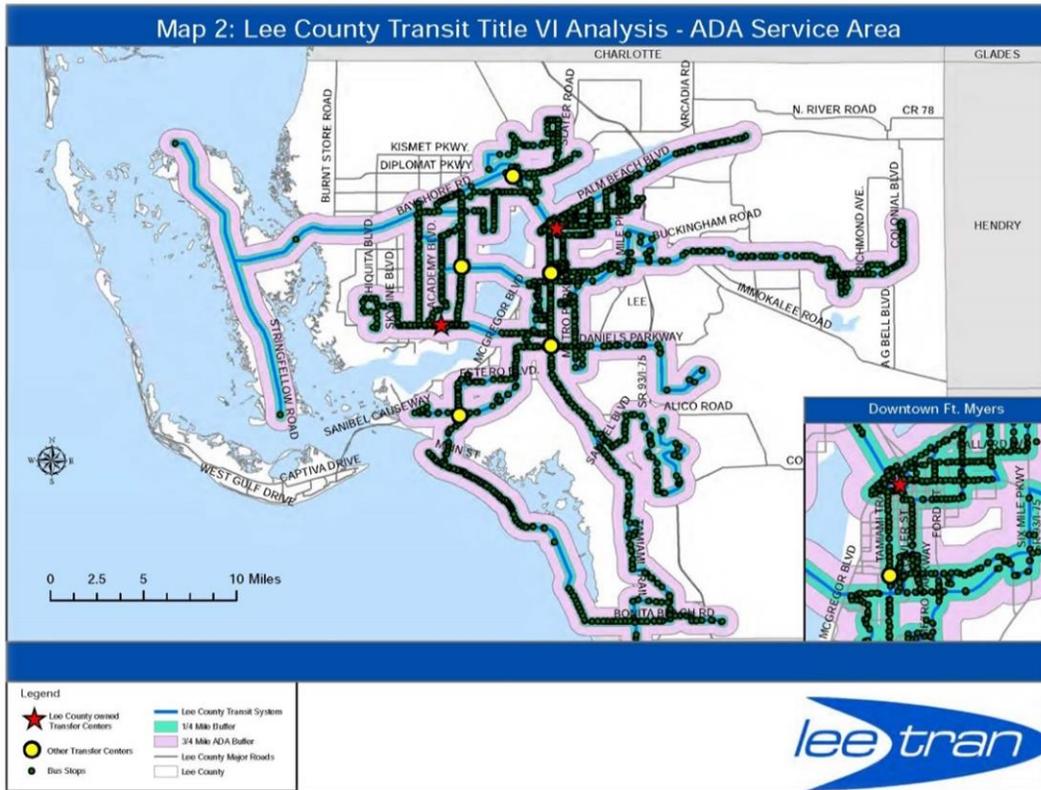

Public Transit

Lee County Transit (LeeTran) is the public transit provider for Lee County, offering fixed-route services in Fort Myers, North Fort Myers, Cape Coral, Fort Myers Beach, Bonita Springs, Estero, Lehigh Acres, and into northern Collier County. In addition to motorbus services, LeeTran also offers demand response, called Passport, and employer vanpool services. Passport is a shared ride, advanced reservation, origin-to-destination service for persons with disabilities who are unable to use the regular fixed-route public transit service because of their disability. All LeeTran vehicles are ADA compliant, and LeeTran offers discounted fare to disabled persons and seniors.

LeeTran operates 26 bus routes during season (January to May) and 23 bus routes during off-season. LeeTran employs approximately 280 people and has a fleet of 50 full-size buses, nine trolley buses, three trams, and 45 paratransit vans. Fort Myers Beach and the city of Fort Myers River District have trolley services. Moreover, LeeTran has numerous infrastructure assets, including bus stops, passenger amenities, park and ride facilities, and transfer stations. In total, LeeTran has approximately 1,700 designated fixed-route bus stops. There are four transfer stations located throughout Lee County: Rosa Parks Transportation Center, Edison Mall Station, Beach Park and Ride, and Cape Coral Transfer Center. Five transfer stations are located at the major shopping or employment centers in Lee County. The primary transfer station – Rosa Parks Transportation Center – is located in downtown Fort Myers, which provides access to the federal and state court systems, state offices, and the Lee County and city of Fort Myers government offices. Additionally, Greyhound is collocated with LeeTran at the Rosa Parks Transportation Center.

LeeTran routes are concentrated in the urban area to allow the highest level of access to community resources, with additional routes providing linkages to suburban and rural areas. Transit ridership has increased from approximately two and a half million unlinked passenger trips in 2004 to over three million trips in 2018.

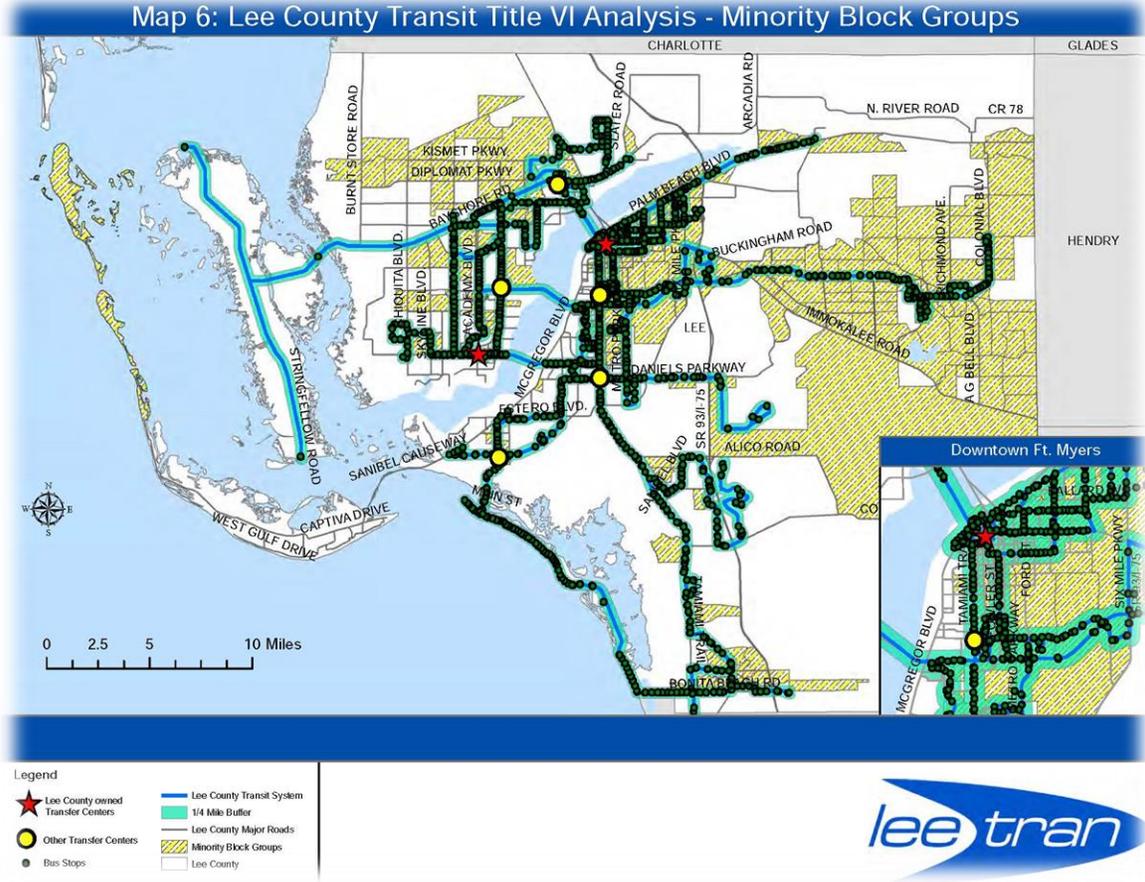

Map: LeeTran ADA Service Area

Source: LeeTran Title VI Program 2015-2017 (page 51)

The map below, presents the higher-than-average minority Census block groups. As shown on the map, the above average minority Census blocks are located in Downtown Fort Myers, along Palm Beach Boulevard, north of Bayshore Road, Bonita Springs, Captiva Island, and the eastern portion of the county near Lehigh Acres and along Immokalee Road (State Road 82). Most of the areas shown on the map are within the LeeTran service area or surrounding area of the fixed-route network, with the exception of the east portion of the county and Immokalee Road (State Road 82), north of Bayshore Road, and Captiva Island.

Map: LeeTran Service Routes in Minority Areas

Source: LeeTran Title VI Program 2015-2017 (page 60)

The Housing and Transportation Affordability Index is a tool that measures the affordability of housing and transportation costs based on location. According to the Center for Neighborhood Technology, the housing and transportation affordability index for the Cape Coral – Fort Myers MSA is 58 percent. Simply put 58 percent of household income is spent on housing and transportation costs. Housing and transportation costs are intrinsically linked. Rising housing costs mean that families are forced to move farther away from jobs to find housing they can afford, raising their transportation expenses, thereby making families even more dependent on their personal automobiles. At the same time, rising transportation costs mean that families have less to spend on housing. For families who rent, a strained household budget can mean having too little left over to afford other necessities, being forced to choose substandard housing, or in the most extreme cases, being forced into homelessness.

High transportation costs can limit a family's ability to move into homeownership because it diminishes family savings, resulting in less money to invest in homeownership. High transportation cost is one impediment to fair housing choices.

3. PHA and Other Assisted/Insured Housing Provider Tenant Selection Procedures; Housing Choices for Certificate and Voucher Holders

There are two Public Housing Authorities (PHAs) in Lee County – Housing Authority of the City of Fort Myers (HACFM) and Lee County Housing Authority (LCHA). Both housing authorities are managed by the HACFM. There are currently a total of 1024 public housing units in Lee County, of these units, 320 units are designated as elderly units.

The HACFM and LCHA also administers the HUD Section 8 Assistance: Housing Choice Voucher Program (Section 8 Voucher Program) in Lee County. The Section 8 Voucher Program can be “tenant-based” or “project-based”. In project-based programs, rental assistance is paid for families who live in specific housing developments or units. With tenant-based assistance, the assisted unit is selected by the family. The family may rent a unit anywhere in the United States in the jurisdiction of a PHA that runs a voucher program. Currently there are total of 2,365 vouchers utilized in Lee County. Of these 2,365 vouchers, 16 are designated for homeownership and 357 designated are for veterans.

The availability and use of the Section 8 Voucher Program vouchers and public housing units must adhere to fair housing laws. Both housing authorities have adopted priorities or preference for the Section 8 and/or public housing. Typically, veterans, persons displaced by federal disaster, persons displaced by government action or persons experiencing homelessness are given preferences.

Section 16 (a)(3)(B) of the United States Housing Act mandates that public housing authorities adopt an admission policy that promotes the deconcentration of poverty in public housing. HUD emphasizes that the goal of deconcentration is to foster the development of mixed-income communities within public housing. In mixed-income settings, lower income residents are provided with working-family role models and greater access to employment and information networks. This goal is accomplished through the policy’s income-targeting and deconcentration.

The tenant selection process for the public housing units and the Section 8 Voucher Programs are governed by HUD guidelines. The selection process used by the HACFM appears to meet HUD guidelines. Both LHA and HACFM’s policies and procedures regarding tenant selection for public housing units are as follows:

- 1) Applicant submits application.
- 2) Applicants are placed on wait list according to the date and time received/applicant is notified of their status.
- 3) Eligibility interview is scheduled when applicant is close to the top of the list.
- 4) All information is verified from interview by HACFM and LCHA staff.
- 5) Applicant is determined to be eligible or ineligible for housing (based on extensive screening processes).
- 6) If ineligible, the applicant is sent an adverse action letter with the opportunity to request an informal review.

- 7) If eligible, the applicant is sent an offer letter if a unit or voucher is available; otherwise the applicant is placed in a "Ready pool" for the next available unit or voucher.
- 8) Move in.

For Section 8 Voucher Program, the Housing Act mandates that not less than 75 percent of new admissions must have incomes at or below 30 percent of the Area Median Income. The remaining balance of 25 percent may have up to 50 percent of the Area Median Income. For public housing, the Housing Act mandates that not less than 40 percent of new admissions must have incomes at or below 30 percent of Area median Income. The balance of 60 percent of new admissions must have incomes up to 80 percent of the Area Median Income.

The Section 8 Voucher Program waiting list contains 5236 families. Of the 5236 families, 3896 families are extremely low income (71.41 percent), 892 families are very low income (17.04 percent), and 381 families are low income (7.28 percent). The HACFM allows preferences for veterans, persons displaced by federal disaster, persons displaced by government action or persons experiencing homelessness. Families are chosen from the waiting lists in accordance with federal guidelines and availability of specified units by bedroom size and or voucher funding availability.

The Section 8 Voucher Program provides rental assistance to private landlords for approved units selected by the Section 8 Voucher Program voucher holder. The HACFM's policies and procedures regarding tenant selection for Housing Choice for Certificates and Vouchers for housing units are as follows:

- 1) HACFM staff reviews the eligibility of participant(s) based on household income and family composition as well as legal status.
- 2) Applicant may be denied a voucher for
 - Failure to provide the requested information.
 - Exceeding the gross income limits for the family size.
 - Terminated by the HACFM's Section 8 Program due to program violations or violation of the Federal Regulations within the past 5 years.
 - Charged with any felonious criminal activity within the past 5 years.
 - Charged with any drug-related and/or violent criminal activity within the past 5 years.
 - Owing money to another Public Housing Agency.
- 3) Once applicant is approved for a Housing Choice Voucher:
 - Applicant must attend an orientation briefing to receive all required instruction and documents including "Request for Tenancy Approval (RFTA)".
 - The voucher holder is given 60 days to locate housing and submit their RFTA form signed by the new prospective landlord and applicant.

- Applicant may request an extension due to their inability to locate housing in a timely manner. An extension of an additional 60 days will be granted. Vouchers will not be granted for more than 120 days. Once the voucher has expired, the applicant will be removed from the wait list.
- 4) The landlord is responsible for screening prospective tenants for the rental unit and must follow all applicable federal, state and local laws governing federally subsidized housing assistance.
- The units must pass Housing Quality Standard (HQS) inspection and must meet the City of Fort Myers Building Code (Inspection will be conducted by HACFM).
 - The rental price must be within the local market prices and meet the rent reasonableness survey.
 - The family cannot pay more than 40 percent of their income towards rent.
 - The family must enter into a one year lease agreement with landlord and a copy of lease must be submitted to the HACFM.

The HACFM allows preferences for both public housing and section 8 housing units for the following:

- Emergency/federally displaced persons
- Displaced by government action, HOPE VI and demolition of public housing units displaced persons
- Veterans
- Persons experiencing homelessness
- Violence Against Women Act displaced persons

Families are chosen from the waiting lists in accordance with federal guidelines and availability of specified units by bedroom size or special needs.

A review of LHA and HACFM's policies and procedures did not reveal any impediments to fair housing choice.

4. Sale of Subsidized Housing and Possible Displacement

All three entitlement jurisdictions have Anti-Displacement and Relocation Plans that comply with the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended, and implementing regulations at 49 CFR Part 24 and 24 CFR 570.606. Also, reviews of sub-recipient agreements used by the entitlement jurisdictions indicate that sub-recipient agreements contain anti-displacement and uniform relocation provisions.

In the case of LHA and HACFM, both have displacement and relocation policies. If subsidized properties are sold or demolished, specific HUD-approved displacement policies are implemented to ensure that displaced tenants retain housing choice. For example, in 2005, the HACFM received a HOPE VI Grant to help revitalize and restore existing rental housing units and create new units for homeownership. Michigan Court and Flossie Riley Gardens were demolished using HOPE VI funds. Flossie Riley Gardens has been rebuilt in the Renaissance Preserve Complex.

All eligible families who previously resided in Michigan Court/Flossie Riley Garden developments were given the option to either take a housing choice voucher or relocate to another public housing development owned and managed by Housing Authority of City of Fort Myers. Relocation process followed prescribed HUD URA regulations.

A review of past subsidized housing projects and the entitlement jurisdictions anti-displacement and relocations plans indicate that, while displacement has occurred, the entitlement jurisdictions and housing authorities have adequate procedures to mitigate negative impacts. Sale of subsidized housing and possible displacement poses no significant impediments to fair housing choice in Lee County.

5. Property Tax Policies

Since 1992, homeowners in Florida have enjoyed the benefits of the “Save Our Homes” provision that protect homeowners from being forced from their homes due to exorbitant property tax increase. A 3 percent cap on property taxes annually provided that protection under the legislation. There are number of exemptions available for homeowners to reduce their property taxes. They are:

- Homestead exemption
- Widow’s exemption
- Seniors
- First Responders
- Disabled Veteran’s exemption

A Lee County homeowner household’s total property tax liability consists of ad valorem taxes and non-ad valorem assessments. School, county and city taxes based on a property’s value, are ad valorem taxes. Non ad valorem assessments, such as fire, mosquito control, lighting, and library, are based on factors other than a property’s value. Taxing authorities are responsible for setting ad valorem millage rates. A millage rate is the rate of tax per thousand dollars of taxable value. In an effort to prevent dramatic property tax increases for residents, Florida law caps the growth in Florida per capita personal income plus new construction (F.S. 193.155 and F.A.C. 120-8.0062).

The table below lists some of the 2014 and 2018 ad valorem mileage for comparison. Rates among the County’s incorporated areas range from 0.75 mils in the Town of Fort Myers Beach to 8.45 mils in the City of Fort Myers.

Table 30: Sample Millage Rates, Lee County, 2014-2018		
Taxing Authority	2014 Rates	2018 Rates
Lee County	4.1506	4.0506
City of Cape Coral	7.707	6.75
City of Fort Myers	8.776	8.45
City of Bonita Springs	0.8173	0.8173
City of Sanibel	1.9995	1.9139
Town of Fort Myers Beach	0.753	0.75
Schools (Countywide)	7.416	6.401
Various Special Taxing Districts (Water Management District, Lighting, Fire, Mosquito Control & etc.	0.0548 to 4.5	0.0239 to 3.75

Source: Lee County Tax Collector

As a result of strong state laws to limit and equitably distribute property tax burdens, property tax policies have no adverse effect on impediments to fair housing in Lee County. While the local millage rate in the City of Fort Myers is significantly higher than the Town of Fort Myers Beach, for instance, property taxes represent a minor difference in housing costs due to the countywide school millage rate, the overall comparatively low rate of taxation, generous exemptions, and control of annual increases.

Property tax policies have no adverse effect on impediments to fair housing choice.

6. Planning /Zoning Boards

There is an important relationship between the membership of planning/zoning boards and the decisions they make regarding neighborhood revitalization activities and lower-income housing site selection. HUD encourages diversity in representation of citizens in the community on the jurisdictions' planning/zoning boards, including the protected classes to affirmatively further fair housing.

In Florida, under Section 163.3174, F.S., each local government is required to establish, by ordinance, a Local Planning Agency (LPA). The LPA is responsible for the preparation of the comprehensive plan or plan amendment and makes recommendations to the governing body regarding the adoption or amendment of such plan; monitors and oversees the effectiveness and status of the comprehensive plan and recommends to the governing body such changes in the comprehensive plan as may from time to time be required; and reviews proposed land development regulations, land development codes, or amendments thereto, and makes recommendations to the governing body as to the consistency of the proposal with the adopted comprehensive plan, or element or portion thereof, when the local planning agency is serving as the land development regulation commission or the local government requires review by both the local planning agency and the land development regulation commission.

The LPAs also function as Zoning Boards for the City of Cape Coral, the Town of Fort Myers Beach, the City of Fort Myers, and the City of Sanibel while the City of Bonita Springs has a separate Zoning Board.

The City of Cape Coral does not have a “Zoning Board.” Quasi-judicial (zoning related) cases are conducted by a contract Hearing Examiner. The Hearing Examiner is an attorney with substantial background in zoning, land use, and growth management law. The Hearing Examiner has final decision-making authority for special exceptions, deviations, variances, and appeals to administrative decisions. The Hearing Examiner provides recommendations to the City Council on Planned Development Projects, rezoning, and vacations of plat.

Lee County does not have a “Zoning Board”. Instead, zoning cases are handled through the Office of the Hearing Examiner. Both the Chief Hearing Examiner and the Deputy Hearing Examiner are attorneys with substantial backgrounds and expertise in zoning, land use and growth management law. They have final decision-making authority on land use cases related to variances, and administrative appeals, but rezoning and special exception matters are sent to the County Commission for a second public hearing and a final decision.

Lee County gathers race, gender, and disability data from its Planning/Zoning Boards’ (LPAs) membership via the membership application form. The Planning/Zoning Boards (LPAs) are voluntary citizen boards appointed by the legislative branch of the jurisdiction (i.e. City Council or Board of County Commissioners). The board requirement is that the members must be residents of the community.

Table 16: LPA Membership Gender/Disability Status

Jurisdiction	2015 Board Membership			2019 Board Membership		
	Male	Female	Disability	Male	Female	Disability
Lee County	7	0	Unknown	5	2	2 - non-disclosure

Source: 2015 Informal survey by Lee H. Combs Consulting Services; 2019 Membership Application forms held by Lee County Admin

LPA Board membership applications capture ethnicity data. Diversity has improved slightly. While board membership does not fully represent the jurisdictions population the policies and procedures for selecting persons to serve as members of planning/zoning boards does not include any consideration of race, gender, disability status, or other protected class and is therefore not an impediment to affirmatively furthering fair housing.

7. Building Code (Accessibility)

The 2017 Florida Accessibility Codes make changes to the responsibilities for local government agencies for compliance with the new codes.

All jurisdictions have adopted the 2017 Florida Accessibility Codes. Florida is one of only five states whose accessibility codes have been certified by the U.S. Department of Justice as complying with the Americans with Disabilities Act. The latest accessibility building codes provide for creating barrier-free housing; however, in many cases, the cost of making such improvements to an existing structure can be an impediment.

Along with the growth in the disabled population, the quest for independence and equal rights is growing, leading to the need for Universal Design. Universal Design provides a blueprint for maximum inclusion of all people. Universal Design is the design of products and environments to be usable by all people, to the greatest extent possible, without the need for adaptation or specialized design. The intent of Universal Design is to simplify life for everyone by making products, communications, and the built environment more usable by as many people as possible at little or no extra cost and assists with aging in place. Universal Design benefits people of all ages and abilities. The jurisdictions in Lee County encourage the use of Universal Design as part of their housing programs.

A review of Lee County Jurisdictions' building codes as it relates to accessibility does not reveal any issues that pose impediments to fair housing choice.

B. Private Sector Lending Policies and Practices

A key aspect of fair housing choice is equal access to credit for the purchase or improvement of a home, particularly in light of the current lending/credit crisis. This section reviews the lending practices of financial institutions and access to financing for all households, particularly minority households and those with very low or low incomes.

Home Mortgage Disclosure Act

The Home Mortgage Disclosure Act (HMDA) was enacted by Congress in 1975 and was implemented by the Federal Reserve Board's Regulation C. Under HMDA, lenders are required to disclose information on the disposition of home loan applications and on the race or national origin, gender, and annual income of loan applicants.

This section examines detailed 2017 HMDA data for Cape Coral – Fort Myers MSA. Two types of financing – conventional and government-backed – are discussed. Conventional financing refers to market-rate loans provided by private lending institutions such as banks, mortgage companies, savings and loans, and thrift institutions. Government-backed financing refers to loans, typically issued by private lenders that are guaranteed by federal agencies, often at below market interest rates. These loans are offered to lower and moderate income households who may experience difficulty in obtaining home mortgage financing in the private market due to income and equity issues. Several federal government agencies offer loan products that have below-market interest rates and are insured (“backed” by the agencies). Sources of government-backed financing include the Federal Housing Administration (FHA), the Department of Veterans Affairs (VA), and the Rural Housing Services/Farm Service Agency (RHS/FSA). Although government-backed loans are usually offered to consumers through private lending institutions, loans backed by local jurisdictions (such as silent second loans by cities and counties) are not covered by HMDA.

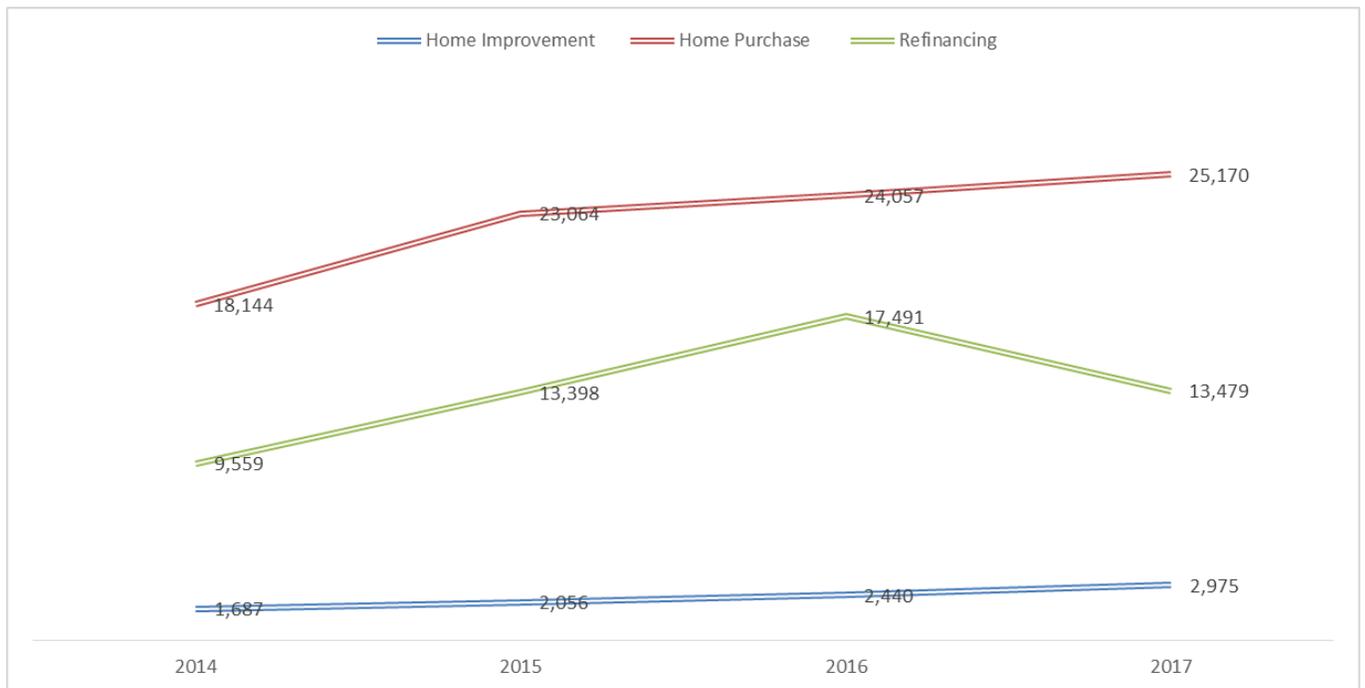

HMDA data provide some insight into the lending patterns that exist in a community. However, HMDA data are only an indicator of potential problems. The data cannot be used to conclude definite redlining or discrimination practices due to the lack of detailed information on loan terms.

For the purpose of the AI, analyses focused on the number of homeowner mortgage applications received by lenders for home purchase of one to four- family dwellings and manufactured housing units across the entire Lee County.

1. Lending Activity

The loans data from 2014 to 2017 reflects the beginning of the recovery after the 2008 downturn in the housing market. In 2014, there were 18,144 home purchase loans in Lee County compared to 25,170 home purchase loans were in 2017.

Figure 10: Number of Loans for One-to-Four Family Dwellings in Lee County 2014 – 2017

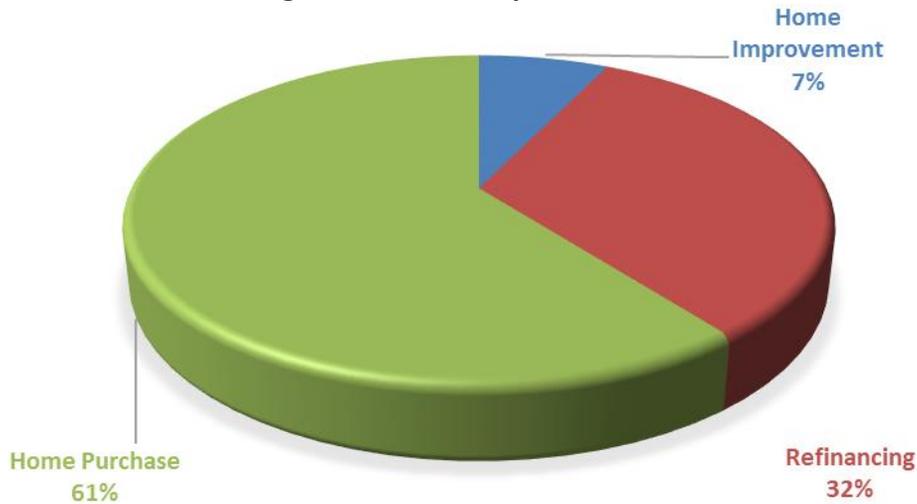

Note: Shows loan applications resulting in loan origination only.

Source: Home Mortgage Disclosure Act data 2005 - 2012 compiled by Shimberg Center for Housing Studies, University of Florida

An analysis of the 2017 loan origination records included in the HMDA data for the County indicated that there were total of 41,624 loans originated: 25,170 or 60.47 percent were for home purchases; 13,479 or 32.38 percent were for refinancing existing home loans; and 2,975 or 7.15 percent were for home improvement loans.

Figure 11: Loan Purposes, 2017

Source: Federal Financial Institutions Examination Council, Home Mortgage Disclosure Act, 2017 MSA/MD Aggregate Reports (Table 1)

2. Applicant Characteristics

According to the U.S. Census Bureau 2013-2017 American Community Survey, the White population represented the largest racial/ethnic group in the County, at 84.73 percent, followed by Hispanics at 20.22 percent, Blacks at 8.66 percent, and Asian at 1.55 percent. Taken together, Native American, Pacific Islander, Joint Applicants, “two or more Races” accounted for 5.06 percent of the County’s population.

The racial and ethnic compositions of loan originations differ from the County’s general demographic distribution. Hispanic persons represented 16.43 percent of the loan recipients, followed by Black recipients with 4.29 percent, and Asian recipients with 1.41 percent of the all loan originations. Furthermore, race and ethnicity data were not available for more than 10 percent of originations.

Applications submitted by Race Ethnicity	Loans Originated	Application Denied	Other	% of Loans Originated
American Indian or Alaska Native	49	13	17	0.33%
Asian	207	26	55	1.41%
Black or African American	629	165	175	4.29%
Native Hawaiian or Other Pacific Islander	28	6	6	0.19%
White	12188	1883	2702	83.09%
Information not provided by applicant in mail, Internet, or telephone application	1416	354	406	9.65%
Not applicable	151	15	20	1.03%
Total	14668	2462	3381	100%
Hispanic (any race)	2410	552	537	16.43%

Source: Shimberg Center for Housing Studies based on 2017 HMDA Data

Home-Purchase Loans

The most commonly sought type of home-purchase financing was a conventional loan, a category that represented 62 percent of all home-purchase loan applications in 2017.

In 2017, White residents submitted the most conventional home-purchase loan applications, accounting for 73 percent of all applications. Hispanic residents accounted for 9 percent of applications, while both Black and Asian applications each represents 2 percent of applications submitted. Furthermore, approximately 14 percent of applications were submitted by Other Races, including American Indian, Native Hawaiian or Other Pacific Islander, 2 or more races, or had no race or ethnicity data.

Loan approval rates vary by race and ethnicity. White applicants had the highest loan approval rate of 74 percent followed by Asian applicants with 73 percent loan approval rate, Hispanic and Black applicants with 65 and 61 percent loan approval rates, respectively. Black and Hispanic households appear to be under-represented in the homebuyer market.

Table 33: Approval Rate of Home-Purchase Loan Applications by Race/Ethnicity of Applicant

Applications Submitted By Race and Ethnicity	Home- Purchase Loans							
	Conventional				FHA, FSA/RHA and VA			
	Applications		Approvals		Applications		Approvals	
	#	%	#	%	#	%	#	%
Total County	13,252		9,547	72%	6,856		4,884	71%
White	9,610	73%	7,127	74%	3,547	52%	2,603	73%
Black	312	2%	189	61%	580	8%	391	67%
Asian	224	2%	163	73%	39	1%	26	67%
Hispanic**	1255	9%	814	65%	2033	30%	1457	72%

Notes: Total number includes applications for which no income and race/ethnicity data were reported. Loan approval rate is calculated as loans originated divided by the number of applications. ** Hispanic is counted independently of race.

Source: Federal Financial Institutions Examination Council, 2017 Aggregate Table 5-1 and 5-2

Government-backed home loans offer an alternative to conventional financing. In 2017, 27 percent of all home-purchase applications were for government-backed loans. According to HMDA data, government-backed loans were approved at generally the same rate as conventional loans for minority applicants. White applicants had the highest loan approval rate of 73 percent, followed by Hispanic applicants with 72 percent approval rate, and Black and Asian applicants with 67 percent approval rate.

Disposition of Home-Purchase Loan Applications by Income, Race and Ethnicity

Income is one of the most important factors for determining access to credit. Therefore, approval rates generally have a positive correlation to income.

In 2017, applicants earning less than 50 percent of the Area Median Income (AMI) had the lowest average conventional loan approval rate of 39.15 percent. By contrast, over 59 percent of applications from all other income groups were approved. The upper income group, those earning over 120 percent of AMI had the highest average approval rate of 71.56 percent.

An analysis of differences in loan approval rates by race/ethnicity and income separately does not always reveal important differences among groups. For this reason, an analysis of lending patterns for both race/ethnicity and income together is important in revealing differences among applicants of different races/ethnicities of the same income levels.

Conventional loan approval rates for Black applicants in all income categories, except those less than 50 percent of AMI, were lower than approval rates for White applicants. The discrepancy in approval rates among the different race groups is less acute among middle and upper income applicants than among low- and moderate-income applicants. The approval rates for the minority and ethnic applicants were lower than the average for the income group and White applicants (Table 34).

According to HMDA data, government-backed loans were approved at a slightly higher rate than conventional loans for applicants earning less than 80 percent of AMI (Table 35). Among applicants earning less than 50 percent of AMI, the approval rate for government-backed loans was 40.77 percent, nearly the same as the average approval rate for conventional loans (Table 34). Black applicants' with income less than 50 percent of AMI had a higher loan approval than White applicants and a higher rate than the average approval rate for the income level. Hispanic applicants' loan approval rate was higher than the average in all income levels.

As discussed previously, HDMA data offer a glimpse at the irregularities in the lending market but lack the detailed information, particularly on loan terms, for further analysis. Often discriminatory practices involve offering applicants in the same income bracket but of different racial backgrounds, different loan terms (e.g. points and interest rates). No data are available to assess the extent of discriminatory practices in this regard.

Notes: Total number includes applications for which no income and race/ethnicity data were reported. Loan approval rate is calculated as loans originated divided by the number of applications. * Hispanic is counted independently of race. Source: Federal Financial Institutions Examination Council, 2017 Aggregate Table 5-2

Refinance Loans

Aggressive lending practices have resulted in “innovative” loan terms that allowed many households to purchase a home during the peak of the housing market. Loans with zero down payments, negative amortization, short-term low fixed rates, and variable rates, among other financing techniques have misled many regarding the affordability of home ownership. Many homebuyers were under the false assumption that their home would continue to increase in value and refinancing to more favorable loan terms later would be available as an option. However, when the inflated market imploded in 2007, many households began to face increased monthly payments on homes with decreased values. The credit market collapsed and refinancing to lower interest rates became increasingly difficult. When refinancing was not an available option, many homeowners who could not afford the higher variable-loans were faced with foreclosures.

According to HMDA data, refinance applications comprised 32 percent of all home loan applications. The approval rates for refinance loans were 46 percent in contrast to 72 percent for the conventional home-purchase loans. The minority applicants’ approval rates were lower than White applicants and the average approval rate. Black applicants had the lowest approval rate of 37 percent.

Table 36: Approval Rate of Refinance Loan Applications by Race/Ethnicity of Applicant

Applications Submitted By Race and Ethnicity	Home- Purchase Loans		
	Applications	Approvals	
	#	#	%
Total County	11,256	5,229	46%
White	8,633	4,120	48%
Black	439	163	37%
Asian	141	57	40%
Hispanic**	1175	506	43%

Notes: Total number includes applications for which no income and race/ethnicity data were reported. Loan approval rate is calculated as loans originated divided by the number of applications. ** Hispanic is counted independently of race.

Source: Federal Financial Institutions Examination Council, 2017 Aggregate Table 5-3

Analysis of HMDA data for home refinance loan applications indicated that more than half of the applications were submitted by an applicant earning greater than 120 percent of AMI. The average loan approval rate for this income level was 42 percent. Applicants earning less than 80 percent of the Area Median Income (AMI) had the lowest refinance loan approval rate of 28 percent. The discrepancy in approval rates among the different race groups is less acute among middle and upper income applicants than among low- and moderate-income applicants. White applicants in 80 to 99 percent of AMI income level had the highest approval rate of 47 percent. In contrast, in the same income levels, Black applicants’ loan approval rates were 28 percent.

Home Improvement Loans

Home improvement loans are used to pay for repairs or renovation of a home. Most home improvement loans rely on the homeowner’s equity, which is the portion of the home that’s already paid for. Home equity rises as principal payments are made and the home’s value increases. However, when the inflated housing market imploded in 2007, many homes’ values decreased practically negating any equity that was accumulated.

According to HMDA data, home improvement loan applications comprised 7 percent of all home loan applications. The approval rates for home improvement loans were 38 percent, the lowest approval rate of all home loan applications. Black applicants had the lowest loan approval rates of 22 percent. Asian applicants’ loan approval rate was highest with 46 percent, but due to a small sample size of 28 applications, this data may not be reliable.

Table 38: Approval Rate of Home Improvement Loan Applications by Race/Ethnicity of Applicant

Applications Submitted By Race and Ethnicity	Home- Purchase Loans		
	Applications	Approvals	
	#	#	%
Total County	2,936	1,122	38%
White	2,233	925	41%
Black	171	38	22%
Asian	28	13	46%
Hispanic**	432	119	28%

Notes: Total number includes applications for which no income and race/ethnicity data were reported. Loan approval rate is calculated as loans originated divided by the number of applications. ** Hispanic is counted independently of race.

Source: Federal Financial Institutions Examination Council, 2017 Aggregate Table 5-4

Applicants earning less than 50 percent of the Area Median Income (AMI) had the lowest home improvement loan approval rate of 16 percent. Black applicants had the lowest loan approval rates in this income level at 8 percent. Both Hispanic and Black applicants had low loan approval rates compared to White and Asian applicants.

3. Mortgage Application Denials

According to 2017 HMDA data, there were a total of 29,336 home loan applications submitted, of which 6,376 applications were denied. The overall denial rate was 19.3 percent. The average denial rates by race and ethnicity included 15.45 percent for White applicants, 12.56 percent for Asian applicants, 26.23 percent for Black applicants, and 22.9 percent for Hispanic applicants.

Table 40: Home Purchase Loan Applications Approved/Denied by Race, 2017 (HMDA Lenders Only)

In reporting denials, lenders list at least one primary reason for denial and may list up to two secondary reasons. The primary reason cited by lenders for the rejection of loan applications was debt to income ratio (30.5 percent) followed by credit history at 24.5 percent.

Among Black applicants and White/Minority Race applicants, credit history (42.1 percent and 49.1 percent, respectively) was cited as the most common reason for denial. For Asian applicants, debt to income ratio was the most common reason for denial at 52.2 percent. 9.1 percent of denied applications cited the reason for denial as “other”. By citing “other” as a primary reason for denial, the lender may avoid reporting the reasons for the denial of loan applications.

4. High-Cost Lending

In general there are two types of loans or mortgages, prime and subprime. According to the Federal Reserve, prime mortgages are offered to persons with excellent credit, excellent employment history and income adequate to support the loan amount. Subprime loans are loans to borrowers who have less than perfect credit history, poor employment history, or other factors such as limited income. These borrowers typically do not qualify for the standard Fannie Mae or Freddie Mac underwriting guidelines. Subprime loans usually have an interest rate of at least one to six percentage points above that of a prime mortgage.

The widespread housing finance market crisis of 2008 brought a new level of public attention to lending practices that victimize vulnerable populations. Subprime lending, designed for borrowers who are considered a credit risk, has increased the availability of credit to low-income persons. At the same time, subprime lending has often exploited borrowers by piling on excessive fees, penalties, and interest rates that make financial stability difficult to achieve. Higher monthly mortgage payments make housing less affordable, increasing the risk of mortgage delinquency and foreclosure and the likelihood that properties will fall into disrepair.

Some subprime borrowers have credit scores, income levels, and down payments high enough to qualify for conventional prime loans, but are still steered toward more expensive subprime mortgages. This is especially true of minority groups, which tend to fall disproportionately into the category of subprime borrowers. The practice of targeting minorities for subprime lending qualifies as mortgage discrimination.

Since 2005, HMDA data included price information for loans priced above reporting thresholds set by the Federal Reserve Board. This data is provided by lenders via Loan Application Registers and can be aggregated to complete an analysis of loans by lender or for a specified geographic area. HMDA does not require lenders to report credit scores for applicants, so the data does not indicate which loans are subprime. It does, however, provide price information for loans considered “high-cost”.

In 2008, the Federal Reserve Board revised the rules for reporting price information on higher-priced loans. For loan applications taken prior to October 1, 2009, HMDA required lenders to compare the annual percentage rate (APR) on the loans to the yield on a Treasury security with a comparable term to maturity to determine whether the loan was required to be reported as higher-priced. If the difference exceeds 3 percentage points for a first lien loan or 5 percentage points for a junior lien loan it was classified as higher-priced and the rate spread was reported.

Under the amended rule, lenders instead compare the APR on the loan to a survey-based estimate of APRs currently offered on prime mortgage loans of a comparable type. Lenders then report the spread if the spread is equal or greater than 1.5 points for first-lien loans or 3.5 percentage points for a subordinate-lien loan.

Not all loans carrying high Annual Percentage Rate (APR)s are subprime, and not all subprime loans carry high APRs. However, high-cost lending is a strong predictor of subprime lending, and it can also indicate a loan that applies a heavy cost burden on the borrower, increasing the risk of mortgage delinquency.

High-cost owner-occupied purchase loans during 2013 to 2017 (reflects the revised rules on high-cost loans reporting) shows an upward trend. The percentage of high-cost loans to the total loans originated has increased from 9 percent in 2013 to 16 percent in 2017. The increase in high-cost loans could be a direct result of the economic recovery.

An analysis of high-cost loans in Lee County by race and ethnicity reveals that Blacks and Hispanic Borrowers are overrepresented in high-cost lending. In 2017, 29 percent of mortgages obtained by Black borrowers were high-cost, and 33 percent of loans to Hispanic borrowers were high-cost. In comparison, 16 percent of mortgages obtained by White borrowers were high-cost.

Table 42: High-Cost, Owner-Occupied Home Purchase Loans by Race, 2017 (HMDA Lenders Only)

Race	High-Cost	Non-High Cost or Unknown	Total High-Cost and Non-High Cost Loans	Percent of High Cost Loans
American Indian or Alaska Native	11	32	43	26%

Review and analysis of HMDA data identified the following impediments to fair housing choice:

- Access to adequate financing.
- Underrepresentation of racial and ethnic minorities in the lending market.
- High rate of subprime loans obtained by racial and ethnic minorities.

C. Public and Private Sector

Most communities benefit greatly from having local fair housing legislation, effective outreach, education and training, and local enforcement.

This section examines the current status of fair housing enforcement, fair housing information programs, and visitability in housing issues.

1. Fair Housing Enforcement

As a part of public and private sector fair housing enforcement, fair housing ordinances for entitlement jurisdictions were reviewed.

City of Cape Coral

The City of Cape Coral’s Fair Housing Ordinance (Chapter Sixteen) prohibits discrimination on the basis of race, color, religion, sex, age, handicapped status, or national origin in connection with

housing. The Ordinance prohibits discrimination in the sale and rental of housing, the residential real estate related transactions, the provisions of brokerage services, and the provision for housing for older persons. The Ordinance outlines unlawful and discriminatory practices in regards to the sale and rental of housing. In addition, the Ordinance created the City's Fair Housing Compliance Board and provided an overview of its functions. However, the ordinance does not include protected class based on familial status, and protections appears to be limited to physically handicapped persons and does not provided protection for all disabilities including mental illness.

City of Fort Myers

The City has drafted a Fair Housing Ordinance. The Ordinance will be submitted for City Council approval in August 2019.

Lee County

Lee County amended and restated the jurisdiction's "Equal Opportunity in Housing" Ordinance on February 26, 2013. The current Ordinance (Number 13-04) prohibits discrimination on the basis of race, color, religion, national origin, sex, familial status, or disability in connection with housing. The Ordinance prohibits discrimination in the sale and rental of housing, the provision of brokerage services, financing of housing or in residential real estate transactions, and the provision for housing for older persons. The Ordinance outlines unlawful and discriminatory practices in regards to the sales and rental of housing. Under the Enforcement section of the Ordinance, it lists private enforcement and an intervention by the County Attorney. The private enforcement will be civil action procedures. An intervention by the County Attorney provides for if the Board of County Commissioners certifies that the case is of significant public importance to the citizens of the County, at the direction of the County Board of Commissioners, the County Attorney may intervene in a civil action. The preamble to the Ordinance states "*that the Board of County Commissioners find that it is in the best interest of the citizenry to file fair housing complaints with the appropriate Federal and State agencies or pursue private enforcement actions.*"

From 2001 to October 2012, Lee County Office of Equal Opportunity (LCOEO) was designated by HUD as meeting the HUD requirements for the operation of a "Substantially Equivalent Fair Housing Program". LCOEO processed and investigated the County-wide housing discrimination complaints on behalf of HUD. However, beginning in October 2012, LCOEO discontinued its processing and investigation of County-wide fair housing complaints and undertook a countywide fair housing training and outreach on behalf of HUD.

As of October 2012, fair housing complaints must be filed with the HUD Miami Office or the state of Florida Commission on Human Relations Office (FCHR). FCHR is the state's leading anti-discrimination agency. FCHR is overseen by twelve Commissioners appointed by the Governor and confirmed by the state Senate. FCHR conducts its business primarily under authority of three Florida laws:

- The Florida Civil Rights Act (Part 1, Chapter 760, and s. 509.092, F.S.) for allegations of discrimination in employment or public accommodations.
- The Florida Fair Housing Act (Part II, Chapter 760) for allegations of discrimination in housing.
- The Florida Whistle-Blower Act (s. 112.31895) for allegations of improper retaliation against state agency whistle-blowers.

A work-sharing agreement between FCHR and two federal partners – the U.S. Equal Employment Opportunity Commission and the U.S. Department of Housing and Urban Development – helps ensure that complaints are properly investigated without duplication, whether they are initially filed with the Commission or one of the federal agencies.

A review of HUD’s website determined that there are six non-profit fair housing agencies in Florida receiving funding through HUD’s Fair Housing Initiatives Program (FHIP) to assist people who believe they have been victims of housing discrimination and seven public agencies that are designated by HUD as an FHAP agency. The nearest FHIP and FHAP agencies are located in Tampa which is approximately 120 miles north of Lee County.

A review of entitlement jurisdictions’ Fair Housing Enforcement Procedures identified the following impediments to fair housing choice:

- City of Cape Coral’s Fair Housing Ordinance does not include protected class based on familial status, and protections appears to be limited to physically handicapped persons and does not provide protection for all disabilities including mental illness.
- The City of Fort Myers has drafted a Fair Housing Ordinance. The Ordinance will be submitted for City Council approval in August 2019.

2. Information Programs

As stated in the previous section, the LCOEC previously conducted fair housing outreach and training for the entire county. Because the LCOEO no longer handling the fair housing activities for the area, Lee County has contracted for the provision of fair housing outreach and training since 2015. Currently, there are two contracts in place, one, which provides two annual community wide trainings/outreach events, and another, which provides for up to five group specific trainings as requested by community groups.

All three entitlement jurisdictions and public housing authorizes have been working together to fill the gap in outreach and training by conducting joint fair housing workshops, and placing fair housing information on the respective governments’ websites.

The Cities of Fort Myers, Cape Coral and Lee County refer housing program applicants to HUD-approved counseling agencies, which conduct home ownership workshops (workshops are conducted in English and Spanish). The application procedures and programs are discussed so applicants will be aware of program offerings and Fair Housing information.

A review of entitlement jurisdictions' Fair Housing Information Programs identified that the jurisdiction would benefit from a FHIP or FHAP organization, which is dedicated to provide education regarding fair housing.

3. Visitability in Housing

The term "visitability" refers to single-family housing designed in such a way that it can be lived in or visited by people with disabilities. A house is visitable when it meets the following three basic requirements:

- At least one no-step entrance.
- Doors and hallways wide enough to navigate a wheelchair through.
- A bathroom on the first floor big enough to get into in a wheelchair, and close the door.

Visitability features make homes easier for people who develop a mobility impairment to visit friends and extended family rather than having to turn down invitations, or not be invited at all. Visitability features also provide access for formerly non-disabled people to remain in their homes if they develop a disability, rather than forcing them to do expensive renovations, relocate to a different house, live in an inaccessible home which endangers their health and safety, or move from the community into a nursing home.

All three entitlement jurisdictions administer State and federally funded grants to provide barrier removal and/or home modifications for owner-occupied housing units. Modification efforts consist of bathroom modifications, handicapped ramps, and other handicapped accessibility improvements to housing units located within the entitlement jurisdictions. Work must be performed according to the building codes and established Rehabilitation Standards.

A review of the entitlement jurisdictions' procedures and programs indicate that there are no significant impediments to fair housing choice.

D. Actions taken by HUD against the Jurisdiction

There have been no actions in the County initiated by the Department of Justice or HUD against the county, city, company, or corporation for noncompliance under Title VI of the Civil Rights Act of 1964 or Section 504 of the Rehabilitation Act of 1973, or charges under the Fair Housing Act.

V. Assessment of Current Public and Private Fair Housing programs and Activities

This section evaluates existing public and private programs, services, and activities that assist in providing fair housing in Lee County.

A. Public Programs

The activities of the public programs were previously addressed in *Section IV. Identification of Impediments to Fair Housing Choice, A. Public Sector, 2. Neighborhood Revitalization, Municipal and Other Services.*

B. Real Estate Practices

Real Estate Brokers and Sales Agents

The National Association of REALTORS® (NAR) has developed a Fair Housing Programs guide to provide resources and guidance to Realtors in ensuring equal professional services for all people. When licensed real estate professionals join a local chapter of NAR, they automatically become a member of the Florida Association of REALTORS® and the NAR.

According to NAR Code of Ethics, Article 10 provides that “REALTORS® shall not deny equal professional services to any person for reasons of race, color, religion, sex, handicap, familial status, national origin, sexual orientation, or gender identity. REALTORS® shall not be parties to any plan or agreement to discriminate against a person or persons on the basis of race, color, religion, sex, handicap, familial status, national origin, sexual orientation, or gender identity”(Amended 1/14), and “REALTORS®, in their real estate employment practices, shall not discriminate against any person or persons on the basis of race, color, religion, sex, handicap, familial status, national origin, sexual orientation, or gender identity (Amended 1/14).” These ethics provisions are applicable to the state and local chapters of NAR.

Lee County real estate market is serviced by the Realtor Association of Greater Fort Myers and the Beach, Inc., and the Royal Palm Coast Realtors Association. The local Realtor chapters offer various educational programs one of which is an ethics-training course.

Appraisers

Banks order appraisal reports to determine whether or not a property is worth the amount of the loan they will be giving. Generally speaking, appraisals are based on the comparable sales of properties surrounding the neighborhood of the property being appraised. Other factors are taken into consideration, such as the age of the structure, any improvements made, location,

general economic influences, etc. Some neighborhoods with higher concentrations of minorities may appraise lower than like properties in neighborhoods with lower concentrations.

Unfortunately, this practice is geared toward a neighborhood not an applicant and therefore, not a direct violation of fair housing law that can easily be addressed. One effect of this practice, however, is that it tends to keep property values lower in a given neighborhood, thereby restricting the amount of equity and capital available to those residents. Individual appraisers are the ones making the decisions on the amounts, thus there is room for flexibility in the numbers. As each appraiser is individually licensed, similar to real estate agents, they risk losing their license for unfair practices.

Homeowners' Insurance

Homeowner's insurance is a requirement for almost any home purchase. And just as lenders determine borrowers' loan interest rate and terms largely on the borrowers' credit score, insurance companies also use borrowers' score to determine how much to charge for premiums.

Insurance agents are provided with underwriting guidelines for the companies they work for to determine whether a company will sell insurance to a particular applicant. Currently, underwriting guidelines are not public information; however, consumers have begun to seek access to these underwriting guidelines to learn if certain companies have discriminatory policies.

According to the Insurance Journal, August 14, 2014 issue, a study conducted by online insurance shopping service, insuranceQuote.com, found that homeowners with poor credit pay 91 percent more for homeowners' insurance than people with excellent credit. There are three states, California, Massachusetts, Maryland, that prohibit insurers from using credit scores to calculate homeowner's insurance premiums. The article reported data for the each of the 50 states. In Florida, while insurance companies are technically allowed to consider homeowners' credit scores, insuranceQuotes.com found that credit scores do not typically affect premiums. Florida's hurricane prone location means that homeowners pay high homeowners' insurance rates. According to a January 2018 study by the National Association of Insurance Commissioners, Florida had the highest average homeowner's insurance premium in 2015 (\$1,993). The countrywide average homeowner's insurance premium was \$1,173 in 2015.

Newspaper Advertising

Under Federal Fair Housing law, no advertising with respect to the sale or rental of housing may indicate any preference, limitation, or discrimination because of race, color, religion, sex, disabilities, familial status or national origin. In addition, Florida law extends protection to age.

Publishers and advertisers are responsible under federal law for making, printing, or publishing advertisements that violate the Fair Housing Act on its face. Thus, they should not publish or cause to be published an advertisement that expresses a preference, limitation or discrimination on the basis of race, color, religion, sex, handicap, familial status, or national origin. The law, as

found in the Fair Housing Amendments Act of 1988, describes the use of words, photographs, symbols or other approaches that are considered discriminatory.

The real estate sections of the *Fort Myers News-Press*, generally considered to be the newspaper of record in the County, was reviewed to identify impediments to housing choice within the published advertisements for houses and other dwelling units held out for sale or for rent. A search of the advertisements showed that some – but not all – of the advertisers showed the Equal Housing Opportunity or Equal Housing logo. Many who see the logo would not be able to ascertain the meaning without prior knowledge of the logo and the intent behind it. Several major real estate firms placed the HUD fair housing logo in their banner ads. The publisher’s notice and the newspaper’s policies on accepting and printing real estate ads were noted to appear in compliance with the federal Fair Housing Laws.

The *News-Press* has two searchable database links for rental and for-sale units in Lee County, at www.apartments.com and www.homefinder.com. The publisher’s policy on accepting advertisements and Equal Housing Opportunity including “Equal Housing” logo were clearly embedded on the sites’ “Houses for Rent” and “Home for Sale” databases. The sites also had an Equal Housing Policy tab that explained the federal Fair Housing Laws.

C. Outreach/Advocacy Organizations

There are many non-profit organizations located in the community engaged in providing housing and supportive services to the County residents. Below is the list of agencies and types of services provided (the list is not all inclusive):

Outreach/Advocacy Services

Florida Rural Legal Services: Assists residents with landlord/tenant evictions, foreclosures, civil rights, housing discrimination, and senior citizens’ rights.

NAACP (National Association for the Advancement of Colored People): Advocacy group dedicated to obtaining racial justice for all Americans.

Lee County Homeless Coalition: Advocacy group dedicated to educate, and promote awareness issues and obstacles facing homeless individuals in Lee County.

Housing Services

HUD Certified Housing Counseling Agencies: Housing Authority of the City of Fort Myers, Home Ownership Resource Center of Lee County, Cape Coral Housing Development Corporation, and Lee County Housing Development Corporation.

Lee County Housing Development Corporation: Non-profit Community Housing Development Organization (CHDO) that provides down payment and homeownership assistance to low and moderate income residents.

Cape Coral Housing Development Corporation: Non-profit Community Housing Development Corporation that provides housing rehabilitation, down payment and homeownership assistance to low and moderate income residents.

Builders Care: The Lee Building Industry Association (Lee BIA) founded Builders Care to provide no-cost emergency home repair and renovation services to needy elderly, disabled and economically disadvantaged homeowners.

Habitat for Humanity: A nationwide non-profit group that builds homes for families who otherwise could not afford home ownership. Families are required to put over 500 hours of sweat equity into building their own or other Habitat homes.

Services to Special Needs population (including homeless)

ACT (Abuse Counseling Treatment): Provides residential shelter for victims of domestic violence.

Community Assisted and Supported Living: Provides housing, transportation, rehabilitation, employment and social development programs to persons with server and persistent mental illness.

Dr. Ella Piper Center: Provides senior support and employment training.

Goodwill Industries of Southwest Florida: Provides employment training and housing to developmentally disabled persons.

Salvation Army: Provides housing, transportation, rehabilitation, employment and social development programs to homeless, substance abusers, and low income and poverty level persons.

SalusCare: A comprehensive mental health and substance abuse treatment agency.

VI. Community Participation

This Regional Analysis of Impediments (AI) study has been developed to provide an overview of laws, regulations, conditions, or other possible obstacles that may affect an individual's or household's access to housing. As part of this effort, the study incorporates the issues and concerns of residents, housing professionals, and service providers. To assure the report responds to community needs, community outreach consisting of surveys and solicitation of public comments was conducted in the development of this study. This section describes the community outreach conducted to involve the community.

A. Outreach to the Community

To reach the various segments of the community, Lee County facilitated public meetings entitled, "Community Conversations", and several consultation meetings with countywide advisory committees. Thirteen meetings were held throughout County's geographic area.

Community Conversation Survey

Survey's were conducted at each meeting to gain knowledge about community needs, and the nature and extent of fair housing issues experienced by County residents. The survey consisted of four fair housing topics. Each topic was discussed in detail with participants, who were then asked to rank their top three fair housing priorities.

To encourage participation, meeting dates and locations were publicized and distributed via the following methods:

- November 1, 2018 and February 28, 2019 Notices published in the News Press – Fort Myers
- November 28, 2018 and January 24, 2019 Pine Island Eagle
- Flyers distributed to area non-profit and faith based providers via direct e-mail.
- Flyers distributed at meeting locations
- Lee County Human and Veteran Services Facebook Page and Website

Because responses to the survey were not controlled², results of the survey are used only to provide some insight regarding fair housing issues, but cannot be treated as a statistically valid survey. Furthermore, the survey asked respondents for their perception of fair housing needs in the community. A person responding that discrimination is an issue does not necessarily mean discrimination has actually taken place.

Sixty persons responded to the community survey representing residents across the entire county. Among the 60 persons, 50 percent indicated that the largest fair housing issues was limited access to opportunities in low-income and minority areas. Fair housing specific comments received at the meetings are summarized below.

² A survey with a "controlled" sample would through various techniques, "control" the socioeconomic characteristics of the respondents to ensure that the representative of the general population. This type of survey would provide results that are statistically valid but is much more costly to administer.

Sanibel Island (December 4, 2018): Comments indicated that there are few instance of discrimination, but voiced the importance of having bilingual staff to ensure persons with limited English proficiency are able to access housing and services.

Pine Manor (December 10, 2018): Comments received from residents within the neighborhood indicated that property owners might segregate black and Hispanic populations into different rental units. A resident from the Harlem Heights neighborhood indicated that they believe some property owners discriminate based on source of income.

Pine Island (January 16, 2019): Attendees mentioned that they do not know of any housing discrimination that is currently taking place on the island. One resident mentioned that some discrimination used to take place at the mobile home parks, but new ownership has alleviated the issues. Attendees mentioned that most all locations are pet friendly and open to service animals. A few areas are highly concentrated with minorities and low-income residents. This includes the alphabet streets and Pink Citrus Mobile Home Park.

Local Government Consultation (February 13, 2019): The group discussed the disparities in access to safe housing for vulnerable populations, including those who have mental illness and disabilities. The City of Cape Coral discussed the importance of locating affordable housing throughout the region rather than concentrating it in specific areas.

Affordable Housing Committee (March 11, 2019): Comments mentioned that the Latino population is concentrated in manufactured housing/mobile homes, and the same is true of very low-income elderly. Additional comments indicated that persons with limited English proficiency often have difficulty accessing services due to limited bilingual communication options.

A copy of the community survey’s fair housing results and the complete survey results are included in Appendix A.

B. Public Review of Draft AI

The Draft AI was available for a 30-day public review. Individual entitlement jurisdictions initiated separate 30-day review and approval processes. Notice of availability of the AI document and comment period and/or public hearings were published in newspaper(s) of general circulation. The Draft AI was also posted on all three entitlement jurisdictions’ websites.

Table 1: AI Review/Comment Period by Entitlement Jurisdictions

Jurisdiction	30-Day Comment Period
City of Cape Coral	June 3, 2019 to July 11, 2019
City of Fort Myers	June 24, 2019 to July 25, 2019
Urban Lee County	July 1, 2019 to August 2, 2019

All public comments received copies of advertisements and public hearing notices are included in Appendix B.

VII. Conclusions and Recommendations

The previous sections evaluate the conditions in the public sector and private market that may impede fair housing choice. This section builds upon the previous analyses, summarizes conclusions and presents a list of recommendations/proposed actions to help address the impediments. When identifying recommendations/proposed actions, this Regional AI focuses on actions that are directly related to fair housing issues and can be implemented within the resources and authority of the participating jurisdictions.

Impediments identified in this section are divided into the following five categories:

- **Regional Impediments Carried over from Previous AIs:** These are impediments identified in the previous AIs from three entitlement jurisdictions that are common in all jurisdictions but are persisting, and therefore require further efforts to mitigate the impacts.
- **Jurisdiction Specific Impediments Carried over from Previous AIs:** These are impediments identified in the previous AIs but are persisting, and therefore require further efforts to mitigate the impacts. These impediments are “jurisdiction-specific” and therefore specific recommendations are identified for each participating jurisdiction. Carried over impediments were examined in the “Progress toward Addressing Impediments from Previous AIs” section.
- **New Regional Impediments:** These are new impediments identified during the development of this 2019-2023 Regional AI. These impediments are considered regional because their impact is present in all participating jurisdictions within the County and require the collaboration of all jurisdictions to address the impediments.
- **New Jurisdiction-Specific Impediments:** These are new impediments identified during the development of this Regional AI. These impediments are “jurisdiction-specific” and therefore specific recommendations are identified for each participating jurisdiction.

A. Regional Impediments Carried over from Previous AIs

Regional Impediments

These are impediments identified in the previous AIs from three entitlement jurisdictions that are common in all jurisdictions but are persisting, and therefore require further efforts to mitigate the impacts. These impediments are considered “regional” because their impact is present in all participating jurisdictions within the County and require the collaboration of all jurisdictions to address the impediments.

Regional Impediment #1: Housing discrimination persists in the private market, according to complaints data received.

Disability, national origin, and familial states are often the prior basis upon which fair housing complaints are based.

Actions to Address Impediment:

- Prominently display fair housing information on public counters and other points of contact, such as libraries and community centers.
- Include fair housing logo on all housing related documents for public review, brochures, and legal advertisements. Ensure all non-profit agencies that receive housing funds use the logos on their advertising materials.
- Entitlement jurisdictions should include in the scopes of work for fair housing services to expand outreach to small property owners.
- Coordinate and conduct comprehensive and countywide random testing on a regular basis to identify issues, trends, and problem properties by:
 - a) Conduct feasibility study.
 - b) Develop testing methods.
 - c) Schedule and conduct testing.

Regional Impediment #2: Pattern of disparity continues to exist in private mortgage lending for racial and ethnic minorities.

The analysis of the latest HMDA data indicated the following:

- Loan application denials for minorities were higher than the average denial rates (19.3% (2017)) and well above the denial rate of White applicants (15.45% (2017)). The average denial rates by race and ethnicity included 12.56 percent for Asian applicants, 26.23 percent for Black applicants, and 22.9 percent for Hispanic applicants.
- Among Black applicants and White/Minority Race applicants, credit history (42.1 percent and 49.1 percent, respectively) was cited as the most common reason for denial. For Asian applicants, debt to income ratio was the most common reason for denial at 52.2 percent.
- An analysis of high-cost loans in Lee County by race and ethnicity reveals that Blacks and Hispanic borrowers are overrepresented in high-cost lending. In 2017,

29 percent of mortgages obtained by Black borrowers were high-cost, and 33 percent of loans to Hispanic borrowers were high-cost. In comparison, 16 percent of mortgages obtained by White borrowers were high-cost.

Actions to Address Impediment:

- Increase outreach efforts and homeownership opportunity awareness to minority and ethnic communities.
- Maintain lender guidelines for housing assisted with state and federal funds and Fair Housing Laws.
- Fund credit and financial management courses with CDBG or other funds to improve credit issues of racial and ethnic minority applicants.
- Promote the availability of general budgeting classes conducted by the University of Florida Extension Services to the targeted communities.

Regional Impediment #3 Limited public transit options and rising cost of transportation in general limit location options for many lower-income households.

Increased housing costs are forcing families to move farther away from jobs in order to find affordable living options, which increase their transportation expenses. In 2012, the housing and transportation affordability index for Lee County was 54.9 percent. In 2017, the index rose to 58 percent. Due to the 2008-2009 reductions in property values directly affecting funds available to county government, cuts were made over to all areas of local government, including public transportation personnel and the reduction in some routes that were experiencing low ridership. Many of these routes have not yet been replaced.

Actions to Address Impediment:

- Support a regional transportation system that provides services to low and moderate income households throughout the County.
- Continue funding bus pass programs and support the creation of alternative modes of transportation to low/mod and disabled households.

Regional Impediment # 4 Fair Housing education, training and outreach programs are inadequate to meet the responsibility to affirmatively further fair housing throughout Lee County.

Discontinuation of the local substantially equivalent Fair Housing Agency (Lee County Office of Equal Opportunity) in the community creates challenges to fair housing enforcement, as well as, outreach and education. Limited feedback provided during Community Conversation meetings, and a high number of dismissed fair housing complaint cases indicated that residents do not fully understand what constitutes a violation of the Fair Housing Act.

Actions to Address Impediment:

- Coordinate fair housing programs between three entitlement jurisdictions to collaborate and consolidate affirmatively further fair housing efforts in Lee County.
- Support non-profit capacity building programs that encourage local non-profits to apply for Fair Housing Initiatives Program (FHIP) and/or Fair Housing Assistance Program (FHAP) funds through HUD.
- Offer fair housing workshops throughout the year.
- Maintain a fair housing log to record activities undertaken throughout the year to affirmatively further fair housing.

Regional Impediment # 5 An insufficient number of accessible housing units are available which meets the needs of persons with disabilities in the County.

Housing providers are not making the accommodations and/or modifications necessary to make housing available to persons with disabilities.

Actions to Address Impediment:

- Implement fair housing workshop topics to include “reasonable accommodation” requirements and requirements of Section 504, the Fair Housing Act, the Americans with Disabilities Act, the Architectural Barriers Act, and the State’s Accessibility Building Codes.
- Maintain the Universal Design requirements in new constructions funded by federal and state grants.
- Continue to give priority and set aside funding to rehabilitate special need housing units.

Jurisdiction-Specific Impediments

These impediments are “jurisdiction-specific” and therefore specific recommendations are identified for each participating jurisdiction.

City of Cape Coral

Local Impediment #1: City’s Fair Housing Ordinance does not include protected class based on Familial status and does not define handicapped persons.

The City of Cape Coral’s Fair Housing Ordinance (Chapter Sixteen) prohibits discrimination on the basis of race, color, religion, sex, age, handicapped status, or national origin in connection with housing. The Ordinance prohibits discrimination in the sale and rental of housing, the residential real estate related transactions, the provisions of brokerage services, and the provisions for housing for older persons. The Ordinance outlines unlawful and discriminatory practices in regards to the sale and rental of housing. In addition, the Ordinance created the City’s Fair Housing Compliance Board and provided an overview of its functions. However, the ordinance does not include a protected class based on familial status, and protections appears to be limited

to physically handicapped persons and does not provided protection for all disabilities including mental illness.

Actions to Address Impediment:

- Update Fair Housing Ordinance to reference all protected classes.

City of Fort Myers

Local Impediment #1: The City does not have a Fair Housing Ordinance

Actions to Address Impediment: The City of Fort Myers worked with their Local Affordable Housing Advisory Committee (LAHAC) to draft a Fair Housing Ordinance. Staff will take the ordinance before City Council for approval in August 2019.

a. New Impediments Identified:

The following are new impediments identified during the development of this 2019 Regional AI.

Regional Impediments:

This new impediment is considered “regional” because it affects or is present in all participating jurisdictions within the County and requires the collaboration of all jurisdictions to address.

Regional Impediment #6: Neighborhood Opposition to Diversity in Housing Type

Commonly referred to as NIMBY an acronym for "Not In My Backyard," describes the phenomenon in which residents of a neighborhood designate a new zoning, development or change in occupancy of an existing development as inappropriate or unwanted for their local area.

The opposition to affordable, supportive or transitional housing is usually based on the assumed characteristics of the population that will be living in the development. Common arguments are that there will be increases in crime, litter, thefts, violence and that property taxes will decrease. The benefits for the residents of the development are often ignored.

Neighborhood opposition to multi-family is commonplace throughout the region. This disproportionately affects minority and low income residents.

Actions to Address Impediment:

- Provide information to local government appointed and elected officials regarding the need for a variety of housing types and tenure for all persons regardless of income levels.
- Public information campaign regarding the need for a variety of housing types and tenure regardless of income levels.
- Provide training specifically to elected officials and appointees regarding fair housing laws and local land use decisions.
- Regular review of land use decisions by local governments and results.

Jurisdiction-Specific Impediments

These impediments are “jurisdiction-specific” and therefore specific recommendations are identified for each participating jurisdiction.

City of Fort Myers

Local Impediment #2: Racially and Ethnically Areas of Concentration Poverty (R/ECAP)

Within Lee County, the City of Fort Myers, according to the American Community Survey, has the only area with significant concentrations of extreme poverty and minority populations. This area is census tract 7. HUD defines this Racially and Ethnically Concentrated Area of Poverty (RCAP/ECAP) as a census tract with 40 percent or more of individual are living at or below the poverty line and a non-white population of 50 percent or more. Census tract 7 consists of 52 percent Black and 11 percent Hispanic persons, with national origins from Haiti accounting for 18 percent of the residents.

Actions to Address Impediment:

1. Continually encourage minority and low-income households to seek housing counseling from HUD-certified housing counseling agencies. Provide information to housing counseling agencies to assist them in educating minority and low-income households regarding the range of housing options in the City, including those outside of minority and low-income concentration areas. Encourage attendance at budget management and credit counseling classes offered by housing counseling agencies.
2. Promote and conduct outreach to the R/ECAP, highlighting job training and business development opportunities offered by the Southwest Florida Enterprise Center and other agencies in the area.
3. Continue to follow the City’s Language Access Plan, which includes provisions to ensure key documents and resources are available to Spanish-speaking residents, and develop additional outreach activities for the Haitian population.
4. Annually sponsor fair housing training for City of Fort Myers residents, network with nonprofit, neighborhood-based and faith organizations, and educate institutions to reach out to minority populations and areas of minority concentration.
5. Continue to promote and provide mortgage assistance to low-moderate income residents.

VIII. Fair Housing Action Plans for Entitlement Jurisdictions

Fair Housing Action Plans have been developed to address the impediments. The Fair Housing Action Plans list specific actions entitlement jurisdictions in the region are planning to undertake in order to address the impediments identified in the previous section. Periodically, during the Consolidated Plan Annual Action Plan and Consolidated Annual Performance Evaluation Report processes, individual jurisdictions may need to adjust their actions depending on funding availability and progress and effectiveness in implementing the actions. This section also includes monitoring, evaluation, reporting and record keeping requirements of the Fair Housing Action Plans.

A. Monitoring and Evaluation

This AI was completed through collaboration among the entitlement jurisdictions in Lee County – the City of Cape Coral Planning Division, the City of Fort Myers Housing and Real Estate Division, and Lee County Human and Veteran Services.

All three respective entitlement jurisdictions will oversee the implementation of the respective jurisdiction’s Fair Housing Action Plan. Each jurisdiction will be responsible for putting fair housing information on the Cities’/County’s website and implementing the Fair Housing Action Plan.

To ensure that the Fair Housing Action Plan is carried out, the entitlement jurisdictions will conduct an evaluation of each activity during each program year, identify additional areas that require study or analysis, and determine how to address those additional areas. As part of its monitoring efforts, the entitlement jurisdictions will also obtain progress reports from the local housing agencies that receive funding from the Cities/County.

B. Reporting and Maintenance of Records

The entitlement jurisdictions will maintain the following data and information as documentation of the jurisdiction’s Fair Housing Plan:

- A copy of the AI and any updates.
- A list of actions taken each year as part of the Fair Housing Plan to eliminate the impediments identified in the AI.

At the end of each program year, each entitlement jurisdiction will submit information to HUD about the actions taken to fulfill the Fair Housing Plan and an analysis of their impact as a part of the entitlement jurisdiction’s Consolidated Annual Performance Evaluation Report (CAPER).

C. Fair Housing Action Plans

The following is the Fair Housing Action Plan for the Lee County region. The Fair Housing Action Plan lists “Lee County Regional impediments” and the “jurisdiction specific impediments” as well as goals and strategies to address these impediments in HUD program years 2019 through 2023. All regional impediments will be addressed collaboratively by Lee County and the Cities of Cape Coral and Fort Myers. Jurisdiction specific impediments will be address by the application jurisdiction with the support of the other entitlement jurisdictions.

LEE COUNTY – FAIR HOUSING ACTION PLAN

LEE COUNTY REGIONAL – IMPEDIMENTS							ACCOMPLISHMENTS	
IMPEDIMENT(S) TO BE ADDRESSED	GOALS	STRATEGIES TO MEET THE GOALS	RESPONSIBLE ENTITIES ASSIGNED TO MEET GOALS	BENCHMARK	PROPOSED INVESTMENT	YEAR TO BE COMPLETED	DATE COMPLETED	NOTE: IF THE IMPEDIMENT HAS NOT BEEN ADDRESSED PROVIDE DETAILED EXPLANATION AS TO WHY AND WHEN IT WILL BE ADDRESSED.
Regional Impediment # 1 Housing discrimination persists in the private market, according to complaints data received.	Reduce incidence of discrimination in the sale or rental of housing.	Ensure ease of access to Fair Housing information on entitlement jurisdictions’ websites.	Entitlement Jurisdictions	Jurisdictions’ website	No additional funding needed	On-going		
		Prominently display Fair Housing information on public counters and other public points of contact such as libraries and community centers.	Entitlement Jurisdictions	Number of locations	Entitlement Jurisdictions’ Staff time	On-going		
		Include Fair Housing logo on all housing related documents for public review, brochures, and legal advertisements. Ensure all non-profit agencies that receive housing funds must use the logos on their advertising materials.	Entitlement Jurisdictions and non-profit agencies	All housing related documents include fair housing logo	Entitlement Jurisdictions’ Staff and non-profit agencies’ time	On-going

RESOLUTION 244-19

City Council

July 29, 2019

August 5, 2019

RESOLUTION

- Adopts the 2019-2020 One Year CDBG Action Plan and Regional Analysis of Impediments to Fair Housing Choice
- Under statute the Action Plan requires two public hearings – July 29 and August 5
- Authorizes and directs the City Manager to submit the Action Plan to the US Department of HUD and sign the grant agreement when received from HUD
- The Action Plan delineates how CDBG funds will be expended and includes the recommendations from the Citizen's Advisory Board for CDBG.

ANALYSIS OF IMPEDIMENTS TO FAIR HOUSING CHOICE

- Jurisdictions receiving Community Development Block Grant (CDBG) funds are required to certify it will “*affirmatively further fair housing through fair housing planning*”.
- Accomplished by:
 - Completion of an Analysis of Impediments to Fair Housing Choice (AI);
 - Implementation of action plans to eliminate any identified impediments; and
 - Maintenance of fair housing records corresponding with implementation of the Five Year Consolidated Plan.

ANALYSIS OF IMPEDIMENTS TO FAIR HOUSING CHOICE

- The City of Cape Coral, the City of Fort Myers and Lee County coordinated a 5 Year Regional Impediments to Fair Housing Choice
- Format and content is set by US Department of Housing and Urban Development
- Document will be approved by the Board of County Commissioners and the City of Fort Myers City Council August 6th, 2019

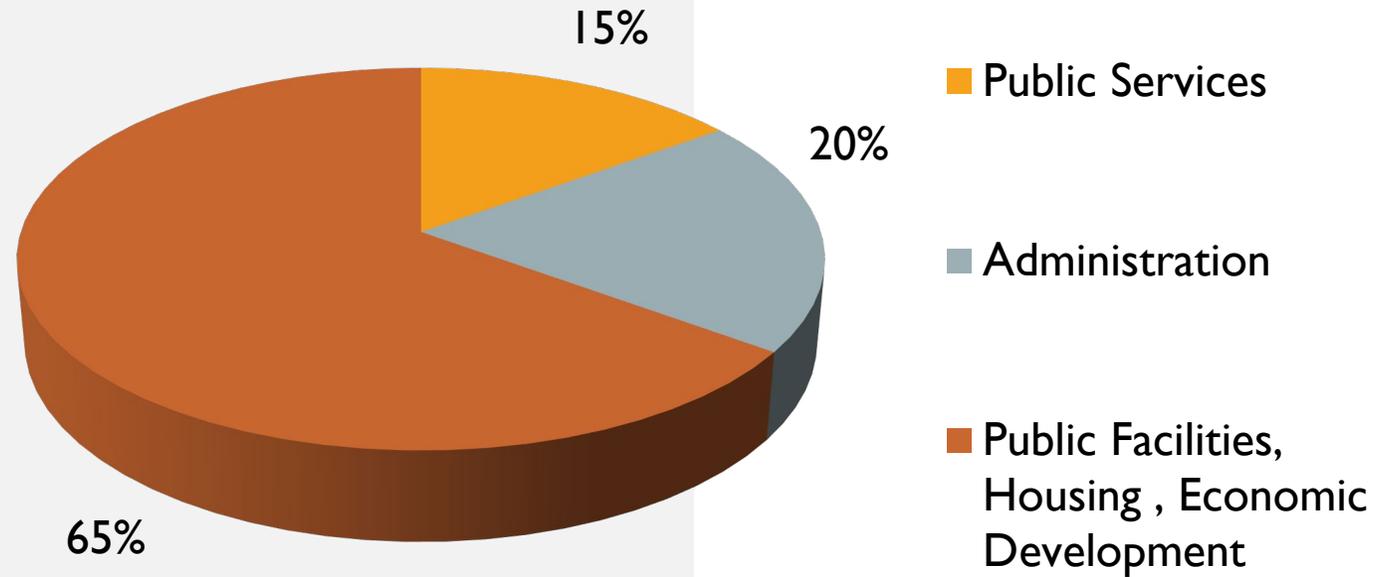

ANALYSIS OF IMPEDIMENTS TO FAIR HOUSING CHOICE

- Regional
 - Housing discrimination persists in the private market
 - Pattern of disparity continues to exist in private mortgage lending
 - Limited public transit options and rising cost of transportation limit location options for low income families
 - Fair housing education, training and outreach is inadequate
 - Insufficient number of accessible dwelling units to meet needs of persons with disabilities
 - Neighborhood opposition to diversity in housing type
- Jurisdictional
 - City of Cape Coral's Fair Housing Ordinance is out of date and does not include the federally protected class of Familial Status and fails to define "handicapped persons"

COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG) ENTITLEMENT PROGRAM

- Allocation of \$1,009,064
- Also \$200,000 in reallocated program funds
 - Reallocation of Prior Years Funds for Housing
 - Total estimated allocation of \$1,209,644
- Anticipating 100% of the total allocation will be used to benefit low and moderate income persons as defined by CDBG regulations
- The following slides show proposed projects and funding levels recommended by the Citizens Advisory Board

ALLOCATION FUNDING REQUIREMENTS

RESOLUTION 251 - 19

A RESOLUTION PROVIDING FOR THE VACATION OF PLAT FOR THE PLATTED INTERIOR LOT LINE AND PUBLIC UTILITY AND DRAINAGE EASEMENTS LOCATED BETWEEN LOTS 73 AND 74, BLOCK 5483, CAPE CORAL UNIT 90; PROPERTY LOCATED AT 4740 NW 36TH STREET; PROVIDING AN EFFECTIVE DATE.

WHEREAS, the Petition was filed by JOSEPH AND AMY WALDEN for the vacation of plat on property described herein; and

WHEREAS, the Petition meets the requirements of Land Use Development Regulations, Article VIII, Section 8.11, Vacation of Plats, Streets and Other Property of the Code of Ordinances of the City of Cape Coral and it is in the best interest of the public that such Petition be granted.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF CAPE CORAL, FLORIDA:

Section 1. The Petition meets the requirements of Article VIII, Section 8.11, of the Code of Ordinances of the City of Cape Coral and it is in the best interest of the public that such Petition be granted. The platted interior lot line between Lots 73 and 74, Block 5483, Cape Coral Unit 90, and the following described public utility and drainage easements are hereby vacated, to wit:

A PORTION OF LOTS 73 AND 74, BLOCK 5483, OF CAPE CORAL, SPREADER WATERWAY, ACCORDING TO THE PLAT THEREOF, AS RECORDED IN PLAT BOOK 32, PAGES 48 THROUGH 111, INCLUSIVE, OF THE PUBLIC RECORDS OF LEE COUNTY, FLORIDA, BEING MORE PARTICULARLY DESCRIBED AS FOLLOWS:

COMMENCE AT THE SOUTHWEST CORNER OF SAID LOT 73, BLOCK 5483, THENCE SOUTH 89° 47'56" EAST, ALONG THE SOUTHERLY BOUNDARY LINE OF LOT 73, 125.01 FEET TO THE SOUTHEAST CORNER OF LOT 73 AND THE SOUTHWEST CORNER OF LOT 74; THENCE NORTH 00°15'34" EAST, ALONG THE COMMON LINE OF LOTS 73 AND 74 FOR 7.50 FEET TO THE POINT OF BEGINNING; THENCE SOUTH 89°47'56" EAST FOR 6.00 FEET; THENCE NORTH 00°51'34" EAST FOR 111.49 FEET; THENCE NORTH 89°47'56" WEST, FOR 12.00 FEET; THENCE SOUTH 00°51'34" WEST, FOR 111.49 FEET; THENCE SOUTH 89°47'56" EAST, FOR 6.00 FEET TO THE POINT OF BEGINNING.

CONTAINING 1355.88 +/- SQUARE FEET OF LAND.

Section 2. The Applicant shall meet the following terms and conditions:

1. The vacation of the two six-foot wide platted public utility and drainage easements along the common lot line where Lots 73 and 74 meet within the site shall be consistent with that shown in the sketch and accompanying legal description prepared by Miguel Espinosa, dated May 3, 2019, and entitled "Specific Purpose Sketch: 4740 NW 36th Street, Cape Coral, FL, 33993."
2. This resolution shall be recorded with the Office of the Lee County Clerk of Court by the City of Cape Coral. This resolution shall not be effectuated until the applicant reimburses the Department of Community Development for all recording fees associated with this resolution.

Section 3. This Resolution shall take effect upon its recording within the Office of the Lee County Clerk of Court by the City of Cape Coral.

ADOPTED BY THE CITY COUNCIL OF THE CITY OF CAPE CORAL AT ITS REGULAR COUNCIL SESSION THIS _____ DAY OF _____, 2019.

OFFICE OF THE HEARING EXAMINER, CITY OF CAPE CORAL
HEARING EXAMINER RECOMMENDATION

VP HEX Recommendation 10-2019
Rendered July 2, 2019

DCD CASE # VP 19-0009

APPLICATION FOR: Vacation of two (2) six foot wide public utility and drainage easements and the shared lot-line interior to the property.

NAME OF OWNERS/APPLICANTS: Joseph M. and Amy L. Walden

LOCATION OF PROPERTY:

Unit 90, Block 5483, Lots 73 & 74, Cape Coral Subdivision
4740 SW 36th Street, Cape Coral, FL 33993
STRAP # 24-43-22-C1-05483.0730

ZONING DISTRICT: Single Family Residential (R-1B)

FUTURE LAND USE CLASSIFICATION: Single Family and Multi-Family (SM)

HEARING DATE: July 2, 2019

SUMMARY OF REQUEST: Applicants request to vacate:

1. Two six-foot wide public utility and drainage easements along the common lot-line between Lots 73 and 74; and
2. The shared lot line between Lots 73 and 74, interior to the subject property.

SUMMARY OF HEARING EXAMINER RECOMMENDATION

The Hearing Examiner recommends that City Council **approve** the application for the requested vacations, subject to the conditions set forth below.

I. **NOTICE OF HEARING**

Based on the testimony of City Staff Katherine Woellner at the Hearing, the Hearing Examiner finds that proper notice of this hearing was provided, in accordance with the requirements of Article VIII, §8.3, Public Hearings, of the City of Cape Coral Land Use and Development Regulations ("LUDRs").

II. **PARTICIPANTS IN HEARING**

CITY STAFF: Katherine Woellner

CITY CLERK'S OFFICE: Patricia Sorrels

APPLICANT: Amy L Walden

MEMBERS OF PUBLIC: None

CORRESPONDENCE/TELEPHONE CALLS FROM PUBLIC: Staff testified that she received a telephone call of inquiry but that the caller did not offer an opinion on the vacation request.

III. **EXHIBITS**

APPLICANTS' AND CITY STAFF'S EXHIBITS: previously submitted.

IV. **REVIEW OF LUDR REQUIREMENTS**

Authority. The Hearing Examiner has the authority to recommend approval or denial of an application for a vacation of a plat and associated easements pursuant to LUDR §9.2.3 b.8.

Standard of Review of Evidence; Hearsay Evidence. The Hearing Examiner's recommendation is based on whether the application meets all applicable requirements of the Comprehensive Plan, the City Code of Ordinances, and the LUDRs, upon review of the entirety of the record. Hearsay evidence may be used for the purpose of supplementing or explaining other evidence, but it shall not be sufficient by itself to support a finding unless it would be admissible over objection in court. In rendering this recommendation, the Hearing Examiner must consider all competent substantial evidence in the record as defined by LUDR § 8.3.1.C.3.b.

LUDR Standards. The Hearing Examiner reviewed the application in accordance with the standards set forth in LUDR § 8.11, *Vacation of plats, rights-of-way and other property*, in addition to the general standards set forth in the LUDRs and the City Comprehensive Plan.

TESTIMONY AT HEARING

Applicants' Incorporation of Staff Report and Staff Testimony

The Applicants' Representative incorporated the Staff Report and Staff Testimony ("Staff Input") into her presentation by reference. She requested the Hearing Examiner to recommend that City Council find the Staff Input as findings of fact, in addition to those separately presented by her.

Staff Incorporation of Staff Report and Related Documents

Staff incorporated her Staff Report into her presentation by reference.

Hearing Examiner's Recommended Findings of Fact.

All documentary and oral testimony referenced below is accepted by the Hearing Examiner as recommended findings of fact, except as specifically noted otherwise.

The Hearing Examiner recommends that the City Council accept such testimony as findings of fact to substantiate its decision regarding this Application.

V. **DISCUSSION**

Site, Zoning Information and Surrounding Area

Staff testified that the 30,975 square foot site contains a single-family residence on two platted lots of record, Lots 73 and 74 along NW 36th Street in Cape Coral. This site is surrounded on three sides by rights-of-way and to the south, by a Preservation District (PRFLU). Staff further testified that the site has a Single Family and Multi Family (SM) Future Land Use Classification (FLUC) and Single Family Residential (R-1B) Zoning, and all properties within 2,000 feet of the site share the same future land use and zoning classifications.

Reason for Application

In 2017 the current property owner/Applicants combined Lots 73 and 74 of Block 5483 to create the current configuration of the site. A single family residence was constructed in 2018 over parts of both lots, including over the platted easements and common property line.

The Applicant testified that neither the Lee County Property Appraiser nor any other government entity had advised them of the necessity of vacating the lot line and related easements. She said that the instant issue arose during the course of her refinancing the property, and that the lender had required her to clarify related title issues.

Staff testified that lot combinations, by themselves, do not vacate the common lot-line or underlying easements associated with both sides of the common lot-line, although the City has previously allowed homes to be constructed over these easements and property lines when the lots are in common ownership.

Analysis and Recommendation that City Council Find That Applicants Have Complied with All Requirements for the Requested Vacations, Per LUDR §8.11

1. Applicants **have** color of title (LUDR §8.11.3b.1)

The Applicants and Staff testified that Applicants own the subject lots and are, therefore, eligible to apply for the requested vacations.

2. A copy of the plat **has** been provided, showing the portions for which vacation is sought (LUDR §8.11.3b.2)
3. and 4. Letters of Approval from LCEC and Letters of No Objection from Century Link and Comcast (LUDR §8.11.3b.3 and LUDR §8.11.3b.4-6) **have been provided or are not necessary.**

July 2, 2019

5. *A copy of a recent boundary survey or survey sketch of the property prepared and executed by a registered surveyor, **has been provided**, showing the area requested to be vacated; providing complete metes and bounds legal*

descriptions of said areas, and showing all pavement and all utility and drainage facilities in said area, including water, sewer and cable lines, utility poles, swales, ditches, manholes and catch basins. Separate drawings and metes and bounds legal descriptions will be required for each proposed vacation area when the right-of-way and easement configurations differ. (LUDR §8.11.3b.7.B)

All of the required documents have been provided.

6. *No Reasonably Foreseeable Public Use of the Vacated Area. LUDR, §8.11.3 d)*

As set forth above, Staff testified that the easements and lot line proposed for vacation are in the middle of the site under the existing single-family residence, where the two platted lots of record that comprise this site meet. Staff further testified that approval of this request will not be harmful to the community.

It is recommended that, for the above reasons, the City Council finds there **is no reasonably foreseeable public use** for the requested vacations.

7. *City's Retention of Easements for Utilities and/or Drainage in and Upon the Vacated Area. (LUDR, §8.11.3 d)*

The Applicants have not requested modification to the existing six foot utility and drainage easement around their property.

Consistency with the Comprehensive Plan (LUDR §8.11)

Staff testified that the City does not have specific Comprehensive Plan policies for vacations involving residentially zoned sites.

It is recommended that the City Council find that the vacation requests are consistent with Policy 1.15 of the Future Land Use Element of the City's Comprehensive Plan which states:

Land development regulations adopted to implement this comprehensive plan will be based on, and will be consistent with, the standards for uses and densities/intensities as described in the following future land use classifications. In no case shall maximum densities allowable by the following classifications conflict with Policy 4.3.3 of the Conservation and Coastal Management Element regulating density of development within the Coastal High Hazard Area.

a. Single Family Residential. Sites of 10,000 square feet and greater, with densities not to exceed 4.4 units per acre.

Based upon staff testimony, the Hearing Examiner recommends that City Council find that granting the requested vacations, as conditioned below, **would be consistent** with the City Comprehensive Plan, Land Use Development Regulations, and all other applicable law.

VI. **RECOMMENDED CONDITIONS OF APPROVAL**

City staff testified regarding recommendations for conditions of approval, set forth below. Applicant testified that Applicants have no objection to these conditions.

The Hearing Examiner **recommends** that these conditions of approval be adopted as part of the City Council's approval of Applicant's request:

1. Consistency with Sketch and Legal Description. The vacation of the lot line between Lot 73 and 74 as well as the two six-foot wide platted public utility and drainage easements along the common lot-line where Lot 73 and 74 meet within the site shall be consistent with that shown in the sketch and accompanying legal description prepared by OnlineLand Surveyors, Inc./Miguel Espinosa, dated May 3, 2019, and entitled "Specific Purpose Sketch: 4740 NW 36th St., Cape Coral, FL, 33993".
2. Recording of Resolution. This resolution shall be recorded with the Office of the Lee County Clerk of Court by the City of Cape Coral. The owners shall reimburse the City for all recording fees associated with this resolution and all easement deeds.
3. Compliance with Zoning District Standards and Requirements and Inclusion of LUDRs, City Ordinances and Other Applicable Law. Applicants shall comply with all standards and requirements for the zoning district in which the property is located and all other requirements set forth in the LUDRs, City ordinances and all other applicable laws and regulations, which are incorporated herein by reference.

VIII. **EXHIBIT**

The following Exhibit is attached to this Recommendation and are hereby incorporated by reference:

- EXHIBIT "A": Sketch and accompanying Legal Description entitled "Specific Purpose Sketch, 4740 NW 36th St., Cape Coral, FL, 33993", as prepared by OnlineLand Surveyors, Inc./Miguel Espinosa, dated May 3, 2019 (3 pages)

VP HEX RECOMMENDATION 9-2019
July 2, 2019

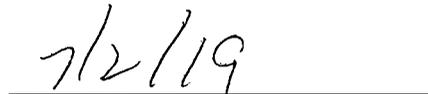

The Hearing Examiner herewith **RECOMMENDS APPROVAL** of the request for the above-referenced Vacations filed by Applicants, **WITH THE CONDITIONS** set forth above.

This Recommendation takes effect on the date specified below.

ACKNOWLEDGEMENT FORM

I have read and understand the above instructions. Hearing date(s) will be confirmed when I receive a copy of the Notice of Public Hearing stipulating the day and time of any applicable hearings.

I acknowledge that I or my representative must attend any applicable meetings scheduled for the Hearing Examiner, Planning & Zoning Commission/Local Planning Agency, and City Council.

I will have the opportunity, at the hearing, to present verbal information pertaining to my request that may not be included in my application.

I understand any decision rendered by the CITY shall be subject to a thirty (30) day appeal period. Any work performed within the thirty (30) day time frame or during the APPEAL process will be completed at the applicant's risk.

I understand I am responsible for all fees, including advertising costs. All fees are to be submitted to the City of Cape Coral with the application or the item may be pulled from the agenda and continued to future date after fees are paid.

Please obtain all necessary permits prior to commencing any phase of construction.

Please indicate on a separate sheet those persons to whom you wish a copy of the Public Hearing Notice sent.

By submitting this application, I acknowledge and agree that I am authorizing the City of Cape Coral to inspect the subject property and to gain access to the subject property for inspection purposes reasonably related to this application and/or the permit for which I am applying.

Cape Coral Community Development

Letter of Intent for Vacation of Easement and Property Dividing Line

Property Address: 4740 NW 36th Street Cape Coral, FL 33993 - Strap # 24-43-22-C1-05483.0730

To Whom It May Concern:

This Letter is for the Vacation of Easement and Property Dividing Line at 4740 NW 36th Street or Strap# 24-43-22-C1-05483.0730 for the purpose of refinancing a home mortgage.

We purchased the 2 lots in October 2017 (with Wyatt Daltry's help on zoning) and immediately applied to have them combined. When that was approved by the City of Cape Coral, and Lee County we thought everything that we needed to do was done and that there were no "issues" with the property. We received one strap number, one address and one bill for property tax purposes.

Subsequently, we retained a builder (Groff Building Contractors) and commenced building our home directly in the middle of our (combined) piece of property. We secured a construction loan with no problems or issues, Groff obtained all necessary construction permits with no problems or issues, and the home was built. During the build numerous inspections were performed on not only the home, but also the lot and we were in full compliance with every requirement.

Not once during this entire process, was anything even mentioned by the builder, the City of Cape Coral inspectors, or Lee County inspectors about there being any "problems or issues" with this combined property.

Also during the building process, for utilities, we had to pay \$10,000 to LCEC for them to run electric poles and service to even reach this property. Further, CenturyLink charged us \$2,000 to run cable for internet to this property. We were told flat out by Comcast that they would not run service to this property. So we can assure you that they have no interest in this property, and would have charged us greatly to even provide service out to our home.

Further, we completed all final inspections, and received CO on the home and property with no problem. Once that was complete, we also applied for Homestead Exemption (a Lee County property appraiser physically came to the home, introduced herself, and examined the entire house and property) and Homestead was also granted with no exceptions or problems.

All we are trying to do is just refinance the existing loan on this house with the proceeds from the sale of our previous home. We are not trying to add, change, or alter in any way our property or home as it currently exists. For this to happen we need to remove the 6 ft. easement on both sides of the previous property line (currently running underneath our existing home) and to have that property line removed.

If we would have had any idea that there were existing issues we would have addressed them immediately.

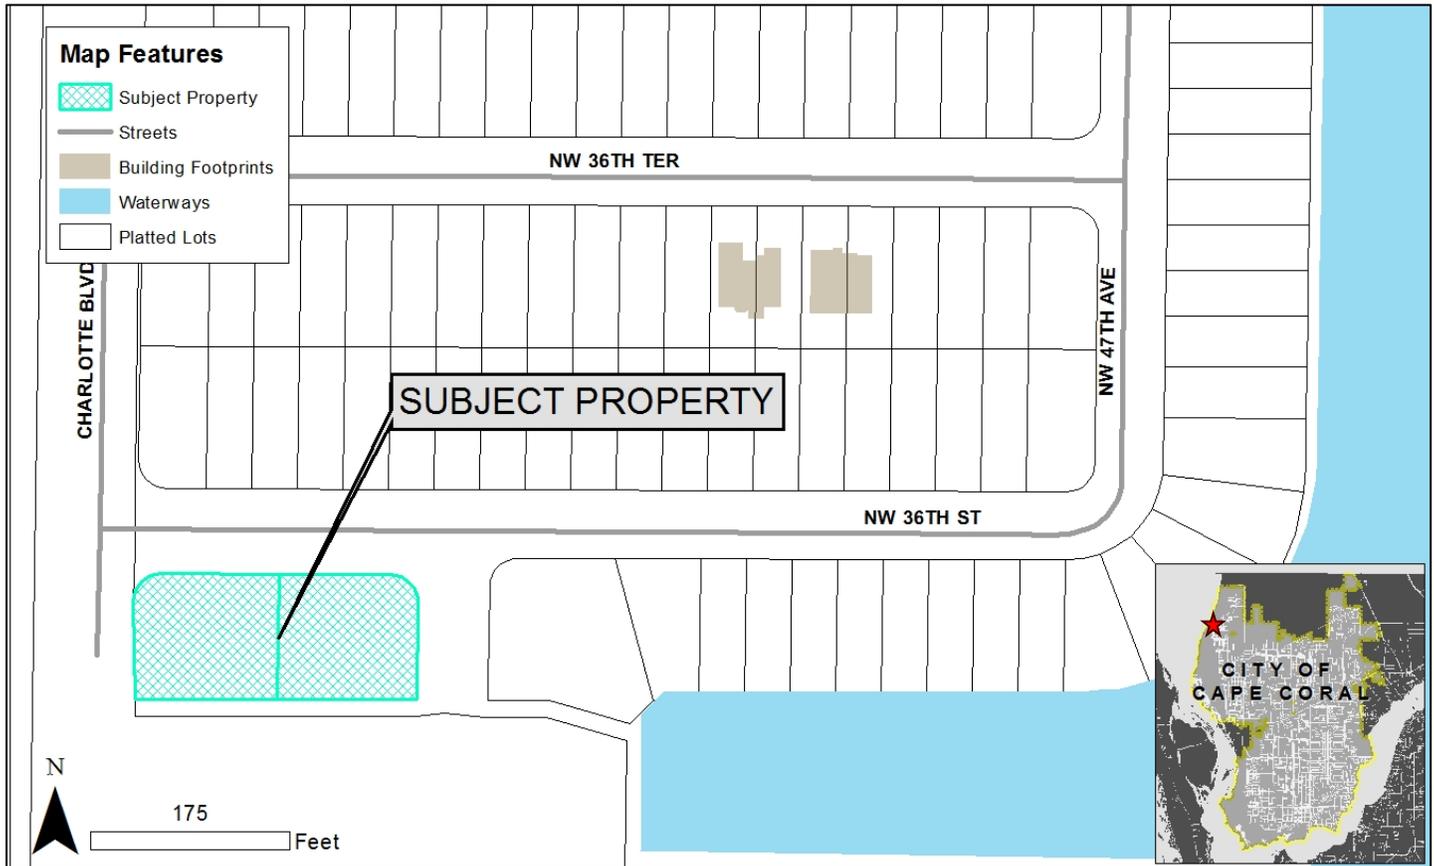

Again, we appreciate all that every individual involved is doing and ask again, respectfully, for your continued help and support so that we are able to complete the refinance of our home.

Sincerely, Joseph and Amy Walden

ZONING DESIGNATION: Residential (R-1B)

URBAN SERVICE AREA: Reserve

CODE COMPLIANCE CASE: N/A

PREPARED BY: Katherine Woellner, Planner

APPROVED BY: Mike Struve, Planning Coordinator, AICP

RECOMMENDATION: Approval

BACKGROUND

The 30,975 sqft site contains a single-family residence built in 2018 on two platted lots of record, Lots 73 and 74 along NW 36th St. The applicant is requesting to vacate the underlying easements to clarify the title for refinancing the property.

REQUEST

The applicant is requesting the vacation of two six-foot wide public utility and drainage easements (P.U.E.s) and the common property line where Lots 74 and 73 meet (See Figure 1 on Page 3). The easements and lot-line are interior to the site. All of the perimeter easements will remain. Utilities are absent in the platted easement proposed for vacation.

ZONING HISTORY

The site in question has a Residential (R-1B) zoning designation and Single-Family and Multi-Family (SM) Future Land Use. This site is surrounded on three sides by rights-of-way and to the south, by a Preservation District (PRFLU).

In 2017 the current property owner combined Lots 73 and 74 of Block 5483 to create the current configuration of the site. Lot combinations do not vacate the common lot-line or underlying easements associated with both sides of the common lot-line. After the lots were combined, the property owners constructed a single-family home in the middle of the site, over the platted easements and common property line. The City has always allowed homes to be constructed over these easements and property lines when the lots are in common ownership. This why the easements and property line were not an issue during the construction process.

ANALYSIS

Staff analyzed this request with the standards found in the Land Use and Development Regulations, Section 8.11, *“Vacation of plats, rights-of-way and other property”* and Policy 5.5 of the Land Use Element in the Comprehensive Plan regarding vacations.

Comprehensive Plan

The City lacks specific policies in the Comprehensive Plan for vacations involving residential-zoned lands.

Land Use and Development Regulations (LUDR)

This application was analyzed consistent with LUDR, Section 8.11, *“Vacation of plats, rights-of-way and other property.”*

The site will not be enlarged with the proposed easement vacation. The vacation will only impact the formally recorded easements and property line that remain after the lot combination. The area proposed for vacation runs through the middle of the site which has already been developed with a single-family dwelling.

Lee County Electric Cooperative, Inc. (LCEC), Embarq Corporation, Inc. (Century Link), Comcast, and the City of Cape Coral have stated that they have ***no utilities in the easement*** proposed to be vacated and have ***no objection*** to the vacation. The six-foot easement along the front, rear, and sides of the property will remain.

The subject easement is not needed to meet or fulfill any foreseeable public purpose. The easements proposed for vacation are in the middle of the site under the existing single-family residence where the two platted lots of record that comprise this site meet. Approval of this request will not be harmful to the community.

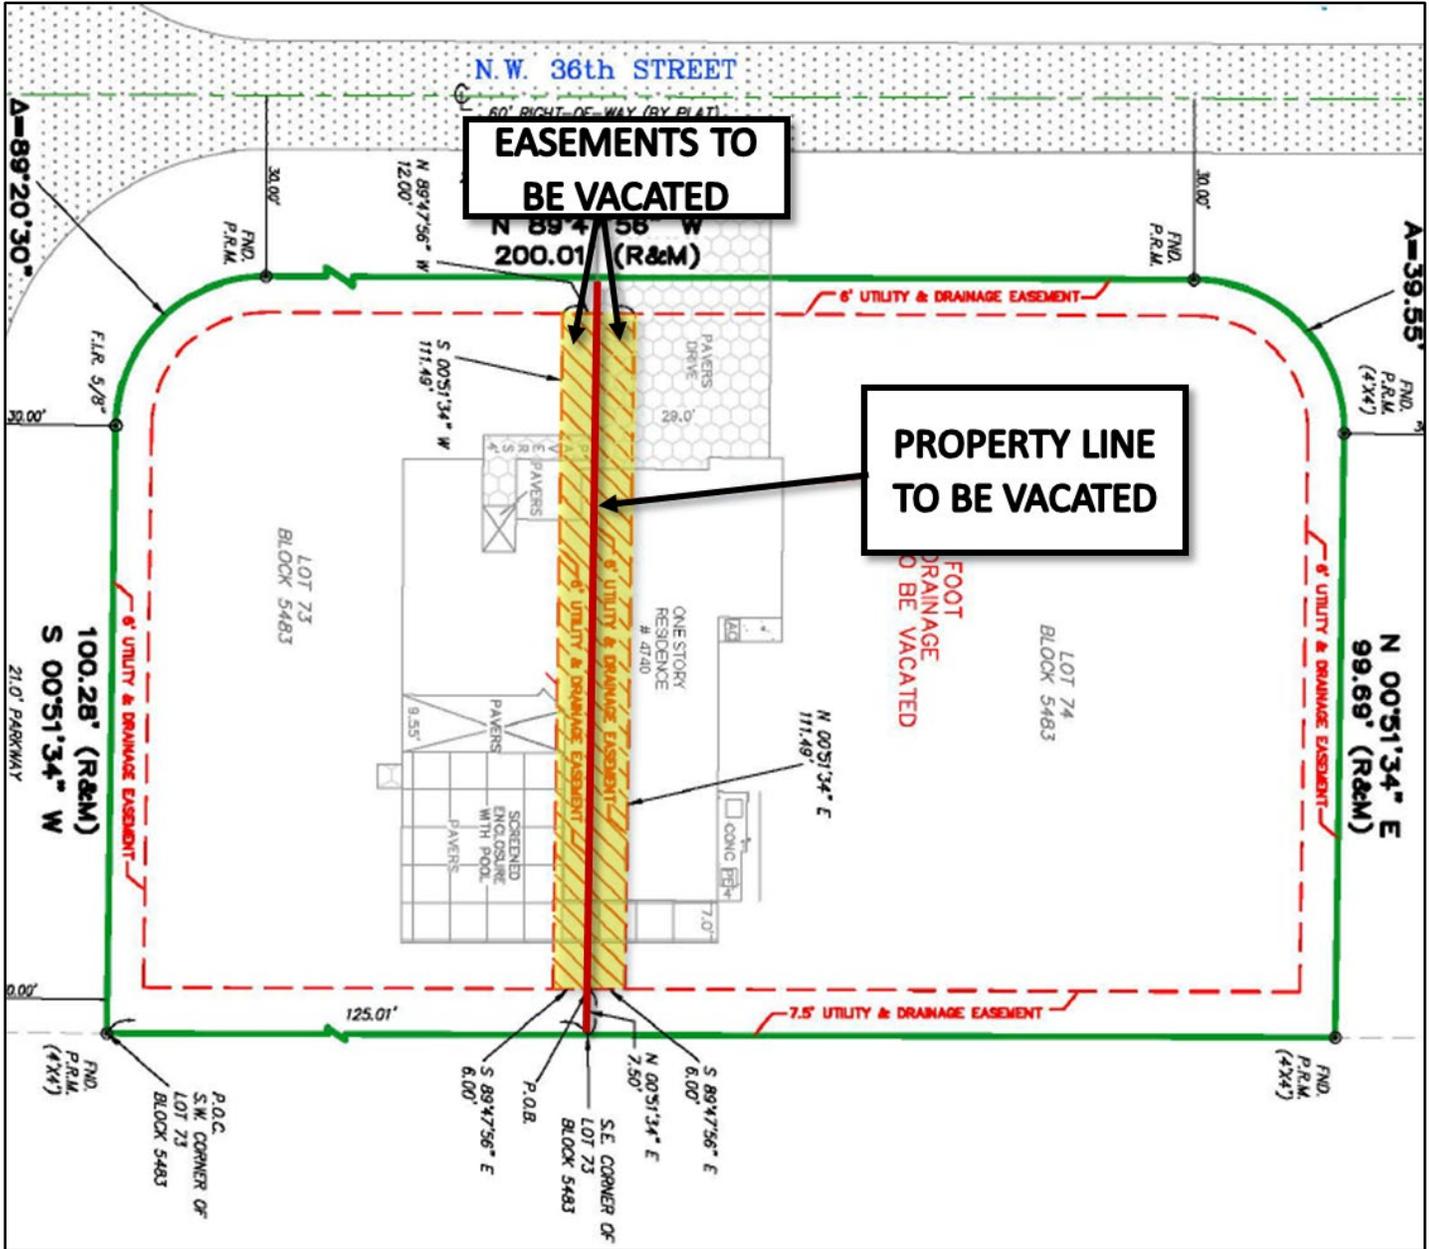

Figure 1: Diagram of Proposed Vacations

RECOMMENDATION

Based on the above analysis, staff recommends **APPROVAL** with the following conditions.

Conditions of Approval

- 1. The vacation of the two six-foot wide platted public utility and drainage easements along the common lot-line where Lot 73 and 74 meet within the site shall be consistent with that shown in the sketch and

accompanying legal description prepared by Miguel Espinosa, dated May 3, 2019, and entitled “*Specific Purpose Sketch: 4740 NW 36th St., Cape Coral, FL, 33993*”.

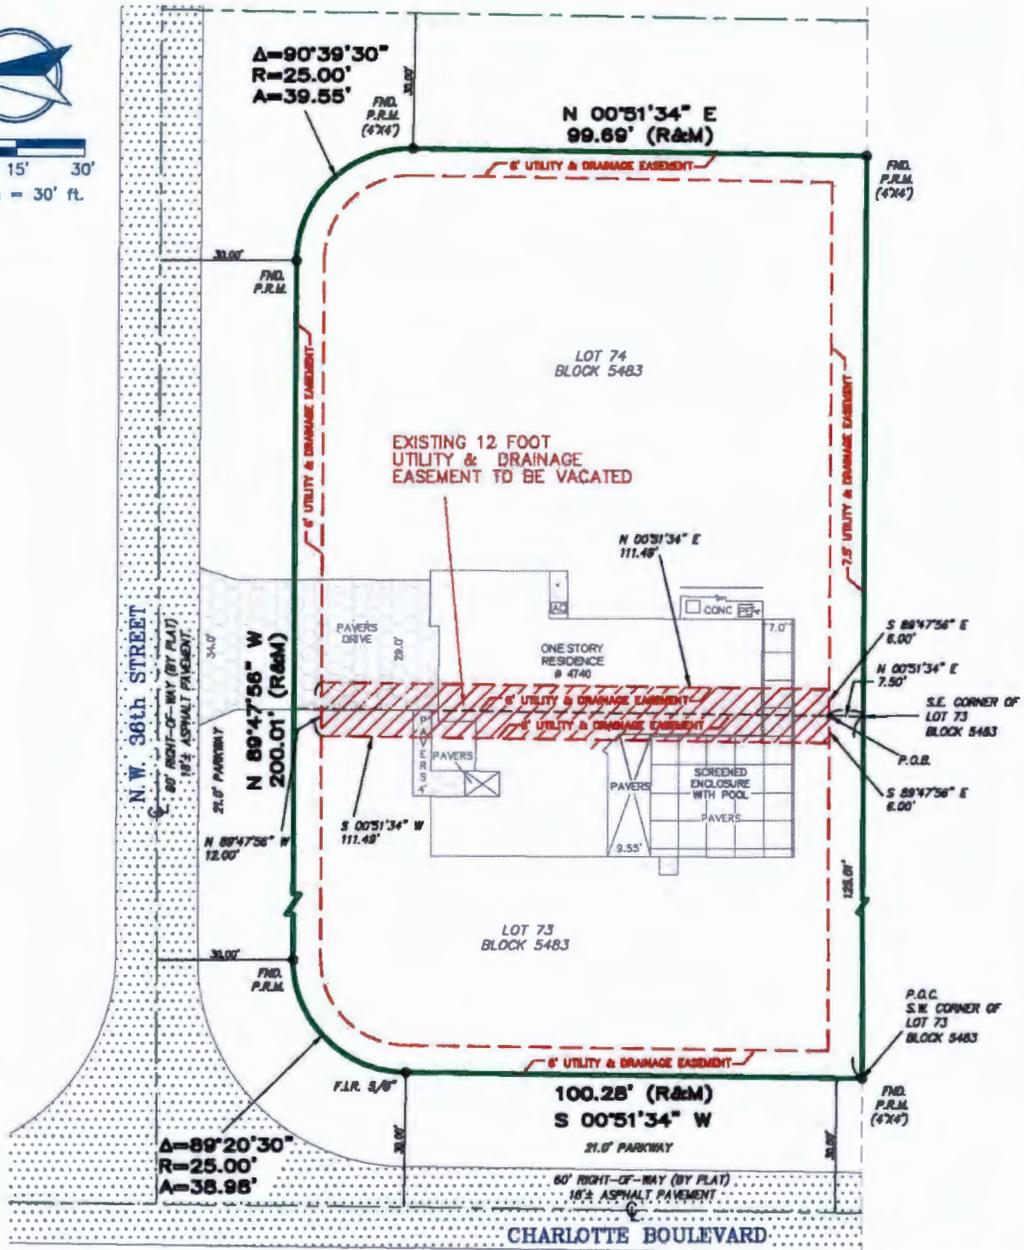

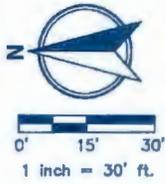

2. This resolution shall be recorded with the Office of the Lee County Clerk of Court by the City of Cape Coral. This resolution shall not be effectuated until the applicant reimburses the Department of Community Development for all recording fees associated with this resolution.

Re: Vacation of Easements – 4740 NW 36th ST, CAPE CORAL FL

Dear Mr. Walden:

Embarq Corporation, Inc. (d/b/a CenturyLink) has reviewed the document for the above referenced information. Based on the review, we have no objections to the proposed vacation of public utility easements shown on the plats provided.

If you should require additional information, please contact me at 239 336-2012.

Sincerely,

John C. Schroeder

Re: Letter of No Objection to Vacation of Utility Easement between Lots 73 and Lot 74 , 4740 NW 36th Street, Cape Coral, Florida 33993; Owner: Joseph Walden and Amy Walden, husband and wife; Strap#:244322C105483.0730

Dear Mr. Walden
Mrs. Walden:

You have opened up negotiations, on behalf of yourselves, concerning the vacation of a certain side utility easements at Lots 73 and 74, Block 5483, Spreader Waterway, Plat Book 32 Pages 48-111, inclusive. A sketch and description was created by Miguel Espinosa, PSM, of Online Land Surveyors, Inc., dated 5/3/2019, Sketch Code O-51291 which was most helpful.

We have reviewed the Plat, the request submitted, and our internal records. LCEC has **no objection** to the vacation as submitted and reflected in the request.

Should there be any questions please call me at 239-656-2112, or, if you prefer, I can be reached by email at russel.goodman@lcec.net.

Very truly yours,

UPCOMING PUBLIC HEARING: Notice is hereby given that the City of Cape Coral Hearing Examiner will hold a public hearing at 9:00AM on July 2, 2019 on the above-mentioned case. The public hearing will be held in the City of Cape Coral Council Chambers, 1015 Cultural Park Boulevard, Cape Coral, FL.

All interested parties are invited to appear and be heard. All materials presented before the Hearing Examiner will become a permanent part of the record. The public hearing may be continued to a time and date certain by announcement at this public hearing without any further published notice. Copies of the staff report will be available 5 days prior to the hearing. The file can be reviewed at the Cape Coral Community Development Department, Planning Division, 1015 Cultural Park Blvd., Cape Coral, FL.

After Hearing Examiner has made a written recommendation, the case will be scheduled for a public hearing before the City Council who will review the recommendation and make a final decision. You will receive another public hearing notice when this case is scheduled for a City Council hearing.

DETAILED INFORMATION: The case report and colored maps for this application are available at the City of Cape Coral website, www.capecoral.net/publichearing (Click on 'Public Hearing Information', use the case number referenced above to access the information); or, at the Planning Division counter at City Hall, between the hours of 7:30 AM and 4:30 PM.

HOW TO CONTACT: Any person may appear at the public hearing and be heard, subject to proper rules of conduct. You are allowed sufficient time to write or appear at the public hearing to voice your objections or approval. Written comments filed with the Director will be entered into the record. Please reference the case number above within your correspondence and mail to: Department of Community Development, Planning Division, P.O. Box 150027, Cape Coral, FL 33915-0027. The public hearing may be continued to a time and date certain by announcement at this public hearing without any further published notice.

ADA PROVISIONS: In accordance with the Americans With Disabilities Act, persons needing a special accommodation to participate in this proceeding

should contact the Human Resources Department whose office is located at Cape Coral City Hall, 1015 Cultural Park Boulevard, Cape Coral, Florida; telephone 1-239-574-0530 for assistance; if hearing impaired, telephone the Florida Relay Service Numbers, 1-800-955-8771 (TDD) or 1-800-955-8770 (v) for assistance.

MEMORANDUM

CITY OF CAPE CORAL
CITY MANAGER'S OFFICE

TO: Mayor Coviello and Council Members

FROM: John Szerlag, City Manager 
Connie Barron, Assistant City Manager 
Lisa Sonogo, Human Resources Director

DATE: July 17, 2019

SUBJECT: Ordinance 55-18, Emergency Pay for Non-bargaining Employees

Ordinance 55-18 addresses emergency pay revisions for exempt employees who work during City declared emergencies when City Hall has been closed. These revisions were incorporated into the International Union of Painters and Allied Trades (IUPAT) contract for exempt, bargaining employees. The contract was ratified by City Council on June 10. The attached Ordinance applies these emergency pay revisions to exempt, non-bargaining staff members.

Exempt staff who work during a City-declared emergency when City Hall has been closed will be compensated at two times their regular rate for the first eight hours worked per day, up to a maximum of 24 hours per event. The estimated maximum city-wide cost of the emergency pay revision is \$73,500 per event. These monies are eligible to be reimbursable by FEMA.

IUPAT represents a small group of exempt members, and their portion of the above estimate equates to approximately \$19,200 per event.

Additionally, the proposed ordinance clarifies the use of paid time off (PTO) / annual leave during City-declared emergencies for both exempt and non-exempt employees. If City doors are open, employees must use their own PTO / annual leave for absences. If the City Hall is closed and has suspended normal business operations, employees will be paid closure pay for their normal work hours. Their PTO / annual leave bank will not be charged.

Approval is requested.

JS/CB/LS:ac

Attachment: Ordinance 55-18

ORDINANCE 55 - 18

AN ORDINANCE AMENDING THE CITY OF CAPE CORAL CODE OF ORDINANCES, CHAPTER 2, ADMINISTRATION, ARTICLE III, PERSONNEL RULES AND REGULATIONS, TO ALLOW EXEMPT EMPLOYEES TO EARN ADDITIONAL PAY DURING A DECLARED EMERGENCY SUBJECT TO TERMS AND CONDITIONS; PROVIDING FOR SEVERABILITY AND AN EFFECTIVE DATE.

WHEREAS, when a state of emergency is declared by the City Council or City Manager, various circumstances may exist that require all employees or certain employees being required to work during a declared emergency; and

WHEREAS, the City of Cape Coral Code of Ordinances provides that non-exempt employees be paid two times their salary for hours worked during a declared emergency, and exempt employees be paid straight time for time worked during a declared emergency; and

WHEREAS, in order to provide exempt employees with an additional benefit for working during declared emergencies, the City Manager recommends that exempt employees earn additional compensation for certain hours worked during a declared emergency subject to the terms and conditions herein.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF CAPE CORAL, AS FOLLOWS:

SECTION 1. The City of Cape Coral Code of Ordinances, Chapter 2, Administration, Article III, Personnel Rules and Regulations, is hereby amended as follows:

CHAPTER 2 ADMINISTRATION

...

ARTICLE III: PERSONNEL RULES AND REGULATIONS

...

DIVISION 13. - COMPENSATION AND PAYMENT OF EXPENSES

...

§ 2-37.15 - Overtime compensation and compensatory leave.

(a) Employees who are required to work overtime shall receive compensation in accordance with the requirements of the law, including, but not limited to, the Fair Labor Standards Act (29 U.S.C. §§ 201-219), hereafter referred to as F.L.S.A., as same may hereafter from time to time be amended.

(b) Non-exempt employees are employees who have been classified as non-exempt for overtime pursuant to the F.L.S.A. Compensation for non-exempt employees is calculated as an hourly rate of pay.

Exempt Employees are employees who have been classified as exempt from overtime pursuant to the F.L.S.A. Compensation for exempt employees is an annual salary, paid in weekly installments. The weekly amount paid an exempt employee is calculated as an equivalent hourly amount based upon 40 work hours per week, regardless of the number of hours the employee actually works.

(~~b~~c) In lieu of the payment of overtime compensation, an employee may be allowed compensatory time off as provided in Division 11 of this article.

(~~e~~) ~~Employees who have been classified as exempt from overtime pursuant to the F.L.S.A. and who are requested to work during emergencies which have been declared by City Council will be compensated during such emergencies for time worked outside their normal scheduled hours of work. Such pay shall be calculated based on the employee's straight time hourly rate.~~

(d) ~~Employees who have been classified as non-exempt for overtime pursuant to the F.L.S.A. and who are requested to work during emergencies which have been declared by City Council will be compensated for time worked during said emergency at two times their normal rate of pay.~~

§ 2-37.16 – Compensation during declared emergencies.

(a) During an emergency which has been declared by City Council or the City Manager, the following shall apply for non-exempt employees:

- (1) When City Hall is open during a declared emergency and a non-exempt employee works their normal scheduled hours, the employee will be compensated for time worked during said emergency at two times their normal rate of pay.
- (2) When City Hall is open during a declared emergency and a non-exempt employee works additional hours outside of their normal scheduled hours, the employee will be compensated for hours worked during said emergency calculated as overtime at two times their normal rate of pay.
- (3) When City Hall is closed due to a declared emergency, non-exempt employees who are not requested to work receive compensation for their normal work hours at their normal rate of pay. Non-exempt employees who work during the time City Hall is closed shall receive compensation at the rate of two times their normal rate of pay for any hours worked.
- (4) When a non-exempt employee is on leave at the time an emergency is declared and City Hall is closed, the employee shall be paid for their normal scheduled hours of work and will not have leave hours deducted. When a non-exempt employee is requested to work during a declared emergency when scheduled for approved leave, the employee shall be compensated as set forth in Section 2-37.16(a)(1)(2) and (3) above. Any time City Hall is open during a declared emergency, an employee who either was on leave prior to the declared emergency or does not report to work for any reason, shall be deducted leave hours for all hours of their normal number of work hours the employee is not at work.

(b) During an emergency which has been declared by City Council or the City Manager, the following shall apply for exempt employees:

- (1) When City Hall is open during a declared emergency and an exempt employee is requested to work, the employee will be compensated for all hours worked during said emergency at their normal equivalent hourly rate of pay, whether they work normal scheduled hours or hours outside of their normal scheduled hours of work, regardless of the day of the week.
- (2) When City Hall is closed during a declared emergency, exempt employees who do not work, shall receive compensation for their normal work hours at their normal rate of pay.
- (3) When City Hall is closed during a declared emergency, exempt employees who are requested to work during the declared emergency shall earn additional compensation. Additional compensation is pay in the amount of two times the normal rate of pay and is in lieu of the normal rate of pay. The additional compensation may only be earned on Monday through Friday for the first eight hours of the workday, for a maximum daily amount of eight hours. The maximum amount of additional compensation permitted to be earned per declared emergency when City hall is closed is twenty-four (24) hours. For all hours worked when an employee is not eligible for additional compensation, exempt employees shall be paid their normal rate of pay.
- (4) When an exempt employee is on approved leave during a declared emergency and City Hall is closed, the employee shall be paid for an employee's normal scheduled hours of work and will not have leave hours deducted. When an exempt employee is requested to work during a declared emergency when scheduled for approved leave, the employee shall be compensated as set forth in Section 2-37.16(b) above. Any time City Hall is open during a declared emergency, an employee who either was on leave

prior to the declared emergency or does not report to work for any reason, shall be deducted leave time for any number of hours up to eight hours per day that the employee is not at work.

SECTION 2. Severability. In the event that any portion or Section of this ordinance is determined to be invalid, illegal or unconstitutional by a court of competent jurisdiction, such decision shall in no manner affect the remaining portions or Sections of this ordinance which shall remain in full force and effect.

SECTION 3. Effective Date. This ordinance shall become effective immediately after its adoption by the Cape Coral City Council.

ADOPTED BY THE COUNCIL OF THE CITY OF CAPE CORAL AT ITS REGULAR SESSION THIS _____ DAY OF _____, 2019.

SUBJECT: Lake Okeechobee Level and Release Information

As of Friday, July 19, 2019, the elevation of Lake Okeechobee was 11.47 ft. The US Army Corps of Engineers were releasing 78 cfs from Lake Okeechobee at the Moore Haven Lock (S-77). However, due to the natural drainage of the Caloosahatchee basin in the rainy season, outflow measured at the Franklin Lock & Dam (S-79) was 1,446 cfs. The salinity at the Fort Myers Yacht Basin was 3 PSU and 25 PSU at Shell Point. Hypoxic events have been observed at Beautiful Island and the Fort Myers Yacht basin this past month.

Blue Green Algae is still present in Lake Okeechobee; potentially covering 25% of the lake; and along the Caloosahatchee; however, the most recent water samples along the river did not contain toxins. The US Army Corps of Engineers are conducting a 10-days pilot study at S-77 to test a water treatment technology.

The Fertilizer Black-out Period per City Code began on June 1st and will continue until September 30th. Fertilizer containing nitrogen and phosphorus may not be applied during this time city-wide.

Many of our freshwater canals have had fragmented tape grass floating at the surface. This is an occasional and natural phenomenon; the material will sink and dissipate on its own. Residents concerned about water quality are encouraged to get in touch with the City via 311. Biologists will get in touch with them within 24 hours. Staff is working with the Lee County Hyacinth Control District on solutions and a public outreach meeting for residents has been scheduled for Monday, July 22.

Red Tide remains at background concentration in Lee County.

Attached is a map showing drainage basins of the Lake Okeechobee and the current Lake's inflows and outflows from the USACOE.

Resolution 157-19 Resolution of Necessity - Crystal Lake - Lot 2, Block 5477, Unit 90

REQUESTED ACTION:

Approve or Deny

STRATEGIC PLAN INFO:

1. Will this action result in a Budget Amendment? No
2. Is this a Strategic Decision? Yes
If Yes, Priority Goals Supported are listed below.
If No, will it harm the intent or success of the Strategic Plan?

ELEMENT F: ENHANCE THE QUALITY OF LIFE THROUGH ARTS AND CULTURE TO CREATE AND PROMOTE A VIBRANT, CULTURALLY DIVERSE COMMUNITY.

PLANNING & ZONING/HEARING EXAMINER/STAFF RECOMMENDATIONS:

SUMMARY EXPLANATION AND BACKGROUND:

Crystal Lake Park is a concept park approved by City Council to establish an additional park that includes a walking path, fitness stations, picnic shelter and grill areas. The concept plan includes a beach, aqua park, cable water ski, scuba diving area, and food truck area. The park site is located west of Old Burnt Store Road along the south side of Caloosa Parkway in northwest Cape Coral. In 2012, the City acquired the parcels surrounding Crystal Lake, as well as several lots at the north end of Flagstone Canal. Staff has discussed developing a boat ramp at the north end of Flagstone Canal to offer additional boating access to the Spreader Waterway System and eventually the Gulf of Mexico. With the recent approval of a Parks General Obligation Bond, staff notified the five property owners along Flagstone Canal of the City's desire to complete its acquisitions for the future park. Currently, the City owns 7 of the 11 parcels required for Crystal Lake Park. The Resolution of Necessity authorizes the City Manager, City Attorney and outside Eminent Domain Counsel to take necessary actions to acquire the remaining property.

SUBJECT: GO Bond Parks Land Acquisition
Crystal Lake Park, Lake Meade Park, Festival Park
Resolutions of Necessity

BACKGROUND:

In the summer of 2000, in response to the rapidly growing population and further realization of the City's deficiencies in parks and recreation facilities, the City of Cape Coral engaged a professional consulting firm to prepare a ten-year Parks and Recreation Master Plan to guide decisions through 2010. The Parks and Recreation Master Plan 2010 ("Master Plan" or "Plan") was adopted by City Council in March 2002.

The Master Plan highlighted the pre-platted nature of Cape Coral which provided less than 1% of sites over 10 acres in size. The lack of large parcels was identified as a serious concern for meeting the City's needs for parks and recreation. The Plan analyzed the existing park needs (ie., alterations or improvements), general parks and recreation needs (ie., accessibility, parking, types of parks needed) and identified available areas for proposed parks.

In that study, the analysis included a public involvement process in which the City Parks and Recreation Department selected a steering committee to guide the development of the Parks Master Plan. The steering committee consisted of both public and private sector members. Public involvement also included a mass survey of 5,000 households, public workshops, along with input from Parks supervisory staff, City Department Directors and outside community organizations. The process included an inventory of existing park facilities and a study of the future needs through the provision of parks to meet identified level of service (LOS) needs. The study noted that the natural resources of the City of Cape Coral were unique in that 78% of ecological communities had been removed during the initial land development process.

The study concluded the City had numerous current and future park and recreational needs for 2000, 2005 and 2010. These included, but were not limited to, a large regional park in excess of 200 acres, an ecological park to meet the City's water-oriented recreational needs and a community park which would also provide freshwater related recreational opportunities.

In 2016 the City commissioned an update to the Parks Master Plan to identify existing conditions, community needs, funding opportunities, planning actions and land acquisition needs due to the City's population increase since the initial Parks Master Plan in 2002. The population increased from 102,286 in 2000 to an estimated 175,200 in the year 2015, a 71% rate of growth. As the City's population and density increases the demand for parks and recreation facilities increases in order to maintain the desired level of service.

In regard to the amount of park land required for the City's residents, the 2016 Update further stated based on *"the City's 2015 population estimates, the City needed an additional 660 acres to meet the City's established LOS (level of service) standard of 8.5 acres per 1,000 population. It would also need 336 acres of regional park land, 291 acres of community park land, and 291 acres of neighborhood park land. Once the City reaches its buildout population of 400,000, the City will need 2,570 acres: 1,235 acres of regional park land, 741 acres of community park land, and 741 acres of neighborhood park land."* [emphasis added]

In November 2018 the electorate approved the use of General Obligation (GO) funding to deliver up to \$60 million to develop much needed neighborhood parks and community parks, complete improvements to existing park facilities and land acquisition.

CRYSTAL LAKE PARK:

The Parks Master Plan identified the area surrounding Crystal Lake as an opportunity for environmental education, picnicking or other activities in conjunction with the State conservation lands to the north. It further stated the area may be appropriate for future development as a northwest Community Park beyond the year 2010. The Plan also recognized the need for additional boat access to the saltwater and freshwater systems. The Crystal Lake Park properties at the north end of Flagstone Canal would address this deficit. The Plan recommended *"parks that have frontage or access to waterways either freshwater or saltwater should emphasize and utilize the water resource to provide opportunities of water related recreation activities including but not limited to boating and fishing"*.

The City's acquisition of properties surrounding Crystal Lake in 2012 was the initial step towards securing land to address the community's demand for additional water-related

activities such as boating, kayaking, swimming and aquatic play in the northwest quadrant of the City. This need for additional water-related amenities was reaffirmed in the 2016 Needs Assessment, which was conducted as part of the Master Plan. Crystal Lake Park would address a number of the top priorities for investment as identified in the 2016 Master Plan Update including: Beach, Large Community Parks, Trails, Fishing Areas, and Boating/Kayaking areas.

The proposed Crystal Lake Park is located west of Old Burnt Store Road, along the south side of Caloosa Parkway in northwest Cape Coral and is an assemblage of 11 parcels. The City currently owns 7 of the required properties that encompass the park. All of the remaining properties to acquire are vacant sites. Resolution 157-19 through 160-19 reflect the parcels not under City ownership and authorize the necessary actions to acquire the remaining 4 properties.

LAKE MEADE PARK:

In 1989 as part of the City of Cape Coral's Comprehensive Plan, the City adopted the Recreation and Open Space Element and the first Future Land Use Map. The map identified Lake Meade Park as a future Community Park for the northeast portion of the City. The identified area was comprised of 103 platted parcels. The park area included two large platted blocks deeded by Lee County to the City of Cape Coral in 1971. The two blocks combined totaled approximately 11 acres and provide waterfront access to Lake Meade.

Lake Meade Park is centered in another underserved area of northeast Cape Coral as identified in the previous Master Plans. This future park has been identified to address a number of community demands and deficiencies including: a skate park, a dog park, boating/kayaking areas in freshwater systems, trails, and a playground in an area of the City where we do not currently have a public playground.

Lake Meade Park is located on the south side of Kismet Parkway East, just west of Del Prado Boulevard in northeast Cape Coral and is an assemblage of 103 parcels. The City currently owns 88 of the 103 parcels required for the park. Of those remaining 15 parcels, two properties are improved. Resolution 161-19 through Resolution 175-19 authorizes the necessary actions to acquire the remaining 15 parcels.

FESTIVAL PARK:

The 2010 Master Plan identified the need for a "festival gathering area" for large special events and considered three alternative areas. The assemblage of parcels surrounding

the City's current ownership of Seahawk Park; an assemblage of parcels on the north side of Del Prado Boulevard North – north of the City's Major Park; and an undesignated area along Pine Island Road. The recommended preferred location was in Cape Coral Unit 43 surrounding the existing Seahawk Park. At a 2003 Strategic Planning Session, City Council directed Staff to begin purchasing properties for a future park site, now known as Festival Park.

Festival Park is proposed to be a large multi-use community park offering an open concert venue, athletic fields such as a soccer complex, recreation trail, freshwater access and future opportunities for a recreation center and amphitheater.

Festival Park is located just east of Chiquita Boulevard North, less than one-half mile north of Kismet Parkway West in Cape Coral Unit 43. Festival Park encompasses an assemblage of 517 parcels, of which the City currently owns 449 of the parcels within the boundaries of the proposed park. Included in the remaining 68 properties to acquire is one improved parcel. Resolution 176-19 through Resolution 243-19 authorizes the necessary actions to acquire the remaining 68 properties.

RECOMMENDATION:

Approve the 4 Resolutions of Necessity (Res. 157-19 through 160-19) to authorize the City Manager, City Attorney and outside Eminent Domain Counsel to take the necessary actions to acquire the remaining 4 properties for Crystal Lake Park, all of which are vacant.

Approve the 15 Resolutions of Necessity (Res. 161-19 through 175-19) to authorize the City Manager, City Attorney and outside Eminent Domain Counsel to take the necessary actions to acquire the remaining 15 properties for Lake Meade Park, of which two properties are improved and 13 are vacant.

Approve the 68 Resolutions of Necessity (Res. 176-19 through 243-19) to authorize the City Manager, City Attorney and outside Eminent Domain Counsel to take the necessary actions to acquire the remaining 68 properties for Festival Park, of which one property is improved and 67 are vacant.

RESOLUTION 157-19

A RESOLUTION OF NECESSITY DECLARING A REASONABLE NECESSITY TO ACQUIRE CERTAIN PROPERTY IDENTIFIED AS LOT 2, BLOCK 5477, UNIT 90, CAPE CORAL SUBDIVISION, AS MORE PARTICULARLY DESCRIBED HEREIN, LOCATED AT 3712 NW 36TH PLACE, FOR THE PURPOSE OF COMPLETING THE DEVELOPMENT OF A PARK IDENTIFIED AS CRYSTAL LAKE PARK; AUTHORIZING THE CITY MANAGER TO ACQUIRE FEE SIMPLE INTEREST IN THE PROPERTY BY DONATION, PURCHASE, OR EMINENT DOMAIN; AUTHORIZING THE CITY ATTORNEY TO ACQUIRE FEE SIMPLE INTEREST IN THE PROPERTY BY THE INSTITUTION OF PROCEEDINGS IN EMINENT DOMAIN, AND PROVIDING AN EFFECTIVE DATE.

WHEREAS the City of Cape Coral is one of the fastest growing municipalities within the State of Florida; and

WHEREAS the exceptional growth in the City has greatly increased the demand for park and recreation facilities for the residents of the City of Cape Coral; and

WHEREAS as a result of the foregoing, present need and long-range planning require the City to provide additional park and outdoor recreation facilities for the residents of the City of Cape Coral; and

WHEREAS the City Council of the City of Cape Coral, having considered information provided by the City Manager, City Staff, professional consultants, and the City of Cape Coral Parks and Recreation Master Plan 2016, has determined it to be necessary and in the public interest to acquire the additional property identified herein for the completion of Crystal Lake Park; and

WHEREAS, the citizens of the City of Cape Coral approved the Parks General Obligation Bond in a November 2018 referendum which made \$60 Million available for various parks projects in the City including the completion of Crystal Lake Park; and

WHEREAS the City of Cape Coral has previously acquired 7 of the 11 parcels necessary for the completion of Crystal Lake Park and the acquisition of all of the 4 remaining necessary parcels is addressed by this resolution and contemporaneous companion resolutions for each of the other remaining parcels; and

WHEREAS the City of Cape Coral, Florida is authorized pursuant to Chapter 166, Florida Statutes, to acquire property for municipal purposes through the power of eminent domain.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF CAPE CORAL, FLORIDA, AS FOLLOWS:

SECTION 1. The recitals contained above are true, correct, and incorporated herein by reference in this Resolution and are made a part of this Resolution as if they were set forth in full below.

SECTION 2. The City of Cape Coral finds it necessary and in the public interest to acquire the real property described as Lot 2, Block 5477, Unit 90, Cape Coral Subdivision, as recorded in Plat Book 24, Pages 12 through 29, inclusive, of the Public Records of Lee County, Florida, Strap Number 244322C1054770020, referred to as Project Parcel CL-001, located at 3712 NW 36th Place, to provide additional park and outdoor recreation facilities for the growing population of the City of Cape Coral. These facilities will benefit the health, safety and welfare of the growing population of the City of Cape Coral.

SECTION 3. The City Manager, City Attorney and outside Eminent Domain Counsel are hereby authorized and directed to immediately proceed to take the necessary steps for the City of Cape Coral to acquire in its own name, by donation, purchase or eminent domain proceedings pursuant to Chapters 73, 74 and 166, Florida Statutes and all other statutory or common law granting the City the power to acquire property utilizing the power of eminent domain, the real property described in Section 2 above, in fee simple, for the above-described public use or purpose, including the institution of an eminent domain action and the filing of a Declaration of Taking, and to have prepared in the name of the City of Cape Coral, Lee County, Florida, all papers, pleadings, and other instruments required for this purpose, and to ensure any eminent domain proceedings which may be instituted are prosecuted through Final Judgment. The City Attorney, outside Eminent Domain Counsel and any

other City employees or agents are further authorized and directed to take such further actions as are reasonably required to accomplish the purposes identified herein.

SECTION 4. The City Manager is hereby authorized, empowered and directed to contact the owner(s) and other persons that may hold an interest in the property described in Section 2 above, and to negotiate the purchase of such property interests for the City. These parcels are being appraised by a well-qualified and licensed appraiser engaged by the City. The City Manager is hereby authorized, empowered and directed to offer the owner(s) an amount not to exceed 20% above the appraised value of such property as determined by the appraiser engaged by the City.

SECTION 5. This resolution shall take effect immediately upon its adoption.

AGENDA REQUEST FORM
CITY OF CAPE CORAL

TITLE:

Resolution 158-19 Resolution of Necessity - Crystal Lake Lots 5 and 6, Block 5477, Unit 90

REQUESTED ACTION:

Approve or Deny

STRATEGIC PLAN INFO:

1. Will this action result in a Budget Amendment? No
2. Is this a Strategic Decision? Yes
If Yes, Priority Goals Supported are listed below.
If No, will it harm the intent or success of the Strategic Plan?

ELEMENT F: ENHANCE THE QUALITY OF LIFE THROUGH ARTS AND CULTURE TO CREATE AND PROMOTE A VIBRANT, CULTURALLY DIVERSE COMMUNITY.

PLANNING & ZONING/HEARING EXAMINER/STAFF RECOMMENDATIONS:

SUMMARY EXPLANATION AND BACKGROUND:

Crystal Lake Park is a concept park approved by City Council to establish an additional park that includes a walking path, fitness stations, picnic shelter and grill areas. The concept plan includes a beach, aqua park, cable water ski, scuba diving area, and food truck area. The park site is located west of Old Burnt Store Road along the south side of Caloosa Parkway in northwest Cape Coral. In 2012, the City acquired the parcels surrounding Crystal Lake, as well as several lots at the north end of Flagstone Canal. Staff has discussed developing a boat ramp at the north end of Flagstone Canal to offer additional boating access to the Spreader Waterway System and eventually the Gulf of Mexico. With the recent approval of a Parks General Obligation Bond, staff notified the five property owners along Flagstone Canal of the City's desire to complete its acquisitions for the future park. Currently, the City owns 7 of the 11 parcels required for Crystal Lake Park. The Resolution of Necessity authorizes the City Manager, City Attorney and outside Eminent Domain Counsel to take necessary actions to acquire the remaining property.

RESOLUTION 158-19

A RESOLUTION OF NECESSITY DECLARING A REASONABLE NECESSITY TO ACQUIRE CERTAIN PROPERTY IDENTIFIED AS LOTS 5 AND 6, BLOCK 5477, UNIT 90, CAPE CORAL SUBDIVISION, AS MORE PARTICULARLY DESCRIBED HEREIN, LOCATED AT 3700 NW 46TH PLACE, FOR THE PURPOSE OF COMPLETING THE DEVELOPMENT OF A PARK IDENTIFIED AS CRYSTAL LAKE PARK; AUTHORIZING THE CITY MANAGER TO ACQUIRE FEE SIMPLE INTEREST IN THE PROPERTY BY DONATION, PURCHASE, OR EMINENT DOMAIN; AUTHORIZING THE CITY ATTORNEY TO ACQUIRE FEE SIMPLE INTEREST IN THE PROPERTY BY THE INSTITUTION OF PROCEEDINGS IN EMINENT DOMAIN, AND PROVIDING AN EFFECTIVE DATE.

WHEREAS the City of Cape Coral is one of the fastest growing municipalities within the State of Florida; and

WHEREAS the exceptional growth in the City has greatly increased the demand for park and recreation facilities for the residents of the City of Cape Coral; and

WHEREAS as a result of the foregoing, present need and long-range planning require the City to provide additional park and outdoor recreation facilities for the residents of the City of Cape Coral; and

WHEREAS the City Council of the City of Cape Coral, having considered information provided by the City Manager, City Staff, professional consultants, and the City of Cape Coral Parks and Recreation Master Plan 2016, has determined it to be necessary and in the public interest to acquire the additional property identified herein for the completion of Crystal Lake Park; and

WHEREAS, the citizens of the City of Cape Coral approved the Parks General Obligation Bond in a November 2018 referendum which made \$60 Million available for various parks projects in the City including the completion of Crystal Lake Park; and

WHEREAS the City of Cape Coral has previously acquired 7 of the 11 parcels necessary for the completion of Crystal Lake Park and the acquisition of all of the 4 remaining necessary parcels is addressed by this resolution and contemporaneous companion resolutions for each of the other remaining parcels; and

WHEREAS the City of Cape Coral, Florida is authorized pursuant to Chapter 166, Florida Statutes, to acquire property for municipal purposes through the power of eminent domain.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF CAPE CORAL, FLORIDA, AS FOLLOWS:

SECTION 1. The recitals contained above are true, correct, and incorporated herein by reference in this Resolution and are made a part of this Resolution as if they were set forth in full below.

SECTION 2. The City of Cape Coral finds it necessary and in the public interest to acquire the real property described as Lots 5 and 6, Block 5477, Unit 90, Cape Coral Subdivision, as recorded in Plat Book 24, Pages 12 through 29, inclusive, of the Public Records of Lee County, Florida, Strap Number 244322C1054770050, referred to as Project Parcel CL-002, located at 3700 NW 46th Place, to provide additional park and outdoor recreation facilities for the growing population of the City of Cape Coral. These facilities will benefit the health, safety and welfare of the growing population of the City of Cape Coral.

SECTION 3. The City Manager, City Attorney and outside Eminent Domain Counsel are hereby authorized and directed to immediately proceed to take the necessary steps for the City of Cape Coral to acquire in its own name, by donation, purchase or eminent domain proceedings pursuant to Chapters 73, 74 and 166, Florida Statutes and all other statutory or common law granting the City the power to acquire property utilizing the power of eminent domain, the real property described in Section 2 above, in fee simple, for the above-described public use or purpose, including the institution of an eminent domain action and the filing of a Declaration of Taking, and to have prepared in the name of the City of Cape Coral, Lee County, Florida, all papers, pleadings, and other instruments required for this purpose, and to ensure any eminent domain proceedings which may be instituted are

prosecuted through Final Judgment. The City Attorney, outside Eminent Domain Counsel and any other City employees or agents are further authorized and directed to take such further actions as are reasonably required to accomplish the purposes identified herein.

SECTION 4. The City Manager is hereby authorized, empowered and directed to contact the owner(s) and other persons that may hold an interest in the property described in Section 2 above, and to negotiate the purchase of such property interests for the City. These parcels are being appraised by a well-qualified and licensed appraiser engaged by the City. The City Manager is hereby authorized, empowered and directed to offer the owner(s) an amount not to exceed 20% above the appraised value of such property as determined by the appraiser engaged by the City.

ELEMENT F: ENHANCE THE QUALITY OF LIFE THROUGH ARTS AND CULTURE TO CREATE AND PROMOTE A VIBRANT, CULTURALLY DIVERSE COMMUNITY.

PLANNING & ZONING/HEARING EXAMINER/STAFF RECOMMENDATIONS:

SUMMARY EXPLANATION AND BACKGROUND:

Lake Meade Park is a concept park approved by City Council to establish a community park. The park proposal includes an indoor recreation center, neighborhood park amenities such as athletic courts, playground, fitness stations, dog park, fishing pier, skate park, and boat ramps. The park site is located on the south side of Kismet Parkway East, just west of Del Prado Boulevard North. Lake Meade Park was designated as a community park on the City of Cape Coral Land Use map in 1989. Over the years, staff has been working with various owners in the park area to purchase properties on a voluntary basis. With the recent approval of a Parks General Obligation Bond, City staff has notified property owners within the Lake Meade Park area of the City's desire to complete its acquisitions within the park. Currently, the City owns 88 of the 103 parcels required for Lake Meade Park. The Resolution of Necessity authorizes the City Manager, City Attorney and outside Eminent Domain Counsel to take necessary actions to acquire the remaining property.

Over the years, staff has been working with various owners in the park area to purchase properties on a voluntary basis. With the recent approval of a Parks General Obligation Bond, City staff has notified property owners within the Lake Meade Park area of the City's desire to complete its acquisitions within the park. Currently, the City owns 88 of the 103 parcels required for Lake Meade Park. The Resolution of Necessity authorizes the City Manager, City Attorney and outside Eminent Domain Counsel to take necessary actions to acquire the remaining property.

RESOLUTION 162 - 19

A RESOLUTION OF NECESSITY DECLARING A REASONABLE NECESSITY TO ACQUIRE CERTAIN PROPERTY IDENTIFIED AS LOTS 1 AND 2, BLOCK 2150, UNIT 32, CAPE CORAL SUBDIVISION, AS MORE PARTICULARLY DESCRIBED HEREIN, LOCATED AT 2308 NE 11TH AVENUE, FOR THE PURPOSE OF COMPLETING THE DEVELOPMENT OF A PARK IDENTIFIED AS LAKE MEADE PARK; AUTHORIZING THE CITY MANAGER TO ACQUIRE FEE SIMPLE INTEREST IN THE PROPERTY BY DONATION, PURCHASE, OR EMINENT DOMAIN; AUTHORIZING THE CITY ATTORNEY TO ACQUIRE FEE SIMPLE INTEREST IN THE PROPERTY BY THE INSTITUTION OF PROCEEDINGS IN EMINENT DOMAIN, AND PROVIDING AN EFFECTIVE DATE.

WHEREAS the City of Cape Coral is one of the fastest growing municipalities within the State of Florida; and

WHEREAS the exceptional growth in the City has greatly increased the demand for park and recreation facilities for the residents of the City of Cape Coral; and

WHEREAS as a result of the foregoing, present need and long-range planning require the City to provide additional park and outdoor recreation facilities for the residents of the City of Cape Coral; and

WHEREAS the City Council of the City of Cape Coral, having considered information provided by the City Manager, City Staff, professional consultants, and the City of Cape Coral Parks and Recreation Master Plan 2016, has determined it to be necessary and in the public interest to acquire the additional property identified herein for the completion of Lake Meade Park; and

WHEREAS, the citizens of the City of Cape Coral approved the Parks General Obligation Bond in a November 2018 referendum which made \$60 Million available for various parks projects in the City including the completion of Lake Meade Park; and

WHEREAS the City of Cape Coral has previously acquired 88 of the 103 parcels necessary for the completion of Lake Meade Park and the acquisition of all of the 15 remaining necessary parcels is addressed by this resolution and contemporaneous companion resolutions for each of the other remaining parcels; and

WHEREAS the City of Cape Coral, Florida is authorized pursuant to Chapter 166, Florida Statutes, to acquire property for municipal purposes through the power of eminent domain.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF CAPE CORAL, FLORIDA, AS FOLLOWS:

SECTION 1. The recitals contained above are true, correct, and incorporated herein by reference in this Resolution and are made a part of this Resolution as if they were set forth in full below.

SECTION 2. The City of Cape Coral finds it necessary and in the public interest to acquire the real property described as Lots 1 and 2, Block 2150, Unit 32, Cape Coral Subdivision, as recorded in Plat Book 16, Pages 1 through 13, inclusive, of the Public Records of Lee County, Florida, Strap Number 314324C1021500010, referred to as Project Parcel LM-002, located at 2308 NE 11th Avenue, to provide additional park and outdoor recreation facilities for the growing population of the City of Cape Coral. These facilities will benefit the health, safety and welfare of the growing population of the City of Cape Coral.

SECTION 3. The City Manager, City Attorney and outside Eminent Domain Counsel are hereby authorized and directed to immediately proceed to take the necessary steps for the City of Cape Coral to acquire in its own name, by donation, purchase or eminent domain proceedings pursuant to Chapters 73, 74 and 166, Florida Statutes and all other statutory or common law granting the City the power to acquire property utilizing the power of eminent domain, the real property described in Section 2 above, in fee simple, for the above-described public use or purpose, including the institution of an eminent domain action and the filing of a Declaration of Taking, and to have prepared in the name of the City of Cape Coral, Lee County, Florida, all papers, pleadings, and other instruments required for this purpose, and to ensure any eminent domain proceedings which may be instituted are

prosecuted through Final Judgment. The City Attorney, outside Eminent Domain Counsel and any other City employees or agents are further authorized and directed to take such further actions as are reasonably required to accomplish the purposes identified herein.

SECTION 4. The City Manager is hereby authorized, empowered and directed to contact the owner(s) and other persons that may hold an interest in the property described in Section 2 above, and to negotiate the purchase of such property interests for the City. These parcels are being appraised by a well-qualified and licensed appraiser engaged by the City. The City Manager is hereby authorized, empowered and directed to offer the owner(s) an amount not to exceed 20% above the appraised value of such property as determined by the appraiser engaged by the City.

SECTION 5. This resolution shall take effect immediately upon its adoption.

PLANNING & ZONING/HEARING EXAMINER/STAFF RECOMMENDATIONS:

SUMMARY EXPLANATION AND BACKGROUND:

Lake Meade Park is a concept park approved by City Council to establish a community park. The park proposal includes an indoor recreation center, neighborhood park amenities such as athletic courts, playground, fitness stations, dog park, fishing pier, skate park, and boat ramps. The park site is located on the south side of Kismet Parkway East, just west of Del Prado Boulevard North. Lake Meade Park was designated as a community park on the City of Cape Coral Land Use map in 1989. Over the years, staff has been working with various owners in the park area to purchase properties on a voluntary basis. With the recent approval of a Parks General Obligation Bond, City staff has notified property owners within the Lake Meade Park area of the City's desire to complete its acquisitions within the park. RESOLUTION 166 - 19

A RESOLUTION OF NECESSITY DECLARING A REASONABLE NECESSITY TO ACQUIRE CERTAIN PROPERTY IDENTIFIED AS LOTS 5 AND 6, BLOCK 2158, UNIT 32, CAPE CORAL SUBDIVISION, AS MORE PARTICULARLY DESCRIBED HEREIN, LOCATED AT 1108 NE 23RD STREET, FOR THE PURPOSE OF COMPLETING THE DEVELOPMENT OF A PARK IDENTIFIED AS LAKE MEADE PARK; AUTHORIZING THE CITY MANAGER TO ACQUIRE FEE SIMPLE INTEREST IN THE PROPERTY BY DONATION, PURCHASE, OR EMINENT DOMAIN; AUTHORIZING THE CITY ATTORNEY TO ACQUIRE FEE SIMPLE INTEREST IN THE PROPERTY BY THE INSTITUTION OF PROCEEDINGS IN EMINENT DOMAIN, AND PROVIDING AN EFFECTIVE DATE.

WHEREAS the City of Cape Coral is one of the fastest growing municipalities within the State of Florida; and

WHEREAS the exceptional growth in the City has greatly increased the demand for park and recreation facilities for the residents of the City of Cape Coral; and

WHEREAS as a result of the foregoing, present need and long-range planning require the City to provide additional park and outdoor recreation facilities for the residents of the City of Cape Coral; and

WHEREAS the City Council of the City of Cape Coral, having considered information provided by the City Manager, City Staff, professional consultants, and the City of Cape Coral Parks and Recreation Master Plan 2016, has determined it to be necessary and in the public interest to acquire the additional property identified herein for the completion of Lake Meade Park; and

WHEREAS, the citizens of the City of Cape Coral approved the Parks General Obligation Bond in a November 2018 referendum which made \$60 Million available for various parks projects in the City including the completion of Lake Meade Park; and

WHEREAS the City of Cape Coral has previously acquired 88 of the 103 parcels necessary for the completion of Lake Meade Park and the acquisition of all of the 15 remaining necessary parcels is addressed by this resolution and contemporaneous companion resolutions for each of the other remaining parcels; and

WHEREAS the City of Cape Coral, Florida is authorized pursuant to Chapter 166, Florida Statutes, to acquire property for municipal purposes through the power of eminent domain.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF CAPE CORAL, FLORIDA, AS FOLLOWS:

SECTION 1. The recitals contained above are true, correct, and incorporated herein by reference in this Resolution and are made a part of this Resolution as if they were set forth in full below.

SECTION 2. The City of Cape Coral finds it necessary and in the public interest to acquire the real property described as Lots 5 and 6, Block 2158, Unit 32, Cape Coral Subdivision, as recorded in Plat Book 16, Pages 1 through 13, inclusive, of the Public Records of Lee County, Florida, Strap Number 314324C1021580050, referred to as Project Parcel LM-008, located at 1108 NE 23rd Street, to provide additional park and outdoor recreation facilities for the growing population of the City of Cape Coral. These facilities will benefit the health, safety and welfare of the growing population of the City of Cape Coral.

SECTION 3. The City Manager, City Attorney and outside Eminent Domain Counsel are hereby authorized and directed to immediately proceed to take the necessary steps for the City of Cape Coral to acquire in its own name, by donation, purchase or eminent domain proceedings pursuant to Chapters 73, 74 and 166, Florida Statutes and all other statutory or common law granting the City the power to acquire property utilizing the power of eminent domain, the real property described in Section 2 above, in fee simple, for the above-described public use or purpose, including the institution of an eminent domain action and the filing of a Declaration of Taking, and to have prepared in the name of the City of Cape Coral, Lee County, Florida, all papers, pleadings, and other instruments required for this purpose, and to ensure any eminent domain proceedings which may be instituted are

prosecuted through Final Judgment. The City Attorney, outside Eminent Domain Counsel and any other City employees or agents are further authorized and directed to take such further actions as are reasonably required to accomplish the purposes identified herein.

SECTION 4. The City Manager is hereby authorized, empowered and directed to contact the owner(s) and other persons that may hold an interest in the property described in Section 2 above, and to negotiate the purchase of such property interests for the City. These parcels are being appraised by a well-qualified and licensed appraiser engaged by the City. The City Manager is hereby authorized, empowered and directed to offer the owner(s) an amount not to exceed 20% above the appraised value of such property as determined by the appraiser engaged by the City.

SECTION 5. This resolution shall take effect immediately upon its adoption.

AGENDA REQUEST FORM
CITY OF CAPE CORAL

TITLE:

Resolution 167-19 Resolution of Necessity - Lake Meade Lots 21 and 22, Block 2158, Unit 32

REQUESTED ACTION:

Approve or Deny

STRATEGIC PLAN INFO:

1. Will this action result in a Budget Amendment? No
2. Is this a Strategic Decision? Yes
If Yes, Priority Goals Supported are listed below.
If No, will it harm the intent or success of the Strategic Plan?

ELEMENT F: ENHANCE THE QUALITY OF LIFE THROUGH ARTS AND CULTURE TO CREATE AND PROMOTE A VIBRANT, CULTURALLY DIVERSE COMMUNITY.

PLANNING & ZONING/HEARING EXAMINER/STAFF RECOMMENDATIONS:

SUMMARY EXPLANATION AND BACKGROUND:

Lake Meade Park is a concept park approved by City Council to establish a community park. The park proposal includes an indoor recreation center, neighborhood park amenities such as athletic courts, playground, fitness stations, dog park, fishing pier, skate park, and boat ramps. The park site is located on the south side of Kismet Parkway East, just west of Del Prado Boulevard North. Lake Meade Park was designated as a community park on the City of Cape Coral Land Use map in 1989. Over the years, staff has been working with various owners in the park area to purchase properties on a voluntary basis. With the recent approval of a Parks General Obligation Bond, City staff has notified property owners within the Lake Meade Park area of the City's desire to complete its acquisitions within the park. Currently, the City owns 88 of the 103 parcels required for Lake Meade Park. The Resolution of Necessity authorizes the City Manager, City Attorney and outside Eminent Domain Counsel to take necessary actions to acquire the remaining property.

RESOLUTION 167 - 19

A RESOLUTION OF NECESSITY DECLARING A REASONABLE NECESSITY TO ACQUIRE CERTAIN PROPERTY IDENTIFIED AS LOTS 21 AND 22, BLOCK 2158, UNIT 32, CAPE CORAL SUBDIVISION, AS MORE PARTICULARLY DESCRIBED HEREIN, LOCATED AT 1121-1123 NE 22ND TERRACE, FOR THE PURPOSE OF COMPLETING THE DEVELOPMENT OF A PARK IDENTIFIED AS LAKE MEADE PARK; AUTHORIZING THE CITY MANAGER TO ACQUIRE FEE SIMPLE INTEREST IN THE PROPERTY BY DONATION, PURCHASE, OR EMINENT DOMAIN; AUTHORIZING THE CITY ATTORNEY TO ACQUIRE FEE SIMPLE INTEREST IN THE PROPERTY BY THE INSTITUTION OF PROCEEDINGS IN EMINENT DOMAIN, AND PROVIDING AN EFFECTIVE DATE.

WHEREAS the City of Cape Coral is one of the fastest growing municipalities within the State of Florida; and

WHEREAS the exceptional growth in the City has greatly increased the demand for park and recreation facilities for the residents of the City of Cape Coral; and

WHEREAS as a result of the foregoing, present need and long-range planning require the City to provide additional park and outdoor recreation facilities for the residents of the City of Cape Coral; and

WHEREAS the City Council of the City of Cape Coral, having considered information provided by the City Manager, City Staff, professional consultants, and the City of Cape Coral Parks and Recreation Master Plan 2016, has determined it to be necessary and in the public interest to acquire the additional property identified herein for the completion of Lake Meade Park; and

WHEREAS, the citizens of the City of Cape Coral approved the Parks General Obligation Bond in a November 2018 referendum which made \$60 Million available for various parks projects in the City including the completion of Lake Meade Park; and

WHEREAS the City of Cape Coral has previously acquired 88 of the 103 parcels necessary for the completion of Lake Meade Park and the acquisition of all of the 15 remaining necessary parcels is addressed by this resolution and contemporaneous companion resolutions for each of the other remaining parcels; and

WHEREAS the City of Cape Coral, Florida is authorized pursuant to Chapter 166, Florida Statutes, to acquire property for municipal purposes through the power of eminent domain.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF CAPE CORAL, FLORIDA, AS FOLLOWS:

SECTION 1. The recitals contained above are true, correct, and incorporated herein by reference in this Resolution and are made a part of this Resolution as if they were set forth in full below.

SECTION 2. The City of Cape Coral finds it necessary and in the public interest to acquire the real property described as Lots 21 and 22, Block 2158, Unit 32, Cape Coral Subdivision, as recorded in Plat Book 16, Pages 1 through 13, inclusive, of the Public Records of Lee County, Florida, Strap Number 314324C1021580210, referred to as Project Parcel LM-009, located at 1121-1123 NE 22nd Terrace, to provide additional park and outdoor recreation facilities for the growing population of the City of Cape Coral. These facilities will benefit the health, safety and welfare of the growing population of the City of Cape Coral.

SECTION 3. The City Manager, City Attorney and outside Eminent Domain Counsel are hereby authorized and directed to immediately proceed to take the necessary steps for the City of Cape Coral to acquire in its own name, by donation, purchase or eminent domain proceedings pursuant to Chapters 73, 74 and 166, Florida Statutes and all other statutory or common law granting the City the power to acquire property utilizing the power of eminent domain, the real property described in Section 2 above, in fee simple, for the above-described public use or purpose, including the institution of an eminent domain action and the filing of a Declaration of Taking, and to have prepared in the name of the City of Cape Coral, Lee County, Florida, all papers, pleadings, and other instruments required for this purpose, and to ensure any eminent domain proceedings which may be instituted are

prosecuted through Final Judgment. The City Attorney, outside Eminent Domain Counsel and any other City employees or agents are further authorized and directed to take such further actions as are reasonably required to accomplish the purposes identified herein.

SECTION 4. The City Manager is hereby authorized, empowered and directed to contact the owner(s) and other persons that may hold an interest in the property described in Section 2 above, and to negotiate the purchase of such property interests for the City. These parcels are being appraised by a well-qualified and licensed appraiser engaged by the City. The City Manager is hereby authorized, empowered and directed to offer the owner(s) an amount not to exceed 20% above the appraised value of such property as determined by the appraiser engaged by the City.

SECTION 5. This resolution shall take effect immediately upon its adoption.

WHEREAS as a result of the foregoing, present need and long-range planning require the City to provide additional park and outdoor recreation facilities for the residents of the City of Cape Coral; and

WHEREAS the City Council of the City of Cape Coral, having considered information provided by the City Manager, City Staff, professional consultants, and the City of Cape Coral Parks and Recreation Master Plan 2016, has determined it to be necessary and in the public interest to acquire the additional property identified herein for the completion of Lake Meade Park; and

WHEREAS, the citizens of the City of Cape Coral approved the Parks General Obligation Bond in a November 2018 referendum which made \$60 Million available for various parks projects in the City including the completion of Lake Meade Park; and

WHEREAS the City of Cape Coral has previously acquired 88 of the 103 parcels necessary for the completion of Lake Meade Park and the acquisition of all of the 15 remaining necessary parcels is addressed by this resolution and contemporaneous companion resolutions for each of the other remaining parcels; and

WHEREAS the City of Cape Coral, Florida is authorized pursuant to Chapter 166, Florida Statutes, to acquire property for municipal purposes through the power of eminent domain.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF CAPE CORAL, FLORIDA, AS FOLLOWS:

SECTION 1. The recitals contained above are true, correct, and incorporated herein by reference in this Resolution and are made a part of this Resolution as if they were set forth in full below.

SECTION 2. The City of Cape Coral finds it necessary and in the public interest to acquire the real property described as Lots 27 and 28, Block 2152, Unit 32, Cape Coral Subdivision, as recorded in Plat Book 16, Pages 1 through 13, inclusive, of the Public Records of Lee County, Florida, Strap Number 314324C2021520270, referred to as Project Parcel LM-018, located at 2217 NE 12th Avenue, to provide additional park and outdoor recreation facilities for the growing population of the City of Cape Coral. These facilities will benefit the health, safety and welfare of the growing population of the City of Cape Coral.

SECTION 3. The City Manager, City Attorney and outside Eminent Domain Counsel are hereby authorized and directed to immediately proceed to take the necessary steps for the City of Cape Coral to acquire in its own name, by donation, purchase or eminent domain proceedings pursuant to Chapters 73, 74 and 166, Florida Statutes and all other statutory or common law granting the City the power to acquire property utilizing the power of eminent domain, the real property described in Section 2 above, in fee simple, for the above-described public use or purpose, including the institution of an eminent domain action and the filing of a Declaration of Taking, and to have prepared in the name of the City of Cape Coral, Lee County, Florida, all papers, pleadings, and other instruments required for this purpose, and to ensure any eminent domain proceedings which may be instituted are

prosecuted through Final Judgment. The City Attorney, outside Eminent Domain Counsel and any other City employees or agents are further authorized and directed to take such further actions as are reasonably required to accomplish the purposes identified herein.

SECTION 4. The City Manager is hereby authorized, empowered and directed to contact the owner(s) and other persons that may hold an interest in the property described in Section 2 above, and to negotiate the purchase of such property interests for the City. These parcels are being appraised by a well-qualified and licensed appraiser engaged by the City. The City Manager is hereby authorized, empowered and directed to offer the owner(s) an amount not to exceed 20% above the appraised value of such property as determined by the appraiser engaged by the City.

SECTION 5. This resolution shall take effect immediately upon its adoption.

Resolution 172-19 Resolution of Necessity - Lake Meade Lots 31, 32 and 33, Block 2152, Unit 32

REQUESTED ACTION:

Approve or Deny

STRATEGIC PLAN INFO:

1. Will this action result in a Budget Amendment? No
2. Is this a Strategic Decision? Yes
If Yes, Priority Goals Supported are listed below.
If No, will it harm the intent or success of the Strategic Plan?

ELEMENT F: ENHANCE THE QUALITY OF LIFE THROUGH ARTS AND CULTURE TO CREATE AND PROMOTE A VIBRANT, CULTURALLY DIVERSE COMMUNITY.

PLANNING & ZONING/HEARING EXAMINER/STAFF RECOMMENDATIONS:

SUMMARY EXPLANATION AND BACKGROUND:

Lake Meade Park is a concept park approved by City Council to establish a community park. The park proposal includes an indoor recreation center, neighborhood park amenities such as athletic courts, playground, fitness stations, dog park, fishing pier, skate park, and boat ramps. The park site is located on the south side of Kismet Parkway East, just west of Del Prado Boulevard North. Lake Meade Park was designated as a community park on the City of Cape Coral Land Use map in 1989. Over the years, staff has been working with various owners in the park area to purchase properties on a voluntary basis. With the recent approval of a Parks General Obligation Bond, City staff has notified property owners within the Lake Meade Park area of the City's desire to complete its acquisitions within the park. Currently, the City owns 88 of the 103 parcels required for Lake Meade Park. The Resolution of Necessity authorizes the City Manager, City Attorney and outside Eminent Domain Counsel to take necessary actions to acquire the remaining property.

RESOLUTION 175 - 19

A RESOLUTION OF NECESSITY DECLARING A REASONABLE NECESSITY TO ACQUIRE CERTAIN PROPERTY IDENTIFIED AS LOTS 13 AND 14, BLOCK 2158, UNIT 32, CAPE CORAL SUBDIVISION, AS MORE PARTICULARLY DESCRIBED HEREIN, LOCATED AT 1124 NE 23RD STREET, FOR THE PURPOSE OF COMPLETING THE DEVELOPMENT OF A PARK IDENTIFIED AS LAKE MEADE PARK; AUTHORIZING THE CITY MANAGER TO ACQUIRE FEE SIMPLE INTEREST IN THE PROPERTY BY DONATION, PURCHASE, OR EMINENT DOMAIN; AUTHORIZING THE CITY ATTORNEY TO ACQUIRE FEE SIMPLE INTEREST IN THE PROPERTY BY THE INSTITUTION OF PROCEEDINGS IN EMINENT DOMAIN, AND PROVIDING AN EFFECTIVE DATE.

WHEREAS the City of Cape Coral is one of the fastest growing municipalities within the State of Florida; and

WHEREAS the exceptional growth in the City has greatly increased the demand for park and recreation facilities for the residents of the City of Cape Coral; and

WHEREAS as a result of the foregoing, present need and long-range planning require the City to provide additional park and outdoor recreation facilities for the residents of the City of Cape Coral; and

WHEREAS the City Council of the City of Cape Coral, having considered information provided by the City Manager, City Staff, professional consultants, and the City of Cape Coral Parks and Recreation Master Plan 2016, has determined it to be necessary and in the public interest to acquire the additional property identified herein for the completion of Lake Meade Park; and

WHEREAS, the citizens of the City of Cape Coral approved the Parks General Obligation Bond in a November 2018 referendum which made \$60 Million available for various parks projects in the City including the completion of Lake Meade Park; and

WHEREAS the City of Cape Coral has previously acquired 88 of the 103 parcels necessary for the completion of Lake Meade Park and the acquisition of all of the 15 remaining necessary parcels is addressed by this resolution and contemporaneous companion resolutions for each of the other remaining parcels; and

WHEREAS the City of Cape Coral, Florida is authorized pursuant to Chapter 166, Florida Statutes, to acquire property for municipal purposes through the power of eminent domain.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF CAPE CORAL, FLORIDA, AS FOLLOWS:

SECTION 1. The recitals contained above are true, correct, and incorporated herein by reference in this Resolution and are made a part of this Resolution as if they were set forth in full below.

SECTION 2. The City of Cape Coral finds it necessary and in the public interest to acquire the real property described as Lots 13 and 14, Block 2158, Unit 32, Cape Coral Subdivision, as recorded in Plat Book 16, Pages 1 through 13, inclusive, of the Public Records of Lee County, Florida, Strap Number 314324C2021580130, referred to as Project Parcel LM-027, located at 1124 NE 23rd Street, to provide additional park and outdoor recreation facilities for the growing population of the City of Cape Coral. These facilities will benefit the health, safety and welfare of the growing population of the City of Cape Coral.

SECTION 3. The City Manager, City Attorney and outside Eminent Domain Counsel are hereby authorized and directed to immediately proceed to take the necessary steps for the City of Cape Coral to acquire in its own name, by donation, purchase or eminent domain proceedings pursuant to Chapters 73, 74 and 166, Florida Statutes and all other statutory or common law granting the City the power to acquire property utilizing the power of eminent domain, the real property described in Section 2 above, in fee simple, for the above-described public use or purpose, including the institution of an eminent domain action and the filing of a Declaration of Taking, and to have prepared in the name of the City of Cape Coral, Lee County, Florida, all papers, pleadings, and other instruments required for this purpose, and to ensure any eminent domain proceedings which may be instituted are

prosecuted through Final Judgment. The City Attorney, outside Eminent Domain Counsel and any other City employees or agents are further authorized and directed to take such further actions as are reasonably required to accomplish the purposes identified herein.

SECTION 4. The City Manager is hereby authorized, empowered and directed to contact the owner(s) and other persons that may hold an interest in the property described in Section 2 above, and to negotiate the purchase of such property interests for the City. These parcels are being appraised by a well-qualified and licensed appraiser engaged by the City. The City Manager is hereby authorized, empowered and directed to offer the owner(s) an amount not to exceed 20% above the appraised value of such property as determined by the appraiser engaged by the City.

2. Is this a Strategic Decision? Yes

If Yes, Priority Goals Supported are listed below.

If No, will it harm the intent or success of the Strategic Plan?

ELEMENT F: ENHANCE THE QUALITY OF LIFE THROUGH ARTS AND CULTURE TO CREATE AND PROMOTE A VIBRANT, CULTURALLY DIVERSE COMMUNITY.

PLANNING & ZONING/HEARING EXAMINER/STAFF RECOMMENDATIONS:

SUMMARY EXPLANATION AND BACKGROUND:

Festival Park has been a concept approved by City Council to establish a large multi-use community park. This park is proposed to be the City's premier community park and special venue to provide first-class recreational, social, and cultural opportunities that include an amphitheater, recreation center with an indoor fitness center, a freshwater beach, trails, and restored natural areas for the enjoyment of residents and visitors. The area proposed for Festival Park is located north of Kismet Parkway West, just east of Chiquita Boulevard North, in Unit 43 Cape Coral Subdivision. In 2003, City Council directed staff to begin purchasing property for the future park site. Over the years, staff has been working with various owners in the park area to purchase properties on a voluntary basis. With the recent approval of a Parks General Obligation Bond, staff has notified property owners within the Festival Park area of the City's desire to complete its acquisitions within the park. Currently, the City owns 449 of the 517 parcels required for Festival Park. The Resolution of Necessity authorizes the City Manager, City Attorney and outside Eminent Domain Counsel to take necessary actions to acquire the remaining property.

RESOLUTION 176 - 19

A RESOLUTION OF NECESSITY DECLARING A REASONABLE NECESSITY TO ACQUIRE CERTAIN PROPERTY IDENTIFIED AS LOTS 3 AND 4, BLOCK 3003, UNIT 43, CAPE CORAL SUBDIVISION, AS MORE PARTICULARLY DESCRIBED HEREIN, LOCATED AT 912 NW 25TH STREET, FOR THE PURPOSE OF COMPLETING THE DEVELOPMENT OF A PARK IDENTIFIED AS FESTIVAL PARK; AUTHORIZING THE CITY MANAGER TO ACQUIRE FEE SIMPLE INTEREST IN THE PROPERTY BY DONATION, PURCHASE, OR EMINENT DOMAIN; AUTHORIZING THE CITY ATTORNEY TO ACQUIRE FEE SIMPLE INTEREST IN THE PROPERTY BY THE INSTITUTION OF PROCEEDINGS IN EMINENT DOMAIN, AND PROVIDING AN EFFECTIVE DATE.

WHEREAS the City of Cape Coral is one of the fastest growing municipalities within the State of Florida; and

WHEREAS the exceptional growth in the City has greatly increased the demand for park and recreation facilities for the residents of the City of Cape Coral; and

WHEREAS as a result of the foregoing, present need and long-range planning require the City to provide additional park and outdoor recreation facilities for the residents of the City of Cape Coral; and

WHEREAS the City Council of the City of Cape Coral, having considered information provided by the City Manager, City Staff, professional consultants, and the City of Cape Coral Parks and Recreation Master Plan 2016, has determined it to be necessary and in the public interest to acquire the additional property identified herein for the completion of Festival Park; and

WHEREAS, the citizens of the City of Cape Coral approved the Parks General Obligation Bond in a November 2018 referendum which made \$60 Million available for various parks projects in the City including the completion of Festival Park; and

WHEREAS the City of Cape Coral has previously acquired 449 of the 517 parcels necessary for the completion of Festival Park and the acquisition of all of the 68 remaining necessary parcels is addressed by this resolution and contemporaneous companion resolutions for each of the other remaining parcels; and

WHEREAS the City of Cape Coral, Florida is authorized pursuant to Chapter 166, Florida Statutes, to acquire property for municipal purposes through the power of eminent domain.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF CAPE CORAL, FLORIDA, AS FOLLOWS:

SECTION 1. The recitals contained above are true, correct, and incorporated herein by reference in this Resolution and are made a part of this Resolution as if they were set forth in full below.

SECTION 2. The City of Cape Coral finds it necessary and in the public interest to acquire the real property described as Lots 3 and 4, Block 3003, Unit 43, Cape Coral Subdivision, as recorded in Plat Book 17, Pages 48 thru 57, inclusive, of the Public Records of Lee County, Florida, Strap Number 274323C3030030030, referred to as Project Parcel FP-065, located at 912 NW 25th Street, to provide additional park and outdoor recreation facilities for the growing population of the City of Cape Coral. These facilities will benefit the health, safety and welfare of the growing population of the City of Cape Coral.

SECTION 3. The City Manager, City Attorney and outside Eminent Domain Counsel are hereby authorized and directed to immediately proceed to take the necessary steps for the City of Cape Coral to acquire in its own name, by donation, purchase or eminent domain proceedings pursuant to Chapters 73, 74 and 166, Florida Statutes and all other statutory or common law granting the City the power to acquire property utilizing the power of eminent domain, the real property described in Section 2 above, in fee simple, for the above-described public use or purpose, including the institution of an eminent domain action and the filing of a Declaration of Taking, and to have prepared in the name of the City of Cape Coral, Lee County, Florida, all papers, pleadings, and other instruments required for this purpose, and to ensure any eminent domain proceedings which may be instituted are

prosecuted through Final Judgment. The City Attorney, outside Eminent Domain Counsel and any other City employees or agents are further authorized and directed to take such further actions as are reasonably required to accomplish the purposes identified herein.

SECTION 4. The City Manager is hereby authorized, empowered and directed to contact the owner(s) and other persons that may hold an interest in the property described in Section 2 above, and to negotiate the purchase of such property interests for the City. These parcels are being appraised by a well-qualified and licensed appraiser engaged by the City. The City Manager is hereby authorized, empowered and directed to offer the owner(s) an amount not to exceed 20% above the appraised value of such property as determined by the appraiser engaged by the City.

SECTION 5. This resolution shall take effect immediately upon its adoption.

RESOLUTION 180 - 19

A RESOLUTION OF NECESSITY DECLARING A REASONABLE NECESSITY TO ACQUIRE CERTAIN PROPERTY IDENTIFIED AS LOTS 22, 23 AND 24, BLOCK 3003, UNIT 43, CAPE CORAL SUBDIVISION, AS MORE PARTICULARLY DESCRIBED HEREIN, LOCATED AT 1032 NW 25TH STREET, FOR THE PURPOSE OF COMPLETING THE DEVELOPMENT OF A PARK IDENTIFIED AS FESTIVAL PARK; AUTHORIZING THE CITY MANAGER TO ACQUIRE FEE SIMPLE INTEREST IN THE PROPERTY BY DONATION, PURCHASE, OR EMINENT DOMAIN; AUTHORIZING THE CITY ATTORNEY TO ACQUIRE FEE SIMPLE INTEREST IN THE PROPERTY BY THE INSTITUTION OF PROCEEDINGS IN EMINENT DOMAIN, AND PROVIDING AN EFFECTIVE DATE.

WHEREAS the City of Cape Coral is one of the fastest growing municipalities within the State of Florida; and

WHEREAS the exceptional growth in the City has greatly increased the demand for park and recreation facilities for the residents of the City of Cape Coral; and

WHEREAS as a result of the foregoing, present need and long-range planning require the City to provide additional park and outdoor recreation facilities for the residents of the City of Cape Coral; and

WHEREAS the City Council of the City of Cape Coral, having considered information provided by the City Manager, City Staff, professional consultants, and the City of Cape Coral Parks and Recreation Master Plan 2016, has determined it to be necessary and in the public interest to acquire the additional property identified herein for the completion of Festival Park; and

WHEREAS, the citizens of the City of Cape Coral approved the Parks General Obligation Bond in a November 2018 referendum which made \$60 Million available for various parks projects in the City including the completion of Festival Park; and

WHEREAS the City of Cape Coral has previously acquired 449 of the 517 parcels necessary for the completion of Festival Park and the acquisition of all of the 68 remaining necessary parcels is addressed by this resolution and contemporaneous companion resolutions for each of the other remaining parcels; and

WHEREAS the City of Cape Coral, Florida is authorized pursuant to Chapter 166, Florida Statutes, to acquire property for municipal purposes through the power of eminent domain.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF CAPE CORAL, FLORIDA, AS FOLLOWS:

SECTION 1. The recitals contained above are true, correct, and incorporated herein by reference in this Resolution and are made a part of this Resolution as if they were set forth in full below.

SECTION 2. The City of Cape Coral finds it necessary and in the public interest to acquire the real property described as Lots 22, 23 and 24, Block 3003, Unit 43, Cape Coral Subdivision, as recorded in Plat Book 17, Pages 48 thru 57, inclusive, of the Public Records of Lee County, Florida, Strap Number 274323C3030030220, referred to as Project Parcel FP-074, located at 1032 NW 25th Street, to provide additional park and outdoor recreation facilities for the growing population of the City of Cape Coral. These facilities will benefit the health, safety and welfare of the growing population of the City of Cape Coral.

SECTION 3. The City Manager, City Attorney and outside Eminent Domain Counsel are hereby authorized and directed to immediately proceed to take the necessary steps for the City of Cape Coral to acquire in its own name, by donation, purchase or eminent domain proceedings pursuant to Chapters 73, 74 and 166, Florida Statutes and all other statutory or common law granting the City the power to acquire property utilizing the power of eminent domain, the real property described in Section 2 above, in fee simple, for the above-described public use or purpose, including the institution of an eminent domain action and the filing of a Declaration of Taking, and to have prepared in the name of the City of Cape Coral, Lee County, Florida, all papers, pleadings, and other instruments required for this purpose, and to ensure any eminent domain proceedings which may be instituted are

prosecuted through Final Judgment. The City Attorney, outside Eminent Domain Counsel and any other City employees or agents are further authorized and directed to take such further actions as are reasonably required to accomplish the purposes identified herein.

SECTION 4. The City Manager is hereby authorized, empowered and directed to contact the owner(s) and other persons that may hold an interest in the property described in Section 2 above, and to negotiate the purchase of such property interests for the City. These parcels are being appraised by a well-qualified and licensed appraiser engaged by the City. The City Manager is hereby authorized, empowered and directed to offer the owner(s) an amount not to exceed 20% above the appraised value of such property as determined by the appraiser engaged by the City.

SECTION 5. This resolution shall take effect immediately upon its adoption.

AGENDA REQUEST FORM
CITY OF CAPE CORAL

TITLE:

Resolution 181-19 Resolution of Necessity - Festival Park Lots 27 and 28, Block 3003, Unit 43

REQUESTED ACTION:

Approve or Deny

STRATEGIC PLAN INFO:

1. Will this action result in a Budget Amendment? No
2. Is this a Strategic Decision? Yes
If Yes, Priority Goals Supported are listed below.
If No, will it harm the intent or success of the Strategic Plan?

ELEMENT F: ENHANCE THE QUALITY OF LIFE THROUGH ARTS AND CULTURE TO CREATE AND PROMOTE A VIBRANT, CULTURALLY DIVERSE COMMUNITY.

PLANNING & ZONING/HEARING EXAMINER/STAFF RECOMMENDATIONS:

SUMMARY EXPLANATION AND BACKGROUND:

Festival Park has been a concept approved by City Council to establish a large multi-use community park. This park is proposed to be the City's premier community park and special venue to provide first-class recreational, social, and cultural opportunities that include an amphitheater, recreation center with an indoor fitness center, a freshwater beach, trails, and restored natural areas for the enjoyment of residents and visitors. The area proposed for Festival Park is located north of Kismet Parkway West, just east of Chiquita Boulevard North, in Unit 43 Cape Coral Subdivision. In 2003, City Council directed staff to begin purchasing property for the future park site. Over the years, staff has been working with various owners in the park area to purchase properties on a voluntary basis. With the recent approval of a Parks General Obligation Bond, staff has notified property owners within the Festival Park area of the City's desire to complete its acquisitions within the park. Currently, the City owns 449 of the 517 parcels required for Festival Park. The Resolution of Necessity authorizes the City Manager, City Attorney and outside Eminent Domain Counsel to take necessary actions to acquire the remaining property.

RESOLUTION 181 - 19

A RESOLUTION OF NECESSITY DECLARING A REASONABLE NECESSITY TO ACQUIRE CERTAIN PROPERTY IDENTIFIED AS LOTS 27 AND 28, BLOCK 3003, UNIT 43, CAPE CORAL SUBDIVISION, AS MORE PARTICULARLY DESCRIBED HEREIN, LOCATED AT 1102 NW 25TH STREET, FOR THE PURPOSE OF COMPLETING THE DEVELOPMENT OF A PARK IDENTIFIED AS FESTIVAL PARK; AUTHORIZING THE CITY MANAGER TO ACQUIRE FEE SIMPLE INTEREST IN THE PROPERTY BY DONATION, PURCHASE, OR EMINENT DOMAIN; AUTHORIZING THE CITY ATTORNEY TO ACQUIRE FEE SIMPLE INTEREST IN THE PROPERTY BY THE INSTITUTION OF PROCEEDINGS IN EMINENT DOMAIN, AND PROVIDING AN EFFECTIVE DATE.

WHEREAS the City of Cape Coral is one of the fastest growing municipalities within the State of Florida; and

WHEREAS the exceptional growth in the City has greatly increased the demand for park and recreation facilities for the residents of the City of Cape Coral; and

WHEREAS as a result of the foregoing, present need and long-range planning require the City to provide additional park and outdoor recreation facilities for the residents of the City of Cape Coral; and

WHEREAS the City Council of the City of Cape Coral, having considered information provided by the City Manager, City Staff, professional consultants, and the City of Cape Coral Parks and Recreation Master Plan 2016, has determined it to be necessary and in the public interest to acquire the additional property identified herein for the completion of Festival Park; and

WHEREAS, the citizens of the City of Cape Coral approved the Parks General Obligation Bond in a November 2018 referendum which made \$60 Million available for various parks projects in the City including the completion of Festival Park; and

WHEREAS the City of Cape Coral has previously acquired 449 of the 517 parcels necessary for the completion of Festival Park and the acquisition of all of the 68 remaining necessary parcels is addressed by this resolution and contemporaneous companion resolutions for each of the other remaining parcels; and

WHEREAS the City of Cape Coral, Florida is authorized pursuant to Chapter 166, Florida Statutes, to acquire property for municipal purposes through the power of eminent domain.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF CAPE CORAL, FLORIDA, AS FOLLOWS:

SECTION 1. The recitals contained above are true, correct, and incorporated herein by reference in this Resolution and are made a part of this Resolution as if they were set forth in full below.

SECTION 2. The City of Cape Coral finds it necessary and in the public interest to acquire the real property described as Lots 27 and 28, Block 3003, Unit 43, Cape Coral Subdivision, as recorded in Plat Book 17, Pages 48 thru 57, inclusive, of the Public Records of Lee County, Florida, Strap Number 274323C3030030270, referred to as Project Parcel FP-076, located at 1102 NW 25th Street, to provide additional park and outdoor recreation facilities for the growing population of the City of Cape Coral. These facilities will benefit the health, safety and welfare of the growing population of the City of Cape Coral.

SECTION 3. The City Manager, City Attorney and outside Eminent Domain Counsel are hereby authorized and directed to immediately proceed to take the necessary steps for the City of Cape Coral to acquire in its own name, by donation, purchase or eminent domain proceedings pursuant to Chapters 73, 74 and 166, Florida Statutes and all other statutory or common law granting the City the power to acquire property utilizing the power of eminent domain, the real property described in Section 2 above, in fee simple, for the above-described public use or purpose, including the institution of an eminent domain action and the filing of a Declaration of Taking, and to have prepared in the name of the City of Cape Coral, Lee County, Florida, all papers, pleadings, and other instruments required for this purpose, and to ensure any eminent domain proceedings which may be instituted are

prosecuted through Final Judgment. The City Attorney, outside Eminent Domain Counsel and any other City employees or agents are further authorized and directed to take such further actions as are reasonably required to accomplish the purposes identified herein.

This park is proposed to be the City's premier community park and special venue to provide first-class recreational, social, and cultural opportunities that include an amphitheater, recreation center with an indoor fitness center, a freshwater beach, trails, and restored natural areas for the enjoyment of residents and visitors. The area proposed for Festival Park is located north of Kismet Parkway West, just east of Chiquita Boulevard North, in Unit 43 Cape Coral Subdivision. In 2003, City Council directed staff to begin purchasing property for the future park site. Over the years, staff has been working with various owners in the park area to purchase properties on a voluntary basis. With the recent approval of a Parks General Obligation Bond, staff has notified property owners within the Festival Park area of the City's desire to complete its acquisitions within the park. Currently, the City owns 449 of the 517 parcels required for Festival Park. The Resolution of Necessity authorizes the City Manager, City Attorney and outside Eminent Domain Counsel to take necessary actions to acquire the remaining property.

RESOLUTION 185 - 19

A RESOLUTION OF NECESSITY DECLARING A REASONABLE NECESSITY TO ACQUIRE CERTAIN PROPERTY IDENTIFIED AS LOTS 41 AND 42, BLOCK 3003, UNIT 43, CAPE CORAL SUBDIVISION, AS MORE PARTICULARLY DESCRIBED HEREIN, LOCATED AT 1130 NW 25TH STREET, FOR THE PURPOSE OF COMPLETING THE DEVELOPMENT OF A PARK IDENTIFIED AS FESTIVAL PARK; AUTHORIZING THE CITY MANAGER TO ACQUIRE FEE SIMPLE INTEREST IN THE PROPERTY BY DONATION, PURCHASE, OR EMINENT DOMAIN; AUTHORIZING THE CITY ATTORNEY TO ACQUIRE FEE SIMPLE INTEREST IN THE PROPERTY BY THE INSTITUTION OF PROCEEDINGS IN EMINENT DOMAIN, AND PROVIDING AN EFFECTIVE DATE.

WHEREAS the City of Cape Coral is one of the fastest growing municipalities within the State of Florida; and

WHEREAS the exceptional growth in the City has greatly increased the demand for park and recreation facilities for the residents of the City of Cape Coral; and

WHEREAS as a result of the foregoing, present need and long-range planning require the City to provide additional park and outdoor recreation facilities for the residents of the City of Cape Coral; and

WHEREAS the City Council of the City of Cape Coral, having considered information provided by the City Manager, City Staff, professional consultants, and the City of Cape Coral Parks and Recreation Master Plan 2016, has determined it to be necessary and in the public interest to acquire the additional property identified herein for the completion of Festival Park; and

WHEREAS, the citizens of the City of Cape Coral approved the Parks General Obligation Bond in a November 2018 referendum which made \$60 Million available for various parks projects in the City including the completion of Festival Park; and

WHEREAS the City of Cape Coral has previously acquired 449 of the 517 parcels necessary for the completion of Festival Park and the acquisition of all of the 68 remaining necessary parcels is addressed by this resolution and contemporaneous companion resolutions for each of the other remaining parcels; and

WHEREAS the City of Cape Coral, Florida is authorized pursuant to Chapter 166, Florida Statutes, to acquire property for municipal purposes through the power of eminent domain.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF CAPE CORAL, FLORIDA, AS FOLLOWS:

SECTION 1. The recitals contained above are true, correct, and incorporated herein by reference in this Resolution and are made a part of this Resolution as if they were set forth in full below.

SECTION 2. The City of Cape Coral finds it necessary and in the public interest to acquire the real property described as Lots 41 and 42, Block 3003, Unit 43, Cape Coral Subdivision, as recorded in Plat Book 17, Pages 48 thru 57, inclusive, of the Public Records of Lee County, Florida, Strap Number 274323C4030030410, referred to as Project Parcel FP-083, located at 1130 NW 25th Street, to provide additional park and outdoor recreation facilities for the growing population of the City of Cape Coral. These facilities will benefit the health, safety and welfare of the growing population of the City of Cape Coral.

SECTION 3. The City Manager, City Attorney and outside Eminent Domain Counsel are hereby authorized and directed to immediately proceed to take the necessary steps for the City of Cape Coral to acquire in its own name, by donation, purchase or eminent domain proceedings pursuant to Chapters 73, 74 and 166, Florida Statutes and all other statutory or common law granting the City the power to acquire property utilizing the power of eminent domain, the real property described in Section 2 above, in fee simple, for the above-described public use or purpose, including the institution of an eminent domain action and the filing of a Declaration of Taking, and to have prepared in the name of the City of Cape Coral, Lee County, Florida, all papers, pleadings, and other instruments required for this purpose, and to ensure any eminent domain proceedings which may be instituted are

prosecuted through Final Judgment. The City Attorney, outside Eminent Domain Counsel and any other City employees or agents are further authorized and directed to take such further actions as are reasonably required to accomplish the purposes identified herein.

SECTION 4. The City Manager is hereby authorized, empowered and directed to contact the owner(s) and other persons that may hold an interest in the property described in Section 2 above, and to negotiate the purchase of such property interests for the City. These parcels are being appraised by a well-qualified and licensed appraiser engaged by the City. The City Manager is hereby authorized, empowered and directed to offer the owner(s) an amount not to exceed 20% above the appraised value of such property as determined by the appraiser engaged by the City.

SECTION 5. This resolution shall take effect immediately upon its adoption.

RESOLUTION 189 - 19

A RESOLUTION OF NECESSITY DECLARING A REASONABLE NECESSITY TO ACQUIRE CERTAIN PROPERTY IDENTIFIED AS LOTS 53 AND 54, BLOCK 3003, UNIT 43, CAPE CORAL SUBDIVISION, AS MORE PARTICULARLY DESCRIBED HEREIN, LOCATED AT 1222 NW 25TH STREET, FOR THE PURPOSE OF COMPLETING THE DEVELOPMENT OF A PARK IDENTIFIED AS FESTIVAL PARK; AUTHORIZING THE CITY MANAGER TO ACQUIRE FEE SIMPLE INTEREST IN THE PROPERTY BY DONATION, PURCHASE, OR EMINENT DOMAIN; AUTHORIZING THE CITY ATTORNEY TO ACQUIRE FEE SIMPLE INTEREST IN THE PROPERTY BY THE INSTITUTION OF PROCEEDINGS IN EMINENT DOMAIN, AND PROVIDING AN EFFECTIVE DATE.

WHEREAS the City of Cape Coral is one of the fastest growing municipalities within the State of Florida; and

WHEREAS the exceptional growth in the City has greatly increased the demand for park and recreation facilities for the residents of the City of Cape Coral; and

WHEREAS as a result of the foregoing, present need and long-range planning require the City to provide additional park and outdoor recreation facilities for the residents of the City of Cape Coral; and

WHEREAS the City Council of the City of Cape Coral, having considered information provided by the City Manager, City Staff, professional consultants, and the City of Cape Coral Parks and Recreation Master Plan 2016, has determined it to be necessary and in the public interest to acquire the additional property identified herein for the completion of Festival Park; and

WHEREAS, the citizens of the City of Cape Coral approved the Parks General Obligation Bond in a November 2018 referendum which made \$60 Million available for various parks projects in the City including the completion of Festival Park; and

WHEREAS the City of Cape Coral has previously acquired 449 of the 517 parcels necessary for the completion of Festival Park and the acquisition of all of the 68 remaining necessary parcels is addressed by this resolution and contemporaneous companion resolutions for each of the other remaining parcels; and

WHEREAS the City of Cape Coral, Florida is authorized pursuant to Chapter 166, Florida Statutes, to acquire property for municipal purposes through the power of eminent domain.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF CAPE CORAL, FLORIDA, AS FOLLOWS:

SECTION 1. The recitals contained above are true, correct, and incorporated herein by reference in this Resolution and are made a part of this Resolution as if they were set forth in full below.

SECTION 2. The City of Cape Coral finds it necessary and in the public interest to acquire the real property described as Lots 53 and 54, Block 3003, Unit 43, Cape Coral Subdivision, as recorded in Plat Book 17, Pages 48 thru 57, inclusive, of the Public Records of Lee County, Florida, Strap Number 274323C4030030530, referred to as Project Parcel FP-089, located at 1222 NW 25th Street, to provide additional park and outdoor recreation facilities for the growing population of the City of Cape Coral. These facilities will benefit the health, safety and welfare of the growing population of the City of Cape Coral.

SECTION 3. The City Manager, City Attorney and outside Eminent Domain Counsel are hereby authorized and directed to immediately proceed to take the necessary steps for the City of Cape Coral to acquire in its own name, by donation, purchase or eminent domain proceedings pursuant to Chapters 73, 74 and 166, Florida Statutes and all other statutory or common law granting the City the power to acquire property utilizing the power of eminent domain, the real property described in Section 2 above, in fee simple, for the above-described public use or purpose, including the institution of an eminent domain action and the filing of a Declaration of Taking, and to have prepared in the name of the City of Cape Coral, Lee County, Florida, all papers, pleadings, and other instruments required for this purpose, and to ensure any eminent domain proceedings which may be instituted are

prosecuted through Final Judgment. The City Attorney, outside Eminent Domain Counsel and any other City employees or agents are further authorized and directed to take such further actions as are reasonably required to accomplish the purposes identified herein.

SECTION 4. The City Manager is hereby authorized, empowered and directed to contact the owner(s) and other persons that may hold an interest in the property described in Section 2 above, and to negotiate the purchase of such property interests for the City. These parcels are being appraised by a well-qualified and licensed appraiser engaged by the City. The City Manager is hereby authorized, empowered and directed to offer the owner(s) an amount not to exceed 20% above the appraised value of such property as determined by the appraiser engaged by the City.

SECTION 5. This resolution shall take effect immediately upon its adoption.

AGENDA REQUEST FORM
CITY OF CAPE CORAL

TITLE:

Resolution 190-19 Resolution of Necessity - Festival Park Lots 55 and 56, Block 3003, Unit 43

REQUESTED ACTION:

Approve or Deny

STRATEGIC PLAN INFO:

1. Will this action result in a Budget Amendment? No
2. Is this a Strategic Decision? Yes
If Yes, Priority Goals Supported are listed below.
If No, will it harm the intent or success of the Strategic Plan?

ELEMENT F: ENHANCE THE QUALITY OF LIFE THROUGH ARTS AND CULTURE TO CREATE AND PROMOTE A VIBRANT, CULTURALLY DIVERSE COMMUNITY.

PLANNING & ZONING/HEARING EXAMINER/STAFF RECOMMENDATIONS:

SUMMARY EXPLANATION AND BACKGROUND:

Festival Park has been a concept approved by City Council to establish a large multi-use community park. This park is proposed to be the City's premier community park and special venue to provide first-class recreational, social, and cultural opportunities that include an amphitheater, recreation center with an indoor fitness center, a freshwater beach, trails, and restored natural areas for the enjoyment of residents and visitors. The area proposed for Festival Park is located north of Kismet Parkway West, just east of Chiquita Boulevard North, in Unit 43 Cape Coral Subdivision. In 2003, City Council directed staff to begin purchasing property for the future park site. Over the years, staff has been working with various owners in the park area to purchase properties on a voluntary basis. With the recent approval of a Parks General Obligation Bond, staff has notified property owners within the Festival Park area of the City's desire to complete its acquisitions within the park. Currently, the City owns 449 of the 517 parcels required for Festival Park. The Resolution of Necessity authorizes the City Manager, City Attorney and outside Eminent Domain Counsel to take necessary actions to acquire the remaining property.

RESOLUTION 190 - 19

A RESOLUTION OF NECESSITY DECLARING A REASONABLE NECESSITY TO ACQUIRE CERTAIN PROPERTY IDENTIFIED AS LOTS 55 AND 56, BLOCK 3003, UNIT 43, CAPE CORAL SUBDIVISION, AS MORE PARTICULARLY DESCRIBED HEREIN, LOCATED AT 1226 NW 25TH STREET, FOR THE PURPOSE OF COMPLETING THE DEVELOPMENT OF A PARK IDENTIFIED AS FESTIVAL PARK; AUTHORIZING THE CITY MANAGER TO ACQUIRE FEE SIMPLE INTEREST IN THE PROPERTY BY DONATION, PURCHASE, OR EMINENT DOMAIN; AUTHORIZING THE CITY ATTORNEY TO ACQUIRE FEE SIMPLE INTEREST IN THE PROPERTY BY THE INSTITUTION OF PROCEEDINGS IN EMINENT DOMAIN, AND PROVIDING AN EFFECTIVE DATE.

WHEREAS the City of Cape Coral is one of the fastest growing municipalities within the State of Florida; and

WHEREAS the exceptional growth in the City has greatly increased the demand for park and recreation facilities for the residents of the City of Cape Coral; and

WHEREAS as a result of the foregoing, present need and long-range planning require the City to provide additional park and outdoor recreation facilities for the residents of the City of Cape Coral; and

WHEREAS the City Council of the City of Cape Coral, having considered information provided by the City Manager, City Staff, professional consultants, and the City of Cape Coral Parks and Recreation Master Plan 2016, has determined it to be necessary and in the public interest to acquire the additional property identified herein for the completion of Festival Park; and

WHEREAS, the citizens of the City of Cape Coral approved the Parks General Obligation Bond in a November 2018 referendum which made \$60 Million available for various parks projects in the City including the completion of Festival Park; and

WHEREAS the City of Cape Coral has previously acquired 449 of the 517 parcels necessary for the completion of Festival Park and the acquisition of all of the 68 remaining necessary parcels is addressed by this resolution and contemporaneous companion resolutions for each of the other remaining parcels; and

WHEREAS the City of Cape Coral, Florida is authorized pursuant to Chapter 166, Florida Statutes, to acquire property for municipal purposes through the power of eminent domain.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF CAPE CORAL, FLORIDA, AS FOLLOWS:

SECTION 1. The recitals contained above are true, correct, and incorporated herein by reference in this Resolution and are made a part of this Resolution as if they were set forth in full below.

SECTION 2. The City of Cape Coral finds it necessary and in the public interest to acquire the real property described as Lots 55 and 56, Block 3003, Unit 43, Cape Coral Subdivision, as recorded in Plat Book 17, Pages 48 thru 57, inclusive, of the Public Records of Lee County, Florida, Strap Number 274323C4030030550, referred to as Project Parcel FP-090, located at 1226 NW 25th Street, to provide additional park and outdoor recreation facilities for the growing population of the City of Cape Coral. These facilities will benefit the health, safety and welfare of the growing population of the City of Cape Coral.

SECTION 3. The City Manager, City Attorney and outside Eminent Domain Counsel are hereby authorized and directed to immediately proceed to take the necessary steps for the City of Cape Coral to acquire in its own name, by donation, purchase or eminent domain proceedings pursuant to Chapters 73, 74 and 166, Florida Statutes and all other statutory or common law granting the City the power to acquire property utilizing the power of eminent domain, the real property described in Section 2 above, in fee simple, for the above-described public use or purpose, including the institution of an eminent domain action and the filing of a Declaration of Taking, and to have prepared in the name of the City of Cape Coral, Lee County, Florida, all papers, pleadings, and other instruments required for this purpose, and to ensure any eminent domain proceedings which may be instituted are

prosecuted through Final Judgment. The City Attorney, outside Eminent Domain Counsel and any other City employees or agents are further authorized and directed to take such further actions as are reasonably required to accomplish the purposes identified herein.

SECTION 4. The City Manager is hereby authorized, empowered and directed to contact the owner(s) and other persons that may hold an interest in the property described in Section 2 above, and to negotiate the purchase of such property interests for the City. These parcels are being appraised by a well-qualified and licensed appraiser engaged by the City. The City Manager is hereby authorized, empowered and directed to offer the owner(s) an amount not to exceed 20% above the appraised value of such property as determined by the appraiser engaged by the City.

□ Resolution 194-19	Resolution

RESOLUTION 194 - 19

A RESOLUTION OF NECESSITY DECLARING A REASONABLE NECESSITY TO ACQUIRE CERTAIN PROPERTY IDENTIFIED AS LOTS 3 AND 4, BLOCK 3009, UNIT 43, CAPE CORAL SUBDIVISION, AS MORE PARTICULARLY DESCRIBED HEREIN, LOCATED AT 1512 WILMINGTON PARKWAY, FOR THE PURPOSE OF COMPLETING THE DEVELOPMENT OF A PARK IDENTIFIED AS FESTIVAL PARK; AUTHORIZING THE CITY MANAGER TO ACQUIRE FEE SIMPLE INTEREST IN THE PROPERTY BY DONATION, PURCHASE, OR EMINENT DOMAIN; AUTHORIZING THE CITY ATTORNEY TO ACQUIRE FEE SIMPLE INTEREST IN THE PROPERTY BY THE INSTITUTION OF PROCEEDINGS IN EMINENT DOMAIN, AND PROVIDING AN EFFECTIVE DATE.

WHEREAS the City of Cape Coral is one of the fastest growing municipalities within the State of Florida; and

WHEREAS the exceptional growth in the City has greatly increased the demand for park and recreation facilities for the residents of the City of Cape Coral; and

WHEREAS as a result of the foregoing, present need and long-range planning require the City to provide additional park and outdoor recreation facilities for the residents of the City of Cape Coral; and

WHEREAS the City Council of the City of Cape Coral, having considered information provided by the City Manager, City Staff, professional consultants, and the City of Cape Coral Parks and Recreation Master Plan 2016, has determined it to be necessary and in the public interest to acquire the additional property identified herein for the completion of Festival Park; and

WHEREAS, the citizens of the City of Cape Coral approved the Parks General Obligation Bond in a November 2018 referendum which made \$60 Million available for various parks projects in the City including the completion of Festival Park; and

WHEREAS the City of Cape Coral has previously acquired 449 of the 517 parcels necessary for the completion of Festival Park and the acquisition of all of the 68 remaining necessary parcels is addressed by this resolution and contemporaneous companion resolutions for each of the other remaining parcels; and

WHEREAS the City of Cape Coral, Florida is authorized pursuant to Chapter 166, Florida Statutes, to acquire property for municipal purposes through the power of eminent domain.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF CAPE CORAL, FLORIDA, AS FOLLOWS:

SECTION 1. The recitals contained above are true, correct, and incorporated herein by reference in this Resolution and are made a part of this Resolution as if they were set forth in full below.

SECTION 2. The City of Cape Coral finds it necessary and in the public interest to acquire the real property described as Lots 3 and 4, Block 3009, Unit 43, Cape Coral Subdivision, as recorded in Plat Book 17, Pages 48 thru 57, inclusive, of the Public Records of Lee County, Florida, Strap Number 274323C4030090030, referred to as Project Parcel FP-100, located at 1512 Wilmington Parkway, to provide additional park and outdoor recreation facilities for the growing population of the City of Cape Coral. These facilities will benefit the health, safety and welfare of the growing population of the City of Cape Coral.

SECTION 3. The City Manager, City Attorney and outside Eminent Domain Counsel are hereby authorized and directed to immediately proceed to take the necessary steps for the City of Cape Coral to acquire in its own name, by donation, purchase or eminent domain proceedings pursuant to Chapters 73, 74 and 166, Florida Statutes and all other statutory or common law granting the City the power to acquire property utilizing the power of eminent domain, the real property described in Section 2 above, in fee simple, for the above-described public use or purpose, including the institution of an eminent domain action and the filing of a Declaration of Taking, and to have prepared in the name of the City of Cape Coral, Lee County, Florida, all papers, pleadings, and other instruments required for this purpose, and to ensure any eminent domain proceedings which may be instituted are

prosecuted through Final Judgment. The City Attorney, outside Eminent Domain Counsel and any other City employees or agents are further authorized and directed to take such further actions as are reasonably required to accomplish the purposes identified herein.

SECTION 4. The City Manager is hereby authorized, empowered and directed to contact the owner(s) and other persons that may hold an interest in the property described in Section 2 above, and to negotiate the purchase of such property interests for the City. These parcels are being appraised by a well-qualified and licensed appraiser engaged by the City. The City Manager is hereby authorized, empowered and directed to offer the owner(s) an amount not to exceed 20% above the appraised value of such property as determined by the appraiser engaged by the City.

SECTION 5. This resolution shall take effect immediately upon its adoption.

CITY OF CAPE CORAL

TITLE:

Resolution 195-19 Resolution of Necessity - Festival Park Lots 14 and 15, Block 3009, Unit 43

REQUESTED ACTION:

Approve or Deny

STRATEGIC PLAN INFO:

1. Will this action result in a Budget Amendment? No
2. Is this a Strategic Decision? Yes
If Yes, Priority Goals Supported are listed below.
If No, will it harm the intent or success of the Strategic Plan?

ELEMENT F: ENHANCE THE QUALITY OF LIFE THROUGH ARTS AND CULTURE TO CREATE AND PROMOTE A VIBRANT, CULTURALLY DIVERSE COMMUNITY.

PLANNING & ZONING/HEARING EXAMINER/STAFF RECOMMENDATIONS:

SUMMARY EXPLANATION AND BACKGROUND:

Festival Park has been a concept approved by City Council to establish a large multi-use community park. This park is proposed to be the City's premier community park and special venue to provide first-class recreational, social, and cultural opportunities that include an amphitheater, recreation center with an indoor fitness center, a freshwater beach, trails, and restored natural areas for the enjoyment of residents and visitors. The area proposed for Festival Park is located north of Kismet Parkway West, just east of Chiquita Boulevard North, in Unit 43 Cape Coral Subdivision. In 2003, City Council directed staff to begin purchasing property for the future park site. Over the years, staff has been working with various owners in the park area to purchase properties on a voluntary basis. With the recent approval of a Parks General Obligation Bond, staff has notified property owners within the Festival Park area of the City's desire to complete its acquisitions within the park. Currently, the City owns 449 of the 517 parcels required for Festival Park. The Resolution of Necessity authorizes the City Manager, City Attorney and outside Eminent Domain Counsel to take necessary actions to acquire the remaining property.

RESOLUTION 198 - 19

A RESOLUTION OF NECESSITY DECLARING A REASONABLE NECESSITY TO ACQUIRE CERTAIN PROPERTY IDENTIFIED AS LOTS 22, 23 AND 24, BLOCK 3009, UNIT 43, CAPE CORAL SUBDIVISION, AS MORE PARTICULARLY DESCRIBED HEREIN, LOCATED AT 1429 NW 27TH STREET, FOR THE PURPOSE OF COMPLETING THE DEVELOPMENT OF A PARK IDENTIFIED AS FESTIVAL PARK; AUTHORIZING THE CITY MANAGER TO ACQUIRE FEE SIMPLE INTEREST IN THE PROPERTY BY DONATION, PURCHASE, OR EMINENT DOMAIN; AUTHORIZING THE CITY ATTORNEY TO ACQUIRE FEE SIMPLE INTEREST IN THE PROPERTY BY THE INSTITUTION OF PROCEEDINGS IN EMINENT DOMAIN, AND PROVIDING AN EFFECTIVE DATE.

WHEREAS the City of Cape Coral is one of the fastest growing municipalities within the State of Florida; and

WHEREAS the exceptional growth in the City has greatly increased the demand for park and recreation facilities for the residents of the City of Cape Coral; and

WHEREAS as a result of the foregoing, present need and long-range planning require the City to provide additional park and outdoor recreation facilities for the residents of the City of Cape Coral; and

WHEREAS the City Council of the City of Cape Coral, having considered information provided by the City Manager, City Staff, professional consultants, and the City of Cape Coral Parks and Recreation Master Plan 2016, has determined it to be necessary and in the public interest to acquire the additional property identified herein for the completion of Festival Park; and

WHEREAS, the citizens of the City of Cape Coral approved the Parks General Obligation Bond in a November 2018 referendum which made \$60 Million available for various parks projects in the City including the completion of Festival Park; and

WHEREAS the City of Cape Coral has previously acquired 449 of the 517 parcels necessary for the completion of Festival Park and the acquisition of all of the 68 remaining necessary parcels is addressed by this resolution and contemporaneous companion resolutions for each of the other remaining parcels; and

WHEREAS the City of Cape Coral, Florida is authorized pursuant to Chapter 166, Florida Statutes, to acquire property for municipal purposes through the power of eminent domain.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF CAPE CORAL, FLORIDA, AS FOLLOWS:

SECTION 1. The recitals contained above are true, correct, and incorporated herein by reference in this Resolution and are made a part of this Resolution as if they were set forth in full below.

SECTION 2. The City of Cape Coral finds it necessary and in the public interest to acquire the real property described as Lots 22, 23 and 24, Block 3009, Unit 43, Cape Coral Subdivision, as recorded in Plat Book 17, Pages 48 thru 57, inclusive, of the Public Records of Lee County, Florida, Strap Number 274323C4030090220, referred to as Project Parcel FP-109, located at 1429 NW 27th Street, to provide additional park and outdoor recreation facilities for the growing population of the City of Cape Coral. These facilities will benefit the health, safety and welfare of the growing population of the City of Cape Coral.

SECTION 3. The City Manager, City Attorney and outside Eminent Domain Counsel are hereby authorized and directed to immediately proceed to take the necessary steps for the City of Cape Coral to acquire in its own name, by donation, purchase or eminent domain proceedings pursuant to Chapters 73, 74 and 166, Florida Statutes and all other statutory or common law granting the City the power to acquire property utilizing the power of eminent domain, the real property described in Section 2 above, in fee simple, for the above-described public use or purpose, including the institution of an eminent domain action and the filing of a Declaration of Taking, and to have prepared in the name of the City of Cape Coral, Lee County, Florida, all papers, pleadings, and other instruments required for this purpose, and to ensure any eminent domain proceedings which may be instituted are

prosecuted through Final Judgment. The City Attorney, outside Eminent Domain Counsel and any other City employees or agents are further authorized and directed to take such further actions as are reasonably required to accomplish the purposes identified herein.

SECTION 4. The City Manager is hereby authorized, empowered and directed to contact the owner(s) and other persons that may hold an interest in the property described in Section 2 above, and to negotiate the purchase of such property interests for the City. These parcels are being appraised by a well-qualified and licensed appraiser engaged by the City. The City Manager is hereby authorized, empowered and directed to offer the owner(s) an amount not to exceed 20% above the appraised value of such property as determined by the appraiser engaged by the City.

SECTION 5. This resolution shall take effect immediately upon its adoption.

Item Type: NEW BUSINESS

AGENDA REQUEST FORM
CITY OF CAPE CORAL

TITLE:

Resolution 199-19 Resolution of Necessity - Festival Park Lots 7 and 8, Block 3013, Unit 43

REQUESTED ACTION:

Approve or Deny

STRATEGIC PLAN INFO:

1. Will this action result in a Budget Amendment? No
2. Is this a Strategic Decision? Yes

If Yes, Priority Goals Supported are listed below.

If No, will it harm the intent or success of the Strategic Plan?

ELEMENT F: ENHANCE THE QUALITY OF LIFE THROUGH ARTS AND CULTURE TO CREATE AND PROMOTE A VIBRANT, CULTURALLY DIVERSE COMMUNITY.

PLANNING & ZONING/HEARING EXAMINER/STAFF RECOMMENDATIONS:

SUMMARY EXPLANATION AND BACKGROUND:

Festival Park has been a concept approved by City Council to establish a large multi-use community park. This park is proposed to be the City's premier community park and special venue to provide first-class recreational, social, and cultural opportunities that include an amphitheater, recreation center with an indoor fitness center, a freshwater beach, trails, and restored natural areas for the enjoyment of residents and visitors. The area proposed for Festival Park is located north of Kismet Parkway West, just east of Chiquita Boulevard North, in Unit 43 Cape Coral Subdivision. In 2003, City Council directed staff to begin purchasing property for the future park site. Over the years, staff has been working with various owners in the park area to purchase properties on a voluntary basis. With the recent approval of a Parks General Obligation Bond, staff has notified property owners within the Festival Park area of the City's desire to complete its acquisitions within the park. Currently, the City owns 449 of the 517 parcels required for Festival Park. The Resolution of Necessity authorizes the City Manager, City Attorney and outside Eminent Domain Counsel to take necessary actions to acquire the remaining property.

RESOLUTION 199 - 19

A RESOLUTION OF NECESSITY DECLARING A REASONABLE NECESSITY TO ACQUIRE CERTAIN PROPERTY IDENTIFIED AS LOTS 7 AND 8, BLOCK 3013, UNIT 43, CAPE CORAL SUBDIVISION, AS MORE PARTICULARLY DESCRIBED HEREIN, LOCATED AT 1246 NW 25TH TERRACE, FOR THE PURPOSE OF COMPLETING THE DEVELOPMENT OF A PARK IDENTIFIED AS FESTIVAL PARK; AUTHORIZING THE CITY MANAGER TO ACQUIRE FEE SIMPLE INTEREST IN THE PROPERTY BY DONATION, PURCHASE, OR EMINENT DOMAIN; AUTHORIZING THE CITY ATTORNEY TO ACQUIRE FEE SIMPLE INTEREST IN THE PROPERTY BY THE INSTITUTION OF PROCEEDINGS IN EMINENT DOMAIN, AND PROVIDING AN EFFECTIVE DATE.

WHEREAS the City of Cape Coral is one of the fastest growing municipalities within the State of Florida; and

WHEREAS the exceptional growth in the City has greatly increased the demand for park and recreation facilities for the residents of the City of Cape Coral; and

WHEREAS as a result of the foregoing, present need and long-range planning require the City to provide additional park and outdoor recreation facilities for the residents of the City of Cape Coral; and

WHEREAS the City Council of the City of Cape Coral, having considered information provided by the City Manager, City Staff, professional consultants, and the City of Cape Coral Parks and Recreation Master Plan 2016, has determined it to be necessary and in the public interest to acquire the additional property identified herein for the completion of Festival Park; and

WHEREAS, the citizens of the City of Cape Coral approved the Parks General Obligation Bond in a November 2018 referendum which made \$60 Million available for various parks projects in the City including the completion of Festival Park; and

WHEREAS the City of Cape Coral has previously acquired 449 of the 517 parcels necessary for the completion of Festival Park and the acquisition of all of the 68 remaining necessary parcels is addressed by this resolution and contemporaneous companion resolutions for each of the other remaining parcels; and

WHEREAS the City of Cape Coral, Florida is authorized pursuant to Chapter 166, Florida Statutes, to acquire property for municipal purposes through the power of eminent domain.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF CAPE CORAL, FLORIDA, AS FOLLOWS:

SECTION 1. The recitals contained above are true, correct, and incorporated herein by reference in this Resolution and are made a part of this Resolution as if they were set forth in full below.

SECTION 2. The City of Cape Coral finds it necessary and in the public interest to acquire the real property described as Lots 7 and 8, Block 3013, Unit 43, Cape Coral Subdivision, as recorded in Plat Book 17, Pages 48 thru 57, inclusive, of the Public Records of Lee County, Florida, Strap Number 274323C4030130070, referred to as Project Parcel FP-119, located at 1246 NW 25th Terrace, to provide additional park and outdoor recreation facilities for the growing population of the City of Cape Coral. These facilities will benefit the health, safety and welfare of the growing population of the City of Cape Coral.

SECTION 3. The City Manager, City Attorney and outside Eminent Domain Counsel are hereby authorized and directed to immediately proceed to take the necessary steps for the City of Cape Coral to acquire in its own name, by donation, purchase or eminent domain proceedings pursuant to Chapters 73, 74 and 166, Florida Statutes and all other statutory or common law granting the City the power to acquire property utilizing the power of eminent domain, the real property described in Section 2 above, in fee simple, for the above-described public use or purpose, including the institution of an eminent domain action and the filing of a Declaration of Taking, and to have prepared in the name of the City of Cape Coral, Lee County, Florida, all papers, pleadings, and other instruments required for this purpose, and to ensure any eminent domain proceedings which may be instituted are

prosecuted through Final Judgment. The City Attorney, outside Eminent Domain Counsel and any other City employees or agents are further authorized and directed to take such further actions as are reasonably required to accomplish the purposes identified herein.

SECTION 4. The City Manager is hereby authorized, empowered and directed to contact the owner(s) and other persons that may hold an interest in the property described in Section 2 above, and to negotiate the purchase of such property interests for the City. These parcels are being appraised by a well-qualified and licensed appraiser engaged by the City. The City Manager is hereby authorized, empowered and directed to offer the owner(s) an amount not to exceed 20% above the appraised value of such property as determined by the appraiser engaged by the City.

SECTION 5. This resolution shall take effect immediately upon its adoption.

WHEREAS the exceptional growth in the City has greatly increased the demand for park and recreation facilities for the residents of the City of Cape Coral; and

WHEREAS as a result of the foregoing, present need and long-range planning require the City to provide additional park and outdoor recreation facilities for the residents of the City of Cape Coral; and

WHEREAS the City Council of the City of Cape Coral, having considered information provided by the City Manager, City Staff, professional consultants, and the City of Cape Coral Parks and Recreation Master Plan 2016, has determined it to be necessary and in the public interest to acquire the additional property identified herein for the completion of Festival Park; and

WHEREAS, the citizens of the City of Cape Coral approved the Parks General Obligation Bond in a November 2018 referendum which made \$60 Million available for various parks projects in the City including the completion of Festival Park; and

WHEREAS the City of Cape Coral has previously acquired 449 of the 517 parcels necessary for the completion of Festival Park and the acquisition of all of the 68 remaining necessary parcels is addressed by this resolution and contemporaneous companion resolutions for each of the other remaining parcels; and

WHEREAS the City of Cape Coral, Florida is authorized pursuant to Chapter 166, Florida Statutes, to acquire property for municipal purposes through the power of eminent domain.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF CAPE CORAL, FLORIDA, AS FOLLOWS:

SECTION 1. The recitals contained above are true, correct, and incorporated herein by reference in this Resolution and are made a part of this Resolution as if they were set forth in full below.

SECTION 2. The City of Cape Coral finds it necessary and in the public interest to acquire the real property described as Lots 25 and 26, Block 3013, Unit 43, Cape Coral Subdivision, as recorded in Plat Book 17, Pages 48 thru 57, inclusive, of the Public Records of Lee County, Florida, Strap Number 274323C4030130250, referred to as Project Parcel FP-128, located at 1210 NW 25th Terrace, to provide additional park and outdoor recreation facilities for the growing population of the City of Cape Coral. These facilities will benefit the health, safety and welfare of the growing population of the City of Cape Coral.

SECTION 3. The City Manager, City Attorney and outside Eminent Domain Counsel are hereby authorized and directed to immediately proceed to take the necessary steps for the City of Cape Coral to acquire in its own name, by donation, purchase or eminent domain proceedings pursuant to Chapters 73, 74 and 166, Florida Statutes and all other statutory or common law granting the City the power to acquire property utilizing the power of eminent domain, the real property described in Section 2 above, in fee simple, for the above-described public use or purpose, including the institution of an eminent domain action and the filing of a Declaration of Taking, and to have prepared in the name of the City of Cape Coral, Lee County, Florida, all papers, pleadings, and other instruments required for this purpose, and to ensure any eminent domain proceedings which may be instituted are

prosecuted through Final Judgment. The City Attorney, outside Eminent Domain Counsel and any other City employees or agents are further authorized and directed to take such further actions as are reasonably required to accomplish the purposes identified herein.

SECTION 4. The City Manager is hereby authorized, empowered and directed to contact the owner(s) and other persons that may hold an interest in the property described in Section 2 above, and to negotiate the purchase of such property interests for the City. These parcels are being appraised by a well-qualified and licensed appraiser engaged by the City. The City Manager is hereby authorized, empowered and directed to offer the owner(s) an amount not to exceed 20% above the appraised value of such property as determined by the appraiser engaged by the City.

SECTION 5. This resolution shall take effect immediately upon its adoption.

CITY OF CAPE CORAL

TITLE:

Resolution 204-19 Resolution of Necessity - Festival Park Lots 27 and 28, Block 3013, Unit 43

REQUESTED ACTION:

Approve or Deny

STRATEGIC PLAN INFO:

1. Will this action result in a Budget Amendment? No
2. Is this a Strategic Decision? Yes
If Yes, Priority Goals Supported are listed below.
If No, will it harm the intent or success of the Strategic Plan?

ELEMENT F: ENHANCE THE QUALITY OF LIFE THROUGH ARTS AND CULTURE TO CREATE AND PROMOTE A VIBRANT, CULTURALLY DIVERSE COMMUNITY.

PLANNING & ZONING/HEARING EXAMINER/STAFF RECOMMENDATIONS:

SUMMARY EXPLANATION AND BACKGROUND:

Festival Park has been a concept approved by City Council to establish a large multi-use community park. This park is proposed to be the City's premier community park and special venue to provide first-class recreational, social, and cultural opportunities that include an amphitheater, recreation center with an indoor fitness center, a freshwater beach, trails, and restored natural areas for the enjoyment of residents and visitors. The area proposed for Festival Park is located north of Kismet Parkway West, just east of Chiquita Boulevard North, in Unit 43 Cape Coral Subdivision. In 2003, City Council directed staff to begin purchasing property for the future park site. Over the years, staff has been working with various owners in the park area to purchase properties on a voluntary basis. With the recent approval of a Parks General Obligation Bond, staff has notified property owners within the Festival Park area of the City's desire to complete its acquisitions within the park. Currently, the City owns 449 of the 517 parcels required for Festival Park. The Resolution of Necessity authorizes the City Manager, City Attorney and outside Eminent Domain Counsel to take necessary actions to acquire the remaining property.

RESOLUTION 207 - 19

A RESOLUTION OF NECESSITY DECLARING A REASONABLE NECESSITY TO ACQUIRE CERTAIN PROPERTY IDENTIFIED AS LOTS 53 AND 54, BLOCK 3013, UNIT 43, CAPE CORAL SUBDIVISION, AS MORE PARTICULARLY DESCRIBED HEREIN, LOCATED AT 1215 NW 25TH STREET, FOR THE PURPOSE OF COMPLETING THE DEVELOPMENT OF A PARK IDENTIFIED AS FESTIVAL PARK; AUTHORIZING THE CITY MANAGER TO ACQUIRE FEE SIMPLE INTEREST IN THE PROPERTY BY DONATION, PURCHASE, OR EMINENT DOMAIN; AUTHORIZING THE CITY ATTORNEY TO ACQUIRE FEE SIMPLE INTEREST IN THE PROPERTY BY THE INSTITUTION OF PROCEEDINGS IN EMINENT DOMAIN, AND PROVIDING AN EFFECTIVE DATE.

WHEREAS the City of Cape Coral is one of the fastest growing municipalities within the State of Florida; and

WHEREAS the exceptional growth in the City has greatly increased the demand for park and recreation facilities for the residents of the City of Cape Coral; and

WHEREAS as a result of the foregoing, present need and long-range planning require the City to provide additional park and outdoor recreation facilities for the residents of the City of Cape Coral; and

WHEREAS the City Council of the City of Cape Coral, having considered information provided by the City Manager, City Staff, professional consultants, and the City of Cape Coral Parks and Recreation Master Plan 2016, has determined it to be necessary and in the public interest to acquire the additional property identified herein for the completion of Festival Park; and

WHEREAS, the citizens of the City of Cape Coral approved the Parks General Obligation Bond in a November 2018 referendum which made \$60 Million available for various parks projects in the City including the completion of Festival Park; and

WHEREAS the City of Cape Coral has previously acquired 449 of the 517 parcels necessary for the completion of Festival Park and the acquisition of all of the 68 remaining necessary parcels is addressed by this resolution and contemporaneous companion resolutions for each of the other remaining parcels; and

WHEREAS the City of Cape Coral, Florida is authorized pursuant to Chapter 166, Florida Statutes, to acquire property for municipal purposes through the power of eminent domain.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF CAPE CORAL, FLORIDA, AS FOLLOWS:

SECTION 1. The recitals contained above are true, correct, and incorporated herein by reference in this Resolution and are made a part of this Resolution as if they were set forth in full below.

SECTION 2. The City of Cape Coral finds it necessary and in the public interest to acquire the real property described as Lots 53 and 54, Block 3013, Unit 43, Cape Coral Subdivision, as recorded in Plat Book 17, Pages 48 thru 57, inclusive, of the Public Records of Lee County, Florida, Strap Number 274323C4030130530, referred to as Project Parcel FP-142, located at 1215 NW 25th Street, to provide additional park and outdoor recreation facilities for the growing population of the City of Cape Coral. These facilities will benefit the health, safety and welfare of the growing population of the City of Cape Coral.

SECTION 3. The City Manager, City Attorney and outside Eminent Domain Counsel are hereby authorized and directed to immediately proceed to take the necessary steps for the City of Cape Coral to acquire in its own name, by donation, purchase or eminent domain proceedings pursuant to Chapters 73, 74 and 166, Florida Statutes and all other statutory or common law granting the City the power to acquire property utilizing the power of eminent domain, the real property described in Section 2 above, in fee simple, for the above-described public use or purpose, including the institution of an eminent domain action and the filing of a Declaration of Taking, and to have prepared in the name of the City of Cape Coral, Lee County, Florida, all papers, pleadings, and other instruments required for this purpose, and to ensure any eminent domain proceedings which may be instituted are

prosecuted through Final Judgment. The City Attorney, outside Eminent Domain Counsel and any other City employees or agents are further authorized and directed to take such further actions as are reasonably required to accomplish the purposes identified herein.

SECTION 4. The City Manager is hereby authorized, empowered and directed to contact the owner(s) and other persons that may hold an interest in the property described in Section 2 above, and to negotiate the purchase of such property interests for the City. These parcels are being appraised by a well-qualified and licensed appraiser engaged by the City. The City Manager is hereby authorized, empowered and directed to offer the owner(s) an amount not to exceed 20% above the appraised value of such property as determined by the appraiser engaged by the City.

SECTION 5. This resolution shall take effect immediately upon its adoption.

Meeting Date: 7/22/2019
Item Type: NEW BUSINESS

AGENDA REQUEST FORM
CITY OF CAPE CORAL

TITLE:

Resolution 208-19 Resolution of Necessity - Festival Park Lots 59 and 60, Block 3013, Unit 43

REQUESTED ACTION:

Approve or Deny

STRATEGIC PLAN INFO:

1. Will this action result in a Budget Amendment? No
2. Is this a Strategic Decision? Yes
If Yes, Priority Goals Supported are listed below.
If No, will it harm the intent or success of the Strategic Plan?

ELEMENT F: ENHANCE THE QUALITY OF LIFE THROUGH ARTS AND CULTURE TO CREATE AND PROMOTE A VIBRANT, CULTURALLY DIVERSE COMMUNITY.

PLANNING & ZONING/HEARING EXAMINER/STAFF RECOMMENDATIONS:

SUMMARY EXPLANATION AND BACKGROUND:

Festival Park has been a concept approved by City Council to establish a large multi-use community park. This park is proposed to be the City's premier community park and special venue to provide first-class recreational, social, and cultural opportunities that include an amphitheater, recreation center with an indoor fitness center, a freshwater beach, trails, and restored natural areas for the enjoyment of residents and visitors. The area proposed for Festival Park is located north of Kismet Parkway West, just east of Chiquita Boulevard North, in Unit 43 Cape Coral Subdivision. In 2003, City Council directed staff to begin purchasing property for the future park site. Over the years, staff has been working with various owners in the park area to purchase properties on a voluntary basis. With the recent approval of a Parks General Obligation Bond, staff has notified property owners within the Festival Park area of the City's desire to complete its acquisitions within the park. Currently, the City owns 449 of the 517 parcels required for Festival Park. The Resolution of Necessity authorizes the City Manager, City Attorney and outside Eminent Domain Counsel to take necessary actions to acquire the remaining property.

RESOLUTION 208 - 19

A RESOLUTION OF NECESSITY DECLARING A REASONABLE NECESSITY TO ACQUIRE CERTAIN PROPERTY IDENTIFIED AS LOTS 59 AND 60, BLOCK 3013, UNIT 43, CAPE CORAL SUBDIVISION, AS MORE PARTICULARLY DESCRIBED HEREIN, LOCATED AT 1227 NW 25TH STREET, FOR THE PURPOSE OF COMPLETING THE DEVELOPMENT OF A PARK IDENTIFIED AS FESTIVAL PARK; AUTHORIZING THE CITY MANAGER TO ACQUIRE FEE SIMPLE INTEREST IN THE PROPERTY BY DONATION, PURCHASE, OR EMINENT DOMAIN; AUTHORIZING THE CITY ATTORNEY TO ACQUIRE FEE SIMPLE INTEREST IN THE PROPERTY BY THE INSTITUTION OF PROCEEDINGS IN EMINENT DOMAIN, AND PROVIDING AN EFFECTIVE DATE.

WHEREAS the City of Cape Coral is one of the fastest growing municipalities within the State of Florida; and

WHEREAS the exceptional growth in the City has greatly increased the demand for park and recreation facilities for the residents of the City of Cape Coral; and

WHEREAS as a result of the foregoing, present need and long-range planning require the City to provide additional park and outdoor recreation facilities for the residents of the City of Cape Coral; and

WHEREAS the City Council of the City of Cape Coral, having considered information provided by the City Manager, City Staff, professional consultants, and the City of Cape Coral Parks and Recreation Master Plan 2016, has determined it to be necessary and in the public interest to acquire the additional property identified herein for the completion of Festival Park; and

WHEREAS, the citizens of the City of Cape Coral approved the Parks General Obligation Bond in a November 2018 referendum which made \$60 Million available for various parks projects in the City including the completion of Festival Park; and

WHEREAS the City of Cape Coral has previously acquired 449 of the 517 parcels necessary for the completion of Festival Park and the acquisition of all of the 68 remaining necessary parcels is addressed by this resolution and contemporaneous companion resolutions for each of the other remaining parcels; and

WHEREAS the City of Cape Coral, Florida is authorized pursuant to Chapter 166, Florida Statutes, to acquire property for municipal purposes through the power of eminent domain.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF CAPE CORAL, FLORIDA, AS FOLLOWS:

SECTION 1. The recitals contained above are true, correct, and incorporated herein by reference in this Resolution and are made a part of this Resolution as if they were set forth in full below.

SECTION 2. The City of Cape Coral finds it necessary and in the public interest to acquire the real property described as Lots 59 and 60, Block 3013, Unit 43, Cape Coral Subdivision, as recorded in Plat Book 17, Pages 48 thru 57, inclusive, of the Public Records of Lee County, Florida, Strap Number 274323C4030130590, referred to as Project Parcel FP-145, located at 1227 NW 25th Street, to provide additional park and outdoor recreation facilities for the growing population of the City of Cape Coral. These facilities will benefit the health, safety and welfare of the growing population of the City of Cape Coral.

SECTION 3. The City Manager, City Attorney and outside Eminent Domain Counsel are hereby authorized and directed to immediately proceed to take the necessary steps for the City of Cape Coral to acquire in its own name, by donation, purchase or eminent domain proceedings pursuant to Chapters 73, 74 and 166, Florida Statutes and all other statutory or common law granting the City the power to acquire property utilizing the power of eminent domain, the real property described in Section 2 above, in fee simple, for the above-described public use or purpose, including the institution of an eminent domain action and the filing of a Declaration of Taking, and to have prepared in the name of the City of Cape Coral, Lee County, Florida, all papers, pleadings, and other instruments required for this purpose, and to ensure any eminent domain proceedings which may be instituted are

prosecuted through Final Judgment. The City Attorney, outside Eminent Domain Counsel and any other City employees or agents are further authorized and directed to take such further actions as are reasonably required to accomplish the purposes identified herein.

SECTION 4. The City Manager is hereby authorized, empowered and directed to contact the owner(s) and other persons that may hold an interest in the property described in Section 2 above, and to negotiate the purchase of such property interests for the City. These parcels are being appraised by a well-qualified and licensed appraiser engaged by the City. The City Manager is hereby authorized, empowered and directed to offer the owner(s) an amount not to exceed 20% above the appraised value of such property as determined by the appraiser engaged by the City.

SECTION 5. This resolution shall take effect immediately upon its adoption.

WHEREAS the City of Cape Coral, Florida is authorized pursuant to Chapter 166, Florida Statutes, to acquire property for municipal purposes through the power of eminent domain.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF CAPE CORAL, FLORIDA, AS FOLLOWS:

SECTION 1. The recitals contained above are true, correct, and incorporated herein by reference in this Resolution and are made a part of this Resolution as if they were set forth in full below.

SECTION 2. The City of Cape Coral finds it necessary and in the public interest to acquire the real property described as Lots 14 and 15, Block 3014, Unit 43, Cape Coral Subdivision, as recorded in Plat Book 17, Pages 48 thru 57, inclusive, of the Public Records of Lee County, Florida, Strap Number 274323C3030140140, referred to as Project Parcel FP-160, located at 1022 NW 25th Terrace, to provide additional park and outdoor recreation facilities for the growing population of the City of Cape Coral. These facilities will benefit the health, safety and welfare of the growing population of the City of Cape Coral.

SECTION 3. The City Manager, City Attorney and outside Eminent Domain Counsel are hereby authorized and directed to immediately proceed to take the necessary steps for the City of Cape Coral to acquire in its own name, by donation, purchase or eminent domain proceedings pursuant to Chapters 73, 74 and 166, Florida Statutes and all other statutory or common law granting the City the power to acquire property utilizing the power of eminent domain, the real property described in Section 2 above, in fee simple, for the above-described public use or purpose, including the institution of an eminent domain action and the filing of a Declaration of Taking, and to have prepared in the name of the City of Cape Coral, Lee County, Florida, all papers, pleadings, and other instruments required for this purpose, and to ensure any eminent domain proceedings which may be instituted are

prosecuted through Final Judgment. The City Attorney, outside Eminent Domain Counsel and any other City employees or agents are further authorized and directed to take such further actions as are reasonably required to accomplish the purposes identified herein.

SECTION 4. The City Manager is hereby authorized, empowered and directed to contact the owner(s) and other persons that may hold an interest in the property described in Section 2 above, and to negotiate the purchase of such property interests for the City. These parcels are being appraised by a well-qualified and licensed appraiser engaged by the City. The City Manager is hereby authorized, empowered and directed to offer the owner(s) an amount not to exceed 20% above the appraised value of such property as determined by the appraiser engaged by the City.

SECTION 5. This resolution shall take effect immediately upon its adoption.

AGENDA REQUEST FORM
CITY OF CAPE CORAL

TITLE:

Resolution 213-19 Resolution of Necessity - Festival Park Lots 18 and 19, Block 3014, Unit 43

REQUESTED ACTION:

Approve or Deny

STRATEGIC PLAN INFO:

1. Will this action result in a Budget Amendment? No
2. Is this a Strategic Decision? Yes
If Yes, Priority Goals Supported are listed below.
If No, will it harm the intent or success of the Strategic Plan?

ELEMENT F: ENHANCE THE QUALITY OF LIFE THROUGH ARTS AND CULTURE TO CREATE AND PROMOTE A VIBRANT, CULTURALLY DIVERSE COMMUNITY.

PLANNING & ZONING/HEARING EXAMINER/STAFF RECOMMENDATIONS:

SUMMARY EXPLANATION AND BACKGROUND:

Festival Park has been a concept approved by City Council to establish a large multi-use community park. This park is proposed to be the City's premier community park and special venue to provide first-class recreational, social, and cultural opportunities that include an amphitheater, recreation center with an indoor fitness center, a freshwater beach, trails, and restored natural areas for the enjoyment of residents and visitors. The area proposed for Festival Park is located north of Kismet Parkway West, just east of Chiquita Boulevard North, in Unit 43 Cape Coral Subdivision. In 2003, City Council directed staff to begin purchasing property for the future park site. Over the years, staff has been working with various owners in the park area to purchase properties on a voluntary basis. With the recent approval of a Parks General Obligation Bond, staff has notified property owners within the Festival Park area of the City's desire to complete its acquisitions within the park. Currently, the City owns 449 of the 517 parcels required for Festival Park. The Resolution of Necessity authorizes the City Manager, City Attorney and outside Eminent Domain Counsel to take necessary actions to acquire the remaining property.

RESOLUTION 213 - 19

A RESOLUTION OF NECESSITY DECLARING A REASONABLE NECESSITY TO ACQUIRE CERTAIN PROPERTY IDENTIFIED AS LOTS 18 AND 19, BLOCK 3014, UNIT 43, CAPE CORAL SUBDIVISION, AS MORE PARTICULARLY DESCRIBED HEREIN, LOCATED AT 1014 NW 25TH TERRACE, FOR THE PURPOSE OF COMPLETING THE DEVELOPMENT OF A PARK IDENTIFIED AS FESTIVAL PARK; AUTHORIZING THE CITY MANAGER TO ACQUIRE FEE SIMPLE INTEREST IN THE PROPERTY BY DONATION, PURCHASE, OR EMINENT DOMAIN; AUTHORIZING THE CITY ATTORNEY TO ACQUIRE FEE SIMPLE INTEREST IN THE PROPERTY BY THE INSTITUTION OF PROCEEDINGS IN EMINENT DOMAIN, AND PROVIDING AN EFFECTIVE DATE.

WHEREAS the City of Cape Coral is one of the fastest growing municipalities within the State of Florida; and

WHEREAS the exceptional growth in the City has greatly increased the demand for park and recreation facilities for the residents of the City of Cape Coral; and

WHEREAS as a result of the foregoing, present need and long-range planning require the City to provide additional park and outdoor recreation facilities for the residents of the City of Cape Coral; and

WHEREAS the City Council of the City of Cape Coral, having considered information provided by the City Manager, City Staff, professional consultants, and the City of Cape Coral Parks and Recreation Master Plan 2016, has determined it to be necessary and in the public interest to acquire the additional property identified herein for the completion of Festival Park; and

WHEREAS, the citizens of the City of Cape Coral approved the Parks General Obligation Bond in a November 2018 referendum which made \$60 Million available for various parks projects in the City including the completion of Festival Park; and

WHEREAS the City of Cape Coral has previously acquired 449 of the 517 parcels necessary for the completion of Festival Park and the acquisition of all of the 68 remaining necessary parcels is addressed by this resolution and contemporaneous companion resolutions for each of the other remaining parcels; and

WHEREAS the City of Cape Coral, Florida is authorized pursuant to Chapter 166, Florida Statutes, to acquire property for municipal purposes through the power of eminent domain.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF CAPE CORAL, FLORIDA, AS FOLLOWS:

SECTION 1. The recitals contained above are true, correct, and incorporated herein by reference in this Resolution and are made a part of this Resolution as if they were set forth in full below.

SUMMARY EXPLANATION AND BACKGROUND:

Festival Park has been a concept approved by City Council to establish a large multi-use community park. This park is proposed to be the City's premier community park and special venue to provide first-class recreational, social, and cultural opportunities that include an amphitheater, recreation center with an indoor fitness center, a freshwater beach, trails, and restored natural areas for the enjoyment of residents and visitors. The area proposed for Festival Park is located north of Kismet Parkway West, just east of Chiquita Boulevard North, in Unit 43 Cape Coral Subdivision. In 2003, City Council directed staff to begin purchasing property for the future park site. Over the years, staff has been working with various owners in the park area to purchase properties on a voluntary basis. With the recent approval of a Parks General Obligation Bond, staff has notified property owners within the Festival Park area of the City's desire to complete its acquisitions within the park. Currently, the City owns 449 of the 517 parcels required for Festival Park. The Resolution of Necessity authorizes the City Manager, City Attorney and outside Eminent Domain Counsel to take necessary actions to acquire the remaining property.

RESOLUTION 217 - 19

A RESOLUTION OF NECESSITY DECLARING A REASONABLE NECESSITY TO ACQUIRE CERTAIN PROPERTY IDENTIFIED AS LOTS 55 AND 56, BLOCK 3015, UNIT 43, CAPE CORAL SUBDIVISION, AS MORE PARTICULARLY DESCRIBED HEREIN, LOCATED AT 2512 NW 9TH PLACE, FOR THE PURPOSE OF COMPLETING THE DEVELOPMENT OF A PARK IDENTIFIED AS FESTIVAL PARK; AUTHORIZING THE CITY MANAGER TO ACQUIRE FEE SIMPLE INTEREST IN THE PROPERTY BY DONATION, PURCHASE, OR EMINENT DOMAIN; AUTHORIZING THE CITY ATTORNEY TO ACQUIRE FEE SIMPLE INTEREST IN THE PROPERTY BY THE INSTITUTION OF PROCEEDINGS IN EMINENT DOMAIN, AND PROVIDING AN EFFECTIVE DATE.

WHEREAS the City of Cape Coral is one of the fastest growing municipalities within the State of Florida; and

WHEREAS the exceptional growth in the City has greatly increased the demand for park and recreation facilities for the residents of the City of Cape Coral; and

WHEREAS as a result of the foregoing, present need and long-range planning require the City to provide additional park and outdoor recreation facilities for the residents of the City of Cape Coral; and

WHEREAS the City Council of the City of Cape Coral, having considered information provided by the City Manager, City Staff, professional consultants, and the City of Cape Coral Parks and Recreation Master Plan 2016, has determined it to be necessary and in the public interest to acquire the additional property identified herein for the completion of Festival Park; and

WHEREAS, the citizens of the City of Cape Coral approved the Parks General Obligation Bond in a November 2018 referendum which made \$60 Million available for various parks projects in the City including the completion of Festival Park; and

WHEREAS the City of Cape Coral has previously acquired 449 of the 517 parcels necessary for the completion of Festival Park and the acquisition of all of the 68 remaining necessary parcels is addressed by this resolution and contemporaneous companion resolutions for each of the other remaining parcels; and

WHEREAS the City of Cape Coral, Florida is authorized pursuant to Chapter 166, Florida Statutes, to acquire property for municipal purposes through the power of eminent domain.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF CAPE CORAL, FLORIDA, AS FOLLOWS:

SECTION 1. The recitals contained above are true, correct, and incorporated herein by reference in this Resolution and are made a part of this Resolution as if they were set forth in full below.

SECTION 2. The City of Cape Coral finds it necessary and in the public interest to acquire the real property described as Lots 55 and 56, Block 3015, Unit 43, Cape Coral Subdivision, as recorded in Plat Book 17, Pages 48 thru 57, inclusive, of the Public Records of Lee County, Florida, Strap Number 274323C3030150550, referred to as Project Parcel FP-204, located at 2512 NW 9th Place, to provide additional park and outdoor recreation facilities for the growing population of the City of Cape Coral. These facilities will benefit the health, safety and welfare of the growing population of the City of Cape Coral.

SECTION 3. The City Manager, City Attorney and outside Eminent Domain Counsel are hereby authorized and directed to immediately proceed to take the necessary steps for the City of Cape Coral to acquire in its own name, by donation, purchase or eminent domain proceedings pursuant to Chapters 73, 74 and 166, Florida Statutes and all other statutory or common law granting the City the power to acquire property utilizing the power of eminent domain, the real property described in Section 2 above, in fee simple, for the above-described public use or purpose, including the institution of an eminent domain action and the filing of a Declaration of Taking, and to have prepared in the name of the City of Cape Coral, Lee County, Florida, all papers, pleadings, and other instruments required for this purpose, and to ensure any eminent domain proceedings which may be instituted are

prosecuted through Final Judgment. The City Attorney, outside Eminent Domain Counsel and any other City employees or agents are further authorized and directed to take such further actions as are reasonably required to accomplish the purposes identified herein.

SECTION 4. The City Manager is hereby authorized, empowered and directed to contact the owner(s) and other persons that may hold an interest in the property described in Section 2 above, and to negotiate the purchase of such property interests for the City. These parcels are being appraised by a well-qualified and licensed appraiser engaged by the City. The City Manager is hereby authorized, empowered and directed to offer the owner(s) an amount not to exceed 20% above the appraised value of such property as determined by the appraiser engaged by the City.

SECTION 5. This resolution shall take effect immediately upon its adoption.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF CAPE CORAL, FLORIDA, AS FOLLOWS:

SECTION 1. The recitals contained above are true, correct, and incorporated herein by reference in this Resolution and are made a part of this Resolution as if they were set forth in full below.

SECTION 2. The City of Cape Coral finds it necessary and in the public interest to acquire the real property described as Lots 35 and 36, Block 3021, Unit 43, Cape Coral Subdivision, as recorded in Plat Book 17, Pages 48 thru 57, inclusive, of the Public Records of Lee County, Florida, Strap Number 274323C4030210350, referred to as Project Parcel FP-311, located at 1209 NW 25th Terrace, to provide additional park and outdoor recreation facilities for the growing population of the City of Cape Coral. These facilities will benefit the health, safety and welfare of the growing population of the City of Cape Coral.

SECTION 3. The City Manager, City Attorney and outside Eminent Domain Counsel are hereby authorized and directed to immediately proceed to take the necessary steps for the City of Cape Coral to acquire in its own name, by donation, purchase or eminent domain proceedings pursuant to Chapters 73, 74 and 166, Florida Statutes and all other statutory or common law granting the City the power to acquire property utilizing the power of eminent domain, the real property described in Section 2 above, in fee simple, for the above-described public use or purpose, including the institution of an eminent domain action and the filing of a Declaration of Taking, and to have prepared in the name of the City of Cape Coral, Lee County, Florida, all papers, pleadings, and other instruments required for this purpose, and to ensure any eminent domain proceedings which may be instituted are

prosecuted through Final Judgment. The City Attorney, outside Eminent Domain Counsel and any other City employees or agents are further authorized and directed to take such further actions as are reasonably required to accomplish the purposes identified herein.

SECTION 4. The City Manager is hereby authorized, empowered and directed to contact the owner(s) and other persons that may hold an interest in the property described in Section 2 above, and to negotiate the purchase of such property interests for the City. These parcels are being appraised by a well-qualified and licensed appraiser engaged by the City. The City Manager is hereby authorized, empowered and directed to offer the owner(s) an amount not to exceed 20% above the appraised value of such property as determined by the appraiser engaged by the City.

SECTION 5. This resolution shall take effect immediately upon its adoption.

AGENDA REQUEST FORM
CITY OF CAPE CORAL

TITLE:

Resolution 222-19 Resolution of Necessity - Festival Park Lots 37 and 38, Block 3021, Unit 43

REQUESTED ACTION:

Approve or Deny

STRATEGIC PLAN INFO:

1. Will this action result in a Budget Amendment? No
2. Is this a Strategic Decision? Yes
If Yes, Priority Goals Supported are listed below.
If No, will it harm the intent or success of the Strategic Plan?

ELEMENT F: ENHANCE THE QUALITY OF LIFE THROUGH ARTS AND CULTURE TO CREATE AND PROMOTE A VIBRANT, CULTURALLY DIVERSE COMMUNITY.

PLANNING & ZONING/HEARING EXAMINER/STAFF RECOMMENDATIONS:

SUMMARY EXPLANATION AND BACKGROUND:

Festival Park has been a concept approved by City Council to establish a large multi-use community park. This park is proposed to be the City's premier community park and special venue to provide first-class recreational, social, and cultural opportunities that include an amphitheater, recreation center with an indoor fitness center, a freshwater beach, trails, and restored natural areas for the enjoyment of residents and visitors. The area proposed for Festival Park is located north of Kismet Parkway West, just east of Chiquita Boulevard North, in Unit 43 Cape Coral Subdivision. In 2003, City Council directed staff to begin purchasing property for the future park site. Over the years, staff has been working with various owners in the park area to purchase properties on a voluntary basis. With the recent approval of a Parks General Obligation Bond, staff has notified property owners within the Festival Park area of the City's desire to complete its acquisitions within the park. Currently, the City owns 449 of the 517 parcels required for Festival Park. The Resolution of Necessity authorizes the City Manager, City Attorney and outside Eminent Domain Counsel to take necessary actions to acquire the remaining property.

RESOLUTION 222 - 19

A RESOLUTION OF NECESSITY DECLARING A REASONABLE NECESSITY TO ACQUIRE CERTAIN PROPERTY IDENTIFIED AS LOTS 37 AND 38, BLOCK 3021, UNIT 43, CAPE CORAL SUBDIVISION, AS MORE PARTICULARLY DESCRIBED HEREIN, LOCATED AT 1213 NW 25TH TERRACE, FOR THE PURPOSE OF COMPLETING THE DEVELOPMENT OF A PARK IDENTIFIED AS FESTIVAL PARK; AUTHORIZING THE CITY MANAGER TO ACQUIRE FEE SIMPLE INTEREST IN THE PROPERTY BY DONATION, PURCHASE, OR EMINENT DOMAIN; AUTHORIZING THE CITY ATTORNEY TO ACQUIRE FEE SIMPLE INTEREST IN THE PROPERTY BY THE INSTITUTION OF PROCEEDINGS IN EMINENT DOMAIN, AND PROVIDING AN EFFECTIVE DATE.

WHEREAS the City of Cape Coral is one of the fastest growing municipalities within the State of Florida; and

WHEREAS the exceptional growth in the City has greatly increased the demand for park and recreation facilities for the residents of the City of Cape Coral; and

WHEREAS as a result of the foregoing, present need and long-range planning require the City to provide additional park and outdoor recreation facilities for the residents of the City of Cape Coral; and

WHEREAS the City Council of the City of Cape Coral, having considered information provided by the City Manager, City Staff, professional consultants, and the City of Cape Coral Parks and Recreation Master Plan 2016, has determined it to be necessary and in the public interest to acquire the additional property identified herein for the completion of Festival Park; and

WHEREAS, the citizens of the City of Cape Coral approved the Parks General Obligation Bond in a November 2018 referendum which made \$60 Million available for various parks projects in the City including the completion of Festival Park; and

WHEREAS the City of Cape Coral has previously acquired 449 of the 517 parcels necessary for the completion of Festival Park and the acquisition of all of the 68 remaining necessary parcels is addressed by this resolution and contemporaneous companion resolutions for each of the other remaining parcels; and

WHEREAS the City of Cape Coral, Florida is authorized pursuant to Chapter 166, Florida Statutes, to acquire property for municipal purposes through the power of eminent domain.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF CAPE CORAL, FLORIDA, AS FOLLOWS:

SECTION 1. The recitals contained above are true, correct, and incorporated herein by reference in this Resolution and are made a part of this Resolution as if they were set forth in full below.

SECTION 2. The City of Cape Coral finds it necessary and in the public interest to acquire the real property described as Lots 37 and 38, Block 3021, Unit 43, Cape Coral Subdivision, as recorded in Plat Book 17, Pages 48 thru 57, inclusive, of the Public Records of Lee County, Florida, Strap Number 274323C4030210370, referred to as Project Parcel FP-312, located at 1213 NW 25th Terrace, to provide additional park and outdoor recreation facilities for the growing population of the City of Cape Coral. These facilities will benefit the health, safety and welfare of the growing population of the City of Cape Coral.

SECTION 3. The City Manager, City Attorney and outside Eminent Domain Counsel are hereby authorized and directed to immediately proceed to take the necessary steps for the City of Cape Coral to acquire in its own name, by donation, purchase or eminent domain proceedings pursuant to Chapters 73, 74 and 166, Florida Statutes and all other statutory or common law granting the City the power to acquire property utilizing the power of eminent domain, the real property described in Section 2 above, in fee simple, for the above-described public use or purpose, including the institution of an eminent domain action and the filing of a Declaration of Taking, and to have prepared in the name of the City of Cape Coral, Lee County, Florida, all papers, pleadings, and other instruments required for this purpose, and to ensure any eminent domain proceedings which may be instituted are

prosecuted through Final Judgment. The City Attorney, outside Eminent Domain Counsel and any other City employees or agents are further authorized and directed to take such further actions as are reasonably required to accomplish the purposes identified herein.

RESOLUTION 226 - 19

A RESOLUTION OF NECESSITY DECLARING A REASONABLE NECESSITY TO ACQUIRE CERTAIN PROPERTY IDENTIFIED AS LOTS 17 AND 18, BLOCK 3025, UNIT 43, CAPE CORAL SUBDIVISION, AS MORE PARTICULARLY DESCRIBED HEREIN, LOCATED AT 1256 WILMINGTON PARKWAY, FOR THE PURPOSE OF COMPLETING THE DEVELOPMENT OF A PARK IDENTIFIED AS FESTIVAL PARK; AUTHORIZING THE CITY MANAGER TO ACQUIRE FEE SIMPLE INTEREST IN THE PROPERTY BY DONATION, PURCHASE, OR EMINENT DOMAIN; AUTHORIZING THE CITY ATTORNEY TO ACQUIRE FEE SIMPLE INTEREST IN THE PROPERTY BY THE INSTITUTION OF PROCEEDINGS IN EMINENT DOMAIN, AND PROVIDING AN EFFECTIVE DATE.

WHEREAS the City of Cape Coral is one of the fastest growing municipalities within the State of Florida; and

WHEREAS the exceptional growth in the City has greatly increased the demand for park and recreation facilities for the residents of the City of Cape Coral; and

WHEREAS as a result of the foregoing, present need and long-range planning require the City to provide additional park and outdoor recreation facilities for the residents of the City of Cape Coral; and

WHEREAS the City Council of the City of Cape Coral, having considered information provided by the City Manager, City Staff, professional consultants, and the City of Cape Coral Parks and Recreation Master Plan 2016, has determined it to be necessary and in the public interest to acquire the additional property identified herein for the completion of Festival Park; and

WHEREAS, the citizens of the City of Cape Coral approved the Parks General Obligation Bond in a November 2018 referendum which made \$60 Million available for various parks projects in the City including the completion of Festival Park; and

WHEREAS the City of Cape Coral has previously acquired 449 of the 517 parcels necessary for the completion of Festival Park and the acquisition of all of the 68 remaining necessary parcels is addressed by this resolution and contemporaneous companion resolutions for each of the other remaining parcels; and

WHEREAS the City of Cape Coral, Florida is authorized pursuant to Chapter 166, Florida Statutes, to acquire property for municipal purposes through the power of eminent domain.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF CAPE CORAL, FLORIDA, AS FOLLOWS:

SECTION 1. The recitals contained above are true, correct, and incorporated herein by reference in this Resolution and are made a part of this Resolution as if they were set forth in full below.

SECTION 2. The City of Cape Coral finds it necessary and in the public interest to acquire the real property described as Lots 17 and 18, Block 3025, Unit 43, Cape Coral Subdivision, as recorded in Plat Book 17, Pages 48 thru 57, inclusive, of the Public Records of Lee County, Florida, Strap Number 274323C4030250170, referred to as Project Parcel FP-380, located at 1256 Wilmington Parkway, to provide additional park and outdoor recreation facilities for the growing population of the City of Cape Coral. These facilities will benefit the health, safety and welfare of the growing population of the City of Cape Coral.

SECTION 3. The City Manager, City Attorney and outside Eminent Domain Counsel are hereby authorized and directed to immediately proceed to take the necessary steps for the City of Cape Coral to acquire in its own name, by donation, purchase or eminent domain proceedings pursuant to Chapters 73, 74 and 166, Florida Statutes and all other statutory or common law granting the City the power to acquire property utilizing the power of eminent domain, the real property described in Section 2 above, in fee simple, for the above-described public use or purpose, including the institution of an eminent domain action and the filing of a Declaration of Taking, and to have prepared in the name of the City of Cape Coral, Lee County, Florida, all papers, pleadings, and other instruments required for this purpose, and to ensure any eminent domain proceedings which may be instituted are

prosecuted through Final Judgment. The City Attorney, outside Eminent Domain Counsel and any other City employees or agents are further authorized and directed to take such further actions as are reasonably required to accomplish the purposes identified herein.

SECTION 4. The City Manager is hereby authorized, empowered and directed to contact the owner(s) and other persons that may hold an interest in the property described in Section 2 above, and to negotiate the purchase of such property interests for the City. These parcels are being appraised by a well-qualified and licensed appraiser engaged by the City. The City Manager is hereby authorized, empowered and directed to offer the owner(s) an amount not to exceed 20% above the appraised value of such property as determined by the appraiser engaged by the City.

SECTION 5. This resolution shall take effect immediately upon its adoption.

ADOPTED BY THE CITY COUNCIL OF THE CITY OF CAPE CORAL AT ITS REGULAR COUNCIL SESSION THIS _____ DAY OF _____, 2019.

AGENDA REQUEST FORM
CITY OF CAPE CORAL

TITLE:

Resolution 227-19 Resolution of Necessity - Festival Park Lots 19, 20 and 21, Block 3025, Unit 43

REQUESTED ACTION:

Approve or Deny

STRATEGIC PLAN INFO:

1. Will this action result in a Budget Amendment? No
2. Is this a Strategic Decision? Yes
If Yes, Priority Goals Supported are listed below.
If No, will it harm the intent or success of the Strategic Plan?

ELEMENT F: ENHANCE THE QUALITY OF LIFE THROUGH ARTS AND CULTURE TO CREATE AND PROMOTE A VIBRANT, CULTURALLY DIVERSE COMMUNITY.

PLANNING & ZONING/HEARING EXAMINER/STAFF RECOMMENDATIONS:

SUMMARY EXPLANATION AND BACKGROUND:

Festival Park has been a concept approved by City Council to establish a large multi-use community park. This park is proposed to be the City's premier community park and special venue to provide first-class recreational, social, and cultural opportunities that include an amphitheater, recreation center with an indoor fitness center, a freshwater beach, trails, and restored natural areas for the enjoyment of residents and visitors. The area proposed for Festival Park is located north of Kismet Parkway West, just east of Chiquita Boulevard North, in Unit 43 Cape Coral Subdivision. In 2003, City Council directed staff to begin purchasing property for the future park site. Over the years, staff has been working with various owners in the park area to purchase properties on a voluntary basis. With the recent approval of a Parks General Obligation Bond, staff has notified property owners within the Festival Park area of the City's desire to complete its acquisitions within the park. Currently, the City owns 449 of the 517 parcels required for Festival Park. The Resolution of Necessity authorizes the City Manager, City Attorney and outside Eminent Domain Counsel to take necessary actions to acquire the remaining property.

RESOLUTION 230 - 19

A RESOLUTION OF NECESSITY DECLARING A REASONABLE NECESSITY TO ACQUIRE CERTAIN PROPERTY IDENTIFIED AS LOTS 58 AND 59, BLOCK 3025, UNIT 43, CAPE CORAL SUBDIVISION, AS MORE PARTICULARLY DESCRIBED HEREIN, LOCATED AT 1125 NW 27TH STREET, FOR THE PURPOSE OF COMPLETING THE DEVELOPMENT OF A PARK IDENTIFIED AS FESTIVAL PARK; AUTHORIZING THE CITY MANAGER TO ACQUIRE FEE SIMPLE INTEREST IN THE PROPERTY BY DONATION, PURCHASE, OR EMINENT DOMAIN; AUTHORIZING THE CITY ATTORNEY TO ACQUIRE FEE SIMPLE INTEREST IN THE PROPERTY BY THE INSTITUTION OF PROCEEDINGS IN EMINENT DOMAIN, AND PROVIDING AN EFFECTIVE DATE.

WHEREAS the City of Cape Coral is one of the fastest growing municipalities within the State of Florida; and

WHEREAS the exceptional growth in the City has greatly increased the demand for park and recreation facilities for the residents of the City of Cape Coral; and

WHEREAS as a result of the foregoing, present need and long-range planning require the City to provide additional park and outdoor recreation facilities for the residents of the City of Cape Coral; and

WHEREAS the City Council of the City of Cape Coral, having considered information provided by the City Manager, City Staff, professional consultants, and the City of Cape Coral Parks and Recreation Master Plan 2016, has determined it to be necessary and in the public interest to acquire the additional property identified herein for the completion of Festival Park; and

WHEREAS, the citizens of the City of Cape Coral approved the Parks General Obligation Bond in a November 2018 referendum which made \$60 Million available for various parks projects in the City including the completion of Festival Park; and

WHEREAS the City of Cape Coral has previously acquired 449 of the 517 parcels necessary for the completion of Festival Park and the acquisition of all of the 68 remaining necessary parcels is addressed by this resolution and contemporaneous companion resolutions for each of the other remaining parcels; and

WHEREAS the City of Cape Coral, Florida is authorized pursuant to Chapter 166, Florida Statutes, to acquire property for municipal purposes through the power of eminent domain.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF CAPE CORAL, FLORIDA, AS FOLLOWS:

SECTION 1. The recitals contained above are true, correct, and incorporated herein by reference in this Resolution and are made a part of this Resolution as if they were set forth in full below.

SECTION 2. The City of Cape Coral finds it necessary and in the public interest to acquire the real property described as Lots 58 and 59, Block 3025, Unit 43, Cape Coral Subdivision, as recorded in Plat Book 17, Pages 48 thru 57, inclusive, of the Public Records of Lee County, Florida, Strap Number 274323C1030250580, referred to as Project Parcel FP-399, located at 1125 NW 27th Street, to provide additional park and outdoor recreation facilities for the growing population of the City of Cape Coral. These facilities will benefit the health, safety and welfare of the growing population of the City of Cape Coral.

SECTION 3. The City Manager, City Attorney and outside Eminent Domain Counsel are hereby authorized and directed to immediately proceed to take the necessary steps for the City of Cape Coral to acquire in its own name, by donation, purchase or eminent domain proceedings pursuant to Chapters 73, 74 and 166, Florida Statutes and all other statutory or common law granting the City the power to acquire property utilizing the power of eminent domain, the real property described in Section 2 above, in fee simple, for the above-described public use or purpose, including the institution of an eminent domain action and the filing of a Declaration of Taking, and to have prepared in the name of the City of Cape Coral, Lee County, Florida, all papers, pleadings, and other instruments required for this purpose, and to ensure any eminent domain proceedings which may be instituted are

prosecuted through Final Judgment. The City Attorney, outside Eminent Domain Counsel and any other City employees or agents are further authorized and directed to take such further actions as are reasonably required to accomplish the purposes identified herein.

SECTION 4. The City Manager is hereby authorized, empowered and directed to contact the owner(s) and other persons that may hold an interest in the property described in Section 2 above, and to negotiate the purchase of such property interests for the City. These parcels are being appraised by a well-qualified and licensed appraiser engaged by the City. The City Manager is hereby authorized, empowered and directed to offer the owner(s) an amount not to exceed 20% above the appraised value of such property as determined by the appraiser engaged by the City.

SECTION 5. This resolution shall take effect immediately upon its adoption.

AGENDA REQUEST FORM
CITY OF CAPE CORAL

TITLE:

Resolution 231-19 Resolution of Necessity - Festival Park Lots 64 and 65, Block 3025, Unit 43

REQUESTED ACTION:

Approve or Deny

STRATEGIC PLAN INFO:

1. Will this action result in a Budget Amendment? No
2. Is this a Strategic Decision? Yes

If Yes, Priority Goals Supported are listed below.

If No, will it harm the intent or success of the Strategic Plan?

ELEMENT F: ENHANCE THE QUALITY OF LIFE THROUGH ARTS AND CULTURE TO CREATE AND PROMOTE A VIBRANT, CULTURALLY DIVERSE COMMUNITY.

PLANNING & ZONING/HEARING EXAMINER/STAFF RECOMMENDATIONS:

SUMMARY EXPLANATION AND BACKGROUND:

Festival Park has been a concept approved by City Council to establish a large multi-use community park. This park is proposed to be the City's premier community park and special venue to provide first-class recreational, social, and cultural opportunities that include an amphitheater, recreation center with an indoor fitness center, a freshwater beach, trails, and restored natural areas for the enjoyment of residents and visitors. The area proposed for Festival Park is located north of Kismet Parkway West, just east of Chiquita Boulevard North, in Unit 43 Cape Coral Subdivision. In 2003, City Council directed staff to begin purchasing property for the future park site. Over the years, staff has been working with various owners in the park area to purchase properties on a voluntary basis. With the recent approval of a Parks General Obligation Bond, staff has notified property owners within the Festival Park area of the City's desire to complete its acquisitions within the park. Currently, the City owns 449 of the 517 parcels required for Festival Park. The Resolution of Necessity authorizes the City Manager, City Attorney and outside Eminent Domain Counsel to take necessary actions to acquire the remaining property.

RESOLUTION 231 - 19

A RESOLUTION OF NECESSITY DECLARING A REASONABLE NECESSITY TO ACQUIRE CERTAIN PROPERTY IDENTIFIED AS LOTS 64 AND 65, BLOCK 3025, UNIT 43, CAPE CORAL SUBDIVISION, AS MORE PARTICULARLY DESCRIBED HEREIN, LOCATED AT 1207 NW 27TH STREET, FOR THE PURPOSE OF COMPLETING THE DEVELOPMENT OF A PARK IDENTIFIED AS FESTIVAL PARK; AUTHORIZING THE CITY MANAGER TO ACQUIRE FEE SIMPLE INTEREST IN THE PROPERTY BY DONATION, PURCHASE, OR EMINENT DOMAIN; AUTHORIZING THE CITY ATTORNEY TO ACQUIRE FEE SIMPLE INTEREST IN THE PROPERTY BY THE INSTITUTION OF PROCEEDINGS IN EMINENT DOMAIN, AND PROVIDING AN EFFECTIVE DATE.

WHEREAS the City of Cape Coral is one of the fastest growing municipalities within the State of Florida; and

WHEREAS the exceptional growth in the City has greatly increased the demand for park and recreation facilities for the residents of the City of Cape Coral; and

WHEREAS as a result of the foregoing, present need and long-range planning require the City to provide additional park and outdoor recreation facilities for the residents of the City of Cape Coral; and

WHEREAS the City Council of the City of Cape Coral, having considered information provided by the City Manager, City Staff, professional consultants, and the City of Cape Coral Parks and Recreation Master Plan 2016, has determined it to be necessary and in the public interest to acquire the additional property identified herein for the completion of Festival Park; and

WHEREAS, the citizens of the City of Cape Coral approved the Parks General Obligation Bond in a November 2018 referendum which made \$60 Million available for various parks projects in the City including the completion of Festival Park; and

WHEREAS the City of Cape Coral has previously acquired 449 of the 517 parcels necessary for the completion of Festival Park and the acquisition of all of the 68 remaining necessary parcels is addressed by this resolution and contemporaneous companion resolutions for each of the other remaining parcels; and

WHEREAS the City of Cape Coral, Florida is authorized pursuant to Chapter 166, Florida Statutes, to acquire property for municipal purposes through the power of eminent domain.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF CAPE CORAL, FLORIDA, AS FOLLOWS:

SECTION 1. The recitals contained above are true, correct, and incorporated herein by reference in this Resolution and are made a part of this Resolution as if they were set forth in full below.

SECTION 2. The City of Cape Coral finds it necessary and in the public interest to acquire the real property described as Lots 64 and 65, Block 3025, Unit 43, Cape Coral Subdivision, as recorded in Plat Book 17, Pages 48 thru 57, inclusive, of the Public Records of Lee County, Florida, Strap Number 274323C1030250640, referred to as Project Parcel FP-402, located at 1207 NW 27th Street, to provide additional park and outdoor recreation facilities for the growing population of the City of Cape Coral. These facilities will benefit the health, safety and welfare of the growing population of the City of Cape Coral.

SECTION 3. The City Manager, City Attorney and outside Eminent Domain Counsel are hereby authorized and directed to immediately proceed to take the necessary steps for the City of Cape Coral to acquire in its own name, by donation, purchase or eminent domain proceedings pursuant to Chapters 73, 74 and 166, Florida Statutes and all other statutory or common law granting the City the power to acquire property utilizing the power of eminent domain, the real property described in Section 2 above, in fee simple, for the above-described public use or purpose, including the institution of an eminent domain action and the filing of a Declaration of Taking, and to have prepared in the name of the City of Cape Coral, Lee County, Florida, all papers, pleadings, and other instruments required for this purpose, and to ensure any eminent domain proceedings which may be instituted are

prosecuted through Final Judgment. The City Attorney, outside Eminent Domain Counsel and any other City employees or agents are further authorized and directed to take such further actions as are reasonably required to accomplish the purposes identified herein.

SECTION 4. The City Manager is hereby authorized, empowered and directed to contact the owner(s) and other persons that may hold an interest in the property described in Section 2 above, and to negotiate the purchase of such property interests for the City. These parcels are being appraised by a well-qualified and licensed appraiser engaged by the City. The City Manager is hereby authorized, empowered and directed to offer the owner(s) an amount not to exceed 20% above the appraised value of such property as determined by the appraiser engaged by the City.

SECTION 5. This resolution shall take effect immediately upon its adoption.

WHEREAS the City of Cape Coral is one of the fastest growing municipalities within the State of Florida; and

WHEREAS the exceptional growth in the City has greatly increased the demand for park and recreation facilities for the residents of the City of Cape Coral; and

WHEREAS as a result of the foregoing, present need and long-range planning require the City to provide additional park and outdoor recreation facilities for the residents of the City of Cape Coral; and

WHEREAS the City Council of the City of Cape Coral, having considered information provided by the City Manager, City Staff, professional consultants, and the City of Cape Coral Parks and Recreation Master Plan 2016, has determined it to be necessary and in the public interest to acquire the additional property identified herein for the completion of Festival Park; and

WHEREAS, the citizens of the City of Cape Coral approved the Parks General Obligation Bond in a November 2018 referendum which made \$60 Million available for various parks projects in the City including the completion of Festival Park; and

WHEREAS the City of Cape Coral has previously acquired 449 of the 517 parcels necessary for the completion of Festival Park and the acquisition of all of the 68 remaining necessary parcels is addressed by this resolution and contemporaneous companion resolutions for each of the other remaining parcels; and

WHEREAS the City of Cape Coral, Florida is authorized pursuant to Chapter 166, Florida Statutes, to acquire property for municipal purposes through the power of eminent domain.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF CAPE CORAL, FLORIDA, AS FOLLOWS:

SECTION 1. The recitals contained above are true, correct, and incorporated herein by reference in this Resolution and are made a part of this Resolution as if they were set forth in full below.

SECTION 2. The City of Cape Coral finds it necessary and in the public interest to acquire the real property described as Lots 93 and 94, Block 3025, Unit 43, Cape Coral Subdivision, as recorded in Plat Book 17, Pages 48 thru 57, inclusive, of the Public Records of Lee County, Florida, Strap Number 274323C4030250930, referred to as Project Parcel FP-415, located at 1305 NW 27th Street, to provide additional park and outdoor recreation facilities for the growing population of the City of Cape Coral. These facilities will benefit the health, safety and welfare of the growing population of the City of Cape Coral.

SECTION 3. The City Manager, City Attorney and outside Eminent Domain Counsel are hereby authorized and directed to immediately proceed to take the necessary steps for the City of Cape Coral to acquire in its own name, by donation, purchase or eminent domain proceedings pursuant to Chapters 73, 74 and 166, Florida Statutes and all other statutory or common law granting the City the power to acquire property utilizing the power of eminent domain, the real property described in Section 2 above, in fee simple, for the above-described public use or purpose, including the institution of an eminent domain action and the filing of a Declaration of Taking, and to have prepared in the name of the City of Cape Coral, Lee County, Florida, all papers, pleadings, and other instruments required for this purpose, and to ensure any eminent domain proceedings which may be instituted are

prosecuted through Final Judgment. The City Attorney, outside Eminent Domain Counsel and any other City employees or agents are further authorized and directed to take such further actions as are reasonably required to accomplish the purposes identified herein.

SECTION 4. The City Manager is hereby authorized, empowered and directed to contact the owner(s) and other persons that may hold an interest in the property described in Section 2 above, and to negotiate the purchase of such property interests for the City. These parcels are being appraised by a well-qualified and licensed appraiser engaged by the City. The City Manager is hereby authorized, empowered and directed to offer the owner(s) an amount not to exceed 20% above the appraised value of such property as determined by the appraiser engaged by the City.

SECTION 5. This resolution shall take effect immediately upon its adoption.

AGENDA REQUEST FORM
CITY OF CAPE CORAL

TITLE:

Resolution 236-19 Resolution of Necessity - Festival Park Lots 101 and 102, Block 3025, Unit 43

REQUESTED ACTION:

Approve or Deny

STRATEGIC PLAN INFO:

1. Will this action result in a Budget Amendment? No
2. Is this a Strategic Decision? Yes

If Yes, Priority Goals Supported are listed below.

If No, will it harm the intent or success of the Strategic Plan?

ELEMENT F: ENHANCE THE QUALITY OF LIFE THROUGH ARTS AND CULTURE TO CREATE AND PROMOTE A VIBRANT, CULTURALLY DIVERSE COMMUNITY.

PLANNING & ZONING/HEARING EXAMINER/STAFF RECOMMENDATIONS:

SUMMARY EXPLANATION AND BACKGROUND:

Festival Park has been a concept approved by City Council to establish a large multi-use community park. This park is proposed to be the City's premier community park and special venue to provide first-class recreational, social, and cultural opportunities that include an amphitheater, recreation center with an indoor fitness center, a freshwater beach, trails, and restored natural areas for the enjoyment of residents and visitors. The area proposed for Festival Park is located north of Kismet Parkway West, just east of Chiquita Boulevard North, in Unit 43 Cape Coral Subdivision. In 2003, City Council directed staff to begin purchasing property for the future park site. Over the years, staff has been working with various owners in the park area to purchase properties on a voluntary basis. With the recent approval of a Parks General Obligation Bond, staff has notified property owners within the Festival Park area of the City's desire to complete its acquisitions within the park. Currently, the City owns 449 of the 517 parcels required for Festival Park. The Resolution of Necessity authorizes the City Manager, City Attorney and outside Eminent Domain Counsel to take necessary actions to acquire the remaining property.

RESOLUTION 239 - 19

A RESOLUTION OF NECESSITY DECLARING A REASONABLE NECESSITY TO ACQUIRE CERTAIN PROPERTY IDENTIFIED AS LOTS 14 AND 15, BLOCK 3028, UNIT 43, CAPE CORAL SUBDIVISION, AS MORE PARTICULARLY DESCRIBED HEREIN, LOCATED AT 1417 WILMINGTON PARKWAY, FOR THE PURPOSE OF COMPLETING THE DEVELOPMENT OF A PARK IDENTIFIED AS FESTIVAL PARK; AUTHORIZING THE CITY MANAGER TO ACQUIRE FEE SIMPLE INTEREST IN THE PROPERTY BY DONATION, PURCHASE, OR EMINENT DOMAIN; AUTHORIZING THE CITY ATTORNEY TO ACQUIRE FEE SIMPLE INTEREST IN THE PROPERTY BY THE INSTITUTION OF PROCEEDINGS IN EMINENT DOMAIN, AND PROVIDING AN EFFECTIVE DATE.

WHEREAS the City of Cape Coral is one of the fastest growing municipalities within the State of Florida; and

WHEREAS the exceptional growth in the City has greatly increased the demand for park and recreation facilities for the residents of the City of Cape Coral; and

WHEREAS as a result of the foregoing, present need and long-range planning require the City to provide additional park and outdoor recreation facilities for the residents of the City of Cape Coral; and

WHEREAS the City Council of the City of Cape Coral, having considered information provided by the City Manager, City Staff, professional consultants, and the City of Cape Coral Parks and Recreation Master Plan 2016, has determined it to be necessary and in the public interest to acquire the additional property identified herein for the completion of Festival Park; and

WHEREAS, the citizens of the City of Cape Coral approved the Parks General Obligation Bond in a November 2018 referendum which made \$60 Million available for various parks projects in the City including the completion of Festival Park; and

WHEREAS the City of Cape Coral has previously acquired 449 of the 517 parcels necessary for the completion of Festival Park and the acquisition of all of the 68 remaining necessary parcels is addressed by this resolution and contemporaneous companion resolutions for each of the other remaining parcels; and

WHEREAS the City of Cape Coral, Florida is authorized pursuant to Chapter 166, Florida Statutes, to acquire property for municipal purposes through the power of eminent domain.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF CAPE CORAL, FLORIDA, AS FOLLOWS:

SECTION 1. The recitals contained above are true, correct, and incorporated herein by reference in this Resolution and are made a part of this Resolution as if they were set forth in full below.

SECTION 2. The City of Cape Coral finds it necessary and in the public interest to acquire the real property described as Lots 14 and 15, Block 3028, Unit 43, Cape Coral Subdivision, as recorded in Plat Book 17, Pages 48 thru 57, inclusive, of the Public Records of Lee County, Florida, Strap Number 274323C4030280140, referred to as Project Parcel FP-476, located at 1417 Wilmington Parkway, to provide additional park and outdoor recreation facilities for the growing population of the City of Cape Coral. These facilities will benefit the health, safety and welfare of the growing population of the City of Cape Coral.

SECTION 3. The City Manager, City Attorney and outside Eminent Domain Counsel are hereby authorized and directed to immediately proceed to take the necessary steps for the City of Cape Coral to acquire in its own name, by donation, purchase or eminent domain proceedings pursuant to Chapters 73, 74 and 166, Florida Statutes and all other statutory or common law granting the City the power to acquire property utilizing the power of eminent domain, the real property described in Section 2 above, in fee simple, for the above-described public use or purpose, including the institution of an eminent domain action and the filing of a Declaration of Taking, and to have prepared in the name of the City of Cape Coral, Lee County, Florida, all papers, pleadings, and other instruments required for this purpose, and to ensure any eminent domain proceedings which may be instituted are

prosecuted through Final Judgment. The City Attorney, outside Eminent Domain Counsel and any other City employees or agents are further authorized and directed to take such further actions as are reasonably required to accomplish the purposes identified herein.

SECTION 4. The City Manager is hereby authorized, empowered and directed to contact the owner(s) and other persons that may hold an interest in the property described in Section 2 above, and to negotiate the purchase of such property interests for the City. These parcels are being appraised by a well-qualified and licensed appraiser engaged by the City. The City Manager is hereby authorized, empowered and directed to offer the owner(s) an amount not to exceed 20% above the appraised value of such property as determined by the appraiser engaged by the City.

Item Type: NEW BUSINESS

AGENDA REQUEST FORM
CITY OF CAPE CORAL

TITLE:

Resolution 240-19 Resolution of Necessity - Festival Park Lots 36 and 37, Block 3028, Unit 43

REQUESTED ACTION:

Approve or Deny

STRATEGIC PLAN INFO:

1. Will this action result in a Budget Amendment? No
2. Is this a Strategic Decision? Yes
If Yes, Priority Goals Supported are listed below.
If No, will it harm the intent or success of the Strategic Plan?

ELEMENT F: ENHANCE THE QUALITY OF LIFE THROUGH ARTS AND CULTURE TO CREATE AND PROMOTE A VIBRANT, CULTURALLY DIVERSE COMMUNITY.

PLANNING & ZONING/HEARING EXAMINER/STAFF RECOMMENDATIONS:

SUMMARY EXPLANATION AND BACKGROUND:

Festival Park has been a concept approved by City Council to establish a large multi-use community park. This park is proposed to be the City's premier community park and special venue to provide first-class recreational, social, and cultural opportunities that include an amphitheater, recreation center with an indoor fitness center, a freshwater beach, trails, and restored natural areas for the enjoyment of residents and visitors. The area proposed for Festival Park is located north of Kismet Parkway West, just east of Chiquita Boulevard North, in Unit 43 Cape Coral Subdivision. In 2003, City Council directed staff to begin purchasing property for the future park site. Over the years, staff has been working with various owners in the park area to purchase properties on a voluntary basis. With the recent approval of a Parks General Obligation Bond, staff has notified property owners within the Festival Park area of the City's desire to complete its acquisitions within the park. Currently, the City owns 449 of the 517 parcels required for Festival Park. The Resolution of Necessity authorizes the City Manager, City Attorney and outside Eminent Domain Counsel to take necessary actions to acquire the remaining property.

RESOLUTION 240 - 19

A RESOLUTION OF NECESSITY DECLARING A REASONABLE NECESSITY TO ACQUIRE CERTAIN PROPERTY IDENTIFIED AS LOTS 36 AND 37, BLOCK 3028, UNIT 43, CAPE CORAL SUBDIVISION, AS MORE PARTICULARLY DESCRIBED HEREIN, LOCATED AT 1251 WILMINGTON PARKWAY, FOR THE PURPOSE OF COMPLETING THE DEVELOPMENT OF A PARK IDENTIFIED AS FESTIVAL PARK; AUTHORIZING THE CITY MANAGER TO ACQUIRE FEE SIMPLE INTEREST IN THE PROPERTY BY DONATION, PURCHASE, OR EMINENT DOMAIN; AUTHORIZING THE CITY ATTORNEY TO ACQUIRE FEE SIMPLE INTEREST IN THE PROPERTY BY THE INSTITUTION OF PROCEEDINGS IN EMINENT DOMAIN, AND PROVIDING AN EFFECTIVE DATE.

WHEREAS the City of Cape Coral is one of the fastest growing municipalities within the State of Florida; and

WHEREAS the exceptional growth in the City has greatly increased the demand for park and recreation facilities for the residents of the City of Cape Coral; and

WHEREAS as a result of the foregoing, present need and long-range planning require the City to provide additional park and outdoor recreation facilities for the residents of the City of Cape Coral; and

WHEREAS the City Council of the City of Cape Coral, having considered information provided by the City Manager, City Staff, professional consultants, and the City of Cape Coral Parks and Recreation Master Plan 2016, has determined it to be necessary and in the public interest to acquire the additional property identified herein for the completion of Festival Park; and

WHEREAS, the citizens of the City of Cape Coral approved the Parks General Obligation Bond in a November 2018 referendum which made \$60 Million available for various parks projects in the City including the completion of Festival Park; and

WHEREAS the City of Cape Coral has previously acquired 449 of the 517 parcels necessary for the completion of Festival Park and the acquisition of all of the 68 remaining necessary parcels is addressed by this resolution and contemporaneous companion resolutions for each of the other remaining parcels; and

WHEREAS the City of Cape Coral, Florida is authorized pursuant to Chapter 166, Florida Statutes, to acquire property for municipal purposes through the power of eminent domain.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF CAPE CORAL, FLORIDA, AS FOLLOWS:

SECTION 1. The recitals contained above are true, correct, and incorporated herein by reference in this Resolution and are made a part of this Resolution as if they were set forth in full below.

SECTION 2. The City of Cape Coral finds it necessary and in the public interest to acquire the real property described as Lots 36 and 37, Block 3028, Unit 43, Cape Coral Subdivision, as recorded in Plat Book 17, Pages 48 thru 57, inclusive, of the Public Records of Lee County, Florida, Strap Number 274323C4030280360, referred to as Project Parcel FP-486, located at 1251 Wilmington Parkway, to provide additional park and outdoor recreation facilities for the growing population of the City of Cape Coral. These facilities will benefit the health, safety and welfare of the growing population of the City of Cape Coral.

SECTION 3. The City Manager, City Attorney and outside Eminent Domain Counsel are hereby authorized and directed to immediately proceed to take the necessary steps for the City of Cape Coral to acquire in its own name, by donation, purchase or eminent domain proceedings pursuant to Chapters 73, 74 and 166, Florida Statutes and all other statutory or common law granting the City the power to acquire property utilizing the power of eminent domain, the real property described in Section 2 above, in fee simple, for the above-described public use or purpose, including the institution of an eminent domain action and the filing of a Declaration of Taking, and to have prepared in the name of the City of Cape Coral, Lee County, Florida, all papers, pleadings, and other instruments required for this purpose, and to ensure any eminent domain proceedings which may be instituted are

prosecuted through Final Judgment. The City Attorney, outside Eminent Domain Counsel and any other City employees or agents are further authorized and directed to take such further actions as are reasonably required to accomplish the purposes identified herein.

SECTION 4. The City Manager is hereby authorized, empowered and directed to contact the owner(s) and other persons that may hold an interest in the property described in Section 2 above, and to negotiate the purchase of such property interests for the City. These parcels are being appraised by a well-qualified and licensed appraiser engaged by the City. The City Manager is hereby authorized, empowered and directed to offer the owner(s) an amount not to exceed 20% above the appraised value of such property as determined by the appraiser engaged by the City.

SECTION 5. This resolution shall take effect immediately upon its adoption.
