Cape Coral Special Planning & Zoning Commission/Local Planning

Agency

AGENDA

Wednesday, June 20, 2018 9:00 AM Council Chambers

- 1. CALL TO ORDER
 - A. Chair Read
- 2. MOMENT OF SILENCE
- 3. PLEDGE OF ALLEGIANCE
- 4. ROLL CALL
 - A. Bennie, Marmo, Peterson, Ranfranz, Read, Scheider, Slapper and Altenates O'Connor and Stevens
- 5. HEARINGS
 - A. Land Development Code Updates ORDINANCE 35-18 WHAT THE ORDINANCE ACCOMPLISHES: An ordinance repealing Articles I-X and XII of the City of Cape Coral Land Use and Development Regulations and adopting Article 1-10, 12 and 13 of the new City of Cape Coral Land Development Code.
- 6. CITIZENS INPUT
- 7. BUSINESS
- 8. PLANNING AND ZONING COMMISSION / LOCAL PLANNING AGENCY PUBLIC HEARING
- 9. OTHER BUSINESS
- 10. DATE AND TIME OF NEXT MEETING
 - A. Planning and Zoning Meeting July 11, 2018, 9:00 a.m. in Council Chambers with Workshop to follow.

11. ADJOURNMENT

In accordance with the Americans with Disabilities Act and Florida Statutes 286.26, persons needing a special accommodation to participate in this proceeding should contact the City Clerk's Department whose office is located at Cape Coral City Hall, 1015 Cultural Park Boulevard, Cape Coral, Florida; telephone 1-239-574-0530 for assistance, if hearing impaired, telephone the Florida Relay Service Numbers, 1-800-955-8771 (TDD) or 1-800-955-8700 (v) for assistance.

If a person decides to appeal any decision made by the Board/Commission/Committee with respect to any matter considered at such meeting or hearing, he will need a record of the proceedings, and for such purpose, he may need to ensure that a verbatim record of the proceedings is made, which record includes the testimony and evidence upon which the appeal is based.

MEMORANDUM

CITY OF CAPE CORAL DEPARTMENT OF COMMUNITY DEVELOPMENT

TO: Planning and Zoning Commission members

FROM: Robert H. Pederson, Planning Manager

DATE: May 10, 2018

SUBJECT: Ordinance No. 35-18 – New City of Cape Coral Land Development Code

Land Development Code Update Summary

This memo is to provide the Planning and Zoning Commission with an overview of the changes in the draft Land Development Code as we move forward to the public hearing stage of this effort beginning with first public hearing on May 16. A more detailed staff report and analysis of specific topics will be provided for future P&Z public hearings.

Process:

The City began the process of a total update (rewrite) of the Land Use and Development Regulations (LUDRs) in late 2015. The proposed regulations are being renamed as the Land Development Code (LDC) to distinguish the new code from the current LUDR.

The City contracted with Calvin Giordano and Associates for the early stages of this project. The Community Development Department has carried this work forward over the past year, with many changes to the draft along the way.

A series of public workshops with the Planning and Zoning Commission began in August of 2017. The May 16 public hearing will be the first of a series of public hearing by P&Z. Additional hearings are scheduled for June 6 and June 20, 2018. At the end of the public hearing process, the P&Z will make a recommendation to the City Council.

It is important to note that there are four separate aspects to adopting the new LDC. These are:

- 1. The text of the LDC:
- 2. A new zoning map;
- 3. Text amendments to the Comprehensive Plan; and
- 4. Changes to the Future Land Use Map.

For the May 16 public hearing, please note that the advertising did not list Article 11, Definitions, even though P&Z has received drafts of this article. We are currently reviewing the definitions with the City Attorney before holding a P&Z public hearing on this article.

Similarly, Article 6, Parking, does not yet show any changes to the residential parking requirements (e.g., parking of boats, commercial vehicles, etc.). The City Council discussed these requirements at their Committee of the Whole meeting on March 26. The City is currently evaluating whether to bring forward an ordinance changing these regulations as a separate matter before incorporating any such changes in the LDC.

Zoning Map

Adoption of a new LDC will also require adoption of a new zoning map for the entire City. The new map is required to reflect the names of the new zoning districts and any proposed changes to existing zoning. For example, all lots currently zoned R-1A or R-1B will be rezoned to the new R-1 zoning district.

Other zoning map changes are necessary because several zoning districts (e.g., Village, Highway Commercial, Marketplace Residential, Worship) are being eliminated and new zoning districts assigned to property in those districts. Staff is preparing a draft of the new zoning map, which will be scheduled for a public hearing before the Hearing Examiner. It should also be noted that the proposed zoning map does not include any rezone requests from individual property owners.

Organization of the LDC:

The LDC has been organized into 13 Articles:

- Article 1. General Provisions
- Article 2. Decision Making and Administrative Bodies
- Article 3. Development Review Process
- Article 4. Zoning Districts
- Article 5. Development Standards
- Article 6. Parking
- Article 7. Signs
- Article 8. Nonconformities
- Article 9. Floodplain Management
- Article 10. Subdivisions
- Article 11. Definitions
- Article 12. Building Code and EDS
- Article 13. Reasonable Accommodations & Dispute Resolution

Overall Changes

The new LDC is a total rewrite when compared to the existing LUDRs. As such, the changes are not shown in the <u>underline/strikethrough</u> format that is used for individual text amendments. It should also be noted that many requirements of the current code have not been substantially changed and have been carried forward in the LDC, although edited and reorganized for clarity.

Major changes are summarized below. The overall direction for the LDC is to:

- Simplify the language in the code where possible
- Address "community values issues" that are embodied in the current LUDR
- Reorganize the code and include more graphics
- Increase the number and types of permits that may be approved administratively
- Reduce the number of zoning districts by combining some similar districts, eliminating districts that are rarely or no longer used, and including new districts for Bimini Basin and Seven Islands.
- Eliminate the detailed NAICS system of classifying land uses and use broader categories of retail, office, and other land uses for greater flexibility
- Establish a Planned Unit Development zoning district that will replace the current PDP process
- Establish a process for "micro-cottage" developments
- Place all definitions in one location in the LDC

New Concepts in the LDC

<u>Planned Unit Developments.</u>

The LDC adds Planned Unit Developments (PUD). PUDs are a form of development entitlement that creates a zoning district tailored to a specific project. The PUD identifies uses and dimensional regulations such as setbacks and heights. A PUD will also have a Master Concept Plan that will provide a general plan of how the development will function and provide compatibility and consistency with the area. The Master Concept Plan will identify access points, landscape buffer, building locations etc. The PUD will provide a more efficient method for development projects and will provide a clear outline of what the development will look like. PUDs will replace the current system of Planned Development Projects (PDPs).

Micro Cottage Village Developments

This concept was brought forward after City Council direction was given to staff at a Committee of the Whole. Micro cottage Village Developments (MCVDs) provide a location for City residents who wish to reside on lots which are much smaller than the typical Cape Coral property. This housing type encourages efficient use of land, affordability, and energy conservation. Micro cottage housing allows for a higher density single family development than is normally allowed (8.8 du/acre). This is made possible

by smaller home sizes, clustered home sites, and parking and design standards. These units will be site built homes ranging from 600-1100 square feet. Minimum property size for this type of development is 3 acres. These developments do not include Tiny Houses on Wheels (THOW).

Accessory dwelling units / guest houses

Accessory dwelling units provide an opportunity add variety and housing choice in residential neighborhoods and can be an effective way to add affordable rental housing stock to existing neighborhoods. ADUs also provide options for residents to age in place or to live with or near family and caregivers, providing a flexible way to address family needs for additional housing. A guest house is similar to an ADU in that living quarters (e.g., a bedroom, bath, and living area) may be in detached accessory structure, but no kitchen is allowed.

Currently, ADUs and Guest Houses are not allowed in Cape Coral. The LDC contains draft regulations to allow ADUs and Guest Houses, subject to a number of standards. See Article 5, Sections 5.2.2 and 5.2.1

Regulations for mobile food trucks

Mobile food vendors are not currently allowed, although there are number of these in the City. The LDC includes regulations for this use. See Article 5. Section 5.10.13.

Comprehensive Plan Text and Map Amendments

To implement the new LDC, a number of text amendments to the Comprehensive Plan will be necessary. The reason for this is that the Comprehensive Plan has many references to specific zoning districts, which are being changed as part of the LDC. The new zoning districts in the LDC also need to be addressed in the Comprehensive Plan to establish which zoning districts(s) are consistent with each Future Land Use Designation.

There are also references to programs (such as a transfer of development rights) that will no longer be part of the LDC. The LDC also includes increases in allowable density for certain zoning districts that require changes to the Comprehensive Plan.

All Comprehensive Plan text or map amendments will be come to P&Z in the upcoming months for public hearing and the P&Z recommendation to the City Council.

Summary of Changes by Article

Article 1. General Provisions

No major changes from various provisions of the current LUDR. These requirements have been organized into one article and edited for clarity.

Article 2. Decision Making and Administrative Bodies

No major changes from various provisions of the current LUDR. These requirements have been organized into one article and edited for clarity.

Article 3. Development Review Process

These requirements have been updated for clarity, consistency, and reorganized. The number of administrative approvals have increased (e.g., model homes). Please refer to Table 3.1.3 that illustrates the types of development approval (administrative, quasijudicial, and legislative), the recommending authority and decision maker for each type of permit, and the public notice requirements for each permit type.

Article 4. Zoning Districts

This article establishes and describes all zoning districts within the City (see Chapter 4.1), and establishes specific regulations within each zoning district (see Chapter 2). This article also contains the tables showing the classification of land uses, which district(s) each land use is allowed in, and the use hierarchy for the approval process for each use. The setback, height, and other dimensional standards are also contained in Article 4.

General Comparison of old vs. new zoning districts:

Old Zoning District	New Zoning District
Single-Family Residential (R-1A or R-1B)	Single-Family Residential (R-1)
Residential Development (RD)	Single-Family Residential (R-1)
	Multi-Family Residential Low (RML)
	Multi-Family Residential Medium (RMM)
Residential Estate (RE)	Residential Estate (RE)
Residential Receiving (RX)	Single-Family Residential (R-1)
Agricultural (A)	Agricultural (A)
Pedestrian Commercial (C-1)	Commercial (C)
Professional Office (P-1)	Professional Office (P)
Thoroughfare Commercial (C-3)	Commercial (C)
Professional Business (P-2) Never	
mapped	
Light Industrial (I-1)	Industrial (I)
Village (VILL)	Commercial Corridor (CC)
Corridor (CORR)	Commercial Corridor (CC)
Institutional (INST)	Institutional (INST)
Worship (W)	Single-Family Residential (R-1) or
	Commercial (C)
Marketplace Residential (MR)	Multi-Family Residential Low (RML)
	Multi-Family Residential Medium (RMM)
	Commercial (C)
	Professional Office (P)
Preservation (PRES)	Preservation (PRES)

South Cape (SC)		South Cape (SC) Mixed-Use Bimini (MXB)
High Intensity Commercial (HICI) Never Mapped	Industrial	

Multi-family zoning

One important change to the zoning districts is established of two separate districts for multi-family development. The current LUDR has one multi-family district, R-3. Over time, most of the current R-3 zoning has been or is currently being developed with duplexes and not larger multi-family projects. In 2016, the City received the results of a housing study, which identified a critical need for nearly 1,500 multi-family dwelling units per year for the next five years, just to meet the current demand for affordable and workforce housing. Duplexes do not meet these needs. Accordingly, the LDC attempts to address this need by creating two multi-family districts; RML and RMM.

RML is a low density multi-family district and will be mapped where the predominate develop pattern is existing duplexes. Larger multi-family developments will be permitted in this district.

The RMM district will be mapped on larger parcels of at least one acre. Duplexes or single-family homes will be prohibited in the RMM district to facilitate larger scale projects and not have RMM zoned areas consumed with lower density residential products.

The densities for the RML and RMM is 25 dwelling units per acre, which is an increase over the current maximum density of 16 dwelling units per acre.

Neighborhood Commercial (NC)

The City has developed a mixed use, form-based zoning district known as the Neighborhood Commercial zoning district. Development types, densities, and intensities are based on the size of the NC development tract. This district will help provide an urban form for specific locations on major roadways.

Mixed Use Seven Islands (MX7)

The City has developed a new zoning district consistent with the Seven Islands and NW Cape Vision Plan approved by Council in 2016. The Mixed-Use Seven Islands district is designed to permit a mix of residential and commercial uses, a park, and a marina to be consistent with Vision Plan. The maximum residential development is 995 dwelling units, with 110,000 square feet of commercial space, of which 40,000 is a community center.

Mixed Use Bimini (MXB)

In preparation for redevelopment of the Bimini Basin, a separate zoning district for the Bimini Basin area has been included. The Mixed-Use Bimini Basin zoning district permits

mixed-use development in an urban form and increases residential density by-right to 50 dwelling units per acre (75 dwellings/acre under certain circumstances).

Use Hierarchy

The new LDC has created two additional use types of zoning approval processes. These are identified in a Land Use Hierarchy. Land uses with Specific Regulations (P*) and Conditional Uses (CU) will be utilized along with Permitted Uses and Special Exception Uses. These uses will provide a set of regulations or conditions that will be required of the use dependent on the zoning district. The current LUDR either permits uses without any regulations or requires applicant to apply for a special exception which requires a public hearing. The benefit of the P* and CU uses is that applicants will no longer be required to apply for a special exception for many uses, such as model homes. The P* and CU uses will provide a more streamlined approach by eliminating a public hearing for a SE and will provide the community a clear understanding of how a project will be developed for P* and CU uses.

Article 5. Development Standards

Article 5 contains the development standards for specific land uses and activities in one location. In the current LUDR, these regulations are scattered throughout several articles.

Marine Improvements: Article 5, Chapter 4

Key changes:

- 1. Formatting have moved all defined terms to Article 11 (Definitions).
- 2. Increased the distance in which a marine improvement can extend into a waterway (25% of the waterway width or 40 feet, whichever is less). This increase is intended to eliminate the need for many Deviations for marine improvements.
- 3. Increased the maximum dock surface area for marine improvements.
- 4. Eliminated the deviation process and now require a variance for owners seeking additional dock surface area beyond that allowed by code and the new standards allowing larger marine improvements.

Landscaping: Article 5, Chapter 5

Key changes:

- 1. Doubles the landscaping required for duplexes when compared to the current LUDRs.
- 2. Slightly reduces minimum buffer widths for commercial, corridor, professional, or institutional zoned sites abutting residential zoned properties. The regulations now focus on the quantity and type of landscaping rather than the width of the buffer.
- 3. Eliminates a requirement to have a wall to screen off-street parking areas in the South Cape District.
- 4. Allow administrative approval of certain deviations to the landscaping requirements.

Nonresidential Design Standards: Article 5, Chapter 8

Key changes:

- 1. Formatting moved SC architectural standards from the SC District to Chapter 8.
- 2. Formatting moved screening requirements from the nonresidential design standards to a separate LDC chapter (Chapter 7).
- 3. Explicitly exempted several building types from the nonresidential design standards.
- 4. Increases the minimum glazing requirement for buildings in order to eliminate blank walls.
- 5. Simplifies and clarifies the design requirements for the sides of a building.
- 6. Establishes a minimum standard for pitched roofs.
- 7. Allow administrative approval of certain deviations to design standards

Article 6. Parking

- Parking requirements are eased a bit, particularly for large retail uses.
- Community value parking issues. Any changes to current practice pending Council direction (February COW)

Article 7. Signs

- The current sign code was adopted in 2013 with a minor revision in 2014
- No substantive changes are proposed to maintain integrity of regulations approved in 2013 that were crafted by a diverse group of stakeholders
- Changes are proposed are to be consistent with "Gilbert" court decision, which established that sign regulations must be content neutral
- Format changes are included to use tables rather than verbiage
- Minor changes to sizes of freestanding signs for multi-tenant sites

Article 8. Nonconformities

- Allows a bit more flexibility in expanding a nonconforming structure (allows additions provided the degree of nonconformity is not increased.
- Single-family structures and duplexes that are non-conforming due to a cityinitiated comprehensive plan amendment will continue to be treated as a conforming structure so long as the property owner who owned the property at the time of amendment continues to own the property.

Article 9. Floodplain Management

- Virtually no change from current code
- This maintains our Community Rating System discount for flood insurance policies

Article 10. Subdivisions

- Preliminary subdivisions will now be an administrative approval
- A PDP will not be required for new subdivisions
- Final Plats continue to require Council approval (required by F.S.)

Article 11. Definitions

- Definitions The Definitions section has been revised to provide clean and concise definitions that are more up-to-date than the previous LUDR. New definitions have been added to reflect new uses in the LDC.
- Combines all definitions in one article, with certain definitions grouped together by subject (e.g., marine improvements, signs, and floodplain definitions)
- A work in progress

Article 12. Building Code and EDS

- No substantive changes
- This article was revised earlier this year to reference the latest Florida Building Code
- Note: The EDS is incorporated by reference. If PW has made past changes made without an ordinance process or wants to include new changes, a separate ordinance would be required

Article 13. Reasonable Accommodations

• The City adopted the ordinance for reasonable accommodations in 2016. There are no substantive changes to this ordinance.

What is not changing in the LDC?

Noise standards – At this time, there are no changes to the City noise ordinance in the Code of Ordinances or the LDC. However, the proposed Mixed-Use Bimini zoning district does have performance standards for sound amplification devices (e.g. speakers). These standards require that amplified sound be oriented away from surrounding residential uses. The City will need to address the noise ordinance in future, as a separate amendment to the Code of Ordinances.

90

- A. These regulations shall govern the development and use of land, buildings, and structures within the municipal boundary of the City.
- B. No building, structure, water, or land shall be used, occupied, or developed unless in conformity with all provisions of the zoning district in which it is located, all other applicable regulations, and all development approvals.

Section 1.5. Compliance with regulations.

- A. No building shall be erected, converted, enlarged, reconstructed, moved, or structurally altered except in conformance with:
 - 1. The applicable zoning district regulations;
 - 2. The bulk, area, and dimensional regulations of the zoning district;
 - 3. The off-street parking and loading regulations for the use in the building in question;
 - 4. The floor area regulations of the zoning district;
 - 5. The established flood criteria, as indicated on the most current edition of the federal flood insurance rate maps and the requirements in Article 9 applicable to the development site; and
 - 6. All other applicable laws, rules, and regulations.
- B. No building shall be erected or enlarged after the effective date of these regulations, which reduces 91 any level of service standard established in the City of Cape Coral adopted comprehensive plan. 92

Section 1.6. Violations, enforcement, and penalties.

The procedures for enforcement and penalties for violations of this Code are set forth in Chapter 2, Article 5, Divisions 3 and 4 of the City of Cape Coral Code of Ordinances. The provisions of this Code are supplemental to any other procedures and remedies available to the City of Cape Coral. Nothing contained in this Code prohibits the City of Cape Coral from enforcing its codes or ordinances by other Code Enforcement provisions of the City of Cape Coral Code of Ordinances or other applicable law.

Section 1.7. Buildings under construction.

Any building or structure for which a lawful building permit has been issued prior to the effective date of this article may be completed and used in accordance with the plans and specifications upon which such building permit was granted, provided construction is completed within the life of the building permit.

Section 1.8. Outstanding permits.

Where there are outstanding and valid building permits authorizing construction of buildings, structures, additions, or alterations, the use or construction of which do not conform to the requirements of this article, such permits shall be valid for the life of the permit.

Section 1.9. Time limitation of approvals.

Time limits for permits issued under this Code are specified for each type of development permit. Conditions of approval attached to permit approvals may establish additional time limits on the life of a permit or establish specific timeframes for certain actions.

Section 1.10. Annexed lands.

In accordance with FS 171.062, all land annexed in to the City of Cape Coral shall retain the Lee County Future Land Use and Zoning Designations until the City Council adopts a comprehensive plan amendment that includes the annexed area and adopts an ordinance establishing a zoning district for the annexed area.

Section 1.11. Comprehensive Plan and Future Land Use Map.

The Comprehensive Plan and Future Land Use Map of the City of Cape Coral are the official statements of policy for the City regarding the use of land. All use or development of land undertaken pursuant to these regulations shall be consistent with the Comprehensive Plan and the Future Land Use Map.

Section 1.12. Official Zoning Map.

A. The Official Zoning Map is established and incorporated into these regulations by this reference. The Official Zoning Map shows the boundaries of all Zoning Districts as adopted by the City Council pursuant to the procedures of these regulations.

- B. The Official Zoning Map shall be the official record of zoning status of land within the city. The Official Zoning District Map shall be maintained by the city electronically. The city is divided into districts, or zones, as provided by this ordinance. The electronic format of the map will reside within the city Geographic Information System (GIS) as the zoning layer and shall be maintained by the Department of Community Development Planning Division. The map will be updated on a continuous basis following approval of zoning changes by City Council. The electronic format of the map will be viewable via the Internet and paper copies can be produced on demand.
- C. Pursuant to Laws of Fla. Ch. 78-540, § 8, the city shall exercise extraterritorial zoning powers within an area extending 600 feet into the tidal waters adjacent to the corporate city limits. All such areas shall have the same zoning as the adjacent uplands.
- D. The Official Zoning Map, as amended from time to time, shall be kept on file and made available for public reference in the Office of the City Clerk and the Community Development Department. Amendments to zoning on the Official Zoning District Map shall be consistent with the adopted Cape Coral Comprehensive Plan, including the Future Land Use Map and its accompanying text. Amendments shall be made on or after the effective date of such zoning change. The Director of the Department of Community Development shall ensure that amended zoning district boundaries are accurately placed on the zoning map. The City Clerk shall keep records on file which identify the official action by which a map amendment was made, the date of such action, the land area affected and the date of posting.
- E. Should the map or any portion thereof become damaged, destroyed, or lost the City Council is authorized, by <u>ordinanceresolution</u>, to replace the map or damaged portion and the new map shall supersede the one replaced. The new map may correct drafting or other errors, but no replacement shall have the effect of changing the official zoning status of property unless the prior map has been totally destroyed. The City Clerk shall preserve any records relating to its adoption and amendment.
- F. Unauthorized changes. Substantial changes of the nature affecting the zoning of property is strictly prohibited and unlawful, unless in conformity with the requirements and procedures of this ordinance or applicable law.

Section 1.13. Transitional rules.

- A. Existing unlawful uses, lots, and structures. A structure, lot, or use not lawfully existing at the time of the adoption of these regulations is lawful only if it conforms with all of the requirements of these regulations. All other violations of prior regulations of the City as of the effective date of this ordinance shall continue to be violations and shall not be considered to be legal nonconformities under this code unless such violation(s) becomes lawful by adoption of this code.
- B. Existing approved uses. An existing use which is lawful on the date of adoption of these regulations, whether as a "permitted use", or a "special exception use" in the zoning district in which it is located, shall not be deemed nonconforming solely because the procedure for approval has changed through the adoption of these regulations.

184 185 186 187 188 189	C.	var upo atta	viously granted variances. Unless becoming conforming pursuant to Subsection A, above, all ances granted under any prior edition of the Land Development Code and which are still in effect in adoption of these regulations shall remain in full force and effect, including any conditions in the other code and the owner may proceed to develop the property in accordance with the roved variance.
190 191 192 193 194 195	D.	reg ma con	viously approved special exceptions. All special exceptions approved prior to the adoption of these ulations, and any conditions attached thereto, shall remain in full force and effect, and the owner proceed to develop the property in accordance with the previous approval. However, is struction has not commenced before the approval expires or if the approval is abandoned, the visions of these regulations shall govern.
196 197 198 199	E.	reg	or zoning districts. Unless provided otherwise on the Official Zoning Map, upon adoption of these ulations, all existing zoning classifications shall be reclassified with one of the zoning classifications forth in Article 4, Zoning Districts, as follows:
200		1.	Residential zoning districts.
201			
202			a. Single-family residential (R-1)
203 204			b. Multi-family residential low density (RML)
205			b. Water farming residential fow defisity (NWE)
206			c. Multi-family medium density (RMM)
207			
208			d. Residential Estate (RE)
209			
210			e. Agriculture (A)
211		2	N. C.
212213		2.	Non-residential zoning districts.
213			a. Commercial (C)
215			a. Commercial (c)
216			b. Commercial Corridor (CC)
217			
218			c. Industrial (I)
219			
220			d. Institutional (INST)
221			
222			e. Preservation (PV)
223 224			f. Professional (P)
225			1. Professional (P)
226		3.	Mixed Use zoning districts.
227		٥.	
228			a. Neighborhood Commercial (NC)
229			

b. Mixed Use Bimini (MXB)

c. Mixed Use Seven Islands (MX7)

230231

233		
234		d. South Cape (SC)
235		
236		e. Planned Unit Development (PUD)
237		
238	F.	Prior approved PDP projects. All planned development projects (PDPs) approved prior to the adoption
239		of these regulations, and any approved site plan and conditions attached thereto, shall remain in full
240		force and effect. All such approved PDPs shall hereafter be deemed a permitted and approved
241		Planned Unit Development under this code, and the owner may proceed to develop the property in
242		accordance with the previous approval. All previously approved PDP sites are classified in the PUD
243		zoning district under this Code. If substantial construction pursuant to the PDP approval has not
244		commenced before the approval expires or if the approval is abandoned, the provisions of these
245		regulations shall govern.
246		
247	Sec	ction 1.14. General rules of construction.
248		
249	For	the purposes of these regulations, the following rules of construction apply:
250		
251	A.	These regulations shall be deemed the minimum requirements for the promotion of the health,
252		safety, order, convenience, and general welfare of the community.
253		
254	В.	These regulations shall be construed to achieve the purposes and intent for which they are adopted.
255		
256	C.	Nothing in these regulations is intended to repeal any easement, covenant, deed restriction, or other
257		private agreement; however, where these regulations are more restrictive or impose higher standards
258		or requirements than such easement, covenant, deed restriction, or other private agreement, these
259		regulations shall govern.
260		
261	D.	In the event of a conflict:
262		
263		1. Between the text of these regulations and any caption, figure, illustration, table, or map, the text
264		of these regulations shall control;
265		
266		2. Between a chart and an illustration, the chart shall control. All illustrations included in these
267		regulations are for illustrative purposes only;
268		
269		3. When limitations, restrictions, or standards apply to an individual lot, use, or structure the more
270		restrictive provisions shall apply; and
271		
272		4. Between these regulations and any federal, state, or county law or regulation which pre-empts
273		local regulation, the federal, state, or county law or regulation shall apply.
274		

275 E. Words and phrases shall be construed according to the rules of grammar and according to the common and approved usage. Technical words and terms that are used and that may have a particular meaning based on law shall be defined according to that meaning.

278279

280

281

F. The terms "Ordinance," "Code," "Law," "Statute," "Title," and "Act" are understood to include the term "as amended", unless the context clearly indicates otherwise. References to technical manuals, resource materials, code references, the comprehensive plan, and similar documents are understood to include the term "as amended" unless the context clearly indicates otherwise.

282 283 284

G. The words "shall," "must," and "will" are mandatory in nature, implying an obligation or duty to comply with the particular provision.

285 286

287 H. The word "or" is alternative in nature.

288

289 I. The word "may" is permissive in nature.

290

291 J. The word "including" shall be construed to include the phrase "but not limited to."

292

293 K. Words used in the present tense include the future tense.

294

295 L. The singular number includes the plural number and the plural, the singular.

296

M. Words utilizing the masculine gender include the feminine gender and use of the feminine gender includes the masculine.

299

N. The words "used" and "occupied" as applied to any land or building shall be construed to include the words "intended, arranged, or designed to be used or occupied."

302

O. The word "herein" means "these regulations."

303 304

305 P. The words "building" or "structure" includes any of its parts.

306

Q. The word "person" includes an individual, a corporation, a partnership, an incorporated association,or any other similar entity.

309

310 R. The word "owner" includes his or her agents or authorized representatives unless the context clearly 311 indicates otherwise.

312

S. Any act authorized by these regulations to be carried out by a specific official or agency of the City is authorized to be carried out by a designee of such official or agency, unless the context clearly indicates otherwise.

316

T. The time within which an act is to be done shall be computed by excluding the first and including the last day; if the last day is a Saturday, Sunday, or a legal holiday the timeframe shall be extended to the next working day.

Section 1.15. Measurements.

A. Number of Residential Units Allowed (Density). The maximum number of residential units allowed on a site is determined by multiplying the maximum density allowed under the Comprehensive Plan by the parcel size (i.e., allowable comp plan density (x) parcel size), except when the zoning district of a parcel permits lot sizes that equate to a smaller maximum density for that parcel.

B. Distance requirements. Unless otherwise provided herein, distances shall be measured in accordance with the following:

1. When the LDC requires a distance between uses or developments on different development parcels or there are LDC requirements for a development within a certain distance from another development parcel, the distance shall be measured using a straight-line measurement from the closest point of one parcel to the closest point of the parcel(s) involved.

2. When the LDC imposes requirements on a development within a certain distance of a zoning district, the distance shall be measured using a straight-line measurement from the closest point of a zoning district boundary to to the closest point of the parcel(s) involved.

When there is a distance requirement between a structure or building on the same development site, the distance shall be measured from the exterior of the buildings or structures, using a straight-line measurement from the closest points between the structures being measured.

3. When a portion of a parcel or development site lies within a certain distance of a zoning district or development and the LDC imposes requirements or regulations on a development or parcel within that distance, the requirements and regulations shall be applicable to the entire parcel or development site and not just to the portion within the specified distance.

C. Floor area, gross. The sum of the floor areas of all floors of a building or structure from the exterior face of exterior walls, or from the centerline of a wall separating two buildings, excluding covered parking, loading areas, or parking garages. When an entire level of a building or structure is below ground as measured from floor to floor or ceiling slab to ceiling slab, the floor area of this level shall be excluded from the calculation of gross floor area. Unless otherwise specified, gross floor area for food service establishments shall also include any outdoor or patio floor area on the property used or designed for customer service.

D. Floor area, net. The total floor area of all floors of a building shall be measured by excluding from the gross floor area stairwells and elevator shafts, equipment rooms, interior vehicular parking, loading, and all floors below the first or ground floor, except when such areas are used or intended to be used for human habitation or service to the public.

E. Floor area ratio (FAR). The floor area ratio is measured by the net floor area of all buildings or structures on a lot, parcel, or site divided by the total lot, parcel, or site area.

F. Fractional measurements.

- 1. When units or measurements result in a requirement of a fraction, any such fraction equal to or greater than exactly fifty percent (50%) shall require the full requirement, unless otherwise provided for in these regulations.
- 2. Density fractional measurements. When calculating density, any fraction of a unit shall be rounded down to the nearest whole number, unless otherwise provided for in these regulations.

G. Grade.

- 1. When used to measure habitable structures, grade shall be the highest elevation of:
 - a. The natural elevation of the ground when compared to abutting properties. Natural elevation of the ground when compared to abutting properties, shall be derived by selecting a minimum of two (2) elevation points on each adjoining property line and calculating the average of all the selected elevation points. This calculation will determine the reference plane for calculating the height of habitable structures only;
 - b. The base flood elevation requirement for the lowest floor as shown on the flood insurance rate map published by the Federal Emergency Management Agency (FEMA);
 - c. Eighteen (18) inches above the FEMA base flood elevation requirement for the bottom of the Lowest Horizontal Structural Member (LHSM) of the lowest floor; or
 - d. Eighteen (18) inches above the State of Florida, Department of Environmental Protection minimum requirement for the bottom of the LHSM of the lowest floor. For purposes of the definition of grade, the term floor shall be defined as the top of the lowest inside surface of an enclosed area in a building, including the basement. For example, the top of the slab in a concrete slab construction or the top of wood flooring in wood frame construction. The term does not include an unfurnished or flood resistant enclosure, usable solely for parking of vehicles, building access, or storage in an area other than a basement area.
- When used to measure non-habitable accessory structures, grade shall be the finished ground surface at the base of the accessory structure being measured. If a retaining wall elevates the non-habitable accessory structure, grade shall be the finished ground surface at the base of the retaining wall.
- H. Building Height. The height of buildings shall be measured from the lowest finished floor elevation to the lowest point of the highest horizontal eave or the top of the roof slab for structures with flat roofs. Church spires and steeples, chimneys, parapet walls, machine rooms, elevator towers, and similar features necessary to the design and function of a building but not designed for human occupancy, shall not be included in the measurement of overall building height.
- I. Lot coverage. That portion of a lot that is covered by all principal and accessory buildings.
- J. Lot depth. The depth of a lot is the distance measured from the mean direction of the side lines of the lot from the midpoint of the street lot line to the midpoint of the opposite main rear line of the lot.

413		
414	K.	Lot width. The horizontal distance between the side lines of a lot measured at the front building
415		setback line, or at the front property line where no front setback is required.
416		
417		
418	L.	Setback. A setback is the minimum horizontal distance between a structure and a property line.
419		Setbacks shall extend and be measured perpendicular and inward from the respective property lines.

Section 1.16. Interpretation of zoning district boundaries.

Zoning district boundaries are usually depicted along streets, alleys, shorelines, property lines, or extensions thereof. Where an uncertainty exists with respect to the boundaries of districts as shown on the Official Zoning Map, the following rules shall apply:

A. Centerlines. Boundaries indicated as approximately following the centerlines of streets, highways, or alleys shall be construed to follow such centerlines;

B. Lot, section, and tract lines. Boundaries indicated as approximately following platted lot lines shall be construed as following such lot lines;

C. Political boundaries. Boundaries indicated as approximately following City limits shall be construed as following City limits;

D. Shorelines. Boundaries indicated as following shorelines shall be construed to follow such shorelines. In the event of a change in the shoreline, the zoning district boundary shall be construed as moving with the actual shoreline. Boundaries indicated as approximately following the centerline of streams, rivers, canals, lakes, or other bodies of water shall be construed to follow such centerlines;

E. Vacations. Whenever any street, alley, or other public way is vacated by official action of the City Council, the zoning district of the property abutting each side of the street, alley, or public way shall be automatically extended to the center of such vacation and all area included within the vacation shall thereafter be subject to all regulations of the extended districts;

F. Filled lands. Where land is built-up by fill upon areas formerly submerged under water, the district regulations applying to the land immediately adjoining such built-up land shall be automatically extended thereto;

G. Parallel lines. Boundaries indicated as parallel to or extensions of features indicated in subsections A
 through F of this section shall be so construed. Distances not specifically indicated on the official
 zoning map shall be determined by the scale of the map;

H. Bisecting lines. Where district boundary lines approximately bisect blocks, the boundaries are the median line of such blocks, between the centerlines of boundary streets;

Uncertainties. Where physical or cultural features existing on the ground are at variance with those shown on the official zoning map or if any other uncertainty exists, the Director of Community

Development shall interpret the intent of the official zoning map as to the location of district boundaries; and

J. Excluded areas. Where land or water areas have been inadvertently excluded from a zoning district classification in any manner, such areas shall be classified in conformance with the most restrictive zoning district which abuts the excluded area until or unless changed pursuant to amendment procedures set forth in Article 3, Sec. 3.4.5.

Section 1.17. Severability.

A. It is the intent of the City Council of the City of Cape Coral that the articles, chapters, sections, subsections, paragraphs, sub-paragraphs, sentences, clauses, and phrases of this Code are severable, and if any are declared invalid or unconstitutional by the valid judgment or decree of a court of competent jurisdiction, such invalidity or unconstitutionality shall not affect the balance of these regulations.

 B. It is the further intent of the City Council of the City of Cape Coral that all property within the City be governed by these regulations. Therefore, if the zoning district of a parcel is declared invalid or unconstitutional, either on its face or as-applied, it is the intent of the City Council that the zoning district applied to the parcel shall be the next more restrictive zoning district that is consistent with the future land use district within which the parcel is located.

34

35 36

37

- A. Pursuant to and in accordance with F.S. § 163.3174 of the Local Government Comprehensive Planning and Land Development Regulation Act, as amended, the City Council finds that planning of land use and continuing growth management evaluation within the City is a public purpose benefiting the safety, economic well-being, and cultural welfare of the citizens of the City. The City Council further finds that this public purpose can best be achieved by establishing the Planning and Zoning Commission, which is established and designated as the local planning agency (LPA) for the City.
- 38
 39 B. Pursuant to and in accordance with F.S. § 163.3175(5) and F.S. § 163.3177(1) of the Local Government
 40 Comprehensive Planning and Land Development Regulation Act, the City Council finds that there is a
 41 public purpose in coordinating the planning of the City with the Lee County School Board.
- C. The Planning and Zoning Commission/Local Planning Agency (hereinafter Commission) shall have the authority and responsibility to review land use in the City and evaluate planning and regulatory techniques for resolving physical, economic, social, environmental and fiscal issues. The City Council directs the Commission to carry out functions and powers identified in the Land Development Code.

The Commission shall use the power and authority conferred upon it by the Land Development Code to further its stated public purpose.

D. Any power or duty delegated by the City Council.

Section 2.21.2. Membership; vacancy; compensation.

A. Membership. The Commission shall consist of seven members. All members shall be residents of the City and will be appointed by a majority vote of the City Council. The term of office for each member shall be three years. Terms of office shall commence on the first day of March of the year in which appointed. In addition to the seven members, two alternate members shall be appointed by a majority vote of the City Council to serve as alternates for the term of one year. Alternate members shall be residents of the City. Alternate members shall substitute for absent members on a rotating basis. When substituting for an absent member, an alternate member may vote and participate in all discussions of the Commission in the same manner and to the same extent as the other members of the Commission. When not substituting for an absent member(s), alternate members shall not vote on any matter, but may participate in all discussions in the same manner and to the same extent as the other members. Alternate members shall have the same attendance requirements as the other members of the Commission. Board members and alternate members shall be subject to the forfeiture of office provisions of Section 2.58 of the Cape Coral Code of Ordinances. Whenever a vacancy occurs on the Commission, the city shall fill the vacancy for the remainder of the term as soon as practicable after the vacancy occurs.

B. Vacancies.

1. If a vacancy occurs on the Commission as the result of the resignation, death, or removal of a member, the senior alternate member shall temporarily fill such vacancy without action by the City Council, until the City Council appoints a successor regular member. In the event both alternates have served for the same continuous period of time then the alternate who is next scheduled to substitute for an absent regular member according to the rotation schedule shall temporarily fill the vacancy until the City Council appoints a successor regular member. In the event that the alternate member dies, resigns, is removed, or becomes a member, the City Council shall promptly appoint a qualified person to the unexpired term of the alternate.

2. In the event a vacancy occurs on the Commission; an alternate member may apply to be a regular member in the same manner as other applicants. In the event an alternate member is appointed to be regular member, then such appointment shall simultaneously terminate such person's position as an alternate member. In that event, the City Council may then appoint another person to fill the resulting alternate member vacancy.

C. Compensation. Members of the Commission shall receive no salary for their services, but may receive such travel and other expenses while on official business for the City as are made available by the City Council for these purposes.

94 Section 2.21.3. Meetings; Quorum; Required vote.

A. Meetings. The Commission shall schedule and hold at least one public hearing each month unless there is no business to transact for the regular meeting date. The Commission shall also meet at the call of the chairperson and other times as may be determined by a majority of the Commission.

B. Quorum. Four voting members of the Commission shall constitute a quorum for the transaction of business, but a smaller number may act only to adjourn meetings for lack of a quorum. The affirmative vote of a majority of the quorum shall be required to pass any action of the Commission.

C. Officers. The Commission shall annually elect a chairperson and a vice-chairperson from among its members. All officers shall be elected for one-year terms and shall be eligible for re-election.

Section 2.21.4. Staff; Attorney.

A. Staff. The City Manager shall provide staff support necessary to the planning functions of the Commission and provide secretarial support for the Commission in the execution of its duties and to record and transcribe in summary form the minutes of all Commission meetings.

B. Attorney. The City Attorney shall serve as legal counsel to the Commission.

Section 2.12.5. Rules and records.

 A. The Commission shall adopt its own rules of procedure as may be deemed necessary; provided such rules shall not be contrary to the spirit and intent of the Land Development Code or to the policies of the City. The Commission shall keep minutes of its meetings and records of all transactions and deliberations. Such minutes and records shall be filed in the appropriate offices of the City and shall be public records.

B. All meetings of the Commission shall be open to the public.

C. The Commission shall set up rules of procedure to monitor and oversee the effectiveness and status of the Comprehensive Plan in order to make any recommendation to the City Council for changes in the Comprehensive Plan as may from time to time be required consistent with the intent and purposes of the Cape Coral Land Development Code relating to the Comprehensive Plan.

CHAPTER 32. HEARING EXAMINER

Section 2.32.1. Establishment.

There is hereby created a Hearing Examiner with authority to conduct quasi-judicial and other hearings in accordance with provisions of this code in an equitable, expeditious, and effective manner. Nothing in this section shall prohibit the City Council from enforcing any code by other means.

138 Section 2.32.2. Appointment of Hearing Examiner(s); Vacancy: Recusal.

140 A. The city shall utilize the services of one or more Hearing Examiner(s) to conduct quasi-judicial hearings

141 in accordance with provisions of this code.

142

B. The City Council shall appoint at least one qualified person to serve as the Hearing Examiner, and may 143 144 appoint at least one qualified person to serve as an alternate Hearing Examiner.

145 146

147 148

149

150

151 152 C. The appointment(s) shall be in the sole discretion of the City Council. However, any person appointed to the position of Hearing Examiner must be an attorney duly licensed by the Florida Bar Association to practice law in the State of Florida. Appointment(s) shall be made by written contract approved by the City Council. The contract shall set out the terms and conditions, including compensation, travel, mileage, and any additional powers and duties delegated or assigned to the Hearing Examiner. Although appointed by contract, Hearing Examiners shall be subject to removal, with or without cause, at any time during their term by the City Council in its sole discretion.

153 154

D. Hearing Examiners shall not be considered to be city employees.

155 156

157

158 159 E. If a Hearing Examiner vacancy occurs as a result of resignation, death, removal, or the Hearing Examiner recuses, disqualifies himself or herself, or does not otherwise hear a particular case, and an alternate Hearing Examiner is unavailable or otherwise unable to hear a case, these cases shall be heard by the Planning and Zoning Commission in an advisory capacity and then heard by the City Council for the final decision.

160 161

Section 2.32.3 Exercise of power; powers and duties.

162 163 164

165

166

167

168

A. Exercise of power. In exercising its powers, a Hearing Examiner may, upon appeal and in conformity with the provisions of this code, reverse or affirm, wholly or partly, or may modify the order, recommendation, requirement, decision, or determination made by the Director or an administrative official in the application, interpretation, or enforcement of this code and may make any necessary order, recommendation, requirement, decision, or determination, and to that end shall have all the powers of the administrative official from whom the appeal is taken.

169 170 171

B. Powers and duties. A Hearing Examiner shall hear and decide or, when applicable, make recommendations, on the following:

172 173 174

1. Applications for special exceptions;

175 176

2. Applications for variances. The Hearing Examiner may impose any reasonable conditions or restrictions on a variance it decides to grant;

177 178 179

3. Applications for deviations;

180

181 4. Applications for vacations;

182

183 5. Applications for rezoning property;

184 185

6. Applications for PUD master control plans; and

186 187

7. Appeals of administrative decisions under the Land Development Code.

LAND DEVELOPINENT CODE
ARTICLE 2 – DECISION MAKING AND ADMINISTRATIVE BODIES

Section 2.32.4. City Attorney; City Clerk.

A. City Attorney. The City Attorney is the legal officer for the city. Because only attorneys may hold the position of Hearing Examiner, the city shall not be required to provide legal representation to the Hearing Examiner(s).

B. City Clerk. The City Clerk, shall attend all hearings and record (audio, video, or both) all hearings. The city shall retain the original recording(s) in accordance with the laws of the State of Florida, and, if requested, provide a duplicate of the recording(s) to the Hearing Examiner.

Section 2.32.5. Decisions; Recommendations.

The Hearing Examiner shall provide the City Clerk with all original decisions or recommendations for transmission to the applicant or if the applicant is the city, to the Director of Community Development and City Attorney.

CHAPTER 43. ADMINISTRATIVE DECISION MAKERS AND ENFORCEMENT OFFICERS

Section 2.43.1. City Manager.

The City Manager is the chief executive officer for the City of Cape Coral with ultimate authority over the implementation of these regulations. The City Manager has the authority to delegate his authority to City staff as necessary for the effective administration and enforcement of the regulations.

Section 2.43.2. Department of Community Development.

The Department of Community Development is the City department charged with administration and enforcement of the Land Development Code.

Section 2.43.3. Community Development Director.

The Community Development Director is responsible for the administration of these regulations. Specifically, the Community Development Director is responsible for receiving applications for development approval, determining whether they are complete, and coordinating review of the applications. The Community Development Director shall have administrative responsibility to interpret the Land Development Code.

Section 2.34.4. Building Official.

The Building Official is responsible for the implementation of the various building codes adopted pursuant to the Florida Building Code and other applicable state statutes. The Building Official issues building permits and certificates of occupancy, upon a determination by the City of compliance of permit applications with the City regulations and any prior approvals by the City.

235	Section 2.43.5. Planning Manager.
236 237	The Planning Manager is responsible for duties under this Code or as assigned by the Community
238	Development Director. The Planning Manager is responsible for the implementation and interpretation
239	of the Land Development Code.
240	
241	Section 2.43.6. Public Works Director.
242	
243	The Public Works Director is charged with the development and maintenance of the City's Engineering
244	Design Standards and implementation related to City maintained facilities.
245	
246	Section 2.43.7. Development Services Manager.
247 248	The Development Services Manager is responsible for the review and approval of applications for land
246 249	development permits. The Development Services Manager reviews and approval of applications for land
2 4 9 250	Preliminary Subdivisions, Construction Plan approvals, Development Permits, and Certificates of
251	Completion.
252	Completion
253	Section 2.43.8. Code Enforcement Manager.
254	The Code Enforcement Officer is charged with the initiation of and prosecution of enforcement actions
255	pursuant to Chapter 2, Article 5, Divisions 3 and 4 of the City of Cape Coral Code of Ordinances.

City of Cape Coral, Florida **Land Development Code** Article 3 - Development Review

61	CHAPTER 1. DEVELOPMENT REVIEW PROCEDURES
62	
63	Section 3.1.1. Purpose.
64	
65	The purpose of this article is to establish the standards and procedures for review and approval of
66	proposed development within the City of Cape Coral, and to provide a development review process that
67	will be comprehensive, consistent, and efficient in the implementation of the goals, objectives, and
68	policies of the City of Cape Coral Comprehensive Plan and this Code.
69	
70	Section 3.1.2. Classification of Development Review Procedures
71	
72	All development applications under this Article are subject to the procedural review requirements in this
73	Chapter, unless otherwise exempted by the terms of this Article. Development applications are classified
74	according to the decision-making authority for each type of application, as set forth below.
75	
76	A. Administrative. The following shall be treated as administrative decisions:
77	
78	1. Zoning and Flood Zone Verification Letters
79	2. Certificates of Zoning Compliance
80	3. Administrative Interpretations and Similar Use Determinations
81	4. Sign Permits (See Article 6)
82	5. Lot Splits and Lot Combines
83	6. Conditional Uses
84	7. Master Concept Plan (PUD) Amendments
85	8. Administrative Deviations
86	9. Site Development and Subdivision Construction Plans
87	10. Preliminary Subdivision Plans (See Article 10)
88	11. Site Improvement Permits
89	12. Temporary Use Permits
90	a. Special Events
91	b. Temporary Storage

92

c. Seasonal Sales

115		
116	D.	
117		from building permit issuance, but must otherwise comply with the minimum requirements of this chapter.
118		Therefore, such buildings, structures, improvements, and installations shall be subject to review under the
119		Site Development Plan or Certificate of Zoning Compliance standards contained in this Article, as well as the
120		regulations of the underlying zoning district.
121	_	
122	E.	The Community Development Director shall have the authority to require a certificate of zoning compliance
123		or site improvement permit review for other buildings, structures, improvements and installations that are

Section 3.1.4. Application submittals.

A. Unless otherwise indicated by a specific provision of this Article, the applicant for a permit or approval under this Code must be the owner of the property that is the subject of the application or a duly authorized agent of the owner. An applicant who is a contract purchaser must provide proof that the applicant is an authorized agent of the property owner.

1. For rezone and comprehensive plan amendments involving multiple properties or ownerships, the owners of at least fifty-one percent of the number of parcels or the land area included in the application, whichever is greater, must join in the application.

2. For applications to vacate public rights-of-way or alleys, the owners of all parcels abutting the street or alley or portion thereof to be vacated must join in the application.

3. For applications to vacate easements, all owners of parcels abutting the easement and all owners entitled to use of the easement to be vacated must join in the application.

4. For applications to vacate any portion of a platted subdivision, all owners in the subdivision must join in the application.

B. Unless otherwise indicated by a specific provision of this Article or another City ordinance or regulation, applications for permits and approvals under this Chapter shall be submitted to the Community Development Department.

C. Applications shall contain all information required for the type of application being filed and shall include all plans, data, studies, or supporting documents required under this code or specified in the application forms.

D. The Community Development Department shall establish application forms and submittal requirements for all development applications referenced in this Article.

E. Applications for various approvals and permits may be submitted for concurrent or simultaneous review at the option and sole risk of the applicant. This provision shall not apply to any comprehensive plan amendments, rezones, or permit approvals associated with a proposed annexation into the City.

F. Applications for permits or development approvals which have been made available as on-line may be required to file an on-line application only, as determined by the Director.

G. The Community Development Director shall have the authority to require a zoning or site improvement permit review for other buildings, structures, improvements, or installations that are newly created or come about by changes in the state or local building codes; or other improvements deemed necessary for approval.

Section 3.1.5. Pre-application and Preliminary Design Review meetings.

A. Upon request of an applicant, the director may schedule pre-application meetings with applicants and appropriate City staff, for the purpose of reviewing proposed development prior to the formal submission of an application. Applicants are encouraged, though not required, to request a pre-application meeting. A pre-application meeting is required for Planned Unit Development applications.

B. The pre-application meeting shall be informal, and its purpose shall be to discuss the proposals, views, and concepts of the applicant. The purpose is also to discuss whether any additional information will be required. Failure of staff to identify any required permits or procedures at a pre-application meeting shall not relieve the applicant of any such requirements in this code or constitute waiver of the requirement by the decision-making body.

C. At the pre-application meeting staff will:

1. Review the proposed project and any preliminary plans with the applicant.

2. Discuss and inform the applicant about the zoning requirements relevant to the proposal, information necessary for an application, and the approval process(es) for the project. This does not preclude the department from requesting additional information or waiving certain requirements for information later during the review process.

3. Advise the applicant whether the proposed project conforms to the Comprehensive Plan or the requirements of this title.

D. Preliminary Design Review Advisory Meetings. Upon request of an applicant, the director may schedule a preliminary design review advisory meeting with applicants and appropriate City staff, for the purpose of reviewing the design and engineering requirements for a proposed development project prior to the formal submission of an application. Applicants are encouraged, though not required, to request a preliminary design review advisory meeting. A preliminary design review advisory meeting is required for Planned Unit Development applications. The substance and process of a preliminary design review advisory meeting shall follow the requirements of pre-application meetings detailed in subsections B and C, above.

E. Any recommendations or determinations reached during a pre-application or preliminary design review advisory meetings are purely advisory and shall not be binding either on the applicant or the City.

Section 3.1.6. Fees Required.

Each applicant for a permit, approval, or appeal under this Article shall be required to pay any application fee(s) as established by the City Council.

Section 3.1.7. Complete Applications Required.

1. Drainage facilities;

- A. Incomplete Applications. No application for a permit, approval, or appeal under this Article shall be accepted or reviewed by staff that does include all required application materials and the required application fee(s). The burden of providing complete and accurate information required by the Community Development Department for each type of application shall be on the applicant.
- B. Determination of Completeness.
 - 1. When an application for development approval is submitted, the director shall make a threshold determination as to whether the application is complete and in conformance with the land uses, density, and intensity allowed by the future land use designation and zoning district classification.
 - 2. All applications shall be reviewed for completeness within ten days of receipt. If the application does not meet the requirements of this Article, the director shall notify the applicant or agent in writing, stating the additional information required or the modification(s) necessary for conformance.
 - 3. No further action shall be taken on the application unless and until the additional information is submitted and determined to be complete by the director. If the incompleteness has not been remedied within sixty (60) calendar days of receipt of notice thereof, the application shall be automatically voided and the director shall return the application to the applicant.
- C. Review. When an application for development approval is determined to be complete, the department shall notify the applicant, and commence detailed review and processing of the application in accordance with this Code.

Section 3.1.8. Review for Sufficiency and Code Requirements.

Once an application is determined to be complete, the Department shall commence detailed review of the application, consult with other agencies, issue comments to the applicant, consult with the applicant as necessary, and determine whether the application and supporting materials are sufficient to proceed forward, as applicable for the type of application for review. For purposes of this section, "sufficiency" shall constitute an analysis of whether a proposed application:

- A. Meets the stated objective requirements of the comprehensive plan, this Code, and the City Code of Ordinances; and
- B. Includes the necessary analysis and information in sufficient detail to enable the decision-making body or official to make the necessary determinations under the comprehensive plan and this Code.
- C. The sufficiency and code requirements set forth herein shall be used by the City to evaluate the demands created on public services and facilities by a proposed development, as required by this code. The following public services and facilities shall be evaluated:

274		
275		2. Environmentally sensitive lands;
276		
277		3. Fire protection;
278		
279		4. Parks and open space;
280		
281		5. Police protection;
282		
283		6. Potable water;
284		
285		7. Wastewater;
286		
287		8. Solid waste;
288		
289		9. Stormwater; and
290		
291		10. Transportation facilities. A traffic impact study is required for any development anticipated to
292		generate more than 300 p.m. peak hour average daily trips.
293		
294	D.	If an application is determined to be insufficient, the director shall notify the applicant or agent in
295		writing, stating the additional information required or the modification(s) necessary for conformance.
296		which go stating the daditional information required of the modification (5) necessary for comormation
297	E.	No further action shall be taken on an application determined to be insufficient unless and until the
298		insufficiency(ies) are resolved, as determined by the director. If the insufficiencies have not been
299		remedied within sixty (60) calendar days, the director may void the application.
300		Temedica Within sixty (60) carefular days, the director may void the application.
301	Sec	tion 3.1.9. Decision-making.
302		
303	Α.	Administrative approvals. Upon determining that an application and all supporting information are
304		sufficient to render a decision, the Director shall take administrative action required by this code and
305		approve the application, approve the application with conditions, or deny the application.
306		approve the application, approve the application with conditions, or deny the application.
307	R	Quasi-judicial and legislative approvals. Upon determining that an application and all supporting
308	Ь.	information are sufficient to render a decision and any inadequacies have been resolved, the Director
309		shall prepare a report and recommendation to the appropriate decision-making or recommending
310		
		body.
311	C	tion 2.4.40. Bublic Heaving Cabaduline and Notice Bennings and
	sec	tion 3.1.10. Public Hearing Scheduling and Notice Requirements.
313	۸	Cabaduling for assertdonation. When an application is deemed sufficient assessment to LDC Coation 2.1.0.
314	Α.	Scheduling for consideration. When an application is deemed sufficient pursuant to LDC Section 3.1.8,
315		the Director shall schedule a public hearing for an appropriate date. No application shall be scheduled
316		for consideration by the Hearing Examiner, Commission, or City Council until either:
317		
318		1. All specified insufficiencies have been resolved; or
319		

- 2. The applicant has elected in writing to proceed notwithstanding the unresolved insufficiencies.
 - B. Required notice of public hearings. Notice of public hearings shall be provided by publication of an advertisement in a newspaper of general circulation, mailed notice to surrounding property owners, and posting of the development site pursuant to the requirements of this section. Table 3.1.2 depicts the public hearing notice requirements for quasi-judicial and legislative applications under this Code:
 - C. Website posting. Notices of public hearings for development applications shall be posted on the City of Cape Coral website but failure to post a case on the City website shall not constitute a violation of City noticing requirements. In addition, information about public notice and public hearings may be posted by the City on social media outlets.
 - D. Publication. Publication of advertisements for public hearings concerning comprehensive plan amendments shall meet the requirements of Chapter 163, Florida Statutes. Publications for public hearings concerning zoning amendments shall meet the requirements of Chapter 166 Florida Statutes.
 - E. Posting. The application site shall be posted with a notice of the public hearing on a sign provided by the Community Development Department at least ten (10) calendar days in advance of any public hearing. The number and placement of public notice signs should be determined by the Department. The signs shall be removed by the City after a final decision. The failure to remove posted notice after a final decision shall not be deemed a failure to comply with this requirement or be grounds to challenge the validity of any final decision on the application(s).
 - F. Mailed notice. Notice of a public hearing on a proposed development application(s) shall be mailed to all owners of real property within five hundred (500) feet of the periphery of the site in question, whose names and addresses are known by reference to the latest published ad valorem tax records of the Lee County Property Appraiser.
 - 1. Individually owned multi-family units. When real property consists of individually owned multi-family units, notice shall be given to the homeowner's association, if applicable, all individual unit owners, and all real property owners within five hundred (500) feet. If any area adjacent to the development site is owned by the applicant or any partner listed on the application, the five hundred (500) foot notification boundary shall be extended from these parcels. All property owner associations in the notice area shall be notified.
 - 2. Notice to other jurisdictions. If there are unincorporated lands within 500 feet of the property, Lee County shall also be notified.
 - 3. Applicant responsibility for notice. When the notice radius specified in this section includes property outside of the City limits, the applicant is responsible for obtaining the list of property owners to be notified from the Lee or Charlotte County Property Appraisers and providing this list to the department in sufficient time to comply with noticing requirements. The applicant is responsible for any errors or omissions in the list provided.
 - 4. Content. Generally, all public hearing notices shall contain the following information:

a. The scheduled date, time, and location of the hearing;

368				
369			b.	A general description of the nature of the matter to be addressed, written in layman's terms;
370				
371			c.	The address of the property;
372				
373			d.	That persons may appear and be heard;
374				
375			e.	That written comments filed with the department will be entered into the record;
376				
377			f.	That the hearing may be continued from time to time as necessary;
378				
379			g.	A telephone number and contact for more information;
380				
381			h.	The case number or title of the ordinance under consideration, if applicable; and
382				
383			i.	Such additional information as may be required pursuant to this code or applicable law for
384				specific types of development approval.
385				
386		5.	Tim	ing of mailed notice. Notice shall be mailed a minimum ten (10) calendar days prior to the
387			dat	e set for the public hearing by first class mail. A copy of the notice shall be available for public
388				pection during regular business hours at the Community Development Department. If the
389			app	lication includes a simultaneous future land use map amendment and a rezone, the notice for
390				rezone may be included in the notice required for the land use amendment.
391				
392	G.	Ele	ctror	nic Notice. The Community Development Department may, as a courtesy, send electronic
393				to any persons or organizations in the City, or to any governmental, public, or quasi-public
394				ation regarding any matter that may affect the interests of that person or organization, or on
395		_		tter on which any such person or organization has requested notice. The failure of the
396		De	oartr	ment to send such notice or the failure of any resident or property owner to receive such
397		cou	ırtes	y notice shall not affect the validity of the public notice requirements.
398				
399	Н.	Exc	epti	ons to Mailing and Posting. The mailing and posting notice requirements shall not apply to a
400		lan	d us	e map amendment initiated by the Council, in response to a judicial order or compliance
401		agr	eem	ent as described by Section 163.3184(6) and (7), Florida Statutes.
402		Ū		
403	I.	Cor	ntinu	ued or Rescheduled Meetings. Notice of subsequent hearings shall be mailed and published in
404				ance with this section for:
405				
406		1.	Any	hearing for which the Hearing Examiner, Community Development Director, or City Attorney
407				ermines new notice should be provided, because of the time elapsed from the original notice,
408				correct any defect, or apprise affected parties of significant changes to the application as
409				ginally noticed;
410				
411		2.	Any	hearing continued to an unspecified date, time, and place; or

3. Any hearing where such new notice is required pursuant to applicable law or this Code.

Section 3.1.11 Public Hearing Procedures.

A. General. All public hearings shall be open to the public. Members of the public shall be permitted to testify at all public hearings. A copy of the hearing procedures shall be made available at the hearing. The applicant may withdraw an application by requesting such withdrawal in writing prior to the commencement of the hearing.

B. Record of hearings. The City Clerk shall attend all hearings, and the City shall record (audio, video, or both) all hearings. The City shall retain the original recording(s) in accordance with the laws of the State of Florida, and, if requested, provide a duplicate of the recording(s).

C. Official file. All written communication received by the decision-making body, the Hearing Examiner, or staff concerning an application, the staff report on the application, any petitions or other submissions from the public, and all other documents pertaining to the application shall be filed in the official file for the application, which shall be maintained by staff. The Comprehensive Plan, the City Code of Ordinances, and the Land Development Code shall be deemed to be part of the official file. The official file shall be available for inspection during normal business hours.

D. Order of public hearings. The hearing shall, to the extent possible, be conducted as follows:

1. The Clerk shall read into the record the ordinance or resolution title and number, or the applicant's name, file number, and the subject matter to be decided if there is no ordinance or resolution.

2. For quasi-judicial hearings, the applicant, staff, and all participants requesting to speak or present evidence or both at the hearing shall be collectively sworn by an oath or affirmation by the Clerk.

3. The applicant may waive the applicant's right to an evidentiary hearing if applicant agrees with the staff recommendation and no one from the audience wishes to speak for or against the application. The decision-making body may then vote on the item or the Hearing Examiner shall rule on the matter or make a recommendation, based upon the staff report and any other materials contained within the official file. Regardless of a waiver by the applicant, a public hearing shall be held for all decisions requiring an ordinance or resolution.

4. If there is an evidentiary hearing, the order of the presentation shall be as follows, unless the Hearing Examiner or Mayor determines to proceed in a different order, taking proper consideration of fairness and due process:

a. The applicant shall make the applicant's presentation, including offering any documentary evidence, and introduce any witnesses as applicant desires. The applicant shall present the applicant's entire case in 30 minutes.

b. Staff shall present a brief synopsis of the application; introduce any appropriate additional

exhibits from the official file that have not already been transmitted to the Hearing Examiner or City Council with the agenda materials, summarize issues; and make a recommendation on the application. Staff shall also introduce any witnesses that it wishes to provide testimony at the hearing. Staff shall present its entire case in 30 minutes.

- c. Public comment. Participants in opposition to or support of the application shall make their presentation in any order as determined by the Chair, Hearing Examiner, or Mayor. Each participant shall present their argument in five minutes.
- d. For hearings on quasi-judicial matters only, the applicant may cross-examine any witness and respond to any testimony presented.
- e. For hearings on quasi-judicial matters only, staff may cross-examine any witness and respond to any testimony presented.
- f. The Chair, Hearing Examiner, or Mayor may choose to allow participants to respond to any testimony if the Chair, Hearing Examiner, or Mayor deems the response to be necessary to ensure fairness and due process.
- g. Members of the Planning and Zoning Commission, Hearing Examiner, or City Council may ask any questions of the staff, applicant, and participants.
- h. Final argument may be made by the applicant, related solely to the evidence in the record.
- Final argument may be made by the staff, related solely to the evidence in the record.
- j. For good cause shown, the Planning and Zoning Commission, Hearing Examiner, or City Council may grant additional time to any of the above time limitations.
- k. The Chair, Hearing Examiner, or Mayor shall keep order, and without requiring an objection, may direct a party conducting the direct examination or the cross-examination to stop a particular line of questioning that, in the sole judgment of the Chair, Hearing Examiner, or Mayor merely harasses, intimidates, or embarrasses the individual testifying or being crossexamined; is unduly repetitious or is not relevant; or is beyond the scope of the application or, in the case of cross-examination, is beyond the scope of the testimony by the individual being cross-examined. If the party conducting the direct examination or cross-examination continues to violate directions from the Chair, Hearing Examiner, or Mayor to end a line of questioning deemed improper as set forth herein, the Chair, Hearing Examiner, or Mayor may terminate the direct examination or the cross-examination.
- I. The Planning and Zoning Commission, Hearing Examiner, or City Council may, on its own motion or at the request of any person, continue the hearing to a fixed date, time, and place. The applicant shall have the right to one continuance; however, all subsequent continuances shall be granted at the sole discretion of the Commission, Hearing Examiner, or City Council.
- E. Decisions. For all quasi-judicial hearings in which a decision is made regarding an application for any

development permit, the decision to approve or deny shall be based on whether the application meets all applicable requirements of the Comprehensive Plan, the City Code of Ordinances, and the Land Development Code, based on the entirety of the record before the Hearing Examiner or City Council. The Hearing Examiner or Council decisions must be based upon competent substantial evidence in the record.

F. Rules of Evidence for quasi-judicial hearings.

1. The decision-making body or the Hearing Examiner shall not be bound by the strict rules of evidence, and shall not be limited only to consideration of evidence which would be admissible in a court of law. The decision-making body or the Hearing Examiner shall have the ability, but not the duty, to conduct site visits in their sole discretion and to consider any evidence so adduced in their deliberations.

2. The Chair or Hearing Examiner may exclude evidence or testimony that is not relevant, material, or competent or testimony which is unduly repetitious or defamatory.

The Chair, with the advice of the City Attorney, will determine the relevancy of evidence. In matters decided by the Hearing Examiner, the Hearing Examiner, without the advice of the City Attorney, will determine the relevancy of evidence.

4. Matters relating to an application's consistency with the Comprehensive Plan, the City Code of Ordinances, or the Land Development Code will be presumed to be relevant and material.

5. Hearsay evidence may be used for the purpose of supplementing or explaining other evidence, but it shall not be sufficient by itself to support a finding unless it would be admissible over objection in court.

6. Documentary evidence may be presented in the form of a copy of the original, if available. A copy shall be made available to the decision-making body or the Hearing Examiner and to the staff no later than two business days prior to the hearing on the application. Upon request, the applicant and staff shall be given an opportunity to compare the copy with the original. Oversized exhibits shall be copied and reduced for convenient record storage.

7. Only the applicant, an authorized representative of the applicant, staff, and the decision-making body or the Hearing Examiner shall be entitled to conduct cross-examination when testimony is given or documents are made part of the record.

8. The City Attorney shall represent the decision-making body and advise it as to procedures to be followed.

9. The Planning and Zoning Commission, Hearing Examiner, or City Council shall take judicial notice of all state and local laws, ordinances, and regulations and may take judicial notice of such other matters as are generally recognized by the courts of the State of Florida.

10. Supplementing the record after the quasi-judicial hearing is prohibited, unless specifically

being taken on the application or appeal.

hearing.

Land Development Code.

be required prior to action being taken.

authorized by an affirmative vote of the decision-making body, or authorized by the Hearing Examiner, under the following conditions:

a. The supplementation occurs after a quasi-judicial hearing is continued but prior to final action

b. If a question is raised by the Planning and Zoning Commission, Hearing Examiner, or City

Council at the hearing which cannot be answered at the hearing, the party to whom the

question is directed will submit the requested information in writing to the City Clerk and the

decision-making body or Hearing Examiner after the quasi-judicial hearing, with copies to the

other parties, provided the hearing has been continued or another hearing has been scheduled for a future date and no final action has been taken by the decision-making body

or Hearing Examiner. The information requested will be presented to the decision-making

body or the Hearing Examiner at least two business days prior to the time of the continued

c. All parties and participants shall have the same right with respect to the additional

in instances where it is one of the hearing bodies.

- L. Regularly scheduled public hearing dates. The Hearing Examiner or the City Council may establish regular dates for public hearings on zoning amendments. Such dates, if established by the Hearing Examiner, or the City Council, shall not prevent the Hearing Examiner or City Council from scheduling
- additional public hearings whenever such public hearings are deemed necessary.
- M. Reading of ordinances. Except for ordinances initiated by the City Council which rezone a parcel or

596 parcels of land involving ten or more contiguous acres, or change permitted, special exception, or 597 prohibited use categories in zoning districts, all ordinances shall be read, either by title or in full, on 598 two separate days at a duly noticed public hearing of the City Council.

N. The printed agenda for the meeting at which the quasi-judicial hearing is scheduled to take place shall identify the hearing as quasi-judicial and indicate where copies of the procedures that apply may be obtained.

Section 3.1.12. Decisions under this Article.

- A. When this Article authorizes the Community Development Director, Hearing Examiner, or City Council to make decisions under this Chapter, that decision shall be made pursuant to the specific criteria applicable to the application in Chapter 2 (Specific Review Procedures). If Chapter 2 does not include specific criteria for that type of decision, the Community Development Director or Department, Hearing Examiner, Commission, or Council shall make the decision based on whether the application complies with this Article and any regulations authorized by this Code, and will protect the public health, safety, and welfare.
- B. Unless otherwise indicated in a specific provision of this Article, the Community Development Director, Hearing Examiner, or City Council may approve the application, deny the application, or approve the application subject to conditions as stated in Section 3.1.13, below.
- C. Unless otherwise stated in this Article, or unless a different condition is attached to a permit or approval, permits and approvals granted under this Article are not affected by changes in ownership or tenancy of the property.

Section 3.1.13. Conditions on Approvals.

- A. The Community Development Director, Hearing Examiner, or City Council may attach conditions to any quasi-judicial permit or approval under this Chapter, provided the condition is required to bring the development proposed in the application into compliance with the requirements of the Comprehensive Plan or the LDC.
- B. The Community Development Director, Hearing Examiner, or City Council may also attach conditions to any quasi-judicial development permit or approval under this Code, provided the condition is necessary to minimize or ameliorate potential adverse impacts of the development proposal. Such conditions shall be reasonably related to the actual or potential impact(s) of the specific use, activity, or structure in question.

Section 3.1.14. Appeals.

A. Review by the Director. Applicants for administrative permits and approvals may request a formal review by the Community Development Director of staff decisions, within thirty (30) calendar days of the date the administrative decision was made. The request for review shall be accompanied by any relevant documents related to the review as determined by the Planning Manager or Development Services Manager. The respective manager shall review the relevant standards and present a written

finding to the Community Development Director. The request for review shall be considered by the Community Development Director within 10 days of submittal of a complete request. The Community Development Director may consult with the City Attorney's office on the matter.

The Community Development Director shall provide a written determination to affirm the staff decision, grant the relief requested in the review, with or without conditions, or respond to the applicant or respective manager for further information, documentation, or proceedings. The written determination by the Director shall be the final administrative decision.

B. Appeals of Community Development Director decisions. An applicant desiring to appeal a decision of the Community Development Director, shall, within ten (10) calendar days from the date of such decision, file a written Notice of Appeal with the Department of Community Development. The appeal shall then be heard by the Hearing Examiner at a regularly scheduled meeting, provided there is sufficient time to review the appeal and provide the required public notice. A staff or Director's recommendation is not a decision and is not appealable.

C. Appeals from decisions of the Hearing Examiner. Any aggrieved party by a decision of the Hearing Examiner on a quasi-judicial matter or a Hearing Examiner decision on an administrative appeal may file an appeal to the City Council within 30 days by filing a written Notice of Appeal with the City Clerk. All such appeals shall be based on the record.

D. Appeals from decisions of the City Council. An action to review any decision of the City Council under these regulations may be taken by any person or persons aggrieved by such decision by presenting to the Circuit Court a petition for issuance of a Writ of Certiorari, duly certified, setting forth that such decision is illegal, in whole or in part, certifying the grounds of the illegality, provided same is done in the manner and within the time provided by Florida Rules of Appellate Procedure.

 E. Stay of proceedings. An appeal shall stay all proceedings in the matter appealed from until the final disposition of the appeal by the City Council or Hearing Examiner. The pendency of an appeal shall toll all time periods applicable to the decision which is subject to appeal until final disposition of the appeal by the City Council or Hearing Examiner with regard to the appeal.

F. Record. The record to be considered in the appeal shall include any application, exhibits, appeal papers, written objections, waivers, or consents considered by staff, the Hearing Examiner, or City Council, as well as transcripts and recordings taken at a public hearing, the Hearing Examiner or City Council minutes, and resolutions or ordinances showing the decision or action being appealed. The record shall also include the record made as a result of any prior applications for development approval on the same property. The City Clerk shall identify all exhibits used at the hearing. All exhibits so identified or introduced shall be a part of the City record.

CHAPTER 2. GENERAL REVIEW PROCEDURES

Section 3.2.1. All Permits and Approvals.

A. General Requirements for all permit applications.

- 1. Applications for permits or approvals shall be submitted with forms supplied by the Department and any required supporting documentation, plans, or materials required by this Code or specified in the application form(s).
- 2. Applications shall include any required fee(s) as established by the City Council.
- 3. Incomplete applications will not be accepted.
- 4. Before any use of land, building, or structure is established or any established use of land, building, or structure is changed to a different use than that identified in the previously-issued certificate of use under the prior LUDR, a certificate of zoning compliance under this code, or a business tax receipt for the property, the person seeking to establish the use must obtain a certificate of zoning compliance. Failure to secure a certificate of zoning compliance before establishing a use of land, building, or structure or before changing the use of the property from the use recognized in a duly-issued certificate of use under the prior LUDR or a certificate of zoning compliance under this Code to another use, shall be a violation of this Code, and punishable as such.
- B. Withdrawal of applications. An applicant may withdraw an application at any time by submitting a letter of request to DCD or providing testimony of the requested withdrawal in a public hearing.
- C. Effective date. All permits shall take effect on the day the permit is issued or an approval granted.
- D. Reliance on permits during pendency of appeals. Any action(s) taken by a permittee during the pendency of an administrative or quasi-judicial appeal shall be at the sole risk of the permittee.

CHAPTER 3. SPECIFIC REVIEW PROCEDURES - ADMINISTRATIVE PERMITS AND APPROVALS

Section 3.3.1. Zoning Verification Letter or Flood Verification Letter.

- A. Purpose and Intent.
 - 1. Zoning Verification Letter. To provide an official determination of the zoning of specific property
 - 2. Flood Zone Verification Letter. To provide an official determination of the FEMA Flood zone, as shown on the Flood Insurance Rate Map (FIRM) for specific property.
- B. Review Criteria.
 - 1. The Department will review the applicable City records, maps, and any supporting information and issue a Zoning or Flood Zone verification letter.
 - 2. Verification letters are valid for the date upon which they are issued and may be subject to change.

2. To determine whether all structures and site development requirements (e.g., building setbacks,

parking requirements, etc.) are in compliance with the requirements of this Code prior to

to approve, approve with conditions, or deny a certificate of zoning compliance for the following

in question, prior to application for a building or site development permit.

Section 3.3.2. Certificate of Zoning Compliance.

- application for or review of a building or site development permit. 744 3. Miscellaneous certificates of zoning compliance. The Community Development Director is authorized
 - b. Agricultural or farm buildings and non-habitable structures on A, Agriculture zoned sites;
 - c. Canopy carports, canopies, and other fabric covered framework on residential properties;
 - d. Chickee huts constructed by Miccosukee or Seminole Indians;

a. Above ground pools that contain water over 24 inches deep;

buildings, structures, improvements and installations:

- e. Chain-link fences, picket fences, ornamental iron fences, and other fences installed on residential property that are deemed non-wind resistant; provided, however, any pool safety barrier fence and any fence with concrete columns shall require a building permit;
- f. Decorative reflective pools and fishponds that contain water less than 24 inches deep, that contain less than 250 square feet in area, and contain less than 2,250 gallons in volume;
- g. Decorative garden-type water fountains and other similar hardscape features;
- h. Portable mini-storage unit, subject to the conditions and limitations of contained in Article 5;
- Donation bins, recycling bins, mobile medical and professional units in accordance with Article 5; and
- Anchoring, mooring, docking, or storage of a houseboat.

C. Review Criteria.

- 1. To determine whether the proposed use is a permitted use, a conditional use, or a special exception under this code.
- 2. Submittals will be reviewed for compliance with applicable code requirements (e.g., parking, setbacks, conditional use criteria, conditions of approval, etc.)

780		
781 782	D.	Specific Requirements for Certificates of Zoning Compliance.
783		1. Posting required. The original certificate of zoning compliance shall be posted in a conspicuou
784 785		location accessible to the public on the business premises at all times.
786		2. Revocation. The Community Development Director shall notify the holder of any certificate of zonin
787		compliance, in writing, of the City's intent to revoke a certificate of zoning compliance for any of th
788		following reasons:
789		
790 791		a. The City has reasonable grounds to believe that the premises are being used in a manner that inconsistent with, or contrary to, the provisions of the City Code or any other applicable code of
792		statute.
793		
794		b. In the event of a conviction of any owner, operator, manager, supervisor, or any employee actin
795		at the direction or with the knowledge of the owner, operator, manager, or supervisor, by a coul
796		of competent jurisdiction, for the violation of any criminal statute committed in conjunction wit
797		the business operation.
798		
799		c. It has been ascertained that the holder of the certificate of zoning compliance falsifie
800		information on the application for the certificate of zoning compliance.
801		
802		d. The holder of the certificate of zoning compliance, or the designated manager, operator, of
803		supervisor, refuses to permit an authorized law enforcement officer or code enforcement office
804		to inspect the premises during normal business hours for the purpose of investigating
805 806		complaint which has been filed against the business operation.
807	E.	Notice of revocation. When a notice of revocation is issued it shall state the following:
808	۲.	Notice of revocation. When a notice of revocation is issued it shall state the following.
809		THE HOLDER OF THE CERTIFICATE OF ZONING COMPLIANCE SHALL HAVE TEN (10) DAYS FROM THE
810		DATE OF THIS NOTIFICATION TO EITHER BRING THE PREMISES INTO COMPLIANCE OR TO REQUEST A
811		HEARING, IN WRITING, BEFORE THE SPECIAL MAGISTRATE.
812		
813		IF THE VIOLATION IS NOT CURED OR IF NO WRITTEN REQUEST FOR A HEARING IS RECEIVED BY THE CIT
814		OF CAPE CORAL WITHIN TEN (10) DAYS OF THE DATE OF THIS NOTIFICATION BY THE CERTIFICATE
815		HOLDER, THE CERTIFICATE OF ZONING COMPLIANCE SHALL BE CONSIDERED REVOKED.

Section 3.3.3. Administrative Interpretations and Similar Use Determinations.

before the City Council.

A. Purpose and Intent.

816

817

818

819 820

821822823

824

1. To determine whether a proposed use, activity, or site design complies with comprehensive plan.

F. Stay pending hearing. If the holder of the certificate of zoning compliance requests a hearing before the

City Council, the certificate of zoning compliance shall remain in effect during the pendency of the action

826			
827		2.	To interpret specific comprehensive plan policies.
828			
829		3.	To interpret whether a proposed use, activity, or site "design" complies with the LDC.
830			
831		4.	To determine how specific code requirements may apply to a site or a development proposa
832			when application of such requirements is not explicitly set forth in the LDC.
833			
834		5.	To interpret the application of conditions of approval.
835			
836		6.	To determine whether a proposed use that is not otherwise classified as a permitted, permitted
837			with special regulations, conditional, or special exception use in a zoning district or is not
838			currently defined in this code may classified as a similar use.
839			
840	В.	Re۱	view Criteria.
841			
842		1.	To determine whether a proposed use activity or site design complies with specific provisions of
843			the comprehensive plan and is in keeping with the spirit and intent of the comprehensive plan.
844			
845		2.	Consistency with LDC.
846			
847		3.	Whether the proposed use or activity complies with DCD policies and procedures.
848			
849	C.	Sim	nilar Use Determinations.
850			
851		1.	Interpretation of Similar Uses. Notwithstanding the requirements of Section 4.4.D., the Director
852			may determine that a specific proposed use may be allowed as a permitted, permitted with
853			specific regulations, conditional, or special exception use in a specific zoning district(s).
854		_	
855		2.	Similar Use Determination Process.
856			
857			a. A similar use determination may be issued if all of the following findings can be made:
858			
859			i. The characteristics and activities associated with the proposed use are similar to those
860			of one or more of the allowed uses listed in the zoning district and will not involve a
861			greater level of activity, population density, intensity, traffic generation, parking, dust,
862			odor, noise, or similar impacts than the uses listed in the zoning district;
863 864			ii. The proposed use will meet the purpose and intent of the zoning district that applies to the location of the use;
865			
866			iii. The proposed use is consistent with the goals, objectives, and policies of the Comprehensive Plan; and
867			iv. The proposed use is not listed a permitted, permitted with specific regulations,
868			conditional, or special exception use in another zoning district.
869			conditional, or special exception use in another zonning district.
003			

870 871 872 873			b. If a similar use determination is approved, the Director shall establish whether the use shall be a permitted use, permitted with specific regulations, a conditional use, or special exception use.
874 875 876 877			c. Upon approval of a similar use determination, the department shall prepare a text amendment to this ordinance to include the use in the appropriate district, along with any appropriate use regulations.
	Sec	tion	3.3.4. Lots Splits and Lot Combines.
879		_	
880 881	A.	Pur	pose and Intent.
882 883 884		1.	To provide standards for the split and combination of lots and tax parcels along existing platted lot or parcel lines.
885 886 887		2.	To provide standards for the split and combination of lots or tax parcels that do not require a replat.
888 889 890		3.	To provide for a one time split of property when the lot split or combine does not require approval as a new subdivision plat or replat.
891 892		4.	This section shall not apply to unrecorded subdivisions.
893 894	В.	Ger	neral Requirements
895 896 897 898 899			All divisions of land in the City shall occur only as a new subdivision plat, a replat, or a lot split. The requirements for subdivisions and replats are set forth in Article 10 of this Code. A lot split that does not meet the requirements of this chapter is deemed a subdivision or a replat and shall be defined and processed as set forth in Article 10.
900 901 902 903		2.	No lot split shall be recognized by the City, no lot that is part of a lot split shall be sold, and no building permit shall be issued unless the lot split has been approved by the City prior to recording in accordance with the requirements of this Article.
904 905	C.	Rev	iew Criteria and Standards
906 907		1.	Whether the lot split or combine creates nonconforming lots and structures.
908 909 910		2.	The lot split or combine shall not cause marine improvements to become nonconforming for setbacks or any other standards regarding such structures.
911 912		3.	Ensure that the lot split or combine does not create split zoning on a parcel.
913 914 915			The newly configured lots parcels must have at least twenty-five feet (25') of frontage on an existing right-of-way, private road, canal, lake, basin, or river. The minimum lot width of the zoning district must be met when measured at the front or rear setback, where applicable.

5. The newly created parcels shall not result in private utility lines crossing property lines.

6. A survey sketch prepared by a professional surveyor and mapper (PSM) indicating the legal description of the parent parcel, boundaries, dimensions, easements, restrictions or agreements affecting the property, rights-of-way, utilities, location of existing buildings, and other pertinent information including wetland boundaries and location of specimen and historic trees. The survey shall be required to be signed, sealed, dated, and certified to the City.

7. Approval and recording. The Community Development Department shall review the proposed lot split for compliance with the criteria listed in this subsection and Article 10, Subdivisions. Once approved the applicant may proceed with the lot split and record the lot split with the Lee County Property Appraiser. Approval shall expire within one (1) year of issuance if not recorded.

Section 3.3.5. Conditional Uses.

A. Purpose and Intent.

1. To provide standards and criteria for review and approval of specified conditional uses for a specific site.

2. To provide reasonable limitations or special conditions for conditional uses, in order to address, minimize, or ameliorate potential impacts of the use on surrounding property and for the protection of the public health, safety, and welfare.

B. General Requirements. Proposed conditional uses must meet the following requirements:

1. The conditional use standards identified in Article 5 for the specific zoning district use and conditional use in question.

2. The proposed conditional use will not result in development that is inconsistent with the intended character of the applicable zoning district.

3. A listed conditional use that does not meet the applicable conditional use standards may apply for approval as a Special Exception.

C. Review Criteria. A Conditional Use may be approved by the Director based on criteria identified in Article 5. These criteria are specific to each conditional use.

Section 3.3.6. Administrative Deviations.

A. Purpose and Intent. To grant relief from strict application of LDC requirements to allow minor deviations.

B. Scope. Administrative Deviations may be granted for the following:

- 1. Setback requirements where the setback is not decreased by more than 10% in the applicable zoning district and the encroachment does not extend into an easement, right-of-way, or is an encroachment over the property line for a zero-lot line site.
 - 2. Reduction in the overall required parking by 5%.

- 3. Landscaping or buffers. Up to a 10 % reduction in the width of required buffers or the required number of trees and shrubs.
- 4. Preservation of Vegetation. A deviation from the following regulations to accommodate the preservation of existing native specimen tree(s):
 - a. Up to five (5) percent of a required setback; or
 - b. Up to five (5) percent of the required parking spaces.
- 5. Minor sign deviations as set forth in Article 6 of this code.
- C. Review Criteria. An Administrative Deviation may be approved based on the following criteria:
 - 1. The proposed deviation will not result in development that is inconsistent with the intended character of the applicable zoning district.
 - 2. The normally required code standard(s) is determined to significantly inhibit development of the site.
 - 3. The deviation will not impede the ability of the project or site to adequately provide for service areas and other development features for the project.
 - 4. Access for service and emergency vehicles will not be impeded.
- 5. The proposed deviations will result in a building and site design of equal or superior quality.
 - D. Effective date of approval. A deviation shall take effect upon approval.
- 997 E. If an Administrative Deviation is not approved, the applicant may subsequently apply for a Variance.

Section 3.3.7. Site Development and Subdivision Construction Plans.

A. Applicability. The procedures contained in this Section are applicable to all projects involving land development, including Site Development Plans (SDP) for individual sites, Subdivision Construction Plans (SCP), and sites without structures such as parking lots. Also included are projects which involve the construction of any facility, the expansion of a site through acquisition or lease, alteration or conversion of an existing site or structures, or the change of use of a site or structure where the site or structure does not meet the current standards or criteria of these regulations. The provisions of this Section, where appropriate, are to be applied to on-site and off-site development activity. No land

development activity shall commence without obtaining the appropriate approvals and permits required by this code.

- B. Exceptions. The requirements of this section do not apply to:

1. Single-family dwellings; or

2. Duplex dwellings on existing platted lots or parcels.

C. Plan Preparation. A professional engineer registered in the state of Florida shall design all required improvements such as streets, drainage systems, water and sewage facilities, etc. All plans, drawings, reports, and calculations shall be prepared, signed, and sealed by the appropriate licensed professional, such as engineers, architects, landscape architects, professional surveyors and mappers, or attorneys, registered in the state of Florida. Other specialized consultants, such as environmental consultants, structural engineers, archaeologists, etc., may be required to assist in the preparation of the plans, drawings, reports, or other documents required for application submittals.

D. Review Process. The application review and approval process follows the administrative review procedure as established in Sections 3.1.4 through 3.1.8 of this Article.

E. Criteria. The Development Services Manager may approve, approve with conditions, or deny the application, after consideration and review of the following:

1. The development, as proposed, conforms to the comprehensive plan and is consistent with the recommendations of any applicable PUD Master Concept Plan, Preliminary Subdivision Plan, or master plans which have been approved or accepted by the City Council;

2. The proposed development plans, landscape plans, engineering plans, lighting plans, and other required plans conform or will conform with all applicable City codes, the Engineering Design Standards, and design standards as set forth in this code;

3. The development will efficiently use or not unduly burden drainage, water, sewer, solid waste disposal, education, recreation, or other necessary public facilities which have been constructed or planned and budgeted for construction in the area;

4. The development provides sufficient on-site storm water management improvements to meet state water quality and flood protection standards;

5. The development will efficiently use or not unduly burden or affect public transportation facilities, including mass transit, public streets, roads, and highways which have been planned and budgeted for construction in the area, and if the development is or will be accessible by private or public roads, streets, or highways; and

6. The development provides necessary and adequate vehicular circulation, pedestrian access, ingress and egress, and is configured in a manner to minimize hazards and impacts on adjacent properties and adjacent rights-of-way.

- 7. Projects subject to SDP review comprised of 2 or more parcels with unique strap numbers must be combined into a single parcel with one strap number prior to issuance of the Site Development Permit.
- 8. Projects subject to SDP review required to provide easements shall provide executed copies of staff approved easements to the City prior to issuance of the Site Development Permit. The City may require such easements be accepted by City Council and recorded in the public records prior to issuance of the Site Development Permit.
- 9. Projects that involve a vacation of plat or release of easement may have review or approval withheld until such vacation or release of easement has been approved or recorded, as determined by the Director.
- 10. The City may attach any reasonable conditions, safeguards, limitations, or requirements to the approval of a plan which are found necessary and consistent with the review to effectuate the purpose of this section and to carry out the purpose of this Code and the Comprehensive Plan.
- F. Plats. If the development is a subdivision, a plat meeting the requirements of F.S. Ch. 177, Part 1 and the City of Cape Coral Technical Requirements for Plat Approval, which are hereby incorporated by reference, must be submitted prior to approval of Subdivision Construction Plans. The preliminary plat submittal is not required until after the first round of SCP sufficiency comments, though it may be submitted earlier. Refer to Article 10 Subdivisions.
- G. Plan Approval. Upon successfully addressing departmental comments, the Development Services Manger shall approve the application provided all departmental reviewers have accepted the plans or accepted the plans with conditions. Upon receiving plan approval and meeting any applicable conditions, the issuance of a permit shall be authorization for the applicant to begin those construction activities specifically covered by the plan approval. Construction activities shall not occur before all applicable state and federal permits have also been obtained.
- H. Effect of Plan Approval. Site Development Plans and Subdivision Construction Plans are valid for two years from the date of approval. If a development permit to construct the improvements has not been obtained prior to the expiration date, the approval expires and becomes null and void. An applicant may apply for a one-year extension for good cause. Such an extension may be granted for any plan approved after the effective date of this ordinance and two years prior to adoption. The extension request must be filed prior to the expiration date of plan approval. If the project is within a PDP, a PUD, or a phased development, the expiration of plan approvals may differ, as established in the original approval. See Phased Projects Section 3.3.7.T for addition information regarding expiration of permits and plan approvals in phased projects.
- Engineer's Opinions of Probable Construction Costs. The City shall review and approve all cost opinions prior to acceptance of same.
 - 1. Inspection fees applied to development permits are based on a percentage of the estimated construction cost, of Developer installed improvement, to be turned over to the City for ownership

1100

1101

1145

and maintenance.

1102 1103 1104		2.	Opinions of Probable Construction Costs shall be prepared, signed, and sealed by the professional engineer of record.
1105 1106 1107		3.	Cost opinions shall be a unit quantity itemized estimate of the required improvements including: mobilization, material and other testing, survey stake out, and a 10% contingency. Lump sums are only to be used for items typically not contracted as unit price items.
1108 1109 1110 1111 1112		4.	Subdivisions. Cost opinions for subdivision improvements are to be provided as required in Article 10 of this code. The cost of improvements required to support a subdivision that will be turned over to the City for ownership and maintenance will be utilized in determining inspection fees for the subdivision infrastructure permit. Cost opinions for assuring the completion of subdivision
1113 1114 1115 1116			improvements shall include, in addition to the items listed above, the cost of providing electrical service for lift stations, pump stations, or other components that may require electric service to function and setting PCP's. upon completion of construction.
1117 1118 1119 1120	J.	de	nendments. Plan amendments include changes to projects which impact multiple aspects of the velopment, may affect multiple plans, and will require multiple departmental reviews to evaluate e proposed amendment to the plan(s).
1121 1122 1123			The amendment process may not be used to substantively modify the scheme of development as originally approved under an approved SDP or SCP.
1124 1125 1126 1127			Proposed amendments that impact a PDP or PUD approval criteria or conditions must receive approval of an amendment to the PDP or PUD prior to receiving SDP or SCP approval. Amendments may apply to projects that are currently under review, projects under construction
1128 1129 1130		4.	or phased projects that have yet to be completed. The applicant shall submit a letter of intent, the applicable fee, the amended plan(s) and any other
1131 1132 1133		5.	documentation required to review the proposed amendment. The Development Services Manger shall determine if the proposed changes to the plan can be
1134 1135 1136		J.	processed as an amendment, qualify for a lesser review process or requires a greater review process.
1137 1138 1139 1140 1141 1142 1143	K.	squ alto in v Cit	visions. Revisions to an approved plan while under construction which do not increase the gross ware footage of a building or adversely impact compliance with the approved plan, and would not er the required infrastructure and improvements necessary to serve the project, may be approved writing by the Development Services Manager provided such revisions fully conform to all existing y regulations. The Development Services Manager will determine if the revision requires an proved plan revision or if the revision can be shown on the Record Drawings.
1143	L.	Lin	nited Review. A Limited SDP Review for a new improvement or alteration of existing improvements

to an approved project may be requested. Limited Reviews are for proposed improvements which do

not substantially affect projects minimum technical requirements of this Code or do not require a review by three or more of the following review disciplines: zoning, planning transportation, drainage, fire, utilities and landscaping. Changes that exceed the criteria for the scope of a Limited SDP review as specified in this subsection or, as determined by the Development Services Manager, may be processed as an amendment or a full SDP review in accordance with this section. Applications reviewed under this process will be reviewed for compliance with the following general criteria:

1. The development must have no significant adverse effect upon surrounding land uses;

2. The development must have no significant adverse effect upon public facilities in the area;

3. The development must not adversely affect the environmental quality of the area; and

4. The development proposal must be consistent with the City Comprehensive Plan.

 M. Site Improvement Permit. A permit review of minor changes to an existing development which does not require a separate Site Development Plan review. This permit may be utilized when the existing project is in full compliance with an approved plan or the site proposed for a minor change meets the following criteria: Any changes to an approved Site Plan project or SDP will not increase density, parking requirements, water or sewer usage, or enlarge a structure for human occupancy or assembly by more than 5% of the existing approved plan. For sites lawfully developed without Site Plan review, the 5% exception may be applied if the applicant submits all of the information required under SDP review. Determination of the 5% shall be cumulative based on the originally approved development.

1. All infrastructure exists on the site to service the site;

Engineering is not required for the proposed change;

3. Parking meets all parking code requirements;

4. The improvement does not significantly alter the traffic circulation system or significantly change the use of property;

5. The existing project is in compliance with an approved landscape plan or the code in effect at the time of the original construction; and

6. The existing project meets all storm water management requirements.

Section 3.3.8 Site Development Permits.

A. The Development Services Manager shall be authorized to approve, approve with conditions, or deny a site development permit for the following improvements and installations:

Site Development;

Subdivision Infrastructure;

1193		3. Site Improvements;	ite	
1194				
1195		I. Landscaping;	and	
1196				
1197		5. Full Demolition;	ull I	
1198				
1199		6. Parking lot seal coating or re-striping of existing parking lots;	ark	
1200				
1201		7. Underground Fire Lines;	Jndo	
1202				
1203		3. Utility Service Relocations;	Jtilit	
1204				
1205		Land Clearing and Fill;	.and	
1206				
1207		.0. Relocation of Residential Storm Drains;	telo	
1208				
1209		.1. Backflow Prevention; and	Back

		authorizing such construction or alteration.	uti	
1224		I If the prepared construction or alteration fails to conform the shall refuse to issue the normit and	£+b.	. n d
1225		3. If the proposed construction or alteration fails to conform, he shall refuse to issue the permit and		mu
1226		shall deliver written notice to the applicant stating the reason for the refusal.	naii	
1227	_			
1228	υ.	Effect of Approval, Expiration, and Extensions. A site development permit shall expire six months from		
1229		he date of issuance unless the permitted improvements are under construction and have passed a		
1230		equired inspection within the 90 days prior to the expiration of the permit. Erosion control		
1231		nspections will not extend the expiration date. A permit may be extended for an additional 90 days.		•
1232		failure to either pass a required inspection or request a permit extension within the 90-day period		
1233		provided will result in expiration of the permit. Thereafter, a new permit will be required to		to
1234		continue construction.	nue	
1235				
1236	E.	Commencement of Construction. After approval of the plans, the applicant may construct the required		
1237		mprovements, subject to obtaining all required permits. The Development Services Manager shall be	ove	be

notified in advance of the date of commencement of such construction and the applicant shall schedule a preconstruction meeting where representatives of the developer, the City, contractors, and franchise utilities shall discuss the construction of the planned improvements. No work shall take place prior to the preconstruction meeting.

F. Inspections and Certification of Compliance. The developer shall retain the engineer of record or another professional engineer registered in the state of Florida and other professionals, if needed, to inspect the construction progress and certify the construction of all required improvements such as streets, parking areas, drainage structures, drainage systems, water and sewer facilities, landscaping and buffers, and all other improvements, for substantial compliance with the approved plans.

G. Right to enter. The Development Services Manager or duly authorized representative shall have the right to enter upon the property for the purpose of inspecting the quality of materials and workmanship and reviewing the construction of required improvements during the progress of such construction.

H. Periodic inspection required; correction of deficiencies. The Development Services Manager or his designated engineering and utility inspectors shall periodically inspect all phases of construction of streets, drainage improvements and utility installations including those improvements which are not to be dedicated to the public but are subject to this chapter. The Development Services Manager will immediately call to the attention of the developer, or the developer's engineer, any nonconforming work or deficiencies in the work. Correction of deficiencies in the work is the responsibility of the developer. It is the responsibility of the developer's contractor to schedule the appropriate inspections as identified on the permit.

I. Stop work orders. The Development Services Manager shall have authority to stop work if improvements not authorized in the approved plan are being installed or upon failure of the applicant or his engineer to coordinate the construction of the required improvements so as to minimize activities which may have adverse impacts on surrounding property.

1. Authority. Whenever the Development Services Manger finds any work regulated by this code being performed in a manner either contrary to the provisions of this code or dangerous or unsafe, the Development Services Manager is authorized to issue a stop work order. In addition, the Development Services Manager is authorized to issue a stop work order for the failure to contain or remove construction refuse as required in the Code of Ordinances, Chapter 9, Health and Sanitation.

2. Issuance. The stop work order shall be in writing and shall be given to the owner of the property involved, to the owner's agent, or to the person doing the work. Upon issuance of a stop work order, all work on the construction site shall immediately cease. The stop work order shall state the reason for the order, and the conditions under which the cited work will be permitted to resume.

3. Unlawful continuance. Any person who shall continue any work after having been served with a stop work order, except such work as that person is directed to perform to remove a violation or unsafe condition, shall be subject to penalties as prescribed by law.

J. Final inspections by Engineer of Record. Upon completion of all improvements required under the

approved plans or phase thereof, an inspection must be performed by the developer's engineer and the landscape architect. Upon finding the development to be completed and in substantial compliance with the approved plans, the engineer and landscape architect must each submit a letter of substantial compliance along with record drawings to the City. No final inspection will be performed by the City until the letter(s) of substantial compliance and record drawings have been accepted. The letter(s) of substantial compliance may include a description of minor changes as shown on the record drawings. Only minor changes which do not substantially affect the technical requirements of the approved plans and this code are to be indicated on the Record Drawings.

Letters of substantial compliance shall be digitally signed and sealed in PDF format. Substantial
compliance requires that the development, as determined by an on-site inspection by a
professional engineer, is completed to all the specifications of the approved plans and that any
deviation between the approved plans and actual as-built construction is so inconsequential that,
on the basis of accepted engineering practices, it is not significant enough to be shown on the
Record Drawings.

2. The respective professionals shall prepare and submit to the City digitally signed and sealed Record Drawings, in PDF format, of the completed project improvements. Record drawings shall be provided for the complete civil engineering and landscape features of the project.

3. Record drawings shall be the complete set of approved plans which show strikethrough and markup of the as-built information obtained from direct field observation, survey, or contractor "as-built" drawings. Topographic surveys will not be accepted.

K. Final Inspections by the City. Upon acceptance of the letter of substantial compliance and record drawings, the Development Services Manager will perform final inspections.

1. If the final inspections reveal that the development or phase is in substantial compliance with the approved plans, a certificate of completion will be issued. A certificate of completion is required prior to the issuance of a certificate of occupancy from the building division for any buildings associated with the project.

 2. If the final inspections reveal that the development or phase thereof is not in substantial compliance with the approved plans, a list of all deviations will be forwarded to the engineer. All deviations must be corrected prior to reinspection. A new letter of substantial compliance may be required prior to reinspection. Reinspection fees will be charged for each reinspection in accordance with the adopted fee schedule and must be paid prior to receiving a Certificate of Completion.

3. Projects involving permits or approvals issues by County, State or Federal agencies shall provide evidence that the respective agencies have approved, accepted or certified that the improvements or work subject to their review have been satisfactorily completed and are ready for use or to be placed into service. The City may withhold final Certifications of Completion or Occupancy pending receipt of such verification.

L. Turnover of developer installed improvements. Projects that include construction of improvements that will

1330	be turned over to the City for ownership and maintenance must also provide a complete package of					
1331	turnover documents, acceptable to the City, as required by the Director.					
1332						
1333	1. Improvements shall be conveyed to the City by bill of sale in a form satisfactory to the City Attorney,					
1334	together with such other evidence as may be required by the City that the improvements proposed					
1335	to be transferred to the City are free of all liens and encumbrances.					

2. Turnover documents must be provided to the Development Services Manager with the submittal of the Certification of Substantial Completion and Record Drawings.

3. Improvements constructed pursuant to this Section may not be placed into service or otherwise utilized until the required certificate of compliance has been issued.

M. Ongoing compliance. A development project must remain in compliance with the approved SDP or SCP, including all conditions, after a letter of substantial compliance, certificate of compliance, or certificate of occupancy has been issued by the City. This requirement applies to any property covered by the SDP or SCP, whether or not it continues to be owned by the original developer. For purposes of determining compliance, the SDP or SCP as approved and constructed, or subsequently amended in accordance with this section, will control. The standards applicable to review for compliance purposes will be based upon the regulations in effect at the time the plan approval, any applicable amendment, or revision was constructed.

N. Violation of an approved SDP or SCP.

1. Where construction is commenced for improvements not authorized by a SDP or SCP, the applicant will be issued a stop work order until an application to amend or correct the respective plan approval has been submitted and approved.

2. An application to amend or correct a SDP or SCP after construction has commenced in violation of the original approval will be charged an application fee equal to four times the original application base fee.

3. Submittal of the application and payment of the application fee does not protect the applicant from the remedies described in Article 1, Section 1-6 of this Code. Any of these forms of relief can be sought or maintained by the City until the problem is abated.

4. Failure to maintain a development in compliance with a SDP or SCP issued and approved by a certificate of completion constitutes a violation of this Code.

O. Phased Projects. Development projects may be split into phases to accommodate the development plans and schedules of the developer.

1. Site Development Plans. The phasing plan shall show all required facilities, infrastructure, and buildings, if applicable, on the entire parcel that is covered by the SDP approval.

1375 a. If more than one building is covered by the SDP and the developer does not intend to receive certificates of occupancy (CO) for all of the buildings at one time, a separate Site 1376 Development Permit will be required for each build or builds to receive a CO apart from 1377 1378 the other buildings. 1379 1380 b. A certificate of compliance for streets, utilities, parking areas, and drainage serving each 1381 building(s) will be required from the engineer of record prior to the City performing final 1382 inspection and closing permit and prior to receiving a certificate of occupancy from the 1383 **Building Division.** 1384 1385 c. If a final inspection is requested for only a portion of a development, that portion must be an approved phase of the development in accordance with the approved SDP. 1386 1387 Subdivision Construction Plans. Phasing of the SCP shall be in accordance with the PSP 2. 1388 1389 approval as established in Article 10. 1390 **Section 3.3.9 Temporary Use Permits.** 1391 1392 A. Purpose and Intent. To authorize the temporary uses and activities which do not exceed specific 1393 1394 time frames: 1395 1396 B. General Standards. 1397 1. Only those uses that are listed below or otherwise approved as temporary uses in Article 5, may 1398 be allowed as temporary uses. 1399 1400 2. Each temporary use shall be evaluated by the Community Development Department for 1401 compliance with the standards and conditions set forth in the LDC and the applicable zoning 1402 1403 district. Special event uses are evaluated by the Parks and Recreation Department. 1404 3. A temporary use permit shall take effect at the time of permit issuance and is in effect only for 1405 1406 the specific time-period established in the temporary use approval. 1407 1408 C. Review Criteria. When considering an application for a temporary use, the Community Development Director or Parks and Recreation Director, as appropriate, shall consider whether and the extent to 1409 1410 which: 1411 1412 1. The temporary use is consistent with the purposes, goals, objectives, and policies of the 1413 Comprehensive Plan; 1414 1415 2. The temporary use complies with all relevant and appropriate portions of Article 5, Development 1416 Standards;

The temporary use is not incompatible with the character of the immediate surrounding area;

1417 1418

1419

3.

The design, duration, and hours of operation of the temporary use minimizes adverse impacts on

1420

1464

4.

1421 nearby properties, including visual and noise impacts; 1422 1423 5. Whether the use complies with all relevant standards related to health, sanitation, and 1424 transportation; 1425 1426 6. The temporary use complies with all other applicable provisions of this Code; 1427 7. 1428 Any permanent structures used in conjunction with a temporary use must comply with the 1429 requirement for adequate public facilities referenced in the comprehensive plan; and 1430 8. Whether any public safety detail will be necessary. 1431 1432 1433 D. Allowable temporary uses: The following temporary use shall require a permit: 1434 1435 1. Temporary storage. 1436 1437 2. Seasonal sales. 1438 1439 3. Construction trailers. 1440 1441 4. Construction staging areas and post disaster debris staging. 1442 5. Temporary sales offices. 1443 1444 6. Temporary habitable structures. 1445 1446 1447 7. Special Events. 1448 1449 Section 3.3.10. Temporary storage. 1450 1451 A. Temporary storage containers are prohibited in any zoning district of the city, except as follows: 1452 1. Residential zoning districts. No more than one temporary storage container per dwelling unit is 1453 permitted in residential zoning districts. 1454 1455 2. Non-residential zoning districts. No more than two temporary storage containers are permitted 1456 in non-residential zoning districts. In the case of multi-tenant non-residential properties, each 1457 business or tenant may have a temporary storage container. 1458 1459 1460 3. This section is not intended to restrict the storage or location of temporary storage 1461 containers on the premises of a business which is lawfully engaged in the sale, rental, or 1462 distribution of such containers so long as the containers are on the property of such business 1463 as "merchandise" and not for temporary storage of items or goods.

4. The provisions of this section shall not apply to prohibit or restrict the location of temporary storage containers on any property for which a valid City of Cape Coral building permit has been issued and is in effect provided that the construction on the property has not been abandoned or allowed to lie idle in violation of Chapter 9 of the City of Cape Coral Code of Ordinances.

B. General Requirements:

1. No temporary storage container may be placed in one or more parking spaces if the required number of parking spaces is reduced below the minimum number of spaces required for the site.

2. No temporary storage container shall block or reduce access to fire lane(s), handicapped parking area(s), or drainage facilities or structures, including swales and catch basins.

3. Temporary storage containers shall not be placed in an easement or in any area designated as a buffer.

4. The maximum size of temporary storage containers shall not exceed ten feet in width, ten feet in height, or 40 feet in length.

 5. Non-residential zoning districts. Temporary storage container permits are valid for 30 days. A maximum of two temporary storage container permits may be issued for a property or, in the case of multi-use or multi-unit properties, for each business or commercial enterprise located on the property in any calendar year. Temporary container permits may run consecutively without any minimum period required to elapse between the issuance of permits.

6. Residential zoning districts. Temporary storage container permits are valid for seven days. A maximum of two temporary storage container permits may be issued in any calendar year. Temporary container permits may run consecutively without any minimum period required to elapse between the issuance of permits. No dwelling unit shall utilize a temporary storage container for more than 14 days in any 12-month period.

Section 3.3.11 Seasonal sales.

A. Except as provided herein, temporary outdoor seasonal sales of merchandise are prohibited. Seasonal sales of pumpkins, Christmas trees, or fireworks are permitted when conducted or sponsored by governmental agencies, nonprofits, charitable or religious organizations, sports, educational groups, social groups such as garden clubs, and fraternities or sororities. Seasonal sales of Girl Scout cookies and similar sales are permitted.

B. Permitted seasonal fundraising events involving outdoor sales of merchandise shall meet the appropriate requirements of the Building Code, Electrical Code, Fire (Life Safety) Code, and Plumbing Code, particularly regarding temporary sanitary facilities; and are prohibited unless they received all required permits in compliance with this subsection. Sales of pumpkins, Christmas

1511 trees, or fireworks shall be permitted in all zoning districts except R1, RML, RE, MX7, and PV, . With the prior approval of the City, such sales may be permitted in accordance with the following 1512 1513 limitations and requirements: 1514 1. Pumpkins may be sold from October 1 through November 5; 1515 1516 1517 2. Christmas trees may be sold from November 15 through January 1; 1518 1519 3. Fireworks may be sold from December 15 through January 1 and from June 1 through July 1520 10; 1521 4. The hours of operation of all such seasonal sales shall be limited to 8:00 a.m. through 10:00 1522 1523 p.m.; and 1524 1525 5. Seasonal sales shall comply with all location and permitting requirements specified in § 3.2.1. 1526 C. In the RMM zoning districts, the City may withhold approval of the seasonal sale if he or she 1527 1528 determines that such sale would result in adverse impacts on the surrounding neighborhood. 1529 Alternatively, the City may place condition(s) on the approval of a seasonal sale in an RMM zoning 1530 district, if such condition(s) are necessary in order to protect the surrounding neighborhood from adverse impacts which would otherwise result from the seasonal sale. 1531 1532 1533 Section 3.3.12 Construction trailers. 1534 A. Construction trailers in residential zoning districts are subject to the following requirements. 1535 1536 1537 1. Construction trailers shall not be connected to potable water and sewer facilities. If the construction trailer is wired for electricity, the wiring must conform to all applicable city 1538 1539 electric codes. 1540 2. The construction trailer must be removed from the site prior to issuance of a certificate of 1541 occupancy. 1542 1543 3. No overnight residential use shall be permitted in a construction trailer. 1544 1545 1546 4. Construction trailers must comply with the setback requirements of the zoning district or the 1547 site. 1548 1549 5. Construction trailers shall not be larger than 200 square feet. 1550 1551 B. Construction trailers in non-residential zoning districts are subject to the following 1552 requirements. 1553 1. When a construction trailer is used as a temporary office, the trailer must be wired for 1554 1555 electricity and must be connected to potable water and sewer facilities, if available. Wiring 1556 and plumbing must conform to applicable Electric and Plumbing Codes.

1557

1600 1601

1558 1559		3.	The construction trailer must be located at the construction site or an abutting site with the property owner's written permission.
1560			
1561		4.	The construction trailer must be removed from the site prior to issuance of a certificate of
1562			occupancy.
1563			
1564		5.	No overnight residential use shall be permitted in a construction trailer.
1565			
1566		6.	Construction trailers must comply with the setback requirements of the zoning district or the
1567			site.
1568			
1569	Se	ction	3.3.13 Construction staging areas and post disaster debris staging.
1570			
1571	A.	Cor	ntractor staging for essential public facilities. Contractor staging areas for materials used in
1572		cor	nstruction of essential public facilities are permitted in all zoning districts, subject to the following
1573		req	uirements:
1574			
1575		1.	The temporary staging area shall serve a project being carried out in the vicinity of the
1576			construction staging area;
1577			
1578		2.	No land clearing, removal of vegetation, or fill shall occur to accommodate the staging area;
1579			
1580		3.	All activities at the staging area shall occur between 7:00 a.m. to 7:00 p.m. Monday through
1581			Saturday only.
1582			
1583		4.	Fencing required
1584			
1585		5.	No structures other than a permitted construction trailer may be placed on the property.
1586			
1587		6.	No outdoor lighting is permitted for any staging area in a residential zoning district.
1588			
1589	В.	Cor	nstruction staging areas. Construction staging areas are a permitted activity in all zoning districts,
1590		pro	ovided the staging area is on the same parcel where construction activity is authorized by a valid
1591		bui	lding permit. Construction staging areas on vacant, adjoining, or nearby parcels is prohibited.
1592			
1593	C.	Pos	st disaster debris staging areas. Post disaster debris staging areas are allowed in all zoning
1594		dist	tricts on sites designated by the City for such activity.
1595			
1596	D.	Pos	st disaster construction staging. Staging areas for post disaster reconstruction efforts are allowed
1597		in a	all non-residential zoning districts. Post disaster construction staging is allowed in residential
1598			ning districts as a (special exception/conditional) use.
1599			

Section 3.3.14 Temporary sales offices.

- A. Temporary sales offices are mobile structures used only for the sale or lease of units within that development. For the purpose of this section, units within the development shall mean residential, non-residential, or mixed use habitable space or leasable floor area, whether occupying all of a building or individual areas within a building including residential units, residential or non-residential units, individual units in a multi-unit non-residential development, or freestanding residential or non-residential structures.
- B. Requirements for a temporary sales office. The following requirements must be met prior to the approval of a temporary sales office:
 - 1. Connection to sewer and water is required. If sanitary sewer and potable water are unavailable to the site, bottled water and portable sanitary facilities may be utilized until such time as sanitary sewer and potable water are available. A temporary sales office shall be connected to such facilities within 90 days of availability or within 90 days of the permitted temporary sales office, whichever is less.
 - 2. The temporary sales office shall meet the setbacks of the zoning district in which it is located.
 - 3. A temporary sales office shall not be used as a place of habitation or abode by any person(s), and shall not be used or occupied for business, office, or other purpose(s) at any time except between the hours of 7:00 a.m. and 9:00 p.m.
 - 4. A minimum of three paved off-street parking spaces shall be provided for the temporary sales office.
 - 5. The entrance to the site on which the temporary sales office is located shall consist of a city approved driveway or construction entrance. Any impervious area added for the temporary sales office shall be subject to review and approval by the city.
 - 6. The base of any temporary sales office shall be fully obscured by landscaping and skirting. Shrubs must be planted on 30-inch centers and have a minimum planted height of two feet. The type of irrigation, if applicable, must also be provided on the plan. Erosion shall be minimized and prevented to the extent practicable around any disturbed area.
 - 7. The maximum duration of the permit shall not exceed one year. The Director may extend permits for up to six months each, based upon factors that include:
 - a. Size of the project.

- b. Number of lots or units in the development remaining to be sold or leased.
- c. Effect that the extension would have on the surrounding properties.
- d. Developer's need for an extension and efforts, if any, the developer has put forward toward completion of the development (e.g., effort to complete construction in a timely manner, delays beyond the reasonable control of the developer, etc.).

8. A temporary sales office shall be removed no later than the date the development is completed

or within 30 days after notice by the city that the application for development has been denied,

C. Permit application and submittal requirements. A permit shall be required for a temporary sales 1654 office. In order to obtain a permit for the use of a structure for a temporary sales office, the 1655 applicant shall submit the following to the Department of Community Development: 1656 1657 1. A scaled drawing of the site, identifying the location of the temporary sales office with

> dimensions. Construction plans shall also be submitted. 2. The names of the property owner and the operator of the temporary sales officer. In the event the operator is different from the property owner, written and notarized consent from

the property owner must be submitted. Such written consent shall be revocable. In the event

- such consent is revoked, the temporary sales office shall be removed within 30 days. 3. The length of time the temporary mobile sales office is proposed for the site.
- 4. The description of potable water and sanitary facilities that will be available for the temporary office.
- D. Inspection by city officials. In order to ensure compliance with all applicable laws and regulations, the temporary sales office shall be held open for reasonable inspection, without court order, by employees or agents of the City of Cape Coral or any other duly authorized governmental agency.

Section 3.3.15 Temporary Habitable structures.

whichever is applicable.

- A. Purpose and intent. The purpose of this ordinance is to provide a means by which residents, business owners, governmental agencies, and medical facilities are able to live and conduct business on the same site as their damaged structure using temporary housing and temporary business structures. When disasters result in significant destruction rendering homes and businesses uninhabitable, temporary housing and temporary business structures will provide residents and businesses with the ability to quickly resume normal activities during the restoration of their permanent structures.
- B. Definitions. Terms used in this subsection shall have the meanings as defined in Article 11, Definitions, unless the context clearly indicates or requires a different meaning.
- C. Declaration of habitable structure emergency. Following a disaster, the city shall evaluate the effect of the disaster on the public health, safety, and welfare. If the City Council finds that the disaster has negatively affected residential housing or business structures in the city by a significant degree, the City Council may, by a majority vote, declare the existence of a habitable structure emergency. Upon the declaration of a habitable structure emergency by vote of the City Council, the provisions of this subsection shall become effective. The habitable structure emergency shall identify the disaster which created the emergency situation, and may be

declared for either a specified period of time or an indefinite period of time. If the emergency is for an indefinite period of time, the emergency shall continue until City Council, by a majority vote, terminates the habitable structure emergency.

D. Habitable structure emergencies. During a habitable structure emergency, the city will allow, in accordance with the provisions set forth herein, the use of temporary structures. Temporary residential structures and temporary business structures must be approved by the city with a temporary placement permit. Application and issuance criteria for a temporary placement permit are as set forth below.

E. Temporary business structures may be used for business owners to provide a means for a business to remain open during the time the permanent business structure is being repaired or replaced. Temporary business structures may be used to provide temporary facilities for governmental uses, critical public facilities, charitable, religious, or educational institutions that have been rendered uninhabitable. The regulations for temporary business structures shall apply to temporary business structures used for governmental uses, critical public facilities, charitable, religious, or educational institutions. For these institutions, the habitable structure regulations shall apply; however, the Building Official may waive any regulations when strict enforcement may preclude them from carrying out their normal or emergency functions. Critical facilities shall be limited to the following:

1. Federal, state, regional, or local government facilities;

2. State, county, or local emergency operations centers;

3. Police, fire, and emergency medical facilities;

1720 4. Radio and television stations;

5. Public, semi-public, and privately-owned utilities;

6. Hospitals, emergency medical care facilities, infusion centers, dialysis centers, physician's offices; and

7. Nursing homes and assisted living facilities.

F. Temporary placement permit. Following the declaration of a habitable structure emergency, a property owner may apply for a temporary placement permit (TPP) to locate onsite while the permanent structure is being repaired or rebuilt. A temporary placement permit (TPP) may be considered by the Building Official when the following criteria are met:

1. The existing permanent habitable structure has been determined to be uninhabitable as the result of a disaster by inspection of the city Building Official;

2. The property owner or occupant of a damaged structure desires to locate in a temporary residential or business structure; and

a. City permits for hook-up to electric, potable water, and wastewater utilities; and

b. A State Department of Health or State Department of Environmental Protection permit authorizing the connection of the temporary residence to an onsite or small domestic

3. A habitable structure emergency must be in effect at the time of application.

2. The following permits are required prior to application for a TPP:

1753 1754 H. Time limits. Temporary structures may be located for a period not to exceed 30 days. At the end of that 30-day period, if no application has been filed, the temporary habitable structure must 1755 be immediately removed from the site. If an application has been filed within the 30-day time 1756 1757 period, the temporary habitable structure may remain in place until the TPP is either approved 1758 or denied. Once approved, the temporary habitable structure may remain in accordance with the 1759 TPP. If denied, the temporary structure shall be removed within five days from the date of denial. 1760 1761 Terms of use of temporary habitable structures. Applicants for a temporary habitable structure shall be subject to the following: 1762 1763 1. Except as otherwise provided herein, temporary structures shall not be occupied until such 1764 time as a valid TPP has been issued and is in effect for the site. 1765 1766 2. Connection to sanitary sewer and potable water, or onsite water and wastewater facilities, 1767 1768 and an external electrical system are required within 20 days of issuance of the TPP. Inspections for such connections shall be called into the city within two days of completion 1769 1770 of each connection. Electrical and plumbing connections must be done by electricians or plumbers licensed to do business in the City of Cape Coral. 1771 1772 If there is no electricity to the site due to a power outage, a generator may be used. Upon 1773 restoration of electricity to the property, connection to the local power grid must be made 1774 1775 within 24 hours of power restoration. 1776 3. An application for a building permit is required within three months from the date of 1777 1778 issuance of the TPP for temporary residential structures or within six months for temporary 1779 business structures. Failure to apply for a building permit within the required time shall deem 1780 the TPP revoked pursuant. 1781 1782 4. If a building permit application has not been submitted within the required time-frames, an applicant may petition City Council for relief from the time restrictions of this subsection. 1783 1784 City Council shall determine whether the failure to apply for a building permit is due to good 1785 cause shown by the applicant. If City Council denies the request for relief, the temporary

5. Temporary habitable structures with a TPP may be used until the earlier of: 1) completion of

the rehabilitation or reconstruction of the damaged structure; or 2) until such time as the

owner or occupants of the damaged structure are established in a permanent structure at

structure shall be removed from the site within ten days from the date of denial, or at the end of the initial three-month period for temporary residential structures, or at the end of the initial six-month period for temporary business structures, whichever is later.

- another location.
- J. Temporary structures. Temporary habitable structures must comply with the following:

6. Occupants must comply with all mandatory hurricane evacuation requirements.

- Temporary residential structures may consist of a recreational vehicle or a travel trailer.
 Temporary business structures may consist of recreational vehicles, travel trailers, or mobile
 offices. At the discretion of the Building Official, additional types of temporary business
 structures may be allowed, consistent with applicable federal, state, and local regulations and
 the provisions of this ordinance.
- 2. Must meet all applicable National Fire Protection Association and Life Safety codes and regulations as well as all applicable state and local requirements for tie-downs.
- 3. Shall contain plumbing (both water and wastewater) and electrical connections and shall be capable of being hooked up or attached to external plumbing and electrical systems. Temporary residential structures shall contain a kitchen capable of being hooked up or attached to external plumbing and electrical systems. Requirements for temporary business structures shall be based upon the proposed use.
- 4. Shall meet the Florida Accessibility Code for building construction amenities.
- K. Placement of temporary habitable structures. The following site considerations are required for placement of a temporary habitable structure:
 - 1. Temporary residential structures may be anywhere on the site of the existing permanent residence; however, no a temporary residence is allowed within road rights-of-way or drainage or utility easements. The city may waive any development regulations regarding lot areas, dimensions, setbacks, lot coverage, height, and open space to accommodate temporary residential structures.
 - 2. Where more than one existing permanent residence has been rendered uninhabitable, the Building Official may allow up to the number of damaged permanent residences or residential units on the site. Such determination shall be based upon consideration of life, health, and safety requirements.
 - 3. For temporary business structures:

1832 a. Temporary business structures may be anywhere on the parcel of the existing business; however, temporary business structures are not allowed within road rights-of-way or 1833 1834 drainage or utility easements. The city may waive any development regulations regarding 1835 lot areas, dimensions, setbacks, lot coverage, height, and open space to accommodate temporary business structures. 1836 1837 1838 b. Temporary business structures may be on property adjacent to the permanent business 1839 structure if a notarized, written consent from the property owner is submitted at the 1840 time of application for a TPP. 1841 1842 c. The establishment of an emergency response team center on a parcel containing a business does not necessarily preclude the placement of one or more temporary business 1843 structures on the same parcel. 1844 1845 1846 d. Parking for a temporary business structure shall be provided based upon the square footage of the temporary business structure, including handicapped parking. However, a minimum 1847 of two handicapped parking spaces must be provided. 1848 1849 e. The entrance to the site shall have a city approved driveway or construction entrance. 1850 Any impervious area added for the temporary business structure shall be subject to 1851 review and approval by the city. 1852 1853 f. Additional conditions or restrictions may be placed on a temporary business structure as 1854 a condition of issuance in areas including, but not limited to, the following: 1855 i. Hours of operation; 1856 ii. Traffic control and access; 1857 iii. Lighting; and 1858 iv. Noise control. 1859 1860 L. Issuance and revocation. The Building Official may revoke a TPP upon finding that any of the 1861 1862 following has occurred: 1863 1. Failure to connect to water, sewer, and electrical within 20 days of the receipt of the TPP. 1864 1865 2. If an application for a building permit has not been submitted within required time from the 1866 date of receipt of the TPP, or relocation has not occurred before the time of expiration of the 1867 TPP, or, if a building permit later expires. 1868 1869 1870 3. If, upon inspection by the Building Official, a temporary residence is not in compliance with 1871 the requirements of this subsection. 1872 1873 4. Failure to evacuate temporary residence during mandatory evacuation orders. 1874 5. Upon revocation of a TPP, the temporary residence must be vacated and the temporary 1875 1876 residence removed within five days of revocation. Failure to vacate or remove the temporary 1877 residence constitutes a violation subject to the penalty imposed herein.

1. Residential TPPs shall be valid for six months from the date of issuance. The Building Official may, for good cause shown, issue up to two extensions for six months each, for an 18-month maximum period of validity from the date of issuance.

- 2. Non-residential TPPs shall be valid for nine months from the date of issuance. The Building Official may, for good cause shown, issue up to two extensions for six months each, for a 21month maximum period of validity from the date of issuance.
- 3. All applications for extensions of time must be submitted prior to the date of expiration of the current TPP.
- 4. Any further extensions after the second extension and maximum time period may not be issued by the Building Official: however, applicants may submit a request to City Council for their approval of any further extension of time for the TPP.
- 5. Factors to be considered by the Building Official or the City Council in determining whether to grant an extension of time of the TPP shall include:
 - a. The ability of the property owner or occupant of the temporary residential or business structure to secure permanent quarters; and
 - b. Any hardship that, in the opinion of the Building Official or City Council, as applicable, would warrant a further extension of the TPP.
- 6. Upon the, expiration of a TPP, a temporary residence or business structure must be removed or placed in proper storage on the property within 30 days. Failure to remove or properly store the temporary residence or business structure constitutes a violation subject to the penalty imposed herein.
- 7. Termination of temporary habitable structure. Once an uninhabitable structure has been issued a certificate of occupancy or certificate of use for a new or rehabilitated residence, business, or institutional facility, the TPP shall be deemed to be terminated. A temporary residential or business structure must then be removed or placed in proper storage on the property within 30 days. Failure to remove or properly store the temporary residence or business structure constitutes a violation subject to the penalty imposed herein.
- 8. Penalty. Any violation of the provisions of this subsection shall be subject to a \$500 fine. Each day of violation shall constitute a separate offense and shall be punishable as such.

Section 3.3.16 Special Events.

A. Special events in the city are administered and permitted by the Parks and Recreation Department.

- B. Application and general requirements. Special events permits may be issued provided the following requirements are met:
 - 1. A completed, signed, and notarized application shall be submitted no less than 60 days prior to the opening of the event. The application shall include the name and address of each applicant sponsoring the special event, the dates, times, and specific details of the event, and a list of all special events that the applicant has sponsored in the City for the past three years. Exceptions to the 60-day requirement may be approved by the Director of Parks and Recreation based on the size, duration, or nature of the event. The city reserves the right to verify the applicant's previous history of sponsoring special events with other jurisdictions.
 - 2. A refundable clean-up deposit is submitted. The property shall be cleaned within 48 hours of the close of the event and returned to substantially the same condition that existed just prior to the start of the event or better. The clean-up deposit will be refunded upon satisfactory inspection of the property by the city after the event closes. If the property is not returned to substantially the same condition that existed just prior to the start of the event, or better, the city, in its sole discretion, may utilize the clean-up deposit to do so and refund the remainder, if any, to the applicant.
 - 3. A site plan of the event venue and surrounding property shall be submitted. The site plan shall show the layout of all activities, such as stages, equipment, including location(s) where sound amplification equipment, if any, will be allowed, amusement rides, animal displays, etc., and all support facilities including egress and ingress locations, parking, refuse collection, sanitation, and lighting. The site plan shall also identify the presence of any environmentally sensitive issues including eagles, burrowing owls, tortoises, osprey, etc.
 - 4. If the applicant does not own the property for the special event or associated parking, a signed and notarized letter of permission from the property owner is required, along with a release and indemnification agreement in a form accepted by the City Attorney. If the applicant intends to transport patrons to the special event from a specified parking area, complete details including all traffic routes to be utilized shall be submitted to the city for approval.
 - 5. Insurance requirements.

- a. Certificates of insurance for all properties used for the event must be submitted to the Parks and Recreation Department for approval by the City Risk Manager no less than 21 days prior to the event.
- b. Applicants and vendors shall have commercial and general liability insurance, including coverage for independent contractors, premises and operations, contractual liability, products and completed operations, personal injury, and property damage. Insurance coverage shall be no less than \$1,000,000 combined single limit for bodily injury and property damage and no less than \$1,000,000 for liquor liability, if applicable.
- c. Vendors shall also have motor vehicle liability insurance of no less than \$1,000,000 per vehicle and worker's compensation coverage as required by statute.

d. The City of Cape Coral shall be named as additional insured. Certificates of insurance shall show the City of Cape Coral as the certificate holder.

6. All applicable city ordinances and building, fire, and electrical codes shall be complied with.

7. Most events shall require off-duty City of Cape Coral police officers to be hired for the duration of any event to include one hour before opening and one hour after closing. The Police Chief shall determine the exact number of officers required, if any, based upon the size and nature of the event and past experience with similar events. The cost for the off-duty detail shall be set using the present rate charged by the Police Department which shall be paid by the applicant prior to the issuance of the permit. All applicants must comply with any rules or regulations imposed by the Police Chief which are consistent with this section.

8. Most events shall require off-duty City of Cape Coral firefighters or paramedics, to be hired for the duration of any event to include one hour before opening and one hour after closing. The Fire Chief shall determine the exact number of firefighters or paramedics required, if any, based upon the size and nature of the event and past experience with similar events. The cost for the off-duty detail shall be set using the present rate charged by the Fire Department which shall be paid by the applicant prior to the issuance of the permit. All applicants must comply with any rules or regulations imposed by the Fire Chief which are consistent with this section. In the event the Fire Chief determines that special equipment such as all-terrain vehicles, trailers, fireboats, fire and rescue assets, and appropriate personnel for the special equipment are necessary, the city reserves the right to request reimbursement for all or part of the discretionary cost from the applicant.

9. No open flame or other device emitting flames or fire shall be used in any tent or air supported structure while open to the public.

10. All equipment including tents, stages, amusement rides, utility areas, ingress and egress points, and cooking areas shall be inspected and approved by city fire inspectors or state officials, if applicable, prior to the opening of the event. If applicable, inspection certificates and annual permits as required by the State of Florida, shall be submitted to the city prior to the opening of the event. All equipment or amusement rides, other than those which are patron-operated or controlled, shall only be operated by persons over 18 years of age who are employed by the applicant and who are thoroughly familiar with the operation of said equipment or amusement rides. The operator of such equipment or amusement rides shall be in the immediate vicinity of the operating controls at all times during the operation of the equipment or amusement rides and no unauthorized person shall be permitted to handle the controls during operation.

11. Any person, entity, group, or organization engaging in speech, expression, or assembly, which is protected by the First Amendment of the United States Constitution or by Article I, Section 4 of the State of Florida Constitution, may do so during a Special Event, subject to the following reasonable time, place, and manner regulations.

- 12. If sound amplifying equipment is present on public or private property at the special event, the Director of Parks and Recreation shall establish one or more designated areas where such amplified sound may occur. If amplified sound is not permitted for the special event, all amplified sound shall be prohibited; however, nothing in this regulation shall serve to prohibit protected speech, expression, or assembly utilizing non-amplified, reasonable sound. For purposes of this paragraph, amplified sound caused by the police or fire departments of the city in the performance of their official duties, and public background sound, shall not be considered amplified sound so as to allow others to use sound amplifying equipment.
- 13. The Director of Parks and Recreation shall be responsible for the provisions of this section, department rules and regulations, and city ordinances. No action shall be taken to enforce this section until a warning to cease such a violation has been issued by a person authorized to enforce this section and the violator continues such violation.
- 14. No person shall be permitted into, or remain on, private property covered by any special event permit for an event open to the public without the consent of the permittee.
- 15. If a special event is open to the public only upon a payment of an entry fee or charge, no person shall be permitted into the special event without first paying the entry fee or charge.
- 16. No person shall unreasonably hamper, obstruct, impede, or interfere with any person, entity, group, or organization hosting a permitted special event.
- 17. All requirements of this section are subject to modification or waiver by the City Council based upon the size, duration, nature of the event, and the city's involvement.
- C. Review Criteria. In determining whether a permit shall be issued, the Director of Parks and Recreation shall consider certain criteria including:
 - 1. The size, duration, and nature of the event;
 - 2. Previous history of organizing one or more events within the City and whether any events created hazards or safety situations;
 - 3. Other events previously scheduled during the same time period within the city; and
 - 4. If the applicant has been adjudicated guilty of violating any provision of this section. Any adjudication may constitute grounds for denial of future special events permits by the city.
- D. Permit Decision.

 The Director of Parks and Recreation may, in his or her sole discretion, deny the applicant a permit for the special event within the City of Cape Coral.

- 20. The Director of Parks and Recreation shall have the authority to designate one or more areas during any Special Event for specific activities and to prohibit other activities within designated areas. Designated areas shall be posted when such posting is appropriate.
 - 3. Order to cease operation. If the Director of Parks and Recreation Department determines that proper provisions have not been made for the protection of the public health, safety, or welfare he or she may issue an order to cease operating said special event until such time as satisfactory corrective action has been taken.
 - E. Violations and Penalties.
 - 1. Intentional underestimation of the expected number of persons attending the event or failure to comply with any provision of this section, shall constitute a violation of this section, and shall subject the applicant to the code enforcement provisions and procedures provided in §§ 2-81 through 2-96 of the City of Cape Coral Code of Ordinances including any and all provisions that allow the city to seek relief as otherwise provided by law.
 - 2. Penalty. A violation of this section shall be punishable by a minimum fine of \$100 and a maximum fine of \$500, in addition to the taxation of any court costs, or imprisonment for a term not to exceed 60 days, or by both a fine and imprisonment.

CHAPTER 4. SPECIFIC REVIEW PROCEDURES - QUASI-JUDICIAL PERMITS AND APPROVALS

Section 3. 4.1 General Requirements

Effective Date. All quasi-judicial permits where the Hearing Examiner issues the final decision shall take effect on the date the Hearing Examiner Order for the application in question is recorded in the public record.

Section 3.4.2 Deviations

- A. Purpose and Intent. To grant relief from strict application of LDC requirements to allow minor deviations.
- B. Scope. Deviations may be granted for the following:
 - 1. Non-residential design standards in Article 5, Chapter 8.
 - 2. Landscaping deviations in Article 5, Chapter 5, which do not qualify for an administrative deviation.
 - 3. Design standards in the NC district.
- 2104 C. Review Criteria. A Deviation may be approved based on the following criteria:
- 1. The proposed deviation will not result in development that is inconsistent with the intended

2107 character of the applicable zoning district. 2108	
2. The normally required code standard(s) is determined to significantly inhibit development site. 2110	of the
 3. The deviation will not impede the ability of the project or site to adequately provide for sareas and other development features for the project. 	service
2115 4. Access for service and emergency vehicles will not be impeded. 2116	
5. The proposed deviations will result in a building and site design of equal or superior quality 2118	y.
2119 D. Effective date of approval. A deviation shall take effect upon approval by the Hearing Examine 2120	r.
Section 3.4.3 Variances.	
2122	
2123 A. General.	
2124	
2125 1. A variance may be sought from any bulk, area, or dimensional standard contained in Art	ticle 4
2126 Zoning Districts or Article 5, Development Standards of the LDC.	ticic -,
2127	
2. No nonconforming use of neighboring lands, structures, or buildings in the same district, a	
permitted use of land, structures, or buildings in other districts, shall be considered ground	nds for
the issuance of a variance.	
2131	
2132 B. Approval Criteria. In order to authorize a variance, the Hearing Examiner must find that the appl	ication
2133 meets all of following criteria:	
2134	
2135 1. That special conditions and circumstances exist which are peculiar to the land, structu	ıre. or
building involved and which are not applicable to other lands, structures, or buildings in the	
2137 zoning district;	Janie
2138 251mg district,	
2139 2. That the special conditions and circumstances do not result from the actions of the applications are conditions.	·n+.
	1111,
2140	
3. That granting the variance requested will not confer on the applicant any special privilege	
denied by these regulations to other lands, buildings, or structures in the same zoning dist	rict;
2143	
4. That literal interpretation of the provisions of the regulations would deprive the applicant of	f rights
commonly enjoyed by other properties in the same zoning district under the terms of	these
regulations and would cause or impart unnecessary and undue hardship on the applicant;	
2147	
5. That the variance granted is the minimum variance that will make possible the reasonable	use of
2149 the land, building, or structure;	-
2150	
2151 6. That granting the variance will not change the use to one that is not permitted in the	

district or different from other land in the same district; and

2153			
2154		7. That the granting of the variance will be in harmony with the general intent and purpose of t	hese
2155		regulations, and that the variance will not be injurious to the area involved or other	wise
2156		detrimental to the public welfare.	
2157			
2158	C.	Effect of Approval. An approved variance shall run with the land.	
2159			
2160	Sec	tion 3.4.4. Special Exceptions.	
2161			
2162	The	intent of this section is to permit Special Exception uses which are essential to, or would pror	note
2163	the	public health, safety, or welfare in one or more zoning districts, but which might impair the inte	grity
2164	and	character of the zoning district or in adjoining districts, such that restrictions or condition	s on
2165	loc	ition, size, extent, and character of performance may be imposed in addition to those stand	lards
2166		ady imposed in the Land Development Code.	
2167			
2168	A.	General.	
2169			
2170		1. No variances shall be granted that would reduce or eliminate minimum requirements for sp	ecial
2171		exception uses.	
2172			
2173		2. The Hearing Examiner may prescribe appropriate conditions and safeguards in conformity	with
2174		the special exception use requirements. All such conditions shall be part of the terms u	
2175		which the special exception is granted.	
2176			
2177		3. A special exception shall be deemed abandoned if:	
2178			
2179		a. The use is discontinued for more than 1 year; or	
2180			
2181		b. The special exception has not obtained a certificate of zoning compliance.	
2182			
2183		4. The proposed use shall comply with all requirements of the underlying zoning district(s)	, the
2184		Land Development Code, and all other applicable law.	
2185			
2186	B.	Standards and Criteria. The following standards shall apply to all applications for special except	otion
2187		uses.	
2188			
2189		1. Consistency with the Comprehensive Plan?	
2190			
2191		2. The site must be suitable for the type of special exception use proposed by virtue of its loca	tion,
2192		shape, topography, and the nature of surrounding development.	
2193			
2194		3. All buildings shall be setback an adequate distance from property lines and rights-of-	way.
2195		Greater building setbacks may be required when deemed necessary to protect surrour	•
2196		properties.	_
2197			

4. Potential adverse impact to surrounding property must be mitigated to the maximum extent possible.

Section 3.4.5. Vacations of Plats, Easements, and Rights-of-way.

The purpose and intent of this section is to provide procedures for City Council to vacate rights-of-way, easements, and plats pursuant to authority granted under Florida law. The City Council may adopt ordinances vacating plats in whole or in part of subdivisions within the corporate limits of the city, returning the property covered by such plats either in whole or in part into acreage for the purpose of taxation, or vacating public rights-of-way, public easements, or other property in response to applications filed from adjoining property owners.

A. General.

- 1. The city may retain an easement for utilities or drainage over any vacated right-of-way and that no use may be made of vacated right-of-way which will be inconsistent with or interfere with the retained easement. The party seeking vacation of a plat, city street, alley, canal, other right-of-way, public easement, or other property must shows or submit the following:
 - a. Petitioner has color of title to the tract or parcel of land covered by the plat or portion of the plat of which vacation is sought, unless the petitioner is the City of Cape Coral;
 - b. Letter of approval from Lee County Electric Cooperative, Inc.;
 - c. Letter of approval from affected telephone companies;
 - d. Letter of approval from affected cable companies; and
 - e. Letter of approval from any other affected utility companies (e.g., water, sewer);
- 2. Applicants requesting to vacate rights-of-way or easements shall provide a recent boundary survey or survey sketch of the property prepared by a registered surveyor showing the area to be vacated and provide a complete legal description(s). The survey or sketch shall show all pavement and all utility and drainage facilities, including water, sewer, cable lines, utility poles, swales, ditches, manholes, and catch basins. Separate drawings and legal descriptions are required for each vacation area when right-of-way and easement configurations differ.
- B. Standards and Criteria. Applications for vacations shall be reviewed in accordance with the following criteria:
 - 1. Whether the plat, easements, or rights-of-way are required by the City for any future transportation, access, water management, or public utility purposes.
 - 2. Whether any required easements are necessary to accommodate the vacation of any plat, easement, or right-of-way.

- 3. If alternate routes are required or available that do not cause adverse impacts to surrounding areas.
 - 4. If the closure of a right-of-way negatively affects areas utilized for vehicles to turn around and exit an area.
 - 5. Whether local utility providers have given consent to the vacation of the plat, easements, or rights-of-way. The local utility providers may require additional easements or relocation of existing utilities facilities to complete the vacation.
 - C. Additional Procedures and Noticing Requirements. In addition to the standard notice requirements required by this Code, the following additional notice requirements apply for vacations:
 - 1. Specific notice requirements for vacations. Public hearing notices to vacate a plat or portion thereof shall be published once a week for two consecutive weeks, the first publication being not less than two weeks prior to the date of public hearing on the petition.
 - 2. If the parcel to be vacated includes an alley, all property owners serviced by the alley and all property owners serviced by a connecting alley shall be noticed.
 - 3. Adoption and recording of resolution and ordinance. After public hearing, the City Council may approve an application for a vacation if it determines there is no reasonably foreseeable public use for the vacated area. Approval of a vacation shall be by resolution or ordinance. The City may retain easements for utilities or drainage in and upon the vacated area. Upon adoption of the resolution vacating the plat or portion thereof, the City Clerk shall furnish to the petitioner a certified copy thereof and the petitioner shall cause the same to be recorded in the public records of the county and shall return a copy, showing the recording information, to the Department of Community Development.
 - 4. Effect. The adoption and recording of a vacation shall have the effect of vacating all streets and alleys and city-owned easements shown on the portion of the plat so vacated, unless the resolution or ordinance specifically reserved unto the city such city-owned easements or such streets or alleys. If public rights-of-way are vacated, the resolution or ordinance shall specify whether or not easements are reserved therein for utilities and drainage. The resolution or ordinance shall not have the effect of vacating any public canal shown on the portion of the plat vacated, unless the resolution or ordinance specifically so provides.
 - 5. Petitioner's responsibility. The city, City Council, and all officers, employees, and agents thereof shall not assume any responsibility or liability for any matters and things to be done or completed by the petitioner pursuant to the provisions hereof. It is recognized that this procedure may affect substantial interests in real property and other proprietary rights, and the petitioner shall assume full and complete responsibility for compliance with the requirements of law and these procedures in connection with or arising out of any vacation proceedings instituted by the petitioner.

Section 3.4.6. Rezones

2290			
2291	A.	Ma	nner of Initiation. Applications for a change in zoning may be initiated in the following manner:
2292		1	The City Council was its own mation.
2293 2294		Ι.	The City Council upon its own motion;
2294		2	The Planning and Zoning Commission upon its own motions
2295		۷.	The Planning and Zoning Commission upon its own motion;
2297		3.	The property owner(s) of at least fifty-one percent of the land in the proposed rezone area;
2298		Э.	The property owner(s) of at least fifty-one percent of the fails in the proposed rezone area,
2299		1	The City Manager for a City initiated rezone; or
2300		→.	The city Manager for a city initiated rezone, or
2301		5	The Community Development Department, following approval of a similar use determination.
2302		٦.	The community Development Department, following approval of a similar use determination.
2302	В.	Rev	view Criteria. An application for a rezone shall be reviewed in accordance with the following
2304	٥.		teria:
2305		0.11	action.
2306		1.	Whether the proposed zoning district proposed is consistent with the City Comprehensive Plan;
2307			The state of the s
2308		2.	Whether the full range of uses allowed in the proposed zoning district will be compatible with
2309			existing uses in the area under consideration;
2310			
2311		3.	Whether the range of uses allowed in the proposed zoning district will be compatible with existing
2312			and potential uses in the area under consideration;
2313			
2314		4.	Whether the proposed zoning district will serve a community need or broader public purpose;
2315			
2316		5.	The characteristics of the proposed rezone area are suitable for the uses permitted in the
2317			proposed zoning district; and
2318			
2319		6.	Whether a zoning district other than the district requested will create fewer potential adverse
2320		`	impacts to existing uses in the surrounding area.
2321			
2322	C.	Eff	ective date of approval. A rezone shall take effect upon City Council adoption of the ordinance
2323		app	proving the rezone.
2324			
2325	D.	Ne	w application after denial. No application for a rezone which has been previously denied by the
2326			y Council shall be accepted for at least one year after the date of denial. An application to rezone
2327			pperty to a designation that is different than the designation which was denied by the City
2328			uncil, will be accepted and considered without consideration of time since the previous
2329		app	plication was denied.
2330			
2331	Sec	ction	3.4.7. Planned Unit Developments (PUD)
2332		_	
2333	Α.	Ge	neral.

- 2335 1. A Planned Unit Development (PUD) is an area designed for development as a cohesive unit, 2336 where uses and innovations in design and layout of the development provide public benefits 2337 when compared to standard zoning or uniform lot and block subdivision patterns and design 2338 features. 2339 2340 2. In a PUD, the various land use elements are designed so that they interrelate with each other. 2341 The boundary between a PUD and adjacent land area(s) requires particular attention to ensure 2342 transition and that land use patterns are compatible. 2343 2344 B. Purpose and Intent. The purpose and intent of a PUD are to: 2345 1. Innovation in Design. To encourage innovations in residential, commercial, mixed-use, and 2346 2347 industrial development so that the needs of the population may be met by greater variety in type, design and layout of buildings and land uses and by the conservation and more efficient 2348 2349 use of the space. 2350 2. Appropriate Land Use. To promote the most appropriate use(s) of the land. 2351 2352 3. High Quality Development. To improve the design, character, and quality of new development. 2353 2354 4. Infrastructure. To facilitate the adequate and efficient provisions of roads and utilities. 2355 2356 5. Increased Compatibility. To achieve compatibility with surrounding neighborhoods and 2357 developments. 2358 2359 6. Provision of Open Space. To preserve open space as development occurs. 2360 2361 7. Clustering of Uses. To provide for necessary commercial, recreational, and public facilities that 2362 2363 are conveniently located to housing. 2364 8. Increased Flexibility. To provide for flexibility in design for new development and future 2365 redevelopment. 2366 2367 9. Comprehensive Plan. To achieve the goals of the Comprehensive Plan. 2368 2369 2370 10. To provide a method for previously approved Planned Development Projects to continue to 2371 develop under the terms of an approved PDP Development Order and to allow modification to existing PDP approvals under the PUD procedures. 2372 2373 2374 C. Minimum Parcel Size. The minimum parcel size for a PUD is: 2375 2376 1. Non-residential, mixed use, or multi-family PUD. One acre. 2377 2378 2. All other PUDs. Three acres.
 - D. PUD approval steps. The PUD review and approval process includes:

2381			
2382		1. A	rezone to the PUD zoning district, which establishes the densities, intensities, and permitted
2383		us	es within the PUD; and
2384			
2385			Master Concept Plan (MCP), which establishes the design, layout, and dimensional standards
2386		of	the PUD.
2387			
2388	E.		ation and submittal requirements. Application and submittal requirements for a PUD are
2389		establ	ished in Sections 3.1.4 through 3.1.8 of this Article. In addition, a PUD requires:
2390			
2391		1. Ar	application for a rezone to the PUD zoning district; and
2392			
2393		2. A	Master Concept Plan application.
2394			
2395		3. Su	ibmittal of the specific PUD application requirements listed in subsection G., below.
2396			
2397			application for parcels 10 acres or larger may apply for a rezone to the PUD zoning district
2398		witho	ut submitting a MCP for concurrent review and processing.
2399	_	_	
2400	F.	-	plication conference required. A pre-application conference shall be held with the Community
2401			opment Department prior to the submittal of a PUD. The applicant shall indicate the requested
2402		PUD z	oning district and a sketch of the PUD Master Concept Plan, if applicable.
2403	_		
2404	G.	Specif	ic PUD Submittal Requirements. A PUD application shall include the following:
2405			
2406		1. A	Letter of Intent, including:
2407			
2408		a.	Reasons the PUD procedure is more desirable than a conventional plan;
2409		4-	Consulation description including accounts and
2410		D.	General site description including acreages; and
2411 2412			Canaral project description
2412		c.	General project description.
2413		2 ^	DLID Master Concept Plan indicating:
2414		Z. A	PUD Master Concept Plan indicating:
2415		a.	Location of the uses within the site;
2410		a.	Location of the uses within the site,
2417		h	Vehicle circulation patterns and points of access;
2419		D.	venicle circulation patterns and points of access,
2420		c.	Pedestrian and bicycle circulation with links to other external path systems;
2421		C.	i caestran and bicycle circulation with links to other external path systems,
2421		d.	Open space plan; and
2423		u.	open space plan, and
2424		e.	Landscape and buffer plans.
2425		c.	Editascape and parter plans.

2426 2427 2428		3.	Sample formation of HOA or other organization to operate and maintain open space and other on-site public or private improvements.
2429 2430		4.	Phasing plan, if applicable.
2431 2432	Н.		D Zoning Districts. Each PUD shall be rezoned to one of the following designations, based on opposed development:
2433		μ	, passa 30.0.0p. 10.11
2434		RP	UD - Residential PUD
2435		CP	UD - Commercial PUD
2436		IPU	JD - Industrial PUD
2437		МХ	(PUD - Mixed Use PUD
2438		PF	PUD - Public Facilities PUD
2439 2440		The	e proposed PUD zoning district must meet the criteria for rezones as set forth by this Code.
2441			
2442	1.	Rev	view Standards and Criteria.
2443			
2444		1.	Every PUD shall be in conformance with the City Comprehensive Plan. The maximum density or
2445			intensity within any PUD shall be consistent with the future land use designation of the site as
2446			determined by the Comprehensive Plan.
2447			
2448		2.	Specific uses, densities, and intensities for each PUD are established in the PUD rezone
2449			ordinance. The approved uses, densities, and intensities for a PUD shall take precedence over
2450			other standards and requirements in these regulations. The uses approved in a PUD shall be
2451			permitted uses.
2452			
2453		3.	Specific bulk, area, and dimensional standards for each PUD are approved in the MCP for a PUD
2454			and shall take precedence over the standards and requirements in these regulations for
2455			development that is not within an approved PUD. Elements to be evaluated for a PUD shall
2456			include:
2457			
2458			a. Appropriateness of the proposed or density or intensity of the development;
2459			
2460			b. Internal and external compatibility of the development and surrounding uses;
2461			
2462			c. Transition and separation between surrounding uses;
2463			
2464			d. Vehicular and pedestrian circulation patterns;
2465			
2466			e. Arrangement and functionality of open space;
2467			
2468			f. Access points;
2469			
2470			g. Public amenities, if applicable;
2471			

2472		h.	Additional amenities that will serve the project; and
2473			
2474		i.	Details and design of internal and external buffers.
2475		_	
2476	4.	Op	en Space.
2477			
2478		a.	For all PUDs except for IPUDs, a minimum of twenty-five percent of the total land area shall
2479			consist of common open space. The City may consider a request by the applicant for less
2480			than twenty-five percent common open space when deemed appropriate because of size,
2481			location, or nature of the proposed development.
2482			
2483		b.	, , , , , , , , , , , , , , , , , , ,
2484			applicant to mitigate the reduction of open space or to fulfill the recreational needs of the
2485			City.
2486			Associated De Not Consider Consider Delivers of the discount o
2487		c.	Areas that Do Not Count as Open Space. Parking and loading areas, streets, and rights-of-way
2488			shall not count toward usable open space.
2489		لہ	Areas that Count as Oney Copes Water hading surface water retention areas process at in
2490		a.	Areas that Count as Open Space. Water bodies, surface water retention areas, preservation
2491			areas, and riparian areas that are preserved as open space shall count towards this minimum
2492			standard, even when they are not usable by or accessible to the residents of the PUD. All
2493			other open space shall be conveniently accessible from all occupied structures in the PUD.
2494 2495		e.	Improvements Required. All common open space and recreational facilities shall be shown
2495 2496		С.	on the PUD Plan and shall be constructed and fully improved according to the development
2490 2497			schedule established for each development phase of the PUD.
2498			schedule established for each development phase of the rob.
2499		f.	Landscaping along Sidewalks. All sidewalks within a PUD must be shaded by canopy trees.
2500		١.	The area used for shading the sidewalks can be considered as part of the minimum open
2501		4	space requirement.
2502		\blacksquare	Space requirement.
2503		g.	Maintenance of Open Space. All open space shall continue to conform to its intended use,
2504		ο.	as specified on the PUD Master Concept Plan. To ensure that public open space identified in
2505			the PUD will be used as open space, restrictions, easements, or covenants shall be recorded
2506			in deeds or the open space areas may be dedicated to the public to ensure their
2507			maintenance and to prohibit the division of any public open space. Any subdivision of land
2508			will require a Property Owners Association (POA) or Home Owners Association (HOA) to
2509			ensure that open spaces within a PUD are maintained. The City is not required to accept
2510			dedication of open space areas.
2511			
2512	5.	PU	D Perimeter Buffers. The boundary between a PUD and adjacent land uses shall be
2513	-		adscaped with a buffer that has sufficient width and shall include screening to ensure a proper
2514			nsition and increase compatibility between land uses. The buffer shall be approved by City
2515			uncil.

2517 2518		6.	Street Standards. All streets, roads, and drive aisles shall be designed and constructed in conformance with the City's Engineering and Design Standards.
2519 2520		7.	Phasing. When a PUD is developed in phases, a proportional amount of the open space and
2521 2522			recreations areas shall be included in each phase, in order to comply with the open space requirements of this chapter at the completion of each phase of the development.
2523		N 4 -	ster Consort Dien and consument Duclinsinon, Cubdivision Dien review. The conveyed Master
2524 2525	J.	Cor	ster Concept Plan and concurrent Preliminary Subdivision Plan review. The approved Master ncept Plan may be used for Preliminary Subdivision Plan approval, as defined in Article 10,
2526		pro	vided required details and information for PSP review are included in the MCP.
2527			
2528	K.	Am	endments to Planned Unit Developments.
2529			
2530		1.	Administrative Amendments. Amendments to an approved PUD may be approved
2531			administratively if they meet the following criteria:
2532			
2533			a. Density or intensity is increased by less than ten percent.
2534			
2535			b. Open space is not decreased by more than five percent.
2536			
2537			c. There are no changes to any condition of approval.
2538			
2539			d. There is no change in permitted uses or types of structures.
2540			
2541			e. Dimensional standards are changed by no more than ten percent.
2542			
2543		2.	Review Standards for amendments. An approved PUD Master Concept Plan may be amended if
2544			the applicant demonstrates that the proposed modification:
2545			
2546			a. Is consistent with the efficient development and preservation of the entire PUD;
2547			
2548			b. Does not affect in a substantially adverse manner either the enjoyment of the land abutting
2549			upon, adjoining or across a street from the planned unit development;
2550			
2551			c. Is not granted solely to confer a special benefit upon any person;
2552			
2553			d. Does not contain proposed uses that detract from other uses approved in the PUD;
2554			, and the property of the second seco
2555			e. Does not contain an open space plan that differs substantially in quantity or quality from the
2556			originally approved plan; and
2557			
2558			f. Contains streets and utilities that are coordinated with planned and existing street and
2559			utilities for the remainder of the PUD.
2560			
2561		3	Amendments that require City Council Approval. Any amendment to a PLID that does not meet

the criteria in subsection 1 through 2, above must be approved by the City Council.

2564	L.	Effect of PUD approvals.
2565 2566		1. PUD zoning. A rezone to a PUD zoning district shall run with the land.
2567		1. FOD ZOTHING. A rezone to a FOD ZOTHING district small run with the land.
2568		2. Master Concept Plans. A MCP shall be valid for any time period established in the conditions of
2569		approval for the MCP. If a specific time period is not specified then the MCP shall run with the
2570		land.
2571		OR
2572		3. If a Site Development Plan, a building permit for vertical construction, or a subdivision plat has
2573		not been approved within 10 years, the Master Concept Plan shall be null and void, unless an
2574		extension has been approved by City Council.
2575		
2576	M.	Extensions. A PUD may receive one extension that is valid for two years. Upon expiration of the
2577		extension, the Master Concept Plan shall be null and void.
2578		
2579	CH	APTER 5. SPECIFIC REVIEW PROCEDURES - LEGISLATIVE APPROVALS
2580		
2581	Sec	tion 3.5.1. Annexations
2582		
2583	A.	Purpose of Annexations. Annexations shall be considered for the following reasons:
2584		1. The appropriate implements the Constraint Physics Physics
2585		1. The annexation implements the Comprehensive Plan.
2586 2587		2. The annexation increases the City's inventory of non-residential lands.
2588		2. The annexation increases the city's inventory of non-residential lands.
2589		3. The annexation results in the removal of enclaves.
2590		3. The difficultion results in the removal of children.
2591		4. The annexation results in the logical extension of City boundaries.
2592		The difference of results in the logical extension of city boundaries.
2593	В.	Manner of Initiation. Applications to annex property in to the City may be initiated in the following
2594		manner:
2595		
2596		1. The City Council; or
2597		
2598		2. By a petition of one or more owners of property within an area proposed for annexation.
2599		
2600	C.	Review Criteria. Proposed annexations shall be reviewed in accordance with the requirements of
2601		Chapter 171, Florida Statutes.
2602		
2603	D.	Effective date of approval: The effective date of an annexation will take place in accordance with
2604		Chapter 171, Florida Statutes.
2605	_	
2606	Sec	tion 3.5.2. Future Land Use Map Amendments
2607		

A. Purpose of Amendments. Future Land Use Map amendments shall be considered for the following 2608 2609 reasons: 2610 2611 1. The amendment implements the goals, objectives, and policies of the Comprehensive Plan. 2612 2613 2. The amendment promotes compliance with changes to other city, state, or federal regulations. 2614 2615 3. The amendment results in compatible land uses within the a specific area. 2616 2617 4. The amendment implements findings of reports, studies, or other documentation regarding 2618 functional requirements, contemporary planning practices, environmental requirements, or similar technical assessments. 2619 2620 5. The amendment is consistent with the City's ability to provide adequate public facilities and 2621 2622 services. 2623 6. The amendment prepares the City for future growth, such as reflecting changing development 2624 patterns, identifying demands for community services, reflecting changes necessary to 2625 accommodate current and planned growth in population, and facilitating community 2626 2627 infrastructure and public services. 2628 2629 B. Manner of Initiation. Applications for a Future Land Use Map Amendment (FLUMA) may be initiated in the following manner: 2630 2631 1. The City Council by its own motion; 2632 2633 2634 2. The Planning and Zoning Commission by its own motion; 2635 3. The City Manager for City initiated requests; or 2636 2637 4. By a petition of one or more property owners of at least 51% of the property owners of an area 2638 proposed for amendment. 2639 2640 C. Review Criteria. Proposed future land use map amendments shall be reviewed in accordance with the 2641 2642 requirements of Chapter 163, Florida Statutes, and the following criteria: 2643 2644 1. Whether the proposed future land use amendment is consistent with the goals, policies, and future land use designations of the City Comprehensive Plan; 2645 2646 2647 2. The amendment protects the health, safety, and welfare of the community; 2648 2649 3. The proposed amendment and all of the consistent zoning districts, and the underlying permitted uses, are compatible with the physical and environmental features of the site; 2650 2651 2652 4. The range of zoning districts and all of the allowed uses in those districts are compatible with 2653 surrounding uses in terms of land suitability or density and that a change will not result in negative

2654 2655			impacts on the community or traffic that cannot be mitigated through application of the development standards in this Code;
2656 2657 2658 2659 2660		5.	The site is capable of accommodating all of the allowed uses, whether by right or otherwise, considering existing or planned infrastructure for roads, sanitary and water supply systems, stormwater, parks, etc.; and
2661 2662		6.	Other factors deemed appropriate by the Commission and City Council.
2663 2664 2665	D.		ective date of approval. The effective date of a future land use map amendment shall be in cordance with Chapter 163, Florida Statutes.
2666	Soci	tion	3.5.3. Comprehensive Plan Text Amendments
2667	360	LIUI	15.5.5. Comprehensive Flam Text Amendments
2668 2669	A.		rpose of Amendments. Comprehensive Plan text amendments shall be considered for the following sons:
2670 2671 2672		1.	The amendment clarifies the intent of the Comprehensive Plan.
2673 2674		2.	The amendment corrects an error in the Comprehensive Plan.
2675 2676 2677		3.	The amendment addresses changes to state legislation, recent case law, or opinions from the Attorney General of the State of Florida.
2678 2679		4.	The amendment implements the Comprehensive Plan.
2680 2681		5.	The amendment promotes compliance with changes to other city, state, or federal regulations.
2682 2683		6.	The amendment results in compatible land uses within the future land use designation.
2684 2685 2686 2687		7.	The amendment implements findings of reports, studies, or other documentation regarding functional requirements, contemporary planning practices, environmental requirements, or similar technical assessments.
2688 2689		8.	The amendment promotes the City's ability to provide adequate public facilities and services.
2690 2691	В.		nner of Initiation. Comprehensive Plan Text Amendments may be initiated in the following nner:
2692			
2693 2694		1.	The City Council;
2695 2696		2.	The Planning and Zoning Commission; or
2697 2698		3.	The City Manager for City initiated requests.

2699 C. Review Criteria. Proposed comprehensive plan text amendments shall be reviewed in accordance with 2700 the requirements of Florida Statutes, Chapter 163, and the following criteria: 2701 2702 1. The amendment is consistent with the goals and policies of the City Comprehensive Plan; 2703 2704 2. The amendment protects the health, safety, and welfare of the community; or 2705 2706 3. Other factors deemed appropriate by the Planning and Zoning Commission and City Council. 2707 2708 D. Effective date of approval. The effective date of a comprehensive plan text amendment shall be in 2709 accordance with Chapter 163, Florida Statutes. 2710 2711 Section 3.5.4. Land Development Code Text Amendments 2712 A. Purpose of Amendments. Land Development Code (LDC) text amendments shall be considered for 2713 2714 the following reasons: 2715 2716 1. The amendment clarifies the intent of the LDC. 2717 2. The amendment corrects an error in the LDC. 2718 2719 2720 3. The amendment addresses changes to state legislation, recent case law, or opinions from the Attorney General of the State of Florida. 2721 2722 4. The amendment implements the LDC or Comprehensive Plan. 2723 2724 5. The amendment promotes compliance with changes to other city, state, or federal regulations. 2725 2726 2727 6. The amendment adds district uses that are consistent with the character of the current range of allowed uses. 2728 2729 7. The amendment results in providing compatible land uses within Cape Coral. 2730 2731 2732 8. The amendment implements findings of reports, studies, or other documentation regarding functional requirements, contemporary planning practices, environmental requirements, or 2733 2734 similar technical assessments. 2735 B. Manner of Initiation. Applications for a LDC text amendment may be initiated in the following 2736 2737 manner: 2738 2739 1. The City Council by its own motion; 2740 2741 2. The Planning and Zoning Commission by its own motion; or 2742 3. The City Manager for City initiated requests, including text amendments associated with a similar 2743 2744 use determination.

2745		
2746	C.	Review Criteria. Proposed LDC text amendments shall be reviewed in accordance with the following
2747		criteria:
2748		
2749		1. Whether the proposed LDC text amendment is consistent with the goals, policies, and future land
2750		use designations of the City Comprehensive Plan;
2751		
2752		2. The amendment results in compatible land uses within a zoning designation;
2753		
2754		3. The amendment protects the health, safety, and welfare of the community; or
2755		
2756		4. Other factors deemed appropriate by the Planning and Zoning Commission and City Council.
2757		
2758	D.	Effective date of approval. The effective date of a LDC text amendment shall take place upon
2759		adoption.

27	CHAPT	ER 1 – GENERAL PROVISIONS
28		
29	Section	4.1. Purpose and Intent.
30		
31		e purpose of this article is to encourage and promote the safety, health, and general welfare of the
32	citi	zens of Cape Coral, Florida by providing for:
33		
34	1.	Efficiency and economy in the process of development;
35	2	Annualists of the state of the
36	2.	Appropriate and best use of land;
37	2	Convenience of traffic and circulation of neonle and reads.
38	3.	Convenience of traffic and circulation of people and goods;
39 40	4	Adaquata public utilities and facilities
40 41	4.	Adequate public utilities and facilities;
41 42	_	Promotion of the civic amenities of beauty and visual interest;
42 43	э.	Promotion of the civic amenities of beauty and visual interest;
43 44	6.	Development in accord with the comprehensive plan by establishing zoning districts;
44 45	0.	bevelopment in accord with the comprehensive plan by establishing zoning districts,
45 46	7.	Regulation of the location and use of buildings, structures, and land; and
4 0 47	,.	Regulation of the location and use of buildings, structures, and land, and
.,		

8. Regulation of:

- a. Height, bulk, and access to light and air of buildings and structures;
 - b. The area of yards and other open spaces; and
- c. The density or intensity of development on a given site.
- B. To accomplish these objectives, the regulations and districts and accompanying zoning map have been designed with reasonable consideration, among other things, to reflect the character of the districts and their suitability for particular uses.

Section 4.2. Establishment of Zoning Districts

For regulating and restricting the use of land and the erection, construction, reconstruction, altering, moving, or use of buildings and structures, the City of Cape Coral is divided into zoning districts. The City zoning districts are classified as follows:

A. Residential Zoning Districts

- 1. Residential Single Family (R-1). This district is established to encourage and protect single-family development and to permit other uses generally compatible with single-family residential uses.
- Residential Multi-Family Low (RML). This district is to accommodate multi-family housing to
 meet the needs of a diverse community, while ensuring that there is a transition to single-family
 neighborhoods which protects the integrity of those neighborhoods. The RML district acts as a
 transition zone from lower density residential to higher density residential or non-residential uses
 or zoning districts.
- Residential Multi-Family Medium (RMM). This zoning district is to accommodate multi-family
 housing at a higher density than RML to meet the needs of a diverse community. The RMM
 district also acts as a transition zone from lower density residential areas to non-residential land
 uses or zoning districts.
- 4. Residential Estate (RE). This district is established to provide areas for single-family dwellings typically on parcels of 40,000 square feet or more in areas of the city that are rural in character. The RE district permits the keeping of some domesticated livestock for use by the occupants.
- Agriculture (A). This district is to accommodate agricultural activities and operations which may
 include crop cultivation; the breeding, raising, or keeping of livestock or fur bearing animals; dairy
 farming; apiculture; and to allow all accessory uses and structures customarily incidental to those
 activities.

B. Non-Residential Zoning Districts

Commercial (C). This district is designed to encourage and facilitate commercial activities intended
to serve a relatively large trade area, appropriate commercial locations on major thoroughfares

in developed areas, and is intended to meet the needs of motorists and other consumers through the provision of automobile-oriented commercial activities to meet the needs of several types and varieties of general commercial activities.

- Professional Office (P). This district is designed to encourage the compatible development of
 major professional and related office complexes in areas which are suitable for such activities.
 The P District may serve as a transition between commercial corridors and nearby residential
 uses.
- 3. Industrial (I). This district is to accommodate manufacturing, fabrication, warehousing, and other related activities that typically utilize large work forces, generate semi-tractor trailer traffic, and may produce external impacts such as noxious smells, smoke, or noise.
- 4. Institutional (INST). This district is to allow for development of nonprofit or quasi-public uses such as religious institutions, libraries, public or private schools, hospitals, or government owned or operated structures. Many of these uses provide meeting places for the citizens of Cape Coral and valuable civic engagement opportunities.
- Preservation (PV). This district is to identify environmental resources or natural features as areas intended to remain in a predominately natural or undeveloped state to provide resource protection and opportunities for passive recreation and environmental education for present and future generations.

C. Mixed Use Zoning Districts

- Commercial Corridor (CC). This district is established to implement the recommendations of the Pine Island Road Master Plan and to promote such uses as retail, office, limited warehouse and light manufacturing, multi-family residential and large-scale commercial retail uses.
- Neighborhood Commercial (NC). This district is intended to create a variety of dynamic walkable, mixed-use environments; provide a range and mix of commercial and housing choices near each other; and to create quality usable public spaces. The NC District utilizes form-based design standards and provides development options based on parcel size.
- 3. Mixed Use Seven Islands (MX7). This district is intended to implement master plan recommendations for the Seven Islands Area consistent with the Seven Islands Sub DistrictVision Plan. A further objective is to foster a sense of place and create a destination environment in northwestern Cape Coral. To achieve these objectives, the MX7 district allows a more flexible approach to comprehensive design and coordinated development of a multi-use neighborhood than is possible under other zoning classifications.
- 4. Mixed Use Bimini (MXB). This district is to promote redevelopment and enhancement of the Bimini Basin area of Cape Coral to create a destination for residents and visitors, consistent with the Downtown Mixed Future Land Use Classification and the Bimini Basin Revitalization and Implementation Plan. This district encourages mixed-use development. Existing commercial and professional buildings will be supplemented with entertainment activities and a wide diversity of

housing types to create a vibrant work, live, shop, and play district that serves the entire city and region.

- 4-5. This district is intended to implement master plan recommendations for the Bimini Basin Area. A further objective is to foster a sense of place and create a destination environment in southeastern Cape Coral. To achieve these objectives, the MXB district allows a more flexible approach to comprehensive design and coordinated development of a multi-use neighborhood than is possible under other zoning classifications.
- 5-6. South Cape (SC). This district is to promote redevelopment and enhancement of the traditional commercial center of Cape Coral into a more compact and walkable form growth and to create a destination for residents and visitors. This district encourages mixed-use development. Existing commercial and professional buildings will be supplemented with entertainment activities and a wide diversity of housing types to create a vibrant work, live, shop, and play district that serves the entire city and region.

It is intended that the South Cape regulations act as a stimulus to development through provisions that permit a flexible approach to infill development on various lot sizes, as well as special provisions related to particular locations within the district. Therefore, many of the provisions contained herein, including uses and dimensional regulations, are regulated by lot size, or the extent of roadway frontage or a combination thereof.

6-7. Planned Unit Development (PUD). This district is designed for development as a cohesive unit, where uses and innovations in design and layout of the development provide public benefits when compared to standard zoning or uniform lot and block subdivision patterns and design features.

Section 4.3. Zoning District Development Dimensional Standards

The purpose of this section is to identify the bulk, area, and dimensional standards for construction in each zoning district.

Table 4.3.1. Zoning District Dimensional Standards

Section 4.3.2 Projections and Encroachments into Setbacks

Encroachments into required setbacks. Every part of the required setbacks on a parcel shall be open and unobstructed from 30 inches above the ground, as measured from the average elevation of the crown of road along the property frontage, except as provided below or as shown in Table 4.3.2, below.

- A. Structures less than 30 inches in height are not considered encroachments into minimum required setbacks.
- B. Bermed earth, plant materials, sidewalks, and driveways are not considered encroachments.
- C. Encroachments into required setbacks:
 - 1. Cornices, overhangs, decorative awnings with no ground support installed over windows and at entrances, eaves and gutters, balconies, and means of egress may project a maximum of three feet into required setbacks.
 - 2. Awnings requiring pole supports to be placed in a setback area, or those without pole supports which encroach more than 3 feet into required setbacks, may be approved, in districts other than RE or R1, at the discretion of the Director of Community Development. Such awnings must

^{** 5} acres for non-residential uses

CITY OF CAPE CORAL, FLORIDA LAND DEVELOPMENT CODE ARTICLE 4 – ZONING DISTRICTS

function as decorative architectural elements as opposed to garage, carport, or other similar storage facilities.

- 3. Air conditioning, pool equipment, and generators permitted and installed prior to the effective date of this ordinance may be maintained and replaced provided the new equipment does not encroach more than three feet into any required setback. All air conditioners, generators, and pool equipment installed after the effective date of this ordinance must comply with all setback requirements and be out of easements.
- 4. Permitted encroachments into required setbacks are not allowed to encroach into utility easements (See Article 5, Section 5.1.6).

Table 4.3.2 Permitted Setback Encroachments

	Encroachment (envelope)			
Projection or Feature	Front Yard	Side Yard	Rear Yard	Max Height
Architectural features	2 ft.	2 ft.	2 ft.	N/A
Awnings and canopies	3 ft.	3 ft.	3 ft.	N/A
Balconies	3 ft.	3 ft.	3 ft.	N/A
Chimneys	N/A	2 ft.	2 ft.	per Building Code
Eaves, gutters, and overhangs	3 ft.	3 ft.	3 ft.	N/A
Porches	5 ft.	3 ft.	3 ft.	N/A
Solar Photovoltaic (PV) Arrays, attached to primary structure	N/A	3 ft.	3 ft.	3 ft. above a peaked roof, 10 ft. above a flat roof
Mechanical equipment: AC, generator, pool equipment	N/A	5 ft.	5 ft.	N/A
Stairways	5 ft.	3 ft.	5 ft.	N/A
Ornamental Walls	5 ft.	1.5	5 ft.	30 inches

Section 4.4. Uses by Zoning District – Use Hierarchy.

- A. Classification of Uses Listed in Table 4.4.
 - 1. Permitted Uses. Uses that are allowed by right. These uses are shown in the table with a "P".

- 2. Permitted Uses with Specific Regulations. Uses that are permitted with specific regulations that apply in all zoning districts where those uses are permitted. The specific regulations are provided in Article 5, Chapter 11. These uses are shown in the table with a "P*".
- 3. Conditional Uses. Uses which are generally appropriate in a Zoning district. Conditional uses are permitted uses which, because of potential impacts, may require reasonable special limitations or conditions of approval peculiar to the use for the protection of the public health, safety, or welfare and the integrity of the Comprehensive Plan. The specific requirements for conditional uses are provided in Article 5, Chapter 12. These uses are shown in the table with a "CU".
- 4. Special Exception Uses. Those uses or structures that may not be appropriate generally or without restriction throughout a district but which, if controlled as to number, area, location, or their relationship and potential impacts to nearby residences or neighborhoods, would be acceptable. These uses are shown in the table with an "SE".
- Prohibited Uses. Any use not specifically listed as a permitted use, a permitted use with specific regulations, a conditional use, a special exception use, a permitted accessory use, or permitted through a similar use determination shall be considered expressly prohibited.
- B. Uses not listed in Table 4.4.

- 1. Accessory Uses. Accessory uses are customarily associated with and are incidental and subordinate to such principal uses. An accessory use shall be subject to the same regulations that apply to the principal use in each district, except as otherwise provided.
- 2. Temporary Uses. Uses that are deemed temporary in nature regulated by separate ordinanceArticle 5, Chapter 10 or the City Code of Ordinances, shall not be subject to the standards and requirements as set forth in this article, except that the City may impose conditions which may include limiting the period of approval, imposing hours of operations, operational standards to minimize impacts on surrounding properties, and any other conditions deemed necessary to minimize detrimental impacts to the welfare of the community. These uses are listed in Article 5, Chapter 10 or the City Code of Ordinances.
- 3. Similar Use Determinations. See Article 3.3. Section 3.3.3.

P Permitted Use — Permitted by right in applicable Zoning Districts. Pype - Administrative Approval. Pypoval.

335 336	CH	APT	ER 2. SPECIFIC REGULATIONS BY DISTRICT
337 338	Thi	s ch	apter establishes specific regulations for uses, activities, or structures within a zoning district.
339 340	Sec	tion	4.5.1. Single-Family Residential (R1)
341 342 343			c regulations for micro-cottages, model homes, childcare facilities, and home occupations are ele 5, Chapter 11.
344 345	Spe	ecific	c conditions for home-based businesses and religious institutions are in Article 5, Chapter 12.
346 347	Sec	ction	n 4.5.2. Residential Multi-Family Low (RML)
348 349	Spe	ecifi	c regulations for duplexes, model homes, and home occupations are in Article 5, Chapter 11.
350 351 352	•		c conditions for multi-family residences, single-family attached, home-based businesses, day cilities and religious institutions are in Article 5, Chapter 12.
352 353 354	Sec	ction	n 4.5.3. Residential Multi-Family Medium (RMM)
355 356	Spe	ecifi	c regulations for home occupations are in Article 5, Chapter 11.
357 358	Spe	ecifi	c conditions for day care facilities and religious institutions are in Article 5, Chapter 12.
359 360	Sec	ction	n 4.5.4. Residential Estate (RE)
361 362 363	A.		Specific regulations for model homes and home occupations are in Article 5, Chapter 11 and 12.
364 365 366			Specific conditions for home-based businesses, day care facilities and religious institutions are in Article 5, Chapter 12.
367 368	В.	No	n-domestic animals.
369 370 371		1.	Non-domestic animals regulated in this section are considered to be a pet or for household consumption, and shall not be used for any commercial purposes.
372 373 374 375		2.	Non-domestic animals are only allowed in the Residential Estate zoning district for sites with a Low Density Residential II Future Land Use Map classification pursuant to the regulations below and the requirements of the City Code of Ordinances.
376 377 378 379		3.	Horses. The keeping of horses, including foals and yearlings, is permitted in the Residentia Estate zoning district regardless of the Future Land Use Map classification. Any roofed structure for shelter of such animals shall be setback at least 100 feet from any property line.

- 4. Cattle, mules, goats, sheep, swine, and poultry. The keeping, raising, and breeding of non-domestic animals, including cattle, mules, goats, sheep, swine, and poultry may be permitted in the Residential Estate as follows:
 - a. Lot size. The minimum lot area required for the keeping, raising, and breeding of non-domestic animals, as identified in this section, is 100,000 square feet.
 - b. Animals within this subsection may not be kept or allowed to run within 100 feet of any zoning district other than the Residential Estate (RE) within the Low Density Residential II Future Land Use Map classification and Agricultural zoning districts.
 - c. Buildings or other roofed structures or enclosures for the keeping of animals within this subsection must be set back a minimum of 150 feet from any zoning district other than Residential Estate (RE) or Agricultural (A) zoning districts, under separate ownership.
 - d. The keeping and raising of non-domestic animals within this subsection is permitted in the Residential Estate zoning district for personal use only, or for youth or farm-education programs such as 4-H or The National FFA Organization.
- C. Accessory structures. Accessory structures in the Residential Estate zoning district shall not have a maximum size.

Section 4.5.5. Agricultural (A)

- A. Specific regulations for commercial recreation with outdoor uses, RV parks, wireless antennas, and home occupations are in Article 5, Chapter 11 and 12.
- B. Specific conditions for day care facilities and religious institutions are in Article 5, Chapter 12.
 - B. C. Carports, garages or other buildings not used as a dwelling and customarily incidental to the principal permitted use of the premises.
 - C. A minimum of five acres is required for all non-residential uses.

Section 4.5.6. Commercial (C)

Specific regulations for commercial parking lots and parking garages as a standalone use, craft brewery, distillery, and wineries, mobile food trucks; and storage, neighborhood storage, and wireless antennas are found in Article 5, Chapter 11 and 12.

Specific conditions for vehicle repair, minor, vehicle fueling stations, and building and construction with outdoor display are in Article 5, Chapter 12.

Section 4.5.7. Professional Office (P)

Specific regulations for mobile food trucks and wireless antennas are found in Article 5, Chapter 11.

495

500

501

502

Specific conditions for multi-family residential, single-family attached with 3 units or greater, and vehicle fueling stations are in Article 5, Chapter 12.

- B. Mix of uses. Development in the NC district is encouraged to have a mix of residential and nonresidential uses, however, a mix of uses is not required.
- C. Use areas. All land areas within developments in the NC District shall be categorized as one of the three following use areas:
 - 1. Free-standing non-residential. Free-standing non-residential areas include the footprint and land areas associated with buildings that contain no residential units.
 - 2. Free-standing residential. Free-standing residential areas include the footprint and land areas associated with buildings that contain residential units and buildings that contain nonresidential floor area usage that is less than 30% of the building's floor area. In calculating the floor area of the building, the total floor area of the building is the floor area of the building remaining after the area of any structured parking is excluded. Also, any pre-existing singlefamily residences do not necessarily constitute free-standing residential development, unless such residences otherwise meet the criteria for such development.
 - 3. Mixed-Use. Mixed-use areas include the footprint and land areas associated with compound use buildings that shall mean buildings with at least 30% of their floor areas allocated to nonresidential uses.
- D. Density, intensity, and use area allocations.
 - 1. The allowable densities, intensities, and use area allocations within the NC District may vary with the land area allocated to each use in a development project.
 - 2. A development can consist of one or more properties that are the subject of a single application for development.
 - 3. If an application includes properties that are not contiguous, the application must demonstrate that the properties function as a unified development.
 - 4. The land area that may be allocated to any of the three use area allocations varies with the size of the development project, with generally increasing flexibility as a function of the total land area of the development. Densities and intensities associated with any of the three use area categories apply only to the land area of the project that is allocated to that specific use. In

509

CITY OF CAPE CORAL, FLORIDA LAND DEVELOPMENT CODE **ARTICLE 4 – ZONING DISTRICTS**

determining the land area within any of the three use area allocations, the area of any common areas for surface water management, parking, landscaping, and circulation shall be apportioned among the three use area allocations in the same proportion as the non-common areas relate to the area of the development, excluding common areas.

Table 4.5.12.

510 511

512

E. Limitations on density and intensity within the NC District. In the Urban Services Reserve Area, residential uses are restricted to 4.4 dwelling units per acre and non-residential development is limited to uses that do not generate an estimated flow of more than 880 gallons of sewage per acre per day.

F. Use area allocations. All developments in the NC District shall be categorized as one of the three following use areas:

517 518 519

1. Free-standing non-residential. Free-standing non-residential areas contain no residential units.

- 520 521 522 523 525
- 2. Free-standing residential. Free-standing residential areas include the footprint and land areas associated with buildings that contain residential units and buildings that contain nonresidential floor area usage that is less than 50% of the building's ground floor area.

524

3. Pre-existing single-family residences do not constitute free-standing residential development.

526

4. Mixed-Use. Mixed-use areas include the footprint and land areas associated with mixed-use buildings with at least 50% of the ground floor areas allocated to non-residential uses.

527 528 529

G. Use Area Calculations

530 531 532

1. The uses of a building (residential, non-residential, mixed-use) shall be calculated by the floor area occupied by a use excluding any structured parking areas.

533 534 535

536

2. Developments that incorporate non-residential and residential uses shall clearly indicate the land areas (square footage, percentage of development site, and locations) to be used for nonresidential, residential, and mixed-use, as well as the uses proposed within each of the designated areas.

3. In determining land area within any of the three use area allocations common areas, including surface water management, parking, landscaping, and circulation shall be distributed among the three use area allocations in the same proportion as the non-common areas.

541 542 543

H. Development Standards

544 545 546

1. Drive-thru facilities are prohibited.

L. On sites greater than one acre the following shall apply:

547 548 549

550

2. Loading Docks and Service Areas.

551 552 553 All loading docks and building service areas containing air handling equipment, generators, meters, etc., shall be screened by a masonry wall from a pedestrian-level view from any adjacent residential future land use category, public sidewalk, or public street, excluding alleys.

554 555 556

Such walls shall be designed to appear as an architectural extension of the principal building and incorporate architectural trim and features consistent with the adjacent facade.

557 558 559 K. Walls required for screening loading docks or building service areas shall not exceed the height limitations provided in Article 5 of this code unless approved by the DCD Director.

- 1. The first story of the building frontage shall be at least 75% of the parcel width as measured along the front property line. For adjoining parcels that are being developed simultaneously as one site with one or more buildings, this percentage applies to the combination of lots and
 - building frontages.

- 2. At least 40% of the building frontage shall be built at the minimum front setback line.
- 3. Off-street parking spaces shall not be within the front yard.
- 4. Outdoor display of cars, boats, motorcycles, and vehicles is prohibited.
- Deviations from the requirements of this section may be approved pursuant to Article 3 of this code.

Section 4.5.13. Mixed-Use Bimini (MXB)

- A. Mix of Uses Allowed. Any type of dwelling unit as well as any accessory use is allowed, so long as the location and mix of types is consistent with the Bimini Basin Revitalization and Implementation Plans. A residential use may be intermixed with a nonresidential use or uses in the same block, lot, or building.
- B. Maximum Height and Density.
 - 1. The maximum shall be 50 dwelling units per acre.
 - 2. The maximum height shall be 8 stories or 115 feet.
 - Developments that include at least 20% of the total units as affordable or workforce housing shall permit a maximum density of 75 dwelling units an acre and a maximum height of 12 stories or 150 feet.
- C. Compatibility and design standards. All uses must conform to the guidelines of the Bimini Basin Revitalization and Implementation Plan. Uses must be compatible with existing or planned development on or adjacent to the site.
 - 1. Orientation, and Design.
 - a. A building facing public streets, excluding alleys, -must provide a public entrance.
 - b. The first story of all <u>non-civic</u> buildings within the MXB shall provide shade via awnings, canopies, or similar features for no less than 50% of the building length.
 - c. No less than 25% of building wall frontage, as measured by square footage, on major streets must have transparent doors and glazing or windows.
 - d. Office uses may only be-comprise 20% of the ground floor public street facing building façade.
 - e. For properties with frontages on more than one street, ground floor storefront windows shall be located on a minimum of two public streets.
 - f. No less than 30% of all upper floor street facing building facades shall be fenestrated have windows.

CITY OF CAPE CORAL, FLORIDA

627	2.	External access and internal circulation.
628		a Duive they facilities are much thitself
629 630		a. Drive-thru facilities are prohibited.
631		b. The internal vehicular circulation system must follow a pattern of intersecting streets that
632		provide alternative routes.
633		provide diterributive routes.
634		c. Points of external access and alignments of internal roadways must facilitate use of public
635		transit. This includes dedication of rights-of-way sufficient for bus pull-outs and bus shelters,
636		as well as transit easements on private streets.
637		
638		d. A comprehensive pedestrian and bicycle circulation system must link all uses, with the intent
639		of minimizing walking distances and reducing dependence on the private automobile for
640		internal travel and external access; and include:
641		
642		i. Pedestrian sidewalks within the rights-of-way of Cape Coral Parkway;
643 644		ii. Pedestrian pathways and bikeways within open space areas, in addition to the sidewalks;
645		iii. Safe and convenient access to retail and service uses, community and public facilities, and
646		public transit, carpool, or vanpool services.
647		public transity curpost services.
648	3.	Public facilities and utilities.
649		
650		a. All utility lines must be placed underground.
651		
652		b. Street lighting must be provided.
653		
654		een area and public use space requirements. The minimum amount of green area is 10 percent of
655	the	e gross area of the site. This green area must include the following:
656	4	Mishing the angular death of the second seco
657	1.	Within the nonresidential area, a plaza for public use;
658		

 Within the residential area, a public park or common open space suitable for active or passive recreation within a reasonable walking distance of any area devoted to multi-family or singlefamily attached dwelling units; and

- Street trees are required on public streets. Street trees shall be placed at a maximum of 30' on center.
- E. Outdoor sound amplification. In addition to the requirements found in Section 5.9.3, the following regulations shall apply:
 - Sound amplification devices shall be oriented toward the use hosting the device, and shall not be oriented toward surrounding residential uses.
 - 2. A proposal to establish an outdoor venue in the MXB district is required to submit a site plan amendment. All proposed outdoor venues associated with a new business shall submit a site plan application to the City which shall be subject to review and approval by the HEX. The site plan amendment shall be reviewed in accordance with the following:
 - a. For waterfront properties, no site plan amendment shall be approved unless the information provided by the applicant indicates that the outdoor sound amplification equipment will be oriented and located in a way that sound will not be projected directly towards the water, unless, the information provided shows that sound barriers or other means of noise attenuation shall be placed so as to substantially reduce the amplified sound that would otherwise impact adjacent properties or adjacent street right-of-way.
 - b. For all other properties, no outdoor amplified sound plans shall be approved unless the information provided by the applicant indicates that the outdoor sound amplification equipment will be oriented toward the interior of the property, unless the information provided shows that sound barriers or other means of noise attenuation shall be placed to substantially reduce the amplified sound that would otherwise impact adjacent properties or adjacent street right-of-way.
 - The outdoor amplified sound equipment and any sound barriers or other attenuation devices approved as part of the plan shall comply with any applicable requirements of the Florida Building Code, including any local amendments.
 - No amplified sound equipment shall be operated in a manner which violates Cape Coral Code of Ordinances Chapter 23, Protected species; and
 - iii. Amplified sound equipment shall be placed no higher than six feet above grade.
- F. Specific regulations for multi-family residences; single family attached 3 units or greater; commercial parking lots and parking garages as a standalone use; bars; craft brewery, distilleries, and wineries; mobile food trucks; arenas and amphitheaters; and home occupations are found in Article 5, Chapter 12 and 13.

Section 4.5.14. Mixed-Use Seven Islands District (MX7)

- A. Intent and purpose. It is the intent of this district to implement City Council adopted plans to create a comprehensively planned, mixed-use development for the Seven Islands area. The specific purposes of the Mixed-Use Seven Islands District are:
 - 1. To provide for an integrated mix of uses that includes:
 - a. A diversity of housing options;

- b. A diversity of commercial, office, research and development, and institutional uses providing employment as well as goods and services; and
- c. Adequate open space for active and passive recreation that encourages public interaction.
- To provide for access via a circulation system and pattern that encourages travel on foot and by bicycle within the neighborhood and the use of public transit for external travel, augmented by locations for automobile parking that do not inhibit such circulation.
- 3. To provide, where appropriate, for integration and compatibility of residential uses with commercial, office, research and development, or institutional uses.
- 4. To establish land use and design standards that will ensure compatibility with surrounding uses.
- To establish standards and procedures through which the land use objectives and guidelines of an approved and adopted master or area plan serve as the basis for evaluating an individual multiuse neighborhood proposal.
- 6. To authorize development that is consistent or may be shown to be consistent with applicable laws, regulations, and restrictions addressing environmental protection.
- B. Where applicable. Land classified MX7 must be in an area for which an approved and adopted Use same language as above master or area plan recommends mixed use development at an appropriate scale.
- C. Location. The location of properties identified as MX7 are limited to those identified in the Seven Islands Master Plan. Properties identified as MX7 are limited to Tracts A-G, and I, and Blocks 6400-6408, Unit 76, Cape Coral Subdivision.
- D. Residential. Any type of dwelling unit as well as any accessory use is allowed, so long as the location and mix of types must be consistent with the Seven Islands Master Plan. A residential use may be intermixed with a nonresidential use or uses in the same block, lot, or building.
- E. Maximum residential dwelling units and non-residential square footage. The maximum number of residential dwelling units is 995 dwelling units, and non-residential square footage is 110,000 square feet, no less than 40,000 of which is a community center. The mix of residential dwelling units and non-residential square footage shall be in accordance with the Seven Islands Master Plan, concept D1.

- F. Compatibility and design standards. All uses must conform to the guidelines of the Seven Islands Master Plan. Uses must be compatible with existing or planned development on or adjacent to the site
 - 1. Height and Orientation.

- a. No building may be constructed to a height greater than 8 stories/115 feet, or as indicated in the Seven Islands Master Plan, Concept D1.
- A building primarily used for retail or office use must be oriented toward the street on which
 it fronts. Off-street parking shall be kept to a minimum between the building and the front
 lot line.
- 2. External access and internal circulation.
 - a. The internal vehicular circulation system must follow a pattern of intersecting streets that provide alternative routes.
 - b. Points of external access and alignments of internal roadways must facilitate use of public transit. This includes providing sufficient rights-of-way for bus pull-outs and bus shelters, as well as transit easements on private streets.
 - c. A comprehensive pedestrian and bicycle circulation system must link all uses, with the intent of minimizing walking distances and reducing dependence on the private automobile for internal travel and external access; and include:
 - i. Pedestrian sidewalks within the rights-of-way of Old Burnt Store Road and Tropicana Parkway;
 - Pedestrian pathways and bikeways within open space areas, in addition to the sidewalks, when environmental factors do not prohibit the construction of paths and bikeways; and
 - Safe and convenient access to retail and service uses, community and public facilities, and public transit, carpool, or vanpool services.
- 3. Public facilities and utilities.
 - a. All utility lines must be placed underground.
 - b. Street lighting must be provided in accordance with the site plan.
- G. Green area and public use space requirements. The minimum amount of green area is 30 percent of the gross area of the site. This green area must include the following:
 - 1. Within the nonresidential area, a plaza for public use;
 - Within the residential area, a public park or common open space suitable for active or passive recreation within a reasonable walking distance of any area devoted to multi-family or singlefamily attached dwelling units; and

- 3. Integration of active and passive spaces to encourage joint use by employees and residents, subject to the following criteria:
 - a. Active open spaces include large, open play fields, local parks, and small recreation areas;
 - b. Passive open space areas and preserve natural features such as trees and wetlands; and
 - c. Active and passive open spaces will not be isolated from the Seven Islands development.
- H. Surface parking. The form, arrangement, and landscaping of off-street surface parking for multi-family dwellings and commercial uses are designed to avoid large expanses of paved area. Parking shall be away from the street frontage and in the interior of the lot, unless the City Council makes a finding that parking between the building and front lot line will serve the purposes of the district more effectively than an interior location.
- I. Drive-thru lanes prohibited. To encourage pedestrian-friendliness, no use may utilize drive-thru lanes in the MX7 district.
- J. Specific regulations for multi-family residences; single family attached 3 units or greater; commercial parking lots and parking garages as a standalone use; movie theaters; craft brewery, distilleries, and wineries; mobile food trucks; and home occupations are found in Article 5, Chapter 12 and 13.

Section 4.5.15. South Cape District

The South Cape District special regulations are intended to act as a stimulus to development through provisions that permit a flexible approach to infill development within the City's Community Redevelopment Area. Developments providing affordable housing are incentivized by providing greater residential density, and building height than that permitted by right.

Specific conditions for multi-family residential and vehicle fueling stations are in Article 5, Chapter 12.

A. Maximum Density and Height

Table 4.5.15. Maximum Density and Height

	1	Maximum Density (du/acre)
Baseline	6/95	50
Minimum 20% of Units Affordable	10/120	70

- 1. All buildings or portions of buildings within 200 feet of the R1 zoning district shall be limited to six stories or 95 feet, whichever is less.
- Maximum building height shall not apply to the following building components: elevator and stair bulkheads; solar energy systems; shade devices associated with parking structures or recreational

amenities; skylights or similar components associated with daylighting; and mechanical equipment, provided that such equipment is architecturally screened on all sides.

- B. Standards for site design. Sites shall be designed to incorporate safe and convenient vehicular use areas and pedestrian ways, with landscape, lighting, and signage treatments intended to result in a comprehensive design.
 - 1. Streets. Streets in the South Cape zoning district are classified as follows:
 - a. Primary streets

838 839

840 841

882 883

- i. Cape Coral Parkway
- ii. Coronado Parkway
- iii. SE 47th Terrace
- Secondary streets. All streets other than those included as a primary street within the boundaries of the SC district.
 - i. Del Prado Boulevard
 - ii. Miramar Street
- iii. Lafayette Street
- iv. SE 46th Lane, Street
- v. SE 10th Lane
- vi. Leonard Street
- c. Local streets. All streets other than those included as a primary or secondary.
- 2. Building setbacks.
 - a. Front. The following front setbacks are established based upon the established street types:
 - i. Primary: minimum, 8 feet; maximum 12 feet
 - ii. Secondary: minimum 8 feet; maximum None
 - b. Side.
 - i. If adjacent to an alley, a 5-foot setback is required; otherwise, 0.
 - ii. If adjacent to single family property, a minimum ten-foot setback, is required inclusive of a five-foot landscaped strip.
 - iii. If adjacent to existing ROW, see subsection (a) above.
 - iv. If adjacent to a navigable waterway, fifteen feet.
 - v. If adjacent to a public utility easement, a minimum 6-foot setback is required.
 - c. Rear.
 - i. If adjacent to an alley, a 5-foot setback is required.
 - ii. If adjacent to single family property, a minimum ten-foot setback, is required inclusive of a five-foot landscaped strip; otherwise 0.
 - iii. If adjacent to existing ROW, see subsection (a) above.
 - iv. If adjacent to a navigable waterway, fifteen feet

- d. Variations in required in setbacks may be approved by the DCD Director to accommodate pedestrian amenities, such as public plazas, pedestrian entries, outdoor dining areas and similar public use areas, or landscaping.
- 3. Street Frontage Standards:

- a. Parking structures or buildings elevated over surface parking lots shall have an occupied ground floor space for a minimum depth of 20 feet from the frontage lines.
- b. Properties with a frontage along a primary street, residential 1st floors are permitted beyond a depth of 50 feet from the building setback. Buildings shall have a principal pedestrian entrance on a primary frontage line.
- c. Properties with a frontage along a primary that abut an alley, vehicular egress shall be provided from the alley rather than a frontage line.
- d. No loading docks and service areas shall be on primary street frontage lines.
- e. Outdoor storage areas are not permitted on primary street frontages.
- C. Parking Requirements. Parking requirements for the South Cape district can be found in Article 6.
- D. Affordable Housing Density Incentive. Density incentives are opportunities offered to property owners and applicants to meet specific development goals while providing benefits to the community at large. Developers who dedicate a minimum of 20% of the total units as affordable will be eligible for increased density in accordance with Table 4.7.4.a Maximum Density and Height.
 - 1. Location of Units. Affordable units must be provided on-site.
 - Maximum Number of Units. Developers shall not dedicate more than 50% of the total units as affordable.
 - 3. Criteria for affordable housing. The affordable housing development incentive shall be available to a development only when an affordable housing incentive development agreement has been entered into by the applicant and the City of Cape Coral and such agreement has been approved by the City Attorney and the City of Cape Coral prior to execution. Amendments to such agreement shall be executed in the same manner as the original agreement. The affordable housing incentive development agreement shall include, at a minimum, the following provisions:
 - a. Legal description of the land subject to the agreement and the names of its legal and equitable owners;
 - b. Total number of residential dwelling units in the development;

- Minimum number of affordable housing units, categorized by level of household income, type of unit (condominium or rental), and number of bedrooms, required in the development;
- d. Total number of affordable housing dwelling units permitted in the development;
- e. Gross residential density of the development;

- f. Amount of monthly rent for rental units, or the price and conditions under which a condominium unit will be sold, for each affordable housing unit;
- g. The price of affordable housing units offered for rent or sale shall be based on the number of bedrooms in the unit and shall not exceed low income limits established annually by the United States Department of Housing and Urban Development for the Metropolitan Statistical Area which includes the Cape Coral downtown CRA;
- h. No affordable housing unit in the development shall be rented or sold to a tenant whose household income has not been verified as an income qualified family. Such verification shall be the responsibility of the owner and shall be submitted to the City for approval.
- No affordable housing unit that is to be sold, leased with option to purchase, or otherwise conveyed by the development shall be sold, leased with option to purchase, or otherwise conveyed to a buyer whose household income has not been verified and certified in accordance with this subsection as low-income family. Such verification and certification shall be the responsibility of the applicant and shall be submitted to the City for approval. It is the intent of this subsection to keep housing affordable; therefore, any person who buys an affordable housing unit must agree, in a lien instrument to be recorded with the Clerk of the Circuit Court of Lee County, Florida, that if he or she sells the property (including the land, the unit, or any combination thereof) within 15 years after his or her original purchase at a sales price in excess of 5% per year of his original purchase price that he or she will pay to the City of Cape Coral an amount equal to the sales price in excess of 5% increase per year. The lien instrument may be subordinated to a qualifying first mortgage at the option of the city. For example, a person originally buys a designated affordable housing unit for \$100,000 and sells it after five years for \$150,000. A 5% increase per year for five years will give a value of \$127,628. Deducting this amount from the sales price of \$150,000 gives a difference of \$22,372. The seller would then owe the City of Cape Coral \$22,372. Payment of this amount would release the first owner from the recorded lien against the property. Such payment shall be maintained in a segregated fund, established by the city solely for affordable housing purposes, and such money shall be used solely to encourage, provide for, or promote affordable housing in the City of Cape Coral;
- No affordable housing unit for which credit is awarded shall be occupied by the applicant, any person related to or affiliated with the applicant, or a resident manager;
- k. The applicant shall advertise, rent, sell, and maintain the affordable housing unit in a nondiscriminatory manner and make available all relevant information to any person who is interested in renting or purchasing such affordable housing unit. The applicant shall agree

to be responsible for payment of any real estate commissions and fees. The affordable housing units in the development shall be identified on all building plans submitted to the city and described in the application for affordable housing development incentive;

- Except as required in this subsection, the applicant shall not disclose to persons, other than
 the potential tenant, buyer or lender of the particular affordable housing unit or units,
 which units in the development are designated as affordable housing units;
- m. The square footage, construction and design of the affordable housing units shall be the same as market rate dwelling units in the development;
- n. The affordable housing units shall be integrated with, and not segregated from, the market rate dwelling units in the development. The conditions contained in the affordable housing incentive development agreement shall constitute covenants, restrictions, and conditions which shall run with the land and shall be binding upon the property and every person having any interest therein at anytime and from time to time. The affordable housing incentive development agreement shall be recorded in the official records of Lee County, Florida, subsequent to the recording of the deed pursuant to which the applicant acquired fee simple title to the property;
- o. In the case where a development will occur in more than one phase, the percentage of affordable housing units to which the applicant has committed for the total development shall be maintained in each phase and shall be constructed as part of each phase of the development on the property. For example, if the total development's affordable housing development incentive is based on the provision of 10% of the total dwelling units as affordable housing rental units for low income households with two bedrooms per unit, then each phase shall maintain that same percentage (10% in this case) cumulatively.
- p. Each affordable housing unit shall be restricted to remain and be maintained as an affordable housing unit designated in accordance with the affordable housing incentive development agreement for at least 15 years from the issuance of a certificate of occupancy for such unit; and
- q. The applicant and owner of the development shall provide on-site management to assure appropriate security, maintenance and appearance of the development and the dwelling units where these issues are a factor.
- 3. Certificate of Occupancy. A certificate of occupancy shall not be issued to any affordable unit until all affordable housing requirements applicable to that unit are satisfied. If, after the issuance of the first certificate of occupancy, the city determines any requirement in this subsection has not been met, then the city may revoke the certificate of occupancy and would subject the applicant or owner to any penalty imposed by law.
- E. Specific regulations for multi-family residences; commercial parking lots and parking garages as a standalone use; vehicle fueling stations; craft brewery, distilleries, and wineries; mobile food trucks; wireless antennas; and home occupations are found in Article 5, Chapter 12 and 13.

CHAPTER 1. GENERAL REQUIREMENTS FOR ALL DEVELOPMENT

Section 5.1.1. Purpose and Intent

The purpose of this article is to provide standards for all development in the City of Cape Coral.

Section 5.1.2. Connection to utilities.

All development is required to connect to public or private utilities, as required as by the City of Cape Coral Code of Ordinances, Chapter 19 Water and Sewer Utilities.

Section. 5.1.3. Requirements for underground utilities.

A. In new residential subdivisions, all utility lines (including electrical power distribution, telephone, communication, street lighting, and cable television signal service) shall be installed underground. This Section shall apply to all cable, conduits, or wires forming part of an electrical distribution system, including service lines to individual properties.

However, this Section shall not apply to wires, conductors, or associated apparatus and supporting structures whose exclusive function is in transmission of electrical energy between generating stations, substations, transmission lines of other utility systems, and main distribution feeder electric lines delivering power to local distribution systems. Appurtenances such as transformer boxes, pedestal-mounted terminal boxes, and meter cabinets may be placed above ground and in such a manner as to minimize noise effects upon the surrounding residential properties.

B. The developer shall provide for the necessary costs and other arrangements for such underground utility installation.

C. For all new buildings in the Commercial Corridor, South Cape, and PUD zoning districts all onsite utilities including telephone, electricity, cable television, and other wires of all kinds shall be placed underground. However, appurtenances to these systems that require aboveground installation, including utility panel boxes, are exempt from this requirement if the appurtenances are not placed in front yards. When such appurtenances are placed in utility easements abutting a platted alley,

they shall be placed at least ten and one-half feet from the centerline of the platted alley. These underground requirements also apply to those improvements to non-conforming structures that exceed the 50% thresholds as described in Article 8, Nonconformities. All utility infrastructure, including electric utility poles and power lines, shall be concealed from public view wherever possible. All new electric distribution lines shall be located in utility easements abutting platted alleys and the utility poles shall be positioned so that a minimum clearance of ten and one-half feet from the centerline of any platted alley is maintained. For properties that do not have a rear platted alley, the electric distribution lines and utility poles shall be placed in the rear utility easement wherever possible.

D. In the South Cape zoning district where overhead or underground utility lines have been placed in the six-foot PUE, a property owner shall choose one of the following options:

Relocate the utility lines to the alley or other acceptable location, at the property owner's sole
expense, and subject to approval by the affected utility provider(s) and the City of Cape Coral;
or

2. Place a concrete sidewalk or architectural elements on the front six-foot property setback. If overhead electric lines are in place, no awnings, canopies, balconies, colonnades, arcades, or front porches may be constructed forward of this line even if otherwise required by this code. If underground lines of any type are in place, the property owner is solely responsible for repairing any damage to lawful encroachments into the six-foot easement resulting from maintenance or improvements to utility lines.

Section 5.1.4. Access required.

Except as otherwise provided, all building sites shall have access on a street or a road shown on an approved and recorded final plat. One or more buildings may have no direct access to a street provided that the approving authority finds that such building site(s) have adequate indirect access to a street such as a recorded easement or right-of-way through or over another parcel. The city may prohibit direct access from a parcel or building site to a street when the approving authority finds that prohibition of direct access would promote the public health, safety, and welfare based on factors including traffic or transportation safety and when the parcel or building site could be afforded indirect access to a street or other road via another parcel or building site.

Section 5.1.5. Protection of underground pipelines and utilities.

A. Intent. It is the intent of the City Council to protect underground pipelines and utilities from destruction or damage to prevent:

1. Death or injury to persons;

2. Property damage to private and public property; and

3. Loss of essential pipeline or utility services to the general public.

B. Notice requirements for excavation. No excavator shall make or begin any excavation on public property or dedicated easements without first obtaining information concerning the possible location of utility lines in the area of the proposed excavation. The excavator may obtain such information by contacting each entity who may have utility facilities in the area of the proposed excavation. Such contact may be made by telephone, written correspondence, e-mail, messenger, or in person.

238 C. N

C. Notice requirements when marking of lines is necessary. If marking of utility lines is necessary, the excavator shall notify that entity so that the entity receives notification at least 48 hours (excluding Saturdays, Sundays and legal holidays) prior to the commencement of the excavation. When marking is necessary the utility line concerned shall be marked by the entity. Marking of a utility line is necessary when:

1. A proposed excavation, except blasting, is planned with five feet of a utility line located on public property or a dedicated easement.

2. A proposed excavation, by blasting, is planned in such proximity to a utility line that the utility line will be destroyed, damaged, or disturbed.

D. Penalties for violation. Any person violating this section shall be punished as provided in the Code of Ordinances of the City of Cape Coral.

Section 5.1.6. Protection of easements.

A. In the R-1, RML, RE, and A zoning districts, the six-foot easement around the perimeter of sites shall be preserved and nothing shall be placed or constructed on such easements other than a paved driveway, walkway, sidewalk, fences or well. In addition, for non-residential uses lawfully located in residential zoning districts, paved off-street parking areas may be placed or constructed on the six-foot easement around the perimeter of the site.

B. In the RMM zoning district, where lot depth is greater than 131 feet, the six-foot easement around the perimeter of the sites shall be preserved and nothing shall be placed or constructed on such easement other than a paved driveway, walkway, sidewalk, paved off-street parking areas, or a well when site conditions make it impractical to locate elsewhere. On sites with a depth of less than 131 feet, paving of the front easement for parking purposes shall be permitted.

C. Lawn sprinkler systems and landscaping may be placed in the 6' PUE easements as permitted by the Code of Ordinances or the Land Development Code.

D. In the C, CC, I, INST, MX, MXB, MX7, NC, P, and SC zoning districts, paved off-street parking areas, paved driveways, sidewalks, wells, walkways at ground level, lawn sprinkler systems, or landscaping may be placed in an easement provided that all other requirements of the Code of Ordinances or the Land Development Code are met.

275 E. Nothing in this section shall prohibit the construction of seawalls, davits, docks, or other structures as permitted by the Cape Coral Code of Ordinances.

277

278 F. If a utility removes, damages, or disturbs the construction or other material within an easement as 279 280 281 282 283 284

286 287

319

allowed by this section, the property owner shall be responsible for the cost of its removal, relocation, repair, or replacement. If any plant material in an easement required by Chapter 5 of this Article of the Land Development Code is removed or damaged, the property owner shall replace all such material within 30 days of the completion of the utility work. In addition, prior to issuing a permit to locate, place, construct, or install any structure, construction, driveway, or other material in an easement, the city may require the property owner to agree to indemnify and to hold the city harmless from any or all costs or expenses incurred as a result of such location, placement, construction, or installation in the easement.

G. The city may deny applications to place wells, fences, walls, or other materials in an easement if such would conflict with existing or proposed utilities or drainage functions.

Section. 5.1.7. Required visibility triangles.

- As an aid to allow for safe operation of vehicles, pedestrians, and cyclists in the proximity of intersecting streets, driveways, alleys, and bicycle paths, there shall be limitations on the height of fences, walls, gateways, ornamental structures, signs, hedges, shrubbery, and other fixtures as visually depicted in the Cape Coral Engineering and Design Standards and as follows:
- A. All landscaping and signs within the visibility triangle shall provide unobstructed visibility between 30 inches and eight feet, with the exception of tree trunks that do not create a traffic hazard.
- B. The property owner shall be responsible for maintaining all landscaping within the visibility triangle.
- C. Landscaping, except required turf and ground cover, shall not be closer than five feet from the edge of any roadway and three feet from the edge of any alley or pavement.
- D. It shall be unlawful for any person to plant or cause to be planted any tree or shrub or to place any structure in the public right-of-way without the necessary permit.
- E. The elevation grades of the public right-of-way adjacent to private property shall not be altered.
- F. The Community Development Director shall make the final determination regarding visibility triangles.

Section 5.1.8. Sidewalks and alleys.

A. Non-Residential Zoning Districts. As part of construction of each building erected in non-residential zoning districts (C, CC, I, INST, MX, MXB, MX7, NC, P, and SC) sidewalks shall be installed prior to the issuance of a certificate of occupancy pursuant to the standards and specifications set forth in the City of Cape Coral Engineering Design Standards.

- B. All sidewalk, curbs, and gutters shall be constructed to the widths shown in the City of Cape Coral Engineering Design Standards, except where a sidewalk has been installed and the established width is less than five feet, the minimum width of the sidewalk to be installed shall be the width of the existing sidewalk.
- C. All improvements in the public right of way such as curbing, street paving, and gutters shall be constructed according to the City of Cape Coral Engineering and Design Standards.

- D. Lot owners who erect buildings or change the use on only a portion of a lot must provide the curbs, sidewalks, and gutters for the entirety of the property, as required by this subsection, which shall be at the expense of the lot owner.
 - E. As part of the construction of each building erected in the C, CC, I, INST, MX, MXB, MX7, NC, P, and SC zoning districts adjacent to a platted alley the alley shall be improved prior to the issuance of a certificate of occupancy. Such alley portion shall be constructed in accordance with the Engineering Design Standards along the length of the property line of the site lying adjacent to the platted alley. In addition to new construction in the C, CC, I, INST, MX, MXB, MX7, NC, P, and SC zoning districts, alterations to existing sites lying adjacent to a platted alley shall be required to make the alley improvements required by this section if the value of such alterations exceeds 50% of the replacement value of the site improvements. These improvements include parking areas, internal curbing, and retention areas but exclude internal, previously existing modifications to the building.
 - F. Payment in Lieu of Construction. At the discretion of the City, the City may accept payment in lieu of construction for all or part of the off-site improvements required by the City. For projects where payment in lieu of construction will be employed, the developer shall submit to the City 110% of the estimated cost of the improvements as prepared by a professional engineer licensed in the state of Florida, which shall be reviewed and approved by the City. The developer shall provide the City with payment for all construction costs prior to the issuance of a development permit for the site.
 - G. Residential. As part of the construction of each building erected in the R1, RML, RMM, RE, and A zoning districts, sidewalks shall be required adjacent to streets designated for sidewalks by the Comprehensive Plan Traffic Circulation Element and Bicycle Pedestrian Plan. This does not apply to existing structures that are being remodeled or repaired.

Section 5.1.9. Work in the Public Right-of-Way and Public Utility Easements

- A. General. Except as provided below, no construction, change, modification, or alteration of any type or nature whatsoever, including, but not limited to, the addition or removal of fill, vegetation, or other materials, and/or the placement, installation or erection of any object or vegetation, shall be allowed within a city-owned right-of-way or swale, except as provided in Chapter 1 of this Article.
- B. No permit required. The following work and/or activities shall be allowed in the public right-of-way or roadway easement areas without the necessity of a city permit:

- Trimming, cutting, and/or maintenance of trees, shrubs, and other vegetation existing as of the effective date of this ordinance in the public rights-of-way or swales;
 - 2. Markers, commonly known as buttons, turtles, or half-moons, may be placed 18 inches from the edge of the pavement in residential zoning districts provided that such markers shall not exceed a height of four inches. However, no markers shall be placed within any public right-of-way which is adjacent to a roadway with four or more lanes;
 - 3. Mailboxes may be placed in the public rights-of-way or swales so long as they are in accordance with the City of Cape Coral Engineering Design Standards. The mailbox may be immediately surrounded by a small bed consisting of landscape edging materials or concrete curbing, bedding plants and/or groundcover, and mulch or decorative rock provided that such decorative rock shall not exceed four inches when measured in any direction, pursuant to Chapter 5 of this Article. In no event shall the diameter of the plant bed exceed two feet when measured from the outer-most edges of any landscape edging material or concrete curbing utilized;
 - C. Permit required. The following work and/or activities shall be allowed in the public right-of-way or roadway easement areas provided that the property owner first obtains a permit from the city:
 - 1. Culvert installation and appurtenant work;
 - 2. Sod installation and appurtenant work;

- 3. Driveway installation and appurtenant work;
- 4. Curb, gutter, sidewalk, sod, and paving without alley improvements;
- 5. Curb, gutter, sidewalk, sod, and paving, with alley improvements;
- 6. Installation of sprinkler systems. However, if the sprinkler system is disturbed, damaged, or destroyed by the City performing work in the public right-of-way, the owner shall be solely responsible for any cost resulting from such disturbance, damage to, or destruction of the sprinkler system in the right-of-way; and
- 7. Median landscaping as permitted in Chapter 5 of this Article.
- D. Under no circumstances shall any of the activities permitted above result in any change, modification, or alteration of any type whatsoever, to the established grade, slope, or contour of the public swale or right-of-way not specifically addressed by the *City of Cape Coral Engineering Design Standards*.
- 411 E. None of the prohibitions contained in this ordinance shall apply to any construction, change, 412 modification, or alteration within a public right-of-way or swale which is performed by or 413 required by a governmental entity or public utility.

F. Public Utilities. No public utility including electric, phone, cable tv, internet, cellular, or gas company will be allowed to install or maintain facilities, begin construction, change, modify, or alter in any way whatsoever the public right-of-way, swale, or adjacent public utility easements, including the addition or removal of fill, vegetation, or other materials, without a permit.

Section 5.1.10. Maintenance of city rights-of-way.

All property owners shall be responsible to either maintain or construct the city-owned right-of-way lying between their property boundaries and the city pavement, to include the following standards.

A. Prior to preparation of a building lot for construction, the building permit holder shall obtain the correct swale flow line elevations from the Engineering Department and proceed immediately to create the required swale needed to allow continuous uninterrupted flow of stormwater throughout the construction process.

B. During construction or reconstruction straw bales or other approved erosion control devices shall be placed in the swale adjacent to both property lines to impede all foreign matter from entering the stormwater system. The erosion control devices shall remain in place until placement of final sod in the right-of-way.

C. No excavated material or construction material shall restrict stormwater flow within the swale area.

D. Upon issuance of the certificate of occupancy, the owner shall maintain the swale indefinitely to the same standard that is applied to privately-owned property.

E. All pavement cuts must be repaired to meet or exceed engineering design standards.

Section 5.1.11. Building numbers and addresses.

All buildings in the City of Cape Coral shall display a proper building number at least four feet from the ground level. All building numbers shall be visible from the public right-of-way which the front of the building faces. Building numbers of sufficient size which are affixed to both sides of mail boxes on such right-of-way or building numbers which are affixed to lawful signs not attached to the building may be substituted for number affixed to buildings.

Section 5.1.12. General regulations for lots, yards, and setbacks.

A. Double frontage other than corner lots. Double frontage other than corner lots shall meet front setback regulations on all adjacent streets.

B. Corner lots. In the SC and MXB zoning district(s), corner lots shall be deemed to have front lot lines abutting all street right-of-way lines. For corner lots in all other zoning districts, the following shall apply:

- 1. The front of any building site shall be determined by the lesser dimension of a single lot (not building site). This frontage shall have the established setback for the particular zoning district, but in no instance be less than 25 feet.
 - 2. The remaining street frontage shall have a setback of no less than ten feet in all zoning districts. The remaining street frontage shall be maintained as a front yard and the regulations for fences, shrubbery, and walls of this ordinance shall apply.
 - 3. On sites bounded by three streets, one lot line shall be designated by the Director as the rear and maintained as the rear setback of that zoning district. For purposes of this section, all but the rear yard shall be maintained as a front yard and the regulations for fences, shrubbery, and walls of this ordinance shall apply.
 - 4. The front of a single-family residential building shall not be offset from the front property line by an angle greater than 45 degrees.
- C. No parcel shall be reduced below the minimum dimensional requirements in the zoning district. This provision shall not apply when a portion of a parcel is acquired for a public purpose.

Section 5.1.13. Single-family residential standards

In addition to all other provisions of this Code, single-family residential uses shall be subject to the following requirements.

- A. In the R1 and RE zoning districts only one single family residence shall be permitted per parcel.
- B. Ornamental walls. Ornamental walls attached to the principal building shall have the following requirements
 - 1. Ornamental walls shall not be higher than four feet at any point where they extend beyond the roof overhang and into the side setback.
 - 2. Ornamental walls may extend into the side setback but shall not extend into the six-foot perimeters easements.
 - 3. An ornamental wall not to exceed 30 inches in height may be installed in the front yard.
 - 4. Ornamental walls may be in the form of a planter.
 - 4. A planter may be incorporated into the construction of a wingwall.
 - C. Water discharge. All gutter downspouts or similar water discharge devices shall direct the discharge to the front or rear property lines.

Section 5.1.14. Multi-family residential.

505 506			tion to other provisions of this ordinance, single-family attached structures, duplexes, and multi- residential uses shall be subject to the following requirements.
507 508	A.	Dis	tance between buildings.
509 510 511 512		1.	Clustered buildings. Buildings may be constructed on proper building sites in cluster style providing a minimum of 20 feet is maintained between the buildings up to a height of 38 feet.
513 514 515			 One foot shall be added to the 20-foot distance for every foot of height increase over 38 feet.
516 517			b. Carports will not be considered in determining the 20-foot distance between buildings.
518 519	В.	Wa	ter discharge.
520 521 522		1.	Water discharge. All gutter downspouts or similar water discharge devices shall direct the discharge to the front or rear property lines.
523 524		2.	This provision shall be applicable only to duplexes in multi-family residential uses.
525 526	Se	ction	5.1.15. Dumpster Enclosures.
527 528 529			where noted below, all sites with uses other than single-family residences and duplexes, shall commercial trash receptacles in accordance with the regulations in this section.
530 531	A.	Scr	eening.
532 533 534 535		1.	Except for the SC and MXB Districts, when commercial trash receptacles are in a rear yard that abuts an alley, all commercial trash receptacles shall be enclosed from view on at least three sides by an opaque visual barrier.
536 537 538 539		2.	When a commercial trash receptacle is visible from an adjacent property or an adjacent street, at ground level, then the commercial trash receptacle shall be enclosed on the fourth side by an opaque gate that shall be the same height as the opaque visual barrier on the other three sides.
540 541 542		3.	The principal structure may be used as the opaque visual barrier on one or more sides provided the commercial trash receptacle is completely concealed from view.
543 544	В.	Ma	terials.
545 546		1.	The following materials, either singly or in any combination, are the only materials that may be used for the opaque visual barrier and gate:
547 548 549			a. Wood fencing;

b. Plastic or vinyl fencing;

c. Concrete block and stucco wall;

551 552

554 555			d. Brick wall; or
556 557			e. Formed, decorative, or precast concrete.
558 559 560		2.	Chain link fencing, whether singly, or combination with other materials, including plastic slats, shall be prohibited.
561 562 563		3.	Gates shall be constructed of a durable, opaque material, consistent or complimentary in color with the enclosure and of a height to screen the container.
564 565	C.	Loc	ation.
566 567		1.	Commercial trash receptacles shall not be located on unimproved sites.
568 569 570		2.	Commercial trash receptacles and accompanying visual barriers, are subject to the following minimum setbacks:
571 572			a. Six feet from the front property lines in the SC and MXB Districts.
573 574			b. Three feet from alley rights-of-way.
575 576 577 578 579 580 581		3.	When located in a public utility or drainage easement, the property owner shall be solely responsible for removal of the commercial trash receptacle as well as for any cost resulting from disturbance, damage, destruction, or restoration of the receptacle resulting from work associated with utilities in such easement. Prior to issuing a permit, the City may require the property owner to agree, in writing, to indemnify and to hold the city harmless from any costs or expenses resulting from placing a commercial trash receptacle in an easement.
582 583 584 585 586 587 588		4.	A commercial trash receptacle may be placed on an adjoining property provided that the premises are adjacent to or directly behind the development and written consent of the adjoining property owner is submitted to and approved by the Director. The adjoining property owner may revoke this consent upon written notice to the development and the Director. The development shall have 30 days from revocation to relocate the commercial trash receptacle and to comply with all requirements of this section.
589 590 591 592		5.	Developments within 25 feet of a City-owned parking lot may, upon approval by the Director, locate enclosures on the City-owned parking lot. Approval may be revoked at any time, upon reasonable notification, by the City.
593 594 595 596	D.	and dur	nensions. The dumpster enclosure shall have a minimum interior dimension of ten feet by ten feet I a height at least six inches higher than the enclosed commercial trash receptacle. Neither the inpster enclosure or the gate providing access to the commercial trash receptacle shall be issidered a fence or a wall pursuant to the City Code of Ordinances or Land Development Code.

597	
598	

E. All dumpster enclosures shall be located so that a sanitation vehicle has physical access to the commercial trash receptacle that is adequate for safely servicing the facility.

F. Each commercial trash receptacle shall be located on a concrete pad.

G. All solid waste or other refuse, including recycling materials stored in commercial trash receptacles, shall be concealed by a lid attached that shall remain in the closed position unless materials are being placed into the receptacle or the receptacle is being serviced. No material shall be permitted to overflow the receptacle.

H. In the event a commercial trash receptacle is in a dumpster enclosure that includes a gate, regardless of whether such a gate would have been required pursuant to this section, the gate shall be of a type that opens sufficiently to allow unimpeded access to the trash receptacle by the sanitation vehicle and shall have drop pins, hooks, or other devices installed to hold the gate open while the receptacle is being serviced. All gates shall remain closed unless the receptacle is being serviced.

I. Deviations. In the event an owner is unable to comply with the requirements of this section, the owner may request an administrative deviation from the Director. In determining whether to approve an administrative deviation, the Director shall consider factors such as dimensions of the property, site constraints such as existing development, or other location factors that may make compliance with this section impossible or impractical. The determination to approve an administrative deviation shall be at the sole discretion of the Director.

J. Maintenance. Commercial trash containers shall be maintained in a manner which is not a nuisance to surrounding uses.

1. The receptacle shall be stored in the enclosure and the gate(s) to the enclosure shall remain closed at all times unless it is being accessed at that time.

2. Refuse may not be left outside of the enclosure or on the ground within the enclosure.

Section 5.1.16. Outdoor seating.

 Outdoor seating may be permitted as an accessory use to a restaurant, hotel, bar, or fraternal organization provided the following conditions are met:

A. All outdoor seating:

1. Music may be permitted to be performed or amplified in outdoor seating areas, in accordance with Section 12-22 of the City's Code of Ordinances, or in accordance with a permit per Chapter 9 of this Article.

2. Parking shall be provided at a rate of 1 parking space per 200 square feet of outdoor seating area.

B. Outdoor seating in public areas.

1. The number of outdoor seats and tables shall be limited to that number that can be reasonably

accommodated according to the available widths of the associated storefront and sidewalk or patio area. Adjacent sidewalk bulb-out areas, even if not directly in front of the associated

storefront, may be considered on an individual basis, when the affected storefront owner does

The sidewalk café owner or operator shall remove any seating or tables when the business is closed, or when an authorized agent of the city makes such a request.
- 4. Public sidewalks adjacent to any approved sidewalk café shall be properly maintained for safety and cleanliness by the sidewalk café owner or operator on a daily basis. Litter, dirt, grime, grease, and food shall not be permitted to accumulate at any time.
- 5. An indemnity agreement, provided by the director of Community Development shall be signed and provided by the sidewalk café owner or operator, along with proof of public liability insurance as approved by the city attorney.

CHAPTER 2 ACCESSORY STRUCTURES

not object.

Section. 5.2.1. General Requirements.

- A. This chapter shall pertain to residential properties unless otherwise specifically stated herein. Accessory structures on non-residential properties shall be reviewed per the standards of that zoning district. Agriculturally zoned properties shall not be considered residential for purposes of this section.
- B. Accessory buildings shall be constructed to conform to the minimum building requirements and shall meet all other regulations applicable to the district.
- C. Residential accessory buildings shall be in the rear yard, other than those listed in Section 5.2.1, and shall comply with all of the requirements found in this Section.
- D. Accessory structures, such as pergolas, arbors, trellises, and flag poles may be in the rear, side, or front yard of the primary structure. Fences and sheds may be permitted in the rear or side yard of the primary structure.
- E. No accessory structure, including fences, shall be constructed on any residential parcel not containing a primary structure.
- F. Accessory buildings shall be elevated above the base flood elevation (BFE) or provide hydrostatic vents consistent with FEMA regulations.

- 688 G. All nonconforming accessory structures shall be subject to the requirements of Article 8
 689 Nonconformities.
- H. Any accessory structure not listed in this chapter may be reviewed and considered for approval through a similar use determination process.
 - I. In non-residential districts, all accessory structures shall be reviewed and held to the same standard as a non-residential structure.
 - J. Setbacks shall be measured from the property line and must be considered in addition to all other locational requirements.

Section 5.2.2. Accessory Dwelling Units (ADUs)

same lot as a principal dwelling.

A. All ADUs shall comply with the following:

2. The accessory dwelling unit must have a bathroom and shall share the same sewage disposal and water supply systems as the principal dwelling unit unless separate sewer and water connections are required by the City of Cape Coral.

1. An ADU may be within a single-family detached dwelling or a detached accessory building on the

3. A minimum of one additional off-street parking space shall be provided. The additional space shall be on the same lot as the principal dwelling unit.

4. No new access points or driveways shall be created or installed for access to the ADU.

717 718

720 721		5.	The accessory dwelling may contain no more than a living area, one bedroom, one bath, and a kitchen.
722 723		6.	The owner of the property shall live in the principal dwelling or the ADU.
724 725	В.	ADUs within a single-family dwelling shall comply with the following:	
726 727 728 729		1.	There shall only be one entrance to the front of the house. Separate entrances to an ADU are permitted at the side or the rear of the principal dwelling unit.
730 731 732 733 734		2.	If the ADU and the principal residence are on the same floor or story, the ADU shall be limited to 30 percent of the total living area of the principal dwelling or 800 square feet, whichever is less. If the ADU is on a single floor or story and there is no increase in the size of the house, the entire floor or story may be used for the ADU.
735 736	C.	Det	cached structures serving as an ADU shall comply with the following:
737 738		1.	May not exceed one story.
739 740		2.	Must comply with the zoning district dimensional regulations.
741 742		3.	Maximum building height shall not exceed 14 ft.
743 744		4.	May not exceed 30 percent of the area of the primary structure or 800 square feet, whichever is less.
745 746 747	Sec	tion	a. 5.2.3. Arbors, trellises, and pergolas.
748 749 750	A.		oors, trellises, and pergolas shall be allowed as freestanding or attached structures. There is no limit the number of attached pergolas, arbors, and trellises per primary structure.
751 752 753 754	В.	Freestanding pergolas and arbors are limited to 200 square feet of coverage per single-family detached residential property. Freestanding pergolas and arbors are limited to 100 square feet per unit of a duplex property.	
755 756 757	C.		e amount of freestanding square footage coverage for multi-family residential developments may determined by the Community Development Director. The criteria for this determination include:
758 759		1.	Design, size, location, and number of proposed arbors, trellises, and pergolas;
760 761 762		2.	Design, size of property, location, and number of units of the multi-family residential development; and

3. Whether the structure will be contrary to the public interest.

763

808

764					
765	D.	Attached pergolas.			
766					
767		1.	Attached pergolas may be placed over the front entrance or walkway into a residence, and must		
768			not extend beyond the most forward portion of the primary structure.		
769					
770		2.	A pergola is considered attached if a minimum of 20% of the pergola's perimeter is attached to		
771			the primary structure.		
772					
773		3.	A pergola that is attached to a previously-attached pergola is considered to be an extension of		
774			the original attached pergola; the enlarged pergola must abide by the setback requirements listed		
775			in Table 5.2.1.A.		
776					
777	E.	Per	golas, generally.		
778					
779		1.	Pergolas must conform to all zoning requirements in terms of height and setbacks.		
780					
781		2.	The only exception to the prohibition of the placement of a pergola in the rear setback is for		
782			pergolas on docks.

			•		
			cape co. a. Engineering Design Standards.		
803 804		 4. 	A driveway providing vehicular access to the garage is required and shall be constructed and		
806 807			Cape Coral Engineering Design Standards.		

5. The garage shall not be included in determining the living area.

809 810		6.	No garage or storage area shall be used as living quarters unless another garage is constructed
811 812			prior to conversion.
813 814	C.	For	detached garages, the following shall apply:
815 816		1.	A detached garage shall meet all of the setback requirements of the principal structure.
817 818		2.	A detached garage shall be on the same parcel as the principal structure.
819 820		3.	A detached garage shall not exceed 800 square feet in area.
821 822 823		4.	The height of a detached garage shall not exceed 14 feet in height when measured according to the definition of "building height" in the Land Development Code.
824 825		5.	An operable garage door capable of providing access to the garage by a motor vehicle is required.
826 827		6.	The maximum size and height restrictions shall not apply in the RE district.
828 829 830		7.	No plumbing shall be allowed in a detached garage except that a single one-compartment sink shall be allowed.
831 832 833		8.	The exterior building materials of a detached garage shall conform to the exterior building materials of the principal structure.
834 835 836		9.	A parcel may contain both an attached and detached garage, but only one detached garage shall be permitted.
837 838	Sec	tion	1. 5.2.5. Courts and playing surfaces.
839 840	A.	Rec	quirements in the R1, RE, RML, and A districts.
841 842 843		1.	Lighting is prohibited on all outdoor recreation facilities on all properties containing single-family detached and duplex dwellings.
844 845 846 847		2.	An opaque landscape hedge shall be planted between a recreational facility and a side or rear property line of different ownership. The landscaping shall be maintained at a minimum of four feet in height and shall be provided along the entire length of the recreational facility.
848 849	В.	Rec	quirements in the RMM or other districts with permitted multi-family uses.
850 851 852 853 854		1.	Lighting may be installed to allow evening use of the facility. All outdoor lighting shall be installed and maintained in such a manner that the light falls substantially within the perimeter of the property through the use of shielding and limitations on intensity. In no instance shall the facility lighting create glare off of the property exceeding 0.3 footcandles which impacts any roadway. Directional lighting may not be installed which shines directly into any dwelling unit.

2. An opaque landscape buffer, a minimum of four feet in height, shall be installed which shields the

recreational facility from any adjacent right-of-way. Fencing may be installed to a maximum

- 1. All fences shall be of sound construction and not detract from the surrounding area.
- 2. No barbed wire, spire tips, sharp objects, or electrically charged fences shall be erected, except as otherwise provided herein. This shall not be interpreted to mean that bona fide agricultural users cannot use barbed wire or electrically charged fences to control livestock when located in districts permitting the raising, keeping, or breeding of livestock.
- 3. No fences shall be placed within the visibility triangle.
- 4. If a fence or wall is located in a public utility or drainage easement, the property owner shall be solely responsible for removal of the fence or wall as well as for any cost resulting from disturbance, damage, or destruction of the fence or wall resulting from work associated with utilities or drainage facilities, including those related to alley improvements within such easement.
- 5. No fence shall enclose any utility meter, including water and electric service meters. The location of any utility meters shall be shown in the permit application. This restriction shall not apply to city maintained or constructed facilities.
- 6. Unless the posts or other supports used in connection with the fence or wall are visible from and identical in appearance from both sides of the fence, all posts or other supports used in connection with the fence or wall shall be on the side of the fence or wall that faces the property on which it is to be erected. If a fence or wall is constructed in such a way that only one side of the fence is "finished", then the "finished" side of the fence shall face outward toward the street or adjoining property (facing away from the property on which it is erected). The "finished" side of the fence shall be the side that is painted, coated, or smoothed so as to be more decorative in appearance.

901 902 903 904 905 906 907 908 909	7. Fencing for critical public utilities infrastructure, including water and wastewater facilities are electric and natural gas facilities, which may enclose either an entire site or only an are containing equipment, may be maintained at a height of eight feet. Barbed wire, spire tip sharp objects, or electrically charged fencing are permitted on the top of fencing around critic infrastructure sites or equipment, however, the height of the fencing together with any barbed wire, spire tips, sharp objects, or electrically charged fencing may not exceed eight feet, are only the top two feet may contain barbed wire, spire tips, sharp objects, or electrically charged fencing.
910 911	8. A fence shall not be constructed on unimproved property.
912 913 914 915	No wall or fence of any kind whatsoever shall be constructed on any lot until after the heigh type, design, and location has been approved in writing and proper permit issued by the Director.
916 917 918 919 920	10. Fencing for recreational facilities may be increased in height to ten feet. Such fencing mu immediately enclose the recreational facility. Hooded backstops for diamond sports may be increased to a maximum height of 28 feet. For sports other than diamond sports, backstop may be increased to a height of 12 feet. All fencing at recreational facilities must be constructed of at least nine-gauge fence fabric and schedule 40 tubing.
921 922 923	11. A may be maintained at a height greater than otherwise allowed herein if a higher fence height is required by the city for the purpose of screening a special exception use.
924 925	12. A fence or wall shall be constructed of one or more of the following materials:
926 927 928	1. Wood (decay resistant or pressure treated only), shall be painted or stained;
929 930	2. Concrete block with stucco (CBS);
931 932	3. Reinforced concrete with stucco;
933 934	4. Stone or brick, including cast (simulated) stone or brick;
935 936	5. Concrete;
937 938	6. Wrought iron;
939 940	7. Aluminum; or
941 942	8. Plastic or vinyl.
943 944 945	For fences or walls located in a public utility or drainage easement, only the following materia are permitted:

1. Wood (decay resistant or pressure treated only);

948			2. Aluminum;				
949							
950		3. Chain-link without slats; or					
951							
952		4. Plastic or vinyl.					
953							
954	В.	Res	sidential Zoning Districts.				
955							
956		1.	A No fence shall be maintained at a height greater than six feet, and no wall or fence shall be				
957			erected or placed within the front setback lines of any residential lot, except if a residential use				
958			abuts property used for commercial or professional purposes, a fence may be maintained at a				
959			height up to eight feet along the side(s) of the property which abut(s) the property or properties				
960			containing commercial or professional uses. For purposes of this section, a property shall be				
961			deemed to abut another property if the two properties are either immediately adjacent to each				
962			other or separated only by an alley. Properties separated by a street, canal, lake, or other body				
963			of water shall not be deemed to be abutting properties.				
964							
965		2.	Any fencing within 20 feet of the rear property line on waterfront sites must be open mesh				
966			above a height of three feet. The Director may, in his or her discretion, approve minor				
967			projections above the restricted heights for architectural features.				
968							
969		3.	No part of a fence shall be located forward of the forward-most part of the side of the principal				
970			structure to which the fence is closest. In no instance shall a fence enclose any portion of the				
971			front facade of the principal structure.				
972							
973		4.	No fence, hedge, or other growth shall be erected on any residential property within the city				
974			which shall unreasonably restrict or block the view of a canal or other waterway from an				
975			adjoining lot, or except as required to screen a special exception use. No fence or hedge or				
976			other growth shall be erected on property which would obstruct the view of either a pedestrian				
977			or driver of a moving vehicle so as to create a hazard to the health and welfare of its citizens.				
978							
979		5.	Multi-family developments over 1 acre in size may construct a fence or wall around the entire				
980			perimeter of the property or in a location not otherwise allowed by this subsection.				
981							
982	C.	No	n-Residential and Mixed-Use Zoning Districts.				
983							
984		1.	Construction of fences must meet the following restrictions:				
985							
986			a. Maximum height: six feet (except that property in a commercial, professional, or mixed-use				
987			zoning district, which contains a non-residential use, and which abuts a a residential use,				
988			whether such use is in a residential zoning district or mixed-use zoning district, may erect a				
989		fence up to eight feet in height along the side(s) of the property which abut(s) a residence					
990	use. A property shall be deemed to abut another property if the two properties a						
991	immediately adjacent to each other or separated by only an alley. Properties separated by						
992	a street, canal, lake, or other body of water shall not be deemed to be abutting properties.						

b. Required setbacks:

No part of a fence shall be located forward of the forward-most part of the side of the pri structure to which the fence is closest. In no instance shall a fence enclose any portion front facade of the principal structure.						
Side (not on a corner site)	None					
Side (corner site)	None for free-standing residential uses in mixed-use zoning districts; 7 feet for non-residential and compound uses in Marketplace Residential zoning district; 10 feet for non-residential and compound uses in all other commercial, professional, and mixed-use zoning districts					
Rear (not on alley)	None					
Rear (on alley)	10 feet					

D. Multi-family developments over 1 acre in size may construct a fence or wall around the entire perimeter of the property or in a location not otherwise allowed by this subsection.

E. Industrial zoning district:

1. Maximum height: eight feet.

2. Required setbacks: none, except that fences shall be setback 10' from alleys.

3. Fencing shall provide an opaque visual barrier, constructed of materials which conform to applicable codes, to conceal storage areas.

F. Agricultural zoning district:

Maximum height: eight feet.

2. Required setbacks: none.

G. Institutional zoning district:

1. Maximum height: eight feet.

2. Required setbacks: none, except that fences shall be setback 10' from alleys.

3. Fencing shall provide an opaque visual barrier, constructed of materials which conform to applicable codes, to conceal storage areas.

H. Preservation zoning district:

1026 1. Maximum height: eight feet.

1028 2. Required setbacks: none.

1030 I. South Cape and MXB zoning district(s):

1. Maximum height.

a. When placed in front yards, 42 inches.

b. When not placed in front yards, six feet (except that a property which contains a non-residential use, and which abuts a property containing a residential use, whether such use is in a residential zoning district or mixed-use zoning district, may erect a fence up to eight feet in height along the side(s) of the property which abut(s) a property containing a residential use). For purposes of this subsection, a property shall be deemed to abut another property if the two properties are either immediately adjacent to each other or separated by only an alley. Properties which are separated by a street, canal, lake, or other body of water shall not be deemed to be abutting properties.

c. Fences, walls, and hedges may be maintained at a height greater than otherwise allowed herein if a higher height is required by the city for the purpose of screening a special exception use.

d. Fencing for recreational facilities may be increased in height to ten feet. Such fencing must immediately enclose the recreational facility. Hooded backstops for diamond sports may be increased to a maximum height of 28 feet.

e. Required setbacks:

Front	None
Side or rear (not on alley)	None
Side or rear (on an alley)	15 feet from the alley centerline
Abutting a navigable waterway	10 feet

Section.5.2.8. Flags and Flagpoles.

A. Residential zoning districts or sites with residential uses shall be limited to no more than two flagpoles.

B. In non-residential zoning districts, in mixed use zoning districts, and on sites containing non-

residential uses in residential zoning districts, no more than three flagpoles are allowed on a site.

C. Flagpoles shall not exceed 35 feet in height other than those on non-residential properties abutting

Pine Island Road which shall not exceed 80 feet in height.

D. The installation of a flag standard on a site does not require a permit. The number of flags that may be displayed on a flagpole or on a single flag standard is not limited.

E. For the purposes of this article, flags on non-residential, private property which contain a symbol other than that of a nation, government, political subdivision, or other entity shall be presumed commercial; however, it shall be considered a rebuttable presumption, which may be overturned by the Director if the evidence contradicting it is true or if a reasonable person of average intelligence could logically conclude from the evidence that the presumption is not valid.

1074							
1075	Section. 5.2.9. Fountains, reflecting pools, and sculptures.						
1076							
1077	A.	Fountains and sculptures shall not to exceed 12 feet in height.					
1078							
1079	В.	Reflecting pools greater than 24 inches in depth deep shall be fenced for safety.					
1080							
1081	Sec	ction. 5.2.10. Gazebos, sun shelters, and similar structures.					
1082	300	cton. 5.2.10. Gazesos, sun snetters, and snimar structures.					
1083	Α.	Gazebos, sun shelters, and similar structures on residential single-family detached or duplex parcels					
1084	۸.	may not exceed 150 square feet in roof coverage. The total area of all such structures shall not exceed					
1085		300 square feet.					
1085		500 Square reet.					
1087	D	All structures in all other zoning districts may not exceed 300 square feet.					
	D.	All structures in all other zoning districts may not exceed 500 square reet.					
1088	_						
1089	C.	The maximum height shall not exceed 14 feet above grade from the lowest point of the grade under					
1090		the shelter, including overhangs.					
1091	_						
1092	C.	These structures shall not be constructed within six feet of any rear lot line except on waterfront lots					
1093		where sun shelters are permitted to be constructed on docks. These structures shall not overhang the					
1094		edges of the dock or be constructed over an easement.					
1095							
1096	Sec	tion. 5.2.11. Guest houses.					
1097							
1098	A.	Detached structures serving as a guest house shall comply with the following:					
1099							
1100		1. Guest Houses shall only be on constructed on sites with a principal residential dwelling unit.					
1101							
1102		2. May not exceed one story.					
1103							
1104		3. Maximum building height shall not exceed 14 ft.					
1105							
1106		4. May not exceed 30% of the area of the primary structure or 800 square feet, whichever is less.					
1107							
1108	В.	A guest house is not a dwelling unit to be rented, it provides only guest accommodations and shall					
1109		meet the following requirements:					
1110							
1111		1. A guesthouse may not contain more than two bedrooms.					
1112							
1113		2. A guesthouse may not contain a kitchen or the electrical or gas connections to install a stove or					
1114		oven.					
1115							
1116		3. An additional parking space must be provided for a guesthouse.					
1117		, , , , , , , , , , , , , , , , , , , ,					
1118	Sec	tion. 5.2.12. Play or recreation equipment.					
1119		, , ,					

- 1120 A. On residential single-family detached and duplex properties, the City shall not be responsible for permitting and inspection of play equipment.
- B. Play equipment for other than single-family detached and duplex properties must be permitted and inspected prior to any use.

1126 Section. 5.2.13. Sheds and greenhouses.

1161 1162

1163

1164

- 1128 A. The maximum height of a shed or greenhouse shall not exceed 15 feet in overall height. 1129
- 1130 B. The maximum floor area shall not exceed 200 square feet.
- 1132 C. Sheds and greenhouses are allowed in the R1, RML, RE, and A districts.
- D. A lot may contain no more than one shed and one greenhouse.
- 1136 E. Sheds and greenhouses may be within the side yard of a parcel so long as the shed or greenhouse is 1137 screened. Screening is required for that portion of the wall of the shed or greenhouse that is visible 1138 from the right-of-way and the nearest adjoining residential property. A wall, fence, shrubs, or a 1139 combination thereof may be used to meet screening requirements as follows:
 - 1. If an opaque wall or fence is used for screening, the wall or fence shall be six-feet in height. The wall or fence may be constructed of wood, vinyl, or a material that has the appearance of wood or vinyl, or the wall may be masonry, but not be unfinished concrete block. All other materials are prohibited. A screening wall with a continuous foundation may not encroach into any easement.
 - 2. Alternatively, sheds or greenhouses may be screened with shrubs that meet the following requirements:
 - a. A row of shrubs planted along both sides of the shed and extend at least five feet beyond the walls of the shed or greenhouse.
 - b. All shrubs required for screening within this subsection shall be a minimum of 32 inches in height and be in at least a seven-gallon container size at the time of planting. All shrubs shall be planted no more three feet apart as measured on center.
 - c. All shrubs shall be maintained at a minimum height of six feet at maturity and shall be maintained in good condition as long as the shed requires screening pursuant to this subsection.
 - 3. A shed or greenhouse that would be visible from the right-of-way or from the nearest adjoining property, but for an existing fence, wall, or landscaping that shields the shed or greenhouse is exempt from additional screening requirements. In the event the screening is removed or altered to cause the shed or greenhouse to be visible from the right-of-way or nearest adjoining property, the shed or greenhouse shall be screened in accordance with those requirements outlined above or moved to fully comply with this Section.

1166			
1167		4.	On a double frontage lot, sheds or greenhouses shall be screened from view from rights-of-way
1168			and adjoining properties. See Diagram 5.1.12. Double frontage lot fence and accessory structure
1169			requirements.
1170			
1171		5.	On double frontage lots, sheds or greenhouses in the rear yard shall be setback to a distance
1172			equivalent to the front setback of any adjacent lots that are not double frontage lots.
1173			
1174	Sec	ction	. 5.2.14. Solar Photovoltaic (PV) Arrays.
1175			
1176	A.	Gei	neral requirements.
1177			
1178		1.	Permitted accessory equipment. Rooftop photovoltaic solar systems shall be deemed permitted
1179			accessory equipment for all buildings in all zoning categories. Nothing contained in this chapter
1180			shall be deemed to prohibit the installation of rooftop photovoltaic solar systems on buildings
1181			containing legally nonconforming uses.
1182			
1183		2.	Maintenance. The photovoltaic system shall be properly maintained and be kept free from
1184			$hazards, including \ faulty \ wiring, loose \ fastenings, or being \ maintained \ in \ a \ condition \ that \ is \ unsafe$
1185			or detrimental to public health, safety, or general welfare.
1186			
1187		3.	Abandonment. Abandoned or unused freestanding solar energy systems not in use for a period
1188			of 18 months shall be removed at the owner's expense.
1189	_		
1190	В.	Bui	ding-mounted PV systems.
1191			
1192		1.	Roof mounted:

1194			a. Notwithstanding the height limitations of the zoning district, building mounted solar energy
1195			systems shall not extend higher than three feet above the ridge level of a roof, for structures
1196			with gable, hip, or gambrel roofs and shall not extend higher than 10 feet above the surface of the roof when installed on flat or shed roof.
1197 1198			of the roof when installed on flat of shed roof.
1199			b. The solar collector surface and mounting devices shall be set back not less than one foot from
1200			the exterior perimeter of a roof for every one foot that the system extends above the roof
1201			surface on which the system is mounted. Solar energy systems that extend less than one foot
1201			above the roof surface shall be exempt from this provision.
1202			above the roof surface shall be exempt from this provision.
1203		2	Wall mounted or flush to a building or structure:
1204		۷.	wan mounted of hash to a banding of structure.
1205			a. PV arrays are allowed on the walls or sides of any building or structure but shall not encroach
1207			into the required front yard setback and may not encroach into side and rear yard setback by
1207			more than three feet and shall not extend into or over an easement.
1209			S. S. M. C. P. C. C. M. M. C. C. C. C. M. M. C. O' O' C. M. C. C. C. M. C. C. C. C. M. C.
1210			b. A minimum of nine feet vertical distance shall be maintained under the PV array where
1211			needed to provide adequate clearance for pedestrians.

1212 1213 1214 1215		(c. To the maximum extent possible, wall mounted PV arrays shall be designed as compatible to the structure and surface to which it is attached.		
1216 1217	C.	At-g	rade PV systems.		
1218 1219 1220			Applicability. The following regulations apply to any PV array that is erected or installed at-grade (ground level).		
1221 1222 1223 1224		ı	Exemptions. The restrictions of this Subsection with respect to height, location, and setbacks are not applicable to any accessory component to a freestanding outdoor lighting fixture, telephone pole, parking meter, or any other similar structure, as determined by the city.		
1225 1226		3.	Height. The maximum height of any at-grade PV array shall not exceed twelve feet.		
1227 1228 1229			Residential location. For PV arrays in or abutting residential zoning districts, the minimum setbacks are as follows:		
1230 1231 1232		ć	a. PV arrays up to nine feet in height shall be setback at least seven and one-half feet from the rear and interior side property lines;		
1233 1234 1235		I	b. Arrays greater than nine feet in height shall be setback at least 10 feet from such property lines.		
1236 1237		(c. PV arrays are not allowed within the front setback of a residentially zoned property.		
1238 1239 1240		(d. The area of the solar collector surface of freestanding solar energy systems shall not exceed five percent of the lot area.		
1241 1242 1243 1244		ı	Commercial location. For PV arrays in non-residential zoning districts and not adjacent to residentially zoned property, at-grade PV systems must meet all setback requirements for a structure within the zoning district.		
1245 1246 1247			The supporting framework for freestanding solar energy systems shall not include unfinished lumber.		
1248 1249	Sec	ction.	5.2.15. Swimming Pools.		
1250 1251 1252	A.	The construction of portable or permanent swimming pools or hot tubs is prohibited in the front yard of any residential lot, other than RE zoned parcels greater than 3 acres.			
1253 1253 1254	В.	Pool	s, hot tubs, and pool decks in rear or side yards may not exceed a height of 30 inches above grade.		
1255 1256 1257	C.	. All swimming pools and enclosures constructed or erected on any parcel, other than accessory to a single-family detached or duplex residence, shall meet the minimum yard requirements specified for buildings or structures in the zoning district the construction occurs.			

1258	
1259	

D. Portable swimming pools. Portable swimming pools are prohibited in the front or the side of any residential lot. Portable swimming pools capable of holding 24 inches in depth or more of water shall be anchored into the ground sufficiently to prohibit movement during a hurricane. Portable pools shall be enclosed by a fence or other protective material, or otherwise shall be covered, when not in use, by a protective cover so that a child cannot accidentally enter the pool. Drainage of pools so as to permit the water to run onto property of other people is prohibited. Wading or splash pools not capable of holding 12 inches or more of water are exempt from the provisions of this subsection.

Section. 5.2.16. Unattended donation bins.

Commercial developments may place a donation bin in the parking lot if the parking lot contains a minimum of 125 parking spaces. All donation bins must meet the following requirements:

A. Bins may not be in a required parking space or a drive aisle;

B. Bins may not be placed in required landscape buffers and trees may not be removed in order to locate a bin;

C. Bins shall be maintained in good condition and appearance with no structural damage, holes, or visible rust and shall be free of graffiti;

D. Bins shall be locked or otherwise secured;

1282 E. Bins shall contain the following contact information in two-inch type visible from the front of each unattended donation box: the name, address, email, and phone number of the permittee and operator; and

F. Bins shall be serviced and emptied as needed, but at least once per month, or within five business days of a request by the City. Boxes, garbage, and donation goods shall not be permitted to accumulate around unattended donation bins.

CHAPTER 3. Land Clearing, Filling, Excavation, and Construction Sites.

Section 5.3.1. Borrow pits; regulation of removal or extraction of dirt, soil, sand, rock, oil, gas, etc.; procedures.

A. Removal or extraction of dirt, soil, and sand.

1. All borrow pits from which dirt, sand or soil has been removed shall be completely enclosed by a fence or earth berm at least six feet in height.

2. Prior to any such removal or excavation, the following shall be submitted to the Department of Community Development: drainage plans, aerial photo of the site, a plan for development of the total site when the removal is completed, the estimated costs of restoring the site to a safe and developable condition, and a deposit of funds or other financial instruments payable to the

City of Cape Coral is required equal to the estimated cost of restoring the site. The estimated cost for restoring the site shall include fence or berm removal, lake bank sloping and stabilization, site grading, seeding or mulching, drainage, and any other items that the Department, Hearing Examiner, or Council deems appropriate to ensure that the site is restored to a safe and usable condition. The plans shall be reviewed by the Hearing Examiner and written recommendation made to the Council prior to application for an excavation permit.

3. Determination of the size of buffer strip necessary shall be made by the Hearing Examiner subject to final approval of the City Council.

B. Removal or extraction of rock, gravel, shell, aggregate, or marl.

1. All such excavations shall be sealed by fencing or grading or other device from general public access. All entrances to said excavation shall be fenced and locked during nonbusiness hours.

2. Prior to any such removal or excavation, the following shall be submitted to the Department of Community Development: drainage plans, aerial photograph of the site, a plan for development of the total site when the removal is completed, the estimated costs of restoring the site to a safe and developable condition, and a deposit of funds or other financial instruments payable to the City of Cape Coral is required equal to the estimated cost of restoring the site. The estimated cost for restoring the site shall include fence or berm removal, lake, bank sloping and stabilization, site grading, seeding or mulching, drainage, and any other items that the Department, HEX, or Council deems appropriate to ensure that the site is restored to a safe and usable condition. The plans shall be reviewed by the HEX and written recommendation made to the Council prior to application for an excavation permit.

3. Determination of the size of buffer strip necessary shall be made by the Hearing Examiner subject to final approval by the City Council.

4. No excavation or extraction may be made with explosives without express permission of the Council. Excavation or borrow pit permits involving explosives must be renewed every 90 days.

C. Excavations, removal, or extraction for purposes of oil or gas exploration or production.

 All such excavations, removals, or extractions shall be sealed by fencing or grading or other device from general public access. All entrances shall be fenced and locked during nonbusiness hours.

2. Prior to any such excavation, removal, or extraction the following shall be submitted to the Department of Community Development: drainage plans, aerial photograph of the site, a plan for development of the total site when the removal is completed, the estimated costs of restoring the site to a safe and developable condition, and a deposit of funds or other financial instruments payable to the City of Cape Coral is required equal to the estimated cost of restoring the site. The estimated cost for restoring the site shall include fence or berm removal, lake, bank sloping and stabilization, site grading, seeding or mulching, drainage, and any other items that the Department, Hearing Examiner, or Council deems appropriate to ensure that the

site is restored to a safe and usable condition. The plans shall be reviewed by the HEX and written recommendation made to the Council prior to application for an excavation permit. No permit to drill a gas or oil well shall be issued unless City Council approves the application for such permit by resolution.

3. Determination of the size of buffer strip necessary shall be made by the Hearing Examinersubject to final approval by the City Council.

4. No excavation or extraction may be made with explosives without express permission of the Council. Excavation permits involving explosives must be renewed every 90 days.

5. No person or entity may engage in any oil and gas exploration or production that utilizes well stimulation within the corporate boundaries of the City of Cape Coral or, consistent with F.S. §377.24(6), within the tidal waters of the state abutting or immediately adjacent to the corporate limits of the municipality, or within three miles of the City's corporate limits extending from the line of the mean high tide. As used in this section, the term "well stimulation" shall mean a well intervention, exploration, operation, or maintenance procedure performed by injecting fluid into a rock formation in order to increase production at an oil or gas well by improving the flow of hydrocarbons from the formation into the wellbore. Well stimulation does not include routine well cleaning that does not affect the integrity of the well or the formation.

D. Procedures.

1. The applicant shall meet with the Director and other city staff deemed appropriate by the Director prior to a public hearing with the Hearing Examiner to review staff concerns and to establish the basis for determining cost estimates as required.

2. All excavation or borrow pit requests shall be reviewed by the city staff, the Lee County Health Department, and the Hearing Examiner. After their review and recommendation, the City Council shall call for a public hearing on the application and shall determine whether or not said application shall be granted.

3. If the conceptual plan as presented by the applicant will require a zoning amendment for development, the applicant must prepare and submit a planned development project for the entire project prior to approval of the excavation.

4. If the excavation or borrow pit application is approved, the applicant may then apply for an excavation or borrow pit permit.

Section. 5.3.2. Land Clearing, Filling, and, Excavation.

A. Proposed alterations to ground elevation or vegetative cover not associated with an approved Site Development Plan, Final Subdivision Plan, or building permit shall be submitted to the Director with an application for a permit for Land Clearing and Fill containing the required plans and documentation. The director may require certification by a registered professional engineer that site improvements

In order to allow all waterfront property the same ability to utilize and access adjacent waterways, the development of docks, wharves, mooring piles, and watercraft moorings must be accomplished in a standard and unified manner. Boat slips and docks may be constructed by the owner of a waterfront lot, with adequate water frontage, where a principal building exists.

Section. 5.4.2. General Requirements.

A. An applicant who disagrees with the measurement of the calculated waterway width by the city's Geographic Information System (GIS) may submit a survey of the waterway width, prepared by a professional surveyor licensed in the state of Florida, to support the applicant's contention that the calculated waterway width is inaccurate.

B. No dock or piling shall be permitted that interferes with the right to navigate safely within the waterways of the city. In no event shall the navigable area be reduced to less than 50% of the calculated waterway width.

1503 C. The elevation of pilings shall not exceed 10 feet above the seawall cap or, if no seawall exists, 13 feet above mean water level.

D. The elevation of the decking of a marine improvement shall not exceed two feet above the seawall cap, or if no seawall exists, five feet above mean water level. For marine improvements in the Caloosahatchee River, and for marine improvements in canals within 300 feet of the platted shoreline of the Caloosahatchee River, the elevation of the decking shall not exceed four feet above the seawall cap, or if no seawall exists, seven feet above mean water level.

E. All pilings or mooring posts shall be offset a minimum of two and one-half feet from any storm drain outfall pipe. Such measurement shall be made from the outside edge of the outfall pipe to the center of the piling or mooring post.

F. All docks permitted under this Section that project from a parcel with a seawall shall have a ladder extending from the dock into the waterway. No ladder extending from a dock into a waterway shall be made of wood.

G. The property owner shall be solely responsible for compliance with all applicable provisions of the Lee County Manatee Protection Plan.

H. Prior to the final inspection by the City, the owner shall submit a final signed and sealed survey showing that all construction is in compliance with the requirements of this Code.

Section. 5.4.3. Dimensional Standards

A. Protrusions into waterway.

1. Marine improvements may extend 25% of the calculated waterway width or 40 feet, whichever is less, as measured from the water frontage line, provided the marine improvements are setback 12 feet from each extended side property line.

1533							
1534	2.	Marine improvements which extend six feet or less into a waterway such as captains' walks, a					
1535		measured from the water frontage line, may extend the full length of the water frontage of the					
1536		parcel.					
1537							
1538	3.	Marine improvements in the Caloosahatchee River shall be subject to state and federal					
1539	٥.	regulations.					
1540		regulations.					
1541	4.	Marine improvements for outside corner parcels, excluding a "T" intersection, of two canals, may					
1542	4.	extend into the waterways as follows:					
		extend into the waterways as follows.					
1543		5. Extend the two waterfrents as lines (Diagram F 4.2.4.) of the property to a point equal to 25%					
1544		a. Extend the two waterfrontage lines (Diagram 5.4.3.A.) of the property to a point equal to 25%					
1545		of the canal width or 40 feet, whichever is less.					
1546							
1547		b. Then, in each intersecting canal, the extended waterfrontage lines shall run parallel to the					
1548		waterfrontage lines and shall be setback 12 feet from the extended side property line.					
1549							
1550		c. The area formed by the aforesaid lines and area of intersection, shall be the area permitted					
1551		for marine improvements.					
1552							
1553	5.	·					
1554		basins (excluding outside corner parcels) are subject to the following:					
1555							
1556		a. Except for parcels governed by Section 5.4.3.A, end parcels shall be permitted to have marine					
1557		improvements projecting into the waterway up to a maximum of 30 feet. Adjacent parcels					
1558		shall be permitted to have marine improvements projecting into the waterway up to a					
1559		maximum of 30 feet or 25% of the calculated canal width, whichever is less.					
1560							
1561		b. With respect to end parcels with at least 80 feet of water frontage line, no part of a marine					
1562		improvement which extends more than six feet in to a canal shall be located less than 12 feet					
1563		from the ends of the water frontage line of the parcel. See Diagrams 5.4.3.A. & J					
1564							
1565		c. With respect to end parcels with more than 40 feet, but less than 80 feet, of water frontage					
1566		line, any part of a marine improvement which extends more than six feet into a canal shall be					
1567		set back from the ends of the water frontage line of the parcel in accordance with the					
1568		following formula: (Parcel Waterfrontage - 40 feet) x 0.3. The foregoing restrictions shall apply					
1569		to marine improvements projecting from adjacent parcels (based on the length of their					
1570		waterfrontage lines) in the same manner as end parcels, except that on the side of the					
1571		adjacent parcel that abuts an end parcel, a marine improvement may be built up to the side					
1572		boundary of the adjacent parcel's marine improvement area, as determined pursuant to					
1573		paragraph 10.b below. See Diagram 5.4.3.H					
1574		paragraph 2010 below. See blagram 5. Hom					
1575		d. With respect to end and adjacent parcels with 40 feet or less of water frontage, no marine					
1576		improvement shall extend more than six feet into the canal except in accordance with the					
1577		following: (Parcel Waterfrontage - 40 feet) x 0.3. The foregoing restrictions shall apply to					
1578		marine improvements projecting from adjacent parcels (based on the length of their					
17/0		marine improvements projecting from adjacent parcels (based on the length of their					

waterfrontage lines) in the same manner as end parcels, except that on the side of the adjacent parcel that abuts an end parcel, a marine improvement may be built up to the side boundary of the adjacent parcel's marine improvement area, as determined pursuant to paragraph 10.b below.

- e. With respect to end and adjacent parcels with 40 feet or less of water frontage, no marine improvement shall extend more than six feet into the canal except in accordance with the following:

i. Such a parcel may have either a platform dock not more than ten feet wide and extending not more than 16 feet into the canal or not more than two finger piers (with or without a boat lift) that together total no more than six feet in deck width and that extend not more than 30 feet into the canal.

ii. No marine improvement that projects more than six feet into the canal shall extend more than ten feet either side of the center point of the water frontage line of the parcel. Furthermore, no marine improvement shall extend beyond the ends of the water frontage line of the parcel. All marine improvements shall be centered on the centerline of the waterfront parcel's marine improvement area. See Diagram 5.4.3.F

7. When a parcel is at the corner of a waterway so as to include water frontage (all under the same ownership) on both the side and end of a waterway, the property owner may install or erect a marine improvement that extends from the side of the waterway to a maximum distance of 25% of the calculated width of the waterway or 30 feet, whichever is less, and from the end of the waterway a distance of 30 feet into the waterway.

 8. Except as otherwise provided herein for joint marine improvements, no marine vessel (or any part thereof) when secured in any way to a marine improvement projecting from an end parcel, an adjacent parcel, or a parcel on a lake or basin (excluding outside corner parcels) shall extend beyond the boundaries of the marine improvement area of the parcel unless prior written consent of the affected property owner is obtained. Such consent shall be revocable by the affected property owner and shall automatically terminate in the event the ownership of the affected property changes. In the event ownership changes, the written consent of the new owner must be obtained if the marine vessel is to continue to extend beyond the ends of the water frontage of the parcel.

9. Marine improvements that do not project more than six feet into a waterway as measured from the water frontage line may extend the full length of the water frontage of the parcel. However, where the end of a parcel water frontage line abuts the water frontage line of another parcel, the angle at which such two water frontage line ends meet shall be bisected and apportioned equally between the two waterfront parcels. In that event, no marine improvement shall extend beyond the bisector of the angle.

10. No marine improvement that projects more than six feet from the water frontage line of the property shall be permitted to be outside of the marine improvement area for a waterfront parcel. The boundaries and dimensions of the marine improvement area shall be determined as follows:

1625	a.	End	parcels
1023	u.	LIIU	parcers

- i. The access width of the waterway shall be calculated by subtracting from the calculated waterway width twice the maximum distance that a marine improvement along one side of the waterway could lawfully project as determined pursuant to Section 5.4.4.A.1.
- ii. The waterway access ratio shall be calculated by dividing the waterway access width by the calculated width of the waterway.
- iii. The waterway center point (WCP) is a point on the centerline of the canal 30 feet from the water's end. All marine improvement area lines and intersections are calculated and plotted from the WCP. See Diagram 5.4.3.B.
- iv. Offset points for the parcel are determined as follows: If the parcel has 80 feet or more of water frontage line, then the offset points shall be located 12 feet from each end of the water frontage line of the parcel. If the parcel has more than 40 feet, but less than 80 feet of water frontage line, then the offset points shall be located in from the ends of the water frontage line the distance (in feet) resulting from the following formula: (Feet of Water Frontage Line 40) x 0.3. If the parcel has 40 feet or less of water frontage line, then the ends of the parcel's water frontage line shall be the offset points. See Diagram 5.4.3.C.
- v. From the WCP, plot a line having the same relationship to the WCP as the water frontage line has to the center of the canal end, but with all distances reduced in size by the waterway access ratio. This line is the offset line for the parcel. See Diagram 5.4.3.D.
- vi. The marine improvement area is that area enclosed by the water frontage line, the offset line, and lines connecting the ends of the offset line to corresponding offset points. See Diagram 5.4.3.E.

b. Adjacent parcels. The marine improvement area for an adjacent parcel shall be calculated in the same manner as that for an end parcel except as follows:

i. Adjacent parcel that abuts an end parcel with 40 feet or less of water frontage line. On the side of the adjacent parcel that abuts an end parcel with 40 feet or less of water frontage line, the side boundary of the marine improvement area shall constitute the side boundary of such adjacent parcel's marine improvement area. See Diagram 5.4.3.1. & J.

ii. Adjacent parcel that abuts an end parcel with more than 40 feet of water frontage line. On the side of the adjacent parcel that abuts an end parcel with more than 40 feet of water frontage line, the side boundary of the adjacent parcel's marine improvement area shall be determined by drawing a line from the end of the subject adjacent parcel's water frontage line (on the same side as the subject end parcel) to the nearest terminus point of the subject end parcel's offset line and passing through the adjacent parcel's offset line. The side boundary shall be that portion of the aforesaid line between the end of the adjacent parcel water frontage line and the parcel's offset line. However, in no event shall the side boundary extend beyond the bisector of the angle formed where the adjacent parcel's water frontage line abuts the end parcel's water frontage line. The bisector shall be extended into the waterway the maximum distance a marine improvement could

100.

lawfully project within the marine improvement area. See Diagram 5.4.3.G.

- c. Parcels on lakes and basins (excluding outside corner parcels). A waterfront parcel shall be deemed to be on a lake or a basin if the parcel abuts a body of water identified as a lake or a basin on the officially adopted Future Land Use Map of the City of Cape Coral. Except for outside corner parcels, all waterfront parcels on lakes or basins shall be categorized as corner parcels, adjacent parcels, or end parcels. A corner lake or basin parcel shall be a parcel that either touches or is on both sides of an interior corner of a lake or basin. In other words, a corner lake or basin parcel may be one with a water frontage line that is V-shaped because it physically runs along the edge of the lake or basin, turns at the corner, and continues along the edge of the lake or basin, or it may be a parcel the water frontage line of which ends at a corner of the lake or basin where another side of the lake or basin begins, or it may be a parcel that is angled in such a way that each end of its water frontage line touches a different side of the lake or basin. Also, an adjacent lake or basin parcel shall be a parcel that is on a lake or basin and that abuts at least one corner parcel. All other parcels on lakes or basins and that are neither corner parcels or adjacent parcels shall be treated as end parcels.
- d. The marine improvement area for parcels on lakes or basins shall be calculated as follows:
 - i. For an end parcel, the side of the lake or basin upon which the parcel is physically located shall be deemed to be the end of the lake or basin and the sides of the lake or basin shall be deemed to be the sides of the lake or basin running roughly perpendicular to the end of the lake or basin and to the left and to the right of the parcel (when facing the lake or basin). For purposes of this Section, the waterway access ratio for all end lake and basin parcels shall be one. In addition, the WCP for end lake or basin parcels shall be 40 feet into the lake or basin as measured perpendicularly to the lake or basin end from the center of the lake or basin end. All marine improvement area lines and intersections are calculated and plotted from the WCP. The remainder of the marine improvement area boundary calculations for end lake or basin parcels shall be the same as those performed with respect to canal end parcels.
 - ii. For corner lake or basin parcels, the configuration of the marine improvement area shall be determined by the physical configuration of the particular corner parcel. With respect to a corner parcel the water frontage line of which lies entirely on one side or end of a lake or basin, but terminates at the corner of the lake or basin where the other side of the lake or basin begins, the marine improvement area shall be calculated in the same manner as for end lake or basin parcels except that the side boundary of such marine improvement area (on the side where the corner of the lake or basin is located) shall be formed by a line bisecting the angle of such corner and extending to the offset line of the marine improvement area. See Diagram 5.4.3.K.
 - iii. With respect to a corner parcel that is angled so that each end of its water frontage line is on a different side of the lake or basin or for a corner parcel with a V-shaped water frontage line, the marine improvement area configuration shall be determined as follows: First, calculate the waterway access ratio for each side of the lake or basin in the same manner as the waterway access ratio for a canal is determined. Then measure the distance from the center of each side of the lake or basin touched by the corner property to the end of the water frontage line, or to the offset point, if any, on such side of the lake or basin. Multiply each of the aforesaid distances by the waterway access ratio for the relative side of the lake or basin to obtain the length of the waterway line for each side of

the lake or basin. Plot the waterway line from the center of the side of the lake or basin for which it was calculated to a point that is 30 feet waterward from the water frontage line. The offset line for a corner parcel marine improvement area is formed by connecting the two foregoing points. The marine improvement area for the corner parcel is that area enclosed by the parcel water frontage line, the offset line, and lines connecting the ends of the offset line to the corresponding offset points for the parcel, if any, or to the ends of the water frontage line. See Diagrams 5.4.3.L & M.

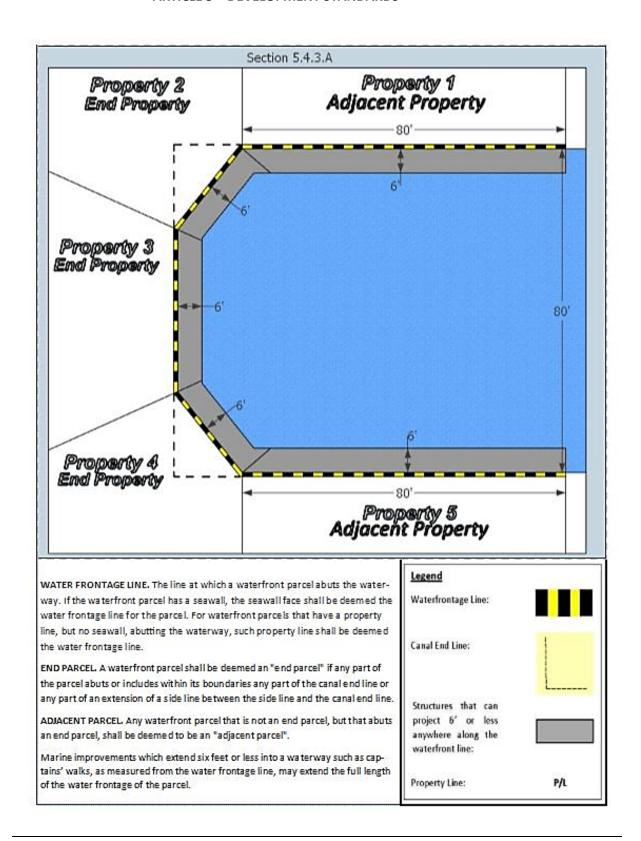

- iv. For adjacent lake or basin parcels, the marine improvement area shall be calculated in the same manner as that for end lake or basin parcels except as follows: With respect to an adjacent lake or basin parcel that abuts a corner parcel with 40 feet or less of water frontage line, the side boundary of the corner parcel marine improvement area (on the side where it abuts the adjacent parcel) shall form the side boundary of the adjacent parcel marine improvement area. With respect to an adjacent lake or basin parcel that abuts a corner parcel with more than 40 feet of water frontage line, the side boundary of the adjacent parcel (on the same side as the subject corner parcel) shall be determined by drawing a line from the end of the adjacent parcel water frontage line to the nearest terminus point of the subject corner parcel offset line and passing through the adjacent parcel offset line. The side boundary of the adjacent parcel shall be that portion of the aforesaid line between the end of the adjacent parcel waterfrontage line and such parcel's offset line. See Diagram 5.4.3.M
- v. Owners of waterfront parcels on a lake or basin aggrieved by the interpretation or application of this Section to such parcel due to the physical configuration of the particular lake or basin, then the Director may interpret and apply the provisions of this Section so as to alleviate the hardship resulting from the configuration of the lake or basin and so as to enable the waterfront parcel a reasonable marine improvement area.
- 6. In the event a significant portion of a waterway is not developable on one side due to ecological or other constraints, a marine improvement on the opposite side of the unnavigable portion shall be permitted to project into the waterway up to 50% of the calculated waterway width or 40 feet, whichever is less, as measured from the waterfrontage line. See Diagram 5.4.3.N
- 7. No marine vessel (or any part thereof) when secured in any way to a marine improvement shall extend beyond the ends of the water frontage of the parcel from which the marine improvement projects.
- 8. All properties adjacent to bridges shall be reviewed individually by the city to determine what, if any, marine improvement may project from that property. Factors to be considered in making this determination include, but are not limited to, public safety and the impact of a planned marine improvement on navigability.

B. Maximum dock surface area.

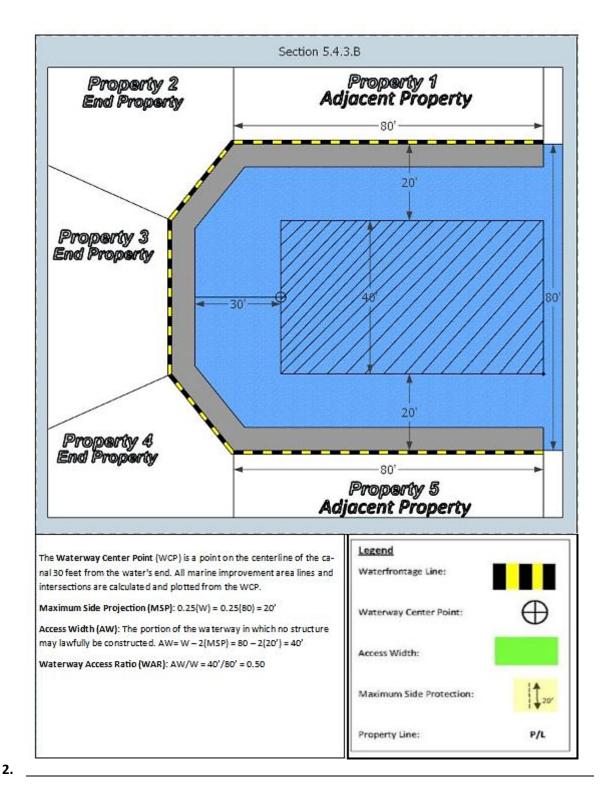

1. For parcels with more than 40 feet of waterfrontage, the maximum deck surface area coverage shall be calculated as follows: the linear feet of water frontage of the parcel minus 20 feet times one-half times the linear feet of the maximum projection into the waterway (25% of the calculated width of the waterway or 40 feet, whichever is less).

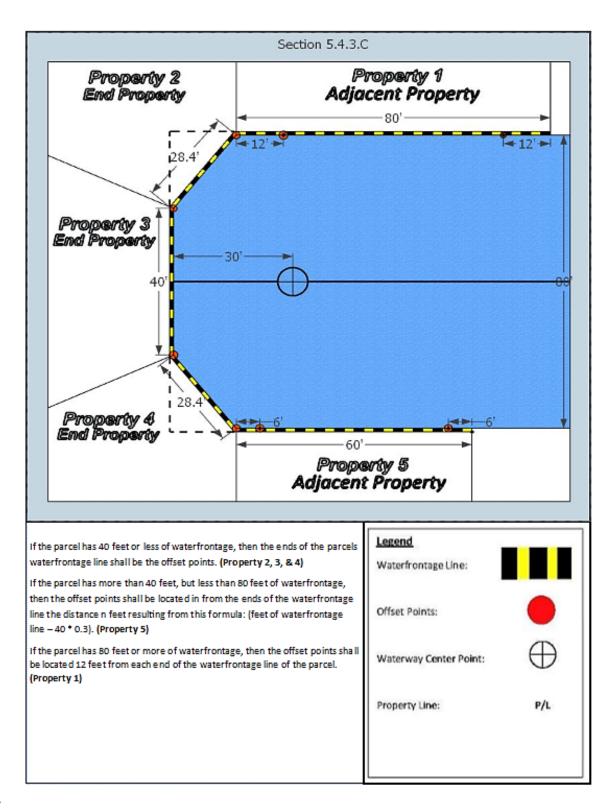

1762	2.	For parcels with 40 feet or less of waterfrontage, the maximum deck surface area shall be
1763		calculated as follows: the linear feet of waterfrontage of the parcel times one-quarter times
1764		the linear feet of the maximum projection into the waterway (25% of the calculated width of
1765		the waterway or 40 feet, whichever is less).

Section 5.4.4. Joint Marine Improvements.

Owners of adjoining waterfront parcels may adjust their abutting marine improvement area boundaries and offset requirements by entering into a written joint use agreement, provided the marine improvements are connected. A captain's walk does not constitute a connection for requiring a joint marine improvement. All limitations regarding the maximum area of marine improvements shall apply to each property and the maximum marine improvement area allowed for each parcel shall not be combined or modified in any way so as to increase the maximum marine improvement area allowed for either parcel. Marine vessels or boat canopies when secured in any way to a joint marine improvement may extend beyond the end of one of the waterfront parcels involved at the point where such parcel abuts the other parcel sharing the marine improvement. However, no marine vessel (or any part thereof) shall extend beyond the outer ends of the water frontage of the two waterfront parcels except as provided in § 5.4.3.A.8 The joint use agreement shall, at a minimum, comply with the following requirements.

A. The agreement shall contain the name(s) and current home address(es) of both property owners.

B. The agreement shall identify the waterway upon which the subject parcels are located and shall identify the waterfront parcels involved by legal description and by STRAP number. The agreement shall also include a signed and sealed survey of the subject adjoining parcels.

C. The agreement shall include a drawing of the proposed marine improvement(s) to be constructed, showing the design and dimensions of the marine improvement(s), and where the marine improvements will project from the parcels.

D. The agreement shall identify those areas that would be subject to access (ingress and egress) easements in conjunction with the joint marine improvement. Such easement(s) shall identify by legal description the property to which the easement attaches and shall be irrevocable except with the written consent of the city. The rights of each party with respect to such easement(s) shall run with the title to the respective parcels. A drawing identifying the easements shall also be included with the agreement.

E. The agreement shall identify the responsibilities of each of the parties for the construction and maintenance of the facilities. However, identification or division of responsibilities between parties in the agreement shall not affect the ability of the city to enforce any and all provisions of its Code of Ordinances or Land Development Codes against the property owner(s) of the joint marine improvement, jointly and severally.

F. The agreement shall state that the parties understand and agree to abide by all applicable federal, state, and local regulations pertaining to the construction, maintenance, and use of the facilities.

1828 G. The agreement shall run with the land and be binding upon the parties, their successors, heirs, and assignees and it shall provide that it may not be rescinded or amended without the written consent of the city.

H. The parties to the agreement shall record the agreement, at their own expense, in the public records of Lee County. The agreement shall satisfy all requirements for recording, including those contained

1834 1835		in the Florida Statutes. No permit for the construction of a joint marine improvement or for the erection or installation of a boat canopy on a joint marine improvement shall be issued by the city
1836		until the parties have first provided to the city a copy of the fully executed agreement and evidence
1837		of recording that is satisfactory to the city, in its sole discretion.
1838		of recording that is satisfactory to the city, in its sole discretion.
1839	ı.	Prior to execution and recording of the agreement, the parties shall submit a draft of the proposed
1840		agreement to the Community Development Director for review and comment.

- B. No overhead structure shall be constructed on any dock other than an approved boat canopy or sun shelter. Sun shelters shall be erected or installed on docks only in accordance with Section 5.2.10. of this article. Boat canopies are permitted to be erected or installed on marine improvements for the purpose of protecting a vessel from the elements only in accordance with the following:
 - 1. The support(s) and frame(s) of a boat canopy shall be constructed of a corrosion-resistant material. Boat canopy supports shall be arranged in an open design so as to allow visibility through the sides with openings no smaller than four feet in any dimension. No boat canopy support or frame shall be of a solid or opaque design so as to create a wall. No boat canopy shall have wooden framing or supports. No shutter roll-up design shall be permitted.
 - 2. The canopy shall be fabric or a material which can be rolled and folded without damage. The canopy shall be attached to the boat canopy supports or frames in such a manner that it detaches in a wind load of 70 mph or greater.
 - 3. The boat canopy shall not extend horizontally more than 30 inches over or beyond any dock to which the canopy is attached.
 - 4. No boat canopy shall exceed 40 feet in length or 18 feet in width.
 - 5. Boat canopies, their supports, and frames shall be maintained in good repair at all times. No canopy, canopy support, or frame shall be allowed to fall into disrepair or to become dilapidated, structurally dangerous, or unsafe. In the event a boat canopy, canopy support, or frame falls into disrepair, it shall be the responsibility of the owner of the waterfront parcel to remove the offending structure.
 - 6. Only one canopy may be permitted per parcel.
 - 7. No boat canopy, when measured at its highest point, shall extend more than 14 feet above the seawall cap, or if no seawall exists, above the decking of the marine improvement.

Section. 5.4.8. Bulkheads, seawalls, and retaining walls.

- A. Mandatory seawalls required; saline or brackish water. All parcels having frontage or direct and immediate access to frontage on any saline, brackish, or tidally influenced canal or other body of water within or bordering the boundaries of the city is required to have a seawall bulkheading the entire frontage exposed to contact with the water.
- B. Seawalls; fresh or non-saline water. All parcels having frontage or direct and immediate access to frontage on any freshwater or non-tidal canal or other body of water within or bordering the boundaries of the city are required to have a seawall bulkheading the entire frontage exposed to contact with the water or alternatives to vertical bulkheads as specified in the City of Cape Coral Engineering Design Standards. Seawalls or their alternative shall be structurally maintained at owner's expense so as not to cause a nuisance or hazard to safety. The provisions of this Section shall not apply to any parcels adjacent to or contiguous with any drainage ditch, canal, pond, or lake within any public or private golf course or public park.

1926		
1927	C.	Bulkheads under SFWMD jurisdiction. The construction of bulkheads, in association with water
1928		management system lake construction under jurisdiction of SFWMD, shall be in compliance with
1929		SFWMD criteria.
1930		
1931	Sin	gle-family residential and duplex parcels. Parcels bounded by bulkheads shall construct an infiltration
1932	tre	nch adjacent to and along the entire length of the bulkhead.

CHAPTER 5. LANDSCAPING

Section 5.5.1. Purpose and intent.

This section is established to provide general landscape regulations, to improve the appearance of certain setback and yard areas, including off-street vehicular parking, open lot sales and service areas, and to protect and preserve the appearance, character, and value of the surrounding neighborhoods. The principles of the Florida-Friendly Landscaping Program with regard to planning and design, soil improvement, efficient irrigation, limited turf areas, mulches, drought tolerant plants, and appropriate maintenance are the basis for the principles in this section and should be used as guidance in all new construction and landscape renovations so as to provide the most green with the least water and create a landscape that can survive largely undamaged in case of short term water restrictions.

Section 5.5.2. Florida-Friendly Landscaping Program principles.

The city strongly encourages adherence to the Florida-Friendly Landscaping Program that includes the following principles:

1952 A. Right plant, right place. Plants selected to suit a specific site will require minimal amounts of water, fertilizer and pesticides.

B. Water efficiently. Irrigate only when lawn and landscape need water.

C. Fertilize appropriately. Less is often better. Over-use of fertilizer can be hazardous to your yard and the environment.

D. Mulch. Maintaining a layer of mulch will help retain soil moisture, prevent erosion and suppress weeds.

1963 E. Attract wildlife. Plants in private yards that provide food, water and shelter can conserve Florida's diverse wildlife.

F. Manage yard pests responsibly. Unwise use of pesticides can harm people, pets, beneficial organisms, and the environment.

1969 G. Recycle yard waste. Grass clippings, leaves, and yard trimmings recycled onsite provide nutrients to the soil and reduce waste disposal.

- H. Reduce stormwater runoff. Water running off from private yards can carry pollutants such as soil, debris, fertilizer, and pesticides that can adversely impact water quality.
- 1975 I. Protect the waterfront. Waterfront property is very fragile and should be carefully protected to maintain freshwater and marine ecosystems.

1978 Section 5.5.3. Applicability.

1974

1977

1979

1984

1987

2006

2007

2008

2009 2010

2013

Except as provided under Section 5.5.4, Exemption, the landscape standards of this section shall apply to all new construction of single-family homes and duplexes, and to all other new construction requiring site plan review per under Article 3. Additionally, all landscape standards of this section shall apply to amendments to a site plan that would have the effect of:

- 1985 A. Increasing the total square footage of any one building or the total square footage of all buildings on a site by more than 20%;
- 1988 B. Increasing the number of buildings; or
- 1990 C. Adding any new or expanding any existing off-street parking area.
- D. No certificate of occupancy or certificate of completion shall be issued until the Department of Community Development (DCD) has determined that the applicant has complied with all the provisions of this section and has approved the finished landscape product.

Section 5.5.4. Exemption.

These regulations do not apply to projects located where the City Council has established specific landscape standards for a unique area of the city; unless the specific landscape standards otherwise expressly state their applicability.

Section 5.5.5. Conflicts.

If any of the landscape standards of this section conflict with any other provision of the City of Cape Coral Code of Ordinances or the LDC the provision that establishes the more specific standard governs. If neither conflicting provision establishes a more specific standard, then the more stringent provision governs unless otherwise expressly provided.

Section 5.5.6. Landscape plans.

- A. Landscape plan required. A landscape plan that meets the requirements below shall be provided as required by Article 3.
- 2014 B. Landscape plan standards. Landscape plans for all projects that require a landscape plan, including
 2015 Site Development Plans and Subdivision Construction Plans shall be signed and sealed by a landscape
 2016 architect, or other licensed professional authorized pursuant to F.S. Chapter 481, Part II, as amended.
 2017 All landscape plans shall meet the following requirements and contain the following information:

2018		
2019	1.	Scale of not less than one-inch equals 30 feet. This requirement shall not preclude the inclusion
2020		of a smaller-scaled drawing such as a key map for the purpose of establishing the orientation of
2021		landscape plans for large sites that, because of their size, cannot be displayed on a single sheet.
2022	2	Zanina distuist and future land was placeification for the subject named and all about increases
2023 2024	2.	Zoning district and future land use classification for the subject parcel and all abutting parcels.
2024	3.	The approximate location, quantity, diameter/caliper, botanical and common name, and native
2025	٥.	status of all heritage trees and other existing trees with a caliper of two inches or greater, and
2027		whether they are proposed to be preserved or removed. Trees to be removed, if any, shall be
2028		indicated on a separate sheet.
2029		·
2030	4.	Location, quantity, spacing, diameter/caliper, overall height (at time of planting) of proposed
2031		trees, palm trees, botanical and common name, and native status. Any existing trees located
2032		within the street right-of-way, between the closest outside edge of pavement and the subject
2033		property shall be shown.
2034		
2035	5.	Location, quantity, spacing, container size, overall height (at time of planting) of proposed shrubs
2036		and groundcover, botanical and common name, and native status.
2037	_	
2038	6.	Types, amounts, and placement of other hardscape materials such as berms and walls required
2039		by this section or Section 5.5.13, or both.
2040 2041	7	A statement or plan describing compliance with the irrigation standards of these regulations
2041	7.	A statement or plan describing compliance with the irrigation standards of these regulations.
2042	Q	Location and type of existing and proposed utility lines, easements, electrical transformer boxes,
2043	0.	fire hydrants or fire appliances, sidewalks, parking spaces, light poles, and stop signs.
2045		The Hydrants of the apphanees, statewards, parking spaces, light poles, and stop signs.
2046	9.	Indication of existing and proposed grades if existing vegetation is to be retained on site.
2047		
2048	10.	Existing or proposed onsite curbing.
2049		
2050	11.	Calculations, notes, and installation details indicating how the proposed landscaping will be in
2051		compliance with requirements of this section.
2052		
2053	12.	Vegetation protection barricades to be used during construction, for all trees to be preserved.
2054		
2055	13.	Safe sight distance triangles.
2056		
2057	14.	Locations of proposed and existing off-street parking area lighting, if applicable.
2058		
2059	15.	A note that all existing prohibited vegetation shall be removed.

63

Section 5.5.7. Planting near utility infrastructure.

2060

2063 2065

2080

2081

2082

Landscaping shall not interfere with or obstruct any existing or proposed pad-mounted transformer, overhead or underground utility line, utility service, fire hydrant, or fire appurtenance.

A. Overhead power lines. Canopy tree branches or palm tree fronds within ten feet of existing overhead transmission or distribution lines, measured radially from the line, shall be subject to trimming or removal by the power company as necessary to maintain public overhead utilities in accordance with the National Electric Safety Code (NESC). No canopy trees or palm trees shall be planted closer to an overhead transmission or distribution line than as specified by the Minimum Separation Distance Between Center of Trees and Overhead Transmission or Distribution Lines indicated in Table 1. In order to avoid conflicts with power lines and avoid the need for removal or pruning that would harm or distort their natural shape, it is recommended that no canopy trees or palm trees should be planted closer to an overhead transmission or distribution line than as specified by the Recommended Separation Distance Between Trees and Overhead Transmission or Distribution Lines indicated in Table 1. The separation between a tree and an overhead transmission or distribution line shall be the distance from the center of the tree at ground level to the closest point on the ground that is within the vertical plane of an overhead transmission or distribution line at rest. A species of canopy tree or palm tree that is not listed in Tables 5.5.7.A and 5.5.7.B shall not be planted within 20 feet of existing overhead transmission or distribution lines without the prior written consent of the Department of Community Development Director.

B. Visibility triangles. All landscaping and buffers shall conform to the design limitations established by Article 5, Section 5.1.7, Visibility Triangles.

Section 5.5.8. Existing trees.

A. Generally. Except for trees on the Florida Exotic Pest Plant Council's list of Category I invasive exotics, existing trees may be used to meet the minimum tree requirements for the site if they are indicated on the landscape plan (when a landscape plan is required), have a minimum diameter at breast height (DBH) of two inches, and are properly protected during any clearing or construction on the property.

Developers are encouraged to preserve existing heritage trees. For any site other than a single-family or duplex site, if during development or any time throughout the life of the development, regardless of change in ownership or use(s), any heritage tree is removed or damaged, it shall be replaced with a Florida native tree that meets the quality of materials standards in this article, with a minimum caliper of six inches measured at a height of 12 inches above the ground, with a height not less than 20 feet; however, this requirement shall not increase the total number of trees otherwise required for the site by more than 10%.

B. Protection of trees during development activities. Prior to any land preparation or other development activities, a protective barrier shall be established around all trees that are not to be removed, as follows:

1. The protective barrier shall enclose at least that area within a radius of one foot for every inch of caliper DBH around the tree.

2110				
2111		2.	The protective barrier may encompass more than one tree, and shall be established with a barrier	
2112		as follows:		
2113				
2114			a. Posts shall be implanted in the ground deep enough to be stable and with at least three feet	
2115			visible above ground.	
2116				
2117			b. The protective posts shall be placed not more than six feet apart and shall be linked together	
2118			at a height of at least three feet by rope, chain, silt fence fabric, or orange safety fence at least	
2119			three feet in height, or any combination thereof.	
2120				
2121		3.	Required protective barriers and perimeter lines shall remain in place until all construction	
2122			activity, except landscaping within the protected area, is terminated.	
2123				
2124	C.	Con	struction activity limitations.	
2125				
2126		1.	No attachment, wires (other than supportive wires), signs or permits may be fastened to any tree	
2127			that is not to be removed.	
2128				
2129		2.	Landscaping activities within the area of the protective barrier (before and after it is removed)	
2130			shall be accomplished with manual labor or light machinery that, if self-propelled, is not designed	
2131			to bear the weight of the operator. Such light machinery may include string trimmers, walk-behind	
2132			lawn mowers, or chainsaws. Except as necessary to perform landscaping activities as described	
2133			above, no construction personnel shall enter the area within the protective barrier. Further, no	
2134			equipment, tools, construction materials, debris of any kind, or more than six inches of soil shall	
2135			be placed within the protective barrier.	
2136				
2137		3.	If fill is deposited adjacent to a protective barrier, a suitable temporary or permanent retaining	
2138			structure shall be constructed to prevent siltation within the area of the protective barrier.	
2139				
2140		4.	If it can be reasonably accomplished, water, sewer, and other utility lines should be routed around	
2141			the protective barrier of trees that are not to be removed. If a line cannot reasonably be routed	
2142			around the protective barrier, the line shall be tunneled beneath the area and shall be offset to	
2143			one side of the trunk to prevent damage to the main tap roots.	
2144				
2145	D.	Exe	mpt trees. This subsection shall not apply to trees grown at commercial nurseries, as part of their	
2146		stoc	ck.	
2147				
2148	Sec	tion	5.5.9. Prohibited vegetation.	
2149				
2150	A.	The	following invasive exotic plants are prohibited and shall be removed from the development site,	
2151		in it	s entirety. For projects developed in phases, all invasive exotic plants shall be removed from areas	
2152		to b	be developed under future phases at the time the first or any subsequent phase is developed.	

Methods to remove and control invasive exotic plants must be included on required landscape plans,

for projects that require a landscape plan. Methods of removal and control that would damage native

vegetation to be preserved are prohibited. The development sites shall be maintained free from

21532154

2158 2159

2160

invasive exotic plants in perpetuity. For purposes of this subsection, invasive exotic plants include the following listed plants, or those plants currently listed as a Category I invasive by the Florida Exotic Pest Plant Council (FLEPPC) at the time of development:

Table 5.5.9: PROHIBITED INVASIVE EXOTICS					
_					
Common Name Scientific Name					
Earleaf Acacia	acacia auriculiformis				
Woman's Tongue	Albizia lebbeck				
Bishopwood	Bischofia javanica				
Australian Pines	All Casuarina species				
Carrotwood	Cupianopsis anacardioide				
Rosewood	Dalbergia sissoo				
Air Potato	Dioscorea alata				
Murray Red Gum	Eucalyptus camaldulersis				
Cuban Laurel Fig	Ficus microcarpa				
Japanese Climbing Fern	Lygodium japonicum				
Old World Climbing Fern	Lygodium microphyllum				
Melaleuca, Paper Tree	Melaleuca quinquenervia				
Downy Rose Myrtle	Rhodomyrtus tomentosus				
Chinese Tallow	Sapium sebiferum				
Brazilian Pepper,	Schirus terebinthifolius				
Florida Holly	Schillas terebilitimonas				
Tropical Soda Apple	Solanum viarum				
Java Plum	Syzygium viarum				
Rose Apple	Syzygium jambos				
Cork Tree	Thespesia populnea				
Wedelia	Wedelia trilobata				

2161 2162

B. The Weeping Fig (Ficus benjamina) is prohibited due to aggressive root systems unless it is maintained as a hedge with a maximum height of eight feet.

2163 2164 2165

C. City of Cape Coral and state-prohibited vegetation shall be removed from all sites prior to issuance of certificate of occupancy or certificate of completion.

2166 2167 2168

2169

Section 5.5.10. Quality, size, spacing, and species mix.

2170 2171

All plant materials required by this section shall conform to the following at the time of planting:

2172 2173

2174

2175

A. Plant installation standards. Plant materials shall be installed in soil conditions that are conducive to the proper growth of the plant material. Soil in planting areas shall be loose, permeable, friable, and free of limestone and other construction materials, off-street parking area base material, rocks, noxious weeds, grasses, hard pan, clay, or other debris. For purposes of this section, noxious weeds

are those plants listed in Section 5B-57.007, F.A.C, State Noxious Weed List, by the Florida Department of Agriculture and Consumer Services. It is recommended that such materials be removed to a depth of two and one-half feet for the well-being of plant materials. Required canopy trees, accent trees, palm trees, and shrubs shall be planted on grades not exceeding 3:1.

B. Plant species and grade. A minimum of 50% of all required canopy trees and accent trees and a minimum of 30% of all required shrubs and groundcovers, excluding turf grass areas, shall be Florida native as defined by this section. Any plant material on the Florida Exotic Pest Plant Council's list of Category I invasive exotics, as may be amended, shall not be counted toward the required plantings in this section. The City of Cape Coral prohibits the use of any plant material on the Florida Exotic Pest Plant Council's list of Category II invasive exotics, which are not expressly prohibited by Section 5.5.9. Plant materials used in conformance with the provisions of this section shall meet or exceed the Standards for Florida No. 1, as set forth in the latest edition of "Grades and Standards for Nursery Plants" published by the State Department of Agriculture and Consumer Services, including minimum crown spread diameter, root-ball sizes, and container volumes.

C. Tree standards.

1. Canopy tree size. Except in the South Cape Downtown District, all canopy trees required to meet minimum requirements shall have a minimum height of ten feet, and shall have a minimum caliper of two inches measured at a height of 12 inches above the ground. In the South Cape Downtown District, all canopy trees required to meet minimum requirements shall have a minimum height of 12 feet and a minimum caliper of three inches measured at a height of 12 inches above the ground.

2. Palm tree size. Palm trees required to meet minimum requirements shall have a minimum size of 16 feet overall, unless located within ten feet of a walkway, in which case they shall have a minimum of ten feet of clear trunk at planting.

 3. Accent tree size. Accent trees required to meet minimum requirements shall have a minimum height of eight feet, have a minimum caliper of one and one-half inches measured at a height of six inches above the ground.

4. Tree species mix. A mix of species shall be provided according to the overall number of trees required to be planted. Species shall be planted in proportion to the required mix. The minimum number of species to be planted is indicated in Table 2.

Table 5.5.10: Required Spec	Table 5.5.10: Required Species Mix				
Required Number of Trees	Required Number of Trees Minimum Number of Species				
1 - 4	1				
5 - 10	2				
11 - 20	3				
21 - 30	4				
31+	5				

2	2	1	3

5. Shrub standards. Except as otherwise provided herein, shrubs planted in residential development shall be a minimum of 18 inches in height and be in at least a three-gallon container size at time of planting. Shrubs planted in all non-residential and mixed-use development must be a minimum of 24 inches in height and be in at least a seven-gallon container size at time of planting. Shrubs required for buffer yard plantings must be a minimum of 32 inches in height and be in at least a seven-gallon container size at time of planting. Ornamental grasses may be used in lieu of 30% of shrubs required. Saw palmettos (Serenoa repens) and coonties (Zamia floridana) may be used as shrubs, provided they are 12 inches in height at time of planting.

6. Groundcovers and sod.

a. Groundcovers shall be planted no more than 24 inches apart for one-gallon pots or 12 inches apart for four-inch pots.

b. Wherever used, sod shall be installed with no gaps or overlaps, so as to present a finished appearance and prohibit erosion of the planted area.

7. Firewise landscaping. Landscaping within areas subject to wildfire hazard and should incorporate firewise landscaping techniques promulgated by the Florida Department of Economic Opportunity and the Department of Agriculture and Consumer Services.

Section 5.5.11. Planting in public drainage or utility easements.

No canopy trees, accent trees, palm trees, or shrubs required by this section shall be planted within a public drainage or utility easement without approval of the city. The city may deny approval to place landscaping materials in an easement if such would conflict with existing or proposed utilities or drainage functions. If the city approves the placement of any plant material installed to meet the requirements of this section within a public drainage or utility easement and the landscape material is removed or damaged by construction or maintenance of drainage facilities or utilities, the property owner shall replace all such plant material within 30 days of the completion of the drainage or utility work, in accordance with the following criteria:

A. Canopy trees.

If planted back in the public drainage or utility easement, the property owner shall replace the
canopy tree with a tree having a minimum caliper as the removed or damaged tree; however, if
the removed or damaged tree is greater than four inches in caliper (measured at a height of 12
inches above the ground), the replacement tree shall be required to be a minimum of four inches
in caliper.

2. If planted in an alternate location that is not within a public drainage or utility easement, the property owner shall replace the canopy tree with one meeting the minimum size required within this Chapter and that is subject to all other requirements of this section. For sites required to have a site plan, such alternate plant location shall be indicated on a revised landscape plan and is subject to approval by the city.

B. Palm trees.

1. If planted back in the public drainage or utility easement, the property owner shall replace the palm tree with a palm tree having a minimum caliper as the removed or damaged palm tree; however, if the removed or damaged palm tree is greater than nine inches in caliper (measured at a height of 12 inches above the ground), the replacement palm tree shall be required to be a minimum of nine inches in caliper.

2. If planted in an alternate location that is not within a public drainage or utility easement, the property owner shall replace the palm tree with one meeting the minimum size required within this Chapter and that is subject to all other requirements of this section. For sites required to have a site plan, such alternate plant location shall be indicated on a revised landscape plan and is subject to approval by the city.

C. Shrubs. Regardless of whether the shrub is located in a public drainage or utility easement, the property owner shall replace the shrub with a shrub meeting the minimum size required within this chapter.

The property owner shall notify the city when the replacement planting required by this subsection have been installed and are ready for re-inspection.

Section 5.5.12. Single-family homes and duplexes.

The following landscape requirements shall be met for all single-family and duplex units.

A. Trees required for single-family homes. All newly constructed single-family homes shall have a minimum number of trees per building site in accordance with Table 5.5.12.A: Trees Required for Single-Family Homes. Where a home site includes a septic tank between the structure and the street, trees shall be planted a minimum of six feet from the septic tank or its drain field.

Table 5.5.12.A: Trees Required for Single-Family Homes						
	Canopy Trees Accent Trees Palm Trees					
Option A:	3	_	_			
Option B:	2	_	3			
Option C: 2 2 —						
Option D:	Option D: 1 2 3					

B. Trees required for Duplexes. All newly constructed duplexes shall have a minimum number of trees per side in accordance with Table 5.5.12.B Trees Required for Duplexes. Where a site includes a septic tank between the structure and the street, trees shall be planted a minimum of six feet from the septic tank or its drain field.

Table 5.5.12.B: Trees Required for Duplexes (PER SIDE)						
	Canopy Trees	Accent Trees	Palm Trees			
Option A:	3	_	_			
Option B:	2	_	3			
Option C:	2	2	_			
Option D:	1	2	3			

C. Credit for larger, canopy trees. The required number of canopy trees may be reduced by one tree if an existing or proposed canopy tree is at least two inches of increased caliper above the minimum planting size specified in this Chapter. Single-family homes and duplexes are not eligible for the Tree Credit Program provided by Section 5.5.15.

D. Shrubs required. Each single-family home and duplex shall be landscaped with a minimum of 20 three-gallon shrubs of which a minimum of ten shall be planted at any location in the front yard.

E. Mulch, groundcover, and planting beds.

1. The soil surface of the land area not covered by structures or hardscape features shall be covered with sod or planting beds containing canopy trees, accent trees, palm trees, shrubs, groundcover, or any combination thereof. When shrubs are used in planting beds, shall be planted not more than 48 inches apart. Permeable synthetic turf may be used in lieu of sod, so long as it is not used to cover more than 20% of the total land area not covered by structures or hardscape features and is not within a front yard or right-of-way.

2. A two-inch minimum layer of organic mulch, measured after watering-in, shall be placed and maintained around all newly installed canopy trees, accent trees, palm trees, and shrubs. A two-inch minimum layer of organic mulch, measured after watering-in, shall be placed around all newly installed groundcover plants so that bare areas of sod are not exposed; however, the mulch around groundcover plants is not required to be maintained after the groundcover becomes established. Except as otherwise provided in these regulations, each canopy tree, accent tree, and palm tree shall have organic mulch no less than 36 inches beyond its trunk in all directions; however, the mulch shall be kept away from the trunks and stems of plants so as to avoid conditions that may be conducive to collar rot, basal canker, or other fungi. The use of cypress or cedar mulch is strongly discouraged.

3. The use of any inorganic mulch, including pebbles or shells to cover the soil surface is not recommended. Inorganic mulch should only be used to frame the outside of beds or to control erosion and should not be used to cover the root ball of newly planted trees or shrubs. Inorganic mulch shall not exceed 10% of the total land area not covered by hardscape features.

4. The right-of-way from the edge of the street pavement to the property line shall be planted with sod or other approved groundcovers, except as otherwise provided in the City of Cape Coral Code of Ordinances or Land Use and Development Regulations.

F. Irrigation systems. Irrigation systems are encouraged but not required; however, where they are installed, they shall meet the standards of Section 5.5.14.

Section 5.5.13. Landscaping for all development other than single-family homes and duplexes.

The provisions of this section shall not apply to single-family homes and duplexes unless otherwise specifically stated herein. The soil surface of the land area not covered by structures or hardscape features shall be covered with sod or planting beds containing canopy trees, accent trees, palm trees, shrubs, groundcover, or any combination thereof. Shrubs in planting beds shall be planted not more than 48 inches apart. Permeable synthetic turf may be used in lieu of sod, so long as it is not used to cover more than 20% of the total land area not covered by structures or hardscape features and is not within a front yard or right-of-way. The right-of-way from the edge of the street pavement to the property line shall be planted in accordance with the requirements of subsection B. below.

A. Tree planting requirements.

- 1. Except in the South Cape District, all sites, exclusive of buffer areas, shall have at least one canopy tree for each 1,000 square feet of gross land area, except that accent trees or palm trees may be substituted for a required canopy tree as indicated below. Trees required for buffers shall not be used for meeting the minimum number of trees required for a site. In the South Cape District, all sites shall have at least one canopy tree for each 3,500 square feet of gross land area, except that accent trees or palm trees may be substituted for a required canopy tree as indicated below. For all districts, in the event the calculation of required number of canopy trees yields a fractional number, that number shall be rounded up to the next highest whole number prior to any calculation of the quantity of substituted accent trees or palm trees. Trees planted to meet the other requirements of this section can be included in the calculation of total number of trees required by this section. Such trees may be planted singularly or grouped together. Required canopy trees shall not be spaced less than 20 feet on center. Except in the South Cape District, each canopy tree shall be planted in a minimum planting area of 100 square feet with a minimum dimension of seven feet in width unless an alternative minimum planting area or dimensions are approved by the Director, based on planting details that ensure reasonable soil surface and planting medium volumes.
- 2. In the South Cape District, each canopy tree shall be planted a minimum planting area of 24 square feet with a minimum dimension of four feet in width unless an alternative minimum planting area or dimensions are approved by the Director, based on planting details that ensure reasonable soil surface and planting medium volumes. Except in the South Cape District not more than 50% of the required canopy trees may be substituted with accent trees or palm trees in accordance with Section 5.5.13. In the South Cape District, not more than 25% of the required canopy trees may be substituted with accent trees or palm trees, in accordance with Section 5.5.13., as follows:
 - a. Accent trees may be substituted for required canopy trees at a rate of two accent trees for each canopy tree required; however, no canopy tree required for a landscape buffer yard shall be substituted with an accent tree, unless the minimum width of available buffer yard options would preclude compliance with the minimum separation distance between trees and overhead power lines.

b. The following palms shall not be substituted for required canopy trees:

Table 5.5.13.A: PROHIBITED SUBSTITUTIONS FOR CANOPY TREES						
Common Name	Botanical Name					
Areca Palm	Chrysalidocarpus lutecens (Dypsis lutescens)					
Bamboo Palm	Chamedorea spp.					
Christmas Palm	Adonidia merrillii (Veitchii merriillii)					
Dwarf Palmetto	Sabal minor					
European Fan Palm	Chamaerops humilis					
Lady Palm	Rhapis excelsa					
Majesty Palm	Ravenea glauca					
Needle Palm	Rhapidophylium hystrix					
Pygmy Date Palm	Phoenix roebellini					
Saw Palmetto	Serenoa repens					
Silver Palm	Coccothrinax argentata					
Thatch Palm	Thrinax spp.					

To meet tree planting requirements in a landscape buffer yard or in off-street parking and vehicle use areas, palm trees, other than those listed above, may be substituted for canopy trees at a rate of three palm trees per each canopy tree substituted, regardless of the palm tree species. Except in the South Cape Downtown District, to meet tree planting requirements for areas other than a landscape buffer or off-street parking and vehicle use areas, palm trees may be substituted for required canopy trees at a rate of one palm tree per each canopy tree substituted. In the South Cape Downtown District, to meet tree planting requirements for areas other than a landscape buffer yard, palm trees may be substituted for required canopy trees at a rate of two palm trees per each canopy tree substituted.

c. Except for plantings in or near surface water management areas, a two-inch minimum layer of organic mulch, measured after watering-in, shall be placed and maintained around all newly installed canopy trees, accent trees, palm trees, and shrubs. Except in the South Cape District, each tree shall have organic mulch no less than 36 inches beyond its trunk in all directions. In the South Cape District, each tree shall have organic mulch no less than 18 inches beyond its trunk in all directions. All mulch shall be kept away from the trunks and stems of plants so as to avoid conditions that may be conducive to collar rot, basal canker, or other fungi.

The use of cypress or cedar mulch is strongly discouraged.

d. The use of any inorganic mulch, including pebbles or shells to cover the soil surface shall only be used to frame the outside of beds or to control erosion. Inorganic mulch shall not exceed 10% of the total land area not covered by structures, pools, accent boulders, driveways, sidewalks, or other paving. It be used to cover the root ball of newly planted trees or shrubs.

The balance of the soil surface shall be covered with planting beds with a two-inch minimum layer of organic mulch.

- e. Canopy trees shall not be planted within seven feet of any roadway, sidewalk, or public utility unless an acceptable root barrier material is installed between the tree and the roadway, sidewalk, or public utility. Acceptable root barrier material shall consist of one of the following: a manufactured root barrier material, installed in accordance with manufacturer's directions, reinforced concrete with a minimum depth of 16 inches, or a continuous sheet of aluminum with a minimum depth of 16 inches and a minimum thickness of 0.024 inches. Where a root barrier is required, it shall be installed for a minimum distance of 20 linear feet.
- f. In the event a property owner installs a public sidewalk closer than seven feet to any extant canopy tree, the property owner shall install an acceptable root barrier material in accordance with manufacturer's directions, such as herbicide impregnated materials or reinforced concrete of sufficient width and length, which will prevent the encroachment or undermining by the tree's root system, prior to the installation of the sidewalk.
- g. In the South Cape District, in the event that the tree requirements in this section cannot be met due to site constraints, the property owner may pay an in lieu of fee to the Downtown CRA Tree Fund. Such site constraints shall include size of site, access or circulation requirement making trees impracticable, or extant site layout. The City Council shall establish a fee based on the average cost of the aforementioned trees. The city will use the funds in the Downtown CRA Tree Fund to provide or enhance the landscaping and vegetation in public areas of the Downtown CRA. To qualify to pay an in lieu of tree fee, a property owner must apply for approval by the Director of the Department of Community Development. If the Director approves the application, then the property owner may pay an in lieu of tree fee meeting planting requirements. This provision does not preclude applicants from applying for deviations in accordance with Section 5.5.20.
- B. Right-of-way. The right-of-way from the edge of the street pavement to the property line shall be planted with sod or other approved groundcovers, except as otherwise provided in the City of Cape Coral Code of Ordinances or Land Development Code.
- C. Landscape design features. Six types of landscaping may be required on a site, depending on the site location and the specific elements of the development: foundation landscaping, landscaping adjacent to roads, off-street parking and vehicle use areas, retention/detention areas, and buffers. Trees planted to meet the requirements of these landscape design features can be included in the calculation of total number of trees required by this section under tree planting requirements.
 - 1. Foundation Landscaping. To provide aesthetic relief between a building and off-street parking or vehicular use areas, all new development, except development in the Industrial District and South Cape District, must provide foundation landscaped areas equal to 10% of the proposed building gross ground level floor area. These foundation landscaped areas must be between the off-street parking area and the building, between public streets and the building, or between vehicular access ways and the building, or any combination thereof, with emphasis on the side(s) most visible to the public. Foundation landscaping may consist of surface level landscaped areas, raised

planters, planter boxes, or any combination thereof. The width of the foundation landscaped areas shall be five feet, except for sites less than one acre with an average depth less than or equal to 135 feet, in which case the width shall be three feet. Foundation landscaped areas may be planted with trees, but must be planted with shrubs spaced a maximum of three feet on centers.

2460

2461

2 Landscaping Adjacent to Roads. Where a development site abuts a public right-of-way, excluding

- 2. Landscaping Adjacent to Roads. Where a development site abuts a public right-of-way, excluding a dedicated alley, the following shall apply except within Mixed-Use Districts:
 - a. Except as otherwise provided herein, a strip of land, a minimum of ten feet in width, shall be provided between the abutting right-of-way and any structure or off-street parking area. For sites or portions of sites that are 135 feet or less in depth, the width may be reduced to five feet.
 - b. At a minimum, perimeter landscaping in this area shall consist of the following:
 - i. One shrub for every three linear feet of landscaped area, planted separately or grouped, except where a carport or an off-street parking or vehicular use area abuts the strip of land that is required adjacent to roads. Where a carport or an off-street parking or vehicular use area abuts the strip of land required adjacent to roads, a continuous hedge, consisting of shrubs spaced no greater than three feet on center is required.
 - ii. The requirement for canopy trees or accent trees depends on the presence of overhead electric distribution or transmission lines. Shade or accent trees shall be provided as follows:
 - (a) Except as provided below, one canopy tree for each 30 linear feet of frontage is required. If the calculations yield a fractional number, that number shall be rounded up to the next highest whole number. Trees may be placed in any arrangement within the landscape strip provided that the spacing between tree trunks is no greater than 60 feet.
 - (b) In locations where an adequate separation distance from overhead distribution or transmission lines, as specified in Table 1, § 5.2.7., is not available, two accent trees may be substituted for any shade tree required for each 30 linear feet of frontage.
 - c. Ingress and egress from the public right-of-way through all such landscaping to off-street parking or other vehicular use areas shall be permitted and may be subtracted from the linear dimension used to determine the number of trees and shrubs required.
 - d. Landscaping required under this section shall not supersede visibility requirements at the intersection of roads, and ingress/egress lanes as required in Article III, § 3.7., Visibility Triangles.
- 3. Off-street parking and vehicle use areas. The provisions of this section apply to all new off-street parking or other vehicular use areas not situated directly beneath a building containing habitable space.

- 25382539
- 2540 2541 2542

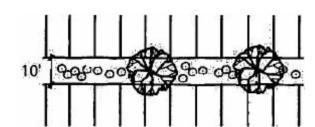

- a. Protection of landscaped areas from vehicular encroachment. When a landscaped area abuts or is within an off-street parking or vehicular use area, wheel stops or curbing shall be used to protect landscaped areas from encroachment. The placement of shrubs and trees shall be in accordance with the Parking Lot Standards of the City of Cape Coral Engineering Design Standards.
- b. Except in the South Cape District, landscaping for sites with both of the following: 1) an average depth less than or equal to 135 feet and 2) an area less than or equal to one acre. All off-street parking areas shall be landscaped to provide visual relief and cooling effects and to define logical areas for pedestrian and vehicular circulation, as follows:
 - i. Minimum landscaped area. Landscaped areas including, but not limited to, landscaped islands, foundation landscaping, and landscaping within divider medians shall equal or exceed a minimum of 5% of the total off-street parking and vehicle use areas.
 - ii. Tree planting. At least one canopy tree shall be provided for every 150 square feet of required planting area. Palm trees may be substituted for canopy trees in accordance with this Chapter.
 - iii. Divider medians. Where canopy trees are planted in divider medians, the minimum width of the divider median shall be nine feet.
 - iv. Landscaping at the end of a row of parking spaces. Each row of parking spaces containing ten or more parking spaces shall be terminated by a landscaped area at each end that measures not less than five feet in width and not less than 15 feet in length. No trees shall be planted in landscaped islands less than nine feet in width.

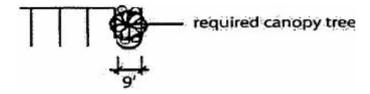

- c. Except in the South Cape District, landscaping for sites with either of the following: 1) an average depth greater than 135 feet; or 2) an area greater than one acre. All off-street parking areas shall be landscaped to provide visual relief and cooling effects and to define logical areas for pedestrian and vehicular circulation, as follows:
 - i. Minimum landscaped area. Landscaped areas including landscaped islands, foundation landscaping, and landscaping within divider medians shall equal or exceed a minimum of 10% of the total paved surface area. Landscaped areas reserved for future parking spaces may not be included in this calculation.
 - ii. Tree planting.
 - (1) At least one canopy tree shall be provided for every 150 square feet of required planting area. Palm trees may be substituted for canopy trees in accordance with this Chapter.

(2) No parking space may be more than 100 feet from a tree.

iii. Divider medians. If a divider median is used to meet the landscaping requirements, it shall be a minimum width of nine feet.

 iv. Landscaping at the end of a row of parking spaces. Each row of parking spaces containing ten or more parking spaces shall be terminated by a landscaped area that measures not less than nine feet in width and not less than 15 feet in length. Each such landscaped area shall be planted with at least one canopy tree. Palm trees may be substituted for canopy trees in accordance with this Chapter.

- v. Landscape materials. All interior landscaped areas not dedicated to trees or to preservation of existing vegetation shall be landscaped with grass, groundcover, shrubs or other approved landscaping materials and this shall be noted on the landscape plans.
- d. Landscaping for sites in the South Cape District. Except within city dedicated parking areas, all off-street parking areas and applicable off-street parking area setbacks shall be landscaped to provide visual relief and cooling effects and to define logical areas for pedestrian and vehicular circulation, as follows:
 - i. Minimum landscaped area.
 - (1) Unless otherwise provided herein, all required landscape areas shall be planted with trees, shrubs, groundcover, sod, or any combination thereof. At a minimum, the landscape area(s) shall include low-lying shrubs or ground cover plants with a minimum 50% coverage of the landscape area at time of planting. When utilized, shrubs shall be planted at no more than three feet on center.
 - (2) All applicable minimum off-street parking area setbacks required by Article 4, Chapter 5, except rear when abutting an alley, shall be landscaped unless otherwise provided herein. This provision shall not apply to portions of setbacks areas utilized for shared curb cuts, joint driveways and shared off-street parking areas across lot lines.
 - (3) Ingress and egress from the right-of-way through any setback area is permitted and the width of the ingress and egress may be subtracted from required landscape areas.

ii. Landscaping for lots with a lot frontage greater than or equal to 125 feet. Off-street parking areas containing 24 or more parking spaces shall provide a landscaped area that measures not less than nine feet in width and not less than 15 feet in length for every 12 parking spaces. Such landscaped area(s) shall be located as intermediate within or terminal islands to parking space rows. Each such landscaped area shall be planted with at least one canopy tree and groundcovers or sod.

4. Retention/detention areas.

- a. Planting of trees, palm trees, shrubs, and groundcovers in retention/detention areas is encouraged, provided that the placement does not conflict with the volume of storage required for the retention/detention areas and does not significantly interfere with or impede the flow of runoff in the retention/detention area.
- b. All retention/detention areas shall be stabilized with sod or other groundcover capable of stabilizing the soil. Organic mulch is not allowed.

5. Buffers.

a. Determination of required buffer. Landscape buffer and screening shall be required to separate uses of differing zoning districts from each other. The type and width of buffer required shall be determined by using Table 5.5.13.B: Table of Minimum Buffer Requirements. If the developing property contains a non-residential use in a Residential District, the buffer shall be as indicated along the row labeled "Non-Residential Uses in Residential Districts"; otherwise, the buffer required shall be as indicated along the row of the developing property's zoning district under the applicable column. The buffer that is required along any segment of property line, if any, is dependent on the zoning of the abutting property and property separated by only a street containing not more than two lanes for motor vehicle traffic. A bicycle "lane" shall not be considered to be a lane for motor vehicle traffic. The specifications for each type of buffer are provided in Table 5.5.13.B.

	TABLE 5.5.13.B MINIMUM BUFFER WIDTH With wall/Without wall

SC, MXB	5	5	5	Χ	Χ	Χ	Χ	Х	Х

b. Buffer specifications.

i. The standards for minimum width, plant types and quantities, and opaque features shall be in accordance with Table 5.5.13.B: Minimum Buffer Width and Table 5.5.13 C, Buffer Plantings. All plants provided within a buffer are specific to, and must be located within the buffer area. The buffer landscaping is in addition to other landscaping required by this Chapter and this landscaping must be within the buffer area. For buffer options that include a wall, the wall must conform to the standards of Article 5, Chapter 2, including the setback requirements.

ii. The buffer width shall be measured along a line perpendicular or radial to the property

iii. The number of each type of plant required shall be determined by dividing the length of each side of the property requiring a given type of buffer by 100 and multiplied by the number of plants per 100 feet indicated for a selected option. If the calculations yield a fractional number, that number shall be rounded up to the next highest whole number.

iv. If a wall is required, the wall shall extend the entire length of the property line, or until it connects to another wall.

v. Ingress and egress from the right-of-way through any buffer shall be avoided; however, where it is determined by the city that avoidance is impractical or not preferable due to traffic flow or safety considerations, penetration through a buffer to ingress and egress from the right-of-way may be permitted and the width of the ingress and egress can be subtracted from the length of the buffer for the calculation of the number of plants required.

vi. Plants, berms, or walls required for buffers within required sight triangles shall be in accordance with standards provided in Article 5, Section 1. Further, no fence, wall, or plant material shall be placed within a buffer that would impede the movement of or obstruct the view of either a pedestrian or driver of a vehicle that would create a potential safety hazard.

2666 2667

2668

2669 2670 2671

2672 2673

2674

2675 2676 c. Buffer requirements. No development within required buffer. Required buffer shall not contain any development other than drainage facilities, sidewalks, plants, walls, or berms. Driveways shall only be allowed in the required buffer if the buffer runs along a street. No grading, development, or land-disturbing activities shall occur within the buffer unless as part of an approved development or landscape plan.

d. Buffer maintenance.

- i. Any landscape buffer required pursuant to this section shall be maintained in order to preserve such buffer.
- ii. The plantings, walls, and berms that constitute screening for any buffer required pursuant to this section shall be maintained for the life of the development. Such maintenance shall include all actions necessary to keep the buffer free of litter and debris, and to keep plantings, walls, and berms in good repair and neat appearance.
- iii. In the event that any buffer screening or any element thereof, is damaged or fails to live so that it no longer furthers the purpose and intent of this section, it shall be replanted or replaced, whichever is applicable, with the type and size of material specified on the landscape plan.
- e. Plant and tree arrangement. Required plants and trees shall be distributed in a manner to meet the intent of screening incompatible uses. In the event that plant materials are prohibited in a public drainage or utility easement which abuts or is coincident with a buffer, no new plant materials shall be centered closer than two feet from such easement.

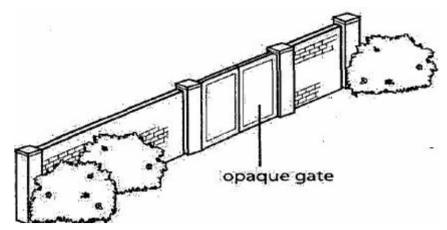

f. Existing vegetation.

- i. Retaining existing Florida native trees and other vegetation within a buffer is strongly encouraged.
- ii. If existing plants do not fully meet the standards for the type of buffer required, additional plant materials shall be installed.

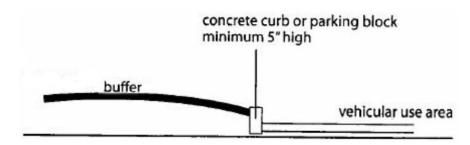

g. Buffer walls and berms.

i. Whenever a wall is required within a buffer, it is shown in Table 5.5.13.B.

- ii. Where the buffer requires a berm, the berm shall be graded to appear smooth, rounded, and natural. Slopes shall not exceed a 3:1 grade.
- iii. Whenever a wall is required within a buffer, the wall shall conform to all requirements of Article 5 Section 2, and the requirements herein, and all other requirements for a wall. The wall may be placed anywhere in the buffer, provided at least 75% of the required trees and 100% of the required shrubs are on the side facing outward toward the right-of-way or abutting property (facing away from the property on which the wall is erected). Bare concrete block, even if painted, is prohibited. The following materials, either singly or in any combination, are the only materials that may be used to form the wall:
 - (a) Concrete block coated with stucco;
 - (b) Textured concrete block;
 - (c) Stone;
 - (d) Brick; or
 - (e) Formed, decorative, or precast concrete.
- iv. Whenever a wall is required within a buffer, it shall be 100% opaque and shall be the maximum height allowed for the use and the location of the wall.
- h. Gates. A gate may be allowed in a buffer wall, provided such gate is opaque, unless spanning a vehicular entrance, and meets the intent and purpose of this section. Gates shall be maintained in accordance with the maintenance standards for screening contained in this section.

- i. Staggered walls. Whenever a wall is required within a buffer, it may be divided along the length of a buffer so that a wall consists of a series of wall segments instead of a continuous line. Such a divided wall shall be allowed only if it meets the intent and purpose of this section and if the wall segments overlap by a minimum of one-half of the distance between the two wall segments.
- j. Vehicular use areas. Concrete curbs or wheel stops at least five inches high shall be provided between vehicular use areas and buffer areas.

3. Location of buffer.

a. The landscape buffer required by this section shall be located along the perimeter of a property except at approved entrances or exits to the parcel.

b. Buffers shall extend to the lot line or right-of-way line, except where easements, covenants, visibility triangles, or natural features require the buffer to be set back from the property line. The presence of an easement, covenant, or natural feature does not necessarily preclude the placement of a buffer, unless due to the nature of the easement, covenant, or natural feature the placement of a buffer would be precluded.

c. Nothing other than open landscaped areas shall be located between the required buffer and the site perimeter unless the presence of an easement, covenant, or natural feature, which due to its nature, would preclude open landscaped areas.

d. Buffers may not be located on any portion of an existing or dedicated street right-of-way or roadway easement.

Section 5.5.14. Irrigation.

All landscaping shall contain an automatic irrigation system. All required irrigation systems shall be designed to minimize the application of water to impervious areas, including roads, drives, and other vehicle areas. Required irrigation shall also be designed to avoid damage to existing native vegetation from over watering or from physical conflicts with plant roots. The following standards shall apply to the design, installation, and maintenance of irrigation systems:

A. The irrigation system shall be properly maintained and operated consistent with watering schedules established by the South Florida Water Management District or the City of Cape Coral, whichever is more restrictive.

B. Existing native plants are exempt from this requirement.

C. Automatic control systems shall be equipped with an operable rain sensor or other devices, such as soil moisture sensors, to prevent unnecessary irrigation.

Section 5.5.15. Tree credits.

- A. Tree credits for all development other than single-family homes and duplexes are available, to encourage the planting of larger trees than are otherwise required and to preserve trees existing on development sites. Based on the gross square feet of land area, each tree credit earned can count toward the number of trees required, subject to limitations indicated below. If tree credits are used, the credits shall be shown in the calculations on the landscape plan. Single-family homes and duplexes are not eligible for the tree credit program provided by this subsection. In no event, shall the number of trees required in a buffer be reduced.
 - B. Credit for planting larger canopy trees. One tree credit shall be applied to the overall tree count for each two inches of increased caliper above the minimum planting size specified in this Chapter. In no event, however, shall the actual number of trees be less than one-half of the total number required.
 - C. Credit for preserving existing canopy trees. Existing canopy trees in good health and meeting the minimum standards provided in this Chapter that are preserved on a site, and that are properly protected prior to and during the course of development activities, may be used to meet the requirements of this section for the site where the existing trees are located. For purposes of this subsection, development activities include land clearing, construction, grading, or placement of fill. Canopy trees that exceed the minimum size required by Article 5, Section 15 are credited at the following ratios for existing canopy trees:

TABLE 5.5.13.D: CREDIT FOR PRESERVING EXISTING CANOPY TREES CREDITS 1. 6" up to 12" caliper = credit for 2 trees 2. 12" up to 18" caliper = credit for 3 trees 3. 18" up to 24" caliper = credit for 4 trees 4. 24" or greater caliper = credit for 5 trees

No credit shall be given to canopy trees on the Florida Exotic Pest Plant Council list of Category I or Category II invasive exotics.

D. Credit for preserving existing palms. Existing palm trees in good health and having a minimum of ten feet of clear trunk that are preserved on a site and properly protected prior to and during the course of development activities, may be used to meet the requirements of this section for the site where the existing palm trees are located. This credit shall be available for palms preserved in place or transplanted within a site, using accepted horticultural procedures.

Section 5.5.16. Landscape maintenance.

- A. General maintenance required. The property owner shall maintain all landscaping in accordance with the approved landscape plan, if any, and with the standards contained in this section, including:
 - 1. Trees, palm trees, shrubs, and other vegetation shall be trimmed so as to not be an obstruction to pedestrian or vehicular traffic or traffic visibility;

- 2788 2. Trees, palm trees, shrubs, and tree bed(s) shall be kept free of refuse, debris, and disease;
 - 3. Nonliving materials shall be maintained in good condition at all times.; and

4. Shrubs planted in non-residential and mixed-use developments shall grow and be maintained at all times according to the minimum size specified on the approved landscape plan or to a minimum height of 36 inches, if not specified on the approved landscape plan. Shrubs that do not meet the minimum height specified or the alternate minimum height of 36 inches shall be replaced with like kind species and be maintained at a height of 36 inches.

This requirement shall not preclude the placement of additional plant materials or other landscape features that comply with other requirements of these regulations.

- B. Compliance required. For any development for which a landscape plan was submitted, the city shall not issue a certificate of occupancy or certificate of completion until the landscape architect or other licensed professional authorized pursuant to F.S. Chapter 481, Part II, who prepared, signed, and sealed the plan certifies to the city that all elements of the landscape plan have been installed in accordance with the approved plan. Each development will be inspected by the City of Cape Coral within two years after the certificate of occupancy or certificate of completion is issued, and from time to time thereafter to ensure compliance with the applicable landscape standards and with the approved landscape plan, if any. Any dead or missing plant, or plant that appears to be dying or unable to sustain healthy future growth shall be replaced by one that conforms to the requirements of this section and approved landscape plan, if any. Failure to comply with this requirement shall constitute a violation of the City of Cape Coral Code of Ordinances, subject to any penalty imposed by law.
- C. Changes subsequent to landscape plan approval. The replacement of plants indicated on an approved landscape plan with plants of the same species, or the placement of hardscape features that comply with other requirements of these regulations shall not require the submission of an amended landscape plan. The substitution of plants indicated on an approved landscape plan with plants of an alternative species of the same size and plant category (canopy tree, accent tree, palm tree, shrub) shall not require the submission of an amended landscape plan, unless a specific species has been prescribed as a condition of approval by the Hearing Examiner or City Council; however, any such substitution shall meet all other landscape requirements, including the minimum separation distance between trees and overhead power lines, the Florida native plant percentage, the tree species mix, and species specific palm tree substitution requirements. Except as described above, after a landscape plan has been approved, it shall be unlawful to change, modify, alter, or otherwise deviate from the terms or conditions of the landscape plan without first obtaining written approval of an amendment to the landscape plan. The approval of an amendment to a landscape plan does not constitute an amendment to the site plan. Modifications that require approval of an amended landscape plan include:
 - 1. Replacement of any plant indicated on an approved landscape plan with a plant of a different species; or
 - 2. The reduction of any quantity or size of plants below the size that was indicated on the most recently approved landscape plan.

The city may impose a reasonable fee for the review and approval of an application for an amendment to a landscape plan. An application for an amendment to a landscape plan shall be reviewed in accordance with the standards herein, unless the landscaped area is a legal nonconformity. An application for an amendment to a nonconforming landscaped area shall be reviewed in accordance with Article 5, Section 6.

D. Nonconforming landscaped areas.

1. Legal nonconforming landscaped areas established. All landscaped areas which were lawful prior to the adoption of this Code but which fail by reason of adoption of such amendment to comply therewith, are hereby declared to be nonconforming. Such nonconforming landscaped areas are hereby declared to be lawful and shall not be required to be altered to conform with such regulations as adopted by the City of Cape Coral; provided, however, that such nonconforming landscaped areas are restricted and subject to the requirements of this section.

2. Requirements for nonconforming landscaped areas.

a. For sites with an approved landscape plan, nonconforming landscaped areas, including buffers, shall be maintained in accordance with approved landscape plans, as modified by requirements of any approval for PUD, PDP, special exception, or variance, if any. If the minimum requirements for landscaping are reduced subsequent to the most recently approved landscape plan, the property owner may request approval of an amended landscape plan meeting the minimum requirements pursuant to Article 5, Section 6.

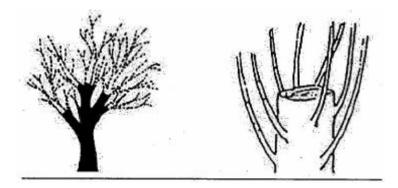

b. For single-family and duplex sites, nonconforming landscaped areas shall be maintained in accordance with landscape regulations in effect at the time of issuance of the original building permit for the primary structure.

c. For sites without an approved landscape plan, other than single-family and duplex sites, nonconforming landscaped areas shall be maintained in accordance with landscape regulations in effect at the time of the most recent site plan approval.

E. Canopy tree pruning.

 1. Except as otherwise provided herein, trees required by regulations in effect at the time of site development shall only be pruned to promote healthy, uniform, natural growth, to keep trees trimmed back from doors, windows, and public sidewalks or where necessary to promote health, safety, and welfare. Pruning shall be in accordance with "American National Standard for Tree Care Operations - Tree, Shrub, and Other Woody Plant Maintenance - Standard Practices (Pruning) (A300, Part 1)" by the American National Standard Institute and "Best Management Practices: Tree Pruning" by the International Society of Arboriculture (ISA). Pruning of trees on any site over one acre should be supervised by a certified arborist. Pruning necessary to maintain public overhead utilities shall be in accordance with the National Electric Safety Code (NESC).

2. Trees required by regulations in effect at the time of site development shall not be pruned so as to include topping of trees through removal of crown material or the central leader, or any other similar procedure to permanently limit growth to a reduced height or spread or that cause irreparable harm to the natural form of the tree, except where such procedures are necessary to maintain public overhead utilities. Severely pruned trees required by regulations in effect at the time of site development must be replaced by the property owner. Replacement trees must meet the tree size requirements of this Chapter. A tree's growth habit shall be considered in advance of conflicts that might arise (e.g., signs, power lines, sidewalks, buildings, and similar conflicts).

Excessively pruned trees.

 3. Palm maintenance and pruning. Palms shall only be pruned in such a manner that removal of fronds does not exceed a 9:00 to 3:00 pattern and no more than one-half of the fronds are removed at a single time. This limitation shall not apply to flower stalks or fronds that are yellow or dead.

Section 5.5.17. Planting in medians.

A. Permits.

2903 1. Required. It shall be unlawful for any person to place any landscape material, including plant 2904 materials and hardscape materials other than mulch, in any median under the control of the city, 2905 without first obtaining a permit for such work from the City. 2906 2907 2. Application. An application for a permit shall be submitted on a form provided by the city and 2908 include all required information as specified in the permit application forms. 2909 2910 B. Median design. Landscaping in medians shall be in accordance with the City of Cape Coral Engineering 2911 Design Standards. 2912 2913 C. Prohibited vegetation. The prohibited vegetation standards of section 9 of this article shall apply in 2914 medians. 2915 2916 Review criteria. In determining whether a permit will be issued, the city shall consider factors that 2917 include, but are not limited to, the following: 2918 1. Relationship to traffic and pedestrian safety; 2919 2920 2. Location of existing and proposed public utilities, power lines, and other right-of-way 2921 2922 improvements; 2923 2924 3. Effect on surface waters and drainage patterns; 2925 2926 4. Aesthetic effect of the proposed landscaping, including whether the resultant theme would be consistent throughout the specific median, and whether the proposed landscaping would 2927 2928 coordinate with the landscape theme, if any, established in the vicinity; 2929 2930 5. Type, size, and location of any extant plant materials and hardscape materials, if any; 2931 2932 6. Type, size, and location of proposed plant materials and hardscape materials on the median; 2933 2934 7. Method of removal of existing plant materials and hardscape materials; 2935 2936 8. Adequacy of proposed irrigation, its expense to the city, and availability of water supply; and 2937 2938 9. The city's ability to maintain the landscaping in the event that the permittee fails to do so including 2939 economic ability, manpower, and location of the median. 2940 2941 E. Approval. 2942 2943 1. In its approval of any permit request, the city may impose conditions, which may include one or 2944 more of the following: 2945 2946 a. Modifications to the planting plan, including but not limited to the design to ensure

integration with the aesthetic character of the neighborhood, the requirement that the entire

2948

median be included in the design, as well as to plant sizes, species, location, and nature

2949				placement of hardscape materials;
2950				
2951			b.	Modification of plant installation or removal methods or specifications;
2952				
2953			c.	Regulation of the commencement and completion date, work hours, or phasing of installation
2954				or removal;
2955				
2956			d.	Modification to the proposed maintenance schedule;
2957				
2958			e.	Requirement of a financial instrument to ensure maintenance or removal of the landscaping;
2959				
2960			f.	Requirement that all or part of the landscaping be installed and maintained by a licensed
2961				landscape contractor or certified arborist;
2962				
2963			g.	Requirement that temporary traffic control measures be implemented by a barricade
2964				company with certification by the American Traffic Safety Services Association (ATSSA) or the
2965				International Municipal Signal Association (IMSA);
2966				
2967			h.	Requirement that curbing be installed;
2968				
2969			i.	Requirement that erosion control measures be implemented; and
2970				
2971			j.	Submission of a hold harmless agreement acceptable to the city.
2972				
2973		2.	The	e permittee shall be responsible for compliance with the permit and any associated conditions,
2974			alo	ng with the maintenance of the landscaping. The limitation on the time period for installing
2975			lan	dscape materials shall not apply to replacement of materials as part of maintenance.
2976				
2977		3.	App	proval of a permit to install landscape materials in a median shall not obviate the requirement
2978			to o	obtain all other necessary permits, including permits for irrigation and signs.
2979				
2980	F.	Cha	ange	s subsequent to approval. After a planting plan has been approved, it shall be unlawful to
2981		cha	nge	, modify, alter, or otherwise deviate from the terms or conditions of the planting plan without
2982		firs	t ob	taining written approval of an amendment to the planting plan. Modifications that require
2983		app	rov	al of an amended landscape plan include the following:
2984				
2985		1.	Rep	placement of any plant indicated on an approved planting plan with a plant of a different
2986			spe	cies; or
2987				
2988		2.	Мо	dification of the location of any plants or other landscape materials.
2989				
2990			The	e city may impose a reasonable fee for the review and approval of an application for an
2991			am	endment to a planting plan. An application for an amendment shall be reviewed in accordance
2992			wit	h the standards herein. The replacement of plants indicated on an approved landscape plan
2993			wit	h plants of the same species shall not require the submission of an amended landscape plan.

G. Permit expiration and extension. A permit for installing landscape materials in any median under the

control of the city shall be valid for a one-year period from the date of issuance, except as otherwise

provided within the permit approval. The permittee is solely responsible for submitting an application for renewal of the. In determining whether the permit should be renewed, the city shall consider all of the factors listed in subsection D. above, as well as the condition in which any materials planted 3000 pursuant to the permit have been maintained.

H. Maintenance. Once any landscape materials are installed in a median, the materials are the property of the city. Except when the city determines that it is in its best interest to maintain portions of landscaping in medians permitted in accordance with this subsection, the permittee shall be responsible for maintaining any and all landscaping permitted by this subsection in accordance with Section 16 of this chapter. Should any plant material or other landscape material or portion thereof become a safety hazard, unsightly, or die or become diseased, or if it is installed or maintained in a manner inconsistent with the permitting requirements herein, the city shall have the option of performing maintenance, replacing, or removing it. The City will determine compliance with this subsection.

- Removal.
 - 1. The authorization in this section for the removal of landscaping in medians shall be construed as supplementary to any other means of enforcement available to the city and shall not be construed so as to negate the authority of the Code Enforcement Special Magistrate to hear and adjudicate appropriate cases.
 - 2. The city may also, in its sole discretion, remove any landscape materials placed in any median under the city's control, for utility maintenance, safety, or any other reason.
- J. Revocation. If any condition of approval is not satisfied, the city may revoke or stop work on any permit issued pursuant to this subsection.

Section 5.5.18. Cul-de-sac or roundabout landscaping.

- A. Permit required. It shall be unlawful for any person to place any landscape materials in any cul-de-sac or roundabout under the control of the city, without first obtaining a permit for such work from the City.
- B. Planting design and materials. Permits shall be issued only for the planting of approved trees or shrubs on cul-de-sac or roundabout. Such plantings on cul-de-sac or roundabout shall be in accordance with the City of Cape Coral Engineering Design Standards.
 - 1. Trees. All trees to be planted in a cul-de-sac or roundabout shall be of at least ten-gallon size at the time of planting. The following trees are: Mahogany, Wild Tamarind, Yellow or Pink Tabebuia, Buttonwood, Crepe Myrtle, Gumbo Limbo, Southern Magnolia, Paradise tree, Pigeon Plum, Sago Palm, or Pygmy Date Palm. However, other types of trees may be permitted providing the criteria

3039	established in this section are met. The prohibited vegetation standards of this Chapter shall apply
3040	in cul-de-sac and roundabout.
3041	

- 2. Shrubs. Shrubs to be planted should be durable in harsh conditions with slow, unobtrusive growth habits. All shrubs shall be of at least three-gallon size at the time of planting. The following shrubs are recommended for planting: Carissa, Cocoplum, Yaupon Holly, Myrsine, Necklace Pod, Podocarpus, and Wax Myrtle. However, other types of shrubs may be permitted providing the criteria established in this section are met.
- 3. Other vegetation. The planting of flowers or any vegetation (other than approved trees or shrubs) by any private person or entity on cul-de-sac or roundabout owned by the city is prohibited. In addition, cul-de-sac or roundabout shall be left in sod. However, a small bed immediately surrounding a tree or shrub may be mulched.
- C. Plan submittal. Prior to the issuance of a permit for planting and prior to the planting of any tree or shrub on any cul-de-sac or roundabout, a planting plan shall be submitted for review to the City. The planting plan shall include all pertinent dimensions, source of water supply to landscape materials, and the proposed location of the trees or shrubs, with the species of tree or shrub by name.
- D. Approval criteria. In determining whether a permit will be issued, the city shall consider the following criteria:
 - 1. The location of existing and proposed public utilities and power lines;
 - 2. Vehicular use areas and intersecting streets;

- 3. Diversion of surface waters or drainage patterns;
- 4. Relationship to and effects on traffic safety;
- 5. Type and location of trees or shrubs to be planted; and
- 6. Type and location of any extant trees, palm trees, shrubs, or other vegetation on the cul-de-sac or roundabout.
- E. Permit expiration and renewal. A permit for planting trees or shrubs on a cul-de-sac or roundabout shall be valid for a period of one year from the date of issuance. At the expiration of such one-year period, the permit shall automatically expire unless renewed in accordance with the provisions of this section. The permitee shall be solely responsible for submitting an application for renewal of the permit. In determining whether the permit should be renewed, the city shall consider all of the criteria listed above as well as the existing condition of the trees or shrubs planted.
- F. Maintenance. Once any landscape materials are installed, the materials are the property of the city.
 The person or entity to which the permit for planting is issued shall be responsible for maintaining any and all trees or shrubs in good condition so as to present a healthy, neat, and orderly appearance for keeping such trees or shrubs free of refuse, debris, and disease. Failure to maintain such trees or

- shrubs in accordance with this provision shall be grounds not only for denial of a renewal or revocation of the planting permit, but also shall be grounds for removal by the city of the trees or shrubs planted.
 - G. Removal. Any landscape materials planted or installed without the express written permission of the city shall be subject to removal by the city in its sole discretion. Except for the city and persons with a permit or other written authorization from the city, no person shall remove landscape materials from a cul-de-sac or roundabout.

Section 5.5.19. Lateral right-of-way planting.

- A. No permit required. Except in the South Cape Downtown district, no permit shall be required for a private person or entity who owns the property abutting the city-owned lateral right-of-way to plant trees and shrubs in the city-owned lateral right-of-way.
- B. Placement of planting material. In the South Cape Downtown District, in order to provide a cohesive urban streetscape, applicants may enter into an agreement with the city for placement of planting material in the lateral right-of-way. In all other districts, the planting of trees, palm trees, and shrubs, and the placement of the tree bed(s) shall be allowed in the city-owned lateral right-of-way subject to the following restrictions:
 - 1. Planting near utility infrastructure shall be in accordance with the requirements of Section 7 of this article;
 - 2. One or more trees may be immediately surrounded by a bed consisting of landscape edging materials, bedding plants or groundcover, and mulch or decorative rock so long as the size of the bed is reasonably related to the size and number of trees contained therein. Groundcover or annual bedding plants shall be permitted within the tree bed. Unless otherwise permitted, no other landscape edging material, concrete curbing, bedding plant or groundcover, mulch, or decorative rock shall be allowed in the city-owned lateral right-of-way;
 - 3. The property owner abutting the portion of the lateral right-of-way in which the plantings and the tree bed(s) are placed shall be responsible for any and all costs incurred by the city for damage sustained to any underground utility facilities as a result of said plantings or placement of the tree bed(s), and shall indemnify and hold the city, its officers, employees, and agents, harmless from any and all claims for injuries and damages to persons and property, both real and personal resulting from said plantings or placement of the tree bed(s);
 - 4. No tree, shrub, landscape edging material, concrete curbing, bedding plant, groundcover, mulch, or decorative rock shall be placed in the city-owned lateral right-of-way within five feet of the roadway. Canopy trees shall not be planted within seven feet of any roadway, sidewalk or public utility, unless an acceptable root barrier material, installed in accordance with this Chapter.
 - 5. No tree, shrub, landscape edging material, concrete curbing, bedding plant, groundcover, mulch, or decorative rock shall be placed in the city-owned lateral right-of-way:
 - i. Within five feet of either side property boundaries, as measured perpendicular from the side property line;

iv. So as to be an obstruction to pedestrian or vehicular traffic or traffic visibility and each

ii Within three feet of the bottom on the swale in either direction;

iii. Within three feet of a public sidewalk; or

3131 3132

3133

3175 3176

Section 5.5.20. Deviations.

3134 3135		shall be maintained accordingly.
3136 C. 3137 3138 3139 3140	the rig co	aintenance. Once any landscape materials are installed in a lateral right-of-way, the materials are property of the city. The person or entity who owns the property abutting a portion of the lateral ht-of-way along a city street in which the trees, palm trees, shrubs, landscape edging material, ncrete curbing, bedding plants, or groundcover, mulch, or decorative rock have been placed shall responsible for the following:
3141 3142 3143	1.	Maintaining all plantings and tree bed(s) in good condition so as to present a healthy, neat, and orderly appearance;
3144 3145 3146	2.	Trimming such trees, palm trees, shrubs, and tree bed(s) so as to not be an obstruction to pedestrian or vehicular traffic or traffic visibility; and
3147 3148 3149	3.	Keeping such trees, palm trees, shrubs, and tree bed(s) free of refuse, debris, and disease.
3150 3151 3152 3153	sha	lure to maintain such trees, palm trees, shrubs, and tree bed(s) in accordance with this provision all constitute a violation of this section and shall be grounds for removal by the city of the trees, Im trees, shrubs, and tree bed(s) in the right-of-way.
3154 D.	Re	emoval.
3155 3156 3157 3158 3159 3160	1.	The authorization in this section for the removal of trees, palm trees, shrubs, and tree bed(s) shall be construed as supplementary to any other means of enforcement available to the city and shall not be construed so as to negate the authority of the Code Enforcement Special Magistrate to hear and adjudicate appropriate cases.
3161 3162 3163 3164 3165 3166	2.	The city may also, in its sole discretion, remove any trees, palm trees, shrubs, and tree bed(s) placed in a city-owned lateral right-of-way for utility maintenance, safety, or any other reasonable cause. Except for the city, persons with written authorization from the city, and the property owner abutting the portion of the lateral right-of-way in which landscape materials have been placed, no person shall remove landscape materials from a lateral right-of-way.
3167 3168	3.	All expenses incurred by the city for removal trees, palm trees, shrubs, and tree bed(s), for any reason, shall be the responsibility of the property owner.
3169 3170 3171 3172 3173 3174	4.	If, for any reason, such trees, palm trees, shrubs, and tree bed(s) are removed, the adjoining owner shall be responsible for returning the right-of-way to its original condition prior to the placement of the plantings and tree bed(s) and any expenses related thereto regardless of whether the removal of the trees, palm trees, shrubs, and tree bed(s) was performed by the property owner or the city pursuant to this section.

- A. Deviations from the provisions of this section may be approved by the Director and as further provided herein) provided that the deviation will not be contrary to the public interest and will be in harmony with the general intent and purpose of this section and where either of the following applies:
 - 1. Conditions exist that are not the result of the applicant and which are such that a literal enforcement of the regulations involved would result in unnecessary or undue hardship; or
 - 2. Literal conformity with the regulations would inhibit innovation or creativity in design.
- B. In determining whether a particular deviation request should be approved as the result of unnecessary or undue hardship, factors the Director shall consider include, but are not limited to, the following: site constraints such as shape, topography, dimensions, and area of the property, the effect other regulations would have on the proposed development, or other locational factors that may make compliance with this section impossible or impracticable, and the effect the requested deviation would have on the community appearance. Additionally, the Director shall find that the approval of the deviation(s) would serve the intent of this section to protect the health, safety, and welfare of the public while ensuring a high level of overall aesthetic appeal and visual interest in the city.
- C. In determining whether a particular deviation request should be approved because literal conformity with the regulations would inhibit innovation or creativity in design, the Director may approve the request for deviation(s) if the applicant demonstrates that the design of the landscaping for which one or more deviations is sought is unique and innovative and, further, that the approval of the deviation(s) would enhance such unique and innovative design. Additionally, the Director shall find that the approval of the deviation(s) would serve the intent of this section to protect the health, safety, and welfare of the public while ensuring a high level of overall aesthetic appeal and visual interest in the city. For purposes of this section, indicia of unique and innovative design may include, but are not limited to, the following:
 - 1. Landscape details that are unique or that are exceptional in quality by virtue of artistic composition, quality of materials, dimensional attributes, or any combination thereof;
 - 2. Plant massing that evokes exceptional expression through use of angularity, curvature, or other means;
 - 3. Design elements or other forms that achieve dynamic or symmetric aesthetic balance; or
 - 4. Other details or forms that preclude visual monotony and are pleasing in aesthetic character.
- D. Requests for deviations and the reasons therefore shall be set forth by the applicant in the application for deviation and shall be accompanied by documentation including, a narrative that clearly defines the section(s) of the regulations of the requested deviation, a narrative explanation as to the reason for the requested deviation and why it should be approved, sample detail drawings, elevations, and perspectives which shall graphically demonstrate the proposed deviation(s) and illustrate how each deviation would operate to the benefit, or at least not to the detriment, of the public interest.

E. For deviations to avoid unnecessary or undue hardship, the Director subject to these standards and criteria, shall approve only the minimum deviation from the provisions of this section. For deviations to avoid the inhibition of innovation or creativity in design, the Director shall approve deviations necessary to enhance the unique and innovative design. The Director may impose reasonable conditions of approval in conformity with this section. Violation of such conditions and safeguards, when made a part of the terms under which a deviation is granted, shall be deemed a violation of this section and shall be enforceable not only by revocation of the deviation, but also by all other remedies available to the city, including all code enforcement procedures.

CHAPTER 6. LIGHTING.

Section. 5.6.1. Purpose and applicability.

The purpose and intent of this Section is to create outdoor lighting standards that promote the health, safety, and welfare of the residents and decrease the impacts of ambient lighting on the natural sky by establishing maximum intensities of lighting and controlling glare from lighting fixtures. The provisions of this article shall apply to all permanent outdoor lighting from any light source in nonresidential development.

Section. 5.6.2. Outdoor lighting standards.

A. Outdoor lighting fixtures. All outdoor lighting fixtures shall be installed in such a manner that the source of each individual light is shielded, positioned, and maintained so as not to be visible off the premises.

B. Light shielding for parking lot illumination. All parking lot lighting shall have no light emitted above 90 degrees.

C. Outdoor lighting fixtures adjacent to residential. Any outdoor lighting fixture providing light to any parcel adjacent to a residentially zoned parcel, whether adjoining or not, shall emit no more than 0.1 foot-candles of light, as measured from the property line of the adjacent residential parcel, using a standard light meter, the cell of which is directed towards the source of the light.

D. All areas designed for use after daylight hours shall be adequately lit, in accordance with Table 5.6.2. below.

Table 5.6.2. Lighting levels for commercial and industrial developments

Outdoor Lighting Area	Lighting Level minimum - maximum (foot-candles)
Entrance of commercial or industrial building	1-5
Sidewalk or walkway from parking area to entrance	.5 - 2
Parking lot	.5 - 3
Gas station canopy	10 - 15
Loading and unloading areas	15 - 20

3261	
------	--

3262 E. Illumination ratio. Luminaire fixtures in parking lots shall be arranged in order to provide uniform 3263 illumination throughout the parking lot area of not more than a 4:1 ratio of average to minimum 3264 illumination, and not more than 12:1 ratio of maximum to minimum illumination.

F. Automatic Switching Requirements. Controls shall be provided that automatically extinguish all outdoor lighting when sufficient daylight is available using a control device or system such as a photoelectric switch, astronomic time switch, or equivalent functions from a programmable lighting controller, building automation system, or lighting energy management system, all with battery or similar backup power or device.

F. Modifications. Additions, modifications, or replacement of more than 25 percent of outdoor lighting fixtures existing as of the effective date of this ordinance shall require the submission of a complete inventory and photometric plan detailing all existing and any proposed new outdoor lighting. Any new lighting shall meet the requirements of this ordinance.

G. Exempt lighting. The provisions above shall not apply to streetlights, single-family residences, duplexes, or governmental facilities.

CHAPTER 7. SCREENING

This Chapter shall not apply to single-family detached or duplex residential development.

Section. 5.7.1. Screening of rooftop equipment.

All rooftop equipment shall be screened from view from the right-of-way or adjacent properties by the use of a parapet wall or other architectural feature to screen the equipment or shall be set back adequately from the building edge to conceal the equipment from adjacent properties at ground level.

Section. 5.7.2. Screening of storage areas.

A. All permitted storage areas shall be screened from adjacent properties and the right-of-way. Permissible screening materials include:

B. A six-foot high wall of concrete or similar approved material, Section. 5.2.7 on walls;

C. A six-foot high opaque fence of an approved material, Section. 5.2.7 fences; or

D. A vegetative buffer, consisting of two staggered rows of shrubs a minimum of three feet tall at planting. The buffer shall create a dense barrier, at 80% opacity, within two years.

Section. 5.7.3. Air conditioning units and mechanical equipment.

A. All mechanical equipment at ground level shall be screened from adjacent property and the right-ofway. When possible, sound deadening materials shall be used. Permissible screening materials include:

3307

3351

3352

3308		1.	A wall or opaque fence of adequate height to screen the view of the equipment, see Section. 5.2.7
3309			for approved materials.
3310			
3311		2.	A vegetative buffer, which meets the specifications in Section 5.6 for a four-foot tall buffer.
3312			
3313	Se	ction	i. 5.7.4. Permanently installed stand-by generators.
3314			
3315	Pe	rmai	nently installed stand-by generators serving all properties other than single-family and duplex
3316	res	ider	ces where life and safety does not depend on the performance of the system.
3317			
3318	A.	The	e generator may only be used in emergency situations when there is a power outage.
3319			
3320	В.	Re	pairs and testing may only occur during daylight hours a maximum of once per week.
3321			
3322	C.	Ins	tallation of a generator shall comply with the following restrictions:
3323			
3324		1.	The generator shall not encroach more than three feet into any required setback, and in no case
3325			shall be any closer than two and one-half feet from any property line. The generator shall not be
3326			installed in an easement.
3327			
3328		2.	The generator shall be screened from public view by:
3329			
3330			a. A vegetative buffer which meets the specifications in Section 5.6 for a five-foot high hedge;
3331			or
3332			
3333			b. A wall or opaque fence, of an adequate height to screen the equipment, which meets the
3334			specifications of Section 5.2.7.
3335			
3336		3.	Permanent signs shall be placed at the electrical service indicating the type and location of the
3337			generator.
3338			
3339	СН	APT	ER 8. NON-RESIDENTIAL DESIGN STANDARDS.
3340			
3341	Se	ction	5.8.1. Purpose and Intent.
3342			·
3343	The	e a	opearance of non-residential and mixed-use development affects the visual image and
3344			veness of the City of Cape Coral. Utilitarian design and developments with minimal architectural
3345			s detract from the city's image and character. The purpose and intent of the non-residential design
3346			ds is to promote the City as an attractive destination for tourists and residents, and to support
3347			nic vitality while protecting the public health, safety, and welfare. These regulations intend to:
3348			
3349	A.	Enl	nance the visual image and attractiveness of the City;
3350			···

B. Establish reasonable standards that offer flexible and diverse design options;

3353 3354	C.	Ensure development in Cape Coral is of consistent high quality and character; and						
3355 3356	D.	Regulate site layout and architectural features to ensure aesthetic and visual interest.						
3357 3358	Sec	Section 5.8.2. Applicability.						
3359 3360 3361	A.	The standards of this section shall apply to all non-residential and mixed-use development for which application for site plan approval, or a building permit is made.						
3362 3363 3364	В.	These design standards shall apply to existing development if a building's gross floor area is increased by 50% or more.						
3365 3366	C.	Development on Industrial zoned sites shall be exempt from these standards.						
3367 3368 3369 3370	D.	The design standards of this section do not apply when the City Council has established specific design standards for a unique area of the city unless the specific design standards otherwise expressly state their applicability.						
3371 3372	Sec	ction 5.8.3. Exemptions.						
3373 3374	The	e following types of buildings shall be exempt from the non-residential design standards.						
3375 3376	A.	Any building that has received a temporary use permit.						
3377 3378	В.	Any accessory structure.						
3379 3380	C.	Bona fide agricultural buildings in the Agricultural District like barns and stables.						
3381 3382	D.	Guard houses.						
3383 3384	Ε.	Government facilities that are screened or not visible from a public street.						
3385 3386	F.	Model homes.						
3387 3388	G.	Municipal pump station buildings.						
3389 3390 3391	Н.	Neighborhood storage and mini-storage buildings provided the buildings are enclosed with a wall with a minimum height of six feet.						
3392 3393 3394	I.	Pavilions, carports, gas canopies, and similar buildings that have support posts or columns but no sides.						
3395 3396	J.	Buildings similar to those listed above as determined by the Director.						
3397 3398	Sec	ction 5.8.4. Conflicts.						

If any of the non-residential and mixed-use design standards of this section conflict with any other provision of the City of Cape Coral Code of Ordinances or Land Development Code, the provision that establishes the more specific standard or architectural theme governs. If neither conflicting provision establishes a specific standard or architectural theme, then the more restrictive provision governs unless otherwise expressly provided.

Section 5.8.5. Appearance, Building Mass, and Design Treatments.

A. Consistency Within a Development. Except for buildings on outparcels that contain only one unit, designed and constructed to be occupied by a single end user, regardless of the number of business operations conducted within the single unit, buildings within a development shall be designed with color schemes, building materials, finishes, roof types, roof lines, and exterior roof finishing consistent with or that resemble those of the principal building or structure on the main parcel(s).

 B. Consistency and Integrity of Building Components. All portions of any exterior side of a building, extending from finished grade to the top of the parapet wall or eaves, extending the entire width of the side of a building, must be designed with consistent architectural style, detail and trim features. All architectural features other than parapet walls, including towers or cupolas, shall be designed so as to have an equivalent character from any ground-level angle from which they can be viewed. Although perfectly symmetrical or uniform treatments are not required, architectural features that appear to enclose a spatial volume when viewed from one angle but not from all angles, or that incorporate gratuitous treatments that are not intended to be viewed from all ground-level angles, are prohibited.

C. Transparency of Building Walls. Windows and doors used to meet the transparency requirements identified below shall have a visible transmittance of at least 50% and an exterior reflectance no greater than 20%.

1. For buildings abutting and facing a public street, transparent windows, doors, or any combination thereof, shall cover at least 25% of the first story building wall area between two feet and 10 feet above grade.

2. For buildings with walls abutting but not facing a public street, transparent windows, doors, or any combination thereof, shall cover at least 15% of the first story building wall area between two feet and 10 feet above grade.

3. For lots abutting dedicated city parking areas or portions of alleys abutting dedicated city parking areas, transparent windows, doors, or any combination thereof, shall cover at least 25% of the first story building wall area between two feet and 10 feet above grade.

D. Sides of a building. For buildings located on outparcels, all exterior sides of a building shall comply with this section. Additionally, except for a side of a building built flush with a side lot line, a side of a building that faces a rear lot line of an abutting property, and a side of a building that faces a property line that abuts an alley, all sides of a building shall comply with the standards of this section.

3444 1. All exterior sides of a building subject to this subsection shall include a repeating or varying pattern and shall comply with both design elements listed below. At least one of the three design 3445 3446 elements shall repeat horizontally. All elements shall repeat or alternate at intervals of no more 3447 than 50 feet, either horizontally or vertically. 3448 3449 a. Each wall shall provide visual differentiation of wall surfaces through variations in a minimum 3450 of one of the following: 3451 i. Building materials; II. Finish textures; or 3452 3453 iii. Color. 3454 3455 b. Each wall shall provide a minimum of two of the following architectural features: 3456 i. Columns; ii. Pilasters; 3457 3458 iii. Awnings; 3459 iv. Canopies; 3460 v. Reveals (if provided shall have a minimum depth of ½ inch); 3461 vi. Corbels; 3462 vii. Quoins; 3463 viii. Keystones; 3464 ix. Cornices (if provided shall have a minimum height of four inches); or 3465 x. Other features as determined by the DCD Director that provide articulation or reduce 3466 building massing. 3467 2. All exterior sides of a shall provide design elements in accordance with the gross square footage 3468 3469 of a building, as provided herein. Required design elements may be located on an exterior wall of 3470 a building, on the roof of the building, or on both the wall(s) and the roof of a building, as applicable. If located on a roof, the design element shall be located on a portion of the roof that 3471 3472 faces in the same direction as the exterior wall. It is not the intent of this section, however, to 3473 require the design elements to be on both the exterior wall(s) and the roof. 3474 **Building Gross Floor Area (sq.** Minimum number of Design ft.) **Elements Required** 10,000 sq. ft. or less 3 10,001 to 49,999 sq. ft. 4 50,000 sq. ft. or greater 5 3475 3476 a. Architectural features and detailing that create a frame and definition to the primary public 3477 entrance; 3478 3479 b. One or more canopies or awnings that extend a total length of at least 30% of the length of 3480 any side of a building subject to this subsection; 3481 3482 c. One or more attached porticos; 3483

d. Peaked or arched roof form;

3484

3486 3487 3488	e.	Overhanging eaves a minimum of 18 inches wide on all portions of a building with a pitched roof;
3489 3490	f.	Arcade;
3491	g.	Colonnade;
3492 3493 3494	h.	Arches or arched forms other than roof forms or an arcade;
3495 3496	i.	Windows or glazing that exceed the minimum glazing requirements of Subsection 5.8.5.C. by a minimum of 10% for a wall;
3497 3498 3499 3500 3501	j.	Ornamental or structural details, including, banding or moldings used throughout the exterior building walls that add decoration and detail to a building roofline, building openings, or windows;
3502 3503 3504 3505	k.	Two or more ornamental or structural details that are horizontally continuous (except for interruptions for doors and windows), which may include belt courses or any type of three-dimensional molding, banding, projections, recesses, or niches that help to define a base, body, and cap to the proposed building;
3506 3507 3508	l.	A tower such as a clock tower or bell tower;
3509 3510	m	. A cupola;
3511 3512	n.	Sculptured artwork (excluding corporate logos or advertising);
3513 3514 3515 3516	0.	Vertical articulation of walls, including pilasters, columns, or other relief with maximum separation of one third of the wall on which they are located, not to exceed a separation of 100 feet;
3517 3518 3519	p.	Planter boxes that are integrated into the building architecture or wing walls that incorporate landscaped areas or places for sitting; or
3520 3521 3522	q.	Curved wall containing an uninterrupted curve along at least 10% of the length of any side of a building subject to this subsection.
3522 3523 3524 3525 3526 3527 3528 3529	ex ar sh by	or buildings with a gross floor area of greater than 50,000 square feet, no exterior wall shall ceed 100 linear feet in a horizontal direction within a single, continuous wall plane, nor shall by single, continuous wall plane constitute more than 60% of the building's total length. A wall all be deemed to be in a single, continuous wall plane unless it is offset (recessed or projected) at least 36 inches from any adjacent wall plane or contains a pilaster that projects at least 36 ches from the wall.
3530	Section 5.	8.6. Wall Height Transition.

3532 A. Buildings that are more than twice the height of the height of extant buildings on abutting property shall incorporate one or more transitional height elements to segue the height of the new building to 3533 3534 the height of the closest existing building. The transitional height element shall be incorporated on 3535 the new building at the approximate cornice or roof line of the nearest existing building, if any. Where there is no extant building on adjacent property, the requirements of this sub-section will not apply. 3536 3537 Where no single building is "nearest" to the new building, but instead two or more buildings are 3538 located an equidistance from the new building, the property owner may select the approximate 3539 cornice or roof line of any of such equidistant buildings at which to incorporate the transitional height 3540 element on the new building.

3541

3542 B. Transitional height elements may include:

3543 3544

1. Cornices or other decorative elements that run the length and width of the building and project a minimum of six inches from the wall;

3545 3546 3547

2. Upper story setbacks and offsets at the approximate cornice or roof line of the nearest existing building as provided above;

3548 3549 3550

3. Variations in roof planes.

3551 3552

Section 5.8.7. Building Materials.

3553 3554

Only the following finish materials for exterior walls are permitted. All other finish materials are prohibited.

3555 3556

A. Concrete block with stucco finish (CBS), synthetic stucco (an exterior cladding system with a stuccolike outer finish applied over insulating boards or composite materials), or other exterior coating that is the visual equivalent of stucco. Non-textured concrete block with visible mortar joints, even if painted, is not an acceptable finished material.

3561

3562 B. Textured or ribbed concrete block, e.g. "split-face block".

3563

3564 C. Reinforced concrete of any finish.

3565

D. Glass or other glazing, whether transparent, translucent, or applied as a veneer. For purposes of this
 subsection, glazing consists of glass or any material that resembles glass including, but not limited to,
 Plexiglass or polycarbonate.

3569

3570 E. Stone or brick, including simulated stone or brick.

3571

F. Wood, other than plywood or T1-11 type paneling, if termite-resistant species, pressure-treated, painted, or stained.

3574

3575 G. Fiber-reinforced cement panels or boards.

3576

3577 H. Tile.

3578

3579 I. Architectural metal panels, provided that corrugated metal panels shall not exceed 30% of the surface

of any wall.

Section 5.8.8. Roofs.

3580 3581

3582

3583

3584 3585

3586 3587

3588 3589 3590

3591 3592 3593

3594 3595

3596 3597 3598

3599 3600

3603 3604

3605 3606

3607 3608

3610 3611 3612

3609

3614 3615 3616

3617 3618

3619

3613

3620 3621 3622

3623

A. All non-residential and mixed-use buildings shall have variations in rooflines and roof features that are consistent with the building's mass and scale. In addition, roofs shall include features from at least

J. Vinyl siding, provided that vinyl siding shall not exceed 30% of the surface of any wall.

two of the following five categories below. Flat, unadorned roofs are prohibited.

- 1. Parapet wall provided the parapet extends completely around the building on all sides. However, this requirement shall not prohibit the substitution of a pitched roof in lieu of a parapet for part of a building.
- 2. A three-dimensional cornice treatment, a minimum of four inches high (not applicable along any portion of a wall that is built flush to the side lot line). Flashing at the top of a parapet shall not qualify as a cornice. Cornices shall return a minimum of eight feet around corners that transition from a building wall that requires a cornice to a building wall that does not require a cornice.
- 3. Varied roof lines with different roof heights and or separate or distinct roof segments that fall at different horizontal planes above the cornice line;
- 4. Overhanging eaves that extend at least 18 inches beyond the supporting walls, with a minimum fascia of six inches in height (not applicable along any portion of a wall that is built flush to the side lot line);
- 5. Vertical variation in the roof line with a minimum change in elevation of two feet.
- B. Pitched roofs such as gable, hip, shed or mansard roofs shall be clad with highly durable materials such as standing seam metal, slate, ceramic, or fireproof composite tiles. Fiberglass and asphalt shingles are prohibited except for dimensional grade or better.
 - 1. Allowed slope. Pitched roofs shall have a minimum slope of three feet vertical rise for every 12 feet of horizontal run. The maximum slope of a pitched roof shall not exceed a one-foot vertical rise for every on foot of horizontal run.
- C. Roofs covering pavilions, carports, gas canopies, and similar structures with support posts or columns but no sides. Buildings with roofs that lack walls, whether free-standing or attached to another building, shall have a minimum slope of three feet vertical rise for every 12 feet of horizontal run. Unless a roof with an alternative design is approved by the DCD Director, all roofs are required to possess a pitched roof with a minimum slope of three feet vertical rise for every 12 feet of horizontal run. The DCD Director shall consider the following two criteria in determining whether to approve a roof with an alternative design:

- 1. Whether the design of the roof evokes exceptional expression through the use of angularity, curvature, or other means; or
 - 2. Whether the design of the roof precludes visual monotony and enhances the aesthetic character.

Flat and parapet roofs are prohibited for buildings covered by this subsection.

Section 5.8.9. Building Design Standards in the SC District.

A. All buildings, whether residential, nonresidential or compound use, shall conform to the design standards provided herein., except as superseded by the following requirements.

B. Public entrances. Public entrances shall be provided as follows:

1. Any building facade that faces a street (excluding alleys) shall provide a public entrance oriented toward such street. In the case of a corner lot where more than one building facade faces a street, a corner entrance may serve to meet the requirements for the two streets that intersect and create the corner. All public entrances shall have convenient pedestrian access providing a direct connection from the street to the entrance via a walkway a minimum of four feet in width and not traversing any portion of an off-street parking area. In the event the City determines that this provision cannot be met due to site constraints, such walkway may traverse the off-street parking area but shall be clearly delineated by a change in paving material, pavement markings, or similar treatment.

2. Any building facade that faces a dedicated city parking area shall provide a public entrance oriented toward such dedicated city parking area with convenient pedestrian access providing a direct connection via a walkway a minimum of four feet in width.

3. It is not the intent of these provisions to require more than two public entrances to any use intended to be occupied by a single tenant. In the event that the provisions above cumulatively require more than two public entrances, then the requirements may be reduced such that two public entrances shall be required. In determining the orientation of such public entrances. Parkway street designations and dedicated city parking areas shall have priority.

C. Transparency of building walls. Except for parking structures, building walls shall contain transparent windows, doors, or any combination thereof, meeting the following standards:

1. For lots abutting parkway or primary street designations, transparent windows, doors, or any combination thereof, shall cover at least 50% of the first story building wall area that faces the parkway or primary street designation. Above the first story, non-residential uses, except hotels, shall provide transparent windows, doors, or any combination thereof, covering at least 25% of the entire building wall area; residential and hotel uses shall provide at least 15%.

2. For lots abutting secondary or tertiary street designations, non-residential uses, except hotels, shall provide transparent windows, doors, or any combination thereof, covering at least 25% of

the entire building wall area that faces the secondary or tertiary street designations; residential and hotel uses shall provide at least 15%.

For lots abutting dedicated city parking areas or portions of alleys abutting dedicated city parking areas, non-residential uses, except hotels, shall provide transparent windows, doors, or any combination thereof, covering at least 25% of the entire building wall area that faces the dedicated city parking area; residential and hotel uses shall provide at least 15%.

 4. Non-residential use building walls facing navigable waterways shall provide transparent windows, doors, or any combination thereof, covering at least 25% of the entire building wall area.

- 5. For lots abutting parkway, primary, or secondary street designations, all window and door glass that faces such designations, shall have a visible transmittance of at least 50% and an exterior reflectance no greater than 20%. The bottom of such windows shall be no higher than 36 inches above grade, or six inches above the floor of the lowest habitable story, whichever is higher. However, if the building is designed with floodproofing panels or barriers, the bottom of such windows shall be located no higher than six inches above the top of the floodproofing panel or barrier.
- 6. The exterior of windows and doors shall remain unshuttered at all times of the day. This provision shall not apply to the following:
 - a. Un-walled areas such as, but not limited to, dining and seating areas associated with restaurants and bars.
 - b. Hurricane shutters or flood-proofing panels during the time period in which a flood watch or warning, a tropical storm watch or warning, or a hurricane watch or warning is in effect for any portion of Lee County. Such shutters or panels shall be removed within a week from the time they are put up, unless a hurricane, tropical storm, or flood has impacted the area, in which case the shutters may remain up for not more than three months from the date of the incident, except for good cause shown to the City.
- D. Non-residential buildings with a first story consisting of more than 35,000 square feet of floor area and consisting of a single use shall meet the following requirements:
 - 1. One public entrance shall be provided for every 75 feet of overall building frontage; or
 - 2. Liner buildings meeting the following requirements shall be provided:
 - a. Liner buildings shall be provided along at least 50% of the overall building frontage.
 - Liner buildings shall contain active uses with at least one public entrance provided for every 75 feet of liner building frontage. Such liner buildings shall comply with all applicable building setbacks and building frontages.
 - c. Liner buildings shall have an interior depth of at least 15 feet.

3715				
3716			d.	Liner buildings may be detached from, attached to, or integrated into the principal building.
3717				
3718	E.	Arc	hite	ctural elements design standards: awnings, canopies, colonnades, arcades, balconies, front
3719		ро	rche	s, stoops/landings, and cupolas. A first story facade facing a street or dedicated city parking
3720		•		all provide shade with awnings, canopies, colonnades, arcades, balconies, or any combination
3721				f, for at least 50% of its length or width, unless prohibited by Article 4, Chapter 5. Architectural
3722				its, or any combination of architectural elements, may occur forward of the minimum setback,
3723				icable, but shall not extend forward of a lot line. Architectural elements, or any combination
3724				itectural elements shall not encroach into an easement unless approved by the City. The city
3725				quire the property the property owner to enter into a formal easement agreement in a form
3726			•	able to the City Attorney. The property owner is solely responsible for repairing any damage to
3727				chments in the easement that result from maintenance or public infrastructure improvements.
3728		C	oi ou	connected in the easement that result from maintenance of public find astracture improvements.
3729		1.	The	e City shall consider the following criteria in determining whether to approve an architectural
3730		1.		ment, or any combination of architectural elements, that would encroach into the easement:
3731			eie	ment, or any combination of architectural elements, that would encroach into the easement.
3732			a.	The extent to which the architectural element would encroach into the easement;
3733				
3734			b.	The effect of such encroachment on any utilities that are either currently located in the
3735				easement or that may be located in the easement in the future; and
3736				
3737			c.	The effect of such placement on any abutting properties or streetscape.
3738				
3739		2.	Aw	nings and canopies. Awnings and canopies extending from the first story, facing a street or
3740			ded	dicated city parking area, and serving to meet the 50% length/width requirement of Article 4,
3741			Cha	apter 5 shall conform to the following:
3742				
3743			a.	Depth shall be a five-foot minimum projection from the building facade.
3744				
3745			b.	Height shall be an eight-foot minimum clearance, including suspended signs.
3746				
3747		3.	Col	onnades and arcades. Colonnades and arcades facing a street or dedicated city parking area
3748		٠.		Ill conform to the following:
3749			3110	in como m to the ronowing.
3750			_	Depth shall be a minimum of five feet from the building wall to the inside column face.
			a.	Depth shall be a millimum of live feet from the building wall to the inside column race.
3751			l.	Unicht chall be an eight foot minimum alcomose including accounted sings. The leavest waint
3752			D.	Height shall be an eight-foot minimum clearance, including suspended signs. The lowest point
3753				on arches shall not extend below seven feet.
3754				
3755			c.	Openings between piers, columns, or similar supporting elements shall be at least 50% of the
3756				colonnade or arcade facade area.
3757				
3758			d.	Open multi-story verandas, awnings, balconies, and enclosed habitable space shall be
3759				permitted above the colonnade or arcade.

- 4. Balconies. Balconies shall be open and un-air-conditioned. Balconies may have roofs. Roofed balconies may be enclosed with screen and may contain privacy partitions. Balconies shall not project beyond the rear building setback requirement, as applicable. Balconies shall be located no closer than six feet from the abutting side lot line. Balconies facing a street or dedicated city parking area shall have a height clearance of ten feet minimum from grade; their decorative or supporting elements that project from building walls shall have a clearance of seven feet from grade.
 - 5. Front porches. Front porches shall be un-air-conditioned. may be screened, and shall conform to the following:
 - a. Front porches facing a street or dedicated city parking area and serving to meet the minimum building frontage requirements of Article 4, Chapter 5 shall be a minimum of eight feet in depth.
 - b. Open multi-story verandas, awnings, balconies, and enclosed habitable space shall be permitted above front porches.
 - 6. Stoops and landings. Stoops and landings may be roofed or unroofed, and shall maintain the required minimum building setback, as applicable. However, access to a stoop, whether by stairs, ramp, or other means, may extend forward of the minimum building setback as applicable, if approved by the Director but shall not be located less than three feet from the front lot line.
 - 7. Cupolas. When provided, cupola(s) shall have a maximum of 400 square feet in horizontal dimension and shall be limited to two per building.
 - 8. Garage doors associated with residential uses, when facing the front of the lot, shall be set back at least 20 feet behind the building line.

Section 5.8.10. Equipment and Loading Areas

- A. For all non-residential and mixed-use developments, air conditioning, heating, and similar equipment shall be placed on the roof or the ground.
 - 1. Air conditioning and heating equipment shall be prohibited from being mounted on the side of a building.
 - 2. Rooftop equipment shall be screened on all sides in a manner consistent with the architectural design of the building. Such screening shall be at least as high as the highest portion of the equipment or apparatus being screened.
 - 3. Equipment located on the ground shall be located or screened so as not to be visible from any property line abutting a public street other than an alley when viewed along a line perpendicular or radial to such property line. Screening shall consist of a wall, fence, plant material, or any combination thereof. Fences used for screening shall not be constructed of chain link with or

without slats and are encouraged to be designed to appear to be constructed of material the same as the building, and to incorporate architectural trim features consistent with the building.

- 4. Electric meters and similar panels may be wall-mounted and are subject to the same screening requirements outlined in subsection c. above.
- 5. Attic vents and solar panels are exempt from the requirements of this subsection.
- B. Loading areas that are visible from an abutting property with a residential future land use classification or that is separated from a property with a residential future land classification by an alley or a two-lane street shall be screened by a wall that is at least six feet in height, which is constructed of the same material as the building or is designed to appear to be constructed of material the same as the building, and that incorporates architectural trim features consistent with the building, by an earthen berm that is at least six feet in height, or by a combination of wall and berm that is at least six feet in height.

Section 5.8.11. Deviations.

- A. Deviations from the provisions of this section may be approved by the Director provided that the deviation will not be contrary to the public interest and will be in harmony with the general intent and purpose of this section and where either of the following applies:
 - 1. Conditions exist that are not the result of the applicant and which are such that a literal enforcement of the regulations involved would result in unnecessary or undue hardship; or
 - 2. Literal conformity with the regulations would inhibit innovation or creativity in design.
- B. In determining whether a particular deviation request should be approved as the result of unnecessary or undue hardship, factors the Director shall consider include, but are not limited to, the following: site constraints such as shape, topography, dimensions, and area of the property, the effect other regulations would have on the proposed development, or other locational factors that may make compliance with this section impossible or impracticable, the effect the requested deviation would have on the community appearance including, but not limited to, consideration of the mass, scale, and other characteristics of a proposed building relative to the characteristics of existing and approved surrounding buildings whether on the same or nearby sites, and the relative visibility and character of equipment or loading areas which are otherwise required to be screened along with constraints on alternative location of such equipment or loading areas. Additionally, the Director shall find that the approval of the deviation(s) would serve the intent of this section to protect the health, safety, and welfare of the public while ensuring a high level of overall aesthetic appeal and visual interest in the city.
- C. In determining whether a particular deviation request should be approved because compliance with the regulations would inhibit innovation or creativity in design, the Director approve the request for deviation(s) if the applicant demonstrates that the design of the building or development for which one or more deviations is sought is unique and innovative and further, that the approval of the deviation(s) would enhance such unique and innovative design. Additionally, the Director shall find

that the approval of the deviation(s) would serve the intent of this section to protect the health, safety, and welfare of the public while ensuring a high level of overall aesthetic appeal and visual interest in the city. For purposes of this section, indicators of unique and innovative design may include, but are not limited to, the following:

1. Architectural details that are unique or that are exceptional in quality by virtue of artistic composition, quality of materials, dimensional attributes, or any combination thereof;

2. Building forms that evoke exceptional expression through use of angularity, curvature, or other means;

3. Design elements or other forms that achieve dynamic or symmetric aesthetic balance; or

4. Other details or forms that preclude visual monotony and are pleasing in aesthetic character.

D. Requests for deviations and the reasons therefor shall be set forth by the applicant in the application for deviation and shall be accompanied by documentation including sample detail drawings, schematic architectural drawings, site plans, floor plans, elevations, and perspectives which shall graphically demonstrate the proposed deviation(s) and illustrate how each deviation would operate to the benefit or at least not to the detriment, of the public interest.

E. Subject to these standards and criteria, the Director shall approve only the minimum deviation from the provisions of this section necessary to avoid either the unnecessary or undue hardship or the inhibition of innovation or creativity in design. The Director may impose reasonable conditions of approval in conformity with this section. Violation of such conditions and safeguards, when made a part of the terms under which a deviation is granted, shall be deemed a violation of this section and shall be enforceable not only by revocation of the deviation, but also by all other remedies available to the city, including, but not limited to, all code enforcement procedures.

CHAPTER 9. TEMPORARY USES.

Section. 5.9.1. Purpose and applicability.

 A. The purpose of this Section is to ensure all temporary events and activities are located and coordinated in harmony with the surrounding community. Temporary uses are authorized in this article as temporary accessory or principal uses for time periods proportionate and appropriate to the nature of the temporary use. Temporary uses permitted by this article may not be listed as a use in a particular zoning district. Temporary uses not listed in this article may be permitted through a temporary use agreement approved by the Director of Community Development

B. All temporary uses and special events approved subject to the standards and requirements set forth under this article are deemed to be a privilege and not a right, which may be revoked by the city for failure to comply with any of the provisions of this article or any other local, state, or federal law governing the event. Approved temporary uses and special events may also be revoked if such revocation is in the best interest of the city based on emergency, disorder, or other unforeseen conditions. Private events held on private property shall not require a temporary use permit. Signs

3897			all be limited to the signs permitted in Section 5.9.10 of this article and shall not be allowed within			
3898		the	e right-of-way.			
3899	_					
3900	C.	Ap	plication for a temporary permit.			
3901						
3902		1.	Temporary use permits shall be coordinated by the Community Development department who			
3903			may request reviews from the Fire, Police, Building, and Public Works departments as necessary			
3904			to ensure safety.			
3905						
3906		2.	If a temporary use or event is proposed at a public park property, an application must be			
3907			submitted to the Parks and Recreation Department along with any applicable fees and proof of			
3908			insurance.			
3909						
3910		3.	Private events held on private property shall not require a temporary use permit.			
3911						
3912	Se	ctior	n. 5.9.2. Firework, pumpkin, and Christmas tree sales.			
3913						
3914	Te	mpo	rary outdoor sales are prohibited, except as provided here in. Excepted seasonal events involving			
3915	ou	tdoc	or sales of merchandise shall meet all appropriate requirements of the Building Code, Electrical			
3916			Fire (Life Safety) Code, and Plumbing Code, particularly regarding temporary sanitary facilities.			
3917			rary outdoor sales are prohibited unless they have applied for and received all required permits in			
3918		•	ance with this Subsection. Firework, pumpkin, and Christmas tree sales may be in all nonresidential			
3919		•	districts except the Preservation and Public Zoning Districts subject to the following:			
3920		Ŭ				
3921	Α.	Аp	plication. A complete application must be submitted to the Department of Community			
3922		Development, along with a conceptual site plan.				
3923						
3924	В.	Da	tes and hours of operation:			
3925			'			
3926		1.	Firework sales may be operated from December 15 through January 1 and from June 1 through			
3927			July 10;			
3928						
3929		2.	Pumpkin sales may be operated from October 1 through November 5;			
3930						
3931		3.	Christmas tree sales may be operated from November 15 to January 1; and			
3932						
3933		4.	Lots may be open from 8 AM to 10 PM.

3935	C.	Par	king and facilities.			
3936	О.	· u	King and recinities.			
3937		1.	Temporary sales lots must provide five parking spaces per half acre. A paved parking lot shall not			
3938			be required.			
3939			ac i equitical.			
3940		2.	Permission to place one or more tents (up to a total of 425 square feet in size) on the site, provided			

that the applicant provides proof of fire-retardancy and adequate tie-down measures with the

application. Tents larger than 425 square feet shall require a separate tent permit. The location

3941

and setback of the tent(s) shall be shown on the conceptual site plan. If a sales trailer is being used in lieu of a sales tent, the sales trailer shall be handicap-equipped and accessible in accordance with the Florida Accessibility Code for Building Construction and ADA requirements and shall be anchored in accordance with all applicable building code standards.

3. Permission to utilize an electric generator on site. A temporary electric pole shall not, however, be authorized by the temporary sale permit. A temporary electric pole shall require a separate permit to be applied for and issued to a licensed electrical contractor.

D. The Director may approve temporary outdoor seasonal sales in the RML zoning district, if it is determined that such sale would not result in adverse impacts on the surrounding neighborhood. Approval of a season sale in the RML district may include conditions to protect the surrounding neighborhood from adverse impacts.

E. The applicant shall request inspection by the city of the items authorized pursuant to this Section and shall receive approval thereof prior to beginning the sale activity. Inspection of items authorized pursuant to this Section shall be made by the Community Development and Fire Departments.

Section. 5.9.3. Outdoor display of merchandise.

Unless otherwise permitted, outdoor display of merchandise is prohibited, except on improved property in accordance with the following conditions:

A. All outdoor display of merchandise for sale, in non-residential districts is permitted with the following conditions:

1. Except in the downtown zoning district, such displays may be no closer than 10 feet to the front or rear property lines and five feet to side property lines or 15 feet to the side property line on corner lots.

2. Displays may not be in required parking. If such displays are placed on a public sidewalk, the display shall comply with the following regulations:

a. Displays may be placed on the public sidewalk only directly in front of the lawfully existing business which retails the items being displayed.

b. Displays shall be placed on tables, shelves, or racks that are moved indoors during any hours the business is not open and that do not exceed six feet in height and do not extend more than two feet onto the public sidewalk.

B. Outdoor display of merchandise for sale on vacant property is prohibited, except as permitted for seasonal events in accordance with Section 5.9.2. or special events in accordance with Section 5.9.10.

Section. 5.9.4. Garage sales.

Garage sales may be permitted on a private property in accordance with the following regulations:

A. Garage sales are permitted to be held for a period not to exceed three days, on the basis of three such activities per residence per year, not to be held closer than 30 days apart.

B. Prior to conducting a garage sale, the person conducting such sale is required to obtain a permit online from the city website or at the Code Enforcement Division. Such permit shall be posted or otherwise displayed on the property where the sale is being held to be visible from the street. In the event a garage sale is conducted without a permit, such sale shall be closed by the Police Department or the Code Enforcement Division, and shall remain closed until a valid garage sale permit is received from the city. Garage sale permits shall include authorization for on-site signs and off-site signs in accordance with applicable portions of the City of Cape Coral Land Development Code. On-site or off-site garage sale signs shall not be attached to any utility pole, street sign, tree, or other landscaping.

C. The purchase of items for resale at a residence, which in essence establishes a residence as a second-hand store, is hereby prohibited.

D. A violation of this Section shall be punishable by a fine of not less than \$75 and not more than \$250. Each day any violation of any provision of this Section occurs or continues shall constitute a separate offense. As an alternative, violators may be cited by a Code Enforcement Officer to appear before the Code Enforcement Special Master. In such event, violators shall be subject to fine(s) not to exceed \$250 per day for first time violations or not to exceed \$500 per day for repeat violations, as imposed by the Code Enforcement Special Master pursuant to the City of Cape Coral Code of Ordinances or the Florida Statutes. A person is subject to arrest if he or she refuses to close down a garage sale for which no valid permit is in effect.

Section. 5.9.5. Temporary construction or field office.

A. Construction trailers in residential zoning districts are subject to the following requirements.

1. Construction trailers shall not be connected to potable water and sewer facilities. If the construction trailer is wired for electricity, the wiring must conform to all applicable city electric codes.

2. The construction trailer must be removed from the site prior to issuance of a certificate of occupancy.

3. No overnight residential use shall be permitted in a construction trailer.

4. Construction trailers must comply with the setback requirements of the zoning district or the site.

5. Construction trailers shall not be larger than 200 square feet.

B. Construction trailers in non-residential zoning districts are subject to the following requirements.

4035 4036		1.	When a construction trailer is used as a temporary office, the trailer must be wired for electricity and must be connected to potable water and sewer facilities, if available. Wiring
4037 4038			and plumbing must conform to applicable Electric and Plumbing Codes.
4039		2.	The construction trailer must be located at the construction site or an abutting site with the
4040 4041			property owner's written permission.
4042		3.	The construction trailer must be removed from the site prior to issuance of a certificate of
4043			occupancy.
4044 4045		4.	No overnight residential use shall be permitted in a construction trailer.
4046			
4047		5.	Construction trailers must comply with the setback requirements of the zoning district or the
4048 4049			site.
4050	Se	ctior	n 5.9.6. Construction staging areas and post disaster debris staging
4051			
4052	A.		ntractor staging for essential public facilities. Contractor staging areas for materials used in
4053 4054			nstruction of essential public facilities are permitted in all zoning districts, subject to the following juirements:
4055		160	unements.
4056		1.	The temporary staging area shall serve a project being carried out in the vicinity of the
4057			construction staging area;
4058			
4059		2.	No land clearing, removal of vegetation, or fill shall occur to accommodate the staging area;
4060 4061		3.	All activities at the staging area shall occur between 7:00 a.m. to 7:00 n.m. Monday through
4062		Э.	All activities at the staging area shall occur between 7:00 a.m. to 7:00 p.m. Monday through Saturday only;
4063			
4064		4.	Fencing required;
4065			
4066		5.	No structures other than a permitted construction trailer may be placed on the property; and
4067 4068		6	No outdoor lighting is permitted for any staging area in a residential zoning district
4069		0.	No outdoor lighting is permitted for any staging area in a residential zoning district
4070	В.	Coi	nstruction staging areas. Construction staging areas are a permitted activity in all zoning districts,
4071		•	ovided the staging area is on the same parcel where construction activity is authorized by a valid
4072		bui	lding permit. Construction staging areas on vacant, adjoining, or nearby parcels is prohibited.
4073 4074	_	Do	et disaster debris staging areas. Doct disaster debris staging areas are allowed in all region
40/4	C.	703	st disaster debris staging areas. Post disaster debris staging areas are allowed in all zoning

districts on sites designated by the City for such activity.

4077 D. Post disaster construction staging. Staging areas for post disaster reconstruction efforts are allowed
 4078 in all non-residential zoning districts. Post disaster construction staging is allowed in residential
 4079 zoning districts as a (special exception/conditional) use.

Section. 5.9.7. Temporary sales office.

A. Temporary sales offices are mobile structures used only for the sale or lease of units within that development. For the purpose of this section, units to be located within the development shall mean residential, non-residential, or mixed use habitable space or leasable floor area, whether occupying all of a building or individual area within a building including residential units, residential or non-residential units, individual units in a multi-unit non-residential development, or freestanding residential or non-residential structures.

B. Requirements for a temporary sales office. The following requirements must be met prior to the approval of a temporary sales office:

1. Connection to sewer and water is required. If sanitary sewer and potable water are unavailable to the site, bottled water and portable sanitary facilities may be utilized until such time as sanitary sewer and potable water are available. A temporary sales office shall be connected to such facilities within 90 days of availability or within 90 days of the permitted temporary sales office, whichever is less.

2. The temporary sales office shall meet the setbacks of the zoning district in which it is located.

3. A temporary sales office shall not be used as a place of habitation or abode by any person(s), and shall not be used or occupied for business, office, or other purpose(s) at any time except between the hours of 7:00 a.m. and 9:00 p.m.

4. A minimum of three paved off-street parking spaces shall be provided for the temporary sales office.

5. The entrance to the site on which the temporary sales office is located shall consist of a city approved driveway or construction entrance. Any impervious area added for the temporary sales office shall be subject to review and approval by the city.

6. The base of any temporary sales office shall be fully obscured by landscaping and skirting. Shrubs must be planted on 30-inch centers and have a minimum planted height of two feet. The type of irrigation, if applicable, must also be provided on the plan. Erosion shall be minimized and prevented to the extent practicable around any disturbed area.

7. The maximum duration of the permit shall not exceed one year. The Director may extend permits for up to six months each, based upon factors that include:

a. Size of the project.

4121			
4122			b. Number of lots or units in the development remaining to be sold or leased.
4123			
4124			c. Effect that the extension would have on the surrounding properties.
4125			
4126			d. Developer's need for an extension and efforts, if any, the developer has put forward
4127			toward completion of the development (e.g., effort to complete construction in a timely
4128			manner, delays beyond the reasonable control of the developer, etc.).
4129			
4130		8.	A temporary sales office shall be removed no later than the date the development is completed
4131			or within 30 days after notice by the city that the application for development has been denied,
4132			whichever is applicable.
4133			
4134	C.	Pe	rmit application and submittal requirements. A permit shall be required for a temporary sales
4135			ice. In order to obtain a permit for the use of a structure for a temporary sales office, the
4136			plicant shall submit the following to the Department of Community Development:
4137		чÞ	sheart shall sustain the rollowing to the Department of Community Development.
4138		1	A scaled drawing of the site, identifying the location of the temporary sales office with
4139		٠.	dimensions. Construction plans shall also be submitted.
4140			differisions. Construction plans shall also be submitted.
4141		2	The names of the property owner and the operator of the temporary sales officer. In the
4141		۷.	
			event the operator is different from the property owner, written and notarized consent from
4143			the property owner must be submitted. Such written consent shall be revocable. In the event
4144			such consent is revoked, the temporary sales office shall be removed within 30 days.
4145		_	
4146		3.	The length of time the temporary mobile sales office is proposed for the site.
4147		4	The description of matchin material and emitted facilities that will be excitable for the
4148		4.	The description of potable water and sanitary facilities that will be available for the
4149			temporary office.
4150			
4151	D.		pection by city officials. To ensure compliance with all applicable laws and regulations, the
4152			nporary sales office shall be held open for reasonable inspection, without court order, by
4153		em	ployees or agents of the City of Cape Coral or any other duly authorized governmental agency.

A maximum of two temporary storage container permits may be issued for a property or, in the case of multi-use or multi-unit properties, for each business or commercial enterprise located on the property in any calendar year. Temporary container permits may run consecutively without any minimum period required to elapse between the issuance of permits.
 - 6. Residential zoning districts. Temporary storage container permits are valid for seven days. A maximum of two temporary storage container permits may be issued in any calendar year. Temporary container permits may run consecutively without any minimum period required to elapse between the issuance of permits. No dwelling unit shall utilize a temporary storage container for more than 14 days in any 12-month period.

Section 5.9.9. Temporary Habitable Structures

A. Purpose and intent. The purpose of this ordinance is to provide a means by which residents, business owners, governmental agencies, and medical facilities are able to live and conduct business on the same site as their damaged structure using temporary housing and temporary

business structures. When disasters result in significant destruction rendering homes and businesses uninhabitable, temporary housing and temporary business structures will provide residents and businesses with the ability to quickly resume normal activities during the restoration of their permanent structures.

B. Definitions. Terms used in this subsection shall have the meanings as defined in Article 11, Definitions, unless the context clearly indicates or requires a different meaning.

C. Declaration of habitable structure emergency. Following a disaster, the city shall evaluate the effect of the disaster on the public health, safety, and welfare. If the City Council finds that the disaster has negatively affected residential housing or business structures in the city by a significant degree, the City Council may, by a majority vote, declare the existence of a habitable structure emergency. Upon the declaration of a habitable structure emergency by vote of the City Council, the provisions of this subsection shall become effective. The habitable structure emergency shall identify the disaster which created the emergency situation, and may be declared for either a specified period of time or an indefinite period of time. If the emergency is for an indefinite period of time, the emergency shall continue until City Council, by a majority vote, terminates the habitable structure emergency.

D. Habitable structure emergencies. During a habitable structure emergency, the city will allow, in accordance with the provisions set forth herein, the use of temporary structures. Temporary residential structures and temporary business structures must be approved by the city with a temporary placement permit. Application and issuance criteria for a temporary placement permit are as set forth below.

E. Temporary business structures may be used for business owners to provide a means for a business to remain open during the time the permanent business structure is being repaired or replaced. Temporary business structures may be used to provide temporary facilities for governmental uses, critical public facilities, charitable, religious, or educational institutions that have been rendered uninhabitable. The regulations for temporary business structures shall apply to temporary business structures used for governmental uses, critical public facilities, charitable, religious, or educational institutions. For these institutions, the habitable structure regulations shall apply; however, the Building Official may waive any regulations when strict enforcement may preclude them from carrying out their normal or emergency functions. Critical facilities shall be limited to the following:

1. Federal, state, regional, or local government facilities;

2. State, county, or local emergency operations centers;

3. Police, fire, and emergency medical facilities;

4. Radio and television stations;

5. Public, semi-public, and privately-owned utilities;

- 4255 6. Hospitals, emergency medical care facilities, infusion centers, dialysis centers, physician's 4256 offices; and 4257 4258 7. Nursing homes and assisted living facilities. 4259 4260 F. Temporary placement permit. Following the declaration of a habitable structure emergency, a 4261 property owner may apply for a temporary placement permit (TPP) to locate onsite while the 4262 permanent structure is being repaired or rebuilt. A temporary placement permit (TPP) may be 4263 considered by the Building Official when the following criteria are met: 4264 1. The existing permanent habitable structure has been determined to be uninhabitable as the 4265 4266 result of a disaster by inspection of the city Building Official; 4267 4268 2. The property owner or occupant of a damaged structure desires to locate in a temporary 4269 residential or business structure; and 4270 4271 3. A habitable structure emergency must be in effect at the time of application. 4272 4273 G. Applications for temporary placement permits. 4274 1. Application forms and required fees. 4275 4276 4277 2. The following permits are required prior to application for a TPP: 4278 4279 a. City permits for hook-up to electric, potable water, and wastewater utilities; and 4280 4281 b. A State Department of Health or State Department of Environmental Protection permit 4282 authorizing the connection of the temporary residence to an onsite or small domestic 4283 wastewater treatment system. 4284 4285 H. Time limits. Temporary structures may be located for a period not to exceed 30 days. At the end 4286 of that 30-day period, if no application has been filed, the temporary habitable structure must 4287 be immediately removed from the site. If an application has been filed within the 30-day time 4288 period, the temporary habitable structure may remain in place until the TPP is either approved 4289 or denied. Once approved, the temporary habitable structure may remain in accordance with the 4290 TPP. If denied, the temporary structure shall be removed within five days from the date of denial.
- TPP. If denied, the temporary structure shall be removed within five days from the date of denial.
 Terms of use of temporary habitable structures. Applicants for a temporary habitable structure

4295

4296

4297 4298

4299

- shall be subject to the following:
 4294
 - 1. Except as otherwise provided herein, temporary structures shall not be occupied until such time as a valid TPP has been issued and is in effect for the site.
 - 2. Connection to sanitary sewer and potable water, or onsite water and wastewater facilities, and an external electrical system are required within 20 days of issuance of the TPP. Inspections for such connections shall be called into the city within two days of completion

of each connection. Electrical and plumbing connections must be done by electricians or plumbers licensed to do business in the City of Cape Coral.

If there is no electricity to the site due to a power outage, a generator may be used. Upon restoration of electricity to the property, connection to the local power grid must be made within 24 hours of power restoration.

3. An application for a building permit is required within three months from the date of issuance of the TPP for temporary residential structures or within six months for temporary business structures. Failure to apply for a building permit within the required time shall deem the TPP revoked pursuant.

 4. If a building permit application has not been submitted within the required time-frames, an applicant may petition City Council for relief from the time restrictions of this subsection. City Council shall determine whether the failure to apply for a building permit is due to good cause shown by the applicant. If City Council denies the request for relief, the temporary structure shall be removed from the site within ten days from the date of denial, or at the end of the initial three-month period for temporary residential structures, or at the end of the initial six-month period for temporary business structures, whichever is later.

5. Temporary habitable structures with a TPP may be used until the earlier of: 1) completion of the rehabilitation or reconstruction of the damaged structure; or 2) until such time as the owner or occupants of the damaged structure are established in a permanent structure at another location.

6. Occupants must comply with all mandatory hurricane evacuation requirements.

J. Temporary structures. Temporary habitable structures must comply with the following:

 Temporary residential structures may consist of a recreational vehicle or a travel trailer.
 Temporary business structures may consist of recreational vehicles, travel trailers, or mobile
 offices. At the discretion of the Building Official, additional types of temporary business
 structures may be allowed, consistent with applicable federal, state, and local regulations and
 the provisions of this ordinance.

2. Must meet all applicable National Fire Protection Association and Life Safety codes and regulations as well as all applicable state and local requirements for tie-downs.

3. Shall contain plumbing (both water and wastewater) and electrical connections and shall be capable of being hooked up or attached to external plumbing and electrical systems. Temporary residential structures shall contain a kitchen capable of being hooked up or attached to external plumbing and electrical systems. Requirements for temporary business structures shall be based upon the proposed use.

4. Shall meet the Florida Accessibility Code for building construction amenities.

4346 L. Placement of temporary habitable structures. The following site considerations are required for 4347 placement of a temporary habitable structure: 4348 4349 1. Temporary residential structures may be anywhere on the site of the existing permanent 4350 residence; however, no a temporary residence is allowed within road rights-of-way or 4351 drainage or utility easements. The city may waive any development regulations regarding lot 4352 areas, dimensions, setbacks, lot coverage, height, and open space to accommodate 4353 temporary residential structures. 4354 4355 2. Where more than one existing permanent residence has been rendered uninhabitable, the 4356 Building Official may allow up to the number of damaged permanent residences or residential units on the site. Such determination shall be based upon consideration of life, health, and 4357 4358 safety requirements. 4359 4360 3. For temporary business structures: 4361 4362 a. Temporary business structures may be anywhere on the parcel of the existing business; however, temporary business structures are not allowed within road rights-of-way or 4363 4364 drainage or utility easements. The city may waive any development regulations regarding lot areas, dimensions, setbacks, lot coverage, height, and open space to accommodate 4365 4366 temporary business structures. 4367 4368 b. Temporary business structures may be on property adjacent to the permanent business 4369 structure if a notarized, written consent from the property owner is submitted at the 4370 time of application for a TPP. 4371 4372 c. The establishment of an emergency response team center on a parcel containing a 4373 business does not necessarily preclude the placement of one or more temporary business 4374 structures on the same parcel. 4375 4376 d. Parking for a temporary business structure shall be provided based upon the square footage of the temporary business structure, including handicapped parking. However, a minimum 4377 4378 of two handicapped parking spaces must be provided. 4379 4380 e. The entrance to the site shall have a city approved driveway or construction entrance. 4381 Any impervious area added for the temporary business structure shall be subject to 4382 review and approval by the city. 4383 f. Additional conditions or restrictions may be placed on a temporary business structure as 4384 4385 a condition of issuance in areas including, but not limited to, the following: 4386 i. Hours of operation; 4387 ii. Traffic control and access; 4388 iii. Lighting; and 4389 iv. Noise control.

4391 M. Issuance and revocation. The Building Official may revoke a TPP upon finding that any of the 4392 following has occurred: 4393 4394 1. Failure to connect to water, sewer, and electrical within 20 days of the receipt of the TPP. 4395 4396 2. If an application for a building permit has not been submitted within required time from the date of receipt of the TPP, or relocation has not occurred before the time of expiration of the 4397 4398 TPP, or, if a building permit later expires. 4399 4400 3. If, upon inspection by the Building Official, a temporary residence is not in compliance with 4401 the requirements of this subsection. 4402 4403 4. Failure to evacuate temporary residence during mandatory evacuation orders. 4404 4405 5. Upon revocation of a TPP, the temporary residence must be vacated and the temporary 4406 residence removed within five days of revocation. Failure to vacate or remove the temporary 4407 residence constitutes a violation subject to the penalty imposed herein. 4408 4409 N. Extensions and expiration of temporary placement permits. 4410 4411 1. Residential TPPs shall be valid for six months from the date of issuance. The Building Official 4412 may, for good cause shown, issue up to two extensions for six months each, for an 18-month 4413 maximum period of validity from the date of issuance. 4414 4415 2. Non-residential TPPs shall be valid for nine months from the date of issuance. The Building 4416 Official may, for good cause shown, issue up to two extensions for six months each, for a 21-4417 month maximum period of validity from the date of issuance. 4418 4419 3. All applications for extensions of time must be submitted prior to the date of expiration of 4420 the current TPP. 4421 4422 4. Any further extensions after the second extension and maximum time period may not be 4423 issued by the Building Official: however, applicants may submit a request to City Council for 4424 their approval of any further extension of time for the TPP. 4425 4426 5. Factors to be considered by the Building Official or the City Council in determining whether 4427 to grant an extension of time of the TPP shall include: 4428 4429 a. The ability of the property owner or occupant of the temporary residential or business 4430 structure to secure permanent quarters; and 4431 4432 b. Any hardship that, in the opinion of the Building Official or City Council, as applicable, would warrant a further extension of the TPP. 4433 4434

- 4435 6. Upon the, expiration of a TPP, a temporary residence or business structure must be removed 4436 or placed in proper storage on the property within 30 days. Failure to remove or properly 4437 store the temporary residence or business structure constitutes a violation subject to the 4438 penalty imposed herein.
 - 7. Termination of temporary habitable structure. Once an uninhabitable structure has been issued a certificate of occupancy or certificate of use for a new or rehabilitated residence, business, or institutional facility, the TPP shall be deemed to be terminated. A temporary residential or business structure must then be removed or placed in proper storage on the property within 30 days. Failure to remove or properly store the temporary residence or business structure constitutes a violation subject to the penalty imposed herein.
 - 8. Penalty. Any violation of the provisions of this subsection shall be subject to a \$500 fine. Each day of violation shall constitute a separate offense and shall be punishable as such.

Section. 5.9.10. Special events.

- A. Permit required. The following types of events shall require a permit:
 - 1. An event expected to draw 500 or more persons at any session, as participants or spectators, which is proposed to be held on public property; or
 - 2. An event expected to draw less than 500 persons at any session as participants or spectators, which is proposed to be held on public property, if a street closing is required; or
 - 3. An event expected to draw 500 or more persons at any session as participants or spectators, which is proposed to be held on private property; if said participants or spectators will occupy adjacent public streets or public property during the event.
- B. An applicant may apply for a permit to sponsor a special event in the city by submitting the following documents to the Department of Parks and Recreation:
 - A completed, signed, and notarized application shall be submitted no less than 60 days prior to
 the opening of the event. Exceptions to the 60-day requirement may be approved by the Director
 of Parks and Recreation, based upon the size, duration, and nature of the event. The city reserves
 the right to verify the applicant's previous history of sponsoring special events with other
 jurisdictions.
 - 2. A non-refundable application and processing fee of \$40.
- 3. A \$250 refundable clean-up deposit in the form of either cash or certified check payable to the City of Cape Coral. The property shall be cleaned within 48 hours of the close of the event and returned to substantially the same condition as just prior to the start of the event, or better. The clean-up deposit will be refunded to applicant upon satisfactory inspection of the property, by the city, after the event closes. If, within 48 hours after the close of the event, the property is not

4480 4481 4482 4483			returned to substantially the same condition as prior to the start of the event, or better, the city, in its sole discretion, may utilize the clean-up deposit to do so and refund the remainder, if any, to the applicant.
4484 4485 4486	C.		ent may be erected for a special event for a maximum of five days. Any tent over 900 square feet I require a fire inspection.
4487	D.	Ins	urance requirements.
4488 4489 4490 4491 4492		1.	Certificates of insurance for all properties used for the event must be submitted to the Parks and Recreation Department for approval by the City Risk Manager no less than 21 days prior to the event.
4493 4494 4495 4496 4497 4498		2.	Applicants and vendors shall have commercial or general liability insurance, including coverage for independent contractors, premises and operations, contractual liability, products and completed operations, personal injury, and property damage. Insurance coverage shall be no less than \$1,000,000 combined single limit for bodily injury and property damage and no less than \$1,000,000 for liquor liability, if applicable.
4499 4500 4501		3.	Vendors shall also have motor vehicle liability insurance for any motor vehicle of no less than \$1,000,000 and workers' compensation coverage, as required by statute.
4502 4503 4504		4.	The City of Cape Coral shall be named as additional insured. Certificates of insurance shall show the City of Cape Coral as the certificate holder.
4505 4506 4507	Ε.		determining whether a permit shall be issued, the Director of Parks and Recreation, shall consider tain criteria including:
4508 4509		1.	The size, duration, and nature of the event;
4510 4511 4512		2.	Previous history, if any, of organizing events within Lee County and whether said events created hazards or safety situations;
4513 4514		3.	Other events previously scheduled during the same time period within the city;
4515 4516 4517		4.	If the applicant has been adjudicated guilty of violating any provision of this Section, said adjudication may constitute grounds for denial of future special events permits by the city; and
4518 4519 4520		5.	The Director of Parks and Recreation, may, in his or her sole discretion, deny the applicant a permit for the special event within the City of Cape Coral.
4521 4522	F.	Spe	ecial events shall be held in accordance with the following:
4523		1.	All applicable city ordinances and building, fire, and electrical codes shall be complied with.

- 2. Most events shall require off-duty City of Cape Coral police officers to be hired for the duration of any event to include one hour before opening and one hour after closing. The Police Chief, shall determine the number of officers required, if any, based upon the size and nature of the event and past experience with similar events. The cost for the off-duty detail shall be set using the present rate charged by the Police Department which shall be paid by the applicant prior to the issuance of the permit. All applicants must comply with any rules or regulations imposed by the Police Chief, which are consistent with this Section.
 - 3. Most events shall require off-duty City of Cape Coral firefighters or paramedics, to be hired for the duration of any event to include one hour before opening and one hour after closing. The Fire Chief, shall determine the number of firefighters or paramedics required, if any, based upon the size and nature of the event and past experience with similar events. The cost for the off-duty detail shall be set using the present rate charged by the Fire Department which shall be paid by the applicant prior to the issuance of the permit. All applicants must comply with any rules or regulations imposed by the Fire Chief, which are consistent with this Section. In the event the Fire Chief determines that special equipment such as all-terrain vehicles, trailers, fireboats, or fire and rescue assets, and appropriate personnel for the special equipment are necessary, the city reserves the right to request reimbursement for all or part of the discretionary cost from the applicant.
 - 4. No open flame or other device emitting flames or fire shall be used in any tent or air supported structure while open to the public.
 - 5. All equipment including, but not limited to, tents, stages, amusement rides, utility areas, ingress and egress locations, and cooking areas shall be inspected and approved by city fire inspectors or state officials, if applicable, prior to the opening of the event. If applicable, inspection certificates and annual permits, as required by the State of Florida, shall be submitted to the city prior to the opening of the event. All equipment and amusement rides, other than those which are patron-operated or controlled, shall only be operated by persons over 18 years of age who are employed by the applicant and who are thoroughly familiar with the operation of said equipment and amusement rides. The operator of such equipment and amusement rides shall be in the immediate vicinity of the operating controls at all times during the operation of the equipment and amusement rides and no unauthorized person shall be permitted to handle the controls during said operation.
 - 6. Special event signs shall be permitted in accordance with the Land Development Code, Article 7.
 - 7. Any person, entity, group, or organization engaging in speech, expression, or assembly, which is protected by the First Amendment of the United States Constitution or by Article I, Section 4 of the State of Florida Constitution, may do so during a Special Event, subject to the following reasonable time, place, and manner regulations.
 - a. The Director of Parks and Recreation shall have the authority to designate one or more areas during any special event for specific activities and to prohibit other activities within designated areas. The Director of Parks and Recreation shall post designated areas when such posting is appropriate.

- Section 5.9.11. Temporary Off-Site Vehicle Sales.

- b. If sound amplifying equipment is present, it shall be in accordance with a permit issued per Section 5.9.3 Outdoor Entertainment Event. The Director of Parks and Recreation shall establish one or more designated areas on public property within the area of the special event where such amplified sound may occur. If sound amplifying equipment is present on private property at the special event, the Director of Parks and Recreation may establish one or more designated areas on public property within the area of the special event where other amplified sound may occur. If amplified sound is not present on public or private property
 - during the special event, all amplified sound shall be prohibited; however, nothing in this regulation shall serve to prohibit protected speech, expression, or assembly utilizing nonamplified, reasonable sound.
- c. The Director of Parks and Recreation shall be responsible for the provisions of this Section, department rules and regulations, and city ordinances. No action shall be taken to enforce this Section until a warning to cease such a violation has been issued by a person authorized to
- 8. No person shall be permitted into, or remain on, private property covered by any special event permit for an event open to the public without the consent of the permittee.

enforce this Section and the violator continues such violation.

- 9. If a special event is open to the public only upon a payment of an entry fee or charge, no person shall be permitted into the special event without first paying the entry fee or charge.
- 10. No person shall unreasonably hamper, obstruct, impede, or interfere with any person, entity, group, or organization hosting a permitted special event.
- G. Order to cease operation. If the Director of the City of Cape Coral Parks and Recreation Department, determines that proper provisions have not been made for the protection of the public health, safety, or welfare, he or she may issue an order to cease operating the special event until satisfactory corrective action has been taken.
- H. All requirements of this Section are subject to modification or waiver by the City Council based upon the size, duration, nature of the event, and the city's involvement.
- I. Intentional underestimation of the expected number of persons attending the event or failure to comply with any provision of this Section, shall constitute a violation of this Section, and shall subject the applicant to the code enforcement provisions and procedures of the City of Cape Coral Code of Ordinances including any and all provisions that allow the city to seek relief as otherwise provided by law.
- J. Penalty. A violation of this Section shall be punishable by a minimum fine of \$100 and a maximum fine of \$500, in addition to the taxation of any court costs, or imprisonment for a term not to exceed 60 days, or by both a fine and imprisonment.

The display of vehicles, including, but not limited to, automobiles, trucks, vans, recreational vehicles such as camping trailers, motorcycles and recreational terrain vehicles, and water craft such as boats, jet skis and wave runners, displayed for the purpose of sale, lease, trade or rental, shall be permitted at an off-site location (that is, on an improved property that is not the approved location of the business).

A. Temporary Off-Site Vehicle Sales shall adhere to the following requirements:

1. The commercial establishment seeking the temporary sale permit must have the written permission of the owner, or an authorized representative of the owner, of the property on which the temporary sale will be conducted. The written permission shall state that, as a condition of the city's issuance of a permit for the temporary sale, the property owner agrees to be responsible for any damage to the city's right-of-way or utility systems as a result of the sale and that any such damage shall be repaired at the expense of the property owner. In addition, such written permission shall also state that, in consideration of the city's issuance of the permit, the property owner shall hold the city harmless from any claim, loss, damage, or cause of action that arises because of the temporary sale or the issuance of the permit therefore, including any loss or damage to the owner's property or improvements thereon. Such written permission shall have a notarized signature and shall be filed with the Department of Community Development.

2. The duration of any such temporary sale shall not exceed five consecutive days.

3. The property on which the off-site sale is conducted shall not have been used for temporary off-site sales for more than six occasions in the preceding one-year period.

4. Temporary sales shall only be conducted between the hours of 8:00 a.m. to 9:00 p.m.

5. The display of vehicles and the operation of the temporary sale shall not interfere with the normal parking and traffic circulation of the business(es) located on the site.

6. The temporary off-site vehicle sales permit shall, at all times during the permitted time period authorized for the sales, be displayed on the site upon which such sales are being conducted.

7. No temporary sale shall begin until a permit therefore has been approved and issued by the city and all fees are paid in accordance with the city's adopted fee schedule. Prior to the issuance of a temporary sale permit, a complete application must be submitted to the Department of Community Development, along with a conceptual site plan. In addition to the proposed site layout and setbacks, the conceptual site plan shall address vehicular traffic and parking measures, fire protection measures, sanitary facilities and lighting and areas of electric needs. The temporary sale permit shall include, as applicable:

a. The right to erect one sign or banner, a maximum of 32 square feet in size, or two such signs or banners for properties having frontage on more than one street. In lieu of such sign(s) or banner(s), the applicant may display an inflatable object in accordance with Article 7 of this code. The applicant shall include with the application sign details such as the placement of

the sign and anchoring or tie-down measures. The placement and anchoring of the means of advertisement shall not interfere with the visual safety of motoring traffic.

- b. Permission to place one or more tents (up to a total of 425 square feet in size) on the site, provided that the applicant provides proof of fire-retardancy and adequate tie-down measures with the application. Tents larger than 425 square feet shall require a separate tent permit. The location and setback of the tent(s) shall be shown on the conceptual site plan. If a sales trailer is being used in lieu of a sales tent, the sales trailer shall be handicapequipped and accessible in accordance with the Florida Accessibility Code for Building Construction and ADA requirements and shall be anchored in accordance with all applicable building code standards.
- c. Permission to utilize an electric generator on site. A temporary electric pole shall not, however, be authorized by the temporary sale permit. A temporary electric pole shall require a separate permit to be applied for and issued to a licensed electrical contractor.
- d. d. The applicant shall request inspection by the city of the items authorized under this section and shall receive approval thereof prior to beginning the off-site sale activity. Inspection of items authorized pursuant to subparagraphs a. through c. shall be made by the Department of Community Development. Items authorized pursuant to subparagraphs b. and c. shall also be made by the Fire Department.
- B. Any other outdoor display on improved property must be approved by City Council and is subject to review annually at the discretion of Council, except that the City Manager may approve requests for temporary displays of no longer than five days duration no more than two times per calendar year for any location or applicant when he or she is satisfied that the request would be in keeping with the harmony of the zoning district and that it would violate none of the ordinances of the City of Cape Coral.

Section. 5.9.12. Tents, for other than Special Events.

A tent may be permitted to be erected for a for a maximum of five days for an event. Any tent over 900 square feet will require a fire inspection.

Section. 5.9.13. Other events not named.

A person desiring to hold any temporary event, not listed herein, shall contact the Community Development department regarding the necessity of a permit and any additional permissions that may be required.

Chapter 10. - SPECIFIC USE REGULATIONS

Section. 5.10.1. Purpose and applicability.

The uses listed in this chapter are deemed to be appropriate uses when developed and operated in accordance with the requirements listed within each Section. Approval may be granted administratively

as long as the requirements are met and maintained. The applicant shall provide all documents necessary to prove that the requirements are met prior to receiving approval to operate and on an ongoing basis as required for the specific use.

Section. 5.10.2. Craft breweries, distilleries, and wineries.

A. Requirements. All craft breweries, distilleries, or wineries which produces alcoholic beverages for consumption on premise or provide retail sales, shall comply with the following requirements:

1. The business owner shall submit semi-annual production records to the Department of Community Development for all alcohol and nonalcohol products produced within the establishment.

All mechanical equipment used in the alcohol production process shall be behind a wall or fence
that separates the equipment from any property line abutting a public street other than an alley
when viewed along a line perpendicular or radial to such property line. The wall or fence shall be
opaque and have a minimum height of six feet.

3. Loading and unloading areas shall be provided to the side or rear of the building. Loading and unloading areas shall not be along the front of the building.

4. Spent or used grain or similar wastes may be placed outdoors for a period not to exceed 24 hours. The temporary stockpiling for spent or used grain shall be:

 a. Clearly shown on a detailed dimensional and labeled drawing that depicts the location of the stockpiled spent grains on the property and the distance of the stockpiled grains from the property lines and the building containing the artisan brewery, distillery, or winery;

b. Located only along the side or rear of the building; and

 c. Fully enclosed in containers that are behind an opaque wall or fence. The wall or fence shall have a minimum height of six feet. Cargo containers and tractor trailers shall not be utilized for the temporary stockpiling of spent or used grains even if the cargo containers and tractor trailers are behind an opaque wall or fence.

B. Waiver of requirements.

 1. Permitted and Conditional Uses.

To encourage the repurposing of existing buildings in the NC or SC districts, any craft brewery, distillery, or winery that is approved as a permitted use, the provisions of this Section may be waived in part or in their entirety by the Director for the purpose of spurring economic development based on the criteria contained in Subsection 2.

4754 4755		2.	Criteria. In determining whether to waive one or more of these standards the Community Development Director shall utilize the following criteria:			
4756						
4757			a. The visibility of the mechanical equipment and loading areas from any public street(s).			
4758						
4759			b. The proximity and visibility of the mechanical equipment and loading areas from existing			
4760			residential development.			
4761			The second of th			
4762 4763			c. The existence of site conditions that are not the result of the applicant and which are such that a literal enforcement of the regulations involved would result in unnecessary or undue			
4764			hardship.			
4765			narasing.			
4766			d. The effect other regulations would have on the proposed development or other locational			
4767			factors that may make compliance with this Section impossible or impracticable.			
4768						
4769			e. The annual production of alcohol anticipated to be produced by the establishment.			
4770						
4771			f. The size and extent of the equipment requiring screening.			
4772						
4773	Se	ctior	n. 5.10.3. Duplex.			
4774						
4775	In I	RML	zoning districts a duplex must meet the following conditions:			
4776						
4777	A.	Bot	th units must be served by a single, circular driveway to avoid residents backing into streets.			
4778 4779	В.	Lan	ndscaping shall be provided at a rate of two trees and six shrubs per each 2,500 square feet of the			
4780	υ.	lot.				
4781						
4782	C.	Att	ached residential developments shall incorporate three of the following design elements into each			
4783			lwelling unit:			
4784						
4785		1.	Dwelling entry as the primary façade feature;			
4786						
4787		2.	Garage door recessed from the front façade, a preferred minimum of four feet;			
4788						
4789		3.	Horizontal eaves broken up with gables, projection, and articulation;			
4790						
4791		4.	Projecting eaves and gables, related to building massing;			
4792						
4793		5.	Building massing and roof form which articulate individual unit definition;			
4794						
4795		6.	Offset of four feet where two garage doors are adjacent to each other; or			
4796						
4797		7.	Projections and decorative elements, such as trellises, for visual interest.			
4798						
4799						

4800 Section. 5.10.4. - Home occupations.

Home occupations shall only be allowed as an accessory use to a residential use, provided the following conditions are met:

A. All home occupations operated in or from a residence shall comply with federal, state, and county rules and regulations, city license regulations specified herein, and any other applicable ordinances of the City of Cape Coral.

B. No person other than members of the immediate family may be employed for a salary, commission or upon any other remunerative basis.

4812 C. No condition shall be permitted which tends to cause or increase the fire hazard to the residence, such as storage of paints or other flammable materials in excess of normal family use.

D. No storage of materials or supplies shall be allowed outside the structure nor shall any indoor display of materials be visible from the outside of the structure.

4818 E. No home occupation shall occupy an area greater than 10% of the living area of the structure.

F. The home occupation shall not generate pedestrian or vehicular traffic beyond that which is reasonable to the district in which it is located and it shall not involve the use of commercial vehicles for delivery of materials to or from the residence.

G. The appearance of the structure shall in no way be altered for the conduct of the home occupation within the structure nor shall the conduct be such that the structure may be recognized as serving a non-residential use either by color, materials, construction, lighting, signs, sounds, noises, vibrations, audible or visible interference in any radio or television receiver off the premises, or cause fluctuations in the electric voltage line off the premises.

H. No business operated under a fictitious name shall be issued a license to operate under this Section.

Section. 5.10.5. RV resorts

A. General provisions. Within a recreational vehicle park, recreational vehicles that meet the requirements herein, whether self-propelled or pulled by a towing vehicle, and camping cabins, as regulated herein, may be used for temporary lodging. Facilities to accommodate administration, maintenance, recreation, dining, and personal care may be included within a recreational vehicle park. Recreational vehicle parks shall be deemed to be nonresidential uses, and any transient guest site occupied by a registered guest of a recreational vehicle park shall not be deemed to be a "residence", "dwelling." or "residential premises" within the meaning of other provisions of the City of Cape Coral regulations. The management of all transient guest sites and camping cabins must be performed by a single on-site management company or entity, regardless of whether the transient guest sites, camping cabins, or both are owned by more than one person or entity.

4845 B. Lodging unit characteristics. Lodging shall only be allowed within recreational vehicles and camping cabins that have all of the following characteristics: 4846 4847 4848 1. Recreational vehicles: 4849 4850 a. Shall be no more than eight and one-half feet in body width, exclusive of safety devices 4851 when slide outs are retracted: 4852 4853 b. Shall have water and wastewater systems designed for continuous connection to water and 4854 wastewater service facilities while parked at a transient guest site; and 4855 4856 c. Shall not be constructed with collapsible partial sidewalls that fold for towing in such a way 4857 as to be unusable for occupancy. 4858 4859 2. Camping cabins shall comply with all of the following criteria: 4860 4861 a. Cabins shall be constructed in compliance with the Florida Building Code; 4862 4863 b. The square footage of interior space shall be a minimum of 200 square feet and a maximum 4864 of 600 square feet; 4865 4866 c. Cabins shall be equipped with electric service and a full bathroom; 4867 4868 d. Cabins are exempt from non-residential design standards, however when there is more than one cabin in a development, the color scheme, exterior materials on walls, exterior roof 4869 4870 finishing, and roof type must be consistent among all cabins; 4871 4872 e. Corrugated metal is prohibited for exterior walls; and 4873 4874 f. Roofs shall consist of pitched roofs, including but not limited to, gable, hip, or mansard 4875 roofs; however, mansard roofs with flat decks and shed style roofs are prohibited. 4876 4877 C. Location. Recreational vehicle parks are permitted only on property with a Mixed-Use future land 4878 use designation. No new recreational vehicle park shall be developed and no existing recreational 4879 vehicle park shall be expanded within a coastal high hazard area, as depicted in the Comprehensive 4880 Plan. 4881 4882 D. Minimum interior road standards. All interior roads shall be privately owned and maintained, and 4883 shall be constructed in accordance with the structural requirements within the City of Cape Coral 4884 Engineering Design standards. 4885 4886 E. Overall recreational vehicle park area and density. The following requirements shall apply to the recreational vehicle park net area: 4887 4888 4889 1. Minimum recreational vehicle park net area: 25 acres; 4890

4891 2. Maximum net density: 10 transient guest sites per acre, based on net area; and 4892 4893 3. Minimum net density: For recreational vehicle parks with a net area of less than 50 acres, the 4894 minimum quantity of transient guest sites shall be 50; for recreational vehicle parks with a net area of 50 or more acres, there shall be no less than one transient guest site per acre, rounded 4895 4896 to the nearest whole number. 4897 4898 For purposes of this section, the net area shall mean the area of the recreational vehicle park minus 4899 extant wetland areas and water areas (e.g. streams, waterways, lakes, estuaries). If an extant 4900 wetland or water area is expanded or contracted, the net area shall be based on the resultant 4901 wetland and water areas. 4902 4903 F. Transient guest sites. Transient guest sites can be designed with either: 1) a pad for parking one 4904 recreational vehicle; 2) one camping cabin; or 3) a pad for parking one recreational vehicle and one 4905 camping cabin. The following standards shall apply to transient guest sites within a recreational vehicle park: 4906 4907 4908 1. Each transient guest site shall be clearly defined by a permanent marker, constructed of a 4909 durable material such as masonry or metal, placed at all corners; 4910 4911 2. No transient guest site shall include any space used for common areas, such as roadways, 4912 sidewalks, or community recreation areas; 4913 4914 3. No more than 25% of the total transient guest sites shall be developed with a camping cabin. Transient guest sites with a pad for parking one recreational vehicle and one camping cabin 4915 4916 shall not be factored into the 25% limitation to the number of camping cabins; 4917 4918 4. All transient guest sites shall be designed to provide runoff of surface water to a drainage 4919 system or basin external to the transient guest site; 4920 5. Impervious area shall not exceed 65% of any transient guest site. Pervious areas of each 4921 transient guest site shall be covered in turf, groundcover, shrubs, trees, or any combination 4922 4923 thereof; 4924 4925 6. Each transient guest site shall have direct vehicular access to an interior road. No transient guest 4926 site shall have direct vehicular access to a public street; 4927 4928 7. No transient guest site shall be located closer than 40 feet to any public street right-of-way; 4929 4930 8. Separation: Each transient guest site shall be designed to ensure minimum separation between 4931 units. When measuring the distance from a recreational vehicle pad, paved areas that project 4932 more than four and one-half feet from the centerline of the pad, e.g., driveway apron flares, walkways, and patio areas, may be excluded. Distances of separation shall be as follows: 4933

a. Between camping cabins: 15 feet;

4934 4935

4937 4938 4939		b.	Between a camping cabin and a recreational vehicle pad on the same transient guest site: 15 feet;
4940 4941 4942		c.	Between a camping cabin and a recreational vehicle pad on a separate transient guest site: 20 feet;
4943 4944		d.	Between a transient guest site boundary line and a camping cabin: 7½ feet; and
4945 4946		e.	Between transient guest site boundary line and a recreational vehicle pad: 7½ feet.
4947 4948 4949	9.		h transient guest site designed with a pad for parking a recreational vehicle shall have the owing standards:
4950 4951		a.	Maximum number of recreational vehicles: 1;
4952 4953		b.	Minimum site area: 2,000 square feet;
4954 4955		c.	Maximum site area: 1 acre;
4956 4957 4958		d.	Minimum site width: 35 feet, measured at right angles to and between the designated side boundary lines; and
4959 4960 4961		e.	Pad and driveway materials: Each pad for a recreational vehicle and associated driveway shall be paved with concrete or pavers, or as otherwise approved by the city. The use of asphalt as a paving material for vehicle pads and driveways is prohibited.
4962 4963 4964	10.	Eac	h transient guest site developed with a camping cabin shall have the following standards:
4965 4966		a.	Maximum number of camping cabins: 1;
4967 4968		b.	Minimum site: 2,500 square feet; and
4969 4970 4971 4972 4973 4974		c.	Parking space: Each site developed with a camping cabin shall include a minimum of one automobile vehicle parking space, paved with concrete or pavers, or as otherwise approved by the city, with minimum dimensions of 9 feet by 18 feet. This limitation shall not apply to transient guest sites with a pad for parking one recreational vehicle and one camping cabin. The use of asphalt as a paving material for vehicle parking spaces is prohibited.
4975 4976	11.		h transient guest site developed with both a pad for parking a recreational vehicle and with amping cabin shall have the following standards:
4977 4978 4979		a.	Maximum number of units: one camping cabin and a pad for parking no more than one recreational vehicle;
4980 4981		b.	Minimum site area: 5,000 square feet;

4983		c. Maximum site area: 1 acre;
4984		
4985		d. Minimum site width: 35 feet, measured at right angles to and between the designated side
4986		boundary lines; and
4987		
4988		e. Pad and driveway materials: Each pad for a recreational vehicle and associated driveway
4989		shall be paved with concrete or pavers, or as otherwise approved by the city. The use of
4990		asphalt as a paving material for vehicle pads and driveways is prohibited.
4991		
4992		12. Each transient guest site may also include accessory structures for outdoor living, including, but
4993		not limited to, an outdoor kitchen, fire pit, spa, hot tub, gazebo, shade shelter, marine
4994		improvements, and other hardscape features.
4995		
4996	G.	Utilities. Each transient guest site shall have direct connections to central potable water, central
4997		wastewater, and electric services. All water and wastewater utility infrastructure within a
4998		recreational vehicle park shall be privately owned and maintained, except as otherwise approved
4999		by the City Council. Within the recreational vehicle park, all telephone, electric, television cable
5000		service, or other wires of all kinds must be underground, provided, however, that appurtenances
5001		to these systems which require aboveground installation may be exempted from these
5002		requirements and primary facilities providing service to the site of the development or necessary
5003		to service areas outside the planned development project may be exempted from this requirement.
5004		
5005	Н.	Lighting. All roads, walkways and parking areas shall be provided with lighting adequate to ensure
5006		the safety of vehicular and pedestrian traffic. All lighting shall be designed so that it is not directed
5007		toward neighboring properties.
5008		
5009	١.	Parking. In addition to parking spaces on transient guest sites, a minimum of one parking space per
5010		ten recreational vehicle sites within the park shall be provided for visitors.
5011		
5012	J.	Designated storage. Except for boats at a rental facility or moored at a marine improvement, boats
5013		and utility trailers (tow dollies, "toy haulers", etc.) shall be stored in a designated storage area that
5014		shall occupy no more than 5% of the gross area of the park. Such storage area shall be for the
5015		exclusive use of registered guests. only during the period the guest is a registered occupant of a
5016		transient guest site. Designated storage areas shall be enclosed by an opaque visual barrier that is
5017		a minimum of eight feet in height. The following materials, either singly or in any combination, are
5018		the only materials that may be used to form the opaque visual barrier:
5019		
5020		1. Wood, plastic, vinyl, or metal fencing;
5021		
5022		2. Concrete block and stucco wall;
5023		
5024		3. Brick wall; or

4. Formed, decorative, or precast concrete.

5025

No storage area shall be located closer than 40 feet to any exterior property line of the recreational vehicle park. No repair or maintenance other than cleaning shall be conducted within such storage area.

K. Recreation area. At least one recreation area shall be provided within the park, designed and improved to serve the recreational needs of the park users. The recreation area(s) shall be a minimum of 500 square feet per transient guest site. All recreation areas shall be accessible to all occupants of the park. If more than one recreation area is provided, no recreation area shall be less than 10,000 square feet. A minimum of 50% of the total required recreation area shall be comprised of recreation within a building, or outdoor facilities for active recreation, including, but not limited to, swimming pools, ball fields, tennis courts, or play lots with facilities. No portion of any transient guest site, perimeter buffer yard, internal road or road easement, or stormwater management area, except as provided below, shall be counted as required recreation area. Bodies of water may be counted toward required recreation area if recreational use is not otherwise prohibited on or in the body of water and if recreational amenities, including, but not limited to, a beach, boat rental or launching facilities, are provided. In no event, however, shall bodies of water comprise more than 50% of the required recreation area.

L. Landscaping plan. Requests for special exception approval for a recreational vehicle park shall be accompanied by a landscaping plan that provides, at a minimum, compliance with Section 5.5.

M. Phasing. The Director shall not issue a certificate of use for a recreational vehicle park prior to completion of construction of all of the transient guest sites, internal roads, drainage system, potable water and wastewater utilities, landscaping and buffering, and accessory structures approved for the park, unless the Hearing Examiner and Appeals (or the City Council, when applicable) approves a phasing plan that identifies size, location, sequence, and timing of the various phases of the development. If a phasing plan is approved, the Director shall not issue a certificate of use for any phase that has not been completed in its entirety.

N. Operation generally.

 Responsibilities of management. The owner of a recreational vehicle park shall, at all times, maintain the park and its facilities in a clean, orderly and sanitary condition. The park management shall inform all registered occupants of transient guest sites of the provisions of this section and other related ordinances and statutes, and of their responsibilities thereunder.

2. Certificate of use required. No lodging within recreational vehicles or camping cabins shall occur prior to the issuance of a certificate of use for the recreational vehicle park.

3. Length of occupancy. No owner of any recreational vehicle park shall allow or permit any transient guest sites in a recreational vehicle park to be rented to or occupied by any person or recreational vehicle for any period of time that would permit or allow any person or recreational vehicle to remain at such recreational vehicle park for more than 180 days in any 365-day period.

5073 5074 5075 5076 5077 5078 5079		4.	wit dat rec	gister of occupants. The owner or operator of any recreational vehicle park shall file a report he the Director showing the guest names and addresses, recreational vehicle license numbers, ses of arrival and departure, and the transient guest site occupied by each guest at the reational vehicle park during the preceding calendar quarter. Such reports shall be filed not er than April 15th, July 15th, October 15th and January 15th for the immediately preceding endar quarter.
5080 5081 5082 5083 5084	0.	rec	reat npli	cions authorized. The Director is hereby authorized to make periodic inspections of the cional vehicle park and transient guest sites for the purpose of determining satisfactory ance with the regulations of this section pertaining to the health, safety and welfare of the unity.
5085 5086 5087 5088	Р.	vel	nicle	Ital facilities and amenities. Various facilities and amenities incidental to a recreational park are permissible, however, all facilities and amenities must meet all requirements stated together with any additional conditions of approval.
5089		1.	The	e following facilities may be approved as incidental to a recreational vehicle park:
5090				
5091			a.	Administrative offices;
5092				
5093			b.	Caretaker or watchperson residence (no more than one);
5094				
5095			c.	Car wash (Recreational vehicle washing facilities only);
5096				
5097			d.	Clubhouses;
5098				
5099			e.	Gatehouses;
5100				
5101			f.	Grounds maintenance facilities;
5102				
5103			g.	Laundry facilities:
5104				
5105			h.	Marine improvements;
5106				
5107			i.	Restrooms and community showers; and
5108				
5109			j.	Sanitary dump stations.
5110				
5111		2.	The	e following amenities are permitted as amenities incidental to the recreational vehicle park
5112			eve	en though they are typically land use classifications identified as individual "uses" within
5113			oth	er zoning districts.
5114				
5115			a.	Banquet halls;
5116				
5117			b.	Bars;
5118				

5119		c.	Commercial Recreation – indoor and outdoor;
5120			
5121		d.	Cultural and civic facilities;
5122			
5123		e.	Personal services;
5124			
5125		f.	Professional Offices;
5126			
5127		g.	Restaurant, no drive-thru; and
5128			
5129		h.	Retail.
5130			
5131	3.	For	recreational vehicle parks with no frontage on any type of arterial or collector street, food
5132		sto	res, personal services, and restaurants shall be limited as follows:
5133			
5134		a.	Vehicular ingress/egress for parking lots supporting an amenity shall not be directly
5135			accessible from any public street, but shall only be accessible from a road within the park;
5136			
5137		b.	No signs shall be visible from outside the recreational vehicle park; and
5138			
5139		c.	The cumulative gross leasable floor area occupied by food stores, personal services, and
5140			restaurants shall not exceed 3% of the net area of the recreational vehicle park. For
5141			purposes of this section, the net area shall mean the area of the recreational vehicle park
5142			minus extant wetland areas and water areas (e.g. streams, waterways, lakes, estuaries). If
5143			an extant wetland or water area is expanded or contracted, the net area shall be based on
5144			the resultant wetland and water areas. Food stores shall not occupy more than 25,000
5145			square feet of contiguous gross leasable floor area.
5146			
5147	4.	For	recreational vehicle parks with frontage on any type of arterial or collector street, food
5148		sto	res, personal services, and restaurants shall be limited as follows:
5149			
5150		a.	Vehicular ingress and egress for parking lots supporting food stores, personal services, and
5151			restaurants may be directly accessible from a public street. Visible evidence of the
5152			commercial character of food stores, personal services, and restaurants may be observable
5153			from a street outside the park. For food stores, personal services, and restaurants that have
5154			vehicular ingress/egress directly accessible from a public street, or present visible evidence,
5155			observable from a street outside the park, of their commercial character, no certificate of
5156			use shall be issued until a minimum of 20% of the total transient guest sites for the entire
5157			recreational vehicle park have been constructed or installed; and
5158			
5159		b.	The cumulative gross leasable floor area of food stores, personal services, and restaurants
5160			shall not occupy more than 3% of the net area of the park. Not more than 25,000 square
5161			feet of contiguous gross leasable floor area shall be devoted to food stores.
5162			
5163	5.	In ·	the event that a recreational vehicle park fails to meet the minimum required number of

transient guest sites as a result of removal of transient guest sites or conversion to another use,

or if the offering of lodging at transient guest sites is discontinued for one year or more, any activity that had previously been approved as an amenity incidental to the recreational vehicle park use shall lose its status as an amenity and shall be treated in the same manner as a nonconforming use.

Q. Prohibitions. The following uses, activities or improvements listed below are prohibited within a recreational vehicle park:

1. Permanent residential use is prohibited, except in an approved caretaker/watchperson residence.

2. Lodging within any structure other than an approved recreational vehicle, camping cabin, caretaker, or watchperson residence (e.g., tent, mobile home, garage, shed, or agricultural building) is prohibited within a recreational vehicle park.

3. The storage of a recreational vehicle, boat, or accessory trailer during any period when the owner or lessee of the vehicle is not a registered occupant of a transient guest site is prohibited. Storage of boats and accessory trailers is prohibited on individual transient guest sites or on internal roads.

4. The parking of a recreational vehicle, automobile, or truck in an area not designated for parking is prohibited.

5. Drive-thru facilities for restaurants are prohibited.

6. Fuel pumps for retail sales of fuel are prohibited.

R. Evacuation plan. Prior to issuance of a certificate of use for a recreational vehicle park, the developer shall provide an emergency response plan, approved by the Fire Chief that requires the removal of all recreational vehicles in the event of a hurricane. At a minimum, all recreational vehicles and occupants shall evacuate when notified of a "Hurricane Watch" being issued for the city. Any amendment by the developer to an approved evacuation plan requires approval by the Fire Chief.

Section. 5.10.6. Micro cottage Village Development (MCVD).

Micro cottage Village Developments (MCVDs) provide a location for City residents who wish to reside on lots which are much smaller than the typical Cape Coral property. This housing type encourages efficient use of land, affordability, and energy conservation. Micro cottage housing allows for a higher density single family development than is normally allowed. This is made possible by smaller home sizes, clustered home sites, and parking and design standards. These villages shall be developed to ensure that they provide an attractive, clean option for these residents which also will not have a deleterious effect on nearby properties.

A. Minimum area and density requirements. The minimum allowable area for a MCVD shall be three acres and the maximum density of micro cottages shall not exceed 8.8 dwelling units per acre. The minimum lot size for individual lots shall be 5,000 square feet. B. Buffering. Sites adjacent to single family zoning and land use shall provide a 25' buffer along each abutting perimeter. C. Availability of infrastructure. MCVDs shall be serviced by city utilities. D. Clustering. A MCVD is composed of clusters of micro cottages. 1. Minimum units per cluster: 4. 2. Maximum units per cluster: 12. E. Common open space. Each cluster of micro cottages shall have common open space and provide a sense of openness and community for residents. Open space requirements are as follows: 1. Each cluster of micro cottages shall have common open space to provide a sense of openness and community for residents; 2. At least 400 square feet per micro cottage of common open space is required for each cluster. 3. Each area of common open space shall be in one contiguous and useable piece. 4. To be considered as part of the minimum open space requirement, an area of common open space must have a minimum dimension of 20 feet on all sides. 5. The common open space shall be at least 3,000 square feet in area, regardless of the number of units in the cluster. 6. Required common open space may be divided into no more than two separate areas per cluster. 7. At least two sides of the common open area shall have micro cottages along its perimeter. 8. Parking areas, yard setbacks, private open space, and driveways do not qualify as common open space. F. Community Buildings. Community buildings are permitted in MCVDs. Community buildings shall be clearly incidental in use and size to dwelling unit and shall be no more than one story. G. Ownership. Community buildings, parking areas and common open space shall be owned and maintained commonly by the MCVD residents, through a condominium association, a homeowners' association, or a similar mechanism, and shall not be dedicated to the City.

H. Size. Micro cottages shall meet the following requirements:

5255						
5256		1.	The gross floor area of each micro cottage shall not exceed 1,100 square feet.			
5257						
5258		2.	At least 25% of the micro cottages in each cluster shall have gross floor area less than 1,000 square			
5259			feet.			
5260						
5261		3.	Micro cottage areas that do not count toward the gross floor area or footprint calculations are:			
5262						
5263			a. Interior spaces with a ceiling height of six feet or less, such as in a second floor are under the			
5264			slope of the roof;			
5265						
5266			b. Architectural projections—such as bay windows, fireplaces, or utility closets—no greater than			
5267			24 inches in depth and six feet in width;			
5268						
5269			c. Attached unenclosed porches;			
5270			d. Comments			
5271			d. Garages or carports;			
5272		4	The featurist of each rejerce actions shall not expend QCO servers fact			
5273		4.	The footprint of each micro cottage shall not exceed 850 square feet.			
5274		l loi+	Height. The maximum height of a micro cattage shall be 25 feet			
5275 5276	1.	Unit	Height. The maximum height of a micro cottage shall be 25 feet.			
5277		Orio	ntation of micro cottages.			
5278	٦.	Offici	intation of finicio cottages.			
5279		1.	Each dwelling unit shall be clustered around a common open space. Each unit shall have a primary			
5280		Τ.	entry and covered porch oriented to the common open space.			
5281			entry and covered porch offented to the common open space.			
5282		2.	Lots in a MCVD can abut either a street or an alley.			
5283			2013 III a IVICVD can abac cities a street of an ancy.			
5284		3.	Each unit abutting a public street (not including alleys) shall have a façade, secondary entrance,			
5285			porch, bay window or other architectural enhancement oriented to the public street.			
5286			, ,			
5287	K.	Mid	cro cottage Setbacks. The minimum setbacks for all structures (including micro cottages, parking			
5288			uctures, and community buildings) in a MCVD are:			
5289						
5290		1.	Ten feet from any public right-of-way.			
5291						
5292		2.	Ten feet from any other structure.			
5293						
5294		3.	Micro cottages shall be no more than 25 feet from the common open area, measured from the			
5295			façade of the micro cottage to the nearest delineation of the common open area.			
5296						
5297		4.	No part of any structure in the MCVD (including micro cottages, parking structures, and community			
5298			buildings) shall be more than 150 feet, as measured by the shortest clear path on the ground,			
5299			from fire department vehicle access.			
5300						

5301 L. Porches. Micro cottage units shall have covered front porches. The front porch shall be oriented 5302 toward the common open space. Covered porches shall have at least 60 square feet in area. 5303 5304 M. Garages. Garages are not required or encouraged in MCVDs. 5305 5306 N. Parking. 5307 5308 1. Minimum Number of Off-Street Parking Spaces: Micro cottage **Required Parking** 600-800 square feet 1.00 space 800-1000 square feet 1.5 spaces 1000-1100 square feet 2.00 spaces 5309 2. The MCVD shall include additional guest parking. A minimum of .5 guest parking spaces per 5310 5311 dwelling unit, rounded up to the next whole number, shall be provided for each Micro cottage cluster. Guest parking may be clustered with resident parking; however, the spaces shall include 5312 signs identifying them as reserved for visitors. 5313 5314 5315 3. Parking shall be separated from the common area and public streets by landscaping or architectural screening. Solid board fencing shall not be allowed as an architectural screen. 5316 5317 5318 4. Parking areas shall be accessed only by a private driveway or a public alley. 5319 5. The design of garages and carports, including roof lines, shall be similar to and compatible with 5320 that of the dwelling units within the MCVD. 5321 5322 5323 6. Parking areas shall be limited to no more than five contiguous spaces. 5324 5325 O. Walkways. 5326 5327 1. A MCVD shall have sidewalks along all public streets. 5328 5329 2. A system of interior walkways shall connect each micro cottage to each other and to the parking 5330 area, and to the sidewalks abutting any public streets bordering the MCVD. 5331 5332 3. Walkways and sidewalks shall be at least four feet in width. 5333 5334 Section 5.10.7. Roadside Food and Vegetable Stand. 5335 5336 Roadside food and vegetable stands shall be subject to the following requirements: 5337 5338 A. Must meet the minimum building setback requirements for the district; 5339 5340 B. May be in operation during daylight hours only; 5341

- C. Shall provide a designated parking area at the side or rear of the roadside food and vegetable stand 5342 5343 sufficient to accommodate ten vehicles; 5344 5345 D. Shall be no larger than eight feet by 32 feet in dimensions, and must be structurally sound; 5346 5347 E. Must meet state, county, or local access requirements; 5348 5349 F. May sell fruits, plants, and vegetables only; 5350 5351 G. Must be built with tie downs capable of withstanding 110 mph winds; and 5352 5353 H. Must contain adequate toilet facilities. 5354 5355 Section 5.10.8. Accessory Parking Lots. 5356 5357 Accessory parking lots shall meet the following requirements: 5358 5359 A. The proposed parking on RML property shall be used only in connection with an existing use or 5360 structure in the C, CC, and P zoning districts. 5361 B. The parcel shall meet minimum dimensional requirements. 5362 5363 C. The area within the RML zoning district proposed for commercial parking shall be composed of 5364 5365 contiguous lots within that district and owned by the commercial or professional property owner 5366 or corporation served by the parking site. 5367
- D. A minimum of 40% of the required parking spaces shall be located within a Commercial or Professional zoning district. The number of required parking spaces shall be determined by Article 6.

5371

5375

5381

5384

- 5372 E. The location of RML areas proposed for parking shall be immediately to the rear, or across any service alley, and within the extended side yard lot lines of the property that the parking is intended to serve.
- 5376 F. Driveways from the accessory parking in RML areas to residential streets shall not be permitted.
 5377 However, commercial property fronting on Del Prado Boulevard or Santa Barbara Boulevard on one
 5378 side and on a single-family residential district, as designated on the adopted Future Land Use Map,
 5379 on the opposite side, shall be permitted access for the commercial property to the single-family
 5380 residential street in accordance with the City of Cape Coral Engineering Design Standards.
- G. The driveway shall be included in any traffic impact study for the property to determine the driveway's impact on the local street and its intersections and if improvements are needed.
- H. Where necessary for safe and efficient turn movements, the city may restrict certain turn movements at the driveway accessing the single-family residential street.

- I. For a commercial property fronting on Del Prado Boulevard on one side and on a single-family residential district, as designated on the adopted Future Land Use Map, on the opposite side, access for the commercial property shall be permitted to the single-family residential street only on those streets which provide access to existing and planned signalized intersections on Del Prado Boulevard.
- 5394 J. The parking area shall be classified as part of the entire non-residential building site.
- 5396 K. A landscape plan for the commercial parking area proposed in an R-3 district shall be submitted 5397 with the application for a special exception use. Landscape plans shall be drawn to scale, including 5398 dimensions and distances, and shall clearly delineate.
 - 1. Existing and proposed parking spaces, or other vehicular use areas, access aisles, driveways, and ingress and egress points;
 - 2. The location and floor area of existing building to be served;
 - 3. The source of water supply for plantings and materials to be installed or, if existing, to be used in accordance with the requirements hereof.
 - 4. All parking areas shall be landscaped in accordance with the requirements of Section 5.5.13 of this Article.
 - 5. There shall be a minimum of seven feet of green area in side setbacks and ten feet of green area in setbacks from street lot lines which face residential areas.
 - 6. There shall be a continuous undulating 18 inch to three feet high by five feet deep berm of earth extending along the property facing streets.
 - I. Lighting. If any parking areas are artificially lighted, they shall be so designed and arranged that lighting is primarily directed on-site. Such areas shall not be lighted at any time other than during the same hours that the use to which the parking is appurtenant is open for business, except for necessary security lighting.
 - J. Stormwater Management. All parking areas shall incorporate appropriate stormwater quality design features to be reviewed with the SDP application.

5430

- 5427 Solar Arrays shall meet the following requirements:
- A. These facilities may only be permitted in the Agriculture, Institutional, or Industrial zoning districts.
- B. Solar Arrays may only be permitted on lots over one acre in size.
- 5433 C. Must maintain appropriate security fencing and signs for protection.

5434				
5435 5436 5437	D.			shall be effectively screened with a fence, landscape material, or a combination thereof, e from an abutting property or right-of-way as determined by the Director.
5438 5439 5440		1.	The structure zoning di	ctures may be screened with an opaque wall or fence, up to the height allowed in that strict.
5441 5442		2.	Alternati	vely, the structures may be screened with shrubs that meet the following requirements:
5443 5444			a. A rov	w of shrubs shall be planted along all sides of the facility for which screening is required.
5445 5446 5447 5448			a sev	nrubs required for screening shall be a minimum of 32 inches in height and be in at least ven-gallon container size at the time of planting. All shrubs shall be planted at a spacing ree feet apart as measured on center.
5448 5449 5450 5451				hrubs shall be maintained at a minimum height of six feet at maturity and shall be tained in good condition as long as the structures requiring screening remain.
5451 5452 5453			d. An a	dequate combination of the two screening options may be permitted.
5454	Se	ctior	5.10.10.	Vehicle Sales, Light.
5455 5456	Ve	hicle	Sales, Lig	ht must meet the following requirements:
5457 5458	A.	The	minimun	n parcel size shall be 2 acres.
5459 5460	В.	Vel	icle Sales	, Light shall be a standalone use only.
5461 5462 5463	C.	All	display ar	eas must be on a impervious surface such as asphalt or concrete.
5464 5465	D.	All	repairs m	ust be ancillary and must be conducted within a building.
5466 5467	Ε.	Otl	er than v	ehicles, no outdoor display of any other items shall be permitted.
5468 5469	Se	ctior	5.10.11.	Wireless Communication Facilities
5470 5471	Wi	rele	s Commu	inication Facilities are permitted with the following requirements:
5472 5473 5474		1.	•	e documentation that co-location on an existing approved tower or on an existing or structure, has been attempted and is not feasible. Such documentation shall include:
5475 5476 5477		2.	equipme	Ilts of a designed service study demonstrating to the satisfaction of the city that the nt planned for a proposed communication tower cannot be accommodated on an or approved and un-built structure.

- 3. The designed service study analysis shall be based upon a search area radius of three-quarters of a mile minimum distance from the location of the intended WCF or tower, including areas outside the City of Cape Coral. At the discretion of the city, based on the city's knowledge of existing colocation opportunities, the city may allow an applicant to provide an affidavit from a professional radio frequency engineer which establishes the search area diameter for the proposed WCF or tower location and identifies all other alternatives in the area. Further information may be required by the city on the ability of the WCF or tower to be accommodated on specific sites within three-quarters of a mile of the proposed WCF or tower.
- 4. When co-location is determined by staff to be infeasible, the determination shall be based upon the results of the designed service study and other evidence provided by the applicant documenting one or more of the following reasons:
 - a. Structural limitation. The proposed equipment would exceed the structural capacity of the existing or approved structure, as documented by a licensed professional engineer, and the existing or approved structure cannot be reinforced, modified, or replaced to accommodate the planned or equivalent equipment at a reasonable cost.
 - b. Interference. The proposed equipment would cause interference or obstruction materially impacting the usability of other existing or planned equipment at the tower or building as documented by a qualified professional and the interference or obstruction cannot be prevented at a reasonable cost.
 - c. Insufficient height. Existing or approved towers and buildings within the search radius cannot accommodate the planned equipment at a height necessary to function reasonably as documented by a licensed, if applicable, professional.
 - d. Lack of space. Evidence from the applicant, verified by a licensed professional, of the lack of space on existing towers or other structures within the search radius to accommodate the proposed facility.
 - e. Other factors. Other reasons that make it unfeasible to locate the planned equipment upon an existing or approved tower or building as documented by a qualified and licensed, if applicable, professional.
 - f. Technical consultants. The city shall have the right to retain independent technical consultants and experts that it deems necessary to properly evaluate applications for wireless telecommunications facilities or towers and to charge reasonable fees as necessary to offset the cost of such evaluations.

Section. 5.10.12. Wireless Facility Design standards.

In addition to any other applicable requirements provided elsewhere in the Land Development Code, an application for a communication tower shall include the following:

- A. Fall zone. In the event of a catastrophic failure or collapse, towers shall be designed to collapse within an engineered fall zone lying wholly within the lot lines of the parcel containing the tower. Such fall zone shall be certified by a professional engineer, licensed in the State of Florida.
- 5528 B. Tower design for co-location. A proposed tower shall be designed to allow for future rearrangement 5529 of antennas, to provide space for antennas to be mounted at varying elevations, and to accommodate 5530 co-location.
- 5532 C. Monopoles or stealth. All towers shall be monopoles or stealth design.
- D. Illumination. A tower shall not be artificially lighted except as may be required by federal or state regulations.
- 5537 E. Surface or finish color. All towers shall be painted or have a non-contrasting finish that minimizes the visibility of the facility from public view, except where contrasting color is required by federal or state regulation. In addition, the exterior of support facilities shall be designed to be compatible with the architectural design prevailing among the structures in the surrounding developed area.
- F. Sign. The main access gate in the tower shall have affixed to it a sign not to exceed two feet by three feet in size which displays the owner's or permittee's name and an emergency telephone number.
- 5545 G. Maximum height. The maximum height of towers shall be 100 feet if the tower is designed for one service provider, 120 feet if the tower is designed to accommodate two service providers, or 140 feet if the tower is designed to accommodate three or more service providers.
 - H. Landscape screening. The accessory components to the tower shall be screened from view by shrubs maintained at a height of six feet, immediately adjacent to the fence surrounding the facility and minimum of eight trees planted outside of the shrub buffer

Section, 5.10.13. Mobile food vendor.

Mobile food vendors may include vehicles, carts, or trailers, hereafter referred to as food trucks, may be permitted on public or private property subject to the following requirements:

- A. Mobile operations may only be conducted from 7:00 a.m. to 10:00 p.m. on weekdays and from 7:00 a.m. to 11:00 p.m. on weekends.
- B. For purposes of these requirements, the vending area includes the space taken up by: a portable stand, vehicle, or trailer, any signs, equipment, merchandise, and any tents, tarpaulins, canopies, or awnings. Mobile vending areas shall not be in:
 - 1. Driveway aisles, no parking zones, landscaped area, loading areas, or fire lanes; mobile operations shall not impede the on-site circulation of motor vehicles.
 - 2. Food trucks shall not be in required parking spaces unless the number of spaces on the site exceeds the minimum amount required for uses on the property. The utilization of an off-street

5570

5614

5615

parking space for the operation of a mobile operation must not cause the site to become deficient

5571		in required off-street parking.
5572		
5573 5574		3. Food trucks shall not operate on the public right-of-way.
5575 5576 5577	C.	Food trucks may operate on vacant, unimproved property only when approved as a special event pursuant to Section 5.9.10 of this Article.
5578 5579 5580	D.	The total space dedicated to the mobile operation and vending area shall not exceed an area of 600 square feet.
5581 5582 5583 5584	E.	Food trucks shall be a minimum of 20 feet from the property line of an existing residential use, except that a mobile food unit may be a minimum of 10 feet from the property line if the residential use is separated by a six-foot high masonry wall.
5585 5586	F.	Alcoholic beverage sales and use of sound amplification devices are prohibited.
5587 5588 5589	G.	Electric service connection to an on-site approved outlet is permitted, provided that no wiring or cables are run beyond the vending area or pose any danger to the patrons.
5590 5591 5592	Н.	Prior to permitting a food truck to operate on a site, the vendor must submit an application for operation and the following documents:
5593 5594		1. A site plan or survey indicating the following:
5595 5596 5597		 Location of the individual mobile food unit and associated vending area. Mobile operations shall be located so as to minimize the impacts on adjacent residential uses.
5598 5599		b. Location of improvements on the site.
5600 5601		c. Location of on-site parking areas,
5602 5603		d. Rights-of-way, internal circulation, and ingress and egress.
5604 5605 5606		e. A letter from the owner of the property indicating that the mobile food vendor has permission to operate from his or her property.
5607 5608 5609 5610	1.	Signs associated with the operation shall be confined to the vehicle, trailer, or cart and one ground sign within 10 feet of the vending area. The ground sign shall be in compliance with the size requirements listed Article 7 and may not be within a right-of-way.
5611 5612 5613	J.	When multiple food trucks plan to be together for an event, a special event permit will be required if the event meets the thresholds listed in Section 5.9.10. of this Article.

K. Except as otherwise provided in this Code, it is unlawful to conduct mobile vending in any outdoor

location without first obtaining a permit in accordance with the provisions of this Section.

- L. The vendor must be able to produce for inspection: a copy of a letter or other written communication from the property owner or representative that authorizes the mobile operation and, for mobile food service operators, a copy of the applicant's mobile food dispensing license issued by the Department of Business and Professional Regulations.
- M. Mobile operations at City or County parks, sports stadiums, or similar venue during events shall be exempt from the requirements of this Section but must comply with all other applicable requirements in this code.
- Mobile vendors, other than food trucks, shall be permitted only in conjunction with a special event or a farmer's market.

Section. 5.10.14. Model homes.

Model Homes shall be subject to the following requirements.

- A. Model homes are intended to facilitate the sale of the model design, or products similar in design to the model and is not intended to allow the full scope of real estate activities and shall be restricted primarily to the sale and marketing of the model, or products similar to the model. Model homes shall be permitted as a temporary, conditional use, not to exceed 10 years, in residential zoning districts (R1, RE, RML) or within a Planned Development.
- B. A model home must meet all of the zoning and building requirements for a residence in that zoning district as well as the following:
 - 1. Parking. Three off-street vehicular parking spaces, including the garage, shall be provided on the model site or on an adjacent vacant property.
 - 2. On-site parking. A parking space may be provided in the garage. A handicap parking space is required and shall count as one of the three required spaces.
 - 3. Off-site parking. Adjacent vacant single-family lot(s) may be used for model home parking. A plan to provide parking on an adjacent parcel shall require ownership by the same or an affidavit of authorization from the property owner as well as a surety deposit payable to the City of Cape Coral to convert the property back to a residential or other permitted use when the structure is converted or sold. The deposit shall cover the costs associated with the conversion of the parking lot. The deposit shall be based on no less than 110% of the estimated cost by a professional engineer licensed in the State of Florida which shall be signed and sealed by the engineer, and found to be acceptable to the City. Funds and resulting interest shall be returned upon conversion of the site to a residential or other permitted use, the entire amount if the work is completed by the applicant, or the remaining funds if the City completes the work.
 - 4. A hedge row of at least 36 inches in height shall be planted and maintained around the vehicular parking area.

- 5. On-site or off-site parking shall be a paved or pavered surface with appropriate signs and markings, including handicap parking.

 5664
 - 6. Treatment of stormwater runoff will be required for the first inch of runoff from the paved area associated with the parking lot area only.
 - 7. Model home parking lots require a Limited Site Development Plan approval prior to construction.
- B. Handicapped standards shall be met throughout the home, including access per the Florida Building Code and handrail and grab bar requirements.
- 5673 C. Garage office. For any garage being used as an office for a model home the applicant must submit the following:
 - 1. Plan of garage-office facility, including false walls, temporary electrical and plumbing.

2. Plan showing how garage will be returned to its original use.

- 3. \$10,000.00 refundable surety to ensure that the garage is converted back to the FEMA standards
- D. Sign standards as defined in Article 7 of this code.

for single-family home usage.

- F. Upon completion of the construction and approval of the unit as a model home, a "temporary certificate of occupancy" will be issued to the owner of the model home to remain open for a period of five years. Extensions beyond this five-year temporary certificate of occupancy may be granted for the structure in the event an extension is approved for the model's permit by the Director of Community Development. The initial approval and maximum extension will allow the use of an individual model home to exist for a cumulative 10 years. The decision to extend the initial permit shall be pursuant to the following considerations:
 - 1. The number of existing model homes within the immediate area of the extension request and impacts of those on the neighborhood.
 - 2. The adequacy of the right(s)-of-way upon which the model home fronts.
- 3. The character or makeup of the area surrounding the model home.
- 5700 4. The potential effect of the model home on adjacent and surrounding properties.
- 5. The existence of complaints relating to that model home.
- 6. A demonstration of good cause from the applicant why the extension request is needed.
- 5706 7. Approval as a model home shall be recorded against the title.

Chapter 11. - CONDITIONAL USES

5708 5709

5710 5711	Sec	ction. 5.11.1. Purpose and applicability.			
5712 5713	A.	Purpose and Intent			
5714 5715 5716		1. To provide standards and criteria for review and approval of specified conditional uses for a specific site.			
5717 5718 5719 5720		2. To provide reasonable limitations or special conditions for conditional uses, in order to address, minimize, or ameliorate potential impacts of the use on surrounding property and for the protection of the public health, safety, and welfare.			
5721 5722	В.	General Requirements. Proposed conditional uses must meet the following requirements:			
5723 5724 5725		1. The conditional use standards identified in Article 4 for the specific zoning district use and conditional use in question.			
5726 5727 5728		2. The proposed conditional use will not result in development that is inconsistent with the intended character of the applicable zoning district.			
5729 5730 5731		3. A listed conditional use that does not meet the applicable conditional use standards may apply for approval as a Special Exception.			
5732 5733 5734	C.	Review Criteria. A Conditional Use may be approved by the Director based on criteria identified in Article 4. These criteria are specific to each conditional use.			
5735 5736	Sec	tion. 5.11.2. Brewpubs.			
5737 5738	Bre	wpubs in the MXB district must meet the following conditions:			
5739 5740 5741 5742	A.	The area used for brewing, bottling, and kegging of all beverages produced by the establishment shall not exceed 40 percent of the total floor area of the restaurant, bar, or nightclub, or exceed a total floor area of 2,500 square feet devoted for brewing, bottling, and kegging, whichever is less.			
5743 5744 5745	В.	An interior floor plan shall be submitted that clearly shows the area of the building that will be devoted to the brewing, bottling, and kegging component of the establishment.			
5746 5747 5748 5749	C.	No outdoor storage shall be allowed including the use of portable storage units, cargo containers, and tractor trailers, except as follows: spent or used grain may be placed outdoors for a period not to exceed 24 hours. The temporary stockpiling for spent or used grain shall be:			
5750 5751 5752 5753		1. Clearly shown on a detailed dimensional and labeled drawing that depicts the location of the stockpiled spent grains and the distance of the stockpiled grains from property lines and the building containing the brewpub;			

2. Placed only along the side or rear of the building; and

5755			
5756		3.	Fully enclosed in containers that are screened behind an opaque wall or fence. The wall or fence
5757			shall have a minimum height of six feet.
5758			
5759	Sec	tion	1. 5.11.3. Attached residential of three-units or more.
5760			
5761	Att	ache	ed residential structures of three-units or more in the RML, CC, NC, MX, MXB, and SC zoning districts
5762	mu	st m	eet the following conditions:
5763			
5764	A.	The	e number of linearly attached units must be between three and nine.
5765			
5766	В.	Lan	dscaping shall be provided at a rate of two trees and six shrubs per 2,500 square feet of lot,
5767		rou	nding up to the next full number.
5768			
5769	C.	Att	ached residential developments shall incorporate three of the following design elements into each
5770		dw	elling unit:
5771			
5772		1.	Dwelling entry as the primary façade feature;
5773			
5774		2.	Garage door recessed from the front façade, a preferred minimum of four feet;
5775			
5776		3.	Horizontal eaves broken up with gables, projection, and articulation;
5777			
5778		4.	Projecting eaves and gables, related to building massing;
5779			
5780		5.	Building massing and roof form which articulate individual unit definition;
5781			
5782		6.	Offset of four feet where two garage doors are adjacent to each other; or
5783			
5784		7.	Projections and decorative elements, such as trellises, for visual interest.
5785			
5786	Sec	tion	n. 5.11.4. Multi-family dwellings.
5787			
5788	Mu	lti-fa	amily dwellings in the RML, CC, NC, MXB, MX7 and SC districts must meet the following conditions
5789			
5790	A.	Mu	lti-family units in RML, CC, NC, MX, and SC require 700 square feet for a one bedroom and 200
5791		squ	are feet for each additional bedroom.
5792			
5793	B.	Bui	lding Modulation and Articulation. All multi-family buildings shall provide a combination of
5794			umetric and massing modulation and articulations to prevent the construction of 'big boxes', but
5795			her buildings that harmonize their architectural quality in a stylistically pleasant manner. All
5796		bui	ldings shall incorporate the following combined elements from the articulation criteria identified
5797		bel	ow.
5798			
5799		1.	A minimum of three of the following volumetric elements shall be provided:

5800		
5801	a.	Pitched roof forms, minimum pitch of 4/12, whose sum covers greater than 30% of the
5802		overall roof area;
5803		
5804	b.	Architectural roof overhangs four feet or greater in depth or cornices 12 inches or greater in
5805		height;
5806		
5807	C.	Arcades. Arcades may be used as a means of sheltering pedestrian areas, and where
5808		provided, shall connect to entrances;
5809		
5810	d.	Accent elements such as tower elements, porticos, cupolas, or domes; or
5811		
5812	e.	A building with frontage 90 feet or less in length shall provide the following minimum
5813		massing articulations:
5814		i. A minimum of fifty percent (50%) of the cumulative frontage of each façade shall be
5815		setback a minimum of five feet from the primary façade and shall be distributed
5816		throughout the building frontage and shall not be provided as a single aggregated
5817		setback; and
5818		ii. A minimum of twenty percent (20%) of each frontage of each facade shall be setback
5819		a minimum of eight feet from the primary façade.
5820		
5821	2. A	minimum of four of the following architectural elements shall be provided:
5822		0
5823	a.	Stoops on the ground floor and balconies on all floors above the ground floor;
5824		
5825	b.	Porches on the ground floor;
5826		
5827	c.	Pilasters, string courses, character lines, or other such means of subdividing the facade;
5828		
5829	d.	Structural or ornamental details clearly distinct from the primary wall surface, e.g., lintels,
5830		sills, door and window surrounds, decorative panels, etc.;
5831		
5832	e.	Decorative planters or planting areas a minimum of five feet in width, integrated into the
5833		building design; or
5834		
5835	f.	Masonry in at least two contrasting tones or textures, accomplished by a change in material
5836		or coursing such as brick, natural stone, brick or stone veneer, glass, masonry stucco,
5837		decorative concrete block, decorative concrete panels, tile glazing and framing systems, split
5838		face or fluted concrete masonry, factory glazed concrete masonry units, or architectural pre-
5839		cast concrete.
5840		
5841	Section. 5	5.11.5. Vehicle Repair, Minor.
5842		
5843	Vehicle Re	epair, Minor in the C and CC districts must meet the following conditions:
		-p,

A. The number of cars being kept on site, not in a garage bay, shall be limited to three.

5844

5847 5848 5849	В.	properties.
5850 5851	C.	All repair work shall be performed within the garage.
5852 5853	D.	No outside storage of materials or chemicals, all installation to occur within garage.
5854 5855 5856	E.	Hours of operation for repair work shall be limited from 7 a.m. to 8 p.m. when adjacent to any residential development.
5857 5858	Sec	ction. 5.11.6. Outdoor Screened Storage.
5859 5860	Ou	tdoor Screened Storage in the CC district must meet the following conditions:
5861 5862 5863	A.	The screening must consist of opaque fence or wall. Chain-link fencing (with or without slats) is prohibited for screening.
5864 5865	В.	The minimum height of the screening shall be 6 feet.
5866 5867	C.	The height of the screening shall be tall enough to screen items being stored.
5868 5869	D.	All perimeter landscaping shall be on the outside of the screening.
5870 5871	E.	The screened area must be used in conjunction with principal use.
5872 5873	F.	The area used for storage must be an improved impervious surface such as asphalt or concrete.
5874 5875	G.	No vehicular access to the storage area shall be allowed from a local street.
5876 5877	Sec	ction. 5.11.7. Laboratory – Medical, Research, Testing, and Development.
5878 5879 5880		edical, Research, Testing or Development Laboratory Facilities in the NC district must meet the following inditions:
5881 5882	A.	The laboratory shall not produce any exterior impacts such as sound, smoke, or odor.
5883 5884	В.	No outside storage of materials shall be permitted.
5885 5886	Sec	ction. 5.11.8. Sporting Facilities, Indoor and Outdoor.
5887 5888 5889		orting Facilities, Indoor and Outdoor in the A district must be in conjunction with an agricultural use the As riding stadiums etc.
5890 5891	Sec	ction. 5.11.9. Boat Sales

Boat Sales in the SC district may only be permitted on sites with water frontage and direct access to Caloosahatchee River.

Section 5.11.10. Home based businesses

Home occupations shall only be allowed as an accessory use to a single-family residential use and must meet the following conditions:

A. All home occupations operated in or from a residence shall comply with federal, state, and county rules and regulations, city license regulations specified herein and any other applicable ordinances of the City of Cape Coral.

B. No condition shall be permitted which tends to cause or increase the fire hazard to the residence, such as storage of paints or other flammable materials in excess of normal family use.

C. No storage of materials or supplies shall be allowed outside the structure nor shall any indoor display of materials be visible from the outside of the structure.

D. The appearance of the structure shall in no way be altered for the conduct of the home occupation within the structure nor shall the conduct be such that the structure may be recognized as serving a non-residential use either by color, materials, construction, lighting, signs, sounds, noises, vibrations, audible or visible interference in any radio or television receiver off the premises, or cause fluctuations in the electric voltage line off the premises.

5915 E. No business operated under a fictitious name shall be issued a license to operate under this Section.

5917 F. Frontage and access shall be from arterial street.

G. No driveway with ingress or egress to a local street shall be utilized.

5921 H. Hours of operation shall be 7:00 A.M. until 7:00 p.m.

I. Employees and customers shall be allowed as long as adequate parking is provided on-site.

J. No parking shall be allowed on any surrounding parcels.

Section. 5.11.11. Self-Storage Facility.

5929 Self-storage facilities in the I, C, and CC districts must meet the following conditions:

A. The facility must be designed so as to screen the interior of the development from all property lines. Screening features may consist of a free-standing wall, wall of a building, or a combination of the two. Free-standing walls used for screening shall be eight feet in height measured from grade.

1. The following materials, either singly or in any combination, are the only materials that may be used to form the wall:

5938 5939			a. (Concrete block coated with stucco;		
5940			b	b. Textured concrete block;		
5941

23				
24	CHAPTER 1. PARKING, LOADING, AND DRIVEWAY REQUIREMENTS.			
25				

26 Section. 6.1.1. Purpose and applicability.

The purpose of this Chapter is to ensure that required off-street space is provided to allow for loading, unloading, and parking on private property by motor vehicles, bicycles, and other allowed vehicles. It is further intended that the design of off-street parking areas ensure safe and efficient traffic circulation, with consideration given to the surrounding street plan, pedestrian movements, and safety. All development and redevelopment shall provide off-street parking in compliance with the standards set forth in this Chapter and the Engineering Design Standards.

Section. 6.1.2. Standards for parking and vehicular use areas.

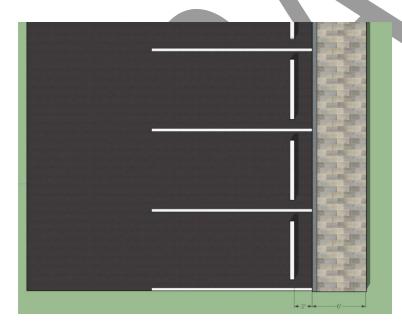

Parking spaces and drive aisles shall conform to standard designs found in the City of Cape Coral Engineering and Design Standards.

Section. 6.1.3. Parking, driveway, and vehicular use areas: provision, location, and setbacks.

Off-street parking facilities required by this article shall be fully within the property lines of the parcel they are intended to serve unless an alternative location is approved as provided in this Chapter.

- 45 A. Setbacks and buffering from property lines. Landscape buffers required by Article 6 shall be maintained along the perimeter of parking lots.
 - B. Driveways. All driveways shall be designed and constructed per the requirements set forth in the Engineering and Design Standards of Cape Coral.
 - C. Pedestrian Safety. All off-street parking facilities, including drive aisles, travel lanes, and driveways shall be arranged to minimize hazards to pedestrian movement in the immediate area or encroach upon fire lanes, walkways, and visibility triangles. Pedestrians must be protected from exiting a building into vehicular traffic in an emergency. The applicant shall provide a walkway or a protected area with a minimum width of the doorway plus five feet beyond the swing of the door. All exit discharges from buildings shall be protected by permanent means to ensure pedestrian areas are protected from vehicular encroachment.
 - D. Pedestrian Safety Zones. Within parking areas over 100 spaces for commercial uses, paved pedestrian walkways at least six feet in width shall be provided at 200-foot intervals. Such walkways may be interrupted by necessary drive aisles, but shall include adequate wheel chair ramps, if necessary. Curbs or wheel stops shall be so placed to prevent any portion of the vehicle to encroach upon the pedestrian safety zone. Diagram 6.1.3. illustrates a pedestrian safety zone.

Diagram 6.1.3. Pedestrian Safety Zone

Section. 6.1.4. Off-street loading facilities.

Appropriate and adequate loading facilities shall be required for businesses which receive regular deliveries.

75	A.	A. Design and location.		
76				
77		1.	Loading spaces may not be blocked by parking spaces.	
78		_		
79		2.		
80	•			
81				
82		3.	Loading spaces may be shared by adjacent properties when delivery schedules do not overlap	
83			and an access agreement has been completed.	
84				
85		4.	6 • • • • • • • • • • • • • • • • • • •	
86			hydrants.	
87		_		
88		5.	Loading zones shall be in a place which ensures convenient and safe entry and exit for the users	
89			of the loading zone, and the convenience and safety of pedestrians and motorists using the	
90			development.	
91	_			
92	Se	ctio	n. 6.1.5. Required visibility triangles.	
93				
94			id to allow for safe operation of vehicles, pedestrians, and cyclists in the proximity of intersecting	
95			, driveways, alleys, and bicycle paths there shall be limitations on the height of fences, walls,	
96	gateways, ornamental structures, signs, hedges, shrubbery, and other fixtures as visually depicted in			
97	the Cape Coral Engineering and Design Standards and as follows:			
98				
99	A. All landscaping and signs within the visibility triangle shall provide unobstructed visibility between			
100		30	inches and eight feet, with the exception of tree trunks that do not create a traffic hazard.	
101	_			
102	В.	The	e property owner shall be responsible for maintaining all landscaping within the visibility triangle.	
103	_			
104	C.		ndscaping, except required turf and ground cover, shall not be closer than five feet from the edge	
105		of	any roadway and three feet from the edge of any alley or pavement.	
106	_			
107	D.		shall be unlawful for any person to plant or cause to be planted any tree or shrub or to place any	
108		str	ucture in the public right-of-way without the necessary permit.	
109				
110	E.	The	e elevation grades of the public right-of-way adjacent to private property shall not be altered.	
111				
112	F.		e Community Development Director or Public Works Director shall make the final determination	
113		reg	garding visibility triangles.	
114				
115	Se	ctio	n. 6.1.6. Common driveways, shared parking, and off-site parking.	
116				
117	A.		mmon driveways shall be encouraged and may be required to reduce the number of curb cuts	
118			ing a right-of-way. Driveways shall be in accordance with the Engineering Design Standards.	
119		Dri	veway access to State and County maintained roadways are regulated by FDOT or Lee County	

and require separate permits from the respective agency prior to commencement of construction.

Approval of a common driveway will require submittal of a notarized shared access agreement and

120

121

163

122 123 124		easement, acceptable to the City, which shall be recorded against the title for each property involved.		
125	R	Off-site parking and shared parking. In an instance where a business is unable to provide adequate		
126	ъ.			
127		parking on-site, off-site parking may be approved by the Director. Shared parking agreements and off-site parking agreements shall be reviewed as often as is appropriate to ensure compliance and		
128		adequacy of all provisions.		
129		adequacy of all provisions.		
130		Approval of off-site parking shall be dependent upon:		
131		1. Approval of off-site parking shall be dependent upon:		
132		a. Safe and convenient access to the off-site parking from the business which will be utilizing		
133		the off-site parking;		
134		the on-site parking,		
135		b. Proof of ownership of the parking lot by the business or a recorded parking agreement		
136				
137		recorded against the title of the property to utilize the parking, which may not be eliminated or modified without concurrence by the City;		
		of modified without concurrence by the City,		
138 139		c. Evidence that the parking will be available to the business during the times when the		
140				
141		parking will be needed; and		
141		d. Appropriate paving, marking, and lighting of the off-site parking.		
143		d. Appropriate paving, marking, and lighting of the off-site parking.		
144		2. In addition to the above requirements, to qualify for shared parking approval one of the		
145		following must apply:		
146		Tollowing must apply.		
147		a. It can be proven that the uses in question have peak parking demands during differing times		
148	of the day or days of the week; or			
149		of the day of days of the week, of		
150		b. A finding is made that there will be a lower demand for parking due to a high proportion of		
151		multi-purpose visits. The applicant shall provide documentation to show that the proposed		
152		parking for the multiple uses will be adequate. This documentation shall account for all the		
153		potential uses allowed in the zoning district on the properties to be served by the shared		
154		parking.		
155		parking.		
156	C	Proximity to dedicated city parking areas. Any development within 250 feet, excluding alleys and		
157	٠.	walkways, of a dedicated city parking area may utilize that area to satisfy off-street parking		
158		requirement, provided a sufficient number of improved spaces exist in the city parking area to		
159		accommodate the number of spaces otherwise required by this ordinance for such development. If		
160		a sufficient number of improved parking spaces do not exist at the time of application, the owner		
161		or developer may improve the dedicated city parking area to the extent necessary to provide such		
162		sufficient number of improved parking spaces in accordance with the City of Cape Coral Engineering		

Design Standards. Once the dedicated city parking area has been properly improved and inspected,

the city shall be responsible for all maintenance of the public parking area.

Section. 6.1.7. Amount of required parking.

A. Generally.

1. The City shall not approve the construction of a parking lot with more than 110 percent of the parking spaces required in Table 6.1.7.A. This shall not apply to development that have a minimum off-street parking requirement of 50 spaces or less.

2. Accessible parking spaces shall meet ADA requirements.

3. Bicycle parking. Permanently placed bicycle parking shall be provide in accordance with Subsection 6.1.7.B and Table 6.1.7.C.

4. Opportunities for reduction in parking requirements. A developer may request a reduction in parking during the site plan process by using the following methods:

 a. If the Institute of Transportation Engineers (ITE) Reference Manual entitled Parking Generation allows a lesser number of parking spaces for the proposed use or a use of similar characteristics, then the number of parking spaces required for a development may be reduced.

b. A reduction in the required number of spaces may be allowed if the developer provides the city with credible evidence that the parking needs are actually less than those reflected in the Table of Parking Standards or that the need for off-street parking spaces would be met through alternative means. Such credible evidence may include parking generation studies conducted within the City of Cape Coral or other similarly sized communities.

TABLE 6.1.7.A. Required Number of Parking Spaces for Uses.

Uses	Required Parking Spaces
Residential Uses	
Assisted Living Facility (ALF)	One space per four beds plus one space per employee on the largest shift
Community residential facility or home	A minimum of two spaces for up to six residents with one space for every four additional residents
Daycare Center (adult or child, in home or commercial)	A minimum of two spaces for up to five children with one space for every 10 additional children
Dormitories	One space for the first three residents plus one space per employee based on the largest shift
Model home	Three spaces per model home
Residential—mixed-use residential	Sum of unit type plus uses

	1.5 spaces for one-bedroom units
	Two spaces for dwelling units with two or more
Residential—multi-family residential	bedrooms
nesidential materialmy residential	Developments 10 units or greater shall provide one space for every five units for guest parking
Residential—single-family-detached residential	Two spaces, including space in garage if provided
Residential, Duplex	Two spaces per dwelling unit, including space in garages
Residential—Single-family attached	Two spaces per dwelling
Public and Institutional Uses	
Animal shelter	One space per 400 sq. ft. of gross floor area
Community centers	One space per 250 sq. ft. of gross floor area
Cultural and civic facilities—libraries, museums	One space per 300 sq. ft. of gross floor area
Elementary and middle school educational facility—public or private	One space per classroom plus one space per employee
High school educational facilities—public or private	One space per four students of design capacity plus one space per classroom
Secondary educational facilities—technical, vocational, specialty—non-public	One space per 200 sq. ft. of gross floor area
Government facilities, including administrative, support and service	One space per 300 sq. ft. of gross floor area
Hospital—private, public	One space per 200 sq. ft. of gross floor area
Outdoor Amphitheater	1/4 seats, or 1/80 square feet of seating area ADD
Public parks and recreational facilities	3/acre of land designated for passive recreation + 1/2,000 square feet of playground or picnic area ADD
Sewage lift or pumping station	One space per facility
Solid waste transfer station	One space per employee on largest shift plus one space per facility vehicle
Utilities and related facilities, city or other	One space for unmanned facilities; One space per employee on largest shift at manned facilities
Vehicle Related Commercial Uses	
Car wash	One space per employee on largest shift

Rental—automobile, truck, and other vehicles	One space per 400 sq. ft. of gross floor area
Gas stations	One space per 300 sq. ft. of gross floor area
Vehicle major or minor repair and parts—mechanical, service, or body (new or used)	One space per 400 sq. ft. of gross floor area plus one space per bay
Vehicle sales—new or used automobiles	One space per 400 sq. ft. of gross floor area
Recreation, Entertainment Uses	
Adult Entertainment Establishment	One space per 100 sq. ft. of gross floor area
Marinas	One space for every two boat slips
Golf course	36 spaces per 9 holes plus one space per 200 sq. ft. of gross floor area
Driving range	One space for every two tees
Golf, miniature	One space per hole
Gun, pistol range, gun clubs, archery clubs—indoor	One space per 250 sq. ft. of gross floor area

Residential	1 per unit	1 per unit	1 per unit	1 per unit
Non-residential - restaurant/bar/brewpub(d)	1/500 sq. ft.	1/400 sq. ft.	1/100 sq. ft.	1/100 sq. ft
Non-residential - hotel	0.75 per	0.75 per	0.75 per room	0.75 per
Non-residential - noter	room	room	0.73 per 100111	room
Non-residential - other	1/500 sq. ft.	1/400 sq. ft.	1/400 sq. ft.	1/400 sq. ft.
Parking required on site - residential and non-residential (b)	50%(c)	50%	75%	75%

- (a) For parking area sites, minimum parking shall be as provided, less parking credits in accordance with § 6.1.8.J.1.b
- (b) Satellite parking shall be provided in accordance with § 6.1.8.K.
- (c) Lots with lot frontage less than or equal to 50 feet shall not be required to provide on-site parking. Satellite parking shall be provided in accordance with § 6.1.8.K.
- (d) The minimum parking standard shall not be applied to the area(s) of the building devoted to brewing, bottling, and kegging activities.

201202

203204

205

B. Bicycle parking. Bicycle parking shall be required for all developments of 20,000 square feet or more, in accordance with Table 6.1.7.B. Bicycle parking shall be adjacent to entrances or in a shaded or covered area when one is available. A parking space shall consist of a place for a bike to be secured in a standing position.

Table 6.1.7.C. Bicycle Parking Requirements.

Square Footage of Development	Number of Bicycle Parking Spaces
20,000-50,000	5 spaces
50,001-200,000	10 spaces
200,001 or larger	15 spaces
Multi-family Developments with 16 or more units	1 space/10 units

C. Electric vehicle charging stations. Charging stations for electric vehicles shall be required for all development sites of 200,000 square feet of gross floor area or more. One charging station shall be required for the initial 200,000 square feet of development and an additional charging station shall be provided for each additional 20,000 square feet over that.

Section. 6.1.8. Miscellaneous parking requirements.

A. Access to buildings. Parking shall not interfere with ingress-egress doors for stairwells, transformer rooms, elevator machine rooms, trash rooms, or any other use requiring clear access aisles for services.

B. Marking and identification. All parking and loading spaces other than for single-family detached and duplex dwellings, shall be marked in accordance with the Engineering Design Standards. Off-street parking facilities not clearly evident from a street or alley shall be identified as to location and purpose.

C. Use of spaces. All off-street parking facilities shall be used solely for the parking of vehicles in operating condition. No automotive repair work except emergency service, no storage of merchandise, and no motor vehicles which are being offered for sale by a business in the development shall be permitted on or within any required off-street parking area.

D. Surfacing. All off-street parking (spaces and aisles) and drives connecting such areas with the street, including spaces required for serving single-family detached residences or duplexes, shall be surfaced in accordance with the Engineering Design Standards unless an alternative landscaped area is approved for occasional parking as part of a development approval. All parking surfaces shall be maintained in a condition that is safe and free of potholes.

E. Unpaved parking. Clearly identified, non-paved parking areas may be permitted, only in accordance with this Subsection. Unpaved parking, which is graded and covered with sod to provide a surface that is durable, stable, and will also assist in managing stormwater, dust, and erosion may be provided for up to 50% of the off-street parking requirements for the following uses:

1. Agriculture or farming uses;

243244

2. Cemeteries;

245

3. Funeral homes, mortuaries, and crematoria;

246247248

4. Places of worship;

249250

5. Religious facilities; or

251 252

6. Parks and recreation facilities owned by a governmental entity.

253254

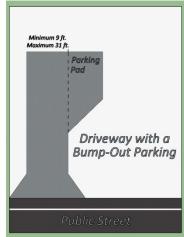

255256

257

F. Parking on the unpaved areas shall be prohibited on all parcels other than those specifically allowed by this code to utilize grass parking. Where parking occurs on unpaved areas, a violation may be issued. Resolution of the violation may include providing additional parking spaces, not to exceed the allowed pervious surface requirement for that use. Diagram 6.1.8.A. below, illustrates how additional parking may be added through a bump-out at a residential dwelling.

258259260

Diagram 6.1.8.A Residential drive bump-out.

261262263

G. Off-street circulation and maneuvering.

265266267

264

Off-street parking facilities for multi-family, industrial, or commercial developments shall
provide for on-site vehicle circulation and maneuvering in accordance with the Engineering
Design Standards. Backing into the street right-of-way shall not be permitted for any uses other
than single-family detached residences on a local street.

268269270

271

2. Single-family detached residences which are on a right-of-way classified as a collector or higher classified roadway, and all duplex residences shall be required to install a circular driveway to eliminate the necessity to back into the roadway. See diagrams 6.1.8.B. and 6.1.8.C. for circular driveway examples.

272 273

Diagram 6.1.8.B. Single-family detached circular drive.

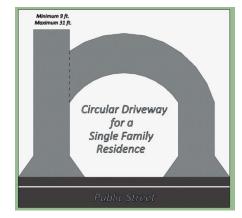

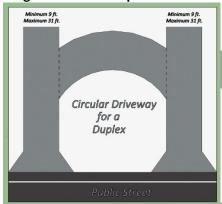

Diagram 6.1.8.C. Duplex circular drive.

 H. Drainage. Design and construction of all parking areas shall conform to the requirements of the City of Cape Coral Engineering Design Standards and all applicable South Florida Water Management District requirements for stormwater management. All design and construction shall be such that runoff from the property is intercepted and prevented from entering onto adjoining properties or right-of-way(s) prior to treatment. The developer shall be responsible for obtaining all required permits.

I. Parking along alleys. Parking on sites abutting alleys is allowed provided the following conditions are met:

1. The area of the site abutting the alley is needed to meet the minimum parking requirement for the site.

2. The alley is improved or will be improved to allow for the movement of vehicles in the alley along the site.

3. Vehicles can be parked in their entirety on the site. No part of any parked vehicle may extend into the alley right-of-way.

- 4. All parking spaces shall be striped consistent with those standards appearing in the City Engineering and Design Standards.
- J. Supplemental parking requirements within the South Cape District.
 - 1. Development may count on-street parking within 500 feet of the property to meet the minimum required off-street parking spaces.
 - 2. As of December 1, 2005, sites within 25 feet, excluding alleys and walkways, of any of those dedicated city parking areas identified in § 6.1.8.J.1.a, below shall be considered "parking area sites". For parking area sites, the following parking and PILOP regulations shall apply:
 - a. Each of the following dedicated city parking areas in the Cape Coral CRA is hereby assigned a parking allocation factor as provided below:

Table 6.1.8.A. Dedicated City Parking Area within South Cape.

	DEDICATED CITY PARKING	AREA		
Dedicated City Parking Area	Surrounding Blocks and Lots Parking Allocation Factor			
	Lots	Block		
Parking Area 1	1 through 24	62	0.000655	
Parking Area 2	1 through 17	63A	0.001040	
Parking Area 4	1 through 30	63	0.001515	
Parking Area 5	1 through 61	64	0.001501	
Parking Area 6	1 through 34	356	0.001572	
Parking Area o	1 through 30	357	0.001372	
	11 through 14	56A		
	1 through 11	56B	0.004000	
Parking Area 7	1 through 12	56C	0.001330	
	1 through 10	G		

- b. For purposes of this subsection, when a "parking credit" must be calculated for a parking area site, such parking credit shall be calculated by multiplying the area of the site (in square feet) by the parking allocation factor related to the dedicated city parking area upon which the site is located. This credit shall be deducted from the minimum parking requirements.
- c. When the area of a parking area site changes, the following shall apply:
 - i. In the event the area of a parking area site is increased as the result of the acquisition of property that was not a part of a parking area site as of December 1, 2005, the increase in area that results from such acquisition shall, for purposes of this subsection, be treated in the same manner as property, no part of which comprised a parking area site.
 - ii. In the event the area of a parking area site is increased as the result of the acquisition of property that was a part of a parking area site as of December 1, 2005, any PILOP fees previously paid as the result of the use(s) or structure(s) on the conveyed property

shall be treated in the same manner as any PILOP fees, if any, previously paid by the receiving site provided that the minimum total parking requirements for the conveying site decrease as the result of the conveyance of property. If the minimum total parking requirements for the conveying site do not decrease as the result of the transfer, then any PILOP fees previously paid in regard to the conveying property shall continue to be applied solely to the conveying property and shall not apply toward the parking requirements of the enlarged (receiving) site.

- iii. In the event the area of a parking area site is decreased as the result of the conveyance of property that was a part of a parking area site as of December 1, 2005, regardless of whether such conveyance is to another parking area site or to a property that is not a parking area site, then any PILOP fees previously paid in regard to the conveying property shall continue to be applied solely to the conveying property and shall not apply toward the parking requirements of the receiving site unless the minimum total parking requirements for the conveying site decrease as the result of the transfer. If the minimum total parking requirements for the conveying site decrease as the result of the transfer, and the conveying site had previously paid PILOP fees pursuant to this subsection, then any such PILOP fees that are unnecessary to defray the decreased total parking requirements of the conveying site shall be applied toward the parking requirements of the receiving site.
- d. A parking area site is altered, for purposes of this subsection, when any use located on the site is changed, any structure located on the site is modified, or the land area of the site is changed. Although a parking area site shall not be required to provide on-site parking, when such site is altered so that the minimum total parking requirement for the site, pursuant to Table 6.1.7.B contained in § 6.1.7.A. is increased, the parking requirement for the site shall be determined in accordance with the following:
 - i. Parking area sites that are undeveloped as of December 1, 2005:
 - (1) A parking area site that is undeveloped as of December 1, 2005, the area of which has not changed and which is being initially developed after December 1, 2005, shall be required to provide the minimum parking that would be required pursuant to Table 6.1.7.B contained in § 6.1.7.A. less a parking credit calculated pursuant to § 6.1.8.J.1.b The site would need to meet the aforesaid parking requirement prior to receiving a certificate of occupancy (for residential uses) or a certificate of use (for non-residential uses). If the land area of the parking area site increases prior to the initial development of the site, then the requirements of this subsection shall apply to the expanded portion of the site (and any structures thereon) as applicable based on factors such as whether it was previously developed or had previously paid PILOP fees.
 - (2) After such a parking area site has been initially developed pursuant to this subsection, any further alteration of the site that would result in an increase to the minimum parking requirement for the site, area of the site, shall require that the site provide the minimum parking that would be required pursuant to Table 6.1.7.B contained in § 6.1.7.A. less the parking credit calculated pursuant to § 6.1.8.J.1.b

and any PILOP fee(s) previously paid to offset the parking requirement of the site or any part thereof.

- (3) After the initial development of such a site, if the area of the site increases, any further alteration of the site that would result in an increase to the minimum parking requirement for the site shall require that the site provide the minimum parking that would be required pursuant to Table 6.1.7.B. contained in § 6.1.7.A. less a parking credit (to which the site would be entitled based on its land area at the time of such further alteration) and any PILOP fee(s) previously paid to offset the parking requirement of the site, including any PILOP fee(s) paid with respect to the expanded area of the site, in accordance with § 6.1.8.J.1.c.
- (4) Alternatively, if, after the initial development of such a site, the area of the site decreases, any further alteration of the site that would result in an increase to the minimum parking requirement for the site shall require that the site provide the minimum parking that would be required pursuant to Table 6.1.7.B. less a parking credit and any PILOP fee(s) previously paid to offset the parking requirement of any use(s) or structure(s) located on the area of the site remaining after the decrease(s) in area, in accordance with § 6.1.8.J.1.c.
- ii. With respect to parking area sites that are developed and occupied as of December 1, 2005, the following shall apply:
 - (1) The first time such a site is altered after December 1, 2005, if the alteration would result in an increase in the minimum parking requirement for the site of more than 25% over the amount required for the site for the use(s) and structure(s) located on the site as of December 1, 2005, as reflected in the certificate(s) of use in effect for such site as of that date, the site shall be required to provide the minimum parking that would be required pursuant to Table 6.1.7.B. contained in § 6.1.7.A.. less a parking credit calculated as provided in 6.1.8.J.1.b.
 - (2) Alternatively, if such an alteration of the site would result in an increase in the minimum parking requirement for the site of not more than 25% over the amount required for the site for the use(s) and structure(s) on the site as of December 1, 2005, as reflected in the certificate(s) of use in effect for such site as of that date, then the alteration of such site shall require the site to provide the minimum parking required for the site (pursuant to Table 6.1.7.B.) less the amount attributed to the site for the use(s) and structure(s) on the site as of December 1, 2005, as reflected in the certificate(s) of use in effect for the site as of that date. Further alterations to the site that do not, either singularly or cumulatively, increase the minimum parking requirement for the site by more than 25% over the amount required for the site for the use(s) and structure(s) on the site as of December 1, 2005, as reflected in the certificate(s) of use in effect for such site as of that date, shall require the site to provide the minimum parking required for the site (pursuant to Table 6.1.7.B.) less the amount attributed to the site for the use(s) and structure(s) on the site as of December 1, 2005, as reflected in the certificate(s) of use in effect for the site as of that date and any PILOP fee(s) previously paid to offset

the parking requirement of the site or any part thereof including, for sites that have increased or decreased in area any PILOP fee(s) applicable pursuant to § 6.1.8.J.1.c.

- (3) If further alterations to a site, cumulatively, increase the parking requirement for the site by more than 25% over the amount required for the site for the use(s) and structure(s) on the site as of December 1, 2005, as reflected in the certificate(s) of use as of that date (or, for residential uses, the residential occupancy in effect for such site as of that date), then the alteration of such site that would result in the increase by more than 25% shall require the site to provide the minimum parking required for the site (pursuant to Table SC-5) less a parking credit calculated as provided in § 6.1.8.J.1.b, based on the area of the site at the time of the alteration that would result in the more than 25% increase, and any PILOP fee(s) previously paid to offset the parking requirement of the site or any part thereof including, for sites that have increased or decreased in area, any PILOP fee(s) applicable pursuant to § 6.1.8.J.1.c.
- iii. With respect to parking area sites that are developed and unoccupied as of December 1, 2005, the following shall apply: The first time such a site is occupied following December 1, 2005, the site shall be required to provide the minimum parking that would be required pursuant to Table 6.1.7.B. contained in § 6.1.7.A. less a parking credit calculated by multiplying the area of the site (in square feet) by the parking allocation factor related to the dedicated city parking area upon which the site is located. The site would need to meet the aforesaid parking requirement prior to receiving, for non-residential uses, a certificate of use and, for residential uses, prior to any residential occupation of the structure. If the land area of the parking area site increases following December 1, 2005, but prior to the occupancy of the site, then the requirements of this subsection shall apply to the expanded portion of the site (and any structures thereon) as applicable based on factors such as whether it was previously developed or had previously paid PILOP fees.
- iv. If the structure(s) on any parking area site are demolished, razed, or relocated to a site other than a parking area site, then any subsequent redevelopment of such parking area site shall require the site to provide the minimum parking required for the site (pursuant to Table 6.1.7.B.) less a parking credit calculated as provided in § 6.1.8.J.1.b, based on the area of the site at the time of the redevelopment, and any PILOP fee(s) previously paid to offset the parking requirement of the site or any part thereof including, for sites that have increased or decreased in area, any PILOP fee(s) applicable pursuant to § 6.1.8.J.1.c. After such redevelopment is completed, any alteration(s) to the site shall be treated, for purposes of determining the parking requirements of the site, in the same manner as alteration(s) of any other developed parking area site under this subsection.
- e. With respect to each dedicated city parking area located in the Cape Coral CRA. the City Council shall, by resolution, identify all sites that would be parking area sites regulated by this subsection and also, for all such sites that are developed as of December 1, 2005, identify the minimum parking requirement for the use(s) or structure(s) on the site as of December 1, 2005, as though such sites were within the South Cape Downtown District.

- K. Satellite parking within the South Cape District. For purposes of this subsection, a satellite parking arrangement exists when the minimum total parking (excluding on-site parking) required for a site is to be provided on a site at a location different from the site which will be served by the parking as required in § 6.1.7.A. When all or part of the minimum total parking (excluding on-site parking) required for a site is to be satisfied by one or more satellite parking arrangements, such satellite parking arrangements shall comply with the requirements of this subsection as follows:
 - 1. Except as otherwise provided herein, satellite parking shall be located not more than 1,320 feet from a public entrance to the principal building which contains the use associated with such satellite parking, except that no satellite off-street parking area shall be located on parkway or primary street designations or across Del Prado Boulevard or Cape Coral Parkway from the use it is serving. When the site that contains the use(s) to be served by the satellite parking offers valet parking at all times that such use(s) are open to the public so that valets will transport the vehicles of patrons of such use(s) to the satellite parking site(s) and such valet service is documented in an agreement entered into by the city and the owners of the property to be served by the satellite parking and the property offering the satellite parking, then the satellite parking site(s) may be more than 1,320 feet from a public entrance to the principal building containing the use served by such valet parking.

The aforesaid agreement shall be in addition to the agreement required by § 6.1.8.K.1.4. and shall be recorded in the public records of Lee County at the sole expense of the owner(s) of the property to be served by the valet parking. Upon request by the owner of the property to be served by a proposed satellite parking location, the City may allow satellite parking that does not include valet parking to be located more than 1,320 feet from a public entrance to the principal building which contains the use associated with the proposed satellite parking or to be across Del Prado Boulevard or Cape Coral Parkway from the use it is serving, if the City finds that the proposed satellite parking would not be detrimental to the public health, safety, and welfare of the persons utilizing it. Factors which shall be considered by the City in making this determination include, but are not limited to, the following: the proximity of the proposed satellite parking to a signalized intersection, the availability of pedestrian crosswalks or other pedestrian-oriented features at any intersections and any other locations between the proposed satellite parking and the use(s) to be served by it, whether the satellite parking is to be utilized by employees only or by patrons of the use(s) to be served, and the availability of any complementary or supplementary services to such parking, such as trolley or tram systems that would provide transportation for the public to and from the satellite off-street parking area and the use(s) to be served. If the City approves satellite parking at a distance of more than 1,320 feet or across Del Prado Boulevard or Cape Coral Parkway, the City may impose conditions on such satellite parking that would be reasonably designed to mitigate any negative effects from such approval. Examples of such conditions include the requirement that a satellite offstreet parking area be clearly identified for only employee parking, the requirement that a pedestrian walkway between the off-street parking area and the use(s) it serves be covered so as to protect pedestrians from the elements, and that any supplementary or complementary services be continued so long as the satellite parking is being used.

2. The satellite off-street parking area and the site which contains the use associated with such satellite parking shall be shown on a site plan, development plan, or other equivalent plan. The submitted plan shall show the pedestrian connection(s) between the two sites and shall

demonstrate that all pedestrian connections have sidewalks, or other paved walkways, dedicated solely to pedestrians. In addition, the plan shall demonstrate that the distance between the sites is not more than 1,320 feet when measured from a public entrance to the principal building (on the site to be served by the satellite parking) to the closest point on the proposed satellite parking site.

3. Satellite parking spaces on the off-site lot shall only be counted if they are above and beyond the minimum parking requirement for uses on the off-site lot.

4. The owner of the off-site lot of land (and, the owner of the land intended to be served by such off-site parking, if different than the owner of the lot to be used for parking) shall enter into an agreement with the city, which shall be recorded in the public records of Lee County, Florida, at the expense of the owner of the land intended to be served by the off-site parking.

5. The satellite off-street parking area shall never be sold or transferred except in conjunction with the sale of the lot served by the off-site parking facilities unless:

a. The lot to be sold or transferred will continue to be used as provided in the off-site parking agreement and the new owner or transferee executes a consent to assume and to be bound by the obligations of the owner of the lot used for parking as provided in the agreement;

b. A different lot complying with the all provisions of the City of Cape Coal Code of Ordinances and Land Use and Development Regulations and subject to a recorded off-site parking agreement as specified herein is substituted for the lot of land subject to the off-site parking agreement; or

c. The lot being served by the off-site parking no longer requires the parking as evidenced by a written statement executed by the parties executing the off-site parking agreement and as approved by the City. The aforesaid statement shall be recorded in the public records of Lee County at the expense of the owner of the lot formerly being served by the off-site lot.

CHAPTER 2. TRUCK AND VEHICLE PARKING

A. It shall be unlawful for any owner, agent, operator, or person in charge of a commercial vehicle or trailer to park, store, or keep such vehicle or trailer on the pavement or in the swale of any public street within any single-family residential district in the city. Furthermore, it shall be unlawful for any owner of privately owned real property in any residential district in the city to park on, cause

Section 6.2.1 Parking regulations for single-family residential zoning districts (R-1, RE, A).

to be parked on, or allow to be parked on such property any commercial vehicle or trailer, except as otherwise provided herein.

B. The prohibitions of \S 6.2.1.A shall not apply to the following:

1. Temporary parking of any commercial vehicle or trailer on private property or in the adjoining swale of any public street in a residential district where construction for which a current and valid permit has been issued by the city is underway on the property and the permit is properly

displayed on the premises. Provided that such trailer or commercial vehicle is only on the real property at the time the construction is actually physically occurring. Nothing in this subsection is intended to require a permit where none is otherwise required or to allow a trailer or commercial vehicle to be parked on private property or in the adjoining swale of any public street within a residential district when construction is not actually physically occurring on the private property.

567

568

569

570

571

2. Deliveries by tradespeople or the use of commercial vehicles or trailers in making service calls.

575576

577

578

3. Temporary parking of a commercial vehicle or recreational vehicle while such vehicle is being used by the operator for travel to and from the residential property for personal reasons of a temporary nature such as for a meal or to visit or serve an ill person. Such temporary parking shall not, however, exceed a total of two hours duration during any 24-hour time period.

579 580 581

582

583

4. Emergency parking of a disabled commercial vehicle, recreational vehicle, or trailer. However, any such commercial vehicle, recreational vehicle, boat, or trailer shall be removed from the residential district within 24 hours by wrecker towing or other available means regardless of the nature of the emergency.

584 585 586

C. Notwithstanding the prohibitions in § 6.2.1.A, any combination of the following motor vehicles or trailers may be parked in single-family residential districts, on a parcel improved with a single-family residence:

1. Any light van, sports utility vehicle (SUV), pickup truck, jeep, motorcycle, automobile, or similar type of motor vehicle which is not a commercial vehicle. Furthermore, light vans, sports utility vehicles (SUVs), pickup trucks, jeeps, motorcycles, automobiles, or similar types of motor vehicles which would otherwise be considered to be "commercial vehicles" only because commercial lettering has been affixed to them may be parked outside of a permitted garage or carport provided that all commercial lettering has been concealed by a cover of a type that is applied directly to the surface of the motor vehicle or attached to the vehicle in such a manner that the vehicle can be safely driven on the public streets with the cover in place. If more than one such cover is attached to or is located on a vehicle, then all of such covers on or attached to such vehicle shall be the same color. For purposes of this section, covers located so as to impair the vision of the driver of the vehicle or insecurely mounted so as to present a danger of falling off the vehicle while it is being driven shall be presumed to be insufficient to bring the commercial vehicle within the exemption provided by this subsection. Furthermore, this exemption shall not apply to any motor vehicle that is considered to be a "commercial vehicle" under this section by virtue of the nature of its vehicle type and not solely because commercial lettering has been affixed to it regardless of whether such vehicle or any lettering affixed to it has been covered in part or in full of such vehicle is parked outside of the confines of a permitted garage or carport.

606 607 608

2. Any trailer or motor vehicle described in § 6.2.1.G which is a commercial vehicle, provided that:

609 610 611

a. The commercial vehicle or trailer is parked in a permitted garage or carport;

- b. When parked in a garage or carport, no part of such commercial vehicle or trailer may project horizontally beyond the roofline of the garage or carport; and
- c. When parked in a carport, such commercial vehicle or trailer is screened on three sides.
- D. No vehicle for human habitation shall be kept or parked on premises zoned for residential purposes or on adjoining public rights-of-way, except when parked entirely within the confines of a garage or carport or in accordance with the following:
 - 1. Non-resident. Vehicles for human habitation when used for transportation of visitors to this city to visit friends or members of the visitors' family residing in this city may, upon obtaining a permit (for which a charge shall not be made) from the Police Department, be parked upon the premises of the visited family for a period not exceeding ten days. The permit shall be affixed to the vehicle in a conspicuous place on the street side thereof. The City may, for good cause shown, authorize the issuance of a second consecutive free permit not to exceed ten days. An additional permit for the parking of such vehicle will not be issued until after the expiration of 15 days after termination of the last prior permit. For purposes of this section, a person who owns or leases property in the City of Cape Coral shall not be deemed to be a "non-resident" when he or she parks a vehicle for human habitation on property that he or she owns or leases even if such person does not "reside" on the subject property.
 - 2. Resident. When a vehicle for human habitation is owned or leased by the person who also owns or leases the residential property on which such vehicle is to be parked, such vehicle for human habitation may be parked upon the premises of the resident for a period not exceeding 72 hours for loading and cleaning provided that a permit is first obtained from the City Police Department. A vehicle for human habitation may be parked upon the premises of the resident for unloading after a trip for a period of 72 hours provided that a permit is first obtained from the Police Department. There shall be a minimum of a 48-hour interval between the expiration of one permit and the issuance of another. The permit for each such period shall be affixed to the vehicle in a conspicuous place on the street side thereof. The city shall not charge a fee for the permits to park a vehicle for human habitation upon the premises of the resident as required by this section.
 - 3. Pop-up campers. A pop-up camper may be parked, only in a closed or folded condition, in the rear yard of a residential lot improved with a principal residential building. For purposes of this paragraph, a "pop-up camper" shall consist of a non-motorized trailer which includes, or on which is mounted, a tent-like enclosure (but such enclosure may be made of canvas or similar material, solid materials, or any combination thereof) to be used for camping purposes, which enclosure opens or expands or unfolds to accommodate temporary occupancy and which closes or folds up into itself in such a way as to be unusable for occupancy and to be no more than 55 inches in height when measured from ground level.
- E. Parking of passenger cars or sports utility vehicles (SUVs) with commercial advertising signs setting forth the name of the business, its address, business telephone number, and type of business (e.g., realtor, painter, etc.) thereon in residential areas outside the confines of a garage or carport is permitted so long as the home (residential) address is not shown thereon.

660 F. The following are exempt from the provisions of this section:

- 1. Commercial vehicles or trailers in actual use or moving directly to or from the location of actual use, which are owned or leased by:
 - a. The city for the accomplishment of a municipal purpose;
 - b. A contractor or subcontractor under agreement with the city to accomplish a municipal purpose; or
 - c. A public utility operating within the city, or a contractor or subcontractor under agreement with such public utility; for the installation, maintenance, adjustment, or repair of or to a public utility facility.

However, no towing company, or other business entity, or any of its officers, employees, and agents shall be exempt from the provisions of this ordinance solely because the towing company or other business entity has been employed by the city to provide towing or other services.

- 2. Commercial vehicles owned by or leased by governmental entities, including the city, Lee County, or the State of Florida which are parked in residential districts on a parcel improved with a permitted structure when such vehicles are lawfully in the possession of an authorized agent or employee of the governmental entity. This category shall include police or sheriff's vehicles which are permitted to be driven to residences of authorized employee(s) of such law enforcement entities.
- G. In applying the terms of this section, the following rules of construction shall apply:
 - 1. Any motor vehicle or trailer which is partially built or in the process of conversion shall be included under the most stringent definition that can be applied.
 - 2. In case of doubt as to the proper classification of a specific vehicle, a determination by the state's Department of Highway Safety and Motor Vehicles shall be controlling. The body description and classification on the motor vehicle certificate of title shall be *prima facie* evidence of such determination.

Section 6.2.2 Parking regulations for property zoned multi-family residential.

The restrictions for multi-family residential shall be the same as for single-family residential except that the prohibitions contained in § 6.2.1.A shall not apply to the following commercial vehicles when parked on properties zoned multi-family residential:

- A. Pickup trucks from which the cargo boxes have been removed;
- B. Pickup trucks or light vans containing commercial rack(s) regardless of whether such rack(s) are visible from the street or from abutting residential property; and

C. Light vans, sports utility vehicles (SUVs), pickup trucks, jeeps, motorcycles, automobiles, or similar types of motor vehicles which would otherwise be considered to be "commercial vehicles" only because commercial lettering has been affixed to them.

Section 6.2.3 Parking regulations for property zoned industrial and agricultural.

Property zoned industrial and agricultural shall have no restrictions placed upon it as to the parking of trucks or unoccupied vehicles for human habitation, except as otherwise regulated within a recreational vehicle park, or as a condition of special exception or a planned unit development.

Section 6.2.4 Hotel and motel parking provisions.

Hotels and motels are considered business enterprises, therefore, trucks, trailers, buses, and other commercial vehicles, as well as vehicles for human habitation may be parked on the premises of such businesses. Such vehicles must not be parked in streets, alleys, or other rights-of-way.

Section 6.2.5 Boats and boat trailers.

It shall be unlawful for any person to park, store, keep, maintain, or permit to be parked, stored, kept, or maintained in front or side yard of a single or multi-family residence, or on a vacant lot in a residential area, any boat or empty boat trailer. A boat, a boat on a trailer, or an empty boat trailer may be parked on the rear yard provided the same is not allowed to fall into a state of disrepair. If grass or weeds are allowed to grow around or under it to a height exceeding 12 inches, then it may be declared a nuisance and the owner charged accordingly. An empty boat trailer may be parked at a launching site during the period of time that the boat is launched therefrom for a single voyage and while in the process of loading or unloading the boat or trailer. A boat, empty boat trailer, or a boat on a trailer may be parked entirely within the confines of a garage or carport meeting the requirements of this ordinance.

Section 6.2.6 Vacant lots.

It shall be unlawful for any person to park, store, keep, maintain at any time, or permit to be parked, stored, kept, or maintained at any time on any unimproved property in any zoning district any motor vehicle, boat, or trailer of any kind, type, or description, including any boat and trailer in combination, except that this prohibition shall not apply to any unimproved property on which temporary parking of such motor vehicles, boats, or trailers has been authorized by the property owner(s), in writing, and approved by the City in association with a special event that has been approved by the City. Throughout this subsection, the term **TRAILER** shall be deemed to mean and include both a boat mounted on a trailer and the trailer itself.

A. In the event a motor vehicle, boat, or trailer is parked, stored, kept, or maintained on an unimproved property in any zoning district at any time, a City Code Enforcement Officer shall place a written notice of violation on the vehicle, boat, or trailer indicating that it is in violation of this section and that it must be removed within three calendar days from the date of the notice or it will be subject to removal by the city. The Code Enforcement Officer shall make every reasonable attempt to ascertain the owner of the vehicle, boat, or trailer and the owner of the real property, and shall notify such owner(s) with a written notice delivered by mail or personal service at their current address, last known address, or the address appearing on the certificate of title for the

vehicle, boat, or trailer. The notice placed on the vehicle, boat, or trailer and all notices provided to the owners or apparent owners of the vehicle, boat, trailer, and the land shall advise of the possible appeal provided for in the following subsection B.

- B. Within the three-calendar day period specified in the aforesaid notice, the owner of the vehicle, boat, trailer, or the owner of the real property may appeal to a Special Master utilized by the city to conduct hearings concerning violations involving vehicle(s), boat(s), or trailers) parked, stored, kept, or otherwise maintained on vacant real property. The appeal shall be filed at the office of the City Manager, must attach a copy of the notice of violation appealed, and must include the name of the person filing the appeal and an address at which such person may be served notice of the hearing on the appeal. The hearing on the appeal shall be conducted the same as a code enforcement hearing for a case initiated by a Code Enforcement Officer pursuant to §§ 2-85 through 2-92 of the Code of Ordinances of the City of Cape Coral, Florida. The Special Master shall determine the validity of the violation and may for good cause extend the time for compliance or removal. If such an appeal is instituted, no removal of the vehicle, boat, or trailer shall be required until the appeal has been dismissed or finally determined by the Special Master with a finding of a violation.
- C. If no appeal is made or if an appeal is made but dismissed and the vehicle, boat, or trailer remains in violation after the three calendar day period, or if an appeal is resolved with a finding of a violation and the vehicle, boat, or trailer is not removed within whatever time period is allowed by the Special Master, the City Code Enforcement Manager shall cause such vehicle, boat, or trailer to be towed from the property and thereafter stored and disposed of in accordance with applicable state law or city ordinance. The Special Master may also assess fines and costs; the same as for any code enforcement violation.

The city shall not be responsible for the towing charges resulting from the removal of the vehicle, boat, or trailer from the property. Instead, the owner(s) of the vehicle, boat or trailer shall be responsible for all such charges.

- D. The authorization in this section for the towing of vehicles, boats, or trailers parked, kept, stored, or otherwise maintained on unimproved property shall be construed as supplementary to any other means of enforcement available to the city and shall not be construed so as to negate the authority of the code enforcement Special Master to hear and adjudicate appropriate cases.
- E. The City Manager shall at least annually recruit qualified persons to serve as Special Masters. The City Council shall, on an annual basis, appoint at least one qualified person to serve as the Special Master and at least one qualified person to serve as an alternate Special Master in the event the Special Master is unable to attend a meeting. Applicants for the Special Master position must be attorneys. The appointment(s) shall be in the sole discretion of the City Council. However, any person appointed to the position of Special Master pursuant to this section must be an attorney duly licensed by the Florida Bar Association to practice law in the State of Florida.
- F. Each Special Master shall serve for a term of one year though Special Masters may be reappointed for consecutive one-year terms. Although appointed for one-year terms, Special Masters shall be subject to removal, with or without cause, from their positions at any time during their term by the City Council in its sole discretion. Special masters shall not be considered to be city employees

though, if authorized by the City Council, they may receive compensation for their service and also may be reimbursed for such travel, mileage, and per diem expenses as may be authorized by the City Council.

G. The Special Master shall convene hearings concerning appeals of alleged violations of this section within a reasonable time from the date the appeal request is made. Minutes shall be kept of all hearings by the Special Master and all hearings and proceedings shall be open to the public. The City Manager shall provide clerical and administrative personnel as may be reasonably required by the Special Master for the proper performance of his or her duties.

H. The Special Master shall proceed to hear the cases on the agenda for that day. If the alleged violator has been duly notified of the hearing, the hearing may proceed in the absence of the named violator. All testimony shall be under oath or affirmation and shall be recorded.

The Special Master shall take testimony from the Code Enforcement Officer, the alleged violator, and any other witnesses who have personal knowledge concerning the alleged violation. Documentary evidence may be presented in support, of or in defense of the charge. Irrelevant, immaterial, or unduly repetitious evidence shall be excluded. All other evidence of the type commonly relied upon by reasonably prudent persons in the conduct of their affairs shall be admissible, whether or not such evidence would be admissible in the courts of Florida. Hearsay evidence may be introduced and used for supplementing or explaining other evidence, but it shall not be sufficient in itself to support a finding by the Special Master unless it would be admissible over objections in a civil action. Formal rules of evidence shall not apply, but fundamental due process shall be observed and govern said proceedings.

I. In order to render an order finding the alleged violator guilty and denying the appeal, the Special Master must find that a preponderance of the evidence indicates that the named violator was responsible for the violation as alleged.

J. At the conclusion of the hearing, the Special Master shall issue an order containing findings of fact, based on evidence of record, and conclusions of law.

Section 6.2.7 Vehicles and trailers for sale.

It shall be unlawful for any person to park, store, keep, maintain at any time, or permit to be parked, stored, kept, or maintained on any unimproved property in any zoning district, or outside of a completely enclosed building on any improved property in a W, C, CC, P or I zoning district, any motor vehicle or trailer of any kind, type, or description, including any boat mounted on a trailer, which is being displayed for sale, hire, or rental except as provided in subsections I., J. and K. below. Throughout this subsection, the term "trailer" shall be deemed to mean and include both a boat mounted on a trailer and the trailer itself.

A. In the event a motor vehicle or trailer is displayed for sale, hire. or rental in violation of this subsection .8, City Code Enforcement Officer(s), law enforcement officer(s), or such other city employee(s) as may be designated by the City, are authorized to cause such vehicle or trailer to be immobilized or towed from the property to a garage or other place of safety, and thereafter disposed of in accordance with applicable state law or city ordinance. The city shall not be

responsible for the towing charges resulting from the removal of the vehicle from the property. Instead, the owner(s) of the vehicle shall be responsible for all such charges. Immobilization and towing shall be accomplished in accordance with the following subsections B. through H.

B. A motor vehicle or trailer parked in violation of this section may be immobilized with a "wheel lock," "boot," or other suitable device as long as a notice of violation is placed by the Code Enforcement Officer on the vehicle or trailer indicating all of the following:

1. That the vehicle or trailer is in violation of this section and that it must be removed from the property within ten calendar days from the date of the notice or it will be subject to removal by the city;

2. That the notice of violation may be appealed as provided in the following subsection D.;

3. That the wheel lock, boot, or other immobilization device will be removed from the vehicle or trailer upon the posting with the city of a \$200 bond, in the form of cash, certified check, or surety bond; and

4. The name of the city official or department with which such bond must be posted and the street address thereof.

C. The Code Enforcement Officer shall make every reasonable attempt to ascertain the owner of the motor vehicle or trailer and the owner of the real property on which it is unlawfully parked, and to provide such owner(s) with a copy of the written notice of violation placed on the vehicle or trailer, such copy to be delivered by mail or personal service at their current address, last known address, or the address appearing on the certificate of title for the vehicle.

D. Within the ten-calendar day period specified in the aforesaid notice, the owner of the vehicle or trailer or the owner of the real property may appeal to a Special Master appointed under § 6.2.6.E. of this chapter. The appeal shall be filed at the office of the City Manager, must attach a copy of the notice of violation appealed, and must include the name of the person filing the appeal and an address at which such person may be served notice of the hearing on the appeal. The hearing on the appeal shall be conducted the same as a code enforcement hearing for a case initiated by a Code Enforcement Officer pursuant to §§ 2-85 through 2-92 of the Code of Ordinances of the City of Cape Coral, Florida. The Special Master shall determine the validity of the violation and may for good cause extend the time for compliance or removal. If such an appeal is instituted, no removal of the vehicle or trailer shall be required until after said appeal has been dismissed or finally determined by the Special Master with a finding of a violation of this subsection .8.

E. If no appeal is made or if an appeal is made but dismissed and the vehicle or trailer remains in violation after the ten calendar day period, or if an appeal is resolved with a finding of a violation of this subsection and the vehicle or trailer is not removed within whatever time period is allowed by the Special Master, the City Code Enforcement Manager shall cause such vehicle to be towed from the property and thereafter stored and disposed of in accordance with applicable state law or city ordinance. The Special Master may also assess fines and costs, the same as for any code enforcement violation.

- The city shall not be responsible for the towing charges resulting from the removal of the vehicle from the property. Instead, the owner(s) of the vehicle shall be responsible for all such charges.
 - F. The authorization in this subsection .8 for the towing of vehicles and trailers unlawfully displayed for sale, hire, or rental shall be construed as supplementary to any other means of enforcement available to the city and shall not be construed so as to negate the authority of the Code Enforcement Special Master to hear and adjudicate appropriate cases.
 - G. The provisions of § 6.2.6.E. through J. above, regarding Special Masters and Special Master hearings, shall apply equally with regard to this § 6.2.7.
 - H. Code Enforcement Officer shall be notified, and the wheel lock, boot or other immobilization device shall, as soon as practicable, be removed from the vehicle or trailer. If no appeal of the violation is timely filed, or if an appeal is filed and is dismissed, the bond shall be forfeited to the city to cover the cost of inspection, notice of violation, and immobilization of the vehicle or trailer. If an appeal is filed and ultimately results in a finding by the Special Master that no violation of this subsection .8 occurred, the bond shall be returned to the person who posted it. If an appeal is filed and ultimately results in a finding by the Special Master that a violation of this subsection .8 occurred, the bond shall be applied to any fines and costs assessed against the violator by the Special Master.
 - I. If a motor vehicle being displayed for sale, hire, or rental is parked by the owner outside of a completely enclosed building in a designated parking space on any improved property in a W, C, CC, P or I zoning district, while the owner of the vehicle is attending or participating in activities or is being treated or served by or is shopping at a facility located on such property, the motor vehicle and its owner shall not be in violation of this subsection .8. However, the leaving of any such vehicle on the same property for a period of eight consecutive hours shall create a rebuttable presumption that the owner is not attending or participating in activities or is being treated or served by or is shopping at a facility located on such property and that the motor vehicle and its owner are in violation of this subsection .7.
 - J. This subsection .7 shall not apply to any motor vehicle or trailer offered for sale on property developed and used for a licensed business which includes the sale of such vehicles or trailers or to any motor vehicle or trailer while it is being repaired on property developed and used for a licensed business which includes the repair of such vehicles or trailers.
 - K. This subsection .7 shall not apply to motor vehicles or trailers offered for sale on any property pursuant to a City Council special event approval.

Section 6.2.8 Exemptions.

A. The provisions of this section shall not apply to vehicles parked on the premises of churches, clinics, schools, child care facilities, assisted living facilities, public libraries, public buildings, public and club swimming pools, private clubs, golf courses, utilities, hotels and motels, and parks and recreational areas, while the persons transported thereby are attending or participating in activities or being treated or served thereat, nor to buses, trucks or trailers parked at any time in a space prepared or designated therefor on said premises, if such vehicles are used or operated by or for the operation

of the places or institutions designated, except that such vehicles cannot be used for residential purposes.

- B. The provisions of this section shall not apply to vehicles parked on unimproved or vacant lots within the boundaries of the South Cape zoning district, provided the following requirements are met:

- 1. The unimproved or vacant property must be zoned for commercial use and must be immediately adjacent to the business premises for which parking is being provided. For purposes of this section, the phrase **IMMEDIATELY ADJACENT** shall mean sharing all or part of a property line with the business premises or directly across a street or alley from the business premises, provided that the width of such street or alley is 50 feet or less and provided that all or part of the unimproved or vacant property lies within an extension of the property lines of the business premises across the street or alley.

- 2. If the vacant property which will be utilized for parking is not owned by the same person or entity as the developed commercial property it is intended to serve, the owner of the developed commercial property must have a bona fide lease for the adjacent vacant or unimproved property.

- 3. Parking on the vacant or unimproved property shall be limited to only patrons of the adjacent business and only during the hours that such business is in operation. The vacant or unimproved property shall be posted with a sign that states the foregoing two restrictions.

Section 6.2.9 Authority to signpost designated areas.

The City Manager shall have the authority to post signs designating areas of regulated or restricted parking as provided by F.S. §§ 316.006 and 316.008 (1973) or other applicable laws.

It is the purpose of this Article to promote the public health, safety, and general welfare through reasonable, consistent, and non-discriminatory sign standards. The sign regulations in this Article are not intended to censor speech or to regulate viewpoints, but instead are intended to regulate the adverse secondary effects of signs. The sign regulations are especially intended to address the secondary effects that may adversely impact aesthetics and traffic and pedestrian safety. The sign regulations are designed to serve substantial governmental interests and, in some cases, compelling governmental interests, such as traffic safety and warning signs of threats to bodily injury or death. This Article is not intended to extend its regulatory regime to objects that are not traditionally considered signs for purpose of government regulation.

In order to preserve and promote the City as a desirable community in which to live, visit, work, play, and do business, a pleasing, visually attractive, and safe environment is of foremost importance. The regulation of signs within the City is a highly contributive means by which to achieve this desired end.

38 39

40

41

42

43 44

45

Further it continues to be the purpose of this Article to promote optimum conditions for serving sign owners' needs and respecting their rights to identification while balancing the aesthetic and safety interests of the community. The regulation of signs within the City is necessary and in the public interest, and these regulations have been prepared with the intent of enhancing the visual environment of the City and promoting its continued well-being, and are intended more specifically to:

A. Aesthetics. To maintain and enhance the beauty, unique character, aesthetic environment, and quality of the City, that will attract commerce, businesses, economic development, residents, and visitors; to preserve, conserve, protect, and enhance the aesthetic quality and scenic beauty of all zoning districts of the City; to regulate the appearance and design of signs in a manner that promotes and enhances the beautification of the City and that complements the natural surroundings in recognition of the City's reliance on its natural surroundings and beautification efforts in retaining economic advantage for its community; and to assure that the benefits derived from the expenditure of public funds for the improvement and beautification of streets, sidewalks, public parks, public rights-of-way, and other public places and spaces, are protected by exercising reasonable controls over the physical characteristics and structural design of signs.

B. Traffic and Pedestrian Safety. To maintain and improve traffic and pedestrian safety through properly located signs; to regulate signs in a manner so as to not interfere with, obstruct the vision of, or distract motorists, bicyclists, or pedestrians; to allow for traffic control devices consistent with national standards and whose purpose is to promote roadway safety and efficiency by providing for the orderly movement of road users on streets and roadways, and that notify users of regulations and provide warning and guidance necessary for the safe, uniform, and efficient operation of all elements of the traffic stream.

C. Economic Development. To promote economic development and the value of nonresidential properties, through sensitivity to surrounding land uses and maintaining an attractive community appearance.

D. Effective Communication. To encourage signs which are clear and legible; and to encourage the effective use of signs as a means of communication.

E. Identification of Goods and Services. To aid the public and private sectors in identifying the location of goods and services.

F. Compatibility with Surroundings. To allow signs that are compatible with their surroundings and aid orientation, while precluding the placement of signs that contribute to sign clutter or that conceal or obstruct adjacent land uses or signs; to preclude signs from conflicting with the principal permitted use of the site and adjoining sites; and to minimize the possible adverse effect of signs on nearby public and private property.

G. Reduction of Visual Clutter. To reduce visual clutter that may otherwise be caused by the proliferation, improper placement, illumination, animation, excessive height, and excessive size (area) of signs which compete for the attention of pedestrian and vehicular traffic.

- 92 H. Zoning District Considerations. To encourage and allow signs that are appropriate to the zoning district 33 in which they are located.
 - I. Scale, Integration, and Design. To establish sign size in relationship to the scale of the lot and building on which the sign is to be placed or to which it pertains; to foster the integration of signage with architectural and landscape designs; to provide flexibility and encourage variety in signage, and to relate signage to the basic principles of good design; and to promote the use of signs that positively contribute to the aesthetics of the community, are appropriate in scale to the surrounding buildings and landscape, and advance the City's goals of quality development.
 - J. Maintenance and Safety. Except to the extent expressly preempted by state or federal law, to ensure that signs are constructed, installed, and maintained in a safe and satisfactory manner, and to protect the public from unsafe signs.
 - K. Property Values. To protect property values by precluding, to the maximum extent possible, sign types that create a nuisance to the occupancy or use of other properties because of their physical characteristics such as their size (area), height, number, illumination, and movement; and to protect property values by ensuring that the number of signs are in harmony with buildings, neighborhoods, and conforming signs in the area.
 - L. Enforcement. To enable the fair and consistent enforcement of these sign regulations; and to provide standards regarding the non-communicative aspects of signs, which are consistent with local, county, state, and federal law.

Section 7.1.2. Scope

This article shall control the regulation of signs and other outdoor displays. If any part of this article conflicts with any other codes adopted by the city, the most restrictive provision shall apply.

Section 7.1.3. Compliance with Codes and Ordinances

No sign shall be erected or maintained in the city, except in accordance with the provisions of this article. All signs erected, installed, or located in the City of Cape Coral shall conform to all requirements of the National Electrical Code, as revised, the Florida Building Code, this article, and other applicable law.

Section 7.1.4. Substitution (SAME)

It is not the purpose of this article to regulate or control the copy, content, or viewpoint of signs. Nor is it the intent of this article to afford greater protection to commercial speech than to non-commercial speech. Any sign, display, or device allowed under this article may contain, in lieu of any other copy, any otherwise lawful non-commercial message that complies with all other requirements of this article. The non-commercial message may occupy the entire sign area or any portion thereof, and may substitute for or be combined with the commercial message. The sign message may be changed from commercial to non-commercial or from one non-commercial message to another, as frequently as desired by the sign's owner, if the sign is not prohibited and the sign continues to comply with all requirements of this article.

Section 7.1.5. Severability (SAME)

A. Generally. If any part, section, subsection, paragraph, subparagraph, sentence, phrase, clause, term, or word of this article is declared unconstitutional by the final and valid judgment or decree of any court of competent jurisdiction, this declaration of unconstitutionality or invalidity shall not affect any other part, section, subsection, paragraph, subparagraph, sentence, phrase, clause, term, or word of this article.

 B. Severability where less speech results. This subsection shall not be interpreted to limit the effect of Section 7.1.5.A above, or any other applicable severability provisions in the code or any adopting ordinance. The City Council specifically intends that severability shall be applied to these sign regulations even if the result would be to allow less speech in the city, whether by subjecting currently exempt signs to permitting or by some other means.

C. Severability of provisions pertaining to prohibited signs. This subsection shall not be interpreted to limit the effect of Section 7.1.5.A above, or any other applicable severability provisions in the code or any adopting ordinance. The City Council specifically intends that severability shall be applied to Section 7.2.1 of this article, "Prohibited signs," so that each of the prohibited sign types listed in that section shall continue to be prohibited irrespective of whether another sign prohibition is declared unconstitutional or invalid.

D. Severability of prohibition on off-premises signs and commercial signs. This subsection shall not be interpreted to limit the effect of Section 7.1.5.A above, or any other applicable severability provisions in the code or any adopting ordinance. If any, or all, of this article or any other provision of the code is declared unconstitutional or invalid by the final and valid judgment of any court of competent jurisdiction, the City Council specifically intends that that declaration shall not affect the prohibition of off-site signs in Section 7.2.1 of this article.

Section 7.1.6. Definitions

Article 13 of this code contains definitions as they relate to this article.

Chapter 2. Administration

Section 7.2.1. Prohibited Signs

The following signs are prohibited:

A. Abandoned signs;

 B. Animated signs, except electronic message centers, electronic laser, video, or digital display signs in which the messages change at intervals of eight seconds or greater in duration, provided such signs comply with the requirements of Section 7.4.3;

C. Back Lit Awning Signs;

184 D. Unless allowed under Section 7.2.2 of this article, signs on public property, rights-of-way, or attached 185 to trees or utility poles, other than by or with the permission of the owner of the public property or 186 right-of-way; 187 188 E. Signs attached to fences on improved, non-residential property; however, this prohibition shall not 189 extend to signs attached to recreational fences around activity fields, playgrounds, or playing fields (such as football fields, baseball diamonds, etc.) in public parks owned and operated by one or more 190 governmental entities and where the signs: 191 192 1. Are only visible from inside the park, or 193 194 195 2. If visible from outside the park, face the inside of the park; 196 197 F. Figure structured signs; 198 199 G. Obscene signs; 200 201 H. Off-site signs; 202 203 Parasite signs; 204 205 Projected image signs; 206 207 K. Portable signs; 208 209 L. Roof signs; 210 M. Special event signs, except with special event permit; and 211 212 213 N. Vehicle signs. 214 Section 7.2.2. Signs in the Public Right of Way (SAME) 215 216 217 A. Signs allowed in the public right-of-way. No signs shall be erected, installed, or located in the public right-of-way or shall project over the public right-of-way, except permanent signs of the following 218 219 type(s): 220 221 1. Public signs erected by or on behalf of a governmental body to post legal notices, identify public property, convey public information, announce public events, and direct or regulate pedestrian 222 or vehicular traffic. 223 224 225 2. Signs that are placed within or on structures that are public service related, including bus stop signs, bench/shelter signs, and other informational signs. These structures shall be erected by or 226 227 on behalf of a public transit or communications company or the city. These structures and the 228 character, size, content, nature, and design of signs on such structures shall be approved by the 229 city through a contract or other agreement approved by the City Council prior to the erection of

such structures or the installation of such signs. If such structures cannot be in the public right-of-way as the result of safety factors, right-of-way constraints, or other factors or if it is more practicable to locate such structures on a site other than public right-of-way, the structure may be placed on private property, provided that prior written consent is obtained from the property owner.

234235

230

231232

233

3. Informational signs of a public utility regarding its poles, lines, pipes, or facilities.

236237

4. Development identification signs in conformity with 7.4.2

238239

5. Directional signs in conformity with 7.4.2

B. Removal and forfeiture of unauthorized sign in the public right-of-way. The city shall have the right to remove from the public right-of-way any sign which is erected, installed, or located in such public right-of-way and which does not conform to the requirements of this article. Such signs shall be deemed to have been forfeited to the city and the city shall have the right to dispose of such signs as it sees fit. In addition to other remedies, the city shall have the right to recover from the owner of such sign or the person responsible for placing the sign in the public right-of-way all costs associated with the removal or disposal of the sign.

250251252

Section 7.2.3. Activities Exempt from Permitting (OLD – SEPARATED OUT)

253254

The following types of activities are exempt from the permitting requirements of this article:

255256

257

A. Changing the advertising copy, announcement, or message on a marquee or changeable copy sign board so designed to alter such copy; subject to any restrictions in this article, including frequency limitations;

258259260

B. Cleaning, painting, or electrical or comparable general maintenance or repair of a sign that does not alter any regulated feature of such sign; and

261262263

C. Changing the message or locating official public notices or traffic control signs.

264265

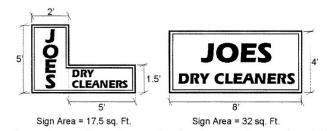

Section 7.2.4. Requirements Applicable to All Signs (SAME)

266267268

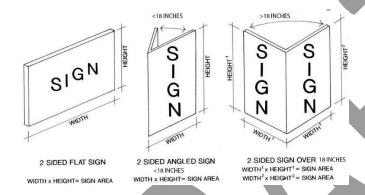

269

270271

A. Computation of sign area. The area of a sign shall be measured from the outside edges of the sign or the sign frame, whichever is greater, excluding the area of the supporting structures provided that the supporting structures are not used for advertising purposes and are of an area equal to or less than the permitted sign area. Supporting framework and bracing which are incidental to the display itself shall not be included in the computation of the area unless, by the nature of their design, they form a continuation of the sign.

1. The area of a multi-faced sign shall be computed on one face in the same manner as the sign area of an individual sign, provided that the faces of the sign are not separated at any point by more than 18 inches. If the faces of a multi-faced sign are separated at any point by more than 18 inches, then each face constitutes a separate sign.

2. Where individual characters are used without a supporting panel (channel letters), the overall dimensions from the beginning of the first character to the end of the last character in the longest line and from the top of the uppermost character to the bottom of the lowermost character shall be regarded as the extreme dimensions in calculating the overall sign area of the sign.

B. Computation of height. The vertical height of a freestanding sign shall be computed from the established mean grade of the development site to the highest component of the sign or supporting framework, whichever is higher. The maximum vertical height of a building mounted sign shall not exceed the roof line of the structure.

C. Location of signs on property.

- 1. Setbacks. The distance of a sign from a property line, right-of-way, or other point shall be computed by measuring a perpendicular line from the foremost part of the sign to the ground and then measuring from that point to the nearest point of the property line, right-of-way, etc.
- 2. Distance between freestanding signs. A minimum distance of 25 feet shall be maintained between freestanding signs regardless of whether such signs are on one site or whether they are located on adjacent sites.
- 3. Location. No sign may project beyond the property line(s) of the property on which the sign is located, except that sign(s) may be flush-mounted to the walls of buildings which are constructed with a zero setback from the property line. Except as otherwise provided herein, signs shall be located on the same site on which the advertised goods or services are available. No part of any banner, sign, flag, or flagpole shall be hung, attached, or erected in any manner as to project into the right-of-way.
- 4. Freestanding signs are prohibited in the 6' perimeter utility easement.
- D. Illumination. Signs may be illuminated by any method not prohibited by this article provided that any light source shall be shielded in such a manner as to prevent direct rays of light from being cast into an occupied residence, hotel or motel room, a commercial business, at any pedestrian traveling upon a street or sidewalk, or any vehicle traveling upon a public street.

Section 7.2.5. Maximum Total Sign Area Per Site

- A. Residential uses in residential zoning districts. Except for signs identified as permitted, no signs are allowed on sites containing residential uses in residential zoning districts. Any sign on a residential site in a residential zoning district shall comply with the provisions for such sign(s).
- B. Non-residential uses in all zoning districts. Except as otherwise provided in this chapter, the number of building signs located on property lawfully used for non-residential purposes shall not be limited so long as the cumulative total sign area (in square feet) of all such signs, except exempt signs, does not exceed the building sign allowance for the property. The allowable building sign area (in square feet) of all signs, except exempt signs, erected, installed, or located on a site lawfully containing a non-residential use in any zoning district shall be computed as follows:
 - 1. Building mounted signs.
 - a. If a building contains more than one floor or story, the dimension of the primary side of the building shall be determined by measuring (in linear feet) the overall width of the first floor or story of the building on the side that faces the front lot line and the sign allowance for each business establishment or other entity occupying the building shall be shared by such business establishments or other entities as determined by the property owner based on the frontage of the building.

b. If a building contains more than one business establishment or other entity, but the exterior

c. If all or part of the exterior of a building has been subdivided into two or more fully enclosed

of the building has not been subdivided into units, the sign allowance for each business

establishment or other entity occupying the building shall be shared by such business

establishments or other entities as determined by the property owner based on the frontage

units capable of containing one or more business establishments or other entities (such as a

multiple unit shopping center), the front dimension of each such unit shall be considered the

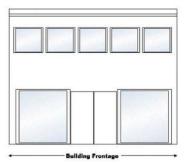

building frontage of the unit and the sign allowance for each business establishment or other

entity occupying such unit shall be shared among the business establishments or other

entities occupying such unit in the manner prescribed by the property owner. Any remaining

part of the exterior of the building which has not been subdivided into fully enclosed units

shall be treated the same as a building which has not been subdivided into units.

Structural Building Frontage Single Unit

of the building.

- 339 340 341
- 342 343 344 345
- 346 347 348 349 350
- 350 351 352 353 354 355

Structural Building Frontage Multiple Unit Building

358 359

- 360 361 362
- 363 364
- d. If a single business establishment or other entity occupies more than one consecutive fully enclosed unit, the building frontage of such business or other entity shall be the total linear dimension of building frontage of all such units combined.
- e. The allowable signage to be mounted on a building shall be based on the building frontage of a business or other entity as follows:

Linear Feet of Structural Frontage	Square Feet/Linear Feet of Structural Frontage	Maximum
≤100 Linear Feet	2 Square Feet	100 Square Feet
>100 Linear Feet to ≤300 Linear Feet	1 Square Foot	200 Square Feet
>300 Linear Feet	.75 Square Feet	300 Square Feet

In the event a building is located on a lot that does not abut a public street, the frontage shall be measured along the publicly dedicated parking lot or platted alley that the lot fronts

- f. In addition to the sign area otherwise allowed in this section, business establishments or other entities which meet the following criteria shall be allowed additional sign area for building-mounted signs as follows:
 - i. Businesses or other entities fronting on more than one platted street shall be permitted an additional sign area allowance of one-half square foot per linear foot of building frontage on such additional street up to a maximum of 50 square feet per street. Such additional sign area allowance for a second street shall be added to the building-mounted sign area allowance resulting from the building frontage calculation. If a business or other entity fronts on three or four streets, then the additional sign allowance resulting from frontage on the third and/or fourth streets shall be used on the building face actually abutting the third and/or fourth streets. For purposes of this article, when a business or other entity fronts three or four streets, the side(s) of the business establishment or other entity shall be deemed to be fronting on the second and, if applicable, the fourth streets and the rear of the business establishment or other entity shall be deemed to front on the third street.
 - ii. Businesses or other entities whose side or rear building frontages abut a public alley, public parking area, or mall parking area shall be permitted an additional allowance of one-half square foot per linear foot of such side or rear building frontage up to a maximum of 50 square feet. Such additional allowance shall only be used on the side or rear of the building which actually abuts the public alley, public parking area, or mall parking area.
- C. Freestanding signs.

- Individual business or entity sites.
 - a. Except as otherwise provided in Section 7.4.3 of this article, "Gasoline pricing signs," no site shall have more than two freestanding signs.
 - b. The allowable freestanding sign area (in square feet), the maximum number of freestanding signs, and the maximum height of freestanding signs erected, located, or placed on lawfully

existing non-residential uses in all zoning districts shall be based on the street frontage of the site.

- c. When only one freestanding sign is permitted, the sign shall provide architectural design features, including colors or materials or both consistent with those used in the design of the building to which the sign is accessory. These features shall apply to the sign frame and supporting materials, not to the sign panel or panels that provide the actual advertising area.
- d. When two freestanding signs are permitted, signs must be similar in design, color and materials.
- e. For all individual non-residential use sites, the following maximum freestanding sign(s) number, maximum freestanding sign area, and height limitations shall apply:

Freestanding Signs	Individual businesses or entities	Individual businesses or entities in Preserve Zoning Districts	Individual businesses or entities on Pine Island Road (SR 78), Veterans Parkway, US 41, and Burnt Store Road
Sign are based	on street frontage (linear	feet)	
100 feet or less	30 square feet	24 square feet	36 square feet
101-200 feet	40 square feet	24 square feet	48 square feet
201-300 feet	52 square feet	24 square feet	60 square feet
301+ feet	65 square feet	24 square feet	75 square feet
Height (feet):	20	20	25
Maximum Num	nber:		
Site with less than 500 linear feet abutting a single street	1	1	1
Site with 500 or more linear feet abutting a single street	2	1	2

2. Multiple business or entity sites.

a minimum of 300 feet apart.

a. When only one freestanding sign is permitted, the sign shall provide architectural design features, including colors and/or materials consistent with those used in the design of the building the sign is accessory to. These features shall apply to the sign frame and supporting materials, not to the sign panel or panels that provide the actual advertising area.

1. When more than one freestanding sign is permitted on the same site, signs must be spaced

419

424 425 426

427 428 429

430

431 432 433

434 435 436 b. On sites that are approved through a Planned Unit Development which contain commercial, professional, industrial, mixed use, or agricultural uses together with residential properties as part of the same Planned Unit Development, and the residential uses front the road on which the development faces with non-residential uses located inside the development not visible from the road, the Director, may allow signs that are used to direct motorists to facilitate finding the non-residential component of the development. The Director, shall take into consideration factors that include:

- The location of the non-residential uses within the development;
- (ii) The location of permitted signage for the non-residential uses within the development; and
- (iii) Roadway conditions.
- c. Although the distribution of freestanding signage among the tenants or occupants of a multiple business or entity site shall be the responsibility of the real property site owner, the following limitations concerning maximum number, sign area, and height of freestanding signs shall apply to all multiple business or entity sites containing non-residential uses:

Freestanding	Multiple business or		Multiple business or
Signs	entity sites	Multiple business or	entity sites on Pine
		entity sites in	Island Road (SR 78),
		Preservation Zoning	Veterans Parkway, US
		Districts	41, and Burnt Store
			Road
Sign are based of	on street frontage (linear fe	eet)	
100 feet or	50 square feet	24 square feet	60 square feet

1			

- 1. When more than one freestanding sign is permitted on the same site, signs must be spaced a minimum of 300 feet apart.
- 2. In the event the depth of the property is at least three times the length of the street frontage (linear feet), an additional 25% of sign area is allowed.

Section 7.2.6. Sign Permits

A. Required. Except as otherwise required, no sign shall be located, placed, erected, constructed, altered, extended, or displayed without first obtaining a sign permit and meeting all requirements of the Florida Building Code. In the event a sign is located, installed, or maintained upon real property without any required permits, after the expiration or lapse of a sign permit, after the closure of a business, or otherwise in violation of the requirements of this article, the owner of the real property shall be deemed to be responsible for the prompt removal of such sign and shall be responsible for and subject to all fines or penalties which shall result from such violation.

B. Procedure. The procedure for obtaining a sign permit shall in conformance with application requirements in Article 3.1.

1. Upon request by the Department, the applicant shall provide such supplementary information as may be specifically requested by the Department to determine compliance with this article.

2. The Department shall review the application, plans, and specifications to determine whether the proposed sign conforms to all applicable requirements of this article and, based on such review, shall either approve or deny the application for the sign permit.

a. Sign permit applications which include a request for a deviation to this article, pursuant to Section 7.2.8 of this article, shall either be approved or denied. However, if the applicant has applied for a building permit or certificate of use for the non-residential use at the subject site or for an electrical permit for the illumination of a sign, no sign permit shall be issued by the city until after the requested building or electrical permit or certificate of use has been issued by the city.

b. In no event shall the issuance of a sign permit following the issuance of a building permit, but prior to the completion of the construction project, result in an increase in the sign(s) allowed under this article based on the structure as it is eventually completed. In other words, if the city issues sign permit(s) following the issuance of a building permit, but before the construction of the building or structure is completed, and one or more sign(s) are installed or erected pursuant to such sign permit, but then the building plans are modified in such a way as to reduce the number, size, etc. of the sign(s) which would be allowed under this article, then the property owner shall be required to bring such sign(s) into compliance with the provisions of this article and to obtain a valid sign permit for such sign(s).

C. Submission requirements. No request for a sign permit shall be considered complete until all required documents and fees are received.

D. Plans and specifications. Plans and specifications for any proposed sign shall be drawn to scale and shall include the following:

1. Dimensions and elevations, including the message of the sign;

2. Parcel frontage on all street rights-of-way for freestanding signs only;

485 3. Linear dimension(s) of the subject building or unit located adjacent to all public rights-of-way such as streets, alleys, and public parking lots for freestanding signs only;

4. Maximum height of the sign, as measured in accordance with this article;

5. Location of the sign in relation to property lines, public rights-of-way, easements, buildings, and other signs on the property;

6. Dimensions and anchoring of the sign's supporting members;

7. For illuminated signs, the type, location, and direction of illumination sources;

8. Construction and electrical specifications, enabling determination that the sign meets all applicable structural and electrical requirements of the building code; and

9. Number, type, location, and surface area of all existing signs on the same property and/or building on which the sign is to be located, except that in the event all or part of the exterior of a building has been subdivided into two or more fully enclosed units capable of containing one or more business or entity establishments, such as a multiple unit shopping center, the number, type, location, and surface area of all building mounted signs on the unit for which the proposed sign is sought and all freestanding signs on the property shall be included.

E. Deviations. If a deviation to any requirements of this article is necessary, a request for a deviation shall be included with the initial application for a sign permit pursuant to Section 7.2.8 of this article.

F. Lapse. A sign permit shall lapse automatically if the business tax receipt for the premises lapses, is revoked, or is not renewed. A sign permit shall also lapse if the business activity on the premises is discontinued for a period of 30 days and is not renewed within 30 days from the date a written notice is sent from the city to the last permittee that the sign permit will lapse if such activity is not resumed. A sign permit shall also lapse if the sign for which it is issued either is not erected and/or placed within 180 days following the issuance of the sign permit or is removed for a period of 60 days. Once a sign permit has lapsed, it shall be considered void and a new application and review process shall be necessary to have such a permit reissued.

G. Identification. All signs requiring a permit shall have the permit number permanently imprinted or otherwise placed in the lower right-hand corner of the sign.

H. Removal. The permittee and/or the site owner shall be responsible for the removal of a sign once the sign permit has expired or lapsed, without an application for a new permit, or the purpose in displaying the sign has ended.

Section 7.2.7. Non-Conforming Signs.

A. Non-conforming sign compliance. All signs lawfully erected prior to October 1, 2013 that do not comply with the requirements of this article shall be considered non-conforming signs. All non-

conforming signs shall be removed or brought into conformity with this article no later than January 1, 2024. The owners of the real property on which such non-conforming signs exist shall be responsible for ensuring that such signs are removed or brought into conformity. Non-conforming signs shall not be altered, replaced, or repaired if such alteration, replacement, or repair would constitute more than 50% of the replacement value of the non-conforming sign. All other signs that were not lawfully erected prior to October 1, 2013 that do not comply with the requirements of this article shall be removed no later than December 31, 2013.

B. Effect of annexation on sign compliance. Any sign that was lawfully erected on property that was located outside of the jurisdiction of the city at the time the sign was erected but which was annexed into the city prior to October 1, 2013 and that does not comply with the requirements of this article shall be considered a non-conforming sign and shall be removed or brought into conformity with this article no later than January 1, 2024. Any sign that was or is lawfully erected on property that was located outside of the jurisdiction of the city at the time the sign is erected but which was annexed into the city on or after October 1, 2013 and that does not comply with the requirements of this article, shall be considered a non-conforming sign and shall be removed or brought into conformity with this article no later than ten years from the effective date of the annexation.

C. Restrictions on permitting certain non-conforming signs. Sign permits will not be issued for the alteration, replacement, or repair of a non-conforming sign if such alteration, replacement, or repair constitutes more than 50% of the replacement value of the existing non-conforming sign. Changing the information on the face of an existing non-conforming sign shall not be deemed an action increasing the degree or extent of the non-conformity to constitute a violation of this article. Any other alteration to an existing non-conforming sign will be required to conform to this article.

D. Exceptions. A sign which is erected, located, or installed prior to the adoption of this ordinance and which was approved by a dimensional variance from the Board of Zoning Adjustment and Appeals or the City Council shall retain such variance approval. A sign which is erected, located, or installed prior to the adoption of this ordinance and which was approved by a deviation from the Director shall retain such deviation approval. However, any sign which has been approved by such a dimensional variance or deviation and is then changed to conform to this article shall forfeit the sign variance or deviation.

Section 7.2.8. Sign Deviations.

A. Deviations. A deviation may be granted from the strict application of the regulations in this chapter which apply to:

1. Allow a 25% increase in allowable sign area;

2. Allow a 25% increase in allowable sign height;

3. Allow for decrease in minimum distance between freestanding signs; or

4. Allow an additional freestanding sign.

- B. Requests for deviations shall be initiated by the applicant in the application for sign permit approval and shall be accompanied by documentation including, but not limited to, sample detail drawings, schematic architectural drawings, site plans, elevations, and perspectives which shall graphically demonstrate the proposed deviation(s) and illustrate how each deviation would operate to the benefit, or at least not to the detriment, of the public interest. Deviations from the provisions of this article may be approved by the Director provided that such deviation will not be contrary to the public interest and in harmony with the general intent and purpose of this article and where one or both of the following criteria are satisfied:
 - 1. Conditions exist that are not the result of the applicant and which are such that a literal enforcement of the regulations involved would result in unnecessary or undue hardship; or
 - 2. There is something unique about the building or site configuration that would cause the signage permitted by this article to be ineffective in identifying a use or structure that would otherwise be entitled to a sign.
- C. Subject to the standards and criteria stated above, the Director shall approve only the minimum deviation from the provisions of this article necessary to avoid the undue hardship or to cause the signage for the site to be effective in identifying the use or structure located on the site. However, no deviation shall be approved that would have the effect of allowing a type or category of sign that would otherwise be prohibited by this article.
- D. Any person aggrieved by the decision of the Director concerning a deviation from the provisions of this article may appeal such decision to the Hearing Examiner in accordance with Article 3.1.14.B
- E. The Hearing Examiner may reverse or affirm, wholly or partly, or may modify the decision appealed from and shall make any order, requirement, decision, or determination that in its opinion ought to be made in the case before it within 60 days of the filing of a notice of appeal. To this end, the Hearing Examiner shall have all the powers of the authority from whom the appeal is taken. The Hearing Examiner's powers on appeal also shall be limited to the powers of the authority from whom the appeal is taken so that the Hearing Examiner shall have the power to approve only the minimum deviation from the provisions of this article necessary to avoid the undue hardship or to cause the signage for the site to be effective in identifying the use or structure located on the site. Neither the variance procedures nor variances themselves shall be available for increasing the number of signs or the sign area to be allowed for a site.
- F. Appeals from the decision of the Hearing Examiner shall be in accordance with the procedures identified in Article 3.1.14.C

Section 7.2.9. Maintenance of Signs.

A. Maintenance Required.

It is unlawful for any owner of record, lessor, lessee, manager, or other person having lawful possession or control over a building, structure, or parcel of land to fail to maintain any signs on the building, structure, or parcel in compliance with this chapter. Failure to maintain a sign constitutes a

violation of this chapter and shall be subject to enforcement under the enforcement provisions of Chapter 1.6.

All signs, if in existence prior to adoption of this chapter, shall be maintained and kept in good repair and in a safe condition. Maintenance of a sign shall include, but is not limited to, periodic cleaning, replacement of flickering, burned out or broken light bulbs or fixtures, repair or replacement of any faded, peeled, cracked, or otherwise damaged or broken parts of a sign, and any other activity necessary to restore the sign so that it continues to comply with the requirements and contents of the sign permit issued for its installation, if required, and the provisions of this chapter.

B. Removal.

 Every person maintaining a sign must, upon vacating the premises where a sign is maintained, remove or cause to be removed said sign within 180 days from the date of vacating the premises. When the Director determines that said sign has not been removed within said period, the Director shall remedy and enforce said violation in accordance with the enforcement provisions of this chapter.

2. Any vacant or unused sign support structures, angle irons, sign poles, or other remnants of old signs which are currently not in use, or are not proposed for immediate reuse by a sign permit application for a permitted sign, shall be removed.

3. The Director shall have the authority to require the repair, maintenance, or removal of any sign or sign structure which has become dilapidated or represents a hazard to the safety, health, or welfare of the public, at the cost of the sign and/or property owner.

4. Any sign posted in violation of this chapter on public property or on public rights-of-way shall be subject to summary removal by the City.

5. Any person responsible for any sign posting made in violation of this chapter shall be liable to the City for the costs incurred by the City in removal thereof and, in event of failure to pay, for billing and collection charges, including interest and reasonable attorneys' fees.

Chapter 7.3 Temporary Signs.

 A. Temporary signs, identified in this chapter as not requiring a sign permit, unless indicated below, must otherwise meet all the applicable requirements of this section and this article. Any temporary sign not meeting these requirements, in any way, including quantity, shall be treated as a non-exempt sign subject to permitting. The area of temporary signs displayed on a site shall not be included in the calculation of the total signage on such site.

B. A-Frame Signs	
Applicable Zoning	Non-Residential Zoning Districts and lawfully existing Non-Residential Uses in
District/Use	Residential Zoning Districts
Sign permit required	No

Number of signs	1 per business, as identified by business tax receipt	
Maximum Area	An A-frame sign shall not have a copy area wider than 24 inches by 36 inches	
Maximum Height	3 feet 6 inches	
Location	No A-frame sign shall block accessibility or be placed in any public right-of-way, exit, loading zone, bicycle rack, wheelchair ramp, sidewalk ramp, in designated parking spaces, in landscape areas, traffic triangles, or sidewalks.	
Duration	None	
Materials	An A-frame shall be constructed of materials that are durable and weather resistant, including wood, steel, fiberglass, plastic, or aluminum. Construction of the sign shall be of professional quality. Signs may consist of a framed chalkboard, whiteboard, tack board, or material that allows changeable copy. An A-frame sign shall be constructed to be able to withstand wind and other unpredictable weather elements, including thunderstorm activity. The sign face and the sign frame shall not contain glitter, florescent materials, streamers, balloons, or reflective materials.	
Other	 No A-frame sign shall be permanently anchored or secured to any surface. Signs shall be brought indoors at the close of each business day. 	

C. Banners			
Applicable Zoning	Non-Residential Zoning Districts and lawfully existing Non-Residential Uses in		
District/Use	Residential Zoning Districts		
Sign permit required	Yes		
Number of signs			
Location	Except as provided for banners permitted in conjunction with temporary		
	satellite sales events or special events that are located on unimproved		
	property or with events that are in lawfully permitted structures other than		
	buildings (such as tents), no banner shall be attached to, placed on, displayed		
	from, or mounted on any object other than a building, including but not		
	limited to, trees or other vegetation, vehicles, trailers, utility poles,		
	freestanding signs, or stakes. Each end of a displayed banner shall be secured		
	to the building at which the banner is displayed.		
Duration	10 consecutive days		
Other	1. All banners displayed on a site shall be securely installed in a manner which		
	will not impede the visibility of the motoring or pedestrian traffic.		
	2. At least 28 days must elapse from the expiration of one permit prior to		

D. Sign(s) associated with on-site construction projects			
Applicable Zoning	Single-Family Zoning	All other zoning	All other zoning
District/Use	Districts	districts; site less than	districts; site one acre
		one acre	or more
Active building permit	Yes, except as provided in B. of "Duration" herein		
required			

the issuance of another permit for the display of a banner at a site.

663

Sign Permit Required	No		
Number of Signs	3 per site	3 per site	6 per acre
Maximum Area	16 square feet for sites	16 square feet	32 square feet
	less than one acre; 32		
	square feet for sites		
	one acre or more		
Maximum Height	8 feet		
Location	Shall not be in the right-of-way		
Duration	 Each sign associated with on-site construction projects that require a building permit shall be removed upon: Expiration of the building permit for the on-site construction; or No later than 10 days after issuance of the certificate of occupancy for the on-site building; whichever date is earlier. Each sign associated with incidental projects or work that does not require a building permit shall be removed upon the completion of the work performed or within 30 days, whichever occurs first. 		

_	_	-
h	h	h

E. Feather Banners			
Applicable Zoning	Permitted only conjunction with an approved and active Model Home Use		
District/Use			
Sign permit required	No		
Number of signs	A model home on a single site with one model home may display 4 feather banners and 1 banner on the model home site. Corner-lot model home sites shall be allowed a total of 4 feather banners with no more than 2 per side. For model home sites with two or more model homes approved through a single development application, one model will be allowed to have a freestanding sign, but will not be permitted to have more than 1 feather banner or banner for that individual development site. The additional model homes regulated by the special exception shall be allowed to have 4 feather banners on each model home site.		
Maximum Width	3 feet		
Maximum Height	15 feet from ground level including support portion of the banner.		
Materials	The sign face of the feather banner shall be nylon, polyester, vinyl, or canvas. Neither the sign face nor the sign frame shall contain glitter, florescent materials, metal, or reflective materials.		
Duration	Life of the active Special Exception or until converted to new use. Feather banner or banner signs shall only be displayed on the approved special exception home property between the hours of 8:00 a.m. and 5:00 p.m., Monday through Sunday. When the model home is not open, all feather banners and banners shall be removed and stored inside the model home.		
Other	All banners and feather banners shall be maintained in good condition and shall not become faded, torn, or in other similar forms of poor condition.		

F. Inflatable Objects	
Applicable Zoning	All districts
District/Use	

Size	2 feet or less in width, diameter, and	More than 2 feet in width,	
	height	diameter, or height	
Sign Permit Required	No	Yes	
Number of Signs	4	2	
Maximum Height when	30 Feet	30 Feet	
measured from ground			
Location	No less than 10 feet from right-of-way		
Duration	Not limited	Maximum 10-day duration;	
		minimum 28 days required	
		between permits	
Other	1. Inflatable objects that are 2 feet or les	s in width, diameter, and height	
	and that contain no commercial messa	ge may be located or displayed on	
	a site without obtaining a permit.		
	2. Inflatable objects that are greater than 2 feet in width, diameter, or		
	height or that contain a commercial message may be located or		
	displayed on a site provided that a permit is obtained.		
	3. Inflatable objects shall be erected using approved tie-down methods.

43	improvement or elimination of nonconformities in order to better achieve the purposes of these
44	regulations.
45	· -0 ·············

47 Section 8.1.2. Definitions.

The terms "Nonconforming," "Nonconforming, Legally," "Nonconforming Lots of Record," "Nonconforming Sign," "Nonconforming Structure," and "Nonconforming Use" are defined in Article 11 of this Code and are incorporated by reference for purposes of applying the standards and requirements of this Article.

Chapter 2. NONCONFORMING LOTS OF RECORD

Section 8.2.1. General.

 The majority of the City was platted in the Cape Coral Subdivision (Units 1 – 98) with 5,000 square foot lots, with two adjoining lots combined as a 10,000-square foot "Parcel" to construct a single-family residence. A 10,000-square foot parcel is the minimum lot size required for subdivision or development of a single-family residence or a two-family dwelling (LDC Article 4. Section 4.3 Zoning District Development Standards). Platted lots with less than 5,000 square feet and parcels less than 10,000 square feet are defined as nonconforming lots of record or parcels, respectively.

Section 8.2.2 Residential development on nonconforming lots of record.

Residential development on nonconforming lots of record may be permitted subject to the following requirements:

A. Development of single-family residences under this provision is limited to the R-1 and RML zoning districts.

B. Development of single-family residences defined as "Micro cottages" may be permitted on lots of record in the RML zoning district provided such lots are 5,000 square feet or more in area.

C. Development of two-family residences under this provision is limited to the RML zoning district.

D. Development of single-family or two-family residences is permitted on nonconforming lots of record and parcels less than 10,000 square feet in area, without a variance, provided that:

1. Such lots or parcels are larger than 7,500 square feet in area; and

2. The proposed development meets all requirements of this Code for setbacks, maximum building height, and off street parking.

E. The nonconforming lots of record or parcels less than 10,000 square feet in area have not been subdivided or their boundaries altered through the "lot split and combine" process.

Chapter 3. NONCONFORMING STRUCTURES

Section 8.3.1. Continuation of nonconforming structures.

Except as may be provided for elsewhere in these regulations, a non-conforming structure may be continued subject to the standards and conditions of this Chapter.

94 95 96

93

Section 8.3.2. Destruction of nonconforming structures.

98 99

97

A. Except for residential structures as identified in subsection B, below, a nonconforming structure that is damaged or destroyed to an extent exceeding 50 percent of the fair market value of the structure and improvements at the time of its destruction, shall not be reconstructed except in conformity with these regulations.

A structure that is nonconforming in any way, shall not be altered or enlarged in a way that increases the extent of any nonconformity. Normal maintenance and repair is permitted. Alterations and additions

100 101

102

B. Nonconforming residential structures (including accessory structures) in residential zoning districts 103 may be reconstructed if damaged or destroyed to any extent, (less than 50%) if such reconstruction 104 does not increase the extent of the nonconformity(ies) existing prior to destruction and the footprint

which do not increase the nonconformity may be permitted. Chapter 4. NONCONFORMING SIGNS

Section 8.4.1. Requirements for nonconforming signs.

of the structure is not enlarged or changed.

Section 8.3.3. Alterations to nonconforming structures.

All signs with approved sign permits but which are not in conformance with the sign requirements of

- Article 7, may continue as nonconforming signs, subject to the standards and conditions of Article 7.
- Section 8.5.1. Continuation of nonconforming uses.

Chapter 5. NONCONFORMING USES

- Except as may be provided for elsewhere in these regulations, a non-conforming use may be continued subject to the standards and conditions of this Chapter.
- Section 8.5.2. Extension or expansion of nonconforming use.
- A nonconforming use shall not be enlarged or expanded, except for nonconformities created by amendments to the comprehensive plan, as described in Chapter 6 of this Article.
- Section 8.5.3. Discontinuance of nonconforming use.
- Whenever a nonconforming use of property has been discontinued for a period of one year or more, such non-conforming use shall not thereafter be re-established, and the future use of the property shall be in conformity with the provisions of these regulations.

Section 8.5.4. Permitted improvements of nonconforming uses.

located.

140 141 Renovations, repairs, or changes to nonconforming uses may be permitted, subject to the following 142 requirements: 143 144 A. The nonconforming use is in a nonresidential zoning district; 145 146 B. The total cost of the improvements is less than 50 percent of the fair market value of the structure 147 and improvements; and 148 149 C. The nonconforming use and associated site shall be brought into compliance with the following 150 provisions of Article 5, Development Standards, to the maximum extent practicable, as determined 151 by the Community Development Director: 152 153 1. Landscaping; 154 155 2. Sanitation; 156 157 3. Signs; 158 159 4. Lighting; 160 5. Stormwater; 161 162 6. Screening; 163 164 165 7. Noise Attenuation; and 166 167 8. Parking. 168 Chapter 6. NONCONFORMITIES RESULTING FROM COMPREHENSIVE PLAN CHANGES. 169 170 171 Section 8.6.1. Nonconformities created by comprehensive plan amendments. 172 173 A. When an existing single-family or duplex dwelling becomes non-conforming as the result of an 174 amendment to the Comprehensive Plan, including future land use map amendments, which amendment was not the result of an application or other action by the property owner, the principal 175

181
 182 B. For the purposes of this exception, a single-family or duplex dwelling shall be deemed to be "existing"
 183 if, prior to the effective date of the amendment referred to above, the dwelling was either constructed
 184 or an active application for a building permit to construct the dwelling was pending with or issued by

single-family or duplex dwelling, as well as accessory structures, such as detached garages, sheds, and gazebos may be repaired, altered, enlarged, or replaced to the same extent as if the amendment to

the Comprehensive Plan had not occurred for as long as the property owner who owned the property at the time the amendment was adopted continues to own the property on which the dwelling is

the city. This exception applies only when the effect of a Comprehensive Plan amendment would render the principal single-family or duplex dwelling structure becoming non-conforming as the result of an amendment, and does not apply when the effect of an amendment would render accessory structures including sheds and gazebos, non-conforming while the principal dwelling remains conforming. This exception does not apply either to conjoined residential dwellings or to multi-family residential dwellings, regardless of number.

C. In the event the property owner who owned the real property containing the single- family or duplex dwelling use at the time the Comprehensive Plan amendment was adopted conveys or otherwise transfers ownership of the real property, subsequent to the adoption of the amendment, to another person or entity, then this exception shall terminate and the dwelling shall be subject to the limitations identified by Chapters 4 and 5 of this Article, that apply to non-conforming structures generally and, prior to the conveyance or other transfer of property ownership, the property owner shall notify in writing the person or entity to whom ownership is being transferred of the change in the status of the property. The failure of a property owner to provide notice as required herein of the change in the status of the property shall not affect the change in the status of the property.

Chapter 7. EMINENT DOMAIN.

Section 8.7.1. Nonconformities created by eminent domain.

Any structure, use, or lot made nonconforming as a direct result of eminent domain proceedings instituted by the City of Cape Coral or other condemning authority, or through a voluntary conveyance by such lot owner in lieu of formal eminent domain proceedings, which lot or parcel, except for such eminent domain or voluntary conveyance, would be an otherwise conforming lot or parcel, shall be deemed to be a conforming lot or parcel for all purposes under the City of Cape Coral Land Development Code, without the necessity for a variance from any land development ordinance. This subsection shall not apply to any lot or parcel which is reduced in size by more than 25 percent by such action.

96	500	
97	The	ese regulations shall be known as the Floodplain Management Ordinance of the City of Cape Coral.
98		
99	Sec	tion 9.1.2. Scope.
100		·
101	The	e provisions of this Article shall apply to all development that is wholly within or partially within any
102	floo	od hazard area, including the subdivision of land; filling, grading, other site improvements, and utility
103	inst	tallations; construction, alteration, remodeling, enlargement, improvement, replacement, repair,
104	relo	ocation, or demolition of buildings, structures, and facilities that are exempt from the Florida Building
105	Cod	de; placement, installation, or replacement of manufactured homes and manufactured buildings;
106	inst	tallation or replacement of tanks; placement of recreational vehicles; installation of swimming pools;
107	and	d any other action or activity defined as development.
108		
109	Sec	tion 9.1.3. Purpose and Intent.
110		
111		e purposes of this Article and the flood load and flood resistant construction requirements of the
112		rida Building Code are to establish minimum requirements to safeguard the public health, safety, and
113	_	neral welfare and to minimize public and private losses due to flooding through regulation of
114	dev	velopment in flood hazard areas to:
115	_	
116	A.	Minimize unnecessary disruption of commerce, access, and public service during times of flooding;
117	_	
118	В.	Require the use of appropriate construction practices in order to prevent or minimize future flood
119		damage;
120	_	
121	C.	Manage filling, grading, dredging, mining, paving, excavation, drilling operations, storage of
122		equipment or materials, and other development which may increase flood damage or erosion
123 124		potential;
125	D	Manage the alteration of flood hazard areas, watercourses, and shorelines to minimize the impact
126	υ.	of development on the natural and beneficial functions of the floodplain;
127		of development on the natural and beneficial functions of the noodplain,
128	E.	Minimize damage to public and private facilities and utilities;
129	۲.	withinize duringe to public and private racinates and admites,
130	F.	Help maintain a stable tax base by providing for the sound use and development of flood hazard
131	• •	areas;
132		
133	G.	Minimize the need for future expenditure of public funds for flood control projects and response to
134	-	and recovery from flood events; and
135		
136	Н.	Meet the requirements of the National Flood Insurance Program for community participation as set
137		forth in the Title 44 Code of Federal Regulations, Section 59.22.
138		

139 Section 9.1.4. Coordination with the Florida Building Code.

This Article is intended to be administered and enforced in conjunction with the Florida Building Code.

Where cited, ASCE 24 refers to the edition of the standard that is referenced by the Florida Building

Code.

Section 9.1.5. Warning.

The degree of flood protection required by this Article and the Florida Building Code is considered the minimum reasonable for regulatory purposes and is based on scientific and engineering considerations. Larger floods can and will occur. Flood heights may be increased by man- made or natural causes. This Article does not imply that land outside of mapped special flood hazard areas or that uses permitted within such flood hazard areas will be free from flooding or flood damage. The flood hazard areas and base flood elevations contained in the Flood Insurance Study and shown on Flood Insurance Rate Maps and the requirements of Title 44 Code of Federal Regulations, Sections 59 and 60 may be revised by the Federal Emergency Management Agency, requiring this city to revise these regulations to remain eligible for participation in the National Flood Insurance Program. No guaranty of vested use, existing use, or future use is implied or expressed by compliance with this Article.

Section 9.1.6. Disclaimer of liability.

 This Article shall not create liability on the part of the City of Cape Coral or by any officer or employee thereof for any flood damage that results from reliance on this Article or any administrative decision lawfully made thereunder.

Section 9.1.7. Applicability.

A. Where there is a conflict between a general requirement and a specific requirement, the specific requirement shall be applicable.

B. This Article shall apply to all development in flood hazard areas within the City of Cape Coral, as established in § 9.1.8. of this Article.

Section 9.1.8. Basis for establishing flood hazard areas.

The Flood Insurance Study for Lee County, FL and Incorporated Areas dated August 28, 2008, the accompanying Flood Insurance Rate Maps (FIRM), and all subsequent amendments and revisions are adopted by reference as a part of this Article and shall serve as the minimum basis for establishing flood hazard areas. Studies and maps that establish flood hazard areas are on file at the City Clerk's office, City of Cape Coral City Hall, 1015 Cultural Park Boulevard, Cape Coral, Florida.

Section 9.1.9. Submission of additional data to establish flood hazard areas.

To establish flood hazard areas and base flood elevations pursuant to § 9.1.8 of this Article, the Floodplain Administrator may require submission of additional data. Additional data may be required where field surveyed topography prepared by a Florida licensed professional surveyor or digital

185	topography accepted by the city indicates that ground elevations:
186	A - A - b - b - b - b - b - c - c - c - c - c
187	A. Are below the closest applicable base flood elevation, even in areas not delineated as a special flood
188	hazard area on a FIRM, the area shall be considered as flood hazard area and subject to the
189	requirements of this Article and, as applicable, the requirements of the Florida Building Code: or
190	
191	B. Are above the closest applicable base flood elevation, the area shall be regulated as special flood
192	hazard area unless the applicant obtains a Letter of Map Change that removes the area from the
193	special flood hazard area.
194	
195	Section 9.1.10. Other laws.
196	
197	The provisions of this Article shall not be deemed to nullify any provisions of local state or federal law.
198	Cartian 0.4.44. Absorbtion and expetan probinting
199	Section 9.1.11. Abrogation and greater restrictions.
200	This Auticle concerned as any very letion in effect for wave consent of development in fleed because were
201	This Article supersedes any regulation in effect for management of development in flood hazard areas.
202	However, it is not intended to repeal or abrogate any existing regulations, including land development
203	regulations, zoning ordinances, stormwater management regulations, or the Florida Building Code. In
204 205	the event of a conflict between this Article and any other regulation, the more restrictive shall govern. This Article shall not impair any deed restriction, covenant, or easement but any land that is subject to
203 206	such interests shall also be governed by this Article.
200 207	such litterests shall also be governed by this Article.
207	Section 9.1.12. Interpretation.
209	Section 5.1.12. Interpretation.
210	In the interpretation and application of this Article, all provisions shall be:
211	in the interpretation and application of this virticity an provisions shall be.
212	A. Considered as minimum requirements;
213	
214	B. Liberally construed in favor of the governing body; and
215	
216	C. Deemed neither to limit nor repeal any other powers granted under state statutes.
217	
218	CHAPTER 2. DUTIES AND POWERS OF THE FLOODPLAIN ADMINISTRATOR.
219	
220	Section 9.2.1. Designation.
221	
222	The Director of the Department of Community Development is designated as the Floodplain
223	Administrator. The Floodplain Administrator may delegate performance of certain duties to other
224	employees.
225	
226	Section 9.2.2. General.
227	
228	The Floodplain Administrator is authorized and directed to administer and enforce the provisions of this
229	Article. The Floodplain Administrator shall have the authority to render interpretations of this Article
230	consistent with the intent and purpose of this Article and may establish policies and procedures in order

to clarify the application of its provisions. Such interpretations, policies, and procedures shall not have the effect of waiving requirements specifically provided in this Article without the granting of a variance pursuant to § 9.6.1. of this Article.

233234235

231

232

Section 9.2.3. Applications and permits.

236237

The Floodplain Administrator, in coordination with other pertinent offices of the city, shall:

238239

A. Review applications and plans to determine whether proposed new development will be located in flood hazard areas.

241242

240

B. Review applications for modification of any existing development in flood hazard areas for compliance with the requirements of this Article.

243244245

246

C. Interpret flood hazard area boundaries where such interpretation is necessary to determine the exact location of boundaries; a person contesting the determination shall have the opportunity to appeal the interpretation.

247248249

D. Provide available flood elevation and flood hazard information.

250251

E. Determine whether additional flood hazard data shall be obtained from other sources or shall be developed by an applicant.

252253254

F. Review applications to determine whether proposed development will be reasonably safe from flooding.

255256257

258259

G. Issue floodplain development permits or approvals for development other than buildings and structures that are subject to the Florida Building Code, including buildings, structures, and facilities exempt from the Florida Building Code, when compliance with this Article is demonstrated, or disapprove the same in the event of noncompliance.

260261262

H. Coordinate with and provide comments to the Building Official to assure that applications, plan reviews, and inspections for buildings and structures in flood hazard areas comply with the applicable provisions of this Article.

264265266

263

Section 9.2.4. Substantial improvement and substantial damage determinations.

267268

269

270

271

For applications for building permits to improve buildings and structures, including alterations, movement, enlargement, replacement, repair, change of occupancy, additions, rehabilitations, renovations, substantial improvements, repairs of substantial damage, and any other improvement of or work on such buildings and structures, the Floodplain Administrator, in coordination with the Building Official, shall:

272273274

275

276

A. Estimate the market value, or require the applicant to obtain an appraisal of the market value prepared by a qualified independent appraiser, of the building or structure before the start of construction of the proposed work; in the case of repair, the market value of the building or

- structure shall be the market value before the damage occurred and before any repairs are made.
- B. Compare the cost to perform the improvement, the cost to repair a damaged building to its predamaged condition, or the combined costs of improvements and repairs, if applicable, to the market value of the building or structure.
 - C. Determine and document whether the proposed work constitutes substantial improvement or repair of substantial damage; the determination requires evaluation of previous permits issued for improvements and repairs as specified in the definition of substantial improvement.
 - D. Notify the applicant if it is determined that the work constitutes substantial improvement or repair of substantial damage and that compliance with the flood resistant construction requirements of the Florida Building Code and this Article is required.

Section 9.2.5. Modifications of the strict application of the requirements of the Florida Building Code.

The Floodplain Administrator shall review requests submitted to the Building Official that seek approval to modify the strict application of the flood load and flood resistant construction requirements of the Florida Building Code to determine whether such requests require the granting of a variance pursuant to § 9.6.1. of this Article.

Section 9.2.6. Notices and orders.

The Floodplain Administrator shall coordinate with appropriate local agencies for the issuance of all necessary notices or orders to ensure compliance with this Article.

Section 9.2.7. Inspections.

The Floodplain Administrator shall make the required inspections as specified in this Article for development that is not subject to the Florida Building Code, including buildings, structures, and facilities exempt from the Florida Building Code. The Floodplain Administrator shall inspect flood hazard areas to determine if development is undertaken without issuance of a permit.

Section 9.2.8. Other duties of the Floodplain Administrator.

The Floodplain Administrator shall have other duties, including:

- A. Establish, in coordination with the Building Official, procedures for administering and documenting determinations of substantial improvement and substantial damage made pursuant to § 9.2.4. of this Article.
- 318 B. Require that applicants proposing alteration of a watercourse notify adjacent communities and the 319 Florida Division of Emergency Management, State Floodplain Management Office, and submit 320 copies of such notifications to the Federal Emergency Management Agency (FEMA).
- 322 C. Require applicants who submit hydrologic and hydraulic engineering analyses to support permit

applications to submit to FEMA the data and information necessary to maintain the Flood Insurance Rate Maps if the analyses propose to change base flood elevations, flood hazard area boundaries, or floodway designations; such submissions shall be made within six months of such data becoming available.

D. Review required design certifications and documentation of elevations specified by this Article and the Florida Building Code and this Article to determine that such certifications and documentations are complete.

E. Notify the Federal Emergency Management Agency when the corporate boundaries of the City of Cape Coral are modified.

F. Advise applicants for new buildings and structures, including substantial improvements, that are located in any unit of the Coastal Barrier Resources System established by the Coastal Barrier Resources Act (Pub. L. 97-348) and the Coastal Barrier Improvement Act of 1990 (Pub. L. 101-591) that federal flood insurance is not available on such construction; areas subject to this limitation are identified on Flood Insurance Rate Maps as "Coastal Barrier Resource System Areas" and "Otherwise Protected Areas."

Section 9.2.9 Floodplain management records.

Regardless of any limitation on the period required for retention of public records, the Floodplain Administrator shall maintain and permanently keep and make available for public inspection all records that are necessary for the administration of this Article and the flood resistant construction requirements of the Florida Building Code, including Flood Insurance Rate Maps; Letters of Change; records of issuance of permits and denial of permits; determinations of whether proposed work constitutes substantial improvement or repair of substantial damage; required design certifications and documentation of elevations specified by the Florida Building Code and this Article; notifications to adjacent communities, FEMA and the state related to alterations of watercourses; assurances that the flood carrying capacity of altered watercourses will be maintained; documentation related to appeals and variances, including justification for issuance or denial; and records of enforcement actions taken pursuant to this Article and the flood resistant construction requirements of the Florida Building Code. These records shall be available for public inspection at the City Clerk's office, City of Cape Coral City Hall, 1015 Cultural Park Boulevard, Cape Coral, Florida.

CHAPTER 3. PERMITS

Section 9.3.1. Permits required.

 Any owner or owner's authorized agent (hereinafter "applicant") who intends to undertake any development activity within the scope of this Article, including buildings, structures, and facilities exempt from the Florida Building Code, which is wholly within or partially within any flood hazard area shall first make application to the Floodplain Administrator and the Building Official, if applicable, and shall obtain the required permit(s) and approvals). No such permit or approval shall be issued until compliance with the requirements of this Article and all other applicable codes and regulations has been satisfied.

Section 9.3.2. Floodplain development permits or approvals.

Floodplain development permits or approvals shall be issued pursuant to this Article for any development activities not subject to the requirements of the Florida Building Code, including buildings, structures, and facilities exempt from the Florida Building Code. Depending on the nature and extent of proposed development that includes a building or structure, the Floodplain Administrator may determine that a floodplain development permit or approval is required in addition to a building permit.

Section 9.3.3. Buildings, structures, and facilities exempt from the Florida Building Code.

Pursuant to the requirements of federal regulation for participation in the National Flood Insurance Program (44 C.F.R. Sections 59 and 60), floodplain development permits or approvals shall be required for the following buildings, structures, and facilities that are exempt from the Florida Building Code and any further exemptions provided by law, which are subject to the requirements of this Article:

A. Nonresidential farm buildings on farms, as provided in section F.S. § 604.50.

387 B. Temporary buildings or sheds used exclusively for construction purposes.

C. Mobile or modular structures used as temporary offices.

D. Those structures or facilities of electric utilities, as defined in F.S. § 366.02, which are directly involved in the generation, transmission, or distribution of electricity.

E. Chickees constructed by the Miccosukee Tribe of Indians of Florida or the Seminole Tribe of Florida, As used in this paragraph, the term **CHICKEE** means an open-sided wooden hut that has a thatched roof of palm or palmetto or other traditional materials, and that does not incorporate any electrical, plumbing, or other non-wood features.

 F. Family mausoleums not exceeding 250 square feet in area which are prefabricated and assembled on site or preassembled and delivered on site and have walls, roofs, and a floor constructed of granite, marble, or reinforced concrete.

G. Temporary housing provided by the Department of Corrections to any prisoner in the state correctional system.

H. Structures identified in section F.S. § 553.73(10)(k) are not exempt from the Florida Building Code if such structures are located in flood hazard areas established on Flood Insurance Rate Maps.

Section 9.3.4. Application for a permit or approval.

To obtain a floodplain development permit or approval the applicant shall first file an application in writing on a form furnished by the city. The information provided shall:

A. Identify and describe the development to be covered by the permit or approval.

415		
	_	
416	В.	Describe the land on which the proposed development is to be conducted by legal description,
417		street address, or similar description that will readily identify and definitively locate the site.
418		
419	C.	Indicate the use and occupancy for which the proposed development is intended.
420		

D. Be accompanied by a site plan or construction documents as specified in § 9.4 of this Article.

422423 E. State the valuation of the proposed work.

F. Be signed by the applicant or the applicant's authorized agent.

427 G. Give such other data and information as required by the Floodplain Administrator.

Section 9.3.5. Validity of permit or approval.

The issuance of a floodplain development permit or approval pursuant to this Article shall not be construed to be a permit for, or approval of, any violation of this Article, the Florida Building Codes, or any other regulation of the City of Cape Coral. The issuance of permits based on submitted applications, construction documents, and information shall not prevent the Floodplain Administrator from requiring the correction of errors and omissions.

Section 9.3.6. Expiration.

A floodplain development permit or approval shall become invalid unless the work authorized by such permit is commenced within 180 days after its issuance, or if the work authorized is suspended or abandoned for a period of 180 days after the work commences. Extensions for periods of not more than 180 days each shall be requested in writing and justifiable cause shall be demonstrated.

Section 9.3.7. Suspension or revocation.

The Floodplain Administrator is authorized to suspend or revoke a floodplain development permit or approval if the permit was issued in error; on the basis of incorrect, inaccurate, or incomplete information; or in violation of this Article or any other regulation or requirement of the City of Cape Coral.

Section 9.3.8. Other permits required.

Floodplain development permits and building permits shall include a condition that all other applicable state or federal permits be obtained before commencement of the permitted development, including the following:

- A. The South Florida Water Management District; F.S. § 373.036.
- B. Florida Department of Health for onsite sewage treatment and disposal systems; F.S. § 381.0065 and Chapter 64E-6, F.A.C.

461			
462	C.		rida Department of Environmental Protection for construction, reconstruction, changes, or
463			sical activities for shore protection or other activities seaward of the coastal construction control
464		line	e; F.S. § 161.141.
465			
466	D.	Flo	rida Department of Environmental Protection for activities subject to the Joint Coastal Permit;
467		F.S.	§ 161.055.
468			
469	E.	Flo	rida Department of Environmental Protection for activities that affect wetlands and alter surface
470		wat	ter flows, in conjunction with the U.S. Army Corps of Engineers; Section 404 of the Clean Water
471		Act	
472			
473	F.	Fed	leral permits and approvals.
474			
475	CH	APTI	ER 4. SITE PLANS AND CONSTRUCTION DOCUMENTS.
476			
477	Sec	tion	9.4.1. Information for development in flood hazard areas.
478			
479	A.	The	e site plan or construction documents for any development subject to the requirements of this
480		Art	icle shall be drawn to scale and shall include, as applicable to the proposed development:
481			
482		1.	Delineation of flood hazard areas, floodway boundaries and flood zone(s), base flood
483			elevation(s), and ground elevations if necessary for review of the proposed development;
484			
485		2.	Where base flood elevations or floodway data are not included on the FIRM or in the Flood
486			Insurance Study, they shall be established in accordance with § 9.4.2.(B) or (C) of this Article;
487			
488		3.	Where the parcel on which the proposed development will take place will have more than 50
489			lots or is larger than five acres and the base flood elevations are not included on the FIRM or in
490			the Flood Insurance Study, such elevations shall be established in accordance with § 9.4.2.(A) of
491			this Article;
492			
493		4.	Location of the proposed activity, and structures, and locations of existing buildings and
494			structures; in coastal high hazard areas, new buildings shall be located landward of the reach of
495			mean high tide;
496			
497		5.	Location, extent, amount, and proposed final grades of any filling, grading, or excavation;
498			
499		6.	Where the placement of fill is proposed, the amount, type, and source of fill material;
500			compaction specifications; a description of the intended purpose of the fill areas; and evidence
501			that the proposed fill areas are the minimum necessary to achieve the intended purpose;
502			
503		7.	Delineation of the coastal construction control line or notation that the site is seaward of the
504			coastal construction control line, if applicable;
505			
506		8.	Extent of any proposed alteration of sand dunes or mangrove stands, provided such alteration is

507 approved by the Florida Department of Environmental Protection; and 508 509 9. Existing and proposed alignment of any proposed alteration of a watercourse. 510 511 B. The Floodplain Administrator is authorized to waive the submission of site plans, construction 512 documents, and other data that are required by this Article but that are not required to be prepared by a registered design professional if it is found that the nature of the proposed development is such 513 514 that the review of such submissions is not necessary to ascertain compliance with this Article. 515 516 Section 9.4.2. Information in flood hazard areas without base flood elevations (approximate Zone A). 517 518 Where flood hazard areas are delineated on the FIRM and base flood elevation data have not been 519 provided, the Floodplain Administrator shall: 520 521 A. Require the applicant to include base flood elevation data prepared in accordance with currently 522 accepted engineering practices. 523 B. Obtain, review, and provide to applicants base flood elevation and floodway data available from a 524 525 federal or state agency or other source or require the applicant to obtain and use base flood 526 elevation and floodway data available from a federal or state agency or other source. 527 528 C. Where base flood elevation and floodway data are not available from another source, where the 529 available data are deemed by the Floodplain Administrator to not reasonably reflect flooding 530 conditions, or where the available data are known to be scientifically or technically incorrect or 531 otherwise inadequate: 532 533 1. Require the applicant to include base flood elevation data prepared in accordance with 534 currently accepted engineering practices; or 535 536 2. Specify that the base flood elevation is two feet above the highest adjacent grade at the location 537 of the development, provided there is no evidence indicating flood depths have been or may be 538 greater than two feet; and 539 540 D. Where the base flood elevation data are to be used to support a Letter of Map Change from FEMA, 541 advise the applicant that the analyses shall be prepared by a Florida licensed engineer in a format required by FEMA, and that it shall be the responsibility of the applicant to satisfy the submittal 542 543 requirements and pay the processing fees. 544 545 Section 9.4.3. Additional analyses and certifications. 546 547 As applicable to the location and nature of the proposed development activity, and in addition to the 548 requirements of this section, the applicant shall have the following analyses signed and sealed by a 549 Florida licensed engineer for submission with the site plan and construction documents: 550

A. For development activities in a regulatory floodway, a floodway encroachment analysis that

demonstrates that the encroachment of the proposed development will not cause any increase in

551

base flood elevations; where the applicant proposes to undertake development activities that do increase base flood elevations, the applicant shall submit such analysis to FEMA as specified in § 9.4.4. of this Article and shall submit the Conditional Letter of Map Revision, if issued by FEMA, with the site plan and construction documents.

B. For development activities in a riverine flood hazard area for which base flood elevations are included in the Flood Insurance Study or on the FIRM and floodways have not been designated, hydrologic and hydraulic analyses that demonstrate that the cumulative effect of the proposed development, when combined with all other existing and anticipated flood hazard area encroachments, will not increase the base flood elevation more than one foot at any point within the City of Cape Coral. This requirement does not apply in isolated flood hazard areas not connected to a riverine flood hazard area or in flood hazard areas identified as Zone AO or Zone AH.

 C. For alteration of a watercourse, an engineering analysis prepared in accordance with standard engineering practices which demonstrates that the flood-carrying capacity of the altered or relocated portion of the watercourse will not be decreased, and certification that the altered watercourse shall be maintained in a manner which preserves the channel's flood-carrying capacity; the applicant shall submit the analysis to FEMA as specified in § 9.4.4. of this Article.

D. For activities that propose to alter sand dunes or mangrove stands in coastal high hazard areas (Zone V), an engineering analysis that demonstrates that the proposed alteration will not increase the potential for flood damage.

Section 9.4.4. Submission of additional data.

When additional hydrologic, hydraulic, or other engineering data, studies, and additional analyses are submitted to support an application, the applicant has the right to seek a Letter of Map Change from FEMA to change the base flood elevations, change floodway boundaries, or change boundaries of flood hazard areas shown on FIRMs, and to submit such data to FEMA for such purposes. The analyses shall be prepared by a Florida licensed engineer in a format required by FEMA. Submittal requirements and processing fees shall be the responsibility of the applicant.

CHAPTER 5. INSPECTIONS.

Section 9.5.1. General.

Development for which a floodplain development permit or approval is required shall be subject to inspection.

Section 9.5.2. Development other than buildings and structures.

The Floodplain Administrator shall inspect all development to determine compliance with the requirements of this Article and the conditions of issued floodplain development permits or approvals.

Section 9.5.3. Buildings, structures and facilities exempt from the Florida Building Code.

599	The Floodplain Administrator shall inspect buildings, structures, and facilities exempt from the Florida
600	Building Code to determine compliance with the requirements of this Article and the conditions of
601	issued floodplain development permits or approvals.
602	

Section 9.5.4. Buildings, structures, and facilities exempt from the Florida Building Code, lowest floor inspection.

Upon placement of the lowest floor, including basement, and prior to further vertical construction, the owner of a building, structure, or facility exempt from the Florida Building Code shall submit to the Floodplain Administrator:

A. If a design flood elevation was used to determine the required elevation of the lowest floor, the certification of elevation of the lowest floor prepared and sealed by a Florida licensed professional surveyor; or

B. If the elevation used to determine the required elevation of the lowest floor was determined in accordance with § 9.4.2.(C)(2) of this Article, the documentation of height of the lowest floor above highest adjacent grade, prepared by the owner.

Section 9.5.5. Buildings, structures, and facilities exempt from the Florida Building Code, final inspection.

As part of the final inspection, the owner shall submit a final certification of elevation of the lowest floor or final documentation of the height of the lowest floor above the highest adjacent grade; such certifications and documentations shall be prepared as specified in § 9.5.4. of this Article.

Section 9.5.6. Manufactured homes.

The Floodplain Administrator shall inspect manufactured homes that are installed or replaced in flood hazard areas to determine compliance with the requirements of this Article and the conditions of the issued permit. Upon placement of a manufactured home, certification of the elevation of the lowest floor shall be submitted.

CHAPTER 6. VARIANCES AND APPEALS.

Section 9.6.1. Variances.

The Cape Coral Hearing Examiner shall hear and decide on requests for requests for variances from the strict application of this Article. Pursuant to F.S. § 553.73(5), the Cape Coral Hearing Examiner shall hear and decide on requests for appeals and requests for variances from the strict application of the flood resistant construction requirements of the Florida Building Code. This section does not apply to Section 3109 of the Florida Building Code, Building.

Section 9.6.2. Appeals.

The Cape Coral Hearing Examiner shall hear and decide appeals when it is alleged there is an error in any

requirement, decision, or determination made by the Floodplain Administrator in the administration and enforcement of this Article. Any person aggrieved by the decision of Cape Coral Hearing Examiner may appeal such decision to the Cape Coral City Council, as provided by Article 2 of the Land Development Code.

Section 9.6.3. Limitations on authority to grant variances.

The Cape Coral Hearing Examiner shall base his or her decisions on variances on technical justifications submitted by applicants, the considerations for issuance in § 9.6.7. of this Article, the conditions of issuance set forth in § 9.6.8. of this Article, and the comments and recommendations of the Floodplain Administrator and the Building Official. The Cape Coral Hearing Examiner has the right to attach such conditions as deemed necessary to further the purposes and objectives of this Article.

Section 9.6.4. Restrictions in floodways.

A variance shall not be issued for any proposed development in a floodway if any increase in base flood elevations would result, as evidenced by the applicable analyses and certifications required in § 9.4.3. of this Article.

Section 9.6.5. Historic buildings.

A variance is authorized to be issued for the repair, improvement, or rehabilitation of a historic building that is determined eligible for the exception to the flood resistant construction requirements of the Florida Building Code, Existing Building, Chapter 11 Historic Buildings, upon a determination that the proposed repair, improvement, or rehabilitation will not preclude the building's continued designation as a historic building and the variance is the minimum necessary to preserve the historic character and design of the building. If the proposed work precludes the building's continued designation as a historic building, a variance shall not be granted and the building and any repair, improvement, and rehabilitation shall be subject to the requirements of the Florida Building Code.

Section 9.6.6. Functionally dependent uses.

A variance is authorized to be issued for the construction or substantial improvement necessary for the conduct of a functionally dependent use, as defined in this Article, provided the variance meets the requirements of § 9.6.4., is the minimum necessary considering the flood hazard, and all due consideration has been given to use of methods and materials that minimize flood damage during occurrence of the base flood.

Section 9.6.7. Considerations for issuance of variances.

In reviewing requests for variances, the Cape Coral Hearing Examiner shall consider all technical evaluations, all relevant factors, all other applicable provisions of the Florida Building Code, this Article, and the following:

A. The danger that materials and debris may be swept onto other lands resulting in further injury or damage;

- 691 B. The danger to life and property due to flooding or erosion damage; 692 693 C. The susceptibility of the proposed development, including contents, to flood damage and the effect 694 of such damage on current and future owners; 695 696 D. The importance of the services provided by the proposed development to the City of Cape Coral; 697 698 E. The availability of alternate locations for the proposed development that are subject to lower risk of 699 flooding or erosion; 700 701 F. The compatibility of the proposed development with existing and anticipated development; 702 703 G. The relationship of the proposed development to the comprehensive plan and floodplain 704 management program for the area; 705 H. The safety of access to the property in times of flooding for ordinary and emergency vehicles; 706 707 The expected heights, velocity, duration, rate of rise, and debris and sediment transport of the 708 709 floodwaters and the effects of wave action, if applicable, expected at the site; and 710 J. The costs of providing governmental services during and after flood conditions including 711 712 maintenance and repair of public utilities and facilities such as sewer, gas, electrical and water 713 systems, streets, and bridges. 714 715 Section 9.6.8. Conditions for issuance of variances. 716 717 Variances shall be issued only upon: 718 719 A. Submission by the applicant of a showing of good and sufficient cause that the unique 720 characteristics of the size, configuration, or topography of the site limit compliance with any 721 provision of this Article or the required elevation standards; 722 B. Determination by the Cape Coral Hearing Examiner that: 723 724 725 1. Failure to grant the variance would result in exceptional hardship due to the physical 726 characteristics of the land that render the lot undevelopable; increased costs to satisfy the 727 requirements, or inconvenience do not constitute hardship; 728
 - The granting of a variance will not result in increased flood heights, additional threats to public safety, extraordinary public expense, create nuisances, cause fraud on or victimization of the public, or conflict with existing local laws and ordinances; and
 - 3. The variance is the minimum necessary, considering the flood hazard, to afford relief;
 - C. Receipt of a signed statement by the applicant that the variance, if granted, shall be recorded in the Office of the Clerk of the Court in such a manner that it appears in the chain of title of the affected

729

730

731

732733

734735

737 parcel of land; and

D. If the request is for a variance to allow construction of the lowest floor of a new building or substantial improvement of a building below the required elevation, a copy in the record of a written notice from the Floodplain Administrator to the applicant for the variance, specifying the difference between the base flood elevation and the proposed elevation of the lowest floor, stating that the cost of federal flood insurance will be commensurate with the increased risk resulting from the reduced floor elevation (up to amounts as high as \$25 for \$100 of insurance coverage), and stating that construction below the base flood elevation increases risks to life and property.

Chapter 7. VIOLATIONS.

Section 9.7.1. Violations.

Any development that is not within the scope of the Florida Building Code but that is regulated by this Article that is performed without an issued permit, that is in conflict with an issued permit or that does not fully comply with this Article, shall be deemed a violation of this Article. A building or structure without the documentation of elevation of the lowest floor, other required design certifications, or other evidence of compliance required by this Article or the Florida Building Code is presumed to be a violation until such time as that documentation is provided.

Section 9.7.2. Authority.

For development that is not within the scope of the Florida Building Code but regulated by this Article and determined to be a violation, the Floodplain Administrator is authorized to serve notices of violation or stop work orders to owners of the property involved, to the owner's agent, or to the person or persons performing the work.

Section 9.7.3. Unlawful continuance.

Any person who shall continue any work after having been served with a notice of violation or a stop work order, except such work as that person is directed to perform to remove or remedy a violation or unsafe condition, shall be subject to penalties as prescribed by law.

CHAPTER 8. FLOOD RESISTANT DEVELOPMENT

Section 9.8.1. Design and construction of buildings, structures, and facilities exempt from the Florida Building Code.

Pursuant to § 9.3.3. of this Article, buildings, structures, and facilities that are exempt from the Florida Building Code, including substantial improvement or repair of substantial damage of such buildings, structures, and facilities, shall be designed and constructed in accordance with the flood load and flood resistant construction requirements of ASCE 24. Structures exempt from the Florida Building Code that are not walled and roofed buildings shall comply with the requirements of § 9.8.14. of this Article.

Section 9.8.2. Buildings and structures seaward of the coastal construction control line.

If extending, in whole or in part, seaward of the coastal construction control line and also, in whole or in

A. Buildings and structures shall be designed and constructed to comply with the more restrictive applicable requirements of the Florida Building Code, Building Section 3109 and Section 1612 or

B. Minor structures and non-habitable major structures as defined in F.S. § 161.54, shall be designed and

constructed to comply with the intent and applicable provisions of this Article and ASCE 24.

783 784

792

part, in a flood hazard area:

Florida Building Code, Residential Section R322; and

Section 9.8.3. Subdivision Minimum requirements.			
Subdivision proposals, including proposals for manufactured home parks and subdivisions, shall be			
reviewed to determine that:			
A.	Such proposals are consistent with the need to minimize flood damage and will be reasonably safe		
	from flooding;		
В.	All public utilities and facilities such as sewer, gas, electric, communications, and water systems are		
	located and constructed to minimize or eliminate flood damage; and		
C.	Adequate drainage is provided to reduce exposure to flood hazards; in Zones AH and AO, adequate		
	drainage paths shall be provided to guide floodwaters around and away from proposed structures.		
Sec	tion 9.8.4. Subdivision plats.		
Where any portion of proposed subdivisions lies within a flood hazard area, the following shall be			
required:			
A.	Delineation of flood hazard areas, floodway boundaries and flood zones, and design flood elevations,		
	as appropriate, shall be shown on preliminary plats;		
В.	Where the subdivision has more than 50 lots or is larger than five acres and base flood elevations are		
	not included on the FIRM, the base flood elevations determined in accordance with § 9.4.2. of this		
	Article; and		
C.	Compliance with the site improvement and utilities requirements of § 9.8.5., 9.8.6., 9.8.7., 9.8.8.,		
	9.8.9., and 9.8.10. of this Article.		
_			
Sec	tion 9.8.5. Minimum requirements for site improvements, utilities, and limitations.		
All proposed new development shall be reviewed to determine that:			
, 111	proposed new development shall be reviewed to determine that.		
A.	Such proposals are consistent with the need to minimize flood damage and will be reasonably safe		
	from flooding;		
	Subtrev A. B. C. Sec All		

B. All public utilities and facilities such as sewer, gas, electric, communications, and water systems are located and constructed to minimize or eliminate flood damage; and

C. Adequate drainage is provided to reduce exposure to flood hazards; in Zones AH and AO, adequate drainage paths shall be provided to guide floodwaters around and away from proposed structures.

Section 9.8.6. Sanitary sewage facilities.

All new and replacement sanitary sewage facilities, private sewage treatment plants (including all pumping stations and collector systems), and on-site waste disposal systems shall be designed in accordance with the standards for onsite sewage treatment and disposal systems in Chapter 64E-6, F.A.C. and ASCE 24 Chapter 7 to minimize or eliminate infiltration of floodwaters into the facilities and discharge from the facilities into flood waters, and impairment of the facilities and systems.

Section 9.8.7. Water supply facilities.

All new and replacement water supply facilities shall be designed in accordance with the water well construction standards in Chapter 62-532.500, F.A.C. and ASCE 24 Chapter 7 to minimize or eliminate infiltration of floodwaters into the systems.

Section 9.8.8. Limitations on sites in regulatory floodways.

 No development, including site improvements and land disturbing activity involving fill or regrading shall be authorized in the regulatory floodway unless the floodway encroachment analysis required in § 9.4.3. of this Article demonstrates that the proposed development or land disturbing activity will not result in any increase in the base flood elevation.

Section 9.8.9. Limitations on placement of fill.

 Subject to the limitations of this Article, fill shall be designed to be stable under conditions of flooding including rapid rise and rapid drawdown of floodwaters, prolonged inundation, and protection against flood-related erosion and scour. In addition to these requirements, if intended to support buildings and structures (Zone A only), fill shall comply with the requirements of the Florida Building Code.

Section 9.8.10. Limitations on sites in coastal high hazard areas (Zone V).

In coastal high hazard areas, alteration of sand dunes and mangrove stands shall be permitted only if such alteration is approved by the Florida Department of Environmental Protection and only if the engineering analysis required by § 9.4.3.(D) of this Article demonstrates that the proposed alteration | will not increase the potential for flood damage. Construction or restoration of dunes under or around elevated buildings and structures shall comply with § 9.8.14.(H) of this Article.

Section 9.8.11. Manufactured homes.

A. General. All manufactured homes installed in flood hazard areas shall be installed by an installer that

is licensed pursuant to F.S. § 320.8249, and shall comply with the requirements of Chapter 15C-1, F.A.C. and the requirements of this Article. If located seaward of the coastal construction control line, all manufactured homes shall comply with the more restrictive of the applicable requirements.

B. Foundations. All new manufactured homes and replacement manufactured homes installed in flood hazard areas shall be installed on permanent, reinforced foundations that:

1. In flood hazard areas (Zone A) other than coastal high hazard areas, are designed in accordance with the foundation requirements of the Florida Building Code, Residential Section R322.2 and this Article; and

2. In coastal high hazard areas (Zone V), are designed in accordance with the foundation requirements of the Florida Building Code, Residential Section R322.3 and this Article.

C. Anchoring. All new manufactured homes and replacement manufactured homes shall be installed using methods and practices which minimize flood damage and shall be securely anchored to an adequately anchored foundation system to resist flotation, collapse, or lateral movement. Methods of anchoring include use of over-the-top or frame ties to ground anchors. This anchoring requirement is in addition to applicable state and local anchoring requirements for wind resistance.

D. Elevation. Manufactured homes that are placed, replaced, or substantially improved shall comply with one of the following requirements, as applicable:

1. General elevation requirement. Unless subject to the requirements of § 9.8.11.D.2. of this Article, all manufactured homes that are placed, replaced, or substantially improved on sites: (a) outside of a manufactured home park or subdivision; (b) in a new manufactured home park or subdivision; (c) in an expansion to an existing manufactured home park or subdivision; or (d) in an existing manufactured home park or subdivision upon which a manufactured home has incurred substantial damage as the result of a flood, shall be elevated such that the bottom of the frame is at or above the elevation required, as applicable to the flood hazard area, in the Florida Building Code, Residential Section R322.2 (Zone A) or Section R322.3 (Zone V);

2. Elevation requirement for certain existing manufactured home parks and subdivisions. Manufactured homes that are not subject to § 9.8.11.D.1. of this Article, including manufactured homes that are placed, replaced, or substantially improved on sites located in an existing manufactured home park or subdivision, unless on a site where substantial damage as result of flooding has occurred, shall be elevated such that either the:

a. Bottom of the frame of the manufactured home is at or above the elevation required, as applicable to the flood hazard area, in the Florida Building Code, Residential Section R322.2 (Zone A) or Section R322.3 (Zone V); or

b. Bottom of the frame is supported by reinforced piers or other foundation elements of at least equivalent strength that are not less than 36 inches in height above grade.

E. Enclosures. Enclosed areas below elevated manufactured homes shall comply with the requirements

of the Florida Building Code, Residential Section R322 for such enclosed areas, as applicable to the flood hazard area.

F. Utility equipment. Utility equipment that serves manufactured homes, including electric, heating, ventilation, plumbing, air conditioning equipment, and other service facilities shall comply with the requirements of the Florida Building Code, Residential Section R322, as applicable to the flood hazard area.

Section 9.8.12. Recreational vehicles and park trailers.

A. Temporary placement. Recreational vehicles and park trailers placed temporarily in flood hazard areas shall:

1. Be on the site for fewer than 180 consecutive days; and

 2. Be fully licensed and ready for highway use, which means the recreational vehicle or park model is on wheels or jacking system, is attached to the site only by quick-disconnect type utilities and security devices, and has no permanent attachments such as additions, rooms, stairs, decks, and porches.

 B. Permanent placement. Recreational vehicles and park trailers that do not meet the limitations in § 9.8.12.A. of this Article for temporary placement shall meet the requirements of § 9.8.11. of this Article for manufactured homes.

Section 9.8.13. Tanks.

A. Underground tanks. Underground tanks in flood hazard areas shall be anchored to prevent flotation, collapse, or lateral movement resulting from hydrodynamic and hydrostatic loads during conditions of the design flood, including the effects of buoyancy assuming the tank is empty.

B. Above-ground tanks, not elevated. Above-ground tanks that do not meet the elevation requirements of § 9.8.13.C. of this Article shall:

 Be permitted in flood hazard areas (Zone A) other than coastal high hazard areas, provided the
tanks are anchored or otherwise designed and constructed to prevent flotation, collapse, or
lateral movement resulting from hydrodynamic and hydrostatic loads during conditions of the
design flood, including the effects of buoyancy assuming the tank is empty and the effects of
flood-borne debris; and

2. Not be permitted in coastal high hazard areas (Zone V).

C. Above-ground tanks, elevated. Above-ground tanks in flood hazard areas shall be attached to and elevated to or above the design flood elevation on a supporting structure that is designed to prevent flotation, collapse, or lateral movement during conditions of the design flood. Tank-supporting structures shall meet the foundation requirements of the applicable flood hazard area.

D. Tank inlets and vents. Tank inlets, fill openings, outlets, and vents shall be:

967

968

969 1. At or above the design flood elevation or fitted with covers designed to prevent the inflow of 970 floodwater or outflow of the contents of the tanks during conditions of the design flood; and 971 972 2. Anchored to prevent lateral movement resulting from hydrodynamic and hydrostatic loads, 973 including the effects of buoyancy, during conditions of the design flood. 974 Section 9.8.14. Other development. 975 976 977 A. General requirements for other development. All development, including man-made changes to 978 improved or unimproved real estate for which specific provisions are not specified in this Article or 979 the Florida Building Code, shall: 980 981 1. Be located and constructed to minimize flood damage; 982 2. Meet the limitations of § 9.8.8. of this Article if located in a regulated floodway; 983 984 985 3. Be anchored to prevent flotation, collapse, or lateral movement resulting from hydrostatic loads, including the effects of buoyancy, during conditions of the design flood; 986 987 4. Be constructed of flood damage- resistant materials; and 988 989 5. Have mechanical, plumbing, and electrical systems above the design flood elevation, except that 990 991 minimum electric service required to address life safety and electric code requirements is permitted below the design flood elevation provided it conforms to the provisions of the electrical 992 993 part of building code for wet locations. 994 B. Fences in regulated floodways. Fences in regulated floodways that have the potential to block the 995 passage of floodwaters, such as stockade fences and wire mesh fences, shall meet the limitations of 996 997 § 9.8.8. of this Article. 998 999 C. Retaining walls, sidewalks and driveways in regulated floodways. Retaining walls and sidewalks and 1000 driveways that involve the placement of fill in regulated floodways shall meet the limitations of § 1001 9.8.8. of this Article. 1002 1003 D. Roads and watercourse crossings in regulated floodways. Roads and watercourse crossings, including 1004 roads, bridges, culverts, low-water crossings, and similar means for vehicles or pedestrians to travel 1005 from one side of a watercourse to the other side, that encroach into regulated floodways, shall meet 1006 the limitations of § 9.8.8. of this Article. Alteration of a watercourse that is part of a road or 1007 watercourse crossing shall meet the requirements of § 9.4.3.C. of this Article. 1008 1009 E. Concrete slabs used as parking pads, enclosure floors, landings, decks, walkways, patios, and similar 1010 nonstructural uses in coastal high hazard areas (Zone V). 1011 1012 In coastal high hazard areas, concrete slabs used as parking pads, enclosure floors, landings, decks,

walkways, patios, and similar nonstructural uses are permitted beneath or adjacent to buildings and structures provided the concrete slabs are designed and constructed to be:

1. Structurally independent of the foundation system of the building or structure;

2. Frangible and not reinforced, to minimize debris during flooding that is capable of causing significant damage to any structure; and

3. Have a maximum slab thickness of not more than four inches.

F. Decks and patios in coastal high hazard areas (Zone V). In addition to the requirements of the Florida Building Code, in coastal high hazard areas decks and patios shall be located, designed, and constructed in compliance with the following:

1. A deck that is structurally attached to a building or structure shall have the bottom of the lowest horizontal structural member at or above the design flood elevation and any supporting members that extend below the design flood elevation shall comply with the foundation requirements that apply to the building or structure, which shall be designed to accommodate any increased loads resulting from the attached deck;

2. A deck or patio that is located below the design flood elevation shall be structurally independent from buildings or structures and their foundation systems and shall be designed and constructed either to remain intact and in place during design flood conditions or to break apart into small pieces to minimize debris during flooding that is capable of causing structural damage to the building or structure or to adjacent buildings and structures;

3. A deck or patio that has a vertical thickness of more than 12 inches or that is constructed with more than the minimum amount of fill necessary for site drainage shall not be approved unless an analysis prepared by a qualified registered design professional demonstrates no harmful diversion of floodwaters or wave runup and wave reflection that would increase damage to the building or structure or to adjacent buildings and structures; and

4. A deck or patio that has a vertical thickness of 12 inches or less and that is at natural grade or on nonstructural fill material that is similar to and compatible with local soils and is the minimum amount necessary for site drainage may be approved without requiring analysis of the impact on diversion of floodwaters or wave runup and wave reflection.

G. Other development in coastal high hazard areas (Zone V).

In coastal high hazard areas, development activities other than buildings and structures shall be permitted only if also authorized by the appropriate federal, state, or local authority; if located outside the footprint of and not structurally attached to buildings and structures; and if analyses prepared by qualified registered design professionals demonstrate no harmful diversion of floodwaters or wave runup and wave reflection that would increase damage to adjacent buildings and structures. Such other development activities include but are not limited to:

1059		1.	Bulkheads, seawalls, retaining walls, revetments, and similar erosion control structures;		
1060					
1061		2.	Solid fences, privacy walls, and fences prone to trapping debris, unless designed and constructed		
1062			to fail under flood conditions less than the design flood or otherwise function to avoid obstruction		
1063			of floodwaters; and		
1064					
1065		3.	On-site sewage treatment and disposal systems defined in 64E-6.002, F.A.C., as filled systems or		
1066			mound systems.		
1067					
1068	Н.	No	onstructural fill in coastal high hazard areas (Zone V).		
1069					
1070		1.	Minor grading and the placement of minor quantities of nonstructural fill shall be permitted for		
1071			landscaping and for drainage purposes under and around buildings.		
1072					
1073		2.	Nonstructural fill with finished slopes that are steeper than one unit vertical to five units		
1074			horizontal shall be permitted only if an analysis prepared by a qualified registered design		
1075			professional demonstrates no harmful diversion of floodwaters or wave runup and wave		
1076			reflection that would increase damage to adjacent buildings and structures.		
1077					
1078		3.	Where authorized by the Florida Department of Environmental Protection or applicable local		
1079			approval, sand dune construction and restoration of sand dunes under or around elevated		
1080			buildings are permitted without additional engineering analysis or certification of the diversion of		
1081			floodwater or wave runup and wave reflection if the scale and location of the dune work is		
1082			consistent with local beach-dune morphology and the vertical clearance is maintained between		
1083			the top of the sand dune and the lowest horizontal structural member of the building.		
1084					
		`			

1 Chapter 1. Subdivisions

Section 10.1.1. Purpose and Intent

The purpose and intent of this Article is to establish the procedures for review and approval of proposed subdivisions and plats within the City of Cape Coral in accordance with Chapter 177 Part 1 of the Florida Statutes, the City of Cape Coral Technical Requirements for Plat Approval, and this Code.

Section 10.1.2 Applicability and Process.

A. Applicability. This Section shall apply to any subdivision or re-subdivision of land in the City.

1. No subdivision shall be platted or recorded, no lot shall be sold, and no building or development permit be issued unless the subdivision meets all applicable laws of the state, this code, and has been approved by the City in accordance with the requirements of this Article.

2. This section shall not apply to any land forming part of a subdivision created and recorded prior to effective date of the ordinance from which this article is derived, but it shall apply to any resubdividing (replats) of previously approved subdivisions and all new subdivisions.

3. It is not intended by the provisions of these regulations to repeal, abrogate, annul, or in any way impair or interfere with private restrictions placed upon property by deed, covenant, or private agreement, except that where this article imposes higher standards than imposed by such deeds, covenants, or private agreements then the provisions of this article shall apply. The City shall not be responsible for enforcement of such deeds, covenants, or agreements.

B. Unless otherwise exempt from this Section or approved as a lot split, all subdivision of land is subject to a three-step review process consisting of:

Preliminary Subdivision Plan (PSP) approval;

2. Subdivision Construction Plan (SCP) approval; and

3. Plat approval and recording.

C. PSP approval is optional for lot splits and those projects in compliance with zoning regulations. SCP approval is required prior to Plat approval.

Section 10.1.3 General Requirements.

A. All division of land in the City shall occur only as a new subdivision plat, a replat, or a lot split. The requirements for lot splits are set forth in Article 3, Chapter 3, Section 3.3.4.

B. No lot split shall be recognized by the City, no lot that is part of a lot split shall be sold, and no building permit shall be issued unless the lot split has been approved by the City prior to recording in accordance with the requirements of Article 3, Chapter 3, Section 4.

C. A PSP depicts the proposed subdivision layout and the preliminary design of any required improvements which may include off-site improvements. A Preliminary Subdivision Plan is an administrative approval, pursuant to Article 3 of this Code.

52 D. Following PSP approval, applicants may then seek approval of the SCP and Plat.

E. The SCP shall depict the detailed engineering and construction plans to develop a subdivision and all required improvements, in accordance with the approved PSP.

57 F. Subdivisions may be approved for phased development. Phasing must be shown on the PSP.

G. An application for Plat review shall not be submitted prior to application for SCP approval. The applications may be submitted concurrently.

H. Electronic file. In addition to any hard copies that may be required all PSPs, SCPs, and Plats shall submitted as electronic files in a format acceptable to the City.

I. No plat or replat of any subdivision shall be recorded in the office of the Lee County Clerk until the plat has been duly approved by City Council in the manner prescribed herein.

J. All plats approved by the City Council shall be recorded by the developer at the Lee County Clerk of Circuit Court within 20 business days of receiving the approved plat from the City.

K. Employment of engineers, surveyors, and other design consultants. A professional engineer licensed in the State of Florida shall prepare the respective plans to be included in all applications for approval. The engineer shall design all required improvements such as streets, drainage systems, water and sewage facilities, etc. Plats shall be prepared by a professional surveyor and mapper licensed in the State of Florida. All plans, drawings, reports, and calculations shall be prepared, signed, and sealed by the appropriate licensed professional, such as engineers, architects, landscape architects, land surveyors, and attorneys registered in the state. Other specialized consultants, such as environmental consultants, structural engineers, archaeologists, etc., may be required to assist in the preparation of the plans, drawings, reports, and other documents required as application submittals.

L. It shall be unlawful for the owner or agent of the owner of any land in the City to transfer, sell, or convey land by reference to, exhibition of, or other use of a plat of a subdivision of such land without having recorded an approved plat with the Lee County Clerk as required herein. If such unlawful use is made of a plat before it is properly approved and recorded, the owner or agent shall be guilty of a misdemeanor of the first degree, punishable as provided in Florida Statutes 665.083 or Florida Statutes 775.082. Provided, however, that nothing herein shall affect the validity of transfers on sales of interests in property.

Section 10.1.4 Preliminary Subdivision Plan Approval.

A. Purpose and intent. The purpose of Preliminary Subdivision Plan approval is to help prevent unnecessary and costly revisions during the Subdivision Construction Plan and Plat preparation stage

of the subdivision development process. The Preliminary Subdivision Plan depicts the proposed subdivision layout and preliminary design of the proposed improvements in sufficient detail in order that it may be evaluated and granted preliminary approval pursuant to this Code.

B. Review Process.

1. Applications for a Preliminary Subdivision Plan approval are reviewed in the same manner as administrative approvals, as established in Article 3 of this Code.

2. All applications must be prepared by a Florida registered professional engineer and shall be submitted on forms provided by the Director.

C. Expiration. The PSP approval shall expire and be of no further force and effect if a completed application for SCP approval is not filed within two years of PSP approval. After expiration of two years, the applicant will be required to re-submit the PSP for review and approval as set forth in this Article. Applicants may apply for an extension prior to the expiration date. The applicant shall demonstrate good cause for the extension. The Community Development Director may extend the approval period up to twelve (12) months if the applicant has progressed in good faith toward the implementation of the subdivision. Subdivisions approved in conjunction with a PUD shall be governed by the Master Concept Plan (MCP)(and any, phasing, conditions, or requirements of the PUD.

Section 10.1.5 Subdivision Construction Plan Approval.

A. Application required. The applicant shall submit Subdivision Construction Plans for the required subdivision improvements in compliance with the PSP approval or a PUD MCP. No construction shall commence until the applicant has received requisite design approvals, permits, and complied with applicable provisions of this article.

B. Timing. Applications for SCP approval must be submitted within two years of City approval of the PSP. Applications for approval of subsequent phases, if any, shall occur within twelve (12) months of the issuance of a certification of completion of the previous phase. Failure to submit for SCP approval within a specified amount of time shall require reapplication under the PSP requirements of this Article. Applicants may not apply for SCP approval for any portion of the subdivision that is not to be constructed within the following twelve (24) months. Failure to make application for SCP approval within required time periods may result in revocation of a Preliminary Subdivision Plan, unless the applicant has applied for an extension from the Community Development Director prior to the lapse. The request for the extension must be made prior to the expiration date. The applicant shall demonstrate good cause for the extension. The Community Development Director may extend the prescribed time period up to twelve (12) months if the applicant has progressed in good faith toward the implementation of the PSP.

C. Review Process. Application review and approval follows the administrative review procedure as established in Sections 3.1.4 through 3.1.8 of Article 3. Specifically, SCP's are reviewed in accordance with Section 3.3.7.

- D. Approval of the SCP. Upon approval of the SCP the developer may proceed with construction in accordance with Section 3.3.7. or the developer may complete the Plat review process for recording the Plat.
 - E. When the developer elects to install the subdivision improvements prior to recording of the plat, a Certificate of Completion for the improvements must be obtained in accordance with Section 3.3.7., prior recoding the plat. The final plat shall not be scheduled for City Council approval prior to receipt of the Certificate of Completion.
 - F. When the developer intends to record the plat prior to installation of the required improvements the developer shall provide assurance of completion of the improvements as approved in the SCP.
 - 1. Assurance of completion of improvements. Assurance of completion of the subdivision improvements as specified below will be required for all on and off-site improvements, required to support the subdivision. Assurance of completion of the improvements will be required prior to scheduling the plat for City Council approval. Those subdivision improvements that have been constructed, inspected, and approved by the Development Services Manger through the issuance of a Certificate of Completion may be excluded from the financial assurance provided.
 - 2. Surety or cash performance bond. Security in the form of a surety or cash performance bond must be posted with the Community Development Department and made payable to the City in an amount equal to 110 percent of the full cost of installing the required improvements approved by the City. If the proposed improvement will not be constructed within one year of issuance of the subdivision infrastructure permit, the amount of the surety or cash performance bond must be increased by ten percent compounded for each year of the life of the surety or bond. Alternatively, the surety or cash performance bond may be renewed annually at 110 percent of the cost of completing the remaining required improvements if approved by the Director. Prior to acceptance, bonds must be reviewed and approved by the City Attorney's Office. Surety instruments will be reviewed and approved in accord with the provisions set forth in City of Cape Coral Technical Requirements for Plat Approval.
 - 3. Other types of security. The Director may accept letters of credit or escrow account agreements or other forms of security provided that the reasons for not obtaining the bond are stated and the City Attorney approves the document. Review and approval of surety instruments will be in accord with the guidelines set forth in City of Cape Coral Technical Requirements for Plat Approval.
 - G. Engineers Opinion of Probable Construction Costs. Cost opinions prepared to determine the amount of the financial surety shall be prepared in accordance with Article 3 of this Code and shall also include the cost of setting all permanent control points (PCPs) required by Section 10.1.7. of this Code.
- H. Phasing. The SCP may contain phases as provided on the PSP or MCP. Each phase of a subdivision shall install all required improvements to support that phase and provide continuation of improvements as may be required from previous phases and for future phases. No phase shall be approved if it is dependent on a future unconstructed phase of the subdivision.

- 185 I. Applicant's failure to complete required improvements.
- 1. Failure of applicant to complete required improvements. When a plat has been recorded and the applicant fails to complete the required improvements as required by this article, the City shall require the completion of the required improvements under the financial assurance provided by the Developer. In such case, the City shall call upon the financial surety to secure satisfactory completion of the required improvements. Legal notice of such action shall be deemed to have been duly served upon demand of the Director via certified mail return receipt requested.
 - 2. In cases where plat has not been recorded. Where an applicant has elected to install the required improvements prior to recording of the plat and fails to complete such improvements within the time limitations of this article, all approvals of the subdivision shall be null and void. No reference shall be made to the plat with respect to the sale of lots or issuance of building permits, unless and until the Developer submits a new application for SCP and Plat approval.

Section 10.1.6 Plat Approval.

- A. Plat approval procedures. Plats must be prepared in accordance with Chapter 177 Part 1 of the Florida Statutes, and the City of Cape Coral Technical Requirements for Plat Approval, which are hereby incorporated by reference. The preliminary plat must be submitted during the SCP review. SCP approval will not be granted prior to approval of the preliminary plat. The Final Plat shall incorporate all changes or modifications resulting from the review of the SCP and any remaining conditions or requirements of the PSP or MCP approval.
- B. Review Process. Application review and approval follows the administrative review procedure as established in Article 3 of this Code.
- C. Supplemental information required for plat review.
 - Operation and maintenance covenants. Where applicable, a copy of the covenants used for the
 maintenance and operation of the infrastructure improvements required by this Code including
 private streets and adjacent drainage, drainage and storm water management systems, utilities,
 public water and sewage systems, on-site bikeways, on-site pedestrian ways, open space, parks,
 recreation areas, and buffers. These documents must meet the criteria set forth in the City of
 Cape Coral Technical Requirements for Plat Approval.
 - 2. Articles of incorporation and bylaws or other legal documents for assignment of maintenance. The developer must submit a copy of the legal documents creating the legal mechanism to ensure that the drainage system, on-site bikeways, on-site pedestrian ways, roadways and rights-of-way are continuously maintained. These documents must meet the requirements set forth in the City of Cape Coral Technical Requirements for Plat Approval.
- D. After the final plat has been approved and certified by the Community Development Director, the City Surveyor, and the City Attorney that it complies with all applicable requirements of this Code, the Director shall schedule the Plat for acceptance by City Council. The plat will be scheduled as a consent agenda item on an upcoming City Council meeting. Upon City Council approval and acceptance of the

plat, the Mayor and City Clerk shall indicate such approval on the final plat by signing the certificate of approval for recording. The Director will notify the developer when the approved Plat has been signed and ready for recording.

233234235

231

232

E. Revisions after final plat approval by City Council and prior to recordation.

236237

1. Recording information for the property or home owner's association documents may be added to the plat at the time of recording of the documents.

238239240

241

2. Any other changes, erasures, modifications, or revisions to an approved plat prior to recordation may only be made by the Community Development Director to correct scrivener's errors. No such request shall be considered unless made by the preparer of the plat.

242243244

3. No other changes, erasures, modifications, or revisions may be made to an approved final plat prior to recordation unless a new application and fee are submitted for review and approval.

245246247

F. Approval of the Plat by the City shall not constitute acceptance by the City of the dedication of any public street, other public way, easement, or improvement or the responsibility to construct or maintain any improvements unless so indicated in the dedication on the plat.

249250251

252

253

248

G. Recording. The approved plat shall be recorded with Lee County Clerk of Circuit Court within twenty (20) days of receiving the approved plat from the City. After recordation of the plat, the developer shall provide to the Community Development Director a full size certified copy of the recorded plat.

254255256

H. Building permits. No building permits for residential or residential accessory structures shall be issued until the final plat has been recorded and all subdivision improvements have either been completed or sufficient assurance of completion has been reviewed and approved by the City Attorney.

258259260

261

262

263264

265

266

257

I. Phasing. The applicant may construct the proposed development and record plats for any phase approved on the PSP or MCP. The phases shall have been specified on the approved Preliminary Subdivision Plan and shall be of such a size and design that all phases completed at any time can exist independently as a subdivision in complete conformity with the requirements of this article. Any change in the sequence of phases must receive prior approval by the Development Services Manager. If PSP or MCP is phased, the applicant shall have the option of platting one or more of the development phases in a single plat in conformity with all the procedures and requirements of this article.

267268269

Section 10.1.7 Minimum Design Standards.

270271272

A. Monumentation. Monuments must be installed in accordance with F.S. Ch. 177.091(9).

273 274

1. Permanent reference monuments. Permanent reference monuments (PRMs) must be placed on the boundary of all subdivisions as required by F.S. Ch. 177, as amended, and approved by a licensed, registered state professional surveyor and mapper.

- 2. Monuments must be set in the ground so that the top is flush or no more than one-half foot below the existing ground. Subsurface PRMs must be exposed for inspection when a plat is submitted for review. If development of the subdivision occurs after a plat is reviewed, the PRMs must be raised or lowered to be flush or no more than one-half foot below the finished ground. Subsurface PRMs must be exposed for inspection at the time of final inspection of the development.
- B. Permanent control points. Permanent control points (PCPs) must be installed in accordance with F.S. Ch. 177. When a plat is recorded prior to construction of the subdivision improvements, the PCPs must be set following completion of construction. The surveyor must certify that the PCPs have been set and must record the certification in the official record books of the County.
- C. Streets.

- 1. The widths and locations of all public or private streets in a proposed subdivision shall Conform to the City of Cape Coral Engineering Design Standards.
- 2. Street extensions.
 - a. The street layout of the proposed subdivision shall provide for the continuation or projection of streets already existing in areas adjacent to the area being subdivided unless such continuation or extension is for specific reasons of topography or design.
 - b. Where it is necessary for public safety to provide street access to adjoining properties, proposed streets shall be extended by dedication to the boundaries of such properties. Where it is determined necessary for public safety, dead-end streets shall be provided with a temporary turnaround having a radius as specified in the City of Cape Coral Engineering Design Standards.
 - c. The street system for the proposed subdivision shall provide for extending existing streets at the same or greater width, but in no case, shall a street extension be of less width than the minimum width required by the City of Cape Coral Engineering Design Standards for a street in its category.
- 3. Dedication of right-of-way for new streets.
 - a. The dedication of rights-of-way for new streets, measured from lot line to lot line, shall meet the standards specified in the City of Cape Coral Engineering Design Standards.
 - b. Dedication of one-half of the rights-of-way for proposed streets along the boundaries of land proposed for subdivision shall be prohibited.
- 4. Dedication of right-of-way for existing streets.

321 a. Subdivisions platted along existing streets shall dedicate additional rights-of-way if 322 necessary to meet the minimum street width requirements for new streets set forth in the 323 City of Cape Coral Engineering Design Standards. 324 325 b. The entire minimum right-of-way width shall be dedicated where the subdivision is on 326 both sides of an existing street. When the subdivision is located on only one side of an 327 existing street, one-half of the required right-of-way width, measured from the center line of the existing right-of-way or street, as appropriate, shall be dedicated. 328 329 330 5. Intersections. Intersections shall be designed and spaced as set forth in the City of Cape Coral 331 Engineering Design Standards. 332 333 6. Curves in streets; horizontal and vertical. All curves in streets shall be designed and 334 constructed as set forth in the City of Cape Coral Engineering Design Standards. 335 336 7. Street grades and elevations. Street grades and elevations shall conform to the City of Cape 337 Coral Engineering Design Standards. 338 339 8. Frontage access streets. Where the proposed subdivision abuts upon or contains an existing 340 or proposed arterial street or highway on which traffic volumes and vehicular speeds warrant 341 special safety considerations, the City shall require that frontage access streets be provided in 342 order that no lots will front on such existing or proposed arterial street or highway. 343 344 9. Street jogs. Street jogs must be as set forth in the City of Cape Coral Engineering Design 345 Standards. 346 347 10. Dead-end streets (cul-de-sacs). Cul-de-sacs or dead-end streets must be designed to conform 348 to the City of Cape Coral Engineering Design Standards. 349 350 11. Street names. Proposed streets which are in alignment with other already existing and named 351 streets shall bear the names of such existing streets. The name of a proposed street which is 352 not in alignment with an existing street shall not duplicate the name of any existing street. 353 354 12. Alleys. Alleys may be provided to give access to the rear of all lots used for commercial and 355 industrial purposes. Alleys shall not be provided in residential blocks except in the SC district 356 or in cases where the developer produces evidence of the need for alleys which is satisfactory 357 to the City. 358 359 D. Blocks. Block lengths shall not exceed 1,200 feet or be less than 400 feet, except as approved by 360 the Director. 361 362 E. Lots. 363 364 1. Arrangement. Each lot in a subdivision shall be at right angles to straight street lines and radial to curved street lines. 365

2. Dimension and area regulations. Dimension and area regulations for all lots proposed within the subdivision, including the size, shape, width, depth, area, building setback lines, corner lot regulations, yard requirements, off-street parking areas, and minimum lot frontage on public streets shall comply with the zoning district requirements in which the proposed subdivision is located.

F. Utility and drainage easements.

1. Utility planning and coordination. To ensure that adequate and properly designed utility easements are provided, developers shall consult with City staff and other appropriate personnel of public utility authorities providing gas, electricity, telephone, water, sewer, or other services of a similar nature before and during the planning and preparation of a Preliminary Subdivision Plan.

2. Width and location. A 10' public utility easement shall be provided across the front of all lots or parcels and shall be provided along each side of any street right of way or access easement. Where necessary or advisable in the opinion of the City, similar easements shall be provided alongside lot lines or across lots. Easement design should provide clear and orderly alignments from one block to the next and from one development to the next. The easement system should be continuous and well aligned to permit the efficient installation of utility service lines.

3. Underground wiring and installation. Developers shall contact overhead public utility authorities in the early stages of subdivision planning to determine the procedures for negotiating contracts for all underground utility service.

4. Storm drainage. Drainage easements shall be sized appropriately for the installation and maintenance of drainage improvements necessary for proper drainage within or through a subdivision.

G. Street lights. As established in the City of Cape Coral Engineering Design Standards.

Section 11.1. Purpose and Intent

- A. This chapter is intended to define terms used in the Land Development Code (LDC) and provide clarity in the LDC.
- B. Unless the context clearly indicates a different meaning, the following definitions shall be used to interpret the provisions of the LDC.
- C. Words whose meanings are self-evident as used in this Code are not defined here. Undefined terms that are commonly used may be defined using a dictionary. Words used in the present tense shall include the future; the singular includes the plural, and vice versa.
- D. Certain definitions may not be in alphabetical order and may be organized according to a common term or subject heading.
- E. The definitions in the Article may be different from the definitions used in the City of Cape Coral Code of Ordinances.

CHAPTER 2. GENERAL DEFINITIONS

Abandoned Structure, is any structure which has ceased to be used for its designed and intended purpose.

Abandonment, is the relinquishment or cessation of the use of property by the owner or lessee without any intention of transferring rights to the property to another owner or of resuming the use of the property. Often in reference to an easement or a right-of-way.

Acre, is a land area of 43,560 square feet.

Access, is the place, means, or way by which vehicles or pedestrians obtain ingress and egress to a property or use.

Access Drive, is a driving surface leading from a right-of-way to a parking area.

Accessory Dwelling Unit (ADU), is a separate housekeeping unit from the with a separate entrance, kitchen, sleeping area, and full bathroom facilities, which is an attached or detached extension to an existing single-family structure.

Accessory Building or Structure, a subordinate building or structure, the use of which is customarily incidental the main building or to the main use of the land and which is on the same site as the main building or use.

Accessory Use, is a use that is incidental to and subordinate to the main building or use of land and that is on the same lot and under the same ownership in all respects.

CITY OF CAPE CORAL, FLORIDA LAND DEVELOPMENT CODE ARTICLE 11 – DEFINITIONS

Addition, any construction that increases the size of a building in terms of site coverage, height, length, width, or gross floor area.

Adjoining or Abutting, means two properties share at least one common point or property line.

Adjacent, means two properties that are separated by a public right of way, canal, or alley.

Adult Day Care Center means any building or buildings, operated for profit or not, which provides daytime, basic care services to three or more persons who are 18 years of age or older, who are not related to the owner or operator by blood or marriage, and who require such services.

Adult Entertainment Establishment or Use, is a use which is distinguished or characterized by an emphasis on materials depicting, describing or relating to specified sexual activities or specified anatomical areas either by observation or participation by the patrons or employees of that use. Specified uses are found in F.S. Ch. 847.001 and include, adult bookstores, adult theaters, unlicensed massage establishments, and adult special cabarets.

Affordable Housing, is housing with a sale or rental cost, including taxes and utilities, of 30 percent or less of the total monthly household income of low income households.

Agricultural Building, Structures intended primarily or exclusively for support of an agricultural function, including barns, silos, water towers, windmills, and greenhouses.

Agricultural Land, land used actively for the production of food, fiber, or livestock.

Agricultural Uses, means farming, including plowing, tillage, cropping, seeding, cultivating, or harvesting for the production of food and fiber products (except commercial logging and timber harvesting operations); the grazing or raising of livestock (except in feed yards); aquaculture; sod production; orchards or groves; Christmas trees; nurseries; and the cultivation of products as part of a recognized commercial enterprise.

Alley, a right-of-way that affords a secondary means of vehicular access to abutting properties.

Alteration, means any enlargement, addition, relocation, remodel, change in number of units, development, or change to a facility, other than painting and other changes to finishes.

Ambient, is the surrounding level of light, noise, air, or odor.

Amplified Sound, means sound augmented by any electronic or other means that increases the sound level or volume. Public background sound or amplified sound caused by the police or fire departments of the city in the performance of their official duties shall not be considered amplified sound.

Animal Kennel, An establishment where more than four dogs or cats (except litters of animals of not more than six months of age) are kept, raised, cared for or boarded, for a fee.

Animal Shelter, any place so designed to provide for the temporary accommodation of five or more stray common household pets until appropriate disposition of such animals can be made.

Arbor, is a n structure on which plants and vines can grow.

Arcade, Architectural, means a succession of arches supported by columns or piers, or a covered walkway enclosed by a line of arches on one or both sides.

Architectural Feature, any prominent or characteristic part of a building, including windows, columns, awnings, marquee, façade, or fascia.

Art, Public, is any visual work of art displayed open to the public view on public or private property which does not contain characteristics of an advertisement for a business.

Assisted Living Facility (ALF) or Nursing Home, means any building, section or distinct part of a building, private home, boarding home, home for the aged, or other residential facility, whether operated for profit or not, which undertakes through its ownership or management to provide housing, meals, and one or more personal services for a period exceeding 24 hours to one or more adults who are not relatives of the owner or administrator.

Auditorium or Assembly Hall, a building with facilities to accommodate groups of people.

Awning, a roof-like cover, often of fabric, metal, or glass designed and intended for protection from the weather or as a decorative embellishment, and which projects from a wall or roof of a structure over a window, walk, door.

Banding, means a projection of masonry or similar material around a building or part of a building, which is attached to the building.

Bar, is an area or establishment primarily devoted to the serving of alcoholic beverages and in which the service of food is only incidental to the consumption of such beverages.

Basement, the portion of a building having its floor subgrade (below ground level) on all sides.

Bathroom, is a room in a building containing, at a minimum, a toilet and a sink.

Bed and Breakfast, means a transient lodging establishment, generally in a single-family dwelling or detached guesthouses, primarily engaged in providing overnight or otherwise temporary lodging for the general public and may provide meals for compensation.

Berm, A mound or earthen ridge placed above natural or existing grade for the purpose of shielding, screening, mitigating impacts from or otherwise separating areas of dissimilar use, to provide visual interest, accommodate landscape improvements, or control the direction and flow of water.

Best Management Practices (BMP), is the combination of conservation measures, structures, or management practices that reduces or avoids adverse impacts of development on adjoining site's land, water or waterways, and waterbodies.

Bike Lane, is a corridor expressly reserved for bicycles.

Bio-Retention Area, A shallow planted depression designed to retain or detain stormwater before infiltration or discharge. Plants used in bio-retention areas must be able to survive without fertilizer or other artificial means.

Block, is land typically surrounded by streets or other transportation or utility rights-of-way, or by physical barriers such as bodies of water or public open spaces. Block may also mean a group of parcels within a geographic area.

Boat, is a vessel designed for operation as a watercraft propelled by oars, sails, or internal combustion engine(s). A boat shall not be considered as a recreational vehicle even though may have facilities for temporary living quarters.

Borrow Pit, are excavations created by the surface mining of rock, unconsolidated geologic deposits, or soil to provide material (borrow) for fill elsewhere.

Brewery, is a facility with a capacity to manufacture more than 5,000 barrels of beer or other similar beverages a year.

LAND DEVELOPMENT CODE ARTICLE 11 – DEFINITIONS

Brewpub, A restaurant or bar with facilities that produces beer or wine for on-site consumption and retail sale to restaurant, bar, or nightclub patrons. Nonalcoholic beverages may also be produced for on-site consumption and retail sale. A brewpub differs from an artisan brewery in that a greater percentage of beer or wine produced at a brewpub is generally consumed on the premises.

CITY OF CAPE CORAL, FLORIDA

Buffer, means open spaces, landscaped areas, fences, walls, berms, or any combination thereof used to physically and visually separate one use or property from another.

Build-to Line, locations where a proposed development shall locate the linear footage of the building's edge, thus ensuring a uniform (or more or less even) building façade line on the street. Build-to lines may correspond to the property line or may be offset from the property line.

Buildable Area, is that portion of a lot exclusive of the required setbacks or open spaces upon which improvements are permitted.

Building, Attached, is a building which has at least part of a wall in common with another building, or which is connected to another building by a roof.

Building Rear, means a building wall that does not face a public street, a private access way, or a common open space. A building may have more than one building rear.

Building Front, means a building wall that faces a public street, a private street, or a common open space. A building may have more than one building front.

Building, Primary or Principal, is a building in which the primary use of the lot, on which the building is located, is conducted.

Bulkhead, means a shoreline stabilization structure including riprap or a seawall.

Business Front Foot, means the lineal distance of the building space occupied by the particular business measured on a straight-line parallel to the street. If a building fronts on two (2) or more streets, the property owner shall be given the option of selecting one (1) street frontage for the purpose of computing allowable sign area. Where a business does not parallel a street, the front foot shall be measured along the exterior of the building space occupied by the particular business.

By-right, refers to uses that are permitted without special conditions or a public hearing.

Canopy, a roof-like structure serving the purpose of protecting pedestrians from rain and sun, which may project from a building or be free standing.

Caliper - Palm, the diameter of the palm trunk taken at the widest portion, measured between one foot and three feet from the ground. Caliper – Tree, the measurement of the average of the largest diameter of a tree, and that perpendicular to it, measured 12 inches above the ground. Cemetery, is land used or dedicated to the burial of the dead, including crematoriums, mausoleums, necessary sales, and maintenance facilities. Mortuaries shall be included when operated within the boundary of such cemetery. Certificate of Completion. Documentation that a structure, system(what kind of system?), site development or subdivision infrastructure is complete and for certain types of permits is released for use and may be connected to a utility system. Certificate of Occupancy, is the official certification that a premises may be used or occupied pursuant to the State Building Codes. Childcare Facility, includes any child care center or child care arrangement which provides child care for more than five children unrelated to the operator and which receives a payment, fee, or grant for any of the children receiving care, wherever operated, and whether operated for profit. Civic Building, is a building specifically designed for a civic function. Buildings and structures for public or private assembly, including places of worship and schools, shall be considered civic buildings. Clearing of Vegetation, means removal of plants and or topsoil and vegetative materials in preparation for development, but not including mowing and cutting of brush for maintenance, the removal of dead or diseased plants or the removal of a single tree on a developed parcel. Clear Trunk - Palm, A measurement from the soil line to a point on the trunk where the trunk caliper begins to taper abruptly, as per "Grades and Standards for Nursery Plants" published by the State Department of Agriculture and Consumer Services, Part 2. Colonnade, a series of columns that are set at regular intervals and that support the base of an overhead structure. Community Center, A building to be used as a place of meeting or social recreation that is open to the public. Community centers may also include areas of outdoor recreation such as playgrounds or athletic courts. Community Garden, is a private or public facility for cultivation of fruits, flowers, vegetables, or ornamental plants by more than one person or family.

Community Residential Home, means a dwelling unit licensed to serve residents who are clients of the Department of Elderly Affairs, the Agency for Persons with Disabilities, the Department of

Juvenile Justice, or the Department of Children and Families or licensed by the Agency for Health

Care Administration which provides a living environment for 7 to 14 unrelated residents who operate as the functional equivalent of a family, including such supervision and care by supportive staff as may be necessary to meet the physical, emotional, and social needs of the residents.

Concurrency, necessary public facilities and services to main the adopted level of service standards are available when the impacts of a development occur.

Conditional Use, are uses which are generally appropriate in a zoning district but have certain additional requirements to ensure the use is compatible. Conditional uses may be approved administratively as long as the required conditions are met and maintained.

Continuing Care Facility, is a center which provides independent household units as well as assisted living units to allow a resident to age within one facility or community.

Construction Staging Area, An area used on a temporary basis for the storage of materials and supplies used in the construction of a project for a limited period of time.

Convenience Store, is any retail establishment offering for sale a limited line of groceries and household items intended for the convenience of the neighborhood, with or without sale of fuel.

Cornice, means a horizontal, ornamental molding that crowns a building or element of a building such as a window or doorway.

Corrugated Metal,

Craft Brewery, Distillery, or Winery, is a use that brews beer, distills spirituous beverages, or produces wine and similar beverages on a small scale and whose annual production of beer is capped by the City of Cape Coral in contrast to a full-fledged brewery that may produce an unlimited volume of beer. These establishments may include a tasting room and retail space to sell beer produced on the premises, as well as beer, spirits and wine produced elsewhere, along with related retail items and food.

Crime Prevention Through Environmental Design (CPTED), is a multi-disciplinary approach to deterring criminal behavior through the design of the built environment. Specifically, altering the physical design of the communities in which humans reside and congregate in order to deter criminal activity is the main goal of CPTED.

Cul-de-sac, is a dead-end street terminated at the closed end by a circular vehicular turn-around.

Cultural and Civic Faculties, Facilities of historic educational or cultural interest such as botanical gardens, aquariums, libraries, art galleries, or museums.

Cupola, an ornamental structure placed above a larger roof.

Deck, is an open and roofless platform that adjoins a house and is supported by a means other than the principal structure.

Density, the number of dwelling units permitted per acre of land.

Developer, is the person who is improving a parcel of land and who may or may not be the owner of that property.

Development, is any human-caused change to improved or unimproved real estate that requires a permit or approval from any agency of the city or county, including but not limited to, buildings or other structures, mining, dredging, filling, grading, paving, excavation or drilling operations, and storage of materials.

Development Approval, is any written authorization from the city which authorizes the commencement of a development.

Diameter at Breast Height (DBH), Diameter of the tree when measured four and one-half feet above the ground.

Distribution Line, The electric lines that deliver medium voltage electricity from the substation to an overhead or underground transformer that ultimately serves the consumer.

Divider Median, A landscaped strip between abutting rows of parking spaces.

Dock, any structure, otherwise known as a pier, wharf, or loading platform, extending into the water from a seawall or bank and which may provide berthing for marine vessels.

Dormitory, is a building intended or used principally for sleeping accommodations where such building is related to an educational or public institution, including religious institutions.

Dumpster Enclosure, the covered containers supplied by the city refuse collection franchisee that are designed and intended to be mechanically dumped into a packer-type sanitation vehicle, regardless of whether such containers are used for the collection and/or disposal of solid waste or other refuse or for the collection and/or disposal of recycling materials, as well as covered containers that are designed and intended to be used for compaction of materials such as cardboard boxes

8 | Article 11. Definition. P&Z public hearing draft 1. May 5, 2018

Dwelling Unit, A room or rooms connected together, which could constitute a separate, independent housekeeping establishment for a family, for owner occupancy, or for rental or lease on a weekly, monthly, or longer basis, and physically separated from any other rooms or dwelling units which may be in the same structure. *Dwelling Units* must contain at a minimum one sleeping room, one bathroom, and one kitchen, but shall not contain more than one kitchen, or other indoor portion of the structure with a functioning range or oven. The term *Dwelling Unit* shall not include rooms in hotels, motels or institutional facilities one or more rooms constituting all or part of a dwelling which are used as living quarters for one family and contain a bathroom and kitchen facilities.

Dwelling, Duplex, is a structure designed to accommodate two dwelling units, each of which has direct access to the outside.

Dwelling, Multifamily, is a building containing three or more individual dwellings with separate cooking and toilet facilities for each dwelling.

Dwelling, Single-Family Detached, is a dwelling unit owned in fee simple and on an individual lot which is not attached to any other dwelling unit by any means.

Dwelling, Single-Family Attached, means a single structure consisting of three or more dwelling units having one or more walls abutting with another dwelling and designed to have all exits open directly to the outside. Each dwelling unit is on a lot with individual ownership.

Easement, a grant by a property owner to the use of land by the public, a corporation, or persons for specific purposes as the construction of utilities, drainage ways, and roadways.

Eave, is the projecting lower edges of a roof overhanging the wall of a building.

Encroachment, is where a structure exists within a required setback, or an area that is designated to have no structures.

Entertainment, Indoor, means active or passive uses conducted within an enclosed building, these include but are not limited to: motion picture theaters, concert or music halls, billiards, arcades, and bowling.

Entertainment, Outdoor, means active or passive uses conducted in open or partially enclosed or screened entertainment complex. Typical uses include but are not limited to: sports arenas, motor vehicle or animal racing facilities, and outdoor amusement parks.

Erosion, is the removal of soil through water or wind action.

Essential Services, the erection, construction, alteration or maintenance (by a public or private utility company for the purpose of furnishing adequate services for the public health, safety, or general welfare) of electrical and communication cables, poles and wires, water and sewer collection, transmission, or distribution mains, drains and pipes, including fire hydrants. This definition shall not be interpreted to include buildings, structures, or uses listed as essential service facilities.

 Formatted: Font: (Default) +Body (Calibri), 11 pt

Essential Service Facilities, buildings or above ground structures (exceeding 27 cubic feet in volume) required to provide essential services including electricity; telephone, cable TV, gas, water, sewage, solid waste, and resource recovery.

Excavating or Filling, defined as the removal or placement of more than 100 cubic yards of earth or the alteration of the elevation of more than 1,250 square feet of land area more than two feet.

Excavation, An operation utilizing any tools, equipment or explosives for the purpose of moving, removing or otherwise displacing or distributing earth, rock or other materials in or on the ground or wrecking, razing, rending, moving or removing any structure or mass of material.

Exotic, means a species introduced to Florida, purposefully or accidentally, from a natural range outside of Florida.

Façade, is the exterior elevation of a structure or building as viewed from a single vantage point. Family, any number of persons living together as a single housekeeping unit.

Family Day Care Home, an occupied residence in which child care is regularly provided for children from at least two unrelated families and which receives a payment, fee, or grant for any of the children receiving care, whether or not operated for profit. Household children under 13 years of age, when on the premises of the family day care home or on a field trip with children enrolled in child care, shall be included in the overall capacity of the licensed home.

Farmer's Market, is an occasional or periodic outdoor market where groups of individual sellers offer for sale to the public such items as fresh produce, seasonal fruits, fresh flowers, arts and crafts items, and food and beverages.

Fence, a structure used for enclosing land areas constructed of pickets, boards, rails, chain link, or concrete products which are generally supported by posts and provide privacy, land separation, containment of domestic animals, and restriction of passage.

Fence, Decorative, means an open mesh fence no higher than two feet, other than chain link or barbed wire, intended to decorate, accent, or frame a feature of the landscape. Ornamental fences are often used to identify a lot corner or lot line, or frame a driveway, walkway, or planting bed. Filling, see Excavating or Filling.

Flea Market, the sale of used merchandise customarily involving tables or space lease or rented to vendors.

Flex Space, is commercial space, typically office, workshop, and loading bay area that allows businesses to utilize the space in the manner necessary for their work, most typically light industrial uses. Uses not allowed in flex space include self-storage or general retail stores.

building.

Floor, is the top surface of an enclosed area in a building (including basement), i.e., top of slab in concrete slab construction or top of wood flooring in wood frame construction. The term does not include the floor of a garage used solely for parking vehicles. Floor Area Ratio (FAR), is the ratio of the proposed amount of commercial or industrial floor area to the total land area shown for non-residential uses on the site. Floor Area, Gross, the total area of a building measured by taking the outside dimensions of the building each floor level intended for occupancy and storage. Florida Building Code, the family of codes adopted by the Florida Building Commission. Florida Friendly Landscaping, is a program developed through the University of Florida which encourages the use of low-maintenance plants and environmentally sustainable practices. A list of Florida Friendly plants can be found in Appendix 5.6.1.B. Florida Native, Any plant recognized as occurring naturally in the State of Florida prior to the 1500s, as identified in Atlas of Florida Vascular Plants by Wunderlin, R.P., and B. F. Hansen. 2008. (http://www.plantatlas.usf.edu/). Institute for Systematic Botany, University of South Florida, Tampa, or other scientific documentation recognized by the city. Food Truck, is a temporary food service establishment that is vehicle mounted and/or designed to be readily movable. Footcandle, is the unit of measure expressing the quantity of light received on a surface. One footcandle is the illuminance produced by a candle on a surface one foot square from a distance of Frontage, is the face of a building most nearly parallel with the public right-of-way line. Frontage Road, is a residential or nonresidential street parallel and adjacent to a major thoroughfare and which provides access to abutting properties with protection from through traffic. Garage, an enclosed area that is accessory to the primary residential structure and is designed primarily for the parking and storage of motor vehicles. Garage Sale, means the noncommercial sale of privately owned items from residential premises. Gazebo, a freestanding, roofed structure usually open on the sides. Glare, is lighting entering the eye directly from luminaires or indirectly from reflective surfaces that causes visual discomfort or reduced visibility. Grade, the average level of the finished surface of the ground adjacent to the exterior walls of the

Greenhouse, is a building or structure constructed chiefly of glass, glasslike or translucent material, cloth, or lath, which is devoted to the protection or cultivation of flowers or other plants.

Green Roof, a building roof that is partially or completely covered with vegetation and a growing medium, planted over a waterproofing membrane. It may also include additional layers such as a root barrier and drainage and irrigation systems.

Groundcover, any low growing plant, 24 inches in height or less, that can be used to cover areas where sod or turf is not desired or will not grow.

Group Home, a dwelling unit licensed to serve residents who are clients of the Department of Elderly Affairs, the Agency for Persons with Disabilities, the Department of Juvenile Justice, or the Department of Children and Family Services or licensed by the Agency for Health Care Administration which provides a living environment for 7 to 14 unrelated residents who operate as the functional equivalent of a family, including such supervision and care by supportive staff as may be necessary to meet the physical, emotional, and social needs of the residents.

Habitat, means the physical location or type of environment in which an organism or biological population lives or occurs.

Hardscape, tangible objects and features other than plant materials, including, but not limited to, steps and ramps, fountains and pools, fences, screens, dividers and walls, overhead structures (i.e. trellis), decks, retaining walls, play equipment, benches and planters, drainage structures, lighting, pavement, curbs, and site furnishings.

Hearing Examiner, is a person appointed to conduct public hearings and take action in action proceedings as specified by this code.

Hedge, is any group of shrubs planted in line or in groups that form a compact, dense, living barrier that protects, shields, separates, or demarcates an area from view; any similar plant material, or similar plant material in conjunction with a structure.

Height, the vertical distance measured from the lowest finished floor elevation to the lowest point of the highest horizontal eave or to the highest point of the highest parapet wall, whichever is higher.

Helistop, A heliport, but without ancillary facilities such as parking, waiting room, fueling and maintenance equipment.

Heritage Tree, is a Florida native canopy tree with a 20-inch caliper DBH or larger.

Home Occupation, is an occupation for monetary gain or support conducted by members of a family residing on residential premises, and conducted entirely within the dwelling, provided that no article is sold or offered for sale except such as may be produced or acquired by members of the immediate family residing on the premises. Home occupations shall not be construed to include barbershops, beauty shops, tearooms, restaurants, dress shops, commercial kennels, real estate offices, dance

studios, astrologists/palmists and the like, band instrument instructors, photographic studios, and child care facility for more than five children.

Hospital, is an institution, licensed by the state department of health, providing primary health services and medical or surgical care to persons, primarily inpatients, suffering from illness, disease, injury, deformity, and other abnormal physical or mental conditions, and including as an integral part of the institution, related facilities such as laboratories, outpatient facilities, or training facilities.

Hotel, is an establishment providing, for a fee, sleeping accommodations and customary lodging services, including maid service, the furnishing and upkeep of furniture and bed linens, and telephone and desk service. Related ancillary uses may include but shall not be limited to conference and meeting rooms, restaurants, bars, and recreational facilities.

Household, is the person or persons occupying a dwelling unit.

Impervious Surface, is any material that substantially reduces or prevents the infiltration of stormwater into the ground. This shall include graveled driveways and parking areas.

Industry, Heavy, is manufacturing or other enterprises with significant external effects, or which pose significant risks due to the involvement of explosives, radioactive materials, poisons, pesticides, herbicides, or other hazardous materials in the manufacturing or other process.

Industry, Light, includes research and development activities, the manufacturing, compounding, processing, packaging, storage, assembly, or treatment of finished or semi-finished products from previously prepared materials, which activities are conducted wholly within an enclosed building. Finished or semi-finished products may be temporarily stored outdoors pending shipment.

Infrastructure, means facilities and services needed to sustain industry, residential, commercial, and all other land-use activities, including water, sewer lines, and other utilities, streets and roads, communications, and public facilities such as fire stations, parks, schools, etc.

Intensity, is the number of square feet of development per acre, or floor area ratio, by land use type with respect to non-residential land uses.

Invasive Species, means a species that is non-native to the ecosystem under consideration and whose introduction causes or is likely to cause economic or environmental harm or harm to human health.

Kitchen, an indoor portion of a structure specifically designed and equipped for the preparation, service and storage of food. The kitchen shall be provided with, at a minimum, a functioning sink, range, oven, and refrigerator.

Laboratory, Research, is a building or group of buildings in which facilities for scientific research, investigation, testing, or experimentation are. This does not include facilities for the manufacture or sale of products, except as incidental to the main purpose of the laboratory.

Land Development Regulations, means the city's zoning, subdivision, building, and other regulations controlling the development of land.

Landscape Plan, is a plan associated with a subdivision master concept plan, or site development plan, indicating the placement of landscape materials, including specifications, species, quantities, and method of installation.

Landscaped Area, is an area set aside from structures and parking which is developed with natural materials (i.e. grass, trees, shrubs, vines, hedges, bedding plants, rock) and decorative features, including paving materials, walls, fences, and outdoor furniture.

Landscaping, is the finishing and adornment of unpaved yard areas. Materials and treatment generally include naturally growing elements such as grass, trees, shrubs, and flowers. This treatment may also include the use of logs, rocks, fountains, water features, and contouring of the earth.

Lattice, is an ornamental criss-crossed framework, an arrangement of crossing laths or other thin strips of material which allows light and air to pass between the openings.

Light Pollution, means any adverse effect of artificial light including, but not limited to, glare, light trespass, skyglow, energy waste, and impacts on the nocturnal environment.

Lighting, Fully Shielded/Cutoff, means any outdoor light fixture shielded in such a manner that all light emitted by the fixture is projected below the horizontal as determined by a photometric test or certified by the manufacturer.

Lintel, means a horizontal support of timber, stone, concrete, or steel across the top of a door or window.

Loading Space, is an off-street space, having a minimum width of 10 feet, length of 30 feet, and height clearance of 14 feet, on the same lot with a building or group of buildings for temporary parking of a commercial vehicle while loading and unloading merchandise or materials.

Local Planning Agency, is the City of Cape Coral Planning and Zoning Commission when reviewing matters related to the Comprehensive Land Use Plan as specified in F.S. Chapter 160.

Lot or Lot of Record, is a lot or tract that is part of a recorded subdivision that has been recorded with the county clerk of courts office containing property tax records.

Lot Coverage, refer to Section 1-112 of the Land Development Code.

Lot, Corner, A lot which abuts on two or more intersecting streets at their intersection, but is not to include wing streets at cul-de-sac locations; wing streets at locations where road angles or turns and the wing street is less than 120 feet in length.

Lot Depth, refer to Section 1-112 of the Land Development Code.

Lot, Double Frontage, is a lot having frontage on two nonintersecting streets, as distinguished from a corner lot.

Lot, Flag, is a lot not meeting minimum lot frontage requirements at the street and where access to a right-of-way is provided by means of a long, narrow driveway between abutting lots.

Lot Lines, are the property lines bounding the lot.

Lot Width, refer to Section 1-112 of the Land Development Code.

Low Impact Development (LID), refers to systems and practices that use or mimic natural processes that result in the infiltration, evapotranspiration, or use of stormwater in order to protect water quality and associated aquatic habitat.

Lowest Floor, the lowest floor of the lowest enclosed area of a building or structure, including basement, but excluding any unfinished or flood-resistant enclosure, other than a basement, usable solely for vehicle parking, building access or limited storage provided that such enclosure is not built so as to render the structure in violation of the non-elevation requirements of the Florida Building Code or ASCE 24.

Lumen, is the unit of measure used to quantify the amount of light produced by a lamp or emitted from a luminaire. One footcandle is equal to one lumen per square foot.

Maintain, means in a condition or state of equivalent quality to that which was approved or required by the city.

Manufacturing, Heavy, is the manufacturing of products from raw or unprocessed materials, where the finished product may be combustible or explosive. This category shall also include any establishment or facility using large unscreened outdoor structures such as conveyor belt systems, cooling towers, cranes, storage silos, or similar equipment, that cannot be integrated into the building design, or engaging in largescale outdoor storage. Any industrial use that generates noise, odor, vibration, illumination, or particulate that may be offensive or obnoxious adjacent land uses, or requires a significant amount of on-site hazardous chemical storage shall be classified under this land use. This use shall include any packaging of the product being manufactured on-site.

Manufacturing, Light, is the indoor processing or fabrication of certain materials or products where no process involved will produce noise, vibration, air pollution, fire hazard, or noxious emission which will disturb or endanger neighboring properties.

Marina, a waterfront establishment whose business is offering the sale or rental of boats and marine sporting equipment and the servicing, repair, or storage of similar items. Such establishments may also provide slip rental, gasoline, sanitary pumpout service and food and drink accommodations.

Marine Improvement, means a whole, constructed marine structure including, but not limited to, dock, boat lift, mooring posts, walkways, and other interconnecting parts. A boat canopy, its supports, and its frame shall not be considered to be a part of the marine improvement to which they are attached.

Master Concept Plan, is a general graphic depiction of the layout and/or design of a land development project, which shall include written and quantitative information as required by the city, including a phasing plan, but to be distinguished from a "site development plan," as defined herein.

Medical Marijuana Dispensary, is a facility where marijuana is made available for sale for medical purposes. This also includes establishments from which marijuana is delivered to patients who cannot obtain it from a dispensary, due to physical or mental disability, for medical purposes.

Mixed-Use Development, is a project which integrates residential and non-residential uses.

Mixed-Use Building, A building containing residential and non-residential uses permitted in the zoning district.

Mixed-Use Zoning Districts, includes the following zoning districts: Commercial Corridor (CC), Neighborhood Commercial (NC), Mixed Use (MX), Mixed Use Seven Islands (MX7), Mixed Use Bimini (MXB), South Cape (SC), and Planned Unit Developments (PUD).

Model Home, is an unoccupied dwelling constructed upon a model home lot zoned for residential use and on one of four contiguous lots from the arterial or collector roadway, with each lot under the ownership of one or more builders intending to use the lots as model home sites or ancillary parking, for display purposes, price quoting and consummation of sales contracts.

Modular Structure, is a structure not built on-site but may be assembled on-site, which is placed on a permanent foundation and meets the state building code standards.

Mulch, is any material such as wood chips, leaves, bark, straw, or other materials left loose and applied to the soil surface to reduce evaporation.

Native Species, A plant or animal that originally occurred in an area.

Natural Area, is land and water that has substantially retained its natural character or land and water that, although altered in character, is important as habitats for plant, animal, or marine life, for the

study of its natural, historical, scientific, or paleontological features, or for the enjoyment of its natural features.

Nonconforming, is when an existing lot, structure, building, sign, development, or use of an existing lot or structure does not conform to one or more of the regulations currently applicable to the district in which the lot, structure, building, sign, development, or use is located.

Non-domestic animals, farm animals including, but not limited to, horses, cattle, mules, goats, sheep, swine and poultry.

Nonresidential Use, means a use that does not include dwelling units. Nonresidential uses include: commercial, industrial, public, park, institutional, agricultural uses without a residence, and parts of mixed-use developments not containing residential dwelling units. This includes hotels, motels, RV parks, and campgrounds.

Nonresidential zoning districts, includes the following zoning districts: Commercial (C), Professional Office (P), Industrial (I), Institutional (INST), and Preservation (PV).

Nuisance, is a thing, condition, or conduct that endangers health and safety, or unreasonably offends the senses, or obstructs the free use and comfortable enjoyment of property, or essentially interferes with the comfortable enjoyment of life.

Occupancy, means the residing of an individual overnight in a dwelling unit or the installation, storage, or use of equipment, merchandise, or machinery in any public, commercial, or industrial building.

Occupancy, Change of, means the discontinuance of an existing use and the substitution of a use of a different kind or class in that same space.

On-Site Sewage System, is a sewage-treatment system that includes a settling tank through which liquid sewage flows and in which solid sewage settles and is decomposed by bacteria in the absence of oxygen.

Open Space, Land and water areas retained for use as an active or passive recreation areas or for resource protection in an essentially undeveloped state.

Ornamental Grass, A self-supporting, non-woody, perennial species of the plant family, Poaceae, Juncaceae, or Cyperaceae, that is not mowed but is allowed to grow to its full potential and is used in the landscape in the same way as a shrub.

Ornamental Wall, a wall that that is not used in the support of a building.

Outdoor Lighting, means lighting equipment installed within the property line and outside the building envelopes, whether attached to poles, building structures, the earth, or any other location; and any associated lighting control equipment.

Outdoor Storage, means the storage of any material for a period greater than 48 hours, including items for sale, lease, processing, and repair (including vehicles) not in an enclosed building.

Outdoor Screened Storage, the keeping of any goods or products within a structure not defined as a building, or within a completely fenced or walled in area. The goods shall be screened by the structure, wall or fence so as not to be seen from any other property.

Outdoor Venue, means a commercial establishment which offers entertainment outside of a building, including music.

Outdoor Entertainment Event, means a temporary, outdoor event utilizing amplified sound equipment, not associated with an established outdoor venue.

Owner-occupied, means a vacation rental that is the primary and permanent residence of the owner of the property.

Parapet, is that portion of the facade which extends above the roof immediately adjacent thereto.

 Parcel, means a contiguous land under one ownership.

Parking, Off-Street, is space designed for the parking of automobiles on premises other than streets.

Parking, On-Street, is the storage space for an automobile that is within the street right-of-way.

Parking, Satellite, is off-street parking spaces that are not on the same lot as the principal use.

Parking, Shared, means joint use of a parking area by more than one use.

Paved, means ground covered with stone, brick, concrete, asphalt, or other substantial matter making a firm, smooth, and level surface.

Paver, is a grid block designed for use as a driving or parking surface, installed with cavities (either the kind in which grass can be planted or between the blocks) to minimize impervious surface and reduce runoff.

Pedestrian-Friendly/Oriented, means the density, layout, and infrastructure that encourages walking and biking within a subdivision or development, including limited setbacks, front porches, sidewalks, and bikepaths.

Pergola, is a structure, either freestanding or attached to a façade, usually consisting of parallel colonnades supporting an open roof of girders and cross rafters built as an outdoor element for partial shade.

Permit, Conditional Use, a use that is permitted if all specified conditions have been adhered to.

Person, means individuals, partnerships, associations, and corporations.

Personal Services Establishment, is an establishment which offers specialized services purchased frequently by the consumer. Included are barbershops, beauty shops, chiropractic, dance studios, and massage clinics, garment repair, tailoring, shoe repair, pet grooming, indoor pet sitting, and beauty clinics, fitness centers, laundromats, drycleaners, photography and instructional studios, tattoo and piercing studio, martial arts studios, and other similar establishments. These uses may include accessory retail sales of products related to the services provided.

Pervious Surface, is any surface which allows a minimum of 80 percent precipitation from any source to infiltrate directly into the ground.

Pilaster, a rectangular column, especially one projecting from a wall.

Place of Religious Assembly, a use within a permanent building that provides regular organized worship and related incidental activities, except primary or secondary schools and day care facilities.

Planned Unit Development (PUD), is an area of land zoned and improved as a development for which the otherwise applicable use and development requirements to allow for more flexible planning in conformance with the development approval process and developed in accordance with the provisions of this ordinance.

Point of Intersection, the point where two rights-of-way would meet if they were extended straight rather than curving to create a rounded corner at an intersection.

Porch, is a covered but unenclosed projection from the main wall of a building that may or may not use columns or other ground supports for structural purposes and is not used for livable space.

Portico, means a structure consisting of a roof supported by columns at regular intervals, typically attached as a porch to a building.

Premises, is a distinct unit or parcel of land including the appurtenances thereon.

19 | Article 11. Definition. P&Z public hearing draft 1. May 5, 2018

Primary Frontage, is any portion of a property that faces any public Right-of-Way defined as a Boulevard,

a Parkway, or fronting Pine Island Road. Private Property, property that is owned, leased, operated, maintained or controlled by one or more individuals or entities other than the city. Professional Services, Public Art or Sculpture, Any visual work of art displayed for two weeks or more in an open city-owned area, on the exterior of any city-owned facility, within any city-owned facility in areas designated as public area, lobbies, or public assembly areas, or on non-city property if the work of art is installed or financed, either wholly or in part, with city funds or grants procured by the city. Public Notice, means notice to the public of a public hearing or opportunity for the public to present their views to an official representative or board of a public agency concerning an official action pending before the agency as required by state law. Public Parks and Recreational Facilities, means natural or landscaped areas, buildings, or structures, provided by a government, to meet the active or passive recreational needs of people. Public Safety Facility, is a government facility for public safety and emergency services, including facilities that provides police or fire protection and related administrative facilities and training facilities. Rain Sensor, A calibrated device that is designed to measure rainfall and override the irrigation cycle of the irrigation system when a pre-determined amount of rainfall has occurred. Redevelopment, is any proposed expansion, addition, or major facade change to an existing building, structure, or parking facility. Reflecting Pool, is a shallow (less than 18" deep) pool designed as a feature of a garden, often associated with seating and/or statues Religious Institution, A religious assembly that may also include related facilities such as a rectory, convent, private school, licensed child or adult daycare, recreational facilities, or any combination thereof. Residential Use, means a structure or part of a structure containing dwelling units, including single-family, duplexes, multi-family dwellings, boarding or rooming houses. Residences do not include transient accommodations such as transient hotels, motels, tourist cabins, RV parks, or, in a mixed-use structure, that part of the structure used for any nonresidential uses. Residential Zoning Districts, includes the following districts: Single-Family Residential (R-1), Multi-Family Low Residential (RML), Multi-Family Residential Medium (RMM), Residential Estate (RE), and Agriculture (A).

Resort, is a facility principally for the accommodation or short-term residence of transient guests or vacationers, but where the primary attraction is generally recreational features or activities.

Retail Sales Establishment, is an establishment selling goods directly to the consumer. Retaining Wall, is a man-made barrier constructed for the purpose of stabilizing soil, slowing erosion, or terracing a parcel or site.

Right-of-way, is a strip of land taken or dedicated for use as a public way. In addition to the roadway, it normally incorporates the curbs, parking strips, sidewalks, lighting, drainage facilities, and canals.

Riparian Buffer, is a vegetated buffer strip along a watercourse that filters stormwater and provides wildlife habitat.

Roadside Fruit and Vegetable Stand, A temporary building or structure, built in accordance with all applicable Building Code requirements, which is designed, used or intended to be used for the purpose of display and retail sales of farm products, such as fruits, vegetables, food products and flowers.

Roof Line (Deck Line), means the highest continuous horizontal line of a roof on a sloping roof, the roof line is the principal ridge line or the highest line common to one (1) or more principal slopes of the roof. On a flat roof, the roof line is the highest continuous line of a roof or parapet, whichever is higher.

Photovoltaic Solar System: A system which uses one (1) or more photovoltaic panel(s) installed on the surface of a roof, parallel to a sloped roof or surface or rack-mounted on a flat roof, to convert sunlight into electricity.

Runoff, is stormwater leaving a site due to the force of gravity.

School, is an institution for the teaching of children or adults including primary and secondary schools, colleges, professional, dance, business, trade, art, and similar facilities.

Screened, means obscured from public view.

Seating Capacity, is the actual number of seats available for use based upon the number of seats or one seat per 24 inches of bench or pew length. For other areas where seats are not fixed, the seating capacity shall be determined as indicated by the Florida Building Code.

Seawall, a wall built along a shoreline.

|897

Self-Service Storage Facility, is a building used for the storage of personal property where individual owners control individual storage spaces.

Septic Tank, see on-site sewage system.

Setback, is the minimum horizontal distance between a structure and a property line.

Sexually Oriented Business, See definition for Sexually Oriented Business contained in \$ 12-62 of the City of Cape Coral Code of Ordinances, which definition is incorporated herein in its entirety by reference.

Shed, an accessory structure, attached or detached from the primary structure, which is used primarily for storage and not intended for human occupancy. A shed shall not include storage containers or shipping containers.

Shopping Center, A group of retail and other commercial businesses that are within a development.

Shrub, a woody plant that produces multiples stems or trunks rather than a single tree-like stem. Sidewalk, is an improved pedestrian surface that is typically in a right-of-way.

Sill, means a shelf or slab of stone, wood, or metal at the foot of a window or doorway.

Site Development Plan, is the 100% detailed set of construction plans for installation of land development improvements for a site which must be approved prior to the release of a site development permit.

Slope, is the degree of deviation of a surface from the horizontal, usually expressed in percent, degrees, or rise over run.

Socially-Active Open Space, is open space with a minimum width of 30 feet that is created and designed for year-round active use by the public in the form of active lawn areas, plazas, squares, courtyards, and gardens. Amenities are logically arranged and typically include paths, formal or informal planting areas, and furnishings. -

Sod, is the grass-covered surface of the ground and the soil below the surface only to the depth of the roots of the grass.

Solar Photovoltaic (PV) Arrays, is a device or combination of devices or structures that transforms direct solar energy into thermal, chemical, or electrical energy and that contributes significantly to a structure's energy supply

Sound Amplification Device, means equipment designed to increase the volume of sound created by a separate source such as a musical instrument or a human voice. The term does not include a standard radio, DVD player or similar device, but does include "stand alone" amplified microphone systems.

Special Event, a preplanned single gathering, event or series of related consecutive gatherings or events of an entertainment, cultural, recreational, educational, political, religious, or sporting nature, or any nature, that is sponsored by an individual or entity and is open to the public in general.

Special Exception, A use which is essential to or would promote the public health, safety, or welfare in one or more districts, but which would impair the integrity and character of the district in which it is located, or in adjoining districts unless restrictions or conditions on location, size, extent and character of performance are imposed in addition to those imposed in this ordinance.

Commercial Recreation, Indoor, is an indoor facility, with or without seating for spectators, and providing accommodations for a variety of individual, organized, or franchised sports, including basketball, ice hockey, wrestling, soccer, tennis, volleyball, racquetball, or handball. Such facility may also provide other regular organized or franchised events, health and fitness club facilities, swimming pool, snack bar, restaurant, retail sales of related sports, health or fitness items, and other support

Commercial Recreation, Outdoor, means a recreational land use conducted outside of a building, including athletic fields; skateboard park; swimming, tennis, handball, basketball courts; batting cages.

Stoop, means a small staircase ending in a platform and leading to the entrance of a building.

Streetscape, is the visual image of a street, including the combination of buildings, parking, signs, and other hardscape and street furniture

Structure, anything constructed or erected, the use of which requires permanent location on the ground or attached to something having a permanent location on the ground including but not limited to fences, signs, kiosks, or similar uses.

Subdivision, is the division of land into two or more lots or a development consisting of multiple subdivided lots.

Subdivision Construction Plan, is the 100% detailed set of construction plans for installation of land development improvements of a subdivision which must be approved prior to the release of a subdivision infrastructure permit.

Subdivision Plat, is the schematic representation of land divided or to be divided.

Subdivision Plat, Final, is the plat to be given final approval which includes all changes, additional information, and requirements imposed by the city. The final plat is recorded in the county clerk of courts.

Substantial Renovation, means repair or changes worth 50%, or more, of the fair market value of the structure and improvements, not including the land.

Swimming Pool, is a structure, whether above or below grade level, designed to hold water more than 30 inches deep to be used for recreational purposes.

Temporary Storage Container, is a standardized, reusable vessel that is designed and constructed for the primary purpose of packing, shipping, and transportation of goods or freight and are designed or capable of being mounted or moved on a truck, train, or ship.

Temporary Use, is a use of land, buildings or structures that are established for a fixed period of time with the intent to discontinue the use upon the expiration of such time.

Tower, is a structure which is designed for the purpose of supporting one or more antennas or wireless telecommunication facilities. The term "Tower" shall not include amateur radio antennas, structure-mounted and pole-mounted wireless telecommunication facilities.

Transient Occupants, means any person, or guest or invitee of such person, who occupies or is in actual or apparent control or possession of residential property registered as a vacation rental. It shall be a rebuttable presumption that any person who holds themselves out as being an occupant or guest of an occupant of the vacation rental is a transient occupant.

Tree, is a self-supporting plant having at least one well-defined woody stem or trunk and normally attaining a mature height of at least 15 feet, with an average mature spread of at least 15 feet.

Tree, Accent, is a smaller tree whose mature height can be expected to range between 15 feet and 30 feet and which has an expected crown spread range between 15 feet and 25 feet.

Tree, Canopy, is a larger tree species that normally achieves an overall height and spread at maturity of 30 feet or more.

Tree, Palm, is an unbranched, evergreen tree that grows in tropical regions and has a straight, tall trunk and many large leaves at the top of the trunk.

Trellis, a vertical panel of lattice designed to support vine plants.

Utility Line, an underground conduit and related facilities, including pipe or cable, by which a person furnishes material or service.

Utilities, Incidental Activities or Facilities, means the construction or placement of public utilities or other infrastructure on a permanent or temporary basis. Examples of "incidental utility activities" include drainage improvements, stormwater retention or detention features, valves, hydrants, street improvements, temporary boat launches for water quality sampling, extension of water and sewer lines, and small-scale lift stations that are not enclosed in a structure (125 cubic feet or less).

Utilities, Major Public Facilities, is any public service improvement or structure developed by or for a public agency that is not defined as an incidental public facility, including but not limited to electrical substations, sewer and water treatment plants, water reservoirs, trunk lines, regional stormwater detention facilities, new or expanded public buildings designed for human occupancy that increase traffic within a neighborhood, and active park improvements such as ball fields or restroom facilities.

Utilities, Private, means utilities that are not subject to city acceptance for operation or maintenance. For purposes of this code, private utilities include natural gas lines, power lines, telephone lines, cable television lines, and other communication lines, their appurtenances and any component part(s) thereof, and the utility companies' operation, maintenance, repair, and replacement of same.

Vacation Rental, means any unit or group of units in a condominium or cooperative or any individually or collectively owned single-family, two-family, three-family, or four-family house or dwelling unit that is rented to transient occupants more than three (3) times in a calendar year for periods of less than thirty (30) days or one (1) calendar month, whichever is less, or which is advertised or held out to the public as a place regularly rented to transient occupants, and also a transient public lodging establishment and non-transient lodging establishment as defined in F.S. § 509.013, but that is not a timeshare project.

Variable Message Board, means a portable electronic device which may be used for providing information to motorists about construction schedules, alternate routes, expected delays, detours, and any other public message for the health, safety, or welfare of the traveling public and residents. Use limited to government agencies.

Variance, a departure from the terms of this ordinance pertaining to height, width, depth, or area of structures, sizes of yards, parking space, or sign requirements where such departure will not be contrary to the public interest and where, owing to conditions peculiar to the property because of its size, shape, or topography, and not as a result of the actions of the applicant, the literal enforcement of this ordinance would result in unnecessary and undue hardship.

Vehicle Fueling Station, means any place where motor vehicle fuel is sold and dispensed, accessory activities may include the retail sale of convenience items or a car wash.

Vehicle Repair Service Establishment, is a building or structure used for the repair and maintenance of automobiles, motorcycles, trucks, trailers, or similar vehicles.

Vested Property Rights, means the right to undertake and complete the development and use of property under the terms and conditions of an approved site-specific development plan or an approved phased development plan for a specified time, regardless of changes in this ordinance.

Vehicle Sales, The sale of motorized vehicles such as cars, trucks, vans, and motorcycles.

Vicinity Map, is a drawing or diagram, to the appropriate scale to show the location of the proposed development in relation to abutting properties, major streets, and other known landmarks.

Visibility Triangle, is a triangular area at the intersection of two streets, or a street and a driveway; two sides of which are measured from the point of intersection for a distance specified. The third side of the triangle is a line across the corner of the lot joining the ends of the other two sides.

Wall, is an upright structure, with a continuous footer, constructed of building material, such as masonry, wood, or plaster serving to enclose, divide, or protect an area.

Wetlands, are lands transitional between terrestrial and aquatic systems where the water table is usually at or near the surface or the land is covered by shallow water. For purposes of this definition, wetlands must have the following three attributes: (a) have a predominance of hydric soils; (b) are inundated or saturated by surface or ground water at a frequency and duration sufficient to support a prevalence of hydrophytic vegetation typically adapted for life in saturated soil conditions; and (c) under normal circumstances support a prevalence of such vegetation.

Yard, the open space surrounding the principal building on any lot, unoccupied and unobstructed by a portion of that building from the ground to the sky except where specifically permitted by this ordinance.

CHAPTER 3. FLOODPLAIN MANAGEMENT DEFINITIONS

This section defines terms that are related to the Article 8 "Floodplain Management".

Alteration of a Watercourse, a dam, impoundment, channel relocation, change in channel alignment, channelization, or change in cross-sectional area of the channel or the channel capacity, or any other form of modification which may alter, impede, retard, or change the direction or velocity of the riverine flow of water during conditions of the base flood.

ASCE 24, a standard titled Flood Resistant Design and Construction that is referenced by the Florida Building Code. **ASCE 24** is developed and published by the American Society of Civil Engineers, Reston, VA

Base Flood, a flood having a 1% chance of being equaled or exceeded in any given year. The base flood is commonly referred to as the "100-year flood" or the "1%-annual chance flood."

Base Flood Elevation, the elevation of the base flood, including wave height, relative to the National Geodetic Vertical Datum (NGVD), North American Vertical Datum (NAVD) or other datum specified on the Flood Insurance Rate Map (FIRM).

Best Management Practices (BMP), is the combination of conservation measures, structures, or management practices that reduces or avoids adverse impacts of development on adjoining sites land, water or waterways, and waterbodies.

Coastal Construction Control Line, the line established by the State of Florida pursuant to F.S. § 161.053, and recorded in the official records of the city, which defines that portion of the beach-dune system subject to severe fluctuations based on a 100-year storm surge, storm waves or other predictable weather conditions.

Coastal High Hazard Area, a special flood hazard area extending from offshore to the inland limit of a primary frontal dune along an open coast and any other area subject to high velocity wave action from storms or seismic sources. Coastal High Hazard Areas are also referred to as "high hazard areas subject to high velocity wave action" or "V Zones" and are designated on Flood Insurance Rate Maps (FIRM) as Zone V1 V30, VE, or V.

Design Flood, the flood associated with the greater of the following two areas; an area with a floodplain subject to a 1% or greater chance of flooding in any year, or an area designated as a flood hazard area on the City flood hazard map or otherwise legally designated.

Design Flood Elevation, the elevation of the "design flood," including wave height, relative to the datum specified on the city's legally designated flood hazard map. In areas designated as Zone AO, the design flood elevation shall be the elevation of the highest existing grade of the building's perimeter plus the depth number (in feet) specified on the flood hazard map. In areas designated as Zone AO where the depth number is not specified on the map, the depth number shall be taken as being equal to two feet.

Existing Building and Existing Structure, any buildings and structures for which the "start of construction" commenced before August 17, 1981.

Existing Manufactured Home Park or Subdivision, a manufactured home park or subdivision for which the construction of facilities for servicing the lots on which the manufactured homes are to be affixed (including, at a minimum, the installation of utilities, the construction of streets, and either final site grading or the pouring of concrete pads) is completed before August 17, 1981.

Expansion to an Existing Manufactured Home Park or Subdivision, the preparation of additional sites by the construction of facilities for servicing the lots on which the manufactured homes are to be affixed (including the installation of utilities, the construction of streets, and either final site grading or the pouring of concrete pads).

Federal Emergency Management Agency (FEMA), the federal agency that, in addition to carrying out other functions, administers the National Flood Insurance Program.

Flood or Flooding, a general and temporary condition of partial or complete inundation of normally dry land from the overflow of inland or tidal waters or the unusual and rapid accumulation or runoff of surface waters from any source.

Flood Damage Resistant Materials, any construction material capable of withstanding direct and prolonged contact with floodwaters without sustaining any damage that requires more than cosmetic repair.

Floodplain, is the land area susceptible to inundation by water as a result of a flood.

Floodway Encroachment, is any fill, structure, building, accessory use, use, or development in the floodway.

Flood Hazard Area, The greater of the following two areas; the area within a floodplain subject to a 1% or greater chance of flooding in any year, or the area designated as a flood hazard area on the city's flood hazard map, or otherwise legally designated.

Floodplain Administrator, the office or position designated and charged with the administration and enforcement of this Article (may be referred to as the Floodplain Manager).

Floodplain Development or Approval, an official document or certificate issued by the city or other evidence of approval or concurrence, which authorizes performance of specific development activities that are located in flood hazard areas and that are determined to be compliant with this Article.

Floodway, the channel of a river or other riverine watercourse and the adjacent land areas that must be reserved in order to discharge the base flood without cumulatively increasing the water surface elevation more than one foot.

Floodway Encroachment Analysis, an engineering analysis of the impact that a proposed encroachment into a floodway is expected to have on the floodway boundaries and base flood elevations; the evaluation shall be prepared by a qualified Florida licensed engineer using standard engineering methods and models.

Functionally Dependent Use, A use which cannot perform its intended purpose unless it is located or carried out in close proximity to water, including only docking facilities, port facilities that are necessary for the loading and unloading of cargo or passengers, and ship building and ship repair facilities; the term does not include long term storage or related manufacturing facilities.

Highest Adjacent Grade, The highest natural elevation of the ground surface prior to construction next to the proposed walls or foundation of a structure.

Historic Structure, Any structure that is determined eligible for the exception to the flood hazard area requirements of the Florida Building Code, Existing Building, Chapter 11 Historic Buildings.

Letter of Map Change, (LOMC) An official determination issued by FEMA that amends or revises an effective Flood Insurance Rate Map or Flood Insurance Study. Letters of Map Change include:

Letter of Map Amendment (LOMA): An amendment based on technical data showing that a property was incorrectly included in a designated special flood hazard area. A LOMA amends the current effective Flood Insurance Rate Map and establishes that a specific property, portion of a property, or structure is not located in a special flood hazard area.

Letter of Map Revision (LOMR): A revision based on technical data that may show changes to flood zones, flood elevations, special flood hazard area boundaries and floodway delineations, and other planimetric features.

Letter of Map Revision Based on Fill (LOMR-F): A determination that a structure or parcel of land has been elevated by fill above the base flood elevation and is, therefore, no longer located within the special flood hazard area. In order to qualify for this determination, the fill must have been permitted and placed in accordance with the City floodplain management regulations.

Letter of Map Revision, Conditional (CLOMR): A formal review and comment as to whether a proposed flood protection project or other project complies with the minimum NFIP requirements for such projects with respect to delineation of special flood hazard areas. A CLOMR does not revise the effective Flood Insurance Rate Map or Flood Insurance Study; upon submission and

approval of certified as-built documentation, a Letter of Map Revision may be issued by FEMA to revise the effective FIRM.

Lowest Floor, The lowest floor of the lowest enclosed area of a building or structure, including basement, but excluding any unfinished or flood-resistant enclosure, other than a basement, usable solely for vehicle parking, building access or limited storage provided that such enclosure is not built so as to render the structure in violation of the non-elevation requirements of the Florida Building Code or ASCE 24.

Manufactured Home, A structure, transportable in one or more sections, which is eight feet or more in width and greater than 400 square feet, and which is built on a permanent, integral chassis and is designed for use with or without a permanent foundation when attached to the required utilities. The term Manufactured Home does not include a "recreational vehicle" or "park trailer." The term Manufactured Home shall also include the term "mobile home" as provided in Article 11. Definitions.

Manufactured Home Park or Subdivision, A parcel (or contiguous parcels) of land divided into two or more manufactured home lots for rent or sale.

Market Value, the price at which a property will change hands between a willing buyer and a willing seller, neither party being under compulsion to buy or sell and both having reasonable knowledge of relevant facts. As used in this Article, the term refers to the market value of buildings and structures, excluding the land and other improvements on the parcel. Market value may be established by a qualified independent appraiser, actual cash value (replacement cost depreciated for age and quality of construction), or tax assessment value adjusted to approximate market value by a factor provided by the property appraiser.

New Construction, For the purposes of administration of this Article and the flood resistant construction requirements of the Florida Building Code, structures for which the "start of construction" commenced on or after August 17, 1981 and includes any subsequent improvements to such structures.

New Manufactured Home Park or Subdivision, A manufactured home park or subdivision for which the construction of facilities for servicing the lots on which the manufactured homes are to be affixed (including at a minimum, the installation of utilities, the construction of streets, and either final site grading or the pouring of concrete pads) is completed on or after August 17, 1981.

Park Trailer, A transportable unit which has a body width not exceeding 14 feet and which is built on a single chassis and is designed to provide seasonal or temporary living quarters when connected to utilities necessary for operation of installed fixtures and appliances.

Recreational Vehicle, A vehicle, including a park trailer, which is:

1. Built on a single chassis;

 2. 400 square feet or less when measured at the largest horizontal projection;

3. Designed to be self-propelled or permanently towable by a light duty truck; and

Designed primarily not for use as a permanent dwelling but as temporary living quarters for recreational, camping, travel, or seasonal use.

Sand Dunes, Naturally, occurring accumulations of sand in ridges or mounds landward of the beach.

Special Flood Hazard Area, An area in the floodplain subject to a 1% or greater chance of flooding in any given year. Special flood hazard areas are shown on FIRMs as Zone A, AO, A1 A3O, AE, A99, AH, V1 V3O, VE or V.

Start of Construction, the date of issuance for new construction and substantial improvements to existing structures, provided the actual start of construction, repair, reconstruction, rehabilitation, addition, placement, or other improvement is within 180 days of the date of the issuance. The actual start of construction means either the first placement of permanent construction of a building (including a manufactured home) on a site, such as the pouring of slab or footings, the installation of piles, the construction of columns.

Permanent construction does not include land preparation (such as clearing, grading, or filling), the installation of streets or walkways, excavation for a basement, footings, piers, or foundations, the erection of temporary forms or the installation of accessory buildings such as garages or sheds not occupied as dwelling units or not part of the main buildings. For a substantial improvement, the actual Start of Construction means the first alteration of any wall, ceiling, floor or other structural part of a building, whether or not that alteration affects the external dimensions of the building.

Substantial Damage, Damage of any origin sustained by a building or structure whereby the cost of restoring the building or structure to its before-damaged condition would equal or exceed 50% of the market value of the building or structure before the damage occurred.

Substantial Improvement, Any combination of repair, reconstruction, rehabilitation, addition, or other improvement of a building or structure taking place during a five-year period, the cumulative cost of which equals or exceeds 50% of the market value of the building or structure before the improvement or repair is started. For each building or structure, the five-year period begins on the date of the first improvement or repair of that building or structure subsequent to August 17, 1981. If the structure has incurred "substantial damage," any repairs are considered substantial improvement regardless of the actual repair work performed. The term does not, however, include either:

- Any project for improvement of a building required to correct existing health, sanitary, or safety code violations identified by the building official and that are the minimum necessary to assure safe living conditions; and
- Any alteration of a historic structure provided the alteration will not preclude the structure's continued designation as a historic structure.

CHAPTER 4. MARINE IMPROVEMENT DEFINITIONS

1305

This section defines terms that are related to the Article 5, Chapter 5 "Marine Improvements". 1306 1307 Adjacent Parcel, is any waterfront parcel that is not an end parcel, but that abuts an end parcel or a corner 1308 1309 1310 Boat Canopy, a removable protective cover installed to cover a boat located in the principal mooring 1311 area of a dock or over a boat lift; a boat canopy designed and intended for the purpose of protecting a 1312 marine vessel from damage from the elements and is fastened to, erected on, or installed on a 1313 marine improvement. Covers that protect marine vessels from the elements, but that fasten only to 1314 the marine vessel and not, in any way, to a marine improvement shall not be deemed to be boat 1315 canopies. 1316 1317 Boat slip, is a space designed for the mooring of a single watercraft. Such spaces may extend from a 1318 dock or shoreline or be created from a cut-in. 1319 1320 Boathouse, is an accessory structure either wholly or partially over a body of water and designed to 1321 provide shelter for water craft or for marine-related equipment. 1322 1323 Canal End Line, is a line or lines drawn from the farthest point where the canal meets land perpendicular 1324 to the sides of the canal, or to the sides of the canal as extended if necessary. If the side of a canal 1325 curves near its end point, such canal side shall be extended from the point immediately preceding where 1326 it begins to curve. See Diagram 5.5.4.A. 1327 1328 Canal Width, the width of the canal measured from seawall to seawall using the City's Geographic 1329 Information Systems (GIS). 1330 1331 Captain's Walk, a walkway that is parallel to the seawall with a maximum width of six feet. 1332 1333 Centerline of the Marine Improvement Area, means a line extended from the center of the parcel's 1334 water frontage line to the center of the offset line of the parcel's marine improvement area. See 1335 Diagram 5.5.4.F. 1336 1337 Channel or Canal, is an open conduit, either naturally or artificially created, which periodically or 1338 continuously contains moving water, or which forms a connecting link between two bodies of water. 1339 1340 Corner Parcel, is a parcel that either touches or is on both sides of an interior corner of a lake, basin, or 1341 canal. 1342 1343 Corner, Waterway, is the meeting of two sides which create an angle less than 180 degrees. 1344 1345 Cut-In Boat Slip, is a place for a boat to moor, created within a parcel through excavation or removal of 1346 soil and rock material and construction of a seawall around that area. 1347 1348 End Parcel, a waterfront parcel where any part of the parcel abuts or includes within its boundaries any 1349 part of the canal end line or any part of an extension of a side line between the side line and the canal 1350 end line.

1351 1352 Fender Post, is a post inserted into the canal bottom and fastened to the dock or seawall to prevent 1353 damage to the vessel when tied alongside the dock or seawall. 1354 1355 Marine Improvement, means a whole, constructed marine structure including, but not limited to, 1356 dock, boat lift, mooring posts, walkways, and other interconnecting parts. A boat canopy, its supports, 1357 and its frame shall not be considered to be a part of the marine improvement to which they are 1358 attached. 1359 1360 Marine Improvement Area, is that area enclosed by the water frontage line, the offset line, and lines 1361 connecting the ends of the offset line to corresponding offset points. This establishes the construction 1362 envelope for marine improvements See Diagram 5.5.4.E. 1363 1364 Mean Water Level, in regard to fresh water waterways, the elevation established at the downstream 1365 weir, and, in regard to saltwater waterways, the mean high water of +013 feet National Geodetic 1366 Vertical Datum of 1929 (NGVD-29). 1367 1368 Mooring Piles, posts, meant for tethering a watercraft to, which are anchored into the floor of a 1369 waterbody. 1370 1371 Navigable Channel, means that portion of the waterway width in which no marine improvement may 1372 lawfully be constructed. The access width of the waterway shall be calculated by subtracting from the 1373 calculated waterway width twice the maximum distance that a marine improvement located along one 1374 side of the waterway could lawfully project. 1375 1376 Offset Point, means the distance from the property line where a marine improvement may be built. See 1377 Diagram 5.5.4.C. 1378 1379 Outside Corner parcel, means a parcel of land which projects into one or more waterways so as to have 1380 two or more sides abutting such waterway(s). 1381 1382 Quay, a modified seawall where a boat can dock parallel to the shore. 1383 1384 Water Frontage Line, means the line at which a waterfront parcel abuts the waterway. If the 1385 waterfront parcel has a seawall, the seawall face shall be deemed the water frontage line for the 1386 parcel. For waterfront parcels that have a property line, but no seawall, abutting the waterway, such 1387 property line shall be deemed the water frontage line. See Diagram 5.5.4.A. 1388 1389 Waterfront Parcel, means a parcel which abuts a waterbody. 1390 1391 Waterway, is any man-made or natural body of water, including, canals, lakes, and basins, within the 1392 City of Cape Coral. 1393 1394 Waterway Access Ratio, means shall be calculated by dividing the waterway access width by the 1395 calculated width of the waterway. See 5.5.4.B. 1396

Waterway Center Point (WCP), is a point on the centerline of the canal 40 feet from the water's end. See Diagram 5.5.4.B.

Watercourse, is a channel in which a flow of water occurs either continuously or intermittently in a definite direction. The term applies to either natural or artificially constructed channels.

Watercraft, is a boat, houseboat, canoe, raft, surfboard, or other apparatus designed for use on water, including motors or engines designed to propel such craft or apparatus.

Watercraft, Personal, is a recreational watercraft that a rider sits or stands on rather than inside, as one would a boat.

CHAPTER 5. TRUCK AND VEHICLE PARKING DEFINITIONS

This chapter defines terms that are used in Article xx – Truck and Vehicle Parking.

Single-Family Residential, property zoned R-1 and RE, and AI, RML or RMM when used for single-family residential purposes.

Multi-Family Residential, property zoned RML and RMM when used for multi-family residential purposes.

Industrial and Agricultural, include property zoned I and A when not used for single-family residential purposes.

Commercial and Professional, shall include property zoned C, CC, INST, P-1, NC, MX, MXB, MX SI, and SC.

Commercial Lettering, letters, numbers, symbols, or combinations thereof which advertise a trade, business, industry, or other activity for profit or a product, commodity, or service. The term shall not include bumper stickers affixed to bumpers only or the decal or plate commonly applied to a motor vehicle by a motor vehicle dealer.

Commercial Rack, any frame, device, or other apparatus that is designed and constructed for the primary purpose of carrying tools, building materials, or merchandise. Racks designed and constructed for carrying luggage or sporting equipment, such as kayaks, canoes, or bicycles, shall not be considered to be Commercial Racks so long as they are used for the purpose of carrying the aforesaid items. Furthermore, a rack designed and constructed for carrying a ladder (a "ladder rack") that is attached to a motor vehicle shall not be considered to be a Commercial Rack, provided the ladder rack is not wider than the vehicle to which it is attached and no part of such ladder rack extends more than 16 inches above the cab of the vehicle or extends beyond the tailgate of the vehicle.

Commercial Vehicle, an agricultural, construction, or industrial motor vehicle or any bus, step van, truck, or truck tractor. The term shall include any motor vehicle (including automobiles) upon which commercial lettering, as defined herein, has been affixed. The term shall also include a pickup truck from which the cargo box has been removed. Any motor vehicle with one or more tools (including a

ladder), building materials, or merchandise visible from the street or abutting residential property, or a "commercial rack" that is visible from the street or abutting residential property shall be deemed a commercial vehicle. A passenger automobile or sports utility vehicle (SUV) containing commercial lettering shall not be considered a commercial vehicle for purposes of this section so long as the commercial lettering on the vehicle does not contain any reference to the residential address at which the automobile is parked.

Light Van, any motor vehicle having a generally rectangular bulk, which is licensed and registered for operation upon public highways and which has a carrying capacity of no more than one ton or no more than nine passengers.

Owner, when used in relation to a motor vehicle or trailer, any person to whom a motor vehicle or trailer is registered according to the certificate of title for the motor vehicle or trailer and, if the motor vehicle or trailer is under lease, rental agreement, or on loan under any type of arrangement, gratuitous or otherwise, shall include the person having possession or control of the vehicle. When used in relation to privately real property in a residential zoning district, the term shall mean the owner according to the latest ad valorem tax records of the county and, if the privately property is under lease, rental agreement, agreement for deed, or similar land contract shall include the person in possession and control of the property.

Pickup Truck, any motor vehicle designed primarily for the transportation of property within a permanently attached open cargo box and having a gross motor vehicle weight of no more than 17,500 pounds, a height of no more than 82 inches (measured from the ground to the vehicle's highest point excluding antennae), no more than six wheels, and no more than two sides.

Screening, a visual barrier consisting of permanent, dense vegetation, or other permitted structure at least equal in height to the recreational vehicle, boat, or boat trailer but which does not violate any height limitation for barriers in the applicable zoning district.

Trailer, any vehicle without motive power designed for carrying persons or property on its own structure and to be drawn by a motor vehicle regardless of hitch type.

Trailer, Boat, a trailer that is designed and constructed by the manufacturer for the primary purpose of carrying and launching a boat.

Truck, any motor vehicle, other than a pickup truck or light van, designed primarily for the transportation of property or cargo.

Vehicle for Human Habitation, a house car, camp car, camper, house trailer, or any vehicle by whatever name known, school bus, or other bus designed or adaptable for human habitation, whether such vehicle moves by its own power or by power supplied by a separate vehicle.

CHAPTER 6. SIGN DEFINITIONS

This chapter defines terms that are used in Article 7 - Signs.

Banner, is any sign having the characters, letters, illustrations, or ornamentations applied to cloth, paper, or fabric of any kind with only such material for foundation. The word "banner" shall also include pennant or any animated, rotating, or fluttering device, with or without lettering or design, and manufactured and placed for the purpose of attracting attention.

Feather Flag, is a vertical flag used for identifying a secondary model home contiguous to the primary model home site.

Flag, is a piece of fabric with a color or pattern that represents some country, state, county, city, party, organization, or business activity.

Flashing Sign, is any sign with a light or lights which flash, blink, operating on and off intermittently, change in intensity, or otherwise create the illusion of flashing or movement.

Flat or Wall Sign, is any sign erected parallel to the facade or on the outside wall of any building and supported throughout its length by the wall of the building or incorporated into the structure or architecture.

Mural, is any picture, scene, or diagram painted on any exterior wall or fence not interpreted by the Director to be advertising. Murals determined to be advertising shall be considered a sign and shall be included in the calculations of allowable sign area.

Sign, is any display of banners and flags, characters, letters, illustrations or any ornamentations, or the complete structure on which any such characters, letters, illustrations, or ornamentations are stated or applied (except buildings to which the sign may be attached); used for identification, directional purposes, advertising, or promotional purposes.

Sign, A-Frame, is a moveable sign not secured or attached to the ground as required by this Code. Menu boards are permitted on sidewalks within commercial shopping centers and in front of the business it applies to, and which do not obstruct the walkway and are not placed in the landscaping.

Sign, Abandoned, is a sign which advertises a business that is no longer licensed or is no longer doing business at that location.

Sign, Add-on, is any additional sign area added to a previously permitted and/or conforming sign.

Sign, Advertising, is any form of printed message intended to aid, directly or indirectly, in the sale, use, or promotion of a product, commodity, service, activity, or entertainment.

Sign, Animated, is a sign with action or motion using electrical energy, electronic or manufactured sources of supply, or wind actuated elements, including rotating, revolving, or flashing signs against which it is placed, excluding the necessary supports or uprights on which such sign is placed.

Sign Area, is the height multiplied by the length. Height shall be measured from the top of the highest letter to the bottom of the lowest and length shall be measured from the point of the lettering furthest to the left to the point of the lettering furthest to the right. Any logo shall be measured in the same

1535 fashion and will count as part of the sign face area. When the lettering and logo are contained within a 1536 frame or outline, the sign area shall be the area inside the frame or outline. For double-faced signs, only 1537 one side shall be measured for the area. 1538 1539 Sign, Bench, is a sign on any part of the surface of a bench or seat placed adjacent to a public street. 1540 1541 Sign, Building Identification, is a sign on a building with a main entry that depicts only the name of the 1542 building. Building identification signs on the exterior of a building or behind a glass enclosure, window, 1543 glass facade, or any other transparent surface material, and visible from the outside of the building are 1544 considered signs. 1545 1546 Sign, Changeable Copy, means a sign which has message characters that are not permanently attached to 1547 the sign, but which are attached to permit numerous changes of the message. 1548 1549 Sign, Construction, is a temporary sign erected on the premises on which construction is taking place, 1550 during the period of such construction, identifying those engaged in construction on any building site. This 1551 includes the builder, contractor, developer, architect, engineer, financing entity, or other persons or artisans involved in construction. 1552 1553 1554 Sign, Development, is a temporary sign advertising the sale or rental of structures under construction 1555 upon land which is under development. 1556 1557 Sign, Directional, a sign whose message is exclusively limited to guiding the circulation of motorists or 1558 pedestrians on the site. 1559 Sign, Directory, is a sign which lists only the names of individuals or businesses within a building, or 1560 1561 contiguous buildings on one premises. 1562 1563 Sign, Double-Faced, is a sign with two identical display areas against each other or where the interior 1564 angle formed by the display areas is 60 degrees or less, where one face is designed to be seen from one 1565 direction and the other side from another direction. 1566 Sign, Façade, see "wall sign.". 1567 1568 Sign Face, is that portion of the sign, excluding the supporting structure, where copy, font, visual 1569 1570 depictions, or otherwise can be placed. 1571 1572 Sign, Free Standing, includes ground signs, pole signs, and monument signs which are supported by one 1573 or more columns, uprights, or braces anchored into the ground independent of support from any building. 1574 1575 Sign, Fuel Pump Valance, is any permanent sign attached to the top of a fuel pump. 1576 1577 Sign, Garage Sale, is any sign pertaining to the sale of personal property in, at or upon any residentially 1578 zoned property located in the City, to include yard sales, moving sales, and the like. Garage sales shall 1579 include all such sales and include the advertising of the holding of any such sale, of the offering to make 1580 any sale, whether made under any other name such as lawn sale, yard sale, moving sale, front yard sale,

back yard sale, home sale, attic sale, rummage sale, patio sale, flea market sale, or any similar designation. Limited to five square feet in area. See "Residential Transitory Sign".

Sign, Ground, see Sign, Monument.

Sign Height, means the vertical distance to the highest point of a sign. Freestanding signs shall be measured from the crown of the nearest abutting street or sidewalk.

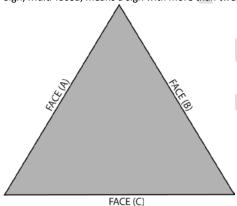

Sign, Identification, is a sign which contains no advertising and the message of which is limited to conveying street numbers, the name, address, and numbers of the premises, or the name of the owner or occupant of the premises.

Sign, Illuminated, is a sign in which a source of light is used to make the message readable. This shall include internally and externally lighted signs.

Sign, Instructional, is a sign conveying instructions with respect to the premises on which it is maintained, such as, but not limited to, "exit," "entrance," "parking," or similar instructions.

Sign, Monument, is a freestanding sign supported primarily by an internal structural framework or integrated into landscaping or other solid structural features other than support poles.

Sign, Multi-faced, means a sign with more than two (2) faces.

TOTAL SIGN AREA = FACE (A) + FACE (B) + FACE (C)

Sign, Neighborhood, means signs designating separate and distinct neighborhoods which may be part of a larger subdivision or have distinct characteristics which are unlike those in adjoining areas.

Sign, Nonconforming, is any sign which does not comply with the regulations of this sign code, or subsequent amendments.

1609 1610 Sign, Off-Premises, is a sign identifying, advertising or directing the public to a business, merchandise, 1611 service institution, residential area, entertainment, or activity which is located, sold, rented, based, 1612 produced, manufactured, furnished, or taking place at a location other than on the property on which the 1613 sign is located. 1614 1615 Sign, On-Premises, is any structure, device, display board, screen, surface, or wall, characters, letters, or 1616 illustrations placed thereto, thereon, or there under by any method or means whatsoever where the 1617 matter displayed is used for advertising on the premises, a product or service, actually or actively offered 1618 for sale or rent thereon or therein. 1619 1620 Sign, Painted, is any sign painted on any surface, including the roof of any building, visible from any public 1621 right-of-way. 1622 1623 Sign, Pole, is a freestanding sign that is affixed, attached, or erected on a pole that is not itself an integral 1624 part of or attached to a building or structure. 1625 Sign, Political, means any temporary sign announcing or supporting political candidates or issues in 1626 1627 connection with any local, county, state, or national election. 1628 1629 Sign, Portable, is any sign that is designed to be transported, including but not limited to signs: with wheels removed; with chassis or support constructed without wheels; designed to be transported by trailer or 1630 1631 wheels; attached temporarily or permanently to the ground, structure, or other signs; menu and sandwich 1632 boards, searchlight stands; and tethered inflatable signs. 1633 1634 Sign, Projecting Blade, is any sign hung or projecting perpendicular to the building. Maximum allowable 1635 area is four square feet. 1636 1637 Sign, Projecting, is a sign projecting at an angle from the outside wall or walls of any building which is 1638 supported by only one rigid support, irrespective of the number of guy wires used in connection 1639 therewith. 1640 1641 Sign, Public, is a sign placed under the authority of duly authorized government officials, including traffic 1642 signs, legal notices, public safety signs, or signs placed by such authorized official for the public health, 1643 safety, welfare, or convenience. 1644 1645 Sign, Real Estate, is any sign installed by the owner or his agent on a temporary basis, advertising the real 1646 property upon which the sign is located for rent, sale, or lease. 1647 1648 Sign, Residential Transitory, means specific types of temporary signs which may be displayed for three 1649 consecutive days only. These signs are intended to facilitate garage sales, estate sales, moving sales, yard sales, neighborhood meetings, HOA meetings and the like. See "Garage Sale Sign" and "Estate Sale Sign". 1650 1651 1652 Sign, Revolving, see Animated Sign 1653

Sign, Roof, is any outdoor advertising display sign, installed, constructed, or maintained above the roof

1654

1655

line of any building.

1656 Sign, Sandwich, see A-Frame Sign 1657 1658 1659 Sign, Rotating, see Animated Sign 1660 1661 Sign, Snipe, is any sign of any size, made of any material, including but not limited to paper, cardboard, 1662 wood, and metal, when such sign is tacked, nailed, posted, pasted, glued or otherwise attached to trees, 1663 poles, fences or other objects, and the advertising matter appearing thereon is not applicable to the 1664 premises upon which said sign is located. 1665 1666 Sign, Special Event, is any temporary sign announcing special events. 1667 1668 Sign, Swinging, is any sign that swings freely from or on supports regardless of the guy wires used in 1669 connection therewith. 1670 Sign, Temporary, is a sign that advertises for a specific limited period of time, political candidates, parties, 1671 or issues, a building under construction, business grand opening, other special events and model homes. 1672 Sign, Time and Temperature, is a display containing illuminated numerals flashing alternatively to show 1673 1674 the time and temperature. 1675 1676 Sign, Trailer, is any sign installed on a frame or structure with wheels other than a motor vehicle. Sign, Under Canopy, is any sign hung under a canopy perpendicular to the building. No permit required. 1677 Maximum area is four square feet. 1678 1679 1680 Sign, V-Shaped, is any sign which has two faces which are not parallel. The area of each of the two faces 1681 will be added together to calculate the allowable area for the sign face dimension. A V-shaped sign is not 1682 a double-faced sign. 1683 Sign, Vehicle, is a sign affixed to or painted on a transportation vehicle or trailer for the purpose of 1684 identification or advertisement. Vehicle signs shall not include political signs, bumper stickers, or signs 1685 1686 required by law, ordinance, or regulations. 1687 Sign, Wall (Facade Sign), is any sign installed parallel to or flush against the outside facade of a building. 1688 1689 Such signs, and logos located on the exterior of a building or behind a glass enclosure, window, glass 1690 facade, or any other transparent surface material, and visible from the outside of the building, are 1691 considered wall signs and are calculated as part of the total facade signage permitted. Such signs must 1692 conform to the Sign Code. See Building Identification signs. 1693 1694 Sign, Window, is any sign which is attached or painted, either permanently or temporarily, on the interior 1695 or exterior of a window, glass door, glass wall, or which is placed within 12 inches of the window, glass 1696 door, or glass wall and is intended to be viewed from the outside. 1697 1698 Chapter 7. Wireless Telecommunications Definitions 1699

This chapter defines terms related to requirements in Article 5, Chapter 12. Wireless Telecommunication.

Alternate Tower Structure, means man-made trees, clock towers, bell steeples, light poles, and similar alternative-design mounting structures that camouflage or conceal the presence of antennas or towers.

Antenna, means any exterior transmitting or receiving device mounted on a tower, building, or structure and used in communications that radiates or captures electromagnetic waves, digital signals, analog signals, radio frequencies (excluding radar signals), wireless telecommunications signals, or other communication signals.

Antenna Support Structure, is any building or other structure, other than a tower, which may be used for location of wireless telecommunications facilities.

Camouflaged, means any wireless communications facility which is designed to blend into the surrounding environment or that camouflages or conceals the presence of the tower or wireless telecommunication facility to the extent that the average person would be unaware of its nature as a tower, antenna, or wireless telecommunications facility. Examples of camouflaged facilities include, but are not limited to, man-made trees, clock towers, bell steeples, flag poles, light poles, and similar alternative-design mounting structures. Examples of camouflaged antennas include, but are not limited to, architecturally screened roof-mounted antennas, building-mounted antennas painted to match the existing structure, and antennas integrated into architectural elements.

Co-location, is the act of erecting antenna(s) of a wireless service provider on a tower or an existing antenna support structure already supporting an antenna.

Designed Service Study, is a study of the configuration and manner of deployment of wireless services the wireless provider has designed for an area as part of its network that demonstrates whether or not existing towers or tall structures in the search can be utilized for co-location.

FAA, means the Federal Aviation Administration.

FCC, means the Federal Communications Commission

Monopole, is a style of free-standing tower that is composed of a single shaft, usually composed of two or more hollow sections that are in turn attached to a foundation, with external antennas. This type of tower is designed to support itself without use of guy wires or other stabilization devices.

Pole-Mounted, means an antenna attached to or upon an electric transmission or distribution pole, a streetlight, a traffic signal or similar facility within the public right-of-way or a utility easement. A utility pole-mounted facility shall not be considered a wireless telecommunication facility.

Structure-Mounted, means a wireless telecommunications facility, tower or antenna which is mounted to an existing building or structure not otherwise meant to support a wireless telecommunication facility, tower or antenna.

Wireless Communication, is the transmission and reception of voice, data or video transmission via radio frequency (RF) signals through electromagnetic energy.

 Wireless Communication Facility (WCF), is any cables, wires, lines, wave guides, antennas, and other equipment associated with the transmission or reception of telecommunications installed upon a tower or antenna support structure, including ground-based equipment in direct support of such transmission or reception. However, the term "Wireless communication facility" shall not include amateur radio antennas.

Pursuant to the requirements of federal regulation for participation in the National Flood Insurance Program (44 C.F.R, Sections 59 and 60), the authority granted to the Building Official to issue permits, to rely on inspections, and to accept plans and construction documents on the basis of affidavits and plans submitted pursuant to Section 105-14 and Section 107.6. shall not extend to the flood load and flood resistance construction requirements of the Florida Building Code. Section 115. Stop Work Orders.						
43	ь.	Section 115. Stop Work Orders.						

44

115.1 Authority. Whenever the building official finds any work regulated by this code being performed in a manner either contrary to the provisions of this code or dangerous or unsafe, the building official is authorized to issue a stop work order. In addition, the building official is authorized to issue a stop work order for the failure to contain or remove construction refuse as required in the Code of Ordinances, Chapter 9, Health and Sanitation.

115.2 Issuance. The stop work order shall be in writing and shall be given to the owner of the property involved, to the owner's agent, or to the person doing the work. Upon issuance of a stop work order, all work on the construction site shall immediately cease. The stop work order shall state the reason for the order, and the conditions under which the cited work will be permitted to resume.

115.3 Unlawful continuance. Any person who shall continue any work after having been served with a stop work order, except such work as that person is directed to perform to remove a violation or unsafe condition, shall be subject to penalties as prescribed by law.

C. Section 117. Variances in Flood Hazard Areas.

 117.1 Flood hazard areas. Pursuant to F.S. § 553.73, the variance procedures adopted in the City of Cape Coral Floodplain Management Ordinance shall apply to requests submitted to the Building Official for variances to the provisions of Section 1612.4 of the Florida Building Code, Building or, as applicable, the provisions of R322 of the Florida Building Code, Residential. This section shall not apply to Section 3109 of the Florida Building Code, Building.

D. Section 612. Flood Loads.

SUBSTANTIAL IMPROVEMENT. Any combination of repair, reconstruction, rehabilitation, addition or improvement of a building or structure taking place during a five-year period, the cumulative cost of which equals or exceeds 50 percent of the market value of the structure before the improvement or repair is started. For each building or structure, the five-year period begins on the date of the first improvement or repair of that building or structure subsequent to August 17, 1981. If the structure has sustained substantial damage, any repairs are considered substantial improvement regardless of the actual repair work performed. The term does not, however, include either:

 Any project for improvement of a building required to correct existing health, sanitary or safety code violations identified by the building official and that are the minimum necessary to assure safe living conditions.

2. Any alteration of a historic structure provided that the alteration will not preclude the structure's continued designation as a historic structure.

Section 12.3 - 2010 Florida Building Code, Existing Building.

All sections of 2010 Florida Building Code, Existing Building are in effect except as amended as shown below:

A. Section 202. General Definitions

SUBSTANTIAL IMPROVEMENT. Any combination of repair, reconstruction, rehabilitation, addition or improvement of a building or structure taking place during a five-year period, the cumulative cost of which equals or exceeds 50 percent of the market value of the structure before the improvement or repair is started. For each building or structure, the five-year period begins on the date of the first improvement or repair of that building or structure subsequent to August 17, 1981. If the structure has sustained substantial damage, any repairs are considered substantial improvement regardless of the actual repair work performed. The term does not, however, include either:

1. Any project for improvement of a building required to correct existing health, sanitary or safety code violations identified by the building official and that are the minimum necessary to assure safe living conditions.

2. Any alteration of a historic structure provided that the alteration will not preclude the structure's continued designation as a historic structure.

Section 12.4. International Property Maintenance Code, 2012 Edition.

The International Property Maintenance Code, 2012 Edition, a copy of which is on file in the City Clerk's office, as published by the International Code Council, Inc., is adopted by reference as if totally copied herein, with revisions to sections as follows:

A. Section 101.1. Insert: City of Cape Coral, Florida.

B. Section 103.1. Delete the words "department of property maintenance inspection is hereby created", and insert in its place the words "City of Cape Coral Code Enforcement Department has been heretofore created". Further, wherever the words "department of property maintenance inspection" or "code official" may appear, substitute the words "City of Cape Coral Code Enforcement Department" and the words "Code Enforcement Manager, or the Manager's designee", respectively.

125 C. Section 103.5. Insert: Fees to be amended, if applicable, at a later date.

D. Section 106.3. Insert at end of such section: The City of Cape Coral Code Enforcement Department may, in addition or alternatively, to pursuing any such criminal or civil penalties of seeking injunctive relief, bring violations for prosecution before the Code Enforcement Special Magistrate, in accordance with §§ 2-81 through 2-96 of the City of Cape Coral Code of Ordinances.

132 E. Section 111. Delete.

F. Section 302.4. Insert: twelve (12) inches in height.

136 G. Section 304.14. Insert: January to December.

137		
138	Н.	Section 602.3. Insert: September to May

140 I. Section 602.4. Insert: September to May.

139

148

J. All references to the building official in the International Property Maintenance Code, 2012
Edition, shall be construed as meaning the Department of Community Development Director or
the Director's designee. All references in the International Property Maintenance Code, 2012
Edition to building, plumbing, mechanical, fuel gas, electric, fire safety or other codes or standards
shall be construed to mean the 2010 Florida Building Code, National Electrical Code, 2008 Edition,
and the Florida Fire Prevention Code, as applicable.

Section 13.1.1 Reasonable Accommodations

A. Purpose, Intent, and Applicability

It is the purpose of this chapter to allow for the development of facilities and residences that accommodate persons with disabilities. This Section implements the policy of the City regarding requests for reasonable accommodation to its zoning and land use regulations, rules, ordinances, policies, and procedures for persons with disabilities to use and enjoy housing. as provided by the Federal Fair Housing Act (42 U.S.C. 3601 et seq.) ("FHA") and Title II of the Americans with Disabilities Act (42 U.S.C. 12131 et seq.) C'ADA").

Any person who is disabled (or qualifying entities) may request reasonable accommodation with respect to the City 's zoning and land use regulations, rules, ordinances, policies, and procedures as provided by the FHA and the ADA pursuant to the procedures set out in this Section. For purposes of this Section, a "qualifying entity" shall mean, a licensed service provider of the state of Florida as defined by Section 397.311, Florida Statutes. All qualifying entities shall submit as part of an application for a reasonable accommodation proof of the licensable service component the qualifying entity holds pursuant to Chapter 397, Florida Statutes.

B. Application Procedures. The following general provisions shall be applicable:

1. The City shall display a notice on the City's webpage (and shall maintain copies available for review in the City Clerk's Office) advising the public that disabled individuals (and qualifying entities) may request reasonable accommodation as provided herein.

2. A disabled person may apply for a reasonable accommodation on his or her own behalf or may be represented at all stages of the reasonable accommodation process by a person designated, in writing, by the disabled person.

3. The City shall provide assistance and accommodation as is required pursuant to the FHA and ADA in connection with a disabled person's request for reasonable accommodation, including without limitation, assistance with reading application questions, responding to questions, completing the necessary forms, filing an appeal, and appearing at a hearing to ensure the process is accessible.

4. Reasonable accommodation request form. A request by an applicant for a reasonable accommodation under this Section shall be made in writing by completion of a reasonable accommodation request form and submitted to the Department of Community Development. The reasonable accommodation request form is maintained by the Department of Community Development and shall contain such questions and requests for information as are necessary for processing the reasonable accommodation request. The reasonable accommodation request form shall, at a minimum. require the following information:

a. Name and contact information for applicant;

b. Address of housing or other location at which accommodation is requested;

- 47
 48 c. Name and mailing address of subject property owner;
 - d. Description of reasonable accommodation requested;
 - e. Description of the specific regulation(s) or procedure(s) from which accommodation is sought;
 - f. Reasons the reasonable accommodation may be necessary for the individual(s) with disabilities to use and enjoy the housing or other service;
 - g. Name and contact information for applicant's authorized representative, if applicable; and
 - h. Signature of applicant, or authorized representative.
 - 5. Fees. There shall be no fee imposed by the City in connection with a request for reasonable accommodation under this Section or an appeal of a determination on such request to the City Council, and the City shall have no obligation to pay a requesting party's (or an appealing party, as applicable) attorneys' fees or costs in connection with the request, or an appeal
 - C. Medical information confidentiality. Should the information provided by the disabled person to the City include medical information or records including records indicating the medical condition, diagnosis or medical history of the disabled person, such individual may at the time of submitting such medical information, request that the City, to the extent allowed by law, treat such medical information as confidential information of the disabled person. The City shall thereafter endeavor to provide written notice to the disabled person, or their representative, of any request received by the City for disclosure of the medical information or documentation which the disabled person has previously requested be treated as confidential by the City. The City will cooperate with the disabled person, to the extent allowed by law, in actions initiated by such individual to oppose the disclosure of such medical information or documentation, but the City shall have no obligation to initiate, prosecute, or pursue any such action, or to incur any legal or other expense (whether by retention of outside counsel or allocation of internal resources) in connection therewith, and may comply with any judicial order without prior notice to the disabled person.
 - D. Determination process. The City Manager shall have the authority to consider and act on requests for reasonable accommodation. When a reasonable accommodation request form has been completed and submitted to the Department of Community Development, it shall be referred to the City Manager for review and consideration.
 - 1. The City Manager shall issue a written determination within 45 days of the date of receipt of a completed application, except as provided in paragraph C. below, and may, in accordance with federal law; (1) grant the accommodation request, (2) grant a portion of the request and deny a portion of the request or impose conditions upon the grant of the request, or (3) deny the request in accordance with federal law. If the request is denied, the determination shall state the grounds therefore. All written determinations shall give notice of the right to appeal.

CITY OF CAPE CORAL, FLORIDA LAND DEVELOPMENT CODE

ARTICLE 13 - REASONABLE ACCOMMODATION & DISPUTE RESOLUTION

- 2. The notice of determination shall be sent to the requesting party (i.e., the disabled individual or authorized representative) by certified mail, return receipt requested.
- 3. If reasonably necessary to reach a determination on the request for reasonable accommodation, the City Manager, may, prior to the end of said 45-day period, request additional information from the requesting party, specifying in detail what information is required. Such additional information may include, additional medical information from the requesting party. The requesting party shall have 15 days after the date of the request for additional information to provide the requested information. In the event a request for additional information is made, the 45-day period to issue a written determination shall no longer be applicable, and the City Manager, shall issue a written determination within 30 days after receipt of the additional information. If the requesting party fails to provide the requested additional information within said 15-day period, the City Manager shall issue a written notice advising that the requesting party had failed to timely submit the additional information and therefore the request for reasonable accommodation shall be deemed abandoned or withdrawn and no further action by the City with regard to said reasonable accommodation request shall be required.
- E. Criteria for determination. In determining whether the reasonable accommodation request shall be granted or denied, the requesting party shall be required to establish that they are protected under the FHA or ADA by demonstrating that they are handicapped or disabled, as defined in the FHA or ADA. For purposes of this Section, the disabled individual must demonstrate to the City:
 - 1. (i) A physical or mental impairment which substantially limits one or more major life activities; (ii) a record of having such impairment; or (iii) that they are regarded as having such impairment; and
 - 2. That the proposed accommodation being sought is reasonable and necessary to afford handicapped or disabled persons equal opportunity to use and enjoy housing.
- F. Required findings. A request for reasonable accommodation pursuant to this Section shall be approved, with or without conditions, if the City Manager finds based upon all of the evidence presented, that all of the following findings are made:
 - 1. The property or dwelling that is the subject of the request for reasonable accommodation will be occupied by a disabled person;
 - 2. The requested accommodation is necessary to provide a disabled person with an equal opportunity to use and enjoy a dwelling;
 - 3. The requested accommodation will not impose an undue financial or administrative burden on the City; and
 - 4. The requested modification will not require a fundamental alteration in the nature of a City program or law.
- G. Conditions of approval. In granting a request for reasonable accommodation. the City Manager may impose conditions of approval deemed reasonable and necessary to ensure that the reasonable

CITY OF CAPE CORAL, FLORIDA LAND DEVELOPMENT CODE

ARTICLE 13 - REASONABLE ACCOMMODATION & DISPUTE RESOLUTION

accommodation would comply with the findings of this Section including, but not limited to the following:

1. Inspection of the property periodically as specified, to verify compliance with this Section and any conditions of approval.

2. Recordation of a deed restriction requiring removal of the improvements when the need for which the accommodation was granted no longer exists, except where the City Manager finds that removal would constitute an unreasonable financial burden or is physically integrated with the structure and cannot feasibly be removed. If applicable, the restrictive covenant shall provide that the reasonable accommodation does not run with the land and shall terminate upon any sale transfer, lease, or other conveyance of the property.

3. Time limits or expiration of the approval, if the need for which the accommodation was granted no longer exists.

4. Measures to reduce the impact on surrounding uses.

5. Measures in consideration of the physical attributes of the property and structures.

6. Other conditions necessary to protect the public health, safety, and welfare.

H. Appeal of determination. Within 30 days from the date of the City determination on a reasonable accommodation request, or revocation, or modification of a reasonable accommodation, the applicant may appeal the decision. All appeals shall contain a written statement containing sufficient detail of the grounds for the appeal. Appeals pursuant to this Section shall be to the City Council who shall, after public notice and a public hearing, render a written determination as soon as reasonably practicable, but in no event later than 60 days after an appeal has been filed. Notice of any public hearing hereunder shall be provided to the applicant at least 10 days in advance of the public hearing.

I. Stay of enforcement. While an application for reasonable accommodation, or appeal or a determination of same, is pending before the City, the City will not enforce the subject zoning ordinance, rules, policies, or procedures against the applicant. However, should the applicant proceed with any property purchase, building, construction, or other work associated with establishing a project or residence housing individuals covered by the FHA or the ADA while an application or appeal for reasonable accommodation is pending, the applicant understands that any of these actions are done at the applicant's own risk because the application or appeal may be denied.

J. Revocation of reasonable accommodation. Any reasonable accommodation received shall be subject to revocation or modification if the holder of the reasonable accommodation or the property upon which the accommodation is granted is found in violation of any provision of the written determination granting the reasonable accommodation by a court of law or by the special magistrate hearing code enforcement cases, and the holder of the reasonable accommodation has failed to correct such violation. The City shall send a notice of hearing on a proposed revocation or modification of a reasonable accommodation by certified mail, return receipt requested, to the holder of the reasonable accommodation at least 30 days prior to the date of the hearing. The City Manager shall

have the authority to consider and act on a revocation or modification of a reasonable accommodation, after notice and hearing during which the reasonable accommodation holder shall have the opportunity to present evidence and be heard.

Section 13.2 Dispute Resolution

A. Purpose and intent. The purpose of this ordinance is to establish procedures for the initiation, conduct and conclusion of a Special Magistrate proceeding under the Florida Land Use and Environmental Dispute Resolution Act (the "Act) involving a development order or enforcement action by the City of Cape Coral. It is the intent of the City of Cape Coral that the Special Magistrate process be a speedy, inexpensive, and simple method for owners and regulators to settle land use and environmental permitting and enforcement disputes. To that end, owners and regulators should meet face-to-face, in a non-adversarial atmosphere, to resolve disputes without the need for formal representation. Negotiations assisted by a Special Magistrate will enable an owner and regulators to exert more control over their dispute, allowing the parties to shape a resolution rather than having one imposed on them. The Special Magistrate and the parties should exercise maximum flexibility to adapt these procedures to the exigencies of each particular case, consistent with the requirements of state law and due process.

B. Definitions. For the purpose of this ordinance, the following definitions shall apply; words used in the singular shall include the plural, and the plural, the singular; words used in the present tense shall include the future tense. The word "shall" is mandatory and not discretionary. The word "may" is permissive. Words not defined herein shall be construed to have the meaning given by common and ordinary use as defined in the latest editions of Webster's Dictionary.

1. CITY. The City of Cape Coral, Florida.

2. DEVELOPMENT. The meaning given it in F.S. § 380.04, as same may hereafter be amended.

3. DEVELOPMENT ORDER. Any order which has or will have the effect of granting, denying, or granting with conditions an application for a development permit. This term shall include orders rezoning a specific parcel of land, but shall not include actions on an amendment to the local Comprehensive Plan.

4. **DEVELOPMENT PERMIT.**

a. Any building permit, zoning permit, subdivision approval, certification, special exception, variance, or any other similar action of the city; or

b. Any other permit authorized to be issued by the city under state law which has the effect of authorizing the development of land, including programs implementing F.S. Chapters 125, 161, 163, 166, 187, 258, 372, 373, 378, and 403.

5. OWNER. A person with a legal or equitable interest in real property who filed an application for a development permit for the real property with the city and who received a development order, or who holds title to real property that is subject to an enforcement action by the city.

	a. A person with a legal or equitable interest in land contiguous to the owner's property a
	who has been accepted by the Special Magistrate as a participant in the proceeding; or
	b. A substantially affected person who submitted oral or written testimony, sworn or unv
	a substantial nature which stated with particularity support for or objections to the
	development order or enforcement action in a prior proceeding, including a public hearing
	who has been accepted by the Special Magistrate as a participant in the proceeding.
7.	PARTY or PARTIES. The owner, the city, and any other governmental entity made a party
	proceeding by the Special Magistrate.
8.	PERSON. Individuals, firms, associations, joint ventures, partnerships, estates, trusts, bus
	trusts, syndicates, fiduciaries, corporations, and all other groups or combinations.
9.	RIPENESS DECISION. A written decision that describes the use or uses available on the su
<u>J.</u>	real property.
<u>10</u>	. SPECIAL MAGISTRATE PROCEEDING. Any combination of facilitation sessions, formal or in
	hearings, of a public nature authorized under the Florida Land Use and Environmental Di
	Resolution Act.
Pr	e-hearing procedures.
	thearing procedures.
<u>1.</u>	Unless the parties agree in writing to extend the time for performing any act under these
	guidelines, including the overall 165-day time period, a Special Magistrate proceeding m
	continue longer than 165 days from the date the owner files the request for relief.
2	Any conveybigh must be furnished to the Chesial Magistrate a party or a participant may
<u>Z.</u>	Any copy which must be furnished to the Special Magistrate, a party or a participant may sent by regular mail, postage prepaid, or by hand delivery to the recipient's last known a
	The burden of proving a copy has been furnished is on the person responsible for furnish
<u>3.</u>	Except for, an owner's request for relief, any document which must be submitted or any
	which must be furnished, may be submitted or furnished by facsimile transmission. Facsi
	documents shall be deemed submitted or furnished on the date transmitted as shown or
	recipient's copy, if the copy is complete.
4.	Filing means that the signed original must be received by the office that is to receive the
	document by the date specified. Any document received after 5:00 p.m. shall be deemed
	of 8:00 a.m. the next regular business day.

- 1. The Special Magistrate holds a position of trust and should adhere to the highest standards of personal integrity, impartiality, and competence. The Special Magistrate should be honest and unbiased, act in good faith, be diligent, and avoid any conflict of interest or the appearance of a conflict of interest. The Special Magistrate should disclose any facts or circumstances that may give rise to justifiable doubts as to impartiality or independence.
- The standards of conduct for parties and participants may be adopted by the City Council by
 resolution and shall govern the proceedings unless waived or altered in the Special Magistrate
 contract.
- E. Administrative appeals and judicial review.

- 1. A petition by the owner for judicial review of the development order or enforcement action or a formal administrative hearing pursuant to F.S. §§ 120.569 and 120.57, if applicable, shall waive all rights to a Special Magistrate proceeding.
- 2. A request for relief through a Special Magistrate proceeding shall toll the time for filing a petition for judicial review of the development order or enforcement action, or a formal administrative hearing pursuant to F.S. §§ 120.569 and 120.57, if applicable.
- 3. Invoking the procedures for a Special Magistrate proceeding is not a pre-condition for judicial review of the development order or enforcement action or a formal administrative hearing pursuant to F.S. §§ 120.569 and 120.57.
- F. Pre-initiation meeting. Prior to filing a formal request for relief under this ordinance, the owner may request by letter an informal meeting with the City Manager to discuss alternatives to the filing of the Special Magistrate proceeding. The City Manager shall conduct such a meeting as expeditiously as possible and shall include technical staff familiar with the regulations at issue.
- G. Request for relief. Any owner who believes a development order of or an enforcement action by the city is unreasonable or unfairly burdens the use of the owner's real property may file a request for relief in accordance with the requirements of this ordinance. Request for relief forms shall be maintained by the City Department of Community Development and shall be available during business hours to members of the public.
- H. Time for filing. A request for relief must be filed within 30 days after:
 - 1. Receipt of the development order or enforcement action; or
- 2. If a city administrative appeal is available in the case of a particular development order or enforcement action, the later of the conclusion of such administrative appeal or the expiration of four months after the initiation of such appeal. Before initiating a Special Magistrate proceeding to review a city development order or enforcement action, the owner must exhaust all nonjudicial city administrative appeals so long as such appeals take no longer than four months. Once nonjudicial local administrative appeals have been exhausted and the development order or enforcement action is final, or, if the owner has pursued administrative

322			appeals, within four months after issuance of the development order or notice of the
323			enforcement action by the city (even if the appeals have not been concluded), the owner may
324			file a request for relief pursuant to this section.
325			
326	<u>l.</u>	Re	quirements. The request for relief must contain the following:
327			
328		<u>1.</u>	A brief statement of the owner's proposed use of the property;
329			
330		2.	A summary of the development order or description of the enforcement action. In addition, a
331			copy of the development order or documentation of the enforcement action must be attached;
332			
333		<u>3.</u>	A brief statement of the impact of the development order or enforcement action on the ability
334			of the owner to achieve the proposed use of the property;
335			
336		<u>4.</u>	The signature of the owner or, if the owner is a corporation, partnership, or other organization,
337			the signature of a responsible official, and the mailing address and telephone number at which
338			the owner may be reached;
339			
340		<u>5.</u>	A statement regarding whether any local administrative appeal is available and, if so, whether
341			and when it was commenced by the owner and, if completed, the date of completion; and
342		_	
343		<u>6.</u>	A certificate of service identifying the persons, if any, who have been furnished with copies of
344			the request for relief.
345		r:t:	ag of request for relief
346	<u>J.</u>	FIIII	ng of request for relief.
347 348		1	To initiate a Special Magistrate proceeding, an owner must file a signed original and one copy of
349		1.	a request for relief with the Community Development Department. No fee shall be charged by
350			the city for the filing of a request for relief. However, the owner shall be solely responsible for
351			the cost of preparing the original and one copy of the request for relief.
352			the cost of preparing the originar and one copy of the request for relief.
353		2	Within ten days of receipt by the city of the request for relief filed as provided herein, the City
354		<u></u>	shall forward the original request for relief to a Special Magistrate selected in accordance with
355			this ordinance. This time period may be extended only by agreement of the parties.
356			and or amount of this care parties.
357	К. І	Notic	e of filing.
358	-		The state of the s
359		1.	Concurrently with the forwarding of the request for relief to the Special Magistrate, the city
360			shall serve, by U.S. Mail or hand delivery, a notice of the filing of the request for relief to the
361			following:
362			
363			a. Owners of real property contiguous to the applicant's property at the address shown on the
364			latest Lee County tax roll; and
365			
366			b. Any substantially affected person who submitted oral or written testimony of a substantive
367			nature which stated with particularity an objection to or support for any development order

l	ARTICLE TO REACCIONABLE ACCOMMISSION & DIGITAL RECOLUTION
368	or enforcement action at issue. However, notice under this paragraph is required to be
369	provided to such a substantially affected person only if that person requested in writing or
370	at a public hearing expressed a desire to be placed on a mailing list to receive notice of any
371	subsequent proceeding on the development order or enforcement action at issue. The city
372	shall maintain in its files relating to particular development orders a mailing list of persons
373	who have presented oral or written testimony and who have requested notice.
374	
375	2. The notice of the filing of the request for relief need not contain any attachments or supporting
376	documentation which may have accompanied the request for relief. However, in lieu or
377	providing a complete copy of the request for relief, the notice of filing shall contain any
378	information necessary for the recipient to secure a complete copy of the request for relief. The
379	cost of preparing and serving copies of the request for relief on qualifying participants shall be
380 381	borne equally by the parties.
382	3. Any failure to notice potential participants shall be cured by posting of notice of the Special
383	Magistrate proceeding in a location established by the City Council for that purpose.
384	
385	L. Special Magistrate.
386	
387	1. Qualifications and restrictions. A Special Magistrate need not be a lawyer or a mediator certifie
388	by the Florida Supreme Court. However, in order to serve as a Special Magistrate in a
389	proceeding pursuant to this ordinance, a person must:
390	
391	a. Be a resident of the State of Florida;
392	
393	b. Possess experience and expertise in mediation; and
394	
395	c. Possess experience and expertise in at least one of the following disciplines and a working
396	familiarity with the others:
397	i. Land use and environmental permitting;
398	ii. Land planning;
399	iii. Land economics; and
400	iv. Local and state government organization and powers, and the law governing the same.
401	
402	2. Special Magistrate selection.
403	
404	a. The City Council shall at least annually recruit qualified persons to serve as Special
405	Magistrates and shall, on an annual basis, appoint at least three qualified persons to serve
406	as "pre-approved" Special Magistrates.
407	
408	b. The city shall include in the request for relief form provided to the owner a pre-approved list
409	of Special Magistrates and instructions for objecting to any person named on the list.
410	
411	 The parties may mutually agree on a Special Magistrate. In instances in which the city has

been joined by a Special Magistrate pursuant to subsection (11) of the Act, the city shall not

unreasonably refuse to abide by the choice of a Special Magistrate by the original parties.

412

3. Selection from pre-approved list.
a. The Special Magistrate may be selected from the list(s) of approved Special Magistrates
provided with the request for relief form. If an owner objects to any of the Special
Magistrates on the list(s), the owner shall state such objection in the owner's request for
relief. If an owner does not object to a Special Magistrate in the owner's request for relief,
then those Special Magistrates to whom no objection was raised by the owner shall be
deemed to be acceptable to the owner. The city shall then select one of the pre-approved
Special Magistrates, at random, to be the Special Magistrate to consider the requests for
relief.
b. In the event an owner objects to all of the persons on the approved Special Magistrate list,
the city shall be allowed additional time to secure a mutually acceptable Special Magistrate.
c. If the parties are unable to agree on the selection of a Special Magistrate, then the following
procedure shall apply:
i. Each party may select one person qualified as a Special Magistrate who, together, shall
then select a candidate. If the parties cannot agree on that candidate, the Special
Magistrate shall be randomly selected by the Florida Growth Management Conflict
Resolution Consortium from a list of qualified candidates maintained by them for that
purpose; or
ii. If the parties prefer not to follow the procedure delineated in subsection (f)(3)c.1.
above, then the Special Magistrate shall be randomly selected by the Florida Growth
Management Conflict Resolution Consortium from a list of qualified candidates
maintained by them for that purpose.
M. Special Magistrate agreement.
1. Following the selection of a Special Magistrate, the parties shall enter into an agreement with
the Special Magistrate which provides for the following:
a. Agreement by the Special Magistrate that he or she would not be called as an expert
witness in any related subsequent or concurrent judicial proceeding;
,
b. Agreement by the parties that the Special Magistrate's recommendation and related
materials are inadmissible in any related subsequent or concurrent judicial proceeding
except to the extent that a certificate of completion of the process will be available to
certify that the Special Magistrate process has been completed;
c. The Special Magistrate may not be called to appear before the City Council or any
administrative or judicial tribunal with respect to the written recommendation or any aspect
of the proceeding, nor may the Special Magistrate voluntarily furnish notes or other related

457

458

material;

459	d. The Special Magistrate may require in any agreement that the parties, where not otherwise
460	prohibited by law, provide a deposit of funds to secure payment of the Special Magistrate's
461	fees and expenses;
462	
463	e. Payment of costs, including, but not limited to the costs of providing notice and effecting
464	service, and payment of fees and expenses for the Special Magistrate;
465	
466	f. Establish rules for the conduct of the proceeding, including but not limited to standards of
467	conduct for the Special Magistrate, parties, and participants, and the enforceability of
468	subpoenas in circuit court;
469	
470	g. Identify factual issues to be addressed in the proceeding or specify procedures for resolving
471	factual issues, including, but not limited to, stipulation;
472	
473	h. Provide for the exchange of information by the parties prior to the mediation or hearing;
474	
475	i. Identify participants known to the parties who should be notified of the proceeding;
476	
477	j. Provide whether the time for performance of any act is varied; and
478	
479	k. Address such other issues as the parties may decide will assist in settlement of the dispute.
480	
481	N. Conduct of the Special Magistrate proceeding.
482	
483	1. Request to participate in proceedings. Within 21 days after receipt of the request for relief, any
484	owner of land contiguous to the owner's property and any substantially affected person who
485	submitted oral or written testimony, sworn or unsworn, of a substantive nature which stated
486	with particularity objections to or support for the development order or enforcement action at
487	issue may request from the Special Magistrate permission to participate in the proceeding. Such
488	persons may be permitted to participate in the hearing to the extent allowed under the Act.
489	
490	2. Filing of response.
491	
492	a. No more than 15 days after the filing of a request for relief, the City shall file a response to
493	the request for relief on behalf of the city. A copy shall be furnished to the owner and any
494	person who has requested to participate in the proceeding. The cost of preparing and filing
495	the response to the request for relief shall be borne by the city.
496	
497	b. The response to the request for relief shall set forth in reasonable detail the position of the
498	city regarding the matters raised by the owner. The response shall include a brief statement
499	explaining the public purpose of the regulations on which the development order or
500	enforcement action is based.
501	
502	3. Sufficiency hearing; request to be dropped as a party.
503	

- a. The response to the request for relief may include a request that the Special Magistrate dismiss the owner's request for relief for any failure to include the information required in subsection .7 above. The Special Magistrate may conduct a hearing on the issue of such dismissal of the request for relief. If the Special Magistrate dismisses the owner's request for relief, the Special Magistrate shall allow the owner a reasonable time within which to file an amended request for relief. Failure to file an adequate amended request for relief within the time specified by the Special Magistrate shall result in a dismissal with prejudice as to this proceeding.
- b. Any party may request, in its response or otherwise, to be dropped from the proceeding. The request must set forth facts and circumstances to aid the Special Magistrate in deciding the request. The Special Magistrate may conduct a hearing at any time on any request to be dropped as a party. All such requests must be disposed of prior to a hearing on the substance of the owner's request for relief. If the Special Magistrate denies a party's request to be dropped, that party shall participate in the proceeding.
- O. Notice and timing of Special Magistrate proceeding.

- 1. As required under the Act, the Special Magistrate shall timely convene a Special Magistrate proceeding on the request for relief.
- 2. The Special Magistrate's expenses in providing notice shall be borne equally by the parties unless otherwise established in the Special Magistrate agreement.
- 3. Notice to all parties and other persons who have requested such notice hall contain a reference number and date of filing of the request for relief and instructions for obtaining further information regarding the request for relief.
- P. Subpoena powers of the Special Magistrate.
 - 1. A subpoena issued by a Special Magistrate may require the witness to bring a document or thing.
 - 2. A party requesting the subpoena of a nonparty witness shall make such request in writing to the Special Magistrate.
 - 3. The Special Magistrate shall only subpoena a witness that the Special Magistrate believes will aid in the disposition of the matter.
 - 4. Parties subpoenaing witnesses shall be responsible for paying fees and mileage in the amount as provided under Florida law for witnesses in civil cases.
 - 5. The Special Magistrate shall provide notice of any witnesses subpoenaed to any party requesting such notice.

-		
549	<u>6.</u>	Service of subpoenas shall be made in the manner provided by the Florida Rules of Civil
550		<u>Procedure.</u>
551 552	7.	The witnesses of either party that are present for the hearing or are on standby or available on
553		call are not to be excused by either party without the concurrence of the other party or of the
554		Special Magistrate.
555		
556	Q. Sp	ecial Magistrate proceedings.
557 558 559	<u>1.</u>	Consolidation.
560		a. Separate matters which involve similar issues or identical parties may be consolidated if the
561		parties agree and it appears that consolidation would promote the speedy, efficient, and
562 563		inexpensive resolution of the matters.
564		b. If such separate matters are pending before different Special Magistrates, the parties may
565		decide which Special Magistrate will conduct the consolidated proceeding. If the parties
566		cannot agree on one or more Special Magistrates to conduct the proceeding, the
567		proceedings shall not be consolidated.
568		
569	<u>2.</u>	Conduct of the proceeding.
570		
571		a. A party or participant may be represented by an attorney or other person at any phase of
572 573		the proceeding, but such representation is not required.
574		b. At the mediation, each party shall be represented by a person with authority to bind that
575		party to a settlement, or to recommend a settlement directly to the persons with authority
576		to bind the party. The Special Magistrate may ask a representative to provide assurances of
577		such authority.
578		
579	<u>3.</u>	Order of the proceeding.
580		
581		a. In keeping with the overriding intent of the Legislature that the Special Magistrate
582		proceeding be a flexible, problem-solving procedure which results in a voluntary settlement
583		the Special Magistrate may conduct the phases of the proceeding in any sequence and on
584		separate days.
585		
586		b. The proceeding shall be open to the public and shall be held in a location accessible to the
587		public, including the physically handicapped.
588		The control of the first of the
589		c. The proceeding shall be conducted under the direction and supervision of the Special
590		Magistrate. The Special Magistrate shall determine the order of presentation of issues and
591		information unless otherwise set forth in the Special Magistrate agreement. The Special
592		Magistrate shall decide questions of procedure in a manner which provides reasonable due
593 594		<u>process.</u>
JJ4		

95	<u>d</u>	. Prior to any other portion of the proceeding, the Special Magistrate shall conduct a hearing
96		on any request to dismiss the request for relief.
97		
98	<u>e</u>	. At any time after commencement of the information-gathering hearing, the Special
99		Magistrate may recess the hearing to recommence mediation and facilitation.
)0)1	f	After the hearing, the Special Magistrate may re-convene the parties to present a written
2	<u></u>	recommendation, in draft or final form, and seek to re-commence negotiations.
		recommendation, in draft of final form, and seek to re-commence negotiations.
	<u>4. N</u>	Mediation phase.
	<u>a</u>	. The Special Magistrate's first responsibility is to facilitate a resolution of the dispute and
		arrive at a settlement acceptable to the parties. It may involve a modification of the owner's
		proposed use of the property or adjustment in the development order or enforcement
		action or regulatory efforts by one or more of the governmental parties.
	b	. The Special Magistrate shall, among other things, suggest alternatives, analyze issues,
		question perceptions, use logic, stimulate and facilitate negotiations between the parties,
		and keep order. The Special Magistrate at all times shall promote conciliation, cooperation,
		compromise, and settlement of the dispute within the bounds established by law.
	C	. As alternatives, if variances, and other types of adjustments to the development order or
		enforcement action are presented, the Special Magistrate shall afford participants an
		opportunity to address the impacts of such alternatives on their substantial interests.
	<u>d</u>	. At any time after commencement of the presentation of evidence in the hearing, the Special
		Magistrate may recess the hearing and presentation of evidence to recommence a
		facilitation session.
	<u>5. Ir</u>	nformation-gathering hearing.
	<u>a</u>	. Within five days of receipt of the request for relief, the Special Magistrate shall provide
		written notice of the place, date, and time of the hearing to all parties, and to all person
		who have requested such notice. The hearing must be held within 45 days of the Special
		Magistrate's receipt of the request for relief. The parties may agree to extend the date for
		the hearing.
	<u>b</u>	. The hearing must be held in the City of Cape Coral. The Special Magistrate's decision on the
		specific place of the mediation and hearing shall be final.
	<u>c</u>	. The Special Magistrate shall hear from anyone with information necessary to understand
		the matter. The Special Magistrate may question anyone presenting information at the
		hearing, but will give all parties an opportunity for follow-up questions.
	<u>d</u>	. The Special Magistrate shall weigh all information offered at the hearing. Information shall
		not be subject to the rules of evidence, but the criteria for determining and the

641		determination of verification and authentication are within the Special Magistrate's
642		discretion.
643		
644	<u>e.</u>	At any time, the Special Magistrate may require any party to provide additional information
645		in the interest of gaining a complete understanding of the request for relief.
646 647	f	Each party may record the hearing at its own expense. The Special Magistrate may record
648	<u></u>	the hearing to assist in preparing a recommendation as required by § 8.13.11. If the Special
649		Magistrate makes such a recording, it will be forwarded to the city with the
650		recommendation, but will be subject to the restrictions on information contained in §
651		8.13.10H.
652		
653	g.	Any documents or tangible materials presented to the Special Magistrate at hearing shall be
654 655		submitted to the Mayor of the Cape Coral City Council with the Special Magistrate's recommendation. Any notes or drafts produced by the Special Magistrate and not intended
656		to record information in a permanent form shall remain the property of the Special
657		Magistrate.
658		
659	<u>h.</u>	If a party fails to appear at the hearing after notice, the Special Magistrate may proceed
660		without that party or may adjourn the hearing to another day, giving notice to the absent
661		party.
662		
663	<u>l.</u>	Information may be given and parties, participants, or their representatives may participate
664 665		by telephone, videotape, or other communications medium unless otherwise agreed in a Special Magistrate agreement.
666		Special Magistrate agreements
667	<u>6. Wi</u>	tnesses and materials.
668		
669	<u>a.</u>	Each party must assure attendance at the hearing by those persons qualified by training or
670		experience to address issues raised by the request for relief, by the response, or by the
671 672		Special Magistrate, or to address alternatives, variances, and other types of modifications to
672 673		the development order or enforcement action.
674	h	The Special Magistrate may issue a subpoena for any nonparty witness in the state who will
675	<u>U.</u>	aid in the disposition of the matter. A subpoena issued by a Special Magistrate may require
676		the witness to bring a specified document or thing.
677		
678	<u>C.</u>	The Special Magistrate may require and receive documents and other tangible materials
679		from any party or participant. All parties and participants shall have the opportunity to
680		examine and respond to such submissions.
681 682	d	The Consist Magistrate recoverisht the good bility of with second
682 683	<u>d.</u>	The Special Magistrate may weight the credibility of witnesses.
684	e	Although an attorney is not required, any person compelled to appear or furnish documents
685	<u>c.</u>	or tangible materials, or who appears voluntarily, may be represented and advised by legal
686		counsel at his or her own expense.

687	7. Access to the property.
688 689	a. A request for relief constitutes a consent by the owner for the Special Magistrate and
690	parties or representatives to have reasonable access to the owner's land.
691 692 693	b. The owner may grant access to the land to participants.
694	8. Offer to compromise.
695 696 697	a. As provided by law:
698 699	i. All actions or statements of the Special Magistrate, the parties, and all participants are evidence of an offer to compromise and are inadmissible in any judicial or
700 701	 administrative proceeding. ii. The proceeding may not be made known by a party or participant to any judicial or
702	administrative tribunal, or be construed for any purpose as an admission against
703	interest.
704	
705	b. A party or participant is not bound by anything said or done during the proceeding unless
706	written settlement is reached, in which case only the terms of the written settlement shall
707	be binding.
708	The Special Magistrate may not be called to appear before the City Council with respect to
709 710	c. The Special Magistrate may not be called to appear before the City Council with respect to any aspect of the proceeding, nor may the Special Magistrate be compelled to furnish not
711	or drafts.
712	
713	R. Settlement.
714	
715	1. The owner and the city may enter into a settlement agreement or other agreement as to the
716	permissible use of the owner's land prior to the Special Magistrate filing a recommendation
717	<u>under § 8.13.11.</u>
718	
719	 A settlement agreement or other agreement as to the permissible use of the owner's land ma be executed subject to approval by the City Council. Any such agreement will not bind any par
720 721	until duly approved and executed by all parties to the agreement.
721 722	until daily approved and executed by all parties to the agreement.
723	S. Post-hearing procedures.
724	
725 726	1. Special Magistrate's recommendation.
720 727	a. The Special Magistrate shall file a recommendation with the Mayor within 14 days after the
728	conclusion of the hearing. The Special Magistrate shall also furnish a copy of the
729	recommendation to all parties and participants.
730	

731 b. If a settlement agreement or other agreement as to the permissible use of the owner's land 732 is executed prior to the Special Magistrate's recommendation, the recommendation shall 733 only: 734 i. Set forth the date and location of the hearing; 735 736 ii. Identify the parties and other participants in attendance at the hearing; 737 iii. Record, without comment, the fact that a settlement agreement or other agreement as 738 to the permissible use of the owner's land has been executed; and iv. Include as an attachment an executed copy of the settlement agreement or other 739 740 agreement as to the permissible use of the owner's property. 741 c. If a settlement agreement or other agreement as to the permissible use of the owner's land 742 is not executed prior to the filing of the Special Magistrate's recommendation, the Special 743 Magistrate will consider the facts and circumstances set forth in the request for relief, any 744 745 responses, and any other information produced at the hearing to determine whether the development order or enforcement action, by itself or in conjunction with an action of the 746 747 city or another governmental entity, is unreasonable or unfairly burdens the owner's land. 748 d. In making a determination, factors the Special Magistrate may consider include the 749 750 following: 751 i. The history of the land, including when it was purchased, how much was purchased, 752 where it is located, the nature of the title, the composition of the property, and how it 753 754 was previously used; ii. The history of development and use of the land, including what was developed and by 755 whom, if it was subdivided and now and to whom it was sold, whether plats were filed 756 757 or recorded, and whether infrastructure and other public services or improvements may have been dedicated to the public; 758 iii. The history of relevant environmental protection and land use controls and other 759 760 regulations, including how and whether the land was classified, any uses that may have been proscribed, and what changes in classifications have occurred; 761 762 iv. The present nature and extent of the land, including natural and altered characteristics; 763 v. The reasonable expectations of the owner at the time of acquisition or immediately prior to the implementation of the regulation at issue, whichever is later, under the 764 regulations then in effect and under common law; 765 The public purpose sought to be achieved by the development order or enforcement 766 767 action, including the nature and magnitude of the problem addressed by the underlying 768 regulations on which the development order or enforcement action is based; whether the development order or enforcement action is necessary to the achievement of the 769 770 public purpose; and whether alternative development order or enforcement action 771 conditions would achieve the public purpose and allow for reduced restrictions on the 772 use of the owner's land; 773 vii. Uses authorized for and restrictions placed on similar property, including adjacent lands; 774 and

776		viii. Any other information determined to be relevant by the Special Magistrate or agreed by
777		the parties to be addressed by the Special Magistrate.
778		
779	<u>e.</u>	The Special Magistrate shall utilize his or her expertise in formulating a recommendation
780		and, in applying this expertise, shall rely upon the sort of information. that a reasonable,
781		prudent person would rely on in the conduct of his or her affairs.
782		
783	<u>f.</u>	If the Special Magistrate determines the development order or enforcement action, by itself
784		or in conjunction with another action of the city or another governmental entity; is
785		reasonable and does not unfairly burden the owner's land, the Special Magistrate shall
786		recommend that the development order or enforcement action remain undisturbed.
787		
788	g.	If the Special Magistrate determines the development order or enforcement action, by itself
789		or in conjunction with another action of the city or another governmental entity, is
790		unreasonable or unfairly burdens the owner's property; the Special Magistrate shall
791		recommend one or more alternative actions that protect the public interest served by the
792		regulations at issue but allow for reduced restraints on the use of the owner's real property.
793		The alternatives may include the following:
794		
795		i. An adjustment of land development or permit standards or conditions controlling the
796		development or use of the owner's land;
797		ii. Increases or modifications in the density, intensity, or use of areas of development;
798		iii. The transfer of development rights;
799		iv. Land swaps or exchanges;
800		v. Mitigation, including payments in lieu of on-site mitigation;
801		vi. Location of the development or use at issue on the least sensitive portion of the
802		property;
803		vii. Conditioning the amount of development or use permitted on the owner's land;
804		viii. A requirement that issues be addressed on a more comprehensive basis than a single
805		proposed use or development;
806		ix. Issuance of the development order, a variance, special exception, or other extraordinary
807		relief, including withdrawal of the enforcement action;
808		x. Purchase of the owner's land, or an interest in it, by the city or another governmental
809		entity; and
810		xi. If an apportionment of responsibility among governmental entities is necessary, the
811		Special Magistrate shall make such apportionment.
812		
813	<u>h.</u>	
814		Department of Legal Affairs.
815		
816	<u>i. </u>	The Special Magistrate's recommendation is a public record. A copy shall be available for
817		public inspection and copying at the City Clerk's office.
818		
819	T. Effect of	of Special Magistrate's recommendation.
820		

821 1. The Special Magistrate's recommendation is advisory and not binding on the owner or the City 822 Council. 823 824 2. A Special Magistrate's recommendation constitutes data which shall be considered with respect to any pertinent amendment to the Comprehensive Plan. 825 826 827 3. A Special Magistrate's determination that the development order or enforcement action, by 828 itself or in conjunction with actions of the city or another governmental entity, is unreasonable 829 or unfairly burdens the owner's land may serve as an indication of sufficient hardship to support modifications, variances, or special exception to the application of statutes, rules, regulations, or 830 ordinances to the subject property as otherwise authorized by applicable rules and regulations. 831 832 833 U. Disposition of Special Magistrate's recommendation. 834 835 1. Within 45 days of receipt of the Special Magistrate's recommendation, the City Council shall: 836 837 a. Accept the recommendation as submitted and implement it in the ordinary course and consistent with all other rules and regulations, 838 839 840 b. Modify the recommendation as submitted and implement it in the ordinary course and 841 consistent with all other rules and regulations; and 842 c. Reject the recommendation as submitted. Failure to act within 45 days of receipt of the 843 recommendation shall be deemed a rejection, unless the owner and the city agree to an 844 845 extension of time. 846 847 2. If the City Council adopts a recommendation to grant a modification, variance, or special exception to the application of ordinances or regulations as they otherwise would apply to the 848 849 land, the owner shall not be required to duplicate processes in which the owner previously has 850 participated in order to effectuate the modification, variance, or special exception. 851 3. If the Special Magistrate recommends relief or other action in conjunction with another 852 853 governmental entity, the City Manager and/or his or her designee shall confer with appropriate 854 staff from the other entities to review the recommendation and determine whether a joint staff 855 recommendation can be made to the heads of the respective governmental entities. 856 857 4. Within 15 days after final action on the Special Magistrate's recommendation by the City 858 Council, the City Clerk shall send a copy of the order or other document memorializing final action to the Florida Department of Legal Affairs. 859 860 861 5. Within ten days of final action on the recommendation, the owner shall notify the City Manager 862 in writing whether the owner accepts the decision on the recommendation. 863 864 6. If the City Council accepts the recommendation or modifies it and the owner rejects the

acceptance or modification, or if the City Council rejects the recommendation, the City Council

shall issue a written decision that describes as specifically as possible the use or uses available

865

on the owner's land. The decision shall be issued within 30 days of final action on the recommendation.

7. After the City Council has acted on the Special Magistrate's recommendation and a written decision has been issued describing the use or uses available on the owner's land, or if the City Council has not acted within 45 days, the owner may seek a formal adjudication on the development order or enforcement action as otherwise authorized by law.
